

## Dan God 1421

### [Chapter 1421](#)

The Holy Sword was even refined, causing Chen Xiang to be extremely shocked. He could guess that the man had taken out some precious materials to refine for the Divine Sword Palace, which was why he asked such a question. However, from the way he asked, he did not seem to take it as an important matter at all.

"I can refine it in the afternoon." The elder replied.

"It has already been eighteen months. At the beginning, you all said that it could be completed in fifteen months." The man snorted.

"Because something went wrong." The elder said in a low voice.

The man sat down, he did not look at Chen Xiang after he entered, as though there were not many people who were worthy of his notice, he hugged his chest and sat there with his eyes closed, it seemed like he was going to wait here for the Sacred Sword to be completed.

"This guy is really strong, he should be from some big power, just which power is he from?" Long Xueyi asked doubtfully.

"It should be a sword using power. They can afford to make Holy Sword material, and they don't take it seriously either. In these nine days, there are only two powers." Bai Youyou said: "One of them is called Sacred Source Ancient Realm, which is a dangerous place, but in the middle of this dangerous place is a very strong force, and only they can safely enter the deeper parts of it."

"The other is the Heaven Sword City." Su Meiyao continued to speak, "Heaven Sword City is atop a huge mountain peak, and that enormous mountain is very strange. On top of the mountain is a huge city, and it looks like a giant mushroom, but it hasn't fallen down for tens of millions of years."

"The reason why these two forces are able to refine Holy Swords is because they possess an extremely large amount of materials for artifact forging, especially those of the higher levels. This man should be from the Heaven Sword City." Su Meiyao replied: "Senior Sister and I have been to the Heaven Sword City before, and the people there are very strong. Furthermore, we have a lot of precious refining materials to sell."

Chen Xiang sized up the man once again. He did not look very handsome, but he was still passable, and had a very arrogant temperament.

"Elder Wan, who's looking for me?" Liu Meng'er walked out. She was wearing a black suit with a ponytail.

"It's me." Chen Xiang stood up and then sent a sound transmission to Liu Meng'er, "Elder Sister Meng'er."

Hearing Chen Xiang's sound transmission, Liu Meng'er immediately knew that the person in front of him was Chen Xiang.

Just as Liu Meng'er was about to speak, the man with his eyes closed suddenly opened them and asked: "You are Liu Zongyu's daughter."

"Un, you are..." Liu Meng'er frowned, because the man did not have a good attitude, but Chen Xiang felt that it was pretty good that he could open his eyes and look at Liu Meng'er.

The man let out a strange cold laugh, "Heaven Sword City, Luo Yitao, you should know who I am."

"You are Luo Yitao." Liu Meng'er's expression slightly changed. She lightly bit her lips, then said to Chen Xiang: "You're looking for me for something. Follow me."

Luo Yitao saw that Liu Meng'er did not pay any attention to him, and was immediately unhappy in his heart: "Could it be that you're leaving like that? You should know that I'm going to come here to customize the Holy Sword, why don't you come and find me?"

Liu Meng'er was furious in her heart, but she maintained her composure and did not express it out loud: "I'm learning to forge swords here, I don't have much time left."

Chen Xiang was also very unhappy. Why did he need Liu Meng'er to go and find him?

"Hmph." Luo Yitao stood up, and said somewhat angrily: "You mean, why should I go and find you, I think we should forget about this marriage. I, Luo Yitao, am not fortunate enough to be a woman like you who thinks herself to be high and mighty."

Liu Meng'er took a deep breath, suppressed the anger in his heart and said: "Don't worry, even if you didn't say it, I wouldn't have married you."

Chen Xiang had long since been secretly engaged to her parents, but this was the first time he had ever seen Luo Yitao.

At first, I didn't plan to take you, but since you said it like that, I must make you marry me. Let's see what abilities you have to get rid of the marriage that we've already set up. Luo Yitao's face revealed a teasing smile.

Chen Xiang secretly clenched his fists, if not for Liu Meng'er holding onto his wrist tightly, he might have already pulled out the Green dragon demon-slain broadsword and fought with his life on the line.

"I never lacked women. If you had a better attitude and begged for mercy, I might have let you go and annulled the engagement. But now ... "Humph, you're betrothed to me. In any case, you can still be considered to be a pretty decent woman. You are qualified to enter our Luo Family." Luo Yitao smiled sinisterly.

"Elder Sister Meng'er, I will go chop him off." Chen Xiang whispered to Liu Meng'er.

"Calm down."

Liu Meng'er no longer talked with Luo Yitao and dragged him out of the living room.

"Sis, why are you so angry? Who dares to provoke you?" When Xue Xianxian saw Liu Meng'er dragging a man in, she was completely furious. Although Liu Meng'er was her master, but right now, they were both calling each other sisters.

"This guy is teasing you, I'll deal with him." Xue Xianxian frowned as he stared at Chen Xiang. Seeing her furious expression, Chen Xiang even suspected that the Xue Xianxian in front of him was his wife from a little fairy, who was actually emitting such a strong killing intent.

"It's not him, it's that Luo Yitao." Liu Meng'er threw Chen Xiang onto a chair. This fellow is your hubby.

Seeing that Chen Xiang had changed back to his original appearance, Xue Xianxian immediately guessed what had happened. She knew about Luo Yitao's situation and that they had met earlier than usual, which was also why Liu Meng'er was so worried.

"That guy is really arrogant. Why didn't he let me teach him a lesson?" Chen Xiang said.

"He's the Immortal Monarch. Can you beat him? Moreover, his father, grandpa and grandpas are all famous people." Liu Meng'er scoffed.

"I can't win, but I can still smack him and rub his spirit with his palm. So what if the person behind him is powerful, is Prince Imperial Dragon's father not powerful? I killed him." Chen Xiang said in disdain.

"But this isn't the way to solve it. I have to think about my parents, they were engaged to me that year, so I can't kill him just because I don't want to marry him." Liu Meng'er said helplessly, "I already have a plan. When it's about time, I will leave my parents with Xianxian."

Xue Xianxian sighed lightly. "I've long heard that Luo Yitao is very arrogant, but I never thought that he would be so angry when you two met.

Liu Meng'er said everything that Luo Yitao had said, and after he finished, he became even more angry.

"Let's not talk about this anymore. Little Scoundrel, why have you come to find us?" Liu Meng'er asked: "If you had come a few days late, we wouldn't be here anymore."

"You guys are going back to the Human King Immortal Country." Chen Xiang asked: "I'm just here to chat with you all. I'm planning to go to a place."

"Are you taking a risk?" Xue Xianxian leaned into Chen Xiang's embrace and laughed softly, "We are also preparing to go risk our lives and follow Elder Sister Meng'er's parents to Long Tian."

Long Tian, that was also the place Chen Xiang was going, how could it be such a coincidence? He immediately guessed that the Xie Clan members leaving in a hurry was probably also going to Long Tian.

## [Chapter 1422](#)

"Why do you want to go to Long Tian?" Chen Xiang was preparing to go to Long Tian for the Evil Emperor.

"My parents said that they were invited, but we don't know who it is, there will be a lot of people going, and Imperial Dragon Clan will also go." Liu Meng'er said, "Are you going to Long Tian as well?"

Chen Xiang nodded his head, "But I don't know who exactly invited your parents and why you guys are going there."

"Then what's the purpose of you, Long Tian? We're going to look for the refining materials. Long Tian has a place with a lot of them." Xue Xianxian asked.

"The Heavenly evil sword guided me there. I don't know the specifics, so I wanted to take a look." Chen Xiang replied truthfully.

"Heavenly evil sword." Liu Meng'er and Xue Xianxian were both a little surprised. They looked at each other, puzzled.

"Yes, there should be something left behind by the Evil Emperor at that place." Chen Xiang sent sound transmissions to them, and his tone was very serious.

"I wonder if it was from the same place that invited my parents to Long Tian. The people who came from the Sacred Source Ancient Realm, are spread throughout the nine heavens, and they were mainly searching for various kinds of refining materials. They found a place in Long Tian's more dangerous location, and there is a high chance that there are a large amount of refining materials there."

"They seem to have invited quite a few people as well. In short, my father and mother said that there wouldn't be any danger there, which was why they brought Xianxian and I along." Liu Meng'er said.

"In other words, they're not in the same place." Chen Xiang muttered to himself.

"Hopefully, it's not a good thing to be in the same place." Liu Meng'er said.

"Exactly, in the same place, the good stuff will definitely be taken away by you." Xue Xianxian laughed.

"I have obtained good materials for refining, but I'm not giving them to you yet." Last time, Chen Xiang entrusted Hua Xiangyue to bring Liu Meng'er and the others a lot of refining materials, they were all gathered by him.

Chen Xiang laughed: "I'm leaving, can you let me hug you guys?"

"No." Liu Meng'er's jade face slightly flushed. Looking at how Chen Xiang opened his arms, he seemed to want to hug them at the same time.

Although she said it like that, Chen Xiang had already embraced them all with a laugh, causing the two girls to pout non-stop and lightly beat Chen Xiang's chest.

"How about I stay here for the night?" Chen Xiang laughed sinisterly.

"No." Xue Xianxian spat with a red face. She knew what Chen Xiang was thinking.

"Hurry up, this is still Divine Sword Palace's place." Liu Meng'er's jade face flushed red as she urged him.

Chen Xiang laughed: "It's not convenient here, if there's a chance in the future ...."

Before he finished speaking, Chen Xiang was blasted out of the hall by Xue Xianxian and Liu Meng'er. Chen Xiang left their residence and walked out of the Divine Sword Palace by himself.

The somewhat disappointed Chen Xiang walked out of the Divine Sword Palace. The moment he walked out, a few people suddenly surrounded him. Their strengths were not weak, they were all in the Late period of human immortal.

It was obviously easy for Chen Xiang to get rid of them, but he wanted to see who exactly had caught him.

After entering the luxurious carriage, Chen Xiang saw a handsome youth seated on a luxurious chair. This man was Luo Yitao, who had an engagement with Liu Meng'er.

"What do you want to talk to Liu Meng'er about, quickly say it." Luo Yitao bellowed, his face was extremely serious, and it could be seen that he cared a lot about Liu Meng'er, although he had said those words to Liu Meng'er previously.

"Your relationship with her isn't ordinary, right? I saw that she was angry and wanted to hit me, hmph."

Although Luo Yitao was arrogant, she was not an idiot. Previously, when she had angered Liu Meng'er in the living room, she had felt an even greater rage coming from his body. It was just that Chen Xiang had concealed it extremely well, but he had still been able to see through it.

"You want to know." Chen Xiang asked coldly.

"Oh, looks like you're quite amazing. Don't tell me you want to resist me here." Luo Yitao laughed coldly: "Quickly, tell me, what is your relationship with Liu Meng'er? Why are you sneaking around to find her?"

"Ask your ancestor." Chen Xiang roared out, his body trembling, he released a powerful shockwave, causing the Late period of human immortal beside him to scream out in pain, and fly out of the carriage.

"Bastard, it's not like I've offended you. Why did you grab me when you had nothing to do, and you still want to torture me?" Chen Xiang shouted angrily, he had already disappeared, and suddenly appeared in front of Luo Yitao.

Luo Yitao was still firmly seated on that luxurious chair, a cold smile plastered all over his face. He was not surprised at all, as if he had predicted that Chen Xiang would have such a reaction.

Chen Xiang raised his palm and slapped it fiercely towards Luo Yitao. Luo Yitao snorted, and a very strong Qi barrier appeared on his body. When Chen Xiang's palm landed on the Qi barrier, the angry and violent power instantly disappeared without a trace, as it was completely absorbed by the Qi barrier.

"Hmph, at most, you only have the strength of Late period of human immortal, even if you are a Immortal Monarch, you still won't be able to shake my defense, I am half a step into the Immortal King realm, you are just a relatively rough little thing."

Luo Yitao's face was filled with disdain, he had extremely strong armor, adding on that he was from a famous clan, his talent was outstanding, he cultivated in all kinds of powerful cultivation techniques, and when he saw that Chen Xiang's palm attack could not harm him, he looked down on Chen Xiang even more.

The carriage had already been destroyed, and the bystanders were all shocked to see someone attacking in the street, especially at the entrance of Divine Sword Palace.

"I'll give you one more chance. If you still don't answer me, I'll break your arms, take off all your clothes, and hang them on my carriage as I circle around Divine Sword Palace ten times." Luo Yitao's face turned gloomy, he was not afraid of Divine Sword Palace at all.

Chen Xiang took a deep breath, and raged in his heart: Little Naughty Dragon, lend me your strength, I will strangle this bastard to death.

After Long Xueyi felt Chen Xiang's anger, he had already mentally prepared himself and she had been waiting this whole time.

Both Liu Meng'er and Xue Xianxian could hear that roar from inside. They immediately guessed that Chen Xiang must have clashed with someone, and it was very likely that it belonged to Luo Yitao.

Liu Meng'er and Xue Xianxian, the elders that followed the Divine Sword Palace anxiously ran out, and immediately saw the furious Chen Xiang standing on the dilapidated carriage, clenching his fists.

On the other hand, Luo Yitao was proudly sitting in a luxurious chair, looking at Chen Xiang with disdain.

"Luo Yitao, what are you doing?" Liu Meng'er was furious, she knew that Chen Xiang would not provoke Luo Yitao for no reason.

Luo Yitao replied indifferently: "I just want to know why he came to find you. You and I have an engagement, I want to know your every move, but this guy has a tough mouth and bad temper."

She had already reached the limit of her endurance and Xue Xianxian was already prepared to take action.

Chen Xiang had already poured in a large amount of Dragon Powers into his arm, and they were all channeled over by Long Xueyi. The muscles on his face twitched slightly, and he roared: "Hey Luo, let me tell you, my fists are tougher."

After saying that, Chen Xiang threw out a punch, but Luo Yitao's face was filled with a cold smile, he did not place this punch in his eyes at all.

### [Chapter 1423](#)

Liu Meng'er and Xue Xianxian both saw that a strong shield had suddenly appeared around Luo Yitao's body. Luo Yitao was much stronger than him, so it would be difficult for Chen Xiang to break through his defense, unless he used the divine blade.

However, when Chen Xiang's fist came close to him, Luo Yitao's expression suddenly changed, because Chen Xiang's fist suddenly released a very strong force, this force did not seem to be human, as for how it was, Luo Yitao could not explain it clearly, but that was very terrifying.

Luo Yitao anxiously dodged, but Chen Xiang's fist suddenly became faster, so fast that Luo Yitao did not expect it.

Boom.

Chen Xiang's fist was like lightning as it struck Luo Yitao's face. The wave of air that erupted caused the surrounding ground to shake and split open, and the floor tiles were blown up by the wild and violent wind wave, blowing everywhere.

Luo Yitao's fist was extremely terrifying, even some of the Immortal King Elders in Divine Sword Palace couldn't help but shiver, because Chen Xiang's current cultivation was only at the Worldly Immortal Stage.

The furious Chen Xiang still wanted to attack, but the elder of the Divine Sword Palace had already come over.

"Hmph, you with the surname Luo, don't let me meet you again." Chen Xiang snorted, then used the spatial teleportation technique and left.

If not because she did not want to cause too much trouble for Liu Meng'er, Chen Xiang would have killed Luo Yitao with a single slash just now. However, if that happened, not only Liu Meng'er would be in trouble, her parents would probably become enemies with the Luo Family.

Right now, Liu Meng'er's strength was still too much. Even though he was already a Immortal Monarch, it was far from enough.

Chen Xiang and Xue Xianxian had also returned to the Divine Sword Palace. They were very surprised with Chen Xiang's power just now, they never thought that Chen Xiang's body would contain such a terrifying power.

Half of his face had already been smashed into smithereens, and blood was constantly being spat out from his mouth. Adding to the fact that his face was twisted by anger, it made him look extremely ferocious and terrifying.

"Just who is he?" Luo Yitao roared in his heart, he was extremely regretful that he did not bring some powerful clan elders with him, if not he would not have suffered such a loss today.

Chen Xiang returned to the small house, waiting for Duan Ming to return. At this moment, his arm was in pain, and Long Xueyi's power had increased by a lot, causing him to feel sore after he finished borrowing power.

... .... After knowing that something had happened in Divine Sword Palace, Liu Zongyu and Song Ying anxiously rushed over to understand the situation. Because it was Liu Meng'er who had asked them to come, and Heaven Sword City's Luo Family had immediately sent people over.

Under the treatment of the high levelled immortal pills, Luo Yitao did not suffer from any major injuries, but he received a huge blow, which even to this day, did not dissipate his anger.

Liu Zongyu and Song Ying were both in the Divine Sword Palace's living room, while Liu Meng'er and Xue Xianxian were both standing behind them.

Luo Yitao sat together with two elders from the Heaven Sword City.

After understanding the situation, Liu Zongyu frowned: "We did not send anyone to look for Meng'er, but that person also has our jade tablet."

"This person wasn't sent by my aunt and uncle." Luo Yitao was rather courteous in front of Liu Zongyu and Song Ying, because Liu Zongyu and Song Ying were both considered descendants of the Divine Artisan Clan, thus Liu Meng'er was the same.

In the Nine Heavens, no one would ever want to offend a Divine Artisan. Even the Divine Sword Palace and the Sword Divine Palace didn't dare to do anything to them.

Luo Yitao looked at Liu Meng'er, and said coldly: "Who is that person?"

Xue Xianxian snorted: "That's my husband, it's normal that he came to find me, but you captured him for no reason, and even forced him to ask, anyone would get angry."

"Serves you right." Xue Xianxian said in a low voice.

Luo Yitao was startled, that person was actually Chen Xiang, he scolded in his heart, if he knew that it was Chen Xiang, he would not have acted so recklessly with Chen Xiang.

"Even if it's Chen Xiang, he beat up members of our Luo Family because he's having trouble with our Luo Family. If you see your husband, tell him to be careful." He really wanted to draw the enmity between him and Chen Xiang. This way, they would have a reason to snatch the Green dragon demon-slain broadsword from him.

Don't worry, he already said before, let the geniuses of your Luo Family not appear in front of him, and don't even need me to tell them their auras, you can be like Imperial Dragon Clan, Devil-suppressing Divine Palace and Fire Divine Palace and place bounty everywhere, pasting his portrait all over the street, your Luo Family shouldn't be lacking in Spiritual crystal. First, it was Luo Yitao who was in the wrong, but now, it was them who were being courteous to him.

"Xianxian." Song Ying called out softly.

"They're just looking for an excuse to rob my husband." Xue Xianxian snorted.

"This matter shall be settled then. I have no objections to Chen Xiang, but don't involve Meng Er and Xianxian." said in a low voice. He was extremely angry at Luo Yitao's power, especially after he heard what Liu Meng'er had to say.

Song Ying had already realized that the engagement he had with Liu Meng'er all those years ago, was not suitable in his eyes now. Luo Yitao and Liu Meng'er would not have any good results together, the couple could only wait for an early opportunity to tell the Luo Family about it.

... .... Chen Xiang's arm was originally in pain, but it quickly spread to his entire body. While he was channeling his power to remove the pain, he unknowingly fell asleep.

"Kid, how did your body become like this? Who injected such a terrifying power into your body?" Duan Ming came back and kicked his leg.

Chen Xiang was lying on the ground, his entire body was in a mess. After he sat up, he sighed: "Don't say anymore, you went to follow the Xie Clan.

"The Xie Clan went to Long Tian, and I also heard that many great powers have prepared millions of dragons to go to the same place as us, but their goal is different. Those great powers are going to that place to find some genius treasures, and we are going to find the Evil Emperor's mausoleum." Duan Ming said.

"Evil Emperor's mausoleum. Are you sure that the place the Heavenly evil sword is guiding us to is Evil Emperor's mausoleum?" Chen Xiang said in surprise. This Duan Ming was a member of the Duan Clan, she could be considered a tomb robber's ancestor.

"This is my intuition. Speaking of it, who injected such a powerful power into your body? This power is very special and strong, I seem to have seen it somewhere before." Duan Ming stroked his beard and thought, then exclaimed: "I know."

Chen Xiang still had some of the power aura that Long Xueyi had lent him left in his body. When Duan Ming returned, he merely touched it lightly and he could clearly feel it.

"What do you understand?" Chen Xiang asked, he did not know what was going on with Long Xueyi's power, because that was not the Dragon Power.

"That power... It is the power of an Ancestral Dragon, how can you have such a terrifying power? It is said that when the world was nurturing dragons, the fused power was very different from that of the Dragon Power." Duan Ming said.

This was the first time Chen Xiang had heard of the power of an Ancestral Dragon, and he felt more and more that Long Xueyi had many unspeakable secrets.

#### [Chapter 1424](#)

"I still can't tell you. Let's go to Long Tian now." Chen Xiang shakily stood up and swallowed a pill to make himself stronger.

Duan Ming laughed: "Even if you don't say it, you can probably guess it. I heard that you have the help of a White Dragon, I think this should be it."

"That's right, it's related to that white dragon." Chen Xiang said: "But I can't say too much."

"I understand. Then let's set off to take a look at Long Tian." Duan Ming laughed.

Duan Ming and Chen Xiang walked towards the Transmission array, and at this time, there were quite a few people who were going to Long Tian, so many people had received the news.

Inside the Transmission array, everyone was waiting for it to open. An old man said: "Today, I was outside of Divine Sword Palace and saw the genius young master was beaten to a pulp. Beating him up was truly amazing."

However, that fellow from the Heaven Sword City is too foolish. After sitting there and getting beaten up, he thinks that he is unrivalled in this world. Who knew that the other party would be able to beat him up with a single punch? A big fellow answered.

"I heard that this person is Chen Xiang, his wife herself admitted to it."

"It's really Chen Xiang, this guy is actually still here."

"He should have gone to Long Tian by now. This matter is huge, so it must be something important."

"Heh heh, he's going straight to Imperial Dragon Clan's lair."

Duan Ming now understood why Chen Xiang had been given the terrifying power of an Ancestral Dragon.

The Transmission array opened, and in the blink of an eye, everyone was inside one of Long Tian's immortal palaces.

Chen Xiang and Duan Ming walked out. Duan Ming looked at Chen Xiang and said, "Let's find a place to stay first. I heard that Long Tian has a lot of delicacies that he doesn't have in other places."

"Do you want me to treat you to a meal here?" Chen Xiang laughed.

"That's for the best. I don't have many Spiritual crystal and it would cost three million to teleport here." Duan Ming sighed.

For an expert like him, it would be strange if he did not have a Spiritual crystal.

"Even though I'm a pill refiner, my pills are very cheap. Moreover, I haven't been refining pills very often, so I'm really short on money. I'll have to trouble Senior Duan." Chen Xiang said while grinning.

Chen Xiang and Duan Ming walked on the street. Inside Long Tian Immortal Palace, there were many buildings with dragon sculptures. One could see the portraits of dragons everywhere, dragon sculptures ... "There are a lot of Draconians here, and some of them are strong Dragon beast s born from the combination of dragons and other beasts. After they transform, they will also be here, and they will all be controlled by the Imperial Dragon Clan. After tens of thousands of years, the number of Draconians will increase, so Long Tian's overall strength is very terrifying." Duan Ming said.

Chen Xiang saw many people on the streets who had a very strong aura of the Dragon Power; most of them were naturally born with it.

"What's going on with that ice dragon?" Chen Xiang sent a sound transmission to Duan Ming and asked him about the ice dragon.

"The Ice Dragon was a good friend of the Ten Heavens Supreme Lord and had always been at odds with the Imperial Dragon Clan. Back then, when the Imperial Dragon Clan killed the White Dragon, the Ice Dragon lineage had always strongly opposed it. After the White Dragon was exterminated, the Ice Dragon was worried that their Ice Dragon lineage would be the same, so they left the Imperial Dragon Clan very early on."

"Therefore, right now, the Ice Dragon Race is very hostile towards the Imperial Dragon Clan. I heard that the Ice Dragon Race was hidden in a profound Realm in the end, and that the current Long Family belongs to the Ice Dragon Race." After Duan Ming came out, he had also investigated into this matter.

Chen Xiang now understood why Long Xueyi had such a good impression of the Ice Dragon. She should also know about these things.

The immortal palace they were in was called Golden Dragon Immortal Palace, which was considered relatively large in Long Tian's eyes. Furthermore, it was the closest place to the Evil Emperor's mausoleum.

"Imperial Dragon Clan must be very unhappy right now, because many great powers from the Ninth Heaven have come to their territory to find treasures, and they can't stop them." Duan Ming laughed.

While Chen Xiang was on the street, he heard people discussing about this matter. Quite a few major forces had already arrived here, and their lineup was extremely powerful.

"That Sacred Source Ancient Realm is really amazing. He actually knows that Long Tian has a treasure trove." Chen Xiang said.

"The Sacred Source Ancient Realm is not simple. They already existed that year, and their main goal was to find treasures for the geniuses. I remember that the Ten Heavens Supreme Lord bought some from them, and they have great talent in exploring treasures for the geniuses. I wonder how they are doing." Duan Ming said.

Chen Xiang and Duan Ming entered a hotel. Inside, they were eating, waiting for the night to move, some of the big powers had already left long ago.

"This aura ..." Chen Xiang looked out of the window, stared at the few people dressed in black robes and frowned: "They are the Divine Devil Cult, they have also come."

"Divine Devil Cult, what is that thing?" Duan Ming asked curiously.

The reason why their Sect Leader calls himself the Heavenly Slave is mainly to help the heavens manage the world, and those who join the Divine Devil Cult can cultivate their divine soul through some special liquids they provide. They can also cultivate the demonic way. Chen Xiang said. He understood the Divine Devil Cult somewhat, and others did not know that the Divine Devil Cult had something that defied common sense that allowed one to birth divine soul.

Through that liquid, Su Meiyao and Bai Youyou developed their divine soul.

Back then, the Ten Heavens Supreme Lord could not even think of a good way to produce a batch of Divine Cultivators. But now, someone has managed to do it. Duan Ming frowned, his expression becoming serious.

At night, Chen Xiang and Duan Ming left the hotel and walked out of the Golden Dragon Immortal Palace.

More than two hours later, Chen Xiang and Duan Ming passed through a large forest and arrived in a swamp.

"There's movement ahead. It seems that someone is fighting." Duan Ming said: "Let's go take a look."

With Duan Ming here, Chen Xiang was not afraid of provoking any powerful forces, he followed without worry towards where the fight was going on.

Although it was late in the night, the ground was still illuminated by the starlight and moonlight, making the marsh less dark. Furthermore, the deeper they went, the more dangerous it became.

"This aura, seems to belong to the Fire Divine Palace." Chen Xiang was surprised, he did not know who had fought with them.

After nearing, Chen Xiang suddenly heard a very familiar voice.

It was Yun Xiaodao shouting, "Old Zhu, quickly poke his eyes ..."

Chen Xiang was shocked, he never thought that his group of rogue elders from the Dragon Subduing School would have a conflict with the Fire Divine Palace. No wonder they had so much guts, he guessed that Duan Chong should also be here.

"They are acquaintances, and two of them are descendants of the Duan Clan." Chen Xiang said, because Duan Sanchang was also here.

When they first joined the Dragon Subduing School, there were a few people who clamored about becoming elders. After flying up, they were dishonest in the Human King Immortal Country, and were brought away by Duan Chong in the end.

### [Chapter 1425](#)

When Chen Xiang and Duan Ming got closer, they saw that Yun Xiaodao and the others were surrounding and attacking the five Fire Divine Palace s.

"You bunch of little bastards, do you know who we are? We are from the Fire Divine Palace, get out of my way." His clothes had already been burnt black by the flames.

"It's because we know that you are Fire Divine Palace, that's why we took action. The more arrogant you are in front of us, the faster you will die." Zhu Rong sneered, holding a long and big mace, he swept it towards the back of Immortal Monarch, looking very fierce.

Amongst the group of Yun Xiaodao and the others, Great Strength Race Xiao Chou was one of them, as well as his Kylin thunder eagle beast was at the middle stage of Immortal Monarch. As for the others, they were only at the early stage of Immortal Monarch, so being able to suppress the five of them who were at the middle stage of Immortal Monarch was already considered to be pretty good.

"These guys are growing up really fast." Chen Xiang didn't feel good about this, because he was currently only at the Late period of human immortal, but he was still very happy for them.

Lian Mingdong sensed that someone was approaching and anxiously shouted: "Be careful, someone is coming. We do not know their strength."

Their cooperation was very coordinated and it was obvious that they often did this sort of thing. As soon as Chen Xiang and Duan Ming got close, Duan Sanchang immediately came over and checked their strength.

"Chang Zi, it's me." Chen Xiang immediately sent a sound transmission to Duan Sanchang, to prevent any misunderstandings and cause a huge fight.

"It's actually Leader. That's great." Duan Sanchang was overjoyed, and immediately sent a sound transmission to Yun Xiaodao and the others.

Chen Xiang rushed over and sent a sound transmission to Yun Xiaodao and the others: "Tie them up, I will plot against them."

Zhu Rong and the others immediately understood that the Chen Xiang who had snuck over, was not discovered by the Fire Divine Palace s. In a flash, he arrived behind one of them, took out a Devil emperor dagger and stabbed it into the Immortal Monarch's Dantian, then took out the heavenly pellet.

"There's an Immortal King coming, hurry up and kill them." Duan Sanchang anxiously shouted.

"Take out all their Heavenly Pills, I'm going to use them." Chen Xiang said, after that Xiao Chou and Teng Ying both attacked the enemy's Dantian, and took out the Heaven Pellet.

"It's too late. Quick." Duan Sanchang, who was standing guard at the side, also joined the battle. Using a short sword, he cut off the head of a Immortal Monarch, then took out the Heaven Core inside.

"Done." After Chen Xiang killed the last Immortal Monarch and took away the Heaven Pellet, he and Yun Xiaodao quickly destroyed all the corpses.

"Withdraw." Duan Sanchang ran at the very front. He had already found a path of retreat for a long time now, with Chen Xiang and Duan Ming following right behind them.

Yun Xiaodao, Xiao Chou, Xv Weilong, Lian Mingdong, Zhu Rong and Duan Sanchang had always been following him, but now he had appeared here, where was Duan Chong?

"Where's Elder Duan? How could he let you guys enter such a dangerous place?" Chen Xiang asked as he ran.

"He lured those immortal kings away, and was planning on exchanging blows with us earlier. I didn't expect that you would also come here, is it because you're here looking for materials like us?" Duan Sanchang asked.

"No, we will go to a more dangerous place. We might have to go deeper in." Chen Xiang said.

"This place is called the Evil Dragon Mountain Range, it's very dangerous inside. It's said that some dragons that enter the depths will turn into evil dragons and without the original memories, they will just randomly slaughter others. According to our inquiries, the treasure land discovered by the Holy Origin is not in the depths." Lian Mingdong said.

"No problem, I know what I'm doing." Chen Xiang said, he was not here for the treasure ground.

"Master, I heard that there are a lot of Holy level materials in that treasure trove. We are here to find the materials to refine a Saint Weapon." Xiao Chou said. He still had a bald head and he looked like a teenager. It was difficult for Great Strength Race to grow up.

Duan Sanchang suddenly became serious: "The few Immortal Kings are chasing after us, it seems like Old Duan did not lure them away completely."

Chen Xiang said to Duan Ming: "Senior, I'll be troubling you."

"Kill him!" Duan Ming asked. He already knew that this group of youngsters were Chen Xiang's friends when he was in Di Tian and he could feel the aura of the Duan Clan bloodline from Duan Sanchang's body.

"As you wish. I can't order you." Chen Xiang laughed.

Duan Ming suddenly disappeared, followed by a few tragic cries. The screams still reverberated in the marsh, but Duan Ming had already returned with four bloodied Heaven Pills, the Immortal King's Heaven Pellets.

Yun Xiaodao and the others took in a breath of cold air, looking at Duan Ming in fear. To be able to kill a few Immortal Kings in such a short period of time, this kind of strength was truly terrifying.

"I did not kill them, I just took their Heaven Pills." Duan Ming laughed, they had already stopped.

Chen Xiang took the Heavenly Pills, and laughed: "You are feeling worse than killing them."

"This senior, he was the one who injured Ding Wuzhong in the Immortal Sword Conference." Xiao Chou looked at Duan Ming with a trace of fear.

Duan Chong had already returned, he already knew that the Immortal Kings were killed, when he saw Duan Ming, he couldn't help but frown.

Chen Xiang laughed: "This senior here has some connections with your Duan Clan. He can be considered to be an ancestor of your Duan Clan."

Duan Ming smiled towards Duan Sanchang and Duan Chong: "All of you have inherited the Duan Clan's essence very well.

Duan Sanchang and Duan Chong immediately bowed to Duan Ming.

"I brought this group of brats here to let them gain experience. I never would have thought that when I met the people from the Fire Divine Palace, these brats would shout and kill them, so I could only lure their Immortal King away to let them take action." Duan Chong said.

"Hehe, just pay attention to a little bit. I believe in their strength." Chen Xiang laughed.

Suddenly, a rumbling sound echoed out from the depths of the abyss, accompanied by a slight tremble.

"If we are to go deeper, it will be rather dangerous, so we won't take you with us." Chen Xiang looked at the rumbling coming from inside seriously.

Duan Ming's expression became serious. He took out a book, and it looked very old. He passed it to Duan Chong and said: "This is an item that is relatively precious to the Duan Clan.

Duan Chong's hands trembled a little as he received the book, and immediately thanked them. It was as if he had long known that the Duan Clan possessed such a powerful book.

"Then, all of you have a safe journey. Let's return and pluck all the things on those Immortal Kings and Immortal Monarch." Yun Xiaodao laughed.

Chen Xiang smiled and patted his shoulder: "Be careful."

Oh yeah, I heard that Fire Divine Palace's chief disciple is probably here, he's also very strong. "" Oh yeah, I heard that Fire Divine Palace's chief disciple is also here. Duan Chong said.

"Yes, we will pay attention." Duan Ming nodded, he knew how terrifying the Fire Emperor was, even though he had not recovered to its peak yet.

"Take care."

Chen Xiang and Duan Ming continued to move forward, while Yun Xiaodao and Duan Chong retreated. They first took away the precious things that the Immortal Kings and Immortal Monarch had on them, and a large amount of those things could be exchanged for Spiritual crystals.

### [Chapter 1426](#)

"The Fire Emperor is here as well. Is he here for the Evil Emperor's tomb?" Chen Xiang was a little worried. If the Fire Emperor came, Duan Ming would find it difficult.

"I'm not sure. If he knew that the Evil Emperor's tomb was here, it should have been told to him by the Xie Clan, only by obtaining the Heavenly evil sword, and maybe the Xie Clan was worried that they would lose control at that time, so they had no choice but to inform the Fire Emperor about this. Within the nine days of time, there aren't many things that the Fire Emperor would be interested in." Duan Ming's face was gloomy. Facing against Fire Emperor, his strength was still too weak.

"I heard that Fire Emperor's strength has not been restored to its peak, and this is true for Ice Emperor as well. Otherwise, he would not have been so easily killed by me." Chen Xiang said.

"Ice Emperor was killed by you." Duan Ming had heard of this matter before, but he refused to believe it. This was because in the past ten days, Great Yan Jing had been unable to completely exterminate the Ice Emperor.

Chen Xiang nodded: "In Di Tian, I used my God-eclipse powder s to do it."

"No wonder. Back then, the Ten Heavens Supreme Lord said that in order to completely destroy their Emperor-level strength's bodies, one must rely on this kind of thing. I never thought that you would have a God-eclipse powder."

If it was just Chen Xiang killing the Ice Emperor with his own power, then it would be hard to believe, but using God-eclipse powder would be different.

Three days passed and Chen Xiang and Chen Xiang arrived at a forest. Here, all the leaves of the large trees had fallen, but the reason was unknown.

The explosion that they had heard earlier was coming from nearby and getting closer and closer. However, they did not see anything abnormal.

"There's a small Immortal palace up ahead." Long Xueyi suddenly said.

Duan Ming seemed to have also discovered that they were already deep inside Evil Dragon Valley, but they did not give off a sense of danger, but when Chen Xiang saw the Little Fairy Palace, he immediately felt a suffocating fear.

The immortal palace looked to be the size of a normal city and was surrounded by a thick, pitch-black wall. The thick iron gate was shattered in the middle, as if it had been forcefully broken open by someone.

The entire immortal palace was covered in a deathly gray fog. This fog would occasionally churn and emit a "wu wu" sound, accompanied by an icy cold aura.

"This Immortal palace wasn't here to begin with. Because of the sudden appearance of this place, the trees in the area withered and died. It seems it hasn't been here for very long." Duan Ming said. He searched his memories, trying to find any memories regarding this immortal palace.

Chen Xiang took out the Heavenly evil sword and looked at the map inside. This was not the place they were heading to.

"Let's go around it." Chen Xiang said: "I feel that it's extremely dangerous inside, it's better not to go in."

Duan Ming also nodded his head, but just as they were about to go around, a red light suddenly shone out from the huge black iron gate of the immortal palace, and a door plaque appeared.

On the signboard, there were a few blood-red words: "Evil Divine Palace".

"Evil Divine Palace." Duan Ming's expression changed greatly, and Su Meiyao and Bai Youyou who were inside the Serene Jade Ring also shouted in shock, "Don't go in."

"It's actually the Evil Divine Palace, why would he appear here?" Long Xueyi shouted, "Don't go in."

"Don't go in" echoed in Chen Xiang's ears, his consciousness had already started to blur, and he didn't know why his feet suddenly moved, as he walked towards Evil Divine Palace.

"Hmph." The absent-minded Duan Ming snorted coldly. With a shake of his arms, a purple light flashed as he punched the door of the Evil Divine Palace.

Rumble ...

The loud noise shook the earth and cleared Chen Xiang's mind a little.

"Very strange." Duan Ming grabbed Chen Xiang, and walked a few steps to avoid the Evil Divine Palace.

"What happened just now?" Chen Xiang's entire body was drenched in cold sweat, just now he felt as if he was being controlled.

"You almost entered the Evil Divine Palace, luckily the door to the Evil Divine Palace was destroyed long ago, so the power of the enticement wasn't that strong, otherwise we would have all lost consciousness and entered that damned place." Duan Ming still had lingering fear in his heart as he grabbed Chen Xiang and ran off with a brisk pace.

"Just what is this Evil Divine Palace thing?" Chen Xiang's face was still filled with shock. If not for Duan Ming, he probably would have entered already.

"I don't know. In the past, Ten Heavens Supreme Lord went in once, and after coming out, he received heavy injuries. He even went crazy for a while, and later on he told us that we must avoid this Evil Divine Palace for a long time." Duan Ming said.

"Legend has it that the body of the Evil God was sealed inside." Long Xueyi said: "Those who go in and out will become the Evil God's slaves, protecting the Evil Divine Palace, and preventing others from destroying the Evil God's body."

"My master told us that the Evil God would revive one day and that the appearance of Evil Divine Palace in this place might have something to do with the Evil Emperor." Su Meiyao said.

"What is this Evil God?" Chen Xiang said in a low voice.

"Shh ..." Evil God is not something. He's a god, a very powerful god. " Duan Ming anxiously said: "If the Evil Divine Palace's divine slaves hear about it, then we will be in trouble."

The Sacred Source Ancient Realm found a treasure land, and this place also had a Evil Divine Palace. Chen Xiang had followed the Heavenly evil sword's guidance and arrived here, so there must be a connection.

"I wonder where the treasure land is. Could it be that this is the place? Wouldn't that be dangerous?" Chen Xiang suddenly stopped moving: "I want to tell my friends, don't let them in here."

Yun Xiaodao and the others would be here, and Xianxian and the others would be coming as well. It seemed that they had set off a long time ago.

"En, then let's go back. It might be the Sacred Source Ancient Realm's scheme." Duan Ming also felt that something was amiss, he anxiously pulled Chen Xiang and ran back, but after running frantically for a while, they still did not manage to leave the desolate forest.

Upon closer inspection, it looked like it was filled with dried and dried blood soil, causing Chen Xiang to involuntarily shiver.

"This place... "What's going on?" Chen Xiang looked around and then looked at the sky. It was grey and misty, the clouds churning like demons dancing in the air.

Duan Ming spun in a circle, perspiration trickling down his forehead: "We have already entered the Evil Divine Palace, it is very likely that we are inside the Evil Divine Palace. Dammit, how did we get in, we obviously went around it."

"But I can still feel immortal energy, maybe we just entered an illusory magic array." Chen Xiang could not believe that he had entered such a terrifying place.

Duan Ming arrived beside a tree and vigorously punched it, releasing a burst of violent purple lightning that smashed the tree into pieces.

However, after the tree had been destroyed, it quickly grew back. However, it did not have any leaves, only a bare branch. It seemed to have a tenacious vitality.

"If it was in a normal space, my punch just now could have caused some cracks in space, but it didn't happen here." Duan Ming said.

"Continue walking. This is not an illusion. Let's see if anyone is here." Duan Ming brought Chen Xiang and continued to run in one direction.

Six hours later, they arrived in a forest with relatively thick trees. Here, the trunk of a withered tree could only be carried by dozens of people. Moreover, it was very tall.

Chen Xiang and Duan Ming suddenly rushed over, and the crows released sinister voices, flapped their wings and flew up into the sky.

"It's the Evil Crows, they are indeed from Evil Divine Palace. Back then, Ten Heavens Supreme Lord said that he encountered this type of crow before. Look at the eyes of these crows." Duan Ming said.

Chen Xiang had already seen earlier that these crows had two eyeballs in their eyes. One was black and the other was red.

"Motherf\*cker, it must be because of the words' Evil Divine Palace 'just now. We've already entered." Chen Xiang cursed in a low voice, "I'll definitely destroy this lousy place in the future."

As Chen Xiang said that, the Devil-suppressing mirror in the shadows poured Devil-suppressing holy power into it and aimed it at the Evil Crows. It released a ray of holy light and caused the Evil Crows to fly everywhere, but what surprised Chen Xiang was that the defense of these Evil Crows was extremely strong. After getting hit, they actually did not fall down, and only circled in the air and shouted loudly.

Chen Xiang kept the Devil-suppressing mirror and took a deep breath. He prayed in his heart that Yun Xiaodao and the others would not come in.

"Let's go, there should be a lot of people coming in. If we see those walls, we'll be in trouble." Duan Ming signed and said sternly, and took out the divine sword he snatched.

After walking for two hours through the forest, they suddenly heard a sound.

"The terrible news that your Sacred Source Ancient Realm released has brought us to this damned place. You've caused us to die."

"We are also here, this has nothing to do with us, who knows how this Evil Divine Palace came to be."

Chen Xiang and Duan Ming immediately walked over.

"My divine soul can't run around randomly. There's a lot of restrictions on divine power in this place." Long Xueyi suddenly said: "It's better if you don't use it."

She had wanted to see who was up ahead, but when she tried, she felt a splitting headache.

Chen Xiang and Duan Ming kept the weapons in their hands and advanced forward carefully. The people in front seemed to have noticed them as well.

"Who is it?" A middle-aged man asked vigilantly. He took out a big sword and injected it into the Innate Qi, causing the big sword to gleam.

"We mistook this place for our own." Chen Xiang said: "This place is really inside the Evil Divine Palace."

Therefore, the middle-aged man put away the greatsword in his hand and sighed: "That's right, we are from Sacred Source Ancient Realm. We have already gone to that treasured land, and while we were excavating, this Evil Divine Palace suddenly appeared, and then we came here."

"We were just passing by and saw this Evil Divine Palace. Then, we planned to go around, but we unknowingly entered." Chen Xiang said.

"We are from the Heavenly Stone Immortal Palace. I wonder where you two are from?" An old man asked from the other side. They were still very vigilant towards Chen Xiang and Duan Ming.

"We are rogue cultivators, so we have no ill intentions. At a time like this, we should join hands, even though we haven't encountered any danger yet." Chen Xiang said.

"If you want to follow us, you can, but don't drag us down." The old man from the Heavenly Stone Immortal Palace said.

Duan Ming groaned as he forcefully stomped his foot. The ground trembled and the dozens of trees around him suddenly crumbled, turning into dust.

However, those trees quickly grew back.

"This level of strength should be enough, right?" Duan Ming, who had been silent all this while, swept his eyes across everyone.

The people from the Heavenly Stone Immortal Palace and Sacred Source Ancient Realm were secretly shocked, and did not say anymore.

"I think many people from other powers will come here. First, we have to find them and gather them together. Everyone, think of a way, our domain lord should be here too." He was an Immortal King, and he could already see that Duan Ming's strength was extraordinary; he could easily kill him in an instant.

The's Domain Lord was also here, he was a heavyweight, at the same level as the Dragon Emperor.

"I heard that the head disciples of the Fire Emperor s are here, I wonder if that's true." Chen Xiang said in a low voice.

#### [Chapter 1427](#)

When the people of the heard Chen Xiang say that, they all expressed their doubts.

The middle-aged man said: "We have discovered that there are indeed some rare and precious materials in this treasure ground, and there will be a lot of Holy level s, so it's not that bad for the head disciple of Fire Emperor to come here, but if the Fire Emperor personally comes here, then it would be very hard to understand."

"Then have you invited the Fire Divine Palace over yet?" Chen Xiang asked.

"No, there are not many powers that were invited by us, but once they heard the news, they would immediately rush over." The middle-aged man shook his head.

Now, Chen Xiang and Duan Ming were even more certain that the Fire Divine Palace and the Xie Clan had allied themselves. Only the tomb of the Evil Emperor would be of such interest to the Fire Emperor.

The Immortal King of Sacred Source Ancient Realm was called Yan Shan and was a small clan elder. The person in charge of investigating the treasure grounds was the first batch of people to come to the Sacred Source Ancient Realm.

The people of Sacred Source Ancient Realm and Heavenly Rock Immortal Palace had heard of the things regarding the Evil Divine Palace.

"I heard that entering this Evil Divine Palace, there's a high chance of survival." A young man in the crowd said in fear.

"That may not be true. The entrance to the Evil Divine Palace has already been destroyed by someone, so the Evil Divine Palace is not as scary as it is said to be. He has already suffered severe injuries, so we still have a chance to leave." Yan Shan said loudly.

In a dangerous situation, the most frightening thing was to lose the courage to survive. Yan Shan's words encouraged those youths to not despair.

Sacred Source Ancient Realm and Heavenly Rock Immortal Palace had a total of more than a hundred people, their overall strength was extremely strong, and they were all small teams, not a large one at all.

Each team was led by an Immortal King and three Immortal Monarchs. The others were in the intermediate stage of the Worldly Immortal Stage, with Chen Xiang and Chen Xiang following behind them.

Sacred Source Ancient Realm had the ability to look at the terrain, so to go in that direction was something they had decided upon. Chen Xiang and Duan Ming didn't have any direction in this place, and didn't know where to go either.

After the group had walked for two hours through the withered forest, they suddenly felt a slight tremble beneath their feet. A wave of rumbling sounds came from the front, as if an army of thousands of men and horses was charging over.

Chen Xiang swallowed his saliva. Although he did not know what was happening in front of him, from the Qi and sounds, he could see that there was a large group of things running towards him.

"There's someone here. Quick, take a look."

Chen Xiang immediately jumped up, looking ahead, he saw over a hundred people rushing towards them.

"Isn't that He Feng?" Chen Xiang saw the familiar face. He Feng had actually come too, and was in a very sorry state.

"Those are the people of Myriad Dan Immortal Country, Fire Divine Palace and the Devil-suppressing Divine Palace. They are being chased by something. Yan Shan shouted, urging the youths to turn around and run frantically.

Things that even Fire Divine Palace and Devil-suppressing Divine Palace could not deal with, they were also very difficult to deal with.

Chen Xiang and Duan Ming were originally at the back, but now they were running at the front.

Chen Xiang used the Heaven Tour to allow his soul consciousness to float a little higher. Soon enough, he saw a long black line appear behind him, this line extending endlessly to both sides. From afar, it looked like a black wave charging towards him.

It looked like a black sea was raging and turbulent, but it was not. The reason why it had such an illusion was because it was being chased by countless black monsters. They weren't big, but they had a frightening amount of them, forming a sea of beasts that swept towards them in a majestic manner. The forest formed by the giant trees looked very fragile in front of the sea of beasts.

Chen Xiang withdrew his soul remembrance. In the Evil Divine Palace, it was very difficult to use his divine powers, he had only used them for a short while, but he already felt that he was being corroded by some kind of power.

"Can they fly? That group of things is getting faster and faster." Chen Xiang said to Yan Shan who was behind him.

"Try it." Yan Shan said: "It's more difficult to fly, and I can't guarantee that I won't be attacked. It's better to just obediently run on the ground."

Chen Xiang jumped and controlled the powerful Innate Qi in his body, lifting him up as he flew quickly in the air.

Not long after he started flying, Duan Ming followed closely behind because it was simply too dangerous on the ground, and his and Chen Xiang's speed was extremely fast. Seeing that they were not in any danger, Yan Shan also brought his people and flew behind them, but it was very taxing on their Innate Qi, as those Late period of human immortal s did not have as much endurance as they did.

"There are some in front as well." Chen Xiang also saw the same scene from the front. A large group of beasts had also attacked from the back as they were attacked from the front and back as well.

Duan Ming frowned: "There are a lot of of them, even if we try to escape to the sides, I'm afraid it will be difficult to reach the end. How did all these things appear, could it be that they were purposely used to deal with us?"

"Prepare to fight." When Yan Shan saw the beast wave in front of him, his expression changed and he shouted.

Chen Xiang had already made preparations to fight, so he said: "Try to be near me as much as possible."

The two waves of beasts suddenly collided, and that collision caused many black monsters to die. They were badly mutilated, and a long mark was left on the ground, like a long, pitch-black river.

These monsters were indeed coming towards them. These monsters were all similar to beasts, such as tiger, lion, leopard, rhinoceros, etc. However, their bodies were pitch-black, and some had two heads, three heads, and even five or six heads. Some of them were covered with spikes.

At this time, Chen Xiang and the others were floating in the sky, and below them was what seemed like an endless ocean.

"He's charging up." Yan Shan shouted, "Some of these things are strong and some are weak. Some of them even have poison in them."

The people of Devil-suppressing Divine Palace, Fire Divine Palace and Myriad Dan Immortal Country were already fighting in the sea of beasts.

Chen Xiang felt countless monsters jumping up from below him. When he looked down, he could see a mouth full of sharp teeth.

"Kill!!!"

Chen Xiang's body trembled slightly, and a great amount of fire attribute Innate Qi surged out from the Sky Pill. He pressed his palm to the ground, and a terrifying heat suddenly exploded forth, forming a gigantic fire palm that pressed down like a mountain.

BOOM!

The fire palm landed on the ground, and the monsters below started to howl. The moment the palm hit the ground, it exploded, and waves of fire surged out in all directions, engulfing the monsters.

In just an instant, the three hundred meters of ground had been cleared by Chen Xiang, but not long after, it was once again filled up by numerous monsters.

"Motherf\*cker, can't we kill them all?" Chen Xiang looked at the vast sea of beasts, and felt a sense of helplessness.

"We can kill them all." Duan Ming said lightly.

### [Chapter 1428](#)

Duan Ming fiercely crashed onto the ground, looking like a million kilogram object falling, with a strong impact force. The moment his feet landed, he released the extremely strong Innate Qi in his body, which created a huge shockwave.

The shockwave was like a circular wave, rippling out in all directions. Wherever it went, the monsters were turned to dust.

When Yan Shan and the others saw this, they were shocked by Duan Ming's strength. At least, they couldn't do it.

With just that one move, Duan Ming cleared an area of thirty thousand meters around him. Furthermore, that shockwave was still spreading out in all directions, but wasn't harming any humans.

This was the power of a.

"Just give it your all. Don't worry too much about it at a time like this. If we don't get rid of this group of things, it'll be hard for us to get somewhere else." Duan Ming sent a sound transmission to Chen Xiang, signalling for him to fully display his power.

As Duan Ming spoke, he waved his hand towards the monsters, releasing a gust of astral wind with purple lightning. This gust of wind covered a very wide area, the purple light made the gray sky turn purple, and wherever the purple lightning blew past, it would turn the monsters there into ashes.

"I know." Chen Xiang nodded and flew into the sea of beasts.

The people of Fire Divine Palace and Devil-suppressing Divine Palace all noticed Duan Ming. They were very familiar with the purple lightning that Duan Ming was using because they had seen it before when Duan Ming had attacked inside the Night Devil Hell.

Facing these monsters filled with Evil Qi, the Devil-suppressing holy power in Chen Xiang's body had a strong killing power. He released the Devil-suppressing holy power and it surrounded his body, forming a Qi shield around him.

"Holy Devil-suppressing seal." Chen Xiang released the Holy Devil-suppressing seal that had fused with his body. As he continuously injected the Devil-suppressing holy power, the Holy seal became bigger and bigger, floating in the air, like a huge palace.

The word "subdue" below the Holy seal and the Holy Light that radiated from it were causing the bodies of the monsters to slowly melt.

"Holy Devil-suppressing seal, he is Chen Xiang." Although he was an elder of the Devil-suppressing Divine Palace, this was still the first time he had seen the Holy seal of the Devil-suppressing Heavenly Venerable.

The might released by the Holy Devil-suppressing seal was intimidating. The gigantic Holy seal was like a heavenly sky as it emitted a holy light, which seemed to possess a terrifying power.

Chen Xiang flew above the Holy Devil-suppressing seal and stood on top of it. There was a Devil-suppressing blood in his body, which could let his Body of Heavenly Sage's physical strength fuse with the Holy Devil-suppressing seal, causing the Holy Devil-suppressing seal to grow bigger and bigger.

This was the first time Chen Xiang had used his limit of power for the Holy Devil-suppressing seal. The power contained within was so terrifying that even Chen Xiang was awed by it, but he could only unleash a tiny bit of the Holy Devil-suppressing seal's power now.

"Subdue." Chen Xiang's voice carried an incomparably solemn and sacred aura as he stepped on the Holy Devil-suppressing seal and suppressed it.

"Jump up." Everyone knew that the Holy Devil-suppressing seal being suppressed was definitely very terrifying, so they all jumped up.

If one looked carefully, they would discover that these dents formed a gigantic character called "Zhen", and within these dents were countless small Spirit grain. As the Holy seal got closer and closer to the ground, a holy light gradually appeared on the small Spirit grain.

The speed at which the Holy Devil-suppressing seal was pressing down was extremely slow, and in the middle, a golden shadow appeared, looking like a "town" formed from golden light. As the golden light fell onto the ground, the gigantic "town" on the ground shone with a piercing golden light.

Boom.

When the huge seal landed on the ground, it was as though it was ripping apart the earth and ruining the heavens. Just the powerful shockwave itself was extremely terrifying, not to mention the Devil-suppressing holy power that erupted from the shockwave.

After the Holy Devil-suppressing seal fell to the ground, the terrifying Devil-suppressing holy power that was brewing inside turned into a halo of light that quickly spread out in all directions.

The Holy Devil-suppressing seal gradually shrank, finally turning into a ray of holy light and entering Chen Xiang's body. Chen Xiang's Innate Qi only had ten percent of it left.

Seeing Chen Xiang using all his strength, Duan Ming immediately came to his side.

The Devil-suppressing holy power was still spreading out like a violent wave, sweeping through the sea of beasts.

In the blink of an eye, a large area of space had been cleared away. Everyone was in the air and watched as the golden Devil-suppressing holy power spread out and quickly killed the monsters, allowing them to heave a sigh of relief because they could still feel the aura of the Devil-suppressing holy power coming from afar.

At this time, Yan Shan already knew that it was Chen Xiang. They were very clear about the feud between Chen Xiang and Devil-suppressing Divine Palace, and that Devil-suppressing Divine Palace, Fire Divine Palace and Myriad Dan Immortal Country were currently here. In order to prevent conflict, Yan Shan immediately brought people to Chen Xiang's side.

Chen Xiang had the godly weapon and sacred weapon to behead demons, and the Devil-suppressing holy power was so terrifying that even many elders of the Devil-suppressing Divine Palace felt guilty about it. In the Evil Divine Palace, they really needed's power.

"Chen Xiang, we meet again." He Feng walked over with a smile that didn't quite reach his eyes, the Immortal Kings of Devil-suppressing Divine Palace and Devil-suppressing Divine Palace were also in an aggressive mood.

"The path of enemies is narrow, but I must thank you because I sold you the Immortal Sword for a good price last time." Chen Xiang laughed as he swallowed a few pills to help him recover his Innate Qi.

Seeing that the old man from the Devil-suppressing Divine Palace was about to speak, Chen Xiang immediately said: "If you want me to return the Holy Devil-suppressing seal, then that's fine, this is definitely an impossible task. If you want to take it back, then come and snatch it, no need to speak so much false nonsense."

"Everyone, give my Sacred Source Ancient Realm face. Let's give it up at this moment today, your grudges and grievances should be discussed after we leave this Evil Divine Palace. Moreover, you may not be their match." Yan Shan stood in front of Chen Xiang, and it was possible to tell who he was standing on.

Duan Ming took out the divine sword that he had snatched and said coldly: "I will shout ten times, you are still in my line of sight, I will definitely tear you into a thousand pieces, and destroy your souls."

Seeing the divine sword, hearing Duan Ming's words, there were a few elders from Fire Divine Palace who ran off into the distance. He Feng regained his senses and immediately started running as well, feeling extremely terrified.

"Hmph. With just this bit of ability, you think you can rob people everywhere? Why didn't they rob my divine sword? Isn't it all because I'm more powerful? Bullying the weak and afraid of the strong?" Duan Ming snorted, and kept his sword.

If Chen Xiang was not here, they would have suffered a lot. Furthermore, Duan Ming was a mysterious Ranker with a Divine Sword in his hand, it would be safer if he was with them.

"You could have killed them." Chen Xiang laughed.

"How boring. When you have my strength, you will know how boring it is to kill this sort of thing. Besides, this is a grudge between you and them. You can settle it yourself." Duan Ming said.

This was originally a withered forest, but after the great battle, the huge trees had already disappeared, leaving an empty area.

Just as they were discussing what to do next, those leafless boulders suddenly appeared from the ground and began to grow rapidly. In just a short time, the forest appeared again and countless giant trees were reborn, which made everyone shudder in fear.

"Although these trees are withered, we can still see which direction is dense with branches. Let's head in that direction." Yan Shan said.

"Whatever. We don't know where to go anyway, so it's a good thing to have a vague direction." Chen Xiang said.

Everyone continued on their way. Even though they had encountered that terrifying beast tide, they had still survived that ordeal.

"Just how were those monsters formed? They were formed from flesh, and their blood was black" Chen Xiang said: "There must be some kind of power creating this monster."

The night was very quiet and cold. Although there were thick clouds in the sky but the moonlight was dim. It was strange and dark red in color.

Late at night, everyone rested for six hours before continuing on their journey.

They were still in the withered forest. They were still huge trees, but in the dead of night, there would occasionally be a gust of cold wind blowing by, causing the branches to shake and making a sound that would make people's hair stand on end.

"Ah ..." Ah... "Yah ..."

The crows' cries suddenly rang out in front of them. They were still in the middle of the night, and people couldn't help but shiver in fear. The originally silent forest suddenly became lively.

"It's the Evil Crows. Let's go and see, this thing isn't strong, there's nothing to be afraid of." He had met Duan Ming before.

With Chen Xiang and Duan Ming taking the lead, no one had anything to be afraid of.

As they approached, they suddenly heard someone's voice.

"These crows are so f \* cking annoying. They have been following us all day, and we haven't died yet. Tonight, I will chop them all into pieces."

The one who spoke was a woman, and her voice carried incomparable rage. When Chen Xiang heard this voice, his heart immediately trembled, because this was Leng Youlan's voice.

He really hoped for Leng Youlan and the others to enter the Evil Divine Palace, but she still came. Leng Youlan had followed Long Huishan here, so it could be said that Long Huishan was also here.

"It's an orchid." Chen Xiang sighed.

"It's your white-haired recognized sister." Duan Ming asked.

Chen Xiang nodded his head: "I didn't expect her to also come in, this isn't a good thing."

He quickened his pace, and ran towards the direction of the crow's cry, with Duan Ming and the others following closely behind.

In front of him, there was a dozen or so people leaning on a big tree, looking like they were resting, while Leng Youlan brandished the big sword in his hands, jumping around the tree and chopping down the evil crows, but the interesting thing was, the evil crows seemed to be purposefully provoking Leng Youlan, and after being attacked, they did not fly far, and continued to stand on top of the tree branches, waiting for Leng Youlan to attack them.

### [Chapter 1429](#)

Long Huishan and the others had long noticed Chen Xiang and the others coming over. Seeing Yan Shan, they were not that nervous, because they recognized him when he invited them over.

And what Long Huishan could not believe was that the person who was flying over, was actually Chen Xiang.

"Youlan, your brother is here." Long Huishan immediately said to Leng Youlan, and then walked towards Chen Xiang.

"Where?" Leng Youlan was very happy that Chen Xiang would appear here. She did not feel surprised, as if she was already used to it.

"Stinking brat, why did you come into this damn place?" When Long Huishan saw that Chen Xiang was uninjured and was together with the Sacred Source Ancient Realm, she was a lot more at ease.

"Aren't you guys here as well?" Chen Xiang laughed, then looked towards Leng Youlan who was walking over. She tied up that white hair, wearing a bamboo hat on her head.

"Haha, brother, you also entered the Evil Divine Palace. I heard that once you entered this damned place, you would most likely die." Leng Youlan laughed as she walked towards Chen Xiang with big steps while carrying a heavy river on her shoulder and patted Chen Xiang's shoulder.

Chen Xiang pinched her beautiful face and laughed: "Stupid girl, you're about to die yet you're still so happy. You seem to be stronger and stronger."

"Of course, I've learned a lot from elder sister, so I'm here to have a fight." Leng Youlan said excitedly, as he had already taken his stance.

Long Huishan smacked her perky bottom and scolded her: "At such a time, why are you still fighting with your own people? You need to conserve your strength to deal with such a dangerous situation."

"Dragon Queen, I am truly sorry for causing you all to fall into such a predicament." Yan Shan walked over and said guiltily. He did not think that Chen Xiang and Long Huishan's relationship was so close, it looked like they were relatives.

"It's fine. No one would have expected that. We are already very grateful that you all were able to invite us to excavate that precious land." Long Huishan laughed, he did not have any intention to blame Sacred Source Ancient Realm.

"There's strength in numbers. Let's find a way out together." Yan Shan said.

Long Huishan nodded his head: "We have been travelling continuously for a few days, let's rest first."

Following that, everyone stopped to rest while Chen Xiang went to the side.

"Brother, I have another sister. When can I meet her? I wonder if she's powerful or not." Leng Youlan sat on the ground, with his back facing the big tree, he grabbed a few stones from the ground and threw them towards the crows that were cawing in the air.

"She's very powerful. In the future, let Big Sis take you to the Hundreds of Flowers Immortal Country and you will be able to see her." Chen Xiang was the same as Leng Youlan, using a stone to smash those demonic crows.

"You Lan, do you want the sacred sword? I have a Heavenly evil sword here." Chen Xiang took out the Heavenly evil sword and handed it over to Leng Youlan.

Leng Youlan took it, waved it a few times, and then gave it back to Chen Xiang. She snorted: "Too light, too small, doesn't seem to have any killing intent, it's not suitable for me to use."

She took out her large sword that was as big as her palm. It was a middle grade immortal equipment and looked extremely heavy, almost as tall as a person. The heavy sword and Leng Youlan, this tall and killing intent lady, matched each other well.

For so many years, her weapons were made by her and Xianxian. She was Liu Meng'er's disciple, and also Refiner, so most weapons were made by herself, which was why she came here to look for materials to create a powerful sword for herself in the future.

"I've seen Xiao Ling before, luckily I didn't call her here, otherwise she would have been scared." Leng Youlan laughed, "Little Ling's strength is not bad. I train her specially every day, and her improvement is very obvious."

"Are you always pestering her? If you let her be your sparring partner, you will bully her. She is your little sister." Chen Xiang scolded her as he scratched her nose.

Leng Youlan looked at Duan Ming who was standing far away and asked with a low voice: "Elder brother, who is this uncle, he looks to be very powerful and I feel that he's in danger. When he looked at me just now, he gave me a huge shock."

"You should have heard about the matter regarding me at the Immortal Sword Conference, right?" Chen Xiang asked.

"Yes." Leng Youlan immediately thought of something, and said in a low voice: "So this is the guy who stole the divine sword."

Although it was a middle grade immortal sword, she liked it a lot. Furthermore, it was forged by herself, she was afraid that it would be taken away by Duan Ming.

Chen Xiang couldn't help but laugh.

"Senior Yan, have you invited the people from Hundreds of Flowers Immortal Country over yet?" Chen Xiang shouted to the nearby Yan Shan.

"They did, but they didn't say." Yan Shan said: "I wonder how many people entered this Evil Divine Palace."

"Sis, how did you enter the Evil Divine Palace?" Chen Xiang asked again.

Long Huishan sighed: "We just saw a dilapidated palace, and then a rotten door appeared. After knowing that it was the Evil Divine Palace, I immediately led my people away, but before I knew it, they were right inside."

They and Chen Xiang were the same, they entered the room the moment they saw the signboard.

"Let's wait until daybreak before leaving." Chen Xiang said. She leaned against his shoulder and closed her eyes to rest. With Chen Xiang by her side, she felt very safe.

Chen Xiang held onto the Heavenly evil sword, and channeled his divine power inside, carefully looking at the map inside. The Heavenly evil sword was guiding them to this place, but met the Evil Divine Palace, which made him feel that it was too much of a coincidence.

Everyone rested quietly until the sun rose. They were awoken by the sudden sound of a dragon's roar. There was actually a dragon inside.

Imperial Dragon Clan's dragon had also entered. Everyone was thinking at the same time.

"It's very possible that it's the Imperial Dragon Clan." Long Huishan said with a darkened face, "Our relationship with the Imperial Dragon Clan is not that good, so it's better to avoid them. We don't want to have any conflicts with them in this place."

It was not just Long Huishan and the others, Chen Xiang did not want to fight with the Imperial Dragon Clan either. However, the direction of the sound came from the direction where the branches were thicker, the direction they had decided to go.

"We're going that way." Chen Xiang explained the reason why they were heading that way.

After Long Huishan finished listening, he looked at an old man dressed in white who nodded his head.

"That old man is a very powerful ice dragon. I wonder how the Long family found the ice dragons that had left the Imperial Dragon Clan." Long Xueyi whispered to Chen Xiang.

"Let's go on our way. This damn place will change every single day." Yan Shan said. The beast tide that they had encountered earlier had left a shadow in their hearts.

There were already two hundred people. Their overall strength was not weak. This made everyone less afraid.

They set off early in the morning. It was almost noon when the gray clouds in the sky suddenly dispersed. A burst of scorching sunlight suddenly shone down.

The clouds all moved away and a blue sky appeared in the sky, but no one could be happy because there were nine suns in the sky. The clouds all moved away and a blue sky appeared in the sky, but no one could be happy because there were nine suns in the sky.

### [Chapter 1430](#)

"Bloody sun." Leng Youlan cursed under her breath and threw away the burning bamboo hat on her head. However, her white hair was still undamaged, as Long Xueyi had said, her hair was extremely tough, even if she had some sharp weapons, it would be difficult to cut it.

Chen Xiang stroked her long ponytail, removing some of the dust.

"Those who can't stand it, everyone come and take a ice crystal." Long Huishan took out a pile of sparkling and translucent ice crystals. These were all Spiritual crystal s, but they contained a very rich icy immortal aura.

Those who were scorched by the heat took a piece of the meat and absorbed the icy immortal aura on it. They immediately felt much more comfortable and were able to dispel the scorching energy.

"Brother, can you withstand it? Do you want me to place some of the Ice Cold Innate Qi on you to make you feel comfortable?" Leng Youlan laughed.

"Don't look down on me, I've been to hotter places before." Chen Xiang laughed, he had been to the core of the earth before, it was indeed a very hot place.

The dragon's roar from before only came once before it disappeared, and they did not sense any signs of the dragon's presence along the way. This made them feel that it was very strange, because from the sound, they should be very close to where the accident happened, but this was still a large tree without leaves, and there were no signs of damage to the ground.

"Don't move." Duan Ming suddenly shouted, now, everyone knew that he was the Ranker who snatched the Immortal Sword away, although he did not say much, he had a lot of prestige in the crowd.

Just as Duan Ming finished shouting, everyone felt a gust of wind that was not too bad, and in the midst of the wind, there was even some white dust.

"These are ashes. The dragon was burned to ashes." The Long family's mysterious ice dragon said solemnly.

"That's right. Could it be that the dragon was killed in a single strike? Judging from that dragon roar, it should be quite powerful. No matter what, it is a Dragon King, yet it was turned to dust in an instant." Long Huishan looked around warily.

"This is the Evil Divine Palace, back then the Ten Heavens Supreme Lord was trapped for more than a thousand years before coming out, a Dragon King being killed in an instant is a very normal thing, even if it's a dragon that enters the Immortal-becoming realm, it wouldn't be unusual for it to die here, everybody be extra careful." Duan Ming said in a serious tone, intentionally or unintentionally looking at the ice dragon.

After entering the Immortal-becoming realm, one would be able to reach the level of a semi-sage expert. They would be able to kill the Immortal King with a raise of a hand, but many Immortal Kings

would find it difficult to enter the Immortal-becoming realm. Some would have stagnated for tens of thousands of years without making any breakthroughs.

Just as everyone was thinking about what Duan Ming had said, Leng Youlan suddenly shouted, and looked up at the sky.

Leng Youlan pointed to a blazing sun. There were nine suns in the sky, with different sizes. The one Leng Youlan pointed to was the biggest one, and this sun was actually changing.

At this time, the temperature had also become much higher. Everyone stared at the blazing sun that was emitting a red glow. It was no longer circular and was constantly twisting as if it was going to turn into something.

The changing sun suddenly exploded with a burst of brilliance, and soon after, a flaming crow appeared. This crow was the same size as the rest of the crows, swooping down.

As the crow swooped down, a scorching hot air pressure suddenly enveloped the area, and the large trees suddenly burst into flames.

"This is a profoundyang Fire Crow." Long Xueyi exclaimed: "This thing is very strong, and it's something that can evolve into a Holy Beast."

"It's the profoundyang Fire Crow. Everyone be careful, don't get hit by the feather he released." Duan Ming shouted, and then he took out his divine sword, and rushed towards the profoundyang Fire Crow that was diving down.

"We can't provoke you, yet you are attacking us. You are courting death." The Divine Sword in Duan Ming's hand suddenly thrust out, like a bolt of purple lightning, it flew straight towards the profoundyang Fire Crow.

The profoundyang Fire Crow let out a miserable shriek after being hit, causing people to feel an indescribable chill under the scorching sun.

"I understand, these suns are not real suns. And the closer we get, the bigger these suns become, and the easier it is for us to be attacked." Leng Youlan said: "Perhaps every sun is an ancient fire beast."

Leng Youlan had the White Dragon inheritance, so she knew a lot of things, except that she hid it very well.

"This profoundyang Fire Crow is indeed a fire beast from ancient times. Legend has it that there was a chance to become a Holy Beast, but it suddenly disappeared. I never expected it to be here." The old Ice Dragon from the Long family said.

The profoundyang Fire Crow was sent flying by Duan Ming's sword, but it remained unscathed and flew towards Duan Ming furiously. Its speed was extremely fast and the flames on its body had already turned blood-red.

"This animal is really hard to deal with. He has lost all sense of reason." Duan Ming held the divine sword and slashed at the berserk profoundyang Fire Crow.

Duan Ming's strength was also very terrifying, he could fight head on with the profoundyang Fire Crow, and every time his divine sword struck the profoundyang Fire Crow, it would release a burst of sparks. The sparks would fall to the ground, like meteorites, leaving a large crater on the ground.

"The history of the Evil Divine Palace is much older than the era of the Ten Heavens Supreme Lord. Those who enter this place and are unable to leave, will eventually become the slaves that protect the Evil Divine Palace." The old ice dragon looked at the other eight suns and said, "It seems that if we want to leave this place, we have to face those eight monsters. As long as we approach them, they will show themselves.

"Do you need my help?" the old ice dragon shouted to Duan Ming.

"No need, you protect them, don't let them get ambushed. Although this profoundyang Fire Crow has lost its intelligence, it still has that cunning nature of its. I was almost tricked just now." Duan Ming shouted.

Long Huishan frowned. He couldn't go on like this, because Duan Ming's strength was on par with that profoundyang Fire Crow and profoundyang Fire Crow were beasts. They were stronger than humans in many aspects.

"Elder, is there a way?" Long Huishan asked.

"Let me try and see if I can freeze this thing." The old ice dragon took the opportunity and suddenly roared, like a dragon's roar, it spat out a ball of white light, and instantly struck the profoundyang Fire Crow.

The profoundyang Fire Crow was immediately frozen and turned into an ice sculpture, falling down. But just as it was about to land on the ground, the ice suddenly melted, and following that, the profoundyang Fire Crow let out an angry roar. It flapped its wings, flapping out a few feathers that were burning with red flames.

The old ice dragon roared, and its body shook, releasing a burst of extremely terrifying cold Qi, forming a huge ice wall in front of it, blocking the profoundyang Fire Crow's feathers.

The profoundyang Fire Crow was about to carry out a second round of attack, but Duan Ming had already launched an attack. He waved his sword, releasing a ray of purple lightning that struck forward, and when it got near, it pierced forward even more crazily, but the profoundyang Fire Crow's body was extremely terrifying, and even with the divine sword, it was difficult to harm him.

The profoundyang Fire Crow once again flew into the air, fighting with Duan Ming. The old ice dragon also did not try again, because it would only attract angry attacks from the profoundyang Fire Crow.

"This can't go on." Chen Xiang said.

"Do you have any good ideas?" Long Huishan asked anxiously, she knew that Chen Xiang had a lot of tricks up her sleeves, otherwise she would not have obtained the inheritance of the ice dragon.

Chen Xiang thought for a while, then said: "I have a way to try it. Senior, when you freeze this profoundyang Fire Crow again, it would be best if it could be frozen for a little longer."

"Alright, I hope you have a way to suppress this crazy Fire Crow." The old ice dragon knew that Chen Xiang was different from the others. When he was on his way here, he had already known that Chen Xiang, by himself, had defeated the sea beast. He did not ask what Chen Xiang wanted to do.

"Senior Duan, keep the Fire Ravens away." Chen Xiang shouted, "I have a way to deal with this thing."

Duan Ming activated his strength and fiercely slashed at the flying profoundyang Fire Crow, producing a burst of brilliant cremation. If it was at night, this would definitely be very beautiful.

The profoundyang Fire Crow was sent flying far away by that sword. The old ice dragon seized the opportunity and released a ball of light filled with dense ice-cold energy, striking towards the profoundyang Fire Crow.

When they saw the old ice dragon make a move, Chen Xiang immediately disappeared and used the power of the spatial laws to travel through, no one thought that Chen Xiang would actually go over personally, it was extremely dangerous, because once profoundyang Fire Crow broke the ice, they would attack Chen Xiang.

Duan Ming hurried to catch up, but Chen Xiang had already reached the bottom of the fall of the profoundyang Fire Crow.

Just as everyone was worried that the profoundyang Fire Crow would be able to break the ice, Chen Xiang suddenly released the divine furnace, controlling it to become larger, allowing it to very accurately catch the profoundyang Fire Crow.

Chen Xiang had a Divine Cauldron, so everyone knew about this. However, since the Divine Cauldron did not have a lid, their power was greatly reduced. It was extremely difficult to seal the profoundyang Fire Crow inside it.

Just as everyone was disappointed, a lid suddenly appeared on top of the divine cauldron.

The moment the lid appeared, the divine furnace began to fiercely shake, emitting a rumbling sound. The flames inside the divine furnace had already broken through the ice, but they were trapped inside the divine furnace and crazily crashed inside.

Chen Xiang was quite far away from the divine cauldron, but the divine cauldron was still floating in the air and was shaking intensely from the weight of the profoundyang Fire Crow inside.

"This brat actually has the lid of the divine furnace." The old ice dragon sighed.

Seeing how powerful Chen Xiang was, Leng Youlan laughed: "Who knows, this profoundyang Fire Crow might be caught by big brother. This is a good thing, no matter which power I have enmity with, I will send it over to wherever it is I might be able to exterminate the clan."

They did not expect Chen Xiang's sister to be so fierce. If she really wanted to do this, forget about Chen Xiang's enemies, even the destruction of an immortal palace was a normal thing.

Chen Xiang had only wanted to give it a try at first, he never thought that the sealing power of the divine furnace would be so strong. He slowly approached the divine cauldron and released his divine power, controlling the runes inside the divine hall to suppress the profoundyang Fire Crow.

"Isn't this the divine cauldron? Why would it be sealed?"

Just at this time, Chen Xiang heard someone shouting from afar, he was shocked and anxiously walked over, causing the shaking divine furnace to shrink, and Duan Ming also came over to his side.

It was the people from the Imperial Dragon Clan.
