

## Dan God 1291

### [Chapter 1291](#)

"Since he's so incredible, wouldn't it mean that if I bet pills with him in the future, I would definitely win?" Chen Xiang said excitedly.

"Of course not, the main thing is that this pill furnace is too broken, it can let other people's spirit sense in easily, and the ancient runes inside are also coincidentally familiar to me, if it's your Yanlong furnace, if I did anything to it, it would definitely be discovered."

Long Xueyi's words destroyed the wretched idea that Chen Xiang had won all over the world.

Most of the people who dared to place their bets just now had some power and status, but Chen Xiang had also come to join in the fun, and obviously wanted to earn Wang Qiongjin's Spiritual crystal, which was why Wang Qiongjin glared at him.

Chen Xiang was not afraid at all, he had already defeated Wang Qiongjin last time, so he was not afraid of winning a second time.

The pill refining level of these five Dan Immortals were all pretty good, they were all Dan Immortals that could refine immortal pills, Chen Xiang felt that even Li Baojun would be a distance away from them, but if Li Baojun grew up in the future, he would definitely not be bad either.

After half a day, someone finally opened the pill furnace and took out two immortal pills. This Dan Immortal was the victor of this competition, because even though there were two Longevity Dans, his speed was much slower.

He had concocted quite a number of Longevity Pills and he was able to control his time very well. It was difficult for him to believe that such a result would occur, and he did not know the reason why. This was because he had performed very well, just like in the past.

The Fire Divine Palace had actually lost, this meant that Wang Qiongjin had lost more than 60 million Spiritual crystal, everyone was gloating in their hearts, some of them were even mocking Wang Qiongjin as a calamity. Many experts heard about her situation in Di Tian, and it was extremely ugly.

When Yu Xuelian saw Chen Xiang's smiling face, she sighed in her heart at his good luck. She said, "I'll accompany you to pick up the Spiritual crystal."

Although Yu Xuelian was only a Demon Lord, she was still a capable subordinate of the Divine Blade Palace Master, so her status was still very high. At this moment, as she was walking on the road, a lot of people were making way for her.

"Give my regards to old Divine Blade for me." Wang Qiongjin said as he gave Yu Xuelian a Storage bag.

"Yes."

Yu Xuelian answered as he brought Chen Xiang up to the third floor. When they went there earlier, Chen Xiang was secretly shocked, because Wang Qiongjin had used his powerful consciousness to carefully check out his strength. Fortunately he had concealed himself well, otherwise, it would have been difficult for him to escape the Immortal Palace.

Wang Qiongjin was on the second floor, but when he arrived at the third floor, the place they were standing a moment ago, he handed the Spiritual crystal over to Chen Xiang.

Chen Xiang accepted it and expressed his thanks. He was very happy that he could earn such a sum of Spiritual crystal with no effort at all.

But Fire Divine Palace did not participate, as he was obviously here to watch the show. Originally, he thought that he could obtain first place to show off, but who knew that he would lose, and even caused Wang Qiongjin to lose over sixty million Spiritual crystal.

Everyone secretly hoped that this venomous old man whom everyone hated so much would disappear in the future when Wang Qiongjin set his eyes on the White-browed Poison Monarch.

Of course, there were also some people who were grateful to him, otherwise, they wouldn't have earned so many Spiritual crystal.

"Five million Spiritual crystals a year, and they even gave me some medicinal ingredients." Chen Xiang exclaimed, but that Dan Immortal didn't agree with his conditions.

"Without ten million Spiritual crystal for a year, don't even think about recruiting a second stage Dan Immortal." Yu Xuelian said with envy in his eyes. Although there were a few second grade Alchemists in Heaven Realm, but compared to the population of the entire Heaven Realm, they were considered to be very few.

Yao Shumei and Mu Jialan were also the same, they were extremely envious of these Dan Immortal's generous treatment.

Chen Xiang wasn't envious, because he was a Alchemist to begin with. Right now, he only lacked the time to grow up, otherwise, he would definitely become a powerful Dan Immortal in the future.

"They are all just lackeys, refining a low-grade Heaven level pill is so slow." Chen Xiang muttered softly, he was qualified to say so, because the speed at which he used the God purification to refine Hunyuan Dan was extremely fast. If he turned himself into an old man, who could refine a furnace of Hunyuan Dan that could emit the light of a pill on the spot, it would definitely cause many people to mistake him as a high level Dan Immortal.

After Yu Xuelian heard it, he said: "This is considered fast, if it was someone who had just become a Dan Immortal, refining it for a longer time, and if I was a person in charge of a force, I would definitely recruit him first."

Yao Shumei nodded his head: "The current ingredients can be quickly grown through great formations, and many of the ingredients are extremely cheap. If there's a friend from the Dan Immortal who bought some for him to refine, then there's no need to use too many Spiritual crystal."

At this time, Yu Xuelian gave Chen Xiang and the others a meaningful glance, then walked towards the stairs.

Yu Xuelian sent a sound transmission to her in his mind: "It's time to start. Right now, many experts from the Sky Region are gathered here. Even if something were to happen at that villa, they won't be able to make it in time."

Chen Xiang was secretly excited, he was going to obtain the Holy Spirit Rabbit soon, although it could not be used for himself, but it was indeed a good thing.

The reason why Yu Xuelian came here, was to see what kind of experts were gathered in the Heavenly Realm.

After returning to the Manor, it was already late at night.

Yu Xuelian and Yao Shumei were the first to move. They entered the secret stone room and lured the Immortal Monarch out, and upon hearing the sounds of fighting, Mu Jialan and Chen Xiang moved.

Chen Xiang never thought that Yu Xuelian and Yao Shumei would clash with the Immortal Monarch. This was not a good thing, because such a situation would very soon attract the strong warriors from the Heaven Realm.

This meant that they had to hurry, otherwise they would be in danger.

Arriving at the place where they had entered the stone room, they saw a courtyard and saw over a dozen beautiful women wearing thin clothes. When Mu Jialan and Chen Xiang arrived, the beautiful women immediately rushed over.

"Go quickly, leave this to me." Mu Jialan's body suddenly released a pink light, two slender sharp swords appeared, she waved both swords, the afterimages of the swords became violent, like stormy waves, she never thought that the kind and gentle she, could actually have such strong sword skills.

Chen Xiang had already entered the tunnel. Originally, it was pitch black, but the moment he entered, it immediately lit up, and then, a woman with loose hair and a cape, who was completely naked stood in front of him. That jade body emitted a moist glow.

This woman was very beautiful, very bewitching. If it was a man with poor self-control, seeing such a beauty sitting in front of him with some very large movements would definitely cause his blood to swell.

However, Chen Xiang was more concerned with this woman's strength, she was actually very strong.

### [Chapter 1292](#)

Chen Xiang was startled when he saw her. She then walked in with a charming smile on her face and with every step she took, she made an extremely alluring pose.

Just as he was about to reach Chen Xiang, Chen Xiang's dull eyes suddenly glowed with a bright light, and in a flash, he appeared in front of the lady.

With one palm, he dispersed the force that had been gathered in the woman's body, and then with a few successive punches, his fist landed on her flesh, causing her to vomit blood. After hitting her flat on the ground a few times, Chen Xiang did not even bother looking at her, and rushed to the stone room, opening the door with what Yu Xuelian had given him.

Opening the stone door, Chen Xiang came to a room made of white jade. It was the same room that he saw on Yu Xuelian's disc.

"Be careful!" Long Xueyi suddenly shouted in shock.

Chen Xiang had always been on guard. Sensing that danger was approaching, he hurriedly teleported out of the place.

It was actually an old man wielding a spear and attacking him. From the look of the Innate Qi that was condensed on top of the long spear, this old man had the strength of an Immortal Monarch.

Chen Xiang was shocked that there was actually an Immortal Monarch here, and he could tell that it had been hidden here since a long time ago.

"Go catch Jade Rabbit, leave it to me." Long Xueyi shouted as he ran out from the ring. This was a very dangerous matter, and one must know that there were many Immortal King level fellows gathered in the Heavenly Realm.

Although Long Xueyi appeared, he did not fight with the old man. Instead, he released many ropes that were formed from white light and tightly wrapped around the old man.

The old man's face was filled with surprise, because he had used a lot of power but had been unable to break free. It could be seen that the masked woman was very strong, and this was a very powerful technique.

Chen Xiang caught the four Holy Spirit Rabbits in the corner and placed them into a beast bag. It was said that this type of beast bag was specially made, and normal beast bags wouldn't be able to hold this Holy Spirit Rabbit.

"It's a real Holy Spirit Rabbit. It's here, let's go." Bai Youyou said.

Long Xueyi also suddenly disappeared and entered into the ring, while the old man was still entangled by the white rope Long Xueyi released.

Chen Xiang quickly left the stone room and went outside. He immediately sneaked an attack on the ten over Spirit Demon women who were fighting with Mu Jialan.

"Quickly send a message to your mother and the others, I've succeeded." Chen Xiang anxiously said.

Mu Jialan frowned and looked at the place where the light was flickering, his expression was gloomy: "I'm afraid we'll have to trouble them, they are fighting with the Immortal Monarch, and might not be able to escape."

Right at this moment, Chen Xiang and Mu Jialan could sense a large wave of strong Qi approaching them. Without even thinking, they knew that it was the experts from the Heavenly Cow Immortal Palace coming over.

"Let's go." Chen Xiang suddenly pulled Mu Jialan along, then used the spatial travel and Shrinking step's coordination to rush towards the direction where Yu Xuelian and the others were battling.

"This is ..." She recognized that this was the Shrinking step. Only Chen Xiang knew how to use it, and this was also the special footwork of the Heaven Earth Killing Method, it was extremely powerful.

Yao Shumei and Yu Xuelian's opponents were two old women with extremely strong bodies. What made Chen Xiang even more surprised was that Yao Shumei's Late period of human immortal could actually take on one of the Immortal Monarchs, but it was very strenuous.

Chen Xiang took out his Death-haunting arrow, condensed it with his own strength, and shot an arrow towards the old lady who was fighting with Yao Shumei.

"Ah... "It's extremely poisonous." The old lady did not expect that someone would plot against her. Chen Xiang's hidden arrows were powerful and silent, it was difficult to sense.

Immediately after, Chen Xiang released a second arrow, allowing him to escape.

"You killed them, yet you're using this poison?" An old woman roared. They were all trying to expel the poison, so they didn't dare to approach her.

"Let's go." Yu Xuelian and Yao Shumei appeared beside Chen Xiang in a flash, grabbed them respectively, and then quickly ran in one direction.

At this time, the group of experts was getting closer and closer. Chen Xiang was extremely nervous.

"What should we do? I'm afraid we're in trouble." Yao Shumei started to panic.

Chen Xiang immediately took out a shiny golden pill and threw it towards the group of people chasing after him. Then he shouted, "Prepare to defend against the cold Qi."

The thing that Chen Xiang threw out was the Destruction Ice seal Dan, this thing was something that he had refined when he was in closed-door training back then, when he was trying to ascend, and used to defend himself.

Yu Xuelian and the others immediately followed Chen Xiang's instructions. They already knew that Chen Xiang was not an ordinary guy, and not just anyone could have had that poison just now.

A burst of sound came from behind, followed by a wave of frost that engulfed the entire domain. The entire domain was immediately covered in this terrifying cold air, and many buildings were covered in a thick layer of frost.

"You guys are provoking the Heavenly Bull Immortal Palace." The palace master's angry roar had shattered a lot of ice and snow, but the Heaven Realm was still a world of ice and snow.

Yu Xuelian had already taken out her Transmission array Plate, but now that no one was chasing after them, she could finally teleport peacefully.

The four of them stood on top of the array discs, they had already seen the Immortal Kings leading the group rushing over. Chen Xiang had shot out a few more Destruction Ice seal Dan, although it wouldn't cause any cold weather to the Immortal Kings, but it was still possible to delay them for a little while.

"It's open." Yu Xuelian shouted. At this time, she was also covered in cold sweat, if she was surrounded by this group of people, they would be dead.

The Transmission array flashed, and Chen Xiang and the three women disappeared. In that instant, a few destructive Ice seal Dan s exploded, and an even wilder and more berserk icy cold power wreaked havoc in the entire Heavenly Bull Region. In that instant, these immortal kings worked together to set up a barrier, trying to seal the space and prevent them from teleporting away.

However, they were still a step too slow, because Chen Xiang and the rest had already appeared in a large mountain.

"That was close." Yu Xuelian closed his eyes and took a deep breath. Then, he sat down on the ground weakly, leaning against a large tree.

Although they could escape death, Mu Jialan and Yao Shumei were still in a state of shock. Their faces were pale white, and had yet to recover from the shock.

On the other hand, Chen Xiang started laughing loudly with his hands on his hips, causing the three women to look at him as if he was a monster. However, they had no choice but to admit that without Chen Xiang's help a few times, they would definitely not be able to safely escape.

Chen Xiang had encountered this kind of situation too many times, and he had a lot of experience in escaping from death, so he was currently very calm.

Now that the Holy Spirit Rabbit was in his hands, the next thing to do was to distribute them, and he had already agreed to each of them.

### [Chapter 1293](#)

Mu Jialan looked at Chen Xiang strangely, because she saw that Chen Xiang had used the Shrinking step just now. Adding to the fact that Chen Xiang had the ability of emergency response just now, she could not help but suspect that the person in front of her was Chen Xiang.

"Will they chase us here? How far is this place from Heavenly Bull Immortal Palace?" Chen Xiang asked. There was that kind of dog in Heavenly Bull Immortal Palace, although it would not be targeted, but the smell emitted from the three women's bodies was too easy to differentiate.

"We are very far from the Heavenly Bull Immortal Palace, it is a very remote place, and near the immortal palace, they will not chase us, we need to worry about the wanted list in the future, none of us will be able to escape." Yu Xuelian had already calmed down. They had already been prepared for the hunt in the future.

Chen Xiang took out three Holy Spirit Rabbits and gave them to the three women. Looking at the three cute Jade Rabbits, they immediately felt that they were sighing endlessly, they had almost died just for these three little things. Even though they could successfully escape, they would definitely face the pursuit of many parties in the future.

First, the Divine Saber Immortal Palace. These four jade rabbits belonged to the Divine Saber Immortal Palace, so it could be said that the losses were the greatest, followed by the Heavenly Bull Immortal Palace. What happened there, was probably the greatest provocation that the Heavenly Bull Immortal Palace suffered in the history of the world, not only did they try to rob such a precious thing from the inside, they even went through an intense battle. In the end, they sealed several levels of ice in the Sky Region of the Heavenly Bull Immortal Palace.

Yao Shumei and Mu Jialan would not be able to return to the Peach Blossom Immortal Country. The Holy Spirit Rabbit was sold by the Peach Blossom Immortal Country, and since they went to steal it, the Peach Blossom Immortal Country, in order to not be suspected, would definitely expel them.

"Unfortunately, it has to be handed over to Snow Moon Immortal Palace." Yao Shumei sighed, the Holy Spirit Rabbit was for women to use. If they used their Holy Spirit Rabbit blood for a period of time, they might be able to become Immortal Kings in the future.

Mu Jialan looked at Chen Xiang and said softly, "You probably don't need to give it to Snow Moon Immortal Palace, if Xiao Yang is Chen Xiang ..."

Yao Shumei and Yu Xuelian immediately looked at Chen Xiang in astonishment, then looked at Mu Jialan. Yao Shumei asked.

Chen Xiang curled his lips. Until now, he felt that there was no need to continue concealing it, since he and these three women were on the same boat anyway. However, he could jump off the boat at any time.

Seeing that Chen Xiang had recovered his original appearance, the three girls were very surprised, but Yao Shumei and Mu Jialan were a little angry in their hearts, because Chen Xiang had plotted against them before and pretended not to know anything about Chen Xiang, spouting a lot of nonsense.

"It's really you." Mu Jialan stood up and looked at him resentfully. That gaze made Chen Xiang not dare to look straight at him.

"Alright, we are old friends now. You guys need my help for something. You guys have been threatened by the Snow Moon Immortal Palace's poison, or something." Chen Xiang said.

We went to look for Meng'er and the others. They said that you might have a way to cure it, but they are not very sure. Yanyao's grandfather also helped us look for a cure, but he said that it was very difficult to cure it. " Yao Shumei said helplessly: "That poison will act up once in awhile. If there's no antidote, we would rather die."

Yu Xuelian said: "If I can become a Demon King and condense a Heavenly Sacred Snow Lotus, I can help them, but I'm still too far away."

Mu Jialan said: "We don't know what kind of poison it is, can you really cure it? I can't bear to part with this Holy Spirit Rabbit."

"It should be the Snow Moon Immortal Palace's 'Xue Qing I'. It's a unique poison that is often used to control people in the Snow Moon Immortal Palace. However, it was banned afterwards. I never thought that they would use all sorts of methods to obtain Holy Spirit Rabbit." Su Meiyao said, "This poison has existed for a long time. At that time, in order to prevent people from researching it, there was not much related content."

Chen Xiang asked: "Can you solve it?"

Mu Jialan and Yao Shumei were pretty good. Even though they were people of the Sheng Domain, not only were they not enemies with him back then, they had also allied with him and had a very good relationship with him. He would definitely think of a way to help them.

In the past, our master helped others to cure them. He used the Soul Absorbing Devil Spell, and when he sensed the poison, he could directly suck it out. However, this poison is very strong, it would be equivalent to being poisoned if it was used. Bai Youyou said.

Chen Xiang pinched his chin, frowned, with a profound look, Yao Shumei and the others were also waiting for him to answer.

He communicated with Su Meiyao and the others for a while, and said, "This should be the strange poison 'Xue Qing One' that Snow Moon Immortal Palace had concocted himself."

Hearing these four words, Yu Xuelian's expression changed greatly, and he sighed: "I didn't expect it to be this type of poison, this is going to be troublesome."

Although Yao Shumei and Mu Jialan did not know of Xue Qing's poison, when they saw Yu Xuelian's expression, they knew that this poison was not simple.

"This is a strange poison. It's very difficult to cure, and will accompany you for the rest of your life. This is my understanding of this poison, and I never would have thought that it would be like this. Every once in a while, the concocted antidote will release the pain." Yu Xuelian's expression was ice-cold as he gritted his teeth and said, "Snow Moon Immortal Palace actually used this drug. Back then, this poison was regarded as the same as the Super Old poison, don't worry, I will definitely use the Holy Snow Lotus to cure it for all of you."

Yao Shumei and Mu Jialan's face were pale white, their eyes revealed incomparable despair, as they weakly sat on the ground, looking completely bald and crippled.

They had tried the pain brought by the poison before, but they didn't expect it to last for their entire lives.

Chen Xiang laughed: "Don't be afraid, it's not like I said I can't solve it."

Seeing Chen Xiang's mischievous smile, Mu Jialan and Yao Shumei cursed in their hearts, causing them to despair to the bottom of the valley.

"You are all friends with the Elder Sister Meng'er, but you are also my friends. I will definitely do my best to help you." Chen Xiang chuckled: "You don't have to be so grateful to me, it's fine if you promise me your life, I can't take all of you mother and daughter flowers."

"You ..." Mu Jialan said as her jade face instantly flushed red and a red cloud faintly surfaced on Yao Shumei's cheeks.

Chen Xiang squatted down and said: "When I cure the poison, I want to suck the poison out of my body using my palm against my navel, quickly lift up my clothes."

"What?" Mu Jialan's face which had just lost its rosiness, once again blushed. The redness reached her ears, letting a man touch her navel was a very embarrassing thing to do.

Chen Xiang felt confused, and said: "What's wrong with that? It's not like you're going to get pregnant, you feel like you're at a disadvantage."

Mu Jialan bit his lower lip as he glanced at Yao Shumei. Yao Shumei nodded to her, feeling like there was nothing wrong with his hand on his stomach.

Chen Xiang chuckled: "Didn't you worship me a lot, you should feel honored."

## [Chapter 1294](#)

Seeing that Mu Jialan was still hesitating, Chen Xiang said: "Take off your clothes, or I'll go inside."

Yao Shumei chuckled: "Then I'll go first."

Although Yao Shumei had said this, he still minded it a little in his heart. But Chen Xiang had kindly helped them to cure the poison in their hearts, allowing them to get rid of the control of this strange poison, as well as allowing them to take away the Holy Spirit Rabbit. The benefits they had received could be said to be incalculable.

Yao Shumei tore his clothes open to reveal a hole in his navel, enough for him to put his hand in. Chen Xiang felt that it was kind of funny.

They were all wearing long skirts. If they wanted to expose their navels, they would have to take some off. It would be even more embarrassing.

Although Yao Shumei was already a mother, he was still young and beautiful, and looked like a sisters. His figure was also very good, Chen Xiang extended his hand, and placed it on her navel.

"Have you started smoking?" Yao Shumei asked softly, his face a little red because Chen Xiang's hands were a little dishonest as he rubbed her navel.

It was just that when he placed his hands on her, that kind of feeling caused him to uncontrollably rub his hands. It might be because he had not had sex with her for many years, coupled with the fact that the person in front of him was a completely familiar woman.

"It has already begun." Chen Xiang looked very serious, he immediately released a burst of God Power to check out the strange poison in Yao Shumei's body, and quickly found out that most of the poison was in his abdomen, where there were a few areas filled with this poison, the amount was very large, if it was even a little longer, his entire body would have been taken up by the poison.

Chen Xiang immediately locked onto the strange poison and then activated Devouring magic kungfu, carefully absorbing it out. At this moment, Yao Shumei felt a cold feeling in his abdomen, the flow of the poison.

"Does it hurt?" Chen Xiang asked. He had already sensed that a large amount of poison was congealing in his palm and releasing a cold aura.

At this time, Yao Shumei was very close to Chen Xiang. She saw Chen Xiang unrestrainedly looking at her face, looking straight into her eyes, causing her to lower her head slightly. She then shook her head: "It's not painful.

In less than an hour, Chen Xiang had already sucked out all of the poison, and his entire palm was covered with a layer of frost.

"Are you alright?" Yao Shumei could not help but ask when he saw Chen Xiang taking out his hand. His face was filled with worry.

Chen Xiang smiled, a burst of flames emerged, and all the frost was incinerated.

"What's the matter? Jalan, it's your turn." Chen Xiang laughed.

Seeing that his mother had successfully gotten rid of the poison, Mu Jialan was secretly happy in his heart. She was no longer as shy as before and nodded, then also ripped a hole in her navel.

"Don't laugh."

Mu Jialan snorted softly. The evil smile on his face made her immediately understand why Xue Xianxian kept calling Chen Xiang a scoundrel, as if Liu Meng'er had also yelled that before ... This made her think that Liu Meng'er might have also been hurt by Chen Xiang before, that he was his master.

Her beautiful eyes flickered with multicolored light, as if she wanted to see through Chen Xiang completely. It was said that it could actually cure this strange poison, and even if it was someone from the Snow Moon Immortal Palace, they could only temporarily suppress their poison, and could not completely cure it.

Yu Xuelian naturally had some understanding of Chen Xiang's achievements. To be able to drive the Fire Divine Palace away from Di Tian, this was a very impressive thing.

"Heavenly Peach Blossom, you haven't even let a man touch your stomach before. Hehe, it's time for you to find a man." Chen Xiang gently rubbed her smooth belly and laughed, he then started to circulate his Qi to absorb the poison.

Mu Jialan pouted. "I'm not looking for one, there's no need."

"You guys have seen Xue Xianxian and the others, are they alright? I handled matters regarding the Dragon Subduing School, so I ascended much later than them." Chen Xiang asked.

"They are all very good, they all have very high positions in the Mortal King Immortal Palace. It's said that the Mortal King Immortal Palace is preparing to set up the Immortal Country, and they are a group of people worthy of nurturing. Are you going to the Mortal King Tian Country next?" Mu Jialan asked.

Chen Xiang shook his head: "No, I don't want to bring them any trouble. If you don't mind, I can follow you guys around everywhere for a while."

Yu Xuelian said: "I will take them to hide in the Spirit Demon Realm. It is very safe there, even if the other powers know we are inside, they will not dare to mess around, do you want to go to the Spirit Demon Realm?"

"Not going, but big sister Snow Lotus, you will have a Holy Snow Lotus in the future, can you give me one? I am a Alchemist, I have great use for this Holy Snow Lotus." Chen Xiang asked.

"No problem, but you have to help me refine pills in the future." Yu Xuelian smiled slightly.

The poison in Mu Jialan's body had already been sucked out, and at this point, the mother and daughter pair were all fine.

"Don't not know me when you become the female immortal king in the future." Chen Xiang laughed.

"You definitely won't be able to play with me. You're the first man to touch my stomach ... What's more, once we become the female immortal king, you won't even know what kind of monster you'll be." Mu Jialan laughed mischievously.

Yao Shumei said, "In the future, we will send some Holy Spirit Rabbit blood over to Meng'er and the others at regular intervals. This will be of great use to them because you only have one Jade Rabbit, and it won't be enough for so many women like you ..."

Chen Xiang coughed dryly and corrected him: "Until now, I only have Xianxian as my wife."

"You have to be careful of the Divine Saber Immortal Palace. If you don't have enough strength, don't expose your Green dragon demon-slain broadsword." Yu Xuelian reminded him repeatedly.

Sister Snow Lotus, do you know Lv Qinlian? She was just like you, transformed from a lotus. Chen Xiang said.

"I don't know her, but I know her. She is a person that I respect very much, but I know that her relationship with you is not bad. I need you to recommend her to me in the future." Yu Xuelian laughed.

The poison that Chen Xiang used was all extraordinary poison, otherwise he would not have been able to handle Immortal Monarch Rankers.

"Goodbye then. We will definitely meet again in the future." Yu Xuelian took out the Transmission array Plate, which she had already set up beforehand. To be able to teleport to the Spirit Demon Realm, Chen Xiang guessed that she must have spent all her savings to get such a powerful array disc.

Yao Shumei and Mu Jialan said their goodbyes as well, and even hugged Chen Xiang a little.

The array disc opened and the three women who had just escaped death headed towards Yao Tian.

## [Chapter 1295](#)

Chen Xiang looked around, he no longer had a direction, and did not know where he was. He shook his head and sighed, then casually walked towards a direction.

"I wonder what kind of people Meng'er's parents are. I feel that they are all very mysterious and powerful." Su Meiyao said.

"When your master, this crazy old man, comes to the Heaven Realm, his strength will definitely increase quickly. As for Yan Zilan and the other sisters, this power cannot be underestimated in the Heaven Realm."

Chen Xiang nodded: "Even though they are very strong, I can't always give them trouble. I'll come find them in the future."

Chen Xiang would not be returning to the Heavenly Bull Immortal Palace now, it was bustling with noise and excitement there. The Holy Spirit Rabbit that the Divine Saber Immortal Palace was raising had been snatched away, several layers of the Heavenly Bull Immortal Palace's domain had been frozen, the grandson of the Divine Wind Immortal Country was crippled, and the Soul Absorbing Devil Spell had appeared ... All of these things added up together made the Heavenly Bull Immortal Palace, who was

originally a low-key immortal palace, famous. However, this was not a good thing, many of the immortal palaces were laughing at the Heavenly Bull Immortal Palace.

The Heavenly Bull Immortal Palace soon had a clue. The first to be awarded were Yu Xuelian, Yao Shumei and Mu Jialan, the three women who participated in the competition, and lastly there was a man that no one knew. He was the one who turned into Chen Xiang, and he even won a million Spiritual crystal from Wang Qiongjin back then.

"This Heaven Realm is very big, if you go to one of the immortal palaces, it would be better for you to buy a guided immortal tablet. This is a low grade immortal pellet, but it has been marked with many famous immortal palaces, and when you cannot use the Transmission array, it will guide you to the right place, it will only be on foot." Su Meiyao said.

He had been running in one direction for more than a month, but he had not seen a single person. Now, he understood why Wu Canghong gave him that Luotian Gate back then, because that thing was completely useless here.

After running for several months, Chen Xiang finally saw an immortal palace in the middle of a huge lake.

Qing Hu Immortal Palace, not bad. Go in and have a look. It would be best if you could go to one of the more popular Immortal Palaces. Su Meiyao said.

Most of the people in the Qing Hu Immortal Palace cultivated the water attribute Innate Qi. Upon entering, one would be able to feel that the immortal qi absorbed by the immortal palace in the middle of the lake was also water attribute, so this was very normal.

"Divine Saber Immortal Palace and Snow Moon Immortal Palace have fought. It's been a long time since Heaven Realm had this sort of battle with a super immortal palace. I wonder if the men of Divine Saber Immortal Palace can beat the delicate beauties of Snow Moon Immortal Palace."

Chen Xiang passed by a shop that specialized in selling weapons, heard the shopkeeper and an acquaintance talk about this matter, so he walked over and interrupted: "You guys don't know, that the Holy Spirit Rabbit blood can only be used by women. The Mistress in Snow Moon Immortal Palace was originally a man, but later on she used Jade Rabbit Blood, which would make her a woman.

Chen Xiang's words attracted the attention of the people in the shop.

"It's true." Everyone had the heart to gossip, let alone such a big gossip.

"Of course it's true..." Following this, Chen Xiang added details to the information Su Meiyao and Bai Youyou provided, and unceasingly talked about the things that happened between Snow Moon Immortal Palace and Frozen Moon Asgard.

It was originally just Snow Moon Immortal Palace and Divine Saber Immortal Palace, but Chen Xiang felt that it would be good to bring in another Frozen Moon Asgard. He even talked about the strange poison "Xue Qing One" later on, making Snow Moon Immortal Palace and Frozen Moon Asgard sound extremely evil.

The words that came out of Chen Xiang's mouth quickly spread around the Clear Lake Immortal Palace. Soon after, there were some people who found out that it came from the old immortal kings, and confirmed that many of those were true, especially the poison.

Most of the women in Snow Moon Immortal Palace had become men. Many of the men who found out about this felt a pinch in their hearts, and the men who had sex with those women felt worse than eating shit, becoming a laughingstock.

The reputations of the Snow Moon Immortal Palace and the Cold Moon Immortal Palace plummeted, and after investigating the source of the news, they found out that it came from a shop that sold weapons. Furthermore, that shop belonged to the Divine Saber Immortal Palace ...

"You all can go slowly. When my Dragon Subduing School grows up, your immortal palaces will be reduced to this." Chen Xiang sat by the window and looked at the scenery outside.

After a few days of inquiry, Chen Xiang found out that there was a newly constructed Myriad Dan Immortal Country in the Heaven Realm.

"This Myriad Dan Immortal Country should be an extension of the Thousand Dan Immortal Palace. We can go take a look, and maybe we'll even find out more about my Young Master." Su Meiyao was suddenly excited.

"Who is your little master?" Chen Xiang asked.

If he was still here now, he would have been even more powerful. He was the one who taught me alchemy, identified various medicinal herbs and poisons, and other things, but he was very low key, and even now, we still do not know his real name. His relationship with my master is very good, I think we only found out about him after we became sworn brothers. Su Meiyao said.

Chen Xiang did not ask around about anything related to the Ruthless Devil Venerable. Su Meiyao and Bai Youyou did not allow him to ask about anything.

He used it to buy five hundred thousand Spiritual crystal, and it was also to prevent him from getting lost in the future. Only then did he remember that Yu Xuelian and the others had not paid the Spiritual crystal for him, and with his relationship with the three women, three to five million Spiritual crystal would definitely not be a problem, but at that time, he had actually forgotten about it.

"The teleportation cost is five hundred thousand Spiritual crystal. Fuck, the Spiritual crystal I earned from that old granny Wang Qiongjin is gone just like that." Chen Xiang scolded in his heart as he stood inside the Transmission array. He was in desperate need of Spiritual crystal.

The Myriad Dan Immortal Country was very far away from here, and he had to force himself to accept the five hundred thousand Spiritual crystal. Luckily, there were more people in the teleportation gate, otherwise, one of them would lose out by just activating the teleportation of the Transmission array, but this kind of teleportation could rarely send one person, and normally only when there were enough people would people be able to teleport over.

When the Transmission array opened, a white light flashed before Chen Xiang's eyes. He originally thought that he would be able to see the bustling scene inside the Myriad Dan Immortal Country, but who knew that he would see a large patch of trees, and they actually appeared within the forest.

"This... Damn it, we missed another distance. Is the Qing Hu Immortal Palace that poor? They even need to eat Spiritual crystal with this little energy." One of the elders started to curse, while the others started to curse at the Clear Lake Immortal Palace as well.

Chen Xiang took out the pointing immortal plate. This was a square jade plate the size of a washbasin, with a golden finger array on top. It was pointing in a direction, and words "Myriad Dan Immortal Country" appeared on top of the finger array.

"Little brother, you actually have something like the Road Immortal Plate? I've always thought that it was useless." An old man came to Chen Xiang's side and looked at the needle, then was scolded at the distance displayed.

"We still have twenty days to go." the old man said angrily.

Chen Xiang kept the guided immortal plate, and said: "Ten days is enough."

With that, he immediately ran away, disappearing from everyone's sight in the blink of an eye.

### [Chapter 1296](#)

Chen Xiang felt that since he had lost a lot of Spiritual crystal, being able to teleport him to this place was already good enough, but the tycoons who had entered the Transmission array with him did not think so. They wished that they could return to the Clear Lake Immortal Palace and scold the person in charge of teleportation mercilessly.

This place was still considered safe, even if there were demon beasts and the like, it would not be too strong. After all, this place was close to the Myriad Dan Immortal Country, and even if there were strong beasts, they would not dare to appear here, otherwise, it would be very easy for them to be captured by the strong rankers from the Myriad Dan Immortal Country.

Other than Chen Xiang who did not complain, there was one other person who did not say anything. When he appeared and knew the direction of the Myriad Dan Immortal Country, he was like Chen Xiang, immediately rushing forward, and his speed seemed to be even faster than Chen Xiang's.

"There's a guy following you at a fast pace, but he seems to have intentionally kept a distance from you and didn't catch up to you. He was deliberately tailing you from behind." Long Xueyi said.

Chen Xiang also realized that, he activated Heaven Tour and looked at the person behind him. He noticed that he was a very delicate and pretty man, he looked very scholarly and refined, with a light beard below his nose, and a pair of eyes as deep as the ocean. Although the clothes he was wearing weren't very luxurious, it gave people the feeling that he had a very noble temperament.

"This guy isn't simple." Chen Xiang said, but the person did not have any malicious intent, as though the reason he followed him was just to confirm the direction.

"Hmm, I actually can't see through his strength." Long Xueyi said.

Chen Xiang intentionally stopped and then took out the Directing Celestial Plate. Looking towards the direction, the handsome man was also near to him, walking over to Chen Xiang's side and looking at it carefully.

"This direction is right, the Myriad Dan Immortal Country is right ahead." The man smiled at Chen Xiang: "This brother, this is your first time going to Myriad Dan Immortal Country, right?"

Chen Xiang kept his Immortal Deity Plate and replied with a smile: "That's right, I'm worried that we'll go in the wrong direction."

The handsome man said: "I have been in the Myriad Dan Immortal Country for a while, I have always used the Transmission array, this is the first time I am using this method to return to the Myriad Dan Immortal Country, let's go together."

Chen Xiang nodded and then ran into the forest together. On the way, Chen Xiang found out that this man's name was He Feng, but Chen Xiang felt that this was not his real name. Of course, Chen Xiang also used a fake name.

"Brother Yan, why are you in such a hurry to go to Myriad Dan Immortal Country? Is it also for that reason?" He Feng asked.

"What's that? I just want to take a look at the pills in there and find something suitable." Chen Xiang said honestly, he did not know what happened in Myriad Dan Immortal Country.

He Feng was a little disappointed, and said: "The Immortal King of Myriad Dan Immortal Country is about to abdicate, he will pass the throne down to a prince. According to the rules of the Myriad Dan Immortal Country, the new king will ascend the throne, and the gathering will be held ... .. Of course, many of the reason why many people go to Myriad Dan Immortal Country now is to curry favor with the prince who has the hope of becoming the new king. "

Chen Xiang's eyes lit up, and asked: "Myriad Dan Immortal Country is a great pill power, I wonder if there will be a pill refining competition."

This was what Chen Xiang was looking forward to, but it would not be easy to get. Maybe when the time came, he would even have to expose himself, but if it was a very precious herb, he would give it his all.

"This one is definitely there. Brother Yan, you're actually a Alchemist, I really can't tell." He Feng was a little shocked, because he did not sense any aura from Chen Xiang's body. Previously, he had thought that Chen Xiang was a disciple from a famous clan, but seeing that Chen Xiang did not know about the matters of the Myriad Dan Immortal Country, he did not think much of it.

Chen Xiang laughed: "I learned a little, when the time comes I just want to join in the fun, what about you, you went to the Myriad Dan Immortal Country for that."

He Feng shook his head: "I am from the Myriad Dan Immortal Country, and this time I was given a ... When the time comes, there will definitely be a secret battle. Many people who are currently distributed among the Ninth Heaven are rushing to Myriad Dan Immortal Country, and Brother Yan, you actually don't know about this sort of thing. "

"Before I came here, I had already enquired about the Myriad Dan Immortal Country and no one mentioned this matter to me." Chen Xiang frowned, he had indeed inquired about it in detail.

"It seems like Brother Yan is a rogue cultivator. Only some major powers know about this." He Feng suddenly realized something, but he was still surprised, because Chen Xiang was also a Ranker that he could not see through.

"Right now, there are seven princes in Myriad Dan Immortal Country who are all Immortal Kings, so these seven are the most likely to be the princes." Right now, there are seven princes in Myriad Dan Immortal Country who are all Immortal Kings, so these seven are most likely to be the most likely. He Feng said.

Chen Xiang did not expect the interior of the Myriad Dan Immortal Country to be so complicated, but he immediately thought of something, and said: "If that's the case, then the other six Princes might join hands to deal with the Sixth Prince, the Thousand Dan Immortal King does not care at all."

"The Thousand Dan Immortal King will not appoint a successor. As long as it is a time specified by him, he will leave the Myriad Dan Immortal Country and go to a place to cultivate in seclusion. It has always been like this." He Feng sighed.

"Then which prince are you from, Brother He?" Chen Xiang asked again, he had already sensed that He Feng was trying to rope him in.

"Sixth Prince." He Feng said. He could already tell that Chen Xiang was a smart person and he wanted to rope Chen Xiang in.

"I wonder if Brother Yan wants to follow the Sixth Prince ..." He Feng asked.

"I don't want to. I'm used to being free and unfettered. I don't want to get involved in this kind of dispute." Chen Xiang immediately rejected her. When he was at Di Tian, he was always in this kind of dispute, and now it was rare for him to be this free and easy.

He Feng sighed lightly, then handed over a jade tablet to Chen Xiang: "If you have any ideas, take this jade tablet and go find me at the Sixth Prince's territory, it will be very easy to find me there. The battle for the throne won't end that soon, so if you go to the Myriad Dan Immortal Country, you'd better be careful of the First Prince.

After Chen Xiang received the jade medallion, he suddenly increased his speed and disappeared in the blink of an eye. was secretly shocked, this He Feng's strength was far stronger than he had imagined.

"I'm sure of it, at least at the Immortal Monarch's level of strength. It's not bad that the Sixth Prince has such a powerful person under his command, but I don't know who the Sixth Prince is. Back then, I also knew a few influential figures within the Myriad Dan Immortal Country." Su Meiyao said.

"Who cares, I entered to earn Spiritual crystal s, I don't want to get involved in this kind of nonsense." Chen Xiang put away the jade tablet. The Myriad Dan Immortal Country was nervous right now, he felt that he should be able to find an opportunity to earn a fortune.

"Oh right, I remember that the Immortal King in the Myriad Dan Immortal Country all those years ago seemed to have the surname of He ..." Su Meiyao suddenly said.

"Ah!" Chen Xiang said in surprise, "Could it be that the boy just now was a grandson?"

[Chapter 1297](#)

After walking out of the forest, Chen Xiang stood at the peak, looking into the distance, he could see the blurry shadows of a few large immortal palaces. Although they could be seen, they were very blurry, and were very far away too.

"These are just the few immortal palaces outside. There are more than a hundred of these in the entire Myriad Dan Immortal Country ..." Chen Xiang muttered, this was the power of a Immortal Country, to be able to control so many huge immortal palaces, and there were many of these powers in the Heaven Realm.

"This Myriad Dan Immortal Country should be considered to be one of the more powerful ones, able to compete with forces like the Devil-suppressing Divine Palace and the Fire Divine Palace. It's just that this is a relatively neutral Immortal Country, we rarely start a fight with others." Su Meiyao said.

Chen Xiang came to the closest immortal palace, which was slightly smaller than the Heavenly Bull Immortal Palace s, but he did not plan to stay there. He wanted to go to the main palace, which was also the center of power for the Myriad Dan Immortal Country.

Originally, he wanted to use the Transmission array, but he didn't have any Spiritual crystal left. He reckoned that he would be able to live in a room or something like that, this was the first time he was this poor.

"Wait until my dragon vein evolves into the level of Spiritual crystal. I will be the richest person in the Nine Heavens." Chen Xiang consoled himself.

Chen Xiang spent three days and used the fastest speed to rush to the main palace of the Thousand Dan Immortal Palace. The walls here were not very high, and were slightly shorter than the Heavenly Bull Immortal Palace's thirty thousand meter wall. Furthermore, the high walls here seemed to be made of wood and had a grain of wood.

"Ten thousand Spiritual crystal." Seeing that Chen Xiang did not know the rules and did not give the Spiritual crystal an appointment, a guard immediately stopped him.

Chen Xiang currently did not have any Spiritual crystal, but this did not mean that he was very poor.

"This..." With difficulty, Chen Xiang fished out a jade tablet from the Storage magic treasure. It was given to him by He Feng.

When he saw the jade medallion, the guard immediately felt deep veneration for him. He hastily stepped aside to let him enter.

Chen Xiang felt good inside, and then swaggered in.

"This jade plate is really good stuff, it helped me save ten thousand Spiritual crystal." Chen Xiang was secretly happy in his heart as he put away the jade tablet.

Upon entering the Immortal palace, Chen Xiang immediately felt that the place was much more powerful than the Heavenly Bull Immortal Palace, mainly because of the strength of the people inside. There were many mid to late stages immortals, and also many treasures and pills that were sold in the shops.

After walking around outside for a bit, what troubled Chen Xiang the most was that he could only watch, because he did not have a Spiritual crystal. Especially when he entered some of the pill stores, he wanted to try out some of the so-called "famed experts" who had refined some of the pills.

"Little Scoundrel, you're being watched." Just as Chen Xiang walked out of a pill shop, Long Xueyi said.

"I didn't offend anyone." Chen Xiang had only entered the immortal palace for four hours, yet he had not spoken much with anyone before he was set on.

Long Xueyi said: "I thought so too, but I recognize that guy's appearance. He was previously concealed very well, I didn't even realize that he had followed me all the way from the entrance."

"I understand. Maybe it's because I used that jade plate. It seems that I have to quickly change my appearance."

Chen Xiang continued to stroll around, but he had a goal in mind, which was to get rid of the people following him.

Not long after, Chen Xiang turned into a middle-aged big man, walked past the person who was following him, and sneered in his heart: "Continue to follow the illusion created by the Little Naughty Dragon."

Long Xueyi laughed tenderly: "Let's go for a month or so, and see how long he can follow us."

Chen Xiang passed by many luxurious hotels and inns, and really wanted to go in and take a look. However, the Spiritual crystal beside his hand, couldn't even stay in the most ordinary of inns here.

"Let's go up to the high wall and take a look at the scenery." Chen Xiang was only strolling in the outer circle. In the center was the palace area, and there were even more Innates in the vicinity. And there was even a fight that was brewing.

At this time, the sky was clear and the walls were not shrouded by clouds, which allowed them to look down on the main palace. However, they could only see a small part of the palace and it was even more blurry in the distance.

**BOOM!**

Above the blue sky, a great rumbling sound could be heard. Everyone that was attacking immediately raised their heads to look at the sky, only to see a huge door appear in the sky.

"It's the Dragon Gate. The people from Imperial Dragon Clan are here." Long Xueyi said.

This huge golden door was covered with carvings of all sorts of dragons. After the door was opened, a dragon's roar resounded, enveloping the entire horizon. It was extremely terrifying, as if a huge dragon was about to descend.

"This is the teleportation saint artifact of the Imperial Dragon Clan, named Dragon Gate. It can teleport at will through the nine heavens." Long Xueyi explained.

A ray of golden light shot out from the dragon gate, which then disappeared. Only a golden mist was left in the sky, and more than ten golden-robed people appeared under the high wall. They were most likely the Emperor Dragon who had just come out of the dragon gate.

"There are two holy dragons. The rest are all fire dragons and the like, but they all have a very strong Emperor Dragon aura. The strongest one should have the strength of a Dragon King." Long Xueyi said, his voice carried a burst of killing intent, Chen Xiang had rarely seen Long Xueyi with such killing intent.

Chen Xiang asked: "Is he your enemy?"

However, the moment he entered the door, he immediately rushed towards the nearest Transmission array. Many people did not even see his face, and they were teleported away, probably to the central region.

"You are the Leader of the Dragon Subduing School, and I am the very high Elder of the Dragon Subduing School. How do you think we should deal with this kind of dragon?" Long Xueyi retracted her killing intent and snorted.

Chen Xiang chuckled: "This will depend on whether the dragon's value is worth it to attack. If it's someone like that Prince Imperial Dragon, I think it's very necessary.

Just as Chen Xiang walked down from the high wall and arrived on the ground, he felt a strong wave of The power of the holy dragon surging from the center of the wall, followed by a somewhat familiar aura.

"This is ..." Chen Xiang was shocked.

"It's the Imperial Avian Race. I didn't expect the situation in the Myriad Dan Immortal Country to be so complicated."

Long Xueyi said. Imperial Dragon Clan and Imperial Feather Race probably wanted to support a prince to become the new King, so they all secretly helped, so that he could have some power in the Myriad Dan Immortal Country.

## [Chapter 1298](#)

Originally, Chen Xiang did not plan to beat up such a bustling place, but he was lacking Spiritual crystal s right now, and he also wanted to see if he could take out one or two dragons and refine a batch of Dragon Pills to satisfy his craving. Thus, after discussing with Long Xueyi and the others, he decided to join in the fun and see if he could find some good stuff as well.

Chen Xiang, who had the idea of robbing the dead and rich, travelled a long distance inside this gigantic immortal palace, and headed to the center region to see if he could find any benefits. He felt that his time to dab oil on his feet was really great, if he did not go this time, he would definitely let down his ancestors.

"It seems like there isn't any great war. I've come for nothing." Chen Xiang was a little disappointed on the way back because he saw that many people were like how they usually were.

There were many empty areas in the immortal palace that had no people, and were places used for fighting. On the road, Chen Xiang passed by many uninhabited forests, but he did not see any huge battles.

"It might not have started yet. This kind of competition, will more or less erupt into a huge battle. It's possible that Imperial Dragon Clan and Imperial Feather Race met just now and had a spar in terms of aura." Long Xueyi said.

Outside the main palace, Chen Xiang couldn't even afford to live in a house. But now that he was in the center of the area, he realized that even if he were to sleep on the main street, he might still be driven away.

"This central region of the Myriad Dan Immortal Country is really powerful. I really want to pry a floor tile to sell."

Chen Xiang walked on top of the floor tiles and discovered that the floor tiles were all made from a type of strange stone. There were Spirit grains on them that could gather immortal qi, causing the immortal qi in the central area to be extremely dense.

Without capable people, it would be difficult to get along here. Just doing anything would require a large amount of Spiritual crystals.

"Looks like only a poor person like me would have the thought of sleeping on the streets." Chen Xiang looked at the incomparably dazzling pedestrians on the road and sighed in his heart.

"Isn't there only one person sleeping on the ground in front? You can go and accompany him." Long Xueyi laughed.

Chen Xiang looked forward and discovered that there was indeed a slovenly old man lying at the entrance of a medicine store. This old man was holding a bone that was as large as a broom in his hand, and the flesh on it had already been eaten.

This kind of person was incomparably dazzling in this sort of resplendent central region. A few passersby slightly creased their brows, but strangely, they weren't chased away.

Chen Xiang walked over, he wanted to see which deity this was, so that he could sleep in this place as though he was sleeping in his own home, there was no trace of politeness in his actions.

He walked over to take a closer look and was stunned for a moment. When he looked again, it was as if he had been struck by lightning.

"This... "Master."

Chen Xiang screamed in his heart, this old man was actually his master, Huang Jintian.

"It's actually this old madman, I actually didn't notice." Long Xueyi was also very surprised.

Huang Jintian realized that a middle aged man was staring at him and immediately raised his head and shouted, "What are you looking at, have you never seen anyone sleeping on the streets before? Do you dare to sleep?"

Chen Xiang really wanted to ruthlessly kick his feet, and then use his fastest speed to run away.

"Watch my feet."

Thinking about that, he really did go over and kick Huang Jintian. His kick was very fast, but Huang Jintian also managed to dodge quickly, and was not hit by Chen Xiang's kick.

"Bastard! A gentleman doesn't even move his mouth, yet you don't even move your hands! You've even moved your feet!" Huang Jintian flew into a rage. After swearing, he found out that Chen Xiang had already disappeared.

Chen Xiang was already sprinting on the street like a running rabbit. He was well aware of this crazy old man's temperament, he would definitely beat him up if he got caught by him.

"You won't be able to escape."

Huang Jintian still hadn't realised that this was Chen Xiang. He only felt that this fellow was extremely bored, coming here to provoke him to sleep on the streets. What made him even angrier was that this fellow ran really fast.

Just a moment ago, a group of people had been watching these two weirdos. One was a thick-skinned old man who was sleeping on the street, while the other was a bored old man who had observed this old man up close and had even kicked him.

Originally, everyone thought that this kind of scene would happen. However, they didn't expect that Chen Xiang's lightning-fast Treasure Rush would make many people feel inferior. What was even more surprising was that the old man on the street was also very fast.

"As expected, there are crouching tigers and hidden dragons in the central region of the Myriad Dan Immortal Country."

"Seems like I'll have to have some ability if I'm bored. Otherwise, if I get caught, I'll definitely be beaten to death."

Chen Xiang was not bored, he only wanted to lure Huang Jintian to a place with no one around, so he used such a method. Of course, he could send a sound transmission, but he was afraid that if this old lunatic Huang Jintian found out it was him, he would beat him up without saying a word.

Finally, Chen Xiang desperately ran to the grassland far away from the crowds of people, and shouted: "Master, it's me, I'm Chen Xiang."

"What? Little bastard, you dare to provoke me in public? Are you tired of living?" Huang Jintian suddenly shouted, increased his speed, and in the blink of an eye, caught up to Chen Xiang.

Chen Xiang immediately dodged, dodging the chaotic punch.

"Master, why are you here? The moment I came to the Heaven Realm, I looked everywhere for you, but I couldn't find you no matter how hard I searched." Chen Xiang changed the topic and asked.

Huang Jintian did not use this method, his punches and kicks moving out, and every strike was extremely powerful and overbearing, bringing with it a very berserk Dragon Power.

Huang Jintian was very strong, so he could not fight him head on. Even if he had Body of Heavenly Sage, it was still very painful to be hit, so he could only dodge.

After hitting Chen Xiang for a while, Huang Jintian was also very anxious, because he did not manage to hit Chen Xiang, and was dodged by Chen Xiang in a very strange way.

Huang Jintian suddenly stopped and asked seriously: "You're also here?"

Chen Xiang heaved a sigh of relief, walked over, and said: "I am here because ...."

Before he finished speaking, Huang Jintian had suddenly flashed behind him, and gave him a heavy punch. Chen Xiang had long prepared for this, and he had experienced Huang Jintian's moves many times before, so he anxiously used spatial teleportation to dodge.

"Humph, that's too insidious. You can use this strange movement skill, stop fighting." Huang Jintian said, but Chen Xiang did not believe him and kept her distance.

Chen Xiang chuckled: "Master, I know that you want to see my strength, all of this is for my own good."

Huang Jintian tidied up his hair and said: "Little brat, your wings have grown harder."

"What are you doing here? The situation here is very complicated." Huang Jintian said: "Let me say it first, I have heard that there will be people from the Imperial Dragon Clan here, so I plan to kill one or two Emperor Dragons."

Chen Xiang was surprised that his crazy master would have such a thought.

"I'm here to make a fortune." Chen Xiang said with a serious face.

### [Chapter 1299](#)

When Huang Jintian heard that he was here to make a fortune, his eyes immediately lit up. Back when he was at Di Tian, he already knew that Chen Xiang was a tycoon that treated pills as food.

"Master, you have been in the Heaven Realm for a while, you should be doing well. Can you lend me a thousand or so Spiritual crystal?" Chen Xiang rubbed his hands together: "I am currently lacking in Spiritual crystal, lacking in the flow of Spiritual crystal."

Huang Jintian shouted: If I had thousands of Spiritual crystal s to lend to you, would I even need to sleep on the streets? If you don't have Spiritual crystal s, why would you come here?

"Didn't I say it already? I'm here to make a fortune." Chen Xiang was extremely disappointed.

"You were just selling some pills and the Spiritual crystal came. Are you really that poor?" Huang Jintian hugged his chest and said: "How many Spiritual crystal on you?"

"There's still three thousand like this." Chen Xiang said.

"Just this little bit, it's not even enough to fill the gaps between our teeth." Huang Jintian muttered to himself, then shouted: "Lend me two thousand, I need it urgently."

After Chen Xiang haggled with him for a while, and only gave him a thousand and five hundred Spiritual crystal, he also wanted to keep a little of them by his side. Moreover, he didn't believe that Huang Jintian would be so poor.

"Master, the fellow from Imperial Dragon Clan is here. Do you want me to borrow a Green dragon demon-slain broadsword?" Chen Xiang chuckled: "Just give me the dragon pearls on their bodies when the time comes."

Huang Jintian glared at him, curled his lips, and said: "Lending me the Green dragon demon-slain broadsword, don't you think my life is too long? Using a Green dragon demon-slain broadsword in Heaven Realm, that's simply courting death."

If Yao Tian and Mo Tian's people knew, they would definitely come to snatch it. Imperial Dragon Clan and Divine Saber Immortal Palace also thought that this blade was theirs, and would definitely participate.

I can't use this blade. Unless I have no other choice, I must not expose myself. This Heaven Realm isn't like Di Tian. Huang Jintian said.

Chen Xiang nodded his head: "Master, how about I go with you to kill dragons. I only want dragon pearls, and dragon meat for you to eat."

Huang Jintian really liked eating meat. Back then, at the bottom of the sky pit in Super Martial profound Realm, he had often barbecued meat to eat.

"No, it's too dangerous to go with you. Kid, you will kill me. If you are exposed, I will be in trouble." Huang Jintian refused.

"Master, you really have no conscience. Just now, I gave you fifteen hundred Spiritual crystal." Chen Xiang said snappily.

"If you want to kill the dragon, go. Do you think I don't know that the dragon pearl is more precious than the dragon's body? You want to take advantage of me? We'll kill each other." After Huang Jintian finished speaking, he turned around and threw it away.

Chen Xiang wanted to ask some more questions, but did not give chase.

"I thought that Master would be able to fish up some benefits, but not only did I not manage to get anything, he even took away fifteen hundred Spiritual crystal." Chen Xiang sighed, and then walked towards the center of the bustling area.

"What if he kills the dragon? That would infuriate the Imperial Dragon Clan and we wouldn't have any dragon cores to eat." Long Xueyi said worriedly.

"My master, this old lunatic, doesn't need us to worry about him. However, if he really kills those dragons, it is indeed not a good thing. However, with my current strength, I cannot make a move as soon as possible." Chen Xiang said. He had just ascended to Heaven Realm, and would have to face those dragons head on. He didn't know the other party's foundation, so he didn't dare to be reckless.

"Your master is very powerful as well. I didn't even notice that it was him. He must have undergone some changes while cultivating that Taiji Dragon-suppressed kungfu. Maybe he even made some changes on his own." Long Xueyi said.

In Long Xueyi's eyes, Huang Jintian had always been a mysterious person who could not be seen through. He himself was a member of the Undead Race, and had an endless lifespan, but Long Xueyi did

not know how long he had lived for. He had once dominated the entire Mortal Realm a long time ago, and now that he was here in the Heaven Realm, he had started to have ideas about the Emperor Dragon, so he was definitely not a simple person.

This central region was normal, and it didn't seem to be in chaos because of the battle for the throne. However, Chen Xiang felt that this was probably because the battle for the throne wasn't intense enough.

Chen Xiang was searching for a pill shop here, wanting to see if he could find a job. He would temporarily have a place to stay, then see how the situation turned, and find a way to make a huge profit from this.

"Are you the Pill Sect? Do you have their jade token?"

An old man in charge of recruiting Alchemist looked up and down at Chen Xiang, while Chen Xiang turned into a simple middle-aged man. This kind of appearance was indeed rather rare in the Pill Sect, and most of them were old men.

The level of Alchemist here was also around the same as Di Tian's. Back then, Di Tian's new division was set by the Tong Tian Aristocratic Family and Sheng Domain. It was probably based on this Heaven Realm.

Of course, Chen Xiang would not mind being able to refine a high grade Ground level pill, but he did not have the Pill Sect's jade tablet to prove it.

"I haven't taken the test yet, but I can concoct high grade Ground level pills." Chen Xiang said.

However, that would require him to duplicate a large amount of high-grade Ground level medicinal ingredients, and then refine a lot of them. It was very complicated, and he felt that if he had the time, he might as well make higher grade medicinal ingredients. The current creation divine liquid was extremely precious to him.

Seeing the doubtful expression on the old man's face, Chen Xiang anxiously said: "I can use my own medicine to display it. If I were to go for the assessment, it will take a lot of time, and I will have to wait a bit before I take the examination, right?"

Chen Xiang had already investigated on this matter.

"That's right. If you had just been able to refine a high grade Ground level Pellet, you would have been unable to undergo the examination within a short period of time. Furthermore, the cost would have been extremely high as many Alchemist would have been able to earn Spiritual crystal before then." The old man nodded, then brought Chen Xiang inside the medicine store.

Seeing Chen Xiang looking around like a country bumpkin along the way, because the interior of the shop was really big and the decorations were luxurious, Chen Xiang felt dizzy as if he was looking at a palace. The hall that displayed the pills, for example, gave people the feeling that it was a small plaza that could accommodate tens of thousands of people.

"I didn't expect it to be so small from the outside, but after entering, there's still such a large space." Chen Xiang said in shock.

"Of course, the pill shop belongs to the large area behind this street. You must know that this pill shop is the place where the Sixth Prince once stayed." When the old man mentioned this matter, his face was filled with pride.

The Sixth Prince was the strongest prince in the Myriad Dan Immortal Country, and was the most likely person to become the King of the Immortal Country.

### [Chapter 1300](#)

was considering whether or not he should take out that jade tablet. In this way, he could temporarily join the Sixth Prince, and at the very least, live a good life with him, but in the end, he decided not to rely on this relationship. He himself walked his own path, as a dignified Leader, he did not want to become a part of any faction.

Furthermore, at this time, he was only earning a little Spiritual crystal in this medicine store. It was not equivalent to joining this faction.

Chen Xiang wanted to follow the old man to the pill refining room. It was a secret room built underground, and it was extremely quiet and safe there.

"We have a lot of Alchemists, many of their immortal pills come here to stock up." The old man brought Chen Xiang to the depths of the earth.

Walking along the path, Chen Xiang suddenly saw a familiar face, it was just that this man was dressed extravagantly, releasing a kind of glaring radiance, although he looked handsome, he did not lose out to a king.

"He Feng... This guy really is a grandson." Chen Xiang thought.

"Young Master." The old man bowed his head slightly, then told He Feng that he had brought someone to take the Pill Refining Exam.

He Feng nodded his head: "Then let's go quickly, we will need a large amount of pills later."

After He Feng left, Chen Xiang asked in a low voice, "Uncle, who is he?"

The old man immediately became respectful, and said: "The eldest son of the Sixth Prince, whose strength is at the late stage of Immortal Monarch, is one of the stronger existences among the Myriad Dan Immortal Country's royal grandchildren. Don't look at him like this.

Chen Xiang took a deep breath and said in shock, "Demon Palace, are there no Demon Lord level fellows inside? How is that possible?"

The old man chuckled, "Of course there is. However, Eldest Young Master has a very strong power that can deal with that Demon King and ultimately destroy the entire Demon Palace. So, he's very famous."

"What's his name?" Chen Xiang asked.

"He Feng."

Chen Xiang thought that this was a fake name back then, but he never thought that it was actually real. He suddenly felt that he was just too ignorant, and it was no wonder that He Feng could see that he was a guy who didn't know anything at that time.

"As the eldest son of an Immortal King, it's impossible for him to not have some ability. Don't be jealous of him, you're not bad either. In my heart, you're the strongest." Su Meiyao chuckled.

"Yes." Chen Xiang was truly surprised at He Feng's strength just now. What kind of power was this?

"Indeed, the Heaven Realm has as many powerful warriors as the clouds." Chen Xiang lamented.

"This era seems to be even more powerful than the one we had. Could it be that it's because Di Tian is about to be reborn? Or is it because a new Nine Emperors and Five Venerables is about to appear?" Bai Youyou said.

Arriving at the pill refining room, the old man gave Chen Xiang a pill furnace and Chen Xiang took out a portion of Relive Dan's medicinal ingredients. It was just that the quality was not very good, otherwise, it would have been eaten by Long Xueyi long ago.

Seeing this quality, the old man frowned slightly. This was because even if he were to refine it, he would be able to refine something good. If it was someone who had just become a member of the Pill Sect, refining it would be even more difficult.

"Please check." Chen Xiang passed over the quality, poor quality herbs. Thinking back to when he owned a large amount of these herbs, he just did not need them now, nor did he copy them.

"There's no need. You can just directly refine it. Even if you fail, if your performance is not bad, we will still accept you." The old man said.

If the old man was not here, Chen Xiang would have immediately used the God purification, which would have been much faster.

Although the quality was not high, but in Chen Xiang's eyes, it was no problem at all. In many pill refining competitions, he had long gotten used to it.

From the time he was handling the medicinal ingredients and releasing the flames, the old man had been watching by the side. Seeing that Chen Xiang was very skilled and very calm, he secretly nodded his head.

If he wanted to succeed, he would need to wait for a while. The old man sat on a nearby chair and waited patiently.

Originally, he thought he would have to wait a long time, but he did not expect Chen Xiang to finish refining in just over an hour.

"I've finished refining it. Senior, please take a look." Chen Xiang stood up and opened the lid of the pill furnace.

"Two pills." The old man hurriedly walked over and said in astonishment.

"How do you make it?"

"Just like this, it was refined. Fire it, and then the Foreseeing Alchemy." Chen Xiang said simply.

The old man sized up Chen Xiang from head to toe. He never thought that there would be such a talent, using mediocre quality medicinal ingredients, he was able to create two Relive Dan s at an extremely fast speed, and the quality was also very good.

Chen Xiang had hidden a lot, otherwise he would be even more shocking.

"What's your name?" the old man asked.

"Yan Fei." Chen Xiang could only use a fake name, if he used his real name, the Myriad Dan Immortal Country would be even more chaotic. Although he was just a small fry in the eyes of many big shots, but what he knew were the things that all the powerhouses dreamed of.

"If you pass, I will have someone arrange something for you. These are jade tokens for entering and exiting the Pill Emperor Hall. Someone will tell you the specifics." The old man said.

After leaving the pill refining room, there was indeed a youth who came over and brought Chen Xiang out of the underground pill refining palace. They arrived at a villa above and arranged for Chen Xiang to stay there.

Chen Xiang sat in the courtyard, basking in the sunlight. In the center of the courtyard, he could see a small house that could read magic, allowing him to relax.

"This Heaven Realm's sky seems to be pretty blue. I wonder how Master is doing." Chen Xiang was still a little worried about the crazy old Huang Jintian, because the one Huang Jintian was going to deal with was the Emperor Dragon.

As Chen Xiang was muttering to himself, a gentle and sweet voice sounded out, "Master Yan, I am Little Ling. I will be your personal servant in the future.

Chen Xiang turned his head over, and saw a sweet girl with a ponytail wearing a purple dress smiling sweetly at him. She was squinting her curved eyes right now.

"This... And there's even a personal maid gifted it to you. The treatment is too good right? " Seeing such a sweet and pretty girl, Chen Xiang praised her in his heart.

"My personal maid, you will follow me wherever I go, right?" Chen Xiang asked. He was a little happy in his heart, after all, one person would be annoyed, although there were three women in the ring.

"Un, I'll do whatever you want me to do... Although I am not very strong, but I understand a lot of things and should be able to help you. " Xiao Ling stood behind Chen Xiang and said with a gentle smile.
