[Chapter 1721](#)

Chen Xiang had seen Peng Renyi's Frisbee before, so the speed of that Frisbee was extremely fast. He thought that even if he used all his strength, he would not be able to catch up to Peng Renyi's Frisbee. However, the Frisbee that Yu Fan gave him seemed to be much stronger than the one that Peng Renyi gave him.

Chen Xiang did not hesitate to accept this escaping weapon.

"I will provide information on the people you killed!" Of course, the guy I told you to kill, was never a good person. In Divine Prison, there are many who go to hell anyway, just that their luck is better. " Yu Fan said.

Chen Xiang felt that Peng Renyi was the right choice. He did not need Yu Fan to provide him with a candidate as the first thing he wanted to do was to kill Peng Renyi.

"There's one thing I'm curious about. I know that the warehouse is missing some money, and I'm not blind. I also know that you were the one who took it. I just want to know how much money you took away." Yu Fan laughed.

"In the past few days, I've only been able to get fifty gold coins." Chen Xiang said awkwardly.

He said a few times less, but was still surprised. He did not expect Chen Xiang to be able to take away so much silver under his watch.

"What method did you use?" Yu Fan looked at Chen Xiang's awkward face and laughed: You don't have to worry, it's just 5 billion silver coins right? As long as the higher-ups don't know about it, there shouldn't be anything wrong with it.

Fifty gold coins was nothing in Yu Fan's eyes.

Chen Xiang took out the ring that Steward Tai had given him, and said: "Someone intentionally arranged for me to be here ..."

All he said was this and Yu Fan understood.

"It seems like Steward Tai is the first candidate!" Yu Fan laughed coldly: "This guy just asked me if I saw you, and said he wanted to find you to drink! He probably wants to capture you and exchange you for thirty thousand gold. "

Chen Xiang laughed sinisterly: "Then Master Yu, help me arrange for him to appear. It would be best if he was by himself, that way I can easily kill him!"

"He has Divine Deity and his strength is not weak. Are you confident?" Yu Fan took out a small jade box and handed it over to Chen Xiang: "This is a divine talisman worth four to five hundred spirit coins. It's enough to kill that Steward Tai."

Chen Xiang looked at the palm-sized, pale-yellow piece of paper. On it was a drawing of a very complex hair-sized Spirit grain.

"It's just a thin piece of paper, yet it contains such powerful strength!" Chen Xiang could clearly feel the powerful energy within the divine talisman.

"This is not a thin piece of paper. The production process is very complicated. Although it can only be used once, the price is much more expensive than some godly or divine weapons." Yu Fan said: To others, this might be something more expensive, but in my eyes, it's nothing, because when I create the divine money, I need to engrave more complicated Spirit grains, and I made this talisman myself.

Chen Xiang was surprised: "Doesn't that mean you can just sell the Runes? What's the use of money? "

Yu Fan shook his head: "You don't understand, I am indeed faster at creating these runes than divine money, but once I grasp the essence of making divine money, then my speed will become extremely fast, and I won't need any materials either."

"In order to create these talismans, one first has to make a thin piece of paper out of the beast skin made from multiple layers of divine beasts. The raw materials used to draw these talismans need to be fused together with some other materials and finally refined to the size of a hair, and then used divine power to make them."

Listening to this process, Chen Xiang felt a headache.

"Are there many of these runes?" Chen Xiang suddenly wanted to bring a large number of people back, so that he could use them in the future when he meets strong people.

"Not much. Right now, both you and I have plenty of time. You can just use this and then I'll make it." Yu Fan said: "I will think of a way to get Steward Tai to go to the designated place, you just have to ambush him there, all you need to do is to hold onto this talisman, pour your divine power into it and throw it to others!"

"When you use it, you must pick a good time. Don't let the opponent avoid it."

Chen Xiang nodded. Then, Yu Fan told him a place to ambush Steward Tai.

... ..

In a desolate mountain, Chen Xiang turned into a rock and waited for Steward Tai at the foot of the mountain.

Not long after, he saw two shadows quickly flying over to his soul that was wandering outside.

"Peng Renyi! I didn't expect this fellow to come as well! " Chen Xiang was a little happy in his heart, but he was also a little worried. He only had one divine talisman, but there were two people who had come.

In order to not let Peng Renyi and Steward Tai be on guard, Chen Xiang used the method inside the Changing Technique, and created a very realistic doppelgänger. He stood there with an anxious expression all over his face.

"Brothers, you're finally here!" Chen Xiang's clone purposely revealed a happy expression.

But the ruthless big net that Steward Tai and Peng Renyi responded with covered him directly.

"Haha ..." Thirty thousand gold. " Peng Renyi immediately laughed heartily.

"What are you doing? I've already gotten a hundred million silver from the warehouse." Chen Xiang shouted in shock and took out a ring.

Steward Tai walked over, looked at Chen Xiang who was covered by the golden net, and immediately reached out and took the ring from Chen Xiang's hand. He looked at it and was a little surprised, because there really were over a hundred million silver coins inside.

Thirty thousand gold was equivalent to three trillion silver. As long as they could hand Chen Xiang over, they would be able to leave immediately, and even receive a small amount of that.

"You did well, but it's a pity you're too valuable, you can't blame us." Steward Tai was extremely happy as he gave Chen Xiang a heavy kick.

Chen Xiang's clone looked at him in anger. When Steward Tai saw this expression, he kicked him fiercely a few more times.

Chen Xiang, who had turned into a boulder hiding at the side, felt that he could make his move now, because Peng Renyi had walked over, but just as he was about to throw out the divine talisman, a sharp spear suddenly appeared in Peng Renyi's hand and stabbed into the head of the Tai Se with lightning speed.

This Peng Renyi actually dared to attack Steward Tai? He wanted to take all thirty thousand gold coins!

After Steward Tai's head was pierced through, Peng Renyi quickly unleashed dozens of palm strikes with terrifying power. Every palm strike that landed on Steward Tai's body caused his sturdy body to crack open, and blood to spurt out from his mouth. In the blink of an eye, Peng Renyi's dozens of palm strikes had splattered onto Steward Tai's body, turning his body into a pile of mush.

Chen Xiang, who was standing at the side and witnessing this scene, was completely stunned by the fatty, who was hiding a knife within his smile.

The long spear pierced through the steward's head and out of his forehead. The Divine Sense Sea soul of the steward was already injured, and his body was instantly crippled. He no longer had the strength to retaliate. At this time, Steward Tai could still look at Peng Renyi with a pair of resentful eyes. This could already be considered very impressive, but he actually had not died yet.

[Chapter 1722](#)

The thing that left the most impression on Chen Xiang was that after doing all of this, he was actually smiling brightly, that kind of smile was as if he had just earned some money.

"Peng Renyi, you are worse than an animal, I am your savior. It's fine if you didn't repay me, but you still did such an ungrateful thing." Steward Tai spat out fresh blood and screamed in anger.

"Don't worry, I won't let you die. If you die, the Penalty Heavenly God won't be easy to deal with!" Peng Renyi laughed: "I just want to monopolize this divine money! Although you are currently heavily injured, and will recuperate properly in the future, you will definitely recover completely. If we can still meet again in Gods Realm in the future, I will definitely receive you with hospitality."

"Haha ..."

Peng Renyi laughed out loud and took the storage ring from Steward Tai. looked down on the 100 million silver coins in the ring right now, but the ring was very valuable.

"Bastard, don't ever think of returning to the Gods Realm. You don't even have the chance to go to hell!" Chen Xiang laughed coldly in his heart as he activated the divine talisman, throwing it towards Peng Renyi.

Following Chen Xiang's thoughts, the divine talisman appeared above Peng Renyi in an instant, and then, it released countless threads of light, which were profound Spirit grains that formed into a giant handprint that flickered with flames, and smashed down with a loud bang, causing the surrounding desolate mountains to crumble, and the ground to crack extremely quickly. The rumbling sound resonated in all directions, and the shock wave was like a raging wave, wreaking havoc on the ground, causing the entire desolate mountain to tremble, and even the ground to crack.

Chen Xiang threw the talisman out and anxiously ran up to the sky. Seeing the power of the divine talisman, he had a lingering fear.

The divine talisman's attack power was extremely concentrated, causing a lot of noise. Even if Chen Xiang was a distance away from Peng Renyi, if he did not dodge, he would still be injured by the wave of air.

The land quickly calmed down as Chen Xiang dug out Peng Renyi and the Steward Tai from within the rubble.

Right now, Steward Tai was still not dead, but the injuries on his body was even worse, he was already drenched in blood and there was not a single bit of good meat left in his body. However, he was still laughing crazily in pain, because Peng Renyi, who was beside him, was not any better off, or maybe even worse.

"Shen ... Chen Xiang... "You little bastard." Peng Renyi endured the pain in his heart and uttered a sentence that was filled with endless hatred because he was just one step away from leaving this Divine Prison. He could also take away a portion of the divine money, but in the blink of an eye, it was as if he had fallen into hell. Thinking of this, he spat out a large mouthful of blood.

"This is a good gun!" Although Steward Tai felt that it was painful for Chen Xiang to pull the spear out from the head of Steward Tai, he was still extremely pleased in his heart. This was because he hated Peng Renyi, the ungrateful and despicable person, even more.

Chen Xiang kept his spear. The weapon Peng Renyi was using at the most crucial moment was definitely not an ordinary weapon.

"I remember that I still owe you some silver coins!" Chen Xiang took back the storage ring, and said with a cold smile: "You bastard, don't think that I don't know that you did something to those medicinal ingredients."

"You ... "You ..." Peng Renyi was so angry that he couldn't say a word.

Chen Xiang took out the Green dragon demon-slain broadsword, lowered it to his throat, and said coldly: "You are only severely injured right now, you won't die, and I don't want to kill you either. Otherwise, Penalty Heavenly God will not let me off! "Therefore, you should just hand over the things

on your body obediently. I can let you feel a bit more comfortable after this. Otherwise, I won't be polite anymore."

It was better to die than to live. As long as he could live, it was better than anything! Peng Renyi anxiously shouted: "This is my most precious treasure, now it all belongs to you."

With just a thought, all sorts of random things came out from Peng Renyi's body. There weren't many of them, just about ten of them, which were all weapons and treasures.

Chen Xiang put away these things and then activated Soul Absorbing Devil Spell and Devouring magic kungfu on Peng Renyi. Peng Renyi's strength was far stronger than his, and he needed some time to bring out the opponent's divine soul and Divine Deity.

"What are you doing? Didn't you say to let me go? " Peng Renyi felt Chen Xiang making a move on his Divine Sense Sea and anxiously shouted.

"You often lie to others yourself. Have you ever thought that others would lie to you? I was just joking with you. "

Last time, when Peng Renyi lied and saw through it, he said that it was because he was joking with Chen Xiang!

"Relax, I will treat your Divine Deity well. This thing can be sold in the Gods Realm and can be sold for a lot of divine money. Even if you die, you should rest in peace." Chen Xiang kept on talking in anger, provoking Peng Renyi.

Peng Renyi, whose entire body was filled with scars, was gasping for breath. He was so angry that he couldn't say a word, his eyes wide open as he watched Chen Xiang pull out his soul and Divine Deity.

"Do you really think thirty thousand dollars is so good? Previously, Hell Devil Emperor used four Divine Deity s to reward me! "

Chen Xiang looked at the Divine Deity that he extracted from his hands, which was about the size of a walnut, sparkling and translucent. The faint softness that it glimmered with, contained an extremely strong power.

Previously, Peng Renyi did not understand why the Hell Devil Emperor would use thirty thousand gold to reward Chen Xiang. Now, he understood that Chen Xiang was not as easy to deal with as he had imagined.

Peng Renyi had been killed by Chen Xiang and Manager Tai, who was standing at the side, was also filled with fear.

Chen Xiang placed Peng Renyi's soul inside his own Divine Deity, but he temporarily did not refine it, because's current divine soul far exceeded the physical body, and Peng Renyi's body was placed inside the Demon God Slaying Tower to be fed to the bats.

There was a bloody hole in Steward Tai's forehead, but he was still a very strong person after all. He hadn't died yet, and was only severely injured.

Chen Xiang was considering whether to kill this steward! Killing Steward Tai would allow him to obtain one Divine Deity, which was one step closer to his mission.

But now that he was inside the Divine Prison and he was weak, and the help Yu Fan gave him was pitifully little, and this Steward Tai in front of him was not weak either. If he could be of use to him, then everything would be much smoother for him in the future.

"I don't want to kill you! If you can make me feel at ease, then I won't kill you." Chen Xiang said as he looked at the steward Tai on the ground.

"Soul Contract!" Steward Tai thought about it for a moment before releasing his divine soul to allow Chen Xiang to place a trap.

Chen Xiang's divine power had entered into the inner part of Steward Tai's soul and was infusing it with the contracted power. This way, Steward Tai wouldn't kill him.

"You have to listen to me from now on!" Chen Xiang took out a bottle of pearl tears and dripped it onto Steward Tai's wound.

It had to be said that Pearl's tears were extremely useful. It was just that, in a moment, Director Tai looked much better, as if he could stand up straight.

"Steward Tai, is the damage to your soul not too severe?" Chen Xiang asked.

"You can recover in a few days. Just call me Tai Qiang." Steward Tai looked at the bloodstain on the side. It was Peng Renyi's, and now that this bastard had died so tragically and he was still alive, he was more or less happy.

With regards to Chen Xiang, he also resigned himself to fate. Not only did Chen Xiang not kill him, she even saved him! However, in order to ensure his safety, he had made a soul contract with him. This was also a matter that was only natural.

Tai Qiang did not ask anything, he only knew that Chen Xiang was terrifying, even though his cultivation seemed very low.

"You can go back first, I'll look for you in a few days." Chen Xiang said.

Tai Qiang left, he did not dare disobey him, because if he did, his soul would suffer the pain of being roasted by flames.

Seeing that Tai Qiang had walked far away, Chen Xiang shouted lightly: "Master Yu, you can come out now!"

"Well done! Even though Tai Qiang has a Divine Deity, keeping him alive will be of great help to you in hunting for other Divine Deity in the future. I will give him some pills so that he can recover quickly so that he can help you hunt for Divine Deity. In the future, we will contact each other and use the method of keeping secret notes to guide them, then we will leave behind our own information." After Yu Fan finished speaking, his body turned into a wisp of smoke and disappeared.

In the future, all he needed to do was to mark these markings near the city's bulletin board. In those places, there would be many people leaving their markings, and he would have to frequently go there to see if Yu Fan left any other instructions.

Not long after Yu Fan left, Chen Xiang sensed a burst of aura approaching. He anxiously took out the flying discs that Yu Fan had given him, sat on them, then activated them.

"So fast!" Just as Chen Xiang was praising her, he felt the energy behind him fluctuate, he continued to control the flying discs.

He looked back and saw several people riding on octagonal flying discs, chasing after him.

"Are they all sent by the Hell Devil Emperor? I have to get rid of them as soon as possible. I didn't expect them to arrive so soon." Chen Xiang's Frisbee was already fast enough, and the people behind him were not slow either. If not because of the distance and his Frisbee was very fast, the people behind would have already attacked.

"These guys might all be gods on the same level as Master Yu Fan, I have to deal with them carefully." Chen Xiang was trying to think of a way to get rid of those people, "If only there was another divine talisman like that one."

Chen Xiang recalled that he had refined many Annihilation Ice seal Dan and Heavenly Annihilation Pills from other people's Heaven Pills.

He took out a large box and continuously threw it behind him. Immediately, loud banging sounds were heard, as well as waves of bone-piercing cold Qi. His Ice seal Dan's destructive cold Qi had frozen a large part of the forest.

However, it could not last for long before it was melted by a scorching wave of air. In the blink of an eye, it had turned back into a sea of fire. This was the power of the people behind them.

"So terrifying! How could he be so powerful? Are they sent by the Hell Devil Emperor or not?" Chen Xiang could feel that heat wave, which caused him to be situated in the center of the earth. Only Di Tian's Core could feel that kind of terrifying heat wave.

[Chapter 1723](#)

If these people came earlier, Chen Xiang would have been captured. Now that he was using the flying disc with all his might, his speed had reached its limit, which was the fastest speed he had ever had, but the few people behind him were still closely following him, finding it difficult to escape.

Although he was being chased closely, Chen Xiang still maintained his calm. Previously, someone had launched a few attacks at him, but none of them had hit him, and he had only been able to dodge for a short while, so the attacks behind would be far away. In this kind of high speed chase, as long as he dodged slightly, the attacks behind would be very misaligned, and would be very hard to hit.

"This isn't the way to go on!"

After being chased for two hours, Chen Xiang was already far away from the city where the Feng Shen Native Bank was.

"Why don't you go to the other planets to take a look. Your Frisbee is so fast right now anyway, so it won't be too late to come back after you get rid of those guys behind you." Long Xueyi gave Chen Xiang an idea.

Chen Xiang immediately controlled the flying discs and flew high into the sky. Not long after, he flew out of the Number One Bane into the dusky space outside, and then flew towards a nearby red Bane Star.

The people at the back continued to chase closely. Chen Xiang felt that these people were not sent by the Hell Devil Emperor, but rather prisoners sent to the Divine Prison. There were six of them in total, and their auras were quite strong. However, the energy fluctuations from their bodies were a bit turbid. Normally, this sort of situation was caused by long periods of failure to break through, or by slow cultivation.

If it was someone sent down from the Gods Realm, it would definitely not be like this, because people with the same cultivation level, who had a purer God Power, would all be strong.

"These guys should be the same as Tian Hao, possessing the power of a God. However, they are definitely not as powerful as Tian Hao. If I were to be surrounded and attacked by them, I would definitely not have the strength to fight back." Chen Xiang looked at the approaching blood colored Bane Star, his expression becoming more and more serious.

The reason he was able to escape until now was all because of the flying discs beneath his feet. He was unable to use his spatial energy here, and with his speed, he had already been caught. If he continued at this speed, as long as he used up all his energy, his speed, he would be caught sooner or later.

With their strength, even if we use Super Old poison s, it would still be hard to defeat them, unless the quantity is very, very large. Chen Xiang could only rely on Super Old poison and God-eclipse powder now. If he had to fight against one, he would still dare to try.

Right now, he could only think of a way to escape.

Soon, he arrived at the second Bane and entered one of its gas barriers. It was the same as the first Bane, except that there was more ocean and there wasn't that much life force in it, so it was a bit eerily silent.

Chen Xiang had been busy with collecting money and did not know about the other Bane Stars, so he did not know about these. Only now that he was here did he remember someone saying that the other Bane Stars were not like Bane Stars One.

"Will there be a problem? It is said that each Bane has a different kind of prisoner, and the energy shields around the Bane are used to restrict prisoners from entering and exiting. " Chen Xiang felt that the atmosphere here was a little strange and immediately became vigilant.

"They didn't catch up!" Long Xueyi shouted in surprise.

This surprised Chen Xiang, and he started to worry secretly. Previously, the few people had chased him, but now they had suddenly stopped, obviously because they were afraid of entering the Bane of the Bane.

"Could it be that I won't be able to get out the moment I enter?" Chen Xiang controlled the Frisbee, flying to the other side, then passing through the energy shield. It was very easy to get out, and he also saw the backs of those people, they had already given up.

Chen Xiang felt that it was extremely strange, "Why didn't they come in? Could it be that there is some extremely terrifying being here? "

Long Xueyi yawned: "Don't worry about it, anyway, aren't you alright now?"

"Then should I go in or not?" Chen Xiang was suddenly filled with curiosity towards the second bane, he wanted to go in and find out what was there that could actually scare away a few experts with God's strength.

"Go and take a look. In any case, the flying discs under your feet are so fast. If you encounter any danger, run." Long Xueyi was the same as Chen Xiang. As long as he encountered this kind of thing and didn't try to figure it out, he would feel itchy in his heart.

Chen Xiang approached the ground and picked up a piece of soil. The quality of the soil here was extremely poor, even lower than the Nine Heaven World, but the quality of the soil here was extremely good.

Chen Xiang who was standing on the flying discs was extremely vigilant. As long as there was even the slightest movement, he would immediately control the flying discs to fly back to their original locations.

He was currently flying in a wetland. There were many green grasses here, and more than half of them were soaked in clean water. There were even many fish swimming around in groups within the grasses. Occasionally, large groups of birds would fly over to fish.

"Strange, why would there be such a common bird beast in this kind of place?" The beasts here are exactly the same as the ones I encountered when I was young. Chen Xiang frowned, looking at a black bear that was currently fishing on the shore.

Previously, in the Endless Heaven Realm, even the weakest of them, the Bird and Fish, had Holy Spirit Qi in their bodies.

However, all the birds and beasts he had encountered in Bane Two were exactly the same as the mortal world he had lived in before. This made him feel nostalgic, as if he had been a child all those years ago.

Just as he was reminiscing about the good times of his childhood, he felt a sudden breeze, followed by a burning sensation on his cheeks, and he even felt the bones in his face shatter.

It was not because the force that attacked him was hot, but because the pain was too excruciating. The pain was like being burned in a fire; it came too suddenly. He didn't know if it was because he was hit by a fist or by a foot.

The boulder was smashed to pieces by his strong body. Clutching his aching cheek, he stood up and found himself at the top of a mountain on a small island, surrounded by the endless blue sea. He was far away from the green and beautiful wetland he had just seen.

"What happened just now?" Where's my Frisbee! " Chen Xiang's face was full of shock. If it wasn't for his face being in too much pain, he wouldn't have thought that he had been attacked. Although he had suffered a heavy blow, only his face was in pain.

What he could not understand was how he could fly so far away all of a sudden, and was many times faster than his Frisbee!

Just as he was looking around and focusing on his defense, another gentle breeze blew past. This time, he was still unable to defend against it. He only felt a sharp pain coming from the other side of his face, and when he reacted, he felt as if he had hit a hard block.

"This... Isn't this my Frisbee? "

Chen Xiang had just heavily crashed into the flying discs.

"What the hell!" His heart was filled with fear.

[Chapter 1724](#)

Chen Xiang had just sat up, and another gust of wind blew past. After the previous two times, he had become smarter, so he hastily dodged. If he was hit again, he could have been hit to death by the wind.

After dodging, he didn't let down his guard because the gust of wind was still blowing. He controlled the Frisbee and flew quickly. He knew that he had met a very powerful person who was playing around with him.

Right now, if he wanted to leave this place, it would not be as easy as he thought. Not long after his Frisbee flew, a strong wind blew down from the sky, and he immediately felt his internal organs being squeezed tightly together. He felt a sweet taste in his throat, and a large amount of blood gushed out.

Even though his internal injuries were severe, he had fought through hundreds of battles and managed to dodge that attack in that critical moment!

This terrifying attack came from the sky. After Chen Xiang dodged it, he struck the Frisbee, turning it into powder.

Chen Xiang was furious in his heart, this flying discs were extremely important to him, but they were actually destroyed. What was angry was that he did not even know what it was.

BOO!

He suddenly heard a loud sound, and his head was hit. This time there was no breeze, not even a breath. He could not feel that someone was attacking him.

After being hit, he was sent flying again!

He felt as if he had been struck by a soft object, and he was heavily injured. Although that strike had severely injured his head, the force had cleverly transferred itself into his body.

The serious injury this time was much more severe than the time he was attacked by the Hell Suppressing Guardians.

He knew that his body had sunk into a patch of soil. He felt that it might be some mud mountains that had yet to turn into stone.

"It's over, this guy is very powerful!" Long Xueyi said dejectedly: "The lucky thing is, this guy doesn't want to kill you!"

Chen Xiang was no longer able to move. All of the meridians in his body had been severely damaged, and even his soul had become a little sluggish. What worried him the most was that there were actually cracks appearing on his Divine Deity.

That attack just now was too terrifying. Without any warning, it had injured him in an instant. What made him feel the most inferiority was that he had never seen anyone like that before.

Now he understood why those five fellows from before hadn't chased him in. It was because they had a very scary person hidden inside.

"Hehe, you're still alive, right?" A naughty laugh came from outside. It sounded like a naughty guy.

Chen Xiang's body sank deeply into a mountain, forming a cave. He wanted to reply, but he couldn't speak.

"I'll help you get out!" Chen Xiang instantly had a bad premonition. Sure enough, he felt a sharp pain in his back, as he was actually blasted out by a force that cut through a mountain.

Puff! Chen Xiang spat out a mouthful of blood. He realized that he was simply too weak, with just a few casual blows from others, he was already half dead.

He lay on a soft patch of grass with his eyes half open, looking at the blue sky. Those consecutive words had made him feel as if his entire world had turned dark, and now he was greedily admiring the beautiful blue sky, worried that he would never see it again.

When he was looking, he suddenly saw a terrifying face, or to be more accurate, it was a person wearing a green mask. The green mask was very ugly, and unlike a normal mask, it didn't have any holes for eyes to see. However, there was a pair of ugly eyes on it, one big and one small, both with a nose and mouth drawn.

But no matter how he looked at it, it looked like the work of a child. It looked extremely funny, but Chen Xiang couldn't laugh because the masked guy was very scary.

"Who are you?" asked. After saying these three words, he felt a lot more pain.

"I won't tell you, hehe!" From the sound of it, it sounded like the voice of an old man.

"Fine, you and I have no enmity with each other, why did you attack me?" Chen Xiang asked again. His words hurt even more, and the pain made him break out in cold sweat.

"Humans and ants don't have much hatred between them, but why would humans hurt ants sometimes?" That person said very seriously.

Chen Xiang thought about it, that was because ants were nothing in the eyes of humans, killing them was one thing, but that was because humans were strong, and ants could not resist or do anything to humans.

He understood what this person meant. He was saying that he was very weak. With his strength, what could he possibly do? Who asked him to be so weak!

Chen Xiang was speechless and closed his eyes.

"He accepted his fate so quickly?" The man chuckled.

"So what? I can't move right now. My soul has suffered a heavy blow." Chen Xiang said powerlessly.

"Don't think that I don't know. Your body is currently recovering quickly, and your soul is also recovering quickly under the circulation of a strange cultivation technique."

This person saw through it with a single glance, causing Chen Xiang to be even more shocked. His physical body's recovery speed was indeed very fast, and the mental cultivation method he used with the Heavenly Alchemy was able to heal his injured soul, so the recovery speed was also not bad.

"With your strength, this Divine Prison shouldn't be able to trap you. If you want to gather a thousand divine coins, it will be simple." Chen Xiang said, he felt that the strength of the person in front of him, would definitely far surpass the strength of the few fellows who were chasing after him.

"A thousand gold coins? You're wrong. If I want to go out and get a billion dollars, I probably won't be able to get it in my lifetime." The man laughed. He wasn't upset about it.

"Can't you just charge out?" Chen Xiang asked again, his injuries had stabilized, and his words were no longer painful.

"It's not that easy, do you think the Penalty Heavenly God is like you?" The man mocked: "Of course, it's not impossible for me to use other methods to get out, but if I want to leave openly, I have to at least go through the main entrance and beat Penalty Heavenly God down, just like how I beat you up just now."

When Chen Xiang heard this, he was extremely unhappy, but he could not do anything about it. Now, he knew what kind of fellow he would meet. It was a very boring expert who was locked up here. He felt that he would not be killed because the person in front of him still needed to keep his little life to accompany him.

"Did you just come in here? I don't really understand, a weak fellow like you can actually survive in the Gods Realm, and even get beaten into the Divine Prison." The man was also curious about Chen Xiang.

"Yes, I only came here because I was hunted down. God knows how dangerous this place is." Chen Xiang was extremely helpless. If he had known more about this second calamity fiend, he wouldn't have ended up like this.

"I wasn't sent to the Divine Prison, I broke in from somewhere else." Chen Xiang sighed.

"Oh? Could you be from Life Forest? "In that case, it makes sense." That man nodded: "Who are you being chased? "They actually chased us to such a place!"

"Hell Devil Emperor!" Chen Xiang said.

"Really?" That person was in disbelief: "Hell Devil Emperor wants to kill a guy like you?"

"If you don't believe me, go take a look at Bane 1, where people are looking for me! But I'm not worth much, Hell Devil Emperor only used thirty thousand gold to place a bounty on me." Chen Xiang said.

"It's only worth thirty thousand!" The man was disappointed, but after thinking about it, he continued, "However, for Hell Devil Emperor to extend its power all the way to this place to capture you, you must have a very high price. Thirty thousand gold coins, to those pitiful people who are struggling for a thousand gold coins, is a very high price."

Chen Xiang said: "Before I came in here, Hell Devil Emperor used four Divine Deity s to reward me. I might even be worth a billion, you can go and talk to Hell Devil Emperor's people about the price, maybe Hell Devil Emperor is willing to offer this price!"

"Hehe, I'm not interested!" I rather hate this fellow called Hell Devil Emperor, but I want to know, why does Hell Devil Emperor think so highly of you?" The man looked at Chen Xiang carefully, and suddenly went silent, as though he had found something, causing him to fall into deep thought.

Chen Xiang said: "Anyways, since I've landed in your hands, even if I'm dead, I won't be myself. I'll just tell you then! I think it's probably because I've cultivated the Heavenly Alchemy."

"As expected!" That person could actually see it right away. "If it's really like this, then I should even more so hand you over to the Hell Devil Emperor. It isn't a good thing for him to obtain the Heavenly Alchemy."

"Then wouldn't it be fine if you just kill me and destroy my soul?" Chen Xiang curled his lips and said.

"That won't do, I can't kill you!" That person shook his head, "Even if I have thousands of reasons to kill you, I definitely can't!"

"Why?" Chen Xiang was suddenly confused and cursed in his heart: "You almost killed me just now you bastard!"

"You want to know?" That person said, "Unless you tell me where the three Divine Weapons in your possession came from!"

"This... It's a long story!" Chen Xiang told the story of how he obtained these three divine weapons to the person in front of him. Even though he had beaten him up quite a bit, Chen Xiang did not feel any ill intentions from him.

The man thought for a moment and said: "Seems like you and Four Symbols Divine Weapons are fated to meet! I wonder if you know Qi Shi!"

Chen Xiang was startled. The person in front of him asked him about him obtaining the Four Symbols Divine Weapons, and now he asked Qi Shi. In that case, he had once stayed in the Nine Heaven World.

Long Xueyi was also curious, in her mind she quickly recalled the strong rankers she knew back then, and whether there were any mischievous old fellows there.

Just as Chen Xiang wanted to answer, Long Xueyi suddenly ran out!

"Old cyan bug, so it's you, bastard!" Long Xueyi extended his hand to lift the man's mask, it was actually easy to do so, which meant that the man was not guarding against her.

"It really is you!" Long Xueyi coldly snorted.

Beneath the green mask was an old man with a slightly wrinkled face. He had a small green beard on his chin, and his eyebrows were slightly long as they drooped. He was currently looking at Long Xueyi with a smile, and had a surprised expression.

"Damn girl ..." "Haha, you're so weak right now. I can crush you to death with one finger. Haha ..." The old man pointed his finger at Long Xueyi's nose and laughed.

Just as Chen Xiang had thought, the old man in front of him was a person at the time of Long Xueyi, and their relationship was very good.

Just now, Long Xueyi had called this old man the Old Cyan Bug. When Chen Xiang thought about it a little, he knew that this old man was most likely the Azure Dragon from back then.

[Chapter 1725](#)

Long Xueyi put her hands on her waist and pouted, her face full of anger at the old man who was laughing heartily.

"Old cyan bug, are you done laughing?!" Wasn't it just stealing the Tianlong sword back then? You don't have to hate me so much now. Long Xueyi snorted and fiercely stepped on the old man's leg.

Chen Xiang was now certain that this old cyan bug was the Azure Dragon. Long Xueyi had said before that she had once fought with the Azure Dragon for the head of the Seven Dragons Sword s.

"That's right, I was extremely unconvinced when you took the Tianlong sword away. I had previously held my breath, but after seeing your current appearance, I can't help but laugh ..." The green dragon laughed without a care. "The Heavenly Dragon Supreme Lord back then, was actually down to the point where he didn't even have Divine Deity."

Long Xueyi was so angry that her chest was moving up and down. Although she was angry, she did not hate the green dragon too much.

"Alright, alright, I won't laugh at you. What's your relationship with this brat? Are you going to use this kid to start all over again? But come to think of it, it is very possible that the Heavenly Alchemy that he cultivates is special. " The green dragon's expression was somewhat stern, looking at Chen Xiang who was lying on the ground.

Long Xueyi said angrily: "Old Cyan Bug, you injured him. You have to compensate him, or else you won't be finished with me!"

The Azure Dragon rubbed his beard and said with a smile, "Who asked him to be so weak? He was able to become like this with just a few moves. You can't blame me!"

Seeing Long Xueyi's angry look, the green dragon laughed: "Alright, how do you want me to compensate him? Is it some kind of a treasure? "I don't have any, I'm completely broke. Other than this old bone, I have nothing else."

Long Xueyi folded his arms across his chest. "You're a dragon now, so your dragon scales are definitely not bad. Bring out a hundred dragon scales."

The green dragon laughed, "Do you want me to draw a dragon tendon or two and give you a few buckets of dragon blood?"

"If possible, that would be for the best!" Long Xueyi said.

"In your dreams, my dragon scales are extremely valuable." The Azure Dragon snorted, "How about this? I help him heal his wounds quickly, and then I'll give you some fruits."

Hearing that there was food, Long Xueyi immediately became angry, and anxiously asked: Is it some kind of divine fruit or something?

"Just like the Holy Fruit, do you want it or not? Godly fruit? I want to eat, too. I haven't seen it in years. " As the green dragon spoke, his palm faced Chen Xiang, releasing a burst of light green colored clouds that enveloped Chen Xiang's body.

Chen Xiang's body was suddenly surrounded by water droplets, making him look like a drop of water, but Chen Xiang could see that it was a type of life force visible to the naked eye. A large amount of water droplets drilled into his body, he only felt that his severely injured body was recovering extremely quickly.

In just a short half an hour, Chen Xiang had fully recovered from his injuries, and even Long Xueyi was shocked. This was because in her opinion, Chen Xiang's injuries could only be healed after ten days to half a month.

"This is for you." The Azure Dragon took out a large basket of snow-jade-like peaches. "The value of these Holy Peach Refinement Pills aren't high, but the taste is very good. It should be enough to raise your strength by quite a lot."

Long Xueyi immediately laughed tenderly, "Old Cyan Bug, at least you have some conscience! "But I didn't expect that you could improve your strength so quickly, leaving behind a bunch of old friends."

The Azure Dragon sighed and said, "What's the use of this? Am I not a prisoner now? "

Chen Xiang was now able to stand up. He had been inexplicably injured by the green dragon, and originally, he still had a lot of grievances in his heart. However, the green dragon suddenly apologized to him at this time, which made him somewhat stunned.

"Young man, I am so sorry! I had thought that some untactful fellows would come and cause trouble for me, so I decided to take action. Please forgive me. " The green dragon said to Chen Xiang with a smile.

"This... Forget it, I'm pretty good right now anyway! " Chen Xiang accepted the Azure Dragon's apology. Towards this kind of Ancient Ranker, he would even have a lot of respect for them, not to mention that his Green dragon demon-slain broadsword was related to this Azure Dragon greatly.

"Senior Azure Dragon, when Senior Vermillion Bird came in, were you the one who helped her out?" Chen Xiang asked. After he entered, he knew that this space was extremely restricted. The Vermillion Bird being able to leave was definitely not a coincidence.

"That's right, she accidentally barged into this place. I used quite a bit of effort to help her get out. I didn't expect to meet another old friend so soon." The Azure Dragon looked at Long Xueyi and pulled at Long Xueyi's hair, "I heard that this girl died many years ago, and at that time, I was still sad for a bit. I didn't expect that after so many years, I could see her alive and kicking.

As Long Xueyi ate a peach, he stuck out his tongue at the green dragon. It was obvious that the two were on good terms with each other, but it was just that there were usually some small conflicts between them.

"Then Senior, can you help us get out of here?" Chen Xiang asked. If the Azure Dragon could help him, he could immediately leave this damned place.

"Of course you can. After you obtain my Green dragon demon-slain broadsword, you can consider yourself fated with me! I can see that this little girl recovered so quickly after her rebirth. You must have put in a lot of effort. "

The Azure Dragon looked at Long Xueyi lovingly. In his eyes, Long Xueyi was like his granddaughter.

"However, you're being chased by the Hell Devil Emperor right now, and before that, he even used four Divine Deity s to place a bounty. I think that even if you leave this place, you would definitely not have an easy time!" The Azure Dragon's expression became somewhat serious: "If Hell Devil Emperor is determined to do something, he won't give up."

"That's why I think you should stay here for a while to make yourself stronger!"

Chen Xiang was overjoyed. The green dragon was an extremely powerful god, if he had his guidance, he might be able to level up quickly.

"Old cyan bug, do you have any way to make his body stronger faster?" Long Xueyi asked: "The human body is too weak, and we have to rely on ourselves to cultivate it, this is such a problem! If his body does not break through, I am afraid it will be difficult for him to cultivate Emperor soul. "

"I know that! There is only one way for humans to cultivate their powerful bodies quickly, and that is to eat the sacred pills while practicing superior body tempering techniques at the same time. " The green dragon said: "He has the Heavenly Alchemy, so he can use it to cultivate his physical body. His speed is still passable, but if he wants to be faster, he needs to eat the Holy Pellet!"

"If I had known this would happen, I would have gotten more Holy Pellets when I was in Gods Realm. They would be useful to me now."

Chen Xiang laughed: "It doesn't matter, I am a pill refiner myself, and can concoct Tier 8 pills very quickly."

The Azure Dragon was a little surprised. "Really? Back then, although Qi Shi was also a cultivator of the Heavenly Alchemy, he did not use this technique on alchemy. I never thought that you would actually step onto the right path.

Long Xueyi asked: "Old cyan bug, what exactly happened to you in Gods Realm? Why were they locked up here? Aren't you very strong? "

[Chapter 1726](#)

The green dragon shook his head: "My luck is not bad. Although I have broken into the Divine Prison, I can still be free and carefree here! Old Bing was different, he was in trouble now, even though he was also pretty strong. "But, sigh ..."

Long Xueyi frowned, and shook the green dragon's arm: "What's wrong with Old Bing? His Supreme Dragon blood is with me, I helped him get it back! "

The green dragon said, "He's been controlled by someone, and is now the mount of a great character in the Gods Realm. Every time that great character goes out, he would change into the shape of a dragon, and then stand between the two horns on his head! Although he told me that it was alright, but for me, it's still better for me to die early and reincarnate. "

Long Xueyi was a little angry: "How can this be? Was he willing or forced? "

The Azure Dragon sneered, "Of course he was forced. Even if he has a screw loose, he wouldn't do such a stupid thing to be someone else's mount!"

Back then, Long Xueyi had been taken care of by the ice dragon and the green dragon, the dragon that was born from heaven and earth, and Long Xueyi was now like a family member in their eyes. Although they would usually ridicule each other, their relationship was very good.

Long Xueyi was also in the same boat. He had long known that the ice dragon was not doing well in the Gods Realm, but he hadn't thought that it would be poor to such an extent.

"Old cyan bug, then aren't you being too disloyal? You actually refused to help him! " Long Xueyi slapped the Azure Dragon angrily.

The Azure Dragon let out another long sigh. "Didn't I just help him, and then get dragged in?"

Long Xueyi said angrily: "Which bastard is it in Gods Realm? In the future, when I go up, I'll let that little scoundrel trample him to death. "

The green dragon looked at Chen Xiang and laughed: "If one day he can go to Gods Realm, there might be a chance, but the condition is that he has fully researched the Heavenly Alchemy."

"Quick, tell me, who is that fellow who enslaved Old Ice!" Long Xueyi asked.

This fellow is much more powerful than the Hell Devil Emperor. If you guys had stayed here for a while, you should have heard of him! I don't know that guy's name, but I do know his name. Everyone calls him the God of Fortune, the one who makes money. " The Azure Dragon said, "Although the Hell Devil Emperor is unreasonable, he can only be unreasonable in this kind of damned place. If he is in the Gods Realm, he would be like a tame kitten whenever he sees the God of Fortune. He wouldn't even dare to lift his head in front of the God of Fortune."

Chen Xiang and Long Xueyi looked at each other. They obviously knew the God of Fortune's position in the Gods Realm. Forget about the God of Fortune himself, even the subordinates of the God of Fortune would definitely be extremely powerful.

"So what? Sooner or later, I will make him free." Long Xueyi was still very angry: "What kind of ability is forcing others?"

If not for the Penalty Heavenly God helping me secretly and throwing it here, I would have also been taken to the auction. My fate is the same as Old Ice. "

Chen Xiang asked: "How do I go to the Gods Realm?"

He was also Qi Shi's good friend and also Long Huishan's ancestor. Now that he found out about the Ice Dragon's situation, he the same as Long Xueyi, wanted to immediately go to the Gods Realm.

"With the Emperor soul's jade bones, being able to pass through a heaven defying gate is only a way to pass through, which is to say, to reach the Gods Realm." The green dragon said.

Jade bones were the strongest parts of the body. Of course, that was in the sense of being here, since there was definitely an even stronger physique in the Gods Realm.

The Emperor soul's jade bones, was still far from this level!

"I have the Emperor soul now, but I don't have the Jade Bone. It looks like I'll be there soon." Long Xueyi said: "Can I still go without Divine Deity?"

The Azure Dragon smiled, "Of course you can. Didn't I also not have any Divine Deity back then? In fact, many cultivators in the Gods Realm don't have Divine Deity, do you think that Divine Deity can be cultivated so easily? If not, Divine Deity would not have been sold for ten or twenty million divine coins. "

Long Xueyi curled his lips and said: "There's no pressure for me, and this brat also has Divine Deity. It's just that I don't know how he's going to become stronger."

The Azure Dragon nodded: "With Divine Deity, it's even better! Then, you will use the power of the physical body and the power of the divine soul to fuse together with the power of the Divine Deity. The three of them will fuse together and unearth the strongest power in your body.

"Oh yeah, what's going on outside? "Tell me the details." The green dragon suddenly started to wonder how Chen Xiang had gotten here.

Chen Xiang told the Azure Dragon about him being in Bane One, as well as his cooperation with Yu Fan.

"Yu Fan is not bad, but we don't need to help him hunt Divine Deity now." Long Xueyi laughed, "The old cyan bug will be able to help us get out when the time comes."

The Azure Dragon coldly snorted and said, "That's not bad? Yu Fan this guy has hidden a lot of things from you guys, bullied you guys because you don't know this Divine Prison, then tricked you to play! Although this guy looks like he's helping you guys, he's very insidious. "

"Fortunately, you bumped into me. Otherwise, you wouldn't be able to leave this place for the rest of your life!"

Chen Xiang and Long Xueyi frowned, their faces filled with suspicion.

"Let me tell you guys, Yu Fan said, it's fine if you kill people here, right?" The Azure Dragon asked.

Chen Xiang nodded.

"If you kill someone here, something big will happen, do you think the Penalty Heavenly God doesn't know? He knows what is going on around here, the moment you entered the Divine Prison, your killing intent was already recorded by him, and after you hunt for twenty of them and get the divine money from Yu Fan, when that time comes, you might even go to hell. "

"We will still meet the Hell Devil Emperor in the end!"

Hearing that, Chen Xiang's face turned cold, his face was filled with killing intent, that Yu Fan actually lied to him!

"Of course, only I am clear about the rules of the Divine Prison. The others are usually not clear about it, because I am familiar with the Penalty Heavenly God! However, you don't have to worry, you can continue to pretend to help him hunt Divine Deity. But, don't give him the Divine Deity first, and use the information he provided to you to find a suitable target.

Long Xueyi said angrily: "But we already gave him a set of Divine Deity, I never thought that this guy would actually pretend to be so similar, and swindle us."

The green dragon said with a smile, "It's fine. Weren't you in a predicament at that time? At that time, someone extended a helping hand to you guys, and even lied to you guys without your Divine Prison knowing about it. Even in your situation, I would have died in his hands. "

"Thank you, Senior. If it wasn't for you, I'm afraid I would have been destroyed here." Chen Xiang immediately thanked him.

"How big a deal! However, you must remember this. You must treat this little girl well in the future. Although she is a bit naughty, she is very loyal. " The Azure Dragon laughed.

Long Xueyi chuckled, "Old cyan bug, it's rare for you to say such good things about me! So what are we going to do? This brat needs medicinal herbs to learn how to refine pills, and he was also given the Tracing mantra by the Hell Devil Emperor. Once he goes out, it wouldn't be long before he gets targeted again.

"Isn't it just a Tracing mantra? Although I am not a great god like the Hell Devil Emperor, I am still the big brother of the Dragon Clan in the past, so it will not be difficult for me. " The Azure Dragon took out a green cloak.

Although the Tracing mantra can find you, but you can activate this cloak, and then the cloak can make you invisible. At the same time, you can also fly with the fastest speed! Even though Hell Devil Emperor has your whereabouts, he can't report to you all the time right? Divine Prison is not connected to the outside world, even if he wanted to send a message, it would take some time. "

Long Xueyi immediately snatched the green cape back: "Nice stuff, did you give it to him?"

The Azure Dragon hurriedly shouted, "Of course not to give it to him. This is my treasure, but it's a very powerful divine artifact. I'm only lending it to him temporarily. Don't pay it back."

"Isn't it just a divine tool? What's there to be proud of! I'll have one later. " Long Xueyi snorted and handed it over to Chen Xiang. However, she had already planned to let Liu Meng'er and the others see if there was any way to refine one in the future.

"You should go find the medicinal ingredients first and come back here after you find one. When you can concoct the Holy Elixir, I will wish you another success in tempering your body." The green dragon patted Chen Xiang's shoulder, he had high hopes for Chen Xiang.

Chen Xiang nodded as he returned to the ring.

After bidding farewell to the green dragon, Chen Xiang put on his cape and left Bane Two.

The green cloak was extremely powerful. With just a bit of his divine power, he was able to move incredibly fast. In the blink of an eye, he was already far away from Bane Two.

"I wonder if those guys are still out there!" Long Xueyi replied, "If I had known earlier, I would have killed them with the old cyan bug."

"This won't do. If the Azure Dragon is going to kill someone, then it will be even more difficult for us to leave this place in the future. So, let's just fight!" Chen Xiang said: "Once I become strong, I must obtain more Divine Deity here."

"And that Yu Fan, he's too despicable, we have to make him suffer a little!" Long Xueyi snorted.

Chen Xiang quickly returned to the first calamity zone and secretly went to find Tai Qiang. However, Yu Fan did not know that he had returned, and he did not want Yu Fan to know either.

As the steward of the house, Tai Qiang had a bit of a status. He had a residence outside the Feng Shen Native Bank, and Chen Xiang had been there once.

"Tai Qiang, help me purchase the ingredients for the Heavenly Soul Pill. I'll come look for you in a few days." After Chen Xiang finished speaking, he instructed again: "Regarding the matters between me and you, please do not tell anyone else. If Yu Fan asks, do not say too much."

Seeing Tai Qiang passing by, Chen Xiang sent a sound transmission to him and quickly left. He wouldn't stay in one spot for too long, lest the Hell Devil Emperor locate him.

After instructing Tai Qiang, he immediately returned back to the Calamity 2nd Star. He wanted to get some spirit liquid in the next few days to duplicate the Sky Soul Pellet ingredients for the Immortal Grade Nine.

With Chen Xiang and Long Xueyi here, he was very happy. At the same time, he could understand a bit of his old friend's situation and hear what happened in Nine Heaven World.

[Chapter 1727](#)

After knowing what had happened in Nine Heaven World, the Azure Dragon sighed incessantly. It seemed like he wanted to return, because most of his old friends were there, and only a few of them had entered the Gods Realm.

"Old cyan bug, where's the big Flame Lion? He should have gone to the Gods Realm as well!" Long Xueyi asked.

"His luck is not bad. After being heavily injured, he successfully escaped. However, with his temper, it shouldn't be long before he will cause trouble again. I don't know how he is right now either." The Azure Dragon smiled helplessly, "I hope that after experiencing it this time, he will be able to change his fiery temper."

Long Xueyi rubbed her cheeks, looked at the beast meat on the fire, and muttered: "I really want to go to Gods Realm to save Old Bing, thinking that he would be a mount for me everyday, I feel very uncomfortable."

The green dragon sighed, "Me too, but there's nothing we can do about it. Those fellows are too powerful, even if we can go to Gods Realm now, we won't be able to beat them."

Chen Xiang said: "With the God of Fortune's position in the Gods Realm, there must be a lot of powerful Gods who have a good relationship with him. Not to mention dealing with the God of Fortune, even his disciples would be enough to cause a headache."

Long Xueyi leaned on Chen Xiang's shoulder. She also knew how powerful those gods were, but she was still full of hope: "Little Scoundrel, you must try your best to save Old Ice for me in the future."

"Of course. As long as I have time, I will definitely do it!" Chen Xiang caressed Long Xueyi's face and smiled at her confidently.

The green dragon nodded with a smile. Of course he could tell that the relationship between Chen Xiang and himself was not ordinary.

"Senior Azure Dragon, I want to ask you something. You might have heard of it in the Gods Realm!" Chen Xiang told the Azure Dragon about the divine tomb of the mortal world that he was born in, where his father was still guarding.

"I had heard of this tomb a long time ago. It is indeed very mysterious. A little hawk inside the Sacred Beasts Ancient Realm once guarded this tomb and then entered the Gods Realm! I came to Gods Realm to inquire about this matter. "

The green dragon recalled what happened back then. Back in the Nine Heaven World, there were many unanswered questions.

"Where did that god come from?" Could the Heavenly Alchemy have been brought down by him? " Long Xueyi asked: "The big white cat saw a Divine Deity from the profound Cold Ancient Realm, and obtained the Heaven Earth Killing Method and the Heavenly Alchemy. The big lion cultivates the Heaven Earth Killing Method and the Heavenly Alchemy, becoming the Ten Heavens Supreme Lord.

The green dragon replied, "I am not sure about that. In short, there was a godly battle at profound Cold Ancient Realm's place that caused the entire area to turn into a world of ice and snow. Up until now, no

one has entered deep inside. As for the gods in the tomb, I feel that they should be forbidden by the various divine halls, so that person cannot be mentioned. "

This made Chen Xiang and Long Xueyi even more curious. The origins of the god in the tomb was even greater than they had imagined. They had originally thought that it was an ordinary little god or something similar.

"What's going on with the shrine up there?" Chen Xiang asked: "Are all the shrines powerful?"

"There are only three hundred Deities Templar, and there are many different types of Deities! However, there were only a few people who were familiar with the place, such as the Wealth Divine Palace s, the Fire Divine Palace s, the Thunder God Hall, etc. The Demonic Shrine was also the Hell Devil Emperor's shrine! These are all powerful Deities Temples, but the majority of the other Deities Temples are affiliated with them. " The green dragon said.

"Is there a Temple of the Dragon?" Long Xueyi asked.

"Not at the moment. Originally, I wanted to set up a place and gather all of the Gods Realm's dragons together. Who knew that Old Ice would bring them here?" The green dragon said.

"I'll build one from now on." Long Xueyi smiled and said, "Then I will be the Dragon God."

"It's not easy to establish a Divine Palace, because there are 300 allowed places above. If you want to establish a Divine Palace which is recognized by the all divine palaces, there are only two ways! One is to use a large amount of divine money to buy a shrine, and then change it to your own. The second is to buy out the divine gods of the all divine palaces, and let them allow you to establish your 301 shrine. "

"Hmph, if I don't leave with these two methods, I won't get their permission. If they dare to cause trouble, we'll beat them up." Long Xueyi did not care.

Chen Xiang asked: "Then what is the all divine palaces?"

"all divine palaces was something created by the cooperation of the 300 divine halls. Every once in a while, the gods of the 300 divine halls would gather together or when there are big matters they would come together to discuss! Right now, the Penalty Heavenly God that is in charge of the all divine palaces, is equivalent to maintaining the order of the Gods Realm.

Long Xueyi said: "Then doesn't that mean that Penalty Heavenly God can do whatever he wants?"

The Azure Dragon shook his head, "Of course not, the Penalty Heavenly God is also restricted. If it's a small matter, the other gods will not interfere, but if it's a big matter, the Penalty Heavenly God cannot decide for himself, if not he will be allied by the other gods and be sealed in hell."

In the Gods Realm, all the gods in the various halls have similar strength. It's hard to tell who's the one on one, and as long as there's no conflict between them, they wouldn't fight each other. I heard that for many years, they've never fought against each other before. The Azure Dragon said, "However, once a God is attacked, there will only be one result, which is going to hell."

A group of Gods had died in profound Cold Ancient Realm, and there was still a very strong one in the mortal world waiting to be revived. This caused Chen Xiang to be a little worried, if that God really caused a ruckus in Nine Heaven World, wouldn't it cause a lot of trouble?

Chen Xiang decided that before heading to the Gods Realm, he would definitely go take a look at the Divine Tomb as well as the depths of the profound Cold Ancient Realm.

"Senior Azure Dragon, how much do you know about Mei Emperor? This woman has already appeared."
"Chen Xiang really wanted to understand more about the Mei Emperor. After all, he saw the Mei Emperor as a huge threat and he needed to get rid of it as soon as possible.

"This woman is very dangerous, very scary! And the cultivation technique, is a forbidden evil technique from the Gods Realm!" The green dragon's face changed, "That year, she brought disaster upon a large number of experts, turning the sky and earth upside down in Nine Heaven World, and bewitched many people to besiege Qi Shi, causing the death of the Nine Heaven World. I suspect that she has a very close relationship with the Hell Devil Emperor. If she appears again, her power will definitely be even greater!"

Long Xueyi said: "I really want to go back and stop this woman!"

Chen Xiang nodded his head, "Otherwise, it would be unimaginable!"

"Oh right, Old cyan bug, you have been in the Gods Realm for so long, do you know how to cultivate your soul?" Long Xueyi asked. Both Xue Xianxian and Liu Meng'er had failed to cultivate a divine soul within the ring, so she was a little anxious, because from the looks of it, they had stayed here for a period of time.

"Of course there is. Our dragon race is experts in cultivating to become deities. I have been in the Gods Realm for so long, if I can find such a method then wouldn't I have wasted my time there?" The Azure Dragon laughed.

With the Azure Dragon here, Chen Xiang and the others were safe, so Long Xueyi made Xue Xianxian and Liu Meng'er put down the things by their hands and came out of the Serene Jade Ring.

[Chapter 1728](#)

When the green dragon saw the two beautiful women, Xue Xianxian and Liu Meng'er, he curled his lips and looked at Chen Xiang, revealing an expression that said he understood what he was doing.

Xue Xianxian and Liu Meng'er already knew about the Azure Dragon's situation and they continuously bowed to it.

"You don't have to be so polite! Although it was better to cultivate the soul earlier, it did not matter. After all, he would have to face the Emperor soul's Jade Bone sooner or later! Now that you are all at the Holy Lord's level of strength, if you guys were to cultivate your divine souls again, you will quickly reach the Holy Master Realm and then attempt to break through the Emperor soul's Jade Bones." The green dragon gave a quick look and knew what Xue Xianxian and Liu Meng'er's situation was. In his eyes, Liu Meng'er and Xue Xianxian could be considered to be relatively well-endowed humans.

Dongfang Xinyue and Leng Youlan both inherited bloodlines and already had their divine soul. Dongfang Jing did the same in his closed door cultivation.

"I'll first take the Nine-turn dragon god mantra ..."

"They already do." Long Xueyi said.

"It will be even better if we meet again!" Then, I shall pass on to you my self-created 'Nine Heavens and Universe Supreme Unparalleled and Unparalleled Azure Dragon Divine Cultivating Technique'. " The Azure Dragon suddenly blurted out these words.

Chen Xiang and the rest were all stunned.

"What ..." It was the first time Chen Xiang had talked about a cultivation technique with such a long name.

Liu Meng'er and Xue Xianxian could not help but chuckle.

Long Xueyi spat out: "What lousy name is this, I say, Old Cyan Bug, can't you have a little taste, isn't this just a cultivation technique? Do you really need to add all of the powerful names to it? "

The Azure Dragon said proudly, "Of course, this is a supreme cultivation technique that I created myself. It can allow people and beasts to cultivate their soul within a short period of time. Only this kind of name is worthy of that."

"I feel that such a powerful cultivation technique is a waste of a cultivation technique just by giving it such a name." Long Xueyi had a look of disdain on his face as he said, "You better hurry up and change it."

"I'm not going to change. If you have the ability to create such a powerful cultivation technique, then you can call yourself whatever you want. I won't laugh at you." The Azure Dragon snorted a few times. "I just think my name is domineering enough."

"Look at them, are they all shocked by the name of my cultivation technique?"

Chen Xiang laughed dryly twice, while Xue Xianxian and Liu Meng'er also laughed lightly. They were indeed frightened by the name.

"Well, you can call it whatever you want!" However, if you just say no, then we'll have to see if your technique is truly that powerful. said. Letting her create her own technique was equivalent to taking away her little life.

"Firstly, you must know that the Nine Heavens and the Earth are unrivalled ..."

"Stop!" Long Xueyi hurriedly interrupted: "Old cyan bug, can't you be a little more concise? Not everyone is as bored as you are. "

"Alright!" The green dragon stroked his beard, and said to Liu Meng'er and Xue Xianxian: "The first thing you guys need to know is that these nine days ... I will pass on the cultivation method to you guys, you guys understand it yourselves first, since you already have the foundation of the Nine-turn dragon god mantra, it will not be difficult for you to comprehend it. "

Liu Meng'er and Xue Xianxian both nodded their heads seriously, after which, the green dragon tapped their foreheads and passed his whatever supreme cultivation technique to the two girls.

"I also want to see how strong he is!" Long Xueyi said.

"I want to see it too." Chen Xiang said.

The green dragon immediately gave his cultivation technique to Chen Xiang and Long Xueyi.

More than two hours later, Chen Xiang managed to understand the impressiveness of this technique, and knew that it had improved by a lot due to the Nine-turn dragon god mantra. It could allow people to progress quickly in their cultivation of the mind.

Xue Xianxian and Liu Meng'er both had strength of Holy Lord level, so both their soul and consciousness were extremely powerful. If they followed this cultivation technique, they would very quickly be able to cultivate God's Soul, so now, both Chen Xiang and Long Xueyi admired the Azure Dragon very much. No wonder he had to come up with such a cool name.

"Now that you have a good foundation, cultivating your soul is too easy!" However, after you cultivate your soul, your cultivation methods will have a huge change. You need to quickly adapt. " The Azure Dragon replied, "Let this gluttonous beast guide you."

Liu Meng'er and Xue Xianxian both nodded immediately. They were also feeling anxious for their souls to not be able to cultivate it, but now that they had obtained it, they felt extremely excited.

Following that, the Azure Dragon explained in an extremely meticulous manner what Long Xueyi and did not understand, and explained for an entire day.

"You guys should go back to that place and remember the key points that I reminded you to do." The green dragon saw that Xue Xianxian and Liu Meng'er were very knowledgeable in their comprehension, and was very happy because he already learnt this technique.

Xue Xianxian and Liu Meng'er returned to the Dark Jade Ring to cultivate while Chen Xiang and Long Xueyi continued to chat with the green dragon about what had happened back then.

"It's very likely that the Sword Emperor went to the Gods Realm." Long Xueyi said: "This guy has always been mysterious. Luckily he also left behind an inheritance, which was obtained by this little scoundrel's recognized sister."

"Is that so? I didn't meet him in Gods Realm! " The green dragon replied, "Dan Emperor, I know a little about his situation. I have to admit that he is the most powerful human I know, he will definitely be very successful in the future, as long as he can survive."

"What do you mean? Dan Emperor also went to Gods Realm? "This fellow has given up even the jade bones that he painstakingly cultivated." Long Xueyi said. Many rankers agreed with the evaluation of the Dan Emperor.

"I heard that someone found out about him. He should still be in Nine Heaven World! How did you know about him in Gods Realm? " Chen Xiang also wanted to find Dan Emperor and see the elegance of a strong man.

"He is indeed not in Gods Realm, but he is coming soon! I don't know what's going on with this guy, but he's actually able to send me a sound transmission from the Nine Heaven World. This is something that happened before I was sent to the Divine Prison. The Azure Dragon said with a smile, "Right now, I actually hope that he can come in. This way, I can properly entertain him."

"This guy is pretty good, we'll find him later and tell him about the mess you had with Old Bing. Maybe he can think of something." All those years ago, most of the strong warriors were very united and had good relations with each other.

"It's better not, his potential is limitless, don't ruin him so early, it's best if you stay in Gods Realm for a while, after you have a very strong power, we can talk about it again." The green dragon was very worried about Long Xueyi and the others messing up.

"Where's Old Devil?" The green dragon saw that Chen Xiang did not know who the old ghost was, and said, "He's Evil Emperor."

"He went to the Heavenly Evil Realm, then his whereabouts were unknown. There is a new Evil Emperor in the Heavenly Evil Realm, but he isn't an old ghost."

Long Xueyi asked: "Old Cyan Bug, do you know of any fellows in Gods Realm who are more loyal?"

"It's not easy to recognize him! When we were in the Nine Heaven World, our dragons were relatively strong, but when we went to that damned place in the Gods Realm, we were no different from beasts. We were hunted specifically, especially against Mythical Dragons like us who don't join the divine hall. The green dragon said.

"Why didn't you join the temple?" Although Chen Xiang asked this, he felt that he wouldn't need to join any of those shrines in the future.

"Once I join, I will no longer be able to leave. After all, I am someone with lofty ambitions. I do not want to become someone else's subordinate." The green dragon said.

Chen Xiang and Long Xueyi completely agreed with the Azure Dragon's words. If it was them, they wouldn't join either, unless they created a divine hall for themselves.

"Is there anyone from the Nine Heavens Death Realm who is doing well in Gods Realm?" Long Xueyi asked: "Don't you have any organizations up there?"

"No, the number of Nine Heaven World s that can go up is too little! Other than the Nine Heaven World, there weren't many other Endless Heaven Realm that could go up! I only know that there are a few worlds that have a certain number of ways to go up, but those worlds are all controlled by deities, and no Hell Devil Emperor is around to mess things up. Otherwise, our Nine Heaven World would have flourished here a long time ago. "

When the Azure Dragon mentioned this matter, it got angry: "Hell Devil Emperor is obviously bullying Nine Heaven World because there is no God to look after them. They are here specifically to cause trouble."

Back then, the people who created the Nine Heaven World were already dead, and they died inside the Nine Heaven Devil Palace. They died without knowing why, and now that Chen Xiang thought about it, he felt that there might be something fishy about it.

When he told them about this matter, the Azure Dragon immediately became deep in thought. Of course, he knew about the Nine Heaven Devil Palace and some of the secrets from that year.

The secret of the Nine Heaven Devil Palace was told to Chen Xiang by Lv Zhen, and it was the same as what the Azure Dragon had heard.

"If you want to know the answer, you can only go to the Nine Heaven Devil Palace." Chen Xiang said.

"No way!" The green dragon and Long Xueyi shouted at the same time. They were worried that Chen Xiang would mess around.

"Let's not talk about this anymore. It's too far away for us." The Azure Dragon knew that Chen Xiang had seven Chaos Fire Token. If Chen Xiang summoned the Nine Heaven Devil Palace out, he wouldn't be able to get out even if he was trapped inside, which was even more miserable than being trapped inside the Divine Prison.

Long Xueyi anxiously changed the topic, and said: "Where is that Feng Yujie? Why didn't I recognize her back then, and both Old Jiang and Qi Shi knew about her. "

"Feng Yujie refines pills! It's the strong lady from the Endless Heaven Realm, but she's also very mysterious, and at the same time she has a Charm stronger than the Mei Emperor. Although she doesn't intentionally reveal it, she's even stronger than the Mei Emperor. " The Azure Dragon replied, "You've seen her?"

"Did you guys try to see through her true appearance? I nearly lost it that year."

Chen Xiang shook his head: "I have only seen her portrait before, and unknowingly, a period of time has passed. She really is a bewitching woman, and she is very powerful, and a Pill Saint herself."

"She's not bad. It's just that when I tried to get her to concoct the Holy Elixir, she offered a higher price." The Azure Dragon said again.

had quite a bit of trust in Feng Yujie. Currently, both Su Meiyao and Bai Youyou were with her, and had been accepted by her as her goddaughter. Ji Ling'er and Red Cloud were also her disciples.

"Alright, quickly go and get the medicinal ingredients from Tai Qiang. He should have already gotten them, hurry up and refine the Holy Pellet. After Long Xueyi finished speaking, he returned back to the Dark Jade Ring.

Chen Xiang bid farewell to the green dragon, donned the green cloak, and flew out of the second calamity.

[Chapter 1729](#)

Chen Xiang had already bought the medicine for the Tianshen Dan a long time ago. Chen Xiang did not say anything to Tai Qiang as he took the medicine and hurriedly returned to Bane 2.

At the moment, as long as he was in Bane Two, he was basically safe. Although the green dragon was sent to Divine Prison as a prisoner, he was still considered to be quite strong here.

Unless the Hell Devil Emperor sends someone stronger to deal with the Azure Dragon!

Chen Xiang returned to the second Bane, and seeing that the Azure Dragon was still there, he heaved a sigh of relief. Right now, Bane One was looking for him in groups, and there were already many small teams outside of Bane Two.

"Senior Azure Dragon, if this goes on, will Hell Devil Emperor send someone stronger to this place?" Chen Xiang was a little worried that the Azure Dragon would be dragged down.

"That's hard to say, Hell Devil Emperor can't do as he pleases. He sent those people who deliberately violated the rules and were sent to the Divine Prison to capture you, but these people are all very weak. If it's someone with the same strength as me, once they were sent to the Divine Prison, it would be hard for them to leave. Unless Hell Devil Emperor has invested a huge sum of money into that guy, to let him have enough to buy some in the future. " The Azure Dragon laughed heartily and stroked his beard. "If there is such a fellow coming in, it would be the best. I am too bored here."

"If someone of senior's strength enters, it will cost 1 billion god coins to leave, right?" Chen Xiang was a lot more at ease.

"Of course not, one billion is a price Penalty Heavenly God gave me out of respect. If it was anyone else, it would probably be at least one and a half billion! If Hell Devil Emperor wanted to bring in someone with that kind of strength, he would definitely have to give him 1.5 billion! Of course, there's only one guy who can't deal with me, at least two! " The Azure Dragon unexpectedly revealed an expectant expression, "It's best if you send two guys with strength equivalent to mine. That way, I can have some fun."

"Then doesn't that mean the Hell Devil Emperor needs three billion God's Coins? With three billion, what kind of concept would it have in the Gods Realm? " Chen Xiang had asked that Peng Renyi before, and he said that the Hell Devil Emperor only had assets worth a few billion Godly.

"Although the Hell Devil Emperor has a great reputation, his wealth is not divine money but the hell he controls. It's just that those things in hell cannot be exchanged for divine money. The divine money that he had was considered to be at the bottom of the list in the Gods Realm! It'll probably just be a few billion, and I'll have to sell off a lot of properties in order to trade for it. "

The green dragon thought for a moment, then continued, "Let's see if he dares to bet now. Billions of dollars is still a large amount even for those powerful deities, and if he were to pay three billion to let two guys come in and kill you, he might not even succeed! "Because of me, there's a high possibility that we might have wasted our time."

Chen Xiang suddenly thought of a bad possibility, and said: "Would Hell Devil Emperor join hands with some extremely wealthy Gods? For example, the God of Fortune is not lacking in money, with the God of Fortune's financial resources, it shouldn't be difficult to send more Gods like you?"

"That's right, that's a possibility!" That would depend on whether the God of Fortune would be interested in the Heavenly Alchemy! However, you are underestimating me too much. Even if it's a group of Gods with a cultivation level similar to mine, they might not be able to deal with me. " The Azure Dragon said with a face full of confidence, "My strength is not something those guys can guess."

"Just focus on concocting pills. If I really can't handle it, I'll just send you away. At most, you'll just have to run for your life. If you can't, then it'll be over."

The green dragon patted Chen Xiang's shoulder, and then pointed at a mountain cave in the distance, indicating that he should enter, and should refine pills.

Chen Xiang entered the cave and took out the spirit liquid, then began to duplicate the Tianshen Dan's medicinal herbs. This was a very special kind of fruit, it looked like a crystal, but the inside was not without emotions. There was only a thin, transparent membrane that emitted a pale white light, which was called a Tianhun fruit, and its main effect was to strengthen the soul.

Right now, Chen Xiang's soul had already reached a bottleneck, and the breakthrough lay in his physical body. He only needed to make his physical body stronger, and his soul would break through sooner or later.

Therefore, this Tianshen Dan did not have much use to him, but for people like Xue Xianxian and Liu Meng'er who had just cultivated their divine soul, this was the best Immortal Pill.

For high level immortal pills, the most common way was to strengthen the soul. As for other uses, they were usually decided by the medicinal ingredients.

The Jiupin spiritual Dan that Chen Xiang was currently refining was the closest to becoming a Holy Pellet, so it was the more precious one, and it could even be sold at a relatively high price in the Divine Prison.

Chen Xiang was refining the Tianshen Dan mainly for Xue Xianxian and Liu Meng'er to eat. The two of them had started relatively late with regards to the soul, but if they started refining a high level pellet to eat, it could shorten the gap between them and others.

"This fruit looks beautiful, but it's not tasty at all." Long Xueyi said.

"It's just a thin film, and it's very light. Not only is it not tasty, it's also not easy to refine." Chen Xiang gently tossed the Tianhun fruit in his hand up, and it actually floated up gently, as if it was an unbreakable bubble.

"Then how do we copy it?" asked. She had already known about Chen Xiang's terrifying ability to duplicate medicinal herbs, so the girls in the ring didn't know much about it, but now that they knew about Chen Xiang's heaven defying ability, they were even happier. This meant that they would have an endless supply of medicinal pellets in the future.

"This might require a little more spirit liquid." Chen Xiang very carefully used his sharp blade to scrape off a very thin and transparent piece of skin, and then dripped some spirit liquid onto that piece of fruit skin.

The small piece of skin immediately started to wiggle, and emitted a gentle light, starting to grow incomplete parts. Following Chen Xiang's spirit liquid dripping down, it quickly grew back.

"That's fine!" Chen Xiang heaved a sigh of relief. He thought that he could not, because the Tianhun fruit was too strange.

"Tianhun fruit are transparent, unlike solid medicinal herbs that have so much meat, wouldn't it be rare to produce pills when refining pills? No matter how I look at it, I feel that I need two to be able to concoct a single pill." Long Xueyi said.

"That won't be necessary. If it were anyone else, they would need two to take one pellet. I can have one pellet." Chen Xiang was very confident, the number of pills produced had always been his specialty.

"Tianshen Dan must be expensive. Under normal circumstances, two Tianhun fruit will only produce one pellet!" Dongfang Xinyue said: "The uses of Tianshen Dan are great, especially for Xianxian and Meng'er."

"Mm, when the time comes, I will definitely refine more for them to eat." Chen Xiang carefully picked up the Tianhun fruit that looked like bubbles. He didn't need to do anything about it, he could start refining the Tianhun fruit.

Refining a Tianhun fruit into a Tianshen Dan was not easy, and Chen Xiang did not have anyone to guide him. In the past, Su Meiyao had never refined a Tianhun fruit either, so he could only practice step by step.

Fortunately, he was able to duplicate many Tianhun fruit with his spirit liquid. This way, he would be able to find the best way to refine the pill as he failed step by step.

He took out the Yanlong furnace, released a flame to warm it up, and then placed it inside. The Tianhun fruit looked like a bubble that was emitting light, and was extremely fragile, but when Chen Xiang released the flame to burn it, he did not expect the seemingly soft Tianhun fruit to release such a strong defensive power.

"So that's how it is!" Chen Xiang took a deep breath: "I had read some ancient books before, and it said that Tianhun fruit would need two to refine one Tianshen Dan. The book said that it was because the Tianhun fruit itself had too little energy."

"But it's not true. The Tianhun fruit contains a lot of energy, it's just that this energy is very strange. It's an invisible and unique divine power! I just released a flame to burn it, so the Tianhun fruit could instinctively release that divine power to defend against it. "

"That is to say, when you refine the Tianhun fruit, the defensive energy that you create will disappear bit by bit, and in the end, the Medicine aura would be lacking, so the amount of cores they condense is small." Dongfang Xinyue also knew a little about refining pills. Whenever she met Hua Xiangyue, she would ask him about some things related to refining pills. After all, they were Chen Xiang's female slaves and their relationship was very close.

Chen Xiang nodded his head: "That's right, so when I was almost done refining, there were not many Medicine aura left, unless this Tianhun fruit did not resist, then I would be able to produce many pills."

The mystical divine power released by the Tianhun fruit was extremely powerful, it was actually able to extinguish Chen Xiang's strong Sacred Fire, causing him to have no choice but to release even stronger Five Elements Sacred Flames.

Previously, when he was concocting Tier 8 immortal pills, he did not have high requirements for the intensity of the flames. But now, with just a single Tianhun fruit, he was able to use the Five Elements Sacred Flame.

After a while, some sweat appeared on his forehead, because the Five Elements Sacred Flame was destroyed by the invisible divine power within the Tianhun fruit.

"What a powerful divine force!" Chen Xiang exclaimed: "If the divine power within Tianhun fruit is not consumed like this and used entirely to refine pellets, at least ten of them can be refined, or even more!"

"Usually, when refining Tianhun fruit, it is only when the divine power within the Tianhun fruit has been used up to a certain extent, that it can be refined into Medicine aura and medicinal powder. However, there is only a small amount left, and it is all because the Tianhun fruit's divine power has been exhausted."

Chen Xiang suddenly became excited, if he could overcome this problem, then when he was refining the Tianshen Dan, as long as he was refining, he could produce a lot of pills.

"Then what should I do?" Dongfang Xinyue asked.

"I still don't know. I have to try everything!" Chen Xiang took a deep breath and started to strengthen his Spirit power and flames. At the same time, he also released a strong power that formed a small scale seal that surrounded the Tianhun fruit, preventing the Spirit power inside the Tianhun fruit from escaping.

At first, it was still effective, but as the divine power he released became stronger and stronger, the Tianhun fruit's resistance was also getting stronger and stronger, and his restrictions were actually not even able to hold up.

"Amazing! It's just a Jiupin spiritual Dan and it's already so difficult to refine, let alone a sacred pill!" Chen Xiang already experienced how difficult it was to refine a Holy Pellet from the Jiupin spiritual Dan.

[Chapter 1730](#)

Chen Xiang continuously increased his divine power and flames. He had already released the Rainbow Sacred Flame, using the strongest state of the God purification, but even so, he still felt pressure. The ball of divine power within the Tianhun fruit continued to expand, as though it could explode at any time.

"Withdraw!" Chen Xiang anxiously removed the flames and God Power, taking back the Inhibition Formation, if not the furnace would explode.

This made Chen Xiang even more surprised. Originally, he thought that he had used up a lot of the's internal divine power, but now, it seems that it was just a little, and he had used up a lot of his divine power and flames.

"I was worried that I would hurt the Tianhun fruit, making me so careful. I didn't expect this guy to be so tenacious." Chen Xiang suddenly wanted to break this Tianhun fruit, to see how the God Power inside it was exploding.

"If you didn't stop just now, what would have happened?" Long Xueyi really wanted to see that scene.

"Nothing much, it's just that the Yanlong furnace is shaking so badly, it can still withstand the explosion." Chen Xiang said: "I am only worried that it will be a waste of a Tianhun fruit. If the divine power inside the Tianhun fruit consumes so much during the refining, I feel that there is no problem refining eight Tianshen Dan s out of ten, maybe even more."

Chen Xiang rested for a while, then began to torture the Tianhun fruit again.

"Seems like I can only try that move!" Chen Xiang closed his glasses as a series of mental cultivation methods appeared in his mind. He chanted the mental cultivation methods and suddenly, a ball of fire appeared inside the Yanlong furnace.

The ball of flames did not wrap the Tianhun fruit within. Instead, it started to spin at the bottom of the Tianhun fruit, turning into a Yin Yang Array that slowly rotated.

"Tai Chi!" Using the special suction force produced by the Tai Chi Refining, Chen Xiang pulled at the divine power inside the Tianhun fruit, causing those divine power to spin within the Tianhun fruit, unable to resist.

Chen Xiang could feel that the divine power inside the Tianhun fruit was slowly circulating according to his rhythm. Delighted, he immediately used the God purification, releasing the Rainbow Sacred Flame as well as a powerful divine power to launch a fierce attack.

From the start, he had felt the divine power within the Tianhun fruit begin to resist, but as the Taiji array at the bottom of the Tianhun fruit began to circulate at a rapid pace, the divine power within the fruit also began to revolve, making it impossible for it to spew out any resistance.

"Very good!" Chen Xiang saw that there was some progress and continued to control the movement of the Taiji array, as well as the power of the God purification.

The Tianhun fruit was burned by the intense flames and it did not resist at all, as a change slowly happened inside its body. The originally transparent God Power, following Chen Xiang's continuous burning, emitted a faint gold light, which became more and more dense, and in less than an hour, it was shining like a golden apple. This caused Chen Xiang to be extremely surprised, he never thought that the massive amount of God Power inside the Tianhun fruit would have such a strange scene.

Using the Tai Chi Refining and God purification, and it was even the most extreme method, caused Chen Xiang to feel an unprecedented pressure.

Chen Xiang estimated the rate at which his divine power was being consumed, and couldn't help but sigh: "At this rate, even if I expend all my divine power, I can only refine a cauldron of Tianshen Dan, and that's all. That is to say, if I were to refine a sacred pill, wouldn't there be no hope? "

"Refining a Holy Pellet is thousands of times more difficult than a Jiupin spiritual Dan. Most of the ninth grade Dan Immortal s are Holy Saints, and none of them can refine a Holy Pellet, unless they possess a Emperor soul!" Long Xueyi said: "For example, the Dan Emperor and the mysterious Feng Yujie, they are both experts who possess Emperor soul."

Chen Xiang took a deep breath. "I was too naive, I thought that if this continued, I would be able to concoct the Holy Pellet. Now, I realize that without the Emperor soul, it would be difficult to concoct the Holy Pellet!"

"Don't be discouraged, being able to refine Jiupin spiritual Dan at your age is already not bad. Moreover, having a Emperor soul is only a matter of time." Long Xueyi laughed.

"Yeah, Emperor soul are not something that can be found easily. In Endless Heaven Realm, there are a lot of Holy Masters, but there are very few with Emperor soul. Even some Holy Masters are not able to reach the ninth stage of Dan Immortal! And you, at such a young age, are able to refine a Jiupin spiritual Dan and refine a Holy Pellet, that is just around the corner. " Dongfang Xinyue encouraged Chen Xiang.

Chen Xiang nodded his head, "I will definitely become a Pill Saint!"

The Tianhun fruit inside the Yanlong furnace shone with a piercing golden light within the Rainbow Sacred Flame. Following Chen Xiang's continuous burning, a few white cracks suddenly appeared on its surface.

"Break!" Following Chen Xiang's shout in his heart, his Rainbow Sacred Flame and God Power merged together to blast apart the nearly refined Tianhun fruit.

The Tianhun fruit immediately exploded, releasing a burst of golden white light. If it were not for the Yanlong furnace's wrapping, that strong light would have definitely shot out from the cave and into the distance.

"Infinite refining!"

The Infinite refining was raised based on the foundation of Tai Chi, it could fuse with many types of energy that were mutually exclusive to each other. At this time, the refined Medicine aura s had turned into many small granules, and these small granules were all the purest, but they were mutually exclusive, so it was not easy to fuse them.

However, it would be much easier for Chen Xiang to use the Infinite refining that he had previously comprehended.

Suddenly, many Spirit grain appeared from the Yanlong furnace. These Spirit grain were all recorded in the Heavenly Alchemy, Chen Xiang used his divine power to transform them into a fusion with the Taiji array, producing a dense flow of energy that emitted a strange multicolored light, causing the originally repulsive Medicine aura to absorb one another. There was no need for Chen Xiang to help them fuse together, they all consciously gathered together, and quickly converged into a white ball of light.

"It's about to happen! The Medicine aura s are very dense! " Although the current Chen Xiang was close to running out of divine power, he was still extremely excited, because he was about to refine a batch of Jiupin spiritual Dan.

"Eight pills!" After a short moment of judgement, Chen Xiang decided to split this ball of air into eight parts and refine eight Tianshen Dan.

Divine force turned into invisible blades, splitting the cyclone into eight uniform masses. Then, he used Taiji Refining, causing these eight small cyclones to quickly condense into a single ball, condensing into a pill!

"It's finally done!" Chen Xiang used his last bit of God Power and refined eight Tianshen Dan.

"How many?" Long Xueyi asked anxiously.

"Eight pills!" Chen Xiang laughed: How long did it take me?

Chen Xiang's face turned pale white, the feeling of having his energy drained tired him out. Only now did he feel how weak his body was, because after the God Power was drained from his body, he was extremely tired, which meant that the coordination between his body and the God Power was not good.

"In less than two hours, he managed to refine a batch of Jiupin spiritual Dan!" Long Xueyi was pleasantly surprised, "And it's only eight of them!"
