

Dan God 1621

[Chapter 1621](#)

In Chen Xiang's impression, the Devil-killing Summit should be an invincible existence. The white and holy light that the entire enormous mountain emitted made him feel a kind of reverence, and today, it had all become black.

"Do you know why the Devil-killing Summit was turned black?" Chen Xiang frowned, he wanted to ask Bai Yaowei and Lv Zhen about the situation, they were all from the Devil-killing Summit.

"I'm not sure. In short, many of the Nine Heaven World's Transmission arrays that lead to Di Tian have been shut down to prevent the Night Devil from invading this place, and only the Transmission array built within many great powers are still in use. In these nine days, all those great powers have large areas of influence. Long Huishan said: "It's just that I don't know when that group of Night Devil will erupt."

Chen Xiang had already realized that the Hell Devil Emperor knew that the plan of the five Sky Region Emperors had failed and did not start a large-scale war.

Some of the Night Devils were not controlled by the Demon Emperor, but it seemed like they were going to ally with the Five Great Heavenly Regions. This made Chen Xiang a little confused, as he had been wanting to capture all those Night Devils and bring them back.

"We have yet to confirm if the Five Great Heavenly Regions and the Night Devil are really allied. Right now, we are only guessing, because they have already teamed up once before." Long Huishan patted Chen Xiang's shoulder.

Previously, there had been a large number of Night Devil outside the Evil Dragon Graveyard.

Yes, continue your investigations. Night Devil Hell has always been suppressed by Devil-killing Summit, and now that Devil-killing Summit has only turned black, it does not mean that it has been annihilated. If Night Devil really leaves Night Devil Hell, it would be very hard to control them. Chen Xiang replied, "When the time comes, they will probably counterattack together."

Long Huishan nodded his head: "After a while, Devil-suppressing Heavenly Venerable will gather all the leaders of the major powers, and they will probably discuss about this matter."

"The elders are all here. I need to go talk to them."

After Long Huishan left, Dongfang Jing sighed: "It's about to be a fight again, I don't like it at all."

"Me too." Shen Lingling said.

"Don't worry. When the time comes, I won't let you go on stage. You just need to stay here and be responsible for refining." Xue Xianxian laughed: "I don't really like fighting or killing, but Youlan and Qianxiang should like it."

Liu Meng'er walked over to Chen Xiang's side and softly said, "If you have something to say, then go and busy yourself first."

"I'm not busy. I'll accompany you for a few days before leaving." Chen Xiang smiled.

Chen Xiang accompanied Xue Xianxian and the others at the Ice Dragon Villa for a few days before returning to the Heavenly Dragon Realm.

"You're back so soon. Why don't you accompany them for a while?" Long Xueyi smiled ambiguously: "Looks like you've been living quite happily these past few days huh."

Long Xueyi wrinkled his nose and laughed, "Xianxian and Meng'er have the heaviest fragrance This master and disciple pair has been taken care of by you. "

Chen Xiang did not waste time speaking with her, and said: "Devil-killing Summit has turned black, Night Devil Hell is very unstable at that place, isn't Hell Devil Emperor unable to control that place?"

"Devil-killing Summit has turned black." Long Xueyi was in disbelief: "Devil-killing Summit should be very powerful, turning black means that the place has already been contaminated by the strong demon's power."

"There's a gap in Night Devil Hell's base. It's very difficult to capture those vengeful spirits that escaped from there, and the Hell Devil Emperor can't leave hell himself, so he can't be bothered with that place. However, the Infernal guards under his command can, but those Infernal guards are still quite powerful."

"Even if the Infernal guards are powerful, it would still be difficult to tame those powerful vengeful spirits that escaped. Especially after training, they would become stronger, and some of them would even become stronger than some of the Strong of Lord Stage s."

Chen Xiang asked: "So you're saying, the Night Devil Hell and the Five Great Regions won't join hands?"

Long Xueyi thought for a moment, then shook his head: "That's not necessarily so, as long as there's enough profit to drive them, the devils in charge of Night Devil Hell will definitely be willing to do so. Qi Shi, the White Tiger's revival, and the Devil-suppressing Heavenly Venerable's incredible strength;

"There's still no movement from there, right?"

"Not yet. I will ask elder sister about the situation regularly." Chen Xiang said: "Right now, I need to find Lv Qilian and have her pass on the Alive Slain Method's cultivation experience to me. Also, I need to ask her and see if she can find out anything."

Just like last time, Chen Xiang only used a strand of his soul to find Lv Qilian, and that way, he could go there quietly and not be discovered by others. If he went to Lv Qilian openly, it would be rather troublesome, and he was worried that Lv Qilian would not see him.

Chen Xiang's strand of soul was only left after being lightly touched by the array formation, but he had used the power of space to go through the array formation and the array formation, allowing his soul to easily enter the Hundreds of Flowers Palace.

However, not long after he entered the Hundreds of Flowers Palace, he felt a strong surge of spiritual energy attacking him.

"Sister Qilian, it's me. Please have mercy." Chen Xiang anxiously used his Spirit Qi to send a message. If a strand of his spirit was destroyed, that would consume a lot of his Spirit Qi. It would be best to avoid it.

"You're always sneaking around. Aren't you in the Ice Dragon Villa? If you were to personally come, you would die." Chen Xiang's delicate voice came from within Chen Xiang's mind.

"I'm in the Heavenly Dragon Realm, I think this is good, I don't need to see each other to communicate." Chen Xiang laughed: "Your cultivation in the divine way is increasing quite quickly, you've discovered me already."

Lv Qilian was silent for a moment, she knew clearly that the reason she was able to improve so quickly was because of Chen Xiang, but at that time, she had cultivated the Gods join method with her, causing the relationship between her and Chen Xiang to become extremely subtle. That kind of mental integration, made it difficult for her to differentiate between real and fake, causing her to have a complicated feeling towards Chen Xiang that was hard to describe.

"This is all thanks to you." Lv Qilian sighed: "You're afraid that I won't meet you."

Chen Xiang was indeed worried, he had forcefully cultivated the Gods join method with Lv Qilian back then.

Seeing that Chen Xiang did not answer, Lv Qilian asked again, "You think I hate you?"

"That's right." Chen Xiang replied.

Lv Qilian sighed: "Why are you looking for me?"

"When I was learning the Alive Slain Method, I encountered many difficulties. I was unable to comprehend them in a short period of time, so I wanted to seek your advice." Chen Xiang said.

"Enter my Divine Sense Sea." Chen Xiang had helped her many times, saved her life and Little Lizhi's life. As long as Chen Xiang asked her for help, no matter how much she hated Chen Xiang, she would not reject him.

Chen Xiang only used that wisp of his soul, it was extremely weak, and entering Lv Qilian's Divine Sense Sea like this made Lv Qilian feel at ease.

[Chapter 1622](#)

Under Lv Qilian's guidance, Chen Xiang felt that he had arrived at a sea of flowers and Lv Qilian's Divine Sense Sea s had also cultivated up to a small world. At this moment, he had arrived at a valley that was filled with colorful plants and the surrounding mountains were filled with beautiful and dazzling flowers.

Lv Qilian's soul sat atop a white lotus in a lake in the valley. Dressed in a white dress, she seemed to have merged with the huge white lotus, making her look holy and beautiful.

"Your Divine Sense Sea is really beautiful." Chen Xiang praised, "As expected, everyone's Divine Sense Sea is different, and it has a lot to do with her soul."

"I received a lot of inspiration from your Divine Sense Sea last time, plus my cultivation with you ... So, in an instant, he broke through the bottleneck that had hindered me for many years, advanced by leaps

and bounds, and formed his own Divine Sense Sea World. " Lv Qilian moaned softly, her voice was gentle and light, and her expression was relaxed.

A while ago, she had truly witnessed many powerful existences in this world. Her father's strength made her feel reverence, and Chen Xiang, who was once much weaker than her, had now even surpassed her.

Towards Chen Xiang's current strength, she felt a deep reverence from the bottom of her heart. It was because Chen Xiang had once saved her when she was very weak and poisoned a Holy Beast, so the current Chen Xiang was even more unfathomable.

Lv Qilian floated gently towards Chen Xiang from atop the bead's gigantic white lotus, "Is your true divine soul still in Heavenly Dragon Realm?"

"Mm. Could it be that my current divine soul is unable to do so?" As Chen Xiang looked at Lv Qilian's beautiful face, which carried a light smile, although the current Lv Qilian no longer had that kind of arrogance, she still gave others a feeling of holiness and inviolability.

Lv Qilian chuckled: "Are you afraid that my small Divine Sense Sea World won't be able to accommodate you?"

She then said seriously, "The cultivation experience of the Alive Slain Method is extremely vast, it's difficult for your wisp of soul to be able to contain it all in one go."

Chen Xiang didn't know why, but when he faced the current Lv Qilian, he suddenly felt some pressure.

"Fine. I'll have my soul come over right away." Chen Xiang said: "Let me out first and confirm my location."

"My physical body is coming along as well..."

"Physical body." Chen Xiang immediately started to let his imagination run wild.

"Don't let your imagination run wild." Lv Qilian scoffed, "Hurry."

Chen Xiang left Lv Qilian's Divine Sense Sea. He was currently in Lv Qilian's room, in a secret room that was constructed deep underground.

Long Xueyi saw Chen Xiang open his eyes, his forehead was perspiring profusely, so he asked anxiously: "What's wrong? have been abused by the Flower Emperor. "

Chen Xiang took a deep breath: "If you mistreat me, I might feel better, but this woman is too good, and even allowed my body to pass through."

Long Xueyi immediately became excited: "Is this for me to devote my life to you? No way, I want to go with you.

"Stop bullshitting, her father is Devil-suppressing Heavenly Venerable, I'm just looking for death." Chen Xiang shook her head: "Don't think too much about it, she probably just wants to guide me in refining the spirit liquid."

"Running back and forth all day, how tiring." Chen Xiang once again opened up the spatial passageway, and went to Lv Qilian's room.

Seeing Chen Xiang walk over so easily, Lv Qilian was a little surprised. "Your control of space is way beyond my imagination, my father said that he wouldn't even be able to reach your level."

When Chen Xiang followed the Dragon Emperor across the space to head to Heavenly Dragon Realm, many of the experts present gasped in surprise.

"Have you fused with a Rule spiritual bead and mastered the laws of space?" Lv Qilian suddenly thought of something and asked curiously.

This was Chen Xiang's secret, he had never told anyone before, but Lv Qilian actually knew about it.

"How do you know?" Chen Xiang said: "Even if my control over space is very strong, you probably won't be able to tell."

Lv Qilian rolled her eyes as she lowered her head and softly said, "Last time ... When we were cultivating together, I could sense a lot of your things. "

Thinking about the Gods join method technique, there were indeed many things that would be exposed if he practiced with Lv Qilian.

"Let's begin, your soul will enter my Divine Sense Sea." Lv Qilian came to the bedside and sat cross-legged on top of it. Seeing that Chen Xiang was standing there unmoving, she urged: "Hurry and come over."

Chen Xiang stared blankly at her for a while, then walked over and sat on the bed as well. He closed his eyes, released his divine soul, and entered Lv Qilian's Divine Sense Sea World, returning to that quiet valley.

"Your soul is powerful again." Lv Qilian could very clearly feel that even her Divine Sense Sea World was trembling, because Chen Xiang's Divine Sense Sea was simply too strong.

Chen Xiang immediately suppressed the power of his divine soul. Once he obtained a set of Divine Deity, his divine soul would naturally become extremely terrifying.

"Only by using this method can you quickly obtain the experience of my Alive Slain Method, and allow you to use it quickly." Lv Qilian said as a beam of white light shot out from between the brows of her divine soul, entering the center of Chen Xiang's brows. Then, she softly said, "Don't resist, I will do my best to share my memories and thoughts with you."

"Thank you." Chen Xiang was extremely grateful. He knew that Lv Qilian had sacrificed a lot like this, because this was equivalent to hiding something in his heart and opening it up to Chen Xiang without reservation.

Chen Xiang suddenly seemed to know what Lv Qilian was thinking, but Lv Qilian had controlled his thoughts very well, and appeared to be very calm.

At this time, something related to the Alive Slain Method suddenly appeared in Chen Xiang's mind, as if it had fused with his memories.

Chen Xiang saw an extremely beautiful little girl, who was frowning as she faced a cliff. That cliff was the place where Chen Xiang had learnt the Alive Slain Method.

All of the memories between Lv Qilian and the Alive Slain Method could make Chen Xiang have a deeper and more thorough comprehension of this matter. Those memories flashed past Chen Xiang's mind at lightning speed, but Chen Xiang could clearly feel that the little girl had experienced an extremely long period of time. She had gone from a little girl to a slim and graceful young lady, and in the end, she had grown into a mature and charming peerless beauty.

A large amount of memories blended into Chen Xiang's sea of consciousness. That was because Lv Qilian had thousands of years of experience cultivating Alive Slain Method, and only two people with a strong divine soul could accomplish such a thing with close contact with a divine soul.

Lv Qilian's memories were very boring and dull, but later on, there was a memory that left a deep impression on Chen Xiang. It was when Lv Qilian had kissed him in the Absolute Monarch Sanctuary, when his creation divine liquid and Lv Qilian's spirit liquid had fused together, and the two of them operated the technique to condense spirit liquid. They had kissed for a very long time, and Lv Qilian had actually tried to try to do it a few times after that.

"Alright, how much you can harvest will depend on you." Lv Qilian's face was a little flushed, because she didn't expect herself to not have hidden that memory of hers, allowing Chen Xiang to see it.

[Chapter 1623](#)

Chen Xiang looked at Lv Qilian, his heart thumping hard. He did not expect this high and mighty Flower Emperor to have such a thought about him, which made him excited.

The atmosphere was a little awkward. Lv Qilian turned his head away and said softly, "You can leave my Divine Sense Sea.

In order to avoid any awkwardness, Lv Qilian hurriedly got off the bed. "I need a large amount of medicinal ingredients during this time, so you should cultivate properly here. If you have any, come to the training room next door and find me."

Lv Qilian left the room and sat on the bed, feeling a little disappointed. He shook his head and stopped thinking about the complicated feelings between him and Lv Qilian.

"Little Scoundrel, how is it? Have you eaten her yet?" Long Xueyi's voice echoed within Chen Xiang's Divine Sense Sea. When Chen Xiang left the Heavenly Region, he left a trace of his divine soul within Long Xueyi's Divine Sense Sea.

"What are you thinking?" Chen Xiang snorted.

"It's been more than ten days but nothing happened." Long Xueyi curled his lips: "It's really useless."

Chen Xiang ignored her and focused on organizing the cultivation experiences that Lv Qilian gave him. He and Lv Qilian actually went on for more than ten days.

This time, his understanding of the Alive Slain Method was very simple. Previously, many of the difficulties had now been cleared up for him, allowing him to operate the Alive Slain Method very smoothly, absorbing the Holy Spirit Qi outside. Adding to his body and the strange energy in the Divine Sense Sea, he was able to condense the spirit liquid on his tongue.

"One drop every two hours, that's too slow." Chen Xiang looked at the transparent drop of spirit liquid that was emitting a faint red light, he had no idea how powerful this spirit liquid was.

Lv Qilian could condense a lot in two hours, she only needed to condense spirit liquid for a month's time. This speed made Chen Xiang envious, but for Long Xueyi's appetite, it was still too slow.

Chen Xiang walked out of the room and knocked on the door.

"Come in." Lv Qilian shouted lightly.

Chen Xiang pushed open the door and entered. A burst of fragrance immediately assaulted his nose, this fragrance immediately made Chen Xiang remember the last time she kissed Lv Qilian, the fragrance of the spirit liquid in her mouth.

"Sister Qilian, how is the spirit liquid compared to yours?" Chen Xiang took out a jade box, inside it was a drop of the spirit liquid he just condensed.

Lv Qilian sat cross legged on the carpet, in front of her were a few jade bottles, inside them were the spirit liquids that she condensed, and a burst of fragrance wafted out.

"He's as strong as mine. How long did you take to condense one drop?" Lv Qilian nodded his head in satisfaction.

"Two hours." Chen Xiang said somewhat embarrassedly, because he knew that Lv Qilian was much faster than him.

"That's right. As long as we can get familiar with each other, you'll become like me very soon." Lv Qilian returned the drop of Spirit Liquid to Chen Xiang.

Chen Xiang squatted down and picked up a jade bottle. Looking at the spirit liquid that Lv Qilian condensed, he asked: "Why is there no such fragrance? Is it because you ate too many flowers, why is it so fragrant?"

Lv Qilian chuckled: "This might be related to my physique, if not why would others call me Flower Emperor. The spirit liquid you have right now is exactly the same to me, there's no difference, it's just that the smell is different."

Chen Xiang shook his head: "I don't think so, why don't we mix our powers together and take a look."

Last time when Chen Xiang fused his creation divine liquid with Lv Qilian, they had become extremely far apart, and even Lv Qilian found it difficult to understand them.

Lv Qilian nodded, she also wanted to see what would happen. She took the jade box from Chen Xiang's hands and dripped a drop of her own spirit liquid onto Chen Xiang's drop.

The two drops actually fused together quickly without any change, but Chen Xiang and Lv Qilian were frowning.

Because when the two drops of spirit liquid fuse, even if there was no change, the one drop should at least be a little larger, or at least the sum of the two drops. Previously, when his creation divine liquid

and Lv Qilian's spirit liquid fuse, not only would there be a huge change, the other drop would also become a lot larger.

But now, when their two spirit liquids merged together, it was extremely strange.

"This is true fusion." Chen Xiang said: "Add another drop of your spirit liquid."

Lv Qilian did as he was told, but this drop of water was unable to merge with the previous one, and was rejected.

"Concentrate one more drop, two more drops yours, two more drops mine, and see if the result is the same." Lv Qilian said. If fusing with Chen Xiang's spirit liquid had a huge effect, she would not have to bitterly stay here to cultivate all day.

Chen Xiang immediately activated Alive Slain Method and started to refine. After two hours, he took out a drop of spirit liquid and dripped it into the jade box, fusing it with the drop that Lv Qilian had rejected.

At this time, there were two separate drops inside the jade box. Lv Qilian shook the jade box, and when the two drops collided, it was as she had expected.

It was like two grains of rice colliding and then fusing into one, but only as big as one.

At this moment, the four drops of water had become one, although the water droplets did not become larger, Chen Xiang and Lv Qilian both knew that these four drops of water had been compressed at a high level, and the quality was extremely high.

Chen Xiang laughed: "I already said that our spirit liquids are different, could it be that this is due to the difference between Yin and Yang?"

Lv Qilian frowned, he shook the jade box and used his divine power to observe the drop of Spirit Liquid carefully, then said: "Let me try and see how effective this thing is."

She took out a piece of Jade Dragon Flower Pendant and wanted to use the Jade Dragon Flower to try it.

"If it was only my spirit liquid, I would normally need a thousand drops in order for this petal to turn into a complete Jade Dragon Flower. It's the most mature type, with ten petals." Lv Qilian said.

Chen Xiang said: "We only have four drops, it's better to use some low grade medicinal ingredients."

Lv Qilian shook his head: "After fusing, it won't only be four drops, according to my speculations, the effect should be at least twenty to thirty times the original, which is equivalent to around a hundred drops. If I can create a single petal, it would prove that my speculations were correct."

In this regard, Lv Qilian had a lot of experience. She, a woman, relied on these spirit liquids to establish this strong Hundreds of Flowers Palace.

Lv Qilian dropped the petal inside the jade box and dripped it into the four-in-one spirit liquid. After dropping it onto it, a petal quickly appeared beside the root of the flower petal.

"So it's like that. With the two of us working together, it won't be long before your seed sprouts." Lv Qilian's eyes burned with excitement, "Don't you have a seed that can lead to the Heaven Realm when it is planted? That Heaven Realm is full of strange flowers and herbs."

Back then, when Chen Xiang gave the seed to Lv Qilian, he also gave it back to him later on.

[Chapter 1624](#)

Chen Xiang didn't even have a good impression of the Heavenly Regions.

"Did you forget that you and Little Lizhi almost lost your lives in that Absolute Monarch Sanctuary the other time?" Chen Xiang shook her head: "If that Heaven Realm has the same large amount of strange flowers and herbs as the legends, then the beasts or humans there would definitely be even more powerful. So, for us to head to that place, it would be best to wait until everything is prepared."

"Yes." Lv Qilian wanted to go with Chen Xiang. Chen Xiang had a lot of schemes and her strength was strong, so following him would definitely be very safe. But if Chen Xiang didn't want to go now, there was nothing she could do.

Chen Xiang said: "Sister Qilian, why don't we work together for a while and fuse a bit more spirit liquid. This way, we can speed up the production of a large number of high grade herbs."

"Right now, I need a large batch of Immortal Grade Second Rank, Third Rank, and Fourth Rank medicinal ingredients. What is the high class medicinal ingredient that you are talking about?" Lv Qilian asked.

Chen Xiang laughed: "It's above Immortal Grade Seven, but I don't have it right now, only Sacred animal fruits and Tianlong Dan s that can grow."

"Right now, I can condense ten drops in two hours. You have to catch up to my speed first." Lv Qilian said: "Those above Immortal Grade Seven are extremely rare, but I can still purchase them."

Chen Xiang nodded: "I'll cultivate here with you."

He took out a dozen or so Holy stone s and placed them around him. This could provide them with more Holy Spirit Qi.

Chen Xiang had already guessed that Chen Xiang would have a great harvest from the Absolute Monarch Sanctuary, and these Holy stone were what she needed the most.

"These Holy stone were taken out by you from the dragon vein, or perhaps from that Absolute Monarch Sanctuary." Lv Qilian also wanted to know how the evolution of Chen Xiang's dragon vein was progressing.

"It's been a long time since I've returned to the Evil Dragon Graveyard. Even without me, that place can still function normally, reducing the reliance on me and making the Dragon Subduing School even more hardworking and powerful."

Chen Xiang laughed, although it looked like he was trying to find an excuse to be lazy, over the years, Dragon Subduing School did not rely on his support to become very strong, so in the future, even without him, Dragon Subduing School would not become weak.

The two of them started to condense spirit liquid, and without realizing it, Chen Xiang released his spirit. He felt that it was kind of boring and wanted to walk around to see Di Tian's Hundreds of Flowers Palace.

"Focus, catch up to my speed." Lv Qilian shouted softly. Upon sensing the power of Chen Xiang's divine soul, her divine soul couldn't help but tremble, as if their divine soul only knew of a miraculous connection.

"It's just that I'm not familiar enough. After I get familiar with you, I should be able to catch up to you." Chen Xiang used his soul to communicate with Lv Qilian: "Sister Qilian, are you using this spirit liquid to let the Holy Spirit Rabbit reproduce? I heard that the Holy Spirit Rabbit are extremely difficult to reproduce."

"Yu Xuelian, after Mu Jialan and her daughter joined the Hundreds of Flowers Palace, I had a secret talk with them. After a few attempts, I used a large amount of spirit liquid and finally produced seven." When Lv Qilian spoke of this matter, he became a little agitated. "Those Holy Spirit Rabbit are actually not holy beasts, but a top-notch Holy level Elixir."

Chen Xiang was suspicious before, so he smiled and said: "Doesn't that mean that the women of your Hundreds of Flowers Palace can rely on their strong physical bodies to dominate us in the future?"

"That is not it, to be able to unleash the effects of the Holy Spirit Rabbit's blood, is not something anyone can do. But if you work hard to cultivate, are willing to work hard, and are ambitious people, you can use the Holy Spirit Rabbit's blood. If you only want to rely on the Holy Spirit Rabbit's blood, being lazy in terms of cultivation is completely useless." Lv Qilian said, "Snow Lotus and the other two are very experienced with the use of Jade Rabbit Blood, so I arranged for them to choose the appropriate disciples and then secretly use Jade Rabbit Blood to cultivate."

"I haven't seen them in a long time. I really want to go look for them now." Chen Xiang laughed: "Their bodies should be powerful now."

"Of course." Lv Qilian suddenly opened his eyes with a strange expression on his face, "Your relationship with the three of them seems to be pretty good."

"It's just a relationship of friendship, someone worth trusting." Chen Xiang laughed: "Why are you so sensitive?"

Lv Qilian snorted: "Then what about the beautiful goddess, she seems to also have an unclear relationship with you, don't recklessly harm my Hundreds of Flowers Palace's disciples."

"The beautiful goddess is also my friend, so of course I wouldn't dare to do anything to her. Ji Meixian's background is quite impressive, didn't she tell you before?" Chen Xiang asked.

"No, I also know that she has a strong background. But she said that you and her are very close, and Phoenix King strongly recommended her, so Xue Ying that girl said some good words for her." At this time, Lv Qilian became more and more interested in Ji Meixian's identity: "Can you tell me about her?"

thought for a moment: "This is still up to her. When you're looking for her, tell her that I told you to go ask her.

"It seems that your relationship with her is even closer than I imagined." Lv Qilian said.

Just like you and me, or Qilian and I, we can trust each other, but we don't have that kind of relationship." Chen Xiang laughed.

"Bastard." Lv Qilian scolded lightly: "Did you treat my Hundreds of Flowers Palace as your imperial harem?"

Chen Xiang laughed heartily: "So you're saying that you're helping me manage the palace master of the imperial harem. You said so yourself."

Lv Qilian's face was a little red. Within her Hundreds of Flowers Palace, there were many girls who had good relations with Chen Xiang, and they were all extremely outstanding. Even she had that kind of indescribable relationship with Chen Xiang, but she could do nothing to him, and she could not harden her heart to break off relationship with him.

"Concentrate, focus..."

Chen Xiang recited these words, but his strong and lively soul remained floating in the training room, causing Lv Qilian to keep his eyes on him, to prevent his soul from running around. After all, the Hundreds of Flowers Palace was filled with girls, she was worried that Chen Xiang would run over there and peek at the girls bathing.

"Big Sister Qilian, has your father told you anything about Devil-killing Summit? Recently, Night Devil Hell has been in a state of unrest." Chen Xiang said: "Even the Devil-killing Summit has turned black."

Lv Qilian said: "I am now handing over Hundreds of Flowers Palace's to Little Lizhi and Qinlian, both of them have rich management experience, I plan to go into closed door cultivation for a period of time, so I do not really understand these things, my father just said that he wanted to revive Devil-suppressing Divine Palace, and deal with the sudden change in Night Devil Hell."

"So that means you're the Main Palace Master, Qinlian is the Second Palace Master, and Little Lizhi is the Third Palace Master." Chen Xiang laughed.

"More or less, but they all have the same amount of power." Lv Qilian glared at Chen Xiang fiercely. Previously, Chen Xiang had teased him many times and called him his little wife or something like that.

Chen Xiang curled his lips: "Don't look at me like that, your Hundreds of Flowers Palace is able to rope in so many outstanding and powerful women, I have done a great service. If you need me, I can help you find a few stronger ones in the future.

[Chapter 1625](#)

Lv Qilian had admitted that he had helped her gather many outstanding women, but she was very worried that this place would become Chen Xiang's imperial harem.

Chen Xiang's refining speed had already increased, she could produce two drops in two hours, but it was still far from Lv Qilian's level. She had condensed ten drops in two hours, and now Lv Qilian was replicating a large amount of Yuxian Dan medicinal herbs.

"Your Hundreds of Flowers Palace consumes so many medicinal ingredients so quickly." Chen Xiang asked.

"Of course you can. Qianqian and Xiangyue's pill refining skills are already very high. There are many pills out there, so the speed is fast and the quality is high." Lv Qilian knew that the relationship between

Chen Xiang and Chen Xiang was very good, because the pill refining skills the two of them used were very similar to that of Chen Xiang.

Chen Xiang said in surprise, "I only gave Qianqian and Xiangyue some pointers in the past, but they're already this powerful now."

"My Hundreds of Flowers Palace lacks a lot of outstanding female Alchemist. Don't hurt them." Lv Qilian looked at Chen Xiang with a strict expression.

Chen Xiang laughed, "Xiangyue is already my person, and she's even my female slave. How could I possibly hurt her?"

"Beast." Lv Qilian snorted.

"You lack an outstanding female Alchemist, I'll help you look for one. It just so happens that I have a candidate, and her relationship with Qianqian Xiangyue is also very good. She's also beautiful and has a solid foundation." Chen Xiang laughed: "Grand Asgard Mistress, do you accept her?"

Lv Qilian said as his brows furrowed, "How could I not know who this female Alchemist is?"

But if you want to find her, you have to first find Yan Zilan. I will give you a set of secret records, you can contact her if you go anywhere and mark them. Then, ask her to gather her sisters and join the Hundreds of Flowers Palace. Chen Xiang replied, "Yan Zilan was originally at the Ice Dragon Villa, but she has been out on a tour recently. Sister Zi Lan is very powerful, a divine cultivator who started cultivating the divine way a long time ago."

"I've heard of her, but I've never been able to find her." Lv Qilian nodded her head. Towards these outstanding women, she had always wanted to win them over to her Hundreds of Flowers Palace. Yan Zilan was the famous Zi Lan Immortal Fairy a long time ago and she had tried a few times to rope him in, but Yan Zilan had rejected her attempts.

And now, with just a single sentence, Chen Xiang was able to persuade her. She had to admit, Chen Xiang was very good with women.

Lv Qilian asked: "That outstanding Alchemist, what's her name?"

Chen Xiang said: "She is called Du Yanyao, her grandfather is called Du Hai, a high ranking Dan Immortal who travels everywhere, and is currently as powerful as Li Tianjun. Don't worry, the person I recommend cannot be wrong."

"I know about her and you." Lv Qilian sighed. Back then, he could still gather some information regarding Chen Xiang at Sacred Dan Realm.

Chen Xiang laughed sinisterly: "You know how powerful I am, in the future, you must help me take care of them."

Lv Qilian snorted twice, and said: "You're so amazing, help me find a few outstanding girls, I will be grateful to you."

"Say, as long as you have their whereabouts, I will help you lure them to the Hundreds of Flowers Palace." Chen Xiang said very confidently.

"Bai Youyou, Su Meiyao, Bai Ziqian, Yu Yi Immortal Fairy, they are all famous women from many years ago, and their strengths and potential are all extremely huge. Back then, they had already done many earth-shattering things, but they have already been missing for many years. Lv Qilian replied: "I've been looking for them for many years, even if it's Bai Ziqian, I still dare to accept them."

Bai Ziqian also used the Magical corruption gas, but that was something that happened a long time ago. At that time, Chen Xiang wasn't even born yet, so Lv Qilian didn't make a connection between Chen Xiang and his Magical corruption gas.

Chen Xiang did not expect Lv Qilian to think about these four women for so long, he laughed: "There are two that I have settled, Ji Meixian is Yu Yi Immortal Fairy."

"What? It really is her? No wonder I keep having the feeling that her way of doing things is so familiar." Lv Qilian said in surprise, "There's one more."

"Bai Ziqian, I introduced her to your mother. She is currently following the Grandma Lv, and if I meet her in the future, I think I will just have to say a few words. She will definitely join the Hundreds of Flowers Palace, and Sister Qinlian will use poison as well. Chen Xiang laughed.

Lv Qilian took a deep breath, what Chen Xiang had done in the dark had surprised her. She did not think that Chen Xiang had actually come into contact with powerful women like Bai Ziqian and Bai Ziqian before, and she was suddenly very curious about what had happened between them.

"Go and ask Ji Meixian about the details, it involves more of her secrets, without her permission, I can't say more." Chen Xiang said.

Lv Qilian nodded his head: "She is Yu Yi Immortal Fairy, so even if I wanted to find out her secret, I wouldn't be able to. Since I want to rope her in, I naturally trust her a lot.

"It's just that Bai Ziqian is a bit troublesome, she's a witch after all. But if she's with my mother, it should be much better, I'm just afraid that she won't approve of me."

Right now, she knew that Bai Ziqian definitely had quite a few of Chen Xiang's Super Old poison on him. She had to admit that Chen Xiang's methods of winning the hearts of others were very generous, and gave some of the things that others needed the most.

Of course she didn't know that Chen Xiang being magnanimous to Bai Ziqian was because he was Bai Youyou's elder sister.

"Su Meiyao and Bai Youyou, how much do you know about them?" These two women who changed her fate respected Lv Qilian very much. Therefore, in order to repay them, Chen Xiang had to be of the greatest help to the Hundreds of Flowers Palace.

shook his head: "I don't know much about it. Back then, they were chased and injured by their enemies, and I had kept them for a period of time, but they were worried that it would implicate me, so they left again. I was in closed door cultivation during that period of time, so I did not have much contact with them.

Chen Xiang said: "Do you know how many enemies they have? You actually dared to easily take them in?"

Lv Qilian said in a cold voice: "Even though Bai Youyou is a demoness of the first generation, the two of them have done many good deeds together while she is with Su Meiyao, and their character is still rather good, so I really admire them. As long as they join the Hundreds of Flowers Palace, the ones chasing after them will be my enemies."

The current Lv Qilian had the aura of a great emperor, Chen Xiang thought that her Emperor's might had been erased, but now, it seems that she had restrained herself, and if there was a day when she had sufficient strength, this aura would return to her body.

Chen Xiang said: "If you are prepared to shelter them, then prepare to deal with Mei Emperor, which is their greatest enemy."

"You know a lot about them." Lv Qilian said: "Could it be that you're also looking for them?"

[Chapter 1626](#)

"Bai Ziqian is Bai Youyou's big sister. She told me." Chen Xiang did not want to reveal anything related to them yet.

Like the Ten Heavens Supreme Lord back then, she had roped all the heroes of the realm and helped him achieve his goals. It was just that Lv Qilian only took in females, if she really became one in the future, she would definitely have a lot of power and influence in the new generation of emperors.

There was another reason why Chen Xiang and Lv Qilian had mentioned the Mei Emperor. It was because he wanted to find the Mei Emperor and bring the head and soul of the Mei Emperor before Su Meiyao and Bai Youyou.

"Where are you in the Mei Emperor? She was heavily injured back then, but she definitely wasn't dead." Chen Xiang said: "If this woman revives, I dare say that she will definitely be your number one opponent in the future."

Lv Qilian frowned: "Mei Emperor used her unrivalled charm to confuse many strong warriors, and even Great Yan Jing found a great number of rare treasures and various powerful techniques. Even if she was severely injured, she must have recovered in these few hundred thousand years, and her strength was even stronger."

Chen Xiang chuckled: "So you better get your father's attention, Mei Emperor is specifically focused on this kind of strong and difficult to subdue man."

Lv Qilian sneered: "The one who should be careful is you, and you still have the nerve to talk about others."

"There are a lot of women around me, but they definitely aren't the ones who attract me. They are the ones who establish a relationship of trust between me and them. I don't believe that if you strip right now, I won't even touch you." Chen Xiang said with complete confidence: "A woman who can seduce me has yet to be born."

Lv Qilian disapproved and continued to sneer: "That's where you're wrong, Mei Emperor isn't strong not because of her attractive appearance, but because of her unique charm, she eats both genders, and there were many women who were defeated by her at that time."

Chen Xiang was immediately furious: "This woman truly deserves to die, I am already a woman, and am hurting so many women. How good is it for me, I must kill her."

Lv Qilian said seriously: "Even if you are not affected by her, you have to guarantee that your friends in the Dragon Subduing School are not bewitching. Also, those women by your side, in the eyes of the Mei Emperor, are all good prey."

"That's why I wanted to bring them to you so that you could train their resistance to this." Chen Xiang sighed, he was truly worried about this, Mei Emperor definitely already knew about Di Tian, maybe he had already successfully bewitched a large group of people to help her.

Lv Qilian said: "Don't worry, I am not an ordinary person. I have done my research on the Mei Emperor very thoroughly, and all I can do is to be stronger than her."

Chen Xiang and Lv Qilian were discussing secrets while concocting spirit liquid. Although they always acted as if water and fire were not compatible, they could still chat for a few days when chatting.

"Chen Xiang, I will definitely become a Flower Emperor in the future. What about you? Your current strength should be very close to the Emperor Level. Lv Qilian asked.

"My next goal is to concoct pills, I have mastered all of the Celestial Slain Method, but right now I am mainly training in Alive Slain Method, you should know that the Heaven Earth Killing Method is extremely flexible, and different people can use different effects, so I might use it differently from you in the future." Chen Xiang smiled faintly. He had already decided on a direction in his heart.

"With your talent in alchemy, this direction is the right one. Back then, the person who obtained the title of Ancestor was the Dan Emperor, you might become an Ancestor in the future," Lv Qilian agreed with Chen Xiang's direction very much and thought very highly of him.

Chen Xiang laughed, "It's only the Ancestor."

Lv Qilian smiled, "Then what else do you want? Is the Venerable Emperor not enough?"

"How can you not be a god? You should have heard about the matters of the Hell Devil Emperor, right? That fellow is a god, the god of hell, no matter what kind of emperor you are, you have to kneel in front of these gods." Chen Xiang said indifferently. The Ancestor was indeed a bit too shabby for him who had the Divine Deity.

Lv Qilian sighed: "Gods Realm ... My father gave up everything for the sake of becoming a god back then, but in the end, he was still unable to enter the world of gods and was unable to pass the gods' examination. Most importantly, he was unable to condense his Divine Deity. "

"A god is also evolved from a mortal, so don't lose your confidence. No matter how difficult it is when the time comes, if you walk in that direction, no matter what the result is, at least you won't regret it." Chen Xiang said.

Lv Qilian nodded. Thinking back to when she was still a weak girl, she had never expected herself to have the kind of strength she did today.

Chen Xiang was already able to condense five drops of spirit liquid within two hours.

"Let's try out the effects of the twenty drops of liquid each." Chen Xiang said: "I will continue with the large amount of high level medicinal ingredients. I want to breakthrough to the Holy Pellet."

This was also what Lv Qilian needed the most. If Chen Xiang could succeed, if she wanted Chen Xiang to help her concoct the Holy Pellet, Chen Xiang would definitely not reject her request.

"Then let me leave my side for now. I will help you condense more spirit liquids." Lv Qilian took a deep breath, "Don't waste it recklessly."

Chen Xiang smiled and nodded: "Definitely not."

Lv Qilian poured twenty drops of spirit liquid into a jade bowl and then poured ten more of her spirit liquid into it. Forty drops of spirit liquid merged together into a single drop in an instant, it was extremely mystical.

"Even if it's two big bowls, they might melt into a single drop." Chen Xiang exclaimed: "If the compression is that high, the quality must be very high."

Lv Qilian nodded: "This drop, should be enough to fill half of the Holy level's spirit medicine."

Chen Xiang anxiously took out a silver heart, this was a Sacred Heart fruit, Long Xueyi had always wanted to taste it.

"Try this." Chen Xiang gasped in surprise as he handed the Sacred Heart fruit over to Lv Qilian.

"Where did you get it?" Lv Qilian was a little reluctant to cut it in half.

"Jiang Sheng gave this to me, it's a Divine Craftsman." Chen Xiang urged, "Hurry up and cut it out. If you can duplicate it, I will give you one."

"Alright." Lv Qilian took out a sharp dagger and cut open the jumping Sacred Heart fruit. To have this kind of Sacred Heart fruit, in the future, when he gave her time, she would be able to duplicate a large amount of it.

Lv Qilian dropped down her and Chen Xiang's spirit liquid from the cut on half of the Sacred Heart fruit, and the other half quickly grew back.

"It's a success, but there's one more side." Chen Xiang took out the remaining twenty drops of spirit liquid and handed them over to Lv Qilian. "Looks like we need to use forty drops of spirit liquid to be able to make a copy of the Holy level's ingredients."

[Chapter 1627](#)

Under the fusion of their spirit liquids, one Sacred Heart fruit quickly became two.

"Here you go." Chen Xiang happily gave Lv Qilian a Sacred Heart fruit.

"Thank you." Lv Qilian gave him a gentle smile, placed him inside a jade box, and said: "I will now start to condense spirit liquid for you, how much do you want?"

Chen Xiang thought for a moment, then said: "Three thousand drops. You can condense ten drops in two hours, and a hundred drops would appear every day every ten hours. This will take a month, and it will be very tiring."

"It's fine. I'll be fine at most once for half a year." Lv Qilian laughed: "It's worth it to work hard for one month in exchange for a Sacred Heart fruit."

Seeing Lv Qilian smiling so sweetly, Chen Xiang stared at her without blinking.

Lv Qilian withdrew her smile when she saw Chen Xiang's fiery gaze. She had obtained a Sacred Heart fruit and was indeed in an excellent mood.

"Sister Qilian... I think there's a way that might make our spirit liquid even more powerful." Chen Xiang's mind flashed, and he suddenly said.

"What method?" Lv Qilian frowned, she saw the naughty look in Chen Xiang's eyes and had a bad premonition.

Chen Xiang scratched his head and laughed, "Do you still remember the last time we kissed"

"No." Lv Qilian already knew what method Chen Xiang was talking about and immediately refused.

"Sister Qilian, I really do not have any other evil intentions ... I just wanted to verify my thoughts. You and I both know that the last time we had such a huge difference in our abilities, and I also don't know what Alive Slain Method is. My spirit liquid was greatly different from yours, but it's different now." Chen Xiang righteously spoke with a serious face.

"Now that I have cultivated the Alive Slain Method, my strength is almost the same as yours. When we refined the spirit liquid to fuse together, you have also personally witnessed the effect."

Although Chen Xiang's flowery words sounded very reasonable, she still felt that Chen Xiang wanted to openly take advantage of her.

"In that case, forget it." Seeing Lv Qilian's unwillingness, Chen Xiang sighed.

Although Lv Qilian looked unwilling on the surface, she still wanted to give it a try. Last time, when Chen Xiang kissed her, the two of them used their powers at the same time, causing the spirit liquid to quickly heal her injuries.

"It's fine to try, but you must promise me not to touch my body." Lv Qilian seemed to have made an important decision. After she said it, she suddenly regretted it, but she was also filled with anticipation.

Chen Xiang was overjoyed and immediately nodded in agreement, laughing, "Let's do it on the bed."

"This is good enough." Lv Qilian snorted lightly, "Why aren't you coming over?"

Lv Qilian sat on a soft blanket and when he went over, he felt that this place was no different from a bed. He sat in front of Lv Qilian and looked at that slightly embarrassed and beautiful face.

"Relax, it's not like we've never tried before." Chen Xiang laughed mischievously as he hugged Lv Qilian's slender waist, causing Lv Qilian to involuntarily lean into his embrace.

"Bastard." Lv Qilian raised her head to look at Chen Xiang. Just as she let out a low curse, her sandalwood mouth had already been stuffed shut by Chen Xiang, and she had already felt a warm tongue seeping into her mouth. She had done it even more shyly when she was at the Gods join method, and she was even more familiar with kissing at that time.

In the beginning, the two of them had actually kissed with great tacit understanding. Neither of them mentioned the matter of activating the Alive Slain Method together, and the two even hugged each other even more tightly. Lv Qilian had already taken the initiative to hug Chen Xiang's body, and the two of them kissed together without thinking ...

After a long while, the two finally parted their lips. Lv Qilian's cheeks were slightly red, her head was lowered, and she was gasping for breath. It was obvious that she had entered a very excited state, and realised that her resistance to Chen Xiang had become weaker and weaker.

Chen Xiang caressed her face and laughed: "Let's begin, we've played enough just now, we can proceed without worry now."

Lv Qilian's chest rose and fell as she took a few deep breaths, a trace of emotion could be seen in her eyes as she nodded her head slightly. This time, she took the initiative to raise her head, and the two of them were like a couple.

Chen Xiang laid down, allowing Lv Qilian to lie on his broad and robust body, and sent her a sound transmission: "Start the circulation of the Alive Slain Method."

"Mm, you're still not very familiar with it yet. I'll cooperate with you." Lv Qilian replied. The two of them were already very satisfied before this, but to be able to be so intimate with each other now, their hearts felt extremely happy.

In order to test if cultivating the Alive Slain Method together was effective, they had no choice but to put aside their emotions and focus on operating the Alive Slain Method.

Not long after, a layer of pale white light appeared around their bodies. The tips of their tongues intertwined as they slowly condensed a refreshing energy.

"It's working." Chen Xiang excitedly transmitted his voice to Lv Qilian, causing him to hug Lv Qilian even more tightly.

"Be serious." Lv Qilian said softly, "This is a critical moment."

Chen Xiang did not dare move, the two of them continued to embrace each other as if they were in deep sleep. The white glow around them became denser and denser, as a large amount of Holy Spirit Qi was being absorbed by them.

The two of them continued like this for more than half a day. During these few hours, they didn't say much and just hugged and kissed each other. They enjoyed themselves quite a bit.

"It's already been five hours, why don't I feel like I've managed to condense something?" Chen Xiang sent a sound transmission to Lv Qilian. "Sister Qilian, what about you?"

Lv Qilian was a little surprised: "No, I felt like I managed to condense something close to my throat, and it's solid. I think it should be a pearl."

Chen Xiang laughed: "It's probably because you're a woman, and half of the children are women."

When Lv Qilian heard this, she pinched Chen Xiang's waist lightly.

Chen Xiang had long since gotten used to pinching girls, but he still retaliated against Lv Qilian. His huge claw moved to Lv Qilian's waist, at the bottom of his butt and grabbed at it with a bit of force.

"Don't touch my body." Although Lv Qilian was angry, she could only shout out with the sound transmission, she did not seem to be very angry.

It has already been twelve hours, Lv Qilian sent a sound transmission to Chen Xiang: "I can feel that the pearl I condensed has already formed, it should be over now, right?"

"Mm, anyway, there will be chances in the future." Chen Xiang laughed, and then, the two of them consciously split up.

At this moment, Lv Qilian was straddling Chen Xiang's stomach, and her sandalwood mouth was slightly opened, only to see a transparent pearl floating out from her mouth. This was a transparent pearl that was the size of a longan.

[Chapter 1628](#)

Lv Qilian placed the pearl in her palm and creased her eyebrows, carefully observing it. At this moment, she was still quite excited, because the "Spirit Liquid" that had solidified into a solid was definitely not an ordinary one. She and Chen Xiang had been pestering each other for a long time before being able to produce this thing.

"Sister Qilian, how should we use this thing? Based on your experience, what kind of effects do you think it would have?" Chen Xiang did not understand much about this, but he knew that this pearl was very powerful.

Lv Qilian exclaimed: "Unbelievable, I never thought that fusing them in this way would actually be even more powerful, could it be that the Alive Slain Method's final profound meaning is the fusion of Yin and Yang?"

Chen Xiang laughed: "Of course, the continuation of life, is always like this."

Lv Qilian nodded, she thought so too. When she was training with the Alive Slain Method, she had never thought of this question, she did not expect that by chance, she would discover the greatest mystery of the Alive Slain Method.

"How are the effects of this pearl?" Chen Xiang was very curious, "What do you want to try? This is not a liquid, it can't be dropped into the medicinal herbs, right?"

Lv Qilian said: "Based on the energy I feel, I think I can replicate at least five Sacred Heart fruit."

"Take a basin of water, and then release the Holy Spirit Qi from the Holy stone and merge it with the water, turning the water into the Holy Spirit Water." Lv Qilian said: "I have already tried this method before, it is one of the methods to quickly duplicate a large amount of medicinal herbs."

Chen Xiang took out a square jade box that was as big as a washbasin, and took out a jade bottle. He poured some Holy Spirit Water inside.

"I got this Holy Spirit Water from the Sacred Domain. Can you use it directly?" Chen Xiang asked.

"Sure." Lv Qilian took out the Sacred Heart fruit that Chen Xiang had just gifted her, and evenly cut it into six pieces, and placed it inside the box that was filled with the Holy Spirit Water.

Chen Xiang knew what Lv Qilian wanted to do and said excitedly: "You want to soak this pearl in the water and melt it?"

"That's right." Lv Qilian placed the Spirit Orb into the water and when the Spirit Orb entered the water, after sensing the Sacred Heart fruit that was cut into six pieces, it started to release a silver light, and the Spirit Orb slowly became smaller and smaller. The silver light flowed into the Sacred Heart fruit fragments.

In the blink of an eye, the six pieces of Sacred Heart fruit meat inside the jade box had actually grown at a rapid rate, turning the six pieces of meat into six pieces of Sacred Heart fruit.

Previously, when they were fusing the spirit liquid, they already felt that it was very fast, but now, the speed at which the spirit pearl was replicating was even more terrifying.

Lv Qilian anxiously fished out the six Sacred Heart fruit s from the water, then cut another one into half and threw it into the water.

The two halves of the Sacred Heart fruit quickly became two. It turned out that the healing life energy inside the halves had not been used up completely.

"Here, you can use this water again and again." Lv Qilian placed the copied six Sacred Heart fruit s into a jade box and handed it over to Chen Xiang.

"You don't want it?" Chen Xiang took it, and exclaimed as he looked at the Sixth Brother's popping and jumping Sacred Heart fruit.

"I don't need it right now. When I need it, I can also condense the spirit liquid and duplicate it myself." Lv Qilian said softly, "Next ... Should we continue? "

Chen Xiang laughed: "Of course we have to continue, this will save us a lot of time. We can get twenty out of it in ten days, which is enough for me to use for a long time."

"Ten days in a row." Lv Qilian let out a faint sigh, and with slightly red cheeks, she softly replied. "Alright, but we can only condense one every day. We'll do our own for the rest of the time, it's not good to be like that all day long."

The two of them had originally planned to rest for a while, but they were not tired at all. When they used the Alive Slain Method together, not only would it remove their fatigue, it seemed that it would also bring them benefits, just like dual cultivation.

Ten days later, Chen Xiang had fifteen of those kinds of pearls in his hands. As Chen Xiang's usage of the Alive Slain Method increased, he and Lv Qilian could condense these kinds of pearls in only six hours while cultivating.

However, Chen Xiang felt that his greatest gain was the relationship he had with Lv Qilian. Although they did not say it out loud, they knew very well that their relationship had already been solidified here.

"When are you going to Heavenly Dragon Realm?" Lv Qilian asked, she did not know why Chen Xiang was going to the Heavenly Dragon Realm, but she was sure it was because there was something important.

"Wait a moment." Chen Xiang giggled, "Could it be that you can't bear to part with me?"

"No, if you're going to the Heavenly Dragon Realm, it would be best if you came back to visit Di Tian after a period of time. The current situation is unfathomable." Lv Qilian said.

Chen Xiang took out a few jade boxes that contained Blood ginseng s, Tianshan holy fruit s, phoenix fruits, and Blood Exquisite Fruits.

"You should have the holy lotus seed." Chen Xiang said, "Hurry up and copy all of these. If you are free, you can do it a little more."

Lv Qilian was not surprised to see Chen Xiang taking out so many Holy level s, she only exclaimed in her heart. Indeed, it was as she had guessed, Chen Xiang had already grasped a lot of Holy level s.

In these ten days, after Chen Xiang and Lv Qilian condensed spirit pearls together, there was still a lot of time to condense spirit liquids. Chen Xiang also gave the spirit liquids to her, allowing her to fuse them together, which would be faster.

Chen Xiang replied, "I may have to go to that Sacred Domain. There is a very large Super Old Sacred City there, where I can obtain the high grade immortal pills that I lack. I hope that when I return, I would already be a Pill Saint."

After Lv Qilian finished copying the Holy level medicinal herbs, he nodded towards Chen Xiang: "You definitely can do it, leave this place to me. After a while, I'll go to the Ice Dragon Villa to talk to Xue Xianxian and the others, and teach them some methods to resist the Mei Emperor's Charm Art."

"Mm, I can rest assured now, thank you." Chen Xiang and Lv Qilian embraced each other. "You should be careful too, you should also be Mei Emperor's number one prey."

Lv Qilian smiled sweetly, "Do you think she can hunt me?"

"Of course not." Chen Xiang kissed her red lips, and laughed: "Because I've already killed you."

After Chen Xiang finished speaking, his body gradually merged with the fluctuating space behind him and disappeared.

After returning to the Heavenly Dragon Realm, Long Xueyi closed her eyes and started to cultivate. Right now, she wanted to use the power of this strange white mountain and give Leng Youlan a share of the Supreme Dragon blood.

Chen Xiang laid on the bright and comfortable stone room, gently stroking the soft carpet below. The scene where he and Lv Qilian laid on the ground, entangled with each other, couldn't help but reappear in front of him.

"Laughing so wantonly, are you thinking of something bad?" Long Xueyi laughed out loud as he pounced towards Chen Xiang, laid on his body, and smelled all over it.

"What are you doing? It's been a few days and you've turned into a puppy." Chen Xiang slapped her buttocks. "Stop sniffing."

"Pfft." Long Xueyi scoffed, "The fragrance of the woman on your body is too strong, I just want to see who it belongs to. The smell has already penetrated deep into your skin, it seems that your, the Hundred Blossom Emperor, has developed quite well."

"Jealous, didn't you tell me to eat her?" Chen Xiang laughed and pinched Long Xueyi's chest.

Long Xueyi strongly pushed his hand away, and asked with some excitement: "You really ate her."

Chen Xiang shook his head and laughed, "Not yet, but she's already a piece of meat on my chopping block, it's just a matter of time."

"You Lan goes out to hunt holy beasts all day long." Chen Xiang asked.

"That old lunatic took her on a treasure hunt. It's boring for her here anyway, so it's good for her to follow that lunatic around." Long Xueyi said: "When you went to find Lv Qilian, other than being a lot closer to her, did you have any other gains?"

Chen Xiang pinched her face and laughed: "Of course there is."

He took two out and said: "These are all made by Lv Qilian and I. She doesn't want any of them, so you have to thank her in the future."

"Wow, how did you make so much so fast? How did you do it?" Long Xueyi carried the jade box in his arms and already picked up a Sacred Heart fruit to chew on it. It made Chen Xiang feel that it was a little strange, as if Long Xueyi was eating his heart.

"He could be considered a dual cultivator..." Chen Xiang took out fifteen of those beads, and then told Long Xueyi everything.

Long Xueyi exclaimed: "The Alive Slain Method is indeed wondrous and endless."

"Oh, right. Why don't you request a deeper level of dual cultivation with her? Body and body are fused, and the soul will merge together. When that happens, the effects will certainly be even more terrifying, wasting away a good opportunity."

"That's not the time. I did have that thought, but when I was with her, I could feel her thoughts. She still doesn't want that kind of thing to happen to me at that time." Chen Xiang said.

"On the other hand, you, I have already gotten a few Sacred Heart fruit for you. When are you going to bring those Supreme Dragon blood out? I want to go to the Absolute Monarch Sanctuary quickly and take a look at sister Meiyao and Sister You You You."

Long Xueyi said: "Soon, I will be able to make them after eating these four Sacred Heart fruit. I miss them a lot too."

Long Xueyi was quick, he waited for half a year, but he was not idle during this period of time. He condensed the spirit liquid and copied out a large amount of Sacred animal fruits and Tianlong Dan's medicinal ingredients, allowing him to successfully refine Immortal Grade Five and Immortal Grade Six Sacred animal Dants and Tianlong Dants.

"This is the Supreme Dragon blood." Chen Xiang looked at the hair-like white silk in Long Xueyi's hand, and upon closer inspection, it looked very much like a dragon.

"Of course, this is the same thing as Divine Deity. You Lan, in the future, if nothing unexpected happens, the Supreme Dragon blood that has perfect condition will definitely have it." Long Xueyi said with great confidence: "You Lan, open your mouth, ah ..."

Leng Youlan listened very much to Long Xueyi's words. After opening her mouth, Long Xueyi placed the Supreme Dragon blood into her mouth. The Supreme Dragon blood seemed to have a spirit of its own and entered Leng Youlan's mouth, causing Leng Youlan's entire body to instantly shine with a burst of white light.

"I succeeded, but I'll need some time to get used to it." Long Xueyi giggled, he patted Leng Youlan's shoulders and asked: "Do you feel anything now?"

Leng Youlan frowned, and shook his head: "I can't describe that feeling, it seems like the dragon vein isn't obedient."

"That's right, this is the reason that we don't have a perfect match. Stay in the Ice Dragon Villa for a while and let those old Ice Dragons help you. Your brother and I are going to a rather dangerous place." Long Xueyi said.

[Chapter 1629](#)

At this time, Leng Youlan was very clear about her current situation. She could not go exploring with Chen Xiang and the others, so she revealed a smile and nodded: "Once I have perfectly fused with the Supreme Dragon blood, I will become very powerful."

Chen Xiang patted her shoulder and encouraged her: "Then work hard, I'll send you and Master back."

Huang Jintian who was at the side, had been considering something.

"Are you going to the Saint realm? I want to go with you. Cat is still there. I can go find him and hunt for Saint Beasts." Huang Jintian laughed: "Bring me along."

Chen Xiang sent Leng Youlan back to the Ice Dragon Villa. At this time, Huang Jintian and Long Xueyi were both in the Serene Jade Ring. He had already gone to the Sacred Region before and had spatial senses towards the Sacred Region, so he did not need to use the teleportation platform to head to the Sacred Region.

After arriving at the Absolute Monarch Sanctuary, Chen Xiang had passed through that layer of light and released Huang Jintian. He could go and find Mao'er by himself.

Chen Xiang and Long Xueyi, on the other hand, were Sky Capital, which was in the middle of entering the Absolute Monarch Sanctuary, heading to Super Old Sacred City.

Back then, he had gotten to know two very strong female rankers in the Super Old Sacred City. It was just that he did not know whether Ji Ling'er and Red Cloud were still at the house they bought back then.

"I remember that they both have enemies family, as long as Super Old Sacred City is not settled by that Super Holy School, they should be fine." Long Xueyi said, she was resting inside the ring, although she was very strong now, but she was very lazy, and would definitely not sit when she was lying down.

Chen Xiang began to feel the spatial undulations when he was in Super Old Sacred City. As long as he could sense the space there, he would be able to use the power of the spatial laws to pass through.

"sister Meiyao and Miss You You are in Divine Feather School. Even if Super Holy School controls the entire Super Old Sacred City, I think they would help Ji Ling'er and the rest."

The space around Chen Xiang started to fluctuate. He had already found the space where the Super Old Sacred City was, he did not teleport directly to the inside of the Super Old Sacred City, but instead, he was in a wasteland outside the Super Old Sacred City, and was still a distance away from the Super Old Sacred City. He was worried that if he got too close to the Super Old Sacred City, he would be discovered by the rankers inside the Super Old Sacred City, causing unnecessary trouble.

It was very safe outside Super Old Sacred City because many Rankers killed Saint Beasts to earn Holy stones. Saint Beasts coming to this place was simply a suicide.

Chen Xiang crossed a wasteland and entered the Super Old Sacred City, heading to the strongest region in the Sky Capital. However, the moment he entered the Super Old Sacred City, he heard a piece of bad news.

He never thought that not long after he left the Sacred Domain, such a thing would happen. The entire Super Old Sacred City was actually controlled by the Super Holy School, and a power like the Divine Feather School didn't dare to say much either.

"What's going on? We haven't left for too long right? Moreover, the strength of the Super Holy School at that time shouldn't have been that strong either." Chen Xiang found it hard to understand, as a large half of the Heaven Sacred District had already become Super Holy School.

Long Xueyi said in a serious voice, "If I bought wrongly, the Super Holy School should have been won over by the Hell Devil Emperor. If I can gather a large number of experts from the Sacred Domain to attack Di Tian, tsk tsk, the consequences would be unimaginable."

"This Hell Devil Emperor is really a tumor." Chen Xiang gritted his teeth and cursed.

"Quickly go to the Divine Feather School and find Feng Yujie. See if you can find out the whereabouts of Hong Xia and Ji Ling'er. Since the Super Holy School controls the Super Old Sacred City, it will definitely be difficult for the two of them to hide here." Long Xueyi said.

Chen Xiang immediately headed to Divine Feather School, and the one who received him was the elder from back then. After recognizing him, he anxiously brought him to Feng Yujie.

Feng Yujie, who had always been in seclusion, was now in charge of the entire Divine Feather School. It was because the entire Absolute Monarch Sanctuary was not at peace right now.

As a Leader and a Pill Saint, Feng Yujie's strength was not to be underestimated. At the moment, he did not have any conflicts of interest with the Super Holy School, so the Super Holy School dared to make a move on the Divine Feather School.

Feng Yujie was just like before, wearing simple clothes. Although her appearance was average, the way she moved her hands was extremely charming. When she saw Chen Xiang coming over, she chuckled and said, "You're back so soon ..."

After saying that, Feng Yujie's smile suddenly disappeared, he frowned at Chen Xiang, with a look of shock on his face, because Chen Xiang's strength was extremely shocking to her. Back then when Chen Xiang left, he was only at Immortal-becoming realm, but now, she was unable to see through him.

"Where's sister Meiyao and elder sister You You?" Chen Xiang did not bother with her and quickly replied: "I want to meet them."

Feng Yujie said: "They just ate the Saint Revitalizing Pellet that I refined, and they will take some time to refine. You won't be able to see them now."

Chen Xiang nodded his head. This could be understood, and he asked again, "Now that Super Old Sacred City is in control, Super Holy School has been chasing after two women ..."

Feng Yujie seemed to have already guessed that Chen Xiang would ask about this. She took out a jade box and said: "This is what they left for you."

Chen Xiang immediately received the jade box and opened it to look. It was a map, and when he opened it, he was completely confused by what he saw, because he did not know anything about this Sacred Domain.

"Where are they?" Chen Xiang passed the map to Feng Yujie and said: "I'm not familiar with this place."

"Seems like they are far away from the Super Old Sacred City, this is an area that is not yet controlled by the Super Holy School, it's called the Holy Beast Mountain Range, there are also many strong humans, and a few of them are strong Beast Kings, the Super Holy School do not dare to go there recklessly, the map should indicate that they are inside their cave." Feng Yujie said: "There is the Transmission array here, we can teleport there directly. If you go to that place, you should keep a low profile."

"Aunt Feng, when will sister Meiyao and elder sister You You You wake up?" Chen Xiang asked.

"If my two daughters can recover, then their strength will definitely rise greatly. I need to guide them from the side, so I can't be sure when they can finish it. It should be within ten years." The Aunt Feng said.

Within ten years, Chen Xiang could understand. After all, those were injuries that had been left behind for many years, and they had been treated while raising one's strength. However, he still felt that it was too long.

"Aunt Feng, do you know about the matters concerning Hell Devil Emperor? Do you think that there is a connection between Super Holy School and Hell Devil Emperor?" This was what Long Xueyi told Chen Xiang to ask.

"You also know about the matters with the Hell Devil Emperor. Honestly speaking, the Hell Devil Emperor also came to find me and offered very generous conditions for me to become his subordinate. However, I rejected." Feng Yujie let out a long sigh, "Even though my Divine Feather School is fine up till now, I feel that she will not let me off."

"In that case, other than the Super Holy School, there are also many other powerhouses that have been bribed by the Hell Devil Emperor." Chen Xiang frowned.

"That's right, because the Hell Devil Emperor's conditions are very generous. First, if one's soul is not destroyed, one will never die, then he will provide some precious Holy level medicinal herbs, and then, some Saint Weapons. You have to know, the Saint Weapons in hell are very powerful, they were all made by a large number of artifact forgers controlled by the Hell Devil Emperor." Feng Yujie said: "Who knows, maybe he can even bring out some Divine Weapons."

Chen Xiang said, "A few days ago, a few of the Heavenly Regions attacked Di Tian, but they did not succeed in the end because Di Tian's current strength is not weak either. If they were to fight, the Heavenly Regions would not benefit much."

Feng Yujie sighed: "I also heard that Di Tian had such a great power right after he was reborn. If we give Di Tian a little more time, the Sky Region would definitely not dare to challenge him."

The current Di Tian was able to give birth to a Holy Spirit Aura, he was even stronger than the Di Tian from back then.

"Aunt Feng, if Hell Devil Emperor wants to make a move on you, then move Divine Feather School to Di Tian." Chen Xiang said: "If we stay there, we can resist the power of the Hell Devil Emperor together."

"I'll think about it. After all, that's Di Tian. It's not easy to migrate from here as a whole." Feng Yujie suddenly laughed: "You aren't planning to rope me in are you?"

"Of course not, it's just cooperation." Chen Xiang laughed: "I'll go look for Hong Xia and the others first. When I get back, I'll have to ask you about some things regarding refining pills."

"Oh, your alchemy skills are so special, I can't guide you." Feng Yujie scoffed, "Don't tell me you want to challenge me again, laugh at me after you defeat me?"

Chen Xiang shook his head: "Yes, there is a method to refine high level pellets, for example a high level eight or nine pellet, or even a sacred pellet."

Hearing Chen Xiang's words, Feng Yujie immediately understood that Chen Xiang did not come here just to see Su Meiyao and Bai Youyou, but also to become a Pill Saint. She was not too surprised that Chen Xiang would be able to become a Pill Saint in such a short time.

Chen Xiang came to the Holy Beast Mountain Range through the Divine Feather School's Transmission array. The Divine Feather School had a very close business relationship with the Holy Beast Mountain Range, so there were a few Transmission arrays that led to the Holy Beast Mountain Range.

After arriving at the Sacred Beast Mountain Range, he released his divine soul to wander in the air and survey the terrain. After comparing Ji Ling'er and Red Dawn's maps, he quickly found a gigantic

mountain that was specially made for people. There were many big and small caves on top of the mountain.

Chen Xiang followed the map and quickly found their cave. He knocked on the stone door of the cave, waiting for them to open.

Not long after, the stone door slowly opened, revealing a beautiful lady, it was Ji Ling'er. However, Chen Xiang had disguised herself previously, so she was extremely wary when she saw a stranger before her.

"Little Ling'Er, it's me." Chen Xiang anxiously transmitted to Ji Ling'er: "It's not easy for you to open the door."

Seeing that it was Chen Xiang, Ji Ling'er hastily pulled him in and closed the door.

"It's really you. How did you arrive so quickly?" Ji Ling'er asked excitedly, jumping around while hugging Chen Xiang.

[Chapter 1630](#)

Hong Xia and Ji Ling'er knew that Chen Xiang would definitely come, because they already knew what was happening within Di Tian. They just did not expect that Chen Xiang would arrive so quickly.

"Little Ling'Er, what do you think of me?" Chen Xiang giggled as he reached out to scratch her beautiful nose, then looked at Hong Xia, and laughed helplessly: "I didn't expect it to change so suddenly. This place is the same as Di Tian, and there's even a little connection between them."

Because experts like Ten Heavens Supreme Lord, Jiang Sheng, Demon Emperor Bai Yaowei, and Devil-suppressing Heavenly Venerable had appeared one after another, making it difficult for those Sky Region to launch a huge battle against Di Tian. Therefore, at this time, the Hell Devil Emperor had found the of the Absolute Monarch Sanctuary.

With the help of the Hell Devil Emperor, the Super Holy School dominated the entire Sacred Region and controlled the entire Heaven Sacred District, causing Hong Xia and Ji Ling'er to have no choice but to leave this place that they thought to be very safe.

"Humans are better off if it's like that. Fortunately, the situation isn't too bad, and those fellows don't dare to come to the Saint Beast Mountain Range. These beasts actually have more backbone than humans, and were not bribed by the Hell Devil Emperor." Although she said it like that, she was still worried before. But now that Chen Xiang had arrived, she suddenly felt at ease.

Ji Ling'er laughed tenderly: "You grew up so fast. I thought that when we met again, you would need me to help you raise your strength. But it seems that you are even stronger than us now."

Chen Xiang followed the two girls into the cave. The cave was simple and crude, but it was neat and tidy. The two girls were not dressed very well right now.

When Chen Xiang was much weaker than Hong Xia and Ji Ling'er, the two girls had treated him very well and even made him eat tofu. But now that Chen Xiang was as strong as them, even stronger than them, they respected him even more, because Chen Xiang was a very powerful Alchemist before, and now that he was so strong, he would definitely become a Pill Sage in the future. To have a Pill Sage friend was something many people dreamed of.

The two women poured tea for Chen Xiang and treated him extremely well. Chen Xiang, on the other hand, admired these two beauties with a smile on his face. Their clothes weren't very pretty, which allowed them to exude a kind of natural beauty.

"We don't want to stay here right now. Super Holy School and the rest have yet to enter the Sacred Beast Mountain Range, but they just don't dare to come in for the time being. Their powers will grow very quickly, and with the help of the Hell Devil Emperor, they will quickly take over many large Saint realm forces, dominating the entire Saint realm before attacking Di Tian." Red Cloud said,

Chen Xiang nodded, he thought so too. This was because the Super Holy School already had a huge power in the Sacred Region, but they did not have any plans to attack Di Tian.

"You guys also know about the Hell Devil Emperor." Chen Xiang asked.

"The Hell Devil Emperor came to find us and told us a bunch of nonsense, telling us to sacrifice ourselves and help that bastard Leader of the Super Holy School become stronger. Of course we wouldn't listen to his nonsense, so he wanted to force it on us, but we are not pushovers, so we will work together to beat him away." Ji Ling'er's face was filled with indignation.

The Red Cloud said: "Hell Devil Emperor's Hell Devil Envoy is really strong, and they also have a very mysterious ability of perception, able to sense the location of a lot of strong warriors. I heard that a lot of strong warriors have been found by the Hell Devil Envoy, and many of them couldn't resist the rich conditions offered by the Hell Devil Emperor, so they joined the Super Holy School."

"Chen Xiang, can you bring us to Di Tian? Right now, we don't have any great powers to rely on, although our strength is not bad, against such a huge being like the Super Holy School, we are just small fries. We want to be together with you."

Ji Ling'er shook Chen Xiang's arm, pouted her mouth, and spoke softly, her cute appearance made Chen Xiang feel his bones go soft.

"Alright, alright, you're an old granny who has lived for ten thousand years. Don't act like a spoiled child, it's really hard for people to take it." Chen Xiang laughed.

The fact that Chen Xiang agreed made Hong Xia and Ji Ling'er extremely happy.

Seeing the happy smiles on the two girls' faces, Chen Xiang said: "I can bring you guys to Di Tian, but there are two things I need to clarify first, Firstly, you cannot follow me, but I will arrange for you two to join a force. Secondly, my goal here is to become a Pill Saint, before that, I need to find some high level alchemists to practice and level up.

They knew that Chen Xiang would become a Pill Saint sooner or later, but it was simply too fast now. The legendary Pill Saint, wasn't he an old demon who had lived for tens of thousands or even hundreds of thousands of years?

But after they thought about it more carefully, they felt that it was a very normal thing to do with Chen Xiang.

"Ladies, you two might be able to witness the birth of a Pill Saint, hehe." Chen Xiang said with a confident smile on his face, "No, it should be you guys assisting a future Pill Saint."

Red Cloud gently smiled. "Just tell us what you want us to do."

Ji Ling'er's expression was solemn, and said: "Even if you don't want to die, we will definitely do our best to help you."

"Little Spirit is really loyal." Chen Xiang laughed openly: "I can't bear to have beauties like you die for me, I'm not that kind of person either. The things you guys need to do is very simple, just like before."

"Do you guys still have the Holy stone?" Chen Xiang asked. He still had ten million kilograms of Holy stone here, and he had given some small knives to bring back to the Dragon Subduing School before. He had also given some to Xue Xianxian and the others.

"Not much." Hong Xia felt a little awkward, because Chen Xiang had left them a lot of things back then.

"It's fine, I still have 10 million catties. How about this, you guys go buy some commonly used Tier 6 immortal pills and come back. This 10 million catties of Holy stone should be enough, right?" Chen Xiang took out a Storage bag.

Ji Ling'er frowned: "About that ... They can only buy one, and it's not a very good one at that. Super Holy School is controlling the market for high grade pills, the price has increased by several times, they want to force some experts who are in urgent need of high grade pills to join Super Holy School. "

Seeing how powerful the Super Holy School was, Chen Xiang suddenly had a burst of motivation. He wished that he could take a walk around the Super Holy School to see what they were capable of with the help of the Hell Devil Emperor.

The corner of his mouth curled up in a cold smile, "Super Holy School, it's best if we can take care of them in this Sacred Domain. Otherwise, they might go and harm Di Tian in the future."

"Then these ten million catties of Holy stone are enough to buy a batch of Tier 6 immortal pills. Super Holy School has already done me a huge favor, haha." Chen Xiang suddenly laughed out loud, causing Red Cloud and Ji Ling'er to be confused, but they were already used to it, because what Chen Xiang did was out of their expectations.
