

## Dan God 1991

### [Chapter 1991](#)

Prince Divine Lions laughed: "Now do you know how powerful I am, you humans are truly weak in our eyes, I cannot defeat you, but the Divine Lion Race behind me can raze this place to the ground at any time, and let this place become a river of blood!"

Mu Chen suddenly sighed, and said indifferently: "Scram, or do you want me to throw you out?"

Prince Divine Lions was stunned, when Mu Chen said that, he was obviously angry!

"Our Supreme Divine Palace is very hospitable, but we don't welcome people like you! Before you scam, you have to be warned that you better not step into the Sovereign God Realm in the future. Otherwise, even if your Father Lion King appears, I won't forgive you!" Mu Chen said calmly, but his words were laced with killing intent and anger.

"Just you wait!" Prince Divine Lions took a deep breath. He never thought that Mu Chen would be so stubborn to say such words to him, which made him very angry.

The Prince Divine Lions quickly left with his large group and left the Heroes Gathering Divine City dejectedly.

"Sorry for causing you all so much trouble!" Chen Xiang sighed.

Oh right, the Qi Shi you mentioned just now, that name sounds a little familiar! Mu Chen pondered as he thought back to the matters concerning this name.

Xiao Changle said, "The first prince of the seven sons of the Old Divine Lion King died in that battle. He was resurrected in the Nine Heaven World and reborn in the Nine Heaven World! I have now awakened the memories of the past. "

Mu Chen exclaimed: If he had the strength he used to back then, he might even be able to take back the current throne of the Divine Lion King. Who was the brother killed by the Prince Divine Lions? "

"Qi Yan, the youngest of the seven princes of Divine Lion Race, died together with Qi Shi back then! Now that he's been killed by the Prince Divine Lions, Qi Yan is that Prince Divine Lions's blood related uncle, tsk tsk! " Yue Er said.

Back then, rankers like Qi Shi and Qi Yan were all worshippers of Mu Chen and the others. When they were very young, they had already heard about the achievements of these strong warriors.

"Qi Yan was actually killed, and by such a fellow at that!" Yi Bidong came here with a face full of disbelief. Yi Bidong knew a lot of things, he had known Huang Jintian for a long time, it seemed like he understood Qi Yan and Qi Shi's situation very well.

"The divine soul is still there, we can still revive! But only Nine Divine Kings can do such a thing. " Chen Xiang sighed, "What happened to the current Divine Lion King? The little bastard that was born was actually so arrogant! "

Mu Chen said to Yi Bidong: "Gather the elders, we might have to deal with the assault of the Divine Lion Race! Although we may not come, we have to be prepared, we are not afraid of the Divine Lion Race! "

Chen Xiang and Feng Yujie did not return to the Supreme Divine Palace, they went to the shop, the shop was almost ready, the Three Gu Brothers had called for many people to help, they were all from the Alchemist and had a wide network of people, they could quickly find people.

The fifth floor was a resting place, and there were many rooms here. The hall that Chen Xiang, Feng Yujie and the others were in was the largest and most comfortable.

"A lot of things have happened today!" Chen Xiang sipped on Shui Bingyan's ice tea and looked out the window at the empty street. There were still not many people.

"We will be selling the Regeneration Dan tomorrow, I hope nothing bad will happen to it." Feng Yujie laughed lightly and said to Chen Xiang: "Don't think too much into it. Anyway, after this competition, we might have to leave the Supreme Divine Palace too!"

Yue'er replied, "The Prince Divine Lions has been bullied. He will definitely come back for revenge. I wonder if his father, the Lion King, will help him take revenge. Even if he doesn't help on the surface, he will at least support him a little."

"Is it convenient to come in now?" oldest Gu knocked on the door.

"Of course it's convenient!" Chen Xiang said.

oldest Gu walked into the hall and sat down. He picked up a cup of ice tea, took a sip, and said: "I have just received news that the two brats here will be selling fifty Regeneration Dan s tomorrow, with one million and five hundred thousand each. How many are you planning to sell tomorrow? How much is the price? "Yes, we'll help you advertise it tonight."

"One million Shen Yuan stone per pellet, for a total of one hundred pellets!" Feng Yujie said: "There aren't many people here tonight, right?"

"Tonight, the most people that have come, moreover, they are all a group with wealth and power, don't you think, to be able to be arranged to be in the first batch to enter the Transmission array, they must all have some background." The oldest Gu said.

Xie Ao was waiting at the Transmission array, and he was very sure that the Purple Smoke Divine Mountain robbers would come tonight.

Chen Xiang was curious previously about the identity of the person behind Xie Ao, to actually be able to make Xie Ao not afraid of the Purple Smoke Divine Mountain, and want to kill bandits in the Transmission array!

Only the Olde Iron Cock or Luo Tianjun knew about this!

The Three Gu Brothers had already left the shop and they had not started promoting it yet. They would only start when the Transmission array officially opened and a large number of disciples from other forces would come.

"There's still a little time right now. From now until tomorrow morning, I should still be able to refine one or two batches of Regeneration Dan!" Chen Xiang said, because he was worried that they would not have enough of it by then, and that they would even have some Regeneration Dan's ingredients.

Feng Yujie nodded, "Then I'll have to trouble you first!"

Chen Xiang took the Regeneration Dan's medicinal ingredients from Feng Yujie's hands and entered the secret room to refine pills.

He no longer planned to watch Xie Ao slaughter the bandits from the Purple Smoke Divine Mountain in the plaza. Today, he had already brought a lot of trouble to the Supreme Divine Palace.

Just as the sky was about to turn dark, a commotion suddenly came from outside. After Feng Yujie heard it, he hastily opened the window and looked outside.

"It came from the plaza. The disciples of the other forces should have arrived by now!" Yue'er said, "We're also preparing to watch a good show. Should we go and take a look?"

Feng Yujie had already known earlier that Xie Ao was going to kill people there, so she shook her head.

Yue'er immediately understood that if the two of them were to go, they would have to bring Shui Bingyan along as well. Although Shui Bingyan had also killed people before, he shouldn't let her see too many of those scenes.

"This aura... It's very familiar!" Feng Yujie frowned as he looked in another direction. He was not at the location of the plaza.

"I sensed it too. Did they let it out on purpose?" Yue'er replied, "Two powerful divine beasts."

"It's the Vermillion Bird and the White Tiger!" Feng Yujie said in surprise, "They have also come to Super God Realm, and have become so powerful!"

"The second of the Four Protectors of the All-beast Divine Lord back then!" Yue'er was also very surprised. "After their rebirth, they actually grew so fast!"

## [Chapter 1992](#)

Although the White Tiger and Vermillion Bird were resurrected in Nine Divine Kings, Feng Yujie wasn't very familiar with them before.

Feng Yujie said, "Let's go find the White Tiger and Vermillion Bird first. The two are so powerful now, they should have already awakened their memories. Qi Shi needs help right now, let's see if they can help!"

Yue'er nodded her head, "Right now, we can only sense that their auras are very strong, but we don't know their actual strength. If they had already become too gods, it would have been enough for Qi Shi to do a lot of things for him.

The Vermillion Bird and White Tiger did not retract their auras. Their intention in doing so was obviously to let know that they had come to this city. Presumably, they already knew that Chen Xiang was in Supreme Divine Palace.

Feng Yujie quickly met the White Tiger and Vermillion Bird! The White Tiger and the Vermillion Bird walked side by side on the street. The White Tiger wore white clothes, and judging by his ordinary appearance, he had a beautiful woman in a dress by his side. Many people couldn't help but take a few glances at him.

When they saw Feng Yujie, they immediately welcomed him with a smile.

"Greetings, seniors!" Feng Yujie immediately bowed. If both the White Tiger and Vermillion Bird had awakened their memories, then they were indeed Feng Yujie's seniors.

"Greetings, seniors!" When Shui Bingyan saw Feng Yujie giving his respects, she also greeted the White Tiger politely.

"There's no need to be so polite!" The Vermillion Bird smiled faintly, then looked at Shui Bingyan and asked, "Where is Chen Xiang? He should be here, right? Who is this beautiful little girl? I don't think I've seen it before! "

"I am Shui Bingyan, Elder Brother Shen is concocting pills!" Shui Bingyan said with a pure and beautiful smile.

Hearing Shui Bingyan call Chen Xiang that, the Vermillion Bird and the White Tiger looked at each other, obviously thinking that Shui Bingyan had that sort of relationship with him.

When did you come to the Super God Realm? Feng Yujie was very curious about this, because the Vermillion Bird and the White Tiger went to the Gods Realm very early in the morning, but he did not hear any news about them.

The White Tiger laughed, "Not long after we went to Gods Realm, we found a ruin of a Beast Divine Palace. We came here from there, and that's why we have been here for quite a few years!"

In order to make it easier to talk, Feng Yujie brought them to the fifth floor of the shop and served them Ice Tea Shui Bingyan had made.

The White Tiger looked at its surroundings and sensed a bit of fire in a secret room. It knew that Chen Xiang was concocting pills there, so it smiled and said: "Chen Xiang has restrained himself quite a bit since he came to Super God Realm!"

Feng Yujie scoffed, "Of course not, he just angered the Prince Divine Lions not too long ago, aiya!"

The Vermillion Bird and the White Tiger both knew that Feng Yujie was the Nine Heavens Goddess, and now they could also see that Feng Yujie and Chen Xiang seemed to have a very close relationship, which made them very surprised.

"We heard about this too! I am very clear about the Prince Divine Lions's actions inside the Beast Divine Palace. We came here because we just found out that the Prince Divine Lions and Chen Xiang are at stake. I never thought that Chen Xiang would actually be able to refine pills so peacefully, as if nothing happened. " The White Tiger shook its head with a smile.

Yue'er stuck her head out and looked at the White Tiger and Vermillion Bird. These two legendary divine beasts were things she had never seen with her own eyes before.

"Does this kitten belong to the Star Moon Divine Race? Why does it look so familiar? " When the Vermillion Bird saw Yue'er's cute little head, it wanted to reach out to hug her. However, Yue'er suddenly flashed and appeared from her backpack. She flapped her wings and floated in the air.

The White Tiger frowned: "They are from the Star and crescent beast race, Starry Sky White Tiger Race also have some connections with them! This kitten does look familiar, could it be that guy? "

Yue'er asked, "Do you recognize me?" Impossible, when I was born, it was a long time after your era. "

Hearing Yue'er's voice, the White Tiger and the Vermillion Bird looked at each other, as if they were even more certain of this.

"Samsara Sacrifice! You are the sacrifice that Samsara Sacrifice needs! " "The reason why you don't recognize us is because you have already been reborn after you became a sacrifice. A large amount of your memories will be erased. From the looks of it, you should have already been a sacrifice many times!"

Yue'er was shocked, "What Samsara Sacrifice? I've never heard of it. You mean I've died many times? "

Previously, Zhu Xiangyuan was very sure that Yue'er had saved him, but Yue'er didn't.

The Vermillion Bird nodded. "Not many people know about the Samsara Sacrifice, we heard the Great Emperor say that this is a ceremony unique to the Star Moon Divine Race."

Yue Er shook her head. "I am a sacrifice, why would they let me run all over the place? And why did they just erase part of my memory, instead of erasing it all? "

Yue'er found it hard to believe her own identity. She was actually a sacrifice, and had a very high position within the Star Moon Divine Race. No one had ever mentioned such a thing to her before!

"No, I have parents, even though I've never seen them before!" Yue Er said again.

"The Star Moon Divine Race lied to you because they used you as an offering to the moon and stars, allowing them to obtain great power. Legend has it that it was through you that the Star-Moon Beast Emperor was constantly reborn and given birth!" The White Tiger sighed. It felt very sympathetic towards Yue Er because she only existed to make others stronger.

"Because the Samsara Sacrifice can only sacrifice you once in a while, when they need you, they will naturally bring you back! They are worried that it will affect your growth, so they will keep a lot of memories that will allow you to survive, and even do some trimming! And the memories that make you strong will be erased. " The Vermillion Bird replied, "And it will be very difficult for you to grow up. If it's only the Star Moon Divine Race that wants you to grow up to become a sacrificial offering, they will have to pay a great price to do so. Thus, under normal circumstances, they will allow you to grow up by yourself.

Now, Chen Xiang understood why Yue'er's senses were of the highest level when it came to escaping, and was able to ensure that she would not die even when encountering danger. In order to make her more viable, the Star Moon Divine Race had injected her with many memories, but only allowed her to become stronger.

"Senior White Tiger, Senior Suzaku!" When Chen Xiang came out from the secret room, although the White Tiger and Vermillion Bird had restrained their auras, Chen Xiang was still able to sense them. Thus, he used a secret technique to maintain the pill furnace in its current state.

The White Tiger and Vermillion Bird nodded at him.

"How much do the two seniors understand about Samsara Sacrifice? Why would they gain so much power after killing Yue Er? " Chen Xiang asked, because this matter was related to Yue'er, which was why he immediately ran out.

### [Chapter 1993](#)

The matters concerning the Samsara Sacrifice must have been kept a secret, so Yue'er herself didn't know either! Chen Xiang felt that since he was acquainted with Yue'er and they were extremely good friends, he definitely could not let Yue'er become a sacrifice once again.

The White Tiger said, "This is because when the Ten Thousand Beast Emperor told us the origin of the divine beast, I asked him about the White Tiger, which is why he told us some of the secrets of the Star Moon Divine Race! At that time, only our Four Divine Beasts were present! "

Yue Er flew over to the Vermillion Bird and hugged her in its arms. The Vermillion Bird gently stroked the back of her head.

The White Tiger continued to speak, "This matter is something that even many Star and crescent beast do not know, and should only be known at the level of an elder of the Star Moon Divine Race. Currently, there should be four elders of the Star Moon Divine Race, and five Clan Chiefs, all of them can obtain a huge promotion from the Samsara Sacrifice!"

Yue'er nodded her head: "All this while, there have been many powerful Star and crescent beast that had wanted to undergo the elder's trial to obtain the elder's qualification, but they had all been stopped! I heard from some of the older Star and crescent beast that our Star Moon Divine Race should have nine elders and a chief. However, ever since Divine Lord died, it has become five, and a Star-Moon Beast King died before! "

The Vermillion Bird said, "It's because after offering you as a sacrifice, they become less proficient and gain more benefits, which is why they stop the other Star and crescent beast from going through the elder's trial. Because once they pass the elder's trial, they will also know the secrets of the Samsara Sacrifice!"

Yue'er angrily said, "Now I understand, why those people that didn't undergo the Elder's Trial could obtain the same kind of authority as the Elders! It is said that the Elders' Trial is extremely difficult, and it is a narrow escape from death. Those old fellows all tried to persuade us like this, and then they conducted a simple assessment of some of the stronger people who wanted to undergo the Elders' Trial, giving the person who passed the test a great deal of authority. "

Feng Yujie was puzzled. "What secrets does Yue'er possess? Why was it that if he made her into a sacrifice, those guys would get a huge boost? The Star Moon Divine Race was naturally nurtured by the Great Way of the Buddha. It had a terrifying innate ability to easily absorb the endless and powerful energy of the stars and moon to cultivate in! And now, there is this so-called Samsara Sacrifice, it is clear

that this Samsara Sacrifice is also a power that is naturally born from the Great Way, but it was definitely not born to raise the strength of other clan members. "

The White Tiger nodded. "I was puzzled at first, but then the Emperor told us! "Yue Er has a very strange phenomenon, which is that after she dies, the moon and stars will release a very terrifying and strange power, and at this time, as long as Yue'er's body is burned to ashes, the people at the side will be able to absorb this power, and after a day, they will be completely absorbed, and after absorbing it, their powers will increase greatly."

Chen Xiang and Feng Yujie immediately understood!

That was the resurrection power that the stars and moon had given to Yue'er, but after ingeniously using it, at the place where Yue'er died, she could absorb the power that should have belonged to her!

"How many times have these bastards killed me?" Yue Er was extremely angry. The Vermillion Bird quickly comforted her.

The White Tiger said, "The Great Emperor said that even if you don't die, during that time, you will be able to absorb the power of the stars and moon! In other words, after all these years, if you have not been treated as a sacrifice, then your strength is truly terrifying! "

The Vermillion Bird gently caressed Yue Er's back and said, "The Emperor wants you to transform into your human form after that baptism! You have never absorbed the power of the stars and moon, so you should never have taken human form! Of course, if you were to absorb it, you would definitely become very powerful, and wouldn't need to become a sacrifice. "

Chen Xiang said, "I will not let Yue'er become a sacrifice again! I feel like Yue Er's memories weren't completely erased. She went to a place before and even used a lot of power to save a person. Maybe she was able to awaken part of her memories there, but they were all erased after they became offerings. "

The White Tiger nodded. "After we were reborn, it took us a long time to fully awaken our memories!"

The Vermillion Bird let go of Yue'er and flew to Shui Bingyan's side. Seeing Yue'er's sorrowful expression, the Vermillion Bird sighed lightly, "When the time comes for Samsara Sacrifice, they will grab onto Yue'er and kill her. When the power of the stars and moon descends, they will hide Yue'er and absorb the power of the moon and stars! In the past ninety-nine to eighty-one years, Yue'er will revive on her own, and her divine soul and body will be reborn. It is also at this time that they start to tamper with Yue'er's memories regarding divine soul. "

Chen Xiang said: "How did All-beast Divine Lord know about this? Did he tell you not to talk about it when he told you? "

The White Tiger shook its head. "Because at that time, the Emperor told us many things, and not long after, a great war broke out. We all died, and the entire Beast Race suffered great destruction, so we didn't have the time to speak of this matter."

The Vermillion Bird laughed, "Divine Lord Starmoon died in this battle as well. He let you die so many times to become a Divine Lord, but in the end, you still died.

"This bastard, to think that I worshipped him so much before. This is all because of those old fellows injecting memories into me!" I have to get out of this situation, I want to recover the memories that I lost before, I want to know what kind of bad memories they gave me. " Yue Er's voice was filled with anger.

The White Tiger nodded. "Since you already know that you are a sacrifice, then you are prepared! However, it may not be good for you to recover all the memories you have lost, because your memories must contain the pain before your death. "

Yue'er resolutely said, "I'm not afraid. If I can recover my memories, then it will allow me to experience many deaths at once. This is a rare cultivation experience for me, and I must find it. I must know that those bastards have used me to cultivate."

"BingYan, I'm leaving!" Yue Er looked at Shui Bingyan, and said reluctantly: "I have something important to do."

"I know, you must come back!" Shui Bingyan had just been quietly listening to them, and she had also been thinking about many things. It was just that she did not say it out loud.

"Chen Xiang, you have to take good care of my icy face!" Yue'er also didn't know why, but at this moment, when she was reluctant to part with Shui Bingyan, their relationship was indeed very good.

"Leave the matter of taking care of BingYan to me!" I hope that when you come back, you will become a beautiful young lady. " Feng Yujie smiled and rubbed her head.

Yue'er said to the White Tiger and the Vermillion Bird, "Thank you very much for telling me these things, otherwise I would have been a sacrifice forever!"

The Emperor was very angry when he talked about you, and he was also very sympathetic towards your plight. However, due to the power of the Starmoon Divine Lord and the fact that the Beast Race had met with a foreign enemy at that time, he did not break the news! And he also thinks that if you weren't used like that, you would also be an expert from our Beast Race, and would be able to better protect our Beast Race. "

#### [Chapter 1994](#)

'Yue Er left! 'She didn't know how she could accomplish what she wanted to do, but she already had a plan ...

"What will she do?" Feng Yujie asked as he looked at Chen Xiang. Chen Xiang and Yue'er had only interacted with each other for the longest period of time.

Chen Xiang looked out of the window and watched Yue'er disappear before letting out a long sigh, "Xingyue, I think she is a whole star connected to Xingyue ... and that she, Xingyue, is born with everything that she is ...

Although her memories had already been erased by those old bastards from her divine soul, the stars and moon in the sky would definitely be kept for her! Only she herself would know what to do ...

Shui Bingyan looked into the sky with melancholy, "Yue'er will definitely be alright! I want to protect her!"

Chen Xiang patted her head and laughed, "BingYan, you are becoming stronger everyday. I'm afraid you don't even know yet, right?"

Shui Bingyan nodded as he memorized it.

The White Tiger laughed, "Chen Xiang, I didn't think that you would become so mature after not seeing you for so long. But you still like to cause trouble."

Chen Xiang chuckled, "I'm only going to do what I think is right. Senior White Tiger, you still don't know why I'm opposing Prince Divine Lions, right? He probably won't reveal this himself either."

"Indeed, I don't know if you have such terrifying potential or not. But right now is not the time to talk to Prince Divine Lions!" The White Tiger said.

"He killed Qi Yan! After Qi Shi found out about it, he went to find him! Qi Shi almost saved me! He sent Silver lion to capture me!"

The Vermillion Bird hastily patted his shoulder to make him suppress the fury in his heart. Otherwise, it would create quite a sensation here.

"Qi Yan has not completely died..."

The White Tiger took a deep breath and interrupted Chen Xiang, "Tell me the details of this matter."

After a while, both the White Tiger and the Vermillion Bird had a clear understanding of this matter, including the fact that Prince Divine Lions was chased away by the Palace Chief Mu Chen while he was still in Heroes Gathering Divine City.

"I'll go find the hall master! When the Prince Divine Lions comes, don't ever make a move! I must kill this bastard with my own hands!" The White Tiger looked at the Vermillion Bird and nodded. It was obvious that he was prepared to engage in an all-out battle.

And the Vermillion Bird also supported him very much

Chen Xiang sighed: "My current strength is limited, at that time I won't be able to help."

The White Tiger's hand rested on Chen Xiang's shoulder. "It's enough for you to save Qi Shi ..."

Feng Yujie asked, "Senior White Tiger, your relationship with Qi Shi seems to be extraordinary."

"Nine Divine Kings allowed us to be reborn! Qi Shi is my disciple, Qi Yan is also someone that I watched grow up, and in the ancient god era, they were my sworn brothers. I'm their big brother."

White Tiger clenched his fists tightly. Several times, he almost couldn't control his emotions and spilled his blood here. However, after being pacified by the Vermillion Bird, he was still able to calm down ...

The sky was completely dark. Waves of spatial fluctuations came from the Transmission array. Many people were being sent over.

Chen Xiang stood by the window and looked towards the brightly lit Transmitting Square.

"I'll go over and take a look," Chen Xiang said. "I'm worried that Xie Ao won't be able to handle it."

"I won't go. I'll stay here with BingYan." Feng Yujie said.

... ..

The White Tiger had already calmed down a lot. He and the Vermillion Bird followed Chen Xiang and quickly headed towards the Transmitting Square.

"Back then, Xie Ao's name was Evil Emperor. I never thought that he would still be alive and come here. Although he cultivates ludicrous skills and power, he and Qi Shi are good friends."

Xie Ao was a human, and not like the White Tiger and the other beasts of the Ancient God's era who could awaken their memories and power, the current Xie Ao was not as strong as them either.

The square was extremely lively. Everything was clearly watching the commotion ...

As soon as Chen Xiang arrived, he saw Xiao Chou standing in the balcony of an upper floor, looking at the plaza with great interest.

Xiao Chou was Zhu Xiangyuan's grandson-in-law, and also a good seedling of the Herculean God Tribe. Naturally, his status was not ordinary.

"Let's go there." Chen Xiang pointed to the fifth floor and immediately entered it. He said that he wanted to find the person at Xiao Chou's door and let him in.

"Brat, you've enjoyed it, haven't you?" Chen Xiang patted his bald head and laughed.

Xiao Chou saw that there were two other people who had come with Chen Xiang. When he saw the two familiar faces, he was slightly shocked and immediately shouted, "Senior White Tiger, Senior Vermillion Bird!"

Back then, when Xiao Chou was in Dragon Subduing School, he had met the White Tiger and Vermillion Bird.

"Good brat, you've become quite powerful! What are you watching for?" The White Tiger said with a smile.

"That fellow called Xie Ao sure is arrogant. He killed four disciples of the Purple Smoke Divine Mountain with a single sword strike just now. Now, the elders of the Purple Smoke Divine Mountain have already caught him but do not dare to kill him. It's strange that the elders of our Supreme Divine Palace still haven't come out."

The elders of the Supreme Divine Palace were all gathered by Mu Chen for a meeting because the Prince Divine Lions had spoken some harsh words today and they had to prepare ...

"The elders are all in a meeting here. If it wasn't too big of a commotion, they probably wouldn't have noticed us going over quickly, right? In case Xie Ao got heavily injured."

Furthermore, Xie Ao had already been sealed by the two elders and was unable to move ...

The elders of the Purple Smoke Divine Mountain also did not dare to act rashly. After all, the difference in strength between the Purple Smoke Divine Mountain and the Supreme Divine Palace was too great.

Chen Xiang immediately flew down from the tower and landed in the plaza. He shouted at the elder of the Purple Smoke Divine Mountain, "On what grounds are you capturing him?"

Looking at the Purple Smoke Divine Mountain Elder, the memories he got from killing the purple-clothed bandit suddenly surfaced in his mind. It was this elder who had ordered the purple-clothed bandit to capture him.

Even if this Purple Smoke Divine Mountain's elder knew that he was Chen Xiang, he also knew that he possessed the God Murdering Sword Techniques and the Heavenly Alchemy. He told these few disciples who often robbed outside to pay more attention to Chen Xiang, and to take him away whenever they met him.

"It's not like you haven't seen him kill the disciples of our Purple Smoke Divine Mountain yet. Don't think that your Supreme Divine Palace is so strong that you can kill him as you please! I only captured him to prevent him from escaping! Wait for the elders and hall masters of your Supreme Divine Palace to come to me and demand an explanation from them!"

"When the elder saw Chen Xiang's face, he was secretly surprised. This was the person he had been looking for all this time, and now, he was right in front of him."

#### [Chapter 1995](#)

Seeing the elder's shocked expression just now, Chen Xiang knew that he was recognized. ... ..

"Are you from Purple Smoke Divine Mountain?" Chen Xiang asked. The elder wore a set of purple clothes and a purple cloak.

"I am the Purple Smoke Divine Mountain's Bu Tianguang Guang, one of the elders of the Purple Smoke Divine Mountain. What questions do you have?" Bu Tian Guang shouted loudly, letting the surrounding people know that he had the qualifications to capture Xie Ao.

Chen Xiang sneered: "If I were an elder of the Purple Smoke Divine Mountain, I would definitely not admit it ...". He did not go on until this point, which made the crowd very curious to know why he said so

Bu Tianguang also curiously asked, "Why?"

Chen Xiang looked at the corpses on the ground and said loudly, "Because the disciples of your Purple Smoke Divine Mountain are all extremely vicious bandits. This senior brother of mine and I were once plotted against and robbed in the God Medicinal Treasure Land.

"He did not die at their hands and you, as an elder of the Purple Smoke Divine Mountain, are unable to discipline your own sect! Such a disciple, and you still have the nerve to say that you are an elder of the Purple Smoke Divine Mountain?!"

"Nonsense! They're already dead! You still want to insult them? And this is inconclusive!" Bu Tianguang looked around angrily before shouting, "Everyone, look at the disciples of the Supreme Divine Palace! They've gone too far!"

It was because the Supreme Divine Palace was the host of the competition for the Super God Realm and the first group of disciples who came here were from the other factions. They were whispering to each other about this matter, because they did not know who was in the competition.

And when they saw that the Purple Smoke Divine Mountain was killed by the disciple elder with a face full of grief, they all thought that the Supreme Divine Palace was bullying others ...

Chen Xiang had long anticipated this situation, so he was already prepared. He closed his eyes and took out a pearl.

The originally exquisite and exquisite bead suddenly lit up with a white light. After a while, Chen Xiang threw the bead into the air and it exploded into a few images in mid air.

Those images depicted how the violet-clothed bandits had waited behind others to wait for them to find the divine medicine before they massacred it and snatched it away. Everyone's scalps went numb when they saw this because the methods of these violet-clothed bandits were extremely cruel ...

In order to force others to hand over the Storage magic treasure, he had used many bloody methods to torture them ...

The crowd originally had the same opinion of the Purple Smoke Divine Mountain, but after seeing all these people, they became even more furious. Some disciples from other forces recognized that it was their sect and were actually harmed ...

"You ... "You! You definitely did this yourself! This is definitely not real!" Bu Tianguang was still quibbling as he pointed at Chen Xiang and cursed.

At this time, a man walked out and said, "It definitely wasn't something he imagined himself because there were three disciples of my Mysterious Heaven Lake that were killed ... and that happened many years ago ...

"Using a secret technique to create these images would be impossible to create these three disciples that are exactly the same as our Mysterious Spirithail Lake ... I'm just curious as to how he managed to do it ... This seems to be some sort of memory ..."

Chen Xiang pointed to the corpses of the bandits and said, "I used a secret technique to retrieve their memories, so everyone can see his evil deeds."

These memories were something that Chen Xiang had long ago obtained and not something that he could extract now. Of course, he couldn't say that he had killed a purple-clothed bandit before because this reminded him of Zhan Xi's death.

Xiao Chou also walked over and said to Bu Tianguang Guang, "Hurry up and release them. These bandits have killed so many people before and they've even dared to kill so many of us! Now that we've killed them, it's normal for anyone else to do the same."

The expression of the man from earlier from the Mysterious Sky Lake turned ice-cold. "As an elder, you probably know something, right? It seems like you purposely let these bastards do this ..."

Bu Tianguang could not stay calm after seeing everyone's indignation. He let out a long sigh and said, "They were pretty good when they first entered the Heavenly God Lake. I did not expect them to become this angry. I trusted them so much."

Chen Xiang did not believe him because he found out that the elder knew about them from the purple-clothed bandit's memories. Furthermore, he even obtained many benefits from them just so that he would not expose them ...

"That's right! This elder knew about it long ago, and he even colluded with them ... This is all from my memories ..." Chen Xiang took out another bead.

Seeing this, Bu Tian Guang became anxious because he had done a lot of business with these disciples. If Chen Xiang showed the scene of the bloody business transaction like before, he would be in deep trouble.

Bu Tianguang realized that he had no other choice. He placed the already restrained Xie Ao in front of him and shouted: "If you dare to mess with me, I'll kill him!"

Xie Ao said to Chen Xiang, "Pui! Kid, just kill this bastard and don't worry about me!"

Chen Xiang was still confident because the White Tiger had already appeared behind him. Xie Ao also saw that the White Tiger was very familiar with the White Tiger because the White Tiger was Qi Shi's master and the White Tiger was Qi Shi's friend.

The white tiger raised its hand and a streak of black smoke suddenly enveloped Xie Ao and Bu Tianguang. After the black smoke dispersed, Bu Tian Guang could no longer move.

Bu Tianguang was too godly. Otherwise, he wouldn't have been able to easily suppress Xie Ao. However, the moment the White Tiger attacked, Bu Tianguang was no longer able to move.

Most of the people present were young disciples. They were very curious about the White Tiger's identity and they could also tell that the White Tiger was not a Supreme Divine Palace Elder. They had all heard of it and all of them had an Elder's badge hung on their bodies ...

"You are also an elder of the Purple Smoke Divine Mountain right?" Chen Xiang looked at a purple robed elder and asked.

From start to finish, the old man had never said a single word. At this moment, his face was filled with fear. He was completely frightened by the White Tiger.

"Does he have a problem?" White Tiger asked. "If he does, I'll control him on the way."

"No ..." Chen Xiang shook his head and looked at Xie Ao. He saw that he was not injured at all.

This elder truly did not exist, but the Purple Smoke Divine Mountain s of the Purple Smoke Divine Mountain s did! This was a Purple Smoke Divine Mountain that Chen Xiang did not mention, and they were also not good people either! They also had connections with the Divine Nations, which was why they wanted to catch him ...

There was also an old man in the Sword Hall who wanted to capture him and obtain the God Murdering Sword Techniques. Right now, he was also planning to tell Mu Chen or Yi Bidong and the others about this matter.

[Chapter 1996](#)

An old man finally came to Supreme Divine Palace. Chen Xiang passed the matters here to him, then he brought Xie Ao, White Tiger and the others back to the shop.

On the way, they travelled very quickly. Because of what happened earlier, they had received a lot of attention, and they didn't want to receive that kind of attention.

Entering the shop, just as Chen Xiang closed the door, Xie Ao who had not spoken along the way finally spoke: "Senior, I didn't think that you would also be here!"

The White Tiger laughed and patted his shoulder, "Not bad, looks like you came here very early. You should have left the Nine Heaven World very early to head to the Gods Realm and found the entrance that leads to this place afterwards!"

Chen Xiang had indeed been here for a long time, and his current power was considered strong as well. Chen Xiang guessed that below the Supreme God, Xie Ao's power could be considered to be at the highest level, and he seemed to have made a breakthrough after returning from the Divine Medicine Treasure, otherwise, he wouldn't have been able to kill a few of the Purple Smoke Divine Mountain's Emyrean Gods in an instant.

Xiao Chou did not follow him. He stayed behind and told the old man what had happened.

"Thank you, senior. I thought you went to the Beast God Mountain to look for Brother Qi after I parted with you that day!" Chen Xiang said, they had already reached the fifth floor.

Xie Ao said: "Originally, I was going to go, but right now, I simply cannot help Qi Shi, so I decided to drop the matter.

"Palace Mistress?" Chen Xiang said in shock.

Xie Ao nodded his head: "Hallmaster took great care of me. Back then, I came to this Super God Realm precisely because I met him. Even though I am a disciple of the Boxing Hall, I am not on the same side as the great hall master of the Boxing Hall. "

The master of the halls in Boxing Hall and the master of the Sword Hall were all from the Divine Nations. Xie Ao seemed to know something, which was why he said such words.

"Xie Ao, you have always cultivated Evil Spirit Force, but you have never stepped into the Evil Dao. This phenomenon is very strange!" The Vermillion Bird said, the evil power that came from Xie Ao's body was extremely terrifying, although he had not reached the strength of the True God, he was still able to frighten a few True Gods.

Xie Ao laughed: "Evil energy is very strong, and cultivation is also very easy! However, it was very difficult to suppress them. If he did not suppress them properly, then he would fall into evil, and his soul would be decayed by evil! At that time, you will be manipulated by the evil energy. If the evil energy develops a consciousness, the moment your soul is devoured, you will become a demon. "

"In order to control the powerful evil energy, while I am cultivating the evil energy, I am also cultivating my own heart. As long as I have a strong and upright heart, I will not be controlled by the evil energy, and I can also suppress the evil energy and use the powerful evil energy for my own purposes! And

because of this, the Evil Force I control is much stronger than the other Evil Demons! Because my evil power has the power to be upright. "

The White Tiger laughed: "When two conflicting energies are combined, it will always produce unexpected power! However, this kind of cultivation method of yours is still rather dangerous. Once you lose control of it, you might not even have the chance to reincarnate. "

It was a rare chance to meet again, Chen Xiang and the others stayed in the hall and chatted until late into the night, while it became more and more lively outside. The Transmission array of the Transmitting Square did not stop, and it continuously transferred disciples from other forces over.

The White Tiger and Vermillion Bird stayed in the shop temporarily while Xie Ao went back to the Supreme Divine Palace.

didn't have any rest tonight, so she was prepared to sleep early. Furthermore, when she slept, her body would release blue colored clouds as usual, and Chen Xiang and Feng Yujie thought that she was probably growing up.

Three Gu Brothers came back in the middle of the night with a smile on his face.

"Just as we had guessed, many disciples already know about the Regeneration Dan and they are here to buy it! But all they know is that there is only one store that sells Regeneration Dan. At that time, they will even need to bid for it, only selling ten crystals per day! " The oldest Gu laughed.

"Then let's start selling a hundred of them today, and then we'll sell the rest of the Regeneration Dan at fifty a day." Chen Xiang said: "After we sell all these hundreds of Regeneration Dan, there shouldn't be much value in having all of them here. Moreover, they won't be able to sell them at a high price."

A million Shen Yuan stone pills was considered expensive, and many disciples could not take out that many Shen Yuan stone s! For example, Xiao Chou. Although he possessed decent strength and position, he only possessed a few hundred thousand Shen Yuan stone.

Therefore, although there were many disciples gathered in Heroes Gathering Divine City, there were very few who could afford to buy Regeneration Dan. Selling a hundred pills on the first day, he might not be able to sell them all.

Three Gu Brothers went out overnight to spread the news, letting a majority of the people in the city know that a hundred Regeneration Dan were to be sold here tomorrow, and that the price was cheap too!

In the morning, Shui Bingyan had already woken up. When she arrived at the first floor, she saw that there was a crystal cabinet! Inside the transparent crystal cabinet, there were many shiny Regeneration Dan s that were placed neatly. It was extremely dazzling.

"Open the door!" Feng Yujie laughed. oldest Gu opened the door to the shop and there were already people outside.

These people were dressed very decently and were quite powerful. They were all young people.

"These are all high quality Regeneration Dan, they are much better than the Regeneration Dan in the first pill shop! You must know that the Regeneration Dan of that fellow were all hidden for a period of

time. " oldest Gu invited this group of people in and continued to speak: "Everyone knows that even if the divine pellets are well-preserved, if they are stored for too long a period of time, it will have a huge impact on the quality of the divine pellets as a whole.

The shop was very spacious. There was only a crystal cabinet placed at a high place, so the people who came in could clearly see the shining Regeneration Dan inside it. Just from their appearance, one could tell that these Regeneration Dan were of good quality.

"Looks like it's really not bad. Not only is the Regeneration Dan in pill shop number one unable to be inspected, they are also selling it at a very high price!" Originally, they were willing to sell them for one million and five hundred thousand Shen Yuan stone, but because they knew that one hundred of them would be sold here today, they lowered the price by one hundred thousand. If the price is right, I'll buy two of them. " An elegant man holding this fan said.

When Three Gu Brothers went out to advertise, he did not say what the price was, he only said that it was cheap.

"One million Shen Yuan stone pills!" When Feng Yujie said this, everyone was stunned, their faces showing expressions of disbelief. They were sure that they did not hear wrongly, so they rushed to say they wanted to buy as many as they could.

For everyone to have a share, Feng Yujie allowed everyone to buy only one pellet!

Soon, he sold 60 of them!

"Everyone, don't go yet. There's a problem with their Regeneration Dan!" Suddenly, a tall and sturdy figure appeared at the door, upon hearing the voice, the Three Gu Brothers frowned.

oldest Gu said coldly: "Hall Master, don't speak nonsense! "I tell you, if you don't make that clear, I'll knead you into a ball and throw you out."

## [Chapter 1997](#)

The first Dan Hall was also very famous, and the hall master present was the same as Luo Tianjun, they were both extremely outstanding Pill Gods! This time, the hall master said that there was a problem with the Regeneration Dan, this caused the people who just bought the Regeneration Dan to feel a chill in their hearts, and they had already said that they were leaving.

"Liang Gaoyi, you have to be responsible for saying those words!" When the oldest Gu saw the crowd shouting for him to return, he shouted loudly.

Liang Gaoyi was the hall master of the first Dan Hall, so his words were obviously very authoritative. Therefore, those people all suspected that there was a problem with the Regeneration Dan.

"You guys were able to create so many Regeneration Dan in such a short period of time, and their quality is also top-notch. This is definitely impossible, so there must be a problem! You must have done something to these Regeneration Dan. " Liang Gaoyi said with certainty. He thought that if something impossible happened, he would never accept it, which was why he said that.

The oldest Gu panicked. This Liang Gaoyi was a famous Alchemist in the Super God Realm, if he said something like that now, he was obviously here to ruin the competition.

Feng Yujie was actually very calm. She asked softly: "Hall Master Liang, then how do you want us to prove that there are no problems with this Regeneration Dan? We are willing to take out ten Regeneration Dan s from the remaining forty pellets to prove ourselves! "

Chen Xiang watched on the side. Feng Yujie was the same as Lv Qilian, there was a very good way to deal with this kind of thing, but oldest Gu and the others obviously preferred a more violent method. oldest Gu had threatened Liang Gaoyi verbally just now, but Liang Gaoyi did not eat his method.

"I don't know how to prove it, but I just think that there's a problem with your Regeneration Dan!" Liang Gaoyi's words immediately made oldest Gu jump over, and his fist smashed over.

"You're obviously here to cause trouble!" After oldest Gu's fist struck over, he was firmly grabbed by Liang Gaoyi.

Although Liang Gaoyi was an old man, he was tall and strong. From his stature, oldest Gu looked weak and weak.

"Old Liang, if you don't explain this matter to me clearly, I can guarantee that you will crawl back home today." Luo Tianjun's voice sounded from outside the door. He was still the same as before, he was not afraid of such a threat at all.

Before, Chen Xiang had heard from the oldest Gu that the reason why Hall 10 wasn't ranked number 1 was because Luo Tianjun had lost to him, and to him at that.

"Unless he can use my medicine to make a pot on the spot, then I will believe him." Liang Gaoyi looked at Luo Tianjun who was at the door, and smiled indifferently: "Old Luo, a hundred years have passed, do you think you can beat me now?"

Liang Gaoyi took out a box, looked at Feng Yujie and Chen Xiang and said, "I remember that the Regeneration Dan was created by a woman!"

Feng Yujie nodded his head: "It is precisely this little girl who had refined it. I am willing to refine a furnace of pills on the spot to dispel Hall Master Liang's doubts!"

As long as Liang Gaoyi's medicine was used, there would definitely be no problem. Those who had originally planned to return the goods, decided to take a look at the results.

Luo Tianjun said, "Old Liang, you must be trying to scam a young man! If she can really refine it, then you must apologize, and Regeneration Dan will also belong to them. "

Liang Gaoyi took out a pill furnace and said, "Not only do I need to use my ingredients, I also need to use my pill furnace. If she can actually refine it, I will be convinced."

When Chen Xiang saw the pill furnace, he felt that something was amiss inside. He stood out and said: "Can I use this furnace? Change it to something else! "

"This won't do. If I use the pill furnace that you have prepared, I'm afraid that you will do something to the pill furnace inside!" Liang Gaoyi laughed: "If you guys are worried that I would do something, I will get the other hall masters to prepare one for you all!"

Luo Tianjun took the pill furnace, looked at it, and then smashed it onto the ground, turning it into pieces, "What can this broken pill furnace make? Old Liang, if you continue to cause trouble, I'll really get angry! "

Chen Xiang said: "Why don't I refine it, I don't need a pill furnace!"

How could he refine without a pill furnace? Even Luo Tianjun felt that it was somewhat impossible. After all, refining Zhongpin Dan s was extremely difficult, and if it were any other low levelled Holy Pellets, they wouldn't need to use their pill furnaces to play.

"Alright, since you said so, let's begin!" Liang Gaoyi laughed, and handed the jade box over to Chen Xiang.

Chen Xiang took and opened it. Immediately, he scolded. "Liang Gaoyi, you bastard ..."

"Hall master, forget it... I can refine it! " As Chen Xiang looked at those hay like medicinal herbs, although he was a little dissatisfied, he did not have much of a reaction.

How could a garbage of medicinal ingredients, without using a pill furnace, refine a Regeneration Dan?

It was at this time that Luo Tianjun suddenly remembered that Chen Xiang was training in the Heavenly Alchemy, so with how confident he was right now, he definitely had a way to solve this problem.

Feng Yujie retreated to the side, when she saw the herbs, she also frowned, because she felt that even if she used a good pill furnace, it would be impossible to refine it into a pill, let alone not using a pill furnace!

The White Tiger had seen Chen Xiang concoct pills a few times, so it was already very familiar with this situation. It could only watch with a smile at the side, but the Vermillion Bird rarely saw Chen Xiang concoct pills in public. The Vermillion Bird's strongest aspect was its flame, so she could usually refine some pills and had a good understanding of pill refining.

Chen Xiang only took out the few divine medicines that the Regeneration Dan had said he needed, then he returned the jade box to Liang Gaoyi.

"What is it? Don't you need Shangpin holy Dan? " Liang Gaoyi was originally still smiling, but now he couldn't laugh anymore because of the serious look on Chen Xiang's face.

He did not need Shangpin holy Dan to be able to refine a Zhongpin Dan. If this was really the case, then it was possible to refine a large number of Regeneration Dan in a short period of time.

For many years, many Pill Deity had tried various things to get rid of the need for other pills to aid in their attempts, but most of them failed! Of course, there were successful Pill Gods, but they could only be counted on one hand. Furthermore, they were all at the top of the Divine Nations.

Xiao Chou also came. He hurriedly rushed in because he liked to see Chen Xiang concocting pills, especially that kind of amazing method.

Those who were familiar with Chen Xiang had seen how he concocted pills without a cauldron before, but they still wanted to see.

Chen Xiang opened up his own palm, and all the withered divine medicines were placed neatly on top of them. His hand suddenly turned silver white, like silver jade, and just as everyone was being surprised, his silver jade like hand released a silver Chuangzao fire, wrapping the divine medicines on top of his palm!

In the past, when Chen Xiang did not use his pill furnace to refine pills, he had released an invisible Magic method furnace. But now, he was refining a divine pill directly on his palm.

### [Chapter 1998](#)

Especially for high level alchemy gods like Luo Tianjun and Liang Gaoyi, because they knew very well that refining Zhongpin Dan s was not child's play. Even if they were to refine it, they would have to be careful in order to succeed in order to guarantee its quality!

However, when Chen Xiang was refining, not only did he not need the Shangpin holy Dan's assistance, he did not even need the pill furnace.

Chen Xiang's palm turned silver. Although the silver flame was burning strongly, it did not exude any heat. At this moment, everyone could clearly see that after being incinerated for a period of time, the very inferior divine medicine inside the silver flame became lively as if it was rotten weeds. Not only was it not burnt, it was burning even better, it was simply too strange.

Concocting pills on the palm of his hand was already very shocking, but Chen Xiang was still able to revive such a dying divine medicine.

Chen Xiang's flame was a Chuangzao fire, and it was based on the flames produced by the Alive Slain Method. It could be destroyed, but it could also be created.

Liang Gaoyi frowned, he did not even blink as he watched. While he was shocked, he was also wondering what method Chen Xiang had used to be able to unleash such a miraculous technique.

In a short while, those divine medicines that had originally been yellow like hay, had now recovered to their highest quality. They were bright and colorful, and Chen Xiang's pure silver palm had begun to gradually dim, the silver flames it released weren't as intense anymore. That was the peak state of the Chuangzao fire just now.

Now he had started to burn the divine medicine, and it was also done on the palm of his hand!

In the great hall, Chen Xiang held up his hands with his palms spread wide, releasing a weak reddish-green glow. This multicolored glow mischievously squeezed out from the silver flames and wandered outside the silver flames, like a mischievous spirit.

Although Chen Xiang had refined it on top of his palm, there was an invisible barrier sealing his palm so that the flames and Medicine aura would not leak out.

The difficulty in refining Zhongpin Dan was during the fusion process. If the inner parts of a few divine medicines were not uniform, then the weaker ones would be squeezed to the point of exploding, and after they were exploded, the other Spirit blood would also explode. In the end, there would be a strong explosive force, so they needed the help of the Shangpin holy Dan to strengthen the weaker ones in order to achieve balance.

Chen Xiang did not need Shangpin holy Dan. He could use the Spirit Strengthening Technique to directly strengthen the Spirit blood s that had the divine medicine. This way, not only would he not need the Shangpin holy Dan s, he could also quickly strengthen the Spirit blood s and enhance the overall quality of the divine medicine. This would allow his speed to be faster, the higher the quality, and could even produce more pills!

In the blink of an eye, two hours had passed. During this time, the hall was completely silent, many people were staring at the divine medicine on Chen Xiang's palm, the light emitted by the divine medicine was getting stronger and stronger, shooting out of the silver flames and piercing people's eyes.

When Chen Xiang saw that the Spirit blood of the several divine medicines had all reached a similar level, he began to fuse all the Spirit blood together!

At the moment of fusion, the silver flame seemed to explode. A powerful multicolored light shot out in all directions, and many people had no choice but to block the light with their hands!

Luo Tianjun and Liang Gaoyi were already watching with their eyes wide open. They wanted to see what was so special about it because Chen Xiang's refining skills were simply too astonishing.

In the instant of fusion, the light aura that erupted lasted for a moment, then gradually weakened. However, the light aura on top of Chen Xiang's palm was still releasing a strong light aura, it looked as though he was holding a colorful treasure pearl in his hand.

Originally, he had many divine medicines in his hands, but after being incinerated, they gradually shrunk into a small ball of mist.

The silver flames were already starting to weaken, and had already reached the later stages. Although there were many outsiders here, they all watched with relish, and at this moment, the people who bought the Regeneration Dan were secretly relieved, at least they were not affected by Liang Gaoyi's words.

Right now, everyone saw Chen Xiang as an existence similar to Liang Gaoyi, and they even thought that Chen Xiang was much stronger than the Alchemist s like Liang Gaoyi. This was because not only could Chen Xiang refine pills on his palms, he could also use a mysterious method to revive the withered divine medicine.

Luo Tianjun and Liang Gaoyi, these two Alchemist s who were very familiar with the method, were both amazed because Chen Xiang's refining speed was just too fast. This was a Zhongpin Dan, moreover, it had only been two hours and he had already reached the later stages!

That was why he was able to perform so well. He himself clearly knew that if he were to use his current state to refine pills, as long as he completed the pill refinement, he would be extremely tired. He would need to rest for at least an hour or two before being able to recover.

He did so to make Liang Gaoyi convinced from the bottom of his heart, and at the same time, build a reputation for the shop, because after the Nine Heaven World and the Super God Realm fuse, it was very likely that the Heroes Gathering Divine City would become the number one city in the whole place. When the time came for the shop to sell, Lv Qilian and the others would also join, and there would be

even more types of Holy Pellets and Divine Pills, gathering a large number of Shen Yuan stones, in order for them to be able to develop their powers.

It was a critical juncture. Chen Xiang frowned, he snorted, and saw that the light yellow mist was suddenly split into seven parts!

Seeing that they were split into seven parts, Luo Tianjun and Liang Gaoyi, the two old god pills, trembled. The thought went out of their minds and this intense shock almost made them lose their balance!

With just the medicinal ingredients Chen Xiang alone, he was actually able to refine seven Regeneration Pills. Only a Pill God like them could understand just how powerful he was. Although it was not impossible, it was still too difficult to reach such a level of cultivation.

Three Gu Brothers was also shocked, their hearts were shocked, but at the same time received a huge blow!

Everyone present let out gasps of surprise, because they knew that refining Divine Pills was not easy, producing two was already very rare, let alone seven. Everyone now understood why Chen Xiang had so many Regeneration Pills to sell, because Chen Xiang had refined Regeneration Pills faster than planting beans.

The process of condensing the pellet was not easy at all. It took Chen Xiang an hour to complete it, and at this moment, seven high quality Regeneration Pills were floating above his palm, which he put into a jade case!

"It has been completed. The process of refining the Regeneration Pills has been witnessed by everyone. Our Regeneration Pills has no problems at all!" Chen Xiang handed the seven Regeneration Pills over to Liang Gaoyi, but Liang Gaoyi still hadn't reacted to it. Seeing Chen Xiang pass it over, he blankly stretched out his hands and took it.

### [Chapter 1999](#)

Liang Gaoyi was already convinced in his heart. These seven Regeneration Pills were way better than the ones in his shop, and he could only use one or two of the Regeneration Pills, so Chen Xiang's seven were already much stronger than his.

"Your shop's Regeneration Pills is fine, I was just being paranoid, sorry, I'm here to apologize." Liang Gaoyi sighed, his attitude was also very good.

After Luo Tianjun saw this, he laughed: "Old Liang, do you want to buy a pill as a souvenir? This pill furnace is not meant to be concocted using a furnace, and its speed is so fast too.

Chen Xiang's expression was currently filled with fatigue. His mind was in a mess, and with a glance, he could tell that this was caused by the concocting of pills.

As expected, Liang Gaoyi bought a Regeneration Pills, after he left, the people who were watching the show all rushed to buy it, and Chen Xiang went back to rest.

Chen Xiang sat in the hall. Shui Bingyan used her jade hands that were emitting cold air to massage him, and the traces of cool air entered his body, making him very comfortable.

The White Tiger said, "You seemed to be very low-key before, but now you're suddenly showing such a high profile. This isn't appropriate, is it?"

Chen Xiang laughed: I have long been targeted by the Divine Nations, and there is nothing to be afraid of, what I need to do now is to lay a good foundation, and earn more Shen Yuan stone, and I will definitely be of use in the future.

The Vermillion Bird chuckled, "You're not afraid. Is it because we've appeared?"

"Of course not, there are a lot of experts that I can rope in in Supreme Divine Palace. If something really happens to me, my Hall Master will definitely help me." Chen Xiang was very sure of this, so he decided to find a chance to give Luo Tianjun a Dao heart stone.

The last time he knew that Prince Divine Lions was going to capture him, Luo Tianjun was extremely furious, and immediately went to find Prince Divine Lions to capture him.

Luo Tianjun and Olde Iron Cock were pretty strong, at that time, if Divine Nations really wanted to attack him, as long as they helped him secretly, Chen Xiang believed that he would be able to escape.

Of course, if the Divine Nations sends out their strongest warriors, even if the Palace Lord himself were to take action, he wouldn't be able to resist.

... ..

On a street in Heroes Gathering Divine City, Xie Ao was quickly walking with a cold face. He already knew about the matter of Chen Xiang's shop in the morning, and only now did he know that Chen Xiang's strongest point was actually pill refining and not those other methods. Last time he and Chen Xiang had worked together at the Divine Medicine Treasure Arena, he only thought that Chen Xiang's ability to use space was rather strong, and he thought that Chen Xiang had collected the divine medicines to help Feng Yujie gather them.

Just as Xie Ao was thinking about this, he suddenly felt someone quickly approaching him. A weak gust of wind struck the back of his head, and then, he felt a slight pain in the back of his head. Someone had actually hit his head right on the street.

There was no need for extreme vigilance in a place like the Heroes Gathering Divine City. If one was ambushed here, one would definitely be unable to leave the Divine City, and those elders would have already held their meetings. Especially during the time that the Divine City was in operation, they would strictly manage the Divine City, and would definitely not allow any sneak attacks to happen.

But now, Xie Ao was ambushed, and fiercely slapped on the back of his head.

Xie Ao suddenly turned his body, he was angry and murderous, but when he saw the smile on his face, the anger in his heart was immediately dispelled.

He was very handsome, his face was filled with a mischievous smile, and this man was Jiang Sheng. He was Qi Shi's good friend, and also the blacksmith from Nine Heaven World.

"Old Xie, long time no see. You actually came to a place like this. It seems like you came here very early, and you even did quite well." Jiang Sheng laughed.

"Old Jiang, you actually didn't die." Xie Ao touched the place he was previously hit on, and laughed out loud.

"There's no other way. The Heavens like to let a lowly fellow like me live." Jiang Sheng had also come to Super God Realm, and he was in the middle of it.

Xie Ao said: "Let's go and find Chen Xiang, you should know this brat, he told me about you and Qi Shi before."

Jiang Sheng laughed: "Of course I know, I recognized him even after he turned into ashes, he should be very powerful now, I never thought that a guy like you would actually know him, it seems like you have received his help before right."

The two of them walked to the shop happily, and the moment Jiang Sheng entered, he saw Feng Yujie.

When Feng Yujie saw him, she called out: "Old Jiang, why are you here too."

Jiang Sheng laughed: "Not bad, with such a big shop in this kind of place, no matter where Chen Xiang goes, he would always be able to get along well. It seems like you, the Nine Heavens Goddess, have already gotten along with him."

Feng Yujie's beautiful face reddened, and she jokingly scolded: "You're still the same, your mouth is always so cheap .... The little demon is on the fifth floor, while the two seniors White Tiger and Vermillion Bird are there as well. "

After selling all one hundred Regeneration Dan today, Feng Yujie closed the shop's door, and walked up with Xie Ao and Jiang Sheng.

Chen Xiang and the White Tiger Vermilion Bird were chatting when they suddenly heard Jiang Sheng's pitiful laughter.

"Big white cat, you have a good day. I heard that you and the Flaming Bird have already left together. When are you going to give birth to one ..." When Jiang Sheng saw the Vermillion Bird's jade face filled with killing intent, he immediately swallowed back the words that he was about to say. After a while, he laughed, "Long time no see, you all look even more handsome and beautiful than before."

The White Tiger laughed: "Old Jiang, what wind brought you to this Super God Realm? I heard that the Nine Heaven World has already swallowed the Gods Realm, but it shouldn't be easy to come to this Super God Realm."

Jiang Sheng sat on a large and very comfortable chair with his legs crossed. He looked at Chen Xiang and then looked at Shui Bingyan who was giving him a massage.

"Greetings, Senior Jiang Tou." Shui Bingyan shouted gently, and a smile appeared on his face. She thought that Jiang Sheng's name was Jiang Tou.

"There's no need to be courteous. No matter where this brat goes, he will always be able to find such a great beauty." Jiang Sheng laughed, then looked towards the White Tiger and said: "Right now, there is no more Gods Realm, the Nine Heaven World is the strongest, and we also have a large area of influence in the Nine Heaven World."

Chen Xiang asked: "Senior Jiang, right now you should already be a god right? This kind of speed of growth is very unbelievable, have you gone to the Gods Realm yet?"

Jiang Sheng laughed: "Aren't you also a little god? The reason we can grow so fast is all because of the dragon vein on your Dragon Subduing School, the dragon vein has been seized back then, but the Dragon Subduing School is no longer there, the one in charge of the Nine Heaven School is your bunch of dog friends, I am honored to be able to become an elder there. As the Nine Heaven World grows at a rapid pace, the energy released by the dragon vein is also extremely shocking, we can even cultivate at a rapid pace."

After knowing that Yun Xiaodao, Zhu Rong and the others were currently controlling that dragon vein, Chen Xiang was secretly happy. He really wanted to return right now.

### [Chapter 2000](#)

Chen Xiang had learnt the news about his former little friend from Jiang Sheng. Although he was happy, he was also very worried, because at that time, if the Nine Gods Nation was going to be in charge of the Nine Heaven World, he would definitely purge the strong forces in the Nine Heaven World.

And Yun Xiaodao and the rest would definitely not surrender, when that happened, it would definitely be another bloody battle!

"Where are Qilian and the rest?" Feng Yujie asked steadily: "Do you have any news about them? I used to have a passage to return to the Gods Realm, but somehow, it was blocked off! "

"Those girls are fine now, they have taken over the other dragon vein, which is your divine tomb. Although they are secretly developing in there, they are very famous in Nine Heaven World!" Jiang Sheng said, "The Nine Heaven World and the Gods Realm originally had a passageway that was connected to each other! That is, the Super God Restricted Area that can lead to the Gods Realm. Back then, this group of girls were able to return to Nine Heaven World through the same path as Super God Restricted Area. "

The White Tiger said, "Looks like Super God Realm's time is different from Nine Heaven World's! It should have been a long time! "

Jiang Sheng nodded his head and replied, "In the heavens, it happens every day for a year. There was such a saying in the past, so in the past few decades, Nine Heaven World was equivalent to a few hundred years, several thousand years, or even more. In short, in the past, there were slight differences in time between Gods Realm and himself. "

Feng Yujie laughed bitterly: "We will be unified in the future, and Nine Heaven World will soon swallow this Super God Realm!"

The White Tiger asked, "Old Jiang, how did you come here? It's not easy to get from Nine Heaven World! "

Jiang Sheng drank a mouthful of ice tea and praised. "It was indeed not easy, but because of the existence of our Super God Realm, with everyone working together, we barely managed to open a gap. But I just came in and closed it!"

The Vermillion Bird was in disbelief, "It's not easy to open an opening. Even if a few powerful Supreme Gods were to join hands, it would be impossible! Unless there is some sort of passage. "

Jiang Sheng laughed: "Now that the Super God Realm's space is getting weaker and weaker, coupled with the participation of the Azure Dragon and Black Turtle, these two people who have become very powerful, I could do it. I had originally planned to come together, but I'm lucky, so I'm the only one here."

The green dragon was previously locked up in the Divine Prison, but the Divine Prison had already been breached.

"Senior Jiang, then what happened to the Devil-killing Heavenly God and her? When the Divine Prison was broken through, their pressure should be the greatest! " Chen Xiang asked. These two gods had been very good to him back then.

They can protect themselves now that the Gods Realm no longer exists, and after being swallowed by the Nine Heaven World, they obtained an even more powerful energy source. With our help, they entered the dragon vein to cultivate, so they broke through their own bottleneck, and now they are all important elders of the Nine Heaven School! "Ling Yun said. Jiang Sheng said.

The Nine Heaven School should be the strongest power in the Nine Heaven World now. Once the Nine Heaven World annexed the Super God Realm, then the Nine Heaven School would be his main target!

When Chen Xiang thought about this, he started to worry secretly. He then asked, "Who is the Leader now?"

"Gu Dongchen, he said that he's your junior nephew. This guy is also very strong, and his management ability is very strong!" Jiang Sheng said.

Chen Xiang laughed, which made him think back to the time when he was in Super Martial School. This Gu Dongchen was indeed good when he was in charge of Super Martial School, and he was originally a member of the mysterious Ancient Spirit Race, now he had become so powerful again.

"This fellow is not bad, but he is a bit stingy!" Chen Xiang laughed: "I really want to go back and see them. After not seeing them for so long, they have become so powerful."

Back then, the White Tiger had also lived there for a period of time. There was also his White Tiger Fighting Race there, and he greatly missed his clan members.

We will be able to see them very soon. Once the Nine Heaven World Swallows this place, we will be able to see them. Jiang Sheng chuckled: "At that time, it will be our world!"

However, Chen Xiang could not laugh at all. Feng Yujie and the Vermillion Bird were also worried.

"What's going on? You guys don't seem to think this is a good thing? " Jiang Sheng asked with suspicion.

"It's a good thing, but bad things will happen along with it!" Chen Xiang sighed: "The Azure Dragon and Black Turtle probably didn't tell you anything about this place, right? Although the three shrines are the strongest among the Super God Realm s, at the moment, the three shrines are unable to match up to the nine terrifying Divine Nations s! "

Feng Yujie said: "Nine Divine Kings was originally suppressed by the nine Divine Nations to the point that he had no choice but to hide. Nine Heaven World also ruptured because of this. Now that the Nine Heaven World wants to annex this place, the Nine Gods Nation will definitely make his move. "

After Jiang Sheng heard this, he could not laugh anymore. He seemed to have heard of something related to the Nine Gods Nation, if the Nine Heaven World annexed it, the Nine Gods Nation would take action again, and at that time, it would definitely be a huge mess. They had been developing steadily for so many years, no one hoped that it would happen.

"It doesn't look as good as I thought!" Jiang Sheng sighed, he had already seen that there would be a fierce battle in the near future.

"Oh right, did you guys meet Qi Shi? He should also be here. The Archaic Divine Beasts that have awakened their memories should know about this place. This is their true homeland. " Jiang Sheng said, "The reason why the Azure Dragon, Black Tortoise and Ice Dragon did not come here is because they wanted to hold back in Nine Heaven School."

Chen Xiang told Jiang Sheng about Qi Shi's misfortune, and upon learning that Qi Yan the Super Old Fire Beast had died, Jiang Sheng immediately became extremely furious.

"There's no rush. It shouldn't be long before that Prince Divine Lions will come knocking on our door. At that time, we will definitely make him pay with his blood." The White Tiger said coldly.

The Prince Divine Lions was already quite strong, and he had a Divine Lion Race backing him. His Lion King father was so strong that he could compete with the hall master! He understood Divine Lion Race very well. Although he had been reborn, his current strength was not weak either.

Just as Chen Xiang and the others were enjoying their conversation, Yi Bidong came!

When Yi Bidong arrived at the hall on the fifth floor, he saw the White Tiger and Vermillion Bird, and suddenly thought of something. At that time, Yi Bidong had already recognized Huang Jintian, this old fart, and now it seemed that he also had an impression of the White Tiger and Vermillion Bird.

"An elder came to Star Moon Divine Race. He said that he wanted to find the kitten, and he found out that the cat is here!" Yi Bidong said with a serious expression: "The elder they sent is of high status in the Star Moon Divine Race, he is almost on the same level as the patriarch, which shows how much importance they have towards this cat!"
