

## Dan God 1851

### [Chapter 1851](#)

Hua Xiangyue did not continue. She could tell that Lv Qilian did not want to talk about the relationship between her and Chen Xiang, and with her sharp senses, she could tell that the relationship between Chen Xiang and her had developed to a very close state. She did not know that Chen Xiang and Lv Qilian had become very close very early on, so she thought that Chen Xiang and Lv Qilian had improved greatly in the Gods Realm.

"They still need some time to pass on their skills. Let's go out and take a look." Hua Xiangyue laughed.

Lv Qilian nodded, stood up with Long Xueyi and took him away from the empty store, while Chen Xiang and Wu Qianqian were drunk in their room ...

"Meng'er and Xianxian have returned. They should be inside the Snake Divine Female Palace." At this time, she brought Long Xueyi and to a teahouse near a river. They were in a private room on the third floor, drinking tea and watching the red flowers blossom on the riverside.

Hua Xiangyue looked at the tallest building in the distance and said: "That's the Divine Female Palace. Big Sis Qilian, why didn't you join the Divine Female Palace at the time? You can come out if you don't want to stay in there anymore. Big Sis Feng had promised me that back then."

Lv Qilian gave a slight smile and shook his head: "Didn't you and Qianqian not join as well? You two are now Pill Saints, and are extremely important to Divine Female Palace."

Long Xueyi did not enjoy the scenery, nor did she speak, because she was constantly placing delicious snacks into her mouth. Although the snacks here were not beneficial to cultivation, they were extremely cheap and delicious, which made her order a lot.

Seeing Long Xueyi eat so much, Lv Qilian and Hua Xiangyue looked at each other and laughed. Although Long Xueyi called them big sisters, they knew that Long Xueyi was much older than them.

Hua Xiangyue said: "I had originally wanted to join the Divine Female Palace as well, but after thinking about it later, I decided to travel for a period of time before making a decision. Thus, Qianqian and I will head out to train, and in the end, we will enter the Path of Spirit together."

Lv Qilian looked at the Divine Female Palace in the distance who had been devoured by the clouds and said: "Divine Female Palace is right there, you can go there now if you wish to. For outstanding women, going there is the best choice."

Hua Xiangyue laughed: "Sister Qilian, if you have something to say, just say it. Even though I haven't been with you for a long time, I'm not stupid, and you used to be the Hundred Blossom Emperor."

Lv Qilian smiled sweetly, "Xiangyue, looks like you understand me quite well."

"Back then, when Chen Xiang was still a fart brat, I could already tell that he would have great accomplishments in the future. Thus, at that time, I had already relied on him."

"Sister Qilian, to be honest, if we have something big to do, we can't do it with this brat Chen Xiang. He will only stir up trouble, but you can."

Hearing Hua Xiangyue say that, Lv Qilian was overjoyed. He did not beat around the bush and said seriously: "Xiangyue, are you willing to do big things with me?"

Hua Xiangyue laughed tenderly: "Of course I'm willing, I'm only waiting for you to ask. If I join you, Qianqian will follow me."

Long Xueyi who was eating let out an unclear voice: "I also want to join, and let me be an elder ... The Dragon Subduing School that little scoundrel Chen Xiang made is gone just like that, my elder is also gone too. "

Lv Qilian smiled and nodded, "Of course we can. In the future, we will have even more sisters who will join us."

Hua Xiangyue looked at the mighty Divine Female Palace, charmingly licked her lips, and laughed: "Sister Qilian, how about we annex this Divine Female Palace in the future?"

Lv Qilian suddenly said in a serious tone: "There is something wrong with this Divine Female Palace, because I was unable to find anything related to the Divine Female Palace's Palace Master, it has always been very mysterious, but now I have to nurture the successor, and also have Sister Feng as the successor."

Seeing Lv Qilian's expression, Hua Xiangyue curiously asked: "Sister Qilian, you said before that you almost joined the Divine Female Palace. Did you do a thorough investigation to find out what it was?"

"I can't find anything, but there are some strange things. The way this Divine Female Palace's Hall Master managed the Divine Female Palace during the early stages is completely different from the way things are right now." Lv Qilian said: "In the early days, the Divine Female Palace developed very quickly because they adopted a very effective management plan. However, in the later stages of development, it became slow and there were also many big mistakes, which caused the Divine Female Palace to not be able to reach the top."

"It's also because of the late stage, that Divine Female Palace had a lot of outstanding and powerful goddesses, that's why Divine Female Palace did not have a good successor, and suddenly went to find Sister Feng to take over. It's reasonable to say, as long as we use the way we manage the early stages, the late stage of Divine Female Palace would not make so many mistakes."

When Long Xueyi heard this, he quickly chewed on it and swallowed the dim sum. Then, he said, "Divine Female Palace's Palace Master may have already been controlled, just like that God of Fortune. I heard that the God of Fortune wasn't that kind of scoundrel before, but his personality changed greatly afterwards.

Lv Qilian nodded his head, "If it's really the same situation as the God of Fortune, then I have to get Meng'er and the rest to withdraw from the Divine Female Palace as soon as possible. Maybe there is some power that has already secretly changed the hall masters of the Divine Female Palace.

She had just found out that the Highest Devil God was an existence like the Great God level, so this power was more than enough to control the gods.

The three of them strolled around the Goddess City and returned to the shop. They were cultivating together in the Alive Slain Method and refining the spirit liquid, because in the future, they would need a large amount of spirit liquid to support the shop.

Chen Xiang and Wu Qianqian only came out the next morning.

When Wu Qianqian came out of his room, he saw that Lv Qilian and Hua Xiangyue were both looking at her with that kind of expression, causing her to immediately blush.

"Sister Qilian, this is for you." Wu Qianqian came to Lv Qilian's side with a blushing face, and said softly.

Wu Qianqian handed over a jade box to Lv Qilian, inside was five purple spirit pearls. If it was both Lv Qilian and Chen Xiang who cultivated together, then they would be able to condense more than ten spirit pearls.

Lv Qilian smiled lightly, received the purple pearls, and then glared at Chen Xiang who was giggling by the side.

At this time, Chen Xiang was in high spirits, she had already become his woman.

"Little Scoundrel, you've used the skill transmission for so long." Hua Xiangyue scoffed.

"It's your turn now, little maid." Chen Xiang suddenly pulled Hua Xiangyue over. This seductive spirit was Chen Xiang's first woman, and also his female slave.

Lv Qilian wanted to say something, but seeing how anxious Chen Xiang was, he stopped himself. In a blink of an eye, Chen Xiang brought Hua Xiangyue who was yelling at the top of her lungs into the room.

In the past day, Hua Xiangyue and Chen Xiang had dual cultivated Alive Slain Method, and also condensed that purple spirit pearl. Now, she understood why Wu Qianqian's face had turned red at that time, but she did not care.

"Chen Xiang, I have something to tell you. It's about the Divine Female Palace." Lv Qilian had always been concerned about this matter, because he had decided whether or not he should hurry up and persuade Liu Meng'er, Xue Xianxian and the others to leave the Divine Female Palace.

### [Chapter 1852](#)

Lv Qilian had a serious look on his face. Chen Xiang no longer had that mischievous smile on his face and sat down to listen.

"The Divine Female Palace Mistress has changed someone else ..." Lv Qilian told Chen Xiang in detail about the places she found strange.

"Xue Yi once said that you once said that the God of Fortune was like that. His personality changed drastically." Seeing Chen Xiang frown, Lv Qilian knew that Chen Xiang must have some secret knowledge, she continued: "What do you think about this matter."

Chen Xiang's expression turned serious, he took a deep breath: "We have to call Sister Feng over, then no matter what, we have to get Elder Sister Meng'er and the others to quickly withdraw from Divine Female Palace, if necessary, even Sister Feng can't stay in Divine Female Palace."

Lv Qilian suddenly thought of something, and asked with a low voice: "Is it related to the Highest Old Devil?"

Since the Highest Old Devil was able to appear in the Divine Female Palace and monitor Feng Yujie, she had to connect the dots.

Chen Xiang nodded his head: "It is not just Highest Old Devil, so we have to contact Sister Feng quickly, and get her to hurry over."

Just as he said that, Lv Qilian disappeared and she went to look for him with her fastest speed.

Although Hua Xiangyue and Wu Qianqian did not really understand the truth, they did not ask either, because this kind of thing was not something that they could control.

did not say anything to her. He only said that he had a very important matter to attend to and that his expression was very heavy.

After arriving at the guest hall, Chen Xiang asked Feng Yujie to lay down a few layers of enchantment, and then indicated to Lv Qilian that she should tell him about her suspicions towards the Divine Female Palace.

After Feng Yujie finished listening, he also frowned slightly. "That's right, there were indeed many mistakes in the later stages of Divine Female Palace, I have also analyzed these matters before, I asked about the Palace Mistress, she said that it was because the later stages were too busy training, so the elders took care of the Divine Female Palace, thus such a thing happened."

Lv Qilian said: "This is not believable, no matter how foolish she is, she would not do this, if there were one or two mistakes, it would still make sense, at most, an attempt would fail and the method would be used, but the mistake would continue for tens of thousands of years. No matter how busy the hall master of Divine Female Palace is, after all these years, she should be able to come up with a plan."

Also, what about the elders who left the Divine Female Palace? Many of the famous female god gods are from the Divine Female Palace, their powers are strong, and they have very deep feelings for the Divine Female Palace, they definitely wouldn't leave for no reason. There must be a reason behind it, I think Sister Feng should go and find these elders and ask them why.

Feng Yujie's face became gloomy, and after drinking a mouthful of tea, he remained silent for a long time. Everyone did not say anything, and could tell that Feng Yujie was thinking about something.

After a long while, Feng Yujie sighed, and said: "I once secretly went to look for those elders, but could not find a single one. Finally, I asked about the Dan God Ye, and found out that a few of the elders had already died, and the whereabouts of the others were unknown."

Chen Xiang said: "This is already very obvious, there's something wrong with that hall master, if not Highest Old Devil would not have found you so easily. Now that she has let you take over as the hall master, she definitely has ill intentions.

Feng Yujie was the successor to the Nine Divine Kings, and the Nine Heavens Goddess of the Nine Heaven World. Her most important duty was to protect the Nine Heavens.

And the disappearance of the Nine Divine Kings all those years ago was related to that power in the Highest Old Devil.

Feng Yujie said: "I will have Meng Er and the others leave Divine Female Palace as soon as possible, I will stay in Divine Female Palace temporarily, if Hallmaster really has any problems, at the moment, she does not dare to do anything to me, and if I leave too suddenly, it will make her suspicious."

Lv Qilian said: "You must be careful, I'm worried that you will be like the hall master of the Divine Female Palace, used to some extent, and will become a completely different person."

Chen Xiang knew what kind of method it was. It was just like the Younger Nine Girl, where it was not a person at all but a substitute, and it was also very powerful.

"Can't the Dan God Ye see it? I heard that he has a good relationship with the Palace Master." Long Xueyi said: "Why don't you go and ask him."

Lv Qilian shook his head: "It's best not to do this, if Dan God Ye and Hall Master are in the same group, then it would be troublesome, and it's best if we go out and scout first."

Feng Yujie nodded: "I will go right now. I am more at ease with Dan God Ye, because her daughter, Ye Qin, is a good person. If her father has problems, as her daughter, she will definitely find out."

After saying these important things, Feng Yujie remembered to greet Hua Xiangyue, and quickly left.

Hua Xiangyue and Wu Qianqian had already gotten the experience that Chen Xiang had imparted to them from the Heavenly Alchemy, which was how Chen Xiang had used his soul to communicate to them. As such, Wu Qianqian and Wu Qianqian had a deep feeling about this, they wanted to try to use Chen Xiang's method to refine the pill.

When Chen Xiang cultivated together with the two of them, he also had a rough understanding of their specific strength. Their flames were very good, which was enough for him to use those mystical refining techniques.

"Copy a few of the Wild Dragon Saint Dan's medicinal ingredients and help them train." Chen Xiang said: "We can also get some Dragon Blood Saint Dan s. When the time comes, we can let them try to refine Dragon Blood Saint Dan s with Spiritual Lights."

Chen Xiang believed that both Wu Qianqian and Wu Qianqian would definitely be able to refine it. Even if it wasn't as good as his, it wouldn't be too far off.

If Hua Xiangyue and Hua Xiangyue could successfully master the pill refining skills that Chen Xiang had imparted to them, they would be the pillar of this shop from today onwards. Lv Qilian knew very well that Chen Xiang would not stay here for long.

It was already very good for a shop to have two outstanding Alchemist s. If the girls who studied pill refining were to join in, then this shop would be able to earn a lot of money from selling these sacred pills.

Chen Xiang also helped to copy it. Not long after, a deafening roar could be heard, and Long Xueyi jumped up when he heard it.

"It's that old turtle Black Turtle's voice. He's here." Long Xueyi shouted in shock: "Listening to him, he has probably changed into his original body, and is even fighting."

Chen Xiang hurriedly put down the work at hand. "Qilian, stay here and look at Qianqian and Xiangyue. Xue Yi and I will go take a look."

In the past, among the Four Sacred Beasts, aside from the Profound realm, Chen Xiang had seen other types, and this Profound realm was very strong, especially in terms of defense. Long Xueyi had a good relationship with him, in her eyes, he was a very weird old man.

"Mm, be careful." Lv Qilian nodded, she was not very strong now, even if she went there, it would be useless.

Long Xueyi and Chen Xiang left the shop through the quick passage, and rushed towards the direction of the roar, at the same time, a lot of people were also rushing there, to watch the show.

"Black Turtle should have arrived at the Gods Realm a long time ago. If nothing unexpected happens, his strength might be the same as the green dragon. It seems like he's fighting outside the city." Chen Xiang said, although he could clearly hear the roars, but there were no aftershocks from the battle in Goddess City.

### [Chapter 1853](#)

After all, he was an old friend that she hadn't seen for many years, and he was very strong right now.

Initially, there were still some roars, but when Chen Xiang and his group reached the city gate, no more roars could be heard.

As they walked out of the city gate, they saw many people running in that direction.

Generally speaking, Divine Beasts no longer existed in the vicinity of Divine City. Divine Beasts were extremely afraid of hunters, and the Divine Beasts around Great Divine City like Goddess City had all been killed long ago.

Thus, the True Gods with a bit of strength in the Divine City immediately rushed out of the city when they heard the beasts' roars.

Those with experience would immediately know that this was a strong divine beast, if not the sound would not be so far away, Chen Xiang and Long Xueyi would have followed behind this group of people and sprinted towards the direction of the sound.

The speed of the others weren't slow at all. It was as if there was a treasure over there. They chased each other as they rushed over.

"Quick, stop him! This is a rarely seen Xuanwu Divine Beast!" Everyone heard an urgent shout, and they were all ready to fight.

When a few profound Gods heard that it was a Xuanwu turtle, they couldn't help but become excited, because this type of beast was very rare. If they could catch it, they would definitely sell it for a lot of money.

Chen Xiang released the Spatial Perception Domain, and very quickly, he sensed that something had entered his Spatial Perception comprehension. The speed was extremely fast, to the point that he could not catch it.

"Just you bunch of weeds want to catch me?" A sneer sounded and then the earth shook. A monstrous flood appeared in all directions and in a blink of an eye, it turned a vast wasteland into a land mass. The scariest thing was the strong suction force coming from the water bodies, drowning many people.

"It really is this strange old man." Long Xueyi had already been dragged through space by Chen Xiang, so he was not submerged by the water.

The Black Tortoise didn't even show its figure before it released a large amount of water to drown the group of True God profound God who wanted to capture him, allowing him to enter Goddess City smoothly.

Chen Xiang had always thought that the Black Tortoise only had a strong defense. He never expected that its speed and attack power was not the slightest bit weaker than the Azure Dragon.

Chen Xiang travelled through the space with Long Xueyi and in the blink of an eye, they arrived near the city gate and entered the Goddess City.

It could be seen that Black Turtle had entered the Goddess City to avoid conflict. He could fight on the outside, but not in the city.

If it was in the past, Chen Xiang felt that the Black Tortoise would be safe, but after knowing that the Divine Female Palace's Palace Master had a problem, he couldn't help but become worried.

After Black Turtle entered the city, he did not continue running. Instead, with a face full of danger, he slowly tidied up the slightly wrinkled clothes on his body.

Black Turtle was a somewhat strange looking old man. His hair was a mix of black and white, messily tied up at random, and his eyebrows were very thick. His eyebrows were raised upwards, and he looked very domineering.

He stared through the massive city gates at the wildly surging waters in the distance, then laughed loudly. "You idiots deserve it."

After Chen Xiang and Long Xueyi entered the city, they aroused Black Turtle's vigilance, Long Xueyi also anxiously released his Qi, causing Black Turtle to be shocked, then his face revealed a look of pleasant surprise, just as he was about to speak, Long Xueyi stuck out his tongue, and sent a sound transmission to him.

At this moment, a middle-aged man dressed in black walked into the city. His face was filled with anger, "You old bastard, I let you escape once. But don't be proud. Don't think that you can sleep peacefully in this Goddess City."

You are a God, and I am only a Demigod. After so many years, you still have no way of catching me, and you don't have the face to boast so much nonsense. This time, you let me escape. "

Seeing the middle-aged man's anger, Black Turtle laughed and said: "Come, quickly come and hit me. Haha, you don't dare. "Coward."

The corners of the black-clothed middle-aged man's eyes twitched as he angrily said, "Just you wait."

Black Turtle was already an Empyrean God. Even though he was being hunted down, it seemed that he was living a carefree life.

"Follow me." Xuan Wu laughed and said to Long Xueyi, and then swaggered along the streets, towards a seemingly elegant and big stone building.

It was a hotel, and the Black Tortoise led Chen Xiang and the others into the hotel with familiarity, and even asked for a very good room.

"Little girl, I didn't expect you to still be alive. This old man thought you were dead, so he cried for days and nights." Black Turtle laughed and ordered a lot of good dishes. He knew that Long Xueyi liked to eat them.

Long Xueyi scoffed, "Strange old man, you definitely didn't shed a single tear, you only know how to lie to me." With that, she began to eat and drink to her heart's content.

Xuan Wu looked at Chen Xiang and laughed: "This is your husband."

Long Xueyi told Chen Xiang to come over, and he knew that their relationship was not ordinary, which was why Black Turtle asked.

"I am Chen Xiang. Greetings, Senior Xuanwu." Chen Xiang said politely.

"Oh, you're Chen Xiang, what a guy." After being in the Gods Realm for a long time, of course he knew about Chen Xiang's situation.

Long Xueyi said, "Strange old man, do you know what happened to Old Ice and the Azure Dragon?"

Black Turtle snorted, "Of course I know. Old Bing is being ridden like a horse by the God of Fortune right now, and the old cyan bug is in even worse shape. After being sent to the Divine Prison, I don't know how long it will take before he can come out."

"Little girl, you don't seem to be in a good mood right now. Dan Emperor that bastard was killed by Feng Shen, and the big white cat that bastard is enjoying himself happily with the Vermillion Bird. It seems like I can only take revenge for now."

Long Xueyi immediately put down the plate that he had just picked up and said with some anger: "Who said I'm unlucky? Wait until I recover my memories and recover my previous bravery and invincibility, I can even cripple you with a shake of my tail."

Black Turtle suddenly laughed, "Little girl, I didn't expect that you would also awaken those damn memories, but it seems like you didn't awaken them completely."

Long Xueyi puffed his cheeks and said, "You strange old man, you've also awakened those memories."

Black Turtle laughed heartily. "I've long since awakened and it's very thorough. Otherwise, I might end up like Old Bing and get captured by that old slut of the Water God Hall and become a horse to ride."

Chen Xiang asked: "And that black clothed middle aged man from before, who is he?"

Black Turtle smiled and said, "This guy is the little brother of Feng Shen. He wants to capture me and give me to the God of Fortune so he can ride me and Old Ice. This guy has been trying to capture me for a long time and has failed every time."

#### [Chapter 1854](#)

"Boring." Long Xueyi curled his lips and continued eating.

Black Turtle had also awakened the memories of his previous life. This meant that he would definitely grow very fast in the future. His strength would definitely be very strong, and he would also know many of those things now.

Chen Xiang was very curious about these things and asked: "Senior Xuanwu, do you know anything about the Highest Devil God?"

Black Turtle had been fighting over food with Long Xueyi with a big smile on his face. However, when Chen Xiang asked this question, he immediately turned serious and stopped playing around with Long Xueyi.

Xuan Wu said with a face full of anger: "Of course I know, we were killed that time because of this guy. Sooner or later we will find this guy and get even with him, what's wrong? You guys met him, but that's impossible. If you really met this guy, you would have died long ago."

Long Xueyi suddenly asked: "Strange old man, then do you know what use the Six Realms mirrors has? My memories are missing, so I don't really know about these things."

Xuan Wu stood up abruptly and looked at Long Xueyi in shock. With a low and deep voice, he asked anxiously: "Little girl, you have Six Realms mirrors."

Long Xueyi shook his head: "I don't, this little brat does."

Black Turtle suddenly looked at Chen Xiang, those eyes filled with shock, causing Chen Xiang's hair to stand on end.

It was because Long Xueyi trusted Black Turtle a lot, that was why she told Black Turtle about this matter.

"Alright, as long as it does not fall into the hands of Highest Old Devil." Black Turtle nodded his head: "Protect him well. Before you become a god, do not let Highest Old Devil know about this matter, otherwise it will be troublesome."

"You still haven't told me how to use it. The Six Realms mirrors is currently damaged and needs a bit of time to repair it completely." Long Xueyi asked.

Black Turtle frowned, as if he was considering something.

"The main purpose of Six Realms mirrors is to be able to pry into six paths. Even if they are damaged, as long as they have enough power, they can open up a one-way path, and let some things come from the six paths."

Chen Xiang thought about the group of demons that had attacked the Devil-killing Divine City back then.

Long Xueyi was a little disappointed: "It's only used for that, it doesn't seem useful, fighting isn't even good at all. Besides, what's the use of communicating with other people, it's not like we're entering the six realms."

Xuan Wu lightly snorted: "Little girl, what do you know? With this Six Realms mirrors, you can directly absorb a large amount of Six Realms' Power, that is a very powerful law of nature, the power of six paths of reincarnation is a combination of all the laws of nature."

"This Six Realms mirrors is naturally nurtured by the Great Dao. It's impossible for us, who are insignificant, to refine such a thing."

Chen Xiang had long known that the Six Realms mirrors was very powerful, he never thought it would be so terrifying as to be able to absorb Six Realms' Power. If he started to cultivate Six Realms' Power, wouldn't that mean that he could control the Ancient Code?

Long Xueyi said: "Strange old man, we have met the old cyan bug before. He is inside the Divine Prison, and it's extremely difficult for him to come out ... .."

Afterwards, she asked Chen Xiang to tell Black Turtle about the Azure Dragon in Divine Prison.

After Black Turtle heard this, he was a bit displeased. "This bastard is already that strong. He can cause a ruckus in hell, but hell requires a lot of strength. What kind of fortuitous encounters does this bastard have? To suddenly become that powerful."

Chen Xiang and Long Xueyi had also thought that the Azure Dragon was unbelievably strong.

"Little girl, you are still weak now, don't try to force yourself to save Old Bing, this is how Dan Emperor died. If I can't take revenge, I will leave his revenge to you."

After Xuanwu finished and left, Long Xueyi shrugged at Chen Xiang and said: "This strange old man is like this, rarely staying longer."

After Long Xueyi finished eating the dishes on the table, he walked out of the private room with Chen Xiang. He did not expect to have to pay the bill, however, it was fortunate that Chen Xiang had brought some God's money with him, otherwise, they would have asked Lv Qilian to bring them out.

"That old bastard even said he would treat us to a meal and ran away without paying the bill." Long Xueyi scolded nonstop along the way because she felt that she was at a disadvantage after Black Turtle ate a lot of it.

Chen Xiang laughed, "Forget it, it's only more than a thousand gold."

"It's not a matter of money. It's just that this guy clearly said he would treat us. He's already finished eating and drinking. Yet, he actually left with a pat on his butt and told us to settle the bill." Long Xueyi found Long Xueyi's current appearance very funny. If she knew where Black Turtle had gone, she would chase after him no matter how far.

Long Xueyi talked about this all along the way as he followed Chen Xiang back to the shop.

Just as Chen Xiang arrived at the entrance of the shop, he smelled a familiar fragrance.

"It's Xianxian and Meng'er." Long Xueyi said, and she smelled it too.

Chen Xiang and Long Xueyi anxiously entered the shop and went up to the highest level. Sure enough, they saw Xue Xianxian and Liu Meng'er helping Lv Qilian to copy those medicinal herbs.

"Have you seen Black Turtle?" Liu Meng'er asked with a smile, while Chen Xiang had already walked over quickly, putting her and Xue Xianxian in his arms.

Xue Xianxian laughed, "Let go of me soon, I still have things to do." Seeing Chen Xiang being so enthusiastic, Xue Xianxian also kissed Chen Xiang on the cheek before letting go.

When Liu Meng'er was being embraced by her, she was eaten a lot of tofu. It was unknown if it was done on purpose or not, but Chen Xiang's naughty hand pinched her waist a few times, causing her to sob in pain.

"We have already left the Divine Female Palace. Sister Feng has already told us about this, she will still stay in the Divine Female Palace." Liu Meng'er said.

Chen Xiang stood at the side and watched her and Xue Xianxian copying the Holy Medicines, and he couldn't help but chuckle.

She was wearing a purple dress, which was both lovely and charming. Although the Xue Xianxian at the side wasn't as impressive as Liu Meng'er with her body, she was wearing a snow-white dress, and looked elegant and refined. In addition to the sweet smile on her face, it was even more captivating.

"Little Scoundrel." Seeing how passionate Chen Xiang's eyes were, Liu Meng'er could not help but snort.

Xue Xianxian, on the other hand, did not mind. He chuckled and said: "Who asked you to be so attractive, making this little scoundrel uneasy."

Chen Xiang said: "What are you all feeling uneasy about, it's just that I haven't seen you all for a long time, come back and make up for it now, pay more attention to me."

"The Profound Sky Holy Tree has grown. Do you think these Profound Sky Sacred Leaves are enough?" Lv Qilian shouted as she planted a tree that was as tall as two people on top of a large flower pot.

The branches of the tree were all snow-white, and the leaves on the tree were also the same, emitting a sparkling white light.

"Enough." Chen Xiang said as he walked over and touched the snow-white leaves.

This was the medicine used to refine the White Profound Holy Pellet, a single leaf was enough to concoct one pellet, it was only a small pellet, but the effect was very good, it could produce a few Mysterious power s.

## [Chapter 1855](#)

Chen Xiang had already successfully refined Wild Dragon Saint Dan s using the Original source refining, so he was extremely confident in this Chongprofound Dan s.

The sale of Chongprofound Dan is tightly controlled and requires the consent of a few Alchemy Gods. Otherwise, if it is discovered, the Alchemy Gods who know how to refine Chongprofound Dan will work together to deal with you.

Therefore, Chen Xiang had to improve the Chongprofound Dan and add some other ingredients so that this pill would have the effects of a Chongprofound Dan, but if it was not a Chongprofound Dan, the Pill God would not be able to find trouble with him.

If he only wanted to earn a lot of money by selling the Holy Elixir, then Chen Xiang's elixirs would be more than enough. It would have a strong effect and be easy to make.

"Continue copying the White Profound Holy Lotus. When Qianqian and Xiangyue come out, if their pill refinement is successful, let them refine the White Profound Holy Lotus."

After Chen Xiang finished instructing, he entered the competition and started refining the Chongprofound Dan.

Right now, he had to be familiar with the Chongprofound Dan before he could improve it.

There were a lot of materials needed to refine the Chongprofound Dan, three high quality panacea, three low quality panacea and one White Profound Holy Pellet. If they wanted to improve it, they would need to add two high quality panacea.

Before refining the Chongprofound Dan, he still had to refine the White Profound Holy Pellet.

The White Profound Holy Pellet was a Medial Grade Holy Pellet, and was naturally easy for Chen Xiang to refine. He then began to refine the Chongprofound Dan.

To Chen Xiang, the difficulty was about the same as Bati Dan and Wild Dragon Saint Dan, but the process was a little more complicated. Because he had first found three high-grade and three low-grade s, and then mixed them together with the White Profound Holy Pellet.

There were two crucial points in using the Original source refining. The first was to find the Spirit blood while burning the medicinal ingredients, and also to find it within a certain period of time. This was because when the medicinal ingredient was burned too much, the Spirit blood would disappear.

The second was to fuse all of the Spirit blood together after finding them.

The first crucial point was rather difficult, especially during the first refining process. This was because he had to familiarize himself with the stage of refining the medicinal ingredients before the Spirit blood would appear.

If it was the second time, it would be much easier to refine it. In the future, he could also use his own experience to release appropriate firepower and quickly burn all the medicinal ingredients until the moment the Spirit blood appeared. Then, he could capture and fuse the Spirit blood.

Chen Xiang was currently using very weak firepower to refine it, because burning it was too fast and he would miss out on that chance. This resulted in him not discovering the Spirit blood for a long time and he could only start over in the end.

In order to succeed on his first try, Chen Xiang was very patient, he started burning the herbs bit by bit. Right now, he was refining all six of the herbs at the same time, and he had to be very careful.

The Chongprofound Dan was one of the Four Great Sacred Pills, and the main thing was to cultivate the Mysterious power. As for the other three, they also had their own uses, and their effects were extremely good as well. It was something that many profound God and True Gods loved, but it still required a lot of divine money to buy.

It was not easy for normal True Gods and profound God to earn godly money. If they did not have a good technique, they could only accept missions and do dangerous things to earn godly money. However, it was not much.

If it was an Empyrean God, he would've been able to earn divine money much faster. However, the sacred pill was no longer of much use to Empyrean Gods. What Empyrean Gods needed were divine pills, and they were expensive items as well.

... ..

"The Chongprofound Dan is one of the Four Great Sacred Pills. If Chen Xiang is able to successfully change this Chongprofound Dan, its effects will be better than the Chongprofound Dan's, then he can replace the Chongprofound Dan and become one of the new Four Great Sacred Pills." Lv Qilian looked at the door to Chen Xiang's secret room. It had already been five days, and it had not been opened.

Wu Qianqian and Hua Xiangyue had already come out. They had successfully refined the Wild Dragon Saint Dan, and its quality was about the same as Chen Xiang's.

The Bati Dan s were easier to deal with than the Wild Dragon Saint Dan, so they wouldn't take too much time.

The only thing Long Xueyi and Lv Qilian could do now was to condense spirit liquid and duplicate some low level medicinal herbs, in preparation for the large-scale refining process in the future.

Long Xueyi said: "Sister Qilian, what if we sell off the new Four Great Sacred Dan Meeting s?"

Lv Qilian laughed: "It will definitely make our shop famous, there are many shops that do not have all four great Holy Pellets, there is only one kind in Divine Female Palace's shop, the Four Great Holy Pellet's recipe is only controlled by a small number of Pill Gods, these pill gods have very strict control over these pill formulas."

Even though the pill god with these pill formulas wasn't an enemy, he wouldn't allow his pill formulas to appear in other pill god shops.

"Our Chongprofound Dan were bought from Fire Divine Palace's shop. What kind of pill is it that Divine Female Palace is selling?" Long Xueyi asked: "I don't think we went to ask the last time."

Lv Qilian said: "If Divine Female Palace had it, I would have bought it a long time ago. The Great Saint Pellet sold by Divine Female Palace is called the Soul Recovery Holy Pellet, and it is mainly used to treat serious injuries. If a middle profound God or even a Divine Sense Sea's divine soul is severely damaged, they can be cured by eating this pill, but Super profound God needs to eat more, so there would be an effect."

Rosy clouds Dan Saint s are famous for refining these kinds of pellets, and they are very expensive. Before, they would need around four to five hundred thousand gold coins per pellet, and right now, even if you offer seven to eight hundred thousand gold coins, you still might not be able to purchase one. Rosy clouds Dan Saint s can only refine a few pellets every so often, and they are all sold to customers who have good relations with Divine Female Palace.

Long Xueyi said: "Seems like the method to concoct the Soul Sage Pill was passed down from the Dan God Ye to the Rosy clouds Dan Saint. Who knows, maybe that Ye Qin might be able to concoct it too. I keep having the feeling that this woman is not simple."

Lv Qilian nodded his head and said: "I feel the same, that she is after all, the daughter of the Pill God. We can only wait for Chen Xiang and the others to refine a large batch of sacred pills and exchange them for divine money.

The Four Great Saint Pills were also called the Great Sage Pills. If there were pills that were comparable to the Four Great Saint Pills, or were close to the level of the Four Great Saint Pills, they could also be called the Great Sage Pills.

"That little scoundrel hasn't come out yet." Liu Meng'er came out of the room with Xue Xianxian following behind her. All of them had a jade bottle in their hands, and they passed it to Lv Qilian.

Lv Qilian took the jade bottle and smiled: "It's not out yet, it should be soon. You have already mastered the initial stage of Alive Slain Method, so the quality of these spirit liquids are all good."

The spirit liquid condensed from the Alive Slain Method could duplicate medicinal herbs, and Liu Meng'er and Xue Xianxian were both Chen Xiang's women, so Lv Qilian was very willing to teach them the Alive Slain Method.

Long Xueyi laughed: "Whether or not I really succeed in cultivating it will depend on little scoundrel ..."

Liu Meng'er and Xue Xianxian did not really understand Long Xueyi's words. They did not know that the strongest part of the Alive Slain Method was the dual cultivation, which allowed one to condense those mystical purple pearls through fusing Yin and Yang.

## [Chapter 1856](#)

Just as Xue Xianxian was about to ask Long Xueyi, Hua Xiangyue came out of the secret room.

"I can also refine four Bati Dan s in one pot. You can all try it." Hua Xiangyue laughed as she opened her palm. There were four white beads on her palm.

Long Xueyi said: "I won't eat it, eating it won't have much of an effect on me. I'm different from you guys, eat it."

Lv Qilian, Xue Xianxian and Liu Meng'er all took one pellet each and Hua Xiangyue himself took another.

Bati Dan s could improve on it before, and Heaven holy Dan s could only increase the strength of their divine power. However, Bati Dan s could also increase the strength of their divine power and body, and could deeply explore the hidden potential, stimulating their divine power and the ultimate strength of their body.

"Not bad, I can feel that my divine power has increased a bit. The other medicinal effect is quickly being absorbed into my body." Liu Meng'er circulated his cultivation technique and quickly felt the benefits of the Bati Dan.

Xue Xianxian also nodded and smiled sweetly: "Sister Qianqian, are you still not out yet? I still want to eat."

After saying that, Wu Qianqian also came out from the secret room, and upon hearing what Xue Xianxian said just now, she anxiously came over and smiled: "Here, I just came out, let's see how it goes."

The Bati Dan that Wu Qianqian refined looked exactly the same as the ones that Hua Xiangyue refined.

Just like this, Xue Xianxian and the other two ate another Bati Dan, and Wu Qianqian himself tasted one.

Lv Qilian laughed: "The pill you refine is on par with Chen Xiang. You will definitely become a female divine pill god in the future."

Liu Meng'er said: "Let's not talk about Chen Xiang, just with the two of you concocting pills, our strength will increase quickly."

Xue Xianxian laughed, "That's better than staying in Divine Female Palace. If we want to eat the Holy Pellet, we have to do a lot of tiring things. With Sister Xiangyue and Qianqian here, we can have oral medicine in the future."

Liu Meng'er came to Xue Xianxian's side and smiled: "Xianxian, we cannot be weak either. We need to work hard to improve our smithing skills and forge even better Divine Weapons."

Pills and Divine Weapons were things that could earn a lot of money. Liu Meng'er and Xue Xianxian also had a good foundation in this area.

Long Xueyi asked: "Are you guys done refining the Divine Vessel for Little Scoundrel? He's been thinking about it all day."

Liu Meng'er came to the side of the Heavenly Profound Sacred Tree, gently stroked the snow-white leaves, and said: "It's more or less there, but in order to make it even more perfect, we have to delay a little before we can give it to him."

The stone door of Chen Xiang's secret room opened, and all the girls immediately looked over. They saw that Chen Xiang's face was covered in dust, his clothes were burnt and tattered, his hair was messy, and he looked extremely sloppy.

Hua Xiangyue laughed and asked: "What's going on, the furnace exploded?"

Chen Xiang curled his lips: "You guys are truly heartless. With my current state, you guys aren't consoling me by saying some words of concern."

Long Xueyi laughed tenderly: "Although I'm in a bit of a sorry state, you don't look like something bad is going to happen to me."

After Chen Xiang walked over, the girls cleaned up the mess on his body, and even took out clean scarves to wipe his face that was full of dust.

"How is it?" Lv Qilian asked.

After carefully attending to the few women, Chen Xiang was very happy in his heart. He smiled: "The furnace has exploded, but it doesn't matter, I still succeeded in refining it, hehe."

Chen Xiang took out four emerald-like pills.

"Not bad, you can refine a Chongprofound Dan in a few days." Lv Qilian picked one up, and placed it under her beautiful nose to smell it.

Of course, the real Chongprofound Dan did not need to try its effects, but Chen Xiang still let him eat them.

"Sister Qilian has already eaten one pill, there are still three pills left. Who wants to try it?" Chen Xiang laughed complacently.

Other than refining Chongprofound Dan, Chen Xiang had also refined a Holy Pellet that he had created himself. This surprised Lv Qilian and made them even more so, because they knew clearly that this was not an easy task.

Liu Meng'er wiped off the dirt on the back of Chen Xiang's neck and laughed: "and I don't need it. Qianqian, Xiangyue, eat it."

Wu Qianqian and Hua Xiangyue immediately ate the Chongprofound Dan. After they ate it, they quickly discovered that their soul was wrapped in a layer of silvery-white multicolored light. This was the Mysterious power that the Chongprofound Dan had brought along.

Hua Xiangyue said: "Right now, we are still not in the later stages of Upper True God, so eating this pill is a bit of a waste."

Lv Qilian nodded his head: "We will eat after reaching this stage. If the quantity is sufficient, it will be very easy for us to become profound God."

Chen Xiang saw that after they had refined the medicinal power, they had taken out the Holy Pellet that he had created.

"Why is it purple, it looks very different from a Chongprofound Dan." Wu Qianqian carefully picked one up and carefully examined it with his jade palm.

This deep purple pill emitted a relatively strong violet light. If this pill were to be pitch-black, then the purple light it emitted would illuminate the entire hall.

Chen Xiang laughed: "This is called Purple profound Dan, I also did not expect that it would become like this after adding the Jade Origin Sacred Fruit and the Profound Sky Sacred Leaf. It seems that this Purple profound Dan is very perfect, this is probably due to luck."

After Hua Xiangyue and the other two girls ate it, a layer of faint purple mist actually emerged from their bodies, making them look even more beautiful.

Wu Qianqian cried out in alarm: "How can this be? Could this be Purple Qi? The purple Mysterious power is much stronger than the white Mysterious power of the Chongprofound Dan from before."

Hua Xiangyue was also surprised, "Not only that, I feel that even my flames have changed because of this."

Although Lv Qilian frowned, his face was still filled with surprise and joy. "This could be the legendary Purple Qi Holy Pellet."

Chen Xiang also ate one pill, and a layer of faint purple mist also appeared on his body. However, it quickly disappeared, not staying as long as Lv Qilian and the other two.

"I didn't expect it to be a Violet Qi Holy Pellet. I was wondering why most of the white medicinal plants turned purple." Chen Xiang laughed out loud: "Creating a pill recipe requires luck."

Xue Xianxian asked: "What is a Purple Qi Holy Pellet? I have heard of Lingguang Dan before, it is a sacred pellet that possesses Spiritual Lights. Is there any difference between this Purple Qi Holy Pellet and a Lingguang Dan?"

Chen Xiang explained: "The difference is great, Lingguang Dan s need to deliberately use some methods to refine it, but this Purple Qi Holy Pellet is formed by a combination of many different medicinal ingredients that are perfect in order to produce the purple qi. Normally, purple qi would appear in the divine pellets, but there are very few divine pellets, almost none, but it's because of the existence of the purple Qi Shen Dan that the concept of a Purple Qi Holy Pellet exists."

Hua Xiangyue continued: "The Purple Qi Holy Pellet appeared when the recipe was perfect, so its effects are very good, and the effects of the Purple profound Dan, should be more than five times that of the Chongprofound Dan, as for the price ... It's up to Sister Qilian to decide. "

Lv Qilian said: "We want to sell it for two million gold coins per pellet, and this is our Town Security Holy Pellet."

### [Chapter 1857](#)

Chen Xiang also never thought that he would be able to concoct Purple Qi Holy Pellets, this unexpected harvest made him extremely happy, and he then passed his experience of refining Chongprofound Dan and Purple profound Dan to Hua Xiangyue one by one through the soul.

During the following month, Chen Xiang and a few other girls were busy refining pills. Usually, they would refine pills during the day and rest at night, and when they were resting, Chen Xiang would dual cultivate Alive Slain Method and condense the purple pearls with them.

Xue Xianxian and Liu Meng'er now knew the true usage of the Alive Slain Method, and also knew the relationship between Lv Qilian and Chen Xiang.

"I've finally managed to refine a lot of pills. It will open for business tomorrow morning." Chen Xiang lied on the bed while Liu Meng'er and Xue Xianxian snuggled up to his sides. They looked a little tired, obviously just having been happy.

Chen Xiang held the two girls in his arms and caressed their smooth skin. Xue Xianxian and Liu Meng'er occasionally pinched him.

"Little Scoundrel, are you preparing to leave us?" Liu Meng'er asked in a low voice.

"I don't know yet. I still have a lot of things to do." Chen Xiang sighed, and kissed Liu Meng'er's forehead: "Don't worry, I will stay here for a while, at least I will make you all profound God."

Thinking that Chen Xiang would leave, Xue Xianxian immediately climbed onto his body and smiled tenderly: "Elder Sister Meng'er, this little scoundrel is leaving. At that time, we don't know when we will be able to see him again. "Heh heh."

"That's exactly what I want..." Chen Xiang laughed sinisterly.

... ..

Before the sky brightened, Chen Xiang was pulled by Liu Meng'er and thrown into the bath by them.

"I opened my shop today and got up early." Chen Xiang choked on a few mouthfuls of water, but after he woke up, he only heard Hua Xiangyue giggling and Hua Xiangyue and the others were also bathing.

Last night, Chen Xiang was tossed into the middle of the night by Xue Xianxian and Liu Meng'er, and then, he was dragged over by Hua Xiangyue, and together with Wu Qianqian, they squeezed him out for two hours.

Lv Qilian sat at the side of the pool, wearing very few clothes. The thin white gauze stuck to her beautiful body, causing the water droplets that flew out to wet Lv Qilian's clothes, causing her attractive and beautiful body to become faintly discernible. It was extremely tempting, causing flames to rise up from Chen Xiang's lower abdomen.

Although Lv Qilian's entire body was drenched, she had a serious expression on her face as if she was considering something. Her face was serious, her snow-white legs looked cold and threatening, causing Chen Xiang to be unable to hold on, a hand was placed on Lv Qilian's big white legs.

Lv Qilian had clearly just finished running her bath, washed away the fatigue she had felt for the past month, and then, she had sat by the side of the pond, thinking about the things that she had to pay attention to when opening the shop today.

"Little Scoundrel, what are you doing?" Just as Lv Qilian shouted out, she was dragged into the bath by Chen Xiang, and after that, she let out a soft cry and continuously scolded. She did not expect Chen Xiang to be here, and to even be with her in front of so many women ... Her curses did not last long.

The sky slowly brightened as Lv Qilian had already changed into a noble purple cheongsam. This time, she did not change her appearance, and allowed her incomparably beautiful face to be seen. It was only that there was a blush on her face, and it was all because of the lingering charm Chen Xiang had left behind when he was in the bath with her.

Long Xueyi chuckled. "Sister Qilian, you should've joined Sister Xiangyue and the others last night. That way, this little scoundrel wouldn't have had so much energy to spare this morning."

Lv Qilian let out a light snort, "I must make him look good the next time, he actually came in front of so many people ..."

Lv Qilian's face flushed red again. Although Liu Meng'er and the others already knew about the relationship between her and Chen Xiang, she never thought that she would have to brazenly tell them about it.

"We are only opening a small scale store. Five hundred Wild Dragon Saint Dan, five hundred Bati Dan, two hundred Purple profound Dan. If we can sell them all today, we will get a large amount of working capital."

They just opened a shop. There were three cabinets, all of them transparent. If the pills inside had a rosy glow, it would have been even more beautiful to see through the layer of crystal.

Two of the smaller cabinets held Wild Dragon Saint Dan s with dragon tattoos carved on them, and the other cabinet was filled with milky white jade beads like Bati Dan s.

The Wild Dragon Saint Dan emitted a blue light, so it looked very beautiful.

Of course, within the cabinet hung above, there were a few Purple profound Dan that were the most eye-catching.

Chen Xiang did not appear. He was only outside the shop, and when the time came, he would blend into the crowd, and would come to take care of things. Hua Xiangyue and Wu Qianqian, on the other hand, continued to refine pills on the top floor.

Liu Meng'er and Xue Xianxian, on the other hand, were concocting pill furnaces, because they wanted to concoct a type of pill that could automatically concoct Holy Pellets, and it was not completely automatic, it was just that under the control of someone, they could complete most of the process automatically, and that would require Wu Qianqian and to provide some ideas, although they did not know if it would succeed, they had already planned to work hard in this area.

Just like before, ten days before the auction, Lv Qilian and Long Xueyi were already giving out orders everywhere. The previous sales of the Wild Dragon Saint Dan had a pretty good reaction, and their reputation was quickly established, because when many people went out to hunt divine beasts, they would be able to instantly release a very strong power after consuming this pill.

For example, in a large group of tens of people, if one of them ate a Wild Dragon Saint Dan and fought against a divine beast, the effects could be seen by the entire team. Once they asked around, they would know that it was the effects of the Wild Dragon Saint Dan.

That was why when they heard that the Wild Dragon Saint Dan was being sold, many people came over. Other than the Wild Dragon Saint Dan, there were also Bati Dan s and Purple profound Dan, the effects were written very clearly on the notice list.

... ..

In a small hall in Divine Female Palace, Ye Qin was reading a notice form and frowned.

Rosy clouds Dan Saint and Feng Yujie were also here, and they had the notice in their hands.

Of course there were Dan God Ye as well. His face was full of doubt: "Just who is this, for even the Purple Qi Holy Pellet to appear, this can't be real, the effects of this Purple profound Dan is really too

similar to that of Chongprofound Dan, and according to its description, its effects are three to four times stronger."

Ye Qin said: "Daddy, this Bati Dan also looks very similar to the Heaven holy Dan that Li Zhonghan is selling. Li Zhonghan's Heaven holy Dan can only increase his divine power, but the Tyrant Body Pill is a matter of taking into account the body."

The Rosy clouds Dan Saint said: "If this Purple profound Dan is truly related to the Chongprofound Dan, I wonder what the Fire Divine Palace's Pill God would be like. He had stolen the Chongprofound Dan's business, and the origins of this pill recipe are unknown."

"We'll know after we go take a look. We'll be changing our appearances this time. Don't let them know our identities." The Dan God Ye said, "Otherwise, we will only make their reputation even bigger. After all, they are our competitors."

### [Chapter 1858](#)

Feng Yujie was naturally clear that these pellets had been concocted by Chen Xiang, but the Purple Qi Holy Pellet that Chen Xiang produced this time was simply too shocking. She only thought that it would stimulate Chen Xiang, allowing him to study the pill formulas to create this pellet.

He never thought that Chen Xiang would actually be able to do it.

"Cai Xia, Qin'er, be careful when you sell the Soul Recovery Pill. Those of unknown origins should not be sold." Dan God Ye was a genuine Pill God, he could already tell from the Wild Dragon Saint Dan from their improvements.

Now that the Heaven holy Dan and its formula had been improved, he was already suspecting that there was someone who could directly see the pill formula from the sacred pill. After improving and obtaining his own, he would then be able to reasonably sell it.

It would have been fine if the improved pills were weak, but they were very good. The effects were much stronger than before, so they would be able to replace the previous pills.

At daybreak, the entrance to the shop was already filled with people who had come to buy Wild Dragon Saint Dan.

Chen Xiang blended in with the crowd and had already squeezed into the shop.

"There are only five hundred Wild Dragon Saint Dan. I wonder if we can steal them." An old man sighed and said, "I helped a lot when I bought one last time."

"I don't know how many Bati Dan are sold, but they are very suitable for me to eat. I am a Upper True God and need this kind of pill. Chongprofound Dan cannot be bought, and it is also relatively expensive."

"Bati Dan are indeed Heaven holy Dan, and they are even more effective than Heaven holy Dan. I wonder what the Divine Han Shop will think."

Chen Xiang used his divine soul to look at the crowd, and suddenly discovered that there was a lady with a white veil covering her face, and from her eyes, he could tell that she was Feng Yujie.

"Sister Feng, why are you here?" Chen Xiang anxiously transmitted to Feng Yujie.

"Even the Dan God Ye is here, it's not good for you to cause such a big commotion. Just a few Pill Gods are here to infiltrate." Feng Yujie said: "Is that Purple profound Dan real?"

"Of course it's true. I also didn't expect my luck to be so good that I could refine it." Chen Xiang laughed: "This time, I will only sell you two hundred Purple profound Dan. If you can't buy them, I can give them to you in private."

"The pills you're selling right now are all made by you." When she was with Dan God Ye and the rest, the Dan God Ye released a wave of coercion, causing the surrounding people to have no choice but to avoid him, afraid that they would anger this great god of unknown origins.

"No, Xiang Yue and Qianqian have a part in it as well. They can only be refined using Heavenly Alchemy. Do you want to learn it? I can teach you anytime." Chen Xiang said.

"Not now." Although Feng Yujie said this, his heart was already shaken, because the reason Chen Xiang refined pills so easily was all because of the Heavenly Alchemy.

Since Hua Xiangyue and Wu Qianqian could learn it, she could as well.

There were a lot of people, so Lv Qilian and Long Xueyi had no choice but to open up all of the pavilions, so that the streets would not be flooded with people.

Chen Xiang shouted loudly: "How much are you selling these Wild Dragon Saint Dan for? How much is one pellet? When can you start selling them? I have been in the Goddess City for a long time."

Seeing Chen Xiang supporting them, Feng Yujie snickered in his heart. If it wasn't for Dan God Ye and the rest, Feng Yujie would have helped them from the shadows.

Lv Qilian replied: "Three hundred thousand divine money per pellet, because of the limited amount of ingredients, so the price will be higher than before. The Bati Dan s will cost one hundred and fifty thousand divine money, as for the Purple profound Dan ... "This is our Holy Elixir; it costs two million gold coins for one pellet. If it's anyone who knows what's good for them, they wouldn't think it's too expensive."

Previously, the Wild Dragon Saint Dan only had 200,000 spirit coins, but now it had increased by 100,000 spirit coins, causing many people to give up on the idea of buying it.

This was within Lv Qilian's expectations, but if he really wanted it, he wouldn't mind spending one hundred thousand spirit coins.

"I want a Purple profound Dan." A middle-aged man suddenly shouted from the crowd.

The middle aged man who shouted was none other than Dan God Ye.

Feng Yujie anxiously transmitted to Chen Xiang: "This guy is a Dan God Ye, I don't know what he is doing, but he is not a bad guy, so you don't need to worry that he will mess things up."

Chen Xiang quickly told Lv Qilian, telling her to be careful.

"You are the first customer who opened the store today, so we are giving you a Tyrant Body Pill." Lv Qilian smiled slightly and chased the purple shining Purple profound Dan away from a jade bottle. Although the dense profound energy only flashed for a moment, it made many Upper True God's eyes light up.

Chongprofound Dan required five hundred thousand divine coins, while Purple profound Dan required two million. However, the effects were indeed five times that of Chongprofound Dan and five pellets of Chongprofound Dan, so it was very cost-effective.

Dan God Ye walked over and took the delicate jade box. He opened the only thing in his possession was the Purple profound Dan's pill fragrance, but that was only for a moment because the Purple profound Dan had already been eaten by the Dan God Ye. A faint layer of purple aura appeared on his body.

However, it only lasted for a moment before disappearing.

Lv Qilian pretended to be surprised and said: "Senior, you should be in the Heavenly God Realm right ... Even stronger because the higher one's realm is, the shorter the amount of purple energy one would be able to maintain. If it was profound God who consumed it, it would be maintained for a short period of time.

Dan God Ye did not immediately reply to her words. Instead, he furrowed his brows and felt the purple profound energy that was pouring into his Divine Sense Sea. Although he had a stern expression, his heart was like an ocean rippling.

Purple Qi Shen Dan were rarely seen and Dan God Ye himself had never seen one, but he knew who was able to refine one, so he did know a bit about the specifics.

The Purple Qi Holy Pellet was only a theoretical existence. Not only did he see it today, he could also eat it, as the Purple profound Dan did not have much use for him as a god, but he knew very well what the Purple Qi Holy Pellet meant. Its effects were indeed five times stronger than the Chongprofound Dan.

Seeing their father not saying a word, Ye Qin and the Rosy clouds Dan Saint also bought one and ate it, each falling into silence one after another. They were all Alchemists with extremely deep attainments in the field of alchemy, so they were very clear on the strength of the Purple profound Dan.

"Great pill." Dan God Ye let out a long sigh, "Can you tell me which senior refined it? It can be called the king among the sacred pills."

At this time, Chen Xiang shouted: "The Bati Dan are not bad either, its effect is two times that of the Heaven holy Dan and it can also strengthen the body. It's only selling for one hundred and fifty thousand gold, it's too cheap, and if you buy it, you might even be able to make a profit."

Just now, Chen Xiang had pretended to buy a Bati Dan and shouted loudly after eating it.

"I want ten Bati Dan." Another old man shouted, because he had also just eaten the Bati Dan.

After all, they had the reputation of being Wild Dragon Saint Dan before, so everyone had already accepted that this shop with unknown origins was not for sale. Although they could not afford to buy the Holy Elixir King, it was still not bad to be able to buy Wild Dragon Saint Dan and Bati Dan. If their

reputation grew, maybe their prices would even increase, and at that time, they could still sell it for a profit.

Just like this, the Dan God Ye speechlessly watched as the pack of wolves crazily shouted for more than a dozen, and even sold more than a dozen Purple profound Dan.

Feng Yujie suddenly said to Chen Xiang: "Li Zhonghan is here, and he even brought two of his Dan Saint Title s with him.

Someone outside of the door was already shouting excitedly: "The Bati Dan is really worth more than I thought. We can easily beat that Heaven holy Dan by a few streets."

The Heaven holy Dan was the treasure of Li Zhonghan's Divine Han store, and now that it was completely destroyed, Li Zhonghan could not sit still anymore and quickly brought two Dan Saint Title over to take a look.

### [Chapter 1859](#)

On one hand, he could earn some divine money, and on the other hand, he had to pursue Ye Qin. This also obtained the support of his father, who was the Pill God's daughter after all, so it would be good if he could catch her.

However, this month, his shop's business was a little bleak. This was because after Lv Qilian and Long Xueyi had distributed those advertising sheets, the people who wanted to buy Heaven holy Dan were all waiting for the Bati Dan to start selling. If it was really as good as the promotions made, they would definitely not choose the Heaven holy Dan.

The Heaven holy Dan s were the only sacred pills that Divine Han's shop could produce, and they had been selling very well over the years. The sacred medicines to be refined were also very cheap, so Li Zhonghan earned a lot from them.

However, the appearance of the Bati Dan was equivalent to cutting off his road to riches. Although his father was a little god of wealth who knew how to make divine money, he was still quite unhappy when he met with this kind of thing. This was not just a matter of earning money or not earning it, but rather, it caused his heart to be stifled.

Chen Xiang told Lv Qilian through sound transmission that he was here.

Previously, they had predicted that this Li Zhonghan might come because the Bati Dan was modified from the Heaven holy Dan s.

"Isn't this Li Zhonghan from the Divine Han store? This Bati Dan is simply a business for robbing Heaven holy Dan. He has come here to watch a good show."

"This Bati Dan is really very similar to the Heaven holy Dan, especially when it's strengthening its divine power. It's exactly the same as the Heaven holy Dan, but a bit stronger."

"I wonder who refined this Bati Dan. It seems like it was modified according to the Heaven holy Dan."

When Li Zhonghan arrived, everyone whispered to each other.

Dan God Ye brought Ye Qin and the other two and left the crowd. They did not leave, they wanted to see what would happen.

Li Zhonghan looked relatively calm, he did not look angry at all, but anyone could tell that he was here to cause trouble.

"Bati Dan, I have never heard of such a sacred pill. Which pill god created this."

Li Zhonghan stood in front of the Bati Dan's crystal box. The originally crowded store was now much more sparse, and many people had retreated to the streets, worried that the fighting would affect them.

Lv Qilian said with a smile: "This is indeed made from a new pill formula. The person who created the pill formula is not some pill god, but only a pill saint. He is still far from reaching the realm of a pill god."

Once Lv Qilian said this, everyone began to discuss in surprise, especially the few Pill Gods who were hidden here, they found it hard to believe. If the Bati Dan really was created, then the Wild Dragon Saint Dan from before, as well as the Purple profound Dan that could produce purple qi, would all come from the hands of the Pill Saint.

If a pill saint was able to do it, then what would happen if he became a pill god in the future?

Li Zhonghan smirked and looked coldly at Lv Qilian and Long Xueyi: "Aren't you guys being too modest? I keep having the feeling that your Bati Dan is just plagiarizing our Heaven holy Dan."

Hearing Li Zhonghan's words, everyone nodded their heads, even though they had accidentally obtained a pill formula, if they did not get the approval of the owner of the formula, and casually sold the pills made by the formula, the consequences would be dire.

Lv Qilian maintained her beautiful and enchanting smile: "That's right, but anyone who has eaten Bati Dan should be able to deeply feel that the difference between a Bati Dan and a Heaven holy Dan is very deep. Even though it contains all of the effects of a Heaven holy Dan, as long as there's nothing wrong with your brain, you would know, these two pills are not the same."

Long Xueyi continued to speak: "There are a lot of sacred pills, and there are also a lot of pills that have the same effects. Everyone knows, that it is normal for Bati Dan and Bati Dan to have something in common, moreover there is an additional effect of strengthening the body, there is no such pill formula to steal from Heaven holy Dan."

"Boss Li, your doubts are reasonable. If you do not believe me, I will give you a piece of Bati Dan to taste. You are also a sensible person." Lv Qilian passed a Bati Dan over to Li Zhonghan with a smile.

Li Zhonghan took it and ate it. After sensing the difference between it and the Heaven holy Dan, he had no choice but to take out one hundred and fifty thousand spirit coins and hand it over.

Even though he couldn't allow the matter to end like this, an elder walked up to him from behind. His face didn't look too good, and he looked to be in a bad mood.

"I have eaten the Bati Dan before, according to my experience, I can discern the sacred medicine that the Heaven holy Dan used, so this is the pill formula for stealing the Heaven holy Dan. I will inform my master about this matter, he is a pill god, the Heaven holy Dan was created by him."

Lv Qilian walked out from the counter and smiled: "Old sir, you are so amazing, to be able to eat all the medicinal ingredients directly from the Holy Pellet, I am truly impressed, but even so, Heaven holy Dan s are still Heaven holy Dan s, Bati Dan s are still still Holy Pellets that are different."

The other middle-aged man said harshly: "You stole the Heaven holy Dan's pill formula, don't say such flowery words."

With that, the middle-aged man shouted to the people outside: "Everyone here, I know that there are many Alchemist s, and the pill refiners have the ability to see through the pill formulas. If we do not stop them now, the pill formulas you guys are proficient in will be the ones that will suffer in the future."

"It's very obvious now, Purple profound Dan are the ones who plagiarize Chongprofound Dan and Bati Dan are the ones who plagiarize our Heaven holy Dan. Today, we must take care of them, otherwise, they will become a great disaster for the Pill Dao."

Her voice was no longer as polite as before. "If you don't want to buy the Holy Pellet, then please leave. We still have to continue our business, so if you cause any more trouble, don't blame us for being impolite."

Li Zhonghan laughed coldly: "You're welcome. What else can you do? Stealing our Heaven holy Dan s would break a big taboo in the dao of pills. Today, we must capture all of you and send you to all divine palaces for trial."

Chen Xiang could no longer hold it in, he squeezed through the crowd slowly and headed towards the shop.

Feng Yujie had been paying attention to his movements the entire time, and upon seeing that he was about to take action, he anxiously shouted out: "Chen Xiang, what are you doing? Don't worry, I promise I won't let them do anything rash here, you must restrain yourself, and don't cause any trouble here. If Qilian and the others want to develop here in the future, they must pass through this obstacle."

Chen Xiang really wanted to go over and fight with Li Zhonghan. It was not only because of the current situation, but also because of the great hatred Feng Shen had for Dan Emperor.

"Although the Heaven holy Dan is a pretty good Holy Pellet, it's not perfect enough, far from the Bati Dan. Not to mention, the Bati Dan stole your pill formulas, if you steal it, then the effect should be weaker than the Heaven holy Dan. The Bati Dan was created by this little girl, so my words should be able to prove it."

Wu Qianqian walked down the stairs with an elegant posture and although her voice was gentle, it carried a faint power. However, her every movement and smile carried warmth and gentleness, making people feel that she was just a weak girl, who suddenly gave off a very mysterious feeling.

## [Chapter 1860](#)

Seeing Wu Qianqian appearing, Chen Xiang also suppressed the impulse in his heart, if not, just with Feng Yujie's words alone would not be enough to suppress the fighting intent in his heart.

However, Lv Qilian and Long Xueyi were the ones who had been found out by someone else, after all. Standing at the side and watching his beloved girl being surrounded by such a crowd, he was extremely furious. If he was a Upper True God, he would probably go all out to kill them.

Lv Qilian replied. "No need to come over, leave this place to us. We can control the situation, you can watch from the side."

Lv Qilian had some understanding of Chen Xiang's temper, if not Chen Xiang would not create so many troubles and get rid of so many famous people.

Hearing Wu Qianqian's casual words, the hidden Alchemist did not believe that the one who initiated the Bati Dan was actually a woman.

Forget about Purple profound Dan, even if it was the ingenuity contained within the Wild Dragon Saint Dan, it would still take many years to reach there. It was far from what a Pill Saint could achieve, let alone a Purple profound Dan that could produce purple qi.

"You finally admitted it, everyone look, the Bati Dan is stealing our Heaven holy Dan." Li Zhonghan shouted to everyone.

Wu Qianqian smiled: "I have not admitted it, Boss Li, do not slander me like this, if you do not believe me, I can compete with these two seniors here, you guys can refine Heaven holy Dan, I will refine Bati Dan."

"Don't even think about concocting a sacred pill for the pill formula. You might as well do it in front of so many people." That Pill Saint shouted.

"You can't, I can." Wu Qianqian said: "Why don't you tell us what we can do to make you satisfied and give you our pill formulas?"

Li Zhonghan and the two Pill Saints were speechless.

Wu Qianqian continued: "You all don't even dare to compete in pill refining, but dare to say that we stole your Heaven holy Dan's pill formulas.

"Bati Dan's effects strengthen the body and god's power, but Heaven holy Dan only have the ability to strengthen the god's power, which is obviously only half of the Bati Dan's power. Your Alchemist isn't talented, so they can only see through a portion of the Bati Dan's pill formulas, so they can only refine Heaven holy Dan."

Someone in the crowd chimed in: "That's right, stealing the Heaven holy Dan's pill formulas, how can it be even better than that? Moreover, it's not just a little better, it's a whole level higher, even if there's the shadow of the Heaven holy Dan, but having this level is still very rare, it's completely unrelated to the Heaven holy Dan."

"That's right. According to what you see, Heaven holy Dan should be plagiarizing Bati Dan, and their effects are only half effective."

The situation had turned around, Li Zhonghan did not expect that the other party, who was only a few women, would be so powerful, and now they were being bitten back at.

"If you're a man, then compete with others. If you don't even dare to compete, then come here and claim that someone else stole your pill formulas. You're shameless! If you don't want to buy pills, then hurry up and leave. We still have to buy more."

There were many men here, and seeing Lv Qilian and the other girls being bullied by him, they could not stand to watch.

Now that Lv Qilian and the others were on the right side, no matter how they looked at it, Li Zhonghan was the one who came to cause trouble on purpose.

"You all..." Li Zhonghan was a little angry, just now they were almost able to instigate the Alchemist here, but who knew that Wu Qianqian who suddenly appeared would change the situation with just a few words.

Li Zhonghan shouted: "Alright, we will compete on the spot. If you use all of the Heaven holy Dan's medicinal ingredients, then we will consider it as you stealing the Heaven holy Dan's pill formulas."

Wu Qianqian laughed: "The world is big, do you not allow coincidences to happen? Furthermore, I suspect that your Heaven holy Dan stole the Bati Dan's medicinal formula."

"Heaven holy Dan was a pill formula I created three thousand years ago, and it's not really a good pill formula, but it's indeed unique. There are at least three Pill Gods who can bear witness to it, and I can confirm that the Heaven holy Dan's pill formula was before yours, and the main ingredient to create the Heaven holy Dan, the Congealed Holy Flower, is also because of the Heaven holy Dan that it appeared on the market, and there wasn't a Congealed Holy Flower before."

The sudden voice made Li Zhonghan's heart tremble, he was ecstatic, because he knew that they were the God of Elixirs.

The Pill God was the Wealth Divine Palace's Pill God and also the master of the two Pill Saints from before.

"This is the Dan God in Blue Costume." Feng Yujie whispered to Chen Xiang.

After hearing the voice, everyone looked around to search for the Pill God, but the Pill God was already inside the shop and was even standing in front of Li Zhonghan. He was a middle-aged man dressed in blue, with an ordinary appearance, but he had an extraordinary temperament and a faint pill fragrance.

"It's the Dan God in Blue Costume from the Wealth Divine Palace." Someone whispered.

Wu Qianqian said: "As expected of the Dan God in Blue Costume, unrestrainedly speaking out one of the Heaven holy Dan's main medicinal ingredients."

Dan God in Blue Costume said lightly: "This is nothing to be afraid of. with just a little bit of ability can more or less understand some things from these sacred pills, and then improve them. This is not something shameful, so they said that stealing Heaven holy Dan's pill formulas, is too unreasonable."

Lv Qilian smiled slightly: "Since Dan God in Blue Costume is someone who knows his limits, then let's end it here and now. We still need to open our doors for business."

Dan God in Blue Costume laughed blandly: "That won't do, just now this little miss said that my Heaven holy Dan stole your Bati Dan's pill formulas, I am not convinced."

Wu Qianqian laughed: "I hope that Dan God in Blue Costume can forgive this. This little girl admits that the Bati Dan did indeed receive some inspiration from senior's Heaven holy Dan."

Dan God in Blue Costume had already taken out his pill furnace: "Your words are useless. The other people here will not believe you, but they will think that little miss only gave in because she was afraid of me, so no matter what, you have to compete with me today. Let everyone see if there are any similarities between the two."

He was just curious to see if that Bati Dan was really created by Wu Qianqian. If it could refine a Bati Dan, then the Purple profound Dan could also be refined by Wu Qianqian, and it wouldn't even reach the level of the Pill God if it could, he was very curious who this great disciple of his was.

Purple profound Dan could be called the king of sacred pills, and the pill saint who could refine Purple profound Dan was undoubtedly also the king among alchemists.

Dan God Ye and the other two Pill Gods who were hiding here wanted to see it too, because they could perhaps see through Wu Qianqian's master's method of refining pills.

"Then this little girl will be making a fool of herself." Wu Qianqian also took out her pill furnace. She actually wanted to compete with the Pill God in concocting pills.

Chen Xiang had thought that Wu Qianqian would push it away, because he would need to take out medicinal ingredients to refine the Bati Dan. At that time, everyone would be able to see that there were three types of medicinal ingredients that were exactly the same as the Heaven holy Dan.

He knew that Wu Qianqian was clear about this situation and would not make such a mistake, so he could only continue to watch.

"Looks like I can't steal other people's pill recipes for the saint pills I concoct in the future. There are too many troubles, but fortunately, I met a reasonable alchemist." Chen Xiang secretly made a decision in his heart that when he created the pill formulas in the future, he would have to have his own unique characteristics.
