

Dan God 1901

[Chapter 1901](#)

Chen Xiang had successfully merged with seven Chaos Fire Token. At this time, the Domain of Hell had become very quiet and even though most people believed in the Hell Devil Emperor, their heartbeats couldn't help but quicken.

After a moment of dead silence, the Hell Devil Emperor released waves of ferocious wild laughter.

The moment he merged with the seven Chaos Fire Token, a large amount of things surged into his mind. The first thing that entered his mind was a map, a map of the interior of a huge palace. There were some routes on it, and then a large number of Spirit grains.

"It's here." Chen Xiang suddenly roared, interrupting Hell Devil Emperor's wild laughter.

Hell Devil Emperor and the other god gods were startled, as they saw that the Hell Devil Emperor's extremely sturdy Domain of Hell suddenly shattered, while the sky above was covered with black clouds, and a very large palace was gradually descending from the black clouds.

The palace was pitch black, and there were nine huge black two-headed black dragons baring their fangs and brandishing their claws. These nine two-headed black dragons had a golden chain around their neck, connecting them to the outside of the palace.

The palace looked extremely grand. Accompanied by waves of blood-colored bolts of lightning, nine two-headed dragons roared crazily, their loud roars shaking the heaven and earth.

Everyone was stunned as they watched the Demon Palace gradually descend. They wanted to move, but for some reason, they lost the power to move and couldn't even shout out.

This terrifying black Demon Palace brought with it a terrifying and strange power. Black winds blew from the Demon Palace, and from afar, countless transparent black ribbons of light repeatedly connected to the Demon Palace.

The Dual Headed Demon Dragon roared, struggled, and danced chaotically. It was being tortured repeatedly by some kind of terrifying power that made it wish it were dead.

When the Nine Heaven Devil Palace landed, the ground suddenly shook, and the mighty Dragon Marked Gate slowly opened, letting out clattering sounds, causing people's hair to stand on end.

The sky and earth darkened, and when the Nine Heaven Devil Palace's door opened, the crimson red light that shone out was like a wild demon dancing inside, trying to struggle out, but could not escape and was trapped inside the door.

The door was completely open, and it was as big as the gates to heaven. Even if he dragged a huge mountain in, it wouldn't feel small.

Whooooosh.

A gust of cold wind blew from the door, accompanied by a decaying and ancient aura. As the wind blew across the ground, everything turned black, and then turned into black mud. What was even more

terrifying, was that underneath the black mud, there was actually a large amount of moving things, and black bone claws suddenly extended out.

In front of the door, there were all these black bone claws, and they were all letting out howls.

Not long after the talons appeared, many talons suddenly shrank in the direction of the gate, revealing a road.

At this moment, black skeletons crawled out from the black mud. Thousands and thousands of these skeletons were lined up neatly, leaving only a path for the gate.

Chen Xiang swallowed his saliva. This scene was too scary, and too shocking.

The God of Fortune, War God, Fire God and the others wanted to curse, but they couldn't say anything. The Hell Devil Emperor lied to them, saying that Chen Xiang couldn't summon the Nine Heaven Devil Palace, but the Nine Heaven Devil Palace was right in front of them.

Hell Devil Emperor also wanted to curse, because back then Highest Devil God had told him that the Chaos Fire Token was a secret, but now Chen Xiang had summoned it. Although he did not know if he would die inside, he was sure that they had to go in now.

When the black skeleton army appeared and lined up neatly, everyone's feet couldn't help but move, and they walked on the road that led to the big gate.

At this time, everyone felt that they could move. They couldn't figure out why they had consciously walked towards the door.

Chen Xiang was at the very front, looking at the countless black skeletons on both sides of him, and he couldn't help but feel goosebumps. He had finally seen the legendary terrifying Nine Heaven Devil Palace, and he was about to enter right away.

"Hell Devil Emperor, what's going on? Didn't you say that Chen Xiang was unable to summon his Nine Heaven Devil Palace?" The God of Fortune roared, because he had put his life on the line.

"Hmph, you're just a puppet. So what if you die? What are you afraid of?" Hell Devil Emperor snorted disdainfully, as he found it hard to understand as well.

"Bastard." Although he was a puppet, he still had his own ideas.

"All of you, stop arguing." Unwearying Fighting Dan God was furious, if Hell Devil Emperor had let him kill Chen Xiang earlier, then so many things wouldn't have happened. Now, not only could he not kill Chen Xiang, he had even put himself in danger.

The ice dragon followed behind. He wanted to quicken his pace to catch up, but he couldn't, because it was all controlled.

"I want to let the ice dragon leave." Chen Xiang had this strong thought in his heart, because he felt that he could form a connection with the Nine Heaven Devil Palace.

Just as this thought appeared in his mind, the ice dragon suddenly flew into the air.

"What's going on?" The Hell Devil Emperor and the rest were also very surprised by how the ice dragon could fly.

Chen Xiang said to the ice dragon, "Senior Ice Dragon, leave the Super God Restricted Area and tell them to never come near here."

The ice dragon suddenly understood that Chen Xiang was the one who told it to leave. In the blink of an eye, the ice dragon was sent away by a wave of energy and disappeared.

For Chen Xiang to be able to control the Nine Heaven Devil Palace, they were even more furious.

Chen Xiang sneered: "I can make them leave with just a thought, but why would I do that? To tell you the truth, there's a high chance that I would die if I enter the Nine Heaven Devil Palace, the same goes for the rest of you.

"You ..." Hell Devil Emperor roared, he wanted to kill Chen Xiang with a punch, but he couldn't circulate the energy in his body.

Just like this, they stepped into the Nine Heaven Devil Palace step by step. The gates of the Nine Heaven Devil Palace did not close as well, and the army of black skeletons turned into a cloud of black smoke that rushed into the Nine Heaven Devil Palace.

The nine Dual Headed Demon Dragons in front of the gate had also become very quiet, crawling on the ground as if they were sleeping.

It became quiet again. There was not even a breath of wind, and the black clouds in the sky had already scattered. The sunlight was shining on the Nine Heaven Devil Palace, but it still gave off a creepy feeling.

... ..

The ice dragon was already far away from the Nine Heaven Devil Palace. While it was floating in the air, he could see a black dot on the wasteland in the distance.

"Don't go over." The ice dragon arrived at the entrance of the Super God Restricted Area and saw a group of people rushing over on flying discs. It hurriedly shouted and flew over to stop them.

Of course, Devil-killing Heavenly God recognized the ice dragon, he felt that it was a little strange, because in the past, the ice dragons were always with the God of Fortune, and the aura the ice dragons released was also very strong, causing Devil-killing Heavenly God to secretly become vigilant.

"Why?" Devil-killing Heavenly God asked.

"Nine Heaven Devil Palace, Chen Xiang summoned Nine Heaven Devil Palace out." The ice dragon said solemnly.

[Chapter 1902](#)

After Devil-killing Heavenly God and the rest were quiet for a while, Huang Jintian, who was standing at the side, started shouting, "This little bastard, I've warned him a thousand times not to do such a foolish thing, he's still going to do it."

He retorted, "Ice Dragon, why did you come out? Those who have seen the Nine Heaven Devil Palace, most of them want to go in. Eh, are you out of control of the God of Fortune?"

The ice dragon nodded its head, "I have awakened the memories from that year, my strength has recovered by thirty percent, and I have escaped the God of Fortune's clutches. Right now, you can see the Nine Heaven Devil Palace from high up in the sky, and as long as you don't go near it, you won't be thrown in.

Wang Jinshi sighed lightly, "If we had been a little faster, Chen Xiang would not have walked this kind of dead end."

Standing beside Wang Jinshi was a handsome middle aged man with stubble on his beard. His clothes were tattered, but his entire body was filled with an arrogant sword intent.

"Great, I wanted to go to Nine Heaven Devil Palace to have a look. Let's go." The middle aged man laughed, and was about to rush in, but was stopped by Wang Jinshi.

"Dad, you just came out of Divine Prison, do you want to be trapped inside again?" Wang Jinshi said snappily.

This middle-aged man was Wang Jinshi's Sword God father.

Zu Chao said: "We should discuss it with the Penalty Heavenly God, whether we want to go in and take a look."

Previously, Zu Chao and his wife had gone missing, but now that they had returned, it gave the Devil-killing Divine Palace and the rest a lot of strength. Adding that to the Sword God that had escaped from the Divine Prison, their overall strength was terrifying, and they were not afraid of the Hell Devil Emperor and the others at all.

"What's going on inside?" Feng Yujie suddenly appeared, and she came together with Lv Qilian.

"Chen Xiang has summoned his Nine Heaven Devil Palace." Devil-killing Heavenly God recognized Feng Yujie and knew that their relationship was not bad. Back then, when Feng Yujie was chased by the Pill God, he had dodged it at Devil-killing Divine Palace.

Feng Yujie heaved a long sigh: "So it's like that, no wonder I had such a feeling."

Lv Qilian's face changed. She and Chen Xiang's relationship was not ordinary, she loved Chen Xiang a lot and she had definitely heard of the Nine Heaven Devil Palace before.

"I want to go in." The usually calm Lv Qilian had actually made such a brainless decision.

"No." Feng Yujie immediately grabbed onto her tightly: "Don't worry, since Chen Xiang is able to summon out the Nine Heaven Devil Palace, he will definitely receive some guidance."

The ice dragon continued, "Before, Chen Xiang had planned to summon them, but at that time, he was afraid that the God of Fortune and the others would run away. When the Hell Devil Emperor came, he told them that Chen Xiang did not have a Supreme god bone refined by the Nine Divine Kings, so he said that he would not be able to summon the Nine Heaven Devil Palace.

Feng Yujie said: "Because he has Supreme god bone on him, the Nine Divine Kings refined two sets of Supreme god bone, one for me and the other for Younger Nine Girl, but because there was a problem with the Younger Nine Girl, they sealed it in the place they refined the Supreme god bone, which is the center of the Nine Heaven World. Chen Xiang found the Supreme god bone there."

"So that's how it is." The ice dragon nodded its head, "Looks like there's fate between the Nine Heaven Devil Palace and him, as though he's required to do something inside. We don't know much about the Nine Heaven Devil Palace, and we don't know what will happen to the people who summon the Nine Heaven Devil Palace."

Devil-killing Heavenly God said: "Let's hope so, we should return and properly prepare to deal with Divine Prison's group of villains. If we enter the Nine Heaven Devil Palace, who will deal with this group of people."

The God of Swords shouted, "I'm going to the Nine Heaven Devil Palace, don't stop me."

"You're not allowed to go, dad, if you go, what happens if I get bullied by your enemy that you made in the Divine Prison?" Wang Jinshi quickly pulled on him again.

When the Sword God heard this, he nodded his head. "Right, I can't go. The Devil Slayer is too weak. He won't be able to protect you."

Devil-killing Heavenly God snorted: "You should still go to Nine Heaven Devil Palace."

Lv Qilian looked at the entrance that led to Super God Restricted Area with extreme worry, sighed helplessly, and then followed Feng Yujie and left.

"I heard from Chen Xiang that the Azure Dragon is also in the Divine Prison. How is the situation in the Divine Prison?" Back then, when the Azure Dragon had been sent to the Divine Prison for him, he felt guilty.

He should be the same as me, the first one to run out. The gap between the Divine Prison is getting bigger, and in the future, there will be more guys that will run out, there are a lot of guys that I can't even beat. The God of Swords said.

He planned to go to the all divine palaces because there was an entrance that led to there.

"Devil Slayer, what happened inside? My Fate Plate told me that I can't go inside. Once I do, I'll be in trouble." A white robed old man suddenly appeared, he was the same white robed old man that Chen Xiang had met when he first entered Supreme Divine Palace.

When Devil-killing Heavenly God saw the white robed old man, his eyes revealed respect. The originally laughing and laughing Sword God also frowned, because the white robed old man gave him a very uncomfortable feeling, and because he felt that he could not beat the white robed old man, this feeling made him very uncomfortable.

Although the white robed old man did not have any Qi, none of the Devil-killing Heavenly God and the rest dared to breathe.

"Nine Heaven Devil Palace, Chen Xiang summoned it." The Devil-killing Heavenly God said.

When the white-robed cultivator heard this, he let out a long sigh and disappeared.

"Master, who is he?" Wang Jinshi asked softly.

"An elder of the Supreme Divine Palace, and a very strong Supreme God." Devil-killing Heavenly God said, "Let's go and quickly inform Penalty Heavenly God of this matter. Let him inform all divine palaces to block the entrance to the Super God Restricted Area. At that time, there will definitely be a large group of people who aren't afraid of death coming to Nine Heaven Devil Palace."

... ..

After Chen Xiang entered the Nine Heaven Devil Palace, he was free to move. He walked at the front, and the moment he could move his body freely, he used the fastest speed he could muster to run to one of the doors.

Hell Devil Emperor and the rest were walking behind, and when they saw Chen Xiang enter through the door, they did not immediately chase after him, but immediately turned and ran towards the door, but who knew that just as they rushed out, they were bounced back.

"Quickly, chase him. It's possible that he knows the way out." Hell Devil Emperor called out anxiously, crossing the great hall and entering the fan that Chen Xiang had just entered.

"Have you entered the Nine Heaven Devil Palace?" Long Xueyi asked, just now Chen Xiang had already sent her a sound transmission and briefly explained the situation.

"Hmm, I have a map in my mind, which shows me what I am looking for." Chen Xiang said, the tunnels inside all flickered with a green light, and scattered ancient Spirit grain characters could be seen everywhere.

"If we follow the map, it should be safe. We must uncover the secret behind the Nine Heaven Devil Palace." said. Knowing that Chen Xiang had a map, she was a lot more at ease. Her curiosity was piqued, and she wanted to explore this Nine Heaven Devil Palace.

[Chapter 1903](#)

The outside of the Nine Heaven Devil Palace was like a maze, and every path was extremely sturdy, making it difficult to use energy to break through. There were a lot of doors inside, but the thing that troubled Chen Xiang the most was that these doors would all move randomly, without any pattern.

Although he had the Nine Heaven Devil Palace's map and the route and the end mark on the map, the door moving randomly here made him lose his mind. Fortunately, he still knew where he was on the map.

When Hell Devil Emperor and the rest entered, they wanted to follow Chen Xiang, but the door was very complicated and they lost it very quickly.

Chen Xiang arrived at the end of a path, there were three doors in front of him. Just as he was about to open them, the three doors suddenly moved, changing locations.

"And it's like this again. When will I be able to reach that place?" Chen Xiang could only casually open a door and walk in. After walking in, the door behind him immediately closed and disappeared.

All the places he had been to before were passages, but now he was in a large hall lit by white light.

Many beautiful and exquisite fluorescent stones hung from the ceiling of the hall. The floor was covered with a red carpet, and there were many jade tables and chairs carved with carvings.

"This place looks pretty good." Chen Xiang walked to a chair and sat down. Previously, he had been shuttling through the passages which emitted a green light, but now that he had arrived at such a comfortable hall, he was extremely surprised.

He thought back to the map in his mind but did not find any information about the location of the hall. This immediately made him worried.

"Crack!"

Suddenly, Chen Xiang heard some voices, and jumped up from his chair, looking towards the direction of the voices, there was actually a door, and the door seemed to have been broken through and installed, because there were still many broken bricks on the floor.

The sound came from behind this door, and this door was the only door in the hall.

"There shouldn't be anything inside, right?" Chen Xiang used the Chaos Divine Eye, but was unable to see through it.

The sound came again, and this time it was even louder than before. It sounded like something crashed into the black metal door, causing a loud bang.

If he wanted to leave the hall, he had to go through the door. Even if there was something scary inside, Chen Xiang could only go in to open it, or else he would not be able to leave.

Chen Xiang walked over and pulled the door open, then quickly retreated, only to see a tall and skinny white clothed man walking out.

This man's eyes had a purple eye shadow, and there were actually two eyeballs inside his eyes, which looked very frightening.

In this Nine Heaven Devil Palace, Chen Xiang was unable to use the power of the spatial laws, so he needed to be extra careful.

"Nine Heaven Devil Palace was summoned by you." The man in white asked. Although his eyes looked scary, he was still quite handsome. He looked weak, and he didn't have any powerful aura. His body was very thin, like it could be blown down by a gust of wind.

Chen Xiang nodded his head. To be able to meet someone who could speak in Nine Heaven Devil Palace, he felt a sense of familiarity towards them. At least, he had not met anyone who looked like a weird-looking demon.

"Who are you?" Chen Xiang asked.

"I am the disciple of the Fire God King. I am glad that you were able to summon the Nine Heaven Devil Palace out. The man suddenly laughed sinisterly, using his long and sharp tongue to lick his lips, it made Chen Xiang's hair stand on end.

The disciple of the Fire God King should be very powerful, and when he said those words, it was definitely not something good. The Fire God King should be one of the Nine Divine Kings, but he actually had such a disciple.

"How can I leave Nine Heaven Devil Palace?" Chen Xiang calmed himself down and asked.

"You don't need to leave, you're my snack." The man in white laughed sinisterly. His handsome face suddenly turned long and his chin became very sharp. His eyes turned dark green and there were two protruding lumps of flesh on his head. He looked even more sinister and scary.

Chen Xiang retreated a few steps, he never thought that after transforming, the fellow in front of him would become so powerful, his strength should be at the Upper Heavenly God's level.

"Xue Yi, are you ready?" Chen Xiang asked Long Xueyi. He needed to integrate with Long Xueyi, otherwise it would be dangerous.

"Alright, let's begin now." Long Xueyi said.

Long Xueyi's strength had already surged into his body. He could feel that he possessed two Divine Sense Seas and four strands of divine soul.

"You used the Six Realms' Power." This monster was somewhat surprised. Its dark green eyes began to emit an even brighter light. Green saliva dripped from its mouth, as if it was a hungry ghost that had seen the delicacies of the sea and the mountains.

Chen Xiang did not bother with him, waving his sword he rushed forward. The God-killing sword on his body suddenly surged out, surprising the monster in front of him.

Chen Xiang also felt that it was strange, if he could recognize this demon, then he should have seen it before.

This means that, in the past, there were people who had cultivated the Six Realms magic kungfu and the God Murdering Sword Techniques, and it was very likely that they were the people who cultivated in the Nine Divine Kings.

"Are you really the Fire God King's disciple? No matter how I look at it, it doesn't look like it." Chen Xiang did not sense any aura of flames from her body, which was extremely dense.

"Of course I am, it's just that I was expelled from the sect by him, haha ..." The monster suddenly laughed out wildly. "It was because he chased me away that I became so powerful. My little snacks, obediently enter my mouth."

Both of its arms suddenly swelled up, and then exploded, shooting out dozens of green arms that were thin and shriveled, flying straight towards Chen Xiang.

"So that's how it is. No wonder you were driven away. You are quite evil." Chen Xiang waved his sword a few times and instantly cut off all the arms.

Hearing the two words "Evil Being", the demon suddenly roared as if he had been stabbed in the heart. It seemed that this was the reason why he was chased away by the Fire God King back then.

"It's my good fortune that I fell for evil, because that's how I get stronger." The severed arm of the demon grew back and became thicker.

Dozens of long, dark green arms that looked like old vines once again flew towards Chen Xiang.

The other party's regeneration ability was very strong, making it difficult for Chen Xiang to kill him in a short time, but he still had to first chop off the arm that was attacking him.

However, this time, his God Slaughtering Sword was not able to break through it. It only left a scratch on its surface.

"This guy is really strong, there might be five or six Divine Deity in his body, we are no match for him." Long Xueyi said.

At the same time that Chen Xiang dodged, he discovered something strange. When the strange demon's whip-like arms hit the table and chairs, it actually could not break them.

Realizing this, Chen Xiang hurriedly dodged back and forth between the tables and chairs, easily dodging the countless of terrifying attacks.

"Quickly use the God Murdering Sword Techniques." Long Xueyi said.

[Chapter 1904](#)

"Alright, let me try ..." Chen Xiang had wanted to use it since a long time ago, but the demon seemed to know of the God Murdering Sword Techniques.

This demon was also very angry. When he attacked Chen Xiang, Chen Xiang quickly hid under the table, unable to attack.

Everything in this hall seemed to be enveloped by a terrifying magic. No matter how one fought, it would not rot. No wonder it was still preserved until now.

Chen Xiang jumped up and down under the table, memorized the entire thing, then rushed towards the demon, and activated his God Murdering Sword Techniques.

The demon suddenly sensed Chen Xiang's terrifying God-killing sword and was shocked. He had sensed that Chen Xiang had a God-killing sword on him before, but it was still extremely weak, so he did not have any qualms. However, the God-killing sword that Chen Xiang had suddenly erupted with was extremely terrifying.

The demons immediately reacted, instantly getting their dozens of rattan-like arms to wrap around themselves.

After Chen Xiang saw it, he immediately sheathed his sword and rushed towards the door. Because he knew that the monster's arm was extremely powerful and hard to break through, he seized the opportunity to escape.

"This guy is a bit faster than me, so I had to prepare my defense in advance. That way, I wouldn't be able to attack him in that instant." Chen Xiang secretly sighed, if the demons did not defend in time, he might be able to kill them.

After Chen Xiang entered the door, he was slightly surprised, because there was actually a forest garden inside. There were many tall trees, and all sorts of strange plants,. Even though it was dark inside, the leaves all emitted green light, and all sorts of flowers and plants could also release multicolored light.

"There's even starlight inside. What's going on?" Chen Xiang rushed into the forest. Through the gaps between the dense leaves, he could see the stars shining in the sky.

"There's also the power of the stars. They should be real stars." Long Xueyi said.

Chen Xiang tried it out, but he was still unable to use the spatial laws.

"Brat, you came here to seek death. There are even more people more frightening than me here." The monster cried out, and his shrill voice frightened the flowers in the forest into gathering together.

Chen Xiang did not care about all that, he just kept on running. On the map he got when he first came in, there was no place like this, which confused him a lot.

He thought about it and believed that the map that he had assimilated into it when he was refining the Chaos Fire Token and that there must have been some change inside the Nine Heaven Devil Palace after so long, which was why it was different from the map that he had obtained.

Chen Xiang who was running frantically, suddenly felt that his two legs were entangled by something, and then was hung up, hanging his head down in the air.

When he looked up, he found that his feet were bound by the same old rattan arm, but this was not the same monster as before, because the monster's arm was green, and this one was blue.

"Junior brother, thank you for the snacks." A devilish voice laughed.

Chen Xiang secretly groaned in his heart. He had actually fallen into the hands of another monster, who was even more powerful than the previous one.

At this time, Chen Xiang's hands and body were tightly held by the blue Tree vine veteran and he was unable to move. Furthermore, there was a wave of energy seeping into his body, causing his body to feel numb.

"Senior brother, this is my snack. There are still many more left. Quickly hand it over to me, otherwise, don't blame me for being ruthless." The green monster roared.

Now, Chen Xiang could see that senior brother. He was a middle-aged man with a blue skin and two eyeballs in each of his eyes. His tongue was very long, like a snake's.

"How is it yours? I almost lost you when I saw you before." The blue-skinned demon laughed. "This little thing is so weak, and it could actually run away from you. You're a gatekeeper, so you can't even deal with it."

Chen Xiang guessed that this blue skinned demon was also the Fire God King's disciple, otherwise they wouldn't have called him junior brother. Moreover, the cultivation method they were using was the same, allowing them to have tens of old rattan arms.

Chen Xiang secretly activated his Seventy-two changes, transforming into a small bug, he struggled out of the old vine arm that was tying him up, and jumped towards a direction.

"Good move." The blue skinned demon cried out and immediately charged towards Chen Xiang. It instantly arrived above Chen Xiang's head and released a cage, enveloping him within.

There was even a layer of light blue light outside the cage, even if Chen Xiang became a little insect, he would still be unable to escape from it.

"Six Swallowing Strikes." Chen Xiang secretly activated the engulfing technique inside the Six Realms magic kungfu, combining it with the Six Realms mirrors and grabbed the cage with both of his hands.

Just as the blue-skinned monster was about to proudly show off to its junior brother, it suddenly cried out in alarm and fiercely withdrew the cage. This cage was weaved with many arms, but just now, he felt its power drain at an extremely fast rate.

Chen Xiang escaped and immediately escaped, facing a monster that was already unbearable. Now that there was such a strong demon, he was extremely nervous, and almost fell into their hands.

"This fellow has an incredible treasure on him, hurry up and catch him." The blue skinned demon screamed, the big trees all around suddenly moved, the tree vines weaved together to form a huge net that emitted a blue light, enveloping Chen Xiang within.

"To be able to escape from my hands twice, you can be considered very capable." The blue skinned demon rushed over and punched Chen Xiang in the chest, causing Chen Xiang to scream in pain.

These demons could actually control the big trees here! Chen Xiang groaned in his heart, he actually came to this kind of damned place.

"Quickly hand over the treasures on your body." The blue skinned demon screamed and stepped on Chen Xiang fiercely, but was suddenly repelled by the Fierce Sun Heavenly Elephant that appeared from Chen Xiang's body.

The green-skinned demon that had just arrived shouted in shock: "It's the Heavenly spirit kungfu, that's the Scorching Sun Heavenly Elephant! This brat also knows the God Murdering Sword Techniques and Six Realms magic kungfu, and now he has the Heavenly spirit kungfu, he's worthy to be able to summon the Nine Heaven Devil Palace!"

"We will join hands and use the soul-searching technique on him. I'm worried that my strength will be insufficient and he will devour me. That way, we can obtain the divine technique from him as well." The blue-skinned demon said.

"Alright." The green-skinned monster immediately agreed and hurried over.

Chen Xiang was extremely shocked, he only saw the two demon beasts' hands floating above his head, and then, his head started to hurt.

Just as Chen Xiang was feeling that his head was in pain, he suddenly saw a cut on the heads of the two demons in front of him.

The net that was wrapped around Chen Xiang also disappeared. He looked at the two heads on the ground, which were still floating, but just as they were about to float, they were pierced through by two swords. An incomparably charming woman dressed in black appeared, and stepped on the two heads.

This was actually the Younger Nine Girl.

[Chapter 1905](#)

When Younger Nine Girl was being chased by Highest Old Devil, she was sent to Divine Prison to seek refuge. Now that Divine Prison was in trouble, Penalty Heavenly God had released her long ago.

"It's you, have mercy." The blue skinned demon screamed. Seeing that the Younger Nine Girl had suddenly appeared here, the two demons were also surprised.

Younger Nine Girl's charming face revealed a cold smile. Her legs released a berserk power and stepped on the two heads under her feet forcefully.

"Follow me." Younger Nine Girl grabbed Chen Xiang's clothes and flew into the depths of the forest with a swoosh. She seemed to be extremely familiar with this place and did not rush forward continuously but turned regularly, as if she was avoiding something.

She came to the side of a big tree. This big tree looked no different from any other tree, but Younger Nine Girl took Chen Xiang and rushed straight into the big tree, and in the blink of an eye, they entered into the big tree.

In a flash before Chen Xiang's eyes, they arrived at a narrow space and found themselves right inside the trunk of a huge tree.

"Thank you for saving me." Chen Xiang hurriedly expressed his gratitude. Since Younger Nine Girl was going to save him, it meant that he no longer hated him, because he had a little misunderstanding with him.

"You're welcome, we're even." The last time Highest Old Devil suddenly appeared, Chen Xiang took her away, so it could be considered as saving her life.

To be able to meet an acquaintance of his in this deadly Nine Heaven Devil Palace, Chen Xiang was definitely very happy. Furthermore, it was this Younger Nine Girl.

"When did you come in, I just summoned the Nine Heaven Devil Palace, and I was the first one to enter, so even if you left the Divine Prison, you shouldn't have entered the Nine Heaven Devil Palace that quickly." Chen Xiang said.

The Younger Nine Girl replied: "I've been in here for a month. Although I don't have any Chaos Fire Token, I know where this Nine Heaven Devil Palace is, so I came in here very early."

"Then did you go and find Feng Yujie? She's worried about you right now." Chen Xiang asked. Last time when he mentioned the Younger Nine Girl to Feng Yujie, it made her feel extremely pained, because she had misunderstood him for all these years.

Younger Nine Girl's eyes were also filled with longing, it was obvious that she also missed Feng Yujie, she shook her head: "No, my path is different from hers."

Chen Xiang sat down. There were a lot of level of weeds here, it was very comfortable to sit on.

"What are you doing in the Nine Heaven Devil Palace? Feng Yujie kept on reminding me to not come in. Are you really unable to come out?"

Now that Chen Xiang had entered, he had almost become a demon's snack. It was indeed very dangerous.

Younger Nine Girl hugged his knees and leaned against the wall as he sat down, and said in a low voice: "I just don't think I have anywhere to go. Highest Old Devil is right inside Divine Prison, if it wasn't for Penalty Heavenly God informing me in advance and letting me out, I would have been captured by him already."

Chen Xiang felt a little guilty, because he had something to do with it, because the Six Realms mirrors was in his hands, but the Highest Old Devil thought that he had it in his hands.

Part of the reason I came in was to take refuge, because in the future, there will be more and more people searching for Six Realms mirrors. When Highest Old Devil enters the Divine Prison, he will definitely leak out the news, and the other thing is, I came here to find the Nine Divine Kings, and I know that they are right here. "

Chen Xiang sighed and said, "Big Sister Xiao Jiu, to be honest, the Supreme god bone Nine Divine Kings originally gave to you had been accidentally obtained by me and had already been merged by me. I'm so sorry. "

Younger Nine Girl shook his head, and said: "You don't need to apologize to me, it is your fortune that you can obtain it. At that time, I chose to give up, and furthermore, I have cultivated a Supreme god bone, I only want to find Nine Divine Kings now, and I want to apologize to them. Back then, they gave me so much hope, but I betrayed them."

Chen Xiang took out the seven Chaos Fire Tokens and said: "When I merged with all these Chaos Fire Tokens, a map appeared in my mind, and there were also many Spirit grain. I originally thought that we could go to the marked place by following the map, but I didn't know that those paths were too deceptive."

After knowing that Chen Xiang had a map, Younger Nine Girl's heart moved, and said: "Can you give me a rough idea about the location? Maybe there is a clue there, Nine Divine Kings might not be dead, but is instead trapped in here."

Chen Xiang drew out the approximate location of the mark on the map. When Younger Nine Girl saw it, his face turned serious: "This is the core of the array that was activated in the Nine Heaven Divine Palace back then.

"We can only find out after going to take a look. Right, what happened with those fellows outside just now? That green-skinned fellow claimed that he was the Fire God King's disciple, is that true?" Chen Xiang was very curious about this place, because there were no markings on the map here.

"They were all disciples of the Fire God King. At that time, the Nine Divine Kings had three thousand disciples, but most of them betrayed the Nine Divine Kings and a few loyal people went missing with the Nine Divine Kings." The Younger Nine Girl said: "They betrayed the Nine Divine Kings and sided with the

Nine Divine Kings's enemies, but in the end, when they attacked the Nine Heaven Divine Palace s, they were trapped inside. They are the more dangerous ones in here, you have to be careful, the ones you met were just small fries, if you met those gods, you would have died long ago."

Chen Xiang nodded. "Sister Xiao Jiu, then you and I will go look for this place. With your current strength, with you accompanying me, I will be safer."

Younger Nine Girl nodded in agreement. She left her hiding place with Chen Xiang and ran in a certain direction.

"This is a small world inside the Nine Heaven Devil Palace, so it does not appear on the map. As long as you are a disciple of the Nine Divine Kings, you will know how to enter this place. After the Nine Heaven Divine Palace became a Nine Heaven Devil Palace, it became very strange outside, and many paths have been renovated. The Younger Nine Girl brought Chen Xiang and quickly arrived at a stone mountain. On top of the stone mountain, there was a door.

After the Younger Nine Girl opened the door, he nodded towards Chen Xiang: "Let's go in, you have to follow me closely later, I'll bring you to that place as much as possible."

After opening the door, Younger Nine Girl and Chen Xiang entered together. They arrived at a dark stone room, but there were other people inside.

"It's Chen Xiang." The one who had shouted was the Unwearying Fighting Dan God of the War God Shrine.

[Chapter 1906](#)

Chen Xiang never thought he would be so lucky. If it was before, he would definitely think that he was really unlucky, but right now, he had an extremely powerful Younger Nine Girl by his side, so he was not afraid of this Unwearying Fighting Dan God at all.

Aside from Unwearying Fighting Dan God, there were also his two disciples. However, they were only Super profound God, so Chen Xiang himself could easily deal with them.

"This guy is my enemy, can you take care of him?" Chen Xiang sent a sound transmission to the Younger Nine Girl. The Younger Nine Girl had easily killed off the two monsters, so she was definitely not weak.

"Haha ..." The Unwearying Fighting Dan God suddenly laughed out wildly. "Chen Xiang, Chen Xiang, I never thought that you would fall into my hands in the end. If that fellow Hell Devil Emperor is not here, I can kill you without any qualms!"

Previously, when the Unwearying Fighting Dan God wanted to make a move against Chen Xiang, it was precisely because of the Hell Devil Emperor's obstruction that gave Chen Xiang the chance to summon the Nine Heaven Devil Palace, which caused all of them to be in a difficult situation.

Younger Nine Girl took out two swords and said to Chen Xiang: "I'll help you deal with this guy. You owe me this."

Unwearying Fighting Dan God didn't know Younger Nine Girl, and although Younger Nine Girl had a charming face that captivated souls, Unwearying Fighting Dan God felt that she wasn't very powerful.

"All of you, die together. You will be buried with my son." Unwearying Fighting Dan God sneered, two balls of flames appearing in his hands, transforming into two roaring fire bear heads.

In the darkness, a shadow of a flame flashed towards Chen Xiang. Younger Nine Girl turned into a gust of wind and blew towards the two balls of flames that had been extinguished.

Two swords appeared in Younger Nine Girl's hands, which were used to kill the two monsters.

Seeing how strong the Younger Nine Girl was, the Unwearying Fighting Dan God was shocked in his heart. He knew that Chen Xiang had a white dragon by his side, but the woman in front of him was not that white dragon, and when Chen Xiang first came in, he was the one who came in.

"Go and face that Chen Xiang." Unwearying Fighting Dan God shouted to the two disciples in the corner next to him: "You just have to delay him and prevent him from messing around, after I take care of this woman, I can go and help you guys."

Younger Nine Girl brandished his two swords and attacked Unwearying Fighting Dan God, two disciples of Unwearying Fighting Dan God immediately rushed towards Chen Xiang. They knew that Chen Xiang was very strong, but they thought that their master was strong, so even if they couldn't win against him, their master would still help them.

Chen Xiang coldly snorted: "You overconfident fellow, did you not see how I killed Feng Shen?"

Hearing Chen Xiang's words, the two disciples suddenly recalled how easy it was for Chen Xiang to kill Feng Shen back then. Now, it was even easier to deal with them, but now, they were right in front of Chen Xiang.

Both of Chen Xiang's hands turned into huge palms, and slapped down hard towards them, producing a ball of flame. The bodies of the two disciples turned into sparks and sprayed out, instantly turning into ashes.

The Younger Nine Girl and the Unwearying Fighting Dan God fought fiercely. The Unwearying Fighting Dan God was suppressed by the Younger Nine Girl, and the Younger Nine Girl was even more terrifying than he had imagined.

In the Gods Realm, there weren't many strong women, and the strongest was only the hall master of the Divine Female Palace. But the Unwearying Fighting Dan God and the hall master of the Divine Female Palace were only on par with each other, and their fights were evenly matched.

"Who are you? Do you know who I am? I'm the Pill God from the War God Shrine. Offending the Pill God isn't a wise decision." Even when using all of his strength, Unwearying Fighting Dan God was still unable to counterattack, and could not break apart the Younger Nine Girl's fierce offensive.

"I'm the owner of half of this shrine. I've never looked down on things like the God of Pills. You should go and die as soon as possible, lest you suffer the endless torture here. You'll be grateful to me after you die." The two swords of the Younger Nine Girl suddenly flashed, crossing around the neck of the Unwearying Fighting Dan God, with a pull of the two swords, the head of the Unwearying Fighting Dan God was chopped off.

Before Unwearying Fighting Dan God could understand what was happening, the head had already landed in Chen Xiang's hands. Without a word, Chen Xiang took out his Divine Deity.

"I actually got four, not bad." Chen Xiang looked at the four shiny Divine Deity in his hands, laughed mischievously, and then put it away.

Unwearying Fighting Dan God was already dead, but his body had turned into black smoke and was absorbed into the surrounding walls.

"This guy should have six Divine Deity. It's not bad that you were able to take away four of his Divine Deity." Younger Nine Girl nodded.

"Here you go."

Chen Xiang passed over, wanting to give her two, but she shook her head: "Keep them yourself. I don't need them with my current strength."

To be able to easily destroy a Upper Heavenly God like the Unwearying Fighting Dan God, the Younger Nine Girl would definitely be very strong. Although she wasn't too powerful, she wouldn't be far from becoming too powerful.

"Let's keep walking." Younger Nine Girl came to the doors on the wall and said, "Wait a moment, after these changes, the direction to the wall will also change."

Chen Xiang said: "It's these doors that have made me dizzy. Little Jiu jie, you have learnt the rules of these doors."

The Younger Nine Girl nodded and said, "I have managed to grasp a little of the rules."

She and Chen Xiang patiently waited for a while, when the doors moved again, the Younger Nine Girl immediately opened the middle door, and pulled Chen Xiang in.

After entering, Chen Xiang realized that he was in a garden and there was even a bright sunlight. This made him very happy, because there was a garden on the map, right in the middle of the road.

"How do you know?" Chen Xiang curiously asked the Younger Nine Girl.

"Feel it. I grew up in this shrine since I was young. I have a special feeling. When the doors are changing, space is also moving. When this garden is near, I can feel it." Younger Nine Girl shuttled back and forth along the familiar path in the flower garden, Chen Xiang following closely behind her.

"Don't relax, even though it is a safe route on the map, this is the resting place for those bastards and traitors. Be careful." Just as Younger Nine Girl finished speaking, a wave of cold wind blew over, accompanied by a wretched laughter.

"Younger Nine Girl, if it wasn't for you betraying the Nine Divine Kings first, we wouldn't have betrayed you. You still have the face to talk about us." The voice smirked.

Chen Xiang could tell now that the Younger Nine Girl was very prestigious in this shrine. Otherwise, there would not be a large group of Nine Divine Kings disciples betraying him.

"I have my own difficulties, different from all of you." Younger Nine Girl's voice was ice-cold. She had pretended to betray Nine Divine Kings in order to get into the enemy's camp and find an opportunity for Nine Divine Kings. Who knew that these disciples would be so disloyal and turn traitor.

[Chapter 1907](#)

Chen Xiang thought that it would be very safe to be with the Younger Nine Girl. Who would have thought that the Younger Nine Girl was filled with enemies everywhere.

The person who suddenly appeared was dressed in very tattered clothes. He had long, flowing hair, had a beard on his face, and looked quite handsome. He didn't have two calves, but those calves turned into black mist that could cause him to float.

"Ah Feng, quickly let us see, when I find the Nine Divine Kings, you will also be free to do so. Right now, the Nine Divine Kings is in a predicament, although you have betrayed them, they are magnanimous and will not care about your matters." Younger Nine Girl said. From her words, it was clear that the man called Ah Feng was very strong.

Ah Feng laughed coldly: "Nine Divine Kings is already dead. We have been here for so long and we have not been able to find them, not to mention you, but you have caused us so much suffering. All these years, we have all wished to eat your blood and drink your flesh."

Younger Nine Girl's face sank as he said angrily: "You bunch of bastards, you brought yourself down here, what does it have to do with me?"

Ah Feng was also extremely furious and shouted, "How can that have nothing to do with you. Back then, Nine Heaven Divine Palace met with danger, but you, as one of the two inheritors of the Nine Divine Kings, betrayed the Nine Divine Kings. We betrayed you as well, causing us to be trapped here in the Nine Divine Kings and be buried with them."

Chen Xiang found it funny and he couldn't help but say: "If you hadn't betrayed the Nine Divine Kings back then, what would have been the consequences?"

Ah Feng was speechless, and was immediately stunned, while the Younger Nine Girl sneered and helped him answer: "They are all a bunch of cowards. Even if they don't follow me, when the time comes, they will also make decisions like this.

The Younger Nine Girl stabbed at Ah Feng's sore spot, causing Ah Feng to let out a furious roar. A very long spike appeared in his hand, which fiercely pierced towards Younger Nine Girl.

The Younger Nine Girl was already prepared, he waved his sword and blocked, then he gave Chen Xiang a gentle slap, sending him far away.

Chen Xiang being far away from the battlefield did not mean that he was safe. After he was sent away by the Younger Nine Girl, he felt a gust of wind blowing towards him.

"I haven't tasted fresh meat in a long time." A sinister laugh sounded out in Chen Xiang's ears, and his back felt a chill, he anxiously avoided the sharp object, unexpectedly turning out to be a spear.

After dodging, Chen Xiang still had lingering fear in his heart. He took out the God Slaughtering Sword and continued to block the incoming spear.

The majority of the people inside the Nine Heaven Devil Palace were disciples of the Nine Divine Kings, and they were all extremely powerful. The two demons that Chen Xiang had met earlier were not things he could handle, and the Ah Feng he had just met was also very strong.

The dark-skinned man he was facing was also very strong, much stronger than the Green-skinned Monsters in the forest.

"Xue Yi, lend me your power. This guy is not easy to deal with." Chen Xiang blocked that attack just now and the force of the rebound nearly shattered his bones.

Long Xueyi immediately merged with Chen Xiang. After Chen Xiang felt Long Xueyi's power, the dark-skinned man thrust at him again.

This attack was much faster than before. Even though Chen Xiang could see it, he was unable to dodge it.

His body was not pierced at all, because the profoundwu clothing had acted as a defense and blocked the attack, but Chen Xiang was still sent flying by the force.

After Chen Xiang fell, he was secretly shocked at the strength of the profoundwu clothing. That time, he thought he was going to die, but didn't think that he would be alright.

The dark skinned man was also surprised. Chen Xiang, who only knew how to dodge and run, was very weak in his eyes, but his spear with eight layers of power did not penetrate Chen Xiang's body. This was too strange.

Although the profoundwu clothing had not revealed itself, it still possessed a strong defensive power. Previously, Chen Xiang did not plan to put the profoundwu clothing on, as he was worried that the profoundwu clothing would be destroyed, but now, it seemed that his worries were unnecessary.

When Chen Xiang saw that the profoundwu clothing had decent defensive power, he was immediately filled with confidence. At least he wouldn't need to worry too much about getting killed in an instant.

"If only this profoundwu clothing had a soul and Divine Deity." Long Xueyi said: "You have to find the appropriate divine soul and Divine Deity for the profoundwu clothing and your God Slaughtering Sword as soon as possible, otherwise, the power will be greatly reduced. If these two things were to rise, your strength would also increase by a lot."

When Chen Xiang used the God Slaughtering Sword, the Six Realms' Power in his body was unable to be channeled into the sword, so the power of the God Slaughtering Sword could not be truly unleashed.

"He's coming." Chen Xiang saw that the black skinned man had once again raised his spear and rushed towards him. This time, his speed and strength was much faster than before.

Chen Xiang did not plan to defend anymore, but he wanted to give his opponent a ruthless blow.

This time, the spear tip was aimed at Chen Xiang's head, the black skinned man thought that Chen Xiang would dodge, so he was not on guard at all.

Therefore, the moment the long spear pierced forward, Chen Xiang intended to go all out, and strike his arm with all of his strength to give his arm even more power, so that he could ruthlessly stab the God Slaughtering Sword.

The sword he thrust did not use any sword technique, but rather the word 'fast and precise'. The speed of lightning and the power of thunder pierced towards the dark-skinned man's forehead.

The black skinned man did not expect that Chen Xiang would ignore the fact that his head was pierced, and even ruthlessly strike him down, and in the blink of an eye, his head was pierced. This kind of sudden attack, he did not expect it, and did not have the time to dodge.

Although the profoundwu clothing had only pierced his body, it had protected his entire body. He had only suffered a slight concussion on his head, and was not really hurt, as the profoundwu clothing had absorbed a lot of energy, causing Chen Xiang to be secretly surprised.

"Could it be that it's because it's in the Nine Heaven Devil Palace, that profoundwu clothing's power is being displayed, and it didn't seem to be that powerful before?" The profoundwu clothing that Chen Xiang had obtained from the Super God Restricted Area had also fought with a few Heavenly Gods before. Not long ago, when they were attacked by the two demons, the profoundwu clothing did not have this kind of expression.

Now that they came to this garden, the profoundwu clothing became like this, causing Chen Xiang and Long Xueyi to be extremely suspicious.

The black skinned man's head was pierced through by Chen Xiang's God Slaughtering Sword, and he was heavily injured. He shouted crazily, he did not expect that Chen Xiang would be so evil, to the point where he did not even dodge nor defend.

[Chapter 1908](#)

When Chen Xiang saw that his opponent was not lightly injured and had rushed over while wielding a sword, the dark-skinned man was enraged. Seeing Chen Xiang charging over with his life on the line to kill him, he felt that it was both infuriating and funny.

Chen Xiang was extremely weak in his eyes, and actually wanted to kill him. However, he had indeed been severely injured by Chen Xiang, and his divine soul had been damaged.

"I'm not playing with you anymore, go die." The black skinned man's forehead was bleeding. Seeing Chen Xiang rushing towards him, he thrust his spear at Chen Xiang, giving off a wave of spear shadows. It was as if he could make multiple bloody holes on Chen Xiang's body.

However, Chen Xiang did not dodge, but rushed over, and his body had been stabbed over a hundred times. He was completely fine though, after he used the profoundwu clothing to counter the black skinned man's attack, he brandished the God Slaughtering Sword and unleashed the God Murdering Sword Techniques.

In that instant, within his domain, everything became extremely slow. He could clearly see the shocked expression on the dark-skinned man's face.

When the black skinned man saw that his move had been dissolved, he wanted to use his second move, but Chen Xiang had already unleashed his God Murdering Sword Techniques, he could also feel that God-killing sword had suddenly erupted, so he was extremely shocked.

In merely an instant, Chen Xiang slashed out tens of times within his own God Slaughtering Domain, slicing the dark-skinned man into eight pieces and even took out five Divine Deity s from his body.

"This guy's Divine Deity is much higher than Unwearying Fighting Dan God's." Chen Xiang looked at the five Upper Heavenly God's Divine Deity in his hands, and was extremely excited.

Adding these five, he would already have nine pills. If he refined them into Heavenly God Pellets, then that would be able to increase his cultivation by leaps and bounds.

"Yao Xiao." Ah Feng who was fighting with the Younger Nine Girl suddenly shouted in anger, he did not expect that the Xiao Xiao who was stronger than him was actually killed, furthermore it was such an inconspicuous, weak guy.

Younger Nine Girl was even more surprised. Previously, when Chen Xiang met that Unwearying Fighting Dan God, he was scared out of his wits, but that Ah Xiao was someone who was much stronger than him.

Chen Xiang himself was surprised, if not for the profoundwu clothing suddenly becoming so powerful, he would not have obtained such rewards.

Ah Feng really wanted to run over and kill Chen Xiang, but he was entangled by the Younger Nine Girl, he had been distracted, and almost chopped off his arm.

Chen Xiang had already ran over, but Younger Nine Girl knew that he wanted to help, so he did not stop him, and even gave him a chance.

After watching the battle for more than an hour, Younger Nine Girl suddenly made a mistake. found an opening and slashed his blade over, in order to avoid the attack, Younger Nine Girl had no choice but to dodge to the distance to avoid the powerful blade force.

It was also at this time that Chen Xiang rushed towards Ah Feng.

Ah Feng was pleasantly surprised, because in his opinion, Chen Xiang rushing over would be suicide, and Younger Nine Girl was also surprised. What was Chen Xiang rushing over for, he was obviously rushing to his death.

Chen Xiang anxiously transmitted to the Younger Nine Girl: "When he cuts me down, come over and sneak attack him, do not worry about me, I have profoundwu clothing, he will not be able to harm me."

Ah Feng rushed towards Chen Xiang, condensed all of his energy, and slashed at the top of Chen Xiang's head. What he did not expect was, when his blade chopped down, not only did Chen Xiang not dodge, he even extended both his hands out.

His blade landed on top of Chen Xiang's head, but it did not slash Chen Xiang's blade into two as he had imagined, while Chen Xiang had actually extended both his hands out to wrap around his blade, he had only reacted at this time, but it was already too late, his head had already been chopped off by the Younger Nine Girl.

When the Younger Nine Girl found out that Chen Xiang had the profoundwu clothing, she understood how Chen Xiang killed Ah Xiao. However, she still didn't quite understand, since Chen Xiang had the profoundwu clothing, he wouldn't have been tormented by the two demons to such an extent.

After Ah Feng's head was chopped off by the Younger Nine Girl, Chen Xiang anxiously added a few more blows before quickly taking out his Divine Deity. He only took out four Divine Deity.

"I didn't expect that I would still have some use." Chen Xiang laughed and withdrew his Divine Deity.

Younger Nine Girl had originally thought that she would have to work hard, but when Chen Xiang had cooperated with her just now, she had easily taken care of Ah Feng.

"What's going on with the profoundwu clothing on you?" Younger Nine Girl asked.

"I don't know either. Coming to this place is the only way. I was being tormented by the blue and green skins before." Chen Xiang spread his hands.

Younger Nine Girl frowned and thought for a while, then said: "Do you have Divine Deity above your profoundwu clothing?"

Chen Xiang shook his head: "No, I want to find Divine Deity s and divine soul s for the profoundwu clothing, but I don't know how to find them."

Younger Nine Girl said, "Don't even think about it. Aside from Heavenly Divine Lord, no one else is able to find the appropriate Divine Deity and divine soul for a profoundwu clothing."

Chen Xiang asked in shock, "Heavenly Divine Lord is Nine Divine Kings's father huh?"

Younger Nine Girl nodded his head: "He is very powerful, but Nine Divine Kings said that he died, but I do not believe that such a person would not die ... Let's not talk about that, for your profoundwu clothing to be able to unleash its power here means that it possesses the Divine Deity of a profoundwu clothing. "

Chen Xiang asked: "Aren't the Divine Deity of these divine tools dissipating on their own?"

Younger Nine Girl began to search all over the place, and said: "The other divine tools are indeed like this, but the Four Symbols Divine Weapons s are different. The Divine Deity will never disappear, and it should be inside this garden."

Chen Xiang also looked around and said: "Little Nine Sis, if there is the Divine Deity of a profoundwu clothing here, then the profoundwu clothing should be connected to that Divine Deity and I should be able to feel it as well.

The Younger Nine Girl stopped searching and said: "Then you must communicate with the profoundwu clothing well, and see if you can get any sort of response from it."

Chen Xiang took a deep breath, he closed his eyes and tried to sense the profoundwu clothing, after a while, he suddenly opened his eyes and laughed: "I found it, over there."

There were many fake mountains in the garden, so Chen Xiang immediately ran towards one of them. After arriving there, Chen Xiang wanted to smash the fake mountain into pieces, but there was no movement from the fake mountain at all.

"The things here are indestructible, don't you see how intense our battle was just now, but the flowers and grass here are still completely undamaged, this palace was also forged by the Emperor of the Nine Heavens, Nine Divine Kings has improved after, they treat everything here as treasures." The Younger Nine Girl said.

Chen Xiang thought about the tables and chairs in the hall earlier, they were basically not damaged at all.

Chen Xiang and Younger Nine Girl searched for an hour on top of the fake mountain before finally finding the Divine Deity. It actually looked like a normal little stone.

"It's this thing. I almost threw him far away just now." If Chen Xiang had not tried to sense the profoundwu clothing once more, he would not have known that this ordinary stone was the Divine Deity.

"Drop blood. After you drip blood, if your Divine Deity has a spirit, it will automatically fuse with you, and finally assimilate into the profoundwu clothing." Younger Nine Girl said: "This profoundwu clothing never had a master before, and even Nine Divine Kings and the rest are reluctant to use it, so you got lucky."

[Chapter 1909](#)

Not long after, his Divine Deity could sense the connection to the profoundwu clothing from his body, and he consciously fused with the profoundwu clothing, and Chen Xiang also had a reaction to the Divine Deity inside the profoundwu clothing, which allowed him to release the defensive power of the profoundwu clothing at any time.

After the Divine Deity entered the profoundwu clothing, it absorbed the Six Realms' Power from Chen Xiang's body and awakened the divine soul sealed inside the Divine Deity.

"I wonder if the other Four Symbols Divine Weapons are this powerful." Although Chen Xiang asked this, he already had an answer in his heart.

"Of course it's powerful. Although I have never seen Nine Divine Kings use it before, I heard that it's a divine tool that was used by the Ninefall Heavenly Emperor himself." Younger Nine Girl was a little jealous of Chen Xiang in her heart. She was the one who was created by Nine Divine Kings, but the Supreme god bone and Four Symbols Divine Weapons were both on Chen Xiang.

Chen Xiang chuckled: "Younger Nine Girl, if Nine Divine Kings knew, would they ask me for it?"

The Younger Nine Girl snorted: "How would I know? It's not as if I'm them, but I've already merged with your body. Even if they want to return, it won't be that easy."

Chen Xiang finally got the complete profoundwu clothing, and was in a very happy mood. He almost forgot that he was still in this deadly Nine Heaven Devil Palace.

Of course, in the period of time he entered the Nine Heaven Devil Palace, he had experienced many dangerous things, but right now, he was safe and sound. Furthermore, his rewards were plentiful too.

Chen Xiang followed the Younger Nine Girl through the garden and arrived at a grassy area. Looking from afar, they could see a small river quietly flowing, with sunlight shining on the small river, causing it to look like it was flowing with a gold river. A light breeze blew past, and the small grass by the river swayed, giving off a kind of peaceful vibe.

"This Nine Heaven Devil Palace is pretty beautiful too." Chen Xiang sighed.

"Mm, I often catch fish by the river with my sister that year ... "Alas, we were still very young back then. In the blink of an eye, so many years had passed, and so many things had happened." Younger Nine Girl was deeply moved.

"Little Jiu Sis, why don't you give yourself a name? Moreover, you're in your own home right now." Chen Xiang laughed: "How about I help you up?"

Younger Nine Girl shook his head.

Chen Xiang asked: "Back then Nine Divine Kings did not give you a name. I heard that you would only approve if they gave you a name."

Younger Nine Girl nodded. "They will wait for me to fuse with my Supreme god bone before they give me a name."

Chen Xiang laughed: "I've integrated with your Supreme god bone, why don't you let me name you."

Long Xueyi loved to give names to people, but they were all rotten names, so Chen Xiang immediately sent her a sound transmission telling her to give up on this idea.

Younger Nine Girl hesitated for a moment, then nodded her head, "I think her surname is Jiu, this is what Nine Divine Kings is called, Feng Yujie's original name was also Jiu Yu Jie, but in order to not attract attention, she changed her surname."

Chen Xiang scratched his chin and muttered: "This surname is very rare, and also has a very ancient surname. Let me think ... Just call it Jiu Hanrou, hehe. "

Younger Nine Girl thought for a moment, then asked: "What do you mean?"

Chen Xiang laughed: "Of course there is. You are charming and moving, so you should act a bit more gentle, instead of being cold like this, you need to be gentle. Also, although you are cold, you are a bit gentle to me, so I chose to use this name."

Jiu Hanrou just snorted, he did not say that he did not agree, and looked like he agreed.

"Let's continue on our way. After we cross these plains, we will arrive at a bad place." Jiu Hanrou said.

Chen Xiang thought back to the map, and he didn't see anything bad there, it just showed that it was a small mountain.

"What's wrong with that place? Isn't it a short mountain?" Chen Xiang quickly followed up and asked.

"Those short mountains are all tombs, they are all people that were killed and buried in the Nine Heaven Divine Palace. Although I don't know how that place has become, it has always been a bad place." Jiu Hanrou said: "The road that you pointed to on the map, will be right here."

When Chen Xiang heard that it was the tomb of a villain who had been executed, a bad premonition arose in his heart. He started to feel apprehensive, he did not want to encounter anything terrifying.

"The paths on the map are all useful to you. You first came to the forest to meet me, then went to the garden to obtain the Divine Deity of the profoundwu clothing. Therefore, going to the grave might not be a bad place. Seeing Chen Xiang's expression change, Jiu Hanrou chuckled.

Chen Xiang curled his lips, "I'm not afraid. I'm just not like those kind of things that make people lose their appetite. The previous Ah Xiao Ah Feng was a bit better, but that green and blue skin is not good, just thinking about it makes one uncomfortable."

This prairie was very small, so Chen Xiang and Jiu Hanrou purposely slowed their pace, enjoying the beautiful scenery and the sunlight. This was because they were worried that they would not be able to see this kind of beautiful scenery for a while.

"Little Jiu jie, Hell Devil Emperor already knows that I have a Six Realms mirrors. Once you leave, you don't need to be the scapegoat for me anymore. At that time, will you go and find Sister Feng?" Chen Xiang asked. Although the Younger Nine Girl had a name, Chen Xiang still liked to call her that.

She is my only family. Although she and I were both created by the Nine Divine Kings, I can clearly feel that we both share the same blood. To me, she is even more intimate than the Nine Divine Kings. Jiu Hanrou said, "The reason why I betrayed the Nine Divine Kings back then was also for the safety of Nine Divine Kings and her, but in the end, I still did not succeed."

In front of them were small mountains. These hills were shrouded in a black fog, and although it was just a line away from the dark green grassland, the difference was like the sky and the earth.

There were so many short mountains that it was hard to count them clearly. Chen Xiang asked curiously, "Why are you buried here if you were to be killed?"

Jiu Hanrou nodded his head: "They are all buried corpses, Nine Divine Kings thinks that the dead are big, so they will treat the dead well, and the majority of the people buried here are all strong people who are willing to die, I heard that there are some disciples that Nine Divine Kings has set their eyes on."

Chen Xiang said with her eyes wide open: "That means there are a lot of Divine Deity inside."

Jiu Hanrou said: "That's right, but these Divine Deity are not easy to take away. When I and big sister needed them, Nine Divine Kings told us that there were a large amount of Divine Deity buried here, and that as long as we have the ability, we could take them away at will. But in the end, we did not succeed, because these short mountains are all powerful restrictions, and only Nine Divine Kings can break through them.

Chen Xiang and Jiu Hanrou stepped into the black fog. The moment they entered, they immediately heard miserable cries from the yin wind. They turned to look back, only to find that the jade green beautiful grassland had already disappeared.

"This damned place is doomed to meet a ghost." Chen Xiang muttered as he tightly held onto the God Slaughtering Sword.

[Chapter 1910](#)

Chen Xiang and Jiu Hanrou entered the large cemetery of the short mountains. After passing through many small hills, they could all see some stone tablets erected in front of the short mountains, and some names of these tombs were written on them.

"Why is this place always shrouded in darkness? Is it the same as before?" Chen Xiang looked at the thick clouds in the sky. It should be full of sunlight now, but because of the thick clouds, the sunlight was not shining down.

Jiu Hanrou nodded: "It used to be like this. I heard one of the Divine Kings say that although they were executed and buried here, they can still be revived, but after they are revived they will live in a different form, different from normal people."

"In order to give them a chance to revive, this place has to be built with extremely dense yin qi. Even so, there are very few who can be revived. I've stayed in the shrine for many years but I've never heard of anyone reviving."

Chen Xiang asked in a low voice: "Will there suddenly be a group revival? If these guys revive, will you be able to deal with them?"

Jiu Hanrou stopped in front of a stone tablet and said: "Look at this, this is the Supreme God's tomb. When I was killed, I had twelve Divine Deity, do you think I can handle it?"

Chen Xiang was very surprised with this matter. Before, he had seen many stone tablets, but the majority of them were for Divine Deity s. Now that he had seen twelve for Divine Deity s, it made him very surprised.

"The ones buried here are not only the Nine Divine Kings's erroneous subordinates, but also the subordinates of the Heavenly Divine Lord back then. Therefore, these tombs are not simple at all. Jiu Hanrou sighed lightly, "It's a pity that the Ninth Heaven's Divine Nations is destroyed and can never be restored. The Nine Divine Kings is so powerful, but even trying to return to their country is hindered to such an extent."

Jiu Hanrou's faint sigh resounded within the silent mausoleum. Chen Xiang had already learned that the Divine Nations that the other nine nations had jointly annihilated was called the Nine Nether Divine Nations and that the Nine Divine Kings was the Nine Nether Emperor's Ninth Son of the Nine Nether Divine Nations.

"Traitor, do you still have the face to say that you've come here recklessly? Are you trying to steal the divine hall's treasure?"

An angry and delicate shout came out. Chen Xiang was shocked, if someone were to suddenly speak in the graveyard, they would at least be frightened.

On the other hand, Jiu Hanrou was very calm. She said to Chen Xiang in a low voice: "Don't worry, this is the one in charge of guarding the tomb, he didn't come out from the grave."

Seeing Jiu Hanrou being so calm, Chen Xiang was relieved, but at the same time, he saw a red figure floating over, the guard of the tomb was actually a beautiful woman.

"Chu Yunhui, you want to hear my explanation?" Just as Jiu Hanrou shouted, a sword already pierced forward, without enough time for Jiu Hanrou to say anything, he immediately summoned his two swords to counterattack.

"I'm too lazy to listen to your explanation. I don't believe a word you say." Chu Yunhui said coldly. Although she looked pretty and gentle, she was angry at the moment and her words were accompanied by waves of killing intent.

Jiu Hanrou frowned her eyebrows, she waved her twin swords and resisted continuously, she did not attack, but did not seem to have some concerns, because there was a misunderstanding between her and Chu Yunhui, as long as the misunderstanding was resolved, they would still be good friends, and if she were to hurt Chu Yunhui now, the misunderstanding would only get bigger.

Chen Xiang watched on from the side, secretly feeling anxious in her heart. Jiu Hanrou was not weak, but in order to not hurt Chu Yunhui, she had suppressed her own strength, and had only dodged and blocked without retaliating. If this continued, Jiu Hanrou himself would definitely be injured first.

Although Chu Yunhui was furious, she did not give it her all right now. Because this was a cemetery, as a gravekeeper, she could not create too much noise. Although the tombs here were sturdy and hard to destroy, she was very dedicated.

"What should we do? If this goes on, the Younger Nine Girl will be injured." Chen Xiang wanted to intervene, but his strength was limited, he was merely a lower god, and Jiu Hanrou and Chu Yunhui were both Upper Heavenly God with many Divine Deity s.

Long Xueyi said: "Don't you have profoundwu clothing s with you, help Younger Nine Girl to relieve some of the pressure, and give her a chance to explain."

Chen Xiang immediately ran over, and at the same time, Chu Yunhui also increased his strength. The long sword in his hand shone with a red light, infused with extremely strong divine power, crazily thrusting towards Jiu Hanrou, and Jiu Hanrou could only clench his teeth and dodge, he did not dare resist, because the power Chu Yunhui was using was getting stronger and stronger.

"Yunhui, listen to me. Right now, I have hope of finding the Nine Divine Kings. When the time comes, I will be able to explain everything. Jiu Hanrou gritted his teeth: "Calm down and listen to my explanation. If I were really a traitor, I wouldn't be giving way to you at all costs."

Chu Yunhui shouted, "I won't listen to you. Back then, you chose to collude with outsiders to destroy the divine hall.

The red colored sword aura enveloped the entire grave area. In that moment, Jiu Hanrou no longer dodged, but closed her eyes instead. She was willing to accept this sword attack, because she was indeed in the wrong at the time.

When Chu Yunhui saw that Jiu Hanrou gave up resisting and did not dodge, her heart inexplicably softened. The pair of eyes that were filled with hatred had already become beautiful and gentle, but also

filled with regret, because she could not keep her sword any longer. At that time, she did not believe that Jiu Hanrou would betray the Nine Divine Kings either.

Just at this critical moment, Chen Xiang suddenly jumped out, and hugged Jiu Hanrou, and allowed the sword to pierce his back.

"Ouch."

Chen Xiang screamed in pain, he felt as though his spine was being pierced, he hugged Jiu Hanrou, and was sent flying by the force, crashing into a small mountain.

"profoundwu clothing." Chu Yunhui shouted in shock, and secretly heaved a sigh of relief in his heart. She was a very gentle and kind woman, but because of the hatred she had accumulated over the years, she had become very angry and fierce. After all, Jiu Hanrou suddenly betraying the Nine Divine Kings back then had dealt her too big of a blow.

And because she trusted Jiu Hanrou very much, and because her relationship with him was very deep, it was hard for her to accept it at that moment. Later on, after she accepted it, she hated Jiu Hanrou a lot, but deep in her heart, she had always hoped that Jiu Hanrou hadn't betrayed her Nine Divine Kings, and had always been waiting for Jiu Hanrou's explanation.

"Little Nona." Chu Yunhui anxiously flew over, seeing that Chen Xiang had pressed him down, he was enraged and wanted to kick him away.

If it wasn't for the fact that he was in a grave, he would definitely have kissed it. He made contact with Jiu Hanrou's gaze, and immediately turned over, allowing Jiu Hanrou to stand up.
