

Dan God 2031

[Chapter 2031](#)

Chen Xiang had found two divine souls from the Star Swallowing Divine Cow's Divine Sense Seas. This was considered not bad, he had already begun to take out these two divine souls, and guided them to the Bones on his left arm.

Just as he started, the experts from Divine Nations came down from the sky. They were a few middle-aged men, followed by a few elderly men, all of them being extremely powerful, one look was enough to tell that they were not a match for the Swallowing Star Cow.

At this moment, Yang Tianyi was injured. If this group of people worked together, Yang Tianyi might not be able to beat them!

"Quickly stop, you are not qualified to have this divine soul!" His eyes were filled with a greedy light, just by looking at it, one could tell that he also wanted this divine soul.

"If I am not worthy, then you are even less worthy!" Chen Xiang was extremely furious, but at the same time, White Tiger, Qi Shi and the others also rushed over.

Qi Shi said coldly, "What do you want to do? You all should have already seen who defeated this cow, and gave it to Chen Xiang, what right do you all have to say that he is not worthy? "

This Middle-aged Man in Black Armour was not afraid of Qi Shi, he was stronger than him after all, "If I say you're not worthy, then you're not!"

With that said, Middle-aged Man in Black Armour threw a punch towards Chen Xiang's head. The punch was extremely vicious, enough to kill Chen Xiang.

With a wave of Qi Shi's battle blade, the White Tiger released a streak of black mist and a Flame Whip from the Vermillion Bird ... They all blocked the Middle-aged Man in Black Armour's attacks.

Middle-aged Man in Black Armour's punch was blocked, but because of it, he was infuriated!

From the looks of it, a huge battle was unavoidable. Just as Middle-aged Man in Black Armour took out a long blade, Olde Iron Cock appeared from an unknown place, his movements was extremely nimble, his hand held onto a short blade, he came up to Middle-aged Man in Black Armour from behind and quickly stabbed into Middle-aged Man in Black Armour's back.

No one could have predicted this, especially the Middle-aged Man in Black Armour. He never thought that the old man from Supreme Divine Palace would actually sneak attack him, and so decisively as well!

The Olde Iron Cock was very sinister, after getting his hands on it, he ran very quickly, and disappeared in the blink of an eye. Furthermore, the wound on the Middle-aged Man in Black Armour's back also emitted a burst of black Qi, it was obvious that the Olde Iron Cock's short blade contained a strong poison!

The Olde Iron Cock was a force at the peak of the Supreme God Realm with nineteen Divine Deity, while this Middle-aged Man in Black Armour had twenty-one. But now, he had been defeated by the Olde Iron Cock.

"Quickly, kill these bastards!" Middle-aged Man in Black Armour covered his wounds, and crazily swallowed the divine pellets. His skin was already starting to turn black.

A golden-armored middle-aged man shouted, "We will join hands and annihilate him. There will be a lot of divine soul in the divine cow's body, we will split it evenly!"

The red clothed man snorted from the air: "They should have already been told not to interfere in this matter when they came here. However, seeing that the divine cow was defeated, they felt like taking it for themselves! Of course, when they go back, they won't be blamed because they obtained the divine ox. But now, it seems like they won't be able to get it that easily! "

The old follower sighed. "It's really surprising how many things have happened all of a sudden! It has to be said that this Chen Xiang is quite a character, to actually be able to take on such a strong opponent, and has so many people protecting him! "

The red clothed man nodded his head. "These are his friends. This is only natural!"

... ..

Chen Xiang was furious in his heart, but he was currently in the middle of absorbing the poison, so he could not stop at all.

"Brother Yang, how are you now?" Chen Xiang asked.

"I'm fine!" Yang Tianyi tried his best to stand up, but just as he steadied himself, he spat out a mouthful of blood and sat down on the ground again.

Luo Tianjun and Zhu Xiangyuan had also rushed over. Although they knew that they could not beat the experts from the Divine Nations, they could not watch Chen Xiang get killed by them.

Ten or so Divine Nations Rankers attacked together. They did not take out their weapons, but used the power of the Divine Sense Sea to suppress Qi Shi and the others in the blink of an eye!

"You bastards, just hurry. When I have the power of the Lion King, I will immediately destroy your dog country!" Qi Shi shouted in anger, transforming into a gigantic white lion. At this time, his Divine Lion Race's gigantic lions also came over.

An old man from the Divine Nations sneered: "You guys have already fought a big battle, and consumed so much energy, what's more, you guys are a group of people who haven't recovered much strength yet. If we kill you now, it can also prevent you from causing huge losses to our Divine Nations in the future."

As they spoke, the White Tiger and Qi Shi were surrounded and attacked by the four elders, they cooperated extremely well, using four long rods to attack, the defense of the White Tiger and Qi Shi was quickly broken through, followed by a burst of sword rain. These elders of Divine Nations, using divine artifacts as their attack, had reached the acme of perfection, and were extremely sharp. The approaching Vermillion Bird was also caught up in the fray, being wildly bombarded by these old men using all sorts of powerful divine artifacts.

Luo Tianjun and Zhu Xiangyuan's side were not much better off, the few middle aged men they were facing were even more powerful, without using any methods, just punches and kicks, they were forced

to retreat step by step, there was already a huge difference in cultivation, and the opponent had many people!

"Quickly kill them bastards!" The poisoned Middle-aged Man in Black Armour roared crazily. He felt that his situation was very bad and was therefore even more furious.

Qi Shi and the others were feeling very heavy right now, because if they did not get help soon, they would definitely be finished!

Originally, Mu Chen and Xiao Changle wanted to come over, but the White Tiger had sent a sound transmission to them not to intervene.

Right now, Bai Hu's group's strategy was to stall for time as much as possible. They could only blame it on Chen Xiang and Yang Tianyi!

"If you don't use any strength, it's pretty hard to kill!" A golden armored man saw through the white tiger's intention to stall for time and sneered. A golden light exploded from his palm towards Luo Tianjun!

"Pavilion master!" A delicate shout came from afar, it was Shui Bingyan's voice.

Shui Bingyan instantly arrived beside Luo Tianjun, and the waves of terrifying cold energy emitted from her body also shocked the experts of the Divine Nations, because at this moment, their feet were frozen in ice, and cold energy quickly rushed into their bodies.

Chen Xiang was suddenly worried in her heart, although Shui Bingyan was strong, her strength was limited, and now that she had fallen into battle, it was not a good thing.

Bai Hu and the others hadn't thought that this usually innocent and innocent girl would actually have such terrifying strength. Her methods were also very touching. She actually wanted to save them, so she wasn't afraid of being drawn into this battle with such disparity in strength.

"Stupid girl, what are you doing here?" Luo Tianjun was very touched, but he chided them, because he knew very well that it was impossible for Shui Bingyan to stop these Divine Nations Rankers.

Qi Shi, who had turned into a giant white lion, also counterattacked at this time. He rushed to the front of an elder who had been frozen, and with a furious roar, tore an elder into pieces.

[Chapter 2032](#)

The White Tiger and Vermillion Bird, Luo Tianjun and Zhu Xiangyuan also immediately retaliated, as well as the hidden Olde Iron Cock also suddenly appeared. Shui Bingyan bought them a very valuable attack time, they definitely had to be precious, and used all of their strength to launch their most terrifying attack!

In a split-second, five experts from the Divine Nations were killed, while the White Tiger and the rest were also paralyzed on the ground. The remaining few experts from the Divine Nations were also able to struggle free from Shui Bingyan's frozen body, and one of the middle-aged men immediately flashed towards Shui Bingyan, striking him hard on his abdomen!

Shui Bingyan cried out in pain as she was sent flying. She had just released all the cold energy in her body in order to buy some time.

Feng Yujie immediately flew to catch Shui Bingyan!

"BingYan!" Chen Xiang's forehead was full of veins as he roared. He really wanted to pull back his hand, but if he did, he would also receive heavy injuries. At that time, he would be a useless cripple.

Yue'er hid inside Feng Yujie's backpack, and asked with a slightly sad tone: "BingYan, are you alright?"

Luo Tianjun immediately took out a few bottles of divine pellets and threw them over. Just as he was about to take them, he was broken by the few people from Divine Nations.

"You will all die, yet you dare to resist the Divine Nations!" A middle-aged man said coldly.

It had never happened before for several Divine Nations Rankers to die all of a sudden, and they were even killed by an opponent of this level.

The Star Swallowing Divine Cow's divine soul was extremely tempting, and it was not just a set of divine soul.

"Tsk tsk, you guys are too weak. So many of you have died!" Suddenly, a white clothed man appeared. Behind him were more than ten youths, who looked like they belonged to the Divine Nations.

"You guys have been hiding all this time!" A middle-aged man said with a cold expression. If these youths had come out earlier, they might not have suffered such a huge loss.

Chen Xiang looked at Shui Bingyan who had a haggard face, his entire body shivering, he was already prepared to fight to the death, as long as he could smoothly fuse with the divine soul!

"Hehe, it's not like you guys don't know that this guy has Six Realms mirrors on him! Back then, the six Divine Lords had plotted against a few of their Divine Lords using the Six Realms mirrors, and recklessly attacked him, which was not a wise decision, but to observe from the side for a period of time!" The white clothed man smiled, looked at Chen Xiang, and continued to speak: "Seeing that he's been forced to such a state, he probably doesn't know how to use the Six Realms Divine Palace technique, so I can relax and come out."

The white-robed man looked at the corpses lying on the ground and shook his head. "It seems that what I've done was quite wise. Their fight just now was quite outstanding, and if it had been us, we would have suffered. It's a pity."

"Now that we have more people, we will also have to split the divine cow's divine soul equally!" The white clothed man walked towards Chen Xiang step by step.

Half of the Divine Nations's strong warriors had originally died, but now there were more than ten, which meant that there were already fifteen. If they could obtain the God Cow's Divine Deity and Divine Deity, they would have been evenly split.

However, the white-clothed man and the others would split more between them. As for the middle-aged man and the old man, half of them had died.

When the man in white walked over, he suddenly saw a small dot in the distant sky. When he looked carefully, his expression changed drastically. He let out a scream and was sent flying.

At that moment, everyone saw something smash into the man in white's handsome face. That thing looked like a book, but it was transparent!

Seeing this transparent book, Chen Xiang was overjoyed. It was Huang Jintian's Tianyan god record!

Huang Jintian was a strong Ranker back in the Primordial Era, but because he could not get through the big tribulation, he was constantly reborn! Now that he had suddenly appeared, it was clear that he had passed through a great tribulation. Not only had he recovered his memories, but he had also regained his strength!

"Who was plotting against me? Did you come from the Divine Nations?" Although the man in white had his face smashed and was bleeding profusely, he still maintained his calm as he asked with his ice-cold voice.

"So what if I'm plotting against you? The guy who killed people for their goods!" Huang Jintian's voice came out, and with it, he stood right in front of Chen Xiang and the others.

"Master, quickly check on BingYan's condition!" Chen Xiang anxiously told Huang Jintian, he was extremely worried for Shui Bingyan.

"I have expended too much energy, and my body suffered some internal injuries. Divine Sense Sea is fine!" Huang Jintian glanced at Shui Bingyan, and said indifferently: "She is a Dao Spirit, and has cultivated up to the Innate Dao Body. She won't die that easily."

Huang Jintian looked at the group of Divine Nations and snorted: "You Divine Nations are still the same!"

"Just who are you?" A middle-aged man asked. Although they could not see Huang Jintian's cultivation level, they knew that he was powerful, if not, he would not have been able to injure the white clothed youth so severely.

Yi Bidong secretly heaved a sigh of relief. He knew that Huang Jintian was the extremely famous Old Immortal, if he did not pass through the Tianyan god record, he would not be able to recognize Huang Jintian! Now that Huang Jintian knew how to use Tianyan god records to attack, it showed that Huang Jintian had already awakened his memories.

"I'm Chen Xiang's master, you guys don't have a backer for bullying my kid, right?" Huang Jintian suddenly dodged, retreating behind Chen Xiang. He slapped his palm on Chen Xiang's back: "Follow the mental cultivation method that I passed down to you, quickly complete the fusion of Bones and soul!"

When they heard this, the experts of the Divine Nations were all shocked, as were White Tiger, Mu Chen and the others! Chen Xiang wasn't even a Primordial God, but he was actually able to condense Bones. If he also fused with the Divine Cow's divine soul, then he would become a Primordial God in the future, and his strength would be unimaginable.

With Huang Jintian's help, Chen Xiang very quickly absorbed three sets of powerful divine soul and five pellets of Divine Deity and merged them into his Bones. At this moment, his arm had also swelled up, and he looked as if he contained unparalleled strength.

The white-clothed man sprinkled some sparkling powder on his face. His injured face quickly recovered and he said coldly, "Don't be afraid of him. His cultivation is only slightly higher than ours. We can still deal with him if we join hands!"

"You should know what happens when you go against our Divine Nations, especially these divine beasts." The white clothed man looked at the White Tiger, Qi Shi and the others, then looked at Chen Xiang and laughed coldly, "So what if your Bones has fused with your soul? You will definitely die today!"

Huang Jintian said to Chen Xiang. "Prepare to use the Six Realms mirrors, pour my power into it later. Then, do as I say and control the Six Realms mirrors, activate some of the array patterns inside!"

Huang Jintian stood behind Chen Xiang and put a hand on his shoulder, then began to instill the vast Mysterious power in his body. When Chen Xiang felt it, he was extremely shocked, Huang Jintian's powerful Mysterious power that had entered his body made him feel like he was mud, as if he could be crushed anytime by the force.

[Chapter 2033](#)

When these Divine Nations Warriors came to the Super God Realm, they thought that they were high and mighty. The people of the Super God Realm were like ants, but now, they were oppressed and several of them died. They could not just run away like this. They would be laughed at to death!

The dozens of Divine Nations rankers seemed to have made an agreement as they immediately flew up. Five of them rushed towards the White Tiger and the rest while the rest rushed towards Chen Xiang and Huang Jintian.

Upon sensing this momentum, he knew that the other party was going all out this time!

Chen Xiang waved his hand and released a Hexagonal disk. The white clothed man had sharp eyes, and immediately saw this thing. He was extremely shocked, because this was a Six Realms mirrors!

"You can't escape!" Chen Xiang saw that the man in white had retracted his power.

After the Six Realms mirrors was flung out by Chen Xiang, it floated in the air and released many black lights. These black lights entered into the bodies of the Divine Nations Warriors separately!

"Six Soul Locating Arrays can paralyze the soul and cause it to be unable to control the body and move!" This was what Chen Xiang found out when he opened the array patterns on the Six Realms mirrors. He knew that there were a lot of terrifying killing formations inside the Six Realms mirrors, but he wasn't strong enough to open them.

Just now, Huang Jintian had given him a lot of power, telling him to open the six soul imprisoning arrays to lock these Divine Nations experts.

After he was done, Chen Xiang took out the God Slaughtering Sword. At this moment, he no longer needed divine soul. He walked over to the white clothed man and brandished the God Slaughtering Sword, slashing down at him!

The white-clothed man was unable to move or even speak. He could only widen his eyes in fear as he watched the Godslayer Sword hack down on him, taking away his life.

"Hurry up and finish it! Time is limited!" Huang Jintian immediately jumped to the front of an old man and smashed him into pieces with his palm.

At this time, the crowd on the city wall, as well as White Tiger and the others, just watched Chen Xiang kill all of the Divine Nations's Rankers with one sword strike.

"You were the one who injured BingYan earlier, right?" Chen Xiang looked at a middle-aged man who was lying on the ground. This middle-aged man should have pounced like he was flying towards him to attack, but because he was struck by the six Soul Locating Arrays, he fell to the ground.

Chen Xiang hated this man to the bones, he stored up all his Six Realms' Power and hacked down, releasing a silver flame that entered the middle aged man's body. Under the strong pressure of the sword, the fire burned even more fiercely, instantly burning the middle aged man to ashes.

In just a moment's time, all of these people who had wanted to snatch the divine cow's divine soul had been killed! These were all experts from the Divine Nations, they could kill as they wished, and they had to kill as many as they wanted. If the Divine Nations pursued this matter, the consequences would be dire!

Those who had some understanding of the Divine Nations were currently deeply afraid, afraid that the anger of the Divine Nations would burn to them!

The red-clothed man watched everything from midair and sighed, "You said you wanted to snatch Chen Xiang's Heavenly Alchemy? Now you see, this is the result! When you push people to their deaths, they will not care whether you are Divine Nations or not. In their eyes, there is only resistance, because that is the only way to survive! "

This kind of expert was not one that they could deal with. If not for the fact that Yang Tianyi had suffered heavy injuries from his fight with the Swallowing Star God Cow, those experts from the Divine Nations would not have appeared!

Although they did not see him actually fighting, but they were sure that it was also very scary. The reason he helped Chen Xiang activate the Six Realms mirrors's killing array, was probably to hide his true strength.

At this time, the mountain-like White crocodile flew over, and above him was Jiang Sheng.

Feng Yujie gave Yue'er's bag that he had hidden away to Chen Xiang, and took Shui Bingyan to the Yin Yao Ring to heal her wounds. Qi Shi and the others rode on the White crocodile.

"Oi 'White, to the Lion King's Tomb!" Qi Shi said to the White crocodile.

If he could not go back to Supreme Divine Palace and the Heroes Gathering Divine City after what had happened, it would only implicate them.

Everyone was already very tired, and Yang Tianyi had also been injured, so most of his energy had been used up. If they were to encounter another strong warrior, they could only rely on Huang Jintian.

Chen Xiang sat on top of the White crocodile and looked at Yang Tianyi's injuries. It looked to be more serious, but he had to say something.

"This brother's body is too scary. The effect of my divine pill isn't very good either!" Luo Tianjun took out a Shangpin dan and placed it in Yang Tianyi's mouth.

"Just sleep for a few days. It's nothing much!" Yang Tianyi's voice was a little weak as he lightly smiled.

Huang Jintian looked at the Heroes Gathering Divine City that was gradually disappearing and let out a sigh of relief, "Luckily I came here quickly, and I had expected something bad to happen today, if not all of you would have been dead by now."

Other than Luo Tianjun, Olde Iron Cock Zhu Xiangyuan and a few others, most of the people on the White crocodile's back recognized Huang Jintian. However, they also knew that Huang Jintian was Chen Xiang's master, and they felt that it was inconceivable for him to suddenly become so powerful.

"Big Brother Qi, where is your Divine Lion Race? Aren't you going to arrange for them?" Chen Xiang asked.

"I've already told them to go to the Lion Emperor's Tomb." Qi Shi laughed and poked his backpack. He heard a "meow" sound coming from inside and laughed: "That little white cat is inside right?"

Yue'er stuck her head out, stuck out her tongue, and said: "Thank you for your hard work everyone, but I have more or less dragged everyone here. If everyone has the chance to go to Star Law Divine Realm in the future, I will definitely not mistreat you!"

Huang Jintian frowned: "Star Law Divine Realm? You came from the Star Law Divine Realm?"

He didn't know about these things, but he seemed to know Yue'er, "Back then, I heard the All-beast Divine Lord mention Samsara Sacrifice's Samsara Sacrifice. I didn't expect that there were still many things hidden inside."

Chen Xiang and Yang Tianyi were relatively clear about this matter, but no one else was aware of it.

"So there was actually such a story!" After hearing the truth, everyone sighed. It wasn't easy for Yue'er to go through so many tragic things.

"You are from the Undead Divine Race, and your roots should be in the Star Law Divine Realm as well. The Tianyan god record you use should be based on the power of the stars, and only an inexhaustible amount of star power can sustain your Tianyan god record's Sky Spill Divine Abacus." Yue Er said.

Huang Jintian nodded his head. He was very clear about his own background and he had even more of a story.

"You old fogey!" The White Tiger and the other God Beasts shouted in alarm at the same time, because they had all heard of the legend of the old Tianyan god record not dying.

Huang Jintian laughed: "Back then, when you were very young, I had hugged you all. It's just that many years have passed and I have already changed my appearance many times, you no longer recognize me."

Chen Xiang asked curiously, "Master, how long have you lived for?"

Huang Jintian laughed bitterly: "I also want to know, I can't remember myself, in short, I have been to many places!"

[Chapter 2034](#)

This was something that Chen Xiang had learned from Yue'er. Now that Qi Shi wanted to bring them to the Lion King's mausoleum, it was because Qi Shi could safely enter and exit the mausoleum.

"The Lion Emperor's mausoleum should be the safest place now. Although the Lion Emperor is already dead, the mausoleum he constructed when he was still alive is not simple at all." The white tiger stared at a blurry silhouette in front of it. That was the Lion Emperor's mausoleum. Due to its size, one could see its blurry silhouette from far away.

Yue'er replied, "The Lion Emperor's Tomb is over a hundred thousand meters tall. It is said that it was built with a lot of blood and sweat, all for the sake of passing on the Divine Lion Race's powerful bloodline and cultivation technique. The strength of the Lion Emperor is comparable to that of the Divine Lord, or maybe even stronger than that of the Divine Nations! "

Chen Xiang was a little puzzled, "Since the Lion Emperor is so powerful? Why did he still die? And All-beast Divine Lord too! "

Yue'er looked at Huang Jintian, "Your master should know, that he is from Undead Divine Race, and specifically records all sorts of major events that happen under the heavens. It was said that it was also because of this that they received the treatment of never dying."

Huang Jintian curled his lips: "Our Undead Divine Race also has a lot of things ... However, the reason why the Lion Emperor and the All-beast Divine Lord died was mainly because the opponents they faced back then were the nine Divine Nations s.

"As long as it is a living being, it will die! Divine Lord's level has already reached the peak of strength and can no longer break through. If you stay here longer, your lifespan will also run out. This is a result of the time that nature has given birth to, and it's unavoidable! "

Chen Xiang laughed: "Master, what about you? Aren't you Undead Race? It shouldn't be dead! "

Huang Jintian sighed: "Right now, that's not bad, but who knows what will happen to me in the future? Actually, I have lived all this time, and this has been a form of punishment for me! "

Luo Tianjun asked: "Old Senior Immortal, I heard from Old Yi that Nine Gods Nation has met with a crisis. Does that mean that Nine Gods Nation won't send any strong guys to deal with us in the near future?"

The Nine Gods Nation was troubled by some things, but what was it? Why did they allow nine such powerful Divine Nations to face such a crisis?

Huang Jintian knew about many things, and everyone was looking at him, hoping to learn some important things from him.

Huang Jintian said: "This is related to what I said just now. The main reason is that the nine Divine Nations s can't hold on any longer. But all these years, these Divine Lord have had a large number of children, and most of these children have very good Inherent Skills which allowed them to inherit the

talent of those Divine Lord s. Furthermore, they received an extremely rich amount of resources and were guided by a master teacher the moment they were born.

Nine Gods Nation's Divine Lord was about to run out of lifespan. This made Chen Xiang and the others extremely surprised, it was good news for them! Now they understood the danger of the Nine Gods Nation. The children of the Divine Lord must be forming gangs and fighting for the throne, if their strengths were similar, they would definitely not accept anyone, and in the end, it would only become a war, and the huge Divine Nations would also be split because of this.

Jiang Sheng frowned: "Is this a good thing or a bad thing for us?"

Huang Jintian looked at the Lion Emperor Divine Mountain which was getting closer and closer, and said: "Right now, it is a good thing, at least after Nine Heaven World absorbs Super God Realm, we will have a period of steady development! The only thing that I am more worried about is that after the internal civil war, the Nine Gods Nation will definitely split into many small nations! "

Luo Tianjun laughed: "Isn't that a good thing?"

"Not necessarily!" Huang Jintian said sincerely: "If a strong guy suddenly pops out and exterminated the scattered Nine Gods Nation, unifying everything, then Nine Heaven World would definitely be affected."

Qi Shi curled his lips and said: "Back then, when I unified the Nine Heaven World, an extremely terrifying thing happened to me as well. I hope that this Nine Gods Nation will not repeat itself!"

Huang Jintian nodded his head: "That is indeed the case, we can only consolidate our strength as soon as possible, in case we get affected later on!"

Yang Tianyi laughed: "The best is to go to the Star Law Divine Realm to hide. That place to accept anyone, is because the rules are strict.

Huang Jintian shook his head: "That won't do, if Nine Gods Nation is united, then this guy who is unified will definitely have greater ambitions, and at that time, it might even be possible to deal with Star Law Divine Realm. Don't forget, Nine Gods Nation's strength also makes Star Law Divine Realm apprehensive! Of course, if the nine Divine Lord s die, their power would definitely drop by a huge amount. "

When Feng Yujie came out of the Serene Jade Ring, Yue'er immediately asked, "How is Bing Yan?"

"She's asleep. Her recovery ability is quite amazing. There's nothing wrong with her now!" Feng Yujie heard them talking outside.

"Senior, do you have a way for me to return to the Nine Heaven World now? I want to go back first. After all, so many things have happened and I never would have thought that there would be a change in Nine Gods Nation. " The reason why Feng Yujie came here was also to investigate the situation in the Nine Gods Nation. Now that she knew the situation in the Nine Gods Nation had turned out like this, she had to rush back and adjust her strategy.

Chen Xiang said, "Are you going back alone?"

"I want to bring BingYan back!" Feng Yujie sighed softly, "If she's willing!"

Of course Shui Bingyan was willing, she was very reliant on others, especially Feng Yujie!

Luo Tianjun and Zhu Xiangyuan ran back from Supreme Divine Palace, and now, they were not going to return for a while. After discussing for a while, they decided to stay in the Lion Emperor's Tomb for a while.

Huang Jintian said: "I can open up a path for you guys to head back, Chen Xiang, what about you?"

"I still need to stay here and look for the Four Symbols Divine Weapons! I have already found one, and only now do I know that the Four Symbols Divine Weapons will not be in a fixed location, and can run around by herself. " Chen Xiang's reaction towards the Four Symbols Divine Weapons was always very chaotic, which was why he said that.

That Four Symbols Divine Weapons was refined by the Heavenly Divine Lord, of course he was powerful, he would not be surprised if he was able to run around randomly while breaking through space.

The White Tiger said, "Yu Jie, go back to the Nine Heaven World and ask the Azure Dragon and Black Turtle to come here. Let's see if we can revive the All-beast Divine Lord!"

Feng Yujie nodded. Back then, the All-beast Divine Lord had also fought against the Nine Gods Nation and this was their ally.

Huang Jintian sighed, "Even if they resurrect, they won't be able to live for long. Those Divine Lord from back then, all had similar lifespans!"

Both the White Tiger and the Vermillion Bird were somewhat sad. The Vermillion Bird asked, "Is there no way to continue living?"

"Of course there are, but the hopes are slim, so in Star Law Divine Realm, many old fellows who have lived to the end would not do anything terrifying when their lifespan was almost up. They would usually go look for the person who created this world, and no one would know where they would find them. The nine Divine Nations s would probably have embarked on this road as well, if not they would have killed the ones they disliked, or destroyed the Divine Nations s of the enemy with their lives. "

There was actually a way, but it sounded illusory, but it was also the only hope.

[Chapter 2035](#)

Yang Tianyi said: "Old fart, why don't you follow me back to the Star Law Divine Realm? You can only become stronger after you return to that place. You should be very curious about whether there are people from your Undead Divine Race in the Star Law Divine Realm or not right? "

Huang Jintian nodded his head: "Okay, I will go with you!"

Everyone had already arrived at the bottom of the Lion Emperor's Divine Mountain, which was also the Lion Emperor's Tomb. In a large mountain range, there was a door on the Lion Mountain's huge chest.

Chen Xiang was also in a hurry to find the other three divine weapons, the need to quickly bring out Nine Divine Kings. Otherwise, if Nine Heaven World continued to grow at this rate, sooner or later, he would be targeted by a powerful force.

After a few days, everyone had recovered. Shui Bingyan was a lot better, as she and Yue'er reluctantly bade farewell to him, and then followed Feng Yujie to enter the spatial tunnel that Huang Jintian had opened, heading towards the Nine Heaven World.

Yue'er had to follow Chen Xiang. Chen Xiang also needed a very experienced pilot in the Super God Realm, and Yue'er was the best choice.

Huang Jintian and Yang Tianyi, the better, let's return to the Star Law Divine Realm together! Although Yue Er also wanted to return, she still planned to wait until she recovered her strength. She felt that if she were to return now, it would definitely be very embarrassing.

Qi Shi also had to focus on developing his Divine Lion Race. In the future, he had to protect his own Divine Lion Race from being destroyed!

When Feng Yujie returned to the Nine Heaven World, one reason was because he needed to bring back the Bone level Dan's divine medicine and a few divine pills. If he could get these divine pills early in the Nine Heaven World, he would be able to quickly become strong!

... ..

Chen Xiang was far away from the Lion Emperor Divine Mountain, so he searched for the other three divine weapons according to his senses. That feeling was very blurry, and did not inform him which divine weapon it was, so he was unsure, and sometimes the feeling even disappeared.

"The Heavenly Divine Lord is still in the Ninefold Space. There is a possibility of revival! But if he resurrects, his lifespan might very well be running out like the other Divine Lord s. " Chen Xiang said. This was what the Great Divine Lord had told him back then.

"Actually, I'm not going to die either. I've died many times, just like your master." Yue'er laughed, "There is a secret that I am only telling you. Actually, your master's Undead Divine Race and I have some sort of relationship."

Chen Xiang was not too surprised. Yue'er came from the Star Law Divine Realm, and she was even some law enforcer.

Yue'er continued: "In this Super God Realm, neither the Divine Lion Race nor the Divine Lion Race profess themselves to be their own, but actually exist! It was just that the Star Moon Divine Race here was not the orthodox school, it could be considered a branch! The Ox God of Swallowing Star also has the blood of the Star Moon Divine Race in it, and other beasts also have the same thing, because they are born with the ability to absorb the power of the stars and moon to cultivate! "

"What about the Divine Lion Race? There are Divine Lion Race s in the Star Law Divine Realm? " Chen Xiang never thought that the Super God Realm's ten great God Tribes would actually have such an influential background.

"There are humans in the Star Law Divine Realm! But the Divine Lion Race and the dragon race are all beasts, they all belong to the god race! " Yue'er replied, "Of course, there are six great god races in Star Law Divine Realm. There are three beasts: Divine Lion Race, Dragon Clan, and Cat Race, while the other three are Star Moon Divine Race, Undead Divine Race, and Herculean God Tribe! Among them, the Star Moon Divine Race s are relatively different, they are beast-type and human-like. "

Chen Xiang laughed, "Yue'er, is this Cat Race related?"

Yue'er nodded and said, "Mn, I have three god bloodline, Undead Divine Race s, Star Moon Divine Race s, and Cat Race s in my body! My mother was from the Cat Race, and my father was from the Star Moon Divine Race. But my father had the bloodline of both the Undead Divine Race and the Star Moon Divine Race in his body, so I inherited them. "

Chen Xiang said in shock: "So that means your grandfather and grandmother are respectively from Undead Divine Race and Star Moon Divine Race? Aren't you very strong since you inherited the blood of the three god race? "

Yue'er laughed complacently: "Of course I'm very strong. Do you think that the Star Law Divine Realm's Enforcer can casually become one? Back then, I had to take many examinations to pass! "

Xiao Chou and Zhu Xiangyuan were both from the Giant God Clan, and their strengths were not bad.

"Yue'er, how is the Star Law Divine Realm's Titan God clan? That bald disciple of mine has the blood of the Titan God clan, will they accept him in the future? " Chen Xiang asked.

"Of course I will. When I left the Star Law Divine Realm back then, the number of people in the Herculean God Tribe were few and far between! After so many years of development, there are not many clan members who can be found in other worlds and even grow up! " Yue Er said.

The Nine Heaven World had dragons and cats, the Super God Realm had dragons and cats, and the Super God Realm had Divine Lion Race and Divine Lion Race. It could be seen how terrifying the God Tribes of the Star Law Divine Realm were.

Chen Xiang asked again, "Are all six God Clans very powerful? Were those rules set by them in the Star Law Divine Realm? "

At this time, Chen Xiang had already stopped to rest. Yue'er flew out to eat, using her tongue to lick the sweet ice fruit juice Shui Bingyan had left her.

"No, the six god race only supported this rule. They did not make it, and they are restricted by many rules! This way, they could avoid large-scale wars. No matter who it was, they had to follow these rules, because at the moment, the strongest was only at the Divine Lord level! Furthermore, it is not as though a Divine Lord who is unable to create much of a storm in Star Law Divine Realm has never been punished before. "

For example, it was not allowed to sell divine pellets without permission, only those who set the rules could sell them. Thus, if one wanted to rely on alchemy to earn Shen Yuan stone, they could only rely on those powers.

After resting, Chen Xiang suddenly had a feeling that there was a Four Symbols Divine Weapons not far from him, and he was still moving.

"What's going on with these Four Symbols Divine Weapons s? Run around! " Chen Xiang was extremely depressed. If he could just lock himself in one spot, he could just directly go and search.

"These spiritual weapons would usually hide in very dangerous places. These dangerous places are meant for humans, so you have to be careful." Yue'er replied, "A Divine Weapon crafted by the Divine

Lord. The most powerful ones that are able to attack people on their own. If one is not careful, one would be killed by the Grand God."

In the afternoon, the sky was entirely covered by thick gray clouds, although there was no sunlight shining on it, this kind of overcast sky still made people feel a sense of pressure, Chen Xiang chased after the Divine Weapon and arrived next to a large piece of black mud. He threw a large stone over, and when the stone came into contact with the black mud, it immediately sank, and then began to emit black smoke!

[Chapter 2036](#)

"Is it highly toxic?" Chen Xiang smelled a terrible stench, and then he threw a low rank divine blade into the black swamp. This low rank divine blade was very sturdy, but after entering the black swamp, it instantly turned into black Qi.

Yue'er looked at the endless black quagmire in front of her and said, "This should be the Evil Mud Pond. Legend says that it's because a very vicious Evil beast died here that it became like this. As long as it doesn't sink in, it's fine.

Chen Xiang rose into the air and flew according to his senses towards the Divine Weapon. If he was in the Evil Mud Pond, it would not be easy to take it out.

"Is it really safe here?" Chen Xiang could not help but ask, because he realized that very few people entered. Even in the air, there were no birds flying, obviously wanting to avoid this place.

"Of course not, this is a dangerous place. Be careful." Yue'er replied, "As long as it's a dangerous place, there will always be hidden dangers. Because the elders of the Star Moon Divine Race rarely visit this place, I'm not very familiar with it either."

In the blink of an eye, Chen Xiang had already entered the depths of this Evil Mud Pit. He had used the power of the spatial laws to travel this entire way, and did not stay on the surface for long.

"How long has this evil quagmire existed for?" Chen Xiang asked. Waves of death aura pervaded this Evil Mud Pond, and occasionally, the chilly wind would blow over, causing a black stench and mist. Especially when they arrived at the depths, it gave off an extremely oppressive feeling.

"It's been many years. Legend has it that the magical beast that died was an existence close to the Emperor level. After he died, the poisonous blood came out and corroded his corpse, then spread out. After a long time, it became like this!" Yue'er asked, "Did you find anything wrong?" I didn't sense anything! "

Yue'er's perception was extremely strong, and even if she did not discover anything, Chen Xiang had even less of a chance.

Chen Xiang shook his head and said: "Staying here makes me very uncomfortable."

Yue'er said: "This is usually the case for places like this. There is a large amount of death aura here, and when that Poisonous beast died here, there would definitely be a large number of creatures that died afterwards as well. If that godly weapon was hidden here, it would be very safe. No one would want to come to this place! Do you feel that Divine Weapon now? "

"It's near here!" Chen Xiang floated above the Evil Mud Pond, and slowly flew towards a place that looked like a whirlpool.

Just as Chen Xiang was about to go over, Yue'er anxiously shouted, "Don't go over there!"

However, Chen Xiang had already flown up above, and when he heard Yue'er's shout, he immediately teleported away, only to see a soft black object suddenly shooting out of the vortex like lightning, about a hundred meters long, straight into the sky, looking like a very long black tongue.

"That was close!" Chen Xiang said in shock.

"Be careful down there!" Yue'er shouted in alarm.

Chen Xiang anxiously activated Space Domain, isolating himself from the space. Although a black vortex appeared below him, he was unable to extend his black tongue.

Chen Xiang distanced himself from the whirlpool and threw out a large piece of beast meat that was stored inside the ring. That black tongue of his shot out again and agilely wrapped around the huge piece of beast meat.

Chen Xiang slashed his sword from afar, releasing a ray of sword qi condensed from Six Realms' Power, cutting that black long tongue apart!

After his tongue was cut off, the entire swamp was suddenly like a surging wave, surging up and down violently, Chen Xiang anxiously floated up to the sky!

It was obvious that something was trying to come out from under the mud. It should be the Evil beast with the tongue!

"This thing's size is really big!" Chen Xiang looked at the bog that was churning up and down from high up in the sky, and he could tell what it was from this, "What exactly is this thing?"

Soon, he got his answer. It was a dragon that had emerged from the depths of the quagmire!

Coming to the Super God Realm, this was the first time he saw a dragon. However, this dragon was very ugly, and there were two dragons of varying sizes!

This evil dragon that was covered in poisonous mud was not only huge, it also had a strange appearance. It had many pairs of legs, like a centipede, its two heads were covered with black scales, and the smaller head had closed eyes, as if it was dead.

"Maybe it was because it absorbed too much of the Poisonous beast's blood that it grew into this state. Looks like the Poisonous beast was originally a huge centipede, and this poisonous dragon came to this place and fused with the centipede's Divine Deity." Yue'er said, "It won't be hard to deal with them!"

Chen Xiang frowned: "I can feel a Divine Weapon moving close to me, could it be in this guy's stomach? If it's like that, it's very likely to be the Azure Dragon Divine Weapon! "

After his small head's tongue was chopped off, it caused him great pain. He immediately popped out to see what was going on, and only saw Chen Xiang floating in the air. He was furious in his heart, and spewed out a black poison towards Chen Xiang.

Although the speed of the poison flying at was much faster, it was nothing to Chen Xiang. He easily dodged it and immediately executed the Soul Destroyer Slash within the Dragon Slaying Seven Killing Strikes, directly attacking the Hundred Legged Poison Dragon's divine soul.

This Hundred Legged Poison Dragon wasn't very powerful. It was just that its entire body was poisonous and its size was huge. If it were to sneak attack him while hiding under the quagmire, it would be easy for him to get it!

Chen Xiang struck straight at the Hundred Legged Poison Dragon's divine soul, and only heard the dragon let out a furious roar. Then, its body began to struggle violently, causing the black colored mud to churn chaotically like a raging tide.

"Dead!" Chen Xiang released the Chuangzao fire s from the Hundred Legged Poisonous Dragon's body and ignited it.

Just as the flames were burning, a green light suddenly shot out!

"It really is the Azure Dragon Divine Weapon!" Chen Xiang was ecstatic, he anxiously teleported to catch it.

The Green dragon demon-slain broadsword from before had already been destroyed. That blade was very large and domineering, but this one seemed much smaller with a trace of gold in the middle.

"Is it complete?" Yue'er asked. Previously, when Chen Xiang had obtained profoundwu clothing that lacked Divine Deity, they were incomplete divine weapons.

"It's complete. Otherwise, he wouldn't have been running all over the place. I never would have expected him to be parasitic in the body of this Hundred Legged Poisonous Dragon." Chen Xiang held onto the Green Dragon Divine Saber tightly, and slashed at the black swamp below. He did not use the Six Realms' Power, but the force produced by the Divine Blade had created a deep cut.

"It feels pretty good!" Now, there's only two more! " Chen Xiang closed his eyes, and quietly sensed the direction of the other divine weapons.

After a while, he still didn't feel anything, but Yue'er sensed someone heading their way. "There are more than ten guys flying over. They seem to be in a hurry, could it be that they're coming for this Hundred Legged Poison Dragon?"

[Chapter 2037](#)

These ten people came here very quickly, Yue Er had just told Chen Xiang about this matter and they already appeared!

The Hundred Legged Poison Dragon had already been burnt by Chen Xiang and was still burning!

"You're the one who killed the poison dragon?" a burly man asked, his voice trembling with anger.

"I killed him, what happened?" Chen Xiang didn't hide anything. Since the poison dragon had attacked him first, he had a reason to kill it.

"I don't want to know where you came from. I know you wanted to kill me, but now, no matter what you say, I will kill you!" As Chen Xiang finished speaking, he threw a punch across the air, and that terrifying left fist combined with his spatial power, as if he had entered a spatial passageway. That fist came from afar and landed on an old man, and that old man's torn body was instantly burnt to ashes by the white flames.

"Run!" The leading man could already roughly estimate Chen Xiang's strength, it was not something they could handle, they were able to escape very quickly, but they found an extremely terrifying time, no matter what they were running, they were actually still running.

At this time, they were already inside Chen Xiang's Space Domain. The fixed rules of this space were all set by Chen Xiang, so it was impossible for them to escape.

"Spatial Slash!" With a chop of Chen Xiang's hand, the space of these ten odd people was sliced into many small pieces. All of their bodies were also turned into small pieces, and eventually burned into ashes.

However, there was a jade token that was not burned down. It belonged to the man!

Chen Xiang picked up the jade tablet, which had the words "Heavenly Fire Divine Country" written on it!

"These fellows are actually from the Heavenly Fire Divine Country, but why are they so weak?" said. Even though it was the first time he had heard of the Heavenly Fire Divine Country, it was obvious that he was one of them.

"They should be in charge of taking care of this poisonous dragon. As for taking care of it, it should be the work of the experts in the Divine Nations. They seem to already know that the Four Symbols Divine Weapons can revive the Heavenly Divine Lord!" Yue Er said.

Chen Xiang still lacked two Divine Weapons to gather all four, and at that time, he would be able to summon the Nine Heaven Devil Palace, then enter into the Ninefold Space, and with the Fifth Divine Weapon in his hands, he would be able to come out!

"Over here!" After Chen Xiang sensed the third Divine Weapon, he immediately teleported over.

... ..

An hour after Chen Xiang left the Evil Mud Pit, a huge meteorite fell there, leaving a huge pit behind. Floating above the pit was a man dressed in flaming red armor, his cape was burning with raging flames and was flying along with the wind, looking very cool.

"The Poison Dragon has been killed, the divine blade has been taken away, and those dozens of trash have also died! This Chen Xiang's strength has actually risen so fast. If he found Four Symbols Divine Weapons, then Heavenly Divine Lord would very likely revive! " The man furrowed his brows and took out a jade medallion as if he was communicating through voice transmission.

After sending a sound transmission for a moment, he exclaimed, "They're actually all dead! What was going on? They are all at a level beyond the realm of the True God, but to think that they would be killed in such a place! "

What surprised the man was the few experts who were sent to participate in the Heroes Gathering Divine City competition. Back then, they wanted to snatch the divine soul of the Swallowing Star God Cow, but they were killed by Chen Xiang and the others.

"I have to go to Supreme Divine Palace to ask!" The man disappeared in a flash.

... ..

At this time, Chen Xiang was not aware that an expert from the Divine Nations had appeared, but Yue'er felt something.

"Strange, something fell from the sky just now. Could it be that the Divine Nations's guys have come?" Yue'er replied, "Those Divine Nations s are all on the stars in the sky. If they found out that the poisonous dragon was killed, they should be able to arrive in about an hour."

"The people who were killed last time were also all from Divine Nations, I don't think those Divine Nations know about it yet!" Chen Xiang was a little worried. "I'm more worried that Supreme Divine Palace and his son might be implicated by us!"

Supreme Divine Palace and Six Realms Divine Palace have some of the power left behind by the Nine Divine Kings, and it will come into play at a critical moment. If something really does happen, I think Mu Chen and Xiao Changle, as Palace Masters, will have ways to avoid it. Yue'er replied, "Your top priority right now is to find the other two Divine Weapons."

Chen Xiang kept on walking in a certain direction based on his senses. He already did not know where he was, he only knew that he was getting closer and closer to the other Divine Weapon.

[Chapter 2038](#)

Chen Xiang relied on his senses to walk away. Right now, the place he was heading to was extremely hot and he felt that something was off. Although this place could make him perspire profusely from the heat, there were many emerald green trees and beautiful flowers of all different colors growing here.

"This place is like a furnace, but there are so many plants growing here. This is unbelievable!" Chen Xiang took out a Holy Flower, just as he took it out, the red Holy Flower suddenly dried up and turned yellow. Unexpectedly, it was because this place was too overheated, the inside was dried up!

Yue Er exclaimed: "It's very possible that this is one of the most famous places in Super God Realm!"

Chen Xiang plucked a leaf and asked: "What kind of place is this?" He placed the leaf in his mouth and chewed it, then immediately spat it out. After he chewed on it, the sap within the leaf was extremely hot, burning his tongue.

"Didn't you see it now? All of the plants here grew because of the magical fire, and it's said that all of the plants here were made out of fire. " Yue'er replied, "Of course, the beasts that grow up here are all fire attribute Special god beast, and have some strength that is also very strong."

Chen Xiang said: "I don't want to encounter these things. I'm not hungry at all right now!"

He only wanted to find a Divine Weapon quickly and reunite with his wife in Nine Heaven World. He missed Xue Xianxian and the others very much.

Because he had been ambushed before in the Evil Mud Pond, he became very energetic. He used the Space Domain to hide himself in an independent space, which could prevent his Qi from leaking out, unless he was very sensitive to space.

After arriving at this forest, Chen Xiang was extremely hot. Even if he had used Spatial Isolation to test it out, the strange heat would have seeped in.

Yue'er stuck out her tongue, sweating all over. "Warm up, what the hell is this fire? It could actually penetrate space? If only BingYan was here, she would have made me feel cool! "

Chen Xiang also knew how to use the Icy cold power, it was just that he wasn't proficient in it, but it still made Yue'er and him feel much better.

"Looks like Suzaku Divine Weapon must be hiding in this place!" said with certainty. Suzaku Divine Weapon was of the fire attribute, he had previously seen this ancient Suzaku bow before.

He had only used the Azure Dragon Divine Saber once, but its power was already extremely obvious. It was just that he had not merged with the Azure Dragon Divine Saber yet, so he had yet to unleash its stronger power.

"Littlemoon, haven't the Azure Dragon and the other four God Beasts existed for a long time? Back when Heavenly Divine Lord was refining these few types of Divine Weapons, the White Tiger and the rest of the people in Beast Divine Palace should not have been born yet, right? " Chen Xiang was a little doubtful. Heavenly Divine Lord and the others had already known about the existence of the Nine-Xiao Divine Nations a long time ago, and they must have refined those divine weapons even older than Beast Divine Palace.

Yue'er said: "Of course not, the White Tiger and the Azure Dragon have already been through many generations, and in their generation, they should already be the ninth generation. I only know that there is a third generation existence in our Star Law Divine Realm, the Four Divine Beasts and the Fire unicorn are all very famous in the Star Law Divine Realm. For example, the Azure Dragon will choose a dragon to inherit everything from him. "

"Did you inherit it when your lifespan ran out?" Chen Xiang asked. If it was not so, who would be willing to give up all their inheritance?

"Yes, I believe that Nine Divine Kings revived them back then in order to stabilize Nine Heaven World. In the future, they will definitely help Nine Divine Kings and the others!" Yue'er sighed with emotion, "The potential of White Tiger and the rest is enormous, because the inheritances they received came from those beast emperors who were so powerful that only time could kill them. Furthermore, they have been around for generations.

Yue'er continued, "There is a legend in our Star Law Divine Realm, that wherever White Tiger and the rest descend to, the world would become extremely prosperous and powerful! I heard from some of Star Law Divine Realm's old men that back then, Star Law Divine Realm was also extremely weak and there were all sorts of internal strife.

Chen Xiang climbed up a big tree and plucked a fruit. He placed the fruit juice out and it was even scarier than magma. He hurriedly threw it away because Yue'er was already hot to death.

Chen Xiang jumped down and said, "White Tiger and the others are already part of the ninth generation inheritance? Then wouldn't the world that the previous eight generations lived in become very powerful? Other than your Star Law Divine Realm, do you know of any other powerful world? "

In the future, the Nine Heaven World would annex this place, and then swallow the Nine Gods Nation. That would mean that the overall strength of this place would be similar to the Star Law Divine Realm's, as long as it was developed for a period of time, surpassing the Star Law Divine Realm would not be a problem.

Chen Xiang felt that as he walked slowly in the forest, he would be chatting with Yue'er. He had been in the forest for a long time already, but he did not encounter any other creatures.

"Is it a bird?" "It doesn't seem like it. It sounds like someone is speaking, but it's just that the voice is very soft!" Based on his own judgement, Chen Xiang immediately walked towards the direction where the extremely soft sound came from.

After going over, the voice was still transmitted, but Chen Xiang did not see anything. Just when he was curious about something, Yue'er said: "The voice came from the inside of the tree, there's something inside!"

Chen Xiang carefully looked at the surrounding tree trunks, and discovered that there were concealed scars on them, as though there was something inside the tree trunk that drilled its way through, and then lived inside.

The trees here were the thickest and would need a few people to hold it in their arms. Amongst the many ancient trees that Chen Xiang had encountered, this one was considered "thin", but the people living inside seemed to be somewhat small.

He came to a tree and pressed his ear against the trunk. Sure enough, he heard a very small sound coming from within ...

"Grandpa chief, what should we do?" Those fellows have always been staying here, and have already destroyed our Sacred Grounds, but we can't do anything about them. If this goes on, our Sacred Grounds will be destroyed. "

"That's right, that's right. The holy land was taken away by them, and our eating has become a problem. If this goes on, our entire clan will be exterminated."

"Sigh, we have no other choice. We have lived here for many years and have never encountered such a thing. How could we have known that a great human would suddenly appear in such a place and occupy our holy land for such a long time?" This was a voice that sounded older than the others. After he finished speaking, he suddenly shouted, "Someone is outside!"

[Chapter 2039](#)

When Chen Xiang heard this, whistles came from all directions. Suddenly, many finger-sized holes appeared on the trees around him, and many thorns flew out from the holes in the tree!

When Chen Xiang was hit by the small thorns on the tree near him, he only felt a wave of heat attack him. The small thorns could release extremely strong heat waves, but when the thorns shot towards him and tried to pierce his body, they were actually blocked by the defensive barrier created by his body.

The flying thorns were not aggressive at all, in Chen Xiang's eyes, they were just like children's toys. It was just that the dozens of trees around him had countless holes in them all released such that they looked like a dense rain, causing Chen Xiang to feel as if he was being attacked by scorching hot air.

Of course, he wasn't hurt, he just felt very hot!

There was a small person standing at the entrance of the tree. The small person had a pair of wings that were like petals on his back, and the clothes he wore were also made from petals, making him look very beautiful. Although the small person was small, it looked very cute, with long black hair that reached his waist, and a small face that was delicate and beautiful.

"Little demoness?" Chen Xiang remembered where he had seen this before. He quickly remembered that back then when he opened those profoundbing in the profound Cold Ancient Realm, he opened up a little demon girl like her. At that time, it was Lv Qinlian's Demon Charming Association who found those profoundbing, so that little person also followed her.

The last time he met Lv Qinlian, he had asked that little demon about him. Lv Qinlian told him that the little demon was sleeping, so he didn't see her.

"This great human knows the nickname our ancestors gave him. What should we do?" The petal demoness let out a strange cry, and her voice was also very pleasant to listen to.

"I'm not a bad guy, I'm just passing by! I've seen little guys like you in the same place before. " Chen Xiang revealed a smile, showing that he did not have any hostility.

Hearing his words, the little demoness immediately quieted down. The surrounding tree trunks also opened up a large hole. There were all kinds of villains, men, women, old, all kinds!

However, these little people were all different. Some of them had flower petals, some had leaf wings, some had butterfly wings, some had dragonfly wings, and some had bird wings. Although they were all different, they all looked very harmonious and beautiful.

"Fey?" Chen Xiang maintained a gentle smile on his face. This could let the other party relax his guard and give him a good impression.

An old faerie flew out from the tree next to him. It should be that chief. He had a pair of light green maple leaf-shaped wings, and when he flew, the wings would emit traces of red flame.

"Where have you seen our people? We haven't used the name of faerie in a long time. Our name is Wisp now! " The old elf said.

"I am in a place called Nine Heaven World. That world is a world of freshmen, this is a long story, you should be the clan leader of the elves race, right? My name is Chen Xiang, I came to this forest to search for something, I came here based on my senses, and then I met all of you. " Chen Xiang said with a smile.

A benevolent smile appeared on the old elf's small face. "I am Ba Ye, the chief of the elven tribe. On behalf of the entire elven race, I welcome you here!"

Chen Xiang was a little shocked, this old elf had actually let his guard down so quickly, and believed his words so easily! It seemed to him likely that these elves had thrown away their holy land because they trusted people too much.

The number of little Fairies here was around a few thousand, which wasn't a small amount. Chen Xiang was sitting on the ground now, and the little Fairies had gathered around him, chattering away about something. They were very curious about this unfamiliar human.

We are actually of the Little Fairy Clan, other than the Water Elves, Ice Elves, Grass Wood Elves, Wind Elves and so on, we are the weakest and the smallest. In order to not be bullied, we always hide in places where humans and beasts rarely come to. They were indeed weak, and when the power of their entire clan was gathered together, it only made Chen Xiang sweat a little.

The other little elves also had wings when they saw Yue Er, so they all saw her as a little bit bigger than them. Yue Er even joked about saying that she was a moon elf, and she quickly became one with these little things. For those little things, riding on Yue'er's back was a very domineering thing.

"Clan leader Ba, what happened to your Sacred Ground? Why was it taken? Is the Sacred Ground very important to them?" Chen Xiang asked. He felt that since he met with such a situation, he should save them and help these pitiful little things.

Ba Ye leaned on a cane made from a small tree branch and said, "The holy land is very important to us. It is a place that will support us for eternity! Of course, we can also build our own holy land, but once it's built well, it will be taken over by those bad people, and the two people we built will be taken over by them."

Chen Xiang only knew that Undead Divine Race could live forever, but this Little Fairy Clan actually had this kind of heaven-defying ability.

However, he let out a long sigh and said, "If those bad guys don't leave soon, we will have to leave. This is something we are very unwilling to do, because it is very difficult for us to find such a good place!"

Yue'er replied, "Put them in the ring and bring them to Nine Heaven World. The dragon veins there should be suitable for them. It seems that they should be the same as Grass Wood Elves, skilled in raising plants."

Ba Ye nodded his head: "Yes, although we are not as big as the Grass Wood Elves nor as strong as them, we are not weaker than them in terms of growing flowers and plants! This was originally a barren wasteland, but after so many years of planting, it became a beautiful place."

Chen Xiang's mouth twitched a little. The strange fire type plants here were actually planted by them, they were truly powerful, in such a hot place, it was not suitable for plants to grow in the first place. But they still changed the characteristics of the plants, allowing them to heat up and absorb the heat here to grow!

Chen Xiang tidied up the ring and had Little Lightning, who was in the ring, play with these little things. He had already decided to bring the Little Fairy Clan back to the Nine Heaven World.

He immediately nodded his head because Chen Xiang had told them that he would help them move to a very safe place. It didn't matter to them if they had any trees or forests, as long as the important Sacred

Grounds weren't occupied by them. As long as they could use the Sacred Grounds that they had created, flowers, plants and trees would grow out of the ground.

[Chapter 2040](#)

After Chen Xiang and Ba Ye finished their discussion, they started to arrange for the little elves to enter into his Dark Jade Ring. The space inside was very large, it was enough to accommodate the entire race of elves.

Baye had already told him about the occupied holy land, and now he was heading towards the two occupied holy lands!

According to what Ba Ye had said, the Sacred Land they were building was actually a very huge formation. This formation could absorb the energy of heaven and earth to maintain its operation, and this formation could transform all kinds of energy into an immortal power that could be absorbed by a fairy.

This kind of power didn't have a good effect on humans. This was because the human body was completely different from Wisp's, because the human body needed a lot of energy to maintain itself, especially the bodies of the strong ones, which needed to absorb a lot more energy to maintain themselves!

Chen Xiang was also very curious about the Little Fairy's Sacred Ground. He quickly arrived at the side of the Sacred Ground, their Sacred Ground wasn't very big, in total, it was just a house. To humans, there were only a few Sacred Grounds, it was such a small place.

With just a glance, one could tell that it was built later on by the humans that occupied the Sacred Land. They definitely knew the use of this Sacred Land, and their intention of occupying it was clear; it was to obtain longevity!

Those little elves were so gullible. They must have leaked the secret of their own clan, which was why they were in trouble!

The Sacred Ground Chen Xiang saw now was the most ancient one of the Little Fairy Clan. They had only built another one after the Sacred Ground had been occupied.

There were only a few people in the house, so they were not considered strong. From the Qi they were releasing, Chen Xiang guessed that they were probably gods who possessed four Divine Deity!

When Chen Xiang created the Double bone level, his strength was already comparable to the gods of the Four Divine Deity, and could even be said to be much stronger than these gods.

"Where did these guys come from?" Chen Xiang discovered that there were five people inside, all of them looking like middle aged men. They were all cultivating in their own rooms, apparently absorbing the energy produced by the Sacred Grounds, which would cause living beings to live forever.

Chen Xiang had learnt from Ba Ye that they had been in this place for a long time and that no one had ever come to this forest before. However, over a hundred years ago, a group of people suddenly appeared and occupied their Sacred Grounds. Afterwards, they no longer built it. Instead, they waited for these people to leave this place before they brought it back.

Fortunately, these little elves all had their own life-saving abilities. If these people wanted to attack them, they could use their innate abilities to hide in any kind of plant.

Because these elves had once told those people that once one of them died, the Holy Land would lose its effectiveness. Therefore, those people no longer dared to kill them because it was not easy to find a path to immortality.

Chen Xiang snuck into one of the rooms, and the people inside were extremely relaxed. It seemed that it was because they had not encountered any dangers while staying here, that made them not on guard, which showed that they had no experience!

Chen Xiang secretly condensed Six Realms' Power and activated it. He wanted to use his mind to attack and directly attack his opponent's Divine Sense Sea!

"Everyone else is cultivating. You can start now!" Yue'er confirmed the movements of the others.

Chen Xiang used the invisible six divine powers, transformed the Soul Absorbing Devil Spell into an extremely strong mental attack, and fiercely rushed towards the middle aged man who was cultivating on the bed. At the same time, he released his ice cold energy and froze the middle aged man's head, preventing him from making any sound.

The middle aged man's body was still bound by the water vines Chen Xiang had released. After being attacked by Chen Xiang's mental attack, he struggled due to the intense pain.

When Chen Xiang used his Soul Absorbing Devil Spell to attack and devour the opponent's memories, he knew some things from their memories, which was the origins of this group of people. What he did not expect, was that these people all came from the Heavenly Fire Divine Country!

"They were sent to guard it because there is a Suzaku Divine Weapon here!" Chen Xiang told Yue'er everything he knew.

"Looks like Divine Nations already knew the location of these Divine Weapons. They probably already knew that Divine Weapons can release the Nine Divine Kings from the Nine Heaven Devil Palace, so it would be best for you to quickly find the last Divine Weapons so that they won't find out and snatch them away!" Yue'er replied, "I find it rather strange. Since they have already discovered the Divine Weapon, why didn't they take it away and leave it here instead? Why don't you just send someone to guard it and take it away? "Why bother?"

Chen Xiang said: "Because Divine Weapons are intelligent, they are not so easy to take away. Now, they have determined the location of the Divine Weapons and they have to wait for an opportunity to take it away!"

In just a short moment, Chen Xiang used the same method as before to kill off all the people who were cultivating here. They occupied Little Fairy's Sacred Land, which was originally not a good thing, as if that Heavenly Fire Divine Country lackey, Chen Xiang, would naturally not show mercy!

He quickly found the second Sacred Ground. It was a little bit small here, and there were a few middle-aged men, all of them were cultivating, greedily absorbing the power of immortality produced by the Sacred Grounds, but they, who were currently striving for immortality, were unknowingly killed on the

path of immortality. If they did not occupy the Sacred Ground of the little elf, they might have been able to live for many more years.

After exterminating all of these Heavenly Fire Divine Country s, Chen Xiang also harvested more than twenty Divine Deity s, which could be used to refine medicinal pellets.

"This is the place, the Suzaku bow is hidden here!" Chen Xiang came to the bottom of a very large ancient tree in the forest. He pressed his palm on the tree trunk, then released the profoundwu clothing and took out the Azure Dragon Divine Saber, this was the only way he could make the Suzaku bow appear by itself.

Not long after, the tree trembled slightly. A raging fire suddenly erupted from a part of the tree trunk. A seemingly ordinary longbow fell out of the flames!

Chen Xiang's heart moved, the Suzaku bow that dropped to the ground immediately flew towards his hand. It had not merged with Chen Xiang yet, but it was actually very intelligent, which made Chen Xiang very happy.

The Suzaku bow looked no different from the ordinary longbows that the hunters made themselves. The only difference was that there were many Spirit grain s on top of the longbows. These Spirit grain s looked rather thick and messy, but upon closer inspection, there were many extremely small Spirit grain s inside every single one of them.

Right now, he already had three ancient godly weapons in his hands. Through these three godly weapons, he immediately found out the exact location of the fourth godly weapon!
