

## Dan God 1601

### [Chapter 1601](#)

If not for the fact that the Thunder Emperor had personally controlled the enchantment to prevent the shockwaves from erupting, no one would have been able to sit here.

Chen Xiang did not immediately turn into dust as everyone had imagined. He was actually able to resist the terrifying killing move of the Heavenly Slave.

"Let's see how long you can last."

The impact of his fists that were like two gigantic black pillars struck Chen Xiang who was protected by the Devil-suppressing qi array frantically, causing him to frown. Although he could temporarily block it, but if he could not retaliate, they would only be able to level up in the end, and the final victor would be Heavenly Dragon Race.

"This guy already has the strength of an Emperor level master. I never would have thought that he would have such strength."

Chen Xiang gritted his teeth as he strengthened his Devil-suppressing qi array. The opponent's fists that were charging over were getting stronger and stronger, and even Lei Yanjing was unable to sit still and control the barrier. He had to come to the fighting arena and control the barrier with the few elders.

The spectators could only see that Chen Xiang's body was enveloped by a few circular array shields. Heavenly Slave, who was separated from Chen Xiang, continuously waved both of his arms, and a fist smashed out, transforming into two thick pillars that carried some black Qi.

"Hurry up and die for me."

Heavenly Slave's forehead was full of veins, his face was filled with anger, as though he had already died. His two fists suddenly turned blood-red, and a blood colored mist came out, bringing with it a strong and evil Qi, as it floated above the fighting stage.

He was unable to take down Chen Xiang in a short period of time, causing the Heavenly Slave to become extremely irritable. The pressure on Chen Xiang right now was also not small.

"This guy has already gone crazy. The rhythm of his punches is very chaotic, the opportunity is about to come."

Chen Xiang carefully observed the fast fists that were charging towards him. In Heavenly Slave's realm of gods and devils, it was extremely difficult for Chen Xiang to move, even if he could move, Heavenly Slave would immediately notice. The Heavenly Slave was very far away from him, so it was hard for him to attack.

"Just break his Fiendgod domain." Chen Xiang took a deep breath, while blocking the attack, he also started to condense his power. At the same time, he observed the rhythm of the opponent's punches carefully, finding a chance to retaliate.

The hourglass was already halfway out, and time was running out.

"Dog slave, take this." Chen Xiang shouted in his heart, and everyone felt that in that moment, it was as if space itself was fluctuating, Chen Xiang punched out with lightning speed, releasing thunderbolts.

Everyone saw Chen Xiang striking out his fist, but Chen Xiang just stood there and punched, the fist wind seemed to penetrate through space, it suddenly appeared in front of Heavenly Slave. What was unbelievable was that after the fist energy shot out, it actually turned into a gigantic golden fist that was like a small mountain.

The Devil Subduing Method, combined with the Devil-suppressing fist, produced an incomparably tyrannical destructive force, which instantly defeated the devil aura released by the Heavenly Slave. The mountain-like Devil-suppressing fist brought along the berserk Devil Subduing Method and smashed onto the Heavenly Slave's body, causing a huge hole to appear in the ground.

After suffering such a heavy blow that the Demonic God Domain was destroyed, it was not that difficult for Chen Xiang to use his spatial energy.

"This is going to be difficult." Chen Xiang glanced at the hourglass. There was not much time left, even though there was still half of the time left, it was not easy for him to exterminate the Heavenly Slave.

However, the rules forbid the use of magical equipment or weapons.

Although Heavenly Slave was heavily punched by Chen Xiang, it did not deal much damage to him. At the same time, he had already jumped out of the deep ditch, and the moment he came out, he rushed towards Chen Xiang.

The Divine Demon Emperor was indeed an Emperor level powerhouse, but he was always beaten into a sorry state by Chen Xiang. Everyone couldn't help but be shocked at Chen Xiang's strength, but he actually wasn't killed instantly when facing off against a Strong of Lord Stage. This showed that he was very strong himself, and with the help of the Devil-suppressing kungfu, he could tie with the Divine Demon Emperor.

Chen Xiang did not want to fight to a standstill. At this moment, he was not holding back and continued to use his God Power, continuously using Devil Subduing Method and Devil-suppressing fist, both combined, allowing him to gain the upper hand. At the very least, Heavenly Slave's fiendish demon fists were burned by Chen Xiang's flames, causing him to continuously roar in pain.

"If you want to beat him, then do as I say."

An imposing voice suddenly appeared in Chen Xiang's mind, this was not a person he was familiar with, he anxiously followed the voice and left his consciousness to ask: "Who are you?"

"Lv Zhen." the voice replied.

"Lv Zhen, who is it?"

Chen Xiang asked, his random punch just now had hit Heavenly Slave in the face, causing him to be even angrier, but in close combat, Heavenly Slave was at a disadvantage, because Chen Xiang's body was wrapped up by the Devil-suppressing qi array, like armor, making it impossible for Heavenly Slave to break through the demon's power.

"The master of the Holy Devil-suppressing seal in your body, do you know who I am now? You don't have much time left, quickly do as I say, otherwise you won't have the chance to defeat this guy." Lv Zhen anxiously said.

The owner of the Holy Devil-suppressing seal, wasn't it just the Devil-suppressing Heavenly Venerable? Chen Xiang was stunned for a moment, and then he didn't notice the Heavenly Slave's furious attack. He immediately released a black ball of light that flew to the side of the stage.

Devil-suppressing Heavenly Venerable was also here, Chen Xiang was surprised, he never thought that Devil-suppressing Heavenly Venerable would also have the surname Lu, that was Lv Qilian's father, if not for the tense situation, Chen Xiang would have looked through the crowd to look for Devil-suppressing Heavenly Venerable.

"Senior, what should I do?" Chen Xiang asked anxiously, in his heart, the Devil-suppressing Heavenly Venerable held the same position as the Ten Heavens Supreme Lord. He had never seen the Devil-suppressing Heavenly Venerable, but he received a large portion of the Devil-suppressing Heavenly Venerable's inheritance.

You can use the God wind, right? When I pass down the chant, you turn the divine power into the God wind, and the moment the God wind condenses, you will activate the chant mental cultivation method I passed on to you, allowing you to unleash the Evil Killing God wind, which is a huge blow to the Evil Demon King. This is something I learned from the Devil-killing Summit, of course, there are also many other techniques, but these are all not things that I will be able to learn in a short period of time. Lv Zhen said.

"Senior, you went to the Devil-killing Summit." Chen Xiang suddenly jumped up from the ground, dodging a black ball of devilish fiend that fell from the sky. He circulated the divine power in his body and used the method in the God slay method, transforming a large amount of the divine power into God wind.

At this time, a mnemonic chant appeared in his mind. Having learned many divine arts, he soon knew how to operate it.

### [Chapter 1602](#)

After circulating that chant, Chen Xiang's eyes shone with a golden light, the divine power in his entire body swirled, and both of his hands continuously poured out the Devil Slayer God wind that was like liquid.

Although Bai Yaowei was a big devil, he was still a part of the Devil-killing Summit and was extremely knowledgeable about the Devil slaying God wind. He could tell that Chen Xiang had not used enough Devil slaying God wind, so he guessed that someone was secretly guiding Chen Xiang, but he was actually not discovered by the God Realm Dragon Emperor.

Chen Xiang did not manage to control the condensed God wind well enough, so he turned it into liquid and gushed it into his hands. At this time, the Heavenly Slave released another two black balls made from devil energy.

As the two black balls flew towards Chen Xiang, Chen Xiang withdrew his overflowing God wind, but his palms still had very strong remnants of God wind left. With a wave of his hands, he aimed at the two devil fiend black balls that could produce a violent explosion.

Just a moment ago, they had seen that this black ball was extremely deadly. If it had not had a good defense, even if it was damaged, it might have been destroyed by the explosion, but with just two of Chen Xiang's palms, it was turned into black smoke.

At this time, Chen Xiang had already gained some experience in controlling the Devil Slayer God wind.

At that moment, he felt that his body was extremely light and light, and with just a thought, those strange and powerful devil slaying God wind immediately followed his will, and in an instant, he arrived at the side of the Heavenly Slave.

Chen Xiang suddenly came to his side, in shock and anger, Heavenly Slave threw a punch at him.

Crack.

Chen Xiang unleashed the Devil Subduing Method with nine echoes and one attack, in addition to the devil slayer God wind, it made his punch extremely terrifying. In this extremely sturdy space, a large crack suddenly appeared, and the spatial tear spread to the entire sky. The spatial tear, which extended for several kilometers, covered the sky like a spider web, causing people to feel fear in their hearts, as if the world was about to split open.

Such a terrifying fist met Heavenly Slave's black punch. Heavenly Slave's fist that was filled with the evil spirits was crushed by the force before it could even touch the God wind, and his entire arm instantly turned into dust.

Seeing that he did not touch Heavenly Slave's fist, Chen Xiang immediately destroyed Heavenly Slave's entire arm. In his heart, Chen Xiang felt even more admiration for the devil slayer God wind, so he quickly changed the direction of his fist and aimed it towards Heavenly Slave's head.

No one expected that in that extremely short period of time, Chen Xiang would actually change the trajectory of his punches, and incredibly hit Heavenly Slave's head. His fists struck Heavenly Slave's head, and it was as if an iron hammer had smashed onto a piece of charcoal.

Heavenly Slave's head turned into a pile of black particles. Chen Xiang was also shocked by the punch, but it had exhausted a large amount of his divine power.

After Heavenly Slave's head was shattered, a mass of black Qi surged out from his neck. This was Heavenly Slave's soul, it was actually black, and it turned into a huge black shadow that enveloped the entire stage.

"I want to devour your soul, Soul Absorbing Devil Spell." Heavenly Slave laughed sinisterly as a black shadow slapped towards Chen Xiang.

Heavenly Slave's soul was exceptionally strong, after leaving his body, he turned into a group of black shadows that could be seen with the naked eye.

Chen Xiang sensed the enemy's soul leaving his body and immediately activated Soul Absorbing Devil Spell, quickly consuming it and searching for the memories he needed.

The Heavenly Slave actually knew the Soul Absorbing Devil Spell! Everyone's face was filled with fear, as they hurriedly distanced themselves from the stage, worried that they would be affected by the Soul Absorbing Devil Spell.

Just when everyone was in a precarious situation, the Heavenly Slave actually started to howl for himself, "You ... You also understand Soul Absorbing Devil Spell, ah ... "

The black soul of the Heavenly Slave quickly became smaller following the scream, and finally disappeared. The Heavenly Slave's body also turned into a ball of black qi, and dissipated into the heaven and earth.

There was still a little more sand left in the hourglass, but the Heavenly Slave was already dead, and Chen Xiang had obtained victory in this battle.

Before anyone could regain their senses, Chen Xiang had already walked off the stage. Everyone felt that he was the real god and demon, controlling the extremely terrifying Devil-suppressing kungfu, but they did not understand the long lost devil arts that caused people to tremble in fear, moreover, he was extremely proficient in it.

was not surprised at all that using the Soul Absorbing Devil Spell to deal with souls was the best. He was just curious about who had suddenly taught Chen Xiang the chants of the Devil Slayer God wind.

Chen Xiang walked down the stage and scanned the crowd, searching for Lv Zhen. Lv Zhen's divine sense had already been withdrawn from his Divine Sense Sea, and he was no longer able to send a sound transmission to Lv Zhen. He really wanted to tell Lv Zhen that Lv Qilian had been looking for him this entire time.

However, he was sure that Lv Zhen was still nearby and had been watching the entire time.

Chen Xiang felt that Devil-suppressing Heavenly Venerable's current strength must be the same as the other Strong of Lord Stage s. Even Qi Shi was a little worried that the Dragon Emperor would discover the sound transmission, but Lv Zhen didn't.

When Devil-suppressing Heavenly Venerable went missing back then, his strength was already extremely strong. He went to a Heaven Realm, and then to Devil-killing Summit, his strength must have increased greatly, so was even more curious about Devil-killing Summit.

"Devil-suppressing Divine Palace wins." The old man announced the result.

At this time, the disciples of Divine Devil Cult all ran away. The powerful Heavenly Slave was killed in such a short period of time, and that person's strength was definitely not someone they could deal with.

Previously, everyone secretly looked down on Devil-suppressing Divine Palace because there were no Emperor level experts in Devil-suppressing Divine Palace. However, now that the Great Yan Jing had been destroyed in such a short period of time, no one dared to look down on the Devil-suppressing Divine Palace anymore.

The last time she and Chen Xiang had cultivated the Gods join method, Chen Xiang's strength was still very weak. However, right now, he was comparable to those great emperors of the Sky Region who were seated around the table.

The final battle was between Devil-suppressing Divine Palace and Heavenly Dragon Race. Just now, Qi Shi sent a sound transmission to Chen Xiang, telling him to kill that Sky Dragon no matter what.

But what Qi Shi was worried about was, whether the Heavenly Dragon Race would admit defeat, the strength Chen Xiang had displayed just now was too strong, and it was not something that the middle-aged man could endure.

"In the final match, if we don't decide who will win, then we'll compete from a new beginning to a new one." The old man shouted, "Please come up on stage."

"Your rules don't seem to have said before that no one is allowed to change, right? My Heavenly Dragon Race's people just now were a little unwell, so I helped them fight. This is permitted."

Everyone immediately looked at the one who spoke, it was Dragon Emperor.

The Dragon Emperor coming out for battle, what was there to be afraid of? This was too much bullying.

Everyone scolded in their hearts. This was clearly because they saw how powerful Chen Xiang was just now. If they had let that middle-aged man fight again, he would definitely have lost.

The Dragon Emperor of the Heavenly Dragon Race, his strength was more powerful than the other great emperors in the eyes of many. After all, he was a dragon.

"Changing people does not violate the rules." The old man nodded as he secretly exclaimed in his heart. If the two Emperor-level characters were fighting here, then he no longer needed this city.

### [Chapter 1603](#)

Although Chen Xiang possessed strength that was on par with Strong of Lord Stage, the heart of the Demon Emperor in Divine Devil Cult was too strong. Chen Xiang used the Devil-suppressing kungfu to suppress him, and with the strength of the Demon Emperor, he was probably at the bottom of the list amongst the Strong of Lord Stage.

If Dragon Emperor were to make his move, Devil-suppressing Divine Palace would definitely lose. Chen Xiang's expression was currently heavy, but in his heart, he really wanted to exchange a few blows with this Dragon Emperor.

Although he was an old man, no one dared to underestimate him. He walked towards the fighting stage at a leisurely pace, he felt that if he made a move, no one would be able to stop him.

Chen Xiang also walked over, he was actually still so calm at this moment, this kind of courage was truly admirable from the bottom of his heart, but just how many times was he going to go up on the stage ...

"Wait." Hearing this, Chen Xiang thought that Lv Zhen had sent a sound transmission to him, but that was not the case.

This was called out by Lv Zhen, and everyone heard it. Furthermore, Lv Zhen appeared in front of everyone, and this was a handsome middle-aged man with a moustache that slightly curled upwards, and a hint of a smile hung on the corners of his mouth.

When Chen Xiang saw that face, he felt that Lv Qilian was very much like him. This Devil-suppressing Heavenly Venerable looked like a mischievous person, he was dressed in white, had a sword at his shoulder, stroked his beard and walked over with a smile.

Seeing Lv Zhen, Bai Yaowei curled his lips. It could be seen that he recognized Lv Zhen, and their relationship seemed to be not bad. They were both from the Devil-killing Summit.

"It's you, senior." Chen Xiang immediately bowed to Lv Zhen.

Lv Zhen walked to Chen Xiang's side and patted Chen Xiang's shoulder: "Sit, let me represent you."

"You have nothing to do with the Devil-suppressing Divine Palace, so you can't go on stage. Are you a member of the Devil-suppressing Divine Palace? The middle-aged man from the Heavenly Dragon Race anxiously said, because Lv Zhen seemed to be disrespectful to the world, and did not even have a hint of strength, but Chen Xiang called him senior, and was extremely courteous, so with one glance, it was obvious that he was stronger than Chen Xiang, and might even be stronger than Chen Xiang.

Otherwise, Chen Xiang would not be so respectful to him.

"My name is Lv Zhen." Lv Zhen replied as he looked at the middle-aged man from the Heavenly Dragon Race.

"Lv Zhen, I've never heard of you." The middle-aged man said.

Everyone shook their heads, no one had indeed never heard of him before, only Lv Qilian was shocked, and that was her father's name. She had been searching for her father for many years, and now he suddenly appeared in front of her.

"The Devil-suppressing Divine Palace was created by me. Tell me, is there a relationship between me and the Devil-suppressing Divine Palace? Do I have the qualifications to participate?" Lv Zhen's voice turned cold, and an incomparably huge golden word 'Subduing Light' suddenly appeared in the air. That kind of pressure, not only the people who cultivated the power of evil, even the other people felt uncomfortable about it.

Chen Xiang said in a cold voice: "He is the Devil-suppressing Heavenly Venerable, the ancestor of my Devil-suppressing Divine Palace. He does not have the qualifications, who does."

Now, everyone believed that the word 'Town' had already shaken the entire nine heavens many years ago. This Devil-suppressing Heavenly Venerable who had suddenly disappeared, had actually appeared and become even more powerful.

Lv Zhen threw the sword back to Chen Xiang: "This is a divine sword, it's very hard to keep it inside the Storage bag, help me watch it."

With that said, Lv Zhen arrived at the stage.

Chen Xiang had been paying attention to Lv Qilian this entire time, but when he saw Lv Qilian's astonished expression, he hurriedly sent a sound transmission to her, "Sister Qilian, calm down. After this matter is over, you two can recognize each other again.

When Dragon Emperor saw Lv Zhen coming out for battle, he was a little disturbed. He hated these strong humans the most, these dragons were born with strong power. If they were unable to defeat humans, then they would seem even more useless.

"I never thought that in order to obtain a dragon vein, I would have you do it yourself. Is that dragon vein very important to you, but as far as I know, the dragon vein underneath that ancient god's tomb is even more powerful, it should have already become a Holy stone, and there is even the possibility of condensing a Holy Crystal. Why don't you guys go there to dig out the dragon vein?" Lv Zhen smiled slightly.

How could these Strong of Lord Stage not know about the Ancient God's tomb? But how could they not dare to go there?

"From what you're saying, it would seem that you do not want that dragon's vein. Could it be that you're going to be taken over by a little demon like that?" Dragon Emperor sneered: "What's more, that place is called Dragon Subduing School."

"Don't tell me that you really want the dragon's vein? The number of Holy stone you possess in the Realm of Flame Heaven is no less than here. Don't tell me that you have another goal?" Lv Zhen looked at the emperors from the Sky Region below the stage. "Or perhaps, someone was the one who ordered you to start this war."

The Devil-killing Summit was right beside the door to hell, and it was said that it was to suppress hell, and Lv Zhen suddenly jumped out to participate in this, to stop this battle.

Chen Xiang anxiously took out the pearl that the White Tiger had given him and sent a sound transmission to the White Tiger, telling the White Tiger to bring the White Tiger Fighting Race over quickly.

"If you want to fight, don't fight in my Evil Dragon Graveyard, just fight here. Everyone is here anyway." Chen Xiang felt that this battle would be hard to avoid, but there were actually so many Strong of Lord Stage in the Sky Region.

Lv Zhen and Dragon Emperor were still negotiating. Lv Zhen wanted to stop this big battle from erupting, because he knew that this was Hell Devil Emperor's scheme.

Just as Dragon Emperor wanted to speak, the old man's voice rang out. Who knew that there would be a tiger's roar coming from the horizon?

The new boss, Yan Jing, was very familiar with this roar. He could not forget this roar that made them feel like they were in a nightmare. It was the roar of the ancient god of slaughter.

Now that he had been revived, the great emperors of the Heavenly Realm were all extremely shocked in their hearts. They had thought that the White Tiger had already died or had become a god, but now, it suddenly appeared.

It was not only the White Tiger that came, but also the warriors from the 100 White Tiger Fighting Race. They crossed the space and appeared in the palace, standing behind everyone.

"So lively."

He then walked towards the crowd and looked at the other Sky Region Emperors. All of them were people he knew.

"I heard that the reason why you guys are fighting here is to choose a commander and then attack Dragon Subduing School, right?" The White Tiger asked.

The scene was silent. No one answered.

"That's right." When Chen Xiang saw that there was no answer, he asked, "What is your relationship with the Dragon Subduing School?"

"I am the Great Clan Elder of the Dragon Subduing School. White Tiger laughed: "Since everyone is here, let's settle it here. All those who want to attack Dragon Subduing School stand up and let me see who it is, I'll kill him right here."

### [Chapter 1604](#)

Anyone who wanted to attack the Dragon Subduing School would stand up and kill him. Seeing him so murderous, no one dared to stand up, even the other Strong of Lord Stage s did not dare to make an enemy out of this resurrected white tiger. This was the master of the Ten Heavens Supreme Lord back then, reputed as the God of Slaughter.

Chen Xiang was the Leader, and this White Tiger was the Great Elder of the Dragon Subduing School. The Great Elder of the Dragon Subduing School was extremely famous, and no one expected Chen Xiang to have this kind of relationship with the White Tiger so early on.

Chen Xiang intentionally sneered: If you want us to stand up, then stand up, today, we are gathered here to discuss how to attack Dragon Subduing School. Other than the women of Ice Dragon Race and Hundreds of Flowers Palace, we are all here to attack Dragon Subduing School, who do you think you are?

Hearing Chen Xiang's words, the experts who were afraid of the White Tiger all felt the urge to slap him hard in the mouth.

The White Tiger already knew that the person in front of it was Chen Xiang, and it had also been cooperating very well with Chen Xiang. It swept its gaze across the crowd and said coldly: "Then I'll give you one more chance, if you guys are really determined to attack Dragon Subduing School, just make a sound, we'll settle this here, in any case, you guys will run into me sooner or later."

Jiang Sheng saw that the place was quiet, and laughed: "Aren't there five great emperors of the Heaven Realm here? Why are you guys scared, it's just a big white tiger, what are you afraid of?"

"Weren't you shouting so crazily before, hitting the Evil Dragon Graveyard and splitting the dragon fountain? Why are you not even daring to fart now?"

Hearing Jiang Sheng's words, a few people in the Sky Region's Great Yan Jing immediately looked over. It was yet another young mischievous brat who had the guts to mock and ridicule these Sky Region Emperor.

Although the few Sky Region Emperors did not say anything, they were secretly exchanging views. Dragon Emperor and Lv Zhen, the two Devil-suppressing Heavenly Venerables, were still fighting on the stage.

"I think we had a misunderstanding with the Evil Dragon Graveyard previously, but now that the misunderstanding has been resolved, there is no longer a need for the final battle." Thunder Emperor stood up, looked at the White Tiger and spoke indifferently.

The White Tiger sneered, "Tell me where the misunderstanding is."

"What misunderstanding? They're just a bunch of bullies. Seeing a strong guy suddenly appear, in order to avoid physical pain, they had no choice but to shrink back." Jiang Sheng mocked from the side: "This group of fellows has always been like this."

Thunder Emperor's expression turned cold. He looked at Jiang Sheng and said coldly: "Friend, you've slandered us time and time again. This is a form of provocation to us."

Jiang Sheng was still smiling mischievously as he said, "How can you guys be slandering me? I was shouting at the Dragon Subduing School to kill you guys fiercely, but now, my words are as soft as mud, I don't even dare to fart anymore. You bunch of new Great Emperors, just like yourself, in the Nine Emperors and Five Venerables back then, there were two idiots who did not even care about their lives when they fought with Ten Heavens Supreme Lord.

"Who are you? Do you dare to fight?" Thunder Emperor was infuriated. Clenching his fists, he released a thunderous aura that enveloped the entire arena as lightning flashed and thunder roared in the sky.

Jiang Sheng laughed: "You only dare to act arrogantly towards small fry like me, and declare war on the big white tiger over there if you dare."

Dragon Emperor who was on the stage walked down the stage, looked at Jiang Sheng and said: "You aren't a small fry, right? Who exactly are you?"

Seeing how serious Dragon Emperor was, the Thunder Emperor and the other great emperors of the Realm knew that Jiang Sheng, who had always been fanning the flames, had some background. However, they could not see anything wrong with him.

"You ungrateful bastards, it's normal for you to not recognize him." Bai Yaowei who was sitting with Phoenix King suddenly said.

Seeing that another person had used such a tone to speak, everyone knew that other than the five Sky Region Great Emperor and Devil-suppressing Heavenly Venerable, there were also experts of that period here. Jiang Sheng was one of them, and Bai Yaowei was another just now.

"It's you. Didn't you go to the Gods Realm?" An old lady's wrinkled eyes suddenly opened, and looked at Jiang Sheng. She was the Ice Emperor of the Sacred Ice Realm.

Currently, the other four Sky Region Emperors seemed to have already guessed Jiang Sheng's identity, and were actually together with the Ice Dragon Clan. This made their hearts tremble, although Jiang Sheng always mocked himself that he was a lowly person in the Nine Emperors and Five Venerables, no one had ever dared to underestimate his strength.

The White Tiger coughed a few times and said, "Do you still want to attack Dragon Subduing School? Give me a clear answer and I don't want to come here for nothing."

"Big white cat, let's talk about this later. I need to get that guy to return some things." Jiang Sheng looked at Dragon Emperor. "It's time to return that Supreme Dragon blood, right?"

Hearing the Supreme Dragon blood, the few Sky Region Emperor were all shocked, looking at Dragon Emperor, they did not seem to know that there was such a thing as Supreme Dragon blood in Dragon Emperor.

"Goodbye everyone."

Dragon Emperor was on alert. He cupped his hands to everyone and turned into a gold light, flying towards the gigantic carriage. The other Sky Dragons seemed to have received their orders, and flew towards the carriage.

"Brat, do it, snatch the Supreme Dragon blood back." Jiang Sheng quickly transmitted to Chen Xiang: "Throw me the divine cauldron and divine hammer."

Jiang Sheng rose into the air and chased after the fleeing Sky Dragons.

Originally, it was a duel to gain the commanding authority, but now it turned out like this. This was completely unexpected to everyone.

Chen Xiang immediately threw out his Divine Hammer and Divine Cauldron, the black iron hammer spun around and automatically entered Jiang Sheng's hands. Jiang Sheng tightly gripped his Divine Hammer and roared loudly, causing the Divine Hammer to immediately flash with a white light and transform into a huge white hammer.

Jiang Sheng held onto the end of the Divine Hammer, with a majestic aura, he swung the hammer that was as heavy as a mountain, smashing it towards the gigantic Ranged Horse that Dragon Emperor was riding.

That huge caravan was much smaller than Godly Hammer. The Godly Hammer swept across and crashed into the chariot. Even the two huge dragons pulling the chariot were blasted into smithereens.

The RV was shattered into golden fragments by a burst of golden light and tremors.

This person was a Divine Craftsman.

Someone suddenly cried out in alarm. At this moment, the divine cauldron had already become extremely large, enveloping the group of fleeing Heavenly Dragons.

The Dragon Emperor roared, flying towards the gigantic divine furnace that was smashing down. A gigantic pole appeared in his hand, which he struck horizontally towards the divine furnace, sweeping it away.

The Divine Cauldron and Divine Hammer were previously in Chen Xiang's hands, and the moment Chen Xiang threw them out, everyone already knew that the Divine Palace Protectors was actually Chen Xiang.

Everyone thought that Chen Xiang's strength was at most at Immortal-becoming realm, but now that he had not only completed the Ninth Cycle of the Sacred Transformation and had become a powerful Holy Immortal, his strength was even comparable to the Strong of Lord Stage and could kill the Demon God Emperor.

However, there were still a few people who could not believe that it was actually Chen Xiang, who still knew how to use the Demon Extermination Palm and the Soul Absorbing Devil Spell. Seeing Chen Xiang flying out and taking out the Green dragon demon-slain broadsword, everyone could not help but believe that it really was Chen Xiang.

### [Chapter 1605](#)

Everyone understood that Chen Xiang's appearance here was to stir up trouble. They did not want such a huge battle to break out in the Evil Dragon Graveyard, so they settled the matter here.

Right now, it was progressing differently from what Chen Xiang had expected, but his objective had already been achieved. These Sky Region were no longer able to join forces with the great powers of the Nine Heaven World to attack the Evil Dragon Graveyard.

The White Tiger did not expect it to do this, and sent a sound transmission to Chen Xiang, "Do you need my help?"

Just as Chen Xiang wanted to reply, he was pushed away by a wave of air, causing a golden light to shine out, making everyone unable to open their eyes, when they heard the terrifying dragon roar, they knew that the Dragon Emperor had turned into its original form, and that the entire world was trembling.

With Jiang Sheng here, maybe Ten Heavens Supreme Lord Qi Shi was also there. The other Sky Region Strong of Lord Stage s would definitely not get involved in this mess, Dragon Emperor only wanted to quickly leave this place. If Jiang Sheng, Qi Shi, and the White Tiger attacked him together, his vitality would be greatly damaged.

After a flash of golden light, Dragon Emperor's huge dragon body just appeared and suddenly disappeared. He brought the group of Sky Dragons back to Heavenly Dragon Realm through space.

"This bastard actually ran away." Jiang Sheng held the small divine hammer in one hand and the small divine cauldron in the other.

The other great emperors of the Sky Region wanted to leave, but were stopped by Qi Shi.

Although Qi Shi did not reveal his identity, these four Sky Region Emperors already knew that he was the Ten Heavens Supreme Lord.

"Where is the Evil Emperor?" Qi Shi glared at the new Evil Emperor.

"He's in the Heavenly Evil Realm, but he's been missing for thirty thousand years." Although the resurrected Qi Shi was a lot weaker, he still did not have the courage to fight this Emperor who had once dominated the Nine Heavens Dictum.

"You can leave now. In the future, you'd better be more honest. Don't think that you'll never die." Qi Shi coldly snorted.

The space around Chen Xiang suddenly fluctuated, Jiang Sheng anxiously shouted: "Brat, what are you doing, why are you using such a powerful spatial force?"

Jiang Sheng didn't even dare to go close. He knew that Chen Xiang had a good grasp of spatial energy, but he never imagined that it would reach such a level. Even when Qi Shi was at his peak, he still didn't have such a terrifying control.

"You two go ahead and reminisce about old times. I want to make a trip to Heavenly Dragon Realm." A vast expanse of space appeared in the air. It was extremely terrifying, causing one to feel as though the space they were in would be torn to shreds under the pressure of the spatial energy.

"What are you going there for? You're not a match for that guy right now." Jiang Sheng anxiously shouted: "Quickly stop."

"I went there to look for someone." Chen Xiang's body gradually disappeared. He had already entered the spatial tunnel that he had opened, which was a passageway to the Heavenly Dragon Realm. He had sensed it based on the spatial ripples left behind by the Dragon Emperor.

After fusing with the spatial Rule spiritual bead, he was extremely sensitive to space. The stronger he was, the more familiar he would be with the laws of space and thus be able to break through some of the laws of space.

"That's the end." The White Tiger spoke a little gloomily as it watched Chen Xiang disappear.

"If it doesn't end like this, could it be that you want to fight to the death and get rid of those fellows from the Realm of the Heavens? In the end, you still took advantage of the Hell Devil Emperor." Lv Zhen had been silently watching this scene the entire time. To be able to settle this matter peacefully and not let Hell Devil Emperor's plan succeed, this was the best victory.

The White Tiger sighed: "Then I better continue to hide, I don't want to be killed by Hell Devil Emperor the second time."

When the White Tiger left, Qi Shi followed.

Bai Yaowei quietly disappeared into the crowd, while Lv Zhen gave her a glance, as if sending her a sound transmission in secret. After that, he asked that Xu Teng to bring him back to the Devil-suppressing Divine Palace.

Jiang Sheng looked at the Divine Hammer and Divine Cauldron in his hands. He had originally wanted to return them to Chen Xiang, but who knew that Chen Xiang had left in such a hurry, so he could only keep them for now.

Although the fierce battle that broke out in the Strong of Lord Stage did not happen, those who experienced it today vaguely felt that the great war of the Primordial Era would happen again very soon.

... ..

Inside the Heavenly Dragon Realm, the only difference was that the Holy Spirit Qi was extremely dense, and all the beasts here had a bit of the bloodline of a dragon. Outside the wilderness, there were a lot of Holy Beasts, and Chen Xiang could feel a few auras.

"Little Rascal, we really have come to the Heavenly Dragon Realm." Huang Jintian sat on the ground with his bald head, "I heard that the wilderness in this place is even scarier than the Sacred Grounds."

The moment Chen Xiang teleported, she caught him in mid air and stored him in the Serene Jade Ring. Only after arriving at the Heavenly Dragon Realm did she release him.

"Of course, I'm here to find someone. Before, I didn't really worry about them, but now they have no news at all." Chen Xiang's face turned serious.

Huang Jintian asked: "Who are you looking for? You have friends here, why don't I know?"

"A White Dragon, and a Draconian with White Dragon Vein." Chen Xiang's face was full of worry: "That Draconian is You Lan, and as for that White Dragon, it's very likely that she's that ancient Heavenly Dragon Supreme Lord. She's always been with me, giving me a lot of help."

"I heard that white dragon is female, so that white dragon that was with you is also female." When Huang Jintian thought about Leng Youlan's strange white hair, he immediately realized that Leng Youlan had changed a lot due to his White Dragon Vein.

Chen Xiang nodded her head, "When I returned from the Sacred Domain with you, she left me and said that she wanted to take revenge. In the past, she went to Imperial Dragon Race, but now that Imperial Dragon Race has been tricked by the Heavenly Dragon, it seems very calm on the side of Heavenly Dragon Race, so I want to see if she is here."

"She said that she would find Youlan together with her. Right now, there is no news at all from those two stupid girls. I am very worried about them."

Huang Jintian immediately pinched his fingers and activated Heaven extended method. His eyes kept blinking, and his entire body was trembling.

They were currently in an ancient forest with towering trees, and there were no dangers in their surroundings. Chen Xiang climbed up the tree, while being vigilant of his surroundings, waiting for Huang Jintian to figure out the result.

After an hour, Huang Jintian was drenched in sweat and regained his normal look. Chen Xiang anxiously jumped down from the big tree.

"You Lan is still alive, but I can't figure out where she is right now. As for the white dragon you mentioned ..." This is very difficult to calculate, without any clues. It is as if she doesn't exist, but is not a sign of death. " Huang Jintian furrowed his brows, looked at Chen Xiang, and started to count with his fingers.

"Strange, let me calculate for you. Your situation is exactly the same as that white dragon's. What exactly is going on? Before, I gave you a fortune-telling, but there has never been such a situation." Huang Jintian's face was full of suspicion.

## [Chapter 1606](#)

Chen Xiang thought for a while, "Is it because I have the Divine Deity that you can't calculate it?"

"What? You have Divine Deity?" Huang Jintian was so surprised that she jumped: "No wonder you suddenly became so powerful, so that's how it is, looks like that white dragon is fine, and it also has Divine Deity, this kind of thing, she should really be a Heavenly Dragon Supreme Lord."

"That's impossible, her Divine Deity was borrowed by the Ten Heavens Supreme Lord. After the death of the Ten Heavens Supreme Lord, her Divine Deity accompanied his soul to hell and was suppressed by the Hell Devil Emperor. The Ten Heavens Supreme Lord also said that it's impossible for her Divine Deity to be taken back." Chen Xiang sat on the ground and started thinking.

This made Chen Xiang feel a lot more at ease. He felt that it was also true, if Long Xueyi did not have the Divine Deity, it would be difficult for him to defeat that Dragon Emperor.

Huang Jintian, who had originally been very worried about the dangers of this place, was extremely happy when he found out that Chen Xiang had the Divine Deity.

"Let's stay here for a little longer and help me kill some Saint Beasts. You're already stronger than me, so you have to help master increase his strength." Huang Jintian laughed, "Anyway, your Dragon Subduing School is watched by so many old emperors, nothing will happen to you."

"Master, you should be hoping that I can refine a Holy Pellet as soon as possible. When that happens, you definitely won't be interested in any Holy Beasts." Chen Xiang laughed, after knowing that Leng Youlan and Leng Youlan were alright, Chen Xiang's mood relaxed a lot.

"What's more, this is the Heavenly Dragon Realm. What's the point in killing normal Holy Beasts? If you want to kill them, then kill those Heavenly Dragons." Chen Xiang chuckled.

Huang Jintian curled his lips: "I don't want to be chased by the Dragon Emperor, this is his territory. When we don't have absolute power, by all means, do not come into conflict with the Heavenly Dragon Race."

"The sky is about to turn dark. We can continue on our journey at daybreak." Chen Xiang jumped onto the big tree, made a tree hole in the thick tree trunk, and then laid down comfortably inside, while Huang Jintian sat outside the tree hole.

"Master, when Lv Zhen came out of the Devil-killing Summit, it was Lv Zhen who secretly passed on the skills to me when I was dealing with the Demon Emperor. He allowed me to learn the Devil Slayer God wind, so what kind of secrets are hiding inside the Devil-killing Summit?" Chen Xiang lied inside the tree cave and thought back to the Devil-killing Summit he saw.

"I only know that Devil-killing Summit was created by a god, and this god should be from inside the tomb. Although that guy made a tomb, he isn't really dead, he would come back alive once every few days, and obviously, his opponent is that Hell Devil Emperor."

"No wonder." Chen Xiang suddenly felt that the Devil-suppressing Heavenly Venerable Lv Zhen should be related to the spirit inside the tomb, if not he would not have understood so many powerful Devil-suppressing kungfu s.

"Who did you learn those demonic arts from? There's no need to hide it from me, right?" Huang Jintian said: "As far as I know, only the Demon Emperor knows about those demon arts. Could it be that the Demon Emperor has resurrected and secretly imparted it to you?"

"It was passed to me by a descendant of the Ruthless Devil Venerable." Chen Xiang said.

"Isn't Ruthless Devil Venerable the guy who entered the Nine Heaven Devil Palace and didn't come out? His descendants seem to be two women ..." Huang Jintian took out the ancient book that he had written about major events as he quickly flipped through the pages.

"Ruthless Devil Venerable has two disciples. One is called Su Meiyao, the other is Bai Youyou from the Mo Tian Bai's family. Su Meiyao's pill techniques are unparalleled, and he was able to master the Demon Emperor's unique skills. The two of them were both famous female experts at that time." Huang Jintian sighed: "You little bastard, you actually obtained the inheritance of these two women so early."

Su Meiyao and Bai Youyou's mother were Su Meiyao's Leader, and his master was the reincarnated Ruthless Devil Venerable of the Demon Emperor. The two of them were both Strong of Lord Stage, so Chen Xiang wasn't worried about their enemies at the moment.

"Who is their enemy? They said it was hard to hide from that enemy." Chen Xiang said: "Their enemy should be a woman."

Huang Jintian continued to read the ancient book, and said: "Their enemies are truly formidable, according to the ancient records of my Undead Race, the strongest enemy that chased them all those years ago, should be the heavily injured Mei Emperor."

"Mei Emperor, what kind of Emperor is this? There isn't such a fellow in Nine Emperors and Five Venerables, right?" Chen Xiang asked anxiously.

"There isn't any in the Nine Emperors and Five Venerables. The main thing is that this guy's reputation is too bad, because she is a very vicious woman. It is said that Divine Craftsmen, Dan Emperor, Sword Emperor and the others were all deceived by her." Huang Jintian laughed sinisterly: "The Charm Emperor is a very powerful woman, back then she bewitched and bewitched a lot of strong warriors, even if they obtained her body, they would have to pay a heavy price."

Chen Xiang understood what Huang Jintian meant and could not believe it: "Are you saying that the God Craftsmen, Dan Emperor and the others all had that kind of relationship with this woman? It's so chaotic."

"I don't know about that, but you are very familiar with the Divine Craftsmen. You can go back and ask him." Huang Jintian laughed.

"The Mei Emperor heard that he was injured. I don't know who he was, but it's very possible that he was the Demon Emperor or the Ten Heavens Supreme Lord. The Demon Emperor used to have too many women, so it's hard for the Mei Emperor to seduce him. Huang Jintian said: "I think it's very likely that the Demon Emperor had injured her, that's why he chased after Bai Youyou and Su Meiyao who possess the Demon Arts."

"This... Actually, the Ruthless Devil Venerable is the reincarnation of the Demon Emperor and also Bai Youyou's father. His name is Bai Yaowei and he is the one who sat together with the Phoenix King. " Chen Xiang said.

"So that's how it is. I had thought that guy was not simple before." Huang Jintian suddenly came to a realization, and then, he opened the ancient book, and quickly recorded down some things on it.

Chen Xiang asked again, "Master, does this ancient book have any information about Ruthless Devil Venerable's sister? The little sister and the Imperial Avian Race's undead bird gave birth to a girl, who was Ruthless Devil Venerable's niece. Back then, in order to protect Su Meiyao and him, she disguised herself to kill them.

Huang Jintian was startled for a moment, and said: "I should hand over the record to you. Why do you know so many things?"

Chen Xiang curled his lips: "It's probably because of my woman's fate that isn't bad. That Yu Yi Immortal Fairy is currently the Ji Meixian in the Hundreds of Flowers Palace, and the one who just joined the Hundreds of Flowers Palace, she was a spy that I arranged to stay in the White Sea Imperial Land."

"You brat, how many more things have you done secretly?" Suddenly, Huang Jintian felt that Chen Xiang had hidden many big things, "Tell me some of the more important things so that I can record them down, I know that you also want to know more secrets, and I will use these to exchange for it."

"Don't leak it out for now. In the future, you can do whatever you want in a few hundred thousand years." Chen Xiang said.

"No problem, deal." Huang Jintian shouted happily.

Chen Xiang said: "Help me look for the history of the Dongfang family. Beneath the Dongfang profound Realm of the Dongfang family was a set of Vermillion Bird bones. Even now, I am still very curious about what happened."

### [Chapter 1607](#)

Huang Jintian flipped through the ancient book, searching for information related to the Vermillion Bird.

"So that's how it was. Back then, the White Tiger went berserk, lost its mind, and killed the Vermillion Bird. And one of the big powers that the Vermillion Bird protected was the Dongfang Family. That skeleton was left in the profound Realm of the Dongfang Family. If Chen Xiang didn't mention it, Huang Jintian wouldn't have known that the Vermillion Bird was killed by the White Tiger all those years ago.

Huang Jintian was suddenly confused, "Why would the White Tiger lose its mind? The White Tiger has also mentioned this before, it went berserk a few times and killed quite a few people, then committed suicide. Its disciple, Ten Heavens Supreme Lord, also had a similar situation, but not that frequently."

"This is because they all had that Killing-god heart before ..." Chen Xiang told Huang Jintian all of these things.

"Killing-god heart s are just Divine Deity. They actually didn't know about it at that time." Huang Jintian even found out that the origin of the Heaven Earth Killing Method was from that Killing-god heart.

After that, Chen Xiang and Huang Jintian exchanged pointers, and found out about many things to satisfy their curiosity.

Daybreak, Chen Xiang asked Huang Jintian to calculate Leng Youlan's position for him. This was also the reason why he brought Huang Jintian here.

"This place is a bit big and a bit special, so it needs some time." After Huang Jintian finished speaking, he sat down cross legged. This time, he did not pinch his fingers to calculate, but opened his arms to absorb the light from the sun, obtaining some strange power and borrowing the sun's power to sense a few things.

Chen Xiang patiently waited for more than four hours, before he finally came to a conclusion: "It's a bit blurry, and it's too far away from here, but I can confirm that she's right here."

"Right now, I only know her location. If I go near her, I can figure out her exact location."

Chen Xiang said: "Then lead the way, we will go over now."

Long Xueyi had Divine Deity, so Heaven extended method was useless against her, and could only be counted as Leng Youlan.

"This way." Huang Jintian pointed in a direction.

"Master, you can enter my Storage magic treasure first. I'll use the spatial laws to reach my destination faster."

Huang Jintian was very willing, because the ring wasn't as bad as the ring. It was very safe inside.

Chen Xiang took a deep breath. As he faced the direction Huang Jintian pointed out, he circulated the vast divine power, and the space around him started to fluctuate, as though it was a calm level that slightly fluctuated. Following this, his body slightly swayed as he fused into the fluctuating space.

In the blink of an eye, Chen Xiang had traversed a long distance and arrived at a scorching hot area. Looking in front of him, he could see volcanoes that were emitting hot air, there were a few of them which were relatively large in size, releasing red lava continuously, causing a large sea of lava to appear in front of him.

Chen Xiang released Huang Jintian, frowned and said: "Master, if you continue calculating, see if I went in the wrong direction, how did I end up in this kind of damned place."

Huang Jintian saw that there were volcanoes everywhere and the heat made him very uncomfortable. "The Holy Spirit Qi here has been absorbed into the ground and turned into extremely hot lava. There must be a natural formation underneath it, which is why the environment here is so vile."

People with strength like theirs could feel the heat, then if weaker people came here, they would definitely die from the heat.

Suddenly, a slight tremor could be felt from the ground. In the distance, a massive volcano had erupted. Lava splashed in all directions along with a large amount of scorching hot rocks. Thick ash rose into the air, blotting out the sky.

"This volcano's eruption is really powerful." Just as Chen Xiang finished speaking, a huge piece of extremely hot rock shot towards him.

Chen Xiang and Huang Jintian anxiously dodged, staying far away from the place where they were previously at. At the same time, the gigantic volcano was still erupting, the rocks that shot out were everywhere, wreaking havoc everywhere.

"The volcanoes here are too powerful. If that rock were to hit me, it would have taken half of my life." Huang Jintian was shocked: "Let's quickly get out of this place and talk about this later, I keep having a feeling that there's something powerful beneath this volcano range."

Chen Xiang looked at the sky. In a short span of time, the entire sky was covered by thick volcanic ash, which flickered with purple lightning, and produced an extremely violent Holy Spirit Qi. And this Holy Spirit Qi would eventually be devoured by the earth.

Chen Xiang and the others could feel the oppressive Holy Spirit Qi rapidly descending, forming gusts of wind that was quickly being engulfed by the earth.

"Based on the current situation, the other volcanoes will erupt very soon." Huang Jintian suddenly had a very strong feeling: "There seems to be something coming from below, we really did not come at the right time."

Chen Xiang had already activated the Heaven tour method just now and his soul was flying extremely quickly, flying in all directions to investigate the situation.

"There are volcanoes all around here, and the area covered by these volcanoes is very wide. I wonder if this place is a forbidden area within the Heavenly Dragon Realm."

Just as he was about to put Huang Jintian into the ring, the ground started to shake more and more violently. The ground in front of him suddenly rose up, as if something was about to drill out of it.

"The damn thing is coming out." Huang Jintian was shocked, the protruding area where it had cracked opened, there were two thick and long fiery red things, they seemed like two beasts with sharp, large horns.

"Let's take a look at this first before we leave." Chen Xiang was suddenly very curious, this Heavenly Dragon Realm was not as strong as he had imagined him to be. If something were to appear in front of him now, it would seem that it was not any weaker than those Heavenly Dragons.

Huang Jintian said: "Wait a moment, you have to run a bit faster, if you are stopped by this guy, I won't be able to greet him."

The pair of fiery-red horns was very long, and its top was covered in volcanic ash. The two horns seemed to pierce through volcanic ash, causing the volcanic ash in the air to churn.

"It was just two horns just now. Now, my entire body is about to come out." Huang Jintian shouted. He and Chen Xiang floated far away from the protruding place, where a huge beast was about to come out from the ground.

After getting far away from that place, Chen Xiang and Huang Jintian could already see a large piece of land that had cracked open, releasing waves after waves of intense fire. It was indeed a very strong beast, the pressure was not any weaker than the Dragon Emperor that had turned into a dragon.

"We really came at the right time, to actually see the birth of such a huge beast." Chen Xiang laughed, he had already started to circulate his divine power, as long as the situation was not good, he would immediately teleport and leave.

Huang Jintian pinched his fingers, as if he was using the Heaven extended method to calculate something.

"Master, are you calculating the position of Youlan?" Chen Xiang asked.

"No, I'm counting this guy in front of me. This guy is the same as you, I can't even calculate the result. This is a Divine Beast with Divine Deity, what exactly is this thing?" Huang Jintian's forehead was filled with sweat, not because it was hot, but because the pressure was too strong.

### [Chapter 1608](#)

As the gigantic beast slowly came out from the ground, the might became stronger and stronger, causing Chen Xiang to feel overwhelmed.

Chen Xiang and Huang Jintian were already outside of the volcano range, and that huge beast seemed to have a body as big as a volcano.

"It's here."

A series of violent tremors suddenly occurred. The earth in front of them that had thousands upon thousands of volcanoes erected, suddenly spewed out a large amount of rock soil. That huge beast actually jumped out from the ground. Those tens of thousands of volcanoes along with that large piece of land were all destroyed.

The ground in front of Chen Xiang and Huang Jintian was just like ocean water suddenly floating, it was just that there were mud rocks and a large amount of lava in front of them. When the gigantic beast jumped into the air, it let out a deafening roar, causing both Chen Xiang and Huang Jintian to temporarily lose hearing.

"This guy is too strong." Chen Xiang shouted in shock. Both he and Huang Jintian could not see the gigantic beast at all, because a large amount of rock and soil and lava had fallen from the sky where they were at.

"Why aren't you leaving yet?" Huang Jintian shouted.

Chen Xiang released his soul, and in the air, he saw a gigantic beast covered in fiery red scales, with two gigantic horns on its head.

"This is a Fire unicorn." Chen Xiang shouted in shock: "This Fire unicorn has actually condensed its Divine Deity!"

"What, the Fire unicorn that has been missing for so many years is actually staying in this place?" Huang Jintian was also extremely shocked.

"Ah!" Chen Xiang suddenly cried out in pain. The soul he released was extinguished by the light rays that gushed out from the Fire unicorn's body, causing his head to hurt.

"He transformed into a man in red. That's all I saw." Chen Xiang placed Huang Jintian inside the Serene Green Dragon Ring, and then released the condensed spatial energy he had released.

The moment the space started to ripple, Chen Xiang felt that the Qilin was forcing its way towards him. Fortunately, he was quick enough, he had instantly traversed the space and escaped from that dangerous place.

After he was done, he still felt uneasy. He continued to travel a few more times, arriving beside a huge lake. Then, he leaned against a big tree by the lake while panting heavily.

When he released Huang Jintian, Huang Jintian was also frightened quite a bit.

"Master, do you have any records of this Qilin in your ancient book? This guy seems to be much stronger than the White Tiger and the Ten Heavens Supreme Lord. They should be Holy Beasts of the same generation, but this guy has condensed his Divine Deity, so he might become a Divine Beast in the future."

Even though they were far away from that place, the Fire unicorn that had just been born, that strong pressure had actually spread to this place as well.

Huang Jintian took a few deep breaths, allowing himself to become much calmer. Then, he took out the ancient book, and started to look for the detailed records of the Fire unicorn.

"I didn't mention much, I only said that it was a powerful Saint Beast of the same era as the White Tiger, Black Tortoise, Green Dragon, and Vermillion Bird, but then it disappeared. Before Ten Heavens Supreme Lord could claim power, it was already lost, but later on an ancestor of our Undead Race seemed to have found some clues, and found out that the Fire unicorn had once went to that God's Tomb, and stayed there for a long time." Huang Jintian looked at the ancient book.

Chen Xiang said in surprise: "The God's Tomb is indeed not simple."

"That fellow probably did not chase us. Although I do not know whether he is the brutal type or not, it is better to stay far away from him. In front of him, it is like an ant being pinched." Huang Jintian's heart still had lingering fear.

Chen Xiang nodded.

"Forget about Youlan, hurry up and get them out of here. Ask them about the Fire unicorn, they should know something about it." Chen Xiang said.

Huang Jintian was extremely curious about the Fire unicorn, he was responsible for recording this secret onto the ancient books of their Undead Race.

"I'll start now." Huang Jintian started to use the algorithm.

felt that the Fire unicorn would not join hands with the Heavenly Dragon Race in this place, otherwise, it would be too dangerous.

"Only in the right direction. The distance is too far, so when you ran, you didn't go in the right direction." Huang Jintian shook his head.

"I can't travel through space this time. If I go directly in front of that guy, wouldn't I be courting death?" Chen Xiang said.

"Then I'll lead the way. I'll help you calculate every few steps." Huang Jintian said.

Although Chen Xiang wasn't as strong as the Fire unicorn, he was enough to deal with some Holy Beasts.

"This Heavenly Dragon Realm is not simple, to actually be able to cause a Holy Beast to develop their Divine Deity and become a divine beast. Who knows, maybe that white dragon was also able to develop its Divine Deity here." Huang Jintian suddenly said: "Heavenly Dragon Race has chosen this Heaven Realm, perhaps he has also taken a fancy to this point."

"I don't know. Let's find those two girls first." Chen Xiang shook his head. When he came to this place, he did not attack the Heavenly Dragon Race, but instead trained and produced Divine Deity. It was very possible that it was just as Huang Jintian said.

Chen Xiang only wanted to find Long Xueyi and Leng Youlan quickly, so even if he met Saint Beasts along the way, he would avoid them. If he couldn't avoid them, he would quickly kill them.

They travelled through the night and only rested for two hours every day for a month. On the way, they even passed by the destroyed volcanoes.

Now that they had seen the vastness of Heavenly Dragon Realm, Huang Jintian still could not calculate where Leng Youlan was.

Five days had passed and Chen Xiang was currently engaged in a huge battle with an ox type Holy Beast. Since Huang Jintian had the time now, he decided to look for Leng Youlan's position at the side using the Heaven extended method.

Just as Chen Xiang killed the Holy Beast, Huang Jintian shouted out in joy: "I found the exact location, I saw a large snow-white mountain, but that's not a snowy mountain, it should be easy to find."

"Not an iceberg, a white mountain." Chen Xiang immediately activated his Soul Absorbing Devil Spell on the Holy Beast he just killed. This Holy Beast had taken the initiative to provoke him.

To be able to become a Holy Beast here, he must have been to many places here. Chen Xiang quickly found him.

"That place is actually a dangerous place. The reason why the mountain is white is because there is a terrifying power hidden within the rocks. This Saint Beast doesn't know what power it is, but if we go near that place, we'll die easily." Chen Xiang said.

"Then let's hurry over. With the exact location, you can use the Space Laws to go directly there." Huang Jintian said. Although that place was a dangerous place, Chen Xiang was very strong.

Huang Jintian entered the ring. Chen Xiang used the Holy Beast's memories to determine the distance between the white mountains and this place. Then, he used the power of space to travel through them.

### [Chapter 1609](#)

Chen Xiang had only just arrived outside of the group of white mountains, he did not expect these white mountains to be so mystical, to actually refract even more sunlight and become even hotter. He had just arrived outside of the group of white mountains, and was not prepared.

He used Heaven tour method and released tens of soul remembrance in hopes of finding Leng Youlan and Long Xueyi. Who knew that not long after he released these soul remembrance, it was extinguished by a wave of energy that came from the scorching energy refracted by Bai Shan, and had a lot of destructive power to spirit bodies.

"We'll try again tonight." The sunlight during the day was intense. At night, these white mountains did not reflect the strong sunlight, so it was not that hot here.

He only released Huang Jintian after he made him prepare to resist the heat.

"Damn, this place is so hot." Huang Jintian started to complain the moment he came out, "This Heavenly Dragon Realm is much more sinister than that Sacred Domain. Previously, I encountered a Divine Beast, but now, I've encountered a damned place like this."

Huang Jintian looked at the white mountain in front of him, then suddenly thought of something, and frowned: "Brat, didn't you say that you have seen the Devil-killing Summit before? According to the ancient books, the most dangerous thing about the Devil-killing Summit is the white mountain, which is why it's extremely hot around the Devil-killing Summit."

"That's right, no wonder it looks so familiar." Chen Xiang was shocked, he did not think that Bai Shan and the Devil-killing Summit were related.

Huang Jintian frowned as he looked at the white mountains that were reflecting blinding white light in front of him. "Devil-killing Summit was created by a god, and there are so many mountains similar to Devil-killing Summit here, so there must be a connection between them. We'll go in at night to take a look, and Devil-killing Summit is easier to enter at night."

Chen Xiang said: "Right now, we are very close to Youlan. If we calculate it again, we will see if we can find a clearer location."

They were waiting for night, since they had nothing to do, so Huang Jintian sat down and used the Heaven extended method to search for Leng Youlan.

If not for the fact that Huang Jintian had an endless lifespan, he would have probably died many times by using the Heaven extended method.

Huang Jintian took out a piece of paper and drew some mountains that he saw. The mountains here were extremely strange, as long as Chen Xiang could find the mountains that Huang Jintian drew, he would be able to find Leng Youlan and the others very quickly.

The full moon hung high in the sky, emitting a soft silver glow. The white mountains illuminated the moonlight, causing a large part of the white mountain to be covered by the night sky, emitting a charming and gentle silver light. From afar, it gave off a very comfortable and beautiful feeling, as if it was only in one's dreams.

"The sunlight is pure Yang, so it's extremely hot. This night's Lunar Entrance is more sinister, so I feel cold." Huang Jintian shivered, "But it's still better to compare the prices at night, it's just that it's a little cold. The daytime is too uncomfortable, and the light is also dazzling."

Chen Xiang's body was much stronger than Huang Jintian's. This kind of cold feeling made him feel very cool and at this moment, he also felt comfortable inside the white mountain which was illuminated by this beautiful silver light.

He then released a few dozen more soul remembrance and used the Heaven tour method to search for the few mountains that Huang Jintian had drawn. He felt that there should not be any dangers inside, but when he entered during the day, he was illuminated by the scorching white light from all over the place. After a long period of time, no one would be able to endure it.

Chen Xiang and Huang Jintian entered the group of white mountains, there were no plants there, only a white color, after entering, a cold wind blew, whistling through the mountains, like the cries of evil spirits, causing people's hair to stand.

"It would be best if I could find it before daybreak. I can't take it if it's daybreak." Huang Jintian said.

Chen Xiang also wanted to find Leng Youlan and Long Xueyi before dawn, but this group of white mountains was extremely vast.

It was already dawn, so Huang Jintian hid himself inside the ring. Just as his soul remembrances were about to melt, one of the soul remembrances finally saw the other mountains.

The mountains that Huang Jintian used the Heaven extended method to see meant that it was very possible that Leng Youlan was there.

The sun rose up high in the sky, and the light burned bright. The strange white light reflected off of the mountain was terrifying, and it enveloped the entire Mountain and Sea, making it seem as if the entire place was covered with a white mist.

Chen Xiang felt that it was extremely hot at the moment and took out a piece of beast meat.

"How did You Lan and Xue Yi survive in this place? I feel that I will go crazy if I stay any longer." The heat released by these white lights not only made Chen Xiang feel that his body was burning hot, it also made his soul feel like it was being roasted by fire.

When he released the profoundwu diamond armour, it made him extremely comfortable, allowing him to rush about in a comfortable manner.

The space within the group of White Mountain City was extremely chaotic. Chen Xiang had previously tried to open a spatial tunnel, but he didn't shuttle through space because that would take him to a location other than his own.

He ran wildly all the way until night, and finally saw those few mountains. Then, he used his Heaven tour method to search for any remaining traces of Qi left behind by Leng Youlan and the others.

Very quickly, Chen Xiang sensed Leng Youlan's aura, but it was no longer the icy cold aura, but instead a very strong dragon aura. Leng Youlan previously mainly trained in the cold energy, but after she obtained the White Dragon's inheritance memories, she started to cultivate the strange power of the White Dragon.

The power of a White Dragon could simulate all kinds of energy. It was very magical.

According to the dragon aura, Chen Xiang arrived at a canyon. As soon as he stepped into the canyon, he immediately sensed that there was danger approaching, so he anxiously dodged, only to see a graceful figure flying over. The figure was a beautiful lady with a face that Chen Xiang was very familiar with, and that woman was Leng Youlan.

Leng Youlan was still the same as before, his tyrannical aura did not decrease in the slightest. He wore a set of silvery-white armor, and the gigantic sword in his hand emitted a heavy killing intent.

"Youlan, it's me." Chen Xiang anxiously shouted.

"Bro, how did you become so amazing?" Hearing Chen Xiang's voice, Leng Youlan shouted in surprise.

She had thought that when powerful creatures entered the valley, those that did would usually have very strong attacks, which was why she had attacked so quickly.

Not to mention Leng Youlan, who had not seen him for many years, even if it was Long Xueyi, right now, it was likely that he would still not be able to recognize the person through the aura.

"Stupid girl, every time we meet, you will always be shouting about fighting and killing." Chen Xiang flew over and hugged Leng Youlan tightly in his embrace.

#### [Chapter 1610](#)

The silver armour on Leng Youlan's body returned to her body and changed into a set of white dress. She felt that this would make Chen Xiang more comfortable to hug.

"Youlan, you've changed a lot." Chen Xiang stroked her black hair and laughed: "I feel that you still have killing intent when your hair is white."

Leng Youlan let out a few soft laughs, hugged Chen Xiang then, and muttered in a tender voice: "Big bro, I missed you a lot, it's so good to be able to meet you in this damned place."

"You know this is a hell of a place. I had a hard time getting here." Chen Xiang pinched her beautiful face: "Where's that Little Naughty Dragon?"

"Brother, Sister Xue Yi is my ancestor ... You can't call her that." Leng Youlan pouted.

"This Little Naughty Dragon is something I raised. I don't care what kind of Heavenly Dragon Supreme Lord she is." Chen Xiang laughed: "Don't be afraid of that little girl, she's always bragging about it."

Leng Youlan stuck his tongue out at Chen Xiang. Seems like she and Long Xueyi got along pretty well, Chen Xiang was a little worried that Leng Youlan would teach her naughty.

"Come with me, it will be very uncomfortable when the sun shines." Leng Youlan held Chen Xiang's hand and walked into the canyon, "I'll tell you later about the matter of Xue Yi and I coming here. Before we came here, I heard that the great powers were going to launch a general assault on the Evil Dragon Graveyard.

Although Leng Youlan had awakened the inherited memories of the White Dragon Clan, the momentum inside her bones hadn't changed. Chen Xiang was so powerful now, she felt that Chen Xiang had settled it.

"They didn't really fight, they just almost exploded into a super war. When that happens, forget about you, even I would have a hard time getting involved in that war." Chen Xiang patted her head and laughed: "However, if you follow that Little Naughty Dragon, you might become a Ranker of that level very quickly."

Chen Xiang followed Leng Youlan into a cave. There were many powerful formations and restrictions outside the cave, if not for Leng Youlan bringing him in, he probably wouldn't have discovered that the cave entrance was covered by some illusionary formation.

"These formations and bans were all completed by me alone." Leng Youlan laughed proudly.

"Awesome, I didn't expect a naughty kid like you to do such a delicate thing." Chen Xiang lightly scratched her nose.

Receiving Chen Xiang's praise, Leng Youlan seemed to be extremely happy. He couldn't help but kiss Chen Xiang on the cheek, and then, he skipped a beat and pulled Chen Xiang deep into the cave.

In a bright stone room, there was a pleasant fragrance coming from it. The stone room's floor was covered in soft beast skin carpets, and like Leng Youlan, Chen Xiang stepped forward barefooted towards Long Xueyi, who was sitting in the middle.

Long Xueyi's body was wrapped in a thin layer of muslin, he sat cross legged, and the snow-white skin on his body was faintly discernable, making Chen Xiang unable to take a glance at his devilish body, although he was already very familiar with Long Xueyi's body.

This jade body that he had been cultivating Gods join method with often made his mind wander.

"Brother, she's cultivating." When Leng Youlan saw Chen Xiang's perverted look, he lightly spat and pinched Chen Xiang's arm.

"When will she wake up?" Chen Xiang asked in a low voice.

"I don't know, but she said she had something important to wake her up, but it's hard to wake her up." Leng Youlan said, gently pushing Long Xueyi's body, and lightly shouted: "Sister Xue Yi, my brother is here."

She shouted a few times, but Long Xueyi did not respond.

"Youlan, did she tell you about me?" Chen Xiang sat on the soft carpet and pulled Leng Youlan into his arms. Then, he caressed her face and looked at her beautiful face.

Leng Youlan looked up at Chen Xiang, stuck his tongue out slightly, and laughed: "I've mentioned it before, she said that you're her loyal subordinate and was specifically responsible for her diet. But it looks like it's not like what she said, the relationship between you two is even closer than I imagined ... She can't be my sister-in-law, right? "

"This Little Naughty Dragon, my place in her heart is actually only in charge of food." Chen Xiang allowed Leng Youlan to leave his embrace, came to Long Xueyi's side, and stretched out his hands to rub her exquisite and beautiful face.

He rubbed it, but Long Xueyi still did not react.

"Looks like I'll have to use a ruthless move." Chen Xiang snickered.

Seeing Chen Xiang's mischievous smile, Leng Youlan was a little worried: "Brother, don't be reckless. If she wakes up and knows, she might get angry."

"Youlan, what are you thinking about?" Chen Xiang said snappily, then took out a jade case.

Long Xueyi's body was only covered with a thin white muslin, and the area between his chest and waist was just a few random coils of white muslin. If Chen Xiang had thought about it, Leng Youlan himself did not know what to do.

Chen Xiang opened the jade box and saw a beating silver heart inside.

"This is the Sacred Heart fruit, this Little Naughty Dragon loves to eat the fruits of this Holy level the most."

Chen Xiang laughed as he placed the Sacred Heart fruit in front of Long Xueyi's nose. The smell of the holy fruit immediately entered Long Xueyi's nose, and he saw Long Xueyi's cute lower nose move slightly as she greedily took a whiff of the Sacred Heart fruit's fruit.

Leng Youlan saw that Chen Xiang used this method to make Long Xueyi move, and it was obvious that Chen Xiang understood Long Xueyi very well, so when she saw Long Xueyi's cute and playful appearance, she could not help but chuckle.

Long Xueyi sniffed a few times, and instinctively opened his mouth wide, wanting to bite down on the Sacred Heart fruit, but Chen Xiang immediately switched to a very bitter and spicy fruit, causing Long Xueyi to take a big bite.

Seeing Long Xueyi eating the bitter fruit she loathed the most, her beautiful face wrinkled like a flower, Chen Xiang immediately laughed out loud.

"Pah pah pah..." Long Xueyi had already woken up, his face bitter and bitter, he spat out the spicy fruit flesh in his mouth. Seeing Chen Xiang laughing loudly, Long Xueyi bared her teeth and snorted, then pounced on Chen Xiang, using her tender jade hands to pinch Chen Xiang's flesh with force.

"Little Scoundrel ..." I hate you! I could smell the Holy Fruit, but you made me eat that rotten fruit! I will crush you to death! " Long Xueyi vigorously pinched the flesh of Chen Xiang's body, and started rolling and fighting with him on the blanket.

Chen Xiang also did not show any sign of weakness as his hands unrestrainedly walked up and down that jade-like body of Long Xueyi's, and pinched that extremely pleasant part of her body.

"Little Scoundrel ..." Damned little scoundrel, you still want to eat my tofu? I'll cripple you! " Long Xueyi used both of his hands to grip onto the two bumps on Chen Xiang's chest, causing him to scream in pain.

When Leng Youlan saw his own brother and his own ancestor fighting like a shrew, he opened his mouth in shock, becoming speechless.

"Do you still want to eat Sacred Heart fruit s?" Chen Xiang never thought that Long Xueyi's strength would be so strong, to actually be able to make him do it, although he had gained a lot of benefits.

"It's actually a Sacred Heart fruit. Quickly take it out, or else I won't let you go." Long Xueyi straddled on top of Chen Xiang's abdomen and pinched Chen Xiang's pecs.
