

## Dan God 1121

### [Chapter 1121](#)

When Chen Xiang saw this group of people work together and immediately ran away using the Shrinking step, there were quite a few Immortal-ranked beings amongst them, and he immediately ran out of Ice dragon sword s. If he used Magical corruption gas s, it would be very easy to find them, even if these people were to be poisoned, they would not immediately die, but instead run away using the Shrinking step, and at that time, they would harm Long Huishan.

The people behind chased after him while attacking, causing waves of true power. Chen Xiang dodged left and right, almost getting hit every time.

"These guys..." Chen Xiang was very angry, he immediately released a few illusions, they looked exactly the same as his real body, allowing the illusions to run separately at a very fast speed.

The people who were chasing after Chen Xiang were stunned, Chen Xiang actually ran while becoming six, they did not know which one to chase after!

"Split up!"

There were not many people here in the first place, only around ten people. Now that they were separated, there were only two or three people in a group. Chen Xiang looked at the group that did not have any Immortal powers, and immediately went to the back of the group to take out Ice dragon sword s to stab them.

With a swoosh, he thrust a dozen times. This sudden attack was something the three of them did not expect. Their bodies were pierced into a hornet's nest!

Then, Chen Xiang followed suit, specially looking for the people who were separated to attack, in a few short moments, when those people had just reacted, he had killed the target!

Right now, there were only three immortals left with power. After they realised that Chen Xiang had tricked them with his Phantom Shadow, they were enraged, and ran over to the real Chen Xiang!

However, Chen Xiang released another ten illusions, the three immortals could not feel the Qi, nor did they know which one was real. They did not know which one they should chase, and all of them looked to be real.

While the three of them were stunned, the illusions were already far away, but Chen Xiang was still near them, turning into a rock.

"Don't split up, this guy is too weird!" His strength is definitely inferior to ours, otherwise he would have attacked me long ago! " Long Song's son said. The weak ones were killed by Chen Xiang just now, and Chen Xiang took so long to make a move on them, clearly considering their strength.

Chen Xiang really wanted to kill the three of them, but he was not strong enough, if he were to attack, he would definitely not be able to kill them in one strike, and he might even be counterattacked by the three of them, unless he used a Chaos Fire Token, but wasting a Chaos Fire Token on them was not worth it.

"I have an idea!" Long Xueyi suddenly said.

"This won't do. I don't want to borrow your strength. Every time I finish borrowing your strength, I feel uncomfortable!" Chen Xiang said.

"It's not that I'm borrowing my strength, it's that I have to personally take action. As long as I can stop them and give you some time, you can kill them all!" Long Xueyi said.

"Is that okay?" Chen Xiang was a precious white dragon after all. She had been hiding and not daring to come out because she was worried that she would be discovered.

"Don't worry, it'll be fine soon!" Long Xueyi said: "Even though I am not very strong right now, if I were to run, you would still not be able to compare to me."

"Alright, be careful!" Chen Xiang was already prepared.

After Long Xueyi replied, he immediately turned into a streak of white light and shot out from the invisible Dark Jade Ring on his finger. He turned into a thick white rope, and wrapped himself around the three people! Her strength was strong to begin with, so using all her strength to bind the three immortals was no problem for her. It could help Chen Xiang buy time!

The three immortals suddenly felt a strong force locking them in place. When they realized that he couldn't take their place, their faces suddenly changed!

When Chen Xiang saw that Long Xueyi had succeeded, he immediately teleported to the side of the three men, summoning his Green dragon demon-slain broadsword s, he slashed horizontally at the three men, although the armor on their bodies released an invisible force, when the Green dragon demon-slain broadsword slashed towards them, it was as though he was cutting through tofu, and the three men's heads were instantly chopped off!

"Phew ..." I'm so tired! "

Long Xueyi anxiously ran back into the ring, while Chen Xiang was covered in sweat. Just now, he could clearly feel the three terrifying powers condensed within the bodies of the three immortals, if Long Xueyi could not hold on, he would have been blasted flying.

Chen Xiang's side was already done, but Long Huishan's side did not. The battle was extremely intense, and the entire ice plains were destroyed. Chen Xiang did not dare to approach, afraid that he would be implicated, lest he dragged Long Huishan down!

He was extremely confident in Long Huishan, and from the Qi he could feel that Long Huishan's aura was stronger than Long Song's group. Furthermore, Long Song's group was two less people!

Chen Xiang patiently waited for six hours, only to see Long Huishan gently flying over from afar. The ice armor on her body had more cracks on it, and a lot of fresh blood was splattered on it, although her face was haggard, it was filled with excitement. In her hand was a human head, it was Long Song's!

"Are you okay?" Chen Xiang and Long Huishan asked at the same time.

After asking, the two of them laughed, it was just that Long Huishan's laugh was a little sad. Although she could kill Long Song, although she was an Immortal King and had powerful strength, she could not let her family live again!

Long Huishan put away the bloody head and said: "After I recover from my rest, we will return to the Sacred City!"

"En!"

Long Huishan and Chen Xiang arrived at a secluded little valley. Long Huishan had already put away that ice armor.

Ever since he had obtained the Ice Dragon's inheritance, Long Huishan's entire being became very big, and was no longer as gentle and kind as before. Now, she had become even more mature, and her entire body became much more stable.

However, she still treated Chen Xiang the same, talking and laughing, extremely gentle, just like how she treated her own little brother.

"When we return to the Long family, there will definitely be people who won't accept it. There will also be people who will have to be wiped out." Long Huishan's eyes became extremely cold. Back then, when her family members were killed, there were still a lot of people involved.

Chen Xiang was no longer surprised by this, in order to fight for the highest authority, it was normal for brothers to become enemies with each other. Although he was an Immortal King, if he could become the Patriarch of the Long family and control a huge family, he could obtain a large amount of cultivation resources and it would be the best way for the strong warriors to quickly raise their strength.

In the Sacred City, the security inside was still very tight, because the person who killed the Sacred Dan Realm's invigilator had not been found. It was Chen Xiang who had done the deed, and now that he had Long Huishan's backing, he felt that if he were to participate in the assessment, there definitely would not be anyone who would interfere.

## [Chapter 1122](#)

After entering the Holy City, Long Huishan had made his way here, which was very eye-catching. When she had left, the shop she was staying caught on fire, and the news of Long Song seizing power was spread throughout the entire Holy City. Long Song had even personally gone to chase after Long Huishan, but he had not returned yet.

But now, Long Huishan had actually returned, and was even swaggering down the street, with the aura of an Immortal King, shaking the streets till no one could speak. That terrifying pressure, had already let many people know, Long Huishan obtained the inheritance of the Ice Dragon in the Dragon Cave!

Long Huishan had become an Immortal King, and a female Immortal King! This news immediately shook the entire Sacred City, and all the Sacred Dan Realm here! Normally, the immortal kings of the Long family would be called the dragon kings, but they had never seen a Female Dragon King before, so Long Huishan would be the Long family's first Female Dragon King, and also the first female patriarch!

Chen Xiang also became famous, although he planned to keep a low profile, Long Huishan insisted that he follow her into the city, and even if his identity was revealed, he would not let anyone else touch him.

Of course, Chen Xiang used a completely different appearance, but some people recognized that he was the one who pulled out the Ice dragon sword. Many people immediately surmised that the reason why Long Huishan obtained the Ice Dragon's inheritance was likely because he had pulled out the Ice dragon sword. Otherwise, after so many years, the inheritance in the Dragon Cave would have disappeared a long time ago.

Outside the dragon's gate, many people had faces full of fear when they heard about this. When Long Huishan arrived at the main entrance, he had already seen many people running out in a panic.

Looking at their faces, Long Huishan frowned. She waved her hand, and a burst of ice arrows shot out, all of them piercing into the throats of these people. These people were all people who betrayed Long Song, he would not let them live.

After entering the Long family, there were already more than ten elders respectfully welcome them with chills down their spines, because Long Huishan was extraordinary now. Not only was he a Female Dragon King, he had also received the inheritance of the Ice Dragon Grandmaster.

Long Huishan sat on the Patriarch's Dragon throne at the head of the hall, and threw out a few heads, which belonged to Long Song and the elders!

"I know that the reason you all didn't help my father back then was because you were threatened. You all have your own difficulties, so I can forgive you all!" I have already killed all those who were willing to follow Long Song. I am now the Patriarch of the Long family, and I will not destroy the Long family, but instead continue to revitalize it. In the future, I will have to trouble the elders! "

"However, if there is anyone who is disloyal to the Long family, or wants to learn from Long Song, I feel that they will be killed without question!"

At first, they were all because of Long Song holding onto their families, and their strengths were not as good as Long Song's. Even if they had to help, they would still be killed, and they felt extremely guilty towards this matter. Now that Long Huishan had let them go, they were very touched, they had already decided to follow this Female Dragon King until their deaths!

These elders were all once Long Huishan's seniors, but once Long Huishan gained strength, they treated him like their ancestor. This world was where strength reigned supreme!

Long Huishan was now the Long family's patriarch, but she didn't really care about the trifling matters of the Long family. She would leave them to the elders, and only if there were some important matters that required her to make a decision, or if there were powerful people who dared to provoke the Long family, would she step in.

Chen Xiang was currently an esteemed guest of the Long family, and he also had many privileges, such that even the elders would have to be respectful to him. Of course, this also caused some people to be jealous, but they did not dare say anything. Because Long Huishan was no longer a weak woman like before, and no one dared to offend her.

"Tomorrow night, the other three great clans as well as some of the major powers will come to congratulate me on becoming the new clan leader. Are you going to participate?" Long Huishan asked.

Chen Xiang was currently living in the same house as Long Huishan. The Long family was a huge villa with countless courtyards, but only the area that Long Huishan was in was the most heavily guarded. Only a few people could freely enter and leave.

"I'm not going. I don't want to be recognized!" Chen Xiang said.

Right now he was using his own appearance, and Long Huishan had actually asked him to do so because Long Huishan wanted to see what he looked like. After looking at him, Long Huishan didn't want him to change his appearance again, she said that he looked very pleasing to the eye.

"Are you sure you don't want to go? There will definitely be many beauties tonight, don't you want to go over and take a look?" Long Huishan laughed, her face filled with an ambiguous look.

"No matter how beautiful she is, she isn't as beautiful as you, elder sister. As long as I can see you, I feel that it's enough!" Chen Xiang laughed mischievously.

"Your mouth is so sweet, go busy yourself! The medicinal herbs that you requested will be here soon, and I'll get someone to pick the best one for you!" Long Huishan laughed and left the house.

Chen Xiang entered a secret room and asked: "Little Naughty Dragon, are you alright? It's been a few days, have you not recovered?"

"It's good now. I only digested it after eating a little more." Long Xueyi yawned as if he had just woken up.

Now, Chen Xiang finally had a chance to open the Treasure Chest. There were a total of three treasure chests, but he couldn't really tell what was inside even if he used the Chaos Divine Eye, so he casually chose one.

After opening a treasure box, the Ice dragon sword's power would be consumed and would need to be replenished before it could open again. Long Xueyi had said that it would take a very long time to replenish it.

"If we consume the power of the Ice dragon sword, can we summon out the ice dragon? That guy said that this sword can summon one of his clones out." Chen Xiang was worried that after opening the treasure chest, the sword would become crippled.

"Of course you can. The avatar of the ice dragon is sealed inside this sword. If you need it, you just need to summon the sword!" Long Xueyi said: "Get ready, I will lend you my power later!"

Every time he fused with Long Xueyi's power, Chen Xiang would feel extreme pain. Since he had no way of resolving this issue, the only thing he could do was endure.

"Ice Dragon bless you! Please don't be such a bullsh \* t!"

Chen Xiang thought to himself. Actually, he was very worried that the ice dragon would open these three treasure chests, and then immediately put the items inside. If that was really the case, he would definitely summon the ice dragon's external body, and curse it violently.

He took out a treasure chest, inserted the Ice dragon sword into the hole, and shouted at Long Xueyi: "Let's begin!"

Long Xueyi channeled his energy into Chen Xiang's body, and when he felt the energy that Long Xueyi had released rush into his body, he rotated the Ice dragon sword greatly. A golden light immediately shone from the Ice dragon sword's sheath, allowing him to clearly see the small Spirit grains on the sword sheath.

### [Chapter 1123](#)

Chen Xiang's power was rapidly depleting. When he heard the sound of a "crack", both his and Long Xueyi's power had been completely depleted, and the Ice dragon sword's scabbard immediately became dimmer. He collapsed on the ground, and bit the Qi Shen Dan that was in his mouth.

"It's finally opened!" After Chen Xiang ate the Qi Shen Dan, after he recovered some of his energy and pulled out the Ice dragon sword, he saw that the Ice dragon sword's cold Qi had disappeared. It looked like a normal steel sword, and as expected, it had lost a lot of energy.

The next moment, they would be able to open one of the treasure chests. Chen Xiang, Long Xueyi, Bai Youyou and Su Meiyao were extremely excited.

Chen Xiang took a few deep breaths and then slowly opened the Treasure Chest. Inside the chest was a greyish iron hammer!

Chen Xiang was stunned!

He had ventured into the Chaotic Mountain, almost killed the Prince Imperial Dragon, played dirty with the Super Yuan Sect Leader, and was almost killed by the Dragon Emperor. After going through so many dangerous situations, he finally managed to get this treasure chest. Your sister!

This hammer was not the kind of mighty and domineering big hammer, which could be found in any blacksmith shop. However, when Chen Xiang picked up this hammer, he was stunned once again.

This hammer was very heavy, much heavier than Green dragon demon-slain broadsword, which made him very excited. Although he did not know what this hammer was, from this point of view, it was definitely not an ordinary item, at least it was not a cheat!

"This is not an ordinary hammer. If I fully recover, maybe I can pick it up!"

Chen Xiang's entire body was in pain, this was because he had borrowed Long Xueyi's power, just now, in order to open the treasure chest, he had exhausted all of his energy, but he still had a bit of energy, but he could not lift the hammer.

This treasure chest was also very surprising because it was very easy for him to pick up this chest. However, when he went to grab the iron hammer inside the chest, he couldn't lift it at all.

"It's not something to cheat others. It's something good. I just wonder what kind of hammer it is?" "In short, he's very powerful!" Long Xueyi carefully investigated it for a bit, and then he was not that disappointed.

Chen Xiang cut his finger and dripped blood on the black iron hammer, but it did not have any effect. It was obvious that this was not some treasure, but a hammer.

After two hours, Chen Xiang had recovered a lot. At this time, he could barely lift the hammer, but if he wanted to wield it, he needed to use the Dragon Power!

"This hammer is too powerful!" Chen Xiang's face changed slightly: There is a very terrifying fire attributed energy inside, it is suddenly very hot!

He had no choice but to put it back into the treasure chest.

"Could it be that I have to use the Innate Qi of the fire attribute to make it easier?"

Chen Xiang tried again. This time, he only used the fire attribute Suzaku genuine qi, but it was not easy at all. It was just that he could not feel the heat from the hammer.

"I think it might be that thing!" Su Meiyao said with a tone of disbelief.

"What is it?" Chen Xiang and Long Xueyi anxiously asked.

"Hammer of God! It was previously forged by the Four Symbols Divine Weapons! " Bai Youyou said: "Our master once told us a secret about this hammer!"

Su Meiyao continued: "I don't know what material this Hammer of God is made of to make it, but it is extremely heavy. Furthermore, it is fire attributed, and extremely sturdy.

Chen Xiang gulped his saliva. The godly blacksmith's hammer was actually in his hands, and it was something unremarkable!

The Four Symbols Divine Weapons was made out of this hammer, Chen Xiang found it hard to believe!

"You have the Suzaku bow's blueprint and now you have this hammer. In the future, you will have the chance to create the Suzaku bow and gather all the Four Symbols Divine Weapons!" Bai Youyou said.

Chen Xiang used his strength again to pick up the hammer. He suddenly had the urge to smash someone's head with the hammer, he wanted to know how powerful this hammer would be.

Although Green dragon demon-slain broadsword s were powerful, and could change into all kinds of appearances, but no matter what, they were all high-profile. However, this hammer was different, it was definitely the best weapon for family travel, murder and arson, to play the role of a pig and eat a tiger!

"If I use the Dragon Power, I should be able to move it, but it will be much slower!"

Chen Xiang started to lift and lift the hammer to train his arms. He needed to get used to the powerful hammer in a short amount of time, it would be a sharp weapon for him in the future.

Chen Xiang stayed in the secret room for an entire day, and he had even consumed all sorts of body strengthening pellets. In a short span of one day, he was already able to barely wield the hammer without using the Dragon Power.

"Kid, if it's convenient, then come out. Big sister has something to talk to you about!" Long Huishan knocked on the door. Chen Xiang remembered that the other three great clans had already sent people to congratulate him.

Chen Xiang then remembered that he had forgotten to bring the herbs. He quickly left the secret room.

"What is it?" Chen Xiang asked. When Long Huishan saw that he was covered in sweat, he knew that he was cultivating.

"There are some fellows who want to meet the Ice dragon sword, especially that fellow from Sacred Dragon Mountain, who seems to be blaming me for handing the Ice dragon sword over to outsiders." Long Huishan's face carried a trace of anger: "That Sacred Dragon Mountain guy is really annoying. When my father and the others were killed earlier, these guys didn't pay any attention to anything, and just watched from the side. But after I killed Long Song and the others, they scolded me for being ruthless, internecine, or whatever."

Long Huishan had clearly come to explain her grievances to Chen Xiang, because she only had that kind of tender feelings of a woman before when she was in front of Chen Xiang.

"What is the Sacred Dragon Mountain?" When Chen Xiang heard the two words "Holy Dragon", he had a kind of inexplicable hatred. Long Xueyi was also the same as him.

"It's the Long family of the Sacred Dragon bloodline, they are just like us, human beings, but they have the blood of the Holy Dragon, they think that they are of a higher rank than us, and their strength is also very strong, but they are not like us, just that they are not from the Ice Dragon bloodline, otherwise they would have built a great power, but now it seems like they want to annex us!" Long Huishan was a little angry as he said: "If you anger me, we will start a massacre tonight!"

In the past, the Chaotic Mountain had hidden a treasure, and the Sacred Dragon Bloodline definitely had a part in it, which was why they kept their bloodline here!

"Isn't it just looking at the Ice dragon sword?" "Let them see then. If they dare to snatch it, I will chop off their hands." Chen Xiang said: "Wait for me for a moment, I'll go wash myself."

"Do you want me to help you wash it?" Long Huishan smiled coquettishly.

"Yes!" Chen Xiang shamelessly nodded.

"Hurry up and wash, those guys are waiting to see the Ice dragon sword! I'll help you wash it when I have time again. Looking at your appearance, you really are a little scoundrel!" Long Huishan said with a red face.

"If it's the next time, sister, you will bathe with me!" Chen Xiang said very seriously.

"Don't be so talkative, go quickly!" Long Huishan turned and left.

#### [Chapter 1124](#)

Chen Xiang was a little worried about the Ice dragon sword, because he had just used it to open the Treasure Chest, the energy inside was completely gone. As he was washing his body, he held it in his hands and channeled energy into the Ice dragon sword.

It did not take long for the Ice dragon sword to have some cold Qi, at least it did not look as bad as before. If it wanted to recover to its previous state, it would need a long time to channel energy.

Chen Xiang followed Long Huishan to the Holy Dragon Restaurant. On the way, Chen Xiang found out that when the Holy Dragon Pavilion was first named, it was because the people from the Sacred Dragon Mountain had requested for it to be named as such.

Right now, Long Huishan was a girl that could control such a huge Long family, it was normal for the people of Sacred Dragon Mountain to become jealous. In the future, there might be even more troubles.

On the third floor of the hotel sat a group of richly dressed people, both male and female, young and old. When they saw Long Huishan bringing Chen Xiang over, they knew that they would be able to see the unsheathed Ice dragon sword tonight.

"Is the Ice dragon sword given to this person?" A middle aged man dressed in gold robes swept a cold glance at Chen Xiang, his face was filled with annoyance, a Ice dragon sword was something that he had been staring at for a long time.

"It's not for you! It's for you!" This Ice dragon sword is not something that anyone can pull out, only people who have fate with it can do it. Young Master Yun is destined to be able to pull out Ice dragon sword, that's why I gave it to him. This way, I can rely on Young Master Yun to enter the depths of the Dragon Cave and receive the inheritance of the Ice Dragon Ancestor! "

Even though Long Huishan's voice was very gentle, everyone could hear the extreme dissatisfaction in her voice, as if it was a warning!

The middle-aged man who spoke earlier was the second strongest warrior in Sacred Dragon Mountain, and now that Long Huishan dared to treat him like that, it made him extremely unhappy. In his eyes, Long Huishan was just a little girl!

This guy is called Long De, the second strongest warrior in Sacred Dragon Mountain. You have to be careful of him. Long Huishan whispered to Chen Xiang.

Chen Xiang took out the Ice dragon sword. The reason he was called over was to show the Ice dragon sword, he did not want to stay for too long, in order to not reveal his identity.

Long De walked in front of Chen Xiang and stared at the Ice dragon sword and said: "So it's fated if you pull it out? "What if I pull it out?"

Chen Xiang said: "You're so strong, of course you can pull it out!"

Long De turned around and waved at a golden-robed youth. "This is my nephew, Long Zhiyong. He is also the son of my brother. He has just crossed the nine Nirvana Tribulations and has just become an immortal. He should be able to try, right?"

The son of the strongest warrior in Sacred Dragon Mountain! Although he had just become a Worldly Immortal, he was definitely not weak. Looking at Sacred Dragon Mountain's attitude, he wanted to walk the Ice dragon sword.

"Give it to him. You've talked to the ice dragon before, and the body of the ice dragon only recognizes you and Long Huishan. Just you wait and see him make a fool of himself!" Long Xueyi said.

Although Long Zhiyong was the son of Sacred Dragon Mountain's master, he did not have that kind of arrogant aura. His handsome face had a faint smile and his deep eyes were filled with wisdom.

"This person is good at hiding his true self. He is a shrewd individual who will definitely become a big shot in the future!" This was Chen Xiang's evaluation of Long Zhiyong.

"Let me explain this in advance. Don't blame me if there are any problems. Quite a few people died from drawing their swords." Long Huishan said solemnly.

"Then if Zhi Yong is able to pull it out, should we give the Ice dragon sword to him?" Long De seemed very confident.

"Of course I will give it to him! "Catch!" Chen Xiang very casually threw the Ice dragon sword over.

Long Zhi Yong immediately became excited, because he had hidden a lot of power, causing others to think that he was just a Worldly Immortal that had just stepped into the Immortal Realm, but he was already a Immortal Monarch! He believed that he definitely had the strength to pull out the Ice dragon sword, and his Sacred Dragon bloodline had a secret technique to restrain the ice dragons.

However, what they did not know was that this Ice dragon sword had already changed greatly. The ice dragon's external body that was hidden inside had already been activated by the ice dragon!

At the moment, Long Zhi Yong held onto the sword sheath, feeling the icy cold power surging out, making him immediately use the The power of the holy dragon to resist, he held onto the sword hilt, slowly pulling it out, but just as he revealed a bit of the sword body, a burst of powerful icy cold power burst out, and fiercely drilled into his body!

"Ahh ..." Long Zhi Yong shouted in shock. He had to use his true strength to resist the cold, otherwise his arms would be frozen!

Long De was also surprised, he anxiously took a step forward and slapped away the Ice dragon sword, then pressed his palm on Long Zhiyong's arm, transferring his The power of the holy dragon to help Long Zhiyong drive out the cold air.

Chen Xiang picked up the Ice dragon sword and said with curled lips: "I'm not ashamed. Just now, I even said that I was a Worldly Immortal, but this aura is at the level of a Immortal Monarch. I never thought that a dignified Sacred Dragon Mountain like you would be so shameless."

When Long Zhiyong used the strongest The power of the holy dragon, all the experts present could see that. They were secretly looking down on the people of Sacred Dragon Mountain, but they didn't dare to say anything.

But, Long Huishan was very angry!

Her beautiful face was currently covered in frost, and her eyes shot out a true cold aura, causing Long Zhiyong's entire body to involuntarily tremble.

"How dare you lie to me!" Long Huishan clenched his fist and shouted: "Get lost!"

Being yelled at like that by a little girl to scram, Long De immediately angered him, "Long Huishan, don't think that just because you're an Immortal King you can be so arrogant. No matter what, I'm still your elder!"

Long Huishan said coldly: "Long Song is also my elder, but his head has also been cut off by me? Do you believe that I can cut yours off as well? "

Seeing Long Huishan this kind of Qi Shi, the surrounding experts were all startled. This little girl actually had such power, to actually dare say such words to the Sacred Dragon Mountain's second strongest warrior, caused them to be shocked in their hearts.

Long Huishan had always hated the people of the Sacred Dragon Mountain. The people of the Sacred Dragon Mountain had always wanted to annex the Long family, she suspected that the reason Long Song could successfully kill her father was because of this Sacred Dragon Mountain.

Chen Xiang had just heard Long Huishan mention that the Long family was able to sell some things to the Sacred Dragon Mountain at a very low price every year.

"To be disrespectful to one's elders, I will teach you a lesson today!" Long De became angry and punched towards Long Huishan. He actually planned to form enmity with the new Long Family Patriarch!

Today was a celebration of the new Clan Master of the Long family, it was within Long Huishan's expectations that someone would provoke her, she felt that this would help her establish her might!

's hand was like lightning, grabbing Long De's fist in a split-second. A thick layer of ice immediately sealed Long De's hand, and that thick layer of ice even quickly spread towards Long De's arm!

### [Chapter 1125](#)

"What kind of elder are you?" My Ice Dragon bloodline is not even of the same bloodline as yours, what right do you have to teach me a lesson? With your little strength, you're not even worthy! "

Long Huishan's cold voice was accompanied by waves of waves of cold air that enveloped the entire hall. She grabbed Long De's fist and twisted it fiercely, causing Long De's frozen arm to turn into ice and fall onto the ground.

Long De was shocked, his face changed and quickly kept his distance from Long Huishan.

"Go back and tell your brother that from today onwards, my Long family will no longer sell you our resources at a very low price. Also, if you dare to provoke my Ice Dragon lineage again, I will annihilate your Sacred Dragon Mountain!" Long Huishan pointed to the stairs, and said: "Before I have the intention to kill you, scram!"

Long De was furious in his heart, but he did not dare say anything more. He helped Long Zhi Yong, who was wounded by Ice dragon sword, up and left the Holy Dragon Tower in a hurry.

If it was the Ice Dragon Restaurant, she would completely fall out with the Sacred Dragon Mountain. If not for the events tonight, in order to stabilize the Long family, she would have continued to work with the Sacred Dragon Mountain. But since the Sacred Dragon Mountain was bullying her, she could not tolerate it.

Chen Xiang pulled out the Ice dragon sword, and after letting everyone look at it, Long Huishan announced that the banquet was over, and then returned to the Long family.

After returning back, Long Huishan and Chen Xiang chatted for a while before they went to rest, while Chen Xiang ran into the secret room.

With Long Huishan, the Female Dragon King, and the Sacred Dragon Mountain on top of it, Chen Xiang had to be wary of the Sacred Dragon Mountain secretly doing something, so he put aside other things and first refine a few more Drunk god powder.

He already had the two high-grade Ground level medicinal ingredients, Five Elements Profound Dan and Profound Spirit Beast, given to him by Long Huishan. He had originally planned to refine more in the next few days to increase his strength as soon as possible, but from the looks of it now, he had to help Long Huishan to take down the Sacred Dragon Mountain.

Amongst the Four Great Clans, although the Long Family had lost a Patriarch a while ago, and if there was an internal conflict, their strength would inevitably be weakened greatly. But after Long Huishan had obtained the inheritance of the Ice Dragon, his strength had explosively increased, and he was already on par with the head of the Sacred Dragon Mountain.

Chen Xiang was certain that the Sacred Dragon Mountain would collude with the other three great families and specifically deal with the Long family.

At noon on the second day, Chen Xiang walked out of the secret room, and Long Huishan coincidentally returned as well. She and Chen Xiang stayed in the same house because she wanted to protect Chen Xiang.

"Any latest news?" "You wrinkled that Long De last night, they wouldn't just let it go like this!" Chen Xiang poured the fragrant tea that Long Xueyi and the others brewed in the Serene Jade Ring for the Female Dragon King.

"The people of Sacred Dragon Mountain are not stupid, they did not make any big movements, and they know that if they were to fight with me now, even if they win, they will greatly damage their vitality!"

Long Huishan savored Chen Xiang's fragrant tea, and her mood immediately became much happier. Today, she had a meeting with the elders, and discussed many things, which made her head hurt.

"There is a small disturbance, they really want to get their hands on the Ice dragon sword, so they sent someone to challenge you, using this method they want to win the Ice dragon sword!"

Chen Xiang laughed: "If there are benefits to winning, I will go!"

Long Huishan shook his head: "There are benefits, but it's better if you don't go. The people from the Sacred Dragon Mountain are indeed stronger, if you go, I'm afraid you'll reveal your true identity. That Green dragon demon-slain broadsword of yours is much more precious than Ice dragon sword."

"What did they use to bet with me?" Chen Xiang had only wanted to ask casually, he did not plan to compete at all.

"It's a sword, called the Fire Dragon Sword. According to legend, every Dragon Ancestor had a sword back then, but I wonder where they got it from!" Long Huishan said.

Chen Xiang's ring had a Holy Dragon Sword in it, and now, he had a Ice dragon sword. If he defeated the fellow sent by the Sacred Dragon Mountain, he would have three of these swords!

"How many Ancestral Dragons are there in total in the Little Naughty Dragon?" Chen Xiang asked anxiously.

However, only Fire Dragon, Jade Dragon, White Dragon, Ice Dragon, Holy Dragon, Azure Dragon, Poison Dragon have these swords! Hmm, there are only seven of them called Seven Dragons Sword s. " Long Xueyi said.

"Poison Dragon is also a Ancestral Dragon? Isn't this fellow dead? "

The Poisonous Dragon is very powerful, okay? Furthermore, he is indeed the ancestor of the Poisonous Dragon Clan, and all dragons are bred by the world. Other than the Metal, Wood, Water, Fire, Earth, and Five Elements Ancestral Dragons, there are also other dragons of different attributes.

With the Fire Dragon Sword right in front of his eyes, how could Chen Xiang not be moved? It was very likely that he had gathered all the Seven Dragons Sword.

Chen Xiang anxiously grabbed onto Long Huishan's jade hands and said: "I want to go, and help me agree to Sacred Dragon Mountain's request. Of course, my cultivation cannot exceed mine by much, and it is set to be in a month's time!"

"Aren't you afraid of exposing your identity? My guess is that the people of Sacred Dragon Mountain will use the Fire Dragon Sword to fight with you, and they will be able to restrain the cold energy of the Ice dragon sword.

Long Huishan was very clear about Chen Xiang's strength, if she did not use other methods, Chen Xiang would not be able to win.

Chen Xiang laughed: "Big sister Long, you have underestimated my strength, right?"

Long Huishan said in a tender voice, "This is an honorable competition. I know that on other occasions, Immortal Monarch would probably be killed by you, but this is different! Don't go, it's fine if the Ice dragon sword is won, but what if something happens to you? "

Chen Xiang suddenly spoke in a deep voice: "Sister Long, do you know why Dragon Emperor came today?"

"Because Prince Imperial Dragon was killed!"

Chen Xiang nodded his head: "That's right, Prince Imperial Dragon was indeed killed, but do you know where? To tell you the truth, I have a Holy Dragon Sword in my hand! You received the Ice Dragon's inheritance of memories, you should know about the Seven Dragons Sword s, right? "

Long Huishan instantly opened her beautiful little mouth wide, the Holy Dragon Sword was actually in Chen Xiang's hands!

"Prince Imperial Dragon was done by you?" Long Huishan sent a sound transmission to Chen Xiang, but then shook his head, the Prince Imperial Dragon must have been killed by Super Yuan Sect Leader,

because the Dragon Emperor suspected Chen Xiang, but in the end someone pointed the finger at him. She believed that no one could deceive the Dragon Emperor.

The inheritance of the Holy Dragon was extremely difficult, especially for the Holy Dragon whose bloodline was extremely rare, so the Prince Imperial Dragon was extremely precious and he even obtained the Holy Dragon Sword.

Not only was the Prince Imperial Dragon eaten by Chen Xiang, it was also eaten by him. Although the taste was not good, it was able to increase his strength by a lot.

"I am a Leader of the Dragon Subduing School. I don't have the slightest ability. To be honest, that Drunk god scent was something I got from the Chaotic Mountain. "

Chen Xiang did not immediately tell Long Huishan that he was the one who killed the Prince Imperial Dragon.

### [Chapter 1126](#)

"Alright, I'll help you arrange it!" Long Huishan took her hand out. She had been caressed by Chen Xiang, so she pouted playfully: "Little scoundrel, you dare to take advantage of me!"

"Patriarch, someone is looking for you. He's very strong!" The jade talisman that Long Huishan placed on the table suddenly released a sound.

Long Huishan rolled his eyes at the grinning Chen Xiang, and asked: "Who is it?"

"She said that her name is Lv Qinlian and she comes from the Heaven Realm. She wants to discuss some business with you."

The Little Demon Empress Lv Qinlian actually came here, but this was a good thing. With the relationship he had with Lv Qinlian, he could definitely make Lv Qinlian and Long Huishan friends.

"Ask her, is there anyone else?" Chen Xiang whispered to Long Huishan.

"Is there anyone else?" Long Huishan asked as he held the jade talisman.

"Yes, two old men and two beautiful women."

Chen Xiang felt that he should have known those two old men and the two women before: "Get someone to bring them here, I know that Lv Qinlian, she is very strong, and an expert in poison, she is also a Spirit Demon King!"

"Demon King? And it's even poison! " Long Huishan looked at Chen Xiang strangely. The Goblin King who used poison was very strong, even she was wary of him, yet Chen Xiang recognized him.

Long Huishan immediately instructed his men to bring Lv Qinlian and the others over.

They arrived here very quickly, and Chen Xiang also knew who the two old men were. It was Du Hai, the elder of the Dan Immortal and his own Dragon Subduing School, Li Baojun!

And the two women were the charming and beautiful Hua Xiangyue and the elegant and refined Wu Qianqian! Since they were here to forge pills, it wasn't strange for them to be here.

Of course, they didn't recognize Chen Xiang, but Hua Xiangyue was a little suspicious. She was Chen Xiang's female slave, had once had a relationship with him, and had a very intimate contact with him.

Upon entering, Hua Xiangyue looked at Chen Xiang, and this caused Lv Qinlian to gently pull her away, indicating that she should not be so rude, because when they came, they had already investigated the person who was being close to Long Huishan.

Chen Xiang naturally knew that Chen Xiang recognized these people. Chen Xiang's concealing ability was indeed strong, if she wasn't able to recognize Chen Xiang, then this noble and charming absolute beauty in front of him, who had looked at Chen Xiang the moment he entered the room, had obviously seen through something. From this, Long Huishan was able to conclude that this incomparably charming beauty definitely had a good relationship with Chen Xiang!

After Long Huishan dismissed the servants, Chen Xiang immediately burst out laughing.

"Little Scoundrel, it's really you!" Hua Xiangyue took a step forward, tugged at Chen Xiang's ear, and snorted: "You're so worrisome, hiding here is so dishonest!"

Lv Qinlian, Du Hai, Li Baojun and Wu Qianqian were stunned for a moment, but they quickly realised that the person who helped Long Huishan become the Female Dragon King was actually Chen Xiang!

Chen Xiang changed back to his original appearance and shouted, "Little girl, I am your Junior Master Uncle, don't be rude!"

Hua Xiangyue released Chen Xiang and let out a charming snort.

"We're all acquaintances, no need to be so polite. Sit down and talk." Chen Xiang laughed: Elder Li, don't pretend to be an old man. You aren't me, what are you afraid of?

Li Baojun laughed: "I'm used to it, how can I be as good-looking as you? You look like a prostitute everywhere."

After Chen Xiang introduced the person, he asked: "Big Sis Lu, what business do you have with Female Dragon King?"

Lv Qinlian and Du Hai were very strong. One of them used poison, and the other was a Dan Immortal.

After the death of Super Yuan Sect Leader, Du Hai no longer had any enemies left, he had previously promised Chen Xiang that he would help him find his friends, and after he went to Zi Lan Mountain Valley, he saw those girls, but amongst the girls, only Wu Qianqian, Hua Xiangyue and Lv Qinlian came over, as they were looking for a large amount of medicinal ingredients.

"I just feel that we're all women, and that it's easier to get along with them, especially in matters of cooperation!" Lv Qinlian laughed. She was dressed in a light green dress, making her look extremely beautiful.

"Since you are this brat's friends, then you are mine as well!" Long Huishan treated Chen Xiang extremely well, because without Chen Xiang's help, she wouldn't be who she was today.

"We need to find some medicinal herbs..." Lv Qinlian looked at Du Hai and said: "This requires the help of a huge power to make it easier to find."

Long Huishan nodded his head straightforwardly: "No problem, write a list for me. I will have someone to look for it, I will do my best to help you!"

Lv Qinlian and the others admired Chen Xiang at this time. He had actually hooked up with the Female Dragon King, and their relationship was so good.

Long Huishan took the list that Lv Qinlian and the others had given her and went to arrange things for them. Those medicinal ingredients had some poison, and there were also Heaven level medicinal ingredients used in pill refining.

"Is Xianxian and Youlan with you guys? Why didn't you come together! " Chen Xiang was a little disappointed.

"They are busy! Meng Er and Warm Moon are about to become deities, and they probably don't plan to return to Di Tian. That will affect their future growth, so they will be going to Heaven Realm with them. I want to go with them! "

What Hua Xiangyue had said, was also within Chen Xiang's expectations. These were women who were closely related to him, and he was very happy that they could safely pass through the Nirvana Realm and become deities.

Heaven Realm was a place to become a ranker, and was also a place he would go to in the future!

"Xianxian and You Lan will both become Leaders of Divine Weapons Heavenly Country, but they also seem to be in a hurry to go to Heaven Realm, so it looks like Super Martial School will be handed over to Super Martial School to take care of them!" Hua Xiangyue said again.

Chen Xiang looked at Wu Qianqian. Wu Qianqian's strength was not low either, she had previously had a fortuitous encounter, and obtained a type of flower, which caused her strength to increase very quickly. From the looks of it, she was also someone who was rushing to the Heaven Realm!

"Well, sooner or later I have to go too! "It's just that I won't be able to do well when I get there." Chen Xiang sighed.

"Don't worry, Meng'er's parents are very powerful and their strengths in Heaven Realm are pretty good too. At that time, Xianxian and You Lan will also be very good in Heaven Realm!" Hua Xiangyue laughed. "In short, we will meet again at the Heaven Realm."

Li Baojun said, "Those traitor powers have given up on Di Tian, but in the future, once they ascend to heaven, there will definitely be a bloody storm. If we continue to stay in Di Tian, it will be hard for our powers to increase.

Lv Qinlian said as he nodded his head, "What you need to do is to stabilize the foundation of your forces after leaving Di Tian!"

Chen Xiang felt that he could still stay in Di Tian for a while longer. Before he ascended to Heaven Realm, he had to remove all the hidden danger.

When they returned to Di Tian, it would be the era of their new generation!

[Chapter 1127](#)

Du Hai and the others had only just arrived in Holy City, they did not take a stroll around. After that, Li Baojun followed Du Hai and said that he would go and register to take the test for a Gold rank Alchemist, then refine pills at the Long family's shop to earn some Spiritual crystal and the like.

Lv Qinlian then said that he had some private matters to take care of and left the Long family in a hurry.

"Qianqian, you followed her, you didn't suffer, did you? After not seeing you for so long, you have become more and more good-looking. Chen Xiang smiled at Wu Qianqian.

"Elder sister Xiangyue treats me very well!" On the other hand, you're still the same as always, always getting yourself into trouble wherever you go. " Wu Qianqian gently smiled, looking extremely beautiful.

"Not only can you get into trouble, you can also take advantage of the situation! If not for being together with the Demon Empress, I still wouldn't know that your relationship with her was actually this good, as well as the Yan Zilan and Du Yanyao within the Zi Lan Mountain Valley. I think this Dragon Subduing Leader of yours should be changed to the Goddess Leader! " Hua Xiangyue snorted, his voice carried a bit of jealousy.

"They are my friends, not what you think! Besides, it's also because of my charm. If I wasn't so capable, would I have been able to befriend them? " Chen Xiang hurriedly explained. Even though he had those thoughts, he was a man after all, so it was impossible for him to not have evil intentions when facing beauties.

There were a lot of beautiful women by Chen Xiang's side, but the only one who had a relationship with him was his real wife, Xue Xianxian.

"Qianqian, you're getting more and more fragrant!" Chen Xiang took a deep breath after he finished speaking, "Last time it was all thanks to you helping me."

Wu Qianqian smiled, "Why are you being so courteous to me? That's what you used to tell me! "

"You are looking down on me in front of me, aren't you!" Hua Xiangyue intentionally pouted and said, she knew what Wu Qianqian thought of Chen Xiang, and she could not stop him from doing so.

"Little girl Xiangyue, are you hinting at me to teach you a lesson?" Chen Xiang sent a sound transmission to Hua Xiangyue evilly.

"Master, I'm so scared ..." Hua Xiangyue chuckled as she transmitted her voice to Chen Xiang.

However, with Wu Qianqian here, he felt a little embarrassed, and suddenly felt that he was the Leader. In terms of strength and identity, he should be on equal footing with Hua Xiangyue, the Leader, so it wouldn't be a problem to do it openly.

Hua Xiangyue had always been the Elder Dan, so Wu Qianqian understood the dubious relationship between her and Chen Xiang in the Super Dan Imperial College the best. Moreover, she had followed Hua Xiangyue for a period of time, so she was very clear about the relationship between Hua Xiangyue and him.

At night, no one else came back, and Chen Xiang, along with Wu Qianqian and the others, discussed the experience they gained from refining pills for an entire day. Although he could only refine high grade Ground level pills, his experience was extremely valuable to Hua Xiangyue and Wu Qianqian.

Wu Qianqian was now able to refine a middle grade Ground level pill! Previously, Wu Qianqian had obtained a fortuitous encounter, and after eating the mysterious fruit, all aspects of it had increased. Furthermore, there was a White flame heavenly horse, she had also mentioned before, that she could rely on the White flame heavenly horse to level up her own Fire Soul, and turn it into a white Fire Soul.

Chen Xiang returned to his room, but his mind was currently filled with the demon's figure. He released his divine power and sent a sound transmission to Hua Xiangyue: "Little Flower Demon, quickly come and help me take a bath!"

"I'm not going. I'm training with Qianqian and I've discovered that after my Purple Moon Fire Soul and her Blue Star Fire Soul fuse, it can help her increase the level of her Fire Soul!" Hua Xiangyue replied.

"So that's how it is. If dual cultivation is faster!" Let me help her! " Chen Xiang said sincerely.

"Little scoundrel, your mind is filled with this!" Hua Xiangyue laughed, "I don't object to the relationship between you and Qianqian, but you can't force the matter either. A woman's first time is very important, leave me with a beautiful memory!"

Hua Xiangyue also knew that Chen Xiang was the more honest one. Although he had interacted with many beauties before, the only ones who truly interacted with him was her and Wu Qianqian.

"Alright!" "Wait a moment, I will wait upon you." After Hua Xiangyue finished speaking, he stopped his cultivation and left Wu Qianqian's room, allowing him to cultivate on his own.

Inside the bathing area, Chen Xiang and Hua Xiangyue's smooth and jade-like bodies were wrapped around each other as they carelessly rubbed each other's hands. As the two people passionately kissed, the flirtatious Hua Xiangyue would occasionally let out a coquettish cry, making Chen Xiang's evil fire burn even more vigorously.

Chen Xiang crazily caressed the beautiful woman's flawless body, gasping for breath, "Little demoness, I missed you so much!"

"Hmph, I didn't know that you would be so rude ..." Hua Xiangyue tenderly shouted, and then the water in the bathing area started to swirl in waves ...

Hua Xiangyue and Chen Xiang had not made love for a very long time as well, and only after the two of them had played around for a long time did they enter the dual cultivation state.

"Little Scoundrel, why is your Dantian so strange?" Hua Xiangyue laid on Chen Xiang's chest, her slightly flushed and seductive face revealing a shocked expression.

After dual cultivating, Hua Xiangyue's cultivation had increased by a lot, and her Fire Soul had also become a little stronger. She did not know what level Chen Xiang's Fire Soul was, to actually be able to cause her Purple Moon Fire Soul to become so powerful.

Chen Xiang hugged the jade man and laughed: "This is the benefit of being a pair cultivator! If you go up higher, your Purple Moon Fire Soul should be able to turn into a white Fire Soul. If we come here often, it shouldn't take long! "

When he dual cultivated, not only would it help Hua Xiangyue improve his strength and quality of Fire Soul, but because Chen Xiang had the Yulong blood, it would also slowly allow Hua Xiangyue to have the bloodline.

At dawn, Hua Xiangyue came out of Chen Xiang's room feeling refreshed. When Wu Qianqian was dancing sword in the courtyard, she saw Hua Xiangyue's face and knew where Hua Xiangyue, who had left last night, had gone to. She did not expect that Hua Xiangyue and Chen Xiang had developed such a relationship, so she could only sigh in her heart.

"Qianqian, this brat has a lot of high grade Ground level pills ingredients, it's rare to be together with him, you better waste some of his ingredients and refine a high grade Ground level pill here!" Hua Xiangyue tidied up Wu Qianqian's messy hair as if he was treating his own little sister.

"Hm!" "Elder sister Xiangyue, you must have slept quite well last night. You must be in such good spirits!" Wu Qianqian joked, her beautiful eyes full of flirtatiousness.

"Stupid girl, you're getting bolder and bolder!" Hua Xiangyue said with a red face.

"Elder sister Xiangyue, I didn't say anything. Why are you being so sensitive?" Wu Qianqian laughed.

Chen Xiang and Hua Xiangyue had indeed slept soundly last night, especially Chen Xiang. He had been so nervous this entire time, and last night had been his most relaxed night.

Chen Xiang walked into the courtyard and saw Hua Xiangyue and Wu Qianqian playing, so he asked: "Little girl Xiang Yue, what is your relationship with the Purple Moon Imperial Land?"

### [Chapter 1128](#)

Hua Xiangyue was from the Purple Moon Realm, so Chen Xiang felt that she should have some understanding of the Purple Moon Imperial Land, because the first thing he would do when he returned, would be to exterminate the Purple Moon Imperial Land!

"Purple Moon Imperial Land is originally from the Violet Moon Realm. Even though I have a Purple Moon Fire Soul, I have nothing to do with him. You can do whatever you want with him, so don't worry about me."

Chen Xiang still had a Heavenly Core for the Purple Moon. When they were dual cultivating last night, he took the opportunity to give Hua Xiangyue a bit of the Purple Moon's Fire Soul power, allowing her to become a little stronger.

Hua Xiangyue, Dongfang Xinyue and Liu Meng'er were also close to transcending the Nine Nirvana Tribulations. When they return to Di Tian, the moment they crossed it, they would be able to fly to Heaven Realm.

When that time came, there would be a type of energy that would be sucked into the Sacred Dan Realm as long as there was no resistance.

Hua Xiangyue was a Alchemist, so her strength improved even faster than Liu Meng'er and the others. That was why she brought Wu Qianqian out to play, while Hua Xiangyue and the others were cultivating, especially Liu Meng'er, who still had to nurture Xue Xianxian and Leng Youlan. This was also why Liu

Meng'er didn't let Xue Xianxian and Leng Youlan stay with him for too long. It was because she didn't have much time, and could only let her two disciples inherit her legacy.

Therefore, even Liu Meng'er was rarely with Chen Xiang, but there would always be opportunities in the future. This was also what Chen Xiang had agreed upon with Liu Meng'er previously.

"Let's start by refining the Relive Dan. These are the Relive Dan's medicinal ingredients, there's only thirty or so of them. Take some for now." Chen Xiang took out a Storage bag.

Hua Xiangyue unceremoniously received it, and passed it to Wu Qianqian: "Let's go, let's start the refinement now!"

The two of them had just left when Long Huishan, the Female Dragon King, returned.

"They agreed, but they are determined to use weapons to compete with you! The time is set to be one month from now. The one you are competing with is a Sacred Dragon bloodline that has transcended the Seven Nirvana Tribulations. It is said that their bloodline is very pure. Are you really sure you can win? "

Long Huishan was very clear that the Holy Dragon Sword could restrain Ice dragon sword. If Chen Xiang used Green dragon demon-slain broadsword s at that time, it would definitely be seen through by everyone, because there would be many strong experts watching.

"Seven tribulations?" Chen Xiang snickered in his heart, obviously he had underestimated, even if it was a real Holy Dragon, they would still be beaten to the ground and kneel, although he could not use Green dragon demon-slain broadsword.

"You don't believe me? If I really win, you have to do something for me! " Chen Xiang secretly snorted at the mischievous smile on his face.

"What is it?" Long Huishan guessed that this was definitely not a good thing.

"Help me investigate the situation of the Fire Divine Palace here. During the last banquet, I felt that there are people from the Fire Divine Palace here!" Chen Xiang said softly: "This Fire Divine Palace is not a good thing!"

Long Huishan frowned: "Fire Divine Palace isn't a good thing? From what I know, this Fire Divine Palace is extremely mysterious, and I don't know where he is hiding, but our Four Great Families used to be a subsidiary power of this Fire Divine Palace, and now, our Fire Divine Palace is slowly fading away. Furthermore, we don't have any connections with our Four Great Families, so I don't have much information on him! "

"Fire Divine Palace really did appear here!" Chen Xiang treated the people of the Fire Divine Palace as treasures, because most of the people of the Fire Divine Palace all had Fire Soul!

In another month, you will be sparring with that little demon Sacred Dragon Mountain. On the way, I will ask about that little brat to let you understand your enemy.

Long Huishan had just returned and immediately left. However, she was busy with Chen Xiang's matters, otherwise she would have stayed here to cultivate.

Chen Xiang ran back to the secret room, and started to condense the creation divine liquid while holding the training sword in his hands. With the power he had gained from practicing Immortal Devil Body, it was hard for him to move the Hammer of God, so he could only use Genuine qi of universe.

"This hammer is made of iron, but it's not good here!" If this Hammer of God was used to beat this house, it might have been ruined.

He needed a month to familiarize himself with the hammer. At the very least, it didn't seem like he had to put too much effort into it. All he needed was to be able to move as fast as he wanted.

... ..

"Elder Du, are you bored staying in the Sacred Dan Realm? Do you want to go to Di Tian's place? Although the resources there are not as great as here, it is still much more vast. Moreover, if you go there with your strength, you would be invincible." Li Baojun said. He knew that the Dragon Subduing School needed this kind of almighty being to refine pills.

"Brother Li, you are helping Chen Xiang to rope me in, right? "Heh heh." Du Hai had already seen through it.

The two of them strolled around some large pill stores and experienced the standards of Alchemist here. Alchemist people like them could sometimes see many things from the aroma of pills.

"Elder Du, are you willing to stop at this stage of Dan Immortal?" Li Baojun said.

"There are nine grade immortal pills. I am currently a Tier 3 Dan Immortal who can only concoct Tier 3 immortal pills. I would like to advance one step, but I don't know how long it will take!" "Di Tian still hasn't grown up yet. His resources are too meagre." Du Hai shook his head.

"You're right, but you should know that Chen Xiang is a freak! He can definitely get more high-level medicinal herbs. Don't you think it's strange that he can always get some very high-level medicinal herbs? What's even weirder is that in his eyes, these high-level medicinal herbs are like cabbages!" Li Baojun said.

Du Hai nodded his head, he also suspected that Chen Xiang had an ability that could quickly grow medicinal herbs!

"I'll think about it." Du Hai was indeed tired of staying in the Sacred Dan Realm, and right now, he and Du Yanyao were the only two remaining.

As the two of them were walking in a hotel, they suddenly heard someone say: "You guys should know that the Sacred Dragon Mountain's Second Boss lost an arm! Sacred Dragon Mountain seems to have steeled their hearts to obtain the Ice dragon sword, and now, they have actually teamed up with the Fire Divine Palace, and used the Fire Dragon Sword to make a bet, fighting the red person beside the Female Dragon King! "

"Yes, I heard that there was another rumor saying Seven Dragons Sword. Forget about gathering seven of them, gathering all of them together can already make two of them very powerful. Ice dragon sword and Fire Dragon Sword are two of them!"

"Although it is a battle between two Nirvana Realm practitioners, it is still very interesting. One is a popular man beside Female Dragon King and the other is a disciple from Sacred Dragon Mountain with extremely pure Holy Dragon Bloodline. It is said that he is the son of the Head of Sacred Dragon Mountain."

"This boss is really amazing, he seems to have a lot of powerful sons!"

"Of course, because he has quite a few beautiful women, haha ..."

The group of animals chatted all the way to the women's side.

### [Chapter 1129](#)

Li Baojun and Du Hai looked at each other and shook their heads. The red man beside Female Dragon King was Chen Xiang, so it was normal for Chen Xiang to get his hands on the Fire Dragon Sword but the Fire Divine Palace made Li Baojun a little worried.

"Elder Du, do you know anything about the Fire Divine Palace?" Li Baojun asked in a low voice.

"I don't know much about it. It's said that it's very powerful in the Heaven Realm!" Du Hai said.

"The reason why Fire Divine Palace is so powerful is because many of them possess Fire Soul, and there are also some top tier Alchemists!" Li Baojun's face was very serious, "But, they used extremely vicious methods to get their Fire Soul!"

"What do you mean?" Du Hai was not very clear about this, "What I understand better is the Devil-suppressing Divine Palace. Is there such a thing happening in the Fire Divine Palace?"

Li Baojun said angrily: "The Fire Divine Palace has a type of power that can draw another person's Fire Soul! If they did not submit to their Fire Divine Palace, their only fate would be to be selected as a Fire Soul, especially when someone discovered that there was a very good Fire Soul! Therefore, over the years, the Fire Divine Palace has plundered many Fire Souls from various places, specially bestowed them to those who have made great contributions to the body! "

Du Hai clenched his fists tightly. Extracting another person's Fire Soul was something that made people like him, who had the Fire Soul, feel threatened. Especially something like a very powerful force was doing this.

"That kid cannot use that blade. If he only uses the Ice dragon sword, then it will be difficult for him to restrain the Fire Divine Palace. The Fire Divine Palace must have a powerful fire attribute cultivation technique specifically designed to restrain the Ice dragon sword!" Du Hai was a little worried for Chen Xiang.

Chen Xiang could not reveal his identity here, or else he would attract many troubles, and he might even cause the other three great clans, the Sacred Dragon Mountain and the Fire Divine Palace to attack the Long family!

However, what they did not know was that Chen Xiang had long ago obtained the Fire Divine Palace's important cultivation technique, so when facing Fire Divine Palace, Chen Xiang would only smile even more. If the other party had a Fire Soul, that would be equivalent to giving it to him!

The white Fire Soul was obtained from the time he killed Mr. Wang and left it for Su Meiyao in the future. However, this did not mean that he would stop collecting Fire Souls.

Chen Xiang's method of extracting Fire Soul was much more profound than those in the Fire Divine Palace, it was just that the people who had been extracted by him, were all dead.

After Li Baojun and Du Hai became Golden Alchemist, they spent their days in the pill cultivating room of the Long family's pill shop. Concocting low level pills would also help them in mastering their pill refining skills.

At night, Chen Xiang would always be in bed with her, the beautiful slave girl. She would overturn the rain and turn the clouds, and it was only until midnight that they started their dual cultivation. She had a better understanding of Chen Xiang's affairs. She knew that Chen Xiang had a very beautiful wife and there were also quite a few women by his side, but the only one who had an open relationship with him was Xue Xianxian.

Normally, Hua Xiangyue would call Chen Xiang Junior Master usually, but at night, it was Chen Xiang who called her Little Fairy. Long Huishan couldn't help but blush when he heard her.

"Qianqian this little girl seems to be interested in that little scoundrel. This little scoundrel actually didn't do anything to Qianqian, that doesn't make much sense!"

Long Huishan lied on his bed and thought random thoughts. It had already been a few days, but she was still not used to it, because Chen Xiang and Hua Xiangyue were in a room not too far away from her.

"I already knew that this brat was not a good person, when he looks at women he is always lustful. Could it be that Lv Qinlian, the Demon Empress, was also mesmerized by him? She was an immortal king, how could she be so easy to deal with? Could it be that this brat is really capable? "You are indeed capable. You have helped me so much. Without him, I might have already died a long time ago..."

Not knowing why, the Female Dragon King felt very uncomfortable when he thought of Chen Xiang and Hua Xiangyue, who were both in the same room. But in the morning, Chen Xiang and Hua Xiangyue's spirits were at their peak. Especially for the little Flower Demon, Hua Xiangyue. Her beautiful beauty that was nourished to a tender drop caused both her and Wu Qianqian to feel a burst of envy in their hearts.

After Hua Xiangyue and Wu Qianqian entered the secret room to refine pills, Long Huishan anxiously grabbed Chen Xiang.

"Little Scoundrel, you still have less than a month before the great battle begins. Every night, you would consume Yang Energy, aren't you afraid of being beaten to the ground? A knife on the head! "Don't blame me for not reminding you when the time comes." Long Huishan was truly thinking for Chen Xiang.

"Heh heh ..." Chen Xiang laughed sinisterly: "Elder sister, so you were actually so worried about my affairs tonight. I'm really sorry for affecting you!"

"Don't be so talkative!" Long Huishan rolled her eyes as she said, "That Sacred Dragon Mountain is related to the Fire Divine Palace, so the person you send out at that time can definitely suppress Ice dragon sword! You should have saved your energy, not every night. "After you win, you can do whatever you want."

"Big sister, that little flower demon and I are actually dual cultivating. In just a few days, my Innate Qi has increased by a lot!" Chen Xiang laughed: "Don't worry about me!"

"Duo Cultivation?" Long Huishan looked at Chen Xiang suspiciously: "I don't believe you!"

"You don't believe me?" But you are so much stronger than me, so you can only help me increase it. If your strength is similar to mine, then we can both increase our strength, and not only can we live happily, we can also increase our strength. This is very satisfying! "

After Chen Xiang finished speaking, he felt a bit of regret. Although the girl in front of him was very beautiful, but she was a very valiant Female Dragon King.

"Hmph, you actually want to hit me, big sister. You little scoundrel, you're asking for a beating!" Long Huishan's jade face flushed red, she spat out a mouthful of blood and lightly knocked on Chen Xiang's head. In that case, I shall not say anything else. I will help you continue investigating the matters regarding the Fire Divine Palace. "

Actually, I still have two more recognized sisters, so when I have the chance to introduce them to you, one of them has White Dragon Vein and a head of very eye-catching white hair. Furthermore, their surnames are very similar to yours, so when the time comes, this little girl will definitely pester and bring her to fight. Chen Xiang suddenly thought of the two recognized sisters, Leng Youlan and Dongfang Jing.

Long Huishan's face suddenly became serious: You're talking about Leng Youlan? I know you have a white haired beauty, I didn't expect you to have White Dragon Vein, this is very rare, are there many people who know about this? They absolutely could not spread it! Otherwise she will be in big trouble! "

"Only you and I know that she might know, but she didn't say that after her bloodline awakened, she should have received the inheritance of memories. She also knows that it's a secret, so she didn't tell me!" I was the one who helped her awaken her White Dragon Vein back then. " Chen Xiang suddenly realised that Leng Youlan would be targeted in the future: "How about I bring her here and let you watch her!"

Long Huishan suddenly laughed: "You're so worried! She needs some experience. If you protect her like this, it will be hard for her to grow! But I'll teach her when I get the chance. "

### [Chapter 1130](#)

Chen Xiang had originally wanted to talk to Lv Qinlian alone, and use the Drunk god flower to exchange for some good things. Last time, he had used the Magical corruption gas to exchange for a Holy Lotus Seed.

However, Lv Qinlian had not returned after leaving the Long family. Before she left, she told Hua Xiangyue and the others that she had some private matters to attend to.

Chen Xiang could only tell Lv Qinlian about this matter in the future. What he needed to do now was to get familiar with using the Hammer of God as soon as possible, and condense a few more creation divine liquid at the same time.

Every night, Chen Xiang and Hua Xiangyue would dual cultivate together. Right now, Chen Xiang and Hua Xiangyue's strength was not too far apart, so the effect of dual cultivation was even better.

Another day, it would be the day of the bet between Chen Xiang and Sacred Dragon Mountain, and the day he would fight the man with the Fire Dragon Sword.

In the courtyard, Du Hai and Li Baojun were all present, sitting at a round table with the others, listening to Long Huishan talk about his opponent.

This man is called Long Yu, the son of the Great Master of Sacred Dragon Mountain, Long Teng Yu. When the time comes, he will bring out his Fire Dragon Sword and use a fire attribute. The power of the holy dragon, and his own flame is extremely powerful. It is said that he can release golden flames, and you are both Alchemists.

Hua Xiangyue, Wu Qianqian, Du Hai, Li Baojun and Chen Xiang, the five of them were all Alchemists. When they heard the golden flames, their expressions changed slightly.

"Does that guy have a Fire Soul?" Hua Xiangyue asked.

"Not before. He only got it in a few years! I suspect that this is because I have interacted with the Fire Divine Palace before. I wonder what they used to exchange for the golden Fire Soul with the Fire Divine Palace. "

During this time, Long Huishan had also investigated about the Fire Divine Palace, but it was very difficult to find any detailed things, but he knew that the Fire Divine Palace had already been in contact with the Sacred Dragon Mountain since a long time ago.

Gold Fire Soul! Chen Xiang's heart was thumping hard, this was something even higher level than the white Fire Soul, he never thought that he would meet it. He felt that not only would he win against the Fire Dragon Sword, he might even be able to obtain the golden Fire Soul.

"Fire Divine Palace, Fire Divine Palace, you are my Soul Gathering Pellet!" Chen Xiang snickered in his heart, if someone from the Fire Divine Palace were to meet him, they would be ripped off completely.

Long Huishan looked at Du Hai and Li Baojun and said: "You two, please pay more attention to tomorrow's competition. I'm worried that something might happen. In order to prevent us from cheating, Sacred Dragon Mountain will publicly compete at that time. The other three great families will be watching from the sidelines. "

Li Baojun said: "Leader, when the time comes, don't tell me you plan to use a Green dragon demon-slain broadsword? When those fellows saw this blade, they would definitely want it for themselves! "

Chen Xiang laughed: Absolutely not, I will beat that guy fair and square, and that guy is not worthy for me to use my Green dragon demon-slain broadsword!

Forget about Hammer of Gods, just with Slaughter God's Hand alone, Chen Xiang could deal with them.

What Chen Xiang was more concerned about, was how he could take away the golden Fire Soul in front of so many Rankers, but that could not be done until tomorrow.

"Speaking of which, I don't think I've seen your fair and square competition before. I hope that I'll be able to see it tomorrow." Du Hai laughed.

Everyone laughed, they had indeed rarely seen Chen Xiang using his strongest power before, so they were really looking forward to seeing it.

In the morning of the second day, Hua Xiangyue woke up early. However, his beautiful jade body was currently being hugged by Chen Xiang, and in the past month, he had been sleeping soundly.

Hua Xiangyue pushed Chen Xiang to wake him up, then very gently helped him to get dressed.

"Little Scoundrel, even though you know that you're going to compete today, you're still fighting so late." Hua Xiangyue pouted.

"Isn't it to relax?" Chen Xiang laughed and pinched Hua Xiangyue's big jade rabbit.

Seeing Chen Xiang and Hua Xiangyue flirting as they walked out of the room, Long Huishan looked at Chen Xiang with extreme contempt. Right now, she and the others were extremely worried about Chen Xiang, but this little bastard was still carefree and happy at such a critical juncture.

The place for the competition was the plaza in the Sacred City, the Contest Ring had already built it. Not only was it a life and death battle, it was also a competition between two Long family members. The one who lost would very likely lose his life and the dragon sword, so the price he paid would be extremely heavy.

The Sacred Dragon Mountain needed this competition to establish his might, because the current master of the Long family was Long Huishan. He was a Female Dragon King, and was even stronger than the head of the Long family, so he had already broken free from the control of the Sacred Dragon Mountain. If it was in the past, the Long family would more or less have to give him some face, and the Sacred Dragon Mountain would also be able to obtain huge benefits from the Long family.

The Long family also needed this kind of competition, as long as they won, they could ruthlessly trample over the Sacred Dragon Mountain. One must know that previously, the Second Leader of the Sacred Dragon Mountain was already beaten up by Long Huishan.

Below the stage, Chen Xiang and Long Huishan had arrived, while the other side only sent a few old men to bring Long Yu here, as though they did not put the Long family in their eyes at all and did not need their boss to step in.

"You are Yun Fei?" Long Yu was surrounded by a large number of people, but no matter how he looked at it, he didn't think that the guy in front of him was that strong.

Chen Xiang also looked at him. This Long Yu looked a little skinny, probably because of his golden robes. He had the standard face of a rich family's child, his handsome and fair face was filled with an arrogant expression.

Of course, what Chen Xiang paid the most attention to was not his outer appearance, but the golden-red sword in his hand, the Fire Dragon Sword inside its sheath. Although the sword was not unsheathed, he could still feel the raging fire inside the Fire Dragon Sword!

The other thing he was concerned about was the Fire Soul in Long Yu's body, which he was more concerned about. When he used the Chaos Divine Eye to look at him, he saw that Long Yu's body had a ball of extremely strong golden flames within it.

"This is the famous person beside Female Dragon King! At such a young age, I really wonder what kind of ability does he have to actually be able to pull out that Ice dragon sword. "

"Female Dragon King said many times that he and the Ice dragon sword were fated, that's why he gave the Ice dragon sword to him! That's why the Female Dragon King is able to become the Female Dragon King and receive the inheritance of their Frozen Dragon Ancestor! "

Long Yu saw that Chen Xiang did not take out the Ice dragon sword, so he asked: "Where is your Ice dragon sword? Don't you plan on using the Ice dragon sword to fight me? "

Chen Xiang said: "There's also no rule saying that I must use the Ice dragon sword to fight you."

Long Yu said coldly: "Don't hide inside the Storage magic treasure. If you die, what if the Storage magic treasure cannot be obtained?"
