

Dan God 1691

[Chapter 1691](#)

Going to Divine Fire Forest was not easy, and after going there, they would need to extract a large amount of Space black iron s from a large amount of rocks, and it would take some time to refine them.

"We'll talk about it when we get to Divine Fire Forest." Chen Xiang stood outside the window and looked at the beautiful snowy scenery outside: "It's snowing in Cold Wind Forest, the wind is a lot lighter."

"Old Jiang, can this boat of yours help me get rid of the Hell Devil Emperor's Tracing mantra? If we can't, then it will be very troublesome for us along the way. The experts in the Cold Wind Forest have already found out about the three Divine Deity rewards, I'm afraid there will be even more powerful beings joining us next."

Jiang Sheng shook his head: "No, if it was possible, I would have used it long ago. If there were enough Space black iron s inside, I could transform them into a strong spatial energy by absorbing the Holy Spirit's power from within the Holy stone, and it would produce a strong spatial isolation force. With the effect of being separated from the outside space, the Tracing mantra will not be able to trace you back.

Long Xueyi asked: "Little Scoundrel, the spatial energy that you have grasped right now isn't enough to isolate you from this space. This way, you won't have to worry about the Tracing mantra."

Chen Xiang shook his head: "I tried a few times, but none of them worked, unless I entered into a tyrannical space. It seems that I have not mastered the spatial laws to a sufficient degree, and still need to unearth some power."

"Chen Xiang, I brought out this boat. It's about time you tell me how you got here." Jiang Sheng was very curious about this matter.

Qi Shi said, "Stone Element Poison is one of the rarest poisons, and the number of times it has appeared is very few. Even now, no one knows how this poison was produced."

"Oh right, there's also the antidote. It doesn't seem to be extracted from plants. What exactly is it?"

Long Xueyi laughed: "I can tell you the answer. Little Pearl, Little Peacock, come out."

Pearl and Kong Bailing immediately came out of the Serenity Ring, and in an instant, another two beauties of varying sizes appeared in the hall.

The pearl was relatively small in size, and a beautiful smile hung on her face. The purple dress she wore made her look even more beautiful.

Kong Bailing, who was afraid of living, was a little restrained, but she still politely revealed a sweet smile. Her head was covered with white feathers, giving her a unique and proud kind of beauty.

The two of them, along with Long Xueyi and Dongfang Xinyue, these four beauties stood by Chen Xiang's side, causing both Qi Shi and Jiang Sheng to secretly despise him.

This is the little peacock, the feathers on her body can produce the poison of heaven and earth, this is the little pearl, her pearl tears have a very good detoxifying effect, as their strength increases, they will

become even more powerful in the future. They are my people, so don't try to harm them. Long Xueyi looked at Qi Shi and Jiang Sheng with a threatening gaze.

They had heard of the famous names of the Ten Heavens Supreme Lord and Divine Craftsmen. Back then, they had stirred up a storm in the nine heavens, and even some of their legends were spread around in these Endless Heaven Realm.

"The strange fossil poison actually came from a living creature's body." With his and Qi Shi's eyesight, how could they not see Pearl and Kong Bailing's true body?

"This little pearl has been growing for at least a hundred thousand years. It seems like it's not small at all. Pearls of this level are very rare." Qi Shi sized up the pearl for a moment, then looked at Kong Bailing again, "The White Peacock's feathers are filled with the rarest, strange fossil poison from Super Old poison s.

Long Xueyi saw the curious look in Qi Shi and Jiang Sheng's eyes, and laughed: "Don't scare me like that, is there anything else you want to ask?"

"Can't we just sit outside? Wouldn't it be boring to hide inside the Storage magic treasure?" Qi Shi asked.

"Of course not, it's fun inside." As long as there was food to eat, Long Xueyi would not feel bored at all. The reason she could stay inside for so long was because there were a lot of delicious things to eat.

Jiang Sheng just wanted to say a few words, when he suddenly frowned: "There are so many birds outside, to be able to fly in this kind of cold place, they are definitely not ordinary birds."

Everyone immediately looked out of the window and saw a large number of white birds flying in the sky. These birds were not dense, only the figures of these birds could be seen from all directions.

"They are looking for something. Someone should be leading them. Can you bring one in? I can figure out what they are looking for." Kong Bailing said.

Just as he finished speaking, Jiang Sheng ran out. In a few blinks of an eye, he returned with a few of these white birds.

Kong Bailing carefully held the bird in his hands, caressed it a few times, and then closed his eyes.

"In their minds, they have the images of the Elder Brother Shen ... this is here to find the Elder Brother Shen. " Kong Bailing frowned.

"These birds should all be spirit birds with a spirit surname. They should have a lot of memories. Can you tell us more about things like who controlled them?" Qi Shi asked.

Kong Bailing nodded: "I'll try."

After a while, Kong Bailing opened her eyes and used the power of the Holy Spirit to draw an image out of thin air.

"This guy is Eagle Emperor." Long Xueyi pointed to a man in black robes: "I don't recognize the other two."

Kong Bailing pointed to the white robed man beside the Eagle Emperor: "The bird said that this is a guy who's as powerful as the Eagle Emperor, and he's also very famous in this place. His name is Evil Emperor Xuan Han, and he's an extremely powerful Strong of Lord Stage who uses profoundhan poison.

Chen Xiang laughed coldly: "This time, we must get rid of this Eagle Emperor. He had previously teamed up with other Strong of Lord Stage s, and is probably being abandoned now.

Long Xueyi looked at Jiang Sheng and Qi Shi: "Can the two of you fight?"

"If we have enough pearl tears, I believe that we should not have any problems. Merely, I do not wish to fight them face to face. After all, they all use a lot of poison." Jiang Sheng said.

Qi Shi looked relaxed, and laughed: "Old Jiang, this ship is not bad, at least they do not know Chen Xiang's exact location, in that case, it would be more convenient for us to ambush them."

Long Xueyi said: "Alright then, wait a moment, I'll see if I can make a move in secret."

Dongfang Xinyue, Pearl and Kong Bailing were not strong enough, they could only enter the ring.

"I'll go out and attract their attention. You guys can take this opportunity to attack." Chen Xiang left the cabin and went inside his Youyao ring, waiting for the right time to make a move.

[Chapter 1692](#)

The moment Chen Xiang came out, the Eagle Emperor s, the Profound Frost Evil Emperor s, and the Black Poison Python Emperor all rushed over. The aura Chen Xiang revealed was very obvious, it was difficult to not discover him.

"Chen Xiang, have you thought it through and come out to die?" Eagle Emperor laughed sinisterly: "If you hand over the Azure Dragon Sword, I might be able to let you die a little faster."

As he was speaking, Chen Xiang had already sensed two formless cold Qi attacking him, which instantly pierced through his body, causing his entire body to turn cold. These were extremely powerful profoundhan poison.

The Black Frost Evil Emperor and the Black Poison Python Emperor were indeed very strong, and they did not make a sound when using the poison. If he did not possess the Devil-suppressing Golden Body, he would have been poisoned to death a long time ago.

The sky was covered with thick clouds, and a light snow was falling. Although the cold wind blew gently, it was extremely cutting, and the towering trees in the surroundings were covered in a thick layer of ice. The white birds stood on top of the ice, chirping non-stop, looking down at the monster emperors whose killing intent was colder than the cold wind.

Chen Xiang stood there without moving, and looked at the Profound Frost Evil Emperor and the Poison Python Emperor with a smile. He used a smile to tell them, that such a powerful profoundhan poison had no effect on him.

"Green Hawk, where's your fox friend? I think he's more useful than these two guys." Chen Xiang smiled and said: "Oh right, you should be with the Super Holy School s of Super Holy School. Why didn't he bring you to capture me?"

Eagle Emperor's face immediately turned green. His strength was limited, he had not passed Super Holy School's test before, and his concealment technique was not in place, so he was kicked out. This made him very angry, fortunately he found two good partners here.

"Is it useless? Then let's do it."

When Eagle Emperor spoke, he had already thrust out hundreds of times towards Chen Xiang. When he stabbed the sword, it was extremely light, and did not cause too much fluctuation.

"Black Frost Seal." The Profound Frost Evil Emperor bellowed, the temperature suddenly went cold, the space immediately became extremely sturdy, Chen Xiang tried, but was unable to teleport.

Previously, Dongfang Xinyue had said that the strong warriors in the Cold Wind Forest would only know how to use cold energy to seal space.

"Be careful, there is a White Dragon following him. What I told you before, do not be careless." Eagle Emperor shouted, he did not dare approach Chen Xiang, although his cultivation was much higher than Chen Xiang.

"The space is already sealed. We can deal with him slowly." The Black Poison Python Emperor said coldly, "Attack from afar."

The three of them surrounded Chen Xiang, and in the blink of an eye, they released all kinds of attacks that covered the sky. Eagle Emperor used a type of sharp black feather to attack Chen Xiang, and rained down on him.

The Evil Emperor used a very strong type of Frost Poison Needle. Tens of thousands of them, its penetrating power was extremely strong, and the Black Poison Python Emperor's attack was extremely disgusting.

"Ten Thousand Dragons Slaughtering the Heavens." While defending against the attack, Chen Xiang released one of the strongest Heavenly dragon seal, the Myriad Dragon Slaughtering the Heavens.

The moment the roar of the ten thousand dragons came out, just the sound wave alone was enough to put an enormous pressure on everyone. The shock wave that was created was like a web that split the ground, causing the shattered ice to shatter, and along with the wind brought by the sound wave, it blew in all directions, forming a terrifying blizzard. In the blink of an eye, it covered a radius of a hundred miles, and all the trees and short mountains that the storm passed through were flattened.

This was just the prelude to "Ten Thousand Dragons Slaughter the Heavens".

When Chen Xiang, who possessed Divine Deity, used it, it displayed boundless power. It was extremely frightening.

Roar, roar, roar.

The Myriad Dragon Qi roared and shook continuously. As Chen Xiang released his Divine Sense Sea's power, the golden clouds in the sky became denser and denser, rolling and surging forward, glowing with multicolored light.

"Take this." Chen Xiang spread open his arms and roared explosively. In an instant, tens of thousands of dragons roared with all their might, as if they were going to destroy heaven and earth, and crazily rained down from the sky.

When the ten thousand dragons descended, the spatial seal that was sealing Chen Xiang became extremely weak. When the three Eagle Emperors were enraged, they had already been engulfed by the tornado, and now, ten thousand dragons descended. In order to prevent themselves from getting injured, all of them resisted.

"Let's go." Long Xueyi's Dragon God power suddenly rushed into Chen Xiang's Divine Sense Sea and merged with his divine power in an instant.

Chen Xiang took out the Green dragon demon-slain broadsword, and yet another world-shaking dragon roar exploded outwards.

"Lightning Cut." Chen Xiang used all of his strength to strike the most violent lightning strike within the Dragon Slaying Seven Slaughtering Slash. This was the first time he was using the Seven Slaughtering Slash since he had entered the sacred realm.

It was a blur within the snowstorm but Chen Xiang knew where the Black Poison Python Emperor was and he teleported behind it to slash at it with Lightning Strike.

With a thunderous rumble, the entire ground seemed as if it would tear apart at any moment.

"Ahh ..."

In the midst of its panic, the Black Poison Python Emperor was struck by Chen Xiang's lightning strike, causing its body to split apart. Worse, Chen Xiang had even quickly scattered some Peacock Powder on his wound, instantly petrifying it.

The snowstorm stopped, and Chen Xiang stood beside a small, painful looking old man's stone sculpture. Beside the stone sculpture, more than half of his body was dripping with blood, and the arm around his body was still wiggling.

Within this spatial seal, there was still the Eagle Emperor and the Profound Frost Evil Emperor. However, they were currently standing there with fear written all over their faces, because there was someone at their side.

Qi Shi and Jiang Sheng's sneak attack just now was a success.

Eagle Emperor's body was pierced through by Qi Shi's palm, the back of his head had a large hole in it, he no longer had the strength to fight.

Although Jiang Sheng usually looked like a handsome man, and was a little mischievous, his methods were extremely ruthless. The profound cold Evil Emperor was already smashed into pieces by Jiang Sheng's divine hammer, and what caused others to be terrified was that after being smashed to such a state, he was still alive and still able to move.

"I want their souls." Chen Xiang pulled out the divine soul of the Black Poison Python Emperor, then quickly swallowed the villainous Evil Emperor, and in the end, arrived at the Eagle Emperor that Qi Shi had subdued with difficulty.

"Wait." Long Xueyi shouted as she came out of the ring.

Long Xueyi laughed coldly at the Eagle Emperor: "Damned Green Haired Eagle, back then I kindly lent you the Azure Dragon Sword, and you actually went back on your words and fought against me in the end. Don't think that you can live forever just by being a dog for the Hell Devil Emperor, don't even think about it."

"Devour his soul." Long Xueyi fiercely kicked Eagle Emperor.

Originally, he thought that even if he died, with the help of the Hell Devil Emperor, he would be able to revive. However, with his soul being devoured, it was equivalent to his soul being destroyed, unable to enter hell in one go, and unable to revive.

Chen Xiang smashed Eagle Emperor's head with all his might, pulling out his soul, then threw his corpse into the Demon God Slaying Tower to be fed to the Hell King.

Just as Chen Xiang and the others were about to leave, the surroundings suddenly became pitch black.

"What an evil power. Is it the Primordial Evil Lion?" Qi Shi looked at the flashing red lightning in the sky with a serious expression.

[Chapter 1693](#)

After exterminating Eagle Emperor and the other two, a huge enchantment which sealed off the space suddenly appeared, and it was accompanied by a very powerful evil aura. Qi Shi and Jiang Sheng now had serious expressions on their faces, if they had to deal with Poisonous beasts that knew how to use profound poison before, they would be able to smirk.

And now that they were so nervous, it showed how powerful their enemies were.

"This guy has been waiting for us for a long time. However, we haven't discovered how he hid himself." Chen Xiang said in a low voice. He sensed that there were quite a few people around and had always been extremely vigilant, even during the fierce battle just now, he had released a Space Domain to guard against people coming closer.

However, he still did not discover these people who had suddenly appeared.

"Haha ..."

Hearing this sudden burst of wild laughter, Chen Xiang and the others were sure that this was the Old Black they had met before. As for whether or not he was the Primordial Demon Lion, they still had to confirm.

"It really is this guy." Qi Shi gritted his teeth as he spoke, clenching his fists tightly, his good friend Lao Hei had already died, but his body was still being occupied, his memories had been absorbed and he had become someone else.

Qi Shi was very angry at this matter, but unfortunately, he did not have the strength to do so. He was very clear on his own strength, so even if he fought with his life on the line, he was still unable to defeat the fake Old Black.

"You guys worked well together, getting rid of those three idiots in one fell swoop." A black robed man appeared, with his hands behind his back, he smiled at Chen Xiang and the others.

In the darkness of the barrier, waves of blood-red lightning appeared continuously. Suddenly, a red electrical light exploded on the face of the man in black, causing him to appear even more terrifying and evil.

"Just who are you?" Qi Shi asked coldly, clenching his fists tightly.

At this time, another group of people arrived, a few of them were people that Chen Xiang and the others were more familiar with, among them were Thunder Emperor s, Dragon Emperor s, Supreme Saint Leader s, and more than twenty Sacred Masters.

"Aren't there only three Divine Deity s? Now you four, do you have enough?" Jiang Sheng laughed coldly: "You bastard who killed Old Black, it would be best if you ran away quickly so that you don't die here."

The black gowned man laughed out loud with his head raised, "I don't need Divine Deity, because I already have it. It's one thing for Chen Xiang to be so ignorant, but Jiang Sheng, you and Qi Shi shouldn't be that stupid.

From the very beginning, Long Xueyi's expression had been terrible, and she didn't need to say anything more to make it clear.

"He is the son of the emperor in hell, the Hell Prince. You all no longer have the chance." The Thunder Emperor laughed disdainfully: "Give up struggling."

Chen Xiang sneered: "I don't know what he'll do after I kill Hell Devil Emperor's son, but I want him to bring a few more Hell Devil Troop over. I didn't eat enough last time."

"Don't be so arrogant, you will die a horrible death." The Dragon Emperor laughed coldly again and again. What he cared more about right now was Long Xueyi, because back then he had killed Long Xueyi. Now, when Long Xueyi looked at him with that hateful gaze, he did not know whether he was there or not.

"All of you, don't attack first. Let me fight them. I haven't fought for a long time." The Hell Prince clenched his fists. He possessed Divine Deity, so naturally, he did not need the Divine Deity in the bounty. Furthermore, his father was an evil god named Hell Devil Emperor.

Hell Prince only sent his soul over, but took over Old Black's body and soul, causing Qi Shi and Jiang Sheng to be extremely furious.

Qi Shi pulled Chen Xiang back, he wanted to do it himself. At the same time, he also sent a sound transmission to Chen Xiang, letting him see the opportunity to make his move.

Just as the fight was about to start, a golden bolt of lightning suddenly struck down, blasting a large chunk of dirt off the ground. Everyone looked towards that direction and saw a handsome middle-aged man with a moustache, standing there with a smile on his face, his body shining with a golden light.

The person who suddenly appeared was Devil-suppressing Heavenly Venerable Lv Zhen.

The moment he appeared, Hell Prince's face darkened, he no longer had the confidence he had before, and it was obvious that he was wary of Lv Zhen.

"How rare, Fourth Prince, I didn't expect you to come to the human world." Lv Zhen laughed. With a wave of his hand, the black barrier disappeared and turned into a translucent barrier that shone with holy light. The barrier remained as stable as the space.

"You ..." Hell Prince's expression suddenly changed: "You're still alive."

Lv Zhen laughed: "Don't think that only your father can rule the life and death, today we have decided."

Seeing the appearance of the Devil-suppressing Heavenly Venerable, Chen Xiang suddenly calmed down a lot. He was very curious, Lv Zhen had some past conflicts with the Hell Prince, and the Lv Zhen who had disappeared for so many years was obviously related to the Devil-killing Summit, even Bai Youyou and Bai Ziqian's father, the Demon Emperor was the same.

"Dragon Emperor, can you deal with that White Dragon?" Hell Prince asked.

"No problem, she doesn't have any Divine Deity anymore. Furthermore, after her rebirth, her strength has greatly decreased compared to before." Although he looked like a short and thin old man, he was indeed strong. If not, Hell Prince would not have let him follow them.

"Leave Qi Shi to me." The Thunder Emperor said.

"I will deal with the blacksmiths, the rest will deal with Chen Xiang, you guys do not have any evil demon energy, do not be afraid of him." The Great Sage Leader looked at Jiang Sheng.

Long Xueyi's face was as cold as ice as she said coldly: "You guys are looking down on me too much. You dog of a dragon, Yan Jing, is already my subordinate, yet you still have the nerve to call me emperor."

Chen Xiang took out the Green dragon demon-slain broadsword and threw it to Qi Shi: "Take this with you. I think you should be able to control it now."

Qi Shi received the Green dragon demon-slain broadsword, and the blade immediately brightened up and trembled, obviously because he had seen his old friend and became very excited.

Clenching the divine blade tightly, Qi Shi released a roar, the berserk killing intent instantly spread out, pressuring everyone, causing their hearts to tremble, many of them were extremely familiar with Qi Shi, the aura just now, made them feel that the powerful Ten Heavens Supreme Lord had returned.

Chen Xiang took out the White Dragon Sword and gave it to Long Xueyi, but his hands were empty, and even the White Tiger Divine Weapon did not use it.

"Looks like this is going to be a tough battle." Hell Prince took out a pair of pitch black long blade and looked at Chen Xiang and the others.

Chen Xiang looked at Lv Zhen, who smiled and shook his head: "You should keep those things, giving up those things does not mean that I don't have a weapon."

The powerful treasures of the Devil-suppressing Heavenly Venerable were all with Chen Xiang, he wanted to return them to her, but Lv Zhen refused.

"Little Scoundrel, don't you use a weapon?" Long Xueyi asked since she did not have the power that he needed to borrow her power, she was a little worried.

"It's enough to use fists against these guys." Chen Xiang looked at the group of Saint Rulers, "Why don't we compete to see who will be the first one to end the battle."

After Chen Xiang finished speaking, he disappeared. Just as everyone reacted, they heard a miserable scream, only to see three Saint Rulers being enveloped by a pill furnace shaped Qi, instantly burning and turning into a golden pill.

Seeing Chen Xiang's ruthless move, everyone was scared, but a big battle had already started, the enchantment was not too small, but for the experts fighting here, it was still too small.

[Chapter 1694](#)

Seeing the cruel method of instantly refining the pellet with the man that Chen Xiang used to cover them, the Holy Masters reacted quickly. They dispersed first and at the same time, raised their vigilance to prevent Chen Xiang from quickly approaching them.

These Holy Saints came from the Heaven Realm and were not weak. If it wasn't for Chen Xiang's surprise attack a moment ago, he would not have been able to succeed in his sneak attack.

Before he said those words, he had already passed by, he was only left with an image, and at that time, the attention of Hell Prince, Thunder Emperor and the others would all be placed on their opponents, so they did not pay too much attention to Chen Xiang, thus he succeeded.

Even Long Xueyi did not notice, because she had also been focusing her attention, wanting to find the weakness of the Dragon Emperor.

Long Xueyi and Dragon Emperor did not become huge Sky Dragons, because the barrier was too small, and it could not contain them at all. Furthermore, they could not break through, so when the time came, they would only get in the way.

When he was in the Primordial Era, he and Qi Shi had never fought before. At this time, he had already experienced the terrifying killing power of the Ten Heavens Supreme Lord, and in the depths of his heart, he already had a trace of cowardice. If he could choose a new method, he would not fight with Qi Shi.

The divine cauldron could be used for defense, it could also be used for attack, and it could even cover one's body. The Great Saint Leader did not expect that such a thing would be so troublesome, he was worried that he would be covered by the divine cauldron right now.

They were actually facing each other with their palms held tightly together and were fighting with their strength. Although the battle around them was very intense, with bursts of ripples and sounds of thunder, it did not affect them at all. They were floating in the air, not moving an inch.

The Heavenly Alchemy is powerful indeed, but many of the powerful techniques can only be used because of the strong God Power. What I did not understand previously, as my power grew stronger, I started to understand more and more, it seems like I do not need any other techniques anymore. As

long as I focus on cultivating the Heavenly Alchemy and the Heavenly Alchemy, I will be able to step onto the supreme path of alchemy.

Chen Xiang used his bare hands to fight the group of Holy Spirit Masters, and now he was in a state of "enlightenment". Before, he had learnt too many, too many techniques, it was too complicated, but now that he was focusing on one technique, his understanding of the Heavenly Alchemy became deeper and deeper.

A Holy Man unleashed a ball of God Power that had been condensed for a long time, but the moment it came into contact with Chen Xiang's body, it was as if he had entered a pill furnace. It was instantly refined and decomposed, condensing into a type of pure and stable energy that was sucked into Chen Xiang's body.

"You can even use the Heavenly Alchemy to cultivate your soul. The Spirit Refinement Method in the Heavenly Alchemy is vast and profound, and it is more powerful than any other Spirit Cultivation Method."

Chen Xiang used the Heavenly Alchemy to attack mainly using "Refining" to attack, tempering both the fire and the spirit.

The two Saint Rulers wielded long blades and suddenly approached Chen Xiang. The other Saint Rulers protected the two, attacking Chen Xiang from afar with all their might.

As the two powerful Holy Blade slashed down, Chen Xiang actually opened his arms wide, as though he wanted to slash out with his own arms.

"Fire Refinement." Chen Xiang muttered in his heart, and a burst of light red mist appeared on his arms. When the two Holy Weapons came into contact with the red mist, their bodies instantly turned completely red, and all of the energy was absorbed by Chen Xiang's arms, transforming into an even stronger flame.

"When refining, it needs to be melted."

Chen Xiang bellowed, the flames burned fiercely and the two Holy Knives were actually melted, and by Chen Xiang's invisible divine power, they were twisted into two balls of burning red iron.

"I'll return it to you." Chen Xiang used his God Power to send the two red balls flying out, piercing through the two Holy Saints' chests, and smashing their heads.

Chen Xiang was multitasking right now. While trying to comprehend the Heavenly Alchemy, he was also trying to use it to fight and at the same time, he was also using it to cultivate his soul. In his Divine Deity, there were three beast-like divine souls.

Chen Xiang did not focus all his attention on the battle. He fought with the group of Holy Spirit Masters, and continuously thought about the difficulties of the Heavenly Alchemy, trying to comprehend its profoundness.

"Right." Chen Xiang suddenly thought back to when he had just stepped into the Martial Dao and obtained the Yin and yang god blood s, the Tai Chi diagram in his dantian.

"Tai Chi."

After thinking about it, Chen Xiang, who was using the Shrinking step to dodge back and forth, suddenly stopped in his tracks. His feet sank into the ground and divine power poured from his feet into the ground, forming a black and white spinning primal chaos diagram.

"When refining pills, the greatest fear is that it will be difficult to fuse multiple ingredients together. However, as long as the incompatible ones can change into Yin and Yang, through the combination of Yin and Yang, it will be much easier to fuse them."

"This old man cultivates the fire element, while this one cultivates water. All of you, come here." With a thought, Chen Xiang released two thick water vines, pulling the two of them into the Tai Chi Array. Those who cultivated the water attribute were immobilized in the Yin position, while those who cultivated the fire attribute were immobilized in the Yang.

The Heavenly Alchemy also had a Yin Yang Chapter. He used some of the mental cultivation methods inside it and added on to the fact that he had the Yin and yang god blood s in his body. He could easily control the Yin Yang energy and was able to better understand the Yin Yang Chapter.

"Begin." The Tai Chi diagram beneath Chen Xiang's feet suddenly started to spin, the two old men's faces were filled with shock, they also started to spin too, because they felt that they were slowly dissolving.

They did not know that when the Yin and Yang in the Tai Chi Diagram interacted, there would be a heaven and earth in there. As long as a person was powerful enough, they would be able to reject any power that came in their way. This was related to the power of space, but Chen Xiang was able to grasp the laws of space, so he used it very well.

As the taiji diagram started to spin, the two elders turned into two balls of fire and water energy and merged above Chen Xiang.

"If there are many different specialties involved in fusing them together, although Yin and Yang represent a variety of energies, it will not be easy for them to be quickly combined."

Chen Xiang thought for a while, and then two words came out of his mind, Limitless.

The Tai Chi Array beneath his feet suddenly grew a lot larger, but there were still many Spirit grain s inside the Tai Chi Array, all of them were discovered by him through the Philosophic stone.

The Taiji diagram was already extremely profound, and with the addition of the Spirit grain that appeared on it that were brimming with natural dao halos, it became even more mystical.

"All of you, come here." At this moment, Chen Xiang didn't even need to release the water cane to feel the strong suction force from the Tai Chi Array beneath his feet. It was as if the formation was swallowing space inch by inch, pulling those Saint Rulers that didn't want to come over.

[Chapter 1695](#)

At first, Long Xueyi was a little worried that Chen Xiang would not be able to take care of these Holy Saints, so when she was fighting, she had always paid attention to Chen Xiang's situation. She did not expect that Chen Xiang would actually use such a move that she had never seen before, and one that was so powerful at that.

Especially now, this technique was producing a strange suction force that was pulling the Saint realm experts over bit by bit, making it difficult for them to break free ...

Seeing that the Holy Knights were about to be annihilated, the Great Saint Leader s who were fighting with Jiang Sheng in the distance anxiously released a ball of Qi that shot towards Chen Xiang, but before it could even get close to him, it was stopped by Jiang Sheng.

"Your opponent is me. It's very rude for you to interfere in the battle of others." Jiang Sheng laughed and used the divine furnace to block the power of the Leader.

Not only did the Great Saint Leader take note of the battle on Chen Xiang's side, the Thunder Emperor and the rest had always been paying attention to it as well. The Holy Saints that could follow them were all very outstanding, they were a part of a very strong force within their forces and although they had surrounded and attacked Chen Xiang together, they did not feel much pressure from them because they did not expect Chen Xiang to use such a strange method, and it was extremely terrifying as well.

When they saw the taiji diagram beneath Chen Xiang's feet revolving like a whirlpool and devouring the Saint Saints around him, they became anxious. From Chen Xiang's previous actions, if they were to be sucked in, they would most likely turn into a pill.

"They're hopeless."

Chen Xiang suddenly sensed a few waves of energy coming from afar, he sneered, and watched as the Tai Chi Diagram Array suddenly grew in size, its rotation speed became even faster, and just before the energy could reach them, it enveloped the group of Saint Rulers.

Boom! Boom! Boom!

After a few explosions, the attacks of the Strong of Lord Stage s fell into the Tai Chi Diagram, smashing into the ground. After a few explosions, there were no more sounds.

"Infinite refining."

The runes inside the Tai Chi Diagram Array suddenly flashed brightly and floated up from the ground. They then replicated themselves and formed many of them, forming many vertical flickering Spirit grain beams of light.

"Ah!"

Terrifying cries kept on appearing, and the bodies of the Sacred Masters started to gradually melt, becoming pure energy. After that, they surged towards Chen Xiang's head, condensed into a ball of light, then quickly shrank, and turned into a pellet.

Just like this, the Holy Masters who besieged Chen Xiang were all refined into pellets after a round of interaction with him.

The others were still fighting, no one expected that Chen Xiang would be the first one to finish the battle. It was so easy, and there was even a huge gain, even if he refined a lot of Saint Masters into pills, it was obvious that the quality of the pills wasn't low.

Chen Xiang ended the battle, which gave the Hell Prince and the others quite a bit of pressure. This was because if Chen Xiang participated in their battle, they would very likely be defeated, and even killed.

However, after Chen Xiang refined all the Holy Saints, he did not take the next step, but sat cross-legged on the ground and entered into a state of cultivation. At this moment, he was still trying to comprehend the Heavenly Alchemy, he did not want to stop himself from doing other things.

There were still some incomplete Emperor level divine souls in his Divine Deity. If he were to completely digest them, his soul would be closer to the Emperor soul.

Seeing Chen Xiang calmly cultivating, Thunder Emperor and the others almost exploded out of anger, because the pills Chen Xiang had just consumed, were the Holy Man they brought with them. These were all their hard work and effort, yet they had turned them into pills for someone else to cultivate and raise their strength.

Although Qi Shi and the others were happy, they were not happy. It was because they were fighting so hard, yet Chen Xiang was just sitting there cultivating.

Although Chen Xiang was cultivating, he was still on guard. He could immediately regain his senses if there was any movement, so he did not need to care whether this was a battlefield or not.

Right now, he was using the cultivation method inside the Heavenly Alchemy, he had previously been using other cultivation methods for many years, but now that he had suddenly changed his cultivation method, he needed to find a method to quickly adapt, and now that he was relying on the mystical Philosophic stone, he could slowly adapt to it.

Long Xueyi used the White Dragon Sword and fought fiercely against the Dragon Emperor. Although it looked like they were evenly matched, Long Xueyi knew that if she continued to fight, it would be extremely disadvantageous for her. Her current strength was not weak, just that she was not as powerful as when she had Divine Deity.

Right now, she only hoped that Chen Xiang could quickly finish his cultivation and help her. Right now, it was a good opportunity to kill Dragon Emperor, she didn't want to miss it.

"What can my Emperor soul be? Xue Yi said it has a lot to do with the cultivation technique I cultivate, as well as a firm cultivation direction in my heart." At this time, Chen Xiang had already decided to wholeheartedly focus on cultivating Heavenly Alchemy, and he was even more looking forward to his own Emperor soul power.

Time slowly passed, and the battles between the experts were still extremely intense without any signs of weakening. These past few hours had already passed, and during the course of the battle, both sides were injured. However, there weren't that many problems, and they could still continue fighting.

Chen Xiang who had been meditating on the Heavenly Alchemy had already started to slow his cultivation, more and more of his attention was focused on the battle.

"The Heavenly Alchemy is not only used to refine pills, it can also be used to refine people and make them stronger. This is the most important part of the Heavenly Alchemy."

"There are too many methods of the Heavenly Alchemy, they are all-encompassing. Looks like I have to go and study them often."

Chen Xiang let out a light breath, and a faint black mist could be seen exhaling from his mouth, it was the impurities from the Heavenly Alchemy that came out when he was training.

He slowly stood up and looked in the direction of Long Xueyi. Long Xueyi was currently struggling a little, because that Dragon Emperor had teamed up with other Dragon Emperors to kill Long Xueyi and bring her back to life, and that Dragon Emperor had even obtained a portion of a Supreme Dragon blood. In the past ten thousand years, he had become even more powerful, and the Long Xueyi after his rebirth, although he gave birth to a Supreme Dragon blood, was still not that Dragon Emperor's opponent.

The extent of Long Xueyi's recovery had long since surpassed the Dragon Emperor's expectations, causing him to be even more anxious to kill Long Xueyi. Because, once Long Xueyi had enough time to grow, he would definitely surpass him in the future.

"I didn't expect that without Divine Deity, you would have such strength." Dragon Emperor frowned: "Today, no matter what, I will not let you live. This time, I will completely kill you."

[Chapter 1696](#)

Long Xueyi gnashed his teeth, and said angrily: "Old thing, I did not offend you in the past, although I was at that time the Heavenly Dragon Supreme Lord, and was the strongest amongst the dragon race, but I have never harmed you in any way, nor did I treat you as dogs, but you still tried to kill me like you did, taking advantage of the absence of my Divine Deity, to kill me together, today even if I had to die, I will die together with you."

I admit that at that time, you wouldn't harm our interests and you would even seek for more benefits for us. Furthermore, you already have the Divine Deity, so it won't be long before you can go to the Gods Realm.

Dragon Emperor laughed sinisterly, his old face full of anger and hatred. His withered hand had already turned into a black dragon claw, with patches of terrifying black scales on top of it.

It's all because of jealousy, which tends to make people do a lot of crazy things.

"Die, I am the real Heavenly Dragon Supreme Lord." The Dragon Emperor shouted sinisterly, the dragon claw suddenly grew larger, a cut appeared on his palm, from within, ten black tentacles shot out like black light towards Long Xueyi, in the blink of an eye Long Xueyi was tied up.

"This is the power of the Evil Dragon, you actually changed to evil." Long Xueyi clenched her teeth and shouted, her hands and feet were tied up by the tentacles.

The Dragon Emperor had already closed in, and the other black dragon claw had gathered together, its five sharp claws gathered together, like a cone, and pierced towards Long Xueyi's chest.

"In order to obtain power, I will do anything I can. As long as I can obtain Divine Deity, I can become a god even by cultivating the evil way, haha ..." Dragon Emperor laughed sinisterly, his dragon-like sharp claws fiercely thrusting towards Long Xueyi.

Long Xueyi was entangled by those black tentacles and was unable to unleash any divine powers. She was unable to even circulate her energy, so she didn't know how the Dragon Emperor cultivated its evil ways to actually possess such a terrifying power.

"Heavenly Refining Lock." Chen Xiang crossed his arms in front of his chest, his body ignited with bursts of blazing fire.

Chen Xiang then controlled a fire chain, and threw it towards the tentacles, cutting them apart. After Long Xueyi was saved, he immediately went to Chen Xiang's side.

"You should not have exposed the great evil power you obtained from cultivating the evil way." The chain that Chen Xiang released suddenly turned gold, and on the chain links, there were dense "Zhen" characters.

The chain had fused with the Holy Devil-suppressing seal.

"Come here." Chen Xiang controlled the chain to retract, dragging Dragon Emperor who was struggling over. Then, he pinched Dragon Emperor's throat with one hand, squeezed very hard, causing Dragon Emperor's eyeballs to pop out, but he did not die.

Long Xueyi heaved a sigh of relief as she stood behind Chen Xiang with a cold smile on her face. The White Dragon Sword in her hand quickly stabbed out a few times, piercing through Dragon Emperor's body and even into his vitals, causing the wounds on the Dragon Emperor to emit waves of intense evil energy.

Chen Xiang took out the Demon God's Suppressing Pagoda, and just as he was about to put the Dragon Emperor in, he heard Lv Zhen's voice.

"This tower can't take him down, he has the Hell Devil Emperor's Evil God soul within him."

After hearing Lv Zhen's sound transmission, the Dragon Emperor who was in extreme pain shouted, "Lord Demon Emperor, help me!"

"Don't give him a chance, hurry up and think of a way to kill him." Lv Zhen anxiously transmitted to Chen Xiang.

Dragon Emperor's body started to crack and expand. From the cracks on his body, some terrifying black muscles started to emit, Dragon Emperor's entire body started to expand, all seven of his orifices were emitting black mist, from his mouth came out waves after waves of hoarse growls.

Jiang Sheng and Qi Shi anxiously transmitted to Chen Xiang, telling him to control the Dragon Emperor quickly, otherwise the consequences would be dire.

"He has been possessed by the Evil God's soul of the Hell Devil Emperor. Since the Hell Devil Emperor is in hell, he can give him a very powerful force. If he succeeds in his evil transformation, he will become very terrifying. He has at least ten percent of the power of a god, and ten percent of a god's power will be able to kill thousands of us."

Chen Xiang had already thought it was strange that the Hell Prince did not act anxiously, and the rest did not express much either. It turned out that they really wanted to see the Dragon Emperor in such a state, it was beneficial for them.

"All of you are doomed. This is the Evil God Contract, it is you who allowed royal father's power to appear here, haha ..." The Hell Prince laughed out loud: "His body has already been transformed into an evil being, even if all of you join hands to attack him, it would still be difficult to destroy his body.

Chen Xiang sneered: "Really? Don't be happy too early."

He took out a jade box and poured a large amount of powder into Dragon Emperor's mouth.

Before, Chen Xiang had refined a few that were very old. Although they were still far from the "Corrosive God" realm, they were more than enough to corrode Dragon Emperor's body.

Originally, Long Xueyi was nervous too, but when she saw Chen Xiang take out the God-eclipse powder, she heaved a sigh of relief.

Dragon Emperor, who had been screaming miserably the entire time, suddenly stopped. The moment his throat came into contact with those God-eclipse powder, he started to corrode, causing chunks of black flesh to fall out. It was extremely disgusting ...

In just a short period of time, Dragon Emperor's body had turned into a pile of black mud.

Without the Dragon Emperor's powerful dragon body, the energy channeled by the Hell Devil Emperor would not be able to contain anything.

"The Supreme Dragon blood is actually all on him. No wonder this fellow is so terrifying, it's able to contain ten percent of the Hell Devil Emperor's strength." Long Xueyi reached out to grab it, only to see a translucent ribbon appearing in her hand, emitting a bit of coldness. This was the ice dragon's Supreme Dragon blood.

"I will return it to Ice Dragon Race." Long Xueyi sighed, took out a specially made bead and sealed the Supreme Dragon blood inside.

Chen Xiang activated the Devouring magic kungfu, devouring the Dragon Emperor's soul and merging it with his Divine Deity. The Evil God's Soul inside the Dragon Emperor's body, was also a very nutritious thing for Chen Xiang.

"Are you alright? Let's go help them. We have to finish this quickly." Chen Xiang caressed Long Xueyi's face and smiled at her.

Long Xueyi stared blankly at Chen Xiang. The current Chen Xiang was no longer the little scoundrel in her eyes previously, but he had actually become so powerful, and she was secretly happy in her heart, because Chen Xiang was her partner.

"I'm fine. I'm just a bit tired, but it's okay. Let's go help them." Long Xueyi laughed, "From now on, Heavenly Dragon Supreme Lord is still me."

"Withdraw."

Although there were many Strong of Lord Stage who were loyal to the Hell Devil Emperor, only the Dragon Emperor and the Hell Devil Emperor had a contract with an Evil God. As long as the Dragon Emperor was willing, he would be able to obtain the Evil God's power, and the price would be that he would forever become the Hell Devil Emperor's servant.

[Chapter 1697](#)

Chen Xiang and Long Xueyi had already finished their battle. If they could free themselves to help Jiang Sheng and Jiang Sheng, even if they could win, they would have to pay a large price.

"Don't let them get away." Chen Xiang and Lv Zhen shouted at the same time.

"Strengthen the Spirit Formation." Lv Zhen anxiously shouted to Qi Shi and Jiang Sheng, after that, his body released a burst of God Power and entered the gold enchantment, Jiang Sheng and Qi Shi followed suit.

Chen Xiang on the other hand, had released his spatial energy, strengthening the spatial space, preventing Hell Prince and the others from escaping. Now that they had the upper hand, they definitely could not let him go.

When the Hell Prince came, he did not expect things to turn out like this, especially when Lv Zhen suddenly appeared, she had destroyed his plan, and the strength that Chen Xiang had displayed was out of his expectations. The Dragon Emperor that he was more at ease with had also been destroyed, if this continued, they would be in great danger.

They wanted to leave, but after Chen Xiang and the others strengthened the barrier, it was difficult for them to escape.

"Attack the Hell Prince with all your strength." Chen Xiang sent a sound transmission to Long Xueyi, "I must capture this guy. This guy has Divine Deity and his soul is also very strong.

Long Xueyi nodded, she really hoped that Chen Xiang could become stronger quickly. At that time, they could head to the Heavenly Dragon Realm together and find all the old dragon emperors who had attacked her that year and kill them one by one.

When the Hell Prince saw Chen Xiang and Long Xueyi rushing over, he secretly cursed in his heart. Waving his hand and conjuring a black storm, black evil spirits appeared from within the storm and instantly arrived beside Chen Xiang and Long Xueyi.

"These things are against me, you're underestimating me too much." Chen Xiang's body flashed with a gold light, releasing the Devil-suppressing magic power, causing the Evil Spirits to instantly melt, turning into a burst of black Qi and disappearing.

Long Xueyi on the other hand, used her powerful Dragon God power to directly kill them. Using these methods to deal with them, was indeed looking down on others.

At the same time, Hell Prince was fighting a fierce battle with Lv Zhen, and he could not afford to use his strongest killing move against Chen Xiang and Long Xueyi. He also wanted to use his strongest strength to stop Chen Xiang and Long Xueyi, but he had no other choice.

"Ten Thousand Dragons Heavenly Lock." Long Xueyi shouted, her body flashing out a white mist, which then turned into a gust of wind and rushed towards Hell Prince. On the Hell Prince's body, there were a few rope like little white dragons, layer after layer they wrapped around Hell Prince.

Hell Prince was truly worthy of being the son of the Hell Devil Emperor. An expert with Divine Deity was actually able to struggle and dodge Lv Zhen's attacks when entangled by Long Xueyi's full strength.

Very quickly, the white dragons encircling the Hell Prince began to emit low cries, and many of them broke off, disappearing without a trace.

"Heavenly Refining Lock." The flames on Chen Xiang's body surged, and a few burning red chains of fire suddenly shot out, accurately trapping the Hell Prince.

At this time, Chen Xiang used all of the strength in his body to activate the Devil-suppressing magic power and infuse it into the Heavenly Refining Lock, locking the Hell Prince in place.

"Senior Lu." It was only now that he realized how terrifying the Hell Prince was. He and Long Xueyi had teamed up, but it was only a matter of time before the Hell Prince seemed to have the power to struggle free.

"Alright." Lv Zhen shouted, "Demon Suppressing Seal."

A big seal suddenly appeared. It looked similar to the Holy Devil-suppressing seal, but its aura was completely different, many times stronger than Chen Xiang's Holy Devil-suppressing seal.

With the help of Chen Xiang and Long Xueyi, Lv Zhen finally had the chance to use the Demon Sealing Seal to attack the Hell Prince.

The sky-like Divine Seal pressed down on Hell Prince, who was shouting loudly, and the cracks on the side of the Divine Seal started to emit waves after waves of black qi.

Lv Zhen fell from the sky and stepped on the Divine Seal, causing the Divine Seal to suddenly release a burst of golden light. The Hell Prince who was pressed down by the seal actually didn't die, and let out a miserable scream.

"Remove the enchantment. Let's work together and kill this guy." Lv Zhen said.

Qi Shi and Jiang Sheng anxiously retreated, no longer fighting with the Thunder Emperor's Great Saint Leader. At this point in time, the barrier had already been removed, and the Thunder Emperor and the Great Saint Leader who had been trying to retreat were all depressed, wondering if they should go save the Hell Prince. However, they did not have the strength to do so.

In order to protect themselves, the Thunder Emperor and the Great Saint Leader gritted their teeth and left.

Chen Xiang and the others did not care about them, to them, getting rid of the Hell Prince was more important.

"Inject all of your divine power into my Divine Seal." Lv Zhen shouted: "The evil energy in this Hell Prince is too strong, I can't suppress it myself."

Chen Xiang and the others immediately followed suit, and transferred their divine powers to the Demon Suppressing Seal. The Demon Suppressing Seal that was originally trembling a little now stabilized, the Hell Prince almost lifted the Divine Seal just now, but with the cooperation of Chen Xiang and the others, the Hell Prince beneath the Divine Seal was being purified little by little.

After a moment, Lv Zhen laughed: "Chen Xiang, it's your turn now."

The Divine Seal floated up, only seeing the weak Hell Prince on the ground gasping for breath, his face ashen green. Chen Xiang flashed in front of him, pinched his head with one hand, then activated Devouring magic kungfu and Soul Absorbing Devil Spell.

"You bastard, my royal father will not let you go." He could feel that Chen Xiang's divine power had penetrated into his Divine Sense Sea, locked onto his Divine Deity and the divine soul within, and then, it was slowly extracted out.

"He didn't let me go for a long time." Chen Xiang sneered: "But I have to thank him for sending you here, to increase my strength."

"Ah!"

Following the Hell Prince's sinister and miserable cries, Chen Xiang slowly sucked out his soul and Divine Deity bit by bit, absorbed them into his Divine Sense Sea. Then, he circulated the Heavenly Alchemy's Spirit Refinement Scripture and advanced the negative energy within the Divine Deity.

"This kid already has two fully formed Divine Deity. If he fused them together again, what would happen?" Qi Shi said in shock.

"It's not easy to fuse two Divine Deity together. If it were us, I'm afraid we wouldn't be able to do it, but he can." Lv Zhen said: "His physique can hold many different types of powers, this might be related to the cultivation technique he cultivates."

Chen Xiang could use the powerful Devil-suppressing magic power, or he could use the murderous power that carried a dark attribute. He could combine the gods and demons, thus he could absorb all kinds of energy.

After devouring the Hell Prince's soul and Divine Deity, Chen Xiang did not cultivate, but rather placed the Hell Prince's soul into his own Divine Deity, and refined it bit by bit. As for the Hell Prince's Divine Deity, he still needed to refine it inside the Divine Sense Sea and refine it until he completely refined the evil consciousness inside it before he could use the Divine Deity.

"How is it?" Seeing Chen Xiang opening his eyes, Long Xueyi anxiously asked.

[Chapter 1698](#)

Chen Xiang took a deep breath, "It's hard to say now, but that guy's Divine Deity is extremely evil. I'm only temporarily sealing him inside my Divine Sense Sea to cleanse him a little."

"That Divine Deity doesn't seem to have been condensed by him, it should have been something his father helped him gather. There's an extremely chaotic consciousness within, and even when he used it, it wasn't completely purified."

Qi Shi said: "If we use it without refining, it will be very dangerous. My master and I were like this back then."

Lv Zhen looked around: "It's not a good idea to stay here any longer, let's find somewhere else to talk."

Jiang Sheng took out his boat. After everyone entered, he urged the boat to quickly head towards the third region to search for the White Tiger and Vermillion Bird. He wanted to prevent the Hell Devil Emperor from sending out stronger people that they could not handle.

"Senior Lu, why did you suddenly come over? Fortunately, you arrived, otherwise, we would have been in trouble." Chen Xiang said.

Lv Zhen laughed: "This is a piece of news that came from the Devil-killing Summit, so a very powerful guy suddenly came out from the Gates of Hell, I had already guessed that the Hell Prince would come here."

"The last time that group of Hell Devil Troops came out of the Gates of Hell, I was also shocked. However, they didn't stay in the Nine Heaven World for long before they were teleported away."

Long Xueyi asked: "Senior Lu, that Devil-killing Summit is so powerful, it should be used to guard the Gates of Hell, right?"

"Heavenly Dragon Supreme Lord, you calling me senior really scares me off." Lv Zhen laughed, then his face darkened and became more serious: "Devil-killing Summit is indeed powerful, but I am still a little weak right now, Hell Devil Emperor is becoming more and more powerful, and continue to infiltrate into Nine Heaven World."

"The Devil-killing Summit was actually established by some hostile gods of the Gods Realm to gather evidence in order to punish the Hell Devil Emperor. At the same time, they were being used to restrain the Door of Hell to prevent the Demons inside from acting recklessly. However, during this period of time, they were already somewhat unable to control themselves."

Qi Shi frowned: "Is he collecting evidence on Hell Devil Emperor interfering with the Nine Heaven World? That guy has done so many things, there should be a lot of evidence."

Lv Zhen sighed: "I only know that it is not easy for the upper echelons of Gods Realm to punish them, they must have ironclad proof to do so, although Hell Devil Emperor is buying many people from the Nine Heaven World and the Endless Heaven Realm, but this is not enough to prove that he directly interfered with the Nine Heaven World."

"Then he has already sent the Hell Devil Troop twice." Jiang Sheng said.

"There is a door to hell at Sacred Beasts Ancient Realm's place, you all should know that. Although that door was opened because of the great battle between Ten Heavens Supreme Lord and the other strong warriors, that is only an excuse, I think that was intentionally opened by him. When he sent out the Hell Devil Envoy or some demons, he could be said to be a demon escaping, it has nothing to do with him."

"If we want to hold him accountable, the Gods Realm will have to send manpower and resources to his Hell sect to help him in managing the defense. Because hell is too chaotic, and it is very difficult to fill up the gap in that door."

Chen Xiang said: "So this hell is a mess, no one wants to clean it up. It's rare to have someone like the Hell Devil Emperor managing it, and it seems to be quite well managed, so the gods above the Gods Realm would just turn a blind eye, ignore them, and silently allow the Hell Devil Emperor to commit heinous acts."

Lv Zhen nodded: "That's right. If the Hell Devil Emperor does not manage hell, hell will fall into chaos and will affect the entire Gods Realm. As long as the Hell Devil Emperor does not do too much in Nine Heaven World and does not affect the entire Gods Realm, the people above will not care."

"The powers that the gods that created the Devil-killing Summit could only have a minuscule effect. Some of the gods above the Gods Realm were worried that the Devil-killing Summit would be dissatisfied with them and would even suppress them frequently, which was why the road to Devil-killing Summit was extremely dangerous. Over the years, many good seedlings have died in the Devil-killing Summit."

"So that's how it is. No wonder so many disciples of the Devil-killing Summit have never gone to the Devil-killing Summit. It's all people who came from the Devil-killing Summit that are taking in disciples outside." Chen Xiang said.

Qi Shi said: "Then I will also go to Devil-killing Summit to learn a bit of how to deal with Hell Devil Emperor."

"Of course I will, in the future I will definitely fight in the Hell Devil Emperor, if I don't have the means to deal with him, I really won't be able to. Brother Lu, can you learn the art of forging your Demon Suppressing Armor?" Jiang Sheng laughed.

Lv Zhen said: "Of course you can, but you better hurry up. Originally, there were many direct disciples of the Gods in the Devil-killing Summit who lost the ability to deal with the Hell Devil Emperor, but they wanted to be pressured by the Gods and slowly decrease in power. Only the direct disciples of the Gods are able to pass on their abilities."

Qi Shi looked at Chen Xiang, and asked: "Chen Xiang, do you want to take a look?"

Chen Xiang spread his hands: "Forget it, the Gates of Hell is right over there, if I go to that place, Hell Devil Emperor will definitely release a large number of demons and flatten that place, unless I break away from his Tracing mantra."

"Oh right, Senior Lu, is there any way to get rid of the Hell Devil Emperor's curse?"

Lv Zhen pondered for a long time, then said: "Currently, there isn't any, we can only wait for the power of the curse to weaken, and for the curse to disappear on its own, this will take a long time, the other way is to cultivate an extremely powerful spirit, maybe even cultivate a Emperor soul."

Long Xueyi was shocked: "Even Emperor soul s can't do it, Hell Devil Emperor's curse is that scary."

Lv Zhen sighed: "This curse used the power of Hell Devil Emperor s 300,000 years, of course it's scary, he only used up 100,000 years of his power to bring out the Hell Devil Troop s."

Chen Xiang frowned: "If even Emperor soul can't do it, then you must have a Divine Soul Realm cultivator."

In the Gods Realm, this kind of divine soul is relatively weak, I do not know how to address it. I only know that a divine soul that surpasses the divine soul of a Emperor soul will form a soul lattice, and everyone knows that the divine soul is in your Divine Sense Sea, exactly the same as the person you are

in, and that you have to condense a Divine Deity from the inside of your divine soul to be able to get rid of the Hell Devil Emperor's curse. "

"Then what about the Divine Deity that we normally talk about? What does that mean?" Qi Shi asked, he did not understand any of this, and Jiang Sheng and Long Xueyi were also extremely curious.

Although it is also located in the Divine Sense Sea, it is closely linked to the body. For example, Chen Xiang who is capable of merging with another person's Divine Deity, for the time being, he can only obtain a bit of the Divine Deity 'power.

Lv Zhen explained: "Generally speaking, when the physical body reaches a certain degree of strength, it will have the elementary form of Divine Deity, then it will be able to consolidate the Divine Deity, then through the Divine Deity it will strengthen the divine soul, and through the Divine Deity it will refine the divine power. The speed of the powerful divine soul is extremely shocking, and after the divine strength has increased, the physical body will also be able to continue to be strengthened by the divine strength.

"The two of them are closely related. You must remember this when you're cultivating. Back then, I had to take a detour in this area and was able to correct it with great difficulty."

[Chapter 1699](#)

Lv Zhen's words were extremely important to them, especially Qi Shi and Jiang Sheng. Even though they were the peak experts of the Primordial Era, they did not understand anything about it.

"Senior Lu, this means that you must have Divine Deity." Chen Xiang laughed: "I didn't expect that after disappearing for so many years, you have so many experiences."

Lv Zhen only laughed, and agreed!

With his own strength, he could suppress the Hell Prince for so long, so he must be very strong. The current Qi Shi and Jiang Sheng both didn't have his strength.

"The reason why I have such a deep understanding of Divine Deity is because I have stayed in the Devil-killing Summit for a period of time. As long as I work hard, I will be able to obtain a lot of benefits. Lv Zhen said: "I suggest that you all make a trip to Devil-killing Summit before the Devil-killing Summit's Gods leave."

Qi Shi and Jiang Sheng nodded. They had tried to condense Divine Deity many times over the years, but to no avail. They knew that only the gods of Gods Realm could help them condense Divine Deity.

At night, Qi Shi and Jiang Sheng returned back to their rooms to rest. During today's battle, they had expended a lot of energy and were a little tired, so they had no choice but to rest.

The boat was currently invisible, so it flew towards the Divine Fire Forest at a relatively fast speed. Jiang Sheng who was resting would split some of his divine power to control the boat.

Chen Xiang had not refined the spirit that was devouring him yet, so he ate the pills that were refined using the Saint realm expert. At the moment, he was extremely spirited, and Long Xueyi had already gone back to rest inside the ring long ago.

Lv Zhen was also very spirited at this moment, and was looking out of the window in the hall.

"Senior Lu, how is Sister Qilian now?" Chen Xiang asked: "I haven't seen her for a long time, I wonder what level she has risen to after breaking through the bottleneck."

Lv Zhen knew that Chen Xiang had been of great help to him, and he was extremely grateful to Chen Xiang in his heart.

"I'm not too sure either. In short, after I gave her a set of Divine Deity, she had been in closed door cultivation the entire time. This child's comprehension ability is very high, if she were to come out, I think she would be worthy of the title 'Hundred Blossom Emperor'!" Lv Zhen sighed, "For all these years, I have never done my duty to her. I hope that the Divine Deity that I gave her can be repaid."

It was normal for his father to send his daughter a set of Divine Deity. Chen Xiang was just curious how Lv Zhen had managed to get such a set of Divine Deity.

"Senior, where did you get your Divine Deity?" Chen Xiang asked with a smile.

"This... I'm not afraid to tell you, but you'd better not learn from me now. I almost couldn't come back in the past!" Lv Zhen lowered his voice and said, "I snuck into the most powerful place in Hell and killed two Hell Demons."

"I was originally going to give a girl to my wife, but she had a stubborn temper and insisted on refining it herself. In the end, I gave a girl to Qilian, who is currently in closed-door training with her sister."

"Hell demon god? Are these guys very strong? What sort of status do you have in the Infernal Realm?" Chen Xiang's heart moved. He also wanted to go to hell to take a look, hunt a few Hell Demons and get some Divine Deity.

Lv Zhen shook his head: "Not many, the Hell Demon Gods are also Gods, they cannot be ordered by the Hell Demon, Yan Jing, they are only sent from above to supervise the Hell Devil Emperor, but that's just for show, so killing them is not a big deal."

"If you can cultivate a Emperor soul and get rid of the Hell Devil Emperor's Tracing mantra, then you can head to hell to take a look. With good luck, you should be able to obtain Divine Deity. If you get those Divine Deity, you must use your heart to purify the consciousness inside so that you can give them to others, otherwise you will harm others. "

Lv Zhen smiled slightly: "As long as you understand how to use the Devil-suppressing magic power, coupled with your ability to refine pills, I believe that after you go to hell, you will also have a good harvest."

Chen Xiang nodded and asked again, "If those Hell Demon Gods were killed, wouldn't Gods Realm investigate? Will they still be sent back? "

"I'm not sure about that, but I know that there are no lack of small deities in the Gods Realm that possess Divine Deity. Those who are sent to the Infernal Realm are usually those who have been caught in violation of the rules in the Gods Realm, which is equivalent to being sent there."

Chen Xiang suddenly thought of something, and anxiously asked: "Senior, have you ever heard about the Mei Emperor?"

When Lv Zhen heard the two words "Mei Emperor", he immediately frowned, and nodded: "I have heard of it. Back then, when I was in Devil-killing Summit, I had also been warned by the elders there that after leaving, you must be careful of a woman called Mei Emperor. It's just that I have never met her before.

"Is there any way to guard against her?" Hearing Lv Zhen's words, Chen Xiang's heart immediately became heavy, because this Mei Emperor was obviously very capable, to even warn the deities in the Devil-killing Summit like that.

"I once asked a god in the Devil-killing Summit. He said that the Mei Emperor's Charm was innate, and with the enhancement from the acquired cultivation, it is very powerful! Her charm came from the Gods Realm, and it is said that she trained the same as the charm gods in the Gods Realm. "

The Mei Emperor is actually related to the Gods Realm! Feng Yujie and the Mei Emperor were clearly closely linked, and Feng Yujie also possessed that kind of innate charm power, that was even stronger than the Mei Emperor himself. He suspected that the birth of Feng Yujie and the Mei Emperor was most likely related to the Gods Realm itself.

"Because the cultivation technique the Mei Emperor cultivates comes from, and is a rather powerful one, so in the Devil-killing Summit, we will often receive training to resist the charm, but it isn't of much use. In the end, after I left the Devil-killing Summit, I created my own Demon Subduing Heart Formula!"

Lv Zhen laughed faintly: "The Mei Emperor's Charm is mainly directed at males. It is able to arouse the demonic desires in the depths of the males' hearts, making it infinitely large, and even the strong can't resist it! In the end, the Mei Emperor will use his own body to satisfy the evil desires of the strong. When the other party was venting his vile desires, the moment at the peak would also be the moment where his mind would be the most negligent. He would control her mind and plant her spirit seed. "

"Only someone with strong willpower will be able to escape. If you can't, you will become her slave, no matter how strong you are!"

Chen Xiang was very serious when he heard it. Lv Zhen was not lying.

"As for the Demon Subduing Heart Art, it is mainly used to suppress the strong lust that is aroused in one's heart. At the same time, it also eliminates all distracting thoughts in one's heart, not only can it deal with the power of charm, it is also used when one is training. First, use this cultivation technique to remove all distracting thoughts in one's heart, then practice other cultivation techniques would have a better effect."

Chen Xiang said somewhat excitedly: "Senior, you're really awesome! Can you pass this technique to me? "

[Chapter 1700](#)

"Of course you can. You're my best disciple, and I have a great affinity with you. If I don't pass it to you, who else can I pass it on to?" Lv Zhen chuckled, his finger lightly tapped on the center of Chen Xiang's brows, and then he passed the Demon Subduing Heart Art to Chen Xiang.

Chen Xiang immediately thanked him.

"Senior, can I pass on this cultivation technique to others?" I heard that the Mei Emperor is also very deadly towards women. " Chen Xiang asked.

Lv Zhen laughed: "Of course you can, but you don't need to worry about your wife! I have already passed the Demon Suppressing Clear Heart Technique to Qilian and the others! Right now, Qilian views the Mei Emperor as a big enemy, she said that she will take good care of your wife for you. In fact, the Mei Emperor's charm can only be used on weaker girls. If it was a girl with strong powers, it would be very difficult to deal with her. "

Lv Zhen saw that Chen Xiang had stopped talking, and patted his head. "Brat, there are always many strange questions for you, and all of these things are things that I am interested in, you can ask me whatever else you want."

"I want to know about the Nine Heaven Devil Palace! I feel like this has a lot to do with the Devil-killing Summit! " The Chaos fire in Chen Xiang's hands was something that could summon a Nine Heaven Devil Palace.

Lv Zhen frowned and nodded: "The things you are asking about, are indeed all secrets! I know a little about the Nine Heaven Devil Palace, but it has nothing to do with the Devil-killing Summit, so the Gods of the Devil-killing Summit do not dare to casually enter the Nine Heaven Devil Palace. "

"In the legends, it is said that the Nine Heaven World was born after the different elements in the Endless Heaven Realm had softened and given birth to the world for millions of years! That's right, but at that time there was an external source of power that allowed for the appearance of the Nine Heaven World. "

Chen Xiang was a little excited, all the secrets he learned were from the gods, it was very reliable, he listened very carefully.

Lv Zhen paused for a moment before continuing, "The amount of energy leaked by the various Endless Heaven Realm s is extremely high and there will be a large amount of energy being leaked at every moment. This energy gathered together and formed the shape of the Nine Heaven World. At that time, it was called Primal Chaos and many ancient sacred beasts were born at that time. Following the birth of the Nine Heaven World, many ancient sacred beasts also descended on the Nine Heaven World! The beginning of the history of the Nine Heaven World was many years after Qi Shi and the others were sealed away by the dust, and now, we have finally seen the light of day again. "

Chen Xiang nodded her head, "I have to say, those guys back then were really powerful. Even now, they are still that powerful.

Lv Zhen laughed: "Of course, they should be the guardians of this Nine Heaven World, their powers are obviously strong."

Go on, tell me more about the Nine Heaven Devil Palace! Nine Heaven Devil Palace was born before the Nine Heaven World, and it is said that it was built by a group of Gods. They lived inside it, controlling the leaked power of the Endless Heaven Realm day and night to nurture the Nine Heaven World. "

Hearing to this point, Chen Xiang was a little confused, and asked: "Why aren't you called the Divine Palace, but the Demon Palace?"

Lv Zhen replied: "At the time, it was very strange, but the gods in the Devil-killing Summit told me that it was because when the Nine Heaven World was born, all the gods there had been bewitched and died inside. Based on their speculations, it was likely that those gods had created Nine Heaven World, violated some Natural Law Principles that even some deities could not access, and then received punishment. "

Chen Xiang took out those Chaos fire s! He still had two Chaos fire that he had yet to fuse with. These Chaos fire had been of great help to him over the years.

"I heard that as long as I absorb seven Chaos fire s, I can summon the Nine Heaven Devil Palace!" Chen Xiang muttered.

"You better not try. If the Nine Heaven Devil Palace appears and it comes at this time, a large number of experts will definitely die! Now that the Endless Heaven Realm has accepted the existence of the Nine Heaven World, they are prepared to establish a channel with the Nine Heaven World. At that time, the Endless Heaven Realm and the Nine Heaven World will be connected, and the moment the Nine Heaven Devil Palace appears, many experts will go in to take a look out of curiosity. " Lv Zhen said seriously: "Of those who enter, only one in ten thousand will be able to leave. You'd better use it cautiously."

Chen Xiang took a deep breath and nodded. He did have the impulse to summon out the Nine Heaven Devil Palace just now, because he heard that some gods had died inside.

"What a terrifying evil power!" Lv Zhen's face changed, and immediately left the ship.

Chen Xiang did not feel it, he immediately woke Long Xueyi up!

Although Jiang Sheng was resting, he controlled the boat and knew that someone was leaving. He immediately walked out of the room.

"What's going on?" Jiang Sheng asked, he did not feel the evil energy that Lv Zhen mentioned either.

"I don't know. Senior Lu said that there is a very strong evil force here." Chen Xiang frowned: "But I didn't sense anything."

Jiang Sheng handed Qi Shi over and the few of them went outside.

Lv Zhen stood at the bow of the ship, frowning as he looked forward with a serious face.

"What is that thing that's so powerful? Is it even scarier than the Hell Prince?" Chen Xiang asked.

"Although Hell Prince is powerful, he is also a guy who is afraid of death! If we meet someone who isn't afraid of death, then we'll be in trouble. " Lv Zhen's voice was heavy.

"What could it be?" Jiang Sheng looked around, he did not sense even the slightest bit of Evil Qi.

Originally, Qi Shi did not feel it either, but as the boat continued to move forward, his face gradually changed and became extremely ugly.

Chen Xiang and Jiang Sheng were both at a loss.

Long Xueyi came out from the ring and stood at the bow of the ship. Her expression was somewhat ugly as she looked ahead: "Is it really that guy? How could it appear here!?" "

The Cold Wind Forest was cold to begin with, and at this time, there was even Little Snow, the cold wind was biting cold. Seeing Long Xueyi's expression, Chen Xiang and Jiang Sheng couldn't help but shiver.

If it was the Hell Prince he had faced before, with Lv Zhen here, Chen Xiang and the others would be much more at ease. But now, Lv Zhen's expression was the same as well, causing him to be inwardly fearful.

"Senior Lu, you can even deal with the Demon God of Hell, what other thing would make you so nervous?" Chen Xiang also felt a very depressing atmosphere, but all of this came from the slightly fearful expressions on their faces.

Lv Zhen looked in front of him, and his eyes revealed a trace of fear. He began to speak, "In the Infernal Realm, Demon Masters and Princes aren't considered too scary. I can even kill the Demon Gods of Hell.

"Could it be that the Hell Devil Emperor is here?" Jiang Sheng said.

"It's not Hell Devil Emperor, but a fellow imprisoned in the tenth level of hell. His name is Arrogant Wolf God! It was a wolf, an evil beast with Divine Deity, and one that came from above Gods Realm. It committed too many crimes on top of it, was captured by a group of Gods, and was imprisoned in the tenth level of hell." Qi Shi said. He had also been locked up in hell, and from the words of his "comrades", he learned a lot of things about hell.

"This guy has my Divine Deity within his body. Why is the Divine Deity that I lent you back then at his place?" Although Long Xueyi didn't know what Arrogant Wolf God was, she had a feeling towards her own Divine Deity. From that feeling, she knew that the monster before her was extremely terrifying.

"My soul may have been used to feed this fellow! Since this guy can come out from hell, I think it was Hell Devil Emperor who brought him out. This is good too, you have the chance to get your Divine Deity back." Qi Shi said.

"What should I do? This fellow is so powerful!" Long Xueyi scoffed, "What do we do now?"

"Hell Devil Emperor has already violated the rules severely, but there is no strong evidence. At most, he said that Arrogant Wolf God ran out on his own, even if we were to pursue the matter, Hell Devil Emperor will not be severely punished." Lv Zhen clenched his fists.

Chen Xiang said, "I'm using the power of space to leave ..."

Just as he finished speaking, his face immediately changed greatly because he couldn't open a crack in space, and the space wasn't strengthened by any barrier.

"What's going on?" Chen Xiang's face turned ugly.

"It's useless. This Arrogant Wolf God is so powerful, he doesn't need any enchantment to be able to release a domain. The space within his domain cannot be opened." Lv Zhen said.

Qi Shi said: "Arrogant Wolf God has been suppressed in hell for so many years, although his divine power isn't as terrifying as his peak state, he is still a god after all. Even if he only has 10% of his strength left, it's not something we can deal with.

Chen Xiang was a little anxious: "Then what are you still doing here?"

Lv Zhen shook his head: "Running is useless."

"You know me pretty well." The voice appeared behind the crowd.

Chen Xiang and the rest anxiously turned their heads, only to see a big furry man standing behind them, his face had a sinister smile, this was Arrogant Wolf God.

"You are Chen Xiang? It's all thanks to you that I have the chance to see the light of day again. As long as I kill you, I will be completely free. " The Arrogant Wolf God laughed.

Lv Zhen's eyes flashed, a circular array appeared on his chest, and flew straight to Arrogant Wolf God.

"Demon God Suppression Array!" Lv Zhen bellowed, and the divine formation suddenly grew, transforming into many, covering Arrogant Wolf God from all directions.

At this time, Jiang Sheng put away his boat, otherwise it would be destroyed.

Lv Zhen's Demon Suppressing Formation was the strengthened version of the Devil-suppressing qi array, it was far more powerful. Seeing this, Chen Xiang and the others were secretly happy.

"Humph!" Arrogant Wolf God let out a cold snort. He spread open his arms and actually pushed away all of the Demon God Suppressing Formation that was surrounding him.

Lv Zhen's demonic suppressing power was already very strong, but this Arrogant Wolf God was even more powerful. This guy was as strong as a god, if not he wouldn't be called Arrogant Wolf God.

"You are from the Devil-killing Summit, right? You have some ability, but you are still far from being able to deal with me." Arrogant Wolf God sneered, he opened his mouth, only to see his mouth releasing a red light. Everyone realized that the red light was terrifying, but it was already too late.

Arrogant Wolf God spurted out a red light from his mouth, just as he was about to attack Chen Xiang and the rest, a black wall suddenly appeared in front of them!

The White Tiger appeared. He used his dark power to block the Arrogant Wolf God's attack.
