[Chapter 1451](#)

In the eyes of the old man, Chen Xiang was just a nosy kid. He impatiently said: "Brat, you said that you have someone in the Hundreds of Flowers Palace, what kind of person are you?"

"I don't know what level she is currently at, but when she first entered Hundreds of Flowers Palace, she was a Immortal Monarch. It has already been a long time, she should have some status there." Chen Xiang said.

When the old man heard this, he felt that there might be hope. He whispered, "If you can help me with something, I will give you a lot of money. It's not convenient to talk about this here."

Chen Xiang did not expect the old man to change his attitude so quickly. He laughed: "I was just about to enter the Hundreds of Flowers Palace.

The old man's name was Ji Yuan and he said that he came from a faraway place. There were some things in his hands that he needed to borrow the power of the Flower Emperor to become treasures.

Ji Yuan was very rich, he brought Chen Xiang into a very luxurious restaurant, and asked for a private room with all sorts of arrays. When giving Spiritual crystal s a room, he did not even bat an eye, as if treating them as dirt.

Chen Xiang felt that Ji Yuan's strength was not as weak as he appeared on the surface. He must have concealed a very strong power.

Ji Yuan took out a very small jade box. After opening it, there were two sesame sized golden granules inside. Chen Xiang did not know what those granules were.

"What is this?" Chen Xiang asked.

"It's normal that you don't know him. Even Flower Emperor recognized him back then." Ji Yuan's face suddenly filled with arrogance and excitement.

"What kind of precious medicinal herb is this?" Chen Xiang guessed, he felt that this was very possible, because if it was a seed of a precious medicinal ingredient, only the Hundreds of Flowers Immortal Country could make it sprout and grow faster.

"No." Ji Yuan replied: "How could it be that kind of thing? If it were precious medicinal ingredients, I wouldn't have come here to request the Flower Emperor's help."

Chen Xiang became even more curious: "Then what is this, is it really not a Holy level medicinal ingredient?"

Ji Yuan sneered: "So what if I have Holy level medicinal herbs. If my two seeds can take root, then I can obtain as many Holy level medicinal herbs as I want."

"Then what exactly is this thing?" Ji Yuan didn't look crazy, he sounded as if he was being serious.

"I have given this thing a name called the Tree of Creation... This is because this tree can grow very high and finally connect to a world where there are endless amounts of medicinal herbs. All of the flowers, plants, and trees in these nine days were born because that world provided energy.

Ji Yuan kept the two pellets properly, as if he was worried that Chen Xiang would steal them away.

If it was in the past, Chen Xiang would definitely not believe such words, but now, he believed it deeply, because the place Ji Yuan mentioned should be the legendary Endless Heaven Realm.

The Spirit grains left at the bottom of the jade box that Evil Emperor left behind could open the gate to the Heavenly Evil Realm, and the Heavenly Evil Realm should be a domain that fostered evil powers.

Furthermore, the Heaven Realm that Ji Yuan mentioned might be the Heaven Realm where flowers, plants and trees were created. If one could go to that Heaven Realm, one might be able to find a large amount of valuable medicinal herbs, especially the extremely rare Holy level medicinal herbs.

"There is a very powerful maturing array in Hundreds of Flowers Immortal Country, that group of women used it to cultivate medicinal ingredients, and it is much stronger than the large powers. From time to time, Hundreds of Flowers Immortal Country would release some precious medicinal ingredients, and those are all inferior products released by the Hundreds of Flowers Palace."

Ji Yuan sighed: "If I want to take root and sprout like this, I can only rely on the powerful array inside Hundreds of Flowers Palace."

Chen Xiang was a little agitated in his heart. He asked, "Does Flower Emperor believe what you say?"

Ji Yuan nodded: "Of course she believes that. It's just that the conditions that she offered were too high and they were extremely harsh, and she actually wanted me to give a seed to her, which was why she was willing to help me sprout the seed."

Chen Xiang felt that this condition was very normal, and asked again: "Then how do you plan to pay her?"

Ji Yuan said: "I plan to give her a set of Holy level medicinal herbs, but the condition is that I have to go to that place. Furthermore, she has to protect that tree and not let anyone climb onto it."

Hearing this, Chen Xiang really wanted to give Ji Yuan a slap on the face. He now understood why Flower Emperor was so angry, this guy was really too stingy.

"This... Senior, since you have a request from someone, your conditions should be more generous. Flower Emperor is not someone that lacks Holy level medicinal herbs, to put it bluntly, giving her a Holy level medicinal herb is equivalent to sending out beggars." Chen Xiang said.

"Don't tell me we have to give her a seed? Doesn't that mean that she can also enter that place and let the Hundreds of Flowers Immortal Country in? Then she will definitely be robbed clean by those bitches." Ji Yuan shook his head.

"Senior, if that tree really grows out, and if others find out that it can reach that world, do you think you can defend yourself? How much do you think you can obtain in the end?" Chen Xiang patted his shoulder: "Right now, those few big powers are severely injured. If they knew, tsk tsk, they would definitely crawl up like a group of hungry wolves. Even Hua Yan Jing wouldn't be able to protect them."

At this time, Ji Yuan looked at Chen Xiang vigilantly, because he suddenly felt that Chen Xiang was not simple either.

"You won't tell, will you?" Ji Yuan's expression turned cold as he said coldly.

"Relax, I definitely won't say anything, how about I enter Hundreds of Flowers Palace right now, and if I can see her, I'll see if I can talk to her. Of course, if you agree to give her a seed, she'll definitely agree to it so readily." Chen Xiang said.

Ji Yuan nodded his head, a strange light flashing past his eyes. Being caught by Chen Xiang, he felt that Ji Yuan wanted to kill him to keep his mouth shut.

"Little brother, you seem to believe what I said very much. Do you believe that the seed is real?" Ji Yuan smiled at Chen Xiang. His expression had changed so quickly that even Chen Xiang couldn't help but admire him.

"Of course I believe it. I have heard many stories since I was young, and I feel that it is true. Besides, doesn't Flower Emperor believe it too?" Chen Xiang laughed: "I also want a seed. I wonder if senior will be able to cut it?"

Ji Yuan laughed loudly: "If I only had one seed, Flower Emperor would not give such high conditions, how about I give one to you, but you have to give me some things in exchange, I do not want the Spiritual crystal."

did not believe that such a good thing would occur because he knew that Ji Yuan must have some plan in mind. He, Chen Xiang, was not someone who was easy to deal with.

"Something precious from my body may not enter your eyes." Chen Xiang shook his head and sighed. He planned to make the best of it, and at the same time make Long Xueyi pay attention to one point.

"Take it out for me to see. If it's something I urgently need, then it's very precious to me." Ji Yuan stretched out his hand and looked at Chen Xiang with a smile.

[Chapter 1452](#)

Chen Xiang took out a fiery-red bead that looked like a crystal ball emitting red light from within. It was extremely beautiful, and Ji Yuan immediately recognized what it was.

"The seed of the Earth tree." Ji Yuan said in shock.

"Good eye." Chen Xiang was sincerely impressed by Ji Yuan, he never thought that there would actually be someone who could recognize the seed of the Earth tree.

This seed was left behind by the Super Old Fire Beast when she gave it to him.

"If I'm not mistaken, the Earth tree planted by this thing might be able to lead to a world full of flames. The flames of our Nine Heaven World should all come from that world." Ji Yuan said.

Chen Xiang's heart skipped a beat. If Ji Yuan didn't say it, he really wouldn't have thought of it in this way. It would be extremely difficult to go to the Heaven Realm.

There were many different types of Heaven Realm, which was why it was called Endless Heaven Realm. Even now, it still provided all sorts of energy to maintain the Nine Heaven World's circulation.

"In any case, this is something of equal value." Chen Xiang pretended to be excited as he said.

Ji Yuan realized that Chen Xiang was not a simple person. He took note of the fact, and shook his head: "Even if we can go to that world where fire was created, the things that we can obtain from there will at most be of help to the people who cultivate fire. Furthermore, that place will definitely be very hot, and being able to go there is one thing.

Chen Xiang put away the Earth tree and said dejectedly: "So this thing was useless."

Ji Yuan laughed: "Both of us possess these seeds, and we even met each other, this is fate. Since I have two, then I will trade them with you."

Ji Yuan took out the jade box, took out a small golden seed and placed it on his palm.

Chen Xiang did not dare believe it. Of course he would be willing to trade the divine tree for it, because he could still use the creation divine liquids to get them. He still had some of the Earthly fruit's flesh, but he needed a lot of them.

He took out the tree trunk. Although his face was filled with joy and excitement, he was extremely vigilant. This was because this Ji Yuan gave people a feeling that it was hard to trust.

Just as Chen Xiang took out the tree out, he suddenly felt that he couldn't move anymore.

"Senior, you ..." Chen Xiang asked in shock.

"Haha ..." Ji Yuan laughed: "You know my secret, and have such a good thing too, do you think I will let you go? If I could kill you and take your thing, why would I use such a precious seed to exchange with you, naive brat."

"Haha ..." Chen Xiang also laughed out loud, which Ji Yuan did not understand.

"What are you laughing for?" Ji Yuan frowned and asked: "Your death is imminent."

Chen Xiang was still laughing loudly, "Why don't you see if the seed in your hand is still there or not?"

The seed that was the size of a grain was in Ji Yuan's palm just now. After sealing Chen Xiang's dantian, he immediately clenched his fist.

"How did you take it?" Ji Yuan's face suddenly changed, and became sinister.

Chen Xiang could feel that his dantian had been sealed, and immediately used the ability "Spatial Extraction". Ji Yuan did not have any defenses in this area, so Chen Xiang could easily get his hands on it without Ji Yuan noticing.

As for the seed of the divine tree in Chen Xiang's hand, he had also immediately stored it into the ring. His powerful divine power was not sealed, so he was a bit worried right now.

"If you want to die quickly, hand it over." Ji Yuan shouted sinisterly, a burst of Innate Qi burst out from his body, it was actually a Immortal King, and a late stage Immortal King.

Now, Chen Xiang understood why his opponent would so easily seal his dantian. Ji Yuan was originally a strong Ranker with a mysterious origin, he must have mastered many powerful sealing arts.

"It's better if you leave first. The seal on your body will take some time to unseal. You won't be able to beat him for the time being." Long Xueyi said as he transferred her power into Chen Xiang's body.

Chen Xiang used Long Xueyi's power, adding his own divine power, he used the power of the spatial laws.

Ji Yuan had already pounced over, wanting to grab hold of Chen Xiang, but Chen Xiang teleported through space in that instant and disappeared within the private box.

"Little bastard, I will definitely catch you!" Usually, he was the only one who deceived others, while others were the only ones who suffered losses at his hands. But today, he had met a powerful character, and what infuriated him the most was that the other party was still a guy weaker than him, yet he still suffered a huge loss.

Chen Xiang came to the outskirts of a field and laughed out loud: "This old turtle, you failed to steal a chicken but ended up giving me rice, allowing me to earn big."

Long Xueyi spent an entire day to unseal the seal for Chen Xiang.

"That old turtle has some skills. If he had the power of the head disciple of the Fire Emperor, then that seal would be even harder to break." Long Xueyi said: "Back then, when a few Immortal-becoming realm experts sealed you up, I only used a few days, but this guy spent an entire day."

Chen Xiang scratched his chin and said: "Where exactly does this old fellow come from, his brain should have a lot of powerful things. I really want to use the Soul Absorbing Devil Spell on him, this old fellow doesn't look like a bad guy, I didn't think he would be so sinister."

"You don't look like a bad person either." Long Xueyi chuckled.

"Damn, I'm not a bad person." This time, he had to quickly enter the Hundreds of Flowers Palace. Not only would he need to find the Flower Emperor to ask him about the Alive Slain Method, he also had to ask if the seed was real.

He changed his appearance and turned into a short, skinny old man who looked like he was about to burp. He slowly walked past the entrance of the Hundreds of Flowers Palace and actually saw Ji Yuan, who was not at the main entrance but was sitting at the side of the street facing the main entrance. He was drinking tea as his hawk-like eyes stared at the people walking past the Hundreds of Flowers Palace.

Chen Xiang sighed in his heart: "Looks like I can't use a proper way to enter Hundreds of Flowers Palace. I hope that Flower Emperor won't have too big of an opinion by then."

Chen Xiang was just passing by the Hundreds of Flowers Palace, but that Ji Yuan looked at him a few times, as if she had already noticed him.

"That old bastard is coming for you." Long Xueyi said.

Chen Xiang, who was walking very slowly, suddenly quickened his pace and rushed to a corner. He turned into a small bug and flew into a window.

Seeing Chen Xiang speed up his footsteps, Ji Yuan felt that there was a problem, and ran over in a moment, but Chen Xiang had already disappeared.

"He actually ran away." Ji Yuan stomped his feet in anger. He never thought that the other party would be so cunning.

At this time, a female disciple of the Hundreds of Flowers Palace walked to the door. Chen Xiang immediately flew over, transformed into a strand of hair that floated onto the woman's shoulder, and followed the woman into the Hundreds of Flowers Palace.

[Chapter 1453](#)

Just like the other big powers, the moment they managed to sneak in, the moment they were able to attack from the inside. That was why it was very strict when entering and leaving, and the Divine Artisan Mountain Villa was an example of that: After Chen Xiang sneaked in, even the Immortal Meridians deep underground were destroyed.

After Chen Xiang entered, he floated into the air and became a bird. He flew inside the beautiful Hundreds of Flowers Palace, where there were many birds, so he was not afraid of exposing himself.

There were male and female disciples in the outer sect. If there were male disciples with good aptitude, they could also receive special training and become the elites of the outer sect. In the future, they would be elders of the outer sect, but they were still not allowed to join the inner sect.

"Can men enter the inner sect?" Chen Xiang could already see a tall wall in the distance.

"That's fine, but generally, the men who can walk about here have very high statuses because the women in there are all very outstanding women." Su Meiyao said: "That year, I almost joined the Hundreds of Flowers Palace, it was just that after some things happened, that's why I didn't go in."

"There isn't much change here. How nostalgic." Bai Youyou sighed as he recalled his past.

"You'd better not enter the inner sect. If Flower Emperor finds out about your methods of entering the inner sect at will, he would definitely be unhappy." Su Meiyao said.

"It's fine. I went in to tell her that there are still many loopholes in their defenses. Although there are very few people like me, there are still others. This is also to prevent people like me from appearing. Chen Xiang laughed. Because Mu Qianxiang was Flower Emperor's disciple, he did not have any enmity towards him.

"I wonder how that wild girl is doing here. She is the successor of the Sword Emperor, and her future is limitless. Furthermore, she is being nurtured by the Flower Emperor. Right, does the Flower Emperor have any other disciples?" Chen Xiang asked.

"No, I've never heard that she had a disciple before, maybe she made an exception and accepted Mu Qianxiang as her disciple." Bai Youyou said.

Chen Xiang waited at the entrance of the inner sect for a period of time before he waited for the female immortal, Wang Lu. The girls inside were all very young, it was obvious that they had eaten a lot of Face Preserving Pills and the like when they were young. Therefore, even after many years had passed, they did not age at all.

Just like last time, Chen Xiang turned into a strand of hair and gently fell onto the body of the female immortal king, but she did not notice it.

"It's her ... I never thought that she would become an Immortal King. Back then, she was just a little girl that was in charge of receiving the guests." Su Meiyao said in shock as she recognized the woman.

Chen Xiang floated away from the woman, and came to a forest garden. He turned into a bird, and told Long Xueyi to look for Mu Qianxiang, and only by finding Mu Qianxiang would he be able to see Flower Emperor more easily.

This inner court was not very big, and Long Xueyi's current divine power was very strong as well. She quickly found Mu Qianxiang. "Not good, I've been discovered."

Long Xueyi immediately recalled back his divine power, saying, "So powerful, this Flower Emperor is growing very quickly, no wonder she got this title."

Chen Xiang turned into a bird and stood on the branch of a tree.

Suddenly, he felt a strong pressure attack.

"She's here. She's actually able to find this place. She should have trained in the soul." Long Xueyi said in shock: "Quickly run, or else she will definitely find out."

Chen Xiang immediately turned into a leaf and mixed with the other leaves, because if he turned into a bird, it would easily be seen. A normal bird would definitely fly away when they sense the pressure.

Flower Emperor caught up to him, and in her jade hand was a long slender sword, it looked like a holy sword. She was barefooted, and stepped onto the clean grass, and was wearing a light green cheongsam, her hair was tied up in a ponytail, her beautiful and cold noble jade face was filled with caution.

The female disciples who were originally in the garden had already received her voice transmission and quickly left.

The forest became very quiet, the birds had long flown away, and there was a gentle breeze blowing occasionally, causing a few leaves to fall, it looked very peaceful and comfortable, but here, the Flower Emperor was shrouded in a powerful aura that looked down upon the world.

Chen Xiang turned into a leaf and watched the Flower Emperor walk in step by step. She was secretly worried as she watched her jadelike feet tread on the fallen leaves.

"Come out, since you are able to enter my Hundreds of Flowers Palace's inner sect, your strength should be pretty good. It would be best if you appear before any harm is done to my Hundreds of Flowers Palace, at most, I will punish you." Flower Emperor said to the empty forest.

Chen Xiang was determined to see what ability the Flower Emperor had. Even if he was discovered by her, Chen Xiang was not afraid of being captured.

"It's been many years. No one has dared to trespass into my territory. You're the first one." Flower Emperor's voice became much colder as she forcefully pulled open the skirt on her body, revealing a set of black clothes. Her long pants and short sleeves outlined her devilish figure.

Seeing the Flower Emperor revealing his jade-like arms, Chen Xiang was secretly shocked. It seemed like the appearance of the Flower Emperor was going to be real.

"He's coming." Long Xueyi shouted.

Chen Xiang felt a cold killing intent approaching him, the slender sword in Flower Emperor's hand had already pierced over, he anxiously changed to the sincere and benevolent form, shuttling through space to avoid the sword.

"Damn."

Chen Xiang came to the back of Flower Emperor, looked at the beautiful back view, and took a deep breath. Just now, he was almost pierced through by this woman's sword.

"It's you." Flower Emperor said, then turned his head, a little surprised.

Chen Xiang landed on the ground and laughed: "I only wanted to see my sister, I have no ill intentions."

Flower Emperor landed on the ground like a leaf. Her jade feet lightly tapped on the ground but she did not put away the sword in her hands.

"For Qianxiang's sake, I will spare your life, but you will have to accept my punishment. I will only use three moves, you can decide whether you want to live or die." The Flower Emperor said coldly, as he thrust out his sword.

Before Chen Xiang could react, the tip of the sword had already touched his clothes. Stepping on the Shrinking step, he quickly retreated backwards, wanting to dodge that sword strike.

"I'll hammer." Godly Hammer suddenly appeared in Chen Xiang's hand, he used more than 80% of his strength to fiercely smash towards Flower Emperor's thin sword.

Flower Emperor's jade-like hand trembled. She did not expect the black hammer to be so powerful, it had erupted with such a terrifying force that it could shake her wrist.

Chen Xiang firmly believed that his hammer could definitely shatter a gigantic mountain, but he could only let the Flower Emperor's slender sword undulate for a moment.

However, he had broken through Flower Emperor's sword strike, because the sword attack's aura had already been destroyed by Chen Xiang.

"Hmph." Flower Emperor let out a gentle snort, her figure flashed, and she actually disappeared soundlessly without any signs of life.

"To the left." Long Xueyi anxiously reminded.

[Chapter 1454](#)

Flower Emperor did not use all her strength, she only looked very fierce. Seems like she just wanted to teach Chen Xiang a lesson and make Chen Xiang suffer a little.

However, Chen Xiang was not someone who was willing to lower his head. He immediately shuttled through space in an attempt to dodge the strike, but he did not expect that it would actually fail. The

space here was extremely stable, and he immediately realized that he was in the Flower Emperor's power domain with his sword thrusting over.

Chen Xiang failed to travel through space, and he had already missed the chance to dodge because that was only for an instant. He only felt a slight pain from his left ribs, and then, his body floated up, and he was sent flying by that strong sword strike.

Flower Emperor was a little shocked and startled, she never thought that her fine sword would not be able to pierce through Chen Xiang's body. In that instant just now, she could feel that Chen Xiang's body had a very strong armor she couldn't identify, but to be able to withstand the armor of her sword, it must be very strong.

Chen Xiang felt a sweetness in his throat, and almost vomited blood. The sword strike just now had caused the Qi and filth in his body to constrict together, and if not for the fact that he had a strong physique and the profoundwu diamond armour, he would have been severely injured, as well as his internal organs.

"This woman is truly amazing. I didn't expect her strength to be so strong in the Spirit Realm." If he hadn't used the spatial teleportation, he might have been able to avoid it in other ways. At least, he wouldn't have received such heavy injuries.

Chen Xiang had indeed sustained some injuries earlier, but the Yulong blood s and the tiniest bit of Phoenix blood within his body allowed him to quickly recover the injuries within his body.

Seeing that Chen Xiang had such a powerful armor, Flower Emperor was even more at ease with his attacks. With a swoosh, he gently swung his sword, looking extremely graceful and light, but in Chen Xiang's eyes, it was extremely terrifying, making him feel as if he was in hell.

He never thought that the Flower Emperor would also be a sword expert. Just this one sword attack was already at the peak of perfection, the powerful sword force that shrouded over seemed to be able to crush him.

"It's over." Even Long Xueyi did not know how to dodge this strike. This was the Flower Emperor's power domain, no matter how she dodged, her sword would pursue you like a ghost.

Chen Xiang suddenly had an idea, he anxiously took out the divine furnace, causing the divine furnace to reverse and cover him from inside.

Just as the Flower Emperor was about to hit Chen Xiang, a huge cauldron suddenly appeared and covered Chen Xiang, causing her to be secretly angered. Her sword had already slashed onto the hard and solid divine cauldron, releasing a "dong" sound, which shook the entire forest and caused Chen Xiang to shrink the divine cauldron, running out from within.

Just as Chen Xiang was feeling pleased with himself, Flower Emperor appeared beside him in a flash and placed the sword on his neck.

"Flower Emperor, you said that there are only three moves, but I have already dissolved your three moves. You must keep your word." Chen Xiang did not dare move, he could see that she was angry.

Flower Emperor was just feeling very unhappy, because she did not force Chen Xiang to use the powerful Green dragon demon-slain broadsword nor did she force Chen Xiang to use the Heaven Earth Killing Method. These were the things that Chen Xiang was most proficient in, but Chen Xiang had actually used a broken iron hammer and a cauldron to fight against her, which made her extremely unconvinced.

"How did you get in? After all these years, there have been a lot of people who wanted to sneak in, but none of them succeeded. You have to tell me honestly, otherwise you won't be able to get out." Flower Emperor's face was cold as he asked.

Chen Xiang secretly felt that this Flower Emperor was a little stingy, he thought that the Flower Emperor was still worrying about the Immortal Sword. If not for his sudden appearance, the Immortal Sword might have been hers, and wouldn't have been snatched away by Duan Ming.

"Didn't you see? Then how did you know I was hiding there?" Chen Xiang asked curiously. He thought that the Flower Emperor would be able to see that he had become a leaf.

"I can feel that the plants here are all planted by me, and I have a subtle connection with you. Although I don't see you, I feel that you are there."

She had originally wanted to cut Chen Xiang's skin and scare him, but who knew that Chen Xiang's skin was so thick and tough that she couldn't cut it even after she sawed it a few times.

"Speak." Flower Emperor asked.

Chen Xiang was in the wrong as he had trespassed into their territory without permission. It was considered good enough that the Flower Emperor did not kill him, it was normal for him to want to find loopholes.

"You have to keep it a secret. You can't let anyone else know. Otherwise, it won't work if I use this trick again."

Chen Xiang stared at Flower Emperor's beautiful face at close proximity without restraint. His greedy eyes made Flower Emperor feel extremely uncomfortable, because there were very few people who dared to look straight at her.

Flower Emperor had long since heard that Chen Xiang had exterminated Divine Artisan Mountain Villa alone. She knew that the array protection of Divine Artisan Mountain Villa was stronger than hers by no means.

"Alright, I won't tell anyone." Flower Emperor really wanted to know how Chen Xiang sneaked in without making a sound and was even secretly probing for her. If it wasn't for her cultivating her soul and having a powerful divine sense, she might not even have discovered the power that was probing for her.

If she was not in the Hundreds of Flowers Palace, and someone else had snuck in like that, she would feel fear just thinking about it.

Chen Xiang moved her slender sword away a little and laughed: "If you remove your power domain, I can demonstrate it to you."

When Flower Emperor saw that Chen Xiang was looking at her with his thief eyes, she glared at Chen Xiang fiercely. However, her beautiful eyes still shot out two fierce glints, causing Chen Xiang's body to tremble and restrain himself a lot.

She kept the slender sword well, and then retracted the power domain that she had released. Then, she looked at Chen Xiang, and indicated that Chen Xiang could begin.

"You want to run?" The Flower Emperor saw that Chen Xiang had not started, and a thin sword appeared in his hand: "You are trespassing my territory, if not for Qianxiang, you would have died long ago, if you did not let me know how you came in, I will not be polite."

Chen Xiang clenched her teeth, and suddenly turned into a bird, hovering above Flower Emperor's head. Flower Emperor was stunned, causing Chen Xiang to land on her shoulder, but she did not chase him away.

Soon after, Chen Xiang turned into a strand of hair that stuck to Flower Emperor's back. Finally, Chen Xiang turned back and stood in front of her.

"You should know by now, but this trick is useless against you, so you can definitely discover me, but the others will be hard to say. So I came in just like that, and although not many people know this method, it's best for you to think of a way to guard against the attacks that will fall on me in the future."

Chen Xiang suddenly became serious, and said: "Don't speak nonsense, I know this ability."

Flower Emperor coldly snorted: "I didn't expect you to cultivate the way of the gods with the technique of change in Imperial Dragon Race."

Chen Xiang laughed: "Same here, you should be cultivating the way of the gods too, but you are still a newbie, do you want to learn the art of transformation?"

"I don't want to." Flower Emperor answered very decisively.

"Hehe, even if you want to, I won't teach you." Chen Xiang laughed mischievously.

[Chapter 1455](#)

Flower Emperor did not deny that she had only just entered the divine way, and that it was because she had cultivated the divine way that her strength had risen greatly.

"If you want to meet Qianxiang, then come and find her in broad daylight, no need to be so sneaky." This was what the Flower Emperor was more dissatisfied about. She didn't want her territory to allow people in and out, and not only that, it was a man.

Actually, I don't want to use this method either. It's mainly because I've been targeted by an old guy, and that old guy is right at the entrance of your Hundreds of Flowers Palace. Even if I change my appearance, he would recognize me, which is why I snuck in like this.

Chen Xiang had originally planned to sneak in and find Mu Qianxiang first, so that the Flower Emperor would think that it was Mu Qianxiang who let him in. He never thought that the Flower Emperor would be so powerful, to actually find out that Long Xueyi was using his soul to look at her.

Flower Emperor immediately knew who the old fellow Chen Xiang was talking about was. "How did he get related to him, he is actually a very cunning old fox. But if you had offended him, he wouldn't watch you so closely."

Flower Emperor brought Chen Xiang and walked into the small forest, talking as they walked.

"You know him." Chen Xiang was a little curious: "He said that he's, I don't know if that's his real name."

"It's his real name, he came to the distant Archaeus region in the starry sky, and he's also very cunning, he can be considered a big liar." It's his real name, he came to the distant Archaeus region in the starry sky, and he's very cunning, he can be considered a big liar, and many people have been deceived by him. The Flower Emperor replied, "He knows your identity. If he knew, it would be normal for him to have his eyes on you."

Chen Xiang scolded him, "This old turtle, I was almost tricked by him. Looks like the thing I got from him was fake."

Flower Emperor stopped and asked anxiously: "What is it, could it be that seed?"

Chen Xiang took out the golden rice and said unhappily: "It's this shitty thing. He said that as long as you grow it, you can go to a mystical world, and there are many precious spiritual medicines there. He also said that he came to find you, and you believed him, so I thought it was true."

Flower Emperor's chest rose and fell as he took in a deep breath. "How did you get him from his hands?"

Chen Xiang was startled for a moment, then said: "This old fellow told me about this kind of thing, he was worried that I would leak it out, so he planned to kill me and silence me"

Chen Xiang explained the entire process in detail. When Flower Emperor heard it, he could not help but chuckle.

"I never thought that this old liar would fall into your hands." The Flower Emperor had a smile on her face, making her look extremely enchanting, but Chen Xiang did not dare look at her, as he was worried that her smile would disappear. Chen Xiang said somewhat excitedly.

"Sure, but it will take a while." The Flower Emperor also agreed that if she wanted to quickly become the emperor, she needed to obtain enough Holy level medicine to level her up.

"Here, don't lose it." Chen Xiang passed such an expensive thing over. Such a gift meant that he did not have any ill feelings towards the Flower Emperor, and this was also because of Mu Qianxiang, which was something that the Flower Emperor understood.

At this moment, the two were no longer as angry as they were before, and there were some things that could be discussed.

The two of them started walking towards where Mu Qianxiang was.

"Flower Emperor, tell me honestly, do you really have a Alive Slain Method?" Chen Xiang asked: "I won't talk nonsense."

The Flower Emperor hesitated for a moment, then sighed: "That's right, but you really talked too much in the Profound God Convention last time. Even though there are already some people who are suspicious, no one will say it in front of me."

Too many people are staring at my Heaven Earth Killing Method, so I can only divert their attention. Since you are so powerful, what are you afraid of? Chen Xiang giggled.

"You want me to pass the Alive Slain Method to you?" Flower Emperor asked.

"No, I want to know how you obtained the Alive Slain Method. I know that it's not easy to spread." The Heaven Earth Killing Method that Chen Xiang had previously learned could only be learned through those stone tablets.

The Flower Emperor nodded his head: "That's right, because I haven't learnt much in myself, and have learned so many profound things in the Alive Slain Method, it is very difficult for me to pass on them to you, and this is also the reason why the Heaven Earth Killing Method is so hard to pass on."

"I thought you already have a Alive Slain Method. I heard that you have many high level spirit medicines, and normally only a Alive Slain Method can produce them." The Flower Emperor said.

"Not necessarily. The Taiji Dragon-suppressed kungfu also has these methods, but the speed is very slow, especially for those high level herbs." Chen Xiang said. Actually, his creation divine liquid was already very fast, but he thought it was too slow.

"The Dragon cohesion kungfu inside the Four-phase Magic Kungfu has this kind of effect as well, it's very slow. I used to use the Dragon cohesion kungfu in the past, the method in your Taiji Dragon-suppressed kungfu shouldn't be that much faster than it." She was very interested in this kind of thing. Although she did not refine pills, she liked to grow medicinal herbs, so she had a good relationship with some of the higher levelled Alchemists. There was no need for Alchemist to help her refine pills.

"I can tell you where the Alive Slain Method is located. The location where the Alive Slain Method is recorded is similar to the Beast Slain Method, both are located on a cliff. It's just that that place is very dangerous, whether or not you can obtain it depends on your luck." Flower Emperor took out a map and handed it over to Chen Xiang.

Chen Xiang did not think that Flower Emperor would agree so readily, and immediately thanked him.

You have to promise me a condition. You should know the meaning of the Alive Slain Method, and you are also a Alchemist. "" What condition? Flower Emperor looked straight into Chen Xiang's eyes, looking extremely serious.

"Tell me the conditions first." Chen Xiang didn't dare to agree rashly, what if it was a trap.

"This condition is not necessary. If you really can obtain the Alive Slain Method, you must remember to help me get a divine sword. There's no time limit, I believe you have a way." Flower Emperor replied with a smile: "No problem."

Just as he had guessed before, the Flower Emperor was still brooding over the matters regarding the divine sword.

"Flower Emperor, you should have a name. Can you tell me? We are now partners." Chen Xiang asked with a mischievous smile. There was still someone who directly asked for the Flower Emperor's name.

In the past, people only called her Palace Mistress Hua or the Hundred Flowers Fairy, and then the Flower Emperor, so very few people knew her name. Furthermore, she seemed to have deliberately concealed her name.

"Don't tell anyone." Flower Emperor lowered his voice and replied softly, "Lv Qilian."

Chen Xiang was immediately shocked, this reminded him of the Demon Empress Lv Qinlian who was still in Di Tian. The two names were so similar, it was impossible for them to be unrelated.

[Chapter 1456](#)

"What is your relationship with Lv Qinlian?" Chen Xiang asked anxiously.

"She is my junior. You are not allowed to speak of this matter to anyone else. My junior believes in you so much, so you must keep it a secret." Lv Qilian said, "I know that you have a pretty good relationship with this junior sister when she was in Di Tian."

"So you're also a Lotus Goblin."

"You are the spirit, I am a human, but I was adopted by the Grandma Lv. Since you know that my junior sister who used poison is surnamed Lu, you should also know about the matters of the Grandma Lv." Lv Qilian rolled his eyes at Chen Xiang in an extremely flirtatious manner.

"I've heard of it." Chen Xiang should have already known that there was definitely someone very powerful behind the Flower Emperor.

How powerful was he? It was said that he was only a little bit away from becoming the Demon Emperor, but he had gone missing, but her descendants had once defeated a hall master of the Devil-suppressing Divine Palace.

"So you also use poison." Chen Xiang was a little curious.

Lv Qilian did not reply, because that mysterious Grandma Lv was also known as the Poison Monarch. Since she was related to that Grandma Lv, it was impossible for her to not use poison.

"Does Xiao Xiang know about this?" Chen Xiang never thought that Mu Qianxiang's master was actually such a dangerous guy. Although it looked beautiful on the surface, he was actually a poison expert.

"Only you know." Lv Qilian smiled at him, causing Chen Xiang to feel a bit scared.

"You won't kill me in the future, right?" Chen Xiang purposely had a face full of fear, but his eyes were filled with laughter.

"No, you are a Leader of the Dragon Subduing School." Lv Qilian said with a deeper meaning.

Chen Xiang suddenly understood that the Little Demon Empress Lv Qinlian who went to Di Tian earlier should have taken root there, and the Hundreds of Flowers Palace who stood behind Lv Qilian would definitely be this Hundreds of Flowers Palace. In the future, when Di Tian took shape, he who possessed

the dragon bloodline would definitely be the best ally, and this woman would also take Mu Qianxiang as her disciple.

Chen Xiang suddenly had a feeling that he was being schemed against, and he also felt that this Flower Emperor in front of him, was waiting for him to step into the spiderweb that she had weaved.

"The older the better." Chen Xiang muttered.

"Of course, you're still too young." Lv Qilian said with a smile that was not a smile. She could also tell that Chen Xiang had guessed something.

"It's fine to work with me, but don't be delusional and step on me. Although I'm not as strong as you right now, it's hard to say in the future." Chen Xiang was giving Lv Qilian a warning not to think about capturing his Dragon Subduing School.

"The same goes for you." Lv Qilian laughed softly, it was a little cold.

Chen Xiang did not say anything. He wished that he could subdue these two martial sisters at his crotch. To think that he had schemed against her for such a long time. To think that he had been scheming against her, and treated Lv Qilian so well, and even gave her some strange poison.

"Don't say anything later, Qianxiang doesn't need to know so many things." Lv Qilian said in a low voice.

Previously, Mu Qianxiang and Lv Qilian were training in the courtyard, but Lv Qilian suddenly left for a long time, causing Mu Qianxiang to become impatient, wanting to go out and see what was happening.

Just as she wanted to go out, Lv Qilian brought Chen Xiang to enter the courtyard. When Mu Qianxiang saw Chen Xiang, he was extremely surprised and immediately flew over.

"Damn old bro, where have you been for the past hundred years?" Mu Qianxiang pounded on Chen Xiang's chest.

Mu Qianxiang looked even more wild than before, with just her disguise, she could easily engage in any kind of intense battle. Coming out of the forbidden grounds, after seeing the many different colored worlds, her charm had increased by a bit, but her face was still like a playful wild girl in Chen Xiang's eyes.

"I'm here, aren't I?" Chen Xiang laughed and pinched her beautiful face.

"We had originally planned to save Liu Meng'er at the wedding, but who knew that you would appear so quickly? That's why we didn't show ourselves."

Back then, it was Liu Meng'er who had recommended her to see the Flower Emperor, and she also knew the relationship between Liu Meng'er and herself. Of course she had to help, since the relationship between the two of them was not bad, and she had a way to bring Liu Meng'er away.

"Brother, you are really rude. You made the Heaven Sword City look like that, you are so awesome, I like it." Mu Qianxiang patted Chen Xiang's shoulder: "If you want to do this next time, bring me along."

Chen Xiang laughed and looked at Lv Qilian. In order for Lv Qilian to save Liu Meng'er, he felt very grateful in his heart.

"I was also in danger back then. I almost got killed by that Fire Emperor." Chen Xiang laughed.

"I almost did not, didn't you escape with Elder Sister Meng'er?" Mu Qianxiang looked at Lv Qilian, and laughed: "If my master was like this in the future, would you help me save master like this?"

In the eyes of outsiders, Chen Xiang risking his life to save Liu Meng'er, was all because of Xue Xianxian. Of course, even if Chen Xiang did not have that relationship with him, he would still do it for him.

"Of course." Chen Xiang laughed and pinched her face: "But this kind of thing will never happen, no one in this world can control the Flower Emperor's marriage, right?"

"Of course, there aren't many men who can marry her."

Mu Qianxiang seemed to be telling her bad brother not to have any ideas about her master. Although Chen Xiang only had a single wife, she knew very well how much malicious water Chen Xiang had left in his stomach. Especially after all these years, she had found out that Chen Xiang had a lot of rumors, all about him and the women by her side.

"You are now an Immortal King and have the inheritance of the Fire Emperor. You might be able to become a female Sword Emperor in the future, and become even more powerful than me." Chen Xiang laughed: "That holy sword is still useful right? I have a few more swords here, but they are all holy swords left behind by the Evil Emperor."

Chen Xiang took out the swords that he had stolen from Xie Kang and Xie Kang. One was black, and the other was blood-red.

"It's better not to give this to her. If her heart isn't strong enough, she would be easily affected by Evil Emperor's evil sword intent. The devil slayer holy sword in her hand is already good enough." When Lv Qilian saw the two evil Holy Sword, he could not help but frown.

"Mistress, there is someone outside seeking an audience. Ji Yuan has invited a big shot, he said that he has urgent matters to meet you, I have already invited that big shot to the guest hall." A voice suddenly rang out from outside.

A seed had been taken away by Chen Xiang, and Ji Yuan was worried that Chen Xiang had already seen him, and was afraid that he would beat him to it. Helpless, he could only invite an important figure from the Ancient Starry Sky Region to find out if Chen Xiang had met with him yet.

"Got it, I'm going out now." Lv Qilian replied and then sent a sound transmission to Chen Xiang, "Leave this place quickly. That person should be from the Archaeus region of the starry sky.

"Xiao Xiang, bring your brother and use that Transmission array to leave. Someone come find him." Lv Qilian said.

[Chapter 1457](#)

Chen Xiang really wanted to stay and see what kind of big shot Ji Yuan had invited. However, when he saw Lv Qilian's expression, he knew that he had to leave Hundreds of Flowers Palace.

She and Chen Xiang were secretly working together, but she didn't want the other forces to know about it, in order to not attract any unnecessary trouble to her.

Mu Qianxiang pulled Chen Xiang along and quickly walked to an underground stone room.

"Brother, you have to be careful. You've been missing for a hundred years, I'm very worried about you." Mu Qianxiang hugged Chen Xiang and kissed him on the cheek.

Chen Xiang laughed, and caressed her face: "En, those guys can't do anything to me, you better take care of yourself."

When Chen Xiang stepped into the Transmission array, Mu Qianxiang was still a little reluctant. She bit her lips and watched Chen Xiang disappear into the Transmission array.

Arriving at a place with no one around, Chen Xiang opened the map that Lv Qilian had given him.

Although it was a dangerous place, he had been to the most dangerous forbidden Sacred Beasts Ancient Realm before. Furthermore, he was now an Immortal King, so he dared to go to that place.

"This map seems a bit crappy. I don't even know where it is."

Chen Xiang looked at the map, although the description was extremely detailed, it was only a small area. It was nine days big, he could not tell where the area described on the map was, and there were no hints at all.

"Seriously, do you want me to go back?" Chen Xiang felt very troubled, the map he took to the Sacred Beasts Ancient Realm previously gave him a headache.

"sister Meiyao, where are you?" Chen Xiang asked.

"It looks familiar, but it's impossible." Su Meiyao wasn't too sure.

"This map is very new, it should have been drawn not long ago. Could it be that Flower Emperor already allowed you to go and find her, that's why I gave this map to you?" Bai Youyou said: "They do look familiar, the places drawn on them are very similar to the Hundred Flowers Mountain Range in this main palace."

"The Alive Slain Method is right here." Chen Xiang was in disbelief: "Let's go check it out first. That place is dangerous."

"It's not dangerous, but that was the place where the Hundreds of Flowers Palace grew the herbs. I don't know why it became abandoned in the end." Su Meiyao was also very suspicious, "After that, that place wasn't dangerous either. Flower Emperor did warn you before, that place is very dangerous."

Chen Xiang returned to the busy city and bought a book. There were many maps drawn on it, all of them being the main palaces of the Hundred Flowers Immortal Palace.

He compared it with the map and confirmed that it really was the Hundred Flowers Mountain Range.

"So close." After Chen Xiang confirmed the news, he immediately headed towards the Hundred Flowers Mountain Range.

Because the Hundred Flowers Mountain Range was within this immortal palace, it was very safe and there wouldn't be any demonic beasts there.

In an immortal palace, there would be no danger. This was because the people who entered this immortal palace were there for the sake of safety.

Chen Xiang followed the map and displayed Shrinking step in the air. Stepping in the air, he rushed into the high altitude of the mountain and rushed towards the red dot on the map.

"There isn't a cliff here either. Could it be that the woman was the one who teased me? She's too bored." Chen Xiang had already arrived at the top of the mountain. Looking down from high altitudes, he only saw a few abandoned buildings, and the marked point was at the top of a mountain.

When Chen Xiang came here, he also discovered a strange phenomenon, it was that the immortal energy here was extremely sparse. Logically speaking, the immortal energy in a palace should be relatively dense, even the immortal energy in the wasteland would be much denser than here, let alone the fact that there were many sky-high trees here.

Chen Xiang landed on top of that mountain peak. There was a small hut and a small courtyard that was casually surrounded.

There was actually someone living here, Chen Xiang immediately understood that Lv Qinlian had asked him to come here to find someone.

Chen Xiang wanted to knock on the door, but the door opened. A good looking old lady in a black robe, holding onto a white jade staff, slowly walked out.

This old granny had a head of white hair neatly combed and wore an old hair ornament. Her skin was like jade and well maintained. There were only a few wrinkles at the corners of her eyes, making her look a little old. However, she looked very energetic.

The white jade staff in her hand was extremely beautiful. At the top of the long staff was a lifelike rabbit. The white jade staff was surrounded by white mist, and it seemed to possess a life of its own.

"Is there something you need from me?" The old granny asked softly. Her voice was very soft and did not carry any dignity. Although she did not smile, she gave people a kind feeling.

"Flower Emperor gave me a map, and then I arrived here." Chen Xiang took out the map. He was very curious about the identity of this old granny, and she seemed to be a very strong person. However, he and Long Xueyi were not able to feel the energy fluctuations from her body, as though she was a mortal.

Chen Xiang passed the map over. When the old granny reached out to receive it, her withered hand suddenly trembled.

In that instant, Chen Xiang also felt something drilling into his body, but it quickly disappeared from the inside of his body.

Chen Xiang suddenly retracted his hands, and retreated a few steps, his face full of vigilance.

"What did you do to me?" Chen Xiang frowned and asked, there was a trace of anger in his tone. His body had an extremely strong defense, but that indescribable energy could easily enter his body.

"You are actually the descendant of the Devil-suppressing Heavenly Venerable. I didn't think that after the Devil-suppressing Heavenly Venerable, there would be someone who can cultivate the Demon

Suppressing Body. I just used some poison to confirm that you are completely fine right now, it's all because of the Devil-suppressing Golden Body."

Chen Xiang frowned: "You are the legendary Grandma Lv."

Grandma Lv was slightly surprised as she said, "You know quite a lot, Qilian asked you to come find me because she wants me to tell you where the Alive Slain Method is hidden. Normally, only people that she trusts will do so, what relationship do you have with her, are you her man?"

"But that's not right. Your strength is far inferior to hers. She shouldn't be looking for a man weaker than her for a husband."

"Can't you just ask her directly?" Chen Xiang was getting impatient. He was facing a genuine old wicked woman, he just wanted to leave this place quickly.

"No, I can't leave here, and she can't come in here and talk to me." Grandma Lv laughed out loud. "I lost the bet with her, so I have to do as she says."

Young lad, don't be afraid. You have the Devil-suppressing Golden Body.

Chen Xiang was originally not very afraid of her, but when she said that, he actually started to be afraid.

"Grandma Lv... You know where the Alive Slain Method is, hurry up and tell me, I'm anxiously looking for it." Chen Xiang forced a smile.

"Hehe, if you don't tell me what your relationship is with that girl, then I won't tell you." The Grandma Lv smiled mischievously as he sat on a stone bench.

[Chapter 1458](#)

"My sister is her disciple." Chen Xiang said.

"Oh, she won't accept any disciples. She said that not many people are qualified to be her disciple, so why would she take a fancy to your sister?" Grandma Lv was shocked, she did not know what was happening outside.

"Because my sister has obtained the Sword Emperor's inheritance." Chen Xiang said again, for the outside world, this matter was no longer a secret.

"I never would have thought that even the Sword Emperor's legacy would appear. If that's really the case, then your sister is indeed qualified to become her disciple." The Grandma Lv nodded, then patted on a stone stool beside him, gesturing for Chen Xiang to come over and sit.

Chen Xiang carefully walked over and sat down.

Seeing his frightened look, the Grandma Lv laughed: "I say, what are you afraid of? You have the Devil-suppressing Golden Body, so you won't die. Even though there's poison everywhere, like on this stone bench, there's a layer of Five Incense Bone Dissolving Flower."

"Also, the dirt under your feet was watered by the Purple Blood Centipede all year round. That's why it grew such beautiful purple flowers."

The Grandma Lv caressed the purple-coloured flower.

Chen Xiang shuddered and asked: "If I didn't have Devil-suppressing Golden Body, then I would have died a long time ago."

Grandma Lv smiled and nodded: "She has already turned into blood and became nourishment for my little garden. That big girl should have let you come here because she knows that you have cultivated the Devil-suppressing Golden Body, otherwise she would have harmed you. Did she know that you have the Devil-suppressing Golden Body?"

Lv Qilian of course knew that his having a Devil-suppressing Golden Body was no longer a secret.

"Got it."

Chen Xiang took in a deep breath and smelled a fragrance. It was a snow-white flower in the distance, and that flower was actually shaking slightly, as if it was trying to recruit him.

"Even if your sister is her disciple, she shouldn't have let you come find me. There's another reason." It was as if the Grandma Lv had never talked to anyone for thousands of years, as he kept on asking.

"So long-winded." Chen Xiang thought.

"There is a big secret between her and I. Initially, I had an agreement with her not to tell others, but since she told me to come find you, I believe that with your personality, she will definitely dig out everything about me and her."

Chen Xiang was also somewhat resentful towards Lv Qilian because she didn't tell him beforehand to come here and find the Grandma Lv.

Even though his impenetrable made him uncomfortable here.

"I got a seed ..." Chen Xiang told the Grandma Lv about the mysterious seed.

"So that's how it is. I've long since heard of the legend of this sort of child. I never imagined that he really was in the Archaeus region." Grandma Lv was very interested in this matter.

"Grandma Lv, why are you here? The Hundred Flowers Emperor was raised by you, and she won a bet to trap you here. Isn't that a little too heartless?" Chen Xiang was purely curious.

"If she didn't let me stay here, I would have killed your Devil-suppressing Divine Palace long ago. I have my enmity with her." Grandma Lv looked at Chen Xiang with a smile that was not a smile: "That girl is so arrogant and her heart is cold, I never thought that she would actually agree to let me tell you the location of the Alive Slain Method, you are still Devil-suppressing Divine Palace."

Chen Xiang was worried that the Grandma Lv would have killing intent, and anxiously said: "I am not from Devil-suppressing Divine Palace, I also have enmity with the Devil-suppressing Divine Palace, if you old man can destroy the Devil-suppressing Divine Palace, I will give you a big gift."

"Oh, how interesting, a kid who cultivated to become a Devil-suppressing Golden Body actually has a grudge with him." Grandma Lv said as his eyes lit up.

Maybe I was fated with the Devil-suppressing Heavenly Venerable, and in the end, I obtained the Holy Devil-suppressing seal. But those old guys in the Devil-suppressing Divine Palace didn't recognize me, and even tried to steal my Holy Devil-suppressing seal, to be honest, I don't want to become the Devil-suppressing Divine Palace at all. I only kept the Holy Devil-suppressing seal for self-defense, that thing is really powerful. Chen Xiang heaved a long sigh, "Those old turtles in Devil-suppressing Divine Palace, they look for trouble with me everyday. I have also killed a few of their Immortal Kings before, and a few of them had also done the same thing."

Devil-suppressing Heavenly Venerable's Devil-suppressing Divine Palace was destroyed by them like this. Boy, I think highly of you, I can't touch Devil-suppressing Divine Palace right now, but you can. The Grandma Lv suddenly laughed sinisterly: "This girl Qilian, knowing that I'm bored here, she specially sent you here to relieve my boredom."

Chen Xiang was unhappy again, because he had been tricked by Lv Qilian. He realized that it was indeed the case, because only someone who had cultivated into the Devil-suppressing Golden Body could come to this place.

"Once in a while, the Devil-suppressing Divine Palace will hold a competition to test the Lord of Demon Suppressing Hall. Anyone who cultivates in the Devil-suppressing method can participate in it, so of course you can too. As long as you complete those tests, you can become the Lord of the Devil-suppressing Divine Palace." The Grandma Lv said.

"Don't you have many Palace Masters? Only the Head Palace Masters should have them." Chen Xiang said.

"Yes, so if you want to become the Head Palace Master, you still need to challenge two Divine Palace Protectors, and you need to win streak. After that, even if you can't win against the Head Palace Master, you have a certain position in the Devil-suppressing Divine Palace." The Grandma Lv said.

"What's the use of that? I don't care about that position." Chen Xiang said, he was a Leader of the Dragon Subduing School.

"Little idiot, of course I know that that position is useless, but if you can reach that step, the Holy Devil-suppressing seal in your hands will be useful, the Devil-suppressing Heavenly Venerable has left something inside the Devil-suppressing Divine Palace, and it needs a Holy Devil-suppressing seal to open it." The Grandma Lv slapped his head, but Chen Xiang didn't know what poison was added to it, causing him to feel cold.

"Alright, then I'll go get the Alive Slain Method first." Chen Xiang said.

"You should first get the items from the Devil-suppressing Heavenly Venerable. This way, it would be much easier for you to get the Alive Slain Method." Grandma Lv said: "To tell you the truth, other than Qilian, don't even think about easily obtaining the Alive Slain Method."

"Why?" Chen Xiang was puzzled: "Isn't she trying to trick me?"

"Didn't she tell you that getting the Alive Slain Method is very dangerous?" Grandma Lv said: "Although this girl has a lot of eyes, she is not bad, especially for our own people."

Seeing Chen Xiang's face full of suspicion, she said in a low voice: "Qilian is Devil-suppressing Heavenly Venerable's granddaughter, and the Alive Slain Method was hidden by Devil-suppressing Heavenly Venerable, so she can get it, but if others were to go, they would definitely die."

"This... It's true, Flower Emperor is actually the daughter of Devil-suppressing Heavenly Venerable." Chen Xiang was in disbelief.

"Hehe, actually, I am her mother and she is my daughter with Devil-suppressing Heavenly Venerable." Grandma Lv's words shocked Chen Xiang even more.

"I don't believe you, you are Devil-suppressing Heavenly Venerable's wife, why do you still have to destroy Devil-suppressing Divine Palace?" Chen Xiang remembered that this Grandma Lv had quite a huge enmity with her.

[Chapter 1459](#)

"Because Devil-suppressing Divine Palace is no longer the original Devil-suppressing Divine Palace, and this old geezer, Devil-suppressing Heavenly Venerable, has gone somewhere. In order to prevent Devil-suppressing Divine Palace from making mistakes again and again, I can only eliminate him, but that is the blood and sweat of the Devil-suppressing Heavenly Venerable, and there might be some clues left behind by the Devil-suppressing Heavenly Venerable inside, so Qilian did not permit me to make a move." The Grandma Lv said.

"In other words, the reason Emperor Hua asked me to come here is to ask me to help him find his father." Only now did Chen Xiang know Lv Qilian's final goal.

"I guess so, but you can still get Alive Slain Method s, right?" The Grandma Lv laughed.

Chen Xiang decided that he must not play any more games with Lv Qilian, maybe he would even help her count the money after she sold him. Now that he was tricked, he finally understood why Lv Qilian agreed so readily, she had already calculated that the Grandma Lv would tell him about the Holy Devil-suppressing seal, and that it would also tell him that the Devil-suppressing Heavenly Venerable was her father's matter.

"Then what about Lv Qilian?" Chen Xiang asked.

Oh, you also know this little lotus. I heard that she went to Di Tian. I haven't seen her for a long time. Grandma Lv replied, "She can be considered my adopted daughter. I have always treated her like my own daughter. I hope that she will be safe in Di Tian."

"Don't worry, she's having a good time there." Chen Xiang suddenly felt that this Grandma Lv was a little pitiful. "I'm from Di Tian."

"That's good. I never would have thought that you even knew the names of these sisters. You shouldn't be simple, otherwise I wouldn't have let them treat you like this." The Grandma Lv smiled meaningfully.

Bai Youyou suddenly said: "Chen Xiang, help me ask if my sister has been here to find her."

"Grandma Lv, have you seen a woman with a ponytail, blue eyes, and a poisonous hook?" Chen Xiang asked: "She uses poison too."

"You're talking about the Violet Scorpion Princess. When I was not here, I heard that she was a good seedling. She has never been here before." The Grandma Lv shook his head.

"If she wants to come, are you going to welcome her? She's in a very bad situation right now, and she's being hunted everywhere because she uses Magical corruption gas to kill people, and she's also the one who killed people from the Devil-suppressing Divine Palace." Chen Xiang said. Bai Youyou had said that he would look for the Grandma Lv in the past.

"Oh." The Grandma Lv was very surprised: "She can actually get hold of the Magical corruption gas and control it to kill people, this must be properly nurtured. If you can find her, then let her come here."

Chen Xiang smiled and nodded: "Definitely, I will get her to come here as soon as possible."

The Grandma Lv sighed: "The current situation in Devil-suppressing Divine Palace is not good. My husband established the Devil-suppressing Divine Palace to inherit the technique to rid the demons and also to deal with the demons and devils in that place."

"That place, is it the Night Devil Hell?" Chen Xiang immediately guessed the hell that had always made him uneasy, as there were many strong demons inside.

"Not just there. Alright, quickly go to Devil-suppressing Divine Palace and take a look, don't miss it, otherwise you'll have to wait a long time." The Grandma Lv urged.

"Alright, then I'll take my leave." Chen Xiang leapt into the air, then stepped on the Shrinking step as he flew through the air.

"The Shrinking step, huh? This little brat obtained the inheritance of the Ten Heavens Supreme Lord and has stayed here for too long. I don't even know if such a fellow appeared in the nine heavens. Grandma Lv muttered as he looked in the direction Chen Xiang disappeared in.

Chen Xiang came to the Demon Suppressing Palace. When he came here, he did not even need to ask around to know about the Palace Mistress' assessment. This is to absorb all the talents that cultivate the Devil-suppressing method, because a lot of the Devil-suppressing Divine Palace's techniques were spread out.

It started after five days. No wonder Lv Qilian was in a hurry to chase me away, she was just afraid that I would miss out, what the hell, when she saw me in the Hundreds of Flowers Palace, she started to plan, first she wanted to test my strength, then she quickly gave me the map and let me find the Grandma Lv. Then the Grandma Lv told me some things, telling me to come here to become hall master, and finally she helped her find her father.

Chen Xiang gnashed his teeth. "I really want to take this woman in as a female slave and fiercely press her onto the bed." "Heh heh, he actually tricked me."

I am the Devil-suppressing Heavenly Venerable, and I am the Grandma Lv of the Nine Heavens. Furthermore, I have just received the Sword Emperor's legacy as her disciple; it is possible that I will become the Sword Emperor in the future. Long Xueyi laughed.

"Xiao Xiang is my sister, so of course she would help me." Chen Xiang walked on the street and prepared to register.

"She will help brother Scoundrel kill his own master." Long Xueyi giggled. "Don't even think about it, even if you become the Great Emperor in the future, she's still very strong, alright?"

"Aren't you Heavenly Dragon Supreme Lord? Don't tell me you won't help me." Chen Xiang snorted: "You can be considered my man."

"Little Scoundrel, you better think about it. Don't do it." Su Meiyao laughed.

"Flower Emperor is not easy to mess with, and she's also not bad. Even though she was scheming against you, she was helping you, and these are all things that are good for you." Bai Youyou said.

Chen Xiang snorted: "If she had told me directly, I definitely wouldn't have rejected her, but she insisted on playing tricks and showing me her little tricks, which made me very unhappy. I would confide in her, even put the seed in her, gave her such trust, and even gave her sister the strange poison, but she played with me, not putting me in her eyes at all."

Su Meiyao and Bai Youyou both had a bad premonition, because they rarely saw Chen Xiang like this, but when they thought about it again, they felt that Flower Emperor was being a little too excessive. Chen Xiang was indeed very sincere, but Flower Emperor's clever actions made Chen Xiang feel disgusted, since Chen Xiang did not like being led around the nose in the first place.

"On behalf of Xiao Xiang, I will not retaliate for now, but if she does that a few more times ..." Hmph, I will play with her until the end. No matter what, I am still a Leader of the Dragon Subduing School, so I don't know how to scheme. " Chen Xiang said very seriously. It was just that he was not on guard against the Flower Emperor, which was why he was like this.

The Flower Emperor was very confident, she thought that Chen Xiang would not complain. She thought that Chen Xiang would definitely listen to her, and maybe even praise her for her intelligence. However, she did not know what kind of person Chen Xiang was.

"I want to sign up to participate in the Palace Master assessment and selection." Chen Xiang came to the registration counter and shouted loudly.

"Your name." Seeing that Chen Xiang was energetic, the old man secretly nodded.

"My name is Hundreds of Flowers Heavenly Emperor." said angrily, the others did not know why he was so angry.

Others might have only heard of the Hundred Flowers Emperor, but that was the future title of the Flower Emperor, and this Hundreds of Flowers Heavenly Emperor sounded even more powerful than the Hundred Flowers Emperor.

"This... Is it a name?" The old man was stunned for a moment before he asked.

"I don't have a name, only a name." I don't have a name, only a name. Chen Xiang said arrogantly. After staying with Long Xueyi for so long, their ability to brag was definitely not weak.

[Chapter 1460](#)

Chen Xiang looked around, and seeing that everyone's gaze was different, he said: "You don't have a rule that requires you to use a name, right?"

"No, using a name is fine, but if you are able to become a hall master, then you must have a name, submit your name and pay the registration fee. With a million Spiritual crystal, you can then go over and receive the assessment of the Immortal King's strength." The old man said.

Chen Xiang secretly despised this Devil-suppressing Divine Palace, why did he not test his strength first before paying the registration fee? If he did not pass the test, then the registration fee of a million Spiritual crystal would have gone down the drain.

"What's that test about?" Chen Xiang looked at the place that the old man had pointed to just now. There was a Contest Ring there, and on top of it stood an ice-cold young man.

If you want to become the hall master of our Devil-suppressing Divine Palace, you must have the strength of an Immortal King. Of course, not any random Immortal King would be able to accomplish that. The old man said.

There were many Palace Masters in Devil-suppressing Divine Palace, because all of the Nine Heavens had their own branch palaces which required a strong Immortal King to oversee them.

Chen Xiang handed over a million Spiritual crystal, obtained a jade tablet, and then walked towards the dueling platform.

Only the Immortal King would take the test, and the number of Immortal Kings was very few. Even though there weren't many people in this hall, there weren't many who wanted to register; they were all here to enjoy the show.

Chen Xiang walked to the Contest Ring. The person in front of him was a youth with an ice-cold face, his arms crossed over his chest as if he was extremely powerful. He only stood there and looked at Chen Xiang indifferently.

"Hundreds of Flowers Heavenly Emperor, don't you think this title is stupid?" The young man looked at Chen Xiang's jade tablet and mocked: "From the looks of it, although you are an Immortal King, it will not be easy for you to pass my test. Prepare your heart for heavy injuries."

Chen Xiang saw that the other party was so arrogant, he did not want to be outdone, and said: "No matter how stupid your title is, that's my problem, it's none of your business, you just have to do your own thing, with your current state, not to mention seriously injuring me, it's already not bad that you can even take a strand of my hair off."

An old man below the stage couldn't help but take a deep breath: "This guy is crazy. Doesn't he know that the person he is facing is the strongest out of the Four Little Immortal Kings in Devil-suppressing Divine Palace?"

"So he's actually the strongest one among the Four Little Fairy Kings. It's said that he's the one ranked first amongst the four strongest young Immortal Kings in Devil-suppressing Divine Palace, called Zhao Zhen. I heard that he's reached the ninth level of Devil Subduing Method."

"This guy is Zhao Zhen, the last time he went to Mo Tian, he made the demons there fear him for a few days."

When Chen Xiang heard everyone talking about Zhao Zhen, he finally understood that this guy in charge of testing strength had some true abilities.

When Zhao Zhen heard others talking about him, he raised his head even higher. That kind of flattery made him extremely proud, and the gaze with which he looked at Chen Xiang was even more disdainful.

"When sparring, use the techniques related to the Devil-suppressing Divine Palace. You cannot use weapons." An old man shouted, "Let's begin."

Zhao Zhen felt that this fellow was an arrogant guy who didn't know his limits. He wanted to give him a good beating as well, but he actually said such arrogant words.

"I'll knock you down with one move." When Zhao Zhen saw that the competition stage's great array had been opened, the Devil-suppressing holy power on his body flourished and surged out in a visible manner, looking like a golden flame that jumped all over his body.

Although the Devil-suppressing Divine Palace had declined, his foundation was still there. As the strongest cultivator in the young generation of the Devil-suppressing Divine Palace, Chen Xiang would only find it strange if he was not able to cultivate the Devil-suppressing holy power.

"Crack ..." A series of five thunderous booms came out, it was actually the power of the fifth level of Devil Subduing Method.

Using the explosive power of the fifth floor of the Devil Subduing Method, Zhao Zhen allowed his body to instantly appear in front of Chen Xiang as he swung out a fist.

For many people, using Devil-suppressing holy power and Devil Subduing Method Level 5 from the very beginning was a very terrifying attack. If the opponent was a Demon King or Demon King, they would definitely have to lie down.

Just when everyone thought that Chen Xiang was a little pitiful, another burst of thunderclaps rang out. It was urgent and fast, unexpectedly nine times in a row.

Chen Xiang was also using Devil Subduing Method, but he was still Level 9. And it looked like he had used it very skillfully.

"Haha." Chen Xiang laughed out wildly, and threw a fist at him. He was taller, and his arm was also a little longer than Zhao Zhen's.

Zhao Zhen's fist had only stopped right in front of Chen Xiang's nose because Chen Xiang's fist with lightning speed had already smashed into his eyes.

BOOM!

First, Chen Xiang was at the ninth level of the Devil Subduing Method, then, he unleashed his energy to attack Zhao Zhen's left eye, which also created an extremely strong suction force to prevent Zhao Zhen from flying out.

Clap clap ...

Chen Xiang waved both of his palms, and instantly, dozens of palms flew out, hitting Zhao Zhen hard and fast. The last palm was especially strong and directly sent Zhao Zhen flying.

Zhao Zhen laid on the stage, moaning softly, his heart was filled with rage, he covered one eye and slowly stood up. Chen Xiang did not use that unscrupulous Holy Spirit Qi, he only used his physical body, if not Zhao Zhen would have turned into ashes.

"Are you sure you can't do it? If you can't, then go up and fight me with a stronger opponent. With your little strength, I'm really worried that I'll beat you to death if you're not careful. I can't even let go of your hands and feet." Chen Xiang crossed his hands on his waist, and arrogantly shouted.

Everyone was still immersed in the scene just now. When they thought back to it, they were secretly shocked, Chen Xiang was just like an adult grabbing a naughty kid and beating them fiercely. He had the power to beat the opponent to death, but was worried that he would be held accountable, so he did not use his strongest power.

"I'll kill you." The furious Zhao Zhen almost roared as he rushed over.

"Hmph." Chen Xiang stomped his foot, and a gold light flashed beneath his feet, a golden light slashed across the ground like lightning, and turned into a golden circular array beneath Zhao Zhen's feet, preventing him from moving.

Seeing those runes, everyone immediately knew that it was Devil-suppressing Divine Palace's "Devil-suppressing qi array". Chen Xiang had only stomped his feet on the ground and released a Demon Sealing Array, so he was very familiar with it.

Of course, Zhao Zhen knew the power of the Demon Sealing Qi Formation. It was something that would be rather difficult to release in the Devil-suppressing qi array, and would require a lot of Devil-suppressing holy power. Once released, it would be able to trap the Demon King for a period of time.

Chen Xiang took two steps forward to the front of Zhao Zhen, and after a few more thunderous booms, Chen Xiang unleashed Devil Subduing Method level nine, throwing a punch towards Zhao Zhen's other eye.

With a boom, Zhao Zhen's other eye was violently punched by Chen Xiang. At this moment, he only felt his vision blur, his eyes were already swollen from being hit by Chen Xiang, and looked extremely comical.

"Stop." An old man anxiously shouted, if this continued, Chen Xiang would definitely destroy that Zhao Zhen, and Chen Xiang's use of the Devil-suppressing method was truly shocking, his familiarity level was already higher than many of the Devil-suppressing Divine Palace's old immortal kings.
