

Dan God 1131

[Chapter 1131](#)

Chen Xiang took out the Ice dragon sword and casually threw it to Long Huishan, saying: "You can relax now!"

He actually did not plan to use the Ice dragon sword! Long Huishan who had just received the Ice dragon sword was also startled. She pulled out the Ice dragon sword and confirmed that it was real, everyone could feel the cold Qi!

Long Yu secretly cursed in his heart. He had spent a lot of effort during this month to practice methods and techniques of restraining the Ice dragon sword, but Chen Xiang suddenly said that he didn't need the Ice dragon sword.

"How arrogant, this is a life-and-death battle, you don't have to use Ice dragon sword, you can die faster!" Long Yu looked at the Ice dragon sword. "Not only do I want to obtain the Ice dragon sword, I also want to chop you into pieces. Of course, if you kneel down and beg for forgiveness, I might spare your life! "

Chen Xiang ignored him and walked into the Contest Ring. Long Huishan had already sent a sound transmission to him earlier, where the head of the Sacred Dragon Mountain was right around the corner.

"Long Yu, you just said that you want to kill me. At that time, don't blame me for being ruthless!" Chen Xiang secretly became ruthless. Even if Long Yu's father was nearby, he would not hold back.

Long Yu also walked into the Contest Ring, after which a few elders laid down a barrier to prevent it from being spread outside during the battle inside.

"You all should know the rules, right? Let's begin now!" Long Huishan said.

Long Yu slowly pulled out the Fire Dragon Sword s, red flames continuously coming out from the sword sheath, and the sword body was covered with dense flames.

When the Fire Dragon Sword was completely unsheathed, it immediately spewed out a wave of heat that spread out in all directions.

Although it was not as powerful as the Green dragon demon-slain broadsword, but Chen Xiang was impressed with it in his heart, and that sword could really suppress the Ice dragon sword s, and could even defend against their icy cold power!

After seeing the true face of the Fire Dragon Sword, the spectators on the plaza all sighed in admiration. This was because it seemed like he was much stronger than the Ice dragon sword, and his aura was stronger than the Ice dragon sword's.

Everyone thought that if the legendary divine weapons did not appear, it would be difficult to find a weapon that could compare to Fire Dragon Sword.

Chen Xiang's cultivation was lower than Long Yu's, and since Long Yu was from the Sacred Dragon Mountain and had the bloodline of the Holy Dragon, it would not be easy for him to win this fight empty-handed.

Chen Xiang didn't plan to fight with Long Yu empty-handed. He had practiced for more than a month with this iron hammer, precisely for today.

Thus, under tens of thousands of pairs of eyes, he took out the black hammer!

Seeing this black hammer, everyone's eyeballs nearly fell out of their sockets. They thought that they had seen wrongly!

"Hammer... Hammer! Is there something wrong with this brat? Does he want to compete with other people's Fire Dragon Sword with hammers? "

"He can't be serious!"

"It looks like he's really serious!"

Li Baojun and Du Hai were also shocked, the fact that Chen Xiang used a hammer to fight was beyond their expectations!

"Sister Xiangyue, what is Chen Xiang doing?" Wu Qianqian and Hua Xiangyue who had disguised themselves were hidden in the crowd.

"How should I know? This little bastard never told me that he would use a hammer to fight, but looking at his serious look, he shouldn't be joking! " Hua Xiangyue said.

Long Huishan stomped his feet on the ground anxiously: "Damn brat, you don't need the Ice dragon sword, yet you use a broken hammer, what are you doing? It will definitely kill you, is the Ice dragon sword not as good as your broken hammer? "

Chen Xiang really wanted to tell her that Ice dragon sword could not compare to this hammer. If he had sufficient strength, he could probably smash the Ice dragon sword with his hammer.

"Elder sister, just watch!" This hammer of mine is a godly hammer, you should be worried that I might smash that Fire Dragon Sword to pieces. " Chen Xiang replied with sound transmission. He himself was worried about this.

Long Yu thought that Chen Xiang was belittling him after seeing him fight with a broken hammer. Although he was a little angry in his heart, he started laughing loudly, "If you're not courting death, you won't die! Who do you think you are? Would any one of them be able to beat me? Isn't it just luck that allowed you to pull out Ice dragon sword, do you really think you're the Immortal King? "

"Using a Fire Dragon Sword to kill you is truly an insult to this sword!"

As soon as Long Yu finished speaking, his entire person released a golden-red flame, like a burning dragon, he soared and danced towards Chen Xiang, at the same time, he waved his sword fiercely, the moment he pulled out his sword, it was extremely shocking, the dense The power of the holy dragon transformed into a gold flame that erupted from the Fire Dragon Sword, igniting a golden-red flame, instantly enveloping the entire Contest Ring.

This sword was very, very strong, like a golden bolt of lightning, striking towards Chen Xiang's head!

Chen Xiang bellowed, he raised the black divine hammer with all his might, and swung it towards the Fire Dragon Sword. His speed was not slow, it had to be known that he had worked hard to practice wielding the divine hammer, he had cultivated it countless of times, as long as he thought about where the hammer was going to go, the hammer in his hand would instantly follow his will!

In the instant that the Fire Dragon Sword slashed down, the divine hammer suddenly smashed over, the violent collision actually caused a heaven shaking explosion, the Fire Dragon Sword was struck by the divine hammer and burst out into sparks, it was as brilliant as fireworks!

This was the first time Chen Xiang had used his divine hammer in a battle, and furthermore, he had not imbued it with any power, he had only used his flesh power to wield the hammer.

The Fire Dragon Sword almost flew out of Long Yu's hands due to the burst of power from the hammer strike. Everyone could see that if not for Long Yu suddenly holding onto it with both of his hands, the Fire Dragon Sword would have fallen out of his hands.

"So powerful, I feel like I can smash this Fire Dragon Sword!" Chen Xiang suddenly had this impulse, when he felt the power of the hammer, he wanted to crazily destroy it until it shattered.

The entire plaza became as quiet as a graveyard. That lousy hammer was actually this powerful?

Now, no one mocked Chen Xiang for using this broken hammer to fight anymore. This hammer was hacked ruthlessly by the Fire Dragon Sword, and not a single spark jumped out.

"The Fire Dragon Sword is only so-so!" Chen Xiang's face was full of disdain. This time, it was his turn to attack, as he directly traveled through space, appearing behind the frightened and furious Long Yu.

Chen Xiang raised the Divine Hammer, and smashed down fiercely towards Long Yu. Long Yu did not expect Chen Xiang to appear behind him in an instant, so he immediately dodged, but Chen Xiang's hammer still smashed onto the arm that was holding the sword heavily.

That strike, would never be forgotten by the spectators for the rest of their lives. After Long Yu's arm was smashed, it was forcibly torn apart by that wild and violent power, turning into mincemeat that splattered out.

[Chapter 1132](#)

Long Yu's Fire Dragon Sword had been knocked down, but Chen Xiang pursued him relentlessly, appearing beside Long Yu like a ghost and smashed it with his hammer again!

Long Yu's arm was in pain, his movements were affected, he was unable to dodge, and his shoulder was struck by Chen Xiang!

Chen Xiang now felt that this godly hammer was much bloodier than the Green dragon demon-slain broadsword. With this hammer strike, it was as if Long Yu's shoulder was forcibly peeled off.

In Chen Xiang's eyes, Long Yu was just a gift to him. He saw it enough, with his five fingers held together, like a sharp awl, he directly pierced into Long Yu's heart. He then activated Devouring magic kungfu, and in a split-second, he absorbed the other party's golden Fire Soul, and condensed it inside his dantian!

"Honorable son ..." An angry voice boomed, shaking the entire field.

This was Long Tengyu's voice, the Great Leader of the Sacred Dragon Mountain, the number one expert!

At the same time, Long Huishan also jumped up, and rushed towards the shadow that was flying over. Her body shone with white light, and a set of domineering ice armor appeared.

After Chen Xiang obtained the golden Fire Soul, he was no longer hesitant. He swung his hammer hard at Long Yu's head, releasing a burst of berserk flames.

The power of the divine hammer exploded outwards as it enveloped Long Yu. With a 'shua' sound, the moment Long Yu was smashed to pieces, he was instantly burnt to ashes!

Following that, Chen Xiang's swift sword aura and sword sheath clashed against a middle-aged man with a short beard. The middle-aged man's face was filled with anger, and the golden robe on his body was exuding true The power of the holy dragon.

"Aren't you willing to admit defeat? This is a fair and square competition!" Long Huishan said coldly, but she was secretly surprised, she did not expect Chen Xiang to be able to take care of Long Yu so easily, and he did not even have much time to use the Innate Qi, she just did not know how terrifying Chen Xiang's body was.

Only Hua Xiangyue knew the terror of Chen Xiang's strong and sturdy body. Even if Chen Xiang did not use the Innate Qi, just his body alone was sufficient to make him invincible within the same level of power, let alone using that god-like hammer.

"Just you wait!" Long Tengyu was furious. Not only had his outstanding son died, but he had also been looked down upon by a little girl.

"Yo, the number one expert of the Sacred Dragon Mountain, actually couldn't afford to lose, I truly regret competing with you guys, and have disgrace towards my status!" Long Huishan scoffed.

Regret and Sacred Dragon Mountain's competition? If he had to regret it, it should be Sacred Dragon Mountain who regretted it, right? He had lost the Fire Dragon Sword and died in battle, but he had also lost face for Long Yu!

Long Teng Yu was so angry that his entire body was trembling. He got everyone to quickly disperse!

Suddenly, a few fire figures flashed towards Long Teng Yu. Five old men wearing cannons appeared. They stood side by side with Long Teng Yu in the sky. It looked like they were all very strong!

"Humph!" The five armored elders snorted at the same time, a red fire energy wave surged towards Long Huishan.

Long Huishan dodged hurriedly, but he was still a little too slow, the ice armor on his body had been melted away!

"Six Immortal Kings, are you trying to bully a woman together?" Du Hai suddenly appeared in the sky and laughed coldly: "It's still the Fire Divine Palace. Are you going to destroy the Long family?"

"Who are you? Don't meddle in other people's business, or we'll kill you too!" An old man from Fire Divine Palace said.

"We don't care about that. Today, we must take back the Ice dragon sword s and the Fire Dragon Sword s. Unless the Long family can hand them over, the Long family will definitely be killed!" Another old man from Fire Divine Palace looked at Chen Xiang who was on the ground.

Long Huishan was afraid that Chen Xiang would be attacked, and hurried to his side.

Chen Xiang took the Ice dragon sword from Long Huishan's hands and shouted to the people high up in the sky: "I will give you all a chance. If you all don't leave, I will summon the ice dragon and when that time comes, all of you will die!"

Chen Xiang didn't want to waste this move on these fellows, because he only had one chance to summon the Ice Dragon's avatar.

At this time, a few more people appeared beside Long Tengyu, all of them strong warriors from the Sacred Dragon Mountain!

"Brat, stop bluffing, and hand over the Ice dragon sword. We can let bygones be bygones." An old man said.

"Bullshit, the Long Family gifted the Ice dragon sword to me. I won the Fire Dragon Sword from the guy who beat me, what do you mean by letting bygones be bygones? This is all fair and square, but you fellows can't afford to lose!" Chen Xiang held onto the Ice dragon sword tightly and continued: I gave you guys a chance, since you guys are not listening, then I will send you all on your way!

Chen Xiang held onto the Ice dragon sword, and channeled his divine power inside. Very quickly, he could sense the avatar left behind by the ice dragon inside the Ice dragon sword.

"Senior Long Han, it's me!" There are a few fellows who want to destroy the Long Family and snatch the Ice dragon sword s, we can't beat them!" Chen Xiang hastily transmitted with his divine soul.

"I'll be right out!" Long Han said.

Chen Xiang immediately raised the Ice dragon sword high up, and a ray of white light suddenly sprayed out from the Ice dragon sword, covering the entire plaza in ice and snow. Following that, a gigantic ice dragon slowly appeared, and at the same time, a spatial seal appeared, sealing the entire plaza!

The ice dragon appeared! Long Huishan's mouth was wide open. She had thought that Chen Xiang was just trying to scare him, but she didn't expect him to actually call out the ice dragon!

Everyone was shocked, especially the patriarchs of the other three great families and the experts of Fire Divine Palace. They were all Immortal Kings, but the strength of this ice dragon far surpassed theirs!

The dragon that appeared in the sky seemed to have been carved out of ice. Its huge body even emitted an icy white mist. It was extremely shocking!

After the ice dragon appeared, it immediately transformed into a human. It was a middle-aged man wearing white clothes.

"It's those guys. Kill them all!" Chen Xiang shouted. His voice made the faces of the Fire Divine Palace and his men turn ashen.

"Bullying my Ice Dragon bloodline? Even if the Holy Dragon's Dragon Emperor comes, I will still annihilate him!" With a wave of his hands, a wave of white ice and snow surged towards the group of people like a tidal wave.

Although they were just the incarnations of the ice dragon, they were still extremely powerful. The people of Fire Divine Palace and the Sacred Dragon Mountain were still acting arrogantly earlier, but they were currently fleeing in fear, but they could not escape the spatial enchantment. Furthermore, they were quickly covered by the wave of ice and snow!

With just a single strike, those people turned into ice sculptures. After falling from the sky and smashing into the ground, they turned into pieces of ice!

Chen Xiang was a little regretful in his heart. Those experts of the Fire Divine Palace should all have decent Fire Soul, but they were all destroyed.

After the ice dragon destroyed these people, it immediately disappeared!

Now that the Holy City was quiet again, everyone was scared pale. When the ice dragon made its move, its ice-cold aura seemed to have come from hell itself, causing them to think that the entire city would be destroyed!

"Let's go!" Chen Xiang let out a small sigh. He was feeling pity for the Fire Soul.

The astonished Long Huishan didn't even have time to greet her Ice Dragon Ancestral Founder before the Ice Dragon disappeared! She brought Chen Xiang and quickly returned to the Long family's residence. At this moment, everyone in the Sacred City was extremely terrified of the Long family, to think that they would be able to invite the Ice Dragon's Ancestral Founder out.

[Chapter 1133](#)

After returning to the Long family's residence, Long Huishan was filled with suspicions as he quickly asked about what had happened.

"Can Ice dragon sword really summon the Ice Dragon's Ancestral Founder? What exactly is going on?" Long Huishan still could not believe it. If it was like this, then wouldn't be an invincible existence?

Hua Xiangyue, Du Hai and the others looked at Chen Xiang, waiting for his reply. Just now, they had all seen the appearance of the ice dragon with their own eyes.

"Actually... It can only be used once, it was worth it just now, killing so many Immortal Kings, I think the Sacred Dragon Mountain should not have any experts guarding there, Sister Long, take your people and go and destroy the Sacred Dragon Mountain.

He could only use it once! Everyone was unavoidably disappointed. If he could use it limitlessly, then Chen Xiang would definitely be very powerful.

"However, others can only use it once, so this must be kept a secret! Right now, many people think that Ice dragon sword can summon out ice dragons, so they do not dare to have any intentions of fighting against the Long family, hehe. " Chen Xiang laughed.

Lv Qinlian had returned at this time, but she had actually returned with wounds all over her body.

"What's going on? How did you get so hurt? " Long Huishan hurriedly stepped forward to support Lv Qinlian. The reason Lv Qinlian could become the Demon Empress was not because of his strength, and he also knew how to use poison. To be able to make her into such a state, he must be a very strong person.

Chen Xiang immediately took out some of the healing liquid that he refined with his own blood and dripped it onto Lv Qinlian's wounds.

Seeing those wounds flashing with a faint purple luster, he frowned and asked, "What poison is this?"

Lv Qinlian's face was extremely pale, and she could only shake her head. At this time, Du Hai had also taken out a detoxifying immortal pill and gave it to her.

"A large amount of poison aura has accumulated within her body. I'll force it out for her!" Long Huishan activated his Innate Qi and channeled it into Lv Qinlian's body, sealing the poison in her body and preventing it from spreading. Then, Lv Qinlian started to circulate his Qi and turned it into steam and forced it out of his body.

"The people from the Saint Demon Realm and the Saint Demon Realm are here. Everyone be careful, don't clash with them, they're very powerful!" The weakened Lv Qinlian finally spoke.

Under everyone's help, Lv Qinlian finally stabilized his injuries, but it was still very serious.

The Sacred Dan Realm was very strange. After the Great War between Three Realms had started, the two higher realms called the Holy Demon Realm and the Holy Demon Realm had fused together. Furthermore, they had acted before, and it was also because of the invasion of the Holy Demon Realm and the Holy Demon Realm that the Super Yuan Mountain did not rule over the Sacred Dan Realm there.

However, from the looks of it, Saint Devil Realm and Saint Demon Realm had discovered the other half of the Sacred Dan Realm and even sent out their experts. If not, with Lv Qinlian's strength, he wouldn't have suffered such heavy injuries.

"We need to return to Di Tian quickly, otherwise, it will be difficult for us to return in the future. This is because the Holy Demon Realm and the group of demons from the Holy Demon Realm are going to destroy the Sacred Sacrificed Alter! If we, the experts who have come to the Sacred Dan Realm are missing, Di Tian would very likely be taken over by the Evil Demon Demons. " As Lv Qinlian refined the pellet Du Hai gave him, he said, "The reason why I went out earlier was to look for the Sacred Demon Realm here, to see the civilization of the Sacred Demon Realm. However, this was beyond my expectations, because all the demons of the Sacred Demon Realm had become extremely evil, and could be classified as Evil Demon s.

"I was accidentally discovered by them and fought against them in the end. I killed three Demon Kings and two Demon Kings, but... It was that very Evil Demon who injured me. Fortunately, I was saved by a single person. "

Li Baojun said, "It looks like we need to return to the Sacred Sacrificed Alter quickly. If we can't go back to Di Tian, something terrible will definitely happen there."

Although there was still a long period of time before the Promise of Ten Years, they couldn't afford to do so. They had to return no matter what, and if the Sacred Sacrificed Alter was destroyed, it would be difficult to do so.

Hua Xiangyue sighed: "I'm not going back! Qianqian, you should remember the things I taught you before right? If there's anything you don't understand, ask those elders. They will help you. You must remember, before flying to Heaven Realm, you must find a good successor so that Dan Fragrance Pure Land can continue to operate! "

"You're not leaving?" Chen Xiang was immediately disappointed. He had heard Hua Xiangyue say before that she was going to the Heaven Realm.

"No need, I have an appointment with Meng Er and the Warm Moon to fly to Sacred Dan Realm. I will stay here for a while!" Hua Xiangyue shook his head.

"Elder sister Xiangyue!" Although they would still meet in the future, it would still take a very long time for Wu Qianqian to carry Hua Xiangyue.

"I will take good care of her! You all should hurry up and leave! " Long Huishan said. She knew that Chen Xiang had built his own force in Di Tian, and it was just starting. If she didn't go back, those who followed him would be very disappointed.

Hua Xiangyue saw Chen Xiang's unwillingness to part, and laughed: "You and I are not even children, there is nothing to worry about."

"Alright, I will go to Heaven Realm as soon as possible!" Chen Xiang said with a determined gaze, and then took out a Storage bag: "These are Fire phoenix purple gold, as well as some artifact forging materials that I have collected, pass them to Elder Sister Meng'er and Warm Moon for me!"

Lv Qinlian's injuries had improved a lot, and he immediately escorted them through the sea of fire to the Sacred Dan Realm on the other side.

"Sister Long, help me keep this Ice dragon sword for the time being! I won't be able to use it now anyway! " Chen Xiang had only given the Ice dragon sword to Lv Qinlian, but he had kept the sword sheath for himself since he still needed to open the treasure chest.

"Wait till you gather all the Seven Dragons Sword before coming to find me. At that time, we'll see what kind of miracle happens!" Long Huishan laughed, and then hugged Chen Xiang for a while.

Take good care of that little girl, "he said." Let her smoothly pass through the ninth tribulation!

"I know!" Come back in the future when you have the chance. "

After that, Du Hai, Li Baojun and the others bade farewell to Long Huishan and left for Sacred Dan City!

What made Chen Xiang and the others surprised was that the Sacred Dan Realm over here was in chaos. The Saint Devil Realm and the Saint Demon Realm had both fought to this point and they had a conflict with the great powers here!

Chen Xiang and the others quickly arrived at the Zi Lan Mountain Valley. What he did not expect was that the White Tiger was actually here!

"This... Great Elder, why are you here? " Chen Xiang swept his eyes across them and saw the otherworldly Xue Xianxian and the white-haired beauty Leng Youlan, but they were not Liu Meng'er or Dongfang Xinyue!

Bai Xing, Yun Zhu, Yan Zilan and the others were not here!

"Where's Yanyao?" Du Hai asked anxiously, because he did not see his own granddaughter, Du Yanyao.

Xue Xianxian threw himself into Chen Xiang's embrace, and said with a little sadness: "Master and the others went to the Heaven Realm!"

Chen Xiang hugged Xue Xianxian, and asked softly: "What's going on?"

"Mu Jialan is also no longer Yao Shumei? Could it be that they also went to the Heaven Realm? " Wu Qianqian asked.

[Chapter 1134](#)

Leng Youlan nodded and said, "They went. Originally, it was master and Warm Moon Sis who ascended, but for some reason, a very large spatial rift appeared, and then they flew up together."

"Although Jingjing hasn't reached the realm of ascension, she ordered me to follow her aunt, so she went over as well. Yao Shumei and Mu Jialan, the mother and daughter pair felt that there was nothing much to miss about Di Tian's Peach Blossom Imperial Land.

"Then what about Yan Zilan and the other four sisters? It's over? " Chen Xiang never thought that these girls would actually go to the Heaven Realm together.

At this time, the White Tiger said, "I was the one who suggested Bai Xing go to the Heaven Realm. For these girls, going to the Heaven Realm together is not a bad thing, as it gives them enough strength to protect themselves."

"Yanyao going to the Heaven Realm is good too, since the Sacred Dan Realm is so dangerous now!" Du Hai sighed.

"Elder Du, are you going to follow us to Di Tian?" Li Baojun invited again.

"No, I still plan to stay in the Sacred Dan Realm. I'm used to staying here, maybe I'll take a look in the future." Du Hai waved his hand.

Chen Xiang's heart was filled with unexplainable worries, but he could not rush too, he had to consolidate Di Tian's foundations!

"Go, let's go to Sacred Sacrificed Alter! The demons from the Saint Devil Realm and the Saint Demon Realm are going to destroy the Sacred Sacrificed Alter. We have to move quickly, and it would be best if we gathered the others as soon as possible. "

When they were coming over, Du Hai had already sent someone to inform Huang Jintian and the others that he believed they would be able to reach Sacred Sacrificed Alter soon.

With the White Tiger here, he should be able to open the Sacred Sacrificed Alter and return to Di Tian.

They all received the notification from Huang Jintian and the others, so they immediately rushed over. In the short period of time they had spent in Sacred Dan Realm, they had also fished out a lot of things, but those demon leaders were not that happy, because they did not receive a large amount of resources.

"We've been tricked by those ancient powers!" The patriarch of the Devil Race scolded.

"Those fellows are all dead. They have occupied the most resources in Di Tian. As long as you guys have the strength to return, you can annihilate their homes. As long as it doesn't harm the commoners, you can take the resources!" The one who spoke was the patriarch of the Lan Clan.

"They should be here soon. Are we the only ones who can open the altar?" An old man asked.

"Leave that to us!" Chen Xiang said.

Who didn't know that the Great Clan Elder of the Dragon Subduing School was very strong? Furthermore, the White Tiger had also said that he could open the Sacred Sacrificed Alter and return to Di Tian!

There were many people on the way back, but there was less than half of them.

Just when everyone was waiting for the White Tiger to activate the Sacred Sacrificed Alter, a group of demons suddenly appeared in the distance. These demons looked ferocious, and roared as they charged forward, with the leaders of the demons being extremely powerful.

"It was that guy who injured me!" Lv Qinlian pointed to the leading man in white robes.

"It's a Saint Devil! I didn't expect you to survive!" The White Tiger took a deep breath.

Saint Devil!

Previously, the White Tiger had said that Saints were existences between gods and immortals, and some of the experts here also knew about the Sage Devil's existence. Hearing the White Tiger's words, everyone was astonished.

When the white robed man saw the White Tiger activating the Sacred Sacrificed Alter, a ray of black light shot out from afar. It was extremely terrifying.

The White Tiger let out a loud roar and shot out a black light from its mouth, directly dissolving the white-clothed man's attack.

"Who are you?" The white-robed man was extremely surprised. As a Saint Devil, his attack had been easily neutralized.

At this time, the Sacred Sacrificed Alter was already flashing with multicolored light. The White Tiger did not reply him, and with a muffled cry, it completely opened the Sacred Sacrificed Alter, leaving the Sacred Dan Realm!

Everyone let out a long sigh of relief, but they were even more shocked by the White Tiger's strength. It could actually fight with the Holy Demon King, and at this moment, everyone was even more afraid of the Great Clan Elder of the Dragon Subduing School!

After a white light flashed in front of their eyes, they arrived at the Sacred Sacrificed Alter outside.

However, this Sacred Sacrificed Alter was currently surrounded by a large group of Evil Demon and demons!

We will return to the Demon Charming Association first, they won't be able to stop us. Lv Qinlian said to the two mature beautiful women beside him, then leaped into the air.

At this moment, everyone had already returned to their respective forces because the demons had attacked them. They were in a hurry to return and see what was going on!

"Master, you have to help Xianxian and the others more. They just took over Divine Weapons Heavenly Country and the others." Chen Xiang said to Huang Jintian.

"Brother, right now, I'm the Leader of the Icy Wind Valley, you don't have to worry about me." Leng Youlan's face was filled with the light of slaughter.

"Husband, I will look after her. You don't have to worry about us, but you have to take care of yourself. The situation is so complicated. When demons attack Human Realm, they would definitely want to snatch your Green dragon demon-slain broadsword, in case you cause too much damage to them." Xue Xianxian said with concern.

"Xianxian, you've grown up a lot." Chen Xiang caressed Xue Xianxian's mature and elegant face, and laughed.

Xue Xianxian, Leng Youlan, Wu Qianqian, these three women followed Huang Jintian and left, returning to the Chen Martial Continent.

Now, many demons had rushed up to the Sacred Sacrificed Alter, but Chen Xiang, Li Baojun and the White Tiger were still up there.

"I didn't expect it to change so fast!" Looking at the demons that were charging towards him from all sides, the White Tiger couldn't help but sigh and say, "Evil Demon has the most people, and they are also the easiest to incite. I didn't expect the entire Heaven Thunder City to fall into enemy hands!"

Not only was that group of traitors wiped out the entire Sacred Dan Realm, they even brought all of the powerhouses of Di Tian's forces to the Sacred Dan Realm, causing them to be unable to find any powerful warriors there. That's why the Demon and Devil Realms got the chance. Although Li Baojun's plan in the Sacred Dan Realm was broken, he still reaped a lot of benefits, especially from Du Hai's pointers.

It was the same for Wu Qianqian and her brother. Both of them had received Du Hai's guidance, which helped them avoid taking many detours.

Amongst these Evil Demon, there were quite a few who were holding on to broken limbs and were rushing over.

Chen Xiang shouted angrily: "These people!"

The furious Chen Xiang clenched his fists, suddenly a translucent white light barrier appeared, enveloping the surrounding Spirit Demon beings of Sacred Sacrificed Alter, his body rippling with extremely strong spatial energy!

Li Baojun and White Tiger only knew that Chen Xiang had the ability to travel through space after fusing with a spatial profound pearl, and didn't know how strong his attack power was. They had thought that the spatial profound pearl didn't have any attack power, but it seemed that his attack power wasn't weak at all!

"Space, separate!" Chen Xiang bellowed, his body erupting with a burst of extremely berserk spatial energy, the sinister bodies of the demons that were enveloped by the light barrier that he had released, suddenly crumbled into multiple pieces.

All the demons and monsters that were rushing over were instantly sliced apart by Chen Xiang's spatial energy.

Li Baojun and the White Tiger were secretly surprised in their hearts. An attack using the power of space was actually this powerful.

[Chapter 1135](#)

After the countless spirit demons were sliced apart, Li Baojun revealed his hand, and the ground suddenly erupted with raging fire, burning the spirit demons' corpses into ashes.

Just as they were about to leave, the Sacred Sacrificed Alter suddenly trembled!

"Someone is trying to teleport from there. It should be that Saint Devil from before!" The White Tiger was shocked, it anxiously stomped his feet and released his powerful energy, shattering the Sacred Sacrificed Alter beneath his feet.

"There is a Saint Devil over there. Elder Du and the others should be fine right?!" Elder sister Long, Xiangyue and the others are also over there. " Chen Xiang was extremely worried.

"Don't worry, there are powerful human beings in the Sacred Dan Realm. With the existence of the Pill Saint, this kind of guy is very scary!" The White Tiger patted Chen Xiang's shoulder.

After the White Tiger went to Sacred Dan Realm, it wandered around Sacred Dan Realm. He should have seen those strong warriors before!

"Let's return to the Dragon Subduing City!" Chen Xiang and the others could only fly back because the Heaven Thunder City's Transmission array was already destroyed.

On the way, Chen Xiang asked: "Senior, you have exchanged blows with the Dragon Emperor, how is his strength?"

When the Dragon Emperor appeared, he wanted to attack Liu Meng'er and the others. Fortunately, the White Tiger had appeared in time.

"He hasn't reached the level of Ten Heavens Supreme Lord back then, but he will be soon. In the future, he might very likely be a new Ten Heavens Supreme Lord!" The White Tiger said, "Although your potential is great, you won't be able to catch up to him in a short period of time."

"Then what about the Holy Demons, what is their strength compared to the Dragon Emperor?" Chen Xiang asked again.

"The Dragon Emperor is stronger than the Saint Devil!" The White Tiger said.

"After overcoming the Nine Nirvana Tribulations, one will reach the Immortal Realm, which is divided into the Worldly Immortal Stage, the Immortal Monarch Realm, and the Immortal King Realm! Each stage was further divided into the front, middle and late stages. Furthermore, there were many realms above the Immortal Realm. If he were to claim to be the emperor, then his power would reach its peak. If he doesn't claim to be an emperor, then call himself an Sky Sovereign. He is more famous than everyone else in the Devil-suppressing Heavenly Venerable, this fellow is a human being that I admire more! Although he has very powerful powers, he doesn't have the ambition to become an emperor. "

"I just don't know where Devil-suppressing Heavenly Venerable went. If he really went to a higher realm, then that would be a pity!"

A higher realm? Chen Xiang had already known before that it would be difficult for the ice dragons to survive there, and this was indeed the case. However, in order to obtain an even stronger power, it was necessary to go to a higher realm.

Although Chen Xiang was his disciple, he did not know where exactly Huang Jintian came from.

On the way, the three of them saw that the Human Realm was filled with demons, these demons were extremely brutal, they had fought their way here, and had even spat out some words to some of the demon leaders, requesting them to quickly retreat, otherwise, there would not even be a chance for negotiation, and they would still attack!

Many of the demons had tried to fly in or crawl in, but to no avail. They were all bounced back by the great array of the Dragon Subduing City, and as for the Evil Dragon Graveyard at the side, they had lost the lives of many demons.

When Chen Xiang and the others came back, it made Yan Yanran and Lan Lan feel much more relaxed. Now that Chen Xiang and Li Baojun had already taken over, they let Zhu Rong and the others rest go and rest.

At this time, the White Tiger was also leaving. There weren't many experts left in Di Tian, Chen Xiang and Li Baojun could handle it easily, and with Chen Xiang and the White Tiger together, he had gained a lot.

Before leaving, Bai Hu brought the people of the White Tiger Fighting Race to clear away the demons outside of the Dragon Subduing City. This also helped Chen Xiang and the others save a lot of trouble.

"Everyone go and rest first. You've all worked hard, so there's nothing to worry about right now. As long as those demons dare to come, we'll destroy them as many as we can."

If not for the Holy Demon Realm and the Holy Demon Realm messing up his plans, he would still be carrying out his plans inside the Sacred Dan Realm. It was fortunate that he got the ingredients for a high-grade Ground level pellet from the Sacred Dan Realm.

"Elder Li, I shall leave this place to you. I have something important to do!" Chen Xiang did not forget his agreement with the Super Old Fire Beast.

Now, he had passed the sixth Nirvana Tribulation. The Super Old Fire Beast had said before that as long as he passed the fifth Nirvana Tribulation, he would be fine.

Not long after he returned, Chen Xiang left again. The Dragon Subduing City's Transmission array was established on the outside and all of it had been destroyed, so he could only go to other cities in order to quickly reach the Chen Martial Continent.

After releasing the Super Old Fire Beast, he planned to go to the Divine Weapons Heavenly Country to find Xue Xianxian. They were husband and wife, but they rarely spent time together, which made him feel extremely guilty.

After a few more twists and turns, he finally arrived at the Chen Martial Continent. Standing beside the You Ming Deep Abyss, he had already found out from the ice dragon that this Super Old Fire Beast was not a bad person.

Arriving at the bottom of the You Ming Deep Abyss, Chen Xiang quickly ran towards the cave that held the Super Old Fire Beast.

"Hello, Senior!" Chen Xiang saw the gigantic Flame Lion lying on the ground with its eyes closed, he shouted lightly.

The Super Old Fire Beast opened its eyes, looked at Chen Xiang, and yawned. "Brat, what are you here for? I don't believe that you are so kind to come and chat with me! "

"I'm going to let you out. I've crossed the sixth level of Nirvana Tribulation. I should have enough strength!" Chen Xiang laughed.

"What?" The Super Old Fire Beast fiercely sat up, its huge body moving too intensely, causing the ground to tremble slightly.

Chen Xiang saw that the Super Old Fire Beast's eyes were spitting fire, and he was panic-stricken.

"Kid, didn't This Seat already say that? You are about to come after the five Nirvana Tribulations, and you have just arrived? But then again, it doesn't seem like much time has passed, does it? You passed the Nirvana Tribulation?" Super Old Fire Beast had originally wanted to go berserk, but when he thought about the time, he was still very excited. He originally predicted that it would take Chen Xiang many years to reach that level.

"I went to the Sacred Dan Realm, and I broke through on the way there. I couldn't come back for a while, so I was delayed." Chen Xiang was currently considering whether or not he should inform the Super Old Fire Beast of the Ice Dragon's time.

"Sacred Dan Realm? Could it be the place where he refined the pill all those years ago? Is it now a world of reading?" The Super Old Fire Beast said in shock.

"That's right, but it's a mess over there, and there's also the Sage Devil. I almost can't come back!" Chen Xiang said.

"Hmph, isn't it just a Holy Demon? Let me go out and destroy him! " The Super Old Fire Beast roared excitedly.

Chen Xiang knew that this Super Old Fire Beast was very strong, and very impulsive as well. Back then, he wanted to 1v1 some strong people, and it was also because of this that he was sealed here by the ice dragon.

"What can I do to help you out?" Chen Xiang asked.

Go to the Earth's core first and find the Earth tree's roots. There, there, you can think of a way to destroy it. That was how that guy trapped me back then. The Super Old Fire Beast said angrily.

[Chapter 1136](#)

Seeing that the Super Old Fire Beast was so angry, Chen Xiang did not plan to tell the story of how the ice dragon had forgotten about him, in case the big Flame Lion went crazy.

"Do you understand?" Seeing Chen Xiang in a daze, the Super Old Fire Beast asked loudly.

"Got it." Chen Xiang came back to reality and replied.

"Don't think that it's too simple. The Core is no longer what it was before. Di Tian's Core temperature is very high. Moreover, after going through a violent collision in the Core, there might be dangerous situations that have never happened before!"

The Super Old Fire Beast said in a serious tone: "Also, after you find the Earth tree, you will need to destroy that array. That array is not easy to destroy, with your current strength, it might take a period of time. It will take a flame to destroy that formation. This is also the reason why I gave you the Tianyang fire soul before. "

Chen Xiang left the cave and walked on the familiar path. He had come to You Ming Deep Abyss a few times already, but there were no changes here. He quickly found the door leading to the core of the earth. When the Green dragon demon-slain broadsword opened it, a scorching wave of air surged out, causing Chen Xiang's skin to burn with a wave of pain.

"This core is indeed getting hotter and hotter!" Chen Xiang was horrified. This door was a long distance away from the Earth Core, but the accumulated heat was so strong, that the Earth Core could be imagined.

Previously, the reason he was able to enter the Evil Dragon Graveyard was through the core of the earth, but at that time, the core of the earth was not as terrifying as it was now, and he didn't know if he could make it through. After all, this was a place that could grow Earth tree, and it was also possible that this was the center of the New Imperial Heaven World.

The temperature of the earth's core would inevitably rise. Chen Xiang was glad that he was able to enter the Evil Dragon Graveyard to obtain the dragon vein faster from the earth's core. If he still had a bit more time, perhaps only someone like the ice dragon could resist the terrifying temperature of the earth's core.

Although it was hot when he entered the passage to the Core of the Earth, Chen Xiang could still endure it. He had previously trained his body in this passage before too, so he wanted to see how strong his own body was.

Just as the Super Old Fire Beast had said, the temperature of the earth's core was getting more and more terrifying. Chen Xiang had only walked half a distance before he could not take it anymore. He felt an excruciating pain all over his body, if he continued like this, he would be severely injured.

"I wonder if we can make it to the Earth tree!"

Only now did Chen Xiang feel the difficulty of the mission. Not only did he have to find the Earth tree, he also had to find a tree hole in it and destroy a powerful formation inside.

"The inside of the Earth tree should not be that hot, right? Otherwise, the fire essence from the earth's core would have burned that formation long ago. I wonder what technique the ice dragon used to set up such a powerful formation in that place!"

Chen Xiang quickened his pace, he could feel that the temperature of the earth's core was increasing every second!

Such a terrifying core was the key to Di Tian's growth. This was also equivalent to Di Tian's source of energy. A large amount of spiritual energy was evaporated from this core.

After going forward with great difficulty, Chen Xiang finally arrived in front of a cave entrance that was flickering with fire. There was an array formation at the cave entrance that could prevent the fire droplets from flowing in, but humans could easily walk out of the cave entrance and enter the core of the earth!

Chen Xiang rested for a while, took a few deep breaths, stepped out of the cave and entered into a sea of fire, the surrounding was filled with a fiery red liquid, the temperature was extremely high, and furthermore, it was difficult for him to advance, even with the protection of the profoundwu diamond armour, he was penetrated by the terrifying heat wave, his entire body was scorched.

In this kind of place, it was hard for Chen Xiang to move an inch, and the space here was also extremely firm. With his current strength, it was difficult for him to move the space here and travel through it.

If he had no other way, he could only withdraw and enter when he had enough strength. But at that time, the earth's core would become even more terrifying.

Back then, the reason the Super Old Fire Beast was so sure that Chen Xiang had passed through the Nirvana Tribulation and entered the earth core to save him was because he had not taken the matter of Di Tian's rebirth into consideration. Therefore, the terror of the core far exceeded the expectations of the Super Old Fire Beast from back then.

"Fire Dragon Sword! Didn't you previously use Ice dragon sword s to resist the cold air or something? Try using the Fire Dragon Sword! " Long Xueyi said.

Chen Xiang anxiously called out the Fire Dragon Sword, and then, something unexpected happened, the Flame Essence that was tightly wrapped around him suddenly retreated, and was originally compressed

to the point that it made it hard to breathe, but now, with Fire Dragon Sword as the center, everything around him, there was no Flame Essence, not even a little bit of hot air!

"This Fire Dragon Sword is indeed powerful. Not only does it have the mysterious ability to control flames, it can also restrain ice. No wonder that fellow from the Sacred Dragon Mountain had such confidence in defeating me!" Chen Xiang praised, but Green dragon demon-slain broadsword did not have that ability.

"I heard that the Fire Dragon was bred from the Earth's Core, and the Fire Dragon Sword's forging materials came from the Earth's Core as well!" Long Xueyi said.

"Little Naughty Dragon, what about your White Dragon Sword? Do you know where it is?" Chen Xiang was suddenly very curious, he had seen the might of other Seven Dragons Sword, Ice dragon sword and Fire Dragon Sword, but Holy Dragon Sword was also not bad, it could allow the user to release a very powerful The power of the holy dragon, and could increase it by many times.

"I don't know, but I have some clues. When you go to Heaven Realm in the future and see if you can find it again, I will tell you that our White Dragon Sword is very powerful." Long Xueyi said.

Chen Xiang still didn't know what kind of special power the White Dragon had, but from the looks of Long Xueyi's current situation, he seemed to be slightly stronger than other dragons, because Long Xueyi could also use many types of energy.

With the help of the Fire Dragon Sword, it was very convenient for Chen Xiang to walk around in the heart of the earth. Originally, he wanted to go to the bottom to take a look, but after he had been sinking for a period of time, he felt the Fire Dragon Sword trembling, and did not dare to continue.

The Earth tree was in the direction where the Super Old Fire Beast was trapped. As long as Chen Xiang could confirm the direction, find the Earth tree and then find the tree hole on top of it, he would have completed most of the work.

Relying on the protection of the Fire Dragon Sword, Chen Xiang ran like the wind in the earth's core. Not long after, he found that extremely huge Earth tree.

Chen Xiang was worried that the tree hole was at the root of the tree, and that the root was a very deep place. Even if he had a Fire Dragon Sword, he wouldn't be able to go to that place.

The location of the tree hole was not deep inside. It took Chen Xiang an entire day to find it, and this made him feel a lot more at ease.

After entering the tree hole, it was indeed a very cool place. It was filled with the icy aura unique to Ice Dragons, and there was also a lot of frost. The red light from the hole made the ice even redder.

[Chapter 1137](#)

The hole in the tree had a lot of space, but it did not affect the growth of the Earth tree at all.

Chen Xiang saw the formation laid down by the ice dragon. This formation was extremely special, it could borrow the strength of entire Earth tree to trap a Super Old Fire Beast.

"What is this?" Chen Xiang anxiously grabbed onto the stone, he could feel a terrifying flame power, but it did not attack him.

"Could it be the crystal in the Earth tree's body?" Long Xueyi was also surprised.

"Ahh ..." Chen Xiang suddenly cried out in alarm: "This stone wants to enter my body"

Chen Xiang held onto the crystal core inside the Earth tree's body tightly, his hands were trembling, and when he opened his palm, he saw that half of the fiery red bead had already entered his palm.

"This is bad, this thing is devouring my Heaven fire soul ..." Chen Xiang's face changed greatly, while waves of lion roars could be heard, the Super Old Fire Beast must have already come out, and yet he had met with such danger.

The mysterious bead completely entered his palm and turned into a force that fiercely rushed into his body. It rushed through every part of his body, making him feel as if he was being pierced by countless scorching needles.

"My Heaven fire soul ... is changing. What's going on?" Chen Xiang suddenly felt that the crystal had merged into his body, and was strengthening his Fire Soul.

Chen Xiang's body suddenly surged with pain, it was as painful as if he had merged with Fire Soul. He rolled on the ground, and after who knows how long, he realized that someone was grabbing onto his arm, and then pulled him through a very hot place.

At this moment, he was still very clear. He guessed that someone had found him and pulled him out of the hole in the tree, then passed through the core of the earth!

"The Earth tree that accompanied me for so many years was destroyed by you just like that, f * ck! "My geocentric crystal, aaaaaaaaaaaaaaaaaah"

Chen Xiang heard a person who was complaining incessantly. It was the Super Old Fire Beast who had actually pulled him out, and the pain had only intensified, causing him to be unable to control his entire body, and he had even fallen into a coma.

Two days had passed when Chen Xiang finally woke up. He only saw a red-clothed middle aged man staring at him.

"You are ... Senior Super Old Fire Beast?" Chen Xiang suddenly thought of something. Previously, he had heard the Super Old Fire Beast grumbling.

"That's me, you've fused quite well! "However, your fire has yet to reach the level of a Sky Fire; your fire potential is too astonishing. Once it erupts, your body won't be able to withstand it." The Super Old Fire Beast said.

Chen Xiang had known a long time ago that if he were to forcibly break through the flames, he would destroy himself.

Super Old Fire Beast's entire face was filled with sideburns and he looked extremely fierce. If a child saw him, they would probably be scared to tears.

"What if my flame breaks through? that is the Heaven Flame? " Chen Xiang asked. He inspected his body, but could not find anything. The Heaven fire soul was still there, and had not changed from before.

"The Core Crystal is the heart of the Earth tree and it has already been obtained by you! Do you know what the Mental Energy Crystal means? It was the seed of a divine flame, a divine flame ... "It's not something that a child like Sky Fire can compare to."

The Super Old Fire Beast's words stunned Chen Xiang!

"But the next time you make a breakthrough, it should be the Heaven and Earth Sacred Flame! This is a very strong flame, almost the same as mine. However, your body is too weak. If you try to forcefully break through, you will only kill yourself! With your Divine Flame Seed, it will be much easier for you to cultivate Divine Flame in the future.

The Super Old Fire Beast arrived at the mouth of the cave. Looking at the blue sky outside, he had already brought Chen Xiang out of the You Ming Deep Abyss, "Do you have anything else to ask? This Seat is about to leave. "

"I want to ask about the Ten Heavens Supreme Lord. I have already obtained the Ground killing, God slain method and Celestial Slain Method, I want to know where the other Heaven Earth Killing Method are. I keep having the feeling that if I don't gather all of them, it will be very difficult to continue cultivating. " Chen Xiang boldly asked.

[Chapter 1138](#)

"What?" You have that many Heaven Earth Killing Method s? " The Super Old Fire Beast was shocked, he shook his head: "I cannot tell you, although you have obtained a lot of Qi Shi's things, it does not mean that you will be told."

Chen Xiang suddenly decided to reveal the matter of the ice dragon trapping him, making him angry.

"I've seen an ice dragon. In the Sacred Dan Realm, he made a bunch of Ice dragon sword and left them for a human clan there. His name is Long family!" Chen Xiang suddenly said.

Sure enough, the Super Old Fire Beast became excited. "And then?"

"Then it was gone!" Chen Xiang said as his mouth twitched.

The Super Old Fire Beast was enraged, and grabbed Chen Xiang by the collar: "Brat, tell me honestly!"

Chen Xiang shook his head: "I won't say, if I say it out loud, you will kill me."

"How could I possibly kill you? "Although you, little bastard, took away the Spirit Crystal, you are still my benefactor!" The Super Old Fire Beast immediately let Chen Xiang go.

"Since I'm your benefactor, why didn't you tell me the whereabouts of the other Heaven Earth Killing Method s?" Chen Xiang was very unhappy in his heart, although he had stolen the treasure that the Super Old Fire Beast had been eyeing for many years.

"You've already obtained the mind crystal, how do you want me to repay you?" The Super Old Fire Beast was instantly enraged.

"Is that what I deserve? If you have the ability, why didn't you take it away previously? Then I had to use a lot of effort to get to the tree hole, break through the thick ice, destroy the formation, and then drill the geocentric crystal into my body. It would be hard for me to get it even if I don't want to." Chen Xiang laughed, "How about we make an exchange? I know where the ice dragon is. I also know why you hate the ice dragon so much!"

Super Old Fire Beast laughed out loud: "Because I was trapped in the past, that's why I made the deal with you, human brat! Don't you know that the Ice Dragon and this Seat are good friends? I only sought him out to vent my anger, not to treat him as my enemy. Do you think that you can make me reveal the place where Qi Shi hid his skills? "

"Qi Shi is a good friend of mine. Without his permission, I will definitely not reveal the location of his hidden technique, unless he comes back to life and nods his head in front of me."

The Super Old Fire Beast's words were extremely firm, causing Chen Xiang to groan softly, "The Ice Dragon told me before that it was because he did something else that he forgot to release you, which was why you were trapped in that place for so long! If I didn't mention it, he wouldn't even have thought of this! "

"What?" Because he forgot? This heartless bug, it's my fault for treating him as a brother! " The Super Old Fire Beast was enraged: "It is because of this damn bug that I have been trapped for so long. I will definitely teach it a lesson!"

It was because the ice dragon had told him that it would release him, but it had not, in all these years and its relationship with the ice dragon was also very good, so in the end, he believed that the ice dragon had only let him out because it was dead.

But now, Chen Xiang had let him know an accepted reality, and he definitely did not doubt it, because it was not the first time the ice dragon had forgotten something important.

"Don't mention what I said, I still have many things to attend to. Goodbye!" Chen Xiang stood up, patted his butt, and was about to fly out of the cave, but he was stopped by the Super Old Fire Beast.

"Brat, quickly tell me where the dead insects are!" The Super Old Fire Beast asked loudly.

"I don't know!" Chen Xiang spread his hands.

"Hmph, I can tell you where Qi Shi is hiding, but if you die there, don't blame me for it." The Super Old Fire Beast said.

Didn't you say that you wanted the Ten Heavens Supreme Lord to revive? Chen Xiang's face was filled with disbelief.

"Brat, hurry up and tell us where those dead insects are!" The Super Old Fire Beast glared at him.

"You have to tell me where the other Heaven Earth Killing Methods are." Chen Xiang was not so easily deceived.

"Do I look like the type of person who would brag? Would I lie to you, little brat?" The Super Old Fire Beast was furious, it wanted to teach this damn little brat a lesson.

"Just now, you were just bragging. You said that you would never tell me, but now you're saying that you can." Chen Xiang curled his lips and said: "If you tell me first, if I don't tell you, or if I lie to you, you can kill me!"

"But if you go back on your word, I won't be able to do anything to you, so it would be more fair if you said it first."

The Super Old Fire Beast took a deep breath and said: "In the Sacred Beasts Ancient Realm, I only know that this place is hiding the Beast Slain Method, which is where Qi Shi and I were born. I also don't know what's happening inside, if you guys still have a lot of beasts, then you guys are pretty strong, so this place should still be Di Tian!"

"I'm not sure where the split Di Tian will combine again, go and find out for yourself!"

Chen Xiang did not expect Di Tian to have such a place. After remembering the name, he said, "The Ice Dragon said that the place he is currently at is very powerful. He said that he was doing very poorly at that place.

"This fellow actually went to that place. No wonder. This Seat understands. Goodbye!" The Super Old Fire Beast flew out of the cave, and saw a huge black hole appear in front of him.

"Sacred Beasts Ancient Realm, do you know where it is?" Chen Xiang asked the three women inside the ring.

"I don't know. This is Di Tian's matter, we don't know." Bai Youyou sighed.

Chen Xiang felt that the White Tiger would definitely know. When he had time, he would ask around, if he was still at Di Tian, he would have to get it before he ascended.

After leaving this place, Chen Xiang came to the Divine Weapons Heavenly Country. Previously, he had planned to spend a period of time with Xue Xianxian and see if she needed any help.

However, looking at the speed of Xue Xianxian's growth, she wouldn't be able to stay in Di Tian for too long. With the appearance of Di Tian, her resources had also become richer, so the new generation's seedlings' abilities had increased very quickly. They weren't as difficult as those old fellows from before.

Chen Xiang took the special command medallion that Liu Meng'er had given him and entered the Divine Weapons Heavenly Country's Imperial Palace. Xue Xianxian stayed at his previous residence, but what surprised him was that Leng Youlan was also present.

A violent woman like Leng Youlan was actually able to quietly sit there and focus on researching formations and refining tools, making Chen Xiang think that he was seeing things.

Chen Xiang quietly came to the lawn of the courtyard and stood by the side to watch carefully. Watching Leng Youlan meticulously depict those incomparably complex Spirit grain, he couldn't help but sigh in his heart, This little sister had really grown up.

[Chapter 1139](#)

At this time, Xue Xianxian was concentrating on looking at the profound Spirit grain on the blueprint, and he was even using his fingertips to release a bit of white cold air, condensing into threads, using them to draw the Spirit grain.

On the other hand, Leng Youlan first used the brush to draw and familiarize himself with the Spirit grain.

Although Xue Xianxian looked like an otherworldly fairy, she was somewhat innocent. After sensing a trace of Qi, she suddenly turned around and pulled out a longsword that was made of white jade dragon bone and pointed it at Chen Xiang.

If not for that familiar handsome face of Chen Xiang, she would have already thrust her sword over, and Leng Youlan would also anxiously take out that large sword.

"Brother" You're sneaking around, you must be looking for a beating! "

When Leng Youlan saw that it was Chen Xiang, he laughed out loud, and the big sword suddenly slashed down, with a bit of dragon qi, although Leng Youlan tried his best to conceal his own Dragon Power, Chen Xiang could feel it.

Chen Xiang knew that Leng Youlan was sparring with him, and immediately slammed his palm towards the great sword, causing the Heaven Blasting Palm to explode and the entire house to shake. A huge explosion resounded, Leng Youlan's arm was also numb from the impact as he retreated a few steps.

"Stop messing around, do you want to destroy this place?" Xue Xianxian looked at Chen Xiang reproachfully. He knew Leng Youlan liked to fight, but he still tried to please her. This would only arouse Leng Youlan's fighting spirit.

Sure enough, with a mighty shout, Leng Youlan pounced over like a fierce leopard. That large sword was not sloppy either, and with a swoosh, it swept up a terrifying gust of cold wind.

The huge and sharp greatsword was accompanied by a biting cold wind as it violently slashed down, causing people's hair to stand on end as it whistled through the air. It was extremely terrifying. Chen Xiang anxiously used the Heaven fire in his body to form a palm, and fiercely struck the sword, causing the large sword to hum, and then quickly struck at Leng Youlan's chest, setting off a red fire wave that engulfed Leng Youlan.

Leng Youlan did not dodge, but roared instead, her body suddenly burst out with white flames, covering her fiery-red clothes, and the jade palm also condensed with white flames, striking straight towards Chen Xiang's palm!

Two palms of fire clashed together, causing the ground to shake, a wave of terrifying fire was just about to burst out, but right at that moment, Xue Xianxian suddenly took action, with a wave of her hand, a white mist, visible to the naked eye, enveloped the two palms of fire!

The arms of Chen Xiang and Leng Youlan were filled with frost. It could be seen that Xue Xianxian's Icewind magic kungfu was extremely powerful, it could actually instantly cool down the scorching energy produced by the collision of the two types of terrifying flames!

"You siblings, fight as soon as you see each other!" Xue Xianxian pouted.

Leng Youlan wanted to see how big of a difference there was between his and Chen Xiang's strength, and Chen Xiang also wanted to see how strong Leng Youlan had become after his White Dragon Vein had awakened.

What surprised Chen Xiang the most was that Leng Youlan could actually use that kind of white flame. He seemed to have heard Long Xueyi say before that it was the fire of a white dragon.

Leng Youlan shook his beautiful white hair, and laughed: "Isn't it just two moves? "Brother, you're not bad at all. No wonder you dare to draw aggro."

"You Lan, you have improved a lot! Seems like you will be able to go to Heaven Realm very soon. " Chen Xiang smiled as he walked over, and gently caressed Leng Youlan's cold and beautiful face.

Xue Xianxian walked over, held Chen Xiang's arm and asked softly, "Husband, are you not busy yet? You came here, is there something you need us for? "

Chen Xiang kissed Xue Xianxian on the forehead and said smilingly: "I have some time now, and I want to see how my Little Fairy and Little Demon Girl manage Divine Weapons Heavenly Country and Icy Wind Valley."

"What's the use of management? "Normally, I would leave it to the elders. As long as I can learn array formations and refine weapons, I'll be able to lay down some powerful array formations. Now that Senior-apprentice Sister and I have teamed up, this will not be difficult for us!"

Leng Youlan's face was filled with excitement, it seemed like he really wanted to fight with Chen Xiang.

"You husband and wife haven't been together alone for so long. I should leave now!" Leng Youlan suddenly thought of something, threw those words and ran.

"This girl, if you know about it, don't say it!" Xue Xianxian said with a red face and laughed.

Chen Xiang looked at Xue Xianxian's blushing face, and thoughts of past days surged in his mind. He suddenly hugged Xue Xianxian's waist, and bit her charming lips, his tongue extending into her fragrant sandalwood mouth, and touched her soft and fragrant tongue.

It had been a long time since she had such a intimate relationship with these two people, and they kissed very quickly, while Leng Youlan watched from the side. She remembered that she had kissed Chen Xiang before.

After a while, Xue Xianxian looked at the place Leng Youlan was hiding with a flushed face and muttered in a low voice: "This good little sister of yours, looks at the side for a long time."

Leng Youlan who was hiding in the grass shouted anxiously: "I didn't see anything."

Xue Xianxian laughed, "It would be weird if I believe you!"

Chen Xiang carried Xue Xianxian and sat on the lawn, allowing Xue Xianxian to lean into his embrace.

Xue Xianxian leaned into Chen Xiang's embrace, and like a little bird tying to a human, she softly said: "It's not hard, You Lan also said just now that many of the things are managed by the elders, we just need to put in some effort in big matters."

Although Leng Youlan and Xue Xianxian had not reached the peak of Nirvana Realm, if the two of them were to work together, their powers would still be very strong, especially when they both cultivated the Icewind magic kungfu, which allowed them to have the Divine Veins of ice and fire. Furthermore, they had been together all year round, and with their tacit coordination, their fighting strength was still impressive, especially after Leng Youlan's White Dragon Vein had awakened.

At least, right now, Chen Xiang was unable to see through the true strength of the delicate little fairy in his arms. He kept the feeling that Xue Xianxian and Leng Youlan were hiding very strong powers, it was just that they were extremely low-key and rarely used.

"Master asked me to tell you, that he hoped that you could have some peace and quiet in your cultivation. After going to Heaven Realm early, and to there too, you have to obediently increase your strength. The situation above is very complicated." Xue Xianxian stroke Chen Xiang's handsome face and said faintly.

"It's such a pity that I didn't see her before the Elder Sister Meng'er ascended!" Chen Xiang sighed.

"There will be opportunities in the future, but then again, Master's parents are very powerful. If you knew about the relationship between you and her, you definitely wouldn't be able to take her in so smoothly." Xue Xianxian ridiculed.

"Ah... Did the Elder Sister Meng'er tell you about this? " Chen Xiang also felt that taking in master and disciple was not appropriate, the parents of Elder Sister Meng'er would definitely oppose it.

"I've already talked about it. I didn't expect that when Master talked about it, he would be as shy as a little girl. You little scoundrel, back then you were really bad to Master, bullying him like that. " Xue Xianxian giggled and pinched Chen Xiang's face a little.

[Chapter 1140](#)

Meng'er, he said calmly: "Really? Why can't I remember? I've always been good to her! Never bullied her. "

Leng Youlan, who was standing at the side, was depressed. She did not expect that the couple would actually talk about her master when they met. She was an idiot in terms of emotions, so she naturally could not understand that Chen Xiang had already fallen for Liu Meng'er, which was why she could not wrap her head around it.

"I heard that the Dragon Emperor wanted to attack you back then? Right? " Chen Xiang had heard of it from the White Tiger, and when he thought about it, he became extremely furious. A dignified Dragon Emperor was actually ruthless to a group of women who were weaker than him.

Xue Xianxian nodded his head, "Mn, luckily your Dragon Subduing School's Great Clan Elder suddenly appeared, we were fine! You didn't kill the son of the Dragon Emperor, so he probably dealt with us for the sake of the Green dragon demon-slain broadsword.

The hot-tempered Leng Youlan immediately jumped over and said angrily: "This old stinky dragon is a bastard. Sooner or later, this old lady will pull out his dragon tendons, strip off his dragon scales, crush his dragon egg, and make him act arrogantly. Brother, why are you so useless? Why didn't you kill that little bastard dragon? If only you had killed him! "

"As expected of the White Dragon bloodline, you are truly promising!" Long Xueyi said excitedly, as he fully supported Leng Youlan's words.

Chen Xiang forehead started to perspire slightly, this White Dragon bloodline seemed to be born to rebel against Imperial Dragon Clan. In fact, he really wanted to tell this Violent Sister that he killed Prince Imperial Dragon so that she could be proud of him. However, he was worried that Leng Youlan might not be able to control his own mouth, and that it would become troublesome if word of this got out.

"Brother, I support you in establishing the Dragon Subduing School. In the future, I will specially kill those cold and elegant royal dragons! Your Dragon Subduing School must save a spot for me. When I get Master's permission, I will go and rely on you. I will specifically go with you to kill dragons." As Leng Youlan spoke, he took out his mighty large sword and waved it.

Xue Xianxian had long gotten used to this kind of Leng Youlan, so he only smiled lightly. Just like how Chen Xiang was used to Long Xueyi.

Xue Xianxian and Leng Youlan also put down what they were doing at hand and chatted idly about various things. A day quickly passed.

Although Chen Xiang and Xue Xianxian were husband and wife, there were very few things that a man and woman would do to each other. Now that they were making up for it, they could enjoy the joy of being at the pinnacle ...

The sky was about to brighten when both Chen Xiang and Xue Xianxian had finished cultivating. Xue Xianxian regained his senses from the pleasant afterglow and felt that the Innate Qi in his body had advanced quite a bit. He then pounded Chen Xiang's chest.

"Scoundrel, husband, why are you so skilled? You almost killed him last night." To be honest, who exactly did you train with? " Xue Xianxian said with jealousy.

Chen Xiang embraced the tender and beautiful jade person, and looked at the jade face that had become even more beautiful because of last night's watering: "Is it going to be comfortable to death?"

"Little Scoundrel!" Xue Xianxian pouted. "Truth be told, have you been flirting around outside? Don't recklessly harm others."

"Of course I didn't act recklessly!" Chen Xiang quickly explained.

"Then why are you ... So skillful, so much experience, so many tricks! You've only been with me a few times before. "Be honest with Qianqian?" Xue Xianxian straddled his navel and stared at Chen Xiang.

Chen Xiang looked at the naked Xue Xianxian, and his pair of bad hands unobediently touched it, but it was opened.

"It's little girl Xiang Yue!" Chen Xiang curled his lips, sat up, and hugged Xue Xianxian. He intended to once again have fun with this Little Fairy, who was filled with incomparable temptation.

"Hmph, I knew it!" "You finally ate the female slave, you're so bad!" Xue Xianxian pinched the flesh on Chen Xiang's arm.

Chen Xiang laughed, and then a beautiful spring scene appeared in the room ...

In the morning, Chen Xiang came to the courtyard. He saw that Leng Youlan had one hand on her fragrant cheek, her beautiful white hair was a little messy. Chen Xiang went over to help her comb it, but her face was full of displeasure.

Xue Xianxian walked over, caressed Leng Youlan's face and said with a smile: "Are you unhappy because I wasn't with you last night?"

Leng Youlan scoffed, "You guys played games together last night, and had such fun. If you don't bring me along, you guys are so selfish!"

Chen Xiang glanced at Xue Xianxian, as if he was asking Xue Xianxian why he didn't teach this white haired beauty some common knowledge, making her seem so young, to the point that she didn't even know about this.

"I taught her, but she can't figure out what's going on. And you little scoundrel, have you ever kissed her before?" Xue Xianxian sent a sound transmission to Chen Xiang and scolded her.

Chen Xiang had indeed kissed Leng Youlan before. He coughed dryly twice, then sat beside Leng Youlan and said: "Good little sister, this is something that only husband and wife can do, it is a very intimate action ..."

Leng Youlan thought for a while, then said: "Was it you who did it with Senior Sister in the cave last time? It's no big deal? They just needed to hug each other naked, then kiss each other, touch the body, then move up and down, one after the other. You didn't do this all night, did you? You're all so bored! "

Chen Xiang choked on his words. He thought for a moment, then said: "That's right, this is a very boring matter, and is also an act to strengthen the relationship between husband and wife. Moreover, by cultivating in this way, one can increase one's strength!"

Leng Youlan's eyes lit up, "Increase in strength? This way is also possible? "

When Xue Xianxian saw that the situation wasn't right, she knew that if this were to continue, Leng Youlan would definitely clamor that he would play that sort of game with her. She hurriedly sent a sound transmission to Chen Xiang, "Master said that you better not touch Youlan's body. She said that Youlan's body is very scary right now.

"Did Elder Sister Meng'er really say that? How did she know that I would do that to Youlan?" Chen Xiang touched Leng Youlan's white hair.

"You stole Youlan's first kiss last time. This girl wants the whole world to know, you little scoundrel. I already knew that you had a bad purpose in taking her as my little sister!" And Jing Jing, she's also your little sister now, so maybe you'll eat her that day, heh heh! "

Sensing that Xue Xianxian was extremely jealous, Chen Xiang hurriedly avoided her gaze. He wanted to swear that when he had first accepted Leng Youlan and Dongfang Jing as his disciples, his goal was absolutely pure, but the developments afterwards had exceeded his expectations.

Just as Leng Youlan was planning to pester him further, a voice suddenly came from outside the courtyard: "Great Leader, and Leader! There's an urgent report that the Ghost Killer's people are active in the vicinity of the Divine Weapons Heavenly Country. Moreover, during this period of time, a few of

our Divine Weapon Sect's disciples who went out of the sect have disappeared without a trace, we suspect that it was the Ghost Killer who did this! "

After Leng Youlan heard this, he hastily opened the door and shouted: "Where are those bastards of the Ghost Killer coming from? I am going to castrate them, how dare they attack our Divine Weapon Sect, I will destroy the entire Ghost Killing School! "
