

Dan God 1961

[Chapter 1961](#)

Chen Xiang did indeed intend to let Shui Bingyan stay in the same room as him. Shui Bingyan was still like a child right now, and he couldn't be at ease with her at all.

At this time, Feng Yujie came out from closed door cultivation, she heard Chen Xiang's voice coming from the living room, and immediately walked over.

Seeing Shui Bingyan, Feng Yujie spat. She didn't think that Chen Xiang had only been out for a month and already found such a good girl.

Feng Yujie's face was full of jealousy, causing Three Gu Brothers and the other two to secretly laugh, and they tactfully ran away, although they really wanted to see what would happen next.

The pure Shui Bingyan obviously didn't know what was going on. However, when she saw that Feng Yujie was a good-looking woman, she couldn't help but have a very intimate feeling towards him. She sweetly smiled at him: "Hello, Big Sister."

"Hmm, how did you get tricked by him?" Feng Yujie walked over, she already knew who Chen Xiang was, although she was jealous, she would not have any bad expression towards Shui Bingyan, instead, she needed to take good care of her little sister.

"Don't make it sound so bad, she and I have nothing. Sister Feng, this matter is more important when we go back to our room. I went to Beast Divine Palace and saw Qi Shi. "

Feng Yujie and Chen Xiang had been together for a while, so she already understood Chen Xiang very well. Seeing the look in his eyes, she knew that Chen Xiang was not lying, and the girl in front of her was not what she had imagined ... But she still felt that she would definitely be harmed by Chen Xiang in the future.

Feng Yujie also saw Yue'er who was in Shui Bingyan's embrace. Seeing that Yue'er was very cute, she couldn't help but hug him for a while. When she hugged Yue'er, she frowned, and then, her expression changed slightly as she said in shock: "This aura ... It's the Star and crescent beast. "

"Let's talk inside." Chen Xiang lowered his voice and walked in front, bringing Feng Yujie and Shui Bingyan in.

When Three Gu Brothers saw this from afar, he could not help but exclaim.

"This brat truly has quite the skill. He managed to make them submit so quickly." The oldest Gu sighed.

... ..

After entering the room, Chen Xiang said: "This is Shui Bingyan, she is ... She saved my life. This is Yue'er, the mysterious kitten in the Beast Divine Palace, the one you mentioned earlier. She helped me greatly during my trial. "

"This is Feng Yujie."

Chen Xiang briefly introduced both parties. They might be living here for a while in the future.

Yue'er replied, "I got the inheritance from the Nine Divine Kings. I knew it, but I didn't expect that she was also in the Supreme Divine Palace."

Feng Yujie knew that Yue'er could speak, so she wasn't surprised. "Within the Star Moon Divine Race, cats are royalty, and your position in the Beast Divine Palace shouldn't be low. Furthermore, you're a pure white Star-Moon Divine Cat."

Chen Xiang was shocked as he looked at Yue'er. The fur on her body was indeed very white and pure.

"Meow." Yue'er cried out, "Although my position in Beast Divine Palace isn't low, it isn't high either. Compared to that Prince Divine Lions, I'm nothing."

Speaking of Divine Lion Race, Feng Yujie immediately thought of Qi Shi. Qi Shi and the other divine beasts were initially resurrected by the Nine Divine Kings, but now, Feng Yujie knew some related matters.

"What's wrong with Qi Shi? How did he come here?" Feng Yujie asked.

"He was injured by the Prince Divine Lions's subordinates, and almost died. Now that he has gone to the Lion King's Tomb, he was born and bred by the Super God Realm. As long as he wakes up his memories, he can go back and forth easily." Yue'er answered Feng Yujie, but Chen Xiang didn't ask her how he got to Super God Realm.

Feng Yujie went over to Shui Bingyan's side and touched her beautiful little face, only to see Shui Bingyan giving a light smile. "Elder sister, you're very charming, you almost captivated me."

"You're so amazing, you can actually see my hidden charm." Feng Yujie laughed, "BingYan, how old are you this year?"

Sister Feng, you have to take her to understand this world better in the future. She's very strong, and she killed one of the Heavenly God Silver lion in one fell swoop without even leaving a trace of her Divine Deity behind. " Chen Xiang said.

Feng Yujie was shocked, she never thought that Shui Bingyan was so strong that he could kill the other Rankers in the God level in one go. However, she seemed so innocent, and had even brought her here.

"Big sister, I don't know how old I am. I sleep a lot, and I don't know how long I sleep every time." Shui Bingyan puffed her cheeks as she tried to recall exactly how old she was, but she couldn't. She felt that she must have felt guilty not being able to give Feng Yujie a satisfactory answer.

Seeing Shui Bingyan's beautiful face filled with shame, Feng Yujie did not expect her to be so conflicted over such a question, and anxiously laughed: "It's alright, since you called me big sister, then you will follow me from now on. I won't let any bad people bully you."

When she said that it was a bad guy, she shot a glance at Chen Xiang.

"Thank you elder sister, you are so nice." Shui Bingyan smiled.

Yue'er giggled, "So the bad guys are here."

Chen Xiang pinched Yue'er, "You little kitten, how many more things are you trying to hide from me?"

Feng Yujie touched Yue'er's little head: "Yue'er, you should be able to transform. As a member of the imperial family of Star and crescent beast, you should be able to transform very easily."

"This... "I'm a beast race, and it's still very difficult for me to take human form. I also want to take human form as soon as possible, so I don't have to be pinched all day long like this." Yue Er helplessly said.

Chen Xiang and Feng Yujie's relationship was already very close. He told Feng Yujie about how he met Shui Bingyan, and also about how he obtained the Dao heart stone.

Feng Yujie didn't know how dangerous the mission was, but she knew that Zhu Xiangyuan, the Chief Hall Master of the Soul Hall, would give him such generous rewards. She knew that it would be extremely dangerous, but she blamed Chen Xiang for it.

That ocean did not come from the Gods Realm, but from the Nine Heaven World. The Nine Heaven World's circulation and growth speed have already exceeded my imagination, and I'm afraid not even the Nine Divine Kings would have expected it.

Feng Yujie's words caused Chen Xiang and Yue'er to be extremely shocked. The majority of the sea water came from the Nine Heaven World.

Shui Bingyan had said it before, that the sea that was originally so big had suddenly grown big a while ago.

Yue'er said: "In that case, from now on, Nine Heaven World will directly cross over to the Gods Realm and fuse with it.

"That's right, so I'm worried that the Nine Gods Nation will intervene." Feng Yujie said.

"If it really happened, it would be useless for them to intervene. The power of nature is not something they can defeat, at most they would just use their own strength to occupy the territory, but the Beast Divine Palace would not allow them to do so." Yue Er said.

Shui Bingyan listened quietly, she did not understand any of this, but it did not sound boring at all, and had made her enjoy listening to him. Furthermore, her mind was spinning very quickly, and throughout the entire journey, she had heard Yue'er and Chen Xiang talk about many things that happened in the outside world.

"Why doesn't Beast Divine Palace allow them to do this?" This was what Chen Xiang also wanted to ask, he didn't know either.

Feng Yujie said: "At that time, Beast Divine Palace had promised Nine Divine Kings that he would protect the nine heavens and prevent them from falling into the hands of Nine Gods Nation. If they still kept this promise, Beast Divine Palace would stop them at that time."

The relationship between Nine Divine Kings and him was not just good, he had not just revived a large number of powerful divine beasts that had died years ago, there was still such an agreement.

"Yes, the Nine Divine Kings is a benefactor to the Four Divine Beasts, and the Beast Divine Palace is controlled by the Four Divine Beasts." Yue Er nodded.

Yue'er was one of the Star and crescent beasts, and Divine Lion Race was one of them.

[Chapter 1962](#)

As Chen Xiang and the others were discussing, there was a knock on the door. Someone was knocking on the courtyard door, Three Gu Brothers had already left, while Luo Tianjun was still concocting pills in his isolation.

"It's Elder Yi." When Chen Xiang sensed this aura, he started to worry. Previously, Yi Bidong said that he was called over by the Divine Nations, and it was very possible that it was for him.

Chen Xiang hurried to open the door, seeing the serious look on Yi Bidong's face, he knew that he would not bring any good news.

When Yi Bidong entered, he saw Feng Yujie and Shui Bingyan who had just walked out, and was even more surprised when he saw Yue'er who was flying over. He did not expect that not long after he left, Chen Xiang had already brought two women along, even Beast Divine Palace's cat girl was brought in by him.

Yi Bidong recognized Feng Yujie, so when he saw him, he nodded.

"Let's talk inside." Yi Bidong said.

After entering the hall, Yi Bidong sat down and drank a few mouthfuls of the tea Feng Yujie brought over, then said: "Overall, it's not too bad. Those Divine Nations already knew that you were in the Supreme Divine Palace, and they also planned to deal with you.

Feng Yujie said, "Elder Yi, how many powers have Nine Gods Nation left in the Supreme Divine Palace?"

Yi Bidong was one of them. Chen Xiang was more curious about Yi Bidong's identity, since he was on the side of the Nine Divine Kings, but those Divine Nations did not dare to do anything to him. They would even look for him to discuss things.

"Boxing Hall and Sword Hall are basically the same. Dan Hall and Soul Hall are both neutral, but I and a few elders are all biased towards Nine Divine Kings. Those nine Divine Nations have very important matters to take care of right now, and they only have a little bit of concern for Chen Xiang. They won't use too terrifying power to deal with him." Yi Bidong said: "But if the things they sent out do not work out, they will draw their attention, so Chen Xiang does not have much time left, I think he will have to leave in at most ten years.

Chen Xiang replied, "Ten years is enough time."

Yi Bidong nodded his head, "In two months, it will be the great competition of the four great halls. At that time, the Divine Nations will send people over to supervise the competition, because they will be selecting the most outstanding disciples from these competitions.

Feng Yujie rolled his eyes and asked: "Elder Yi, do the Divine Nations know about my situation, I want to take a look at the Divine Nations."

The reason why Feng Yujie came here, was to find an opportunity to investigate about the Divine Nations. As for Yi Bidong, he only knew a little, he could not stay in those Divine Nations often, so he did not even know about the details.

You are not too much of a threat to them, and if they think that you are not bad, they still plan to recruit you into their Divine Nations. In their eyes, you, the goddess of the Ninth Heaven, are nothing to them. " Yi Bidong sighed: "These Divine Nations do not care about the matters of the Nine Divine Kings anymore."

This could only mean that these Divine Nations had become very scary. Even if they were to revive, it would not be a threat to them.

was even more curious about the Nine Gods Nation now. To think that the Nine Divine Kings was actually so powerful, in his eyes, the Nine Divine Kings was a very powerful existence, he was only trapped, but now, it seems that even if the Nine Divine Kings was released, they would still not be able to beat him.

During the competition, people from the Divine Nations will come and take a look at your situation. Yi Bidong warned her once again before leaving.

This was only two months away. Although Yi Bidong said that the Nine Gods Nation did not plan to use her strongest power to deal with him, he was still very uneasy in his heart.

When Chen Xiang returned to his room, he found Shui Bingyan and Yue'er playing around. Seeing Chen Xiang come back with a serious expression on his face, Yue'er asked, "What happened?"

Yue'er, Sister Feng, in these two months, it would be best for you two to let Bingyan familiarize yourself with the human world as soon as possible, in case anything else happens, I might have to leave Supreme Divine Palace. Chen Xiang said: "Nine Gods Nation might be making a move against me."

Feng Yujie frowned: "Elder Yi said that it's not that serious yet."

Chen Xiang shook his head: "Hard to say, because Elder Yi doesn't know about my situation. If those fellows sent by the Nine Gods Nation find out about my secret, it might be different."

Chen Xiang gave Feng Yujie eight million Shen Yuan stone, he wanted to buy some divine medicine as soon as possible during this period of time.

"I don't know what's going on with that Xie Ao, but he seems to have quite a few rare divine medicines on him. I've asked around before, not only did this guy sell them to me, he also bought quite a few precious divine medicines from him for other pills, including the Three Gu Brothers." Feng Yujie said: "But he has never sold any divine medicines of the same kind. It seems like he does not know how to duplicate them."

Speaking of which, Chen Xiang felt that Xie Ao seemed to have an ancient divine medicine garden.

"It seems like he will be the one to kill off the divine medicine this time." Chen Xiang laughed, then asked: "Sister Feng, how is your improved Zhongpin medicine, your Regeneration Dan was robbed from your business, have there been any changes over these few days?"

"I don't know what's going on with those guys, but they really sold the Regeneration Dan very cheaply. Furthermore, there were quite a few Regeneration Dan in their hands." Feng Yujie scoffed, "I've seen these two guys before. They're both young and angry brats, and they even have some ill intentions towards me.

Chen Xiang caressed Feng Yujie's face and laughed: "Who asked Sister Feng to have such charm?"

"When I refine the Regeneration Dan that I modified, I will challenge these two little ghosts." Feng Yujie seemed to have made good progress. Otherwise, he wouldn't be so confident.

At night, Chen Xiang and Feng Yujie rested below the Earth Room while Yue'er and Shui Bingyan rested upstairs.

The basement room was quite spacious and setting up a bed was not much of a problem. Chen Xiang and Feng Yujie had been here for a month, and since they had returned, the two of them naturally had to get closer to each other. Furthermore, Feng Yujie had used some of his spirit pearls to replenish his energy.

When he woke up in the morning, Chen Xiang had realized that Feng Yujie wasn't by his side. Feng Yujie had always woken up earlier than him, and when he arrived at the top, he discovered that Yue'er and Shui Bingyan weren't there either.

"Bing Yan and Yue'er should have gone out with Sister Feng." Chen Xiang arranged his clothes, just as he opened the door and walked out of the courtyard, he saw Xiao Chou walking over.

"Master." Xiao Chou shouted and quickly ran over. He had already found out from the Chief Hall Master that Chen Xiang had completed the mission order.

Zhu Xiangyuan said that it must be kept a secret, but he felt that it shouldn't be a problem to tell Xiao Chou. It was because Xiao Chou was his disciple, that was why Xiao Chou knew about it.

[Chapter 1963](#)

"Master, how did you do it?" Initially, he had thought that since he possessed the strength of a God Beast, he would be stronger than Chen Xiang. However, he no longer dared to think like this, because even Zhu Xiangyuan, the Chief Hall Master was unable to accomplish the mission that Chen Xiang had completed.

"Hehe, it's just luck. That's what you came to find me for." Chen Xiang laughed.

"This... Didn't I give you five hundred thousand Shen Yuan stone last time? Master, now that you have over ten million Shen Yuan stone, can you return that five hundred thousand to me? Xiao Chou laughed and said, "I'm very poor now."

Xiao Chou had thrown him a Storage bag, after all, Xiao Chou was his disciple, so he could not be so stingy. Right now, he was not lacking anything, but the herbs that Feng Yujie was going to purchase were mostly very expensive, and the middle grade mystical medicine that he had purchased previously, had gone to four million Shen Yuan stone people. As for the Bone level Dan and Feng Yujie's Shangpin dan, they were definitely very expensive as well.

Therefore, before Feng Yujie could refine a divine pellet that could allow him to earn a large amount of Shen Yuan stone, he had no choice but to continue refining more Shen Yuan stone.

"For the time being, you can keep it. When I'm lacking in the future, I'll come and ask for it from you." Chen Xiang laughed mischievously: "Looking at your appearance, you don't usually spend Shen Yuan stones, do you?"

"Of course I won't use it carelessly." Xiao Chou's face was full of dejection. He had a premonition that the five hundred thousand Shen Yuan stone would be taken away by Chen Xiang soon.

Xiao Chou said: "Master, Grandfather told me that in the dangerous place between the Sovereign God Realm and the Six Paths of the Gods, there is a natural treasure trove of divine medicine. It is easy to find many Zhongpin medicine inside there, aren't you lacking these right now?"

The grandfather that Xiao Chou spoke of was Zhu Xiangyuan. The reason Zhu Xiangyuan asked Xiao Chou to come to find him, was precisely to pass this news to him.

"Do these people know?" Chen Xiang looked around, afraid that someone would hear it.

"A few people know about it, but it's not easy to get there, so master shouldn't have any problems." Xiao Chou suddenly lowered his voice: "Master, that guy called Xie Ao frequently goes to that place. You and Master's wife frequently bought divine medicines, so this guy must have also killed you before."

Chen Xiang's heart was moved. He had suspected that Xie Ao had discovered some kind of mysterious medicinal garden, and it was just as he had expected. It was just that that place was not a very mysterious place, it was just very dangerous.

Xie Ao must have his own way of entering that place, which was why he was able to obtain some precious divine medicine from time to time.

"That fellow is currently extremely rich, and he is very mysterious. Although he only has the name of a 'God of Heaven', his power should be even greater." Xiao Chou said: "Master, if you have nothing else to do, you can go over there to take a look."

Of course Chen Xiang had to go take a look. After he dismissed Xiao Chou, he went to the Supreme Hall, thinking that Feng Yujie would be there.

"They came in the morning and have already left. That girl said she is going out to purchase medicinal ingredients." The old man said to Chen Xiang.

"Elder, in the area where the six paths and a supreme being meet, is there a treasure land with a large amount of divine medicines?" Chen Xiang asked, the old man knew a lot of things, he must be extremely knowledgeable.

"Yes, you want to go." The old man was no longer underestimating Chen Xiang.

"Hmm, give me some useful information." Chen Xiang nodded: "I want to look for divine medicine inside."

The old man took out a jade tablet and handed it over to Chen Xiang: "It's all inside, but it's actually nothing much. There's a mysterious treasure ground there, and it's an independent space, and it's

relatively large inside, and there's even a definite amount of danger. Although there are many divine medicines, not everyone can find a lot, it requires a certain amount of luck."

Chen Xiang returned from the Supreme Hall, and waited patiently in his room for Feng Yujie and the others to return. In the afternoon, Shui Bingyan and Feng Yujie returned, holding hands.

"I'm going out for a while, Yue Er is coming with me, BingYan, you can stay here with Sister Feng." Chen Xiang said.

Shui Bingyan treated Feng Yujie as if she were his own older sister. Feng Yujie also treated her very well, today he brought her out to play in some small villages and bought her many good things.

"Mn, I will definitely listen to elder sister's words. Elder Brother Shen, you don't have to worry about me." Shui Bingyan also understood why Chen Xiang was worried about her, because she currently did not know much about this world. On one hand, it was because she was worried that she would encounter a bad person, and on the other hand, she was worried that she would randomly use her terrifying strength.

"Leaving now? In such a hurry? Where are we going?" Feng Yujie asked.

Chen Xiang handed over the jade tablet to her, and showed her the contents inside. It was the jade tablet the old man had given him, and on it was the information about the divine medicine treasure land.

After Feng Yujie finished reading, he said in pleasant surprise, "That Xie Ao should be the divine medicine that we get from here. If we can find the divine medicine that we need from inside, then we don't need to buy it from that guy anymore. It's so dark that we can die."

Chen Xiang nodded with a smile: "Take good care of BingYan, I will definitely return with a great harvest."

... ..

Chen Xiang brought Yue'er and quickly left the Supreme Divine Palace. In the six hours after he left, it was almost dusk. Yi Bidong suddenly came with an ugly face.

"Where's Chen Xiang?" Yi Bidong did not see Chen Xiang, so he asked Feng Yujie.

"He went out. It's already been a few hours. Elder Yi, is there anything you need from him?" Feng Yujie asked.

A while ago, he went to the Beast Divine Palace. The Beast Divine Palace sent a message over, telling us to investigate Chen Xiang and ask if he knew anything about a Silver lion. Yi Bidong frowned, he did not know about Chen Xiang going to find Dao heart stone.

"We'll have to wait for him to come back. He did leave for over a month." Feng Yujie knew, but she couldn't say it out loud. That Silver lion was one of Prince Divine Lions's subordinates, if Prince Divine Lions knew, this kind of person who loved face would definitely come looking for her.

Yi Bidong nodded his head: "It shouldn't be related to him. Chen Xiang is only a little bit of strength now, I have seen that Silver lion before, even I have to use a bit more effort to deal with it, what more Chen Xiang."

Feng Yujie smiled apologetically: "That's right, Chen Xiang is still too weak now, he's basically nothing in this kind of place."

Feng Yujie was now even more surprised at Shui Bingyan's strength. He had previously told her that Shui Bingyan had only killed the Silver lion in an instant.

He was chasing the butterfly in the yard, just like a little girl.

Then I will ask about it when he comes back. Beast Divine Palace will send people over later, I might need to find Chen Xiang and ask about it. Yi Bidong said as he walked out of the hall. When he passed by the courtyard, he glanced at the Shui Bingyan who was playing around with him. He only knew that this was brought back from outside by Chen Xiang.

Yi Bidong was also unable to see Shui Bingyan's true strength, which secretly allowed him to relax.

[Chapter 1964](#)

That was why Chen Xiang had brought her along If that treasure land truly had a large amount of divine medicines, he could have just brought Yue'er for a few laps and she would be able to sense them ...

Along the way, Chen Xiang did not encounter any legendary Special god beast. It was said that as long as they were far away from the Supreme Divine Palace, they would encounter some powerful Special god beast. If they did not have the strength to repel the Special god beast, it would be extremely dangerous.

Chen Xiang became extremely vigilant on the road because the last time he left Supreme Divine Palace, there were already two gods following him ...

Thinking back to the two Sword Hall's Heavenly God Chen Xiang, he started to worry again. Because the elders of the Sword Hall had already targeted him and wanted to snatch his God Murdering Sword Techniques, what made him more at ease was that the Sword Hall still had not investigated Zhang Zhuo's cause of death. This way, they wouldn't suspect him anymore.

Just as Chen Xiang thought that he was fortunate enough to not meet the Special god beast along the way, a bolt of lightning flashed before his eyes and struck his chest.

He hurriedly dodged to the side in order to avoid the aura. It was extremely terrifying. If he did not dodge, he might have been injured ...

"It's a Lightning lion! It's a Special god beast!" Yue'er cried out in alarm. "This guy has some Divine Lion Race blood in him, so he's considered very strong amongst the wild divine beasts. We need to be careful when facing him. The scariest thing is speed!"

Yue'er had just finished speaking when another bolt of lightning flashed past. This Lightning lion's extreme speed was as fast as lightning! Chen Xiang was simply unable to see his appearance clearly ...

Chen Xiang felt that the Lightning lion's most terrifying part wasn't its lightning fast speed but his silent concealing ability. Otherwise, he wouldn't even have come in front of him ...

Chen Xiang dodged once again with teleportation

This allowed him to know that the human he was dealing with was not simple. He had stopped several hundred meters away from Chen Xiang at this moment.

Chen Xiang had already clearly seen the Lightning lion's appearance. It was a white lion, but it was not that big. It was just like a horse.

"Why is it white?" Just as Yue'er was puzzled, a wondrous scene occurred. The originally snow-white Lightning lion suddenly turned black.

What surprised Chen Xiang and Yue'er was that the Lightning lion suddenly disappeared after transforming into black and blue ...

Upon closer inspection, the Lightning lion did not disappear. It was just that several colors had appeared on its body. Those colors were exactly the same as the surroundings, making it difficult to see it from a distance. It was an extremely clever disguise ...

In addition, with the Lightning lion's terrifying concealment ability and speed, it would be difficult for her to survive if it were not for someone with hundreds of battle experience and quick reaction speed ...

And just now, Chen Xiang had felt such a threat ...

"This guy isn't that strong, but his methods are very powerful." Chen Xiang's expression became serious.

"I can see that he's moving, but he doesn't need to worry." Yue'er transmitted her voice to Chen Xiang.

The Lightning lion let the color on its body change continuously, just like its surroundings. With its speed, it seemed like it was invisible ...

Chen Xiang knew where the Lightning lion was moving, but he did not know where it was.

"He's getting closer and closer to you on the tree," Yue'er transmitted to Chen Xiang. "This guy is very smart. If I wasn't there to attack you from above, you would probably have been injured by him by now."

Although his body was relatively large, the trees here were all very ancient, giant tree Lightning lion s. The fact that he did not even cause the slightest bit of a commotion while running up the tree did not make Chen Xiang feel any admiration.

"I must capture this fellow and subdue him!" This was a thought that suddenly appeared in Chen Xiang's mind.

Chen Xiang pretended to look around, letting the Lightning lion think that he did not see him and even took a few steps back and forth.

"Come on!" Just as Yue'er shouted out, Chen Xiang had already accumulated her strength and unleashed the fast and slow transformation within the Seven devil-slain kungfu.

It was not easy to hit him accurately with the Lightning lion's speed but to him, the Lightning lion that had already changed from fast to slow after using the Seven devil-slain kungfu would become extremely slow.

"Eat my fist!" Chen Xiang shouted as his accumulated Six Realms' Power fiercely smashed his fist towards the Lightning lion's head. This punch was as though he could smash a mountain into the Lightning lion's chin from the bottom to the top.

BOOM *

A dull explosive sound burst out like a thunderclap. The true energy wave — — The Lightning lion was sent flying by this fist

After striking the Lightning lion with his fist, Chen Xiang continued to use his Seven devil-slain kungfu to continuously attack the Lightning lion s. In Chen Xiang's eyes, it was still very slow, so he quickly caught up to it.

The Lightning lion had originally been sent into the air by him, but now, it was quickly hammered down to the ground by him ...

However, just as the Lightning lion's body was about to smash onto the ground, Chen Xiang had already teleported to the ground and fiercely kicked its legs upwards, sending it flying high into the air.

After repeating this process for more than ten times, the Lightning lion was no longer able to swallow a mouthful of blood ...

"You think you can sneak attack me with your little ability?"

Chen Xiang heavily stepped on the Lightning lion's head. The Lightning lion really could not take Chen Xiang's terrifying Six Realms' Power. This Six Realms' Power, after being released by Chen Xiang using his mystical technique, combined with his own technique and technique became even more terrifying.

"Has anyone forced him to become my mount?" Chen Xiang asked.

"Without this Lightning lion, he's not just a normal wild divine beast. He has a little bit of the Divine Lion Race's bloodline and is also quite powerful. So, it's impossible for you to force him to form a contract with you," Yue'er said.

Hearing that there was no other way, Chen Xiang raised his fist and was about to attack.

"Hehe, so he's that afraid of death! He's willing to make a contract with you!" Yue'er smiled coquettishly. "Hurry up and tame him!"

Chen Xiang channeled the power of his soul into the Lightning lion's Divine Deity and quickly made a contract. After that, the Lightning lion would be his beast pet.

After contracting with the Lightning lion, Chen Xiang gave it a name of "Little Lightning". What surprised him the most was that the Lightning lion was only around a hundred years old, which meant that it could be considered very young.

[Chapter 1965](#)

Chen Xiang could also communicate with Lightning lions now

"Little Lightning, do you know the place where the six realms meet? I heard that it's a treasure trove filled with divine medicines ..." Chen Xiang sat on Little Lightning's back.

"Master, I know where the place is, but it's a bit dangerous because all the human teams are stationed there. These small teams are very strong, so I have to avoid them if I meet them. They occupy many places there and specially steal the divine medicine found by others." Little Lightning said, "Master, are you sure you want to go now?"

"Of course I'm not afraid of them! How long would it take for you to reach there?" This was also the reason why Chen Xiang subdued the Lightning lion. It was because his speed was very fast. It could save him a lot of energy along the way.

"We'll be there in four days," Little Lightning said. It was much faster than Chen Xiang had guessed. From the information that the old man had given him, most people would need at least seven to eight days to get there.

If he were to use the spatial energy himself, it would probably take two to three days. However, it would consume a lot of Six Realms' Power, but it did not seem to put much pressure on the Lightning lion.

"Let's go," Chen Xiang shouted.

The Lightning lion immediately ran up to become someone's mount. He could only concede that being alive was already pretty bad. The Special god beast took the initiative to attack the humans. If they didn't kill the humans, they would be killed.

At least he didn't lose his life now that he was tamed

The Lightning lion's strength was not weak as well. Furthermore, their speed was so fast that they did not encounter any sneak attacks from other Special god beast along the way.

"It's right in front." Four days later, Little Lightning carried Chen Xiang on her back and stood on top of a mountain peak, overlooking the short mountain range below.

It was a mountain range filled with countless short mountains. These mountains were filled with verdant trees that seemed to be filled with life force ...

From this peak, Chen Xiang could clearly feel the surge of life energy coming towards him, giving him a very comfortable feeling. This place was indeed a land filled with divine medicines ...

"Let's go in!" Chen Xiang said to Little Lightning. Because Yue'er had yet to sense anything, she needed to walk a few more rounds inside the cave ...

'In a place like this outside, there definitely isn't any divine medicine ...'

"It looks like it's not only the disciples of Supreme Divine Palace and Six Realms Divine Palace who are here to gather medicinal herbs, but also the disciples of other powers. I feel that the auras of many humans remaining here are all from different powers, and there are even some from our Beast Divine Palace s." Yue'er said, "I can only sense us entering deep into the cave at night, so we should know a lot more about that place."

Yue'er was a Star and crescent beast. She could communicate with Xingyue. When she couldn't sense the divine medicine, she would wait until night before asking Xingyue.

The little lightning carried Chen Xiang and rushed deeper inside until the stars came out at night before he stopped and slowly walked ...

Although the Lightning lion's speed was not as fast as his full strength when he used the spatial shuttle, Chen Xiang was satisfied that he was able to reach such a speed even without using his own strength.

"Found it! It's on a nearby mountain! There's divine medicine there!" Yue'er happily exclaimed. "Hurry up and go! I'll tell you where it's located! Have Little Lightning get there quickly!"

After Chen Xiang obtained the exact location, he immediately commanded Little Lightning to rush over madly.

Yue'er and Chen Xiang originally thought that they would be able to obtain the divine medicine very soon. Who knew that after they got closer, they would hear the sounds of fighting?

To Chen Xiang, other people fighting was a good thing for him so he could take this opportunity to leave.

"Purple Smoke Divine Mountain, you still want face?! This divine medicine was clearly discovered by me first! Why are you saying it was yours with just a few words?!" A cold and furious voice caused Chen Xiang to be inwardly shocked.

Because that voice belonged to none other than that Xie Ao.

"It's actually this guy! I need to continue watching!" Chen Xiang stepped down from Little Lightning's back and used his Heaven tour method to observe the scene.

The fight had happened on top of a hill. The trees on top of the hill had already been levelled and it made it easier for Chen Xiang to see the large amount of Divine Medicines.

Those divine medicines were all of the same kind. There were at least fifty to sixty of them planted there like vegetables, shocking Chen Xiang. The divine medicines here were indeed just like mushrooms ...

Currently, there were four people standing in front of the divine medicine. They were dressed in purple clothes, and from the Qi that they released, they seemed to be from Upper Heavenly God.

It could be seen that they had already occupied the divine medicine. And when Xie Ao saw the furious expression on his face, she knew that he had been the one to discover the divine medicine first ...

"We discovered it three years ago! It's just that we really have something to take care of!" A man in purple sneered, "You're a Boxing Hall right? Don't think that just because you're a Supreme Divine Palace we're afraid of you! You ... don't go too far!"

Xie Ao said angrily, "This divine medicine has already matured over ten years ago. If you discovered it three years ago, you would have long ago taken it and used it. Wait until now?"

"These despicable fellows don't have any other abilities, but they are very powerful. You guys followed me like dogs for so long, and when I found this divine medicine, you guys just jumped out and said it was

you guys! You even bit back at the famous disciples of the Purple Smoke Divine Mountain, and you actually did such a despicable thing?"

Xie Ao himself would definitely not be able to defeat the other party because the other party had four Upper Heavenly Gods. If he could defeat them, he would not spout so much nonsense ...

"Then how are we going to kill you? Who would know about this?" A purple-clothed man laughed loudly. Killing intent surged ...

Chen Xiang, who had been observing this entire time, secretly rejoiced in his heart. He immediately used his spatial sensing to lock onto those divine medicines, then used his teleportation spell to instantly pull those dozens of blue flowers out of the ground.

"Who?" The disciples of the Purple Smoke Divine Mountain immediately discovered it, but they did not see anyone use such a method. It was the first time they saw such a method, but they were all Upper Heavenly Gods, so they knew immediately that this was someone who grasped the laws of space.

"Supreme Divine Palace, Dan Hall, Chen Xiang!" Chen Xiang had already left on his little lightning horse, but his voice still reverberated in the mountains.

"Chase" were the disciples of several tens of rare Zhongpin medicines and Purple Smoke Divine Mountains. How could they let others take them away?

Although Xie Ao was shocked, he naturally knew who Chen Xiang was, but he did not feel angry at the moment. At least, these divine medicines had yet to fall into the hands of the disciples of the Purple Smoke Divine Mountain.

A few disciples of the Purple Smoke Divine Mountain chased after Chen Xiang, but Xie Ao also followed after him. The other party messed up his good fortune, even if he could not defeat those disciples of the Purple Smoke Divine Mountain, he could not just let things go like that.

[Chapter 1966](#)

The Upper Heavenly Gods were all very strong, and by relying on the remnants of the Lightning Lion's Qi, they were able to chase after Chen Xiang.

"This group of fellows have some ability, stop messing around and get rid of them. I'm worried that if this continues, I'll be caught by them. They are all Upper Heavenly Gods." Yue Er said.

Chen Xiang nodded his head and used Space Domain to cover Little Lightning, which would allow him to hide his Spirit Qi. Then, he released a spatial door for Little Lightning to enter, far away from the place she was standing just now.

After Chen Xiang used his Spatial Force, the few Upper Heavenly Gods that were in hot pursuit suddenly stopped, because they did not sense any Qi left behind by Little Lightning and did not know how to chase after.

"We'll go back and take a look at them later. If these guys can't catch me, they'll definitely go deal with Xie Ao." When Chen Xiang was escaping just now, he had also sensed Xie Ao's aura and was closely following him from behind.

Although he had been scammed by Xie Ao once, Chen Xiang still had a good impression of him. If not for Xie Ao selling the medicinal ingredients to him and Feng Yujie, they wouldn't have refined the medicinal ingredients that quickly. After all, those divine medicines were relatively rare.

Xie Ao followed closely behind. He had originally thought that the gods of those Purple Smoke Divine Mountains would block Chen Xiang and clash with him. At that time, he would be able to sneak an attack from the chaos.

However, the situation now was that Chen Xiang suddenly ran away, the Upper Heavenly Gods thought that Xie Ao and Chen Xiang were together, and Xie Ao was still behind, so they chased after Xie Ao.

If he fought alone, Xie Ao would definitely not be afraid of any of them. But if they attacked together, Xie Ao could only run away.

"How could this be? Chen Xiang ran off just like that." Xie Ao did not know of Chen Xiang's methods, which was why the development speed he saw was greatly different from what he imagined.

If not, Chen Xiang would not have been forced to teleport to escape. Xie Ao did not have Chen Xiang's ability, so the pressure he was facing now was extremely great. Adding to the fact that he was extremely close to the gods, he was slowly being caught up to.

"Don't run." A man from the Purple Smoke Divine Mountain shouted coldly. He released a cloud of purple smoke and formed a formation, enveloping Xie Ao within.

Xie Ao took out a black blade, and crazily slashed several hundred times at the huge purple net that covered it. In an instant, this huge net that looked extremely sturdy was cut apart by streams of black blade energy, becoming purple smoke and dissipating.

But at this time, the few Upper Heavenly Gods had already surrounded Xie Ao, it was already too late for Xie Ao to escape.

"Only the appearance of your comrade will be able to save you. Otherwise, we will kill you. With how many divine medicines he snatched away from us, we will definitely take them back." It was obvious that he was the leader of this team. If he had obtained that batch of divine medicines, he would have shared more, but now, all of them had been taken away by Chen Xiang.

After all, this was something that Xie Ao had discovered first, and it was also because of him that Xie Ao had fallen into such a dangerous situation. He, Xie Ao, did not have any enmity with anyone, and so, he did not wish to see Xie Ao die because of him.

"He won't come back, but if you want to kill me, that's too naive. I'm not that easy to kill, so I'll tell you this: if you want me dead, one of you must accompany me in death. Do you want to see who has the worst luck?" When Xie Ao said this, the few Purple Smoke Divine Mountain gods were secretly shocked.

Xie Ao was not afraid of death, this made Chen Xiang, who was at the side, secretly admire him, the aura that he emitted from Xie Ao's body, was completely influenced by him.

Chen Xiang hid at the side and watched. He had already used the Space Domain to envelop him and Little Lightning, so they were not discovered.

"Don't listen to his rumors. Kill him first." The man from Purple Smoke Divine Mountain shouted angrily, a purple sword appearing in his hand. A purple smoke surged, his eyes flashed a burst of purple light, and his entire body became like a purple shadow, instantly floating next to Xie Ao. The sword pierced out, fast and strange, because when he went over, his entire body seemed to be distorted, as if the reflection of water below the ripples of the water.

As a result, it was very difficult to see where he was coming from, and he didn't even know which side he was attacking from.

Xie Ao dodged but he did not retaliate. When the purple sword pierced his body, he suddenly turned into a cloud of black mist and dispersed.

This black mist was very dense, and the Evil Qi was very familiar to Chen Xiang. Previously, Xie Ao gave him a very familiar feeling, as if he knew this person.

After Xie Ao turned into black mist, the other Purple Smoke Divine Mountain s immediately took action and released a translucent purple light barrier, enveloping the surrounding area. They were worried that Xie Ao would turn into black mist and escape.

Chen Xiang was also trapped inside, but there was no restricted space, so it was still easy for him to leave.

The upper half of Xie Ao who had turned into black energy now had a human shape and the lower half of his body was covered with black energy. In his hand was an extremely large black colored long blade.

"I'll fight you guys."

Xie Ao was furious, he was the one who suffered the most, the divine medicine was found by him the first, who knew that he would encounter these villains who specially stole the divine medicine, but in the end, the divine medicine was obtained by Chen Xiang, and he had to take the beating for Chen Xiang.

Xie Ao roared, his eyes turning black, looking extremely terrifying, the blade in his hand released a terrifying killing intent and evil aura.

The ferocious black blade in his hand howled and slashed downwards, the black blade leaving behind a black afterimage. After Xie Ao unleashed this slash, he immediately dodged and continued to attack the other purple clothed men.

As for the purple-clothed man he had just hacked into, a black bloody wound appeared on his shoulder. The blood that flowed out was black, and the area where it split apart was extremely terrifying. It was emitting a thick pitch-black, boiling liquid.

"This guy is very strange, you guys have to be careful. I'll deal with the wounds first, I'm worried that the injuries will continue to spread." The purple-clothed man who had been cut by the sword roared.

Because they had seen Xie Ao's attack before, the other purple-clothed men were prepared, so Xie Ao's following slash did not succeed. Instead, he was surrounded and attacked by the other purple-clothed men.

Chen Xiang had already silently approached the purple-clothed man who was injured by Xie Ao. The God Slaughtering Sword in his hand was held very tightly and the Six Realms' Power poured into the sword's body like a raging river. If it wasn't for Chen Xiang's Space Domain, that aura would have definitely been felt by now.

[Chapter 1967](#)

Seeing that Xie Ao was about to lose, the man in purple clothes had a sinister smile on his face. Because Xie Ao had injured him, he must get revenge properly later.

"Don't kill him, don't let him die so easily." The purple-clothed man looked at the black blade mark on his shoulder and shouted angrily.

Just as he finished shouting, Chen Xiang teleported behind the purple robed man. The God Slaughtering Sword that was filled with Six Realms' Power pierced into the back of the man's head, and the Six Realms' Power inside the God Slaughtering Sword also exploded outwards, instantly destroying the man's Divine Sense Sea.

Chen Xiang secretly sighed in his heart, because he did not control his strength well, with this strike of his, he had completely destroyed the man's Divine Deity and divine soul.

When Chen Xiang teleported over, he brought Space Domain along with him, so the energy fluctuations released by his attack did not leak out.

However, his actions had already been noticed by others, and the other purple clothed men had all seen Chen Xiang killing their comrades.

This was no small matter. The few men in purple could have killed Xie Ao already, but they had all rushed over in fury.

Chen Xiang released an illusion that remained where he was, while he himself had teleported to Xie Ao's side, grabbing the injured Xie Ao, he teleported far away from the place where the battle had taken place.

Although he was already out of danger, Chen Xiang did not stop and continued to quickly teleport.

The usage of this kind of spatial energy surprised Xie Ao. Now, he understood why Chen Xiang was able to escape his pursuit in an instant.

Chen Xiang brought Xie Ao and ran frantically throughout the night. When it was day time, Chen Xiang himself didn't even know where he had run to, all he knew was that they were extremely, very far away from the place where the big battle took place last night.

They were by the side of a small stream, and Xie Ao was using the water to wash away the terrifying wounds on his body. Although he had not battled with the Purple Smoke Divine Mountain and the Earth Gods for long, his entire body was covered with injuries.

Chen Xiang asked: "Is your divine soul injured?"

Xie Ao shook his head. He did not speak the entire way, and after he finished treating his wounds, he took out some divine medicine and consumed it himself. Then, he took out a bottle of medicinal powder and smeared it on his wounds.

"Oi, do you want me to return those divine medicines to you?" Chen Xiang took out a blue flower, and looked at it carefully: "What kind of flower is this, I don't know what it is."

Xie Ao said: "I don't know it either, but it's a precious Zhongpin medicine, and an ancient breed at that. Only the Alchemist who has a deep understanding of ancient divine medicine know what it is."

"Do you want it or not?" Chen Xiang asked.

"No." Xie Ao said straightforwardly: "You saved me, and then ... This could have been yours. "

Chen Xiang nodded his head, Xie Ao wanted these ingredients to be used for sale, moreover he had quite a number of Shen Yuan stone, he did not lack these.

"Where did you come from? Why do I feel a sense of familiarity? You shouldn't be born and bred in this Super God Realm." Chen Xiang said, if he was given a familiar feeling, then it was most likely from the Gods Realm or his own Nine Heaven World.

Xie Ao frowned: "I am indeed not from the Super God Realm, the only person who knows about this is me, how do you know?"

Chen Xiang laughed: "Tell me about your origins, maybe I've heard of your name, because I'm not from the Super God Realm, I come from the Nine Heaven World."

"Nine Heaven World, how many years has it been ... I came from that place as well, and was previously called Evil Emperor there. Now that I think about it, how laughable is it that even with my little strength, I dare to call myself emperor. " self-deprecatingly said. Presumably, he already knew how terrifying these Divine Nations Emperors were, which was why he had such a sigh.

"It's actually Evil Emperor." Chen Xiang said in surprise: "I have heard of your name before. You and Qi Shi are good friends, and I have also been to your Evil Divine Palace.

Chen Xiang being able to say so many things that were familiar to the Evil Emperor caused Xie Ao to be extremely surprised, and he also developed a sense of familiarity towards Chen Xiang.

Xie Ao had always been an extremely solitary person. It was precisely because he came from the Nine Heaven World that he did not fit in with the rest of the people here.

"That's right. You're able to enter my Evil Divine Palace and come out safely. You're quite capable." Xie Ao nodded: "You know Qi Shi."

Chen Xiang chuckled: "Not only do we know each other, we are also good friends ... Old Jiang, I recognize all of the Azure Dragon, Long Xueyi, and Ice Dragon. "

"Oh right, Qi Shi is right here, but his condition isn't too good." Chen Xiang said.

Back then, the relationship between Evil Emperor and Qi Shi was not ordinary, and they were both old friends.

"How many of them are still alive?" Xie Ao sighed, all of these were just memories of the past. Back then, they were all extremely powerful figures in the Nine Heaven World, but in this place, they were nothing.

"Both the Super Old Fire Beast and the Dan Emperor are dead." Chen Xiang said: "The rest are basically still alive, they should all be in Gods Realm."

With regards to life and death, Xie Ao seemed to have become indifferent. After knowing that the Super Old Fire Beast and the Dan Emperor had died, he could only let out a sigh and recovered.

"Qi Shi is really here." Xie Ao's eyes were filled with excitement. After all, that was the good brother that he had shared a lifetime with.

"He's here, but he went to a very dangerous place. I can't go look for him now." Chen Xiang said: "Thank you, senior. If you want to find him, go and find out about him at Beast Divine Palace. You won't be able to find him now."

Xie Ao nodded, then patted Chen Xiang's shoulders: "In the future, if you and that girl need any sort of divine medicine, come and find me first. As long as I have it, I'll definitely give it to you."

Chen Xiang laughed: "Then, I shall thank Senior first. Senior, did you get all of those divine medicines from here?"

Xie Ao finally had a smile on his face, this was the first time Chen Xiang saw him smile.

"Yes, I have a special ability. I can feel the divine medicine, and every once in a while, I will come here for a walk, so I can often find some divine medicine. This precious land is very strange, and the divine medicine here will only take a short time to mature." Xie Ao said: "It shouldn't be a coincidence that you were able to find these blue flowers, right?"

Chen Xiang only chuckled, and did not reply.

Xie Ao looked at Little Lightning, he remembered this Lightning lion, but it was Chen Xiang's mount now. Previously, he had also been entangled by Little Lightning, and he was secretly surprised at Chen Xiang's capabilities, he did not really understand Chen Xiang that much, so he wanted to quickly meet Qi Shi and get to know him better. Right now, he had already seen Chen Xiang's extraordinary abilities.

"Senior, if I kill that fellow, would that Purple Smoke Divine Mountain come knocking on my door?" Chen Xiang asked worriedly.

"It would be better if they came, but I'd like to see what they say." Speaking of Purple Smoke Divine Mountain's bandits, Xie Ao felt angry in his heart.

[Chapter 1968](#)

When Xie Ao said this, it was as if he had a very strong backer within the Supreme Divine Palace.

"Have you gone back yet?" Xie Ao looked around. Although he did not know where he was, he had a compass that could guide him back to Supreme Divine Palace.

Chen Xiang shook his head. The reason he brought Yue'er here was to find the divine medicine he needed. Although he had already found a divine medicine, it was not what he needed.

On the surface, it looks like the relationship between the Six Realms Divine Palace and the Supreme Divine Palace is pretty good, but the disciples of the two shrines will often come into conflict with each other in secret, especially in this place. "Su Yun said in a low voice. Xie Ao warned.

Chen Xiang nodded: "I understand, I'll come back later."

Xie Ao's injuries had already healed, the divine medicine he brought with him had a strong healing effect, and his divine soul was not damaged at all. It's just that his physical body was rather serious, so he could return by himself now.

After Chen Xiang said goodbye to him, he took out that blue colored flower. This was a Zhongpin medicine, but he didn't know how effective it was.

He plucked a petal and ate it. Originally, he had guessed that this blue color belonged to the category of healing wounds. However, after eating it, he felt that his stomach was very hot.

Just by eating a petal, a terrifying energy quickly condensed in his abdomen. Because there was too much energy, this energy was compressed in his abdomen and continued to heat up, as if it was about to explode.

Chen Xiang immediately channeled his divine arts to refine the medicinal power. Even though he could refine it, he still could not understand what kind of medicinal power it was, because it was not fire.

Looks like if I want to practice the Six Realms' Power quickly, I can only rely on the Six Realms mirrors. "" Okay. Chen Xiang had always hoped to find a divine medicine that contained Six Realms' Power s, and after he refined it into a pill, the Six Realms' Power would become even purer and denser.

Chen Xiang originally wanted to eat another pill, but when he thought about how he almost lost control of the situation earlier, he gave up. If he had tried to quickly use his cultivation technique to refine it, the pressure would have exploded on his stomach. Although it wouldn't have killed him, it would have left a big hole in his stomach.

"Return and let the pavilion master take a look." Chen Xiang kept the blue flower, and then ran in one direction.

Yue'er could only communicate with Xing Yue at night to find out where the divine medicine was located, so Chen Xiang could only madly run about.

Little Lightning was a Special god beast with a stronger spiritual sense. Chen Xiang could ride on his back and relax a lot more. Firstly, his speed was very fast, and if he met a strong beast, he could sense it and then take a detour.

It wasn't even night yet when, who was flying far away from the village, suddenly saw a small village. This made him very shocked, as a village like this actually existed in this kind of place.

"Little Lightning, you should enter for a while." Chen Xiang allowed Little Lightning to enter the ring, and after teleporting a few times, he arrived outside the village.

He used his divine soul to take a look around. This village was relatively large, and there were a few thousand people. Right now, it was extremely lively inside.

"What village is this?" Chen Xiang walked in. There was an intersection here, but no sign of what kind of village it was.

Once he entered the village, Chen Xiang felt a few auras that he was very familiar with. These auras were from the Upper Heavenly Gods from before.

Sensing these auras, Chen Xiang immediately changed his appearance. After confirming that his own aura would not leak out, he continued to walk into the bustling place in the depths of the village.

The villagers in the village had all built treehouses. They lived on the trees, and they also built mansions on the ground that were rented out for people to live in.

"The villagers gathered here should be regular people who enter this treasured land to gather divine medicine. I found out that the villagers here are all special, they don't seem like humans, and they all possess very strong strength. Could they be the legendary Grass Wood Elves?" Yue'er sent a sound transmission to Chen Xiang: "If that's really the case, then this Grass Wood Elves can be said to be a rather terrifying force to this Super God Realm."

This was the first time Chen Xiang had heard of this Grass Wood Elves.

"Why are they so terrifying? They can actually become a great power in this Super God Realm." Chen Xiang was very suspicious of this, although there were many people in the village, but there were very few aboriginals, and these Grass Wood Elves seemed to only have a few hundred people.

"Grass Wood Elves, they can absorb the power of plants and vegetation for their own power, and they are good at growing them. Of course, this is not the most terrifying thing about them, their true strength lies in their ability to control plants and vegetation, and the ability to turn large trees into terrifying monsters." Yue'er replied, "According to the legends, a single Grass Wood Elves is able to control a hundred million trees. It's extremely powerful."

Chen Xiang did not think much of it: "How can you control trees? It's very easy to destroy trees, even if it's over a hundred million, to other experts of the Heavenly God level, it's not very scary."

Yue Er snorted: "You have to know, after they control the trees, they can absorb the power of the other plants and infuse it into the trees they control. You must know how many flowers, plants and trees there are in the Super God Realm, right?"

"Those ancient trees have been growing for a million years, or even ten million years. They contain an extremely terrifying power within them, and once they are released, they are not inferior to the God of profound God. If we borrow strength from other plants and flowers, they will become even more frightening."

Fortunately, the Grass Wood Elves Clan are quite gentle and do not have the intention to wage war, so we do not need to be too worried about such a thing happening, we just do not need to provoke them.

Chen Xiang would definitely not provoke such a fellow. Right now, he only wanted to understand the location of this village, and he could come here by himself in the future.

Walking on the road, Chen Xiang saw that many people were doing business here. The aboriginals here were also selling some divine medicines, but they were all low levelled and of poor quality.

He entered a wooden pavilion that was five stories high. Just as he entered, he saw the gods of the Purple Smoke Divine Mountain, who were sitting on the first floor, drinking a kind of green liquid.

Chen Xiang walked over to the counter and asked. He then realized that this juice was unique to this place, it required a hundred Shen Yuan stones to drink a cup, and had the effect of awakening one's spirit, quickly removing the fatigue in one's body. Many people who came here drank this, and even drank quite a few cups.

Chen Xiang came to a table and ordered two cups. After drinking one, he immediately became energetic, as though he had just rested. His body was initially a little tired, but now it had been completely eliminated.

Other than that, Chen Xiang also saw a kind of white juice, it was used for healing. A big man with wounds all over came in just now, after he drank a cup, the wounds on his body quickly recovered.

The reason why Chen Xiang sat there drinking, was to find out what the gods of the Purple Smoke Divine Mountain were doing, and to find out what kind of plans he had.

[Chapter 1969](#)

About an hour later, a man walked into the inn. After entering, he directly went to the tables of the purple-clothed men from Purple Smoke Divine Mountain and sat down.

"You came pretty fast." A purple robed man said. This purple clothed man was the leader of several people and was also a bit strong.

The person you wanted me to investigate has already been investigated by me. He is indeed from our Supreme Divine Palace, and he is also a relatively capable fellow. He is a Alchemist, and he is also in the tenth hall of the Dan Hall, capable of refining Xiaping Dan. The man replied, "I'm also from the Dan Hall, but I'm in the third hall. Compared to the tenth hall, our third hall is a little lacking. It's mainly because the tenth hall master is too powerful."

Chen Xiang was shocked, this man was actually from the Supreme Divine Palace, and he was even from within the Dan Hall. He should be one of those legendary young Alchemist.

"Where's the other guy?" The purple robed man asked.

He does not have any backing. If you guys want to go to the Supreme Divine Palace to find Chen Xiang, then you should carefully consider it, because the tenth hall master is very scary." The disciple from the third hall said.

Zhan Xi, how about we make a deal, you think of a way to lure that brat out. As long as we can successfully lure him to the place we specified, we can give you some benefits. "

Zhan Xi smiled slightly: "That's not a problem, you are willing to pay with fifty million Shen Yuan stone?"

Fifty million Shen Yuan stone was not a small number, but the purple clothed man readily agreed.

Chen Xiang secretly remembered the name "Zhan Xi". He was secretly furious in his heart, this guy actually wanted to sell him off, since he already knew, at that time, he would definitely not be fooled.

You guys might want to wait, because in another two months, it will be the competition of our Supreme Divine Palace. As you all know, after that, I will lure him out. Zhan Xi said.

As they spoke of the later matters, they felt that they were more important and left the inn.

Chen Xiang had already obtained something useful, and he did not stay for long. Walking out of the inn, he continued to stroll around the village, wanting to see if there were any divine medicines that he needed.

Walking along the road, he suddenly saw a familiar face on top of a booth. He immediately walked over.

"Old granny..." Fei Fei, how is she? " The familiar person that Chen Xiang saw was Xu Lingfei's grandmother, the old man who sold him the God Root before.

Chen Xiang had changed his appearance before, but the old granny quickly responded when she heard Chen Xiang's question. She smiled benevolently: "She's doing very well right now.

"Old granny, aren't you accompanying her? Will she be lonely by herself?" Chen Xiang also laughed, he looked at the divine medicines on the old man's stall, and saw that they were all ordinary low grade divine medicines.

"At first, Fei Fei cried really hard, but in the future, she will get used to it. Sometimes, she has to steel her heart and let Fei Fei get used to this kind of life, otherwise, when I leave, what will she do?" The old man chuckled, "Young man, what divine medicine do you like? I'll give it to you."

Chen Xiang shook his head: "No, what I need is Zhongpin medicine, I really did not expect to meet you here."

The old man laughed: "This place is my hometown, so I will be very safe here. When Fei Fei has the time in the future, she will also return here."

This was her homeland, didn't that mean she was the Grass Wood Elves? Which meant, that Xu Lingfei was one too.

But Chen Xiang was still suspicious, if this old man was really Grass Wood Elves, then her strength should be very strong. At that time, Xu Lingfei would not have been captured by Zhang Zhuo's group.

"Granny, I heard that the people here are all very powerful. They don't look like one." Chen Xiang asked with suspicion.

"I used to be very powerful, but due to some incident, I became very weak. At that time, I was in a bad mood too, so I took Fei Fei and left this place." The old man sighed, his eyes filled with grief.

Chen Xiang did not pursue this matter any further. After all, this was someone's problem.

"My old man is back. He's great. If I met him earlier, I might not have been bullied anymore." The old man looked at the back of Chen Xiang and revealed a warm smile.

It was obvious that the old man she spoke of was the companion she had just found.

When Chen Xiang turned around, his jaw almost dropped. That old man was actually his master, Huang Jintian.

Huang Jintian looked at Chen Xiang in shock. He felt it was a little strange, because Chen Xiang had disguised himself and was hiding his presence.

"Little Red, who is this little demon?" Huang Jintian laughed as he walked over. At the moment, he did not have a sloppy appearance, but looked to be very energetic.

"Master, it's me." Chen Xiang smiled mischievously. "Congratulations Master, you're no longer single."

This time, it was Huang Jintian's turn to be stunned. In the past, he was the one who sneakily went to Chen Xiang's side, but now it was Chen Xiang's turn.

"Damn brat."

Seeing Chen Xiang, Huang Jintian could not help but start talking loudly, slapping towards Chen Xiang's head, as though Chen Xiang was always slapping Xiao Chou's head.

"Old man, how can you hit someone? This guy saved Fei Fei and me before." When the old granny saw Huang Jintian hitting Chen Xiang, she immediately became anxious and ran over, wanting to reprimand Huang Jintian.

Huang Jintian curled his lips: "He's my disciple. I taught him since he was young to draw his sword to help when facing injustice, he should have saved me."

The old granny could not understand why they would become master and disciple upon seeing each other, but after thinking for a while, she finally understood why Chen Xiang and Huang Jintian had already known each other for a long time.

Chen Xiang muttered in his heart, Huang Jintian had only taught him a few tricks back then, teaching him how to trick people and so on.

"She's your mistress, hurry up and call her." Huang Jintian laughed.

"Greetings, Mistress." Chen Xiang immediately bowed.

"Little Hong'er, let's pack up and talk when we get back." Huang Jintian walked over and helped put away the stall, then he took Chen Xiang and the old granny and left.

That old granny's name was Yao Xiao Hong, and they got to know each other a month ago. At that time, Yao Xiao Hong had just returned from the Heavenly God Basin and met with danger on the way, so Huang Jintian was the hero who saved the beauty. The two of them fell in love at first sight, and in the end, they became a pair ...

Huang Jintian proudly talked about how he had defeated those few powerful Special god beast along the way.

Chen Xiang had said before that the Undead Race's calamity was extremely terrifying. Huang Jintian had passed through it a few times previously, but he had not succeeded in overcoming it, so it caused his

memory to be lost and his cultivation to become crippled. If he could pass through the calamity that was about to befall upon him, then he would be able to obtain the memories he had lost before.

[Chapter 1970](#)

Chen Xiang came to Huang Jintian's residence. The small house was far away from the bustling village, so it was relatively quiet. This was not Huang Jintian's residence, but rather Yao Xiao Hong's old granny's place that she grew up in.

This village was the gathering place of the Grass Wood Elves, Yao Xiaohong. She grew up here. She wandered around for a long time outside before returning to this place once more ...

Huang Jintian had entered the Supreme Divine Palace with Chen Xiang, but Huang Jintian did not join the Supreme Divine Palace. Instead, he chose to explore the Super God Realm. However, from the looks of him, it seemed as if he was planning to settle down.

Chen Xiang took a sip of the fruit juice Huang Jintian had poured for him. It was extremely fragrant and sweet.

"Master, your great calamity ..." Just as Chen Xiang finished speaking, he gave Huang Jintian a fierce glare because he did not want the wife he had just met to know about this matter ...

Huang Jintian sent a sound transmission to Chen Xiang, "Don't worry about me, isn't it just a calamity? When we get here, I'll definitely be able to get through it. Don't tell this old woman that if she finds out, she'll definitely worry about me everyday."

Chen Xiang chuckled, indicating that he also hoped that Huang Jintian could pass through that great tribulation. He felt that suddenly becoming a pair with this old granny might allow him to have more confidence in transcending this great tribulation ...

"You brat, aren't you fine inside the Supreme Divine Palace? Why are you running out now? Why don't you just hide inside and not stir up any trouble?" Huang Jintian poured another half a bowl of that delicious fruit juice for Chen Xiang.

Yao Xiaohong was outside, sweeping the floor and humming a small tune. Although she looked like an old lady, at this moment, she gave off a very young feeling ...

Chen Xiang sipped that fruit juice. Although it was good, he was unwilling to drink it all in one gulp. "I'm going to look for the divine medicine master! Just what kind of fruit juice is this?! So delicious!"

Huang Jintian put away the bottle, "This kind of divine fruit is something that I traded my life for. Don't think about drinking it all!"

Chen Xiang laughed, "Just give me a small piece of that divine fruit."

When Huang Jintian saw Chen Xiang's smile, he knew that if he didn't give it to him, Chen Xiang would never stop. He just needed to cut a small piece for Chen Xiang.

"Brat, you better stay inside the Supreme Divine Palace for me! I feel like something big is going to happen to you! When I'm bored, I'll help you predict the future!" Huang Jintian warned repeatedly.

"Master, you don't need to tell me that I already have this kind of premonition. In fact, even if I stay in Supreme Divine Palace, I probably won't be able to avoid it." Chen Xiang sighed.

Huang Jintian knocked on Chen Xiang's head. "Are you trying to stir up some trouble again?"

Chen Xiang rubbed his head and muttered, "Master, these Divine Nations are after me because I have the God Murdering Sword Techniques on me. Some time ago, Yi Bidong was called to Divine Nations to interrogate me, and he said that in another month or so, those Divine Nations will send people over to attend our competition."

Huang Jintian knitted his brows as he paced back and forth in the small hall. He seemed to know a bit about the affairs of the Divine Nations, "There's still more than a month before the competition begins. It's just as I predicted"

"It's alright, how could you find it out?" Chen Xiang curled his lips.

Huang Jintian took out his copy of the Tianyan god record and started flipping back and forth as he muttered to himself, "No, something big must have happened. What kind of big event is it?! I can't even calculate what's going on with the Heaven extended method anymore."

Chen Xiang was also very curious. He said, "It can't be the Supreme Divine Palace's Large Competition, right? This can also be considered a huge matter."

Huang Jintian shook his head, "It's definitely not my calculations. The biggest things that happen in the future are all related to how the world works, and this matter seems to be related to you. Because I've calculated it from you since the very beginning."

"So strange ..." Chen Xiang couldn't understand what would happen in a month's time that would affect the operation of the world. No matter how much trouble he caused, he wouldn't be able to do such a thing, right?

Yao Xiao Hong came back from the outside and when she saw that Chen Xiang's cup was already under her control, she scolded him, "Old man, why aren't you pouring food for him? Why are you not walking around?"

Yao Xiao Hong saw that Huang Jintian was frowning as if he was thinking about something important, and did not continue talking about it. Instead, she took out a small bottle and poured some juice into it before smiling benevolently at Chen Xiang, "Young people should drink more so that they can have the strength to exterminate evil."

Chen Xiang smiled as he took a sip before repeatedly praising the fruit juice. He finally understood why Huang Jintian was so precious now.

"Master, I'm leaving first. I still have to go find some more divine medicines." Chen Xiang shouted at Huang Jintian after he finished drinking the fruit juice.

Huang Jintian was walking back and forth as if he was performing some kind of trick with his Heaven extended method. When he heard Chen Xiang say that he was going to leave, he casually said, "Let's go. Be careful on the road."

After Yao Xiaohong saw Chen Xiang out of the door, she exhorted him with a few sentences that she was very concerned about Chen Xiang and treated him like a grandson ...

Chen Xiang's heart felt warm when he felt the elders' care for him, and then he walked toward the direction Yao Xiaoxiao pointed in.

Yue'er left the village and said, "That old granny is not bad. However, she seems to have already lost her strength. Otherwise, she would not be so old. She must have experienced terrifying things. Luckily, she still maintains a high level of talent as a Grass Wood Elves. She should be able to sense some divine medicines and know where they are easily."

Now, Chen Xiang understood why Yao Xiao Hong could possess some of the more precious divine medicines. It turned out that she had this kind of ability ...

Even though he was far away from the village, Chen Xiang still did not let Little Lightning out. Because he was worried that if he met the gods of those Purple Smoke Divine Mountains, they would not be able to recognize him but he could recognize Little Lightning.

When he left Yao Xiaohong's home, he had once asked this elder about this place and found out that it was still a precious divine medicine. As long as he was lucky, he would be able to find a precious divine medicine here ...

Chen Xiang carried his backpack and walked alone in the middle of the ancient forest. When the sun went down, the forest inside the ancient forest would emit strange sounds due to the cold wind and rustling of leaves. Adding to the thick clouds in the sky tonight, the ancient forest was extremely dark, which made it seem somewhat eerie.

"This forest doesn't have any glowing flowers or plants! It's really dark!" From afar, a grumbling voice could be heard.

As Chen Xiang was walking along, he suddenly heard someone speaking. This was what he wanted to say, but what surprised him was that he was familiar with this voice. If he remembered correctly, this person's name was Zhan Xi, the young Alchemist of the Third Dan Hall that he met in the inn.
