

## Dan God 1921

### [Chapter 1921](#)

Song Peng and the hall master of the profound God remembered Chen Xiang and had a very deep impression of him, especially Song Peng who had been defeated by Chen Xiang with a single sword strike. This made him feel an inexplicable sense of fear towards Chen Xiang, and he hated him to the core because Chen Xiang had let him lose so badly.

One of them saw that the hall master and Song Peng were looking at Chen Xiang with hostility, so he asked: "Zhang Zhuo, what's wrong, do you recognize him?"

Song Peng fiercely clenched his fists, and said with a low voice: "He's the guy who passed the trial and entered."

As Song Peng said this, the other people who came with them immediately understood. This was because they had heard the news of Song Peng's miserable defeat back then, as well as Chen Xiang's provocation of the nineteenth hall master of the profound God, all of these things had caused quite a sensation among the profound Gods.

The little girl tugged on Chen Xiang's leg, her beautiful and cute big eyes had a look of disgust, she pouted her lips and said softly: "Big brother, we'll only sell you our family's divine medicine, wait for my grandmother to come back."

Zhang Zhuo walked in and used that pair of fierce eyes to look at the little girl, causing the little girl to become even more afraid.

"You're finally here." Zhang Zhuo said with a cold face: "At that time, you wanted to challenge me, you should still remember that, because of the sudden arrival of the elder, you could only give up at that time, but I have always placed this matter in my mind, of course, if you are afraid, and do not dare to compete with me, I will not blame you."

Chen Xiang shook his head and smiled: "My hall master told me to not fight in private, so it's better not to."

Zhang Zhuo's face changed, his voice filled with anger: "Looking at you, you don't seem to be afraid at all, are you looking down on me?"

Chen Xiang stopped smiling and said seriously: "Brother Zhang, I am truly afraid of death, please let me go, I do not want to cause trouble."

After he finished speaking, a smile appeared on Chen Xiang's face once again. "That look from before should be enough, right?"

Zhang Zhuo was trembling from anger, Chen Xiang was just pretending. Just now, when Chen Xiang mentioned that they should not fight in private, it was because of the strict rules in Supreme Divine Palace, if they were to offend him, the consequences would be severe.

"Grandmother is back." The little girl suddenly shouted.

Chen Xiang had already seen an old lady walking over shakily from afar while leaning on a wooden stick. This old lady was very old, looking at her walking appearance, it seemed like she could fall anytime.

Chen Xiang held onto the little girl's hand, and anxiously walked over and supported the old man.

"Grandma, someone came to buy the divine medicine. You should sell this big brother of yours. He's great." Seeing that her grandmother had returned, the little girl became bolder, pointed at Zhang Zhuo and Song Peng's group and said: "These guys are here again."

The old man looked at Chen Xiang and smiled: "Youngster, I have never seen you before. You're new, right?"

Chen Xiang smiled and nodded: "I came here to purchase divine medicine on the first day."

"This is for you." The old lady believed in the little girl's words, the little girl said that Chen Xiang was a good person, that Chen Xiang was a good person to her.

This flower was very red, and bloomed very beautifully. It was about the size of a palm, but what surprised Chen Xiang was that at the center of this red flower was a crystal the size of a grain of rice. Although this flower was very small, it was the same as Divine Deity.

"These are the divine soul Blood Blossom, after it matures, the flower heart can condense a very small amount of Divine Deity, and the petals can be used to replenish the vitality of the blood and strengthen the body. These are the rare Zhongpin medicine." One of the men from Song Peng's side shouted in shock, "Zhang Zhuo, you have to take him down."

When Chen Xiang saw this flower, the medicinal knowledge that Feng Yujie had imparted to him surfaced immediately. If the Divine Deity of this flower was a little stronger, it would be a Shangpin medicine, a divine medicine that could grow. If you take care of it carefully, it would not be difficult for it to grow into a Shangpin medicine.

Although the Divine Deity condensed from this flower was only as big as a grain of rice, it was incomparably precious. If it was an ordinary Zhongpin medicine, then one could obtain it with fifty thousand, but not with this divine soul and blood flower.

Chen Xiang was troubled, because he only had 45,000 Shen Yuan stone on him. Forget about these divine soul and blood flowers, he couldn't even buy normal Zhongpin medicine.

"Old granny, I only have 45,000 Shen Yuan stone, I'll give it to you first, don't sell it to others, I'll go back and get it." Chen Xiang looked at Song Peng and the others, and said embarrassedly.

Sure enough, Song Peng and Zhang Zhuo started laughing out loud.

"We offer a hundred thousand Shen Yuan stone." Zhang Zhuo walked over and glanced at Chen Xiang in disdain.

The old man nodded his head: "I'll take your Shen Yuan stone first. You go back and get 105,000, I'll sell it to you for 150,000."

Zhang Zhuo panicked and said: "I'll pay two hundred thousand, it's yours now."

This divine soul and blood spending one hundred fifty thousand was simply too cheap. Zhang Zhuo and the others were very clear on the value of this flower, but this old lady actually sold it to Chen Xiang for one hundred fifty thousand.

"I've already sold it to someone else. Please leave." The other party carried Chen Xiang's Storage bag and walked into the fence, while the flower was still in Chen Xiang's hands.

Chen Xiang chased after her and said: "Old granny, take the flowers first. I will go back to get enough Shen Yuan stone.

The little girl smiled sweetly at Chen Xiang: "Big brother, take the flowers back, we trust you."

Zhang Zhuo and the others were dumbfounded, they felt extremely unresigned and shouted again, "Are you selling the three hundred thousand Shen Yuan stone?"

"Not for sale." The little girl humphed coquettishly.

Zhang Zhuo was furious and shouted ferociously: "Stupid girl, shut up. What are you trying to say when you're an adult?"

Looking at the fierce little girl Zhang Zhuo, Chen Xiang was also furious in his heart. He released the God-killing sword on his body, his eyes blazed as he said coldly: "Zhang Zhuo, the one who shut up is you."

Seeing Chen Xiang angry, Zhang Zhuo was also a little afraid, he still remembered Chen Xiang's God Murdering Sword Techniques vividly.

"Hmph, let's go." Zhang Zhuo brought Song Peng and the others and left, making a move on the citizens was a huge crime, although they would occasionally say some words to the citizens, they did not dare make a move, and if Supreme Divine Palace found out, it would be a serious crime.

Chen Xiang caressed the little girl's face and said softly: "Don't be afraid, with big brother here, I won't let them bully you. Oh right, what's your name?"

"Xu Lingfei, Grandma calls me Fei Fei." The little girl had just seen Chen Xiang drink away Zhang Zhuo and the bunch of annoying people, and she had even worshipped him: "How about Big Brother you?"

"My name is Chen Xiang."

Chen Xiang smiled and took out another fruit for her to eat. This time, he realised that Xu Lingfei's grandmother was a little strange, when he released the God-killing sword, this old lady was very calm, she didn't even turn around and walked into the house.

"Young man, if you want to buy even better divine medicines, bring a few more Shen Yuan stone with you tomorrow. I still have some." The old lady said.

Chen Xiang agreed and then bid farewell to the grandfather and grandson pair. He then hurriedly returned to Supreme Divine Palace.

## [Chapter 1922](#)

Chen Xiang quickly left the village. Just as he left, Zhang Zhuo and the others came out from a patch of forest, and looked in the direction that he disappeared in.

You all must have heard earlier that the old woman had even better divine medicines. This year, we are in charge of purchasing them, but we did not receive any good medicines. If this goes on, we will definitely not receive any of the divine medicines. Zhang Zhuo said fiercely: "Tomorrow, we will come earlier. No matter what, we must get some good divine medicine from that old granny."

Song Peng asked in a low voice: "Hall Master, are you not afraid of the elders finding out?"

Zhang Zhuo said: "I will definitely clean it and not let others know. At that time, I will conveniently take care of this Chen Xiang fellow."

... ..

Chen Xiang quickly returned to the small courtyard. This was also the tenth hall of the Supreme Dan Hall.

After Luo Tianjun heard this, he anxiously walked out and asked with a frown: "Brat, what's the matter, why are you shouting so loudly?"

On the way, Chen Xiang used the spirit pearls that he and the girls had cultivated together to duplicate a flower of divine soul and blood. In the future, when he was free, he would copy it a little more.

Chen Xiang took out the Purple Yuan Divine Grass, upon seeing it, Luo Tianjun smiled and said, "Your luck is not bad, to have such a harvest on the first day."

Chen Xiang took out that flower of divine soul again, and when Luo Tianjun saw it, he could not believe it.

Luo Tianjun was very excited in his heart, but he did not become happy. He asked with a heavy face: "I only gave you fifty thousand Shen Yuan stone, and you only have forty five thousand left after buying the Purple Yuan Divine Grass. The middle grade divine soul blood would need at least three to four hundred thousand to purchase it.

Chen Xiang quickly explained and told Luo Tianjun everything, but he did not mention anything about Zhang Zhuo and Song Peng, as he felt that these things were not very important.

"So that's how it is, this is the five hundred thousand Shen Yuan stone, this old lady seems a little strange. Last time, Gu Lao San also bought a pretty good Zhongpin medicine from her for a very low price, that price was what she called herself." Luo Tianjun handed over a Storage bag to Chen Xiang. There were five hundred thousand Shen Yuan stone inside.

The old lady asked Chen Xiang to bring a few more Shen Yuan stone tomorrow. In order for Chen Xiang to not take any more credit, Luo Tianjun gave more than enough Shen Yuan stone.

"It's still early, it's alright to go now." Chen Xiang looked at the sky. It was only afternoon.

"Tomorrow morning, whenever she tells you to go, you can go. The old man has a weird temper, so as to not make her unhappy." Luo Tianjun said: "You can go rest now."

He suddenly started to miss Long Xueyi and the others when he entered his room. In the past, when Long Xueyi chattered nonstop with him, he wouldn't be so bored anymore. Now, he could only go train.

"I wonder how Master is doing." Chen Xiang really wanted to go find Huang Jintian, who knew where Yi Bidong had gone to with this elder.

Chen Xiang cultivated with his eyes closed. He possessed the Four Great Taboo magic and the Seven devil-slain kungfu that the Devil-killing Heavenly God had taught him, so cultivating it required a lot of time.

"It seems like I have to put down the Seven devil-slain kungfu. After I master the Four Great Taboo magic, it might be easier to cultivate it. The Seven devil-slain kungfu and the Four Great Taboo magic have a lot in common." Chen Xiang cultivated for an entire night, and after he woke up, he made a decision to temporarily stop and cultivate the Seven devil-slain kungfu.

Before dawn, Chen Xiang immediately set off for Xu Lingfei's home. He really liked this sensible little girl, so when he went there, he carefully picked out some delicious fruits and some flower juice.

Very quickly, he passed through two villages and arrived at Xu Lingfei's doorstep. It was already dawn.

Once he arrived, Chen Xiang felt that something was amiss. There was no one in the room, and he had also felt a trace of Zhang Zhuo's aura, which was floating high in the sky.

Yesterday, when Zhang Zhuo was so fierce towards Xu Lingfei, he already caused Chen Xiang to worry a little in his heart, but now, he could confirm that Zhang Zhuo came here very early.

He walked to the outside of the fence and observed the ground carefully. He discovered that the footprints of Xu Lingfei and the old lady were arranged neatly and were taken by someone else.

In the morning, the ground was rather moist, and the soil made it easier to leave footprints. Chen Xiang followed the footprints and felt Zhang Zhuo's and Song Peng's scent.

"Do these guys want to follow Fei Fei and the others to the herb gathering place?" Chen Xiang blamed himself in his heart. If he had been more ruthless and killed Zhang Zhuo and the others yesterday, such a thing would not have happened.

He never thought that Zhang Zhuo and the others would actually have the thought of making a move against mortals. He thought that the Supreme Divine Palace's restraints were very strong, but it seems like it was only to this extent.

Now, Zhang Zhuo already had the thought of making a move on them and their ancestors. Chen Xiang's heart also became sinister and ruthless.

Following those footprints, Chen Xiang arrived deep within the mountains. His speed was fast, and his heart was heavy as well. Even though there were many beautiful sights along the way, it was as if he didn't see them, because he was extremely worried that this cute little girl, Xu Lingfei, would be harmed.

Deep in the mountains, the aura of Zhang Zhuo and the others became more and more obvious. Even though they were deep in the mountains, there were no divine beasts in sight, so the old granny dared to bring Xu Lingfei in to pick medicinal herbs.

More than an hour passed, and in the end, the entire journey ended. Chen Xiang felt like he had traveled for a year, and looking at the small footprints on the ground, he could see Xu Lingfei skipping and jumping inside, which made him even more worried.

They were definitely going to snatch the divine medicine the old lady and the others collected, and dealing harm to mortals was an extremely serious matter. In order to prevent it from being leaked out, they would definitely silence them.

Not long after, Chen Xiang heard Zhang Zhuo scolding her: "Damned old granny, I'll give you one more chance. If you don't hand over the divine medicine, I'll cut off this little girl's hand first."

"Your Sword Hall is still the same as ever, and the disciples are always this tyrannical. Hurry up and let Fei Fei go, I can guarantee that I won't tell anyone about what happened today. You all should be well aware of the consequences of your actions." Although the old lady's voice was calm, there was still a trace of anxiousness in it.

Chen Xiang immediately determined that Xu Lingfei was already in Zhang Zhuo's hands. As expected, Xu Lingfei's crying voice could be heard: "Bad person, quickly let me go."

The furious Chen Xiang immediately used his spatial energy and instantly dashed over, appearing behind a man. Xu Lingfei was grabbed by a man, and Zhang Zhuo and Song Peng were in front, threatening the old lady.

### [Chapter 1923](#)

Chen Xiang's sudden arrival had already caught the attention of Zhang Zhuo and the rest, in the moment they turned to look at Chen Xiang, Xu Lingfei had already used his spatial teleportation and snatched Xu Lingfei away from the man's hands.

"Chen Xiang." Zhang Zhuo was shocked, but he secretly rejoiced in his heart, because Chen Xiang's sudden appearance here gave them a chance to eliminate Chen Xiang. Previously, he had planned to lure Chen Xiang to a place with no people and kill him secretly.

Chen Xiang's face darkened, his heart was filled with anger: "Are you guys not afraid of Supreme Divine Palace's punishment? You actually dare to make a move on mortals?"

Zhang Zhuo laughed out loud: "So what, as long as Supreme Divine Palace doesn't know, it's fine. It's not like this has never happened before, many disciples have done it in secret, and you wouldn't reveal it, because you're going to die very soon."

Seeing that he was saved, Xu Lingfei stopped crying and hid behind Chen Xiang obediently. At the same time, he glared at Zhang Zhuo and the rest of the bad guys.

Chen Xiang brought Xu Lingfei and teleported to the old lady's side. His teleportation made Zhang Zhuo and the others jealous, because they couldn't do it as well as Chen Xiang.

Chen Xiang said coldly: "So you're saying, you intend to kill me."

Zhang Zhuo took out a divine sword, "I will definitely kill you. Don't worry, after I kill you, I will immediately let this little girl and that old woman accompany you in death.

Although Zhang Zhuo believed that he could deal with Chen Xiang, he still had his reservations towards Chen Xiang's sword and had, who was by his side, attack together with the other three men.

Chen Xiang snorted in disdain. A layer of frost suddenly appeared on the ground in front of them, as tiny ice dragons emerged from the ground and tied up Zhang Zhuo and the others who were about to rush over.

Chen Xiang's Six Realms' Power was equivalent to the power of the Ancient Code. Although he did not grasp the laws of ice, his Heavenly God level's other six divine powers were more than enough to deal with profound God like Zhang Zhuo and the others. No matter how powerful Zhang Zhuo and the others were, Chen Xiang was still a god and was much stronger than them.

In Chen Xiang's eyes, Zhang Zhuo and the others were like a few strands of grass. As long as he was willing, they could easily harvest it.

"You ... You are an Empyrean God. " Song Peng was the same as well. The last time Chen Xiang fought with Song Peng, was around two years ago, and at that time, Chen Xiang was only a middle profound God. But now, he was a god.

It was precisely because of this that Zhang Zhuo thought that Chen Xiang was so strong that he could only be considered a Super profound God. For the five of them, who were outstanding Sword Hall disciples, to take Chen Xiang down was as easy as flipping his palm.

Chen Xiang's voice was extremely cold, and was even more bone-piercing than those ice dragons, "To be honest, I wanted to kill all of you yesterday, but as soon as I entered the Supreme Divine Palace, I was more concerned about the rules of the Supreme Divine Palace. I had always thought that no one would dare to challenge the authority of the Supreme Divine Palace, so I endured it and followed the rules of the Supreme Divine Palace."

"But just now, heh heh, I heard that many people secretly broke the rules, I knew that I was too naive, it seems like as long as Supreme Divine Palace does not know, then nothing will happen to me."

Chen Xiang's words, which were filled with killing intent, caused Zhang Zhuo and the others to feel cold from head to toe. Chen Xiang was now a god, killing them was just too easy.

Chen Xiang's face revealed a sinister smile, and gazed at Zhang Zhuo. His face that was originally full of arrogance, gradually revealed fear and despair.

The others were more afraid than he was.

They, who were born in the Supreme Divine Palace, had never been threatened by death. Even if they went out to hunt divine beasts, they had absolute confidence in escaping.

But now, death didn't come, but that terrifying feeling filled their hearts, making them endure the torture of hell. It was a kind of mental torment.

"Chen Xiang, the disciples of the Supreme Divine Palace rarely kill each other. Once we die, the Supreme Divine Palace will definitely find out.

The frightened Zhang Zhuo calmed down. He was after all, the Hall Master of Wind Hall, and was more or less capable.

Zhang Zhuo was still very hopeful right now. Previously, he had already heard from Chen Xiang's words that Chen Xiang did not dare to break the rules because he was afraid that the Supreme Divine Palace would know, so he used this point to negotiate with Chen Xiang.

Song Peng and the rest were all hopeful as they waited for Chen Xiang's answer.

Chen Xiang did not make a sound, but he still struck out with his sword. His sword stabbed into the forehead of a man, and that man was the one who grabbed Xu Lingfei just now.

His forehead was pierced by Chen Xiang's God Slaughtering Sword, but there was no blood at all. This was because Chen Xiang had injected six streams of cold energy into the God Slaughtering Sword, freezing everything in the man's body.

Chen Xiang slowly pulled out his sword, and this was his reply to Zhang Zhuo. In Chen Xiang's eyes, there was nothing worth negotiation, Zhang Zhuo and the others had already made up their minds to kill the old granny and Xu Lingfei the little girl, but they actually dared to do this, so it was unforgivable.

Crash.

After the man had been stabbed by the sword, his body, which had been frozen into ice, instantly shattered and died just like that.

Chen Xiang's sword came out very quickly, but Xu Lingfei did not see it, and was covered by the old granny's eyes.

Looking at Zhang Zhuo's eyes that were suddenly filled with shock, Chen Xiang laughed coldly: "You all grew up in the Supreme Divine Palace, so you haven't killed anyone before, right?"

As he spoke, another man turned into a pile of ice fragments. Whether or not he brandished his sword, neither Song Peng nor Zhang Zhuo could see it, because it was simply too fast, so fast that it exceeded the speed of nature, making it hard to believe.

It was true that Zhang Zhuo and the others had not killed anyone, they had only killed some Divine Beasts. However, there was still a huge difference between killing people and killing people. In this aspect, they were just too weak compared to Chen Xiang.

In the blink of an eye, another man was sliced into pieces by Chen Xiang's sword. He landed on the ground, turned into ice crystals and melted away.

Zhang Zhuo felt as if he had fallen into an abyss of hell. The fear before death caused him to break out in a cold sweat as he regretted it endlessly. He regretted doing such a thing.

"Let's go." With two light slashes from Chen Xiang, Zhang Zhuo and Song Peng turned into ice crystals, and following a gust of cold wind, they dissipated, dying extremely cleanly.

Chen Xiang turned around and looked at the elderly behind him and smiled: "Old granny, everything is fine now, let's go back."

[Chapter 1924](#)

If the Supreme Divine Palace found out that Chen Xiang had killed off the five of them, it would be a heinous crime.

Right now, that old granny and Xu Lingfei were also aware of this matter, Chen Xiang only hoped that they would keep their mouths shut.

"It was due yesterday." Chen Xiang gave the old lady of the hundred and five thousand Shen Yuan stone, smiled and said. He was right behind the old lady, while Xu Lingfei was holding onto a small fruit in her hand and was jumping around beside Chen Xiang while eating. Looking at her happy expression, it was as if nothing had happened.

The old lady said, "Young man, you really are a good person. If you didn't come in time, I really can't imagine what would have happened."

Chen Xiang smiled and said: "It's good that you're fine now."

As a form of gratitude, the old lady had wanted to reject the Shen Yuan stone that Chen Xiang had passed to her, but Chen Xiang still forced her to hand it over.

Returning back to the small hut, the old lady carried the broth with the divine medicine. It was very tasty, but because the effects were too strong, Xu Lingfei only added a small spoon to the porridge.

"Old granny, didn't you say yesterday that you have even better divine medicine today? I have already prepared some Shen Yuan stone s and they are waiting to be purchased." After Chen Xiang finished the soup, he asked with a smile.

The old man chuckled and took out a jade box. Inside the box was a small piece of jade the size of a thumb. Chen Xiang took the box and upon seeing it, he immediately frowned, because he did not know what it was.

This thing looked like a shrunk jade lotus. It was crystal clear and cold to the touch and carried a faint fragrance. Under the strong light, the inside of the plant emitted a faint green glow.

"This is called the God Lotus Root. It is a good thing and can be used to refine pills. If it is used for cultivation, the God Lotus and Lotus that will grow in the future will also be medium Shangpin medicine." The old man introduced the strengths of this lotus root.

Chen Xiang nodded his head, although he did not know him, but based on his experience, he could deduce that this was a pretty good Zhongpin medicine, and one that could make the plants evolve.

"How many Shen Yuan stone are there?" Chen Xiang asked.

"Two hundred thousand." The old man sighed: "After we obtain these Shen Yuan stone, Fei Fei and I will leave immediately. I'm worried that I will cause you trouble in the future."

The old lady also understood how much risk Chen Xiang and the others took to kill Zhang Zhuo, and was extremely grateful in her heart.

Chen Xiang looked at Xu Lingfei who was playing in the yard, sighed, and gave the old man the two hundred thousand Shen Yuan stone: "You guys can stay, but I have given you trouble."

The old man shook his head: "Last time I was harassed by those fellows, I planned to leave. You don't have to blame yourself, you're different from the other disciples in Supreme Divine Palace, I can feel it."

Chen Xiang looked at the cute and innocent Xu Lingfei, and asked: "Fei Fei has been drinking the divine medicine meat soup you made, her aptitude should be good."

"Of course not, so I plan to take her to a place where she can learn from me. I'm already old, so I hope that before I die, she can grasp the power to protect herself."

Chen Xiang was a little shocked, "Isn't there only Supreme Divine Palace in this Sovereign Divine Realm? Where else can I go to learn from my master?"

The elderly man laughed: "Looks like you came from outside. You must have passed through the Supreme Divine Palace's trial to enter here, no wonder you are so powerful, you should not know that this Sovereign Divine Realm is connected to several other Divine Realms. It's just that this place is controlled by the Supreme Divine Palace, and the six divine regions and Beast Wasteland are all here."

Chen Xiang didn't know, but no one had told him before when he had first entered. Now, he was secretly relieved as well, because if the matter of him killing Zhang Zhuo and the rest were to be exposed, he still had a chance to escape. This place wasn't only controlled by the Supreme Divine Palace.

"I'll take her to the Heavenly God Lake. My old partner was there to learn her skills, so if you have the chance in the future, you can go there to find Fei Fei." The old man could tell that Chen Xiang really cared about Fei Fei.

Chen Xiang nodded his head, and took the Heavenly God's Lake to heart. He suddenly felt that the world that the Supreme Divine Palace was in was just as grand as the Gods Realm, and maybe the nine great Divine Nations were also located inside.

"Big brother, you have to come often." Xu Lingfei still didn't know that her grandmother was going to take her away tomorrow. She waved her hands to bid farewell to Chen Xiang and also carried a large bag of immortal fruits in her arms.

As Chen Xiang walked along the road, he felt that the old lady was definitely not simple and appeared to be extremely calm. He suddenly felt that even if he did not make a move, Xu Lingfei might still be fine.

Xu Lingfei's parents were definitely not ordinary people. Perhaps it was because of some things that the old lady and Xu Lingfei were hiding here.

Once he returned to the Supreme Divine Palace, Chen Xiang immediately ran back to his own Dan Hall. On the way, he did the same as last time, and left a copy of the God Root for himself.

Luo Tianjun did not go out, and instead waited for Chen Xiang to return. The divine soul and blood flower that Chen Xiang brought back yesterday made him extremely happy.

The Three Gu Brothers had not returned yet, so they went to interact with the disciples of the other Dan Halls. They also went out early in the morning and returned only at night.

"Kid, what did you bring back?" Luo Tianjun asked with a smile.

"This thing is called the God Lotus Root. I don't know much about it. Was that old man deceived when he offered 200,000 yuan?" Chen Xiang knew that this was a Zhongpin medicine. Although he did not know the value of it, he knew that the old lady would not lie to him.

Luo Tianjun opened the jade box and saw the thumb sized Jade Lotus, he almost popped out his old eyes. He originally wanted to shout out happily, but he immediately covered his mouth, because he needed to keep a low profile in this kind of thing.

"Only two hundred thousand. Did that old lady take a fancy to you? This is too damn worth it. This is an extremely good item." Luo Tianjun lowered his voice: "This matter must be kept a secret, do not tell this to the three brothers, otherwise with their flaunting names, the entire Supreme Divine Palace will know within a few days."

Chen Xiang was extremely surprised, and asked softly: "What exactly is this thing?"

Only after Luo Tianjun led Chen Xiang to a secret room did he dare to speak loudly. He carefully looked at the Jade Lotus Root under a bright Night Illumination Pearl and exclaimed in admiration, "Exquisite."

"Brat, this thing has only appeared in the past thousand years, and its main function is to neutralize and refine the divine pills." Brat, this thing has only appeared in the past thousand years, and its main function is to neutralize and refine the divine pills. Luo Tianjun treasured the Jade Lotus very much, "I will carefully plant it, and when it grows up, I will give you some. This is your contribution, I will remember it."

Chen Xiang finally understood the benefits of the Divine Lotus. Although it was easier for him to use the Original source refining to concoct the pill formulas, if he added a few of these Divine Lotuses into the mix, it would be much easier to refine.

As for the biggest use, it was to refine the divine medicines that were difficult to compatible with, but also extremely useful after being compatible with one another.

### [Chapter 1925](#)

Chen Xiang had gained quite a lot from the start, so he wanted Chen Xiang to be responsible for purchasing items in the future.

"Brat, how about you go and buy the divine medicine in the future? No matter what, you don't need to go there every day. Normally, you would go there once every month or two. You won't even need that much time." Luo Tianjun chuckled: "If you can purchase good things, you'll get plenty of benefits."

Of course, Chen Xiang was very willing, because the divine medicine that he had bought, by copying it on the way, would be equivalent to his. He didn't even need to use his own Shen Yuan stone, which was very cost-effective.

"No problem." Chen Xiang immediately agreed, and said: "Hall Master, I want to refine some divine pellets, do you have any methods that are suitable for me?"

Chen Xiang had the divine pill formulas, and Feng Yujie had passed them down to him, but he didn't have the divine medicines for the divine formulas. Even if he had them, he didn't want to refine them in this Supreme Divine Palace, so he was worried that the old divine pills gods here would see through him.

Using the Supreme Divine Palace's divine medicinal formula was good for a lot of things, but there would definitely be divine medicines. As long as Chen Xiang could obtain the divine medicines and the divine formulas, he was confident that he would be able to refine the divine pills.

When Luo Tianjun asked about the divine pill formulas, Luo Tianjun was troubled: "Brat, although I think highly of you, but you may not know the rules of the Supreme Divine Palace regarding the divine pill formulas. Although I have the pill formulas, and even created my own divine pill formulas, I cannot pass them down to you."

Indeed, Chen Xiang did not know that the Supreme Divine Palace had also controlled this area so strictly. Luo Tianjun was a very powerful Pill God and he had even grasped a few divine pill formulas, but the majority of them came from the Supreme Divine Palace.

"So what?" Chen Xiang was already able to refine Shangpin holy Dan s, he was going to start refining a Divine Pellet, he urgently needed to refine it easier, and he also needed to refine a Divine Pellet that had enough Divine Medicines.

Luo Tianjun laughed: "Don't worry, even though I can't directly pass you the divine pill's formula, I can give you the Shangpin holy Dan's formula."

Chen Xiang felt that the Shangpin holy Dan was useless to him and he did not really need it. Just as he was about to reject, Luo Tianjun laughed again: "I gave you the Shangpin holy Dan's pill formula so that you could obtain the divine pill formula. Don't be impatient to reject me.

Chen Xiang's eyes lit up as he sat down. From what Luo Tianjun had said just now, he had a very high chance of obtaining the divine pill formula.

"There is a Dan Heart Pavilion in Supreme Divine Palace. You only need to go there once to pass the examination, and you will get the chance to enter the Dan Heart Pavilion once to search for the divine pill formula." Luo Tianjun said: "But you can only take one type of divine pill's formula when you enter, and that will depend on your luck, whether or not you can get the more common divine medicine's formulas."

Chen Xiang nodded, he was rather interested in that test.

Luo Tianjun said: "That examination should be very easy for you, as long as you can refine the Shangpin holy Dan he specified, and I can give you the pill formula for that kind of Shangpin holy Dan."

"Actually, this rule is to prevent Alchemist from refining more divine pills. This is because the method to obtain a pill formula depends on luck, and there are many divine pill formulas inside, although there are some duplicates, it is very rare to get the same pill formula. This way, many outstanding Alchemist s will have different pill formulas."

was secretly excited. He then asked: "After I pass the examination, I can only get one pill formula. Then, what about the second method?"

"Then you have to give Dan Heart Pavilion some benefits. When the time comes, he will specify how many divine pellets you refine or ask you to do one thing for him. That way, he will give you another chance." Luo Tianjun laughed: "You have just joined our Dan Hall, don't be in such a rush to think about those things. First, you have to obtain the Xiaping Dan's pill formula and successfully refine it."

Chen Xiang understood and asked again: "What if I want the divine medicine? It couldn't be that I went out to look for it myself, right?"

Luo Tianjun pressed his finger against the center of Chen Xiang's brows: "You will know after passing the examination. I will first give you the concentrated Shangpin holy Dan's medicinal formula, you can refine it yourself. When you have passed the examination, you will naturally know how to find the divine medicine within the divine medicine formula, and you will have to rely on yourself to do this step by step."

Chen Xiang had obtained a few of the Shangpin holy Dan's pill formulas, and Luo Tianjun had also given him some high grade Holy Medicines, which were all not very valuable, as Luo Tianjun had quite a few of them himself.

"You should refine it yourself. Your pill refining methods are very different from mine, so I can't teach you how to use my hands." Luo Tianjun warned again, "Don't tell anyone else about the Spirit Lotus yet, just wait until I grow more of it."

Chen Xiang smiled and nodded, then happily returned to his room.

Inside his room, there was a staircase leading to the underground. Underground, there was a very quiet secret room. This was the training room.

After Chen Xiang entered the room and closed the door, he took out the God Slaying Lotus that he had copied out first, and carefully looked at it for a while before putting it away. If he wanted to copy it, he could very quickly create a large pile of it.

"There are a total of four saint pills. Each of them is made up of three high-rank saint medicines and two mid-rank saint medicines. The difficulty is not high at all."

Chen Xiang could even figure out the pill formula by himself, but in his eyes, the Purple profound Dan was far more difficult to obtain than these Holy Pellets.

He immediately started refining using the Original source refining. In just a night's time, he had successfully refined these four Shangpin holy Dan, and each furnace could refine three or four pills. Of course, if he was to go for the assessment, he only needed to fulfill the requirements.

The second day, Chen Xiang came out of the training room and actually saw Yi Bidong. This elder of the Supreme Divine Palace, had not come to this place after taking Huang Jintian away.

"Elder." Chen Xiang greeted him. He did not expect Yi Bidong to appear in his room.

Yi Bidong nodded, as his expression turned serious, "Your master has already left the Supreme Divine Palace. When he learned that the Supreme Divine Palace is in the Divine Realm, he couldn't help but want to go out and take a walk."

Chen Xiang didn't feel anything, Huang Jintian was just like that, it would be weird if he would obediently stay in the Supreme Divine Palace.

"Chen Xiang, I need to leave for a while. I don't want to leave either, but there seems to be a force pulling me away." Yi Bidong said in a deep voice, "During the time that I'm away, you must be careful because a Divine Nations is urgently calling for me. I want to make a trip to that Divine Nations."

Chen Xiang frowned and nodded his head. It was impossible for those Divine Nations to not know about his summoning, and now that he had come out and even came to the Supreme Divine Palace, they would definitely ask Yi Bidong about it.

"Don't worry, if those Divine Nations really want to make a move on you, I will do everything I can to protect you and bring you out of the Supreme Divine Palace."

Yi Bidong patted Chen Xiang's shoulder as he left with a heavy heart.

## [Chapter 1926](#)

Although Yi Bidong was an elder of the Supreme Divine Palace, if the pressure those Divine Nations gave him was too much, he wouldn't be able to take it either. At that time, he would also be in danger, so he had to prepare to escape the Supreme Divine Palace. He had to find a way out for himself.

Not long after Yi Bidong left, Luo Tianjun returned. He did not know that Yi Bidong had come to visit, and after seeing Chen Xiang, he laughed out loud: "Brat, how's your training going, when do you expect to be able to take the examination."

When Chen Xiang saw Luo Tianjun, his face broke into a smile. "In another two days, it should be fine."

Actually, Chen Xiang could go today. It was just that he did not want Luo Tianjun to be too shocked, but Luo Tianjun was still shocked.

"You learned how to refine a kind of Shangpin holy Dan in one night." Luo Tianjun was also known as a prodigy in pill refining in the past, but it took him around ten days to learn this technique. Furthermore, the Holy Pellets he refined were also rather poor.

Chen Xiang smiled and nodded, then followed Luo Tianjun to the living room in the small courtyard.

"Hall Master, is the Sovereign God Realm connected to other places?" Chen Xiang asked: "When I went to purchase the divine medicine, I heard that Six Realms Divine Palace and Beast Divine Palace were also in this space."

Luo Tianjun poured Chen Xiang a cup of very fragrant wine and said: "You have just arrived in Supreme Divine Palace, so of course you don't know about this sort of thing. Even though it's all connected, it's still not easy to go over, and you need to get permission from either the Six Realms Divine Palace or the Beast Divine Palace to do so.

"Our place is called Super God Realm. Other than the three shrines, there are also several sects of various sizes. They are all quite strong, if you have the chance in the future, you can go visit those places."

Chen Xiang did not ask about anything else, in order to avoid being suspected by others. Now that he already knew that this place was not controlled by the Supreme Divine Palace, if the worst case scenario occurred, he would have a place to run to.

"Brat, you better hurry up and refine the divine pellet because the Dan Hall's competition is going to start soon. These few days, they have been discussing the alchemy skills, which is also what those three guys are arguing about." Luo Tianjun laughed: "They are still arguing, after that, it's time for them to compete with each other."

Chen Xiang said: "Hall Master, didn't you want me to compete in the Shangpin holy Dan s last time?"

Luo Tianjun took a sip of the fragrant wine and laughed: "Originally, but I can see that you are about to reach the realm of the Pill God, so when the time comes, I will arrange for you to go to the Xiaping Dan s' competition grounds, so that you will receive more rewards.

Chen Xiang was extremely interested in this competition, and nodded his head: "When the time comes, I will definitely go. Oh right, hall master, do you have any younger, more talented Alchemist s among all these?"

Luo Tianjun said: "Of course there is. To tell you the truth, the Supreme Divine Palace is also a place where the Divine Nations selects the best seedlings, and within the Dan Hall, there are a few young people that are highly regarded. I have to admit that these brats are too heaven defying, at such a young age, they already possess such a cultivation, and all of them are able to refine Zhongpin Dan s."

Those youngsters that Chen Xiang met during the trial were all real youngsters and were not old monsters like Chen Xiang, who had lived for many years. And the young people that Luo Tianjun referred to should also be real youngsters.

"Amazing, he can refine Zhongpin Dan." Chen Xiang sighed: "I probably won't meet them during the competition. They're all at the level of refining Zhongpin Dan."

Luo Tianjun chuckled: "This is hard to say, although those few brats can refine Zhongpin Dan s, in the eyes of many old fellows, they are still too young. If they were to go to the Zhongpin Dan's competition grounds, they would definitely be oppressed to death, so it is very possible that they would go to the Xiaping Dan's competition grounds, and from their intentionally not obtaining the qualifications to become a God, it can be seen that."

If they could refine Zhongpin Dan, they would be able to receive a Mid Rank Pill God's badge and their treatment would be a little higher. However, they didn't do that, obviously wanting to get a good ranking in the lower ranked Pill God's competition before going up.

Chen Xiang asked: "So that means, the ranking for this competition is very important to them, how often does this kind of competition occur?"

"Once every hundred years, for them, it is very important. Once they obtain the top three, they will be invited to the Divine Nations's Imperial Palace, where they will be able to eat with the princes and daughters of the Divine Nations. If they are lucky, and are chosen, they will be able to soar in the sky and become related to the Imperial Family.

To have the chance to go to the Divine Nations, Chen Xiang was palpitating with excitement, "Only the Dan Hall has such a chance."

"Of course not, there are Boxing Hall s, Sword Hall s and Soul Hall s. When the time comes, they will also have competitions. Luo Tianjun said, "The Divine Nations that we are going to meet with are also different. Boxing Hall and Sword Hall are both secretly supported by one Divine Nations, while Soul Hall and Dan Hall are supported by the other two."

Chen Xiang never thought that the Dan Hall he was in was actually so unsafe.

"Although they are supported by the Divine Nations, these Divine Nations do not place much importance on this place. Our pill formulas and the like are all considered inferior by them." Luo Tianjun sighed: "If we want to have a better development, then we can only go to those Divine Nations. Divine Nations's power is very scary."

Of course Chen Xiang knew. If it wasn't terrifying, would he be able to control the Supreme Divine Palace?

After chatting with Luo Tianjun for a while, Chen Xiang ran back to the secret room with the excuse that he wanted to concoct pills.

A few days had passed and Three Gu Brothers had already returned. When Chen Xiang came out of the secret room, he heard their ruckus. They were not arguing, but it was as if they were cursing the Alchemist of other Dan Hall.

"Junior Brother, I heard that you managed to buy a divine soul and blood flower. Not bad." Seeing Chen Xiang walking over, oldest Gu also anxiously walked over and patted Chen Xiang's shoulders: "When the divine soul and blood flower comes out, you have to get the hall master to look after us."

Chen Xiang smiled and nodded: "Definitely, my fellow disciples, how are you doing discussing it with the other Dan Hall s?"

"All of them went to fart, why the hell would they go to those idiots to discuss about pill refining." Old Gu and Old Third looked a little displeased. The three brothers were unhappy about what had happened a few days ago, and it was obvious that they had suffered a great deal.

Luo Tianjun walked over, pushed aside the three brothers, and gave Chen Xiang a jade plate. "This is our tenth hall's identity plate, don't lose it, you can go to Dan Heart Pavilion to take the assessment now."

Chen Xiang received it, took a glance at it, and then put it away. He then said to Three Gu Brothers and Luo Tianjun: "Then, I'll be leaving first."

"Pill God assessment, you're so amazing, I wish you good luck."

"I wish you good pill formulas."

"The assessment is successful."

The three brothers encouraged Chen Xiang. The number of Dan Hall s they had was relatively fewer, so adding a young Pill God would allow their overall strength to increase.

After Chen Xiang finished thanking them, he quickly walked out of the courtyard and headed towards the Dan Heart Pavilion.

### [Chapter 1927](#)

The Dan Heart Pavilion was only at the fifth floor and it was very small. It was not as grand as the shrines he saw in the Gods Realm, so it was insignificant in comparison.

Chen Xiang entered the door, it was cold and lonely. In the spacious hall, an old man sat on a table, and was currently reading a book.

There were the fewest people in the Dan Hall, so it was not surprising that the Dan Heart Pavilion was so quiet. Every year, there were only a few people who joined the Dan Hall, and that was something to be surprised about.

The old man only glanced at Chen Xiang before continuing to read the book, and said slowly: "Young man, did you walk in the wrong place, or are you here to deliver something?"

Chen Xiang walked to the side of the table and said: "I'm here to take the Pill God's assessment."

Only then did the old man focus his gaze on Chen Xiang, his expression somewhat surprised: "Really, show me the plate."

Chen Xiang handed over his plate, and then the old man said: "So it's from Old Camel's side, I did indeed hear that a disciple came here just now, but you just arrived and are about to undergo the assessment, are you ready? The Shangpin holy Dan you want to refine is not an ordinary Shangpin holy Dan, it's extremely difficult to refine."

Chen Xiang had already made sufficient preparations. Those Shangpin holy Dan s were indeed harder to refine than others, but for Chen Xiang who was using the Original source refining, it was not difficult at all.

"I'm ready. We can start now." Chen Xiang smiled confidently.

The old man immediately took out a box. He patted the box and it immediately opened. Inside were three red fruits and two red flowers.

"The Ultimate Flame Holy Pellet, take away these ingredients and then go to the secret room over there to refine them. I'll watch from the side." The old man pointed at the secret chamber.

Chen Xiang had already told him before when he took these ingredients, that he would extract one of the Shangpin holy Dan and let him refine it.

The Ultimate Fire God Pellet was mainly useful for fire attribute profound God s, as it was a very good sacred pill for fire attribute profound God s.

The old man brought Chen Xiang into the secret room and said: "You can only use the specified pill furnace. You have no objections, right?"

"No objections." Even if he did not have a pill furnace, Chen Xiang would not say anything.

The pill furnace in the secret room was not too bad, it was much better than what Chen Xiang had concocted before.

The inside of the secret room was relatively bright. After the old man entered, he sat on a chair and continued to read his book. He waved his hand, signalling Chen Xiang to start.

Chen Xiang looked at the medicinal ingredients in his hands. After a simple and quick process, he released a flame to preheat the pill furnace and at the same time, familiarized himself with the furnace, allowing him to refine the pills more easily.

These were all relatively normal steps. After doing all this, Chen Xiang threw all the medicinal ingredients into the furnace.

Even though the old man was reading a book, he had been carefully observing every step of Chen Xiang's body. When he saw that Chen Xiang had thrown all of the medicinal ingredients in right from the start, this kind of "random stewing" method was simply not suitable for concocting a Holy Pellet.

The old man quickly said, "Little guy, although these herbs aren't expensive, don't waste them. If you fail this time, you can only come back after five years."

Chen Xiang replied: "I won't fail."

Chen Xiang was using the Original source refining, so he did not need to follow the steps of the medicinal recipe. If he were to do that, he did not know when he would be able to refine the Ultimate Flame Holy Pellet.

Seeing that Chen Xiang's furnace was very stable and did not move at all, the old man immediately felt that it was strange, because the biggest reaction of this "random stewing" was to explode the furnace. If one's control was not good, then under the burning of this flame, the furnace would start to shake very quickly.

But now, this didn't happen.

The old man stopped reading and started to carefully examine Chen Xiang's pill furnace. He wanted to see what was going on inside the furnace, but he couldn't understand.

The more the old man looked at it, the more he felt that it was strange. Right now, he could already confirm that the pill refining techniques Chen Xiang used were different from the ones he was familiar with.

After burning those medicinal herbs to a certain extent, Chen Xiang immediately used his Spirit Eyes. Seeing the Spirit blood of the sacred medicine, his divine power turned into several "Spirit Claw" s, capturing those Spirit blood and then merging them together, allowing all of the Spirit blood to fuse together.

In this way, these Medicine aura that originally rejected each other slowly began to fuse together.

To not be too scary, Chen Xiang controlled his speed to a slow degree. Moreover, he had to secretly absorb some Medicine aura into his body, if not he would condense a few pellets later.

The current Chen Xiang didn't want him to get too much attention, so he tried his best to keep a low profile.

Originally, Chen Xiang had been able to quickly refine the Extreme Fire Holy Pellet, but he forcefully dragged it out until night before he started to condense the pellet.

Although there were many questions in the old man's mind, he did not disturb Chen Xiang. He patiently watched, he had always wanted to see through the pill furnace, to see what kind of strange things actually happened inside, because when the few ingredients to refine the Ultimate Flame Holy Pellet were put into the furnace to burn, even a wise Pill God would not be able to silence the furnace during the fusion.

But Chen Xiang did not have that right now, and at this time, it was about time for him to condense a pill, which meant that the stage of fusion had already passed.

From the very beginning, Chen Xiang's pill furnace had been calm, and did not shake at all. Now that Chen Xiang had opened the furnace, there was a Supreme Fire Holy Pellet inside, its quality was extremely good, causing the old man to exclaim in admiration.

"Just what pill refining technique are you using?" The elder hurriedly asked, "This definitely wasn't taught to you by Old Luo."

Chen Xiang smiled slightly: "This is called the Original source refining, you can't talk about the specifics."

"Original source refining... Original source refining..." The old man looked at the burning pill in his palm, and chewed on it repeatedly as he fell into deep thought. It was as if he could see through Chen Xiang's pill refining skills from just these words alone.

"Senior, did I pass the test?" Chen Xiang waited for a moment, and asked softly.

"Of course I passed." The old man came back to reality and anxiously said, his face revealing a smile, he wanted to ask about the Original source refining's specific refining technique, but this technique was not passed down to him, he could not ask about it, it was taboo.

The old man brought Chen Xiang to another room, and there were many jade tokens hanging there. The old man said: "These are all Xiaping Dan's pill formulas, pick any one yourself, and once you have chosen a drop of blood, you will be able to see the contents."

The recipe for the divine pill required a certain amount of luck, because if you didn't pick the right pill, it would be hard to find, or if you didn't use it often, then there was no point in refining it.

The old man smiled, "Don't think that you can see through the divine pill recipes inside. These jade plates were made by experts."

Chen Xiang had indeed planned for this, he had already secretly unleashed the Chaos Divine Eye. In the beginning, he did not see anything, but as the Six Realms' Power continued to pour into his eyes, he could barely make out a few words on these jade plates, which made him feel extremely happy.

Even though he was unable to see the specific pill formulas, he was already very satisfied with the descriptions of the divine pills. At the very least, he wouldn't be able to get his hands on the inferior pill formulas.

## [Chapter 1928](#)

With just a glance, Chen Xiang could already see the words carved into the jade plates. He was carefully reading the descriptions on each jade plate, and the details of what kind of pills the pill formulas would produce, as well as the effects of the divine pills.

In his eyes, it was a very normal thing. Every time he received a new disciple like him, he would always encounter this kind of situation, because the most important thing was to choose the signboard. Although he could not see anything, but in order to console himself, he had to carefully consider choosing the signboard.

But now, Chen Xiang was able to see part of the contents. There were many divine pill formulas here, and Chen Xiang had already read through a large portion. He could not help but curse in his heart, as the recipes of many divine pills were all very deceptive.

Now he finally understood why Luo Tianjun said that their pill formulas were all those inferior goods that the Divine Nations did not want.

After careful consideration, Chen Xiang finally chose the "Bone level Dan" pill formula. Although it was a Xiaping Dan, Chen Xiang felt that it was very useful, because this kind of divine pill could cause the spirit inside the bones in the body to condense a "Bones", something that was similar to Divine Deity, could strengthen the body.

To condense Bones was not easy, there were no good techniques, and there were no other methods. Before the time came, he could only cultivate this using the method of tempering his body in order to try his luck.

Later on, there were people who discovered that by consuming some divine medicine, one could condense Bones or something like that. Later on, there were people who created "Bone level Dan".

Chen Xiang didn't know about the existence of Bones until he saw the "Bone level Dan," the pill knowledge and memories that Feng Yujie passed on to him finally came up with something related.

Feng Yujie did not have any of these pill formulas either, but to be able to appear here made Chen Xiang feel that it was a little unexpected, because most of the other pill formulas were very poor, and should be entertainment created by the Pill Gods in Divine Nations when they were bored.

But the use of this Bone level Dan was extremely large, it was a divine pill that surpassed the limits of the physical body.

"I want this one." After Chen Xiang took off the plate, he mixed the blood with it and immediately got the pill formulas inside. The refining method and the ingredients formulas were all clearly displayed in his mind.

"What divine pill is this?" the old man asked hurriedly.

"Bone level Dan, I wonder if the medicinal ingredients for this pill are good enough for us to find." Chen Xiang muttered. If the medicinal ingredients to be refined were too difficult to find, then he would need a very long time to make it.

The old man was shocked: "Your luck is not bad, this Bone level Dan is a type of divine pill that can evolve, there are both high, middle and low rank, and is also relatively rare in the Divine Nations."

If it was an evolution-type divine pill, then even Xiaping Dan could be more precious than other Zhongpin Dan.

This was because the weakest of these divine pellets were the low quality pellets, but the effect and usage of the low quality pellets were greater than those of the other Zhongpin Dan, so their value surpassed them.

Generally speaking, a divine pill that could be used on upper, middle, and lower quality would be more precious.

"A human's body has a total of nine parts that can condense Bones. Bones would normally fuse with a few strong beast's divine soul in order to obtain the innate abilities of those divine beasts. It might be easy to condense the first Bones, but the further one goes, the harder it becomes." The old man continued: "If it's at the same cultivation level, with Bones s and powerful beast divine soul s, one's strength would rise by a lot and in Divine Nations, Bones s are also an important criterion to judge one's strength."

Chen Xiang only knew that it could condense Bones, but did not know that it could condense nine Bones s.

"Usually, only the Supreme God would start to think about Bones, of course, it's best if you can do that right now, because Bone level Dan is not something that can be obtained immediately just by eating it. It only has a type of inducing effect, and can induce an opportunity for you to condense it yourself, but even so, Bone level Dan s are still precious." The old man was very knowledgeable about medicine pills, and he was explaining it to Chen Xiang patiently.

Chen Xiang nodded, and immediately thanked the old man for telling him so much.

"How can I find these medicinal herbs?" Chen Xiang had asked Luo Tianjun before, but he would naturally understand after Luo Tianjun told him that she had passed the examination.

The old man brought Chen Xiang to the hall and said: "If you want to obtain the divine medicine, go to Supreme Hall and paste a piece of paper on it. On it are the herbs that you need and the conditions to purchase them.

Chen Xiang left Dan Heart Pavilion and returned to his Dan Hall. Three Gu Brothers and Luo Tianjun were waiting for him there, when they saw him return, they immediately rushed over, grabbing him and asking questions.

"What kind of Shangpin holy Dan did you refine during the examination?"

"Did you pass?"

"What pill formula did you get?"

Chen Xiang answered with a smile: "The pill I refined during the examination was Ultimate Flame Holy Pellet, and the pill formula I obtained was Bone level Dan."

After finding out that it was the Bone level Dan, Luo Tianjun's originally smiling face immediately turned serious. Then, he dragged the three brothers who were still in shock into the secret room.

"Listen, the three of you, don't say anything about Chen Xiang obtaining such a pill formula. The pavilion master of the Dan Heart Pavilion should know about it too. I'll go greet him later and have him keep it a secret." Luo Tianjun looked at Three Gu Brothers sternly, his voice extremely serious.

Three Gu Brothers also immediately understood and nodded hastily.

Chen Xiang was a little puzzled, and asked: "Why do you want to do this?"

Luo Tianjun frowned and said: "It's impossible for a pill like the Bone level Dan to be placed into the Supreme Divine Palace, I understand the Alchemist s, I think they threw the pill formula in by mistake,

the moment they find out, they will definitely take it back, at that time, they might even need to use a secret technique to clear your memories."

Chen Xiang's expression changed; he never thought it would be like this.

"Then do I still need to purchase the Bone level Dan's medicinal ingredients?" Chen Xiang asked:  
"Doesn't that mean I can't openly refine this Bone level Dan?"

Luo Tianjun nodded his head: "Unless you can create your own divine pill formula, you will only be able to participate in the competition of Shangpin holy Dan s. You have not refined your divine pill yet, so on your signboard, you are only a Superior Pill Saint."

"However, you can still purchase the medicine, because no one knows about the Bone level Dan's pill formulas, but you still have to be careful."

Chen Xiang really wanted to participate in that competition, but he couldn't use the Bone level Dan. The divine medicine that Feng Yujie had given him also couldn't be used.

"I'll go check out the Supreme Hall first." Chen Xiang could only plan to create the divine pill formula by himself now.

## [Chapter 1929](#)

The competition at Dan Hall was going to start soon. If he was going to create a brand-new divine medicine formula, it would take a long time. Chen Xiang would definitely not make it in time, so he planned to use the old method.

It was to see through other people's divine pellets and then refine it yourself. With the help of the Original source refining, a divine pellet that had a similar effect but was even better than the original recipe would be created.

When the time came, he would just be competing in refining the supreme dan beads and not competing in its effectiveness. Therefore, he planned to improve some of the rare divine pills.

There were many disciples walking around Supreme Hall, and in this huge hall, there were many stone walls. On the walls were many pieces of paper stuck to the walls, and on them were many notices that asked to be bought or sold. Usually, it required a very high price to attract attention.

One of them was a Xiaping Dan seller called "Yuxin Dan", and was a type of divine healing pellet. After consuming it, one's internal organs would be quickly healed, and the medicinal strength would then be released through their internal organs to achieve the purpose of healing the body.

There were many kinds of healing panacea, but their effects were almost the same. Most were because there were many panaceas, and the backlash was not public. Therefore, many alchemy gods started to concoct a lot of healing panaceas.

Therefore, Chen Xiang decided to purchase the Yuxin Dan and improve it.

He still had two hundred thousand Shen Yuan stone on him, but this Yuxin Dan wanted a hundred and fifty thousand Shen Yuan stone.

Normally, Xiaping Dan s would pay such a price, so Chen Xiang did not plan to bargain, he recorded the details on the paper, and then went to find the person who released the information.

The other notices that he was paying attention to were all for the sale of Xiaping Dan, and he was more satisfied with this Yuxin Dan.

"From the ninth hall of Dan Hall." Chen Xiang thought in his heart as he left the Supreme Hall for the ninth hall.

Although he was from the Tenth Dan Hall, he was a distance away from the Ninth Hall.

After finding the Ninth Hall, Chen Xiang stood outside the door of it. It was the same as the Tenth Hall, a single courtyard with a few rooms and a large hall inside.

After knocking a few times, someone quickly opened the door.

"Is something the matter?" The one who opened the door was an old man, with a medicinal scent on his body, it was a Alchemist.

"I want to buy Yuxin Dan, the notice did not leave any name, it only mentioned the ninth hall." Chen Xiang politely smiled and said.

The old man opened the door wide and said, "The pill god of our ninth hall is on sale. Come in."

Chen Xiang followed the old man to the hall, where the old man went to knock on the doors of the rooms, to call the Alchemist who was selling the Yuxin Dan.

Chen Xiang sat in the hall and drank his tea. Seeing the Alchemist walk in, he almost spat out his tea.

Feng Yujie was not surprised to see Chen Xiang, because she already knew that Chen Xiang would come, but Chen Xiang did not know that she would be here.

Previously, Huang Jintian had told him that Feng Yujie and Lv Qilian had appeared after he had summoned the Nine Heaven Devil Palace.

"Pretend you don't know me." Feng Yujie anxiously transmitted to Chen Xiang.

The old man who opened the door for Chen Xiang walked in, and Chen Xiang also calmed down.

"Junior sister, this is the person who said he wanted to buy your Yuxin Dan." After speaking, the old man walked out of the hall.

Feng Yujie dressed simply, a set of white dress with a tinge of yellow already appeared. Her hair was simply tied up, but was extremely neatly combed, and the special charm on her face had already been restrained. She did not have the attitude of a strong female warrior from back then, and she looked just like a pretty lady.

Even if she was like this now, Chen Xiang watched with relish, because compared to her seductive temperament from before, Feng Yujie now had a different kind of charm.

"What are you looking at? Stop looking." Feng Yujie snorted softly, causing him to laugh wickedly.

"Can't you have a little less Yuxin Dan?" Chen Xiang asked, since he was someone he was familiar with, there was room for discussion, he did not have such plans previously.

"No, it's one hundred and fifty thousand Shen Yuan stone, do you want them or not?" Feng Yujie gracefully sat down and looked outside, then spoke to Chen Xiang via sound transmission: "I'm really lacking Shen Yuan stone, what do you want to do here? You have the Supreme god bone, so the use of this pill is not very useful for you, furthermore, your body's self-recovery abilities are so strong, you probably don't need it, if you really need it, I'll give it to you."

Feng Yujie had treated Chen Xiang very well, because she knew that Chen Xiang had treated her and her sister well.

"You just need to tell me what kind of medicine you used to refine it. I want to improve it." Chen Xiang said: "I want to participate in the competition at the Dan Hall. I need to refine a type of divine pill before I can join the group of Xiaping Dan."

Feng Yujie asked curiously: "With your abilities, passing the Dan Heart Pavilion's examination won't be difficult. You lack the divine pill formulas, you can be considered careful and didn't use the divine pill formulas that I passed down to you. If there were any divine pills that appeared, you won't be able to pass."

Chen Xiang sighed: "I passed the Dan Heart Pavilion's assessment, but I obtained the Bone level Dan's pill formula, my hall master told me to keep it a secret, so I cannot refine this pill, I can only return to my original job."

Feng Yujie had long known that Chen Xiang had the ability to see through other people's pill formulas, but now that she knew that Chen Xiang had the Bone level Dan's formula, she was shocked.

"Sister Feng, when did you come in?" Chen Xiang asked: "I thought you were with Big Sister Qilian and the others."

"I came here as soon as you entered the Nine Heaven Devil Palace. A few days ago, I secretly went back to visit and met with the Younger Nine Girl. I already know about your situation in the Nine Heaven Devil Palace, but I didn't expect it to be so complicated." Feng Yujie sighed: "I'll leave the heavy burden of saving Nine Divine Kings to you. If I can help, I will do my best to help you."

Feng Yujie had already told Chen Xiang the medicinal ingredients that the Yuxin Dan needed.

"You already know. I don't need to say anything more. Sister Feng, how did you sneak back?" Chen Xiang also wanted to go back quietly.

"It's no longer possible now, the Nine Divine Kings's secret passage has already been sealed. You don't have to worry, those women of yours are all fine now, don't worry." Feng Yujie kept on looking at her with that evil eyes, causing her to feel extremely uncomfortable.

Chen Xiang asked: "Sister Feng, can you sell your Yuxin Dan?"

Feng Yujie shook his head: "I have been dead for many days already, and only you have asked around. I have the divine pill formulas, but I need a lot of precious herbs, and I don't have any Shen Yuan stone either."

Chen Xiang chuckled: "I'll buy your Yuxin Dan now, you should have more ingredients, give me a portion, I'll copy some and help you earn some Shen Yuan stone, I'm good at this aspect."

Chen Xiang had been training with Liu Meng'er and the other girls for so many years, she naturally already knew that they had cultivated many spirit pearls with Chen Xiang. Thinking of this, and the look Chen Xiang gave her just now, she couldn't help but spit.

Chen Xiang also needed some Shen Yuan stone s to buy some medicinal ingredients. In this Super God Realm, there were a lot of high level divine medicines, so it was a good opportunity to buy them.

Feng Yujie herself also planned to sell the pellet for medicine in exchange for a few Shen Yuan stone s, and then purchase a large amount of divine medicines. However, it was not that easy for her to do it herself, because she did not have the ability to replicate those heaven defying medicines.

"This is the Yuxin Dan's medicine, the Yuxin Dan was the divine medicine I got from passing the Dan Heart Pavilion's assessment. The difference is so great that no one bought it for me." Feng Yujie did not think highly of the Yuxin Dan, because among the healing Xiaping Dan, it was much better than the Yuxin Dan, and the price was only slightly higher than the Yuxin Dan.

Chen Xiang received the medicinal ingredients Feng Yujie gave him, and of them, two were enough for him to refine. He also gave Feng Yujie a hundred and fifty thousand Shen Yuan stone.

Feng Yujie said: "When I buy the ingredients for my divine pellet and sell it, I will return the Shen Yuan stone to you."

Feng Yujie did not dare to use the pill formula that she gave to him previously because she was afraid that it would attract attention. Feng Yujie also said just now that the Divine King's pill formulas were all unique, and would easily attract attention.

"You want to use the Godking's pill formula?" Chen Xiang was extremely suspicious of this, he clearly said that it could not be used.

"Of course not, this pill formula is not the God King's, but the Dan God Ye's. I have to admit that this guy has some ability, he created a pretty good pill formula himself, if I can successfully refine it, it would be very easy to sell." Feng Yujie said.

That Dan God Ye did not make things difficult for the Hell Devil Emperor and the others back then, so she gave Chen Xiang a good impression.

"Sister Feng, how did you sneak into the Supreme Divine Palace? In order to enter the Supreme Divine Palace, I went through a very cruel trial." Chen Xiang asked, and he did not know Feng Yujie's purpose for coming here.

Feng Yujie laughed: "I have a Supreme god bone and because of the God King, I came in. I first entered the Super God Realm, then Elder Yi called me in. It was this easy."

Chen Xiang suddenly thought of something important, and that was Xiao Chou.

Xiao Chou was the same as him, he was also qualified to participate in the trial. He hadn't asked Huang Jintian before, and Yi Bidong also didn't mention anything about Xiao Chou to him.

"I almost forgot about that bald kid." Chen Xiang patted his head, he was extremely worried at the moment, if he did not see Xiao Chou here in Supreme Divine Palace, then Xiao Chou would be in danger.

Feng Yujie asked: "You said that he is your bald disciple from Great Strength Race."

Chen Xiang hurriedly nodded: "That's him, do you have his whereabouts?"

"He came to see me once during the seventy to eighty years you were missing. He asked me if I had seen you, and I haven't seen him since." Feng Yujie frowned slightly. "He and the bald-headed brat were very strong back then, seems like they were much stronger than you."

Chen Xiang heaved a sigh of relief, this meant that Xiao Chou had already passed the trial, and was most likely inside the Supreme Divine Palace, maybe even earlier than him by a lot, because he had lost seventy years of time during the trial.

"What are you doing in the Supreme Divine Palace? Just with your relationship with the Nine Divine Kings, if those Divine Nations find out, you would be in danger." Chen Xiang said.

"I'm here to inquire about some news from the Divine Nations. This will be beneficial to me in the future." Feng Yujie said: "Now, Lv Qilian is secretly developing, with Xiang Yue and Qianqian refining the pills, they can quickly become stronger, but Gods Realm is extremely lacking high level medicines, so I had planned to come here to gather some, but who would have known that the passage back to Gods Realm was suddenly blocked."

Chen Xiang sighed: "I also want to go back to take a look. I wonder how Gods Realm is doing now."

Feng Yujie said: "It's best that you don't go back, since there are already three Divine Nations who sent guards to investigate the affairs of the Nine Heaven Devil Palace, and they already know that you are the one who did it, and they also know that you have the Six Realms mirrors on you, they are looking for you, and most importantly, they are trying to steal your Six Realms mirrors."

"Looks like I have to hurry up and become stronger. Alright, I'll go back first. If there's anything else, I'll come find you." Chen Xiang finished his cup of tea and stood up to tidy up his clothes.

"How many halls are you in?" Feng Yujie asked.

"Tenth Hall, you are welcome at any time." Chen Xiang chuckled, "The hall masters and senior brothers are all very well."

Feng Yujie stuck his tongue out at him and urged him to leave quickly.

When Chen Xiang left the ninth hall, he immediately went to look for Luo Tianjun.

Luo Tianjun had no other matters, he would always be in his room, the moment Chen Xiang entered the courtyard he would immediately shout "Hall Master".

Hearing Chen Xiang's shout, as long as Luo Tianjun wasn't in closed door cultivation, he would immediately open the door and walk out.

"Brat, has something good happened?" Luo Tianjun asked with a smile.

"Good things don't happen every day." Chen Xiang laughed: "I want to ask you, I want to find a friend here, how do I find him? He also came here through a trial, and he entered much earlier than me."

Luo Tianjun said: "You go to the Supreme Hall to find the old man sitting at the counter. You said that he is from Sky Sovereign Dan Hall, then he can help you search for the records of the new disciples. If that friend of yours came in, you should be able to find him."

"Hall Master, you're really amazing. Even the old man and the manager of the Dan Heart Pavilion have such good relations with you." Chen Xiang had an expression of worship on his face, as he nonchalantly flattered Yue Yang.

Luo Tianjun laughed: "Of course, of all the Dan Hall s, I am the most popular one. Other people might not know the Hall Master's name if you were to go out and talk about the Ninth Hall and the Seventh Hall, but if you were to report the name of the Tenth Hall, everyone would know that it's mine, so my Tenth Hall also has a nickname, called Sky Average Dan Hall."

If Yi Bidong did not let you join us, I would not have accepted you back then. Now, many Alchemist s want to come over to my side.

Luo Tianjun said in a smug voice, "So you little rascal, to be able to enter my Dan Hall is a great honor, and something that you should cherish well."

Chen Xiang's eyes lit up, and he asked: "Hall Master, if a friend of mine wants to transfer halls here, is it okay? She is also an alchemist, and her level is extremely high."

Luo Tianjun asked curiously: "You even know the other Dan Hall s, you just entered not long ago, if your relationship with that guy is good and is trustworthy, I would agree to let him in, so you have to be sure of the character of your friend."

Chen Xiang did want Feng Yujie to come over, so they could have a companion. He smiled: "My friend is a woman ..."

Luo Tianjun immediately opened his eyes wide, interrupting Chen Xiang: "Bastard, you already knew Alchemist as soon as you came in, you little brat, don't you know that there are a lot of Alchemist who are single."

Chen Xiang scratched his head and laughed: "She and I have known each other for a long time. I will talk to her about it later to see if she is willing to turn around."

He did not go to the Ninth Hall immediately, because he knew that Feng Yujie was definitely not in there. He should be going to the Supreme Hall to purchase some sort of divine medicine.
