

Dan God 1981

[Chapter 1981](#)

Feng Yujie, who was hugging Chen Xiang, fell asleep beauty, with a sweet smile on her face!

In the morning, Chen Xiang heard Yue'er meowing. Both he and Feng Yujie woke up because of this, and even though the sky wasn't completely bright yet, a light blue light floated in the room.

These rays of light were emitted from Shui Bingyan's body. At this moment, Chen Xiang, Feng Yujie and Yue'er had all woken up.

"She seems to be on the verge of a breakthrough! In this period of time, she did not train much! " Yue'er was extremely shocked as she flew to Feng Yujie and his bed.

Feng Yujie said: "In the past, when she slept with me at night, she also had this kind of sleeping experience. At that time, I asked her, she herself did not know what was going on!"

Chen Xiang and the others watched on from the side. After daybreak, Shui Bingyan's body stopped emitting the blue colored light. She had also woken up at this moment.

When Shui Bingyan woke up, he saw Chen Xiang and the others were looking at her. At this moment, her clothes were all drenched, obviously because of the blue light that was emitted by her a moment ago.

"Good morning everyone!" Shui Bingyan smiled sweetly at Chen Xiang and the others and quickly took off the clothes on his body, not caring about what Chen Xiang felt at all.

This beautiful snow-white body caused Chen Xiang to stare blankly, but his eyes were quickly covered up by Feng Yujie's jade hands.

Shui Bingyan changed into a purple skirt. Feng Yujie immediately walked over to help her tidy up her clothes, and reminded her: "BingYan, in the future, when there's a man around, you can't take off your clothes as you please. I remember telling you this before!"

"But Elder Brother Shen is not an outsider! He even taught me to wear clothes. He gave me all of my clothes. " Shui Bingyan looked at Chen Xiang and simply smiled at him, causing Chen Xiang to be unable to control himself. This Shui Bingyan was really so innocent and adorable, he liked her a lot.

"BingYan, when you were sleeping, your body was emitting blue light and you even wet your clothes. What's going on?" Chen Xiang asked: "When you slept just now, did you feel anything?"

Shui Bingyan looked at Feng Yujie and because Feng Yujie had asked her about this before, she shook her head: "I don't know, I just felt that I was a little hot sleeping just now, and then my body started to sweat."

Shui Bingyan himself didn't know what was going on, so he and the others definitely wouldn't be able to get anything out of him either.

Chen Xiang wanted to teach Feng Yujie how to refine Regeneration Dan, but before that, he and Feng Yujie would have to dual cultivate with Alive Slain Method and condense some Spirit Orbs so that they could replicate the Regeneration Dan 'ingredients.

Yue'er and Feng Yujie were playing around in the courtyard. Because she was worried that Shui Bingyan would cause trouble, Feng Yujie did not allow her to walk out of the courtyard.

Chen Xiang and Feng Yujie were at the bottom of the secret room. When they were dual cultivating with the Alive Slain Method, Chen Xiang had also passed down the Spirit Strengthening Technique to Feng Yujie through the divine soul. Other than that, Feng Yujie could also clearly remember Chen Xiang using the Spirit Strengthening Technique to refine pills.

"I know how to refine it. Brat, you're so amazing. You actually managed to comprehend this method!" Feng Yujie was extremely happy and kissed Chen Xiang on the mouth: "Go out and look at BingYan. I always let her and me stay in the secret room in the past, you should also accompany her to play."

Chen Xiang and Feng Yujie kissed for a moment, then walked out of the secret room. When they arrived outside, it was already evening.

Shui Bingyan and Yue'er sat on the rooftop, watching the distant setting sun. Shui Bingyan was still holding onto a sweet fruit in her hands, which she had already bitten a few times.

Chen Xiang lightly jumped on top and came to Shui Bingyan's side, laughing: "Who gave you this fruit, it looks very delicious!"

Shui Bingyan passed the fruit over, "Elder Brother Shen, eat!"

"It's better if you eat it. I've eaten too much of this fruit!" Then, she took out the divine fruit that Huang Jintian had given her. This divine fruit could produce an extremely fragrant fruit juice, and a small piece of the fruit could be cut out from it.

Shui Bingyan took a sip and praised it repeatedly. She was worried that she wouldn't be able to drink anymore, so she took a small sip.

"BingYan, will you miss the place you were born in?" Shui Bingyan asked. Shui Bingyan was a Dao Spirit, but she was no different from ordinary people. She could be considered a natural born lifeform, and was very strong.

"I don't want to go back. It's so boring inside. No one told me anything interesting. I also don't have Yue Er to play with me." Shui Bingyan shook his head: "I don't want to go back."

Chen Xiang laughed: "Then I won't go back, wait till I bring you to an even more interesting place to do even more interesting things."

Shui Bingyan nodded with anticipation.

As they sat on the roof, they could see that the Three Gu Brothers was coming back to them in a loud voice.

When Three Gu Brothers opened the door, he saw Chen Xiang and Shui Bingyan on top of the roof watching the sunset.

"Brat, where's little junior sister? The price of the Regeneration Dan has risen, and now, it is selling for one million and five hundred thousand, which is over a million more than before!" oldest Gu shouted.

Previously, because someone wanted to go against Feng Yujie, Chen Xiang had flaunted himself and sold the income tax that was originally worth millions of Shen Yuan stone, but now, it had suddenly increased to one million and five hundred thousand. Chen Xiang was very surprised.

"Why did it suddenly increase so much? Does anyone buy it?" Chen Xiang asked. He had seven Regeneration Dan s in his possession, and he had already found a way to easily refine them, so he and Feng Yujie planned to fight back.

"No one has bought it yet, but it will soon be available! At that time, the Boxing Hall, Sword Hall and others would all have this kind of healing pellet! That fellow who sold the Regeneration Dan very cheaply before, must earn back some money now. That's why he raised the price so suddenly. The oldest Gu said: "Is it possible that little junior doesn't plan on refining more Regeneration Dan now?"

Second Brother Gu said: "Now that the Regeneration Dan's ingredients have all been bought by that guy, that bastard is actually hoarding quite a few Regeneration Dan's ingredients. That guy sold the pills at a low price and bought the Regeneration Dan's ingredients at a high price! On one hand, it's to publicize his own strength and his own ability as a Regeneration Dan, and on the other hand, it's to wait for the Large Competition to come and earn a lot of money. "

Chen Xiang said: "During the Large Competition, other forces will also come, right?"

The oldest Gu nodded his head: "They will, and will be more than ten days early. At that time, they will also come here to buy medicinal ingredients, because in this Super God Realm, the Dan Hall s are quite famous! More than ten days later, a large group of disciples from other forces should arrive and start to build houses outside of the Divine Palace. It is the young men from Boxing Hall and Boxing Hall who are responsible for building these houses. "

Chen Xiang had been concocting pills in his closed door cultivation these past few days, so he did not know about these things. If it was really like this, then he and Feng Yujie would have been able to counterattack using the Regeneration Dan and let the young Alchemist who was competing with them experience the feeling of being suppressed.

[Chapter 1982](#)

Right now, Chen Xiang only needed to wait for Feng Yujie to come out before he could properly discuss how to activate the Regeneration Dan with her.

Seeing Chen Xiang's smiling face, the oldest Gu did not understand, because they thought that Feng Yujie had given up on the Regeneration Dan s. This was because he could not earn the Shen Yuan stone s' ingredients and the Regeneration Dan s' ingredients were all monopolized by the.

"Oh right brat, there's another rather important matter I need to tell you. It's the third hall. A young brat called Zhan Xi died." oldest Gu chuckled, "This guy is also said to be a young Alchemist who can refine Zhongpin Dan.

Chen Xiang and Yue'er both knew what was going on because Zhan Xi was the one who was killed by Chen Xiang.

"How did such a good seedling die?" Chen Xiang asked in surprise.

"What's so strange about that? There's nothing strange about the divine medicine? Even if ten or eight Supreme Gods die, it wouldn't be anything strange." The oldest Gu said, "Right now, the hall masters of the three halls have already investigated. It's hard to say whether or not they know the cause of death."

Chen Xiang nodded his head. He was sure that he did not leave any traces behind when he killed Zhan Xi, so that way, he would not be found out. Before, he was still worried that Zhang Zhuo's matter would be found out, but after such a long period of time, the Sword Hall seemed to have already given up on pursuing him.

However, this Zhan Xi was somewhat different. A young Alchemist like him had a very high status in the Supreme Divine Palace.

Three Gu Brothers only returned to his room to rest for a few hours before running out in the middle of the night. During this time, they had been very busy preparing for the upcoming Large Competition.

Chen Xiang only waited two days before Feng Yujie came out from the secret underground room to look at her smile. He knew that she had used the method Chen Xiang taught her to successfully refine the Regeneration Dan.

"I can only refine six pills now. I need to refine seven pills after I become familiar with them," Feng Yujie said very happily. She passed the Regeneration Dan over to Chen Xiang and then ran into the bathroom to shower.

Knowing that there were two great beauties bathing and playing inside, Chen Xiang couldn't help but think about it and wanted to join in the fun

"There are still seven to eight days before the other powers' disciples will arrive outside the Supreme Divine Palace one by one. That guy's Regeneration Dan will rise to one million and five hundred thousand ... Although they're selling for that price right now, no one has bought it yet," said Chen Xiang as he combed his hair after he finished showering.

As soon as she hear the news, she understand what have happen

"The person who refined the Regeneration Dan was a short boy named Hua Yang, the other one was a tall and sturdy boy called Chu Xiang. These two guys have a very good relationship with each other, their Alchemy skills are very good," Feng Yujie said. "It seems like they plan to take advantage of this opportunity and earn a bit. They plan to sell the Regeneration Dan to the stronger disciples.

Chen Xiang nodded his head, "So when the time comes, the disciples of the various powers will need to reserve some healing pellets and this Regeneration Dan will definitely be favored by many disciples."

"We need to hurry up and get some Spirit Orbs," Feng Yujie said, "We have all successfully refined a batch of Regeneration Dan." Feng Yujie said, "We all successfully refined a batch of Spirit Orbs," Feng Yujie said, "We all successfully refined a batch of Regeneration Dan.

was very angry. She never wanted to get even with these brats, but now, she felt like she was being bullied ...

"Let's rest a bit before we go to the secret room to refine pills," Feng Yujie gave Chen Xiang a signal. They did not only want to refine pills, they also wanted to condense spirit pearls to duplicate medicinal ingredients.

Feng Yujie said to Yue'er, "Yue'er, take a good look at her icy face. Don't let her run around randomly. During this period of time, Supreme Divine Palace will be rather complicated. Just let her stay in the courtyard."

Shui Bingyan obediently said: "Big sister, I will definitely not run around. You don't have to worry about me and just concoct pills with Elder Brother Shen."

Seeing that Shui Bingyan was obedient, Feng Yujie smiled in relief and stroked her face, bringing out some delicious fruits for her to eat.

Because of lack of time, Chen Xiang and Feng Yujie immediately went to the basement.

"Little Scoundrel, we only have one portion of Regeneration Dan's medicinal pellets left. If we want to copy one of those, then we won't have much spirit liquid that you and I can cultivate alone, right? And the maximum we can condense is six spirit pellets a day." Feng Yujie bit her lower lip and her beautiful face blushed as she glanced at Chen Xiang bashfully.

Chen Xiang felt that her reaction was a little strange and said: "Not bad, at least a few days will be enough for us to make a few batches of Regeneration Dan's medicinal herbs. If every batch is a success, we will have dozens of Regeneration Dan's pellets."

Hearing Chen Xiang's words, Feng Yujie's beautiful face became even redder: "Little Scoundrel, do you think it will be better if you join us to cultivate our spiritual pearls at a deeper level?"

Only now did Chen Xiang understand that Feng Yujie's reaction speed had also increased a lot: "This
"That's for sure. Now we can ..."

Without waiting for him to finish speaking, Feng Yujie pounced over and gagged him with sandalwood. Then, she heard Feng Yujie's gentle and gentle voice in her mind, "I'll give you everything.

Chen Xiang did not answer Feng Yujie and did not need him to make any promises, because Chen Xiang had been extremely helpful to her during this period of time.

In the basement, Chen Xiang and Feng Yujie were one body and mind, and the two of them had Supreme god bone. This combination would bring them a much better harvest ...

Chen Xiang carried the mission of saving the Nine Divine Kings, so he had been of great help to Jiu Hanrou. In the future, because of the pressure of saving the enemies that the Nine Divine Kings would face, Chen Xiang would have an even bigger chance of winning against the reserved Feng Yujie.

... ..

The two of them naturally woke up. It was late at night and they didn't know how much time had passed ...

"Ten purple pearls Feng Yujie had seen the purple pearls that Chen Xiang and the others condensed when they were cultivating together, but they were all relatively large. Although she and Chen Xiang had condensed out ten purple pearls, they were only the size of a grain of rice ...

Chen Xiang looked at the color of the purple pearls, then used his Spirit Eyes to look at the energy inside, and exclaimed in joy, "Although it is small, the effects are not weak at all."

[Chapter 1983](#)

Feng Yujie asked in a low voice, "Little Scoundrel, you and Qilian seem to be able to condense more than ten pills at once, right?"

Chen Xiang smiled and nodded. "If she was also of the god's strength, and we cultivated together, she should have already cultivated the Alive Slain Method like she is now for many years. That's why she and I can condense a little more."

Feng Yujie did not understand much about these Spirit Orbs. Even Chen Xiang did not know much about them, but only Lv Qilian was familiar with this area, so she could roughly guess how many medicinal herbs the Spirit Orb could replicate.

"Mn, you and I both have the strength of gods, so before, we could only kiss each other to condense Spiritual Beads that could be quickly replicated with Divine Medicines. But now ... "The Spiritual Beads that we condense will be even better."

Chen Xiang took out a jade bowl, preparing to start copying the medicinal herb ...

"Forging Regeneration Dan requires four kinds of blue spirit pearls before each one can be replicated ... So to make a copy, I need to make eight blue spirit pearls. I wonder how many purple pearls are needed?" Feng Yujie was also looking forward to seeing that she had already cut out a portion of the Regeneration Dan's medicine and placed it into two bowls.

Chen Xiang nodded to Feng Yujie, indicating that Feng Yujie could put the pearl inside.

The purple spirit pearl was only the size of a rice grain. After both Feng Yujie and Chen Xiang had finished cultivating, it had congealed in Feng Yujie's mouth. When Feng Yujie looked at the spirit pearl that he and his beloved man had condensed for the first time, a sweet feeling arose in his heart.

She put a purple spirit pearl into the bowl. When the purple spirit pearl touched the water in the bowl, it instantly melted and turned into a deep purple color ...

After absorbing the violet water, the divine fruit quickly grew to the other half. Soon, two divine fruits appeared in the bowl ...

"The water hasn't cleared out yet. So you can continue copying it?" Chen Xiang said in surprise.

Feng Yujie picked up the two divine fruits and cut them apart before placing them into a bowl. In the end, there were only four of them ...

Just a purple bead could change a Zhongpin medicine. Chen Xiang and Feng Yujie were both very surprised because this already exceeded their expectations.

"That's great!" Feng Yujie happily kissed Chen Xiang's cheek. "Our ten purple pearls can turn into forty ..."

Chen Xiang laughed, "Let's cultivate double for two more days and we will be able to cultivate up to twenty more pills. Then, we will start to refine pills in the remaining time."

Feng Yujie nodded her head. Although her face was red, when she looked at Chen Xiang, it was filled with charm power.

In the past, Chen Xiang could completely suppress the temptation of Feng Yujie. However, after experiencing the Nine Heavens Goddess once, Chen Xiang realized that he had no way of resisting her. This also made Feng Yujie happily laugh at how she failed to seduce Chen Xiang previously.

In just two days, Feng Yujie had already condensed twenty purple pearls. She left ten of them for the reserve twenty to duplicate Regeneration Dan's medicinal ingredients.

"Sister Feng, are you still refining that divine jade pellet?" Chen Xiang asked. That divine jade pellet was a divine pellet that Feng Yujie had refined using the Original source refining for the first time, and its effects were not bad as well.

"Of course I won't sell it for now. I plan to take it out after the competition at Dan Hall ..." As long as she did not restrain the enticing power, Feng Yujie's clothes and her inherent charm would be added on top of the fact that she had already become Chen Xiang's woman.

Feng Yujie saw that Chen Xiang could not hold it in anymore. She laughed and retracted the strange seductive power that was on her body, then laughed: "First refine the pill, I wonder if it can be completed in a few days."

Chen Xiang secretly took a deep breath, hugged Feng Yujie and kissed her cheeks. "It's alright if we can't refine it.

Even if the two of them were to refine pills together in the secret chamber, they wouldn't find it dull and full of motivation ...

Chen Xiang and Feng Yujie could use the Original source refining to refine four batches of Regeneration Dan's per day! Two people would refine eight batches of Regeneration Dan's per day, and they had refined a total of fifty batches of pellets out of the pellet in six days

There were still two days until the disciples of other forces would head to Supreme Divine Palace. They were busy for a few days, so they needed to rest.

Feng Yujie hugged Chen Xiang. Seeing that Chen Xiang was a little tired, she used her jade hands to caress his chest gently.

"Undying from exhaustion." Chen Xiang faintly smiled, then lightly inhaled and relaxed his entire body. He began to rest. He needed to recover fully ...

The second day, Chen Xiang and Feng Yujie walked out of the secret room. When Shui Bingyan saw them, he hastily went over to greet them and passed them two cups of ice-cold water.

"This is the ice tea that I refined. It's very delicious! The big senior brother and the hall master both said it's very good!" Shui Bingyan said as he giggled.

Chen Xiang and Feng Yujie took the iced tea from her. Just as they were about to drink it, they felt a very refreshing and cool sensation, allowing them to drink it in one gulp.

"Her icy face is getting more and more powerful, and she can even make such delicious iced tea," Feng Yujie praised. This made Shui Bingyan feel extremely happy, as if he was a child being praised by an adult.

Chen Xiang laughed, "BingYan is too bored staying here these few days. Let's go, let's take you out for a walk."

Shui Bingyan had long wanted to look outside. Hearing Chen Xiang's words, he immediately cheered and jumped out of the courtyard while holding Feng Yujie's hand.

Yue'er flew into Chen Xiang's backpack and smiled sweetly, "The taste of the Nine Heavens Goddess is pretty good, right?"

Chen Xiang pressed his finger on her head, "Don't speak carelessly about this matter."

Yue'er stuck out her cute and petite tongue as she laughed, "Of course I won't speak carelessly. However, obtaining the Nine Heavens Goddess is one of the goals of those princes. After all, the Nine Heavens Goddess possesses the inheritance of the Nine Divine Kings ... Of course, other than that, there was the Nine Heaven World. I don't know about the specifics ...

Chen Xiang did not know about this matter. He and Feng Yujie only dual cultivated Alive Slain Method, but they did not cultivate. Other than that, he planned to give it a try.

At this time, the inside of the Supreme Divine Palace was relatively deserted because everyone had gathered in a city outside of the Supreme Divine Palace. The city was called Heroes Gathering Divine City and it was constructed quite grand and it was very close to the Supreme Divine Palace and it looked just like the Supreme Divine Palace.

This city was established to welcome the other disciples of the Super God Realm. In the future, this city would gather the commoners of some nearby villages ... This would be quite beneficial for the disciples of the Supreme Divine Palace. At least, it would be more convenient to purchase divine medicines and other things in the future.

Feng Yujie brought Shui Bingyan and walked in the front. Their clothes were all relatively simple, but their outstanding appearance caused quite a few men to look at them ...

There weren't many people in the city yet, but it could be seen that among the disciples of other forces were the disciples of the Purple Smoke Divine Mountain that Chen Xiang was more familiar with.

[Chapter 1984](#)

Chen Xiang and Feng Yujie were walking on the road, when they suddenly saw an old man in front of them who was waving to them. This old man was oldest Gu, he was standing in front of a five story tall building, Gu Lao Er and Gu Lao San were also there.

Chen Xiang quickly walked over, and saw that the first floor was empty. Most of the shops on the street were empty.

"Little demon, this is our tenth hall's shop, do you want to sell anything here? If we don't have anything to sell, we can transfer it to someone else and also get a share of the rent. The oldest Gu said.

On the way here, Feng Yujie had said that he wanted to find a shop to sell his Regeneration Dan, and it was a headache for him. He hadn't thought that the tenth hall would be allocated such a good shop once this Heroes Gathering Divine City was completed.

"Of course there is. We want to sell the Divine Pills and when we get the Shen Yuan stone, we will give you some!" Chen Xiang laughed: "We were just worrying about the matters of the shop!"

The oldest Gu laughed: "You youngsters sure are vigorous. It's almost time for the competition, and you can even get some divine pills for sale. We old bones can't anyway!"

Second Brother Gu said: "Being able to own such a shop is all thanks to the Hall Master. The Hall Master must have contributed greatly to the Supreme Divine Palace, which is why he obtained it! In all of Dan Hall, only our tenth hall can obtain it, and in the other halls, it seems like only ten of us can obtain it! "

Chen Xiang was puzzled and asked: "This Divine City is not small, and we also have a lot of shops, why are there so few shrines that are distributed among our Supreme Divine Palace s? Only about ten halls can be bought! "

The oldest Gu said: "Of course, after Supreme Divine Palace constructs this Divine City, he will have to spend a lot of effort to protect it in the future. Especially those few large Transmission array s, which consume a large amount of Shen Yuan stone every day! That's why our Supreme Divine Palace will rent out these stores. Our Supreme Divine Palace will have a certain share of it, so for the other halls, those who want to rent out shops to do business, they will have to depend on relationships to get it! "

Feng Yujie asked: "So you mean that the people from the other powers can also open shops here?"

oldest Gu nodded his head: "The reason we built this Divine City is to gather the elite disciples of all the powers in the Super God Realm, it is beneficial for the development of all the major powers, and the conditions are better in all aspects of the Supreme Divine Palace, so we choose to build here!"

Chen Xiang looked at the extremely wide street and asked: "To build such a wide street, is it to make it convenient for the big men of the Beast Divine Palace?"

The big figures of the Beast Divine Palace have many good things, and they do not know how to use them. When they were building the Divine City, hall master had already instructed that the big figures of the Beast Divine Palace must consider everything carefully!

Feng Yujie walked into the shop and exclaimed: "There are a total of ten stores, and each of them is so big with five floors above. If we were to rent this shop, we would probably receive quite a lot of Shen Yuan stone every month!"

"Of course, at least a million or so Shen Yuan stone s. If they were to develop in the future, thousands and thousands of Shen Yuan stone s a month would still be okay!" oldest Gu said, "You guys can take it

since you lack a shop. In any case, we brothers don't lack any Shen Yuan stone, so when you guys are tired, you guys can let us know and we'll transfer the shop out!"

"Tomorrow, the Transmission array will be completely stable, and at that time, the disciples of the other forces will also come here! Earlier on, in order to attract people from other forces to come here, the Transmission array was free! " Old Gu said.

Right now, the Transmission array was not completed yet, but there were already a lot of people, and they all came from different places. Although there were some disciples in the Supreme Divine Palace, they were not as many as in other places.

Chen Xiang asked: "Will the Large Competition also be held here?"

oldest Gu said, "It will be held here. The venue will be in the middle and it will be a large plaza. When the time comes, it will be a public competition.

Chen Xiang and Feng Yujie were not worried about all this. They had experienced many big things, and what they were more concerned about was how to quickly sell the Regeneration Dan in their hands.

Inside the shop, there was only one table. Feng Yujie called the Three Gu Brothers in and told them to shut the door.

Chen Xiang saw a sly glint flash across Feng Yujie's eyes and knew what she was planning.

"My three senior brothers, I know you've been very busy!" This shop is so big now, just Chen Xiang and I alone will find it difficult to manage it all at once, and we will need to open it tomorrow, so ... "

Hearing Feng Yujie say that, Three Gu Brothers immediately understood. oldest Gu laughed: If you need our help, just say it directly, you are our junior sister.

Shui Bingyan, who was at the side, laughed: "And me, I am also your junior sister!"

"Right, right. You two are our little junior sisters now!" oldest Gu laughed: "Isn't it just opening tomorrow? Today, we will help you arrange everything here. This small matter is not difficult for us! "

Feng Yujie took out a jade tablet and chuckled: "Then this little sister will first thank the three senior brothers. This is the Regeneration Dan's pill formula, I will gift it to you guys.

Three Gu Brothers obviously knew the value of Regeneration Dan, this was a pretty good Zhongpin Dan, seeing that Feng Yujie wanted to give this to them, they all refused.

"That won't do, we don't have anything good to return the gesture, we can't take it! If the hall master finds out, he'll teach us too. " oldest Gu hurriedly shook his head.

Second Brother Gu said: "Junior Sister, please don't be so formal, aren't we just helping you out with a small favor? Was there a need to be so polite? "Hurry and take it back!"

Chen Xiang laughed: "I won't hide it from the three senior brothers, this Regeneration Dan is no longer of much value in our eyes, so I can gift it to you, and we do not just ask you to help us arrange this place well, there are other hard work for you all!"

Feng Yujie nodded his head, and said with a smile: "Chen Xiang and I have been busy refining Regeneration Dan, and now there are more than three hundred of them! Those two guys who came together are our biggest competitors! They must have been preparing for this for a long time, not long ago they even made a loss selling their Regeneration Dan s to increase their fame, so I want to have the three senior brothers help us advertise our Regeneration Dan s, when the time comes, I want to let everyone know that the Regeneration Dan s we are selling here are cheaper than those two guys, and better than theirs! "

Three Gu Brothers was frightened quite badly. They had collected more than three hundred Regeneration Dan, and just thinking about it made them frightened. Because of the information they had gathered, even the two of them here only had sixty to seventy Regeneration Dan!

[Chapter 1985](#)

Chen Xiang and Feng Yujie still had a lot of Regeneration Dan s' medicinal ingredients in their hands. However, due to time constraints, they did not manage to refine them in time.

Right now, they were certain that the currency used by the Super God Realm and those Divine Nations were the Shen Yuan stone and their target in the future was the nine great Divine Nations. Therefore, they had to take advantage of this situation to store a few more Shen Yuan stone, not to mention that they needed to gather a large amount of divine medicine.

The oldest Gu said, "This is a big matter. If we do not inform the hall master about this matter and prevent him from participating, he will definitely scold us. I will call him over right now."

Just as oldest Gu finished speaking, Gu Lao Er smiled and said: "I had already used a sound transmission jade to notify him. This is a huge matter in our tenth hall, of course hall master would not be missing."

Old Gu smiled, "The members of the tenth hall are all here, we're only missing one Hall Master. It's about time to gather. After all, our tenth hall has three new young men."

oldest Gu patted Chen Xiang's shoulders and laughed: "It's all thanks to this kid."

Shui Bingyan said guiltily: "My fellow Senior Brothers and Sisters, I do not know how to refine pills, I only know how to make iced tea."

Shui Bingyan brought out the ice tea that she had just made, one for each person. She still had a large pot in her hands.

"It's fine, we'll be fine. Our tenth hall hasn't had youngsters like you for so many years. How good is it now?" He was the eldest senior brother, and was very concerned with Chen Xiang and the others, he was just like a younger brother and sister to him.

Luo Tianjun came and saw that Three Gu Brothers and the others were chatting and laughing, drinking that delicious iced tea, and scolded him the moment he entered the door, "You bunch of brats, you've been gathering for so long, only now did you notify me."

The moment Luo Tianjun walked in, Shui Bingyan immediately gave him a cup of ice tea. was extremely fond of this foolish girl, Shui Bingyan.

Feng Yujie immediately chattered on about his plan to Luo Tianjun.

After Luo Tianjun finished listening, he sighed with emotion, "You youngsters are even more powerful than us old bones. A while ago, this brat helped Old Zhu complete a very dangerous mission, and now, you, as a little girl, have tossed out a few hundred Regeneration Dan s."

Chen Xiang laughed: "All of these were forced out, Sister Feng was previously provoked by those two little imps, so she decided to retaliate."

Luo Tianjun stroked his mustache and nodded: "That's right, the two fellows from before were selling their Regeneration Dan s at a low price. Now I want to take them back, but I can't let them succeed in the first place, hehe, now is a good opportunity, so you guys can arrange everything properly here and leave the matter of the promotions to me. It's really been many years since I travelled and have also accumulated a lot of connections, I can guarantee that you guys will have a good start tomorrow."

Although Chen Xiang and Feng Yujie were happy when they heard it, they also felt a lot of pressure. If business were to be good, they would need to provide enough Regeneration Dan.

"Hall Master, we will sell only a hundred pills on the first day. After that, we will provide fifty pills a day until there is no more." Feng Yujie said: "If there are too many people, we can sell them all in one day."

Luo Tianjun said: "Sure, as long as you don't let the Regeneration Dan of those two sell."

Feng Yujie took out a few Regeneration Dan s and handed them over to Luo Tianjun and Three Gu Brothers, saying, "Take a look at the quality of these Regeneration Dan, and compare them with the quality of the ones in one room."

"Very good, the quality is good, and it looks fresh. It was just made not long ago, right? The two Regeneration Dan in the hall have been stored for a long time, and their quality has dropped a lot. They are definitely not as good as you two, even if they aren't concocting pills, you can tell at a glance." The oldest Gu praised.

In this place, only Luo Tianjun knew about Chen Xiang and Feng Yujie's background, so he was not surprised at all with these Regeneration Dan.

Chen Xiang took a jade tablet from Feng Yujie, and said: "Hall Master, Senior Brothers, this is the Regeneration Dan's pill formula, Sister Feng has already passed it down to me, now that you have helped us, I will give it to you."

Luo Tianjun originally did not want it, but since Chen Xiang and Feng Yujie had forcefully given it to him, he could only accept it and give it to Three Gu Brothers as well.

"Brat, if you need help, you can also go to Olde Iron Cock. This guy probably doesn't have anything to do right now, so he'll definitely help you guys enthusiastically." Luo Tianjun said.

"Who is the Olde Iron Cock?" Feng Yujie thought about it, she and Chen Xiang did not know each other.

"He's that old man from the Supreme Hall. We all call him Olde Iron Cock, but you can't call him that in front of everyone. It's very rude." Luo Tianjun laughed out loud: "He should be hosting the construction of the Transmission array at the plaza right now, you can take a walk, as for the arrangement here, leave it to the three of them, you can go and play as much as you want."

The old man from the Supreme Hall was extremely powerful, but his nickname was actually the Olde Iron Cock, which made it difficult for Chen Xiang and Chen Xiang to understand him.

When Luo Tianjun left the shop, Three Gu Brothers also split up and moved. Chen Xiang and Feng Yujie brought Shui Bingyan and walked towards the large plaza in the middle.

Yue Er stuck her head out from her backpack and said excitedly: "The Transmission array is completed. It will be more convenient for me to return to the Supreme Divine Palace in the future. At that time, I can introduce some of my friends to me."

After Shui Bingyan heard this, he asked: "Yue'er, is your friend a little kitten?"

Yue'er shook her head. "No, there are birds, little eagles, little tigers, and little snakes. When the time comes, I'll see if I can contact them."

Chen Xiang also thought that Yue'er's friends were all cats. He didn't expect that her relationship with them was so broad.

When they reached the plaza, they quickly found the Olde Iron Cock. He was pointing at a few elderly men as he adjusted the Transmission array.

What made Chen Xiang startled was that he saw Xie Ao holding onto a black sword. Xie Ao stood at the side of the plaza coldly, as if he was waiting for something.

"Sister Feng, bring Bingyan to talk with Senior Olde Iron Cock. I'll go take a look at what's going on with Xie Ao." Chen Xiang sent a sound transmission to Feng Yujie before walking to the other side of the large plaza, where Xie Ao stood.

Xie Ao had already seen Chen Xiang, so he nodded towards him. Chen Xiang had saved him before, and was even Qi Shi's friend.

"Senior Xie, what are you doing here?" Chen Xiang asked in a low voice.

"Wait for the bandits in Purple Smoke Divine Mountain. Once they appear, I will let them stain this place in blood. I just had a breakthrough, I can use them to train." Xie Ao spoke very casually, as if he was just chatting normally. In his eyes, killing the Purple Smoke Divine Mountain gods was like lifting his hand.

Chen Xiang's eyebrows twitched, once Xie Ao broke through, his killing intent was this strong. He laughed: "Senior, this is not good, tomorrow is a good day for all the major powers to gather here, you are here to kill someone?"

Xie Ao said indifferently: "Don't be afraid, who asked them to steal me, the disciples of our Supreme Divine Palace were robbed, it is only natural to kill them back, don't worry, tomorrow, there will be a person with full prestige supporting me in the Supreme Divine Palace, I have already investigated, those bandits' reputations are terrible, tomorrow I will expose them for sure."

Chen Xiang also wished for those bandits to die, these bandits were plotting against him, and they also did a lot of heartless things in the Divine Medicinal Treasure Land. They deserved to die, if he had Supreme Divine Palace's support, Chen Xiang would be happy to see it.

[Chapter 1986](#)

Xie Ao had already hinted at Chen Xiang that he had a very strong backer in the Supreme Divine Palace. Regarding this matter, Zhan Xi did not know, but he had thought that Xie Ao was just a small fry in the Boxing Hall.

Chen Xiang understood that the Boxing Hall belonged to one of the Divine Nations's factions and the elders in charge of the Boxing Hall and the Sword Hall were all working hard for the Divine Nations. Xie Ao was now with the Boxing Hall, so could his backer be an elder of the Boxing Hall? And how did he build a good relationship with that elder? Chen Xiang was very curious, but he did not ask.

"They may not come until tomorrow!" Chen Xiang said: "Tomorrow, our tenth hall's shop will open. If I have time tomorrow, I will come and take a look!"

He already knew about his real appearance. Because he had killed Zhan Xi and one of the Purple Smoke Divine Mountain's disciples, he did not want to meet with the Purple Smoke Divine Mountain's disciple again. He was worried that something might leak out.

Of course, he was very happy that these bandits had gotten rid of him, because they had planned to capture him and force him to hand over the God Murdering Sword Techniques and the Heavenly Alchemy! And the one who ordered them to do so, was an elder of the Purple Smoke Divine Mountain!

Xie Ao said: "Furthermore, I have heard news that they will be here tonight. If nothing unexpected happens, it should be like this.

Xie Ao had just seen Chen Xiang and Feng Yujie come together, he had met Feng Yujie before, but that was a long time ago.

Feng Yujie was currently chatting and laughing with the Olde Iron Cock, causing him to be secretly surprised. Xie Ao had been in the Supreme Divine Palace for a very long time, so he knew the character of the Olde Iron Cock. He was a petty and black-hearted person, and he very rarely talked or laughed with disciples, unless it was to trade with him.

Chen Xiang said: "Then I will come back later, I still have some matters to attend to, I will be leaving first, goodbye!"

Xie Ao nodded towards Chen Xiang, and then watched Chen Xiang walk towards the Olde Iron Cock.

"Elder, when will this Transmission array be completed?" Chen Xiang wanted to confirm if what Xie Ao said was true. The Purple Smoke Divine Mountain's God of Heaven would come tonight.

"We can build it before nightfall. Where do you want to go?" The Olde Iron Cock laughed. Chen Xiang had given him a Dao heart stone, there was no need to talk about him giving it to Chen Xiang and Feng Yujie.

Feng Yujie laughed: "The elder already knows that we are opening a shop, he said that he will help us spread the news, and he will even send people to help us decorate the shop."

Chen Xiang immediately replied gratefully, "Thank you elder for your help!"

"There's no need to stand on ceremony!" When Olde Iron Cock received the Dao heart stone that Chen Xiang gifted to him, he did not speak carelessly about it, as it would bring Chen Xiang trouble.

Just as Olde Iron Cock finished speaking, a gust of cool wind suddenly blew over. Chen Xiang was immediately startled, he was extremely familiar with this gust of wind, it was that Xiao Changle!

Xiao Changle was the hall master of the Six Realms Divine Palace, so both Feng Yujie and Luo Tianjun knew this Xiao Changle. The last time Xiao Changle had said that he would come to the Supreme Divine Palace, he hadn't even finished constructing the Transmission array before he had arrived.

"It's this guy!" I never thought that he would actually come. I even thought that Hallmaster was joking! " Olde Iron Cock looked in a direction as he muttered to himself. It seems like he knew of this Xiao Changle as well.

Feng Yujie sent a sound transmission to Chen Xiang, "Has Xiao Changle come? Although many years have passed, this aura is extremely familiar! "

Xiao Changle was a disciple that was specially groomed by the Nine Divine Kings, so Xiao Changle recognised him.

"It's this guy. He is the hall master of the Six Realms Divine Palace, but he always appears and disappears, without a trace of an expert's demeanor." Chen Xiang complained: "Last time, this guy scared me like a ghost!"

Feng Yujie and Chen Xiang returned to the shop. Shui Bingyan held Feng Yujie's arm and looked in one direction. In that direction, there was also the direction Olde Iron Cock had just been looking.

"BingYan, what are you looking at?" Feng Yujie had already guessed that Shui Bingyan was there, but she still wanted to confirm.

"There's a very strong guy over there, but he doesn't have any ill intentions towards us, so we don't need to be afraid of him!" Shui Bingyan blinked his eyes and then did not take this matter to heart anymore.

Feng Yujie laughed tenderly: "Chen Xiang, if this Xiao Changle knows that I have already become your woman, he might be jealous, so you better be prepared!"

Chen Xiang was a little shocked: "This guy has pursued you before?"

Feng Yujie stuck out her tongue, pouted her lips, and said: "Look at your reaction, it's as though I don't have anyone chasing after you! You must know that I am the goddess of the nine heavens, and there are many men who wish to obtain me! "

Chen Xiang laughed: "So what, in the end, you're still not mine? Let them go to hell! "

Feng Yujie curled his lips: "Many of those fellows are very strong. It's not easy for you to get them to go to hell. For example, this Xiao Changle, is now the hall master of the Six Realms Divine Palace!"

Shui Bingyan asked: "Elder Brother Shen, the Xiao Changle you are talking about, is he him?" As she said that, she opened her jade palm, and a pool of water appeared in her palm. The lump of water quickly turned into a small person, with long hair fluttering in the wind, elegant demeanor, and a flute in hand. It was the extremely handsome Xiao Changle!

"It's this guy!" Chen Xiang laughed: "Bing Yan, you're really amazing. You've already seen him?"

"Yes, there is water vapor that people can't see at all times. Through this water vapor, I can see everything around me." Shui Bingyan nodded.

She was a Dao spirit and had naturally mastered the Laws of Ice and Water!

"Elder Brother Shen, are you going to deal with this guy? If he bullies you, I'll help you beat him up!" Shui Bingyan replied: "I can beat him."

That was why Shui Bingyan said this when she heard Chen Xiang and Feng Yujie's conversation. It was because she heard from Chen Xiang that Chen Xiang had a powerful enemy!

This allowed Chen Xiang and Feng Yujie to have a new understanding of Shui Bingyan's strength.

"About this, we don't need it for now!" He is not my enemy! " Chen Xiang caressed her jade face and laughed: "BingYan, you have great strength, do not recklessly kill innocent people. I think you should be able to tell that those are bad guys and good people."

Shui Bingyan immediately said: "I can tell, Elder Brother Shen is a good person!"

Chen Xiang nodded with satisfaction and laughed: "Not bad!"

Feng Yujie shook his head. Chen Xiang was a good person, but sometimes he was like a demon.

As they were on their way back to the shop, they met Luo Tianjun, who seemed to be looking for them.

"It's great that we met you! Then Xiao Changle is here, let's go see him. I haven't seen him for a while. " Luo Tianjun laughed.

[Chapter 1987](#)

Feng Yujie suddenly held onto Chen Xiang's hand tightly. It was obvious that she was nervous.

Chen Xiang asked through sound transmission, "What are you worried about?"

Feng Yujie shook her head, she did not reply, but merely followed behind Luo Tianjun thoughtfully. Chen Xiang guessed that she was worried about meeting Xiao Changle, since she was the one who had been pursued by Xiao Changle before.

"There's nothing to be afraid of!" Chen Xiang laughed and sent a sound transmission to Feng Yujie: "Sister Feng, he should have had the same strength as you back then, is he much stronger than you now?"

Feng Yujie replied, "Of course not, he was already much stronger than me back then. Back then, I was still very young, and I was created by the Nine Divine Kings for only over twenty years.

Chen Xiang laughed: "At that time, he was just like a god, and now he has yet to breakthrough to the Supreme God Realm, isn't that a little weak?"

Feng Yujie shook his head: "It's not easy for him to breakthrough to Super God Realm. For him to be able to reach his current level, it's already considered very impressive. Of course, you are an exception! "

Luo Tianjun seemed to be in a hurry to see Xiao Changle, so he increased his pace along the way!

Xiao Changle had just appeared in the plaza earlier, but the direction that Luo Tianjun was heading towards was the forest outside of Supreme Divine Palace. Chen Xiang remembered that it was a forbidden area, and there was even a very powerful barrier enveloping it, making it difficult to enter even if he wanted to.

When Luo Tianjun arrived at the forest, he suddenly stopped in his tracks. Chen Xiang and Feng Yujie also stopped, because they knew that there was a barrier in front of them!

On the other hand, Shui Bingyan was skipping and chasing after a beautiful butterfly, and when she arrived outside the barrier, she saw beautiful flowers inside, so she flew over by herself!

Chen Xiang and Feng Yujie were about to call for her to stop, but she had unexpectedly passed through the barrier and arrived beside the red flower.

Seeing that, Luo Tianjun turned pale, and stood there in a daze!

"Brat, just what is the background of this girl BingYan!" It was only now that Luo Tianjun realized that he had been mistaken for so many days. Shui Bingyan had casually passed through this barrier without being discovered, and this kind of strength was extremely terrifying. He could not imagine how such a naive and innocent woman could actually possess this kind of terrifying strength.

"Well... Didn't I help Elder Zhu find the Dao heart stone a while ago? I took her out of there!" Chen Xiang said in a low voice.

Luo Tianjun took out an array disc, and only then could he open a hole for them to go in!

Feng Yujie anxiously pulled Shui Bingyan, worried that she would barge through some more array formation, and if she encountered some more killing array formations, it might cause some unnecessary trouble.

"Pavilion master, where is this place? Then why did Xiao Changle come here?" Chen Xiang looked around. All he could see were ancient evergreen trees, birds chirping and the fragrance of flowers. It was a little different from the Supreme Divine Palace and that Heroes Gathering Divine City.

"This is the residence of the hall master of our Supreme Divine Palace, and is also the place where our elders normally meet the hall master to discuss things. There are many precious things stored here, that's why there's such a powerful barrier, but just now, this girl, BingYan ..." Luo Tianjun said in a low voice: "I will help all of you hide things related to the ice face. In the future, I need to be more careful."

Following Luo Tianjun, Chen Xiang and the others arrived at a manor. In the courtyard, two young people and an old man sat on a stone table.

One of the young men was Xiao Changle who was dressed very carefully. He had long hair and was dressed very neatly.

The other young man wore a plain black robe, had short hair, and a body that also looked relatively small. However, he gave off a sharp and powerful feeling, his eyes were like a hawk's, and the moment he looked over, he made Chen Xiang, Feng Yujie and the others tremble.

This short-haired man should be the Supreme Divine Palace's Palace Master.

"It's actually him!" Feng Yujie sent a sound transmission to Chen Xiang: "I also know this person, and he is a young man that Nine Divine Kings had guided in the past. It seems like I was able to easily enter the Supreme Divine Palace with his assistance in the dark! His name is Mu Chen, and he has mastered the laws of lightning! "

"Old Luo, you're really a great person from the tenth hall!" Mu Chen laughed, his voice resonating loudly.

When Feng Yujie and Chen Xiang walked closer, Xiao Changle suddenly frowned, and then, he said in shock, "You are ... Little Jie? "

Mu Chen laughed: "It's that little girl, she has been in Supreme Divine Palace for a while."

Seeing Feng Yujie holding onto Chen Xiang's hand, Xiao Changle seemed to have understood something, but his reaction was not as worried as Feng Yujie's. He only smiled faintly: "I had thought that I would never see you again!"

Feng Yujie sighed, "I'm also surprised to be able to see you all again! Back then Nine Divine Kings did not see the wrong person, you have done a lot of good things now. "

Mu Chen laughed out loud: "That's of course. Back in the days, Nine Divine Kings gave us so much effort to cultivate us. How could we fail to live up to his expectations?"

At this time, Yi Bidong also came, he was quite familiar with Xiao Changle and Mu Chen.

"What we're going to say next is more important. This cat and this girl ..." Zhu Xiangyuan looked at Yue'er, and Yue'er looked at him as well.

"It's you!" Zhu Xiangyuan was shocked, her powerful body trembled.

"Why are you so excited? Didn't you see this cat last time? " Luo Tianjun immediately felt it was strange.

Zhu Xiangyuan looked very excited at the moment, and this made both Xiao Changle and Mu Chen very interested. To be able to make Mu Chen this excited, it was obvious that there was some kind of story.

Yue'er also thought it was strange. She mewed twice, but she did not recognize Zhu Xiangyuan.

"Star and crescent beast... I'm not mistaken! " Zhu Xiangyuan said.

"Meow!" Yue'er cried out and even stuck out her tongue.

"The Star and crescent beast is not bad, what's so strange about it? He doesn't seem to know you! " Luo Tianjun said.

Xiao Changle, Mu Chen and Yi Bidong had long since figured out that Yue'er was a Star and crescent beast.

"Last time I went to your tenth hall, that kitten was carried by this girl, so I didn't see its wings, but I saw it just now!" Zhu Xiangyuan said: "It's a white cat with wings, I definitely won't recognize it wrongly. The last time I went to look for the Dao heart stone, it was this kitten that saved me!"

"Meow?" Yue'er also thought it was strange, how could she have saved Zhu Xiangyuan? "You must have remembered wrongly, in my memory, I didn't save you!"

"Their voices are the same, why is that impossible?" Zhu Xiangyuan was even more certain that Yue'er had saved him.

Chen Xiang carried Yue'er out from the backpack and asked: "Inside your Star Moon Divine Race, is there any cat with the same exact appearance and voice as yours?"

Yue'er shook her head, broke free from Chen Xiang's embrace and flew to Shui Bingyan: "No, I'm a pure white cat. Although there are some white cats in the Star Moon Divine Race, they're not really big, but their wings have different colors or their eyeballs are different from mine! Of course, most of them could take human form. Furthermore, it's not like you don't know my strength. Other than escaping, it's not impossible for me. "

[Chapter 1988](#)

This caused Chen Xiang to recall Huang Jintian's situation. Huang Jintian had lived for many years, but he had forgotten what happened many years ago.

"I am absolutely sure. The cat that saved me back then was you!" Zhu Xiangyuan said with certainty: "Could you have lost that memory?"

Yue'er was also very suspicious. She firmly believed that she had not lost any of her memories before she asked Zhu Xiangyuan about the time she saved him.

After Zhu Xiangyuan told her the exact time, Yue'er shook her head and said, "I was indeed born a long time ago the time you mentioned, but I have all the memories I have before this, so it is impossible that it isn't just this period of time! Tell me, how did I save you? "

Zhu Xiangyuan pondered for a while, then said: "At that time, I was just about to be entangled by a bark-covered guy with tree vines, at that time I would already be severely injured. But at that moment, you suddenly appeared and released a white light from your body, making the vines that the Bark Man released retract. Then, you brought me with you in a fast spatial teleportation, taking me far away from that dangerous place! "

"Although I was heavily injured at that time, I was very clear-headed. I definitely remember it!"

Yue Er ran back into Chen Xiang's backpack, but she did not say anything. It was obvious that she was confused by Zhu Xiangyuan suddenly telling her all these things, as she needed to calm down and think about it carefully.

"Let's get down to business. Give Yue Er some time, she still doesn't understand what's going on!" Feng Yujie said.

He was extremely grateful towards Yue'er. After all, his life had been saved by Yue'er.

As the hall master of the Supreme Divine Palace, Mu Chen suddenly realised that he was not very clear about the disciples that he had just joined. He and Xiao Changle seemed to have discovered that Shui Bingyan was a little strange, but they could not really ask him any questions.

"Elder Zhu, what important matter did you just say?" He and Feng Yujie were brought here by Luo Tianjun, so they definitely did not come to see Xiao Changle.

Mu Chen said: "Tell me about our current situation! Bai Dong went to visit the Divine Nations, you should already know about it by now! "

Chen Xiang and Feng Yujie nodded their heads. Mu Chen continued to speak, "There are a lot of things that needs to be resolved on Divine Nations's side, but because of the great changes that have occurred in Nine Heaven World, they have no choice but to draw out some of their power to deal with them!"

"Soon, Nine Heaven World will swallow this Super God Realm! Once the Super God Realm is annexed, even if the nine great Divine Nations joined forces, they would still be unable to shake it, and they could only use bloody methods to take over the Nine Heaven World! " Mu Chen's face was filled with reverence when he talked about the Nine Heaven World, because the Nine Heaven World was a creation of the Nine Divine Kings.

Xiao Changle looked at Feng Yujie, and said indifferently: "Xiao Jie, you're the Nine Heavens Goddess. You should know what to do when the time comes, right?"

Feng Yujie slightly lowered her head, as if she was recalling something. She was also very surprised at this moment, because she never thought that such a thing would happen. The speed at which the Nine Heaven World grew was so fast that it was hard for her to believe.

Chen Xiang said: "So that means that Gods Realm has already been swallowed?"

Mu Chen nodded: "It has already been swallowed. The speed at which the Nine Heaven World grows can be described as crazy!"

The Gods Realm was no longer here, he had already become a Nine Heaven World, and the Nine Heaven World was still growing stronger and stronger. Once he absorbed the Super God Realm, he would be able to go and find Lv Qilian and the others anytime in the future.

Back then, he had a good foundation in both the Nine Heaven World and Gods Realm. If he was not suppressed by the Nine Gods Nation, after a period of development, he would definitely become a strong power.

What he was worried about right now was that the nine Divine Nations s, in order to control the Nine Heaven World, would slaughter all of the disobedient forces in the Nine Heaven World!

"At present, in Super God Realm, Beast Divine Palace, Six Realms Divine Palace and Supreme Divine Palace are the three strongest forces! Of course, the Nine Gods Nation is many times stronger than us, it's just that they don't want to come out on the surface. Their current plan is to control the Supreme Divine Palace and the other Six Realms Divine Palace, to use that to rope in the big and small forces of the Nine Heaven World! " Mu Chen continued to speak: "If Nine Gods Nation really wants to do this, there's nothing we can do about it. After all, Nine Gods Nation is very strong!"

Feng Yujie sighed: "In that case, the Nine Gods Nation wants the Six Realms Divine Palace and the Six Realms Divine Palace to control the Nine Heaven World, so that they, the Nine Gods Nation, do not have to appear, and can directly control the Nine Heaven World, so that they can peacefully continue doing their work!"

Xiao Changle laughed helplessly: "That's right, and at that time in the Large Competition, someone from the Nine Gods Nation will come! But I heard that when the time comes, they might even drag down the Beast Divine Palace! "

Yue'er, who was hiding in the rucksack, stuck her head out and said, "Impossible, Beast Divine Palace is different from you two! Because the ones leading the Beast Divine Palace are the Four Great Divine Beasts! It's not like you don't know that the Four Divine Beasts clan was very supportive of the Nine Divine Kings, it was he who saved them! "

"Moreover, the Four Divine Beasts clan hates the Nine Gods Nation very much. They would never listen to his orders."

Mu Chen shook his head and said, "If it was in the past, that would be the case. You are a Star and crescent beast, you should be a member of the Star Moon Divine Race! Your god race is very strong, but looking at the current situation, Beast Divine Palace's strongest power should be the Divine Lion Race! "

"At that time, the other three God Beast Clans would definitely choose to endure or even compromise in order to avoid conflict with the Divine Lion Race! If the old Beast King was here in the past, the four God Beast Clans definitely wouldn't be like this! Your four great God Beast Clans are all lacking a powerful Emperor, so right now, you are just a piece of loose sand, and you are even afraid that something bad might happen! "

Yue'er did not say anything more, because she knew a little about this. Especially the Divine Lion Race;

"Your Beast Divine Palace can still guarantee good order right now, but that is because the four God Beast Clans that are in charge of your Beast Divine Palace do not wish to cause chaos. However, if they were to face the Nine Gods Nation's threat, it is very likely that they would compromise. After all, the leaders of the Four Divine Beasts clan only want peace and stability. Xiao Changle said.

So it turns out that none of the four great beasts had any beast emperors, this made Chen Xiang feel extremely worried.

"No, our Beast Divine Palace still has the All-beast Divine Lord. If something really happens, the All-beast Divine Lord will wake up, and under the All-beast Divine Lord's leadership, at most, they will have to fight another battle with the Nine Gods Nation. The Nine Gods Nation must have something very important on their minds right now, let's see if they dare to start a war with the All-beast Divine Lord!" Yue Er's eyes were filled with determination, it seemed like All-beast Divine Lord could revive at any time.

Xiao Changle and Mu Chen both sighed slightly. They admired Yue'er's resolute heart, but they still sighed.

"Divine Lion Race has already taken over Beast Divine Palace, and Divine Lion Race has already secretly made a deal with Nine Gods Nation. It can be said that Beast Divine Palace is more or less under Nine Gods Nation's control. As long as the other three clans do not resist at that time, the Beast Divine Palace will definitely take action against the Nine Heaven World. Mu Chen sighed.

[Chapter 1989](#)

In the face of such a situation, Chen Xiang felt a lot of pressure, because in this situation, it would be best for the Nine Divine Kings to come out! And the Nine Divine Kings needed his help to get out of the Ninefold Space, he needed to find another Four Symbols Divine Weapons!

At that time, the Nine Heaven World will be affected by the power of the Nine Gods Nation! Furthermore, right now the Nine Heaven World has already merged with the Gods Realm, there are already many shrines in the Gods Realm that are loyal to the Nine Gods Nation! That's why the Nine Gods Nation can smoothly take over the position of Nine Heaven World. Perhaps, the three of us don't even need to do anything. " Luo Tianjun said.

Yi Bidong shook his head: "It's hard to say. What if the Nine Heaven World's original power is also extremely terrifying and can go toe to toe with the Gods Realm's Divine Palace?"

Zhu Xiangyuan asked: "You have never tried to understand these things? When did Nine Heaven World take over the Gods Realm? "

"It started three days ago. At present, we don't even know much about the powers above Nine Heaven World. After all, there is still a space between them, so it's not good for us to get to know each other!" Mu Chen said: "The ones who understand Nine Heaven World the best should be the two of them!"

Mu Chen looked towards Chen Xiang and Feng Yujie.

Chen Xiang spread out his hands and said: "I have left the Nine Heaven World for a long time. When I left the Nine Heaven World, its power was rather weak, but with how fast the Nine Heaven World has grown, the cultivators above must have also improved by leaps and bounds! So I'm not sure about the specifics. "

At that time, Huang Jintian said that he had calculated out a great matter which was related to him. This great matter was related to the future operations of the world, and his comrades were also related to Chen Xiang!

Huang Jintian's Heaven extended method had always been calculated correctly, and at that time, Huang Jintian said that something big had happened during the Large Competition. Right now, there was still a lot of time until the Large Competition, and there was still about a month or so left.

In other words, there was still one more important matter that was about to happen when the various great powers of Super God Realm were holding the Large Competition!

"I came to find you guys to say this because I want to let you guys prepare yourselves, because I don't know when Nine Heaven World will swallow this place up! If it is swallowed, then you will be in danger. " Mu Chen said.

Feng Yujie and Chen Xiang nodded, they had received the news in advance and were prepared for it. Although they were weak, they would not sit still and wait for death.

"BingYan, we're going back!" Feng Yujie walked to Shui Bingyan's side and lightly patted her shoulder. Shui Bingyan had just been watching the flowers and chasing after the butterflies and birds. Even though she had heard the conversation, she did not care.

Feng Yujie held onto Shui Bingyan's delicate hand, worried that she would be discovered by Mu Chen and Xiao Changle when she broke through the barrier.

It was only noon when they returned to the Supreme Divine Palace. They had originally planned to take a walk in the Heroes Gathering Divine City, but after knowing about the matters there, they were no longer in the mood.

"Don't worry about Qilian and the others. If Nine Heaven World and Gods Realm are fused together, Little Jiu will definitely bring them to my previous dragon vein. That place is the safest place, Little Jiu will know how to enter!" Feng Yujie said.

The dragon vein that Feng Yujie was talking about, was inside that divine tomb, which was also the birthplace of Chen Xiang. His father and the rest of his clansmen were all there to guard the tomb.

"I wonder what will happen then. My master told me that during the start of the Large Competition, something big will happen." Chen Xiang told Feng Yujie about Huang Jintian's situation.

"Your master is incredible indeed, to have such a background. If he can get through the great tribulation, not only can he recover his memories, he might even be able to recover his strength back then. I just don't know when he will begin to experience the great tribulation!" Feng Yujie said: "And Qi Shi, I wonder how he is doing now!"

When she mentioned Qi Shi, Yue'er suddenly became agitated: "And this guy, I almost forgot! He was one of the Prince Divine Lions back then, and had died in that great battle. If he had not died at that time, he would have been the Lion King of the Divine Lion Race, and might have become the new Lion King! Now that he is in the Lion Emperor's Tomb, if he is able to obtain the inheritance of the Lion Emperor, it is very likely that he is the new emperor of the Divine Lion Race! "

Feng Yujie said: "It's best if everything goes smoothly, but we have to prepare for the worst. If something really happens, and the Nine Gods Nation really wants to take action against us, we'll escape!"

"The Nine Gods Nation has spoken the truth. There is nowhere for us to run to." Yue Er sighed.

"No, we can escape to the Nine Heaven Devil Palace, there will be the Ninefold Space, as long as we hide there, we will be safe for the time being!" Feng Yujie laughed: "Of course, this is the worst case scenario, we can't enter that place without a choice, if not we won't know when we'll be able to leave!"

The nine mighty Celestial Kings had entered, but were still unable to leave. Naturally, they were the safest ones inside, making others feel as though they had died long ago.

"The Gods Realm is in a mess now. The Divine Prison was breached, and now that the Nine Heaven World has fused together, you can imagine how terrifying that place is!" Feng Yujie shook his head and sighed: "I hope that Qilian and the others can avoid these disputes."

Shui Bingyan suddenly said: "If we don't have anywhere to go, we can go to the place where I was born. That place should be very safe! As long as I bring you in, nothing will happen. I have an ice palace under that ocean, and it's very beautiful, but it's not fun at all, and it's also very boring. "

The gathering place of the Dao spirits was indeed an extremely terrifying place. The powerful subordinates of the Prince Divine Lions were all killed by Shui Bingyan in one move.

Not long after Chen Xiang and his group returned, Luo Tianjun arrived.

"Brat, teacher told me, did you have any conflicts with Prince Divine Lions?" Luo Tianjun and Olde Iron Cock came together with a serious expression.

"What's wrong?" Chen Xiang was a little surprised.

"The Prince Divine Lions is here, he asked for you by name, saying that one of his Silver lion died, and it might be related to you. He wanted to ask you about it!" The Olde Iron Cock said.

The Olde Iron Cock knew that Chen Xiang had been to the Beast Divine Palace before. When Chen Xiang had accepted that mission, it could be said that he had friends in the Beast Divine Palace, and that the friend was Yue'er! So when Prince Divine Lions said that the death of the Silver lion was related to Chen Xiang, he secretly felt that it was Chen Xiang who did it.

"It has nothing to do with me, I don't want to see him! To tell you the truth, when Prince Divine Lions sent his Silver lion to kill me, I escaped with my life, but I don't know what happened to him afterwards! Right, he should be following me into the place that's looking for Dao heart stone. Forget about the Silver lion, even Elder Zhu almost died inside, so I am not surprised that it died. " Chen Xiang spread out his hands. Although he said this, it made Olde Iron Cock and Luo Tianjun feel even more that he felt the same way.

Luo Tianjun subconsciously looked at Shui Bingyan. He had experienced Shui Bingyan's power before, now he was certain that the death of that Silver lion was related to Chen Xiang!

"This Prince Divine Lions is going too far, they actually sent people to kill you! Since that's the case, we can't be nice to him either. Olde Iron Cock wants to leave, but he actually wants to kill this brat. Luo Tianjun was truly angry.

[Chapter 1990](#)

Right now, Chen Xiang just could not beat Prince Divine Lions, otherwise, he would have gone to Prince Divine Lions long ago to settle the score with him, and would want to capture him for no reason at all! Now that the Prince Divine Lions had come to the Supreme Divine Palace, with Luo Tianjun and the Olde Iron Cock supporting him from behind, Chen Xiang was very touched! Neither of them were afraid because of the powerful backgrounds of the Prince Divine Lions!

"Let's go!" Luo Tianjun rolled up his sleeves and walked out of Supreme Divine Palace.

The Olde Iron Cock laughed and followed behind Luo Tianjun. The two of them did not seem to be afraid of the Prince Divine Lions at all!

"Let's go take a look as well!" Feng Yujie pulled Shui Bingyan and followed closely. She was worried that something big would happen.

Chen Xiang naturally did not fear him, as he hated the Prince Divine Lions very much in his heart. He had injured Qi Shi and killed the Super Old Fire Beast, making him furious just thinking about it.

Yue Er snorted lightly: "When the time comes, I will not appear anymore. I also have a grudge with this guy. This bastard thinks he is invincible in Beast Divine Palace, he hates me whenever he sees me!"

Walking out of the Supreme Divine Palace, Chen Xiang followed Luo Tianjun and the others to the front of a big house. When they arrived, Chen Xiang and the others immediately felt a wave of pressure. Because at this moment, Luo Tianjun and Olde Iron Cock were filled with anger and did not conceal their aura in the slightest. After Prince Divine Lions sensed what was inside, he also released his royal might in response.

The newly built Heroes Gathering Divine City already had a few people who came from the big powers. At this moment, everyone could feel that there were three opposing auras at this place, which caused the clouds in the sky to churn violently, creating bursts of lightning bolts.

"Are they going to fight?" Shui Bingyan looked at the spectacular sight in the sky innocently, as she felt the three strong presences colliding with her, but she was not surprised by it.

"No, I'm just trying to reason with him!" Feng Yujie said. It was impossible for them to fight in here, even if Luo Tianjun and Olde Iron Cock wanted to, the two Palace Masters would come out and stop them.

"What are you doing?" You are all elders of the Supreme Divine Palace, is this how you treat guests? " Prince Divine Lions was a little angry, and his tone became extremely cold.

Didn't you say that you were looking for Chen Xiang? Luo Tianjun's voice was also filled with anger.

Prince Divine Lions came out, followed behind him were two elderly men in grey whose eyes were like torches. Just looking at Chen Xiang made them feel an inexplicable sense of fear.

Prince Divine Lions was dressed in a golden cape and armor, and on his face was a mask carved with a golden lion's head. He was very tall, and his tall and sturdy body did not match with his gentle voice.

"Did you kill my Silver lion?" When Prince Divine Lions came out, he immediately asked Chen Xiang. He had seen Chen Xiang before, so he recognized him as well.

Just as Chen Xiang wanted to answer, Luo Tianjun spoke coldly: "He was the one who killed them, what can you do?"

Seeing how rude Luo Tianjun was, the eyes of the grey robed elder behind Prince Divine Lions suddenly turned red, and released a bloody light. He said: "Surnamed Luo, be a bit courteous to the young master, don't think that this is your territory, and we will allow you to humiliate us!"

"Dog slave, there's no place for you to interrupt!" Olde Iron Cock let out a loud shout, and the thunderous shockwave exploded in the sky, shaking the heavens and the earth. The thick clouds that were churning in the air earlier were actually completely shaken to the point that they disappeared.

Chen Xiang and Feng Yujie were both shocked. This Olde Iron Cock normally looked like a bad old man, but he didn't expect that he would be so terrifying when he went berserk. If he shouted at a mountain earlier, maybe even that mountain would be shattered.

The Prince Divine Lions had already sensed that something was amiss. Not only were Luo Tianjun and the Olde Iron Cock very famous in the Supreme Divine Palace, even the other powers of the Super God Realm knew a little about them.

"What's going on?" Mu Chen came, Xiao Changle also came. The commotion just now, how could it not have alarmed them?

"Prince Divine Lions sent his Silver lion to kill Chen Xiang. Now that the Silver lion is dead, he still wants to find trouble with Chen Xiang. Palace Chief, tell me, is this guy too arrogant? "Their underlings have been hunted down and killed, yet they still dare to come to our doorstep and demand an explanation!" Luo Tianjun said indignantly.

The Prince Divine Lions wanted to kill Chen Xiang! This caused Mu Chen to frown. He looked at the Prince Divine Lions and asked with an ice-cold voice: "Is that true?"

"I did not send the Silver lion to kill him. I only wanted to capture him and bring him back! But if he resists, it's very possible that the Silver lion will kill him, so I have to ask him! " Prince Divine Lions's tone was indifferent, and actually did not feel any fear at all. It was just as Yue'er had said, she seemed to be unrivalled in the world.

The Olde Iron Cock sneered: "What this guy means is, if he sends his men to capture Chen Xiang, Chen Xiang must not resist. Who would not resist when they are caught? "

Mu Chen said: "Please explain why you want to capture Chen Xiang."

Prince Divine Lions immediately replied: "Because he saved an enemy who wanted to kill me, he is my enemy!"

Chen Xiang frowned: "You killed Qi Shi's brother for no reason, so it's natural for Qi Shi to seek you out for revenge. is my big brother and my friend, so what if I save him?"

"It doesn't matter, you saved him is my enemy, so of course I can catch you!" The Prince Divine Lions sneered.

"Since you are my enemy, then I can naturally kill the Silver lion you sent out!" Chen Xiang also laughed coldly: "I was the one who killed that stupid lion of yours! You should still have a Silver lion, if you don't have one by your side now, you're probably done for too! "

Xiao Changle frowned: "No, Chen Xiang's current strength is not sufficient to kill that Silver lion. I have seen that Silver lion before, it should be at the level of a Supreme Divine Beast, and is not something Chen Xiang can kill!"

Of course, it was not Chen Xiang who killed him, it was Shui Bingyan who killed him!

Just now, Feng Yujie had already sent a sound transmission to Shui Bingyan, telling her to be quiet!

Luo Tianjun said: "No matter who killed him, it doesn't matter what, this guy sent the Silver lion to capture Chen Xiang. He almost caused Chen Xiang to lose his life, how can we just let him go like this?"

Prince Divine Lions laughed coldly: "That's right, when he saved my enemy back then, I wanted to kill him. The reason I had the Silver lion catch him and bring him back was so that I could torture him to death bit by bit. If I want to kill him now, what can you do to me? "

Luo Tianjun laughed, and as he laughed, a black rod suddenly appeared in his hand, carrying an extremely terrifying black fiendish aura.

"Wait!" Mu Chen grabbed the long rod and shouted.

Seeing that Luo Tianjun was stopped, the Prince Divine Lions sneered: "You are indeed very strong, but you can't do anything to me! Look, you can't do anything to me right now! And you are currently my enemy as well, so it would be best for you not to leave your Supreme Divine Palace in the future.

Luo Tianjun looked like Mu Chen. Mu Chen was the hall master, and was also very strong.

Olde Iron Cock was extremely furious, even Xiao Changle frowned at the side, because this Prince Divine Lions was simply too arrogant. It would be fine if Mu Chen wasn't here, but with Mu Chen here, he even said that he wanted to kill Luo Tianjun in front of the hall master of this Supreme Divine Palace!
