

Dan God 1871

[Chapter 1871](#)

Because Chen Xiang had obtained that Divine Deity, he had also grasped the God-killing sword; this was the foundation of using the God Murdering Sword Techniques.

The Divine Deity gained from killing the yellow-clothed man was also not a small gain. This was the Upper True God's Divine Deity, and that Upper True God was still from the Supreme Divine Palace.

The Divine Deity that Chen Xiang had placed in the Divine Sense Sea was not completely refined yet, so he could not immediately devour this piece of Divine Deity. Now, he did not plan to continue devouring the Divine Deity either, because the rate at which he absorbed it was very slow and the amount of divine power he obtained was very little as well.

"According to the map, I still have a long way to go. I don't know how many more battles I'll have to fight." Chen Xiang looked at the map that appeared in his mind and sighed.

Yue'er squatted on his shoulder and remained on alert. Now she had to be alert, if Chen Xiang entered the trap, she would let him return to the original location and start over again. At that time, the enemies they would meet would become stronger.

"Don't continue walking. We'll take a detour around that mountain. There's a trap in front." Yue Er suddenly said.

In front of Chen Xiang was a flat desert, and on the other side was a large stone mountain, it was tall and steep, if not for Yue'er's words, he would have followed the best route in his mind and wouldn't have climbed over the mountain.

Yue'er could sense the traps set up here, so Chen Xiang listened to her and walked towards the group of mountains.

It was because those mountains were extremely strange. The higher he climbed, the heavier his body would be, especially when he reached the top of the mountain, it would be extremely difficult to even take a step forward, and when he was going down the mountain, he would even be knocked down the mountain by an extremely strong pressure.

"Damn." Chen Xiang turned his head to look at the barren mountain. He did not want to climb it a second time.

"After all, this is a trial. After passing it, you will be able to enter the Supreme Divine Palace." Yue'er laughed: "You have to work harder, not just anyone can enter the Supreme Divine Palace, you have also seen how powerful that fellow who grew up in the Supreme Divine Palace is, he is so young, there are even more outstanding people in the Supreme Divine Palace than him, maybe even in his teens."

Chen Xiang nodded his head, even in the Gods Realm, to be able to reach the Upper True God at the age of twenty was already very heaven defying.

"Six Realms Divine Palace, Supreme Divine Palace, and one of them is called the Divine Palace." Chen Xiang was already very tired after going over that mountain range. Right now, he was walking very slowly, which was equivalent to resting.

"There is also a shrine called Beast Divine Palace." I escaped from there. I grew up in the Beast Divine Palace since I was young, so I have always been curious about the outside world, thus I ran out here. I have been running for a long time already, and they did not come to find me, it is truly disappointing. "

When Chen Xiang heard Yue'er talking about Beast Divine Palace, he had indeed already guessed that Yue'er came from there. Other than that, he also thought of something else, which was that group of powerful beasts that were killed at that time, which should be related to this Beast Divine Palace.

"Yue'er, have you heard of the Azure Dragon, White Tiger, Vermillion Bird, and Black Tortoise?" After Chen Xiang came to the Gods Realm and learned about the matters of the Divine Palace, he had been wondering why there were no beast-like Divine Temples.

Now there was a Beast Divine Palace, and one that could be compared with the Six Realms Divine Palace s and Supreme Divine Palace s.

Yue'er replied, "Of course I have. It's just that they have all died, and they are the Four Protectors of the Beast Divine Palace during the Supreme God Stage. They are extremely powerful, but what happened after that ... When the Beast Divine Palace s were attacked, they died the earliest. "

Right now, the three great halls do not allow disciples to leave as they wish, especially the experts of the God level. If not, the three great halls will have to fight again.

Chen Xiang couldn't help but think if he could still come out after entering the Supreme Divine Palace in the future. The reason why the outside world didn't understand the Supreme Divine Palace at all was because these three divine halls normally didn't have anyone coming out.

However, since he had already entered the trial, even if he did not want to enter the Supreme Divine Palace in the future, he had to pass this trial first.

The road was still very long, and as he walked, he refined that Divine Deity. After he climbed over that mountain, he began his journey of avoiding the traps.

With Yue'er's help, he knew where the traps were located. However, if he wanted to avoid the traps, he would have to walk a difficult path.

In the blink of an eye, two years had passed. On the way, Chen Xiang did not encounter any battles, but on the way, he found it hard to travel, and what made him feel good was that he managed to buy him a lot of time to cultivate. He had already stepped into the realm of Upper True God.

"This trial still consumes so much time, but it's good too, it can help me become a Upper True God, next I will need to reach the realm of a profound God."

If he only relied on one Divine Deity, it would be impossible for him to break through to Upper True God. He had refined the yellow clothed man's Divine Deity into a pellet, and only after consuming it would he be promoted to this stage.

This was also because his cultivation speed was too fast, causing his foundation to be unstable. Thus, he had to cultivate Heavenly Alchemy frequently to make up for it.

Chen Xiang took a few months to stabilize his foundation. Fortunately, this part of the journey was filled with trials of avoiding traps, so it was considered very easy. He did not need to fight.

It had been almost three years since he entered this trial. Long Xueyi had eaten the divine fruit of nine wonders and he had been sleeping soundly all this time. Therefore, Chen Xiang had only spoken to Yue'er about this these past few days.

"Yeah, it's not a trap this time. There's someone in front." Yue Er suddenly said.

"Is it finally here?" Chen Xiang was not afraid of battles anymore, because he was already a Upper True God, and everything that appeared in this stage was the strength of a Upper True God.

Sure enough, on the sand dune in front of him stood an old man wearing grey clothes. This old man was skinny, his entire face was covered in wrinkles, but his eyes were extremely bright, causing Chen Xiang to immediately be on guard. The old man who could appear here, was definitely not as weak as he seemed.

Chen Xiang took out the God Slaughtering Sword. Over the past two years, he had already become familiar with the God Murdering Sword Techniques's technique and could unleash it at any time.

"Young man, don't be in such a hurry to make a move. Do I look that scary?" The old man saw Chen Xiang's vigilance and asked with a smile.

"This is the Sovereign's Trial. I have to be vigilant." Chen Xiang said coldly.

The old man nodded, "That's right. If not, you wouldn't have been able to get here. I am indeed in charge of stopping you, but if you promise me one thing, not only will I not stop you, I will even give you some benefits."

[Chapter 1872](#)

Chen Xiang didn't believe that such a good thing could exist. In this Sovereign's Trial, it wasn't so easy for him to be duped.

That old man shook his head and sighed, then sat on the hot sand and said: "What I said was the truth, do you know how long I have been waiting here? Normally, the ones who would enter the Sovereign's Trial are all the Upper Heavenly God, so it's not my turn to appear, it's rare to see someone with the same strength as me."

This old man really did not have any intention to fight. Chen Xiang relaxed a little in his heart, but he still remained vigilant, afraid that the old man would trick him.

"How long have you been waiting?" Chen Xiang could not help but ask.

After being sent here for so many years, my only mission has been to stop people from passing by. In other words, if I'm not going to die, then you're going to die. As the old man spoke till here, Chen Xiang immediately retreated a few steps.

"Young man, don't be nervous. Even if I kill you, I will continue to wait here, wait for someone with a strength similar to yours to stop him, I cannot leave this place for eternity, so even if I kill you, I feel that there is no meaning. I feel that there is no meaning in living now, but I want to die in a way that is more meaningful." The old man waved his hand, signalling to Chen Xiang not to worry.

Chen Xiang did not continue speaking.

"I grew up in the Supreme Divine Palace, but I violated the rules there, so I was punished like this, and the bastard who informed me about me is still free and unfettered in the Supreme Divine Palace, and as long as you promise me, you will kill that guy. Not only will I not stop you, I even thought that I would pass on my power to you."

This was indeed a pretty good condition, and Chen Xiang was already a little tempted.

"Who do you want me to kill? I won't do it unless it's an unpardonable crime." Chen Xiang had his principles for killing people, so he did not agree immediately. Furthermore, he did not believe the words of the old man at the moment.

Don't worry, when you get to Supreme Divine Palace, you will know what kind of people they are. At that time, it will be your decision whether to kill them or not, as long as you have a clear conscience, if you agree, I will pass my power on to you right now. "The old man laughed.

After Chen Xiang finished listening, he was stunned for a moment before asking, "What you said was true.

The old man smiled faintly. "I hope I'm not mistaken. I'm tired of living."

The old man's expression suddenly changed, his wrinkled face suddenly turned sinister, a ball of light suddenly appeared on his chest, in the middle of the light was a Divine Deity.

"This... It's actually real. " Before Chen Xiang could react, the old man pushed out both of his hands, pushing out the ball of light and Divine Deity, and in an instant they struck Chen Xiang's body.

In merely a few moments, Chen Xiang could feel a vast amount of divine power surging into his body, and that Divine Deity was also an extremely pure set of Divine Deity. That old man had only forced out his own Divine Sense Sea and Divine Deity, but his divine soul was still there.

"Use my strength well. I want the person you killed to be called Wen Yushan." After the old man finished speaking with his last bit of strength, he dispersed his own divine soul.

Chen Xiang circulated his energy to absorb the energy that the old man transmitted to him. He did not even know the old man's name, and actually obtained all of his energy.

"Wen Yushan, I'll remember this." Chen Xiang memorized this name. This old man dispersed his divine soul, it was clear that he did not wish to continue with the reincarnation process, or it could be said that he could not reincarnate at all. He really wanted to know what crime this old man had committed.

"Hai." Yue Er sighed sadly: "I think I already know what rules he has violated in Supreme Divine Palace."

This old man was at the peak of the Upper True God. If he were to completely absorb the energy in his body, he would very quickly reach the peak of the Upper True God.

"What rule did he break?" Chen Xiang was very curious about this, because he would also be entering the Supreme Divine Palace in the future.

"He probably escaped the Supreme Divine Palace by mistake and got caught, so he ended up here." Yue'er replied: "I have heard that the Supreme Divine Palace has very strict rules regarding this matter.

As long as you enter the Supreme Divine Palace, you cannot leave the Sacred Palace without permission."

Chen Xiang had thought of this before, but he didn't know it now. Otherwise, he wouldn't have continued this test.

"If I enter the Supreme Divine Palace, is there any other way to get out?" Chen Xiang asked.

"Of course there are, and some of the experts that came out of the Supreme Divine Palace also came out. At that time, the Nine Divine Kings came out from the Supreme Divine Palace, and because of their strength, the Supreme Divine Palace was unable to do anything to them, but of course, if you are too weak, it will be very difficult, but as for the specifics, wait until you get used to it, then you can think about it, since you know more about the Supreme Divine Palace.

Yue Er's words were very reasonable, it was really too early for him to consider this matter.

This desert was one of the trials, and up till now, he had yet to go to another place. As for the endless desert in front of him, it was clear that this trial was very far away.

Because the old man had directly passed down his skills, Chen Xiang was able to quickly absorb the power. He was now at the peak of Upper True God.

"It's not enough yet. I need to become a profound God to pass the next stage." At this time, Chen Xiang was climbing a mountain that was burning with golden flames. It was impossible for him to fly near this kind of mountain, because there would be a pressure coming from it, so he could only climb bit by bit.

Once he climbed to a very high height, his body would become heavier and heavier. The rough trial path also allowed him to become stronger in a very short amount of time.

"If I want to become a profound God, I will need a large amount of Mysterious power and Purple profound Dan, but right now, I don't have the time to refine them." Chen Xiang stood at the top of the mountain and looked at his own spirit liquid and purple pearls. Although he had some, he did not have the time to refine pills, otherwise, becoming a profound God would not be a problem.

"I wonder how far this stage will go. If I cannot break through into the realm of profound God in this stage, then the next stage will be very miserable."

Chen Xiang was still thinking of a way, even though the old man's method had helped him increase his own speed by a lot and he was only a step away from the profound God, it was difficult to cross over.

Suddenly, he thought of the Six Realms mirrors, he took a closer look, and realised that the Six Realms mirrors had actually been repaired.

The Six Realms mirrors could absorb the power of six stages of reincarnation, which was an extremely terrifying power. Chen Xiang looked at Yue'er who was on his shoulder and asked: "Yue'er, have you heard of Six Realms mirrors?"

Yue'er, who came from the Beast Divine Palace, naturally had heard of her.

Yue'er was a little surprised: "Why do you ask this? The Six Realms mirrors is the main treasure of the Six Realms Divine Palace, but it was lost a long time ago. Even if you didn't ask me, I still wouldn't have remembered that there was such a treasure around."

[Chapter 1873](#)

Since the Six Realms mirrors had already recovered, and was now Chen Xiang's only reliance, he could only rely on it to smoothly complete the trial. According to what he knew, the biggest use of the Six Realms mirrors was to absorb the Six Paths of Samsara's power through the Six Realms mirrors.

Long Xueyi, who knew about this, was already fast asleep, but he did not know how to use it. He was worried that accidents might happen if he recklessly used it, so he was currently considering whether he should let Yue'er know that he had the Six Realms mirrors.

Chen Xiang said in a serious tone: "Yue'er, you must keep the things that I'm about to say a secret for me. If this gets out, I'll be in trouble."

Yue'er smiled. "You still don't trust me?"

Along the way, Chen Xiang and Yue'er had indeed become good friends, and could be trusted.

"I have a Six Realms mirrors, and this Six Realms mirrors was already damaged before. It is only now that it can repair itself." Chen Xiang sent a sound transmission to Yue'er. "I don't know anything about the usage of Six Realms mirrors."

Yue'er could hardly believe that such a treasure would actually be on Chen Xiang. When Chen Xiang used his spatial power, she felt that he was not a simple person, and he even said that he had the two Taboo magic s, the Heavenly Alchemy and the God Murdering Sword Techniques.

"Is this true?" Yue Er asked in shock.

"It's true." Chen Xiang nodded his head: "I can't take it out, I'm worried that Supreme Divine Palace will know about it."

Yue'er understood and sent a sound transmission to Chen Xiang: "I'm very curious, how did this Six Realms mirrors end up in your hands. Six Realms Divine Palace and Supreme Divine Palace have always been searching for this mirror.

Chen Xiang told Yue'er about the matter of Highest Devil God searching for the Six Realms mirrors. After Yue'er heard about it, she laughed: "This Highest Devil God is in trouble, he will definitely be scolded by the Six Realms Divine Palace. In order to take possession of everything, he actually lost the Six Realms mirrors."

"Yue Er, how do I use this Six Realms mirrors?" Chen Xiang asked. He was worried that he would very soon exit the desert, and the moment he walked out of the desert to another environment, it would be a trial of a higher level. That would require the strength of the profound God to pass.

"Most people aren't very clear about the use of Six Realms mirrors. Even people like Highest Devil God only know how to use Six Realms mirrors to open up tunnels and attract demons, or to absorb Six Realms' Power. I just happen to know the true usage of Six Realms mirrors." Yue'er proudly said, "You're really lucky to have a body full of treasures."

Chen Xiang urged: "Quickly tell me how to use the Six Realms mirrors. I heard that just by absorbing the Six Realms' Power to cultivate, one can control the power of the Ancient Code.

Yue'er nodded her head: "That's right, but Six Realms' Power is not something that can be easily absorbed. You have the Heavenly Alchemy, so you can absorb it as you wish, and use the Heavenly Alchemy to refine it as well, but the refining speed will be very slow.

"If you want to make good use of the Six Realms mirrors, you'll need to work with a long-lost Taboo magic, also known as the Six Realms magic kungfu."

Chen Xiang's heart jumped, he already had three of the Four Great Taboo magic s, the Heavenly Alchemy, the God Murdering Sword Techniques, and his heavenly body, all that was left was the Six Realms magic kungfu.

"You have the Six Realms magic kungfu." Chen Xiang asked anxiously. Gathering all four s, if he were to cultivate all of them, he would definitely be strong.

Yue'er said: "Of course I don't, this is the Six Realms Divine Palace's precious technique. Although it is not included in the Taboo magic, no one has ever cultivated it to the great perfection stage, because cultivating this technique requires a large amount of Six Realms' Power, the six divine kings who established this technique all those years ago were the only ones who had cultivated it. At that time, he also possessed a Six Realms mirrors, so he sealed the Six Realms magic kungfu among the Six Realms mirrors."

understood that getting the Six Realms mirrors also meant getting the Six Realms magic kungfu. As long as he carefully studied the Six Realms mirrors, he would be able to find the Six Realms magic kungfu.

"Isn't the Godking of the Six Daos very powerful right now?" Chen Xiang did not let the Six Realms mirrors out. The Six Realms mirrors was in his Divine Sense Sea.

"No, the Six Paths Godking has disappeared. To date, it's still a mystery." Yue'er said: "Go and check if there are any Six Realms magic kungfu s inside the Six Realms mirrors. If there is, I will teach you how to use the Six Realms mirrors to absorb the Six Realms' Power, and that is the fastest way to do so."

Chen Xiang just climbed over a high mountain and continued to walk on top of the desert. He immersed his consciousness into the Six Realms mirrors and started to search for the Six Realms magic kungfu.

"Yue'er, don't tell me that the Six Realms mirrors wasn't absorbed directly? If it was taught to you, how would you know?" Chen Xiang was still very curious about Yue'er's identity, even though he already knew that she came from the Beast Divine Palace.

"Ordinary use is only like using magic treasures, but Six Realms mirrors requires a special method to use them. This is an incantation that only I know, because my ancestor was a good friend of the Six Daos Divine King and he was also a cat." Yue'er replied, "My memories were inherited from my ancestors. That year, after the disappearance of the Six Daos Divine King, my ancestors joined the Beast Divine Palace."

The person in charge of the Six Realms Divine Palace was actually a Divine King, with the same strength as the Nine Divine Kings. Furthermore, the Nine Divine Kings had also mysteriously disappeared, so Chen Xiang felt that there must be a connection between them.

"There really is one." Chen Xiang found a place to store memories within the Six Realms mirrors. After he broke open the door, a large amount of information poured into his mind, all of which were cryptic chants.

"There are six levels to the Six Realms magic kungfu, and learning six would allow you to reach the Perfection Stage. First, learn the first level, and after comprehending the first level, you can start to absorb the Six Realms' Power to cultivate. Of course, if you can work with the Heavenly Alchemy to cultivate it, that would be for the best." Yue Er said.

Chen Xiang walked while trying to comprehend the chants. Using Philosophic stone s, it was not difficult for him to comprehend.

Over ten days later, he said to Yue'er, "I should be able to start cultivating now. Tell me what the incantation is, I will absorb the Six Realms' Power and cultivate."

Yue'er immediately transmitted the incantation to Chen Xiang's mind. It was extremely short and a little strange, and the pronunciation of the incantations required a very high level of skill in order to chant those incantations.

"Anyway, I can't recite this incantation. You should learn it yourself and recite it correctly." Yue Er said.

It was not easy for Chen Xiang to learn the incantation based on the voice. After practicing for a few days, he finally managed to master the incantation properly before starting to use it together with the Six Realms mirrors.

The Six Realms mirrors had already fused with him, so he could only use his mind to absorb the Six Realms' Power, but he could only absorb a small amount.

As he recited the chant for the Six Realms magic kungfu in his mind, he was chanting the incantation Yue Er gave him. Very quickly, he felt that the number of Six Realms' Power s that surged out of the Six Realms mirrors was indeed a lot more than before.

"Looks like I have to completely convert all the God Power in my Divine Sense Sea into Six Realms' Power. This Six Realms' Power should be able to replace the Mysterious power, and allow me to become a profound God." Chen Xiang knew that it would take a long time, but he had no other choice.

[Chapter 1874](#)

This desert was getting more and more dangerous, with traps everywhere. There were a few times when Chen Xiang almost stepped into these traps, and it was only Yue'er who reminded him in time that he could avoid these traps.

He suddenly realized that this trial was basically impossible to pass because it was simply too difficult. If it wasn't for Yue Er's help, he didn't know what would have happened to him.

"I wonder how Xiao Chou is doing, sigh." Chen Xiang also wanted to participate in this kind of trial. Xiao Chou didn't have Yue'er's help, so it would definitely be much more difficult than his.

Chen Xiang had absorbed a large amount of Six Realms' Power from the Six Realms mirrors for cultivation. His God Power was already very strong in the Divine Sense Sea, so he only needed a bit of Six Realms' Power to transform it.

"Looks like the Six Realms' Power is not something that can be absorbed at any time. It's getting smaller and smaller." Chen Xiang had already stopped chanting. He had been cultivating the Six Realms magic kungfu for more than a month.

Yue'er replied: "Of course, Six Realms mirrors also need to rest. They will be fine after a while."

His inability to continue cultivating disappointed Chen Xiang a little, but he was using the Heavenly Alchemy to temper the Six Realms' Power in his Divine Sense Sea, to make it stronger and purer.

"I wonder if I can absorb the six divine powers directly to concoct pills." Chen Xiang suddenly had a whim, he then rummaged through the Heavenly Alchemy, seeing if there was any method to condense the Six Realms' Power into a pill.

If the Six Realms' Power was refined into a pill, then the quality would increase by many times, and it was much better than directly consuming it.

"Looks like I'll need a few more years to travel through this desert." Chen Xiang was already numb to it, the desert seemed to be endless.

"This should be to give you more time to improve, if not this trial will have no meaning at all. Although very few people have passed this trial, the ones that have passed are all very outstanding, much more powerful than those that are born in the Supreme Divine Palace." Yue'er replied, "Maybe there will be preferential treatment."

This time, he did not directly use it to cultivate. Instead, he absorbed it and sealed it in his palm.

As he walked, he released the Magic method furnace and placed the Six Realms' Power into the Magic method furnace. Then, he used the method inside the Heavenly Alchemy specifically to refine the Six Realms' Power.

Chen Xiang discovered that all four great Taboo magic s were related, because he could find out the method to refine Six Realms' Power from the Heavenly Alchemy, and the Heavenly Alchemy could also assist in the cultivation of the God Murdering Sword Techniques as well as the Heaven's Body. Now, he could even refine six divine powers to cultivate the Six Realms magic kungfu.

"Can it really be used to refine pills? I have heard of the power of Heavenly Alchemy, but I only know that it is usually used for battles. There are very few legends that can be used to refine pills." Yue Er said.

"The Heavenly Alchemy can be used in battle, but it should be very powerful as well. It's just that I did not go and research in this direction." It would already be hard for Chen Xiang to comprehend the Heavenly Alchemy's method of pill refinement, but he would use other techniques to fight.

Of course, he had fought using the Heavenly Alchemy before, so just training people in it was really impressive.

Refining the Six Realms' Power wasn't difficult, because he used the Six Realms magic kungfu. According to the Six Realms magic kungfu's methods, he could make the Six Realms' Power more docile, so that it would be much easier to refine.

This was the first time Yue Er saw someone using Heavenly Alchemy to refine pills. She squatted on Chen Xiang's shoulder and opened her eyes wide, looking at them without blinking, extremely carefully.

The Six Realms' Power was transparent and could not be seen, but after Chen Xiang gathered it all together, it had actually become light yellow. Under the incineration of the flames, its color continued to deepen and gradually became golden.

"It should work." Chen Xiang smiled slightly. Right now, he had refined the Six Realms' Power that could only be formed after a month of refining a Six Realms mirrors.

Because he wasn't absorbing the Six Realms' Power into his body to cultivate now, he could absorb all of the Six Realms' Power into the Magic method furnace to refine.

"This should be called the Six Daos Divine Pellet, it can be considered a Xiaping Dan." Chen Xiang snickered.

As he traversed the mountains, it was not easy for him to refine pills at the same time. Fortunately, he was very familiar with using Magic method furnaces to refine pills, so he was able to refine pills as he walked.

The light within the Magic method furnace became stronger and stronger. A large amount of Six Realms' Power had undergone a large change under Chen Xiang's refinement, so as long as they were compressed into a pill, they could be eaten.

It was not easy to condense such a huge lump of Six Realms' Power into a pellet. It took Chen Xiang half a day to condense such a huge pellet, but it was still considered a pellet, only that it was too small.

"It's just this little, is it effective?" Yue'er looked at the golden grain of rice in Chen Xiang's palm, feeling a little puzzled.

"Of course it's effective. It's at least several times better than the Six Realms' Power that I directly absorbed." After Chen Xiang swallowed it, he immediately activated the Six Realms magic kungfu. Because he was cultivating while walking, he needed a lot of time to refine the low grade Six Daos Divine Pellet.

He would be able to refine a single Six Daos Divine Pill in one day, but he would need to wait for a month for the Six Realms mirrors to condense enough Six Realms' Power to refine it.

Chen Xiang was already mentally prepared for a prolonged battle. This was not to fight with a strong opponent, but patience, because this road was very long. He didn't know how long he would have to walk, but if his mental pressure was too great, it would also affect him.

Just like this, several years passed, and he finally saw a piece of green land. It was a large grassland, and this was the best place he had ever seen in this trial ground.

"Eight years." Chen Xiang was obviously excited, at the moment his entire body was dirty and his hair was messy, he looked like a beggar by the roadside. Although it was a grassland in front, he did not immediately rush over, worried that there might be a trap.

He had been very careful during his eight years in the trial grounds. He could not afford to make any mistakes at this very last moment.

He had yet to become a profound God, so although cultivating the Six Realms' Power allowed him to control six different types of powers, there was one drawback to it, and that was that he had levelled up very slowly.

"It's the last one. Let's break through after entering this grassland." Chen Xiang looked at the larger Six-Daos Divine Pill in his hand.

He had used Six Realms mirrors for so many years, and the Six Realms' Powers they condensed every other month were also increasing in number. So the six divine pellets that he refined were also getting bigger.

After consuming this Six Daos Divine Pill, he followed Littlemoon's guidance, bypassing an invisible trap, and entered the dark green prairie.

After Chen Xiang entered the grasslands, a faint golden light leaked out of his body. He felt that he would break through very soon, and as long as he refined this Six Daos Divine Pill, he would be able to advance into the realm of profound God.

After stepping into the prairie, the desert behind him disappeared, and behind him was pitch-black darkness. Not only that, there was a palace in the distance.

"That should be the end. This trial really isn't easy." Yue'er sighed with emotion.

[Chapter 1875](#)

Chen Xiang slowly walked on the soft green grass, each step slow and steady, trying his best to hurry and refine the six divine pellets he had just consumed. Only by refining the six divine pellets would he be able to break through to the profound God realm and complete the trial.

He was just a bit away from entering the profound God realm, but it was difficult to break through. The final trial was right in front of him, which immediately put a lot of pressure on Chen Xiang.

"Can he break through at the last moment?" Chen Xiang closed his eyes and walked forward. Even though his feet were moving, he seemed to be sitting steadily, unable to feel any movement at all. This was something that he had developed over the past few years, and this was how he trained as he walked.

Yue'er could remind him if there were any traps nearby, so he could focus on cultivating.

A palace was right in front of them. When they looked at it from afar, the palace seemed to be very big, but as they gradually approached, they realized that it was very small, like a small house. It was extremely strange, and even more bizarre was that the palace seemed to move.

"In order to break through the bottleneck, one needed sufficient Mysterious power to enter the realm of profound God. I have to replace the Mysterious power with the Six Realms' Power now, and it seems that it's enough. I'll give it a try." Chen Xiang channeled the six divine powers in his body, causing the Divine Sense Sea to surge violently.

Possessing sufficient strength, as long as one broke through the cocoon surrounding the Divine Sense Sea World, the Divine Sense Sea World would undergo a metamorphosis. The power within the Divine

Sense Sea would be sublimated, and their divine soul and divine soul would be strengthened by leaps and bounds.

BOOM! Chen Xiang saw that the blue sky above Divine Sense Sea World had been split open by his condensed Six Realms' Power and golden light leaked out from the cracks.

"I'm going to succeed." Chen Xiang was extremely excited in his heart. As long as he continued to use the Six Realms' Power to attack it, he would be able to break out of this layer of 'cocoon' and undergo a brand-new transformation and evolution.

Boom.

He once again activated the Six Realms' Power in the Divine Sense Sea, exploding in the sky above the Divine Sense Sea World, causing even more cracks to appear. He had to destroy the entire sky above the Divine Sense Sea World, in order to break through.

With every step Chen Xiang took, a burst of golden colored aura gushed out of his body. Each step signified that he was using the Six Realms' Power to break through a bottleneck.

The distance to the small house in front of them was getting closer and closer. From afar, it looked like a palace and walking into it, one could see that it was only an ordinary small house.

"If you really think that you can pass the trial by coming to this palace, then you are wrong. Fortunately, you did not run here crazily, otherwise you would have definitely fallen into those traps." Yue'er lay on Chen Xiang's shoulder, and they could clearly feel how much effort he put in by using the Six Realms' Power to breakthrough the bottleneck time and time again.

There was still a distance of over three thousand feet before he reached the small house. The small house did not move as it had before.

Golden light radiated from Chen Xiang's body and the sky above Divine Sense Sea was already shattered as a large amount of golden light poured into his Divine Sense Sea World, fusing together with everything within his Divine Sense Sea World.

His Divine Sense Sea was filled with golden light, and in that moment he returned to his original appearance. The world once again appeared, and he looked no different than before, but the power in his Divine Sense Sea had already turned into a stronger Six Realms' Power.

"A Mysterious power of this level should be at the level of a middle profound God. After breaking through, he actually passed through a stage." One must know that it required a lot of time and effort to advance from the lower profound God s to the middle profound God s. However, after Chen Xiang broke through, he immediately reached the middle profound God s.

Although Chen Xiang's Divine Sense Sea had a large number of Six Realms' Power s, his body was currently leaking out waves after waves of divine profound energy.

Just as the Profound Spirit Qi was released, it was immediately absorbed by him, and the gold light around his body had disappeared as well. Right now he was completely filled with confidence as he walked towards the small hut in front of him.

He was no longer as slow as he was before. With a single step, he teleported to the front door of the small house.

Dong, dong, dong.

Chen Xiang knocked on the door a few times, then a burst of powerful Qi rushed out from the gap in the door, he anxiously retreated a few steps, he was already prepared to fight.

After the door was opened, a young man appeared. This man was dressed in a golden-red robe. On the clothes, there were many shining Spirit grain s. It was extremely strange.

The man looked at the cat on Chen Xiang's shoulder, a hint of surprise flashed past his eyes that were ice-cold. He said coldly: "It's not bad to be able to walk this far, but regretfully, you must die here."

Chen Xiang had already made his preparations. In this trial, other than countless traps, there were only these kind of fellows who blocked his way.

In his map, this was the destination. In other words, as long as he could defeat the person in front of him, he would pass the trial.

"Then let's begin." Chen Xiang said indifferently, he did not reveal any fear, as though he was looking forward to this battle.

"Come with me. Fighting in this place will only affect my mood." The man turned and walked through the door.

Chen Xiang followed behind him, and saw a small word written on the clothes on his back: Supreme Sword Hall, Song Peng.

Yue'er sent a sound transmission to Chen Xiang: "This is a very powerful Supreme Divine Palace disciple. His clothes and the sword in his hand all indicate that he has a pretty good position within the Supreme Divine Palace, and Sword Hall is even ranked among the top."

Chen Xiang followed behind Song Peng as they passed through a long passage and arrived at a huge hall. There were young people lined up neatly all around the hall, men and women alike, all of them lined up very neatly.

And right in front of this huge hall, was a huge word "sword". Seeing this vigorous and powerful "sword" word, Chen Xiang did not know why, but the God-killing sword in his body seemed to want to shoot out, and the word in front of his eyes made him feel a sense of respect.

The person who had written these words had clearly injected a dense sword intent into the brush. He had used the brush as a sword, causing this word to have an extremely profound aura of the path of the sword.

Chen Xiang realized that he was inside the Supreme Divine Palace, and it was even that Sword Hall.

"I'll give you one hour." Song Peng said towards the word sword. His current voice was not as cold and disdainful as before, but instead carried an incomparable reverence. Within this Sword Hall, when facing that word, he simply could not be arrogant at all.

The other disciples of the Sword Hall were all very quiet. They did not whisper to each other, but stood up straight, and lined up in an orderly manner. Chen Xiang counted, there were around a thousand disciples, and all of them were in the profound God realm.

"These disciples did not pass the trials, they were all born and raised in the Supreme Divine Palace. They have never left the Supreme Divine Palace, and should be a group of youngsters. This Sword Hall should be the profound God, so they are all profound God's disciples." Yue'er sent a sound transmission to Chen Xiang, "Maybe the person who will be competing with you is the hall master of this place."

Chen Xiang looked around, and sent a sound transmission to Yue'er: "It shouldn't be hall master, look over there, there's a chair, that's where the hall master sits, but the smell of that chair is different from the one on that guy's body."

Yue'er was a little shocked. "Smell, I can't even smell it, how can you smell it?"

"I'm not too sure either. It just feels like it." Chen Xiang also realized that he had a strange feeling all of a sudden. That feeling didn't come from smelling it with his nose, but instead, he felt it.

"Welcome, hall master." A burst of powerful shouts suddenly exploded in the hall, startling Chen Xiang. He and Yue'er immediately looked towards the chair, because the hall master had suddenly appeared on top of it.

Just as Chen Xiang had said, Song Peng was not the hall master. The hall master who had just appeared was a relatively short youth, but no one would think that he was very short and weak. The cold expression on his handsome face gave people a lot of pressure.

The profound Gods in the hall were all this kind of young man. Chen Xiang couldn't help but think about the yellow clothed man he killed earlier, he was already a Upper True God young man and the young disciples in the hall, might even be around twenty or thirty years old.

"Song Peng, are you confident that you can defeat him? If not, I will choose another one." That hall master asked.

"I am confident that I will definitely defeat him." Song Peng still had his back facing Chen Xiang, facing that word "sword".

The hall master smiled slightly: "Song Peng, don't disappoint me, leave this matter to us 19 halls to handle, we cannot screw it up, he is the only one who can come here since the start of the trial."

Chen Xiang and Yue'er were both a little surprised that no one had really passed this trial.

After Song Peng made Chen Xiang prepare for an hour, Chen Xiang actually felt that Song Peng wanted him to prepare for himself, this would definitely give him a lot of pressure.

Chen Xiang, on the other hand, was quite relaxed. Along the way, he had faced so many trainings, and not to mention the previous trials, just the experiences of him, a small fry who had struggled until now, were not something this brat could compare with.

"You don't seem worried at all about losing. You should know that the moment you lose, you will die." Seeing Chen Xiang's relaxed expression, the hall master frowned and asked.

Chen Xiang chuckled: "Since you've come, then you should rest in peace. If you were like me, and have experienced countless hardships to come here, you wouldn't feel afraid at all. I have experienced many life and death situations along the way."

The Head Saint nodded, "That's right. In that case, you should have already taken life and death lightly."

Chen Xiang shook his head and laughed: "Of course not, I am very afraid of death, it is because I do not want to die that I have to live, if I were to take my life lightly, I would not have come to this place."

"Since you are afraid of death, then you should be afraid. We are different from the strong enemies you met outside." In his eyes, the people outside the Supreme Divine Palace should be afraid of them.

Chen Xiang laughed: "But all of you are enough to make me fear, I do not understand anything about you, why don't you tell me why you are so afraid."

Song Peng suddenly turned around, and said indifferently: "Seems like you are already prepared. Let's fight, defeat me, and you can finish the trial."

Chen Xiang had been impatient since a long time ago. He seemed a little excited and laughed: "Why don't you say so, if I defeat you, I can complete the trial. You probably never thought that you would die, you probably aren't afraid of death."

[Chapter 1876](#)

When all the disciples of the profound God heard Chen Xiang's words, they all started to discuss softly, because what Chen Xiang had just said was too arrogant. Forget about someone who had entered the Supreme Divine Palace from the outside, even the disciples of the other halls of the Supreme Divine Palace had to be respectful, why would they dare to be so arrogant.

The hall master frowned and said to Song Peng: "Don't embarrass this hall. You must stop him from entering the Supreme Divine Palace."

Song Peng's sword was already unsheathed, and that kind of sharp glint brought about an endless amount of killing intent, shining onto Chen Xiang's body, causing him to feel the biting cold wind. This was the first time Chen Xiang had felt such a terrifying sword intent.

Of course, his own God-killing sword was even more terrifying, it was just that he was unable to sense it himself.

This Song Peng was extremely prestigious amongst them, and from the eyes of the majority of the disciples, Chen Xiang could see the kind of look of reverence in their eyes when they were looking at Song Peng.

Chen Xiang also took out his sword. The God Slaughtering Sword looked very old, its exterior was mottled with rust, and it did not have any Spirit grain. It looked like it was made of scrap metal, when compared to Song Peng's dazzling divine sword, it was like the difference between heaven and earth.

Song Peng didn't care what weapon the other party used, because this wasn't important in his eyes at all. No matter what powerful divine weapon Chen Xiang used, he would always be a dead man in his eyes.

Yue'er flew away from Chen Xiang. Watching from afar, she was extremely confident in Chen Xiang, because she accompanied him on his journey;

"Begin." The hall master shouted softly, and all the disciples of the Sword Hall watched attentively.

Song Peng was the first to make a move, he instantly disappeared, only to see a ray of sword light, as fast as lightning, accompanied by a monstrous killing intent, striking towards Chen Xiang.

Everyone thought that he would not be able to block this strike. Unexpectedly, Chen Xiang seemed to have predicted that Song Peng would attack him in such a manner, and the moment Song Peng disappeared, he had already opened the God Slaughtering Sword in his hands.

Chen Xiang's swinging of the sword seemed to have accidentally raised his hand, and looked like a coincidence, as it blocked the sword thrust by Song Peng. However, all of the Sword Hall disciples present knew very well that this sword strike was not a coincidence, because Chen Xiang's seemingly casual sword strike contained very profound strength.

Song Peng's sword technique was extremely high levelled, when he unleashed his sword, it was all condensed sword force, it was able to destroy everything, and easily break through the God Power Barrier, but Chen Xiang's sword which seemed to be as such, cleverly dispelled the sword force, making Song Peng's sword turn into a very ordinary sword.

Song Peng felt his sword force dissipating with full of confidence, he reacted extremely quickly, and anxiously withdrew his sword, because he no longer had any momentum for his sword, once it pierced through, it would reveal his weak spot, and Chen Xiang would take the chance to chase after it, he would definitely lose one move, thus he anxiously retracted his sword to defend, he knew that Chen Xiang's speed was very fast, so he did not give him the chance to use his second sword strike.

Just as Song Peng retracted his sword and was about to block, he felt an itch in his throat, followed by a sharp pain that spread out from the itch. At the same time, a terrifying and powerful sword intent surged into his entire body.

Clang! Clang!

The exquisite divine sword in Song Peng's hand dropped to the ground, the back of his hand suddenly had sword scars, his entire body was suddenly covered with sword scars, even his back was covered with the beautiful Sword Hall clothes. His clothes were already tattered, blood flowed out and fell from his hands.

Yet Chen Xiang's sword had already pierced through Song Peng's throat. Song Peng's eyes were suddenly open, and at first, his eyes were filled with surprise and puzzlement, but slowly, they were filled with fear.

All of the disciples of the Sword Hall were dumbstruck, they did not even see what just happened clearly, so much that they did not see what had just happened, because Chen Xiang was originally only ten steps away from Song Peng, but in the next moment, Chen Xiang's sword was already at Song Peng's throat, and there were suddenly countless of sword wounds on Song Peng's body, with blood flowing down nonstop.

Chen Xiang looked at Song Peng, whose face was filled with fear, and slowly pulled out the sword. He laughed: "I won't kill you, I want you to live in this fear forever."

Although Duan Peng's throat was pierced, he was still a profound God and would only cause him too much blood and vitality, he would not die.

When Chen Xiang's sword left his throat, he knelt down fiercely on the ground as fresh blood gushed out from the hole in his throat. There was still the extremely strong Mysterious power in his body, but he was unable to circulate it because he was already intimidated by the fear.

Song Peng lost, he lost completely, although he did not die, but this was more painful than death.

Song Peng was only a lower level profound God, but after he broke through, he was directly sent flying to a middle level profound God. His cultivation was one level higher than Song Peng's, and his strength was that mysterious and terrifying Six Realms' Power.

Chen Xiang looked at the hall master and said with a smile: "This hall master, are you interested in exchanging a few moves with me? He's too weak, it's not fun fighting him."

"You ..." Chen Xiang was provoking his Sword Hall, and he was acting so arrogantly inside his Sword Hall to the point that he was going crazy.

Seeing the trembling Song Peng kneeling on the ground, the hall master strongly patted the armrest of his chair, and like a gust of wind, he flew in front of Chen Xiang. A slender divine sword had already appeared in his hands, shining with a cold light.

"Enough, he has already passed the trial." A voice suddenly sounded. Then, a translucent image appeared in front of Chen Xiang. It was an old man wearing a white robe.

Chen Xiang didn't mind another fight with the hall master. Since he had broken through to middle profound God, he wanted to fight to his heart's content to test his current strength.

When the old man appeared, the angry Hall Master calmed down. Even though he was the hall master, he was still an inexperienced young man, far from someone like Chen Xiang.

"Follow me." The shadow suddenly flashed and arrived at the other side of the hall. It was a stone door. After he walked over, the stone door automatically opened.

Chen Xiang could tell that the old man had released his power to open the stone door.

As the first person to have passed through the trial and entered the Supreme Divine Palace, Sword Hall had now experienced how terrifying and arrogant it was. Song Peng had already been carried away to recuperate from his injuries, and even though his injuries could quickly recover, the fear that was in the bottom of his heart could not be wiped away, as it might accompany him for the rest of his life.

Passing through the stone door, Chen Xiang followed the old man through a wide passage and arrived at a bright secret room. Inside the room was an old man, who was the clone of the mysterious man.

The moment the shadow entered, it disappeared. The old man looked at Chen Xiang and smiled: "Your name is Chen Xiang, right?"

The old man looked at Yue'er. He seemed to have noticed something, but he didn't say anything.

Chen Xiang nodded his head, he had caused so much trouble outside that it was not strange for Supreme Divine Palace to know his name.

[Chapter 1877](#)

After Chen Xiang sat down, the old man said, "I have some understanding of your situation. After all, you possess the two Taboo magic s, the God Murdering Sword Techniques and the Heavenly Alchemy. We had been paying close attention to you since a long time ago, so the sword attack you used earlier should be a Seven devil-slain kungfu that was a little similar to the God Murdering Sword Techniques.

Chen Xiang nodded, the Supreme Divine Palace was the base camp of the Supreme God, so Chen Xiang was not surprised at all when he knew about this.

"According to what I know, there are still many things that you should not have resolved outside, and after joining the Supreme Divine Palace, you are not allowed to leave, unless you can complete one of the challenges within the Supreme Divine Palace in the future, so that you can freely enter and exit the Supreme Divine Palace." The old man said again.

Chen Xiang frowned: "Is the challenge going to be easy?"

The old man laughed: "Let's put it this way, at least I did not succeed, although I am an elder of the Supreme Divine Palace."

Chen Xiang's expression changed, and asked again: "So that means, I have to make a choice now, either join the Supreme Divine Palace, or choose to give up."

The elder shook his head, "Didn't you already make your choice?"

Chen Xiang curled his lips and said: "I didn't know when I chose to participate in the trial. If I had known, I wouldn't have joined the Supreme Divine Palace."

The old man laughed: "It's not your turn now, you must join Supreme Divine Palace."

Chen Xiang was a little angry. He only wanted to challenge this trial, but he did not know that he would not be able to leave if the Supreme Divine Palace came in.

"Don't worry, we will give you two years time to get rid of everything outside. When the time comes, you must come to Supreme Divine Palace." The old man replied, "Two years should be enough time for you to settle all these matters. Furthermore, there will be chaos outside, so with two Taboo magic s, you will definitely be in danger."

Two years of time was indeed enough, but Chen Xiang just couldn't bear to part with his women.

"Why is there such a chaos outside, does your Supreme Divine Palace not care?" Chen Xiang asked, the chaos in the Gods Realm was not a joke, only when the Supreme Divine Palace made a move could he stabilize his body.

"We can't do anything about it. The Three Great Temples won't intervene at that time." The old man said: "When the time comes, you must come to Supreme Divine Palace. Even if you did not come on time, we would have still sent people to capture you."

Chen Xiang was extremely confused. Supreme Divine Palace, Six Realms Divine Palace and Beast Divine Palace were all places that were gathered by the gods, yet they could not lock them down.

The old man laughed: "I know what you are thinking, although we are a bit too powerful, but not as terrifying as you think we are. Otherwise, we wouldn't need to spend so many years building this space that is separated from the Gods Realm. To tell you the truth, we are hiding here to avoid this chaos."

Yue'er said, "Old man, are you saying that the Divine Prison can't hold on any longer?"

"Little Cat, you are from Beast Divine Palace right? Hehe, how could you be together with this brat." The elder wanted to touch Yue'er's head, but Yue'er made a 'meow' sound before dodging away, causing the elder to feel a bit awkward.

Yue'er flew to Chen Xiang's hands and said, "Old man, are you guys unable to control Divine Prison's group?"

The old man sighed: "That's right, those fellows from Divine Prison and the rest are just as we expected, some of them have already become too gods. As long as the numbers continue to rise, it wouldn't be long before they work together to destroy the entire Divine Prison and then run out."

There were so many terrifying villains locked up in the Divine Prison. After being locked up for so long, they had accumulated a lot of resentment.

And the ones imprisoning them, were all the primal gods like the Supreme Divine Palace. Back then, they couldn't exterminate the group of villains, which was why they were sealed within the Divine Prison.

The old man said: "The fellows that we had infiltrated into the Divine Prison back then, were all extraordinary geniuses. All of the hall masters in the Gods Realm were unable to suppress them, which was why we acted. Those people that we were unable to kill, were all sealed within the Divine Prison and they would think of ways to cultivate within the Divine Prison."

Chen Xiang said with a look of despise on his face, "This is a disaster that you two have caused. At the time of the accident, you guys actually went into hiding and let the innocent people above Gods Realm suffer from it."

Don't worry, although we don't care, but the other powers will. It's not like the three halls are the only ones watching the Gods Realm, the other large powers similar to us will definitely not let it be destroyed so easily.

Aside from the three divine halls in Gods Realm, there were actually other mysterious and powerful forces.

The old man said, "Actually, our Supreme Divine Palace is the same as the Nine Divine Kings back then. We want to create a world that belongs to us, but it's not as grand as the Nine Heaven World's. Both the Beast Divine Palace and the Six Realms Divine Palace have this kind of small world."

When he thought about how he had to hide here at that time, Chen Xiang felt extremely uncomfortable in his heart.

"Then let me out now." Chen Xiang said: "When that time comes, just send someone to pick me up."

The old man nodded, with a wave of his sleeve, he sent Chen Xiang away.

Chen Xiang left the Supreme Divine Palace, and the place he appeared in was actually the place where he and Yue'er had shared the Nine Energies Fruit previously. The moment he and Yue'er had appeared, they had sensed a few auras.

"It's him and this cat. I won't forget them even if I die." Li Zhonghan shouted.

When Chen Xiang and Yue'er stepped into the black lake, Li Zhonghan and the few Pill Gods immediately rushed over. However, the black lake had already disappeared.

"It's been eighty years. It's finally your turn. Quickly hand over the Nine Oddity Divine Fruit." Li Zhonghan shouted.

Chen Xiang looked at this group of people, the strongest was only Ye Qin, she was a Super profound God, and Li Zhonghan was only at the peak of the middle profound God.

Ye Qin frowned, because he did not change his appearance at the moment.

"You are Chen Xiang." After Ye Qin confirmed it, he couldn't help but take a few steps back. After all, Chen Xiang understood how to deal with the terrifying God Murdering Sword Techniques and the Seven devil-slain kungfu.

"That's right." said indifferently. He had already guessed that they were here to retrieve the Nine Strange Divine Fruits, and he knew that he had stayed in the trial grounds for eight years, but eighty years had passed outside. He had lost another seventy years, and he couldn't help but curse in his heart that the Supreme Divine Palace had tricked him for so much time.

Chen Xiang said: "It's been eighty years, and yet you guys are still bitterly waiting here, you sure have perseverance."

Li Zhonghan coldly snorted: "Don't think that just because you're Chen Xiang, you don't need to return it to us. Let me tell you, because there is a Pill God that urgently needs the Nine Strange Divine Fruit, that's why he gave such a high price to search for it. If you don't give it to me, even if that Pill God doesn't kill you, I will still kill you."

Chen Xiang laughed coldly, "I took away the Nine Strange Divine Fruit on my own accord. Who asked you to be so weak, and the Nine Strange Divine Fruit didn't even have your names carved on it. So what if it's yours, your father won't give it to you, what can you do to me?"

[Chapter 1878](#)

Li Zhonghan was furious, it would have been fine if it were just some Pill God or some powerful God Realm being as arrogant as him, but the arrogant one in front of him was Chen Xiang, and his cultivation was also very low, he was only a True God previously, although it had been eighty years, but he felt that Chen Xiang was just a Upper True God.

Ye Qin did not think that way. Although she did not understand Chen Xiang, she knew that Chen Xiang's pill refining skills were very good, and Alchemist who had a high level of cultivation would usually use a large amount of pills to make herself stronger. She was not able to see through Chen Xiang's strength right now, but she could tell that Chen Xiang was very confident.

Ye Qin thought carefully, and after thinking about it carefully, he decided to stay away from this place, because it was not a good thing to clash with Chen Xiang right now.

"Let's go. We can report this back." Ye Qin said to Li Zhonghan, and pulled at Li Zhonghan who was about to flare up.

Ye Qin's words stung Li Zhonghan, which made him think that Ye Qin was underestimating him and was trying to show off. Furthermore, Li Zhonghan had brought a few profound Gods with him, which made him even more confident.

"Chen Xiang, I'll give you one more chance. If you still don't hand over the Nine Strange Divine Fruit ..."
Before Li Zhonghan even finished speaking, Chen Xiang had already taken out his God Slaughtering Sword.

"No need to give me that chance. Eighty years have passed, and I've already eaten all nine of the divine fruits. How am I supposed to take them out? Haha ..." Chen Xiang laughed.

"You're courting death." Li Zhonghan shouted angrily as his arm moved forward like a phantom. It was extremely fast and it looked like he wanted to slap Chen Xiang.

He had to admit that this Li Zhonghan still had some skills, but Chen Xiang, who had the strength of a middle profound God, simply did not view Li Zhonghan as a worthy opponent.

When Li Zhonghan's palm struck over, Chen Xiang also quickly swung his sword, chopping at Li Zhonghan's arm.

"Ah!" Li Zhonghan cried out in pain as his palm fell to the ground, but blood didn't flow out. Smoke was rising from his wound, because Chen Xiang's God Slaughtering Sword was extremely hot.

"Young master." The few profound Gods who were with Li Zhonghan turned pale with fright, without saying a word, they retrieved their weapons and attacked Chen Xiang.

Chen Xiang raised his eyebrows, and after he sneered, he was no longer where he was before. When he appeared, he was already behind Li Zhonghan, and there were a few bloody holes on the bodies of the other profound Gods.

"Seven devil-slain kungfu..." Ye Qin was shocked, Chen Xiang's technique was extremely terrifying, she had long heard of it, and anxiously shouted out: "Chen Xiang, he is the son of the god, if you were to ..."

Before Ye Qin could finish his words, he saw Chen Xiang's God Slaughtering Sword piercing into the back of Li Zhonghan's neck, and even kicking out with great force towards Li Zhonghan's waist.

Boom.

Chen Xiang exerted all his strength to kick him, and a burst of lightning struck down. In the blink of an eye, Li Zhonghan's waist was also blasted into pieces.

Bang.

Li Zhonghan's body flew out, and smashed into a large tree, Chen Xiang immediately dodged and fiercely stepped on the struggling Li Zhonghan's chest.

Chen Xiang's kick was like a giant pillar smashing into the earth, the Six Realms' Power roared from within his body and ignited an extremely berserk energy, causing Chen Xiang's kick to be extremely powerful, stepping on it to the point that Li Zhonghan coughed out blood and the ground was overturned several times.

"Miss Ye, let's quickly leave. Even if we join forces, we would still not be a match for Chen Xiang, let alone Li Zhonghan who does not listen to our advice." They secretly praised Ye Qin. If Ye Qin had wanted to capture Chen Xiang just now, like Li Zhonghan, they would definitely do the same. When that time came, they would have died in the same way as the profound God lying on the ground.

Ye Qin and the few profound Gods who came with her had all seen how terrifying Chen Xiang was. To be able to kill Li Zhonghan and the rest in a matter of seconds, was indeed not something they could afford to offend.

"Let's go." Ye Qin made her decision immediately, just as she was about to leave, she saw Chen Xiang shouting from afar.

"Wait." After Chen Xiang finished speaking, he kicked the half-dead Li Zhonghan over, and very accurately landed beside Ye Qin's feet.

Ye Qin lowered her head to look at Li Zhonghan, and couldn't help but frown. Fortunately she was also someone who had experienced hundreds of battles.

"Bring this guy back, he should be able to be saved." Chen Xiang laughed coldly, "Go back and tell those few Pill Gods that I got the Nine Oddity Divine Fruit first and that it was mine first. I hope they don't make any mistakes and I don't want to be enemies with them."

Li Zhonghan was indeed still alive, but her Divine Deity had already been taken away by Chen Xiang. To profound God, this was a very cruel thing, because it was equivalent to being crippled, and it felt worse than dying.

"Take him away." Ye Qin did not reply. He instructed a few profound Gods beside him to lift Li Zhonghan up and then use an array disc to leave.

Chen Xiang looked at Yue'er who was flying in the sky and asked, "Do you still want to walk around with me?"

Yue Er shook her head: "No need, I want to go meet Beast Divine Palace. If what that old man said is true, I must return to Beast Divine Palace and meet him again if fate wills it."

Chen Xiang nodded at her: "Take care."

Yue'er disappeared in a flash. Chen Xiang sighed softly and then teleported away.

Long Xueyi was still in deep sleep and she had slept for far too long this time around. It did not seem that it was because she had eaten the divine fruit of the nine wonders. According to Long Xueyi's

refining speed, in the eight years of the trial, it should be enough time for her to refine the divine fruit of nine wonders.

"It's already been eighty years, I wonder how that Xiao Chou fellow is doing." Chen Xiang was extremely worried for Xiao Chou, because Chen Xiang was also participating in this kind of trial like him. He had passed the trial, but he also deeply understood just how terrifying this trial was.

After a few teleportations, he arrived at the shop in Goddess City. To his surprise, the shop had been sold fifty years ago.

He quickly asked around, but did not expect Feng Yujie to leave the Divine Female Palace fifty years ago. At that time, she was expelled by the Divine Female Palace because of a conflict with a Pill God, and because she offended a Pill God, she was now envied by the Pill God. In order to curry favor with the Pill God, some of the stronger gods swore to arrest her.

Why did Feng Yujie clash with the Pill God? Chen Xiang didn't hear about it, he only knew that there was a huge battle at that time in the Divine Female Palace and that both Feng Yujie and the Pill God were heavily injured.

Lv Qilian and the other girls who were running the shop also transferred their stores and left Goddess City.

"Seems like I can only make a trip back to the Devil-killing Divine City." Chen Xiang looked at the towering Divine Female Palace, then quickly proceeded towards the Transmitting Square.

After arriving at the Transmitting Square, he had actually found out that none of the Divine City s were allowed to enter the Devil-killing Divine City.

[Chapter 1879](#)

Before Chen Xiang had entered the trial grounds, he had already known that Hell Devil Emperor and his forces had revived and even took revenge on Devil-killing Divine City. After asking around, he found out that the reason why all Divine City s had not released their Transmission array to Devil-killing Divine City was indeed related to this matter, because Devil-killing Divine City was currently being attacked by a large group of evil monsters that Hell Devil Emperor had brought along.

Most of the people in the Devil-killing Divine City had already left, and currently, only the Devil-killing Divine Palace's disciples were stubbornly guarding the tattered Divine City, so they were at a disadvantage.

"Why didn't the all divine palaces help him?" Chen Xiang asked an old man. The old man was a teahouse guest, and was also a profound God. Chen Xiang had chatted with him at the teahouse.

"all divine palaces felt that it was a grudge between Devil-killing Divine Palace and herself, so she didn't make a move. I think that most of the divine gods in Devil-killing Divine Palace felt that Devil-killing Divine Palace was too much of a hindrance, and wanted Devil-killing Divine Palace to fall completely." The old man said.

Chen Xiang drank a few cups of tea and chatted with the old man for a while before he teleported to the closest city to Devil-killing Divine City and hurried back to Devil-killing Divine City.

With the support of the Supreme God, the Hell Devil Emperor quickly developed a strong power. In order to stabilize his power and position in the Gods Realm, the first thing he needed to do was to eliminate the Devil-killing Divine Palace.

Chen Xiang could already see the Evil Spirit of the Devil-killing Divine City in the distance, covered by the haze. The tall city walls surrounding the city were already full of holes, and at the moment, there were still a large number of Evil Demons standing on top of the city walls.

"all divine palaces and the rest of the idiots here, after we destroy the threat of Devil-killing Divine Palace, they will definitely target the other powerful divine halls. Don't you think they still don't know about Hell Devil Emperor's ambitions?"

Chen Xiang teleported over and appeared in the city.

Aside from the fact that the Devil-killing Divine Palace was still unharmed, the rest of the buildings in the city were already in tatters. The ground had split open and there were a large number of bottomless ravines.

Chen Xiang looked at the black cloud in the sky, which was releasing Evil Qi, causing the Evil Demons hidden inside the city to absorb the Evil Qi, and quickly become stronger.

The Undead who died in this place would all rush into the black clouds. This was the most familiar tactic used by the Hell Devil Emperor to guard the Infernal Realm, and use the departed souls to quickly obtain strength.

"This cloud has been here for many years. It must be scattered. When the sunlight shines down, it can also kill those evil monsters. It should be able to weaken their power."

Chen Xiang stared at the black clouds in the sky, his fists tightly clenched, releasing traces of golden lightning.

"Heavenly Refining Great Universe." Chen Xiang shouted lightly and the Six Realms' Power on his body immediately surged. Golden light erupted from his body, causing him to emit blazing light like the sun.

In that moment, a huge golden barrier suddenly appeared, enveloping the entire Devil-killing Divine City.

Chen Xiang had just inspected his surroundings, the Hell Devil Emperor's base camp was very far away, although there were many demons and monsters entering the Devil-killing Divine City, they all hid themselves to cultivate, absorbing the Evil Qi released by the black cloud in the sky.

The huge barrier released by Chen Xiang was like a gigantic Magic method furnace, shrouding the entire city.

He was already very familiar with refining this kind of demonic energy, but it was just that he needed to refine a lot of things now. With the support of the Six Realms' Power, refining this kind of demonic energy on such a large scale would not be difficult.

Very soon, a set of silver flames appeared on the huge black cloud. This was the Chuangzao fire released by Chen Xiang's life force technique, and under the activation of the Six Realms' Power, it became even hotter, burning even more intensely. Very quickly, it turned the sky above Devil-killing Divine City into a sea of fire.

... ..

Amongst the Devil-killing Divine Palace, Wang Jinshi shouted in shock: "Master, quickly look up there, what is going on?"

Ren Tianyong and Yuan Baibing felt a very familiar feeling when they saw this flame.

When Devil-killing Heavenly God saw it, he said in pleasant surprise: "It's Chen Xiang's Chuangzao fire, this little demon passed the trial. He did not die."

Devil-killing Heavenly God was very excited, her voice trembling a little.

The disciples of the Devil-killing Divine Palace saw a silver white flame burning in the sky. That kind of holy silver light made them feel much better.

"Eighty years. What has he been doing?" Wang Jinshi was also very happy, but he was a little worried, because Hell Devil Emperor had been looking for Chen Xiang.

"Let's quickly go out and cooperate with him so that we won't be disturbed by the Hell Devil Emperor and move out." Devil-killing Heavenly God said, and then he quickly flew over with a large group of Devil-killing Divine Palace disciples.

Chen Xiang was currently using the Heavenly Alchemy, and it was on a very large scale at that. He needed some time, so it would naturally be best if there was someone protecting him.

"All of you, come up." Chen Xiang's consciousness was like a huge net covering down, enveloping all the hidden demons and monsters. Following that, he used the Tai Chi Refining, causing a huge Taiji array to immediately appear in the sea of fire in the sky. The countless evil demons on the ground immediately floated up, and were pulled in by the force.

Chen Xiang, who had activated his Six Realms' Power with all his might, had already unleashed the Heavenly Alchemy to its limit. A large number of evil and evil monsters quickly floated up and were sucked into the sea of flames.

"Refine." Chen Xiang roared, the sound resonated in all directions, the might of it shook the entire world, the Evil Demons that were still struggling in the sea of flames instantly turned into ashes, after that they quickly condensed into a white pill.

Devil-killing Heavenly God and the rest who were rushing over saw that, and were extremely shocked, they did not expect Chen Xiang to end the battle so quickly.

"The Hell Devil Emperor is here, we don't need to fight with them for now." Devil-killing Heavenly God came to Chen Xiang's side, grabbed him and immediately returned to Devil-killing Divine Palace.

Devil-killing Divine City had been shrouded by dark clouds for many years, and at this time, the sunlight was shining down on the Devil-killing Divine City. Although it had already turned into ruins, this meant that it would end very soon.

Inside the Devil-killing Divine Palace, Chen Xiang looked at Ren Tianyong and the others, and laughed: "Long time no see, how could you guys be like this, what about the fat fifth brother?"

"Dead, fifth and ninth brothers are all dead." Devil-killing Heavenly God said dejectedly, "Zu Chao, Zu Ming and his wife have still not been found out. Sigh, if not, we wouldn't be in such a miserable state."

The two sons and daughter-in-law of the Devil-killing Heavenly God were the main force. Now, Chen Xiang understood why the Devil-killing Divine City had become like this.

Fortunately, Wang Jinshi and the others had already been promoted to the level of god, and there were also the other ten disciples from the second batch. The strength of the Devil-killing Divine Palace was still very strong, but after battling with the Hell Devil Emperor for so many years, his strength had been gradually reduced by a large amount, and the Hell Devil Emperor actually had a steady supply of support.

"The other Temples aren't helping?" When Chen Xiang saw Tai Qiang walking in, he nodded and greeted him.

Devil-killing Heavenly God said helplessly, "If I don't help, Penalty Heavenly God will be in deep trouble as well. He will be tied down by a huge burden and won't be able to help me. The Fire Divine Palace, Wealth Divine Palace, and the War God Shrine have absolutely no way of helping me."

The Penalty Heavenly God was unable to come to help, and it proved that what the old man said was true. The Divine Prison could not hold it in any longer, so he was probably preparing to destroy the Divine Prison.

[Chapter 1880](#)

The fact that the Devil-killing Divine Palace was forced to such a state showed that the Hell Devil Emperor was very strong. With the secret support of the Supreme God, it would not be difficult for them to destroy the other shrines in the Gods Realm.

Devil-killing Heavenly God said: "Chen Xiang, even though your current strength is very strong, the power Hell Devil Emperor has right now is not something you can imagine. Otherwise, we wouldn't be in such a miserable state."

Chen Xiang looked out the window at the ruins, and said: "Then what do we do now, if this goes on, we won't be able to do anything, we can't leave here temporarily, can't we come back later?"

Devil-killing Heavenly God shook his head: "If I could have left, I would have definitely left, but I definitely cannot leave now, because right now, Hell Devil Emperor's primary target is us. Once our Devil-killing Divine Palace dissolves, Hell Devil Emperor has no target, the consequences can be imagined."

The Devil-killing Heavenly God was doing this for the sake of the entire Gods Realm. Chen Xiang thought about it carefully, if it wasn't for the fact that the Devil-killing Heavenly God was holding on here, the Nine Heaven World might have already fallen. The reason the Devil-killing Heavenly God created the Devil Slayer Art was to deal with this kind of evil demon, the Hell Devil Emperor, so of course he couldn't show weakness.

"There's really no other way." Wang Jinshi sighed, she had already made up her mind. Originally, she and the ten junior brothers and sisters were together, but now only the three of them were left.

From the moment they joined the Devil-killing Divine Palace, they had already had this kind of awareness, and would definitely fight the demons to the death.

Devil-killing Heavenly God frowned and took a deep breath: "Yes, the only way is to find helpers. Chen Xiang, are you willing to take the risk?"

Chen Xiang immediately nodded his head: "Of course I am willing, I am also a part of Devil-killing Divine Palace, moreover Hell Devil Emperor is also my sworn enemy."

When I first entered the Super God Restricted Area, I met a few friends there, all of whom were close friends of life and death. They also promised me at the time that once I was in trouble, they would definitely help me out, however, I can't go there myself now, I can only let you notify them in my stead. "

Super God Restricted Area was an extremely terrifying place, and everyone in the hall was emotionally moved after hearing that.

"How do we find them?" Of course, Chen Xiang was not afraid of going to that place. Supreme Divine Palace's trial was so terrifying, but he was able to pass it, so the Devil-killing Heavenly God believed that Chen Xiang would be able to complete it.

The Devil-killing Heavenly God had always had this thought, but there was only one person who had a chance of entering the Super God Restricted Area and finding his friends. The reason why he couldn't go there by himself was because once he left, the Hell Devil Emperor would launch a surprise attack and no one would be able to resist him.

"This is my token. Give it to them and they will believe you." Devil-killing Heavenly God passed a white jade tiger to Chen Xiang.

"Where are they in Super God Restricted Area?" Chen Xiang asked again.

"I don't know, I only know that they are still in Super God Restricted Area. You have to find them as soon as possible, go to Super God Restricted Area, this Jade Tiger will help you find them." The Devil-killing Heavenly God said, "We have to be fast, we won't be able to hold on for long."

Chen Xiang nodded, after keeping the jade tiger, he suddenly heard an angry shout from outside: "Chen Xiang, get out here right now."

Devil-killing Divine City had been covered by the black clouds for many years, and now that the black clouds had dissipated, it meant that there was a Ranker who was secretly dispersing the black clouds, and the person who was shouting outside was Feng Shen.

Feng Shen was dressed in a big red robe, his handsome face was filled with anger and coldness. He held a big black machete in his hand, and floated outside the Devil-killing Divine Palace with a murderous look on his face.

"This guy came so fast." Chen Xiang looked at the tall and sturdy figure of the Feng Shen outside the window and muttered.

"What happened? When did you provoke this guy?" The Devil-killing Heavenly God also frowned. Chen Xiang should have just finished the trial, yet this Feng Shen was already here.

"I crippled his son. Who asked his son to be so arrogant ..." Just as Chen Xiang finished speaking, a few more figures appeared outside.

Devil-killing Heavenly God's face was full of astonishment. He knew from a glance that the appearance of these Pill Gods definitely had something to do with Chen Xiang.

"I'll go to Super God Restricted Area first. Main Heavenly God, we'll be troubling you guys on the outside." Chen Xiang laughed and then teleported away.

Just as Devil-killing Heavenly God wanted to curse a few words at Chen Xiang, he realized that Chen Xiang had already walked far away.

"Chen Xiang is not here, why are you looking for him?" Devil-killing Heavenly God, Ren Tianyong and the others walked out of the Divine Palace with Divine Weapons in their hands, showing that they did not welcome the arrival of Feng Shen and the others.

Feng Shen said angrily, "I'm going to kill him. Quickly come out and accept your death!"

Dan God in Blue Costume said, "He took away our Nine Strange Divine Fruits, we want him to return them."

The Devil-killing Heavenly God sneered a few times: "So that's how it is, but he really isn't here. Even though he is a member of my Devil-killing Divine Palace, you can't possibly destroy this crappy place of mine just because of him, right?"

"Devil Slayer, you should be clear about your current situation, don't force me to help Hell Devil Emperor." How could he not be angry when his son's Divine Deity had been removed by Chen Xiang?

Devil-killing Heavenly God asked indifferently: "Are you threatening me?"

Feng Shen said coldly: "I'm only asking you to hand Chen Xiang over, I won't make things difficult for you guys, I'll give you another chance."

Devil-killing Heavenly God took a deep breath and said expressionlessly: "I already said that Chen Xiang is not here. Even though I, the old devil slayer, was forced to such a state by Hell Devil Emperor, it does not mean that I am afraid of you."

With that, Devil-killing Heavenly God's entire body flashed with a gold light, the powerful aura caused the ground to tremble, the wind to kick up and the anger to the skies turned into a burst of golden astral wind, roaring and wreaking havoc in all directions, setting off bursts of golden lightning.

"Even the God of Fortune would not dare to act so arrogantly in front of me. Who do you think you are?" Devil-killing Heavenly God was furious. He turned into a bolt of lightning and suddenly appeared in front of Feng Shen. His withered hand that was filled with divine power was already tightly holding onto Feng Shen's throat.

Although Feng Shen had long since been on guard, he was still unable to stop the Devil-killing Heavenly God's terrifying strength. Right now, he was like a little chick whose neck has been grabbed by someone, and simply had no strength to resist.

They were all from the Upper Heavenly God, but the gap between them was so huge that it shocked the Pill Gods beside them. They had all heard of the power of the Devil-killing Heavenly God, but had never seen it with their own eyes.

Feng Shen truly believed that he and Devil-killing Heavenly God were both Upper Heavenly Gods, and that Devil-killing Heavenly God had spent so much time and effort on them, so his vitality would definitely be greatly damaged. He never would have thought that he would be pinched so tightly that he couldn't even fart.

"Devil Slayer, that should be enough, right?" A wave of cold air attacked, and a white ice dragon appeared in the distance. On the head of the dragon stood a youth. It was the God of Fortune.

The Devil-killing Heavenly God grabbed the God of Fortune and threw him over. "God of Fortune, take care of your disciple."

Feng Shen stood on top of the ice dragon, not even daring to look at Devil-killing Heavenly God.
