

Dan God 1481

[Chapter 1481](#)

Chen Xiang carefully observed Lv Qilian's expression and discovered that there was a firm look in his eyes, which gave him a bad premonition. Although it looked like Lv Qilian wanted to talk about the Alive Slain Method calmly, he knew that with this woman's personality, it would not be easy for her to compromise. Furthermore, she had been tricked by Chen Xiang, so he did not hate her.

"Then we need to talk about something first." asked carefully. At the moment, Lv Qilian was so calm, which made him a little uneasy.

"First, tell me why you have come to find me. You should have other important matters to attend to, right?" Lv Qilian had an enchanting smile on his face, that kind of smile was filled with confidence, making her even more beautiful and charming.

"I want to buy some Immortal Grade medicinal herbs. The first and second grade are mainly used to increase the Innate Qi or strengthen the body, as well as the divine soul." Chen Xiang went straight to the point and told Lv Qilian the reason for his visit.

Lv Qilian sipped the tea lightly, a smile in his eyes, causing Chen Xiang's heart to palpitate with fear.

"You want to challenge the Divine Palace Protectors, but you don't have enough strength, that's why you need a large amount of high level herbs to concoct pills." Lv Qilian put down his teacup and gently smiled, as if he had seen through everything about Chen Xiang. "I didn't expect you to know how to refine immortal pills, you're much stronger than what I imagined."

Chen Xiang was most afraid that Lv Qilian would easily know what she was thinking, and she could even predict what you would do next.

"That's right." Chen Xiang spread out his hands: "You should have these ingredients."

"I do, but I won't sell it to you." Lv Qilian laughed: "Don't even think about making a deal with me, I won't give you any chances. You should know that I don't lack Spiritual crystal, and I don't lack anything else."

As she spoke, she tossed a small jade box to Chen Xiang and continued to speak, "This is the seed and I'll return it to you."

Chen Xiang took the jade box, and secretly took a deep breath in his heart. He knew that Lv Qilian was going to counterattack.

"That is to say, you do not plan to discuss the matters of the Devil-suppressing Heavenly Venerable." Chen Xiang frowned: "Didn't you say that we needed to have a good talk?"

Lv Qilian said: "We need to have a good talk, but I did not say that I want to talk about that, so it's fine, but if you listen to my arrangements, we can continue to cooperate, I can even provide a large amount of immortal medicine and immortal pills to help you increase your strength and allow you to challenge the Divine Palace Protectors."

"But I don't think you'd agree, so there's nothing to talk about."

Chen Xiang nodded his head: "You understand me quite well now, I will not agree to it. Since that's the case, then we really have nothing to discuss, so I will take my leave."

Chen Xiang had already stood up. That kind of resolute attitude, actually exceeded Lv Qilian's expectations. She hurriedly said, "Don't tell me you don't want to obtain that Alive Slain Method?"

"I can get it on my own." Chen Xiang cupped his hands and was about to leave.

"I'm stronger than you. If you have a request for me, why aren't you willing to follow my orders? This is good for you." Lv Qilian found it hard to understand. In her deduction, Chen Xiang should be very happy to agree to her request.

"Why can't we discuss this properly? We have to listen to all of your arrangements, and you're not necessarily right. Listening to your arrangements, there's a very high possibility that it will harm me, to put it bluntly, even if I don't trust you, and you're too confident, you still won't listen to my opinions. Chen Xiang sighed: "My request is not too overboard, it is for the two of us to cooperate and discuss countermeasures."

Lv Qilian said: "Then go, you are truly powerful, I may be wrong, but I like to control everything, and have been like this for many years. I do not permit any variables to disrupt my plans, and also, do not look for me here in the future."

Chen Xiang walked to the door and said: "Even if you knew where the Alive Slain Method is hidden, you wouldn't be able to obtain it without me, because it was left especially for me by my father. Others are unable to obtain it, if they were to forcefully take it away, it would only lead to the destruction of that place."

"Thanks for the reminder."

Chen Xiang left the Hundreds of Flowers Palace, he was not surprised that Lv Qilian would behave like this. This person was a strong woman, her competitive spirit was extremely strong, and she hated men so much that Chen Xiang would definitely not be in a position to discuss important matters with her.

"As expected of the Flower Emperor, you have character, little scoundrel, don't tell me you're just going to let it go like this." Long Xueyi laughed.

Chen Xiang walked on the street, looked at the pill shops and said: "There was originally no enmity between her and I, and there was only righteousness and righteousness after our failure. She is now angry with me."

"In her eyes, I'm still a weak person. She disdains cooperating with me and only wants me to listen to her. So, next up, I can only rely on myself."

Lv Qilian thought that she had been tricked by Chen Xiang, and felt that she had some sort of understanding of Chen Xiang. She felt that Chen Xiang was just like that, but she still had a very little understanding of Chen Xiang, and only knew of his facade.

However, she is too arrogant, and cannot let go of her dignity, so after this, she will definitely fight with me in the dark. I think that she will think of a way to not let me buy any immortal medicine ingredients.

Chen Xiang said: "I think she hopes to use some methods to make me lose my way. In the end, she'll find her for help and then submit to her."

Long Xueyi laughed. "This Flower Emperor wants to conquer you, but she definitely won't do it that easily."

Chen Xiang laughed: "The one who will be conquered in the end will definitely be her."

"Put her on the bed." Long Xueyi laughed sinisterly.

Chen Xiang laughed sinisterly, then stepped into the Transmission array and returned to the Ancient Star Immortal Palace. He was not in a hurry to investigate the Divine Devil Cult, since he was not strong enough yet.

"Master, help me investigate where Yan Zilan is and I need to find her." Chen Xiang knocked on Huang Jintian's door.

Huang Jintian did not open the door, and instead shouted from inside: "I heard that the sisters have gone to Divine Thunder Immortal Country, go and find out, with the abilities of the sisters, they should be able to make a name for themselves there."

"Then I will be there for a while. I'll leave this place to you, old man."

Yan Zilan had an outstanding management ability and a very wide network of people. Chen Xiang wanted to find her to help him buy some immortal medicine ingredients.

Yan Zilan, Du Yanyao, Yun Zhu and Bai Xing were all sworn sisters. Chen Xiang had helped them a lot before, but now that he was going to look for them for help, they would definitely not refuse him.

[Chapter 1482](#)

The Divine Thunder Immortal Country was established by the Supreme Thunder of the Nine Emperors and Five Venerables years ago. It had a long history and had experienced many wars. There was a period of time when this Divine Thunder Immortal Country was very powerful, attacking and attacking other Immortal palace Immortal Country s.

Ever since Divine Thunder Immortal Country was defeated by many powers, she had been much more low-profile and did not participate in any big events for many years, giving people the feeling that she had changed and changed.

After Chen Xiang was teleported to the Divine Thunder Immortal Country, he saw that many of the Rankers here used the power of the Lightning Attribute. He was secretly happy because he had something like the Leihun fruit, which many Lightning Attribute Rankers needed.

She was working as a hall master of the Divine Thunder Hall, which was under the control of the Divine Thunder Immortal Country. The Divine Thunder Hall was mainly in the business world, selling all sorts of expensive things. Occasionally, there would be auctions or events.

He didn't want Lv Qilian to know that she was here. Otherwise, with just his brain, Lv Qilian would definitely guess that he was looking for Yan Zilan for help, and then, he would have done something to her.

"This Divine Lightning Hall is really short, it's not even taller than my Devil-suppressing Divine Palace." Chen Xiang counted. Divine Thunder Hall was only on the thirty-fifth floor.

"Look at the materials of this building. They are all many years ago. Although it is old, it is very meaningful. This is a building that has experienced the era of the Ten Heavens Supreme Lord." Su Meiyao said: "When I was very young, I had been here before with Master."

The Divine Lightning Palace was built with huge grey bricks. It was square and grand in appearance. Every floor was very wide, like a public square, and could hold many people inside.

The moment Chen Xiang entered this place, he immediately used the Heaven Tour to search for Yan Zilan at the highest level. Along the way, he encountered many powerful formations, causing him to have no choice but to give up.

"Old senior, do I need any conditions to see Zilan Immortal Fairy?" Chen Xiang asked an elder who was collecting medicinal herbs.

"At least ten people ask her that every day. You're the eighth one today, and I know many people admire her, especially men." The old man laughed.

"Then do you always say these kinds of nonsense to those people?" Chen Xiang scratched his head in embarrassment: "I saw her doing it for business."

"Almost everyone says that. Take out the thing. Only the most expensive thing in the world will let her personally come out to talk to you." The old man stretched out his hand.

Chen Xiang was thinking about what kind of medicinal ingredients he should take out. He was worried that he would scare the old man, but if it was too terrible, he might not be able to see Yan Zilan again.

"Do you know what this is?" Chen Xiang took out a transparent ball, and something that looked like a ball of fire jumped out. It flickered with lightning, and looked like a small ball of lightning that had been bound.

"This is ..."

Before the old man finished speaking, Chen Xiang hissed for a bit, and then kept the Leihun fruit. The old man was truly frightened, his eyes almost popping out, he did not think that there would actually be an idiot who would sell the Leihun fruit, in his eyes, Chen Xiang was just a super prodigal son, for the sake of seeing the Zilan Immortal Fairy, he was even willing to take out such a thing.

"Now, we should be able to see the Zilan Immortal Fairy." Chen Xiang laughed.

"I'll take you to see her."

The old man casually called for someone to replace him, then brought Chen Xiang into a small-scale Transmission array. Teleported to the highest floor, then brought him into a guest hall.

"I've already used the communication talisman to contact her. She'll be coming to meet you soon." After saying that, the old man left with excitement in his heart. This was because he had a part in the deal.

Yan Zilan was not there. Chen Xiang waited for more than an hour before she appeared in the living room. She was dressed very simply, with a purple long skirt, and her hair was simply tied up, but it looked more natural and beautiful, more flirtatious, and her allure was natural. Coupled with her gentle and sweet smile, it gave her the power to captivate people.

"Young master, I've asked you to wait. Purple Orchid will pour tea for you right now." Yan Zilan laughed as she slowly walked over, her eyes revealing traces of guilt. Her current appearance made it difficult for people to criticize her.

Yan Zilan was mostly simple, but her actions carried a sense of elegance and nobility.

While she was busy pouring tea, Chen Xiang suddenly reached out to her waist and pulled her into his embrace.

Yan Zilan was instantly angered, Chen Xiang also felt a strong burst of divine power and a trace of holy energy gushing out from her body.

"Sister Violet Orchid, it's me." Chen Xiang laughed softly in her ear using his own voice.

"Damn brat." Yan Zilan spat and struggled free from Chen Xiang's big hand. Just now, Chen Xiang had pinched her waist, causing her to blush slightly and become even more enchanting.

Although Chen Xiang had made a sudden attack, Yan Zilan did not let the teapot in his hand reveal any of the tea in the least.

"Have you never seen a woman before?" Yan Zilan became a little more casual, rudely pouring him some tea, and then sitting at the side, no longer being polite with him. In any case, they were on the same side, and also a perverted little rogue.

"It's just that I haven't seen such a likeable woman like elder sister Zi Lan in a long time." Chen Xiang chuckled as he looked at her. He finished his cup of tea and passed the teacup over to Yan Zilan.

After Yan Zilan helped him fill the pot, she said bitterly: "Even so, you can't be so careless. I almost beat you to death just now, I really don't want you to die that early."

"I missed sister Viola so much that I couldn't help but want to hug you." Chen Xiang laughed, after changing back into her appearance, Yan Zilan could not help but look at him twice. In the past, Chen Xiang was indeed just a little kid to her, but now, she had a kind of mature aura, and had a kind of strange charm.

"Why are you looking for me? Is it very important?" Yan Zilan asked softly.

"Mm, it's very important. Only by being able to help me." Chen Xiang's expression became serious.

"Then don't talk here. Follow me." Yan Zilan stood up and brought Chen Xiang to her own room. Chen Xiang's current situation was extremely dangerous, so she naturally had to prevent Chen Xiang's matter from being leaked out.

The moment Chen Xiang entered her room, he was lying on her soft and fragrant bed. He remembered that when he taught Yan Zilan the cultivation methods in the past, he was on the bed ... "Damn brat, stop messing around." Yan Zilan walked over and pinched Chen Xiang's thigh, but her jade-like hands

were suddenly grabbed by Chen Xiang. With a light pull, Yan Zilan let out a cry as she lay on Chen Xiang's body.

"Let me go." Yan Zilan screamed and struggled out of Chen Xiang's grasp. She laid on the side of Chen Xiang, pouted her lips, and looked at him grudgingly: "Did you feel that you have become stronger, then came to find me, bully me, and do naughty things to me? Did you have this bad idea a long time ago?"

After Yan Zilan finished speaking, he leaned his head over, kissed Chen Xiang's cheeks, and said in a tender voice: "Quickly tell me what business you have with me, I'm quite busy right now."

[Chapter 1483](#)

Chen Xiang took out the Leihun fruit and handed it over to Yan Zilan.

Yan Zilan had thought that Chen Xiang had only taken out the Leihun fruit to meet her, but he never expected that he would really sell it.

"You're so poor, you should keep such good things. You lack Spiritual crystal, I'll think of a way for you." Yan Zilan returned the Leihun fruit to him: "All these years, I've accumulated quite a few Spiritual crystal, I'll give them to you first."

Yan Zilan's way of handling it moved him a lot. He shook his head and said: "I will not do so, I am only using immortal grade medicinal herbs, and I need a lot of them. I know that's not easy to obtain."

Chen Xiang had made a few Leihun fruit long ago, so he took one out to exchange for some medicinal herbs. However, he would not give it to others so easily, as he did not want these Leihun fruit to fall into his hands.

Immortal-ranked medicine were much more precious and would not be easily bought with Spiritual crystal s, especially when there was a large amount.

Right now, Chen Xiang didn't have the leisure to use the creation divine liquid to copy a large amount of medicinal herbs, so he could only do it faster.

"Leihun fruit can't be given to those devils to exterminate, so you have to find a good buyer, Sister Zi Lan. I want to exchange with him for a batch of medicinal ingredients, this shouldn't be a problem for you, right?" Chen Xiang asked.

"The wife of the God Lightning King has always wanted to have a Thunder soul, so she is the best choice. Don't worry, the Divine Thunder Immortal Country and many other great powers have enmity with each other, they won't provoke you in the future, as long as you don't cause trouble for them." Yan Zilan said, and she felt a little ashamed in her heart, because she was unable to help Chen Xiang.

"I'm really useless, I can't help much." Yan Zilan faintly sighed.

"You've already helped me a lot." Chen Xiang stroked the hair on her forehead with his finger: "Where are your little sisters? Are they not with you?"

"Yanyao is going to cultivate with her grandfather. When Yun Zhu and Bai Xing go out to gain experience, it might take a very long time before we can meet. Each of us has our own path to walk on, there will be no feast that will not disappear." Yan Zilan looked at Chen Xiang gently and held Chen

Xiang's hand, gently stroking the back of his hand and said: "You have experienced so much at such a young age, you must have suffered a lot, right?"

Chen Xiang laughed: "It's nothing, I'm just like that. Oh right, the matter of getting me the ingredients must be kept a secret, I cannot let others know, the medicinal ingredients I need are for cultivation, high quality ones will do."

"Yeah, I'll say hello to them first." Yan Zilan took out a piece of Communication jade Symbol paper.

"Sister Zi Lan, your divine soul is rising very quickly." Chen Xiang felt Yan Zilan's powerful divine power.

"I'm just a weak girl. If I don't become stronger, I'll be easily bullied." Yan Zilan chuckled.

"Whoever dares to bully you, I'll beat him up." Chen Xiang waved his powerful fists.

"Now, other than you, damn brat, who else would dare to bully me?" Yan Zilan laughed, "Just beat yourself up."

Seeing Yan Zilan's mischievous look, Chen Xiang extended his hand out and rubbed her face, making her scream repeatedly. She started to play with Chen Xiang on the bed, and Chen Xiang also took advantage of her, causing Yan Zilan's face to be touched by Chen Xiang's hands.

The jade talisman on the bedside suddenly trembled, and Yan Zilan shouted, "Stop messing around, you have to do something serious."

Chen Xiang let go of Yan Zilan who was in his arms. He was overwhelmed by the feeling of his hands, and smiled at Yan Zilan who was disheveled, wanting to see through the Exquisite Jade Body inside.

"They promised. I'll go and get the medicinal ingredients for you right now. You won't meet them, and they won't meet you either. That should be enough of a secret, right?" Yan Zilan took out a gorgeous purple dress from the closet.

She took off the set of simple clothes she was wearing in front of Chen Xiang. Her body was completely covered by a few layers of purple silk at two hidden places, her snow-white, long, beautiful legs, slim, jade waist, small, cute navel, and beautiful collarbone ... They were all being revealed to Chen Xiang, which made him feel extremely hot.

However, he didn't manage to look for long before Yan Zilan put on that luxurious purple skirt of hers. After that, she quickly tidied her hair, showing that she was going to meet an important person.

Yan Zilan stood by the side of the mirror and looked at Chen Xiang's silly look. He chuckled, "Haven't you seen enough? Furthermore, you do not only have that little deity girl, right? "

Back then, within the Zi Lan Mountain Valley, there was a group of girls who had gathered. Yan Zilan was more or less able to make out some things.

"Sister Zi Lan, you shouldn't have seduced me. I've fallen for you. What should I do?" Chen Xiang rubbed his hands together as he smiled.

"So you've never liked me before?" Yan Zilan smiled charmingly.

"Do you want me to like you all the time?" Chen Xiang had already arrived behind Yan Zilan and hugged her gently.

Yan Zilan slightly struggled free from Chen Xiang, and said tenderly: "I want to go see the future Thunder Tao Double Venerables, this couple is very powerful, you better not leave any traces on me, they will find out."

"Oh, they actually dare call themselves the future Senior Lei." Chen Xiang was a little surprised but also a little skeptical.

"This is not an exaggeration. Back then, Divine Thunder Immortal Country was surrounded and annihilated by many forces, the couple has always been thinking about this enmity. This couple has been in charge of this place for a very long time, they definitely have something to say." Yan Zilan said: "I occasionally meet Zheng Rong, which is why I am able to stay here and enjoy life."

"Zheng Rong, is that the female Thunder Sovereign over there?" Chen Xiang asked: "What a violent woman."

You might have a chance to meet her in the future, but that won't do right now. If they see you now, they will definitely want to rope you in. Yan Zilan said.

"Okay, I'll wait here for you." Chen Xiang nodded his head: "I have already provoked a very powerful guy, I don't want to provoke this couple anymore."

"Oh, haven't you provoked enough people? I didn't think that there would be people who would give you a headache as well." Yan Zilan was shocked, but his face was full of smiles.

"It's a woman, the wife of Hundreds of Flowers Palace. There's a conflict between us." Chen Xiang's face carried a trace of anger.

"Isn't your recognized sister her disciple?" Yan Zilan was a little confused.

"There's something wrong with this woman, she's hard to get along with, and she hates men, so she hates me." Chen Xiang spread his hands.

"It's you who are unprepared for her, or it's you who are unprepared for her Hundreds of Flowers Palace sisters. It's not strange that she would hate you." Yan Zilan chuckled.

Chen Xiang said with a serious expression: "She wants me to surrender, wants me to bow my head to her, and wants to control me, but I refuse, this woman is very dangerous, other than her own people, she knows how to scheme against everyone else, and she is also scheming against you ruthlessly. Right now, she wants to control me, so that when Di Tian reappears, she can get my dragon vein, her ambition is not only for the new Nine Emperors, but also for the position of Ten Heavens Supreme Lord."

[Chapter 1484](#)

Yan Zilan frowned slightly and said: "So that means, she might do anything to you. If she's that ambitious, Di Tian's resources and position in the future will definitely be extremely important to her.

She somewhat understood what kind of conflict existed between Chen Xiang and herself. Lv Qilian wanted to rope him in, but the method was not very gentle, so Chen Xiang was unhappy.

"During this period of time, she will definitely monitor the market for immortal medicines. She will even interfere and prevent me from buying them, because I've previously gone to find her and asked her to sell me some." Chen Xiang said, "So this must be kept a secret. This Divine Lightning Heavenly Kingdom definitely has a very close relationship with the Hundreds of Flowers Palace."

Yan Zilan and Flower Emperor have a lot of interactions, and the two of them are both women. If Flower Emperor finds out about this transaction, she will definitely make Thunder Tao Double Venerables no longer bother with you. "

"I'm worried that she might have set her eyes on you. In order to deal with me, she must have collected everything about me." Chen Xiang frowned, he did not want to implicate others.

"It's fine, at most I'll just change locations. If it's really not possible, I'll go to the Frozen Dragon Asgard. I know that it won't cause the Flower Emperor s there to lower their heads." Yan Zilan caressed his face: "I'll be back soon."

After Yan Zilan left, Chen Xiang laid on his clothes, thinking while waiting for Yan Zilan to return.

"If Lv Qilian doesn't care what methods he uses, then don't blame me. This is my bottom line." Chen Xiang started to worry. He really didn't want to become enemies with Lv Qilian, but based on Lv Qilian's current situation, there was a high possibility that the two of them would become enemies in the future.

"A mere Flower Emperor is nothing. With my Heavenly Dragon Supreme Lord here, I will help you subdue her and make her your slave. Everyday, I will make her wait on you naked." Long Xueyi laughed sinisterly.

"The idea is not bad, but it's not very realistic." Chen Xiang laughed.

More than two hours had passed and when Yan Zilan returned, he immediately jumped out of bed in excitement. However, when he saw that Yan Zilan's face was extremely ugly, he knew that the trade was not going smoothly.

Chen Xiang's face darkened: "What's wrong?"

Yan Zilan bit her lips lightly as she said with a wronged expression on her face, "I can't stay here anymore. I didn't think that the relationship between Flower Emperor and Zheng Rong would be so close. I, that Leihun fruit was taken by Zheng Rong, and she didn't give me any medicinal ingredients. "

Yan Zilan was already crying, seeing her haggard face, he anxiously walked over, her voice became cold: "You resisted."

"That's yours, and it's so precious ... "I can't let them steal it, but ..." Yan Zilan spat out a mouthful of blood.

"Don't be sad, isn't it just a fruit? So what if it's lost, as long as you're fine, then don't do anything stupid next time." Chen Xiang wiped off the blood at the corner of her mouth and took out a piece of the Jade Dragon Flower's petal, putting it into her mouth.

"It was my fault that you suffered."

Chen Xiang comforted Yan Zilan, but his heart was filled with rage. Flower Emperor had already touched his bottom line, and the future Thunder Tao Double Venerables had even made him extremely angry.

Yan Zilan had already fainted. At this time, Long Xueyi said in a serious tone: "There are experts approaching, and it's even two of them. Leave this place first."

Chen Xiang placed Yan Zilan inside the ring and teleported away. He hid in a corner and looked at the burly couple that entered the Divine Lightning Hall with an angry heart, "Not only did they steal my Leihun fruit, they even injured Zi Lan. I'm not done with you."

"Lv Qilian, just you wait." Chen Xiang clenched his teeth, looked at Divine Lightning Hall, and turned to leave.

... When Lv Qilian and Chen Xiang drew a clear line between the two, he had to inform many of the experts that were working with her. If anyone wanted to purchase a large quantity of immortal medicine ingredients, he would have to tell her the details immediately.

So when Yan Zilan told the Thunder Tao Double Venerables that he was trading with the Thunder soul, Zheng Rong immediately sent someone to tell him that Lv Qilian was definitely going to trade through Yan Zilan, and she immediately got the Thunder Tao Double Venerables to reject him. She also told them that the owner of the Leihun fruit was Chen Xiang, and told them to be careful with it.

However, the Thunder Tao Double Venerables wanted to obtain the Leihun fruit. Because the Leihun fruit were very precious, they decided to rely on their own powerful forces to take it for themselves.

Yan Zilan was not willing to, but at that time, the Leihun fruit was already in Zheng Rong's hands. She wanted to snatch it back, but Thunder Tao Double Venerables struck her hand at the same time and threw her a bottle of healing pellet, telling her to go back.

"You all ... How are you going to deal with that? It's about Yan Zilan exchanging the Leihun fruit for a large amount of immortal herbs. " Lv Qilian's heart was not at ease, so he personally made a trip to Divine Thunder Immortal Country.

"Nothing, we originally planned to not use medicinal pellets to exchange for Leihun fruit s and use other things. However, Yan Zilan refused to do so and acted presumptuously in front of us, as he wanted to snatch back the Leihun fruit in my hands." Zheng Rong said. Zheng Rong was a very tall, strong lady, her body was tall and sturdy. If not for her sturdy body, she would have been even more beautiful.

"Then, we'll attack together and strike her once. Our attack will be very light, and we won't die." She could tell that her relationship with Yan Zilan was only a lie and she only took a fancy to Yan Zilan's ability and allowed Yan Zilan to be of use to her.

Lv Qilian took a deep breath, and her face changed several times. She knew that the situation had turned serious.

"I went to find her and wanted to give her some compensation, but she's gone."

Hearing these words, for some reason, Lv Qilian's heart suddenly jumped, and his face suddenly became deathly pale: "Could it be that you guys didn't know that the Leihun fruit was Chen Xiang, I seemed to have already told you about it."

"I know, what's there to be afraid of? Isn't he just a little brat? Although I admire him a lot, but if we need him, it won't be difficult to capture him and make him work for us." Zheng Rong sneered, she saw that Lv Qilian's expression was strange, and asked: "What's wrong?"

"Nothing, just prepare yourselves. No one knows when the catastrophe will befall you in the future." Lv Qilian left immediately, but Zheng Rong did not take those words to heart.

Returning to the Hundreds of Flowers Palace, Lv Qilian immediately called for Little Lizhi. "Because of me, a friend of Chen Xiang has been severely injured, and the conflict between Chen Xiang and I might not be resolved. Go to the Ancient Star Immortal Palace and find out what he has to say."

"Asgard Mistress ... I have gotten along with him before. He's a good person, so it might be better for you to go by yourself. Little Lizhi said.

"I won't go, take this to him." Lv Qilian passed a jade bottle to Little Lizhi: "This is a healing pill."

Little Lizhi sighed in her heart. Of course she knew Lv Qilian's personality, she could only make a trip to the Ancient Star Immortal Palace. However, she didn't see Chen Xiang, hence she handed the bottle of pills over to him.

[Chapter 1485](#)

Yan Zilan slept soundly in the ring, but his injuries were much better now. He proceeded towards the main hall of the Hundreds of Flowers Immortal Country and arrived at the Hundred Flowers Mountain Range.

He came to look for Grandma Lv. The moment he landed on the mountain peak, Grandma Lv came out on crutches.

"Kid, did you fall out with my little girl?" Grandma Lv said with a smile. She had already guessed that such a thing would happen.

"She came to see you." Chen Xiang asked, otherwise, how would the Grandma Lv know?

"I've come once, but that was many days ago. It seems like she's still the same as before and didn't listen to my advice. This girl has always been very obedient, and it's time to teach her a lesson. The deeper the better." Grandma Lv sighed.

"Why did you and her fall out? Have you made a dead end?" Grandma Lv asked.

Chen Xiang was startled, he suddenly realized that it was a fight between the two of them, and then they came to complain to the elders, and the elders patiently guided them.

"She went too far. Because of her, a good friend of mine was severely injured" Chen Xiang told the Grandma Lv about Lv Qilian stopping him from buying a large amount of medicinal ingredients, which resulted in Yan Zilan being heavily injured by the Thunder Tao Double Venerables and his Leihun fruit being snatched away.

Grandma Lv frowned, she had some understanding of Chen Xiang's personality. When Bai Ziqian came to find her, he told her a lot of things about Chen Xiang.

"What are you going to do?" Grandma Lv asked.

They heavily injured my friends, and they will also have to pay a heavy price. As for Lv Qilian ... "I won't let her off easy either. Although I'm still weak right now, I will remember this in my heart. Sooner or later, I will teach her a lesson." Chen Xiang calmly said, "Grandma Lv, you won't help her deal with me in the future, right?"

"Hehe, of course not. I am her mother, but now that she has grown up and doesn't listen to me, she has to take responsibility for everything. I just hope that she won't go overboard and get a lesson from me." The Grandma Lv said.

"I will measure it. Right, has anyone come looking for you?" Chen Xiang asked.

"The little child has come. He's a good seedling. I told her to go out and work, so she isn't here right now." The Grandma Lv smiled amiably: "He is much more obedient than my woman, although he is also a restless man."

Bai Ziqian was restless in the first place, if not, he would not have used the Super Old poison to kill people.

"Then I'll be going. I'll come back when I have time."

Just as Chen Xiang was about to leave, the Grandma Lv called out to him and asked: "How do you plan to teach that girl in my house a lesson?"

Lv Qilian was her daughter after all, so it would be impossible for her not to worry. Although Chen Xiang's current strength wasn't too strong, Grandma Lv wasn't as arrogant as him. She knew Chen Xiang's potential, and knew that he must have hidden many powerful techniques.

Just as Chen Xiang was about to turn his head to answer, Long Xueyi had already answered for him: "It's her."

Hearing this answer, Grandma Lv was stunned. Chen Xiang secretly scolded Long Xueyi for a few words, then laughed and said: "It's a joke.

"You little rascal ..." not as kind as I thought. " Grandma Lv laughed, "This old man and I do not want a son-in-law like you. Furthermore, you already have a woman, I think there are quite a few of them"

"A woman like your daughter can't find a man in the first place, and I don't want to marry her either." A woman like your daughter can't find a man in the first place, and I don't want to marry her. Chen Xiang laughed.

"Don't say those words in front of her. If you do, I won't be able to save you." "But she also really wants to conquer you and make you her capable subordinate. She is completely loyal and obedient, and I feel that you are the only man she wants to conquer in her entire life, and you, in these nine days, dare to say it out loud. You guys still resemble her quite a lot if you want her to be her number one slave."

Chen Xiang had also said these words in front of Little Lizhi. Right now, he kind of hoped that Little Lizhi would pass these words to him, and he really wanted to see how Lv Qilian would react.

After leaving the Hundred Flowers Mountain, Chen Xiang had decided to start planning a plan to deal with Lv Qilian. However, the most urgent matter at the moment was to raise his strength, so that he could defeat two Divine Palace Protectors and obtain their things.

After returning to the Devil-suppressing Divine Palace in the Ancient Star Immortal Palace, he let Yan Zilan out and placed her on the same bed as before. At this moment, she was still unconscious.

Chen Xiang gently caressed Yan Zilan's beautiful face that had recovered its color and sighed: "Sister Zilan, I will definitely get it back for you."

Walking out of the room, Huang Jintian sat in the hall and threw him a jade bottle, "This is what Little Lizhi gave you. What happened, to actually give out such a precious healing pellet, this pellet can be sold for twenty to thirty million Spiritual crystal, how many are there, it's even over a hundred million."

Chen Xiang opened the jade bottle and smelled the fragrance of the pill.

"Grade Three Healing Pill, Biyuan Dan, in the past it was a pellet of fifty or sixty million Spiritual crystal, and was extremely useful to late Immortal King." Su Meiyao said, "Looks like Flower Emperor knows about the serious matter as well."

Su Meiyao and Bai Youyou had both been taken care of by Lv Qilian before, so she didn't want Chen Xiang to become enemies with him. However, they understood the current situation, so they couldn't give him any advice and could only let Chen Xiang settle the matter in his own way.

"Give it back to her." Chen Xiang said: "Master, return this to Little Lizhi, she's in the Devil-suppressing Divine Palace of the Hundred Flowers Main Palace."

"Did I hear it wrongly? There has always been a little brat that did not take advantage of the situation, yet he actually wanted to return this sort of thing." Huang Jintian said in shock: "You are acting so rashly, this is the first time I have seen a child like you."

Huang Jintian laughed and said: "Have you decided, selling this is worth a lot of Spiritual crystal."

"I was only bought by her after considering it carefully." Chen Xiang snorted, he had backbone.

Huang Jintian immediately guessed that Chen Xiang was fighting with someone he knew, if not the other party would not have sent him such a precious pill. He sat down and crossed his legs: "Tell me, maybe I can give you an idea."

Chen Xiang told Huang Jintian about Yan Zilan's injuries.

"It looks like Flower Emperor is going to block your way, but she didn't think that Thunder Tao Double Venerables would steal your Leihun fruit and even injure Yan Zilan." Huang Jintian frowned because they were about to deal with the Thunder Tao Double Venerables.

"How about this, I will return the pill to them first, and then ask about the affairs of the Thunder Tao Double Venerables, right now we are not strong enough to fight against them, but we still have to do something, the Leihun fruit can't be taken away for nothing, we have to make them suffer a great loss."

The value of a Leihun fruit far exceeded that bottle of healing pellets, and not only was it stolen, the woman at Chen Xiang's side had even been injured. That was what made Chen Xiang the most furious, so Huang Jintian knew that Chen Xiang would definitely take revenge against him.

[Chapter 1486](#)

Yan Zilan woke up and walked out of her room. Seeing Chen Xiang flipping through some things in the hall, she walked over and saw that they all contained information regarding the Thunder Tao Double Venerables.

"Sister Violet Orchid, are you alright?" Seeing that her complexion was good, Chen Xiang heaved a sigh of relief, and asked with a smile.

"It's nothing serious, the Jade Dragon Flower is powerful indeed. Even without refining pills they have this effect." Yan Zilan shook her head lightly, then picked up the thing on the table and looked at it as well: "You really have to deal with Thunder Tao Double Venerables."

Chen Xiang said: "Unless they return the ten Leihun fruits to me and apologize to you, I will not let this matter rest."

"Where's the Flower Emperor?" Yan Zilan was more worried about this. She knew that the Flower Emperor was even more powerful and it was even a woman: "She only told Thunder Tao Double Venerables not to sell you any medicinal herbs.

It's okay, I have a conflict with her, it's normal that she doesn't sell to me, I don't have a grudge with her, she's just an opponent, if I want to destroy her, she has to destroy me, at the moment her methods are quite gentle, but in the future it's hard to say, I don't want to become mortal enemies with her. Chen Xiang said.

At this time, Huang Jintian walked in and he gave all the information to Chen Xiang. He smiled and said: "It's just that Liang Wangyang is up and down, this couple has a very arrogant son. They are currently in charge of a relatively large immortal palace in the Divine Thunder Immortal Country."

Yan Zilan was naturally on Chen Xiang's side now, so the friendship between her and the Thunder Tao Double Venerables had completely disappeared without a trace when she received the palm strike. She knew that in the eyes of that couple, she was nothing more than a tool, but Chen Xiang truly cared for her.

Chen Xiang thought for a moment, then looked at Yan Zilan and asked, "Those powers who normally have big deals with the Divine Thunder Immortal Country are."

"Hundreds of Flowers Immortal Country usually provides a large amount of high level medicinal ingredients in exchange for Divine Thunder Immortal Country's Spiritual crystals and a large amount of formation setting resources. There are a lot of these things in Divine Thunder Immortal Country, and the ones who purchase the most high level medicinal ingredients from Divine Thunder Immortal Country are usually Fire Divine Palace and Imperial Dragon Clan." said, she looked at Huang Jintian. Huang Jintian was disguised now, she could not recognize him, but to be able to speak of such an important thing to Chen Xiang, he must be someone that Chen Xiang could trust.

Huang Jintian said: "Didn't Fire Divine Palace have enmity with Divine Thunder Immortal Country? I heard that back then, they fought in full swing."

"Divine Thunder Immortal Country needs some fire attribute Spiritual crystals that Fire Divine Palace can provide. Their lightning and fire combination can get an even stronger energy, but the fire attribute Spiritual crystal Fire Divine Palace has the most."

Yan Zilan had stayed in Divine Thunder Immortal Country for a period of time, so he understood this very well.

"We will impersonate the Imperial Dragon Clan and then order a large batch of high grade medicinal herbs from the son of the Thunder Tao Double Venerables." Chen Xiang looked at Yan Zilan, and asked: "There shouldn't be a problem, right? Can you make the arrangements more suitable, it would be best if the quantity reserved was the most, and not be seen through, or made a deal with the son of the Thunder Tao Double Venerables. The most important thing is to not let the Flower Emperor know about it."

Huang Jintian and Yan Zilan immediately understood what Chen Xiang meant, and secretly praised how ruthless his methods were.

Since he could not buy it, he would just snatch it from her. Furthermore, it would be his enemy who stole it, because the Thunder Tao Double Venerables stole one of his Leihun fruit.

"Their sons are not weak. Although they are very arrogant, they are not stupid. There are also several experts around them." Yan Zilan said, although this method was not bad, but it was extremely difficult.

Huang Jintian laughed: "That's true, as long as he can bring along a large amount of high levelled herbs."

"The son of the Thunder Tao Double Venerables already has a large amount of high level medicine, and I have to borrow it from him a few times. It should be because the Thunder Tao Double Venerables is going to help him in the future so that their son can become more powerful, so you guys can go as either Imperial Dragon Clan or as Fire Divine Palace's men." Yan Zilan said: "Imperial Dragon Clan and Fire Divine Palace, every purchase is a large one, he should have a lot in reserve."

"Sister Zi Lan, what plans do you have for the future? Go to the Ice Dragon Immortal Palace; you won't be bullied there." Chen Xiang said.

Yan Zilan laughed: "I will go, but not now, I want to walk around."

"Then be careful." Chen Xiang hugged her lightly.

Yan Zilan kissed his forehead. "Damn brat, you're the same as well."

Chen Xiang sent Yan Zilan off. When he returned, he saw Huang Jintian sitting there and said with a smile: "Damn brat ... Haha, I never thought that you would have the Zilan Immortal Fairy in your hands. "

"Old madman." Chen Xiang cursed in a low voice: "We're going to the Divine Thunder Immortal Country's Golden Thunder Immortal Palace right now, Lei Jinli is the only son of the Thunder Tao Double Venerables, we have to give him a good beating."

After Chen Xiang and his disguise, when they come to the Golden Thunder Immortal Palace, they could cultivate the Dragon Power, so it was easy to impersonate a Imperial Dragon Clan, not to mention that Chen Xiang had even grasped the The power of the holy dragon.

Chen Xiang disguised himself as a middle aged man, dressed very extravagantly, the groups that served him were all of the Imperial Dragon Clan, and normally only the powerful people would be able to tell, Long Xueyi had taught him to do this.

Huang Jintian was a follower, but the power he displayed was much stronger than Chen Xiang. However, was even more surprised by Chen Xiang's identity, to have such a powerful follower, his identity must not be simple.

Because of this, Chen Xiang was easily able to get an appointment with Lei Jinli at one of the hotels, because the hotel was also Lei Jinli's.

Inside a tight private room, Chen Xiang and Huang Jintian sat there, waiting for Lei Jinli.

Lei Jinli knew that there was a big client and immediately rushed over. He entered the private box and saw that Chen Xiang was emitting a very, very weak holy dragon aura. He was secretly happy in his heart, because the holy dragon in the Imperial Dragon Clan was the richest and noblest.

"I wonder what your name is?" Lei Jinli smiled at him.

Lei Jinli was a big fellow with a full beard, wearing blue clothes. He was tall and big, giving off a sense of oppression, especially when he did not conceal the berserk Thunder power in his body.

"Long Feiyu." Chen Xiang smiled slightly, then gestured for Lei Jinli to sit down. "Brother Lei, you should have already guessed why I invited you here, right?"

Lei Jinli laughed openly and asked: "How many items do you need, I prefer people who are direct."

"Yuxian Dan, Tianlong Dan, just how many medicinal ingredients do you have for these two pills?" Chen Xiang asked.

Yuxian Dan's medicinal ingredients could grow to the highest quality of third stage Immortal Grade, and was one of the needs of more people out of the Immortal Grade Pills.

"I can only sell you fifty sets of Yuxian Dan, as for Tianlong Dan ... There is only one set, as for the price, I will accept the Spiritual crystal s and also accept them as barter. If it's Spiritual crystal s, I will offer a very high price, and normally, I prefer to barter them. " Lei Jinli was straightforward and direct indeed.

Chen Xiang asked: "Are the items on you? I need them urgently."

[Chapter 1487](#)

Lei Jinli frequently interacted with Imperial Dragon Clan's dragons, so he was not the least bit wary of them.'s dragons were also always straightforward, and now he thought that this matter was already more than halfway.

"I brought it with me." Lei Jinli laughed: "I wonder what you are planning to trade for it."

"I wonder if that is enough." Chen Xiang took out a bead. Inside it was a green colored Fire Soul.

When Lei Jinli saw it, his eyes immediately widened. Then, he laughed loudly, "Enough, enough. This is my first time doing business with a Holy Dragon. I never thought that you would be so straightforward."

Seeing that the other party had taken out a green Fire Soul, Lei Jinli immediately took out a Storage bag and threw it to Chen Xiang.

Chen Xiang immediately released his spirit sense to take a look. There were indeed fifty batches of Yuxian Dan s and a batch of Tianlong Dan s' herbs, but he had not given the green Fire Soul to Lei Jinli.

"That's right, let's go." Chen Xiang smiled at Huang Jintian.

Lei Jinli's heart skipped a beat. He felt that something was wrong, but by the time he realized it, it was already too late.

A huge dragon claw suddenly appeared and grabbed towards Lei Jinli. The golden dragon claw and the torrential sword strike, caused the entire restaurant to shake because of the violent Dragon Power, and instantly enveloped Lei Jinli's body. The dragon claw released a wave of energy that caused the entire restaurant to collapse, and Lei Jinli was buried in a pile of ruins.

His Dragon Power was extremely terrifying, even Long Xueyi started to mutter in shock.

The moment Huang Jintian made his move, he was already floating in the air. Huang Jintian then stomped his feet on the ground a few times, causing the entire center of the Golden Thunder Immortal Palace to shake.

It was not over yet, Chen Xiang who was floating in the air, was chanting a spell, and suddenly a thick cloud floated from the sky, with dense immortal Qi surging from all directions.

"Dragon's Fury."

Chen Xiang unleashed his Heavenly dragon seal.

A dragon's roar was like a clap of thunder, shocking everyone's minds. A huge white dragon split open the clouds and fiercely crashed into the ground, striking into the ruins of the Golden Thunder Immortal Palace, and after that, another shocking dragon roar spread out in all directions, bringing with it the aftereffects of the dragon's fury and punishment, wreaking havoc in the surroundings of the Golden Thunder Immortal Palace, causing a large portion of the houses to become dilapidated.

In the center region, there were quite a few experts. When they saw this battle, they all thought that it was the Emperor Dragon who was making a move, because only the Emperor Dragon knew how to use such frightening power and that technique.

Chen Xiang and Huang Jintian hurriedly left this place and used the Transmission array to teleport to another immortal palace. After that, they disguised themselves and returned to the Ancient Star Immortal Palace.

Not long after, the Thunder Tao Double Venerables arrived with a group of elders. Because the ones who were attacked were their sons, they were severely injured.

After the Imperial Dragon Clan found out about this, they immediately rushed over to clarify the matter. Although they were not afraid of the Divine Thunder Immortal Country, they were also not willing to take the blame.

"That bastard Chen Xiang, he actually dared to attack us, and even beat up my son."

In the past, it was always them who provoked others, attacked others, or invaded others. However, this was the first time they found someone else to cause trouble, and their target was their son.

Very quickly, there were many people in the Nine Heavens that knew that it was Chen Xiang who did it, but very quickly, there were other rumors saying that the Divine Thunder Immortal Country stole Chen Xiang's Leihun fruit, and even injured the intermediary Zilan Immortal Fairy, which was why Chen Xiang was taking revenge on him.

... ..

"Leihun fruit, Chen Xiang actually has such a thing. If I were to be robbed, I would definitely get angry. Since he can't beat Thunder Tao Double Venerables, he can only go and get their son." When the Phoenix King heard this, he could not help but laugh. "He still wants Imperial Dragon Clan to be the culprit."

"But he still suffered a loss. He only managed to get fifty portions of Yuxian Dan s and a portion of Tianlong Dan s' medicinal herbs. That Leihun fruit's value far surpasses that. Phoenix Princess followed behind him and entered the Hundreds of Flowers Palace.

When Lv Qilian received this news, she was not surprised at all. She had already predicted several ways Chen Xiang would take revenge, one of which was to look for the son of the Thunder Tao Double Venerables. She just did not expect that Chen Xiang could pretend to be the holy dragon of the Imperial Dragon Clan and have Lei Jinli obediently hand over the medicinal ingredients.

In order to prevent such a thing from happening, she had ordered that when making large transactions, she must strictly confirm the other party's identity.

Only Lv Qilian and Little Lizhi knew that Chen Xiang was now the hall master of the Ancient Star Immortal Palace's Devil-suppressing Divine Palace s, but they did not expose him.

"I just received news that Phoenix King brought that Phoenix Princess to the Hundreds of Flowers Palace." Huang Jintian said. Right now, he was in charge of taking care of all the Devil-suppressing Divine Palace, so he arranged for a few people to gather some relatively useful latest news.

"Do you know the reason?" Chen Xiang frowned: "I have some friendship with Phoenix Princess, I don't wish for her to work for Flower Emperor."

"Looks like you can do whatever you want." Huang Jintian chuckled, "I heard that Phoenix King paid a great price to have her take me as her master."

"There's no reason, the Phoenix King wants his daughter to become a disciple of a human being." Chen Xiang was in disbelief.

"There is a reason, because Flower Emperor is not an ordinary woman and she has grasped a mysterious power. Now, she has that seed in her hands." Huang Jintian said: "I think that many of the powerhouses would want to give their daughters to her."

"I have the seed. She gave it back to me. She decided that I can't plant it." Chen Xiang said.

Huang Jintian's eyes lit up. He wanted to see the seed, but Chen Xiang suddenly took out the Communication jade Symbol paper, which was given to him when he joined the Devil-suppressing Divine Palace. It was mainly used to receive important information.

"The Devil-suppressing Divine Palace sent someone over. It seems like they have something important to discuss. I'm in a secret room now, I'll be back soon." Chen Xiang left quickly and headed towards the secret room.

Inside the secret room was an ordinary-looking middle-aged man. When he saw Chen Xiang had arrived, he didn't say anything unnecessary and directly said, "Phoenix King went to find Flower Emperor, mainly to work together to open up a path to the Outer Realm. If you want to go to the Heavenly Realm, then return to the main hall after three months."

After he finished speaking, he immediately left. It seemed like he had to go to the other Devil-suppressing Divine Palace to inform them of this important news.

Chen Xiang still had a lot of questions he wanted to ask, but that person did not answer him.

[Chapter 1488](#)

Chen Xiang immediately rushed to the top floor, when he saw that he was back so quickly, his face was full of shock, and he anxiously asked: "What happened?"

"Devil-suppressing Divine Palace has come over to notify me so that I can prepare myself and prepare to head to the Heavenly Region. Phoenix King went to find Flower Emperor because of this matter, but this should be a matter between Imperial Feather Race and myself. Why would Devil-suppressing Divine Palace have a part in this?" Chen Xiang was very confused about this.

"Going to the Qing-Yun Realm is an incredible piece of news. I need to go and thoroughly investigate it. It might take some time before I can come back." Huang Jintian was very shocked about this, because not only did one need to be strong to go to the Heaven Realm, they also needed opportunities.

After Huang Jintian left, Chen Xiang instructed a few elders, saying that he had to go into closed door cultivation for a period of time, so the rest of the matters would be taken care of by them.

"Three months is not enough time for me to break through to the intermediate Immortal King Stage." Chen Xiang didn't know what it was like in the Heaven Realm, but with a strong ability, he might be able to obtain even more benefits in the Heaven Realm.

"I wonder what Heaven Domain it is, and how they found it." Long Xueyi was very curious about this matter. There were thousands and thousands of people in the Heaven Realm, and each one was different, but there were treasures inside.

In such a short period of time, it was difficult for Chen Xiang to raise his cultivation.

He had refined the Immortal-ranked Vajra Pellet and the Sacred animal Dan before, and now that he was refining the Yuxian Dan, he had never eaten it before.

The ingredients used to refine a Yuxian Dan were similar to bamboo shoots, they were called Yuling bamboo shoots, and looked like a whole piece of white jade. One only needed a bamboo shoot to refine a furnace of pills, and as for the quantity that came out, it would usually be one bamboo shoot.

Because it was a shape, Chen Xiang could not hold it in his hands to burn it, so he placed it inside the Yanlong furnace.

But that was the standard of Su Meiyao's era. And now, with a large amount of time to speed up the formation, even the longest time required was merely a few months, so Chen Xiang's method of refining pills was the fastest.

Chen Xiang had the experience of refining Immortal Grade Vajra Pills before, but now, when he was refining this Yuxian Dan, he was only using the ordinary and gentle Sacred Flame.

However, Yuling bamboo shoots were weaker than that Diamond fruit, if Chen Xiang did not control the fire in time, he would destroy a Yuling bamboo shoots.

Different from other medicinal herbs, Yuling bamboo shoots would not turn into Medicine aura and medicinal powder. Instead, it would melt into a pile of transparent and elastic soft mud, only that the pile of soft mud was very restless and was continuously squirming, as if it was fighting internally.

Chen Xiang carefully observed the pill furnace, he was surprised to see what was so strange about it, although Su Meiyao had already told him about it.

"After it completely melts, it is transparent at first. Only after a certain amount of fire is incinerated will it turn white, and during the process of being squeezed, it will become very pure white. It will also emit white light." Su Meiyao said: "Be careful, people who are refined with the Foreseeing Alchemy very rarely fail, it's just that the time it takes is very long."

Chen Xiang released the Five Element Sacred Flame, which was used to burn that ball of transparent mud, and very quickly, it burned to a pure white color. This speed was beyond Su Meiyao's expectations, but he understood after thinking about it, because Chen Xiang was using a very powerful Sacred Flame.

"After it turned white, it shrunk a lot." At first, Chen Xiang thought that he could condense quite a few pills, but he couldn't reach his previous goal.

"Therefore, condensing one pellet is already not bad." Su Meiyao said.

Chen Xiang had already started to feel that the white object was hard to suppress and could not be stabilized. If it were to continue, once it changed into a different color, this medicine would become useless.

In order to not waste this Yuling bamboo shoots, Chen Xiang continuously released his powerful divine power, compressing the ball of white soft mud, and quickly stabilized. This made him feel relieved, and he then divided it into three groups.

"Three pills. It looks like there won't be a problem." After Chen Xiang separated them, everything looked very stable. As long as nothing unexpected happened, he would be able to condense the pellet.

Congeaing pellets was not easy either. Chen Xiang had to spend more than an hour to make it into the size of a normal pellet, and the furnace was still shaking.

"Why hasn't it emitted a strong white light yet?" Chen Xiang was a little perturbed, he had not opened the pill furnace and the three pills had not stabilized yet.

"This Yuxian Dan is indeed hard to refine." Chen Xiang clenched his teeth, his face was covered in perspiration, although concocting a batch of pills did not consume him much energy, it was a form of torture to his mind.

As time passed, and the pill furnace gradually stabilized, Chen Xiang was no longer as anxious. It took him over an hour to stabilize the three pills.

After the pill was formed, the three Yuxian Dan s inside the pill furnace burst out with intense white light. If Chen Xiang had opened the pill furnace at the first moment, he would definitely be able to see a very beautiful, gentle white light spewing out from the darkness.

Only after that white light faded did Chen Xiang open the pill furnace and look at the three high quality Yuxian Dan s. He let out a long breath, and then, ate one pellet.

As the Yuxian Dan melted in his body, he felt a few clear streams flowing in his abdomen, gradually converging into a large river, surging and surging within his body as waves of energy gushed out. Under his control, the energy flowed through his limbs and bones, washing his meridians, and at the same time, was refined into pure energy which entered his mysterious dantian, and flowed into the Heaven Pills respectively into the five Prime Ministers.

After becoming an Immortal King, the five Beast statue s in his dantian became very clear. When he looked inside, he saw the scales inside, but they were still very small.

He then swallowed two pieces of Yuxian Dan and spent half a night to refine them before continuing to refine them.

He was able to refine two batches a day, and he had spent more than twenty days to refine almost all of those medicinal ingredients. He only had one portion left for later on to duplicate.

Right now he had more than 140 Yuxian Dan. If he sold them, he would definitely be able to make a huge profit. However, he was not lacking any Spiritual crystal.

In about two months, Chen Xiang had refined more than a hundred Yuxian Dan and then consumed them to refine. Although the effect of raising his cultivation was obvious, it was still far from reaching the intermediate stage of the Immortal King Stage.

Huang Jintian had already returned a long time ago, but he did not disturb him. When he came out of closed door cultivation, he saw Huang Jintian eating barbecue meat in the hall.

Huang Jintian left earlier to investigate about that Heaven Realm. Chen Xiang was extremely impressed by his ability to gather information, and seeing Huang Jintian's current appearance, he could tell that he had gained a lot.

[Chapter 1489](#)

Huang Jintian picked up a piece of roast meat and placed it in front of Chen Xiang. Chen Xiang received it with his hands and stuffed the whole piece into his mouth, then placed it beside the table.

"What did you find out?" Chen Xiang asked while chewing on the barbecue meat.

"Good news and bad news." Huang Jintian laughed, "Let me tell you the bad news first, that the Heavenly Realm is opened by the combined forces of several great powers, and those fellows are all at least in the Fifth Cycle of the Immortal-becoming realm, among them are Imperial Dragon Clan, Devil-suppressing Divine Palace, Fire Divine Palace, Thunder Tao Double Venerables, Ice Dragon Race, Ice Dragon Race, Xie Family, Heaven Sword City, Divine Sword Palace, Divine Artisan Mountain Villa, Divine Artisan Mountain Villa, Hundreds of Flowers Palace, Hundreds of Flowers Palace"

"Amongst them, Hundreds of Flowers Palace is the strongest, she was the one who put in the most effort, and although Phoenix King didn't put in much effort, the entrance to the Heavenly Region was discovered by the Imperial Feather Race himself, and he even gave authority to the Flower Emperor. This way, the Flower Emperor would be willing to take Phoenix Princess as his disciple."

Chen Xiang interrupted him and asked: "Is this bad news for me?"

Huang Jintian said: "Of course it's bad news. Because the Flower Emperor has the right to speak, she restricted the fellow who calls himself Hundreds of Flowers Heavenly Emperor from entering. Of course, even if you weren't called Hundreds of Flowers Heavenly Emperor, she wouldn't allow you to enter."

Chen Xiang sighed: "Then tell me the good news, and let me be happy for a bit."

Huang Jintian laughed, "This is good news to me, because I was fortunate enough to get the invitation. This is all thanks to your big senior brother, who has a good relationship with Divine Sword Palace."

"That's not good news." Chen Xiang snorted, "The Ice Dragon lineage has helped as well. In that case, I can get Big Sis Long to bring me in."

Huang Jintian shook his head: "No, because there is a very strict limit on the number of people. When you enter the Heavenly Region's gate, those who bring along Storage magic treasure that can pretend to be humans will be detected, and there are only five spots in the Ice Dragon Clan. It should be settled by now."

Chen Xiang's face was gloomy, because he could not go, but he could still see it, because he did not use any strength, so it was normal that he could not go.

"I didn't expect that because of the Heaven Realm, there would be many contradictory powers in the Nine Heavens." I didn't think that because of the Heaven Realm, there would be many contradictory powers in the Nine Heavens. Huang Jintian laughed.

"How about I tell everyone about you eating the Golden Roc meat before, that way the Imperial Feather Race won't let you in." Chen Xiang said sinisterly when he saw Huang Jintian smug in front of him.

"If you dare, I will expose all of your background." Huang Jintian said calmly.

"Alright, Master, you should go over there and remember my portion. Help me bring back some good stuff." Chen Xiang said: "I wonder what type of domain the Sky Region is?"

"I heard that it's a heavenly land filled with holy power. Perhaps the stones inside all contain holy power, which is why so many big shots of great powers agreed to open it." Huang Jintian said, this made Chen Xiang want to go in even more.

Isn't it just a small fight between you and Flower Emperor? Go and apologize to her, and she will let you in. Since she knows your identity and has not exposed you, she shouldn't view you as her mortal enemy. Huang Jintian laughed: "It's just a temporary apology. Coming back from the Heaven Realm is also a good man.

Chen Xiang snorted: "I can do it to anyone, but I can't do it to this woman. If I want to give in, I have to get her to give in and serve me for the rest of my life. Although my days will be good, but who am I to do such a thing?"

"Hmph, I don't believe that I won't be able to get in there. Tell me the location of the entrance to the Heavenly Domain."

Huang Jintian had already prepared a map long ago, he smiled and handed it over to Chen Xiang: "Study it carefully, I will go and meet up with that guy Wei Quan, I feel that you won't be able to get in, because the Flower Emperor's sealing technique is very powerful, I have already thought of many methods, and it's hard to solve them."

Huang Jintian left in a hurry, causing Chen Xiang to feel extremely unhappy. He opened the map and looked at it carefully.

Seeing the mountains on the map, Chen Xiang was immediately attracted by them. He did not continue looking at the positions of the gates to the Heaven Realm because he felt that the mountains were very familiar.

"The locations of these mountains are very similar to the formation on the divine book." Long Xueyi said.

"That's right." Chen Xiang immediately took out the divine book that recorded the many powerful divine formations, and flipped to one of the pages. On the bottom right corner of the page, there was a circle, and inside the circle, there were many densely packed Spirit grain and points.

Although this circle only took up a small space on this page, Chen Xiang believed that this was a very powerful array.

He quickly drew a circle on the map, and the distance between the circle and the dot was exactly the same.

"The Gate of Heavenly Realm is at the boundary of the circle. It should be a space loophole that was forcefully opened. There might be a real door here. As long as I open that door, I can enter it in broad daylight. No one can say anything about me." Chen Xiang was excited, the only clues left now was the small circle.

He had to study that small circle thoroughly before he could understand the meaning behind it and find the true entrance to the Heaven Realm.

"Let's go check it out." Long Xueyi was excited too. If the Heavenly Region was filled with things of the sacred energy, it would be of great help to her.

Just as Chen Xiang walked downstairs, he saw Little Lizhi walking into the entrance of Devil-suppressing Divine Palace.

"You're looking for me." Chen Xiang giggled and asked: "Did you understand that you want to marry me?"

Hearing Chen Xiang's question, Little Lizhi, who was just nodding his head, immediately turned around and was about to leave.

"Wait, I was joking." Chen Xiang called out to her: "What's the matter?"

Little Lizhi sent a sound transmission to him, "Asgard Mistress has asked me to tell you this: if you want to enter that Heaven Realm, you only need to change your name of Hundreds of Flowers Heavenly Emperor.

"Really, she was so kind to me." Chen Xiang laughed.

"Then hurry up and announce it! It's time to enter the Qing-Yun Realm!" Little Lizhi said.

"Go back and tell her that I don't want her charity. Isn't it just a Heavenly Domain? My Hundreds of Flowers Heavenly Emperor doesn't care." Chen Xiang waved at her. "You can go now.

"You idiot." Little Lizhi cursed, and quickly left.

Chen Xiang sneered in his heart: "Just you wait, see how I walk in openly, you guys all take the side door."

The place where the gate to the Heavenly Region was located was actually in the Heaven Realm. That place normally seemed to be safe but it was sparse and had no value.

[Chapter 1490](#)

Chen Xiang waited for Little Lizhi to leave for a while before changing his appearance. He entered the Transmission array and headed towards the place where the entrance to the Heaven Realm was located.

The location of the entrance to the Heaven Domain didn't belong to any of the immortal palaces. Because the immortal qi there had been extremely thin since ancient times, it wasn't a good place to build an immortal palace.

However, that place was quite famous. It was called the Meteor Mountain Range, and after a period of time, there would be meteor shards that fell into that mountain range. There were a lot of lucky people who picked up some precious and strange stones in that mountain range.

Many years ago, it was considered a land of treasure and was explored by many great powers, but in the end, nothing was found. I never thought that this place would also have an entrance to the Realm of Flame Heaven, could it be that there is a weakness in space between here and the Realm of Flame Heaven? Bai Youyou said.

"Right now, we can be sure that there is a mysterious formation at that place. As long as we can break it open and open the formation, we will be able to get the answer."

Chen Xiang teleported to the Immortal Palace that was closest to the Meteor Mountain Range, and then walked towards it. On the road, he met many people, and they were all going to that place to watch the show, and the news had already spread, although everyone knew that they could not go in, they still wanted to go take a look.

Chen Xiang sprinted all the way while analyzing the formations on the Divine Book, memorizing the Spirit grains. At the same time, he also wanted to find the base of the formation from within. This was the key to opening the formation.

"This place can attract meteors to descend, and the falling star fragments will carry a large amount of star power. If they fall into this place, they will definitely be absorbed by the earth, perhaps they will be condensed in the array foundation." Su Meiyao said.

Chen Xiang also had the same thought: "It's very possible that this great formation is very big, covering the entire mountain range, and the small circle on the divine book is only the main part."

The Heavenly Realm's big gates were all open, but there was a big array covering a hundred li of the gates, making it very difficult to enter. Furthermore, there were many Immortal Kings, and there were even some tents near the gates.

The door was a golden screen of light, and beneath the door were two array discs. It seemed like the formation discs were used to block the door, preventing the space from closing, allowing them to enter as they pleased, but the formation discs required a large amount of Spiritual crystals in order to maintain it, however, for the various major powers in the Nine Heavens, this was not a problem at all.

"Haven't they gone in yet?" Chen Xiang said. He was looking from the top of a mountain, and there were many people looking at the door like him.

An old man said, "I heard that those powerful warriors have injured a lot of their Essence and are currently recovering. Without them leading the way, no one would dare to go in and recover quickly. We can go into that Heaven Realm together."

Without waiting for those people to enter, Chen Xiang ran over to the other dozens of mountains to investigate. After carefully searching, he discovered that these mountains were not here to begin with, but had been moved here by someone.

These mountains were only about 500 feet tall. In these nine days, they could be considered quite short. They were like pillars that were erected here.

"As expected, there is a very weak fluctuation of Spirit grain's power inside. It would be difficult to detect it without sensing it carefully." Chen Xiang spent an entire day searching the peaks of multiple separate mountain peaks. After many detailed investigations, he finally managed to uncover them by accident, and it was usually at night when there were very faint vibrations, so it was usually very difficult to detect.

After discovering this, he was certain that there was a great array here that was concealing something. The difficulty now was finding the foundation of this array.

"There's so many of these Spirit grains, so many." Chen Xiang looked at one of the diagrams. He drew the round Array inside the Divine Book on a very big piece of paper and started to look for the relationship

between the Spirit grain and the other Spirit grain. He wanted to find the main array patterns, and the meeting point of the main array patterns was the location of the base.

Right now, he could only rely on his understanding of Spirit grain and arrays, trying his best to get rid of those that were not, however, it was still very difficult.

He took out the mysterious Philosophic stone. The interior of the Philosophic stone already contained a large number of natural Spirit grain. When he cultivated, he would usually use Philosophic stone to assist him.

When he first obtained the Philosophic stone, it was very difficult to use it, but over the years, he seemed to have formed a mysterious connection with it, and the Spirit grain he saw more and more in his hands. With the Philosophic stone in his hands, he transferred the mysterious power of the Philosophic stone into his eyes to look at the diagram.

Before long, a lot of patterns and patterns appeared within the Philosophic stone, turning the array pitch black in his eyes, while the Spirit grain on top of it had all kinds of lights. He excitedly took a deep breath, because he could directly see what the array patterns meant, of which, red and green were the most, purple and white were the next, and light gold was the least, there were 49 of them, and the place of convergence should be at the base of the array.

"This is the place." Chen Xiang made a mark at the meeting point, then put away the Philosophic stone.

He did not immediately take action. He had to wait for those people to all enter, or else he would definitely be discovered if he created some disturbance here. Perhaps in the end, he might even be stopped.

"Lv Qilian knows that I know about the art of transformation. She should be on guard against me in this area and would not let me sneak in easily." Chen Xiang said.

"Look next to the door, there's a mirror." Chen Xiang said: "There are also many dragon sculptures of Spirit grain at the sides of the mirror, what does this mirror have to do with the Imperial Dragon Clan?"

Next to the golden gate of the Sky Realm was a large circular mirror that was very eye-catching.

This is the Demon Reflection Mirror, specially designed by the Imperial Dragon Clan to break through the effects of the transformation technique. Long Xueyi said: "It should be the Flower Emperor that got them from the Imperial Dragon Clan."

Chen Xiang scolded himself: "Looks like it's used to guard against me."

Although he did not intend to enter the mirror at the moment, he still wanted to destroy it. That thing was a bit of a threat to him as it could break his Transformation technique.

It was only until the morning did he finally see a lot of people walking out from the tents. What made Chen Xiang depressed was that all of them were wearing long robes and a bamboo hat, completely covering his face and body, making it impossible to tell who was in there from afar. It was obvious that they were hiding it on purpose, and did not want others to know who they were.

Therefore, right now, no one knew exactly how many Immortal-becoming realm Rankers were left outside, and no one dared to act rashly.

"This should be the Flower Emperor's scheme." Long Xueyi said. Chen Xiang also thought the same.
