

## Dan God 1641

### [Chapter 1641](#)

The Hell Bat King's strength was about the same as the Beast Emperors. If they could refine the blood essence in his body into a blood pill, they would definitely be Holy Pellet, but Chen Xiang was not at that level yet.

As for the other little bats, it was much simpler. He used the Devil-suppressing magic power to form a giant net, grabbed a large amount of Hell Demon Bats and threw them into the Yanlong furnace.

Hell Demon Bats had a total of five to six million, and every million, they would only concoct one blood pill. Chen Xiang spent ten days to concoct six blood pills, all of them were at least at the level of a Grade 7 immortal pill.

They were originally going to give them to Ji Ling'er and Hong Xia, but they rejected them because they weren't of much use to them. Ji Ling'er felt that it was more appropriate to leave them to Su Meiyao and Bai Youyou.

Chen Xiang also did not eat, his thoughts were the same as Ji Ling'er.

Ji Ling'er, Red Cloud and Long Xueyi, the three girls, all left the ring at this time and roasted the high quality beast meat that Long Xueyi had stored in the cave.

Ji Ling'er and Hong Xia were extremely worried, while Long Xueyi continued to eat the beast meat without a care in the world.

"Don't be afraid, with Little Scoundrel here, there's nothing to worry about." Long Xueyi wanted to use that greasy jade hand to slap Chen Xiang's face, but was slapped away by Chen Xiang.

Hong Xia sighed: "It's all my fault. If not for the Holy Spirit Fire on me being targeted, this situation wouldn't have happened."

Red Cloud had learned from Long Xueyi that Chen Xiang had killed an important Hell Bat King. She was worried about Chen Xiang, because it would make Hell Devil Emperor angry.

Long Xueyi laughed: "Red Cloud, Holy Spirit Fire usually have two souls, you should make good use of them."

"This... How did you know that the Holy Spirit Fire is a dual soul? This is my secret, I have never told anyone else before." Red Cloud was very surprised.

"I've met two guys before. They both have Holy Spirit Fire s and they both have twin souls. I'm sure I'm aware of that." Long Xueyi said.

Hong Xia looked at Chen Xiang and said: "Chen Xiang, I want to give you a set of Holy Spirit Fire, but I don't know what to do."

Chen Xiang was a little surprised. He shook his head and laughed: "I don't need it, my current Fire Soul is already very powerful. Even if I get the Holy Spirit Fire, it won't be of much use to me."

Long Xueyi nodded his head: "Giving the Holy Spirit Fire to this little scoundrel would only be a waste, the strength of the Fire Soul in his body is something even I cannot estimate, so I suggest that you give the Holy Spirit Fire to Ling'er, and then the two of you copy the little scoundrel's Fire Soul, so that you two can wield a powerful Fire Soul."

She had mentioned this to Ji Ling'er before as well, but Ji Ling'er felt that it would be better if she gave it to Chen Xiang as they would only be able to repay him with such things. Furthermore, even if Hong Xia wanted to, she didn't know how to give it to him.

"Mn, but I don't know how to transfer one Holy Spirit Fire to Ling'er." Hong Xia looked at Ji Ling'er and said.

Long Xueyi replied: "Leave that to me. I'm most adept at such things." She had trained in the Dao of the Gods since she was young, and was extremely proficient in it. This was no lie.

"Wait a moment before we enter the ring. I will help you guys complete the fusion of the Holy Spirit Fire, adding the copy of little scoundrel's Fire Soul, I'm afraid that it will take some time. At the fastest, it will take two months."

Chen Xiang said: "I can take this opportunity to refine pills, you guys take your time."

After Red Cloud and Ji Ling'er entered the ring, Long Xueyi transmitted his voice to Chen Xiang, and said with a smile, "If they could copy your Fire Soul, their strength would definitely increase greatly, especially in the area of flames."

"Well, that's a good thing, but you seem to have another purpose." Chen Xiang suddenly felt that Long Xueyi seemed to be planning something.

And their current strength is limited, and the strength of their flames are also far from enough to refine divine weapons. However, if Hong Xia and Ji Ling'er were to help them, their results in refining the divine weapon would be twice the result with half the work they had done. "

Long Xueyi laughed: "Other than this, teach them well, they can also help you refine pills. Some powerful pill masters sometimes pass the pill furnace to their own disciples to watch over, then go do it for themselves."

"Not only that, after Red Cloud gives the Holy Spirit Fire to Ji Ling'er, as all the Holy Spirit Fire have the special surname of [Twin Twins], the separate Holy Spirit Fire in their bodies will not feel lonely. They will give birth to one more, and at that time, they will be able to give the bred Holy Spirit Fire to your Elder Sister Meng'er, Xianxian and the others."

Chen Xiang couldn't help but admire Long Xueyi's long-term considerations. He laughed: "As expected of the Heavenly Dragon Supreme Lord, your thinking is really thoughtful."

"Of course. If you do your best to concoct pills, I'll help them settle their problems." Long Xueyi said proudly.

Chen Xiang used twenty days to completely refine all ten remaining Liuyuan azure fruit into pellets. This time, he succeeded in refining all of them.

Red Cloud had already successfully transferred a Holy Spirit Fire into Ji Ling'er's body. Ji Ling'er had perfectly fused with it, and now they were all using the special surname of Holy Spirit Fire to duplicate Chen Xiang's Fire Soul.

In order to perfectly replicate Chen Xiang's Fire Soul, he would need Chen Xiang's chance to provide him with a spirit soul. This was not a difficult task for Chen Xiang, as long as he rested for a few days, he would be able to recover.

It had already been more than a month since the Hell Bat King was captured by Chen Xiang and Chen Xiang had no idea what was happening outside. Now that Hong Xia and Ji Ling'er had not finished copying his Fire Soul, he didn't want to walk around randomly to prevent any accidents.

He could only use the Heaven tour method to search around where there were people at.

After investigating for a long time, he was somewhat surprised. This was because the Infernal Realm did not make any big movements, and the alliance of the Super Holy School, Eagle Emperor and the Fox Emperor, the two Beast Kings, expanded at an increasing rate within the Sanctuary. Even the Divine Feather School felt pressure from this.

Divine Feather School's Leader was a woman, and normally, she would not participate in battles, making a huge fortune out of it. However, Super Holy School's ambition was very big, and she wanted to take control of everything. Therefore, Divine Feather School's current situation was very dangerous, and if she continued to maintain a stalemate with Super Holy School, a great battle would happen sooner or later.

Although Feng Yujie was a woman, she was a Pill Saint and many Rankers in the Sanctuary would have to see her. Otherwise, if she joined the Super Holy School and was hostile to the Divine Feather School, it would be difficult for her to find Feng Yujie to refine Holy Pellets in the future.

It would not be easy for the Super Holy School to take over the Divine Feather School. Feng Yujie relied on his identity as a Pill Saint and his extensive network and connections, even if it was an expert joining the Super Holy School, he did not want to offend her.

"Aunt Feng is currently sister Meiyao and Sister You You You's mother. We have to think of a way to help her." Chen Xiang said: "She can still drag it out for a while. She should be more than enough for us to prepare."

Long Xueyi said: "If you want to help her, the best way is to directly eliminate Super Holy School."

## [Chapter 1642](#)

After waiting for a few days, Ji Ling'er and Red Cloud finally woke up. They had already copied Chen Xiang's Fire Soul, and they still needed to absorb a large amount of energy and cultivate for a while before they could obtain a strong flame like Chen Xiang.

"All you need to do is tell me where to sell the Liuyuan azure Dan." Chen Xiang said: "All of you continue to cultivate inside, it is not safe outside."

Hong Xia replied, "In a city near Super Old Sacred City. It's called Yan City, and the person in charge of this city is a very powerful force. He has always been at odds with Super Holy School."

"This power is a family that pays a lot of attention to bloodlines. If one is born without a Fire Soul, they would be abandoned and wouldn't be able to become a core member of the family. Their bloodlines are very strong, and almost all of their descendants have a Fire Soul."

Chen Xiang said in surprise, "In that case, Yan Clan is a family that uses fire to become strong, I don't know if they are good enough to talk about it."

Ji Ling'er said: "The people from Yan Clan are all pretty good, it's just that their temper is a bit too strong, if you talk to them properly, they would still be very polite to you, although there are many outstanding Alchemist, but they also buy high level immortal pills, and they are very rich, and selling the Liuyuan azure Dan s to them is the most suitable."

Hong Xia and Ji Ling'er already knew about Chen Xiang's heaven defying spirit liquid, so they were even more determined to follow Chen Xiang now. They wouldn't run around for a high levelled pill in the future.

When Chen Xiang came to the Super Old Sacred City, he was initially controlled by a few big powers, but now, he was basically controlled by the Super Holy School. Even though the Divine Feather School was also established here, but now, he did not have any authority at all.

After walking around the Super Old Sacred City for a while, Chen Xiang understood that the reason for Super Holy School's recent activities was to continuously expand his power and recruit many experts. This was in order to make it easier to take down Di Tian and control the Nine Heaven World.

What worried Chen Xiang were not only the Super Holy School s, but also the few other Heavenly Realms, especially the Heavenly Dragon Realm s.

When that time came, Super Holy School would lead the powerful forces of the Saint realm and unite with the other Heavenly Realms. With Di Tian's few Strong of Lord Stage s, it would probably be hard for them to fight against them.

... ..

Arriving at the teleportation area, Chen Xiang asked an old man in charge of managing the Transmission array, "Where is the Transmission array that was teleported to Yan City?"

The old man looked at Chen Xiang strangely. "To Yan City, don't you know that Yan City has been sealed up?"

Chen Xiang indeed did not know, otherwise he would not have come. "Can you tell me about this matter?"

The old man said, "The main reason is that Super Holy School and a few other major powers are preparing to force Yan Clan to submit. Many of the Transmission array s that lead to Yan City have been closed, so if everyone wants to go to Yan City in the future, they can only go on foot. This can be considered Super Holy School's warning to Yan City.

"How long has this been going on?" Chen Xiang asked again, what was going through his mind.

"It's been over a month, but Super Holy School doesn't dare to be tough on Yan City. If we can negotiate with them, we might be able to avoid a war in the near future." The old man said.

Chen Xiang teleported to a doorway, left Super Old Sacred City, and headed towards Yan City.

Red Cloud had told Chen Xiang before that the Yan Clan did not produce medicinal ingredients from other powers. Those powers were basically controlled by the Super Holy School at the moment, so the prices of the immortal medicines that the Yan Clan bought were also very high.

Right now, he felt that the Yan Clan in Yan City could be considered not bad, at least they dared to go against Super Holy School. If he wanted to deal with Super Holy School in the future, having a strong ally was not a bad thing.

"Looks like I can't just focus on earning the Holy stone now. I should make use of this opportunity to befriend the Yan Clan." Chen Xiang told Long Xueyi and the others his thoughts.

Red Cloud said, "The relationship between Yan Clan and him is very normal. We rarely interact with him in normal times, but it's not too difficult for you to get them together right now, because they are all in similar situations."

Ji Ling'er said, "Once the Super Holy School possesses sufficient strength, they will ignore everything else and eliminate the forces that threaten them. This will allow them to steadily control the Sacred Domain and then attack the Nine Heaven World."

Long Xueyi and the other two all approved of Chen Xiang becoming friends with Yan Clan, which caused Chen Xiang to speed up his journey towards Yan City.

Although Yan City was near the Super Old Sacred City, it was not close at all. It was only because Yan City was the closest city to the Super Old Sacred City that people said that ...

Chen Xiang had never been to Yan City, so he could not determine the distance.

Even so, it still took him two days to get there. If it were anyone else, it would take more than ten days, but their Transmission array was sealed by the Super Holy School, making it very inconvenient for many people to head towards Yan City. It had a huge impact on Yan City's development.

When Chen Xiang arrived at Yan City, it was completely empty. Previously, Red Cloud had told Ji Ling'er that this was a very lively city, but now, it had become like this.

"The Yan Clan must be very angry, but I wonder what they plan to do, whether they will submit to the Super Holy School, or resist the Super Holy School." Hong Xia said, "Let's go to Yan Clan to take a look."

After Yan City was sealed off by the Super Holy School, many people here were worried that the Super Holy School would attack, and in order to not get involved, they could only leave.

The big doors of the Yan Clan was opened wide, the guards to the door were extremely sturdy, standing straight and mighty anywhere, they were very imposing. Even though Yan City was empty right now, the guards were not affected at all, giving Chen Xiang a very good impression of them.

Chen Xiang stood at the serious and solemn entrance, and asked one of the guards: "I want to discuss business with the people from Yan Clan, can you help me notify them?"

The guard took out a communication jade token and sent a message. Not long later, a hunchbacked old man slowly walked out, and asked Chen Xiang with a smile: What business do you want to discuss, buy it or sell it.

Chen Xiang said: "I have a little Liuyuan azure Dan, I don't know if you should accept it or not."

When the hunchbacked old man heard that someone was selling the Liuyuan azure Dan, he was slightly surprised and said: "Currently, the Liuyuan azure Dan are relatively rare immortal pills. If you use them well, you might be able to successfully transform into a saint.

Chen Xiang nodded: "I'm sure."

"Please come in."

Chen Xiang followed the hunchbacked old man into a hall. The hunchbacked old man told Chen Xiang to wait here for a while, he went to call the higher ups of the Yan Clan to discuss this. He was just a butler here, he could not make the decision.

"The style of this Yan Clan is quite good. When we entered, we saw that the guards were all quite strong, with a lot of discipline." Chen Xiang praised: "Looks like this Yan Clan isn't one of those aristocratic families that would yield so easily."

### [Chapter 1643](#)

Yan Clan was currently hostile to Super Holy School because Super Holy School was very powerful. Originally, many forces with good relations with Yan Clan had no choice but to distance themselves from him, and some even sided with him to prevent him from destroying them.

But now that Chen Xiang had come to do business with the Yan Clan, it made the upper echelons of the Yan Clan greatly value him. The person who came out to discuss with Chen Xiang was the patriarch of the Yan Clan, a sturdy old man with a scar on his face.

"I am the patriarch of the Yan Clan, Yan Qi." Although Yan Qi had a serious face, he was extremely polite and gave a gentle smile to Chen Xiang.

"I am Chen Xiang, and have heard of patriarch Yan's great name for a long time." Chen Xiang cupped his hands, and smiled: "Long story short, I have some Liuyuan azure Dan, you should know why I'm here right?"

Yan Qi nodded and asked, "How many Liuyuan azure Dan do you have?"

Chen Xiang replied: "Fifty-five pills."

Hearing Chen Xiang say this number, Yan Qi was surprised, this was not a small number.

"Even though we need Liuyuan azure Dan, we don't need that many. Furthermore, the price of Liuyuan azure Dan are very high right now, so you should be clear about this." Yan Qi said. He wanted to buy these fifty-five Liuyuan azure Dan.

Chen Xiang laughed, "Clan Chief Yan, I am still looking for you to do business in your Yan Clan given the current situation. Naturally, I am not planning to earn your Holy stone s, the other places have thirty to forty million s for one pellet.

Yan Qi was curious about why Chen Xiang would come to find his Yan Clan before this. Now that Chen Xiang had said it this way, he knew that Chen Xiang had other motives for coming here.

"Do you need anything from our Yan Clan, or do you have other goals?" Yan Qi directly asked.

"Because we have a common enemy and our relationship is not bad. I feel that your Yan Clan should have a good talk with him now, and perhaps you two might be able to become allies in the future." Chen Xiang said.

It's just that I don't know what Divine Feather School's final attitude will be. If Divine Feather School also defends himself with Super Holy School, then we might be set up by Divine Feather School. At this time, Yan Qi was looking at Chen Xiang with a vigilant expression. He was worried that Chen Xiang was sent by the Super Holy School.

Chen Xiang took out a box of Liuyuan azure Dan and said: "You guys should have heard about the matter of Super Holy School's visit to the Holy Beast Mountain Range a while back ... .."

Yan Qi was shocked. He said, "Not long ago, two great events occurred in the Sacred Beast Mountain Range. Eagle Emperor and a mysterious person battled in the Sacred Tree, and after that, Super Holy School and two Beast Emperors went to capture Red Cloud and Ji Ling'er. However, they did not manage to catch them.

The Yan Clan had sent people to thoroughly investigate and finally discovered some clues. They knew that Red Cloud and Ji Ling'er had gone there to buy Liuyuan azure fruit s, and now that Chen Xiang had sold so many Liuyuan azure Dan s, Yan Qi only needed to think for a moment to know that Chen Xiang was related to this matter.

"Red Cloud and Ji Ling'er are my friends. At that time, I offended the Eagle Emperor and the Leader so they wouldn't let me off. Chen Xiang sighed.

"In that case, you are the one who wielded the Green dragon demon-slain broadsword and wanted to cut down the holy tree." Yan Qi asked with a surprised expression.

Chen Xiang nodded his head and laughed, "That's me, clan leader Yan probably doesn't need to doubt me now, right? I truly wish to join hands with you two, in the future when we go against Super Holy School, you guys won't be so willing to surrender to it, right?"

"You said that your relationship with Divine Feather School is not bad." Yan Qi asked again.

"You should know that Feng Yujie is a Pill Saint, so we have a good relationship." Chen Xiang said.

"Well, I'll talk to her." Yan Qi laughed, "Just now, you said that there was a Liuyuan azure Dan weighing ten million kilograms. Is that still true?"

Chen Xiang laughed: "Of course, how much do you need?"

"Ten is enough."

Chen Xiang handed over the box of Liuyuan azure Dan, allowing Yan Qi to choose ten of them. This showed that he was extremely confident in Yan Qi.

"This is a one hundred million kilogram Holy stone." At this time, Yan Qi's impression of Chen Xiang was very good, and when he looked carefully at those Liuyuan azure Dan, his expression revealed a trace of surprise.

"Who refined these pills? They are all of high quality and of the same standard. Their control over them is extraordinary." Yan Qi praised.

As the patriarch of the Yan Clan, he was very familiar with the art of pill refining and was a very knowledgeable person.

Chen Xiang laughed: "I refined it."

Yan Qi was shocked. "I thought that Feng Yujie had refined it. This level of refining is already close to that of a Pill Saint."

"Right now, I can only refine Liuyuan azure Dan."

Yan Qi took a deep breath. "In that case, these are all your masterpieces."

The fact that his training was so good was enough to shock Yan Qi.

"It can't be considered practice. I've always been like this when I'm refining pills. I only want the best." Chen Xiang laughed, "I still have forty-five pills left. I wonder if Clan Leader Yan can arrange a place for me to sell all of these pills."

"Do you want to sell it in Yan City?"

Only selling that many Liuyuan azure Dan at once would definitely attract many people. The reason Chen Xiang was selling them in Yan City was to alleviate the desolate situation in Yan City.

"That's right, all the pills are now under the control of Super Holy School, I want to do some pill business here and see how Super Holy School will react." Chen Xiang laughed.

"Right now, there are many empty shops in Yan City. I'll give you one, and I'll arrange for a butler to take you there. In addition, I'll send someone to spread the news that you have Liuyuan azure Dan s that are selling here, and their prices are much cheaper than elsewhere." Right now, the Yan Clan did not sell any pellets. If Yan City became lively, then their Yan Clan could just collect and rent many Holy stone.

"I'll wait for one or two months before I start. I don't have many pills on hand right now." Chen Xiang never thought that Yan Qi would be that easy to talk to. He had originally only planned to sell Liuyuan azure Dan s, but when Yan Qi said this, he wanted to sell even more immortal pills to fight Super Holy School.

"Alright, come find me when you're ready." Yan Qi said.

Chen Xiang hurriedly left Yan City and headed towards Super Old Sacred City, then to Divine Feather School.

She also knew that Chen Xiang had a huge battle with Eagle Emperor. Now that Chen Xiang had come to look for her, it just so happened that she had the same intention as well, because she also wanted to see Chen Xiang.

"Aunt Feng, you're being too polite." Chen Xiang was invited to a beautiful living room, where a table was filled with spirit fruits. Chen Xiang unceremoniously ate the spirit fruits, and then stealthily passed them to Long Xueyi.

Feng Yujie gracefully sat there. At this moment, she had just taken over the Divine Feather School from before, and was wearing a set of clothes.

"Why have you come to find me? You You You and Meiyao did not come out of seclusion that quickly. I have already told you this before."

#### [Chapter 1644](#)

Chen Xiang really wanted to see Su Meiyao. Hearing Feng Yujie's words, he was rather disappointed.

"Aunt Feng, I just came over from Yan Clan." Chen Xiang said.

"Yan Clan, what are you doing there?" Feng Yujie had been paying attention to the Yan Clan during this period of time because the situation was similar to hers and her Divine Feather School. It was just that the current Divine Feather School was much better than the one before, and not sealed by the Super Holy School.

"I'll go there to sell the Liuyuan azure Dan ... I intend to join hands with them to deal with Super Holy School, would you like to join us? " Chen Xiang asked.

"You talked it over with them." Feng Yujie's heart skipped a beat. Of course she wanted to join, what she wished for was for her to join them. Now that she understood why Chen Xiang had come, Chen Xiang must have considered about the plight of her Divine Feather School.

Chen Xiang laughed: "We have already discussed this, the patriarch of Yan Clan should be here to discuss about the matter of cooperation with you very soon, but this matter should be kept a secret, don't let the Super Holy School find out about the alliance between you two."

At the very least, when they start a fight, it wasn't time for me to face the Super Holy School alone. Feng Yujie revealed a pleased smile on his face: "What happened in the Sacred Beasts Ancient Realm a while ago, was it you, kid, who did it?"

"Hehe, there's nothing we can do about it. Who allowed those guys to be so arrogant?"

When Feng Yujie first heard that the Green dragon demon-slain broadsword had appeared at the holy tree, she knew it was Chen Xiang's doing. Besides, Hong Xia and Ji Ling'er were also there.

"Aunt Feng, how many pills do you have here? I want some, not too many, just a thousand each for Tier 2, Tier 3, or Tier 4 immortal pills. I plan to sell them in Yan City, but the price will be a little lower than in Super Holy School." Chen Xiang said. If Feng Yujie had it, he wouldn't have to refine it himself and could quickly sell his Liuyuan azure Dan.

"I don't have many pills here, but I do have a lot of medicinal ingredients. Although the price of the medicinal ingredients are very high now, with my many years of connections, even if I rely on the alchemy powers in the Super Holy School, they would all secretly sell to me for a cheap price." Feng Yujie said: "Your pill refining speed is so fast, I can just give you the ingredients, furthermore you have so many pills in one furnace."

"Oh right, you can refine Liuyuan azure Dan now."

Chen Xiang laughed: "Didn't I say it earlier? How about we compete?"

When Feng Yujie lost to Chen Xiang last time, she already had a shadow in her heart. If it was another person compared to him, she would be full of confidence.

"Forget it, just in case I get attacked by you." Feng Yujie scoffed.

"Aunt Feng, you are the Pill Saint. You should have some confidence." Chen Xiang laughed.

Feng Yujie rolled his eyes at Chen Xiang, and said: "It's normal if you lose to me, but if I lose again, there will be a devil in my heart, and I still won't be able to win."

"Aunt Feng, what kind of conditions did Super Holy School give you when they tried to rope you in?" Chen Xiang asked.

"The conditions are good, they agreed to give me five types of Holy level medicinal herbs, but I already have them all, adding on to that, you have that kind of heaven defying ability, I think I won't lack any Holy level medicinal herbs in the future." Feng Yujie said: "They don't want to control my Divine Feather School, they just want me to join their Super Holy School, and my Divine Feather School is also a reader. They only want the outside world to think that I, too, am under their control, creating a false impression that my Super Holy School is very powerful."

"In that case, they don't need you to work for them."

The Hell Devil Envoy came here to talk to me, but I haven't seen the Hell Devil Envoy at all, and the Hell Devil Emperor can't come here either, his strength is only so, I am not afraid of them, and can only ask me to sell my soul. I can't do it, but maybe one day I will get lucky and enter the Gods Realm. Feng Yujie giggled: "With your help, it's very possible that I'll enter Gods Realm."

The Gods Realm was a place that the likes of Feng Yujie and the rest, who had reached the pinnacle, yearned for. If he sold his soul to the Hell Devil Emperor, then there would be no hope of entering the Gods Realm at all.

Chen Xiang thought for a while, then said: "If I'm the only one who goes to Gods Realm, then it's fine if I don't go. I'm too lonely."

"That's true. I heard that you have quite a few women, so you can't bear to part with them, right?" Feng Yujie said with a smile.

"When the time comes, I might be able to bring them up with me. I wonder if there will be any consequences." Chen Xiang touched the ring on his finger: "If we go to the Gods Realm, under the influence of that place, my powers will definitely increase very quickly."

Feng Yujie shook his head: "When we go to Gods Realm, I will need the God's guidance. I heard that all the divine treasures and weapons will be taken away, so putting people in storage rings is not possible."

"This is a matter for the future, let's talk about it in the future. Moreover, we don't know much about the Gods Realm." Chen Xiang spread his hands.

Chen Xiang asked for a secret room from Feng Yujie, and then took the medicinal ingredients Feng Yujie gave him to refine the pills. At the moment, the situation between Su Meiyao and Bai Youyou was a bit more complicated, after consuming the Holy Pellet, not only did his injuries recover, but his strength would also increase rapidly. He didn't know when he would come out of seclusion, so he could only wait patiently.

After staying in the secret room for more than ten days, Red Cloud and Ji Ling'er had already successfully replicated his Fire Soul. Furthermore, they had stabilized and could use strong flames.

Seeing Chen Xiang coming out of the secret room with Ji Ling'er and Red Cloud, Feng Yujie guessed that they had been staying in Chen Xiang's Storage magic treasure the entire time.

"The last time I saw you, you didn't seem to have this powerful flame aura."

Feng Yujie was a Pill Saint and had an extremely high fire cultivation. Although Red Cloud and Ji Ling'er had very strong flames, they were still very unfamiliar with controlling it, and it was difficult for Feng Yujie to suppress that aura, so it was much easier for Feng Yujie to see them.

Chen Xiang asked the two girls to tell him the details. Feng Yujie was not an outsider and was a Pill Saint, it would be best if he could be honest with her.

When Feng Yujie heard about it, she was shocked. She knew that the Holy Spirit Fire was very mysterious, but she never expected it to be even stronger than she had imagined.

"Aunt Feng, you have nothing better to do right now anyways, so you should just teach them the basics of refining pills. They are all very smart, and should be able to grasp it very quickly." Chen Xiang said.

"It's fine for them to learn alchemy from me, but if they want to take me as their master, then I won't casually pass down my alchemy skills to others." Feng Yujie laughed slyly.

Earlier, Su Meiyao and Bai Youyou were taken in by her as foster daughters, and now, Ji Ling'er and Red Cloud were taken in by her as disciples ...

"Of course, I prefer them to be my daughters." Feng Yujie's smile was extremely playful.

## [Chapter 1645](#)

Seeing the naughty smile on Feng Yujie's face, Chen Xiang secretly cursed in his heart, this Feng Yujie was definitely doing this on purpose.

"Aunt Feng, isn't your goddaughter a little too many?" Chen Xiang said snappily, "Are you doing this on purpose?"

Ji Ling'er and Hong Xia didn't think that Feng Yujie would accept them as his goddaughter, nor did they think that his relationship with Feng Yujie would be so good. They only needed to casually recommend them to become the daughter of a Pill Saint.

Feng Yujie laughed and said: "What's there to be proud about, it's just that every time you bring girls here, they're always this outstanding, I really like them. And it's also because I trust you, I believe in your judgement, that's why I took them as my foster daughters."

"I just don't know if you're willing to be my adopted daughter." Feng Yujie smiled sweetly at Hong Xia and Ji Ling'er. This beautiful Aunt Feng, with her mischievous and charming appearance, gave off a unique charm.

Of course and Hong Xia were willing, the two girls hurried over and held Feng Yujie's arms, they chatted and laughed, and not long after, they became one. They did not look like mother and daughter at all, but they looked like sisters.

Although Chen Xiang had addressed Feng Yujie as Aunt Feng, she was not old at all. Even though her appearance was ordinary, she had a unique temperament, and would not lose out to her because she did not have a beautiful appearance.

"This old demoness isn't simple. I didn't notice before that she had actually changed her appearance. No, she must have used some sort of transformation technique. Now, we can see that her face isn't her original appearance." Long Xueyi suddenly said: "This woman is too sinister, taking all the women by your side as her daughter, what will you do in the future? If you fall in love with her daughter, she will be your mother-in-law."

At this moment, Feng Yujie, Ji Ling'er and the others were laughing and joking at the side. Feng Yujie was originally a mischievous old demon, and Chen Xiang was very worried that she would lead and Red Cloud wild.

"Aunt Feng." Chen Xiang suddenly shouted with a serious expression, causing the three women to stop.

"What's wrong?" Feng Yujie asked.

"Aunt Feng, they have already acknowledged you as their mother, and you and I are already so familiar with each other. Chen Xiang said righteously, as he really wanted to see Feng Yujie's true appearance.

Feng Yujie laughed tenderly: "I didn't think that you would still be able to tell, but I'm only showing it to my daughter, so I've already met You You You and Meiyao before."

After she finished speaking, she even mischievously stuck out her tongue at Chen Xiang, causing him to feel a little angry in his heart.

"Go back to work. I will teach my daughters how to refine pills." Feng Yujie laughed: "Don't use any tricks to peek at me, it's useless against me."

Chen Xiang sighed gloomily and returned to the secret room.

"Why don't I get you some of those pills and bring this Aunt Feng down, hehe ..." Long Xueyi laughed sinisterly.

"Don't think that I'm that kind of person. I feel that this Aunt Feng is not as simple as a Pill Saint." Chen Xiang said: "Now that Divine Feather School is facing Super Holy School so easily, she must still have some tricks up her sleeve."

Long Xueyi said: "So you just need to leave the matter of dealing with the Super Holy School to her and the Yan Clan. You just need to prepare properly and go sell your pills in Yan City."

Chen Xiang had thought that Feng Yujie had Tier 7 immortal medicines, but Feng Yujie had told him that she had refined them a while ago, and they were extremely scarce now.

If Chen Xiang wanted to obtain it, he could only use a large number of Holy stone to purchase it, so he wanted to sell the pellets to earn the Holy stone.

In the past month, Chen Xiang had refined many low levelled immortal pills in the secret room, which was enough for him to support his image. After coming out from the secret room, he immediately went to look for Feng Yujie.

This month, Feng Yujie had always been very careful in guiding Red Cloud and Ji Ling'er in refining pills. Red Cloud and Ji Ling'er already had a very good foundation in terms of pills, and now that they had a very strong flame, it was easy for them to learn.

"What? You don't have confidence in me? You're worried that I won't be able to teach them well." When Feng Yujie saw Chen Xiang asking all sorts of questions, it was as if he was testing Ji Ling'er and Red Cloud.

Chen Xiang laughed: "How could I dare doubt you, I just want you to teach them another method."

He injected the God purification and his many years of experience in pill refining into a pearl, it was equivalent to a type of inheritance.

"Aunt Feng, study carefully and see how you can combine your pill refining skills. After that, come up with a set of better methods to teach them." Chen Xiang passed the inheritance bead to Feng Yujie.

Feng Yujie had always been curious about Chen Xiang's refining skills, she never thought that Chen Xiang would hand it over to her so easily.

"You trust me so much." Feng Yujie smiled charmingly.

"Yeah, it's just that there are people who don't trust me. They don't even let me see their true appearances." Chen Xiang curled his lips and said, his voice carried resentment.

Feng Yujie laughed tenderly: "Why do you care so much about my looks?"

Chen Xiang said: "Who cares, I just want to see how you look like and why you don't dare to use your true face."

"Actually, I'm doing this for your own good. I'm worried that you won't be able to resist the temptation from me, and that it will affect you in the future, not because I'm narcissistic, but because I'm born with the same ability as the Mei Emperor back then. It's just that she specializes in this aspect while I am a cultivator of the Dao of alchemy." Feng Yujie was serious, he did not seem to be fooling others.

"Is the Mei Emperor really that powerful? Just a glance at it would cause one to be enchanted. I don't believe in evil." Chen Xiang was very confident in his control.

Ji Ling'er came to Chen Xiang's side and said in a low voice: "It's true. Mother's power is really magical.

Red Cloud also quickly persuaded, "It's better not to look. It's really dangerous."

The more they said this, the more Chen Xiang wanted to see them.

Feng Yujie chuckled: "Actually, my face can only be shown to women. If a man sees it, most likely he'll be in trouble."

Chen Xiang said: "Aunt Feng, you said that Mei Emperor's ability is stronger than yours."

"That's right, back then there were countless experts who were captivated by her, but only the Ten Heavens Supreme Lord, the wild beast, was fine, the rest of the Strong of Lord Stage had suffered, especially the Fire Emperor and the Ice Emperor, although they had that kind of relationship, but they still got along harmoniously, and that is all the power of the Mei Emperor."

Feng Yujie giggled: "If you want to prove that you're really strong, then go and try out with the Mei Emperor and you'll find out. I know how to find her."

Just like Long Xueyi had guessed, Feng Yujie was not simple as he knew many secrets of the Nine Heaven World from the past.

"How do I find her?" Chen Xiang was really not afraid of the Mei Emperor.

"She should be in Di Tian now. Take this. When you return to Di Tian, inject your God Power into this pearl and activate it. Then, she will come and find you." Feng Yujie tossed a white pearl to Chen Xiang: "Remember, if she acts against you, you can immediately crush this pearl and I can save you once. Otherwise the consequences will be severe."

#### [Chapter 1646](#)

Chen Xiang took the pearl and held it tightly. He asked: "What kind of grave consequences will there be?"

Su Meiyao's and Bai Youyou's enemy was the Mei Emperor, if there was a chance, he would help them take revenge.

"In two cases, firstly, she used her charm to control you and made you her slave. Secondly, she used the evil art of collecting the sun to replenish yin, sucking up all your energy, which was extremely terrifying. In those days, several experts who had the opportunity to challenge the throne only slept with her for one night before they became ordinary people."

As Feng Yujie spoke of this, his face became serious. At the side, Hong Xia and Ji Ling'er were both worried; they did not wish for Chen Xiang to lose to Mei Emperor.

"Don't worry." Chen Xiang disapproved and laughed: "I'm going to Yan City, I'll be back after a while. You guys better study pill refining properly, in the future, I'll be like the Aunt Feng, a female Pill Saint."

Chen Xiang patted the two girls' shoulders. Then, he left the Divine Feather School and headed towards Yan City.

Yan City's Yan Qi had already come to find Feng Yujie before, and discussed the matter of the alliance in secret. The moment Chen Xiang came to the Yan Clan, he was warmly received, and the butler of the Yan Clan even brought Chen Xiang to that shop.

Previously, Yan Clan had helped Chen Xiang publicize the sale of Liuyuan azure Dan. Now that Chen Xiang had come to Yan City and confirmed the timing of the sale, he would release the exact information.

The Yan Clan released the news, so it must be real and effective. Even though Yan City was not in a very good situation, the Liuyuan azure Dan continued to rush to Yan City.

Right now, a single pill was hard to find, even with Holy stone. Especially high grade immortal pills, many people rushed into Yan City because there were 45 of them to be sold.

Other than that, Chen Xiang also took out a few low levelled immortal pills, causing many of the people who came to take them to the Immortal Pills to not be disappointed.

Chen Xiang had not started selling yet, but the street where his shop was already bustling with noise and excitement.

Initially, Chen Xiang had wanted Hong Xia and Ji Ling'er to help him, but now that they were learning from Feng Yujie, it was not good to call them over.

After Chen Xiang and the Yan Clan's butler finished looking at the shop, he confirmed that it would start selling tomorrow. He let the butler return to his shop and decided that he would take a stroll in Yan City.

Right now, there was only one busy street in Yan City. He could only walk around here. Just as he was about to return to his shop in the evening, he saw two familiar faces.

One was a dark-skinned teenager, and the other was an old man with messy hair.

These are Huang Jintian and Mao'er.

After Huang Jintian and Chen Xiang arrived at the Absolute Monarch Sanctuary, he went to look for cats on his own. Chen Xiang thought that Huang Jintian and the cats only knew how to kill Saint Beasts in the wild, they didn't know how to do it in the wild.

Huang Jintian just so happened to be in need of helpers, Huang Jintian and Mao'er's appearance now was just the right time to help.

"Master." Chen Xiang asked Huang Jintian via sound transmission, "Why are you two here?"

Huang Jintian immediately looked towards Chen Xiang, and then pulled on Mao's clothes and walked over with Mao'er.

"I knew you were the big seller of medicinal pills, but I didn't expect to find you so quickly." Huang Jintian laughed as he sent a sound transmission to Chen Xiang.

Chen Xiang brought the two of them into the shop.

"I didn't expect you to become so powerful." Cat was very surprised, because the last time he had met Chen Xiang, Chen Xiang was much weaker than him.

"Hehe, it's great that you guys are here. Help me sell the pills." Chen Xiang took out a few jade bottles, then told them the price of the immortal pills inside, and told them all the Holy stone that he sold them.

Huang Jintian laughed: "I knew that you are doing well, coming to find you was not wrong."

Cat was holding two bottles of Tier 3 immortal pills. There were more than three thousand of them, and each pill could sell for a lot of Holy stone. If he sold them all, the resulting Holy stone would be hard for Cat to imagine.

Chen Xiang did not take the Holy stone seriously. He sold these low levelled immortal pills to agitate the Super Holy School.

Remember, you can only buy one per person at that time. It's best to remember their auras, but don't sell those that have similar auras to them. After Chen Xiang finished speaking, Long Xueyi appeared in front of Huang Jintian and Mao'er.

Long Xueyi smiled at the two of them, and said: "These pills cannot be sold to Super Holy School, at that time, I will take a good look. If anyone from Super Holy School purchases them, I will remind you."

Huang Jintian and Mao'er had been here for more than ten days, and they had some understanding of the situation here, especially the matters of the Super Holy School.

Huang Jintian asked, "Since Super Holy School is roping in so many forces, it's not necessary to get the disciples of their sect to buy it. Just get the subsidiary forces to buy it.

Long Xueyi laughed: "Actually, selling these low levelled elixirs is nothing to them, we just have to make a fool of ourselves with our Super Holy School, so when a disciple of our sect comes to buy them, we will personally tell them that we will not sell these elixirs to your Super Holy School."

Huang Jintian laughed and understood Long Xueyi's words: "This is to make things difficult for Super Holy School."

"Actually, it's fine for the disciples of the Super Holy School to buy it, but we will tell them that if they want to buy it, they will have to pay ten times the price, even though these guys have raised the price so high." Chen Xiang said.

"Aren't you afraid of the old fellows of Super Holy School coming? It's not good to fight, the Super Holy School is very strong." He had already heard that there were two powerful Beast Kings who had joined the Super Holy School, and they were both famous Beast Kings.

"Don't worry, Yan City is not a pushover. With me making a ruckus like this, Yan Clan will definitely support me." Chen Xiang laughed: "Sleep well tonight, there might be a fight tomorrow. I already sensed that a few old geezers from the Super Holy School are outside strolling."

Huang Jintian stretched his back and yawned: "That's fine, I want to experience the strength of the people in the capital for the past few days."

Cat replied, "I'm stronger than before. I don't need to fear the heavens. I also want to test my own strength."

Long Xueyi laughed tenderly: "Don't take it seriously, maybe you guys won't even need to do anything tomorrow."

This shop was very big but also extremely empty. Huang Jintian and Mao'er each found a luxurious room to rest in, while Chen Xiang and Long Xueyi stayed together.

The night passed quickly, and as soon as the sky brightened, Chen Xiang and the rest became alert and arrived at the entrance of the shop. They could sense that the group of people outside were mostly strong, and people who wanted to purchase high grade immortal pills were definitely not ordinary people.

Chen Xiang opened the door to the shop, and everyone immediately shouted at Chen Xiang to quickly sell the Liuyuan azure Dan.

Liuyuan azure Dan were all for the Immortal-becoming realm, and the majority of the people coming to snatch them were some strong old men.

"Everyone, you must have come from afar to purchase Liuyuan azure Dan, but I only have 45 pills." Chen Xiang said in a clear voice.

"Is your Liuyuan azure Dan selling for only twenty million kilograms of Holy stone? Is the quality good? We only came because we believed in the Yan Clan." someone shouted.

#### [Chapter 1647](#)

Chen Xiang's shop was empty. There were only four people inside, and no matter how they looked at it, it did not seem like they were going to open a large pill shop. Everyone looked at it, and felt like they had been cheated.

Taking out the Liuyuan azure Dan was the best proof. Chen Xiang took out a transparent crystal box and inside it were pieces of Liuyuan azure Dan that were glowing with a green light. As long as one knew what kind of person was inside, they could tell the quality from the luster of the immortal pills.

Seeing the dozens of Liuyuan azure Dan, everyone immediately quietened down.

Now that the doubts in everyone's hearts had been dispelled, what they were worried about was the matter of purchasing, because there were thousands of people and only 45 Liuyuan azure Dan.

"With so many people, how are you going to sell?" a man asked.

Chen Xiang had already thought about it long ago, there were four to five thousand people here, but there were only a few hundred people who actually wanted to buy them, or even fewer.

"Those friends who truly need to purchase Liuyuan azure Dan, please raise your hands." Chen Xiang shouted.

Indeed, it was as he had guessed, only two hundred or so people raised their hands. Then, he had Long Xueyi give all of them a wooden tablet, and when she released her divine power, she carved a number on them.

Chen Xiang pointed to a large vat beside him, and said: "Every time I take out a bead from inside, there will always be a number inside. At that time, everyone can have a match with the wooden plate in your hands, and the number is just like the book on the bead that I drew out, you can buy a Liuyuan azure Dan, a twenty million jin Holy stone, one pill."

"Friends who haven't bought one yet, don't be discouraged. We still have a few thousand low-grade immortal pills. When the time comes, friends with wooden tokens will be the first to buy it."

High levelled pellets were very rare right now, and although they could be bought from the Super Holy School, they were one fold more expensive than the ones from Chen Xiang. If they could buy them here, they could save twenty million kilograms of Holy stone s.

Chen Xiang inserted his hand into the bottle of beads and casually grabbed one out. Everyone could see that there was a flashing red number inside the transparent pearl, it was 120.

"Hehe, good luck. The first one is me." A chubby middle-aged man laughed as he raised the wooden signboard in his hand and pushed his way through the crowd.

Chen Xiang took out a Liuyuan azure Dan and placed it into a jade bottle. The fat middle-aged man also gave Chen Xiang a Storage bag, and inside the bottle, there was a 20 million jin Holy stone.

Then, Chen Xiang quickly continued to sell thirty-five pills.

"Nine." Chen Xiang took out a bead and shouted.

An old man raised the wooden tablet in his hands, and just as he was about to walk over, Long Xueyi shouted, "You don't have to come up."

When Long Xueyi said this, Chen Xiang immediately understood that this elder was definitely from Super Holy School.

"Why?" The old man asked angrily, "Are you not planning to sell it?"

Chen Xiang sneered: "You must be from the Super Holy School."

In this Saint realm, everyone would stay away from those from Super Holy School. Although they did not say anything on the surface, deep in their hearts, they hated the Super Holy School, and the pills that everyone relied on to raise their strength were extremely expensive, and it was because of the Super Holy School that they were obstructing them.

"That's right, so what if I'm from the Super Holy School?" The old man's face was ice-cold as he said, "You guys aren't going to act shamelessly, are you?"

Chen Xiang said: "I am just a small Alchemist, but I am not afraid of your Super Holy School. One of the reasons why I am selling the Liuyuan azure Dan at such a low price is to protest the fact that your Super Holy School is raising the price so high, so we will definitely not sell this kind of cheap immortal pellet to people like you. We do not welcome you."

Now, everyone understood why there were people selling the Liuyuan azure Dan at such a low price and with the support of Yan City.

Everyone secretly praised him in their hearts, but they were worried for Chen Xiang. This was a blatant provocation on Super Holy School, with Super Holy School's great momentum, after being provoked like this, he would definitely not let things rest.

"Number nine is invalid." Chen Xiang crushed the pearl.

That old man was furious. He, Super Holy School, was currently running rampant in the Sacred Domain, but now he was being looked down upon by others.

"Since you're so shameless, then don't blame me for being unreasonable. I'll give you another chance, if you don't buy the Liuyuan azure Dan for me, you will have to bear the consequences." The killing intent on the old man's face was obvious. He clenched his fists tightly, as if he was ready to attack at any moment.

Chen Xiang's expression was solemn, and her ice-cold voice carried intense killing intent: "I've already said this before, I definitely won't sell it to someone from the Super Holy School. If you dare cause trouble here, you have to bear the consequences."

Feeling the intense killing intent coming from the two, everyone dispersed, leaving a large space for them to defend against the shockwaves.

"Die for me." The old man roared, an extremely strong pressure spreading out in the surroundings, all the stone bricks on the street jumped up and down, the might was terrifying, one look was enough to tell that he was an extraordinary person in Super Holy School.

Super Holy School who was used to being overbearing would frequently kill people in public because of some small matters. It would be strange if this person, who was provoked by Chen Xiang like this, didn't make a move.

Everyone was still immersed in the old man's oppressing fear, so Chen Xiang had already left his original place. With an extremely fast speed, he traveled through space and instantly arrived beside the old man.

The old man had just waved his hand and wanted to slash at Chen Xiang, but who knew that Chen Xiang's speed would be so terrifying, before he could even make a move, he had already launched an attack.

"Since you dare to cause trouble here, don't blame me for it." As Chen Xiang spoke, a pair of iron fists violently struck the elder's body, instantly releasing dozens of punches, hitting the elder's body, and producing a dull thumping sound.

Chen Xiang restrained his aura by using only a bit of divine power and the strength of his body, which made the power of his two fleshly fists boundless. In addition to the extremely quick speed at which he punched out, even space was almost torn apart, creating unstable ripples.

The old man was struck by Chen Xiang's fist in an instant. His body did not even have time to fly, before it split open and turned into a blood red mist, but even so, the energy released by Chen Xiang's fist still

had a strong aftershock, penetrating into the ground and causing half of Yan City to tremble for a moment.

Everyone was intimidated by this, they were dumbstruck, and immediately turned such a strong old man from Super Holy School into a blood mist.

Smelling the fishy smell that permeated the air, everyone couldn't help but shiver. Cold sweat trickled down their backs.

"Let us wait. Let us continue." Chen Xiang smiled faintly to everyone, and then continued to grab the pearl to draw numbers.

There were still a few Super Holy School's people hiding here, and they were all scared stiff. None of them dared to make any movements, fearing that if they were discovered, they would suffer the same fate as the old man just now.

Long Xueyi kept his eyes on the people from the Super Holy School, all to prevent them from sending any messages to him, but the old man just now was not weak, if he died, Super Holy School would immediately know.

#### [Chapter 1648](#)

The effect of Super Holy School killing an expert right here had already been achieved. What actions would he take next, would he start attacking Yan City?

Right now, Chen Xiang was not worried about these things at all, because if Yan City and the Divine Feather School were to join hands, there was no fear of the Super Holy School at all.

Very quickly, Chen Xiang sold all 45 of the Liuyuan azure Dan. After that, Huang Jintian and Mao'er started to sell those low levelled immortal pills, and they could also get a lot of Holy stone.

"Nine hundred million kilograms of Holy stone, there are so many of them, I wonder how many mines we have to dig to obtain them." Chen Xiang was very excited in his heart.

The forces that could afford to buy Liuyuan azure Dan were all large and middle-sized forces. There were a lot of Holy stone under their control, so twenty million catties was not a lot for them.

He only knew how to refine Tier 6 immortal pills, and could get so many Holy stone so quickly. He could imagine that when he became a Pill Saint, as long as he had a large amount of immortal pills, he would be able to command the wind and rain in the Nine Heaven World.

Feng Yujie had already been a Pill Saint for a very long time. Upon reaching her level, Holy stone s could not move her at all, she could only help someone concoct a Holy Pellet or a Tier 9 immortal pellet for someone else and they would all owe her a huge favor. Furthermore, by helping others to refine pills, she would definitely establish a strong network of relations with them.

This was also the reason why Divine Feather School was not controlled by Super Holy School.

After Huang Jintian and Mao'er finished selling the immortal pills, some people even asked Chen Xiang when he would sell them again, because they saw that Chen Xiang's shop was very empty.

"Once a month is fine. Pills from other places are ridiculously expensive." A woman said.

"Once a month is definitely not possible. It is difficult for me to purchase high level immortal medicines, and I also have the time to concoct them." Chen Xiang smiled as he shook his head, even if he were to go all out to refine pills, it would take him at least two to three months to reach the scale of today's business.

The crowd had already dispersed. Chen Xiang had promised them that, if they sold it, he would definitely advertise it.

What made Chen Xiang even weirder was that even after he had killed that old man from the Super Holy School for so long, the Super Holy School still had not sent anyone over.

"This is abnormal, the more Super Holy School is like this, the more powerful their revenge will be in the future." Chen Xiang frowned.

The people from Super Holy School are not stupid, they must already know that you and Yan City have allied together, and that Eagle Emperor has fought with this Heavenly Dragon Supreme Lord before, so they know that her strength is not weak. If we start attacking Yan City now, even if we manage to win, the Super Holy School and Yan City will suffer heavy losses. Huang Jintian said: "I feel that Super Holy School is definitely making sufficient preparations, preparing to attack and annihilate together with Divine Feather School."

Long Xueyi nodded his head, "I think so too. Maybe those Hell Devil Envoy have already returned to hell and requested for support from the Hell Devil Emperor. Otherwise, it would be hard to capture this Absolute Monarch Sanctuary."

Huang Jintian laughed, "Looks like wanting to take down the Absolute Monarch Sanctuary is not as simple as they thought it would be. This is all because of your appearance, they will definitely hate you guys to death.

Long Xueyi laughed, "If this little scoundrel was a little bit more powerful, I will join hands with him and cause a ruckus in the Super Holy School from time to time.

"Then I am relieved. Cat, let's go." Huang Jintian laughed: "Now we have a lot of Holy stone, we need to visit this Super Old Sacred City that has ruled the Sacred Region for many years."

After Huang Jintian and Mao'er left, Long Xueyi also returned to the Dark Green Dragon Ring. Chen Xiang went to greet Yan City, and asked the Yan Clan to help him keep an eye out for high grade immortal medicines.

Everyone in the Divine Feather School seemed to be extremely nervous, but only Chen Xiang knew that Feng Yujie had caused the disciples of the sect to become nervous on purpose. From the fact that there was an unceasing supply of medicinal pellets, one could tell that Feng Yujie had a very deep background.

"Aunt Feng, hide Little Ling'er and Sister Xia." It was very easy for Chen Xiang to enter Feng Yujie's residence at this time.

"I told them to look for You You and Meiyao. Meiyao is more familiar with your pill refining skills.

Feng Yujie pouted and said: "How can you have such an expression, is it that an old woman like me is not as nice as those cute little girls?"

Chen Xiang curled his lips: "If you reveal your true face, you will be able to enchant people to the core and make them unable to stop themselves, and will definitely be better than them, but Little Ling'er and the others are still better off, at least they can let me take advantage of them."

With that, Chen Xiang sized up Feng Yujie's well-developed and mature body, and shook his head and sighed.

"Alright, I knew you would not forget my looks." Feng Yujie laughed and then took out a portrait and passed it to Chen Xiang: "This is my original appearance. If you want to know how I look like, this is the only way."

Chen Xiang stared at the portrait, the extremely beautiful face, indeed gave people a very mysterious feeling of shock, a feeling that was difficult to describe.

Although it was in the painting, her smiling face gave off a very gentle feeling. And within that gentle smile, there was a charming charm that captivated one's soul. And looking closely at her eyes, one could feel a kind of aloofness and aloofness.

It was just a painting, but Chen Xiang could actually see through it. As he watched, he suddenly felt that the woman in the painting seemed to be alive, but was shrouded in a mysterious veil, causing him to be unable to see through it. He could not help but focus, wanting to remove the mysterious veil and read the mysterious woman.

"What a strange feeling." Chen Xiang frowned, and returned the portrait to Feng Yujie.

Feng Yujie was surprised, and said softly: "You're fine."

"Is something the matter?"

Chen Xiang was puzzled: "Isn't it just a picture?"

Feng Yujie laughed lightly, "That's right, it was just a portrait, but you looked at it for three days and three nights."

"What?" Chen Xiang stood up abruptly in shock: "That's impossible, how is it possible that I don't know, I just looked at it a few times."

"It's true. I've been bewitched for more than two hours. This face is truly magical." Long Xueyi said: "It seems that she is too modest, she should be stronger than Mei Emperor by a lot."

Feng Yujie kept the portrait and laughed: "Do you still want to see my true appearance?"

At this time, Chen Xiang was suddenly shocked, he could not remember the face in the portrait just now, no matter how hard he tried, that face could not appear in his mind.

He took a deep breath. This was already beyond his comprehension, no wonder Feng Yujie did not dare to reveal his true appearance. That would definitely cause a large group of people to go crazy.

[Chapter 1649](#)

"Aunt Feng, if I were to see your true appearance, what would happen to me?" Chen Xiang was very curious about this, "You probably won't harm me, right?"

Feng Yujie laughed: "Of course I won't harm you, if you were to see my appearance right now, with your cultivation in the divine way, the consequences wouldn't be too serious. At most, when you restrain my enticing power, your mind would be severely injured."

"What if I don't resist your charm?" Chen Xiang asked again.

"I don't know what you're talking about. If it's any other man, they'll listen to whatever I say. In their spiritual world, I'm their god, completely under their control. I'll even turn into a walking corpse, only listening to my commands." Feng Yujie suddenly appeared behind Chen Xiang, gently blowing on his ear, laughing: "Do you want to try?"

Chen Xiang fiercely jumped away, maintaining a distance from her, his face filled with fear, and said: "Where did you learn this from, isn't this a little too demonic?"

Seeing how scared Chen Xiang was now, Feng Yujie giggled: "This is someone's innate ability, I didn't learn anything."

Chen Xiang said: "I heard that the Mei Emperor's woman who was bewitched was also very powerful."

Feng Yujie nodded, and said with a stern expression: "That's right, back then Meiyao and You You You were almost controlled by her."

"Then is Mei Emperor a man or a woman?"

"It's a woman. I'm not afraid to tell you that we were born on the same day. We lived together for a period of time." Feng Yujie sighed, a complicated look in her eyes, it seemed like her relationship with Mei Emperor was not simple.

"Are you two sisters?" Mei Emperor and Feng Yujie both had this special ability, and they were both born on the same day, so Chen Xiang had asked her this question.

"It's not a sister, we were not born like normal people. I only remember that I stayed very close to a crystal, and when I grew up to become a little girl, I broke open the crystal ball and came to this world, and Mei Emperor also came to me on the same day, only that the crystal ball that gave birth to her was not a crystal ball, but a black ball instead."

"The process of your birth is not ordinary either, you all popped out from the stone." Chen Xiang laughed, "Your origins are really mysterious."

Feng Yujie rolled her eyes at him: "Alright, do what you need to do. I have a lot of work to do right now."

"Yeah, help me pay attention to the Tier 7 and above immortal medicines. If possible, you'd better help me buy them first." Chen Xiang said: "I will go to the wilderness to try my luck, see if I can find wild immortal medicine."

After leaving the Divine Feather School, Chen Xiang didn't know where to find wild immortal medicine, so he could only ask around. After that, he followed a group of people to a more dangerous place in the Sacred Region called Nine Spirit Heavenly Sea.

The Nine Spirit Heavenly Sea was actually an extremely huge lake in the interior of the continent. Even if an immortal was to speed up, it would still take more than ten years to cross, which was why it was called the sea. From this, it could be seen that the Sacred Domain was extremely huge, as if it had no boundaries.

It was said that there were many islands in the Nine Spirit Heavenly Sea that had not been discovered yet. Because no humans had set foot on these islands all year round, there were many rare and ancient immortal medicines that grew on these islands, and there were also many instances of holy medicines being found in these islands.

Chen Xiang came to a small town beside the Nine Spirit Heavenly Sea. He stood on the shore and looked at the endless Nine Spirit Heavenly Sea, waves after waves of cool breeze blew over, landing on his face, causing him to feel very comfortable. He sat comfortably on a rock, enjoying the caress of the sea breeze.

"Little Naughty Dragon, what do you think I should do to resist Feng Yujie's charm? If I can't deal with her, I can't think of a way to deal with Mei Emperor either."

This was the knot in Chen Xiang's heart. He had always thought that his ability to resist the temptation was not bad, but after seeing Feng Yujie's portrait, he was no longer that confident.

"I had thought of a way to deal with it before, and sealed off my own vision, but after thinking about it again, I felt that it was useless. This is because Feng Yujie's innate charm directly penetrated into your soul, and even if you don't look, it would be able to penetrate into your mind." Long Xueyi said: "At the moment, there's no way to resist her enticing power."

"However, there's a huge difference in strength between you and her now. Even though you possess the shaped Divine Deity, your cultivation is not profound enough, especially in the divine way. You're far from being comparable to an old demon like Feng Yujie who has lived for many years.

Chen Xiang was a little dejected before, but after hearing what Long Xueyi said, he knew that there was only one way left to him, and that was to raise his strength, raise his cultivation, and make his soul stronger.

"Once I refine the Holy Elixir, my cultivation will be able to catch up very quickly."

Chen Xiang encouraged himself inwardly before looking at the boundless sea in front of him. With a loud shout, he rushed up into the sky, flying quickly above the sea as he searched for islands that were bearing immortal medicines.

Chen Xiang would not land even if he saw one. Right now, he was going to find an island with a city built on top of it. He would go up to the island and inquire about some information.

He flew for more than ten days and saw a relatively large island. On it, there was a small city without Transmission array, but there were many people who were looking for treasures in Nine Spirit Heavenly Sea, many of them being powerful Sacred Immortals.

"Nine Spirit Heavenly Sea is a huge treasure trove. There should be a lot of Holy stone lode hidden deep under the sea, and there should be some kind of great power hiding in the Nine Spirit Heavenly Sea." Long Xueyi said: "Super Holy School should have already extended his hand here."

Those who dared to come to the Nine Spirit Heavenly Sea were all very courageous people. After entering the Nine Spirit Heavenly Sea, it meant that they had half a foot in a coffin, and sometimes, even if they were flying in the sky, they would still meet some strong flying beasts, which were extremely dangerous.

Therefore, everyone in this city had a valiant aura.

Chen Xiang only walked here for half a day to have a rough understanding of the Nine Spirit Heavenly Sea. For example, in this city, there would be some bounty missions, such as killing sea beasts, searching for deep sea mines, finding island immortal medicines, and so on. These were all huge bounties.

Right now, Chen Xiang was in the Western Sea, and the overlord of the Western Sea was the Divine Shock Sect. It was said that their strength was on par with the current Super Holy School, and they were working for the Hell Devil Emperor, but they were not under the control of the Super Holy School.

Chen Xiang never thought that there would actually be a hidden colossus that could rival the Super Holy School s here. And this was merely the western sea of the Nine Spirit Heavenly Sea s.

"If the Hell Devil Emperor controls the great powers in the Sacred Domain, if we start a big battle and attack the Nine Heaven World, it will definitely be a tough battle." Long Xueyi sighed: "I hope that Nine Heaven World can quickly become stronger. In these past few years, Nine Heaven World has not been able to develop much, but these Endless Heaven Realm have developed so quickly."

Chen Xiang said, "Currently, Di Tian's Holy Spirit Qi is increasing every day, and it won't be long before he can surpass all these Endless Heaven Realm. He can definitely produce many strong warriors, but it will take a while."

This island was still too small, Chen Xiang did not have any gains. Right now, he was at the west sea island with a relatively large number of people, it was the headquarters of the Shinto Sect, a huge island with tens of millions of people on it.

Chen Xiang spent more than ten days before arriving at Heavenly Waves Island. There were indeed a lot of people there, and many of them stayed here for a long time. Of course, most of them came from the various islands in the Nine Spirit Heavenly Sea, as well as the other places on the Sacred Land.

As soon as he entered the city, he heard people talking about something strange. It seemed that there was an extremely tense atmosphere hanging over the entire island.

In the notice board at the city gate, many people were gathered here to watch the bounty being posted.

"Recently, many old fellows appeared in the Western Sea. They were all Saint realm experts. Those originally domineering Saint Lords were now so scared that they didn't even dare to fart." An old man laughed.

Didn't the Divine Wave Sect already declare their loyalty to the Hell Devil Emperor? If the Super Holy School dared to come here, they would not be afraid that the Hell Devil Emperor would blame them. " a man asked in surprise.

In the Absolute Monarch Sanctuary, one could become a Saint Immortal after having undergone nine transformations. Above the Saint Immortal, the Saint Lord was the Saint Lord, and the Saint realm experts such as Feng Yujie, the Leader s, the Eagle Emperor s, and the fox emperors were all Saint Rulers.

According to strength, Chen Xiang was only a Holy Lord right now, stronger than many Holy Immortals, but not as strong as the Holy Master.

Now that the Holy Knights were gathered in the Western Sea, Chen Xiang was also somewhat anticipating the upcoming grand show.

"No, I heard that they are here to kill a person, and the person who placed this bounty was the Hell Devil Emperor."

The old man's words surprised Chen Xiang. The Hell Devil Emperor had placed a bounty on someone to be killed, and that person was in the Western Sea. What kind of background was this?

While Chen Xiang was guessing in his heart, the old man continued, "This person is very powerful. Previously, when he messed up the holy tree in the Sacred Beast Mountain Range, he almost chopped off the Eagle Emperor's old lair. Furthermore, he killed one of Hell Devil Emperor's Hades, and this person is the biggest stumbling block in Hell Devil Emperor's control over the Sacred Domain.

Chen Xiang was shocked, the person who was being killed by the Hell Devil Emperor's bounty was actually him.

"Senior, did you come to the Western Sea to kill that person as well?" Chen Xiang asked, he could tell that the old man was powerful, and was a Holy Lord.

"Of course not, that's something that the Holy Master did, I just wanted to try my luck, and many Sacred Masters know about this matter, as long as we can kill that person, we can obtain the Divine Deity bestowed to us by the Hell Devil Emperor." The old man shook his head and smiled, "It's a pity that I am a Saint Lord, so I cannot find out where that person is from Hell Devil Envoy."

The people watching the notice were all stunned. The Hell Devil Emperor actually took out the Divine Deity as compensation?

Chen Xiang secretly took a deep breath, his current situation was extremely dangerous.

"Old senior, how is that Hell Devil Envoy so powerful to actually know where that person is?" Chen Xiang was very confident in his concealing ability, but the old man spoke as if the Hell Devil Envoy knew of his exact location.

"To tell you the truth, I came here from the Southern Ocean with our Leader. Leader only said that Hell Devil Emperor paid a huge price and placed a curse on that person's body so that we would know his location at any time. After that, we can tell Hell Devil Envoy where he is before Hell Devil Envoy and then we can tell the Saints." The old man said.

At this time, a man shouted out, "South Sea, Senior, could it be that you come from the South Sea Holy Sword Sect?"

"Exactly." The old man smiled.

Chen Xiang cursed in his heart. He never thought that this Hell Devil Emperor would pay so much attention to him, pay a huge price and place an unknown curse on him. Then, take out a set of Divine Deity as a reward, in order to kill him.

Long Xueyi said: "This is pretty much the same as Qi Shi back then, only that the Hell Devil Emperor attacked late. Do you remember the Earth's Core Race that couldn't see the sun?"

Chen Xiang said: "Can't he just use a curse to kill me?"

"Of course not, if possible, you would have already died, although there is this kind of curse, but it is not suitable for you." Of course not, if possible, you would have already died, but there would be this kind of curse, but it is not appropriate for you to use this kind of curse on your body. Long Xueyi said.

"Just how did this guy do it? There's a space between us, and he hasn't even seen me before. To be able to directly cast a spell on me, isn't that too outrageous." Chen Xiang still found it hard to believe.

"Him being able to curse you means that he already hates you to a certain extent. This is also one of the important conditions to do so. Only when his hatred reaches a certain point can he use the curse." Long Xueyi said: "Back then, the Iron Lion Army and the Duan Clan had repeatedly destroyed his plans, which was why they were cursed."

Chen Xiang scolded himself: "So despicable."

Long Xueyi laughed: "You are right, it is not a curse that makes people want to kill you. Then, Hell Devil Emperor will have to pay a huge price to place the curse, as for what price it is, I do not know."

Now that he had been hunted by a large group of Holy Saints, Chen Xiang was extremely depressed. Although he had Divine Deity and Long Xueyi was by his side, facing a large group of Holy Saints, he could only flee.

Before he even played around in the city, Chen Xiang had already rushed out of the city, flying towards the deep sea at an extremely fast speed. He wasn't too worried, after all he had assimilated with the spatial Rule spiritual bead.

Chen Xiang now understood why Ten Heavens Supreme Lord went to hell all those years ago. Hell Devil Emperor was only relying on his strength as a god, he had gone too far in bullying others.
