

Dan God 1781

[Chapter 1781](#)

There were tens of millions of demons in front of them, all of them multi-colored and moving up and down like a colorful ocean. Moreover, there were even dozens of crevices in the sea, and layers upon layers of them were piled up, killing quite a few monsters.

None of the demons attacked. They stood still, as if waiting for orders.

The heads of the condensed crystal demons had strength comparable to the profound God, which was considered rather strong, but they did not have intelligence or perception, which meant, if there were some that had consciousness, they would be extremely strong.

"Charge." Second Senior Martial Brother shouted loudly and rushed in first. A long sword in his hand flew out and in an instant, a pink monster with a condensed head appeared in front of the bed.

The place where the giant monster was penetrated spewed out pink liquid like a fountain, sprinkling it all over the place. The scariest thing was, when this liquid was sprinkled on the other monsters, the other monsters could absorb it. After absorbing the liquid, it seemed to be evolving.

"Use a raging fire to burn it." When the Second Senior Martial Brother saw this, he immediately shouted out loudly. The godly sword in the air let out a wave of flames. The tip of the sword was pointed at the ground as it rapidly rotated, creating a fiery tornado. It created an extremely intense divine flame.

Upon encountering the flames, the pink flesh on its body was burnt to ashes. At the same time, the Second Senior Martial Brother continued to release waves of godly power from a distance, turning the godly power into blades and swords. The godly power brought about a strong wind as it blew over, enveloping the evolving demons in its surroundings.

The God Power that turned into countless blades and swords penetrated the bodies of the monsters, and even released divine flames that burned inside their bodies.

Not long after, a large area of flames started to burn within the group of demons and monsters.

Everyone saw that the flames were effective and had already formed their own battle plans. However, just as they charged over, a few gigantic mountainous blue monsters in the distance opened their mouths and sprayed out a blue liquid onto the flames, instantly extinguishing the Demon Slaying God's Flame released by Super profound God like Second Senior Brother.

Furthermore, it was completely extinguished. The flames from before instantly disappeared, and after the nearby monsters had absorbed the blue liquid, their bodies quickly turned blue. This way, the monsters would no longer be afraid of fire.

"What a terrifying adaptability. It seems it won't be easy to exterminate them all. Everyone be careful." The Ninth Junior Sister said solemnly. Her body had already floated towards a giant blue monster as she waved her hands, causing snow to fall from the sky. The cold wind whistled as it swept through the group of demons.

"Break!" With a soft shout, the frozen demon suddenly shattered into fragments of ice.

"As expected of one of the few powerful female wargods, her strength isn't just for show" Xiao Chou exclaimed: "He killed so many monsters in one go, and a few of them are of the kind with gemstones growing from their heads."

Just as everyone was admiring the strength of the Ninth Junior Martial Sister, the broken pieces of ice suddenly melted. The broken limbs of the monsters inside turned into multicolored liquid, melting the shattered pieces of ice, causing the sticky liquid on the ground to still radiate light.

Everyone stopped their steps because the colorful liquid was squirming. After gathering together, it actually moved as if it had a life of its own.

The flow of the demonic liquid suddenly became more intense. It piled up and was as big as a palace.

Soon, a colossal creature appeared in front of everyone. It was a colossal creature with a body of various colors, and its hundreds of sun-like eyes radiated scorching rays of light. In the blink of an eye, it shot out rays of scorching light.

"Just what is going on with these demons? They actually came back to life, and they can even be fused together. The stronger they get, the more powerful they become. This is the first time we've encountered such a powerful demon." The smiling fifth brother took a few steps back, "Eldest Senior Brother, quickly tell us the trick to deal with these demons, otherwise, if this continues, these demons will fight all the way to the city gate."

The monsters hadn't attacked yet, so they just stood there. Even if it was the giant monster, its eyes were only emitting hot light and it didn't take the initiative to attack.

"Using Demon Slaying Palm or Demon Slaying Palm, as well as all kinds of Devil-killing magic kungfu s, you have to destroy all of the demonic aura in one go. Otherwise, as long as the demonic aura is still present, these demons can be reborn." Ren Tianyong said.

"Eldest senior brother, where are you?"

"Inside the spatial crack, I am fighting a demon. You do not need to come in, as long as you are in charge of blocking this demon from approaching Divine City."

didn't even know how to use Devil-killing magic kungfu, he hadn't gotten it yet. After all, he had only been in the sect for a day, so he never thought that something like this would happen.

"Use your full strength." Second senior brother had a solemn look on his face. He took a deep breath and suddenly struck out with his palm. A strong golden light appeared and a gigantic golden palm pressed down rapidly like the sky.

Bang! Chen Xiang only just saw the huge palm before the huge palm landed on the ground and slapped the huge monster that had just merged with it.

Dazzling golden light suddenly gushed out, and the aftermath of a wave surged through the horde of tens of millions of demons. The Little Demons that were near the Demon Slaying Palm all turned into dust the instant the giant palm descended.

"This is the power of the Super profound God, and this guy doesn't seem to have used up all his strength." Chen Xiang opened his stinging eyes. The Second Senior Brother had already disappeared,

and all the profound Gods were no longer where they were before. He actually rushed into the group of demons, using the Devil-killing magic kungfu that he was most proficient in, to kill the monsters with condensed crystals on their foreheads, as if he was harvesting straws.

When several profound Gods attacked together, the scene was extremely shocking, especially the various Devil-killing magic kungfu, it dazzled everyone.

The destructive power of the Devil-killing magic kungfu was extremely great for these demons. After everyone saw it, they all rushed into the demons and started to fight.

"Master, you haven't learned the Devil-killing magic kungfu yet. You must be careful later, it would be best if you follow us closely." Xiao Chou said. In the past, whenever he saw Chen Xiang, he always wanted to have a good fight with him. He always wanted to surpass him.

When he saw Chen Xiang this time, he did not have that kind of thought, but he obviously believed that with Chen Xiang's current cultivation, he was still not able to compete with him. He wanted to wait until Chen Xiang's cultivation was close to his.

Chen Xiang nodded his head, he had been observing the monsters that were crystallized on their foreheads the entire time. The crystals were clearly formed after many years of accumulation, and to make the demons become stronger, was evidently no ordinary thing.

"No one actually wants those condensed crystals." When Chen Xiang saw the monsters that were killed, and how many crystals fell from the sky, he was secretly happy. He anxiously used his spatial energy to retrieve the treasures in his hands.

The Devil-killing magic kungfu was extremely powerful, especially when used by the profound Gods, it was extremely powerful. One palm would be able to destroy the demons into ashes, but the crystals were completely undamaged.

"Brat, why aren't you taking care of these monsters. There should be a lot of demonic energy contained in them, and they can't be exchanged for divine money." The second senior brother discovered that someone was using a very brilliant method to pick up the crystals that had fallen from the ground.

I just joined the Devil-killing Divine Palace today, so I haven't had the time to learn the Devil-killing magic kungfu yet. Therefore, my power is limited. Chen Xiang quickly explained.

The Second Senior Brother said: "Then we should stay in the Devil-killing Divine Palace. It's too dangerous for you to come here. Hurry and go back." As he said that, he pointed his finger towards the sky, and a ray of gold light shot out from his fingertip, forming a gigantic net that enveloped a monster that was about to attack Chen Xiang.

"Hurry back, don't die here." After saying that, the second senior brother went to another place to deal with those powerful monsters.

Chen Xiang and Tai Qiang, these two fellows, fought very hard. The Devil-killing magic kungfu that they had mastered was also not bad, and they quickly killed the Little Demons in the surroundings, then continued to attack the cracks in front of them.

Devil-killing Divine Palace's Devil Slayer Team were very fierce, they slaughtered a large number of demons in one go, but there were still a lot of demons coming out of the cracks like a flood. Furthermore, the demons that came out now started attacking people, spitting out the liquid that emitted light from their mouths. This liquid was very dangerous, as long as they touched it, they would receive different kinds of injuries, such as burns, frostbite, poison, or muscles melting, and so on.

"How long are we going to stand in the way? This will go on forever." Chen Xiang picked up hundreds of those crystals. He had a Space Domain protecting him and those monsters with retarded intelligence were unable to attack him. Instead, they directly passed through his body.

"Brat, why are you still picking up those things here?" This was already the second time she had met Chen Xiang.

In more than two hours, Chen Xiang was met by a few War Gods, who all told him to leave.

"I'm sorry, we've come to Ninth Martial Uncle's territory again. It's said that how long will we have to resist? If we don't block those cracks, we won't be able to continue like this." Chen Xiang quickly changed the topic.

"I'm not sure about that. I can only wait for Master to come." The Ninth Junior Sister appeared behind Chen Xiang in a flash, grabbed him by his collar and said: "You were lucky, and are still fine even now, you should leave this battlefield quickly. You don't understand the Devil-killing magic kungfu, staying here will be very dangerous."

Just as the Ninth Junior Sister was about to throw Chen Xiang out, Chen Xiang stepped forward and used a bit of his spatial energy to struggle free from the Ninth Junior Sister and slid far away.

Chen Xiang laughed. "Don't worry about me, I'm fine even now, because these demons won't be able to harm me."

Suddenly, a monster in the distance spurted out a mouthful of liquid, and flew towards Chen Xiang like an arrow.

[Chapter 1782](#)

The Ninth Junior Sister was just about to take action, but she suddenly sensed that there were strange spatial changes around Chen Xiang. Chen Xiang had released a Space Domain, and just as the liquid the demon spouted was about to touch Chen Xiang, it actually penetrated Chen Xiang's body.

Chen Xiang shrunk the Space Domain down to a very small size and wrapped it around his body.

"Spatial energy, your control over space is so strong, how did you do it?" The Ninth Junior Martial Sister was very curious, but she didn't have the time to ask because in one of the spacial rifts, a hundred-foot-tall blood-red giant had appeared.

It was actually a humanoid monster, and it also had a pair of intelligent eyes. This humanoid monster had a large crystal crystal on its forehead.

The Ninth Martial Sister immediately flew over, and the Second Senior Martial Brother followed her.

Chen Xiang held a crystal in his hand and a small-scaled Taiji array appeared in his palm. Under the Array, there were even silver-white flames.

"Refine." With a move of Chen Xiang's thought, the white flames accompanied the rotating Taiji array as they danced and danced. The silver fog spread out in all directions, looking very beautiful.

Under the dual smelting of Chuangzao fire and Tai Chi, the crystal in his palm that was wrapped in a layer of shell turned into black mist and dissipated. The pure God Power in it was actually a substantial liquid.

"Ning." Soon, the ball of liquid shrunk into a peanut sized pellet.

"As expected of a profound God level monster, the divine power inside the crystal is so strong." Chen Xiang was very excited, the quality of the divine power Yuan Dan condensed was very good.

He placed the recently refined pill into his mouth, and then walked towards the crack in the ground. At the same time, he released his Heaven tour method, sending out strands of his soul to search for the condensed crystal that had fallen.

"The biggest use of Heavenly Alchemy is to turn waste into treasure. Hehe, no matter how bad it is, in my hands, I can still refine it into a pill."

Chen Xiang, who had released the Space Domain, seemed to have turned transparent as he directly penetrated through the group of demons, causing them to be unable to attack him.

"What a dense flame energy. It should be pretty good to refine the Destruction-God Fire Pill." Chen Xiang looked at the house-sized demon beast beside him. It looked like a five headed toad, with fiery red holes emerging from its body, spurting out large amounts of red liquid, but they were all useless to Chen Xiang.

Chen Xiang opened up his arms, and his legs sank into the ground. The Chuangzao fire s flowed from his feet into the ground, flowing below the flame demons, forming a circle, transforming into a Taiji array.

"It's not a crystal monster, it should be easy to refine." Chen Xiang increased the intensity of the fire, and many ancient characters and Spirit grain appeared.

"Infinite refining."

Chen Xiang's innate ability is to release this kind of Chuangzao fire. This kind of flame can be created, and it can also decompose everything.

Once the Infinite refining was activated, silver flames spewed out from the Taiji array.

In just a few seconds, the flame demon disappeared and turned into a ball of fiery red liquid, solidifying on top of the Taiji array.

Chen Xiang shrunk the Taiji array and added another Space Domain to the Taiji array. This way he could ignore all the surrounding monsters' attacks.

"Ning." Chen Xiang shouted in his heart, and that originally very large fiery red liquid quickly condensed into a small pellet.

After undergoing such compression, the fire energy within his body had become even more powerful and explosive. Once it exploded, the power would be extremely terrifying.

Chen Xiang looked at the Divine Flame Pill in his hand and nodded in satisfaction.

"There are many monsters here that possess very pure Ice Cold Divine Power. It would be best for them to be used to refine Ice seal Dan s for destruction." Chen Xiang had a new goal.

In the middle of the monster horde, he picked up the magic crystals while searching for good alchemy materials to use to make the destructive pills that could be used for attacks.

"Over six hundred crystals, that's enough." Chen Xiang also picked up a lot of things, and now, the Devil-killing Divine Palace's War Gods were all dealing with the humanoid monster.

"So powerful." Chen Xiang saw that when the Demon Slaying Palm hit the humanoid monster, only half of its body remained, but it had already grown out in an instant.

At this moment, more and more blood-red humanoid demons appeared, and almost all of them walked out from the cracks.

Even if a few wargods joined hands, it would still be difficult to deal with these humanoid monsters, let alone others.

"Back to the city." More than ten rays of golden light shot out from those spatial cracks. It was Ren Tianyong's team.

Hearing the two words "return to the city", the other War Gods all left the battle and retreated behind Ren Tianyong.

"Are we leaving just like that? These monsters must have reached the bottom of the wall." The fifth brother said, "When the time comes, our points will also be deducted."

"If we can't deal with them, we'll have to rely on senior and the others." Ren Tianyong sighed.

Xiao Chou and Tai Qiang had also returned, and together with Chen Xiang, the rest of the people followed behind the Ten Great War Gods. When they heard that the old senior was going to come out, they couldn't help but be shocked.

"Is it the old senior brother and the others?" That Ninth Junior Sister asked.

"That's right, maybe even old senior brother will come out. I don't know yet, I'll go back and tell Master about the situation first." Ren Tianyong's words caused everyone to be shocked.

The Old Senior Brother was one of the Devil-killing Heavenly God's first batch of disciples.

The second batch of ten disciples were also ten Divine Masters, whom Ren Tianyong and the others addressed as Old Senior. They rarely appeared, but they had seen Ren Tianyong before.

If someone of that level were to make a move, it would mean that the matter was extremely serious.

"Oh right, boss, a little kid came to our Devil-killing Divine Palace today. Are you in charge of receiving him? Every day, Devil-killing Divine Palace only joined a few disciples. If there were new disciples, they

would immediately receive the news and be responsible for imparting the Devil-killing magic kungfu to the new disciples.

"That's right, I'm in charge of receiving them. He came as well." Chen Xiang's identity was different, so he did not inform anyone else, and there was an urgent matter at that time.

"He didn't even learn Devil-killing magic kungfu, I let him go back." Second senior brother said.

At this time, the other War Gods also mentioned Chen Xiang, saying that Chen Xiang did not return and was leisurely picking up stones on the battlefield.

"That little brat is very powerful, his control over space is very strong, the attacks of those crystal demons are useless against him, hitting him is like hitting the air, directly piercing through, but he is completely fine." The Ninth Junior Sister said, "This little rascal should be following us from behind."

Ren Tianyong laughed a few times, and said in a low voice: "This little demon is not an ordinary little demon, Master is personally responsible for leading the way."

"What? Isn't Master in closed-door training? He actually came out to do this for the sake of this brat?" That Ninth Junior Martial Sister said in surprise.

When we get back, we'll let him see who he plans on learning Devil-killing magic kungfu from. He's a good seedling, and I hope that he can choose to learn from me. But if he chooses you guys, then don't be happy, because he won't be your disciple, and he already has a master.

Ren Tianyong's words made his junior brothers and sisters even more curious about Chen Xiang's identity.

[Chapter 1783](#)

Chen Xiang looked at the demons behind him, and realised that those strange-looking demons were actually being grabbed by the tall, red humanoid monsters, and were biting them bit by bit.

After eating the monsters, the humanoid monster was absorbing the energy of the other monsters and was becoming stronger.

Although there weren't many changes to his body, the evil aura became stronger and stronger.

As Chen Xiang pondered, he followed the rest and ran back to the Divine City, thinking about the Hell Devil Emperor.

According to the conversations of the War Gods, the reason these demons appeared here was all because of the Hell Devil Emperor. However, this Gods Realm was not an ordinary space, it would be very difficult to get the demons from other worlds to come here if one wanted to create so many cracks in this place.

"Could it be that the Hell Devil Emperor has a powerful Divine King supporting him from behind?" Chen Xiang could only explain that the Divine King had already disappeared from the Gods Realm for a long time and had been hiding there, plotting something.

Although the humanoid monsters behind them were strong, Ren Tianyong and the others didn't seem to be too nervous at all, so they weren't too worried. After all, there was still the Devil-killing Heavenly God inside, as well as the first and second batch of mysterious and powerful disciples.

After Chen Xiang and the rest rushed into the city, the city gates immediately closed up.

"Boss, do we still need to deduct points? How much are we deducting?" The fifth brother asked. At this moment, many people were very concerned about this matter.

"There's no need to deduct points. You've already done your best. I never thought that those demons would be so powerful. That's no longer within our capabilities. It's none of your business." Ren Tianyong laughed, "Next up, we just need to wait inside the city for a while, after Senior Brother and the rest are done cleaning up, we will be able to recover our calm."

After everyone heard this, they happily split up and left in a group.

"Those demons are really powerful, especially those monsters with crystals on their foreheads. It took me, Old Tai, and I a lot of effort to kill a small one." Xiao Chou sighed: "Looks like our strength still needs to be improved."

"Chen Xiang, you can go to the tenth floor of the Devil-killing Divine Palace. Ren Tianyong whispered to Chen Xiang.

Chen Xiang and Xiao Chou greeted each other and quickly walked towards the Devil-killing Divine Palace, entering the tenth floor.

There were five people on the tenth floor. One of them was Ren Tianyong, and the other four were the masked Second Senior Brother, Fifth Brother, Ninth Junior Sister, and the youngest of the ten great wargods,.

"You have just joined the Devil-killing Divine Palace, you need to learn the Devil-killing magic kungfu, you can choose one of us." smiled slightly, he had not revealed Chen Xiang's identity to his other disciples yet.

Chen Xiang nodded, this was the Devil-killing Divine Palace's rule. Previously, Tai Qiang and Xiao Chou had both told him that Tai Qiang was the one who guided them, while Xiao Chou was the fatty, Ol 'Five.

"Then how should I choose?" Chen Xiang asked.

"I'm better at fire." Second senior brother said, "However, I can only instruct you once every month for two hours, because I don't have much time."

"I specialize in the usage of special, berserk divine power." The fatty said.

"I'm skilled in lightning." That simple and honest Tenth Bro grinned.

"Ninth Martial Uncle specializes in icy cold power. I've seen it before." Chen Xiang laughed.

The Ninth Martial Sister nodded.

Ren Tianyong asked: "I am proficient in sword arts, and most of the Devil-killing magic kungfu I use are related to sword arts."

"There are still five of the top ten wargods" Chen Xiang asked again, he really did not know who to choose at the moment.

"Yes, but they are not responsible for coaching now." Ren Tianyong nodded his head, "You should be more proficient in fire, but Second Brother has other things to do during this period of time, so I suggest that you choose Second Brother."

Just as Chen Xiang was about to make a decision, an aged voice sounded. "I'll be his guide, you guys are unable to unearth his potential."

The one who spoke was Devil-killing Heavenly God, which made Second Senior Brother and the rest quite shocked, but Ren Tianyong did not find it strange.

"Master... Aren't you in closed-door training? Will this affect you?" That Ninth Junior Sister asked.

"No worries, I will personally teach him the Devil-killing magic kungfu. In the past few million years, I have created a lot of Devil-killing magic kungfu s, but many of them were created due to various reasons that no one has learned, especially one of them. Even though I was able to create one, but even I am unable to fully display its true power." The Devil-killing Heavenly God said.

"Chen Xiang, 30th floor."

"Yes, Main Heavenly God." Chen Xiang hurried up the stairs.

That Second Senior Brother and the rest, looking at Chen Xiang's back figure, were all shocked speechless.

"Boss, this little demon is that little demon that caused Hell Devil Emperor to go crazy." The fat fifth brother exclaimed, "I didn't think that we would reach the Gods Realm so quickly, moreover, it's inside our own Devil-killing Divine Palace."

"So you're saying, the reason the demons are attacking us is because the Hell Devil Emperor is dissatisfied with us?" Ninth Junior Sister frowned: "Did the Heavenly Alchemy in his body really make Hell Devil Emperor give it his all?"

Ren Tianyong laughed and said, "Actually, Hell Devil Emperor felt that it was impossible to accept this. He gave up so much, but in the end, he could not do anything to Chen Xiang. He and Chen Xiang are already dead together, and now we just need to see if Master can make the God of Fortune and the Fire God let go, and stop bothering Chen Xiang."

... ..

Chen Xiang arrived at the thirtieth floor but he still did not see Devil-killing Heavenly God this time. Devil-killing Heavenly God was in closed door cultivation and had only sent out a wisp of his consciousness to pass on his cultivation technique.

"Main Heavenly God, since even you are unable to unleash the might of the Devil-killing magic kungfu, why are you so confident that I can control it and unleash its true power?" Chen Xiang asked.

"Because you have the Heavenly Alchemy, so you can wield it by yourself. Furthermore, you have comprehended many miraculous methods from it, so I believe that you will be able to combine my Devil-killing magic kungfu with the Heavenly Alchemy at that time." The Devil-killing Heavenly God said.

Chen Xiang suspected that the Devil-killing Heavenly God must have a certain level of understanding towards the Heavenly Alchemy, if not he would not know that the Devil-killing magic kungfu and the Devil-killing magic kungfu could be fused.

"Seven devil-slain kungfu, the name sounds simple, but it is extremely profound. Every move has its own changes and I will now transmit this Seven devil-slain kungfu to your mind."

Chen Xiang nodded his head. After he finished preparing, a few mental cultivation methods and chants appeared in his mind, he seemed to be able to understand them, but after carefully studying them, he felt that they were becoming more profound, and in the end, became difficult to understand. Chen Xiang felt that it was extremely strange.

"Every move has seven forms, but these seven forms shouldn't be fixed, right? The words inside the cultivation technique are very vague." Chen Xiang was extremely confident in his comprehension abilities, but he didn't expect that he wouldn't be able to understand anything right now.

That's right, the first style is a transformation that comes along with the body, the second is a transformation that comes along with the power, and that's the God Power. The third style is a transformation that comes along with the will, and that's the combination of the body and God Power.

[Chapter 1784](#)

It was Chen Xiang's first time seeing it, but according to the difficulty of this art, it was indeed very strong. If he could use the first form of this art, it would definitely allow his power to increase by many times.

"Now, let me tell you about the first form, the transformation of the body. I'll combine it with my experience ..." Devil-killing Heavenly God explained in great detail to Chen Xiang for a whole three days and three nights.

Chen Xiang listened very seriously and remembered it all in his mind. He thought about it repeatedly, but it was still hard to find an opening.

"It looks like I'll need some time to comprehend it. It's as strange as the Heavenly Alchemy." Chen Xiang left the thirtieth floor.

Devil-killing Heavenly God had only explained the first move to him, but it was enough for him to learn it for a long time.

When Chen Xiang walked out of the Devil-killing Divine Palace, he suddenly felt waves of weak trembling.

"Are the demons attacking the city?" Chen Xiang heard the muffled booms, and at the same time, many of the disciples of the Devil-killing Divine Palace all went to the city walls to watch the commotion, because the second wave of disciples had made their moves.

Chen Xiang also wanted to go over to have a look, but he had more important things to do right now.

"Master, where are you going? Aren't you going to watch the show?" Xiao Chou suddenly ran over, and waited for him for three days.

"I'm not going. I'm going to see how much the pill furnaces are selling." Chen Xiang said: "I'm lacking a pill furnace, my previous one is about to fall behind."

Although the Yanlong furnace was a pretty good pill furnace, as the flames Chen Xiang released became stronger and the pills Chen Xiang refined became higher and higher, the Yanlong furnace was somewhat unable to withstand it.

"Then I'll go by myself. Old Tai has already helped us get a good position up there. That's because that's what the seniors are doing. It's said that those demons are also very strong. They'll be fighting for months." Xiao Chou saw that Chen Xiang still had an expression of interest, he shook his head, and ran towards the city wall.

Even when Chen Xiang arrived at the Devil-killing Divine City, he did not take a good look around. The Devil-killing Divine City could be considered a Great Divine City, and there were a lot of things that he could sell here.

"Hey, aren't you going to take a look at how the old martial brother and the others are fighting the monsters? You're the one who attracted those monsters." Chen Xiang's shoulder was suddenly patted. The one who spoke was a woman, it was the Ninth Junior Sister.

Chen Xiang sighed: "I feel very guilty about this, I also did not expect that I would bring trouble to the Devil-killing Divine Palace."

"Actually, this is nothing. The appearance of those monsters is not a bad thing for us. At least they can help us practice." The Ninth Junior Sister faintly smiled. She was currently wearing a mask that covered half of her face. Her beautiful smile made people want to take off their masks even more.

"Ninth Martial Uncle, aren't you going to watch the show?" Chen Xiang also laughed, the female god in front of him was looking at him with a curious gaze. Chen Xiang thought that she was probably here to ask some questions to satisfy his curiosity.

"I've been looking at it for two or three days. It's rather boring. Oh right, what kind of cultivation technique did Master pass on to you?" The Ninth Junior Martial Sister giggled: "Tell me, maybe I've cultivated before, back then I also cultivated many different kinds of Devil-killing magic kungfu before finally finding a suitable one for myself, maybe I can teach you a little."

Chen Xiang looked around and said: "It's not convenient to talk here."

After that, the Ninth Junior Sister brought Chen Xiang to the third level of Devil-killing Divine Palace. This was her territory, and Chen Xiang even found out her name was Wang Jinshi.

"What, Master actually passed the Seven devil-slain kungfu to you?" Wang Jinshi said in surprise after hearing what Chen Xiang had said.

"Is there a problem?" Chen Xiang felt that this Seven devil-slain kungfu should be very strong. Although he had not learnt it yet, he was very satisfied.

"Of course there's a problem, this Seven devil-slain kungfu is simply an unbeatable Devil-killing magic kungfu. Although Master always says that we don't have enough fire talent, he has only learned two and a half moves himself, and has also learned it for many years." "When we first entered the sect ten years ago, he taught us this Devil-killing magic kungfu, which was this Seven devil-slain kungfu. We wasted several thousand years of time on it, but in the end, we still didn't learn anything."

"Fortunately, it's only delaying our progress in learning the Devil-killing magic kungfu, and it's not delaying our cultivation time. Now it's your turn, the Seven devil-slain kungfu is really deceitful."

Chen Xiang nodded his head: "Indeed, but I think that it's very powerful. I plan to try it for a period of time."

Wang Jinshi took off her mask, revealing her beautiful and mature oval face, she said with a low laugh: "Even though you didn't acknowledge my master as your master, he passed down the Seven devil-slain kungfu to you, so no matter what, it can be considered half a disciple to him. From now on, you are my junior brother, so you can call me senior sister only when you and I are together."

Chen Xiang was stunned for a moment, then smiled: "Greetings, Senior Sister."

"Little junior brother, how about this, you follow me to cultivate the Demon Slaying Profound Cold Art, so that when you are dealing with evil spirits, you will be able to use a set of Devil-killing magic kungfu." Wang Jinshi said in a low voice.

"Senior Sister, you should know that I'm from the Alchemist. My innate ability is related to flames, is it appropriate for me to cultivate this Demon Slaying Profound Cold Art?" Chen Xiang laughed dryly. This Wang Jinshi was actually so enthusiastic, if it was appropriate, he would not mind.

"It shouldn't be appropriate." Wang Jinshi sighed: "Then when you meet Hell Devil Emperor's people in the future, you must be careful."

Chen Xiang nodded his head: "Thank you for your concern, Senior Sister, by the way, I want to buy a good pill furnace, which shop is better here?"

Wang Jinshi slapped the table and laughed: "Of course we are going to look for second brother, second brother is the refiner, he has been busy recently and is in a rush to refine and sell divine weapons, he needs some divine money."

Only now did Chen Xiang realize that he did not have much divine money on him.

"Can you get some credit with second uncle?" Chen Xiang asked somewhat awkwardly: "I'm short on money."

"No, this guy is really stingy. He can't even be bothered about a single divine coin. There were several times when I was too short of money and couldn't even get any credit from him." gritted his teeth in anger as he spoke of his Second Senior Brother, "But don't worry, Senior Sister is very generous. How much money do you need?"

"Senior sister, you have been so kind to me. I will definitely remember your kindness in the future." Chen Xiang smiled and said with gratitude.

"There's no need to be courteous. Youngest junior brother, your spatial energy is so powerful. How did you manage to do that?" Wang Jinshi asked with her eyes wide open, she was extremely interested in this.

"This is my secret. Senior sister, don't tell anyone, I'll tell you." Seeing Wang Jinshi, Chen Xiang hurriedly nodded and said in a low voice, "Because I have merged with a spatial Rule spiritual bead, so I can control the power of the spatial laws."

Wang Jinshi exclaimed repeatedly, "So that's how it is. No wonder Hell Devil Emperor couldn't do anything to you. Rule spiritual bead is truly a good item."

Chen Xiang scratched his chin: "Gods Realm, are there very few of these Rule spiritual bead as well?"

"It is rare, but there are still clues I need to find. For example, the Ice Snow Rule spiritual bead, they are mostly underneath the Divine Ice Abyss, and there is a world of ice and snow underneath it. I've been there many times, but I couldn't find any." Wang Jinshi sighed: "The last time someone sold it, it was extremely expensive and required a billion dollars. Finally, it was bought by one of the disciples of the God of Fortune."

"Let's go and find the second brother to buy a pill furnace. If he doesn't have one that you're satisfied with, we can customize another one." Wang Jinshi pulled Chen Xiang down the stairs and onto the main street.

Wang Jinshi had already put on her mask. Standing beside her, Chen Xiang felt a little uncomfortable. After all, this was a Super profound God, and a female War God.

On the way, Chen Xiang found out that the Second Senior Brother was called Yuan Baibing and was a rather famous artificer, especially in the Devil-killing Divine City. Many profound God s looked for him to customize their Divine Weapon, so he was the richest amongst all their disciples.

Yuan Baibing's shop had a very good location. There were more than a dozen very large shops, a total of three floors.

There were a few lower grade Holy-ranked equipment, but they were not forged by Yuan Baibing himself, but by the other blacksmiths in his shop.

"Number two, which pill furnace is the best here?" Wang Jinshi walked over to the counter and slapped the jade plate that was placed on top of the counter.

The jade plate trembled for a moment, then Yuan Baibing's voice came out: "What do you want to do with the pill refining furnace? You want to start refining pills, but don't you cultivate the Ice Cold Divine Power?"

"Second martial uncle, I want to buy it." Chen Xiang said.

When Yuan Baibing heard Chen Xiang's voice, he walked out of the secret room to the end of the counter. He looked at Chen Xiang for a while, and then asked in a low voice.

"It's that darn thing called the Seven devil-slain kungfu." Wang Jinshi stuck out his tongue.

"What a sin. Master has cheated another ignorant youth." Yuan Baibing shook his head and sighed, then patted Chen Xiang's shoulders: "Don't worry, just endure it. In a few thousand years, Master will definitely be able to see that you aren't suitable to cultivate the Seven devil-slain kungfu, and then on, cultivate something else will be alright."

"Second brother, why don't you pass your Demon Slaying Profound Fire Art to him now?" Wang Jinshi said.

"No, if Master knew, I'd be in trouble." Yuan Baibing hurriedly shook his head, then asked Chen Xiang: "This cauldron is the best one here, it's a middle grade divine tool, it's worth six million divine money. If I sell it to you, it's worth 5.99 million."

"This..." When Chen Xiang heard this number, he was shocked.

"So expensive. I only have 5 million Godly money right now." Wang Jinshi bit her lower lip. She had promised Chen Xiang that she would buy a good pill furnace for him.

"Then what about the cheapest, low-grade divine artifacts?" Chen Xiang felt that as long as it was a Divine Stove, even if the furnace exploded, it would not shatter the pill furnace.

"Although the thirty godly pill furnaces are only low-grade divine tools, to be honest, those things can only be used to store water. They were even made by the weakest of refiners. That old man is still in our shop." Yuan Baibing said: "Are you sure you want the cheapest one?"

Chen Xiang nodded his head: "Just thirty divine coins, enough for me to use. When I earn enough divine money in the future, I'll come here to buy a good one."

"No." Wang Jinshi felt that Chen Xiang must have felt wronged to be using such a low grade pill furnace, so he asked: "Oh 'Two, do you have a pill furnace with five million gold coins?"

"Yes."

Yuan Baibing could already tell that her Ninth Junior Sister wanted to lend some money to Chen Xiang. Wang Jinshi had done this kind of thing frequently in the past, she was an extremely generous woman, and this was something that everyone knew in Devil-killing Divine Palace.

[Chapter 1785](#)

Chen Xiang was not really that anxious about the divine furnace that was worth five million, to him, right now, he could only handle the middle grade Holy Pellet and the Shangpin holy Dan s. Any good holy equipment would be able to deal with it, not to mention the God level's furnace.

Therefore, these thirty low-grade, low-grade God Stones were considered good for Chen Xiang, and were enough for him to use.

If he needed a good divine furnace, that was what he needed to refine. At that time, he would have Xue Xianxian and the other girls help him refine it.

In the Gods Realm, pill furnaces were not easy to sell, especially those kind of expensive divine furnaces. This was because those who could afford to use these pill furnaces would have their own artificers to refine them for free, so Yuan Baibing was very happy right now.

"No need, the thirty divine money will be enough for me to use." Chen Xiang anxiously said, he did not want Wang Jinshi to spend so much money, and also give him pressure.

It would be better to buy medicinal herbs for him than pill furnaces.

"Four million eight hundred thousand." Yuan Baibing immediately said as he silently cursed Chen Xiang in his heart. He actually refused to accept even a scammer like Wang Jinshi who was willing to pay.

Wang Jinshi said: "Definitely, you are Alchemist, although you are still unable to concoct Divine Pills, but you have a good pill furnace, which can allow you to have twice the results with half the effort, I will lend you the divine money, you can return it to me later, I am not in a hurry to use it anyway."

Chen Xiang was extremely grateful to Wang Jinshi in her heart. She was so generous, and she was in stark contrast with the Yuan Baibing in front of her.

"Second Martial Uncle, give me the pill furnace that is worth thirty dollars. I want this." Chen Xiang said, his attitude was firm as well.

Yuan Baibing saw that the business was no longer viable and became anxious: "Little brother, let me say, are you looking down on my level of equipment forging? Do you think that my pill furnace is not worth this amount of money? If it wasn't for the fact that Master doted on you so much, I wouldn't have given you such a low price. The last time someone came to buy it, I wouldn't even sell it for six million, now I give you four million and five hundred thousand."

Wang Jinshi was surprised. It was rare to see his usually stingy second senior brother actually lowering the price so much in one go.

Chen Xiang said to Wang Jinshi: "Senior Sister, I really don't need that pill furnace. To tell you the truth, my wife is a refiner, and when I really need a good pill furnace in the future, I will ask her to help me refine it. If I don't use the pill furnace that they refined, they would be in a hurry with me."

Hearing this, Wang Jinshi frowned: "They, you have so many wives."

It's only two or three. They haven't come to the Gods Realm yet, but they will definitely come in the future. Furthermore, they are all excellent artificers. Chen Xiang said.

"Fine."

After Wang Jinshi agreed, he said to Yuan Baibing: "Second Senior Brother, I only have two million on me right now.

Hearing that, Yuan Baibing's voice also became lighter, and he smiled to Chen Xiang: "Little brother, it is more suitable for you to use a low grade pill furnace now, I just thought about it, with your current pill refining level, even if you use a high grade furnace, it would be impossible to use it."

Yuan Baibing obviously did not want to take credit, so he took out the thirty god pill furnace.

Chen Xiang secretly laughed in his heart. Wang Jinshi understood this second senior brother very well, so if he said that, Yuan Baibing would not insist on letting him buy it.

Wang Jinshi helped Chen Xiang pay the thirty divine coins, then took him to visit some other places.

"I'll give it back to you soon." Chen Xiang looked at the little pill furnace in his palm. Although this pill furnace was cheap, it still had the ability to grow bigger and smaller. The space inside was also relatively larger, so he was very satisfied with this pill furnace.

"It's just a little bit of money." Wang Jinshi was really generous, he pointed to a blade and said: This blade is not bad, it's one of the better low grade divine tools, only a hundred thousand gold coins, look if it's suitable, I'll give it to you.

Wang Jinshi was a Super profound God, but several million was still a large sum of money for a profound God like her that didn't know how to refine pills.

"No, I don't like it much." Even if Chen Xiang wished, he could not take advantage of Wang Jinshi. After all, it was not easy for Wang Jinshi to earn money.

"Senior sister, how do you usually earn that much money?" Chen Xiang asked.

"F * ck, I'm the War God. I can go to the War God Shrine or the Devil-killing Divine Palace to get some missions with high rewards. Don't look at how I only have a few million on me right now, I've lent over a hundred million." Wang Jinshi said.

Chen Xiang believed her words. She had just met him, so she wanted to lend him 5 million Godly money.

"To be honest, among the people I know, besides a tycoon, the rest of them are all poor. Only Master is relatively rich, but he is also very stingy." Wang Jinshi looked at the emerald green long sword placed in the shop, staring intently, as if he really wanted to do that.

"Even boss owes me some divine money. After a while, I'll find them to return it. I want to buy a Superior Grade Divine Sword." Wang Jinshi laughed: "You are a Alchemist, you will definitely have money in the future. When the time comes, I will borrow money from you, you better not be like a stingy number two, and find a whole bunch of reasons to reject me."

Chen Xiang felt that Wang Jinshi was a little silly, he had lent him over a hundred million, but he did not take it back even now. Even Ren Tianyong owed her, so how could the disciples of the Devil-killing Divine Palace be so poor?

In the Gods Realm, if one did not have a good technique, it would be difficult to earn money. Even for a profound God like Wang Jinshi, it was the same.

"Senior Sister, are you free right now?" Chen Xiang asked.

"That's right, I just completed a big business deal and plan to rest for a while. Do you have anything you want to entrust to me?" Wang Jinshi continued to look at the jade sword as she called Yuan Baibing over.

Yuan Baibing said somewhat impatiently, "Ninth Junior Sister, this sword will not be short of divine money. No matter how many times I ask you, it will always be a hundred and eighty million divine money."

Chen Xiang was shocked by this number. One hundred eighty million Godly.

"Why is it so expensive? There doesn't seem to be anything special about it." Chen Xiang curiously asked and then carefully looked, but he still could not see anything.

"Of course you can't tell, but this sword is a Smoke sword that the Sword God forged for his beloved daughter back then. It has a lot of significance, and it is a Superior Grade Divine Weapon." Wang Jinshi explained.

"Such an expensive item is just placed here." Chen Xiang did not think that the origins of this sword was so big, he thought that Yuan Baibing refined it himself.

Yuan Baibing laughed: "Someone who dares to steal things here, before he comes out of the door, I will turn him into ashes."

Chen Xiang asked: "Is the Sword God very strong? Why is his beloved daughter's divine sword here?"

Yuan Baibing said: "The Sword God is a guy that even the God of Fortune is afraid of. Back then, he almost destroyed Wealth Divine Palace by himself and the Sword God is also the master of the Penalty Heavenly God. Do you think that such a guy is scary?"

"What about him?" Chen Xiang took a deep breath. He even admired the guy who dared to go against the God of Fortune.

"I don't know, I heard he was sent to Divine Prison, you stayed in there for a while, have you not heard of him?" Yuan Baibing asked.

There were nine blood colored Bane Stars in Divine Prison. He had indeed heard of some extraordinary people in other Bane Stars, but he did not expect the Sword God to be here.

"Second senior brother, I'll give you one million spiritual coins. How about you give me this sword for one year?" Wang Jinshi asked.

"No." Yuan Baibing shook his head.

"One month."

Yuan Baibing still shook his head: "I won't lend it to you. If you want it, you can only buy it."

"180 million. Who else can afford it other than you, Master?" Wang Jinshi sighed softly, then reluctantly shifted his gaze away and left the shop.

Chen Xiang followed behind her. It was obvious that she really wanted that Smoke sword.

"If only Xue Yi was here, she might be able to see something." Chen Xiang kept feeling that to Wang Jinshi, that sword was more than just a high-grade divine tool.

There was still a battle going on outside of Divine City, and it was getting more and more intense.

Chen Xiang followed Wang Jinshi all the way back to Devil-killing Divine Palace, and when they reached Wang Jinshi's floor, they just saw her holding onto her cheeks and looking out of the window, and the window was directly facing Yuan Baibing's shop, allowing her to see the Smoke sword s.

"Senior sister, is that sword very important to you? Why don't you let the Main Heavenly God decide for you and seize that divine sword?" Chen Xiang asked.

"No, if I want anything, I have to do it through myself. This is something Master has often said over the years, so he won't help me." Wang Jinshi shook his head.

"Why don't you just go and take back the divine money that you lent?" Chen Xiang continued, "At that time, as long as we gather enough resources, we will have enough to buy it."

"Most of them can't be taken back because most of the people who borrowed my divine money were from my team. They're already dead." Wang Jinshi let out a long sigh, carrying a trace of grief. It was clear that it was because of the death of her teammate that caused her so much pain in her heart.

Chen Xiang thought for a while, then said: "Senior Sister, what is the price of profound God's Divine Deity right now?"

Wang Jinshi turned her head, her eyebrows knitted together as she asked suspiciously: "You want me to pawn my Divine Deity, that won't do, if Master finds out, I'll be scolded to death."

"No, this is my secret. I have the profound God's Divine Deity in my hands." Chen Xiang smiled mysteriously: "I can lend it to you, but I need you to help me with a few things."

Wang Jinshi immediately opened her mouth wide and quickly nodded her head. It seemed like she really wanted to get the Smoke sword, before Chen Xiang even said what he wanted her to do, she had already nodded her head and agreed.

"Then we'll have to see what profound God's Divine Deity is. The Divine Deity of a lower profound God is currently around a hundred million divine coins, and the middle profound God is double the price."

Chen Xiang had the profound God's Divine Deity in his hands, and he had obviously obtained it from inside the Divine Prison.

Chen Xiang took out a piece of the profound God's Divine Deity. This was what the Hell Devil Emperor had taken out after the defeat of the two War Gods sent out by the Azure Dragon.

[Chapter 1786](#)

"This is the middle profound God's Divine Deity and it isn't imprinted yet. However, the aura of war god is so thick, it should be inside the War God Shrine." Wang Jinshi took it, "At that time, the Hell Devil Emperor sent two War Gods to the Divine Prison to kill the Azure Dragon, this Divine Deity must be one of them. If it was the War God's Divine Deity, it could be a little more expensive."

"You aren't even a True God yet, but you actually have such a thing. Even if I sell this Divine Deity and buy the Smoke sword, I should still be able to save forty to fifty million dollars."

Wang Jinshi was very excited and asked: "Tell me, what do you want me to help you with?"

"The first thing you need to do is to help me find a person called Yang Yan, who is the son of a disciple of the Shining God. Go and find out where he is, I want to know, and the second thing you need to do is to help me leave a mark in the Divine City. I want to contact an old friend here, and the third thing ... Wait until you buy the Smoke sword, because that would require a huge sum of money. "

Wang Jinshi nodded his head: "I will first go and make a move on this Divine Deity, I can directly look for Second Brother to make good on it, it won't be long."

Divine Deity could also be used for cultivation, so Chen Xiang planned to leave a piece of profound God's Divine Deity for himself to cultivate.

Yuan Baibing was in urgent need of divine money, so it was obvious that it was used to purchase Divine Pills to raise his strength.

Wang Jinshi quickly left the Devil-killing Divine Palace, where he waited for her to return.

"We should hurry and find Xue Yi. With her cooperation, I will be able to get more than a billion spirit coins as soon as possible, and then go to the Divine Prison to save the Azure Dragon." Chen Xiang already knew that more than five thousand years had passed in the Divine Prison. The five thousand years that he had lost were lost in the passage opened by the Azure Dragon.

To quickly obtain a large amount of divine money, the only way was to buy the Holy level s for a low price, and then sell them for two or three pieces of the Heavenly Alchemy. That was the reason why Chen Xiang needed to find Yang Yan.

Chen Xiang, who was strong and sturdy in the Divine Prison, should have a huge advantage in terms of access. The reason he had Wang Jinshi go to the various great Divine City s to leave behind secret records was to contact Long Xueyi.

An hour later, Wang Jinshi returned in high spirits. The moment she saw Chen Xiang, she took out the Smoke sword, which was her wish for many years.

"I sold it for two hundred and thirty million, so I'll give you this fifty million." Wang Jinshi threw a jade token to Chen Xiang: "You only need to drip blood, you can go to the God of Fortune's native bank to receive it."

Wang Jinshi fondled the Smoke sword lovingly, and laughed: "I've finally got it, it feels so good to be back" "My darling."

"What, the feeling of coming back? You've had it before." Chen Xiang asked in shock.

"Ah!" Wang Jinshi realized that he blurted out something, and his eyes rolled a few times as he mumbled, "About this ... "I used to, I mean ..."

"Alright, I'll tell you, but don't tell anyone else, this sword was made for me by my father, and I am the Sword God's daughter. Actually, this sword was made for my mother by my father, and my mother's name is Fei Yan." Wang Jinshi bit her lips. This sword was the only thing her parents had left for her.

Chen Xiang was not too surprised, he had already seen through it before, "Does Main Heavenly God know about this matter?"

"I don't know, please don't tell him, although my father is the Sword God, he isn't very popular in the Gods Realm. Originally, he had already been sent to hell with his body, but the hell did not manage to trap him, and he even caused a ruckus. Finally, the Gods joined forces to seal him in the Divine Prison." Wang Jinshi solemnly warned Chen Xiang.

"So powerful." Chen Xiang imagined the Sword God playing around in hell with the Divine Sword in his hand, and he felt very excited.

"This is my secret. I only told you this because you helped me get this sword back. Do not tell anyone." Wang Jinshi warned Chen Xiang again: "In order to conceal my identity, I don't even dare to use my father's sword technique."

Chen Xiang said: "If you don't dare to use it, then pass it to me. I dare to use anything."

"No, it's not that I'm petty, it's just that the sword technique is too dangerous, not inferior to your Heavenly Alchemy. Gods Realm has four great Taboo magic, which is similar to my father's God Murdering Sword Techniques.

"God Murdering Sword Techniques, this is a good name." Chen Xiang was suddenly very interested, and said quickly: "Senior sister, can you pass the God Murdering Sword Techniques to me, how about you write off the divine money you owe me?"

Wang Jinshi laughed, "How can Taboo magic be so cheap ... "Even if I offer 10 billion, I can still sell it."

"Then forget it." Chen Xiang sighed.

Chen Xiang had helped him so much, and now that she saw Chen Xiang's expression, Wang Jinshi felt a little sorry. Although her father never said that it couldn't be spread to others, she was worried that it would bring trouble to Chen Xiang.

However, the God Murdering Sword Techniques is different. The Devil-killing Heavenly God has always regarded this sword technique as evil, and if he were to find out, it will definitely be very troublesome. Wang Jinshi said.

"Don't worry, I don't need to use it. Even if I use it, I will be very careful. I'm very good at it." Chen Xiang used the same devil arts that Bai Youyou taught him back then.

Wang Jinshi hesitated for a while, then sighed and pointed at the center of Chen Xiang's brows: "After I pass this God Murdering Sword Techniques to you, you have to promise me a few things. Firstly, you must not leak out the fact that you possess the God Murdering Sword Techniques, and secondly, if you want to pass it on to others, you must get my permission first.

Chen Xiang hurriedly nodded: "I promise you, to tell you the truth, I plan to go to the Divine Prison again. I want to save the Azure Dragon, and at that time, I will help you find the Sword God."

"Alright." Wang Jinshi immediately transmitted the God Murdering Sword Techniques into Chen Xiang's mind.

Wang Jinshi said: "You said before, what was the third thing you wanted me to do for you. Don't worry, I will help you finish it."

"This will require some divine money. I want you to help me purchase a batch of middle-ranked divine medicine." Chen Xiang said: "Of course, if you can find Yang Yan, I will let him do it."

"I never thought that you would be so good to the people of the Wealth Divine Palace. The God of Fortune was working with the Hell Devil Emperor to capture you." Wang Jinshi said.

This Yang Yan is different. When I was in Divine Prison, he helped me before. Chen Xiang laughed, "Moreover, this guy doesn't really agree with the God of Fortune."

[Chapter 1787](#)

After Wang Jinshi left the Devil-killing Divine Palace, Chen Xiang also returned to Tai Qiang's house. He felt that it would be much better over there.

The Devil-killing Divine City had only closed the city gate, but it could still be transferred to the other Great Divine City s. Wang Jinshi could quickly finish what Chen Xiang had told him to do.

Chen Xiang entered the secret room. He had previously told Tai Qiang that if he entered the secret room, there was no need to disturb him unless it was something extremely important.

"Although this Divine Stove is of low quality, it is already pretty good for me. It is enough for me to use for a period of time. When Xianxian and the others come up, I'll get them to help refine a better one."

Chen Xiang allowed the furnace to grow a lot larger, and took out the Demon Crystals he had collected before. There were a few hundred in total, and they contained a dense amount of energy inside.

"To become a true god is to become one, at that time, even if I have to face profound God or Evil Demons that are much stronger than me, I will be able to escape."

Chen Xiang threw a huge pile of Demonic Crystals into the divine furnace. He placed all of the crystals into the furnace in one go, refining so many crystals was not difficult for him at all.

Although it was his first time using this Divine Stove, Chen Xiang's adaptability was strong, and he would be able to adapt to it very quickly. Using the Infinite refining and Chuangzao fire, he spent one day and one night to refine the hundreds of crystals into a small pill.

"I'm only a step away from becoming a True God now. This pill should be able to help me advance a level." After Chen Xiang swallowed it, he operated the Heavenly Alchemy and started cultivating.

, who was currently cultivating with his eyes closed, did not feel the passage of time.

The Inner Yuan of his soul is the so-called Emperor soul, and right now, he wants to condense a soul lattice within the Inner Yuan.

As long as he had enough resources to support him, coupled with a decent amount of cultivation methods, it would not be difficult for him to condense a soul lattice. Right now, he could see that a very small crystal had already appeared in his Inner Yuan.

"With the Heavenly Alchemy, I will be able to accomplish twice the results with half the effort." When Chen Xiang cultivated using the Heavenly Alchemy, he refined the pellet he ate very quickly. At the same time, he was also able to quickly condense soul grimoires, which was equivalent to refining pellets.

It didn't take long for his soul lattice to be very large, and he had almost absorbed all of the power brought by the pill.

"It's begun." Chen Xiang's mind stirred and he began to integrate his Divine Deity and soul origin soul. All of this was like refining pills and he needed to knead everything together, make them fuse together perfectly and create an even more powerful effect.

Although it was not concocting a pill, in Chen Xiang's eyes, it was as if he was concocting a pill. For a Alchemist like him who cultivated the Heavenly Alchemy, this was extremely easy.

"Ning." Chen Xiang channeled his Heavenly Alchemy, and suddenly released a very strong power of dissolution, transforming the thing he needed to fuse into primal chaos, and then, he fused it together again.

The moment Chen Xiang's Divine Deity, divine soul and soul were fused perfectly, he suddenly felt a vast power surging over, making him almost shout out loud.

"This is a True God." Chen Xiang looked at his Divine Sense Sea World. The space inside was growing larger and larger, and he could already generate a weak energy of his own.

If his physical body was destroyed at this moment, if his soul was able to escape in time, he would still not die, and he might not even lose his boundless divine power.

"The so-called 'True God' should mean that the soul has already evolved to the same level as the original body." Chen Xiang spread open his palm. With a thought, a white light flashed on his palm and a little person the size of a thumb appeared. This little person was exactly the same as him, only a lot smaller.

Chen Xiang reached out to pinch this little person. This little person's skin was soft and tender, and was extremely real.

The most powerful part of this little girl was that she could transform into a hollow spirit, which allowed her to dodge attacks to a certain degree.

"The Divine Deity has already been compressed to a very small degree and is hidden inside." Chen Xiang poked the little girl's stomach with his finger, and couldn't help but smile, and then placed it inside the Divine Sense Sea s. This way, it would become safer.

Chen Xiang did not cultivate for too long this time, it only took more than ten days, but the battle with the devil monsters outside the city was still not over.

Thinking about how the crystals of those demons were so easy to use, but they would definitely be destroyed in the other battles within the Heavenly God level, Chen Xiang felt his heart ache.

"These demons are really powerful." Chen Xiang walked into the hall and sighed.

"Master, you didn't go watch the battle. It's such a pity, we witnessed the power of the second group of disciples from the Main Heavenly God. Those are all real gods." Xiao Chou was a little excited, "I will become a god in the future, but I will be even more powerful."

Chen Xiang asked: "Has anyone come to find me these past few days?"

"Yes, Ninth Martial Uncle came to find you and told you to go find her immediately." Tai Qiang said.

Xiao Chou smiled mysteriously, "Master, this Ninth Martial Uncle seems to treat you quite well."

"I'm working with her right now, so don't think too much." Chen Xiang lightly patted Xiao Chou's head. "After the big battle is over, you guys can go find a good mission. We'll go practice together."

Chen Xiang quickly walked out of the house and headed towards Devil-killing Divine Palace.

Wang Jinshi would be here five days ago, so the task that Chen Xiang asked her to do was extremely smooth for her.

Seeing Chen Xiang coming over, Wang Jinshi said unhappily: "You are not training here, are you treating me like an outsider?"

"Of course not." Chen Xiang laughed dryly and asked: "How is the matter, did you find Yang Yan?"

"I found it. He has already returned from the Divine Prison. He has returned for over a hundred years."

Wang Jinshi said: "And I have already left those imprints in the various Divine City s, is there anything else I need to do next."

"Where is Yang Yan? I'll go find him first. Just don't refuse when I need your help in the future." Chen Xiang laughed.

"Of course not."

Knowing that Yang Yan had fallen behind, Chen Xiang was slightly happy and immediately left the Devil-killing Divine City.

This was the Divine City constructed by one of the four disciples of the God of Fortune, Brilliance, and was also a Great Divine City. Yang Yan was the disciple of Brilliant God, so it was normal for him to be here.

"Yang Yan this guy, stayed in the Divine Prison for so long, he should have gotten a lot from his father." Chen Xiang arrived at the entrance of a native bank, where a few words were written.

Yang Yan's father, Yang Kai Rui, was a disciple of the Shining God. After returning from Divine Prison, he was arranged to take care of the native bank here.

This native bank was very big, after all, this Heaven Brilliant Divine City was also a huge city, and as the only native bank here, its size was definitely not small.

Although Yang Yan lived in the native bank, he only stayed there when he was resting. Usually, he stayed in the high-class restaurants here, becoming stronger friends, just like when he was in the Divine Prison.

Therefore, Yang Yan's circle was very wide, and that was why Chen Xiang asked for his help to purchase the middle grade medicinal ingredients.

"It's this restaurant. Tianguang Restaurant is really impressive, to the point of almost catching up to Devil-killing Divine Palace." Chen Xiang could not help but exclaim in admiration. In this splendid looking restaurant, other than being slightly shorter than the Devil-killing Divine Palace, it looked better than him in other aspects.

After Chen Xiang went in, he immediately went to find the shopkeeper, and said that he was Yang Yan's friend, and asked him to inform him.

When the shopkeeper heard that it was Yang Yan's friend, he did not pass it down, so he immediately arranged for a waiter to bring him in, because lying about as Yang Yan's friend would have very serious consequences.

Chen Xiang followed the waiter to the tenth floor. There was no separate room, there were only many neat tables and chairs, and in the middle, there was a round table, on it was a group of beautiful girls wearing red clothes, dancing in a beautiful and captivating manner.

On the tables and chairs around the stage, there were a total of about a hundred people. Chen Xiang quickly found Yang Yan at the closest table, but he was the only one there.

Although the people on the other tables and chairs could sit here, they didn't dare to walk too close to Yang Yan right now. As for the women on the stage, they were dancing with the beautiful music.

Because Yang Yan was looking down on him with all his might, no one dared to disturb him.

There were still some people who could not sit still, and brought a jade box to Yang Yan's side, but just as he said that, a big sized man standing behind Yang Yan glared at him.

"Young Master Yang, this is a hundred thousand years of talent" Before the man finished speaking, Yang Yan frowned and waved his hand.

Yang Yan said indifferently: "This is all because of your greed. For a little thing, you killed people and stole their goods, now that someone has come looking for you, you brought this upon yourself. If I were you, I would have gone to all divine palaces's Punishment Hall to receive my punishment."

That person's face was deathly pale. He let out a helpless sigh and turned around to leave.

Chen Xiang never thought that this Yang Yan would actually be so popular. Everyone who came to find him were obviously looking for his help, even him.

At this time, there were people who wanted to come over, and with heavy gifts in their hands, the big sized man standing behind Yang Yan seemed to be sending a sound transmission to those people, telling them to immediately return to their original positions.

Chen Xiang thought that his relationship with Yang Yan was close, so he also walked over. He didn't bring any gifts and just passed by.

When the others saw how untactful he was, they sneered in their hearts. They all thought that he would be forced to retreat by that heartless big man.

Chen Xiang heard the big sized man's sound transmission and said that Young Master Yang did not like being disturbed by others watching him dance.

But Chen Xiang did not care about it. Not only did he walk over, he even sat on a chair beside Yang Yan and picked up his chopsticks to eat. What made everyone dumbstruck was that Chen Xiang did not treat himself as an outsider and continued to wolf down his own food.

[Chapter 1788](#)

Chen Xiang did not say anything, he did not want to disturb Yang Yan watching the dance, he just did not want the food on the table to be wasted, he believed that eating and drinking to the side would not affect Yang Yan.

Seeing Chen Xiang like that, everyone was secretly surprised. They suspected that Chen Xiang recognized Yang Yan, but when they saw the face of the big sized man behind Yang Yan, they understood, that Yang Yan did not know who he was.

They thought carefully and suddenly understood one thing, that was, Chen Xiang did not disturb Yang Yan, did not talk to him, and only ate the food that Yang Yan did not eat, and drank the wine that Yang Yan did not drink, and Yang Yan did not even look at him once.

Everyone was patiently waiting, and Chen Xiang was also carefully tasting all the good dishes on the table. After he finished eating, he licked his lips, leaned on the chair, and crossed his legs, watching the beauties dance on the stage.

After the dance ended, the dancing lady gracefully left the stage. Yang Yan then asked: "Who are you?"

As expected, the two of them did not know each other, everyone silently cursed themselves for not having the courage to go over and sit, which meant that Yang Yan was clearly testing someone else.

"The dishes just now were too cold, although the taste was not bad, I was not too satisfied, moreover the wine was not too good either. Young Master Yang, it is not right to entertain a friend like this, I just did not want you to pour out a table of cold dishes, so I forced myself to eat and drink it all." Chen Xiang grinned: "It's about time you serve me a table full of delicious dishes."

Yang Yan laughed: "That's right, using cold dishes to entertain friends is indeed my fault."

Soon, there was another table of dishes on the table. It was steaming hot.

This time, Yang Yan raised his cup and drank with Chen Xiang, while also eating. However, Chen Xiang still did not reveal his identity to him.

Although Yang Yan was very strong, Chen Xiang suspected that he was already a profound God. However, he was still unable to recognize him, and was extremely satisfied with his transformation technique.

"Brother, where are you from?" Yang Yan asked.

"I just came over from Devil-killing Divine Palace. That place is too noisy, those demons are always outside fighting and killing." Chen Xiang chewed on a big pile of food, he used his chopsticks and pointed at the food on the table, and shouted: "Quickly eat, eat, don't be so polite."

Everyone cursed at this fellow who refused to accept others as his guest, but Yang Yan did not flare up. It was clear that he admired Chen Xiang's character.

At this time, there were also people who came up one by one to give their gifts. However, this was all done by that big guy to help him with some things, and to make that big guy remember that if he couldn't help him, he would make that big guy return the gifts.

Hell Divine Palace and Devil-killing Divine Palace have always been on bad terms, so it is not strange for such a thing to happen. I just did not expect that Devil-killing Divine Palace would actually have such a powerful strength, that the second batch of disciples from Devil-killing Heavenly God would all appear as a group of god with no surname, and that they would be extremely powerful as well. "

"As for the first batch of disciples in the Devil-killing Heavenly God, they were even more mysterious. In the Gods Realm, many people believed that the God of Fortune was the strongest, and because their four disciples were all turned into little God of Wealth, they were also powerful Gods. Their fame was great, and they were rich, which was why they gave others this illusion."

"Actually, the hidden strength of the Devil-killing Divine Palace is more terrifying. The third group of disciples of the Devil-killing Heavenly God are all from the Super profound God, and before long, they will become gods. At that time, the overall strength of the Devil-killing Divine Palace will increase by many times."

Everyone nodded their heads, although the second batch of disciples from the Devil-killing Divine Palace was not a secret, and many people knew that they were in the Devil-killing Divine Palace, but this time, they were all here to fight against those terrifying blood demons, and they had already killed many of them.

Yang Yan continued: "Right now, it's only because of all divine palaces's restrictions, so Devil-killing Divine Palace doesn't dare to break the rules set by all divine palaces. Otherwise, Devil-killing Divine Palace would have already openly attacked Hell Divine Palace."

"Now, the Hell Devil Emperor's strength has gradually weakened, because he had always been controlling the Nine Heaven World, causing large-scale deaths in the Nine Heaven World, thus obtaining a large number of dead spirits, and obtaining a large amount of powerful strength. Now that the Nine Heaven World has been taken over by the all divine palaces, the Hell Devil Emperor can no longer do anything wrong, so the Hell Devil Emperor will continue to move forward."

Chen Xiang said: "Hell Divine Palace should have a certain level of strength since he was able to fight with Devil-killing Divine Palace for so many years, and if Hell Devil Emperor wants to make a move, then he must break the rules set by all divine palaces, and bring him from hell to Gods Realm as the ruler."

"But by doing this, the all divine palaces will definitely join hands to deal with him, so he only has a one day journey to search for power to support him. I heard that the War God Shrine, Fire Divine Palace and the Wealth Divine Palace have all cooperated with him before."

These shrines were all one of the strongest shrines in the all divine palaces. If he could obtain the support of these shrines, it wouldn't be difficult for him to take down half of the Gods Realm.

Yang Yan did not say anything, because he was someone from the Wealth Divine Palace, and he was not willing to be with the Hell Divine Palace at all. He waved his hand, signalling the big sized man to bring him away.

Very quickly, only Chen Xiang and Yang Yan was left.

"Just who are you?" Yang Yan felt that Chen Xiang was very extraordinary.

"Chen Xiang." Chen Xiang grinned: "I don't think so."

As Chen Xiang laughed, he changed back to his own appearance, causing Yang Yan to curse him.

"I knew I would see you again. I didn't expect to meet you again and start drinking with you for no reason." Yang Yan laughed: "It's been over five thousand years, and you entered the Gods Realm so quickly. Furthermore, your life seems to be pretty good, and you actually managed to get rid of the Hell Devil Emperor's Tracing mantra."

"I don't have five thousand years." Chen Xiang laughed bitterly, then explained the matter to him. This made Yang Yan admire him even more.

Chen Xiang said: "Big brother Yang, after I left, how was the Azure Dragon? I know he killed those profound Gods."

Yang Yan sighed: "He killed all of the profound Gods, but because of that, he was sent to hell with his body. He has been in hell for more than four thousand years, and was suddenly brought back to Divine Prison."

"Then can he come out?"

It was a good thing for Chen Xiang that the green dragon was strong. It was just that it was not easy to get the green dragon out.

"Yes, but it will take a lot of divine money, so it should be worth ten billion divine money. This is not easy to get, even if I were to use Brilliant God, I wouldn't be able to get that much all of a sudden." Yang Yan said: "All the prisoners in the fourth to ninth Bane are priced at this price."

Right now, Chen Xiang not only wanted to save the Azure Dragon, but also Wang Jinshi's Sword God father.

[Chapter 1789](#)

Chen Xiang now understood that the God Murdering Sword Techniques was not cheap at all. In the future, if he wanted to bring out the Sword God, the price would not only be ten billion, it might even be higher.

"The Azure Dragon truly is formidable. Even the Infernal Realm won't be able to trap him." Yang Yan laughed: "You don't have to worry about him. He is currently in Divine Prison, and should be living a good life."

The green dragon was doing well, but Chen Xiang still had to go and save him.

"Big brother Yang, I came here to ask for your help." Chen Xiang had initially planned to use the 40 million in his hands to buy medicinal herbs for concocting pills, but after selling them all, he would buy all sorts of medicinal herbs. He repeated this process again and again until he had gathered enough to buy back the Azure Dragon, but who would have thought that the Azure Dragon would actually kill them all.

"Go ahead." Yang Yan laughed: "If you can help, I will definitely help."

"I need more mid-grade Holy Elixirs. I will mainly use them for alchemy. As long as it is a pill bought by many people, please buy it for me first." Chen Xiang took out a jade tablet, and continued: "Here is forty million divine money."

Yang Yan understood what Chen Xiang was trying to do, this was the rhythm of the crazy pill refining, he had heard that Chen Xiang's pill refining skills were extremely mystical, but he had never seen it with his own eyes.

Medial Grade Holy Elixirs are bought by a lot of people, and they are usually used to temper the soul, healing the body, and detoxifying the body. They are all sold in the market, and some rare and unconventional elixirs are hard to sell because there are only a few of them. Yang Yan received the jade token from Chen Xiang. Inside the token, there was 40 million God's Coins.

Chen Xiang was also surprised by the fact that he could get his hands on such a large amount of divine money as soon as he arrived in Gods Realm.

"Alright, I'll do whatever I can get. I'll come look for you later."

Yang Yan asked: "Your Tracing mantra has already been expelled."

Chen Xiang smiled slightly: "That's right, but if Hell Devil Emperor is too anxious, he might cast a curse on me, so I have to quickly increase my strength. I will be leaving first."

Yang Yan sent Chen Xiang downstairs and he hurriedly left, returning to the Devil-killing Divine City.

Just as Chen Xiang returned to the Devil-killing Divine City, one of his jade tablet started to shake. This jade tablet was a proof from the disciples of the Devil-killing Divine Palace, it had a use for summoning messages.

"We'll gather at Devil-killing Divine Palace in three days."

This voice belonged to Ren Tianyong, and it was obvious that there was something he wanted to announce.

"The battle is over."

As Chen Xiang walked on the street, he saw that everyone was talking about this matter. The Devil-killing Divine Palace had achieved complete victory, beheaded a large number of demons, and sealed the entrance to this foreign world where the demons had come from.

He returned to the Devil-killing Divine Palace, wanting to find Wang Jinshi and ask him about some important matters that would be announced three days later, but no one came.

He then went to Yuan Baibing's shop, but he did not find Yuan Baibing either. All the war gods had actually disappeared, and Chen Xiang guessed that they had all been gathered by the Devil-killing Heavenly God.

Returning to the courtyard house in the Villa, Xiao Chou and Tai Qiang were both present.

"The gathering three days later. Did you receive the notification?" Xiao Chou asked.

Chen Xiang nodded. "What is it?"

Tai Qiang said: "I heard master say that Main Heavenly God was holding some kind of convention and it seemed like they were going to show off their might in order to counterattack. I don't know the specifics either."

Xiao Chou laughed: "When the time comes, we will definitely strike out, I have long prepared."

"Master, you should hurry up and learn some Devil-killing magic kungfu. Otherwise, when you start fighting with the Hell Divine Palace, you won't be able to withstand it."

"Brat, are you looking down on me?" Chen Xiang laughed.

"How would I dare? I know that Master has always been very strong. Even if I fall behind temporarily, I'm sure I'll be able to quickly make it back in the future." Although Xiao Chou said this, he still had that intention in his heart.

Chen Xiang had nothing to do now so he stayed in the secret room to study the Seven devil-slain kungfu.

Right now he only knew that the first style required the use of the physical body's strength. There were seven different types of changes in the first style, each one very strong, but each person's comprehension of the changes were different, so Main Heavenly God could not teach him in detail.

"I can only rely on myself now. Fortunately, I have the Philosophic stone."

Chen Xiang closed his eyes and started to study the first style of the Seven devil-slain kungfu. What he needed to do now was to comprehend the first type of change and use this change to unleash his own physical body's power and display the powerful might of a devil slayer.

'Is the body changing according to the strength of the body or the body changing according to the strength?'

Chen Xiang followed the chants and controlled his own strength to circulate, causing his bones to constantly make crisp sounds. His muscles also moved up and down, making him look extremely strange.

"No, I don't have any leads." Chen Xiang tried for more than two hours, but his entire body was covered with sweat and he was panting.

"I need to cooperate with the Heavenly Alchemy." Chen Xiang focused, the Devil-killing Heavenly God mentioned this to him many times.

"Let me first check if there are any methods to use the strength of the fleshly body in the Heavenly Alchemy." Chen Xiang began to comprehend the Heavenly Alchemy, to look for the physical body section.

It didn't take long before he found a method to strengthen his fleshly body. However, it didn't contain much information. It only described how to utilize the strength of the fleshly body along with the power of the soul to temper the entire body.

"The most direct way to unleash the strength of the body is to let the body make a violent and ingenious collision, or to make a skillful collision. Usually, the body has to make contact with the body in order to be able to unleash the greatest amount of power."

"If I do this, I'll need to engage in close combat. The Heavenly Alchemy states that I need to maximize the strength of my fleshly body. First, I need to coordinate with my speed, and then I need to find the target's fragmented points.

"The first form of the Seven devil-slain kungfu's transformation is the change between strength and speed. It's both fast and slow, and as long as it's just right, and coupled with the sudden release of the physical strength, the corresponding strength will be different."

"I already know two changes from the first movement. It seems like there are some connections between these changes. Now, let's try the chants together."

Chen Xiang coordinated the Heavenly Alchemy's and the first part of the Seven devil-slain kungfu's chant, then began to practice all sorts of techniques in the secret room.

Two days later, the house that Tai Qiang rented suddenly became ruined.

Xiao Chou and Tai Qiang were drinking and chatting in the hall, but at this moment, they were covered by the ruins. What surprised them was that the collapse of the house was extremely strange, the house was extremely sturdy, if he wanted to knock it down, the required strength was extremely strong, even if he had used his flesh strength to do so, there would still be a slight tremor coming from it.

However, this mansion suddenly collapsed without any warning, and what made them feel even stranger happened just now. They lightly touched some broken pieces, but they unexpectedly turned into dust. A gust of wind blew over, turning many of the broken pieces of the mansion into powder.

Chen Xiang was ecstatic in his heart, because he knew that he had successfully grasped two changes to the first style of the Seven devil-slain kungfu, the change in power and the change in time.

[Chapter 1790](#)

The Seven devil-slain kungfu was indeed as powerful as Devil-killing Heavenly God had said, but it was very difficult for one to learn it, and Chen Xiang had already comprehended a little bit, so he could clearly feel the terror of the Seven devil-slain kungfu.

For example, when he punched just now, he used the combination of time and energy. The powerful force had destroyed the house, but because it was moving too fast, the house had become invisible, so the house had already collapsed. It was only a delay before it collapsed.

This was also the reason why Xiao Chou and Tai Qiang did not sense any signs of destruction. The house had long ago been destroyed, but the speed at which it was destroyed was too fast and it worked well with the power of the explosion, so it was too late for the house to collapse.

In other words, Chen Xiang's strength had already surpassed the original time limit.

He did not use divine power, but only the strength of his fleshly body was able to slightly display the power of the laws. This was also the reason why Chen Xiang was shocked by the power of the Seven devil-slain kungfu.

"What's going on?" Xiao Chou could not understand. Previously, everything was fine, but in the blink of an eye, the house had been turned into this state, even if it was destroyed by a strong power, the

process of it being destroyed was very short, but at the very least, he could see what the house was broken into.

When Chen Xiang destroyed the house, there was no process. In an instant, the house turned into pieces that appeared on the ground, and didn't even have the process of falling to the ground and cracking. It was as though a person, who was just a child just a moment ago, had turned into an adult in the blink of an eye, then into an old man.

and Tai Qiang's current experiences were like this, they felt that they did not experience the period of time the house collapsed, but lost that period of time.

"Master, quickly tell me, don't laugh." Xiao Chou couldn't even think of a way to get a bald head.

"That is a cultivation technique I have just learned. It can slightly alter the circulation of time ..." This change is caused by the effects of power, and the change in time can also make the power to be even stronger. " Chen Xiang said with a smile. He was now more looking forward to the Seven devil-slain kungfu, the first form of the Five Transformations.

Xiao Chou gasped in surprise, and asked: "How is it powerful, can you teach me?"

Chen Xiang laughed: "I'm afraid you won't be able to learn it."

Tai Qiang suddenly lowered his voice and said: "Is this from the Seven devil-slain kungfu?"

Chen Xiang nodded.

Xiao Chou seemed to have heard of the Seven devil-slain kungfu before, so he was feeling dejected.

"It's actually the Seven devil-slain kungfu, you learned it so quickly." Tai Qiang had a face full of shock: "I had read a bit about it back then, but I was completely confused. Even my master and uncle master teachers could not comprehend it in the slightest."

And not long after Chen Xiang had joined the Devil-killing Divine Palace, he was actually able to unleash such a strange power through the Seven devil-slain kungfu.

Chen Xiang made a "hush" gesture, indicating that he and Xiao Chou had kept it a secret.

"What should we do about the mansion? Old Tai rented it." Xiao Chou said.

"Just rebuild it. It won't be worth much money, not destroying this place." Tai Qiang said, he now felt even more respect for Chen Xiang.

"Let's go, the three days are almost up. Let's go to Devil-killing Divine Palace to gather and see what we have to announce." Xiao Chou said.

Chen Xiang and the other two quickly reached the twentieth floor of the Devil-killing Divine Palace. Many people had already arrived there, and Wang Jinshi and Yuan Baibing were there as well. Soon after, other War Gods arrived as well.

What made everyone disappointed was that they did not see the ten second group of disciples. Those were all powerful gods, and the Devil-killing Heavenly God did not appear either.

"Long story short, I called everyone here today to say a piece of good news." Ren Tianyong laughed: "Everyone should already know, that we are going to counterattack Hell Divine Palace. According to the latest intelligence, Hell Divine Palace has raised a group of demons in Devil Yang Valley, and they are all using different types of demons to fuse together, so they are very strong."

"Currently, many of these monsters have already appeared in the Demonic Sun Forest outside of Devil Yang Valley. Now, we can openly kill these demons."

Ren Tianyong took out a black crystal and continued to speak, "As long as you can get this kind of crystal, when you come back you will be able to get extra points. With one jin of ten thousand, if you get enough, you can get a low-grade divine tool worth five hundred thousand gold coins."

"A million points." The fifth brother asked with a smile.

"High-grade divine artifacts. As long as you can acquire them, you'll definitely have them." Ren Tianyong laughed: "Everyone, this is a godly activity, because those demons are very easy to kill, but you all have to be careful, as long as you go through the forest outside of the Devil Yang Valley, do not ever enter the Devil Yang Valley, unless your team has a War God."

Hearing that they had the chance to get a mid-tier divine tool, everyone became excited.

"Let's start our journey now. If the Hell Divine Palace sends War Gods to stop you, you don't have to worry, our Gods are already there waiting for them. If they dare to obstruct us from exterminating the Evil Demons, then we can kill them openly."

Everyone immediately left the Devil-killing Divine Palace and ran towards the Transmission array.

"Youngest junior brother, your team only has three people, it's pretty bad. How about you join my team, I am a war god, and my team also has a few profound God. We can fight our way into the Devil Yang Valley and get more of those crystals." Wang Jinshi whispered to Chen Xiang.

"No need. Tai Qiang and Xiao Chou are both my friends. When I'm with them, there's no need to worry too much about being exposed." Although Chen Xiang had removed the Tracing mantra, in order to prevent too many things from being leaked, he still planned to keep his identity a secret.

"Alright, you have to be careful."

Xiao Chou and Tai Qiang were both fantasizing about which middle grade divine tool to choose.

"Hurry up and leave. Didn't you see how those guys all want to be reincarnated hungry ghosts? If you go too late, you won't even have hair left." Chen Xiang patted their shoulders.

Chen Xiang didn't know who that Devil Yang Valley was, but Tai Qiang knew that they would need to walk a distance to get to the Devil Yang Valley. First, they would need to be transferred to a small Divine City, and then, they would need to walk from there.

If someone had a powerful divine artifact, they would be able to use it to travel at high speed. For example, the Azure Dragon cloak.

"All of these bastards have this sort of Soaring Sky Divine Tool." After Xiao Chou left the Divine City, he saw many people riding on large flying divine tools, flying quickly towards the Demon Sun Forest.

Tai Qiang and Xiao Chou originally wanted to catch up, but they were stopped by Chen Xiang.

"We'll go after them. Follow me."

Xiao Chou and Tai Qiang could only believe in Chen Xiang. They followed Chen Xiang to a small mountain and saw him opening a spatial passageway.

"I almost forgot that Master used this technique, haha." Xiao Chou laughed excitedly.

After that, the three of them walked into the spatial tunnel. When Chen Xiang came, he had already known the location from Tai Qiang.

"It's not here yet, but it should be soon." Tai Qiang took out a divine disc, and confirmed his current position.

Chen Xiang continued to open the spatial door. After a few times in a row, they arrived at the top of a large mountain, and in front of them was a vast expanse of forest. This forest was relatively special, its leaves were all black, the trees were very tall and full of leaves, densely packed together, when the wind blew, the leaves swayed, looking like black water floating.

"This is the Demon Sun Forest. The Devil Yang Valley is at the end of the forest. It's still far away." Tai Qiang said.

Xiao Chou saw a gigantic flying disc in the distance. He brought dozens of people and jumped down from it as he curled his lips: "Looks like we aren't the first ones here. This second martial uncle of mine is an artificer.

"Of course it's for sale. This guy really lacks money. The Frisbee he used is really good stuff. It flew away so quickly." Tai Qiang said.

Just as Chen Xiang and the other two were watching the Fiery Sun Forest, many flying divine tools arrived behind them, flew above the forest and then jumped into the forest.

"Let's go." Tai Qiang flew up to the sky and flew in a direction that no one else had gone.

Just as Chen Xiang and the other two entered the forest, the jade token suddenly vibrated, this was an urgent message from Ren Tianyong.

The Hell Divine Palace has also sent people over, when the time comes, we might encounter people from the Hell Divine Palace, and directly start killing them, if we can't beat them in time, then we will have to escape, do not try to fight them head on.

After Xiao Chou finished listening, he said, "Can you add points to killing the disciples of Hell Divine Palace?"

"I don't think so. The reason Master didn't say that, is also because he wants us to not fight head on." Tai Qiang said: "At that time, we'll be more careful."

Chen Xiang was already a True God now, so neither Xiao Chou nor Tai Qiang knew of it. Therefore, they were walking in front of him and warned him from time to time to be careful.

"Even though I didn't learn any useful Devil-killing magic kungfu when I came to the Gods Realm, I have learned some powerful Devil-suppressing kungfu before. Furthermore, I can use the Devil slaying God wind, which is enough for me to deal with those who cultivate the power of the devils." Chen Xiang said: "Don't underestimate me."

"Come on Master, your Seven devil-slain kungfu is still incomplete. The things you have learnt in the past, it would be useless against the demons in the Gods Realm."

Xiao Chou held onto his pike, walking in the front, using the big scissors in his hand to occasionally cut off some Devil Flowers that would bite.

"There's someone." Chen Xiang suddenly transmitted to Xiao Chou and Tai Qiang: "It's behind the tree in front. This guy had concealed himself very well, I almost didn't notice it."

The spatial realm that Chen Xiang had released had a very wide range. All the objects within the spatial realm would appear in his mind, so even if the person hiding were to hide, as long as they were in the same space as Chen Xiang, they would not be able to hide.

"Really, why didn't we find out?" Xiao Chou was shocked. Both he and Tai Qiang thought that their sensing ability was not bad, but when Chen Xiang told them the location, they couldn't even find it after using their divine power to search for it.

"Continue walking, don't alert that guy. If he wants to ambush us, then we will do it. When the time comes, we will catch him off guard." Chen Xiang sent a sound transmission to Xiao Chou and Tai Qiang, telling them not to stop.

Chen Xiang could feel that the person who was hiding was not very strong, and was at the same level as Tai Qiang. As long as Xiao Chou and Tai Qiang knew that there was an ambush there, they would be able to defeat it.
