

## Dan God 1471

### [Chapter 1471](#)

Chen Xiang washed his body once, then lied down and wore it. Thinking back to that moment, he really wanted to find out just how that feeling had caused him to have that kind of terrifying power.

"Asgard Master, I lost to that shameless bastard, I have no other choice but to kill him." Little Lizhi's face was filled with discouragement. He leaned on the chair with his bald head, feeling his heart ache.

If it was the Evil Palace or something like that who had enmity with the Hundreds of Flowers Palace, she would have destroyed them countless times over. However, she couldn't do anything if she had to reason with someone like the Hundreds of Flowers Heavenly Emperor.

She had already beaten him up, so she had definitely trampled on him once. However, now that she saw that bastard again, who was still alive and kicking, as if he had never been beaten up before, she felt even more uncomfortable. If it was anyone else, they would have to talk about high-level pills in the future for at least a year or two before they could recover.

"It looks like he has a grudge with my Hundreds of Flowers Palace, and he's doing it purely to disgust us." Lv Qilian sighed. Right now, she still had other headaches, it was because of the seed.

"I really want to kill a scoundrel like him." Little Lizhi sighed helplessly: "But even though this guy is annoying, he still isn't enough to kill him."

When Chen Xiang received the notice, the official examination would begin tomorrow, and that Little Lizhi would be his partner. He wanted to laugh, with Little Lizhi's strength, the examination would be very easy for him.

"The one who sent the snacks is here." Huang Jintian walked in with a plate of snacks and a note under his plate.

Huang Jintian did not say anything, carried the plate and left.

Previously, Chen Xiang had asked Huang Jintian to help him leave a secret record to see if he could contact the person he was looking for, which was Bai Ziqian.

"She's actually here in the Demon Suppressing Immortal Palace. Isn't this way too dangerous?" Chen Xiang saw the address on the slip of paper. After eating all the snacks, he walked out of the hotel.

Lv Qilian had long since stopped staring at him, so he was not afraid of being followed.

was right here. She was wearing a conical hat and a black robe as she asked in a low voice: "What important matter do you need me for?"

"Sister Ziqian, I found Grandma Lv. Do you want to see her?" Chen Xiang did not waste time speaking and directly asked.

Bai Ziqian's delicate body trembled, obviously a little excited. She knew that Bai Youyou must have told her before, that she hoped to find Grandma Lv.

"Thanks, tell me the location." Bai Ziqian said.

"That place is very safe. Only the Grandma Lv likes to get some poison. You must be careful when you go there. As for the matter of me giving you the Magical corruption gas, you must keep it a secret for me." Chen Xiang gave Bai Ziqian a map.

Bai Ziqian received the map and gave Chen Xiang a jade box. "This is the strange poison I have recently gathered, take it."

Chen Xiang immediately took it and asked excitedly: "What kind of strange poison is it?"

"Seven days and seven nights. Poison Cursed Blood Orchid." Bai Ziqian only said a few words, and then left quickly.

Chen Xiang had never heard of this strange poison before, but he knew that it must be very powerful.

"Tell me, how powerful is this thing?" Chen Xiang asked anxiously.

This is a type of flower, called the Blood Curse Orchid. Upon being infected with this poison, it will only begin to release its poison seven days and seven nights later, and the poison will only die seven days and seven nights later, and during the period of seven days and seven nights after the poison is released, it will be incomparably painful, and even the Immortal King will not be able to endure it. Bai Youyou sucked in a deep breath of cold air, "This is also a very strong and strange poison, commonly known as the Seven Night Devil s' Orchid."

There were ten types of Super Old poison. Although they had rankings, they did not differentiate between the better and the worse, because they each had their own strengths.

"This kind of strange poison has an antidote, but the antidote requires the flower seeds of the Magic Curse Blood Orchid. Therefore, this poison has another use ..." You should be able to think of that. " Bai Youyou laughed sinisterly.

Chen Xiang laughed: "If someone else had planted this poison, only I can cure it, then it would be very useful."

It was used to control people, but Chen Xiang didn't have the time to copy it, if not he would definitely try.

"Is this also forbidden by the Nine Heavens?" Chen Xiang asked.

"Nonsense, even strange poisons have to be banned, that's for sure. If you use poison cleverly, getting a large number of Immortal Kings won't be a problem." Su Meiyao said: "When you use it, it's best for you not to let anyone know your identity. Within the Nine Heavens, the strong people avoid knowing about this strange poison, and the people who use it are all weak. They don't have anything to be afraid of, but those with the same strength as them, or those slightly weaker than them, are all great threats to them."

Chen Xiang returned to the hotel. Right now, the sky was already dark, he planned to rest for the night, and go participate in the true examination tomorrow. Only by becoming a Palace Master would he be able to challenge the Palace Lord, and find the things left behind by the Devil-suppressing Heavenly Venerable.

Fifty people, a total of twenty-five groups, the other combinations were all very powerful. Chen Xiang was most worried about the Divine Devil Cult and the Fire Divine Palace, as the Immortal Kings that they sent were not weak.

Inside the Devil-suppressing Divine Palace's Trembling Hall, all of the participants were here.

She was in a very bad mood right now, but Chen Xiang, who was standing beside her, was the opposite of her. He was extremely happy and grinning from head to toe.

"From now on, we will teleport you to a place, which is a famous dangerous place in Heaven Realm, called Evil Killing Forest, you should have heard of it before." The old Hall Master said.

"Isn't this a bit too dangerous?" One of the big shots from the major powers frowned, "A gigantic evil star landed in that place once, and countless evil alien star beasts were trapped in there, trapped in a barrier set up by the Devil-suppressing Heavenly Venerable."

No, everyone's Devil-suppressing method is not bad, it's not difficult to deal with those star beasts. Everyone's assessment is to enter there to hunt a Evil beast that has formed its own Star core, so your strengths should be about the same as the Immortal-becoming realm. You can barely deal with them using the Devil-suppressing method and Devil-suppressing holy power, as long as you can retrieve a single Star core, you can be considered to have passed the examination. The old Hall Master smiled.

"It's enough for two people to work together." Fire Divine Palace, the divine cultivator said with complete confidence.

"Can I fight with other people inside? If others want to steal my Star core, what happens if they kill me?" one of them asked.

"You can't attack your own people. If you are discovered by us, you will be disqualified and punished." The old Hall Master said.

Chen Xiang started to worry inexplicably. She looked at Little Lizhi and asked, "You won't kill me right? If you're with me, no one will know even if you kill me."

"Thanks for the reminder, or I wouldn't have thought of that." Little Lizhi rolled his eyes at him.

Chen Xiang was not worried about Little Lizhi. If they had to kill him, he would have died a long time ago.

Chen Xiang looked at the old Palace Lord's expression and suddenly understood that not only did he have to obtain Star core s, he would also have to face the same kind of robbery.

"Five days. When that time comes, you will have to return to the teleportation spot and wait until the deadline." After the old Palace Master finished speaking, he opened Transmission array and teleported them to Evil Killing Forest.

## [Chapter 1472](#)

Chen Xiang had heard of the Evil Demon Forest, it had existed many years ago, at that time in the Devil-suppressing Heavenly Venerable, he had thought that it was extremely terrifying here, but who knew that it would actually be so beautiful, and there were many beautiful flowers that released an intoxicating fragrance inside the forest.

Birds chirped above the trees, and on the tall trees, a light breeze occasionally blew past, blowing away some leaves. The sunlight shone through the sparse leaves onto the trees, causing people to feel very warm, no matter how they looked at it, it didn't seem like the demonic forest.

Everyone looked at the colorful flowers and wondered if the teleportation was wrong, because this place was not as unimaginable as they had imagined.

They had to kill a Evil beast that had formed a Star core within the next five days, and time was of the essence. After a brief discussion, they left one by one, entering the depths of the forest to search for the Evil beast.

"Little Lizhi, will you kill me? Under these circumstances, I will have to be careful of you. If I meet those Evil beast, I might not dare to go easy on them." Chen Xiang laughed, he continued to follow behind Little Lizhi, looking at how he was acting, he did not plan to join forces with Little Lizhi.

"If you mention it again, I might actually kill you." Little Lizhi really hated this bastard, she turned her head and roared. If not for this matter, she might not have come here.

Right now, she was helping the Hundreds of Flowers Heavenly Emperor become the hall master, so she was not in a good mood.

"Also, don't call me Little Lizhi. Not just anyone can call me that." Little Lizhi warned him coldly.

"Little Lizhi, Little Lizhi ... I'm going to scream, what can you do to me?" Chen Xiang made a grimace at her, and angrily raised his hand, wanting to slap her. Chen Xiang's current appearance was truly asking for a beating.

Chen Xiang stopped teasing her and turned serious. He was also worried that he would get beaten up by Little Lizhi.

"Do you know where there are Evil beast s? We can't just randomly search for them." Chen Xiang said: "Have you ever been to this place before?"

"Nope." Little Lizhi replied coldly.

"No matter how I look at it, this place doesn't seem to have Evil beast. It is filled with dense immortal aura and beautiful scenery, could it be that those old fellows sent it wrongly?" Chen Xiang plucked a flower and squeezed out a sweet nectar from the flower's heart.

"Do you think those Evil beast are big? A Immortal-becoming realm's Evil beast, or a Beast King can all transform into human forms." Little Lizhi said.

Chen Xiang curled his lips and said: "In short, I feel that this place is very strange, and even dangerous."

Little Lizhi ignored him and continued to walk her own path. Chen Xiang had no choice but to follow behind her because she had beaten Chen Xiang and he had to listen to her commands.

After they had entered for around an hour, Long Xueyi suddenly issued a warning: "Something is approaching. It's very powerful, but it doesn't seem to be a beast."

"If it's not a beast, then what is it? Could it be someone else?" Chen Xiang asked anxiously, and started to circulate the energy in his body.

"I don't know. This thing is very strange. It looks like a lump of black gas. It shouldn't be something made from flesh and blood." Long Xueyi said.

Little Lizhi did not know, but she suddenly felt Chen Xiang accumulating power, so she quickly turned around and vigilantly asked: "What are you trying to do?"

Little Lizhi thought that Chen Xiang was planning to sneak attack her, and the two of them had always been on guard against each other's sudden attacks. That was why Little Lizhi had such suspicions.

"Something is coming towards us. That thing is very powerful." Chen Xiang said in a low voice, as he looked towards a direction: "It's over there, why don't you come and deal with it, you're stronger than me."

Little Lizhi frowned slightly as he made his preparations.

Sure enough, she suddenly felt an extremely dangerous aura approaching. Just as she sensed this aura, a strong wind blew and a black mass of something shot over like light, its speed was astonishing.

"Let me do it." Little Lizhi bellowed, he had already left his original position, and rushed to's front, his jade fist releasing a gold qi, striking towards the ball of black qi, it was actually the Demon God Subduing Fist.

When the Divine Fist was unleashed, it caused the wind and clouds to move, the earth to shake. The Demon God Slaying Fist that Little Lizhi was using now was much more powerful than the one he used against Chen Xiang, because she did not have to think too much into it. She used all her strength to attack the ball of black energy.

"Ahh ..."

The God's Fist struck the black mist, suddenly there was a sharp scream that sounded out from within the forest, it was like the screams of evil spirits, causing one's hair to stand on end. A gloomy and cold wind blew at the forest, causing Chen Xiang to shiver.

"What's that?" Chen Xiang asked anxiously, although he was observing from the side, he could feel how powerful the thing was, he felt that if it was him, he would be stuck for a very long time.

"Evil Spirits specialize in devouring the souls of others. Possessing a body is an extremely dangerous thing, looks like this is truly Evil Killing Forest, the Evil beast here should have already found something that can help them raise their strength, so they don't need to wander in the forest." Little Lizhi's face was solemn, he walked towards the direction of the evil spirit: "Go take a look over there."

Chen Xiang followed closely behind her and asked, "What do you mean to say? What do you mean to make it so that those Evil beast don't have to work too hard to increase their strength?"

"The Star core inside the gigantic evil star that fell here all those years ago should have been the key to maintain the growth of those Evil beast." Little Lizhi held a broadsword in his hand, which was filled with Devil-suppressing holy power s, ready to attack at any time.

"That Star core should be very small, if we can get it then it would be great, but I wonder what its use is." Chen Xiang laughed. Little Lizhi did not understand how he could still smile, because this was obviously an extremely dangerous place.

There is such a terrifying evil spirit here, the Star core should be able to strengthen a person's soul, the Evil Spirit was born from a broken remnant soul, if it is unable to get nourishment, it cannot grow quickly, and the Evil Spirit that I killed earlier, belongs to the extremely powerful type. If it could comprehend the way of cultivation, it would have long molded a person's body, and then go through the Scattered Immortal tribulation.

Little Lizhi's voice was strict, and she hoped that Chen Xiang would be more serious.

Chen Xiang's eyes lit up as he laughed: "Looks like the Star core is the real deal. The Star core in the Evil beast is just trash, but those old fellows in Devil-suppressing Divine Palace would definitely want it."

"Evil beasts are only the size of a grain of sand, but they are extremely precious. I have only heard of it, but I am not sure about the specific uses of it. In short, if we obtain the Star core, we must hand it over to Devil-suppressing Divine Palace. Little Lizhi said: "You better not have any ideas about that master Star core. That place is the Evil beast's lair, there must be a large number of them nearby."

With so many Evil beasts, we can just specially pick out the stronger ones to kill them all, and we will be able to get a large number of Star cores, when that time comes, we just need to give a drop of the Devil-suppressing Divine Palace's. Chen Xiang said excitedly. He couldn't wait to fly to the Evil beast's nest.

### [Chapter 1473](#)

Little Lizhi glared at Chen Xiang: "Do you think killing those Evil beasts is as easy as pinching ants? It's already good enough to be able to kill one, but you want to kill a bunch more?"

"Aren't you very powerful? You are already an Immortal-becoming realm, and those Evil beasts are also Immortal-becoming realms. If you use the Devil-suppressing kungfu to kill them, it will definitely be as simple as pressing on ants." Chen Xiang then added: "We are partners, at that time, you have to give me some Star cores."

Little Lizhi was speechless to Chen Xiang, in her eyes, he was just an idiot who risked his life to get money.

If that is really the case, the main Star core would have been in their hands a long time ago. Those Evil beasts are not that weak, and you think they can easily become the hall master. " Little Lizhi suddenly felt that this man was extremely brainless.

Little Lizhi felt that the direction they were heading in right now, would be the closest to the center. If they could meet the Evil beast there, she just wanted to finish it quickly and leave this place far behind, waiting to be teleported back.

When it was about to turn dark, Long Xueyi finally found a direction: "There's someone walking towards you guys in front. From the looks of it, he's a transfigured Evil beast."

Chen Xiang anxiously pulled Little Lizhi who was running, and Little Lizhi flung his hands away: "What is it?"

"There's something ahead. It might be the Evil beast." Chen Xiang said.

When they had discovered the Evil Spirit previously, Little Lizhi was extremely curious as to how Chen Xiang knew about it. Of course she now believed in Chen Xiang.

"Hide and let me do it." Little Lizhi said. If Chen Xiang was by her side, she might even drag her down.

"Then you have to be careful. I'll leave first." Chen Xiang laughed and then hid behind a tree in the distance.

Little Lizhi was standing there because he told her that the Evil beast had noticed them and was walking towards them.

Not long after, Little Lizhi saw a big man wearing black fur. The skin on his body was grayish-black, with sharp ears, purplish-red ears, and a pair of narrow and red eyes.

The big sized man bent down slightly, his slender and powerful hands could even touch the ground, when he saw Little Lizhi, his eyes opened wide, the red light in his eyes disappeared and turned into a ball of black Qi that leaked out, a sinister evil aura gushing out from his eyes and enveloping Little Lizhi.

Then, the Evil beast opened its fangs filled mouth and roared. Like a bolt of lightning, it rushed towards Little Lizhi.

Chen Xiang saw it from afar and could not help but to kick Little Lizhi until he was sweating. This Evil beast was truly powerful, if it was him, he would need to use all his abilities to barely be able to contend against it.

Little Lizhi was already prepared, with the release of the Devil-suppressing holy power on her body, the golden mist cleansed the evil spirit that was enveloping her, and the broadsword in her hands pierced towards the Evil beast.

The Evil beast was very cunning, upon seeing the broadsword, it immediately changed its direction, scuttled to Little Lizhi's side, and pounced forward, a pair of claws filled with terrifying evil energy, as though it could tear apart everything.

The killing intent instantly released by the Evil beast caused all the flowers and trees around to wither. Chen Xiang understood, these Evil beast would only cause damage to the forest during times of battle.

When the Evil beast pounced towards him, Little Lizhi turned around and struck out with his sword. The Evil beast actually rotated in the air and avoided Little Lizhi's sword strike, then with a flick of its body, it produced a wave of energy that continued to pounce towards Little Lizhi. In the blink of an eye, it arrived beside Little Lizhi and grabbed toward his neck with its terrifying claws.

A golden shield immediately appeared on Little Lizhi's body. When the Evil beast's claws came into contact with the barrier, they were bounced back by a violent wave of Devil-suppressing holy power.

When it was Little Lizhi's turn to attack, when the Evil beast flew out, Little Lizhi had also flown over. She had already put away her broadsword, and used the Demon Sealing Array from the Devil-suppressing qi array, locking the Evil beast in place. At this time, she had already arrived in front of the Evil beast, and smashed out with two fists, each of them containing the power of the ninth level of the Devil Subduing Method.

Little Lizhi's two punches had made the Evil beast howl miserably, and two black bloody holes had appeared on its body.

"It's over." Little Lizhi's fist flashed with a golden light, striking towards the head of the Evil beast, and at the same time, he could faintly make out the word 'Zhen'.

BOOM!

The remnant waves of the Subduing Demon God Fist swept across the surroundings, destroying a huge tree. In front of the Subduing Demon God Fist, the Evil beast was instantly turned into ashes, only leaving behind a beast the size of a grain, emitting a bit of multicolored light.

Little Lizhi immediately extended his hand out to grab, or else he would be blown away by the shockwave.

"So weak." Chen Xiang saw that Little Lizhi had easily killed the Evil beast, and felt that the Evil beast was only so-so.

"It's because this Little Lizhi is too strong, she used her strongest Devil-suppressing holy power, and is also dealing with demons, it will definitely be easy." Su Meiyao said: "If it was you, you should be able to deal with it as well. The Evil beast here are more stupid."

Little Lizhi heaved a sigh of relief. The Evil beast here were not as strong as she had imagined, and she was worried that it was only by instinct. She had always thought that the situation was pretty bad, and that would allow her to use her strongest ability to deal with the enemy.

Just as Chen Xiang was about to go out, with a swoosh, four people suddenly appeared and surrounded Little Lizhi. These were not Evil beasts, but those who came to participate in the assessment.

One of them was a spirit cultivator from the Fire Divine Palace, the other was a spirit cultivator from the Divine Devil Cult.

"As expected of the most capable assistant under the Flower Emperor. You got the Star core that quickly, and the guy beside you was killed by you, right? That's good too, it saves us the trouble of killing him." The man from Divine Devil Cult laughed sinisterly.

"Did you come for that seed?" Little Lizhi had already guessed it. She said with a sneer: "Just the four of you want to take me down to threaten Asgard Mistress."

The Deity Cultivator smiled and said, "The four of us are obviously not good enough. However, if you have this, can you tell us?"

Just as he finished speaking, a golden net suddenly appeared, enveloping Little Lizhi, causing him to scream in pain as he laid on the ground. His face was filled with pain, and the golden net was glowing with electric currents.

"Tai Kang, your Holy level Treasure Web is really not bad, I didn't think that you would be able to control this woman." The young man from Divine Devil Cult laughed.

Tai Kang was the Fire Divine Palace Divine Cultivator, he held a gold bead in his hand, and currently, he was channeling his energy into it. This bead should be the thing that controlled the Holy level Treasure Web.

Little Lizhi gritted her teeth as she endured the pain. This Holy level Treasure Web was indeed powerful, and was even a famous immortal weapon in the Fire Divine Palace. She never thought that the Fire Divine Palace would actually use it against her.

She secretly became desperate, because she thought that Chen Xiang would not save him. She thought that Chen Xiang had escaped the moment he saw the four people appear.

Of course Chen Xiang did not leave. He was waiting for an opportunity.

#### [Chapter 1474](#)

"Tai Kang, your spirit cultivation seems to be much more powerful than our Divine Devil Cult's geniuses. You might even be able to enter the Immortal-becoming realm very soon with your boundless future." The Divine Devil Cult flattered on the side.

Tai Kang smiled slightly, looked at Little Lizhi who was painfully struggling on the ground, then opened his palm and said: "The Thunder power that I used just now, let's try the flame now."

Just as he was about to start, a wave of energy came through. The bead in his hand suddenly disappeared into thin air.

It was Chen Xiang who had used the power of the spatial laws in the distance to take things in from the air.

"Very strong power of space." Tai Kang's face became ugly, the four of them immediately looked around, and at this time, Little Lizhi who was trapped within the Holy level's treasure web had also disappeared.

Chen Xiang hid himself on a tree in the distance, while Little Lizhi laid in his embrace. He took off the Holy level Treasure Web, and when he saw the weak Little Lizhi, he couldn't help but sigh in admiration at the power of the net, which had actually turned the arrogant Little Lizhi into such a state.

"Hey, are you alright?" Chen Xiang lightly slapped her jade face, making her fiercely glare at him. If it wasn't for Chen Xiang saving her, she might have already gone berserk.

Little Lizhi's body was powerless, you could see that she was severely injured, the network probably caused severe damage to her blood channels, she just let Chen Xiang hug her, then closed her eyes and started to heal herself.

"It should be that Hundreds of Flowers Heavenly Emperor. She actually did not kill that brat." Tai Kang said angrily: "That brat knows how to use Spatial Strength, only he can do that. He should be somewhere nearby, quickly find him."

Chen Xiang told Long Xueyi to release her Boundless Divine Power and to conceal himself with Little Lizhi. However, a barrier that appeared on the outside could make them disappear as well as prevent them from being seen from the outside.

"Hide yourself well, I haven't recovered yet. You'd better not attack." Little Lizhi opened her eyes. She saw that Chen Xiang was actually ready to make a move, so she hurriedly warned him.

Chen Xiang suddenly grabbed onto her jade hand, causing him to shout: "What are you doing?"

"Let me see how bad your injury is." Chen Xiang grabbed her wrist and penetrated through it with a Divine Power, checking her injuries: "Don't resist me, relax."

Little Lizhi's chest rose up and down, looking at Chen Xiang with some anger. Just now, he was touching her face, and now, he was touching her hands as well. This was the first time she was being played around by a man, and her buttocks were actually Chen Xiang's thighs.

"Relax, I need to recover your injuries quickly." Chen Xiang said.

Little Lizhi took a deep breath, and stopped resisting Chen Xiang's divine power. She closed her eyes, as she also wanted to quickly leave this place and forget about everything.

"It's quite serious. I won't be able to recover until the next month." Chen Xiang laughed, "That net is so powerful, but it is already mine."

"Don't be moved by me, or I will die together with you." Seeing Chen Xiang smiling so happily, Little Lizhi started to worry secretly.

Chen Xiang laughed: "Thank you for your reminder, otherwise I wouldn't have such thoughts."

Little Lizhi was furious in her heart, this was what she had said to Chen Xiang earlier. She had always hated Chen Xiang and had also beaten him severely, but now, she suddenly felt that other than some brain problems, Hundreds of Flowers Heavenly Emperor was actually quite a good person. At the very least, he had saved her now, or else if she fell into their hands, the consequences would be unimaginable.

Chen Xiang took out a small flower that was carved out of jade. It was extremely beautiful, and Little Lizhi was stupefied when he saw it, not only because of the beauty of the flower, but also because she knew what kind of flower it was.

"This is ..." Jade Dragon Flower. " Little Lizhi was shocked, she could see the dragon carving on top of the petal, as well as the exquisite dragon scales.

"That's right, I can help you quickly recover from your injuries and finish off those four fellows." Chen Xiang took off a petal and placed it next to Little Lizhi's lips.

"Open your mouth." Chen Xiang laughed.

"Hmph."

Little Lizhi scoffed, and opened her mouth slightly. She looked very enticing right now, making Chen Xiang very tempted to go over and kiss her, but he didn't dare, because the consequences would be very tragic.

"I'll recover soon." After Little Lizhi finished speaking, he gently said: "Thank you."

"Hehe, now do you know why I'm called Hundreds of Flowers Heavenly Emperor? In my eyes, Jade Dragon Flower is nothing." Chen Xiang said smugly.

Little Lizhi snorted, then closed his eyes and refined the power brought about by the small piece of petal. Chen Xiang put her down and let her lean against the tree trunk, the branches of the big tree were very thick, and it was not a problem for the two of them to be on it.

"Wait a moment, capture Tai Kang and the azure-dressed man alive." Chen Xiang said seriously: "I want them to be useful."

"What's the use?" Little Lizhi asked: "You want their things, their Storage magic treasure s all have restrictions on them, other than yourself, others cannot open them, just kill them all."

"Tai Kang is a divine cultivator from the Fire Divine Palace, he is very important. That azure-dressed man is from the Divine Devil Cult, I would like to know his purpose in coming to the Devil-suppressing Divine Palace." Chen Xiang said.

"Divine Devil Cult, this is real." Little Lizhi gritted his teeth: "Divine Devil Cult, I won't let them go."

Chen Xiang nodded his head: "Right now, Divine Devil Cult should be preparing to come out from the water with a high profile. If we can get the seed in your Flower Emperor's hands, it will be of great use to them."

Now, Little Lizhi realized that this annoying bastard was not as simple as he thought, and was also very cunning. Luckily he treated her well, otherwise, she might have been set up by him.

"Don't tell me you don't want to obtain the seed of our Asgard Master?" Little Lizhi asked.

"If I were to trade with you, would your Asgard Master give it to me?" Chen Xiang laughed.

"I don't know." Little Lizhi shook her head: "Asgard Mistress has always been good to me, but that seed is also very important to her. But no matter what decision she makes, I will never blame her.

That seed was Chen Xiang's, of course he wouldn't use Little Lizhi to exchange for it. As long as he asked, Lv Qilian would definitely return it to him.

"Then I've saved you. You have to repay me." Chen Xiang said.

"Of course." She looked at Chen Xiang. "How do you want me to repay you? If you want me to repay you with my own flesh, then you should just kill me."

Chen Xiang laughed: "If I really want to make a move on you, I can do it right now, cough cough, you have to agree to three conditions."

"As long as I can do it, speak." Little Lizhi was already prepared to be slaughtered by Chen Xiang.

"First, leave behind the lives of Tai Kang and the azure-dressed man. Second, accompany me deep inside. I didn't think about it at the moment, but if I didn't say anything about these five days, then the third rule would be invalid. Also, the matter of you and I being here must be kept a secret, and it definitely must not be leaked, including the Flower Emperor." Chen Xiang said.

"No problem." Little Lizhi promised straightforwardly.

## [Chapter 1475](#)

"Hua Lang, does your Divine Devil Cult not have any special methods to deal with this kind of situation?" Tai Kang's entire body was releasing hot steam, his heart was filled with anger, adding that he was panicking, it was difficult for him to control his emotions, he wanted to burn this place down.

Not only was the Holy level Treasure Web stolen, more importantly, he had let Little Lizhi escape. If Little Lizhi could return, they would be done for, so they had to find Little Lizhi here.

"I've used it, but they've hidden it well, so I can't detect it." Hua Lang said. He was considered an outstanding follower in the Divine Devil Cult, if not he would not have been sent over.

"That woman should have been severely injured. When I used the net to catch her, I launched a very powerful attack. They shouldn't have gone far, or we should be waiting for them at the teleportation spot. It would be fine to attack them when the time comes." said, thinking of this method made him feel a lot more at ease.

If not for that precious net, they would not be Little Lizhi's match. They estimated that Little Lizhi's injuries would take at least a month to recover, and they were not afraid of the remaining Hundreds of Flowers Heavenly Emperor.

"Keep searching. If we attack from the teleportation spot, it'll be easy for others to find us." Hua Lang said.

"If we are discovered, we'll immediately eliminate them. Kill everyone else to prevent the two fellows from returning." Tai Kang clenched his fists tightly.

Chen Xiang and Little Lizhi heard their conversation, and sneered in their hearts. As long as Little Lizhi recovered, these people would all be dead.

"Is it going to be any time soon?" Chen Xiang looked at Little Lizhi, who was at the side. He seemed to be unable to wait any longer.

"It's about time. You just stay here and watch." Little Lizhi was able to stand up, and her complexion looked much better, her cheeks were flushed, and she had regained her blood vitality, looking much more spirited than before.

Just a small petal could bring about unexpected effects, as expected of the Jade Dragon Flower.

The four of them split up, searching for Chen Xiang and Little Lizhi. Little Lizhi had already made her move, but only after she assassinated the other two and killed them did she leave Tai Kang and Hua Lang.

Little Lizhi often carried out some secret missions, she had done everything she could to catch people alive, so it was not difficult for her, even if the opponents were Fire Divine Palace's God Cultivator and Divine Devil Cult's followers.

Chen Xiang quietly followed behind Little Lizhi, and what Little Lizhi was going to do next was deal with the Divine Devil Cult's Hua Lang.

In the forest, Hua Lang carefully moved forward and used his divine power to carefully scan his surroundings as he searched for clues.

As an outstanding disciple of the Divine Devil Cult, he cultivated the divine way and the devil way. Not only was his strength strong, he was outstanding in all aspects.

Moreover, he could feel the approaching dangerous aura and immediately channeled the power of the gods and devils within his body.

"If he doesn't have the strength to fight back, then I'll attack and catch him." Chen Xiang said.

Suddenly, he felt that this aura was a little familiar, it was very similar to Little Lizhi's. This caused him to be extremely apprehensive, and just as he was about to shout out, the voice was stuck in his throat. In that instant, the dantian in his body was sealed by Little Lizhi's Devil-suppressing qi array, and all the meridians in his body were broken by Little Lizhi's palm.

Chen Xiang immediately flew over, took out a square cauldron, and placed Hua Lang inside. Then, he immediately disappeared, and hid himself.

Tai Kang seemed to have sensed something and he immediately took out a jade talisman to transmit a message to Hua Lang. However, he did not reply for a long time, which caused him to immediately be on guard.

"Hua Lang... Hua Lang..." Tai Kang shouted a few times, his voice resonating in the quiet forest, causing him to feel inexplicably afraid.

"Stop shouting, he will see him soon." Little Lizhi suddenly appeared in front of Tai Kang and swatted his face with his palm. With nine thunderous booms and the power of the 9th level of Devil Subduing Method, Little Lizhi's face was covered in wounds. His body was not as strong as Chen Xiang's.

"You ..." Tai Kang was shocked, he immediately used his divine power to carry out mental attacks, but he suddenly felt that his dantian was sealed.

Little Lizhi swiftly unleashed two palms, one of them striking at Tai Kang's Dantian, releasing a Devil-suppressing qi array that temporarily sealed his Dantian, and the other smashing into the Divine Sense Sea.

Therefore, Little Lizhi did not use this move on Chen Xiang previously, but because Chen Xiang's dantian was very blurry, there was no need to even mention the Divine Sense Sea.

"Quick, take care of him. The Devil-suppressing qi array won't last for long." Little Lizhi shouted.

Chen Xiang immediately appeared and fell from the sky, slapping his hand fiercely on Tai Kang's head, he activated Soul Absorbing Devil Spell and searched through the memories inside ... "Ah... You bastard, what are you doing to me?" Tai Kang suddenly screamed miserably. Her eyes were suddenly red and swollen, and her face was filled with malevolence. Even Little Lizhi had frowned when he saw this and she wanted to know what Chen Xiang was doing.

"It's a Soul Search ... Ah..." "A spell ..." Tai Kang screamed in pain, and said it intermittently.

After knowing what Chen Xiang was doing, Little Lizhi anxiously retreated a few steps, and looked at Chen Xiang in shock. Soul Absorbing Devil Spell was a demonic technique, it could be considered a consummate technique, countless of experts had thought of it, who would have thought that this Hundreds of Flowers Heavenly Emperor knew how to use it.

"You can die now." Chen Xiang let out a cold snort as he activated the Devouring magic kungfu, swallowing everything inside Tai Kang's Divine Sense Sea, including his divine soul, and assimilated it into his own Divine Sense Sea, allowing the God Power inside his Divine Sense Sea to refine it.

This Tai Kang's entire body was filled with treasures, the Divine Sense Sea that swallowed him could help him increase his divine power, and he was an important figure in the Fire Divine Palace, the Fire Soul in his body was definitely not weak either. Chen Xiang used the Devouring magic kungfu and extracted the Fire Soul from Tai Kang.

In the end, Chen Xiang took out Tai Kang's Sky Pill and burned his corpse to ashes. What did this show to Little Lizhi, she could obviously see that Chen Xiang had taken out his Fire Soul. The purple Fire Soul was a very precious thing, it could let many Dan Immortal fight over it.

The Heaven Pellet was of great use to Chen Xiang. He could refine the Heaven Pellet into something similar to the Ice seal Dan, which he could use to attack others with. It was as powerful as an Immortal King explosion, and he had over ten of these pellets on him.

After getting rid of Tai Kang, he let that Hua Lang out. Like Tai Kang, Hua Lang first used the Soul Absorbing Devil Spell to search his memories, then swallowed his divine soul, took away the heaven pellet, and finally destroyed his corpse and erased all traces of it.

"You ..." Little Lizhi wanted to say something, but he did not say it out loud, he only looked at Chen Xiang vigilantly.

#### [Chapter 1476](#)

"What kind of memories did you find?" Little Lizhi was a little curious.

"Divine Devil Cult and Fire Divine Palace have secretly joined hands. They wanted that seed and then they planted it together. It seems like their goal is to go to that Heaven Realm." Chen Xiang said: "The memories I have are limited, this is what they know about this matter."

Chen Xiang did not completely devour the other party's memories, so it would take some time, and it would not be good if he had too much memories as well. He was only looking for some crucial and useful things, such as where the Divine Devil Cult was hiding and the thing that could give birth to divine soul that he had always been thinking about.

"Just what kind of origin do you have? You have mastered the powerful Devil-suppressing method, and yet you also understand the unique Devil Dao arts of the Soul Absorbing Devil Spell." Little Lizhi frowned and asked.

"I am Devil-killing Summit." Chen Xiang casually found an excuse.

Hearing that it was from the Devil-killing Summit, Little Lizhi did not ask more about Chen Xiang's origins. "I heard some rumors that your Devil-killing Summit had also sent people to snatch that seed, could it be you?"

"No, I have no interest in that seed, if not I would have caught you long ago. Although I am a member of the Devil-killing Summit, I have never stepped onto that mysterious Devil-killing Summit, and currently, I do not have that power either. So, the reason why the people from the Devil-killing Summit are here has nothing to do with me." Chen Xiang said: "You promised me, you must keep this a secret, and can't tell anyone else that I'm here."

"I will never go back on my words, but you must tell me your purpose in calling yourself Hundreds of Flowers Heavenly Emperor." Little Lizhi had always been brooding over this matter, otherwise her relationship with Chen Xiang would have been better.

"It's nothing, I just wanted to disgust that arrogant woman from the Flower Emperor. I had no other goal, when I feel like it's enough, I naturally wouldn't do that." Chen Xiang laughed.

Little Lizhi was speechless in his heart: "You, what hatred do you have with Asgard Mistress?"

"I don't hate her, I just hate her and want to disgust her. But you will understand in the future." Chen Xiang was already walking deeper in, and said: "Let's hurry, time is tight, I want to hurry up and get the master Star core."

"I will try my best, but whether or not I can get it will depend on you." said. Now that she knew that Chen Xiang had a lot of methods up his sleeves, even if that place was dangerous, he could guarantee his safety.

Although Chen Xiang was already a Immortal King, his progress in the divine way was very slow. He was not a Imperial Dragon Clan, as he could not even make breakthroughs in his sleep like Long Xueyi. If he wanted to quickly raise his divine soul, he would need to rely on external help.

There were still three days until the end of the time period, so Chen Xiang and Little Lizhi were running frantically in the forest, rushing towards the center.

"In front of us is a small mountain, and beside it are the Evil beast. There are about 2000 of them." Long Xueyi said: "I'll try to see if I can find out where the master Star core is."

Chen Xiang told Little Lizhi to stop. If they continued to move forward, perhaps those Evil beast would be alerted. He had to wait for Long Xueyi to investigate everything thoroughly before he could decide on his next course of action.

"It's in the middle of the short mountain, but I don't know what material the short mountain is made of, but it's extremely sturdy with no gaps at all. On the surface, there are traces of attacks coming from the direction of the attacks, it seems like those Evil beast have attacked many times, but have no way of obtaining the inner Star core." Long Xueyi said.

"What if I use the power of the Space Laws?" Chen Xiang asked.

"It shouldn't be possible either. That short mountain should be the core of that evil star. After so many years had passed, it still hasn't been destroyed. I'm afraid that it might not be easy to take it out." Long Xueyi said.

Chen Xiang frowned: "I wonder if we can use Green dragon demon-slain broadsword s."

"You can try, but then you'll be exposed." Long Xueyi said.

"I'm not afraid of that, Little Lizhi will not tell others, but I will tell her to keep it a secret. Although she is rather violent, she has good faith in me." Chen Xiang said.

Little Lizhi asked: "Any discoveries, we need to hurry up and move. If we still can't find him, we need to hurry back, in case we don't have enough time."

"I found it. I found a few thousand Evil beast surrounding that place. I need you to lure most of the Evil beast away so that I can move quickly." Chen Xiang said: "That place is very sturdy, I will need some time to open it."

Little Lizhi was very suspicious in her heart. She nodded her head: "Let's go."

Little Lizhi rushed over as fast as he could. Not long after, he saw that in front of him was a large area with no trees, and the soil was pitch-black. In the middle of the area was a relatively large and round dwarf mountain.

There were many transformational Evil beast above the short mountain, about a thousand of them, and around the short mountain, there were also about two thousand Evil beast, but their bodies were quite large, and it seemed like they had not completely evolved.

Little Lizhi suddenly rushed in, and his whole body was releasing Devil-suppressing holy power's Qi, causing the Evil beast to feel extremely uncomfortable, they immediately roared at her, causing thousands of Evil beast to roar at the same time. The sound resonated into the sky, causing all the birds in the Evil Killing Forest to fly out of shock.

The roar was accompanied by a gust of wind that blew against the forest, the trees close to the center had their branches and leaves snapped, and waves of black Qi came out from the Evil beast and floated in the air, blocking the light, causing the forest to become dark.

Facing so many angry Evil beast, Little Lizhi felt a lot of pressure, but she still took out a large sword and rushed into the herd of beasts, killing them in the blink of an eye. At the moment, the group of Evil beast were all rushing towards her.

Her goal was to lure the Evil beast away so that Chen Xiang could take action. She immediately escaped in one direction, this group of Evil beast were originally stupid, they immediately chased after them, and only a few were still there.

"We've gone far. Let's begin." Long Xueyi said.

Chen Xiang immediately teleported through space and took out his Green dragon demon-slain broadsword s to kill the few remaining Evil beast s. These Evil beast s were at most at the late stage of Immortal King Stage.

Chen Xiang jumped into the air and used both hands to hold onto the divine blade. As he fell, he channeled the holy energy within his body to pour into the divine blade, increasing its power.

Boom.

The short mountain actually shook violently, and from the inside, a thunderous noise came out. The power caused Chen Xiang's hands to feel pain, and he was actually unable to move the small mountain, nor did he leave behind any traces.

When Little Lizhi, who was running wildly in the forest heard the sound, he knew that Chen Xiang had already made his move. However, the group of Evil beast that were chasing after her immediately turned their heads and ran back after hearing the sound.

"What's going on?" Little Lizhi clenched his teeth, holding onto his broadsword, he retreated back into the group of beasts.

### [Chapter 1477](#)

Even though that group of Evil beast were stupid, they seemed to know that someone was going to take away the main Star core, so they rushed towards the short mountain without a care for their own safety.

When the beasts were chasing after Little Lizhi, they had already trampled many big trees in the forest. At this moment, they could clearly see the short mountain from afar.

"What is this guy doing? Hurry up and get it." Little Lizhi initially thought that Chen Xiang was as straightforward as before, but now, he dragged his feet and stood there.

Little Lizhi had killed dozens of Evil beast and had some of them fight back against her.

"The Evil beast have returned." Long Xueyi said: "The one thousand that is rushing in the front is the strongest, I'm afraid you cannot handle it, so quickly settle it."

Seeing that the group of Evil beast was about to return, Chen Xiang clenched his teeth and threw the Green dragon demon-slain broadsword high into the sky. Then, he used his mind to control the Green dragon demon-slain broadsword and made it become as large as a thirty thousand meter tall mountain.

"I'll just have to wait and see." Chen Xiang released more than half of his sacred and divine power from his body into the divine blade, and then let the Green dragon demon-slain broadsword fall down.

Not far away, Little Lizhi saw the gigantic and shocking divine blade, as well as the engraved gigantic green dragon. She knew immediately that this was the Green dragon demon-slain broadsword, she was extremely shocked and immediately thought of many things, including the fact that the Hundreds of Flowers Heavenly Emperor was actually Chen Xiang.

The Green dragon demon-slain broadsword s had now become extremely huge, and in front of the gigantic blade, the short mountain was like a small steamed bun, fiercely thrusting down the divine blade, the heavy divine blade caused a very strong force when it fell down, and when the tip of the blade touched the mountain, it created a burst of cyan colored strong light, causing a shockwave that flattened the surroundings, and the Evil beast that were rushing over were also blown away by the remnant waves of the divine power.

Chen Xiang relied on his own strength and was only blown a few steps back.

Boom.

The short mountain exploded, a large piece of solid rock flew out in all directions following the shock wave. Some of the Evil beast were struck by the rocks, and even their bodies were smashed into pieces.

Chen Xiang was already prepared, and immediately jumped into the middle. Long Xueyi had already used her divine power to find that piece of Star core, which was only as big as a fist, but the energy it contained made Chen Xiang feel fear.

Chen Xiang withdrew his Green dragon demon-slain broadsword and released his Holy Devil-suppressing seal, allowing it to float in the air in front of him. The moment he saw the Evil beast, he controlled it to smash onto the ground.

"Come here." Releasing his divine power, Chen Xiang made a grasping motion with his palm, causing several hundred Evil beast s to fly over and be caught by him. At this moment, he had also arrived beside the astonished Little Lizhi.

"Let's go."

Chen Xiang withdrew his Holy Devil-suppressing seal, grabbed Little Lizhi, stepped on the Shrinking step, traveled through space, and quickly got rid of those thousands of crazy Evil beast. Those were all Immortal-becoming realm s, and they were not easy to deal with.

Very soon, Chen Xiang brought Little Lizhi to a peaceful place. Little Lizhi frowned and snorted, "You really are Chen Xiang."

Previously, Lv Qilian had thought that he was Chen Xiang, but later on, something had changed her mind.

"That's right, the third condition that you agree to give me away now is that you are not to tell your Asgard Mistress about me being Chen Xiang." Chen Xiang threw a small bag to Little Lizhi. Inside it, there were a few Evil beast s, there were more than 200 of them.

"This is for you." Chen Xiang laughed.

"Bastard, why did you harm the Palace Master?" Little Lizhi expressed his confusion.

"I have a little conflict with her. I just want to disgust her a little." Chen Xiang laughed: "You must remember to fulfill the third agreement, if not ..."

"Otherwise what?" said in a cold voice. She actually wanted to tell Lv Qilian about Chen Xiang's identity, but she couldn't go back on her words. She really didn't want to see her own Asgard Mistress being played by Chen Xiang in the middle of the applause.

"It doesn't matter. In short, I won't trust you in the future. If you don't fulfill your promise, then in my eyes, you are an ungrateful vile character." Chen Xiang sighed, to deal with someone like Little Lizhi who had strong principles, this was the best way.

She felt that Chen Xiang was just competing in intelligence with Lv Qilian. In this aspect, Lv Qilian had indeed lost, and he had lost very miserably, so even now, he still did not know.

"I don't understand, the palace masters and the experts of the Devil-suppressing Divine Palace were watching you closely, but you were able to escape to Xie Tian to eliminate the Xie Clan, and later on you attacked the branches of the Devil-suppressing Divine Palace and the Devil-suppressing Divine Palace." Little Lizhi said: "You were in the hotel all day."

Little Lizhi suddenly realized that when Chen Xiang was fighting with her, she had kept a lot of power hidden. She did it so that she would not reveal her true strength, but she was still very powerful, especially with her powerful body.

"I didn't do that. Rumor has it that I have a friend from the White Dragon. This isn't a rumor, it's true." Chen Xiang laughed: "I don't have any hatred towards your Asgard Mistress, I'm just playing around with her. I won't hurt her, so you can't tell her and you don't have to feel guilty."

"Hmph." She had long heard of Chen Xiang's achievements, so she knew that he was very cunning and powerful. Now that she had finally experienced it, if it wasn't for the situation today, she would probably never know that she had experienced such things in her entire life.

"Don't be angry. You call me a bastard all day long. I'm always smiling at you, but you're always scowling at me." Chen Xiang laughed.

"Because you're a bastard." Little Lizhi glared at him.

"Although you're a bit rough, I really want to marry you. Little Lizhi, you're supposed to be eating this anyway, I don't know if you're sweet or not." Chen Xiang laughed.

"Don't even think about it, I won't marry you even if I die." Little Lizhi coldly snorted.

"Since that's the case, then I feel excited just thinking about marrying your Palace Master, a generation's Flower Emperor." Chen Xiang laughed sinisterly.

"If you keep talking, I'll kill you." Little Lizhi immediately shouted out in anger.

"Hey, if you don't agree to my marriage, won't you allow me to marry your Palace Mistress? Don't tell me you like her?" Chen Xiang seemed to have discovered a big secret as he smiled wickedly.

Little Lizhi gritted his teeth as he looked at him, "It's best if you don't spout nonsense. Who wants to be your scoundrel's woman?"

Chen Xiang took out the treasure web, and sighed: "Although I'm a bastard, I still have a woman, I'm just joking, don't take it seriously, your palace is mainly my woman, I don't think much of her, I actually quite wish for her to be my female slave."

Just as he finished speaking, Little Lizhi's sword was already at his throat.

"Watch your mouth." Little Lizhi kept his sword, his face full of anger. If it was anyone else, they would have been sliced into pieces by her already.

[Chapter 1478](#)

Chen Xiang and Little Lizhi returned to the teleportation spot. Along the way, no matter how Chen Xiang teased her, Little Lizhi did not say a word, because she felt that if she said a single word to Chen Xiang, she would be inexplicably angry.

"Little Lizhi, why isn't Xiao Xiang here? She should be quite strong, why didn't you send her to fight me? Maybe I'll listen to her." Chen Xiang asked.

"She went into seclusion. We didn't want to disturb her. We really wanted her to come." Little Lizhi snorted, if he had known earlier that Hundreds of Flowers Heavenly Emperor was Chen Xiang, things would not have gone this far.

When they returned to the Transmission array, there were already five people who had returned. Including Chen Xiang and the rest, there were only seven people at the moment, and there were only half a day away from the deadline of five days.

When the time was almost up, three more people returned, a total of only ten people were able to return to the Transmission array. Chen Xiang asked around, and found out that only two groups of people managed to get their hands on Star core.

Opening the Transmission array, everyone returned to the great hall of the Devil-suppressing Divine Palace. Seeing that only ten people had returned, everyone was a little surprised, especially the big shots of the Fire Divine Palace and the Divine Devil Cult.

Little Lizhi took out a Star core and gave it to the old Hall Master, proving that they had hunted a Evil beast.

At this time, a lady from the Hundreds of Flowers Palace said unhappily: "The reason this guy could become the Palace Mistress is all because of us, Little Lizhi."

Chen Xiang swept his eyes across the lady and laughed: "Isn't it just Star core, I have a bunch of them here."

As he spoke, he took out a handful. There were dozens of these, which caused the old Palace Masters of the Devil-suppressing Divine Palace to be dumbstruck, because this meant that he had killed many powerful Evil beast.

He and Little Lizhi split the Star core evenly, and no one had more than two hundred of these, but Little Lizhi could not say anything, because she had promised Chen Xiang that she would not say anything about what had happened inside, so she could not take out the Star core either, or else Lv Qilian would be suspicious. At that time, if Lv Qilian continued to ask, she might not be able to keep it a secret.

"Little girl, do you know how powerful my Hundreds of Flowers Heavenly Emperor is? Tens of Evil beasts, to me, are as easy as killing chickens. Your Little Lizhi can only pass this trial with my care. Chen Xiang sneered.

"You ..." Little Lizhi glared at him but did not refute him. She could tell that Chen Xiang was giving her a hard time, because if that happened, Lv Qilian would definitely come and question her.

From now on, you are the hall masters of our Devil-suppressing Divine Palace. We will assign you to a place to manage our branch halls. The old Palace Lord said, "Carry on with your Devil-suppressing method. This is something you need to do."

"Hundred Flowers... Sky Emperor, where do you plan to go to be the Palace Lord? If possible, we can arrange for you to take over. " the old hall master asked.

Chen Xiang thought for a moment, then said: "I want to go to the Ancient Star Immortal Palace, is that possible?"

"Sure, when you pick up some things, you can use our Transmission array to teleport over. But before that, you all have to swear to join our Devil-suppressing Divine Palace, and you all can stay with your original forces." The old Hall Master said.

Little Lizhi glanced at Lv Qilian, and Lv Qilian nodded to her. This Devil-suppressing Divine Palace was her father to begin with, so it wasn't a big deal for her to have Little Lizhi join them. However, to others, Lv Qilian wanted to take over the entire Devil-suppressing Divine Palace.

After he finished his oath, Chen Xiang received a jade pendant. This jade pendant was not only a symbol of the Palace Master, but also a Storage magic treasure.

"Little Lizhi, from now on, we are from the same sect. When I have time, I will come to the Hundreds of Flowers Immortal Country's main palace to find you to properly cultivate our feelings." Chen Xiang laughed evilly, causing people to wonder what had happened inside the Evil Killing Forest.

Little Lizhi glowered at Chen Xiang, but Chen Xiang simply smiled and turned, stepped into a Transmission array and headed towards the Ancient Star Immortal Palace.

... .... Inside the Hundreds of Flowers Palace, Lv Qilian was in his own room. He asked Little Lizhi, "What happened inside the forest, why does that guy have so many Star core? Those Evil beast should not be that weak."

really wanted to tell her that that guy was Chen Xiang. Using Holy Devil-suppressing seal to kill that kind of Evil beast was as easy as killing ants, she almost blurted it out. She also hated Chen Xiang a lot and wanted to let Lv Qilian know the truth behind it even more.

"That guy is very powerful. Previously, when we fought, he hid a lot of his strength, so he killed a lot of Evil beast."

Little Lizhi sighed. Although Chen Xiang was annoying, Mu Qianxiang was Lv Qilian's disciple after all, so she felt that he would not do anything to hurt Lv Qilian.

Lv Qilian nodded his head: "You should be very tired, go back and rest. Those fellows who are keeping an eye on the seed are already inside the main hall, I just don't know when they will make their move."

"Then when should I go challenge the Lord Hallmaster?" Little Lizhi asked. It seemed that Lv Qilian did not send her to participate in the examination just to teach her a lesson.

"The Lord Hallmaster is very strong, it is hard to say if he could even win two Divine Palace Protectors s, and he has to use Devil-suppressing method as well. I will pass some Devil-suppressing method to you, you can go after mastering it, Divine Palace Protectors will not win that easily."

How could she not see that Little Lizhi had something to hide from her? Only, she knew that Little Lizhi was very loyal to her, so she did not pursue the matter further, and did not expose her. She felt that Little Lizhi had her own difficulties.

When Chen Xiang came to the Devil-suppressing Divine Palace s of the Ancient Star Immortal Palace, he was now the boss. The branch palaces here were of average scale and only had more than a thousand disciples.

Other than him, the hall master, there were also four other elders. They were all Immortal King level old men and they were all very old. Not only that, they were all decent people.

The purpose of the Devil-suppressing Divine Palace Branch Hall was to absorb outstanding disciples and send them to the Main Hall. At the same time, they would impart knowledge on the Devil-suppressing method, allowing more people to join the Devil-suppressing Divine Palace.

Chen Xiang did not want to take care of these things and leave it all to the elders. He specially came to the Ancient Star Immortal Palace with a purpose, because the location of the Divine Devil Cult was very close to this place.

Chen Xiang's goal was the Divine Devil Cult's "Demonic Pool Water", the strange thing that could help a person develop divine soul.

#### [Chapter 1479](#)

The Devil-suppressing Divine Palace was a giant stone building. Even though it was a branch hall, it still had fifty floors, and the highest floor was Chen Xiang's. He had a panoramic view of the prosperous center of the Ancient Star Immortal Palace.

However, it's very ancient. Legend has it that it's because an ancient planet fell down here, but the star didn't explode, and instead brought along the energy to nourish the earth. That's why people are here, so it's a good idea for you to stay here for a while. Su Meiyao said.

"The two Divine Palace Protector s are not weak, I heard that they are from the Immortal-becoming realm, there is no need to talk about the Lord Hall Master who is in charge of the Devil-suppressing Divine Palace, he is probably at the same level as Duan Ming, both in the later stages of the Immortal-becoming realm." Last time in Evil Divine Palace, the Lord Palace Master of the Devil-suppressing Divine Palace caught him as well.

"The Immortal-becoming realm has nine cycles, I think that hall master is only at the fourth or fifth cycle, and Duan Ming is equivalent to around the sixth cycle. Otherwise, he wouldn't be able to fend off so many people by himself." Long Xueyi said.

"Even if she's at the fourth or fifth transition of the Immortal-becoming realm, she's still not someone I can handle right now. I wonder how strong Lv Qilian is right now." Chen Xiang said: "Seems like she is going to let Little Lizhi challenge the hall master. In that case, the Devil-suppressing Divine Palace will be under her control."

"She might have reached the Saint Ruler realm. She is indeed very strong, and she is progressing very quickly. Sooner or later, she will become a true Flower Emperor." Long Xueyi said.

Chen Xiang took out a small and said: "I have to hurry up and cultivate my divine soul up, and condense the God wind earlier."

He was already an Immortal King, but he was still unable to condense God wind. If he could, his cultivation in the divine way would increase by a big step.

"Actually, cultivating the holy power in your body to become the same as the divine power in your Divine Sense Sea is the final state, because when the divine power reaches a certain state, it can simulate a variety of powers. Our White Dragon race only cultivates divine power alone, but we can use a variety of different types of energy, which is the ultimate goal of the divine way of cultivation." Long Xueyi said.

"This must be very difficult. How can the strength of a physical body be the same as the strength of divine soul?" Chen Xiang shook his head, he felt that this was not realistic.

"Hehe, I won't hide it from you. Divine power is divine power, and the divine power in your Divine Sense Sea is very weak. It's actually not that type of physical divine power." Long Xueyi said: "There are many experts at the peak of the Nine Heavens, in the end, they are all transforming all of their power into divine power. However, it is indeed very difficult."

Chen Xiang swallowed all the energy inside the Evil beast and fused it into the Divine Sense Sea. The Star core's energy was quite beneficial to cultivation and divine soul and he could feel that there was a lot more divine power inside his own Divine Sense Sea. If he continued this, he felt that he could open up the Divine Sense Sea even more.

Many people knew that the Hundreds of Flowers Heavenly Emperor was the hall master of the Ancient Star Immortal Palace, so Huang Jintian quickly came here to find Chen Xiang.

Of course Chen Xiang would receive him. Even if Huang Jintian did not come, he had planned to find an old man like Huang Jintian, who had nothing better to do, to help him look after this Devil-suppressing Divine Palace.

"Little brat, I didn't expect you to get this position, it's so cool." Huang Jintian and Chen Xiang made a table on the platform and ate and drank. While looking at the bustling streets outside, they chatted and farted.

"Master, if you like it here, you can stay here for a long time." Chen Xiang laughed.

"No problem, I also want to stay in peace and quiet for the time being. I'll stay here." Huang Jintian understood Chen Xiang's intention, he wanted him to be a helper here.

"Teacher, can you calculate how long it will take for Di Tian to recover to his original state?" Chen Xiang asked, he was extremely concerned about this matter, if Di Tian appeared again, then that place would be the biggest battlefield, and everyone would want to fight for a piece of his territory there.

"It's strange. I calculated it a few times, but the result was always the same." Speaking of that, Huang Jintian's expression became serious and he placed the wine cup down.

"How so?" Chen Xiang asked anxiously.

Every time I calculate it, three times a year will appear. The first is in a hundred years, the second is a thousand years, and the third is ten thousand years. Huang Jintian raised his wine cup and took a deep breath. After pondering for a while, he said, "I suspect that once Di Tian reappears, he will appear at most a hundred years later, or even ten thousand years at the latest."

Chen Xiang was a little confused: "Why is it like this, could it be that it can reappear after a hundred years? If that's the case, I will soon have another thousand and ten thousand years."

Huang Jintian said, "It might appear or not appear in a hundred or a thousand years, and there might be some factors that influence it, so there might be some unpredictable variables, but at the latest it would be ten thousand years, and at that time, it would definitely appear."

"In that case, the appearance of Di Tian can be interfered with by humans? What kind of power is this?" Chen Xiang frowned: "Master, can you figure out who did it, or where something big will happen when the time comes?"

Huang Jintian shook his head: "My Heaven extended method can only be considered a big matter, or Nirvana Doom etc., it is precise to the point of people and things, then that won't work, but I can try to see if I can calculate what might happen during that time period."

Chen Xiang nodded, then asked: "Master, do you know how strong the Devil-suppressing Divine Palace is, and what cultivation level they usually need to be able to defeat?"

"As for Divine Palace Protectors... At the very least, you need to complete the first transition of Immortal-becoming realm, and the Lord Hallmaster can complete the fourth transition in this way." Huang Jintian said: "Devil-suppressing Divine Palace's First Hall Master is not too strong, but if we go deal with the demons, he can be two or three levels stronger."

Chen Xiang calculated in his heart, he felt that he should be able to try out the middle stage Immortal King Stage, because he had cultivated a large amount of Holy Spirit Qi, adding that he had made a breakthrough in the divine way, he should be able to fight shoulder to shoulder with Immortal-becoming realms.

Huang Jintian had been arranged to sit on the lower level of the tower by Chen Xiang. He had absolute authority here, and only the hall master could call him over.

"Seems like if I want to obtain the Alive Slain Method, I have to defeat those two Divine Palace Protectors. This is not easy." Chen Xiang took out a golden fruit. This was a Diamond fruit, and it was currently only at the high grade of Heaven level.

The Diamond fruit had two stages, one was the high grade of the Heaven level and the other was the first stage of Immortal Grade. He planned to use the creation divine liquid to obtain the immortal grade Diamond fruit and then refine the Immortal Grade Vajra Pellet.

The Vajra Pills were mainly used to strengthen the body, but they were also very helpful in strengthening the Saint Force.

Chen Xiang could concoct immortal pills now, but he was only an immortal rank Sacred animal Dan. The difficulty was not very high, but he had yet to try out other immortal pills.

Most of the First Tier Immortal Grade pills could be refined using one type of main ingredient, and even if there was no need for supplementary ingredients, the difficulty of refining them would not decrease at all. If he were to use Foreseeing Alchemy, Chen Xiang would probably need a very long time to even try it.

### [Chapter 1480](#)

Chen Xiang had enough Holy Spirit Qi, when using the God purification to wipe the face, he could use the Rainbow Holy Fire for a long time, which would save him a lot of time.

He immediately started refining the Diamond fruit after he used it as an elixir. He placed the Diamond fruit on his palm and released the Rainbow Sacred Flame. The color of the Diamond fruit quickly changed and the seven colors of the Diamond fruit flickered.

"Crap, I didn't control the flame well." Chen Xiang hurriedly withdrew the terrifying Rainbow Sacred Flame, but the Diamond fruit had already turned into ashes.

"It's a waste. It seems that I can only use a single Sacred Flame. I still haven't completely mastered the Rainbow Sacred Flame." Chen Xiang sighed, when he used the Rainbow Sacred Flame to attack, it was no problem, but he could not use it for the refinement of the pill.

However, the difficulty of the pill refinement was rather high, and the medicinal ingredients used to improve the pill were very few. Very few people would sell this medicinal ingredient, and they would need to purchase it or use precious items to obtain it.

Therefore, after the Immortal Diamond fruit was crippled, it caused him quite a bit of heartache.

He did not have many creation divine liquid, he had accumulated a lot in the past, but they were all used to duplicate Sacred animal fruits to refine into Sacred animal Dan s, so Long Xueyi's strength was now much stronger than his.

"There are two more. We can't waste them." Chen Xiang took out another Immortal-ranked Diamond fruit and placed it on his palm. He carefully released the Sacred Flame to refine it, the golden Sacred Flame emitted a large amount of heat, and was a lot stronger than the previous Heavenly Flames.

When he refined the Sacred animal fruit, he would use the sacred fire to refine it. The sacred fire itself contained a lot of special energy, and these energy was a great nourishment for the pill, capable of increasing its quality.

The God purification took a lot of effort, especially when it was refining high grade pellets. Right now, Chen Xiang's forehead was perspiring slightly, the Immortal Grade Diamond fruit had already been incinerated for quite a few hours, but there were no traces of it being shaken at all.

"Five-Colored Holy Fire."

The flame in Chen Xiang's palm suddenly turned into beautiful, flickering multicolored flames. At this time, the more he needed to control the Rainbow Sacred Flame with his mind, in order to prevent the fire from becoming too big and burn the Immortal Diamond fruit.

Immortal Grade Diamond fruit, not only were its abilities strong, the medicine spirits inside were also stubborn. When Chen Xiang used his divine power to attack, it could only slightly shake them.

It wasn't until the middle of the night did a crack appear on the Immortal Grade Diamond fruit. The multicolored sacred fire immediately drilled into the crack, and at this moment, the defense of the Immortal Grade Diamond fruit was already broken through. Thus, after the crack, the Diamond fruit was quickly burnt into a pile of golden powder and a thick golden mist.

Chen Xiang took out the Yanlong furnace, placed all of these in, and then began to condense a core. Even though the process of condensing a core was very difficult, in the God purification, the most difficult part was the beginning.

"I wonder if I can refine three pills." Chen Xiang was currently fusing the Diamond fruit s and medicinal powders.

The Medicine aura and the medicinal powder had fused together, and after going through compression, the energy inside was completely stimulated, causing the quality to be even higher, and the energy to increase. Thus, the pill furnace started to shake, but was quickly suppressed by Chen Xiang.

"What a powerful energy. It should be able to be split into three groups." With a thought, Chen Xiang split it into three parts. The process of cutting it made him sweat profusely, as he was worried that he would lose control.

"I've already successfully divided it into three groups. It shouldn't be difficult for me to condense three pills."

Chen Xiang heaved a sigh of relief and began to squeeze the three balls of mist. During the process, the quality was constantly improving, and the energy that continuously erupted could not be released, as it was continuously being kneaded together. In the end, it was squeezed into a very stable ball of energy by Chen Xiang's powerful God Power, condensing into a pill.

If one bit into it, the energy would burst out crazily. If one was not strong enough and was unable to quickly digest and suppress the energy, their body would explode. Therefore, it was very dangerous for weak people to eat the high level pill.

"Three pills." Chen Xiang's face was full of smiles as he picked up two pills and swallowed them before circulating his cultivation technique to refine them.

Two days later, he finished digesting the two Celestial grade Diamond Pellets. He felt that the effect was very good as he felt that if he ate for a period of time, he might suddenly reach the intermediate Immortal King Stage.

"If there is a second or third grade of the Immortal Grade's elixir, it would be even faster." Chen Xiang stood by the window, looking out, he stretched: "It's a pity that this Diamond fruit can only grow to the first stage of Immortal Grade, the only thing that can evolve Holy level is probably the Sacred animal Dan, I can't eat that kind of thing."

There should be a lot of them in the Hundreds of Flowers Immortal Country, all of them are at the second or third stage of Immortal Grade. Su Meiyao laughed: "Even if Flower Emperor has it, I'm afraid they won't give it to you."

"When are you going to get that seed back?" Long Xueyi asked.

"There's no rush, I'm in a rush to increase my strength, looks like I really need to make a trip to the Hundreds of Flowers Palace." Chen Xiang felt that if he had asked for it, Lv Qilian would probably sell him some.

Chen Xiang, in his capacity as the Hundreds of Flowers Heavenly Emperor, came to the entrance of the Hundreds of Flowers Palace. He said that he wanted to meet Lv Qilian, and felt that it was time to have a good talk with him, because the next part was very crucial.

The guards didn't know whether to laugh or cry when they saw that the Hundreds of Flowers Heavenly Emperor wanted to see Flower Emperor. However, they were not friendly with Chen Xiang, so they still went to inform him.

The Flower Emperor immediately received Chen Xiang, which made many people puzzled. The people in the Hundreds of Flowers Palace felt that they should ruthlessly reject him.

In the hall of Lv Qilian's house, Chen Xiang was eating a type of crispy beans, looking around, Lv Qilian sat right in front of him.

"Chen Xiang, I never thought that you would be the first one to be unable to sit still." Lv Qilian gracefully took a sip of tea and laughed softly. There was a trace of contempt in her smile, because she felt that she would not be mistaken this time.

Chen Xiang changed back to his original appearance, and laughed: "You're also not very powerful, because you've already misjudged me previously, how are you so sure that I'm Chen Xiang?"

"Originally, I no longer thought that you were Chen Xiang, but after Little Lizhi came back, and hid some things from me, based on my understanding of her, after I thought about it, I guessed that she must have recognized your identity when she was in Evil Killing Forest." Lv Qilian said.

Chen Xiang did not speak. As expected, Little Lizhi kept his promise and did not speak of what happened inside.

"I'm guessing that you saved Little Lizhi in the Evil Killing Forest, then used a Holy Devil-suppressing seal or Green dragon demon-slain broadsword to kill a large number of Evil beast, which was how you obtained so many Star core." Lv Qilian said again.

Chen Xiang took a deep breath, then laughed: "You're really not stupid, you finally dare to admit your wisdom in front of me, and are worthy of praise."

"So I was right." Lv Qilian was very satisfied with her speculations, which made her even more confident. She only smiled: "I still want to know the details, with Little Lizhi's strength, she actually wants you to save her."

Chen Xiang said: "Little Lizhi was ambushed by Divine Devil Cult and the two people from Fire Divine Palace. One of them used a Holy level Treasure Net to cover her ..."

Lv Qilian nodded his head: "I know about that net, if that's the case, Little Lizhi is indeed in danger."

Chen Xiang continued to speak, "At that time, I was hiding at the side, and I used my ability to retrieve items from the air, and took away the thing controlling the treasure web, and then hid Little Lizhi beside me. Finally, I helped Little Lizhi heal her wounds, and after she recovered, I killed those few people."

I treat Little Lizhi as my little sister. I will thank you if you save her, so I feel that there might be some conflicts between us, why don't we talk about it now?

Lu Qilian was truly grateful towards Chen Xiang in her heart. If Chen Xiang had not intervened at that time, she knew what the consequences would be. With her logic, she could immediately imagine that the reason why Divine Devil Cult and Fire Divine Palace had joined hands to capture Little Lizhi was to deal with her and force her to hand over the seed.
