

## Dan God 2041

### [Chapter 2041](#)

Chen Xiang immediately left the forest filled with heat. As he was leaving, he told the clan leader of the Ba Ye clan that Ba Ye had greeted him earlier, and that Ba Ye and his clan members were currently bidding farewell inside the Demon Ring. This was a place that they had lived in for many years.

Yue Er asked: "Is the last White Tiger Divine Weapon far from here? If you take two Divine Weapons consecutively, Heavenly Fire Divine Country will definitely know about it. So, you had better hurry and go there, in case they set up an ambush."

Chen Xiang had also thought about it, so the moment he left the forest, he used his fastest speed to rush to the place where the White Tiger Divine Weapon was.

"In the eyes of that person, it is very far. However, in my eyes, it is very close. I might be able to arrive there in half a day." Chen Xiang clenched his teeth, madly using his Six Realms' Power to teleport to a far distance, this allowed him to reach the place faster.

... ..

The red armored man from the Heavenly Fire Divine Country came to the Heroes Gathering Divine City from the Evil Mud Pond, but he did not immediately enter the Supreme Divine Palace to ask Mu Chen. Instead, he first inquired about some information in the city.

The consecutive days of information that he received made him extremely shocked, because what kind of shocking things had happened, they, the Divine Nations, actually did not know about it, which was also reasonable, because all the experts that the Divine Nations had sent had died, leaving only the mysterious prince and his old follower unharmed. However, when the both of them returned to the Divine Nations, they did not openly announce this matter, which showed that the prince did not wish for Chen Xiang to be in too much trouble.

The man investigated for a few days, and after confirming that it was absolutely true, he did not go to the Supreme Divine Palace, but instead immediately returned to his own Heavenly Fire Divine Country. However, just as he returned, he met another person who was sent by the Heavenly Fire Divine Country, it was an old man.

"Elder Li, what made you do it yourself?" The red armored man asked, but he did not directly say anything about his investigation, because he could use the matter he discovered to please his master, and also to suppress his master's opponent. If Elder Li already knew about this, then he would have to follow a new plan.

"The dozen or so trash that were in charge of taking care of the Suzaku bow are dead. I have to go take a look." The Elder Li looked anxious.

The red armored man frowned: "Oh, leave this matter to me. I just came down to deal with the matter of the Azure Dragon Divine Saber being taken away. Elder Li, you definitely have something important to do right now, so leave this matter to me."

"Right now, I'm at the point of breakthrough. It's indeed very important, so I'll have to trouble you, Brother Hao." The expression on the old man's face eased up, and a smile appeared on his face, "When I come out of closed door cultivation, I will definitely thank Brother Hao."

"No need to be courteous, after Elder Li breaks through and obtains more power, don't forget about this little brother." Hao Ren smiled faintly.

Elder Li immediately returned to the Heavenly Fire Divine Country, but Hao Ren instead smiled charmingly, "Since the Suzaku bow have already been taken away, then Chen Xiang will quickly go to the White Tiger Divine Weapon. As long as we capture Chen Xiang, I have made a huge contribution, to the point where this old donkey actually gave me such a good thing."

Hao Ren didn't know about these things because he knew that the Elder Li had been in closed door cultivation for a long time and that there was no news about it.

... ..

Chen Xiang had already reached the place where the White Tiger Divine Weapon was hidden. This place was a very ordinary rock mountain cluster, the only strange thing was that the rock mountains here were mostly the same, or like the twins, they were all two rock mountains that seemed to have the same shape and size.

Chen Xiang just found it interesting. After looking at the group of rocks, he went straight to the hiding place of the White Tiger Divine Weapon, which was inside a stone mountain.

"This mountain is very ordinary, but it is one of a kind." Along the way, there were many similar stone mountains except for this one.

He circled around this three thousand zhang tall mountain and found a cave halfway up the mountain. He immediately flew up and entered the cave.

After he entered, he felt a very strange gust of wind blowing on his body, causing his body to feel hot and cold at the same time. These two feelings appeared at the same time, making him feel very scary, because his body wasn't someone that could be breached by this kind of wind, causing him to feel cold and hot at the same time, so he was sure that there was definitely someone very powerful inside this cave.

"Come in. If I wanted to kill you, I would have died the moment you stepped into this Sky Spill Star Formation." He was extremely familiar with that voice, but he was sure that it was not the person he was familiar with.

In order to see this person's appearance, Chen Xiang walked in. When he saw an elder sitting cross-legged on a table, he was completely stunned, this person's appearance was exactly the same as the one he knew.

"This... "How is that possible?" The person that Chen Xiang saw had the exact same face as Huang Jintian. He was very sure that this was not Huang Jintian, but Huang Jintian's master.

This old man just said that there was a Sky Spill Star Formation here. It was obvious that he also knew about the Heaven extended method. The so called Sky Spill Star Formation should be the mountain range here.

"Are you looking for White Tiger Divine Weapon?" The old man took out a plate, on top of which was a pair of black gloves. When Chen Xiang had collected the four pieces that Jiang Sheng had refined as a Four Symbols Divine Weapons, he had seen the illusion of an ancient White Tiger Divine Weapon.

Chen Xiang nodded his head. Although this old man who had the exact same appearance as Huang Jintian looked very strict, when Chen Xiang saw the look in his eyes, he felt that the other party did not have any ill intentions. It could also be because the other party had the same appearance as his master, so he felt that the old man in front of him was extremely kind.

"You've found the other three." The old man asked again. He also noticed that Chen Xiang was surprised when he saw him, but even if she was surprised, her reaction was not.

Chen Xiang nodded again.

The old man said, "If you can put it on, you can take it."

Chen Xiang walked over and easily wrapped this pair of gloves that looked like it was made of black cloth around his hands.

"Have you seen me before?" The old man was somewhat curious about this, because Chen Xiang wasn't really that cautious towards him, and when he looked at him, it was as if he was looking at an old acquaintance.

"My master looks exactly the same as you, and also ... He understands Heaven extended method." Chen Xiang said, he was also very curious about this.

After the old man heard, he was stunned for a while, as though he was shocked by this matter. Chen Xiang could see a trace of joy and excitement in his eyes.

"What's his name?" the old man asked.

"Huang Jintian." Chen Xiang immediately replied.

"I am Huang Yantian, his brother. Where is he now?" The old man's words made Chen Xiang unable to react for a while.

"He went to the Star Law Divine Realm. I don't know when he'll be back." Chen Xiang felt that the old man had given him the name "Huang Yantian". As for whether or not he was Huang Jintian's brother, Chen Xiang could not be sure, so he had to find Huang Jintian to confirm.

## [Chapter 2042](#)

This old man was also very strong. Although Chen Xiang could not confirm that he was Huang Jintian's brother, he was sure that this old man was related to Huang Jintian, because this old man also knew Heaven extended method, otherwise, he would not have been able to set up the Sky Spill Star Formation.

"He actually went to the Star Law Divine Realm, looks like he has already passed through that calamity, and has only just passed through it, what a useless fellow, since he is so useless, he still wants to return to the Star Law Divine Realm, isn't he courting death?" Huang Yantian frowned and said angrily, looking like he was worrying about his useless brother.

"Why can't Master go back? He's been back for a long time, nothing will happen to him, right?" Hearing Huang Yantian's words, Chen Xiang was a little worried about his master. Although his master was from the Undead Divine Race, he was going there.

Huang Yantian looked at Yue'er, who was peeking her head out from Chen Xiang's bag, and immediately saw through a lot of things. "This kitten should be from the Star Law Divine Realm as well, she should be one of the God Tribes. You can ask her why your master, this idiot, can't go back."

Chen Xiang looked at Yue'er, and Yue'er meowed, shaking her head: "I really don't know, I have left Star Law Divine Realm for a very long time."

Huang Yantian was a little surprised, "Are you really the law enforcer? But with your current strength, you don't look like one."

"I'm in a weakened state right now." Yue'er retracted her head. She was a little afraid of Huang Yantian's gaze, and felt that she didn't have any desire to be in front of him.

Huang Yantian said: "Star Law Divine Realm has many old fellows who have lived their entire lives, Little Cat, you should know about this, right?"

Yue'er stuck her head out again. "I know this, but my strength has reached the peak of what it can't break through. After staying at this peak for a long time, my body and divine soul will be in a state that will soon dissipate, which is my lifespan."

Huang Yantian nodded his head: "That's right, once they reach this state, they would pursue longevity without a care for anything else, and most would choose to search for longevity. But this is also an illusory matter, and most would die of old age on the road."

"This... This is impossible, there are very strict rules and restrictions in the Star Law Divine Realm, even if it's just ... " Yue Er didn't continue speaking after she said this.

Huang Yantian laughed coldly: "The rules of the Star Law Divine Realm, if there are ten odd fellows who are about to die of old age, then we can still use the rules to kill them, but a hundred, a thousand, the authority of the rules of the Star Law Divine Realm, are in the hands of those people who are about to step into death. They can't endure this kind of temptation, if not, I wouldn't have been forced to come to this kind of place, you might have arrived earlier, so you don't know the situation inside the Star Law Divine Realm."

Yue Er was silent for a moment, then said: "After some time, I have enough power. I will use the secret technique of our Star Moon Divine Race, and use the stars to communicate, and at that time, I will know some things. I have already been away from the Star Law Divine Realm for many years, and it has indeed been a long time since I have any news from the Star Law Divine Realm."

She was a law enforcer herself, and spent all her time outside. Furthermore, she was used as a sacrifice by the Samsara Sacrifice, so her understanding of the Star Law Divine Realm was something that happened many years ago.

"I can tell you now, Undead Divine Race was exterminated, because they could devour our our blood, and live a long life. Originally, the rules did not allow it, but because there was an old fellow who had nowhere to go, he took the Undead Divine Race for a try, and eventually recovered his vitality. Hence, all the old fellows in Star Law Divine Realm sealed off the news, and used the excuse that Undead Divine Race had violated the rules of Star Law Divine Realm to kill all our clansmen." Huang Yantian clenched his fists furiously. "Our Undead Divine Race has very few people, and we are facing those strong experts with their strong numbers, we are not their match."

Although the Undead Divine Race did not die, that did not mean that they were very strong.

Yue'er felt that it was unbelievable, because this was not the Star Law Divine Realm that she knew. She was also very worried about the Undead Divine Race, because there was a portion of the Undead Divine Race's blood in her body that came from her grandmother. And now that the Undead Divine Race had been exterminated, she was very worried about how her grandmother was right now.

"You'd better not go back too. Who knows, it might even be your Star Moon Divine Race's turn one day. When I escaped from the Star Law Divine Realm back then, the Cat Race would have already started evacuating from it. Huang Yantian said.

For example, Star Moon Divine Race was born with the ability to absorb the power of the stars and moon. This kind of talent was always admired and envied by people, which was why Huang Yantian said this.

"Cat Race... The entire clan has moved. " Yue'er was shocked again, "Do you know where the Cat Race has been migrating to?"

Huang Yantian said as his brows knitted, "I think you just said that you are from the Star Moon Divine Race. Why do you care about the Cat Race?"

Yue'er nodded her head: "My mother is from Cat Race, my father is from Star Moon Divine Race."

Huang Yantian paced back and forth a few steps, and said: "Although there is no conflict between Cat Race and ourselves, there have been very few interactions between us in the past few years. Cat Race and Star Moon Divine Race do not have many marriages, but I actually know of a pair ... Furthermore, this couple is very famous. Could it be ... "

Thinking back to all these, Huang Yantian looked at Yue'er in shock. Yue'er meowed.

"The daughter of the Demon Star of the Star Moon Divine Race and the Princess of the Cat Race ... As far as I know, the Mother of the Demon Star is an elder of my Undead Divine Race, so she should be your grandmother. This Huang Yantian had a very good memory, she immediately thought of many things.

Yue'er nodded slightly. "Do you know how my grandmother is doing right now? I'm very worried about her. She treats me so well."

Huang Yantian shook her head: "She was the first to know that we had been targeted, but it was a little late. At that time, she and a group of elders were responsible for defending against the people who had come to kill us, but in the end, only a few of us from the Undead Divine Race managed to escape.

Yue'er's expression was somewhat gloomy. "Then what about Cat Race? Where did they move to? Do you have any news about my parents?"

Huang Yantian had been here for a very long time, and the information he received was from many years ago. However, to Yue'er, this information was still very precious.

### [Chapter 2043](#)

Huang Yantian pondered for a moment, then shook his head: "There isn't much news, if you were to look for the Cat Race, with your ability, you should be able to find it, as for your father ... It's hard to say. You should know your father's personality very well. His mother was attacked and his whereabouts unknown, so you should know better than me what he would do. I suspect that he went with your grandfather. "

Only now did Chen Xiang know that Yue'er's entire family was extremely terrifying. Her father was a devil, her mother was a princess of the Cat Race, and her grandfather and grandmother were emperors and emperors of the Cat Race. Her grandmother was an elder of the Undead Divine Race, so her grandfather definitely had a high position in the Star Moon Divine Race.

Yue Er let out a soft "meow", and returned back into her backpack. understood her worry very well, but he was powerless to help her.

"Someone has entered my Sky Spill Star Formation." Huang Yantian suddenly said, and then he walked to the cave entrance and looked ahead.

"This person might be here to track me down, because the two divine weapons I took previously had already alerted them. Now that there's someone here, it's very likely that he's here to ambush me." Chen Xiang said: "It's just that this guy came a step too late."

Huang Yantian asked: "Is this person from Heavenly Fire Divine Country?"

"Senior, how did you know?" Chen Xiang was somewhat suspicious of this.

A while ago, there were about 10 people here who were sent by the Heavenly Fire Divine Country, but I caught all of them, so they are still alive. Huang Yantian laughed sinisterly: "If I knew earlier, I would have killed them all. This way, I could have attracted even stronger people to accompany me to relieve my boredom.

Chen Xiang was curious as to why Huang Yantian was here as well, and asked: "Senior, are you and Nine Divine Kings friends? Are you helping them guard the Divine Soldiers here?"

Yes, I promised them that I would help them take care of a Divine Weapon. They said that if someone came to find this Divine Weapon, it would be when they had just arrived in this world. I am very confident in these nine guys. From the time that Star Law Divine Realm left, Huang Yantian could deduce that when Nine Divine Kings was forced into a corner by the Divine Nations, they had indeed arrived here even later than Huang Jintian.

And Yue'er had arrived even earlier than Huang Jintian.

He was here to capture Chen Xiang, and to capture Chen Xiang was equivalent to making a huge contribution to him. He would receive many rewards, and when he thought of this, he became extremely excited.

"When he entered the Sky Spill Star Formation, the things he saw were different from what you saw. There was an illusory magic array here, so he now has a beautiful scenery, but the ones in front of him are these meteors." Huang Yantian smiled slightly: "This guy hasn't noticed it yet, and he's walking towards me right now."

"Senior, is this person powerful? Can you beat him?" Chen Xiang asked.

"Not bad, but in my eyes, he's just a small shrimp." Huang Yantian said in disdain, "I can kill him at any moment. After all, I've used many years to set up this Heaven's Divination Star Formation."

Huang Yantian relied on the current Sky Spill Star Formation to be extremely strong, let alone the power he had hidden.

Chen Xiang smiled and asked: "Then Senior, between you and my master, which one is stronger?"

Huang Yantian chuckled: "Of course I'm strong, that guy is completely no match for me. Although I'm a twin, his strength is far too weak."

This kind of smelly personality was the same, Chen Xiang laughed in his heart.

"He's here. Look at his stupid look in the illusion world." Huang Yantian laughed.

Chen Xiang saw a man dressed in red armor walk over, then crouched down, as if he was drinking water from a small stream.

Huang Yantian said: "This guy is not bad. Look at how alert he is, he is much stronger than the last ten trash."

As he said that, Huang Yantian took out a disc, which seemed to be the thing that controlled the Heaven's Divination Star Formation. He drew on it with his finger, and saw Hao Ren's body suddenly tremble, as if he was frightened by something.

"I'll remove the illusion array. Let him see what the real world around him looks like." Huang Yantian chuckled.

When Hao Ren came in, the place was filled with greenery, but in the blink of an eye, it had already turned into this. How could he not be shocked?

Huang Yantian flew out. The vigilant Hao Ren knew that he was trapped inside a strong array and when he saw someone appear, he immediately fled. However, he was trapped by a net released by Huang Yantian on the ground and could no longer move.

At this time, Chen Xiang also flew over. When Hao Ren saw Chen Xiang, he shouted, "Chen Xiang ...."

"You know me." Chen Xiang smiled slightly: "Looks like I'm quite famous in the Divine Nations."

"I am from Heavenly Fire Divine Country, and I knew that someone was coming here to ambush you, so I came here to inform you in advance. I admire what you did outside of Heroes Gathering Divine City, and I really don't want you to fall into my hands." An idea came to Hao Ren's mind as he looked at Chen Xiang respectfully.

Huang Yantian laughed: "You're boasting like you're going to be struck by lightning, are you sure what you said was true?"

"It's absolutely true. I have admired Brother Shen for a long time, and after his achievements were spread throughout our Divine Nations, the younger generation all admired him." Hao Ren said with a sincere expression.

He did not know who this old fellow was, and he was so powerful at that. In an instant, he had used a treasure to control, and there was also the terrifying formation technique that was not set up just a short while ago, it should have been there for a long time.

"Hehe, you are lying. I have already read through your memories..." Huang Yantian laughed: "Brat, you're so dishonest, to actually have a belly full of evil tricks."

"I... I ..." Hao Ren was speechless and his expression darkened as he shouted, "Then, all of you will accompany me to die!"

Just as he finished shouting, Chen Xiang felt himself being grabbed. After his vision went dark, he heard a loud sound, and then he realized that he was floating in the air and standing on a Frisbee. The Sky Spill Star Formation which was formed from countless stone mountains below was shrouded in rolling dust, and a deep ravine appeared on the ground that was trembling intensely.

Yue Er said with a lingering fear, "That was a close call. If we were a bit slower, we might have gotten into trouble."

Huang Yantian scolded him, "This damned brat, he actually destroyed my Sky Spill Star Formation. If I knew earlier, I wouldn't have let you walk into the center of the formation."

"What happened?" Chen Xiang still could not understand what was going on.

"That bastard used a secret technique to explode on his own. This kind of explosion technique is extremely terrifying, exploding all of the Divine Deity and divine soul in his body together with the divine power of a Divine Sense Sea. This is completely not a plan of reincarnation, so the power after self-detonation is extremely terrifying." Huang Yantian was very angry: "It's all my fault, I was too careless."

"Even so, I still have things to take care of. This guy's memories are about the Heavenly Fire Divine Country, and the inside of the Heavenly Fire Divine Country is currently in a mess. It's clear that it's caused by the Divine Lord's succession, I'm going to take a look around the Heavenly Fire Divine Country."

Chen Xiang said, "Senior, can you send me back to the Nine Heaven World? Since the Nine Heaven World has already been swallowed, it should be very easy for me to send him back. My master can do it, I'm in a hurry to release the Nine Divine Kings."

Saving Nine Divine Kings was the promise he made at the beginning, and this was also to give Feng Yujie and Jiu Hanrou an explanation.

#### [Chapter 2044](#)

Chen Xiang did not know if he could summon the Nine Heaven Devil Palace here, even if he could, he did not plan to do so here. Since he was too close to the Nine Gods Nation, it would be safer to return to the Nine Heaven World.

He was worried that Huang Yantian would not send him back, so he specifically emphasized that Huang Jintian could do it.

"Of course not, it's a piece of cake. Are you going back now? If you go back now, you might not be able to come to this place so easily in the future, unless you reach a certain cultivation level by yourself." said as he and Chen Xiang floated in the air. At this time, he was already condensed with an extremely strong burst of spatial energy, as if he wanted to open a spatial door.

Chen Xiang nodded his head. When he returned this time, he did not plan on coming back because it would not be long before the Nine Heaven World could devour this place.

Huang Yantian used his own strength to open up a spatial tunnel. To Chen Xiang's surprise, the moment he turned his head around, Huang Yantian had actually changed into the self-detonating Hao Ren.

"This guy's name is Hao Ren. I will pretend to be him and go to Heavenly Fire Divine Country to take a look and get to know more. When Nine Divine Kings comes out in the future, the information I gathered will probably be useful to them." Huang Yantian laughed, this method of turning into someone else, of infiltrating the enemy was something Chen Xiang used frequently.

Chen Xiang had this kind of trick, which was also developed under Huang Jintian's tutelage. This Huang Yantian was also full of schemes, this was indeed very similar to Huang Jintian.

Chen Xiang laughed: "Goodbye!"

"Let's go!" Huang Yantian smiled and nodded, then jumped into the spatial tunnel. After the spatial tunnel closed, Huang Yantian flew up into the sky.

The Nine Gods Nation was hidden in the depths of the starry sky, and there were also many concealing formations around, causing them to be able to hide themselves well. Before this, Huang Yantian did not even know where these Divine Nations were.

And this time, Huang Yantian met Hao Ren, obtained Hao Ren's memories, and also found out how to get to the Heavenly Fire Divine Country as well as a large amount of information about the Heavenly Fire Divine Country.

... ..

After Chen Xiang entered the spatial passageway, he appeared in a sea.

"What is this place?" Chen Xiang looked around and felt the divine Spirit Qi. He discovered that it was actually similar to the Super God Realm, there was no difference, it made him feel like he was in the Super God Realm.

"This is the Nine Heaven World! The previous Gods Realm did not have such high quality energy, it had only been a short while, and it had already risen to this level! How exactly did the Nine Divine Kings manage to create that Nine Heaven World? " Yue Er was extremely surprised at this. She was more familiar with these things, but she didn't know what method the Nine Divine Kings used to allow the Nine Heaven World to grow at such a high speed.

Chen Xiang took out the guide array disc, but it was of no use, because the world now was no longer the world it used to be!

"I can only wander around randomly!" He was surrounded by an endless sea. He chose a direction and quickly teleported away.

After teleporting a few times, he stopped and said in surprise, "The resistance is actually this great when I teleport here, it's even stronger than when I teleported to the Super God Realm!"

In other words, the furthest distance he could teleport was not in the Super God Realm, meaning that this world was more stable than the Super God Realm. Before long, he would be able to devour even further, and swallow all of the higher realms in the surroundings!

Although the teleportation distance was reduced, Chen Xiang took half a day to reach the mainland!

There were a lot more people in the Nine Heaven World than the Super God Realm. Originally, the Nine Heaven World had many sects and powers, and then, the Gods Realm had many shrines.

When Chen Xiang arrived at the mainland, he very quickly saw someone. It was a small team, and looked like they were going to hunt Sea Beasts, all of them were big men. They usually drank wine and walked on the road while laughing.

Chen Xiang walked over, cupped his hands, and asked: "My friends, how do I get to the nearest city? I got into some trouble at sea and was washed over. "

"There's a city called Lan Hai over there, there are a lot of Transmission array s." A large man pointed in a direction.

Chen Xiang cupped his hands in gratitude, then quickly ran over. Although the time he took to go to Super God Realm wasn't long, it was different from the time he spent there. Maybe many years had already passed since he went there. Moreover, after experiencing so many things here, the villains of the Divine Prison came out. The annexation of the Nine Heaven World caused a great change to the structure of the world here!

From Jiang Sheng, Chen Xiang found out that the strongest people in the Nine Heaven World were the Nine Heaven School, which was organized by Yun Xiaodao and the others. When they joined the Nine Heaven World later on, they became old friends who had very good relations with Chen Xiang.

Furthermore, the power that Lv Qilian had secretly developed was formed of women, so they occupied one of the dragon veins. As for how it had developed, Jiang Sheng did not know, but it would not be too bad.

Chen Xiang arrived at Lan Hai City. The city walls were very new, and the buildings inside could easily tell that they had just been constructed not long ago. This city was still very young, but it was still so prosperous.

When Chen Xiang arrived at the Transmitting Square where the Transmission array was, he quickly saw the words "Nine Heaven City". Furthermore, a lot of people were going to go to the Nine Heaven City from here, and the five Transmission array s were already filled with people.

This world had begun using Shen Yuan stone s, and no one knew who had guided them. Many profound God s knew how to use Mysterious power to form Shen Yuan stone s!

Being able to use Shen Yuan stone meant that there had to be a long period of precipitation before a large amount of Shen Yuan stone could circulate. Chen Xiang felt that this place had at least been here for a few hundred years!

The Nine Heaven City must have controlled the hands of Yun Xiaodao and the others, and it was such a powerful city. To be able to stabilize the city meant that Yun Xiaodao and the others were already extremely powerful, so no one dared to provoke them!

Chen Xiang queued for less than an hour before it was finally his turn to enter the Transmission array. Every Transmission array could only teleport three hundred people at a time, and required a thousand Shen Yuan stone.

Very quickly, Chen Xiang was teleported to the Nine Heaven City, which was already a very large place. As Chen Xiang walked out of the Transmission array, he looked at the vast Transmitting Square that was so large that he could not even see his head, and was unable to help himself from becoming fearful. At this moment, a group of people came out from the many Transmission array s, and many left as well!

A Transmitting Square of this scale, was just like an extremely powerful empire. It seemed as if it would become a very powerful Divine Nations!

### [Chapter 2045](#)

Chen Xiang left the Transmitting Square and walked on a very wide street. In front of him was a ten-story bluestone building, which was the City Lord's Mansion. This City Lord's Mansion was extremely close to the Transmission array, so the moment he came out, he could immediately go there.

There were also a lot of people going in and out of City Lord's Mansion, probably because they were here to do some work. This city was very big, with many shops to rent, and also some things that could only be settled through City Lord's Mansion. Therefore, City Lord's Mansion was very lively.

"Nine Heaven School's Leader is Gu Dongchen! If my guess is not wrong, this Nine Heaven City must be the little bald Wu Kaiming!" Chen Xiang looked at the big doors of the City Lord's Mansion and walked in.

After entering, Chen Xiang found a beautiful woman in charge of receiving guests. After asking around, he found out that the City Lord was indeed Wu Kaiming, then he said that he wanted to look for Wu Kaiming. There were many people who were told to look for Wu Kaiming, and that he would need to wait for a period of time!

Chen Xiang felt that he could wait, but the lady had calculated and told him that he would need to wait about ten days before he could see Wu Kaiming! It was said that Wu Kaiming would normally only appear for more than an hour a day to meet people who had important matters to attend to.

Chen Xiang activated Heaven tour method, he wanted to immediately find Wu Kaiming and send a sound transmission to him, but he discovered that there was a formation that was preventing him from using his divine soul! It was obvious that Wu Kaiming and the others knew about this method, which was why they set up this array formation to prevent it. Chen Xiang guessed that the majority of the array formations here were created by Liu Meng'er and the other girls who were mainly refining and laying the array.

However, the hall was a little noisy, so it suddenly quieted down. At the same time, a fragrance floated over, Chen Xiang felt that this fragrance was very familiar, as he, who had his head lowered in thought, raised his head to look, and saw a noble and beautiful woman wearing a purple dress walking in from the outside.

This woman had a graceful gait. As she walked into the great hall, her jade-like face revealed a faint smile. It was a greeting to the crowd. This smile filled the hearts of many of the men present with admiration. What a beautiful woman.

"Yan Zilan!" Chen Xiang was secretly happy, he was just thinking of a way to see Wu Kaiming, but he felt that if he met Yan Zilan, it didn't matter if he saw or not, since if Wu Kaiming knew, he would have the urge to vomit blood.

"Sister Zi Lan, you're so beautiful!" Chen Xiang sent a sound transmission to Yan Zilan and he had disguised himself a little. Furthermore, his concealment ability was so strong, so of course Yan Zilan couldn't resist him.

As Yan Zilan was walking through a side door in the Main Hall, she suddenly heard Chen Xiang's sound transmission, and couldn't help but stop in her tracks. Her delicate body trembled, her heart had long been taken away by Chen Xiang, and the relationship between the two of them were extremely good! The last time Yan Zilan was injured, the furious Chen Xiang killed the Flower Emperor couple to take revenge for her. Furthermore, the two of them had met each other before.

"Damn brat, hurry up and come over!" Yan Zilan sent a sound transmission to him.

Many people thought that Chen Xiang was courting death, to actually be so close to Yan Zilan. Yan Zilan's fame was also very famous in the city, and people who had ulterior motives towards her would not even have a good ending.

But Yan Zilan didn't say much. He only rolled his eyes at Chen Xiang, and then, pulled his hand, and dragged him inside the door! The people in the great hall were all stunned. The usually noble and dignified Yan Zilan, looked like she was in a rush to drag a man in ...

Inside the door was a passage. After Yan Zilan dragged Chen Xiang in, his other hand had already placed it behind her waist, hugging her tightly so that her fragrant body would close in.

"Sister Zi Lan, long time no see. You're really getting more and more beautiful!" Chen Xiang laughed sinisterly, Yan Zilan wanted to struggle free from Chen Xiang's evil hand that was hugging her waist, but his hand was surprisingly strong.

"It's been so long since we've seen each other, yet you've become even worse! Every time we meet, you've been bad to me! Let go of elder sister! It's not good to be seen by others!" Yan Zilan pouted, her jade face was already slightly red, it was not the first time she was being teased by Chen Xiang.

"It's because you're getting more and more tempting that I'm getting worse!" Chen Xiang giggled, then gently caressed Yan Zilan's beautiful and charming face.

He looked at Yan Zilan with deep emotion and his expression became serious: "Sister Zi Lan, I really miss you. You have been doing very well all these years, and I am also very happy now! I'm afraid you can't get through that. "

Yan Zilan could not take Chen Xiang's burning gaze any longer. She bowed her head and spat, "I'm very happy that you're back now!"

After she finished speaking, she raised her head. At this time, Chen Xiang had also changed back to that handsome and mature face. She reached out her hand and gently caressed it, looking at Chen Xiang with a misty gaze.

Unknowingly, their lips had already touched. They could not help but kiss and hold each other tightly. The emotions that they had accumulated over many years burst out at this moment!

It seemed like a long time had passed, as a dry cough woke Chen Xiang and Yan Zilan who had fallen in love from the ecstasy of kissing.

"This... You should pay attention to the situation! " The one who coughed dryly was a handsome man with a shining skull. It was precisely Wu Kaiming.

After realising that he was seen by Wu Kaiming, Yan Zilan's two cheeks immediately turned red, she bit her lower lip and hung her head, then fiercely stepped on Chen Xiang.

Without saying a word, Chen Xiang smacked Wu Kaiming's head: "Can't you pretend not to see, do you really want to disturb us?"

"Young senior uncle ..." Zi Lan, she has urgent matters to attend to. It must be because she ran into you that she ... "Cough, cough." Wu Kaiming did not continue, "Let's go to my place to talk business!"

Yan Zilan thought about the important matter and could not help but pout. "Little Scoundrel, it's all because of you, causing me to forget!"

"What important thing?" Chen Xiang asked.

Wu Kaiming didn't say anything. Instead, he brought him and Yan Zilan into a study that was not very decorated.

After arriving at this study room, Yan Zilan took out a small jade box, and said: "This is the Bone level Dan, pass it to Sect Leader Gu!"

Wu Kaiming nodded. Now, Chen Xiang could tell that Yan Zilan was with Lv Qilian and the others, and was specifically responsible for the pill business.

Wu Kaiming said: "Junior master, how much strength do you have now? How many Divine Deity are there? "

Yan Zilan was also very curious about this matter, because when Chen Xiang had left the Nine Heaven World for the Gods Realm, it had been many years since they had seen each other.

"Right now ... With only two Divine Deity and three divine soul, I will be able to condense the third Divine Deity very soon. At that time, I will be considered a God! " Chen Xiang said.

### [Chapter 2046](#)

Although Feng Yujie had returned, he did not say too much about Chen Xiang, so they did not know.

Right now, when Yan Zilan and Wu Kaiming found out about Chen Xiang's cultivation level, they were a little surprised, because they thought that Chen Xiang would at least have a cultivation level around the Fifth Divine Deity.

"How long has Sister Feng been back?" Chen Xiang asked.

"Around fifty years!" Yan Zilan said.

Chen Xiang was startled, "I've only separated from her for a few days, the time here is different from the time on stage!"

Wu Kaiming nodded: "No wonder, but it doesn't matter! With your talent, you'll soon be able to cultivate it! "

Yan Zilan said, "The important thing we are talking about is to have the other party be from the Evil Door of Hell, which is the power that the Hell Devil Emperor established here. They have been developing in secret all this while, and after a while, the Nine Heaven World will devour the Super God Realm, so before that time, they want to come here and fight for more resources and good areas."

"Right now, we have already secretly joined forces with a few other forces, preparing to deal with the Hell's Gate together. When the time comes, not only will the Hell's Gate be the ones to counterattack, but the other ancient powers that have joined forces with the Hell's Gate will also be there. You You You and Ziqian have already gone to find out more news. "

Chen Xiang frowned: "Hell Devil Emperor is a guy with the power of the Divine Nations behind his back, then the Highest Old Devil will support him from behind!"

Yan Zilan shook his head: "That is the past! Back then, Highest Old Devil only used Hell Devil Emperor to obtain the Six Realms mirrors. But now that the Six Realms mirrors are already in your hands, Highest Old Devil will naturally not invest much in it! "

The background of the Highest Old Devil was very complicated, and right now the Highest Old Devil was definitely involved in the dispute over the throne as well. Everyone with some strength in the Nine Gods Nation was considering carefully, if they were to take the wrong spot, the consequences would be dire!

Wu Kaiming said: "These Bone level Dan, we have prepared them to attract other forces. The divine pellet that Feng Yujie has brought back, we will not sell, it will only be used as a reward within the clan, at the same time, we will spread the news!"

"When will they attack?" Chen Xiang asked, he also wanted to move his bones.

"We're still trying to find out more information. Duan Sanchang and Xv Weilong are in charge of handling our people, we should have information soon." Wu Kaiming said: "If you want to go, it might be a little dangerous. Hell Devil Emperor's evil techniques have allowed them to improve by leaps and bounds, and their entire Underworld Evil Sect's strength is extremely powerful. This is what we know."

Chen Xiang asked: "Then what about the Nine Heaven Devil Palace? I summoned it before, but it's still in that place? "

"It's gone, it disappeared, you want to summon it out?" Wu Kaiming was shocked. He and Yan Zilan were a little frightened, even though they were stronger than the God of Heaven, but they were still terrified of the Nine Heaven Devil Palace.

They didn't know the secret inside the Nine Heaven Devil Palace, and the reason Chen Xiang came back this time was to save the Nine Divine Kings.

"That's right, I want to summon the Nine Heaven Devil Palace, and this will be the last time he will show up!" Chen Xiang smiled slightly: "Don't worry, you will know when the time comes. As long as I succeed in swallowing the Super God Realm one after another, we will be safe for a period of time."

When Feng Yujie returned, the news that he brought back was something that Wu Kaiming and the others all knew. It was from those Divine Nations that had threatened them!

"Alright, but you should summon them from a less populated area. It would be best if you go to those dangerous areas! For example, the Night Devil Hell. That place is currently a Night Devil, so it's very suitable for summoning a Nine Heaven Devil Palace! " Wu Kaiming laughed sinisterly.

Chen Xiang also smiled, then said to Yan Zilan: "Big Sis Zi Lan, take me to Big Sis Qilian. For the time being, don't tell Xianxian that I'm back, because I still have to make a trip to Nine Heaven Devil Palace.

Yan Zilan sighed lightly. She also knew that after she became Chen Xiang's woman, she would also gradually get used to worrying about days like Xue Xianxian and the others.

"You didn't see your senior brother or the others? Xiao Dao and Zhu Rong are here. " Wu Kaiming said.

"For the time being, I won't be here. My cultivation is currently too low. If they were to find out, I would definitely be despised." Chen Xiang chuckled, "Don't tell them that I'm back, and even more so, don't tell them that I want to summon the Nine Heaven Devil Palace! If they knew that the Nine Heaven Devil Palace had appeared, don't say that I was the one who summoned them. Regarding this matter, we must keep it a secret, but you can tell a lad or the Devil-killing Heavenly God and the other elders. "

Yan Zilan brought Chen Xiang and walked from the back, and at the moment, they were sitting inside a carriage. This carriage did not have any horses or beasts to drag them, it relied on array formations to walk, and there were many such caravans here.

"This thing is so comfortable!" Chen Xiang laid on the soft animal skin cushion in the carriage, and hugged his knees as he sat beside her barefooted.

"This was made by Meng'er and the others!" Yan Zilan smiled: "Now they are powerful, able to refine many powerful godly weapons, and even developed a specialized refining small group!"

Chen Xiang brought her over and let her lie on his body. Then, he gently supported her beautiful, jade-like face and smiled. "How is the establishment of Qilian's empire progressing?"

Yan Zilan felt that Chen Xiang's hands were dishonest, and snorted lightly. Her jade-like hands pinched the flesh on Chen Xiang's chest with great force, and said: "She has already absorbed Divine Female Palace, all the girls in Divine Female Palace are grateful to you for exposing that Hall Master!"

"Ah, Divine Female Palace... They're all a bunch of pretty girls." Chen Xiang laughed mischievously, with a flip of her body, the delicate Yan Zilan was already below, she could not help but tenderly shout out.

Under her control, the carriage entered the house at the side of Transmitting Square. There were internal staff members who used Transmission arrays inside the carriage, through this Transmission array, the carriage was teleported away from Nine Heaven City.

"Little Scoundrel, don't act recklessly!" Yan Zilan used quite a bit of effort to push Chen Xiang away, "We're almost there, it's bad that we were discovered!"

Chen Xiang opened his car window and saw that it was a grasslands, surrounded by mountains, and not a city. He did not know where he was, but he felt that the Spirit Qi here was extremely dense.

"This is the second dragon vein. Our residence is right in front of us." Yan Zilan said.

Chen Xiang was a little excited because his father was previously in this area. It was just that they had been separated for so long, he wondered if he was still here.

"Let Qilian come here, I won't go!" Chen Xiang lightly pursed her lips. Just then, the door of the carriage was opened, and Lv Qilian just stood there watching. She snorted lightly, then entered the carriage and closed the door.

Yan Zilan bit her red lips as she lowered her head with a red face. She did not expect that when she was close with Chen Xiang, she would be met with another one, and one that Lv Qilian had even met!

## [Chapter 2047](#)

Lv Qilian and Chen Xiang had quite a few contradictions. Although they had reconciled in the end, Yan Zilan and the others didn't know that Chen Xiang and Lv Qilian had already developed a relationship in the end. Only Xue Xianxian, Liu Meng'er and the others knew about this matter.

"Sister Qilian, how did you arrive so quickly?" Although Lv Qilian saw the intimate actions of Chen Xiang and Chen Xiang, he didn't feel anything. This made Yan Zilan curse inwardly, to think that his skin was actually this thick.

"Zi Lan sent me a message. She probably didn't tell you!" Or you didn't even give her a chance. "Lv Qilian had already led a group of women to develop a very strong power, and had also recovered the kind of emperor's aura back in the days when she was in charge of the Hundreds of Flowers Palace.

Lv Qilian was also currently wearing a purple dress. The style was very similar to Yan Zilan's, but it gave off a completely different feeling! Yan Zilan gave people a noble and gentle feeling, especially when matched with her gentle smile, it gave people a kind of elegant and sweet beauty!

And when it was worn on Lv Qilian's body, it gave off a noble feeling, and it still carried a domineering aura, especially when she wasn't smiling.

Just as Yan Zilan was thinking about how to explain the relationship between her and Chen Xiang, he didn't expect Chen Xiang to grab onto his hand. With a slight tug, Lv Qilian leaned forward and fell into Chen Xiang's embrace!

She didn't want Yan Zilan to see her delicate side in front of her beloved man, but for some reason, when she fell into Chen Xiang's embrace, she felt the warmth of Chen Xiang's body and felt Chen Xiang's aura, which could cause her heart to beat faster. That tensed and delicate body of hers had suddenly become soft.

Lv Qilian let out a light snort, then slightly raised his head and looked at Chen Xiang's handsome face that had a mischievous smile on it with gentleness.

The surprised Yan Zilan reacted in an instant, she did not expect Lv Qilian to be the one to do the same, she suddenly understood the strange look Lv Qilian had when he was looking at her, because that look contained a tinge of jealousy.

Looking at Lv Qilian's gentle gaze, Chen Xiang couldn't help but hug her delicate body tightly, taking in her sandalwood mouth and kissing for a short while before parting.

Yue'er had long guessed that Chen Xiang was a romantic person, but she didn't think that he would be so rampant. She, who was hiding in her backpack, let out a "meow".

"Such a cute kitten, is this the Yue Er that Bing Yan often talks about?" Yan Zilan had been a little awkward just now, but when she saw Yue'er, she immediately brought him over.

Lv Qilian also reached out to touch Yue'er, then said: "Zi Lan just said that you wanted to summon Nine Heaven Devil Palace, do you want to tell Sister Feng and Wen Rou?"

Feng Yujie and Jiu Hanrou were both very concerned about this matter, because they were both creations of the Nine Divine Kings, and now that Chen Xiang was going to save the Nine Divine Kings, it was a very important matter to the two sisters.

"This... Well, you tell them! But you must not let Xianxian and the others know." Lv Qilian also understood that Chen Xiang didn't want them to worry about him. The last time Chen Xiang entered the Nine Heaven Devil Palace, they knew that he was worried for a long time.

After a short while, Yan Zilan opened the door and only Jiu Hanrou came. She said: "Elder sister is not coming anymore, she said she wants me to go with you!"

Just now, Lv Qilian had already told Jiu Hanrou and Feng Yujie about it, which was why she said that.

Just like Feng Yujie, she was also filled with the enchanting power that captivated the soul. When she looked at Chen Xiang just now, she had used her enchanting power a little, but she never expected that Chen Xiang could actually resist it.

Chen Xiang giggled as he embraced Lv Qilian and Yan Zilan. If that wasn't the case, it would be really difficult for him to resist.

Both Lv Qilian and Yan Zilan felt it was a little strange being hugged by the same man. They struggled for a bit, but after realising that Chen Xiang was holding onto them tightly, they gave up.

"Let's go now!" Jiu Hanrou removed the white dress on her body, revealing a set of tightly fitting black clothes.

Chen Xiang kissed Yan Zilan and Lv Qilian's cheeks respectively, then walked out of the carriage and stood inside a Transmission array.

Lv Qilian and Yan Zilan only looked at Chen Xiang with eyes full of concern before they left, and did not say much. They knew that Chen Xiang would definitely return safely.

... ..

After Chen Xiang and Jiu Hanrou left, Yan Zilan spoke out from inside the carriage: "Sister Qilian, I really didn't think that your relationship with this little scoundrel was so good. When did you two get along well?"

Lv Qilian sighed softly, "It's been a long time! There was nothing that she couldn't think of. Although she and Chen Xiang had a grudge before, Chen Xiang had helped her before. By the time they returned, they might already be ... This little scoundrel is just like that. "

"He... It's really able to handle Hanxue! " Yan Zilan was a little shocked, because she knew that Jiu Hanrou was already very strong, and he was even a creation of the Nine Divine Kings.

"Yu Jie has been taken care of by him, what do you think?" After Lv Qilian finished speaking, he controlled the carriage and walked towards the buildings that were not far away.

"Big Sis Feng, she ... Is she really? " Yan Zilan and Feng Yujie also came into contact frequently, because Feng Yujie was a pill refiner. After refining the divine pellet, he would hand it over to her and their relationship would also be very good. Furthermore, Feng Yujie had stayed in the Divine Female Palace before, so she had a lot of prestige amongst the goddesses of the Divine Female Palace. The feeling she gave Yan Zilan was the same as Lv Qilian;

Lv Qilian chuckled: "She told me that, how could it be fake? But then again, after you were injured and I was involved with this matter, this brat really wanted to kill me. At that time, this was the first time I felt that he was that scary! You are very important to him! Tell me how you know him. I want to know. "

After Yan Zilan heard this, his heart warmed. He then started to narrate the matter of her first meeting Chen Xiang. At that time, because she was a spirit cultivator, Chen Xiang coincidentally did the same as well and even passed down the information to her ...

... ..

Chen Xiang and Jiu Hanrou used the Transmission array to teleport to a seemingly deserted city. This city only had more than ten Transmission array s.

The teleportation time was decided by Jiu Hanrou because she knew where was the most suitable place to summon the Nine Heaven Devil Palace.

Jiu Hanrou walked out of the city quickly with his veil and bamboo hat on.

Along the way, Jiu Hanrou didn't talk much. She only responded casually whenever Chen Xiang asked her a question, which made Chen Xiang feel as if she was angry.

"Little Jiu jie, how about I use Teleportation? It'll be faster this way!" Chen Xiang grabbed her arm.

Jiu Hanrou turned his head and looked at him with that charming gaze again.

### [Chapter 2048](#)

Chen Xiang immediately scolded in his heart. He was doing serious work now, but this Jiu Hanrou was actually tempting him from time to time, and it was the kind with all the firepower he could muster.

On this desolate prairie, Jiu Hanrou slowly took off the clothes she was wearing. Even though she had not completely taken them off, the temptation of having a few parts of her body covered was the most powerful.

"Little Jiu jie, what are you doing?" Chen Xiang took a deep breath. He was truly at a loss for words, just what was going on with Jiu Hanrou.

Jiu Hanrou snorted lightly, picked up the clothes and put it on, then said: "This guy is so greedy for beauties, I'm worried that you will be tempted after entering the Nine Heaven Devil Palace. You must know, the traps in the Nine Heaven Devil Palace have become completely different since the last time you summoned them, those Divine Nations s have already improved on those traps, and from what I know, they were done due to your weakness."

"And your weakness is your lust for beauties. Big Sister said before, sometimes, this is indeed your weakness, but sometimes, your resistance is extremely strong, and when I tested it previously, because you were carrying Qilian and Zi Lan, all the desire for beauties in your heart was transferred to them. So that didn't count, I tested it again just now, and the result made me rather satisfied."

Jiu Hanrou patted Chen Xiang's shoulders, "Big sis is right, your resistance in this area is indeed very strong."

Chen Xiang exhaled, "You scared me to death. I thought you were angry at me, so you were testing me."

Jiu Hanrou nodded his head, "The reason why I wasn't talking to you before and was cold to you before was so that you would feel that I was ignoring you. At this time, in your heart, you would be hoping that I would talk to you.

Chen Xiang giggled: "Sister Xiao Jiu, don't be like this next time, I'm really worried that you won't care about me and hate me."

Jiu Hanrou scoffed, "What do I need to hate you for, you're the one who gave me my name."

As she finished speaking, she gently smiled, which made Chen Xiang feel like a spring breeze blew past her heart.

"Little Jiu jie, you don't need to use that kind of seductive power. You only need to smile at me and you will be able to turn my divine soul upside down." Chen Xiang laughed.

"Stop joking around, hurry up and bring me along to teleport." Jiu Hanrou smiled slightly, when she smiled, it was filled with a kind of gentleness and gentleness that made Chen Xiang's entire body go limp, thus Chen Xiang wished to see her gentle side frequently, hence he named her Jiu Hanrou.

Chen Xiang held her soft and jade-like hand, opened up a spatial passageway and started to move.

Yue'er was still following him. In order to deal with the trap in that kind of position, she needed her daughter's help. Yue'er was extremely proficient in these things.

Two days passed. Under Jiu Hanrou's guidance, Chen Xiang arrived at a large desert. This place was desolate and the divine aura was extremely thin.

"Sister Xiao Jiu, how are you getting along with Qilian and the others?" Chen Xiang asked, because Jiu Hanrou had always been alone.

"You got along well... I just did not expect your charm to be even stronger than mine, enticing so many beautiful and outstanding women. " Jiu Hanrou spent his days with that group of girls, how could he not know about Chen Xiang's romantic affairs?

Chen Xiang felt that Jiu Hanrou must still not know about what happened between him and Feng Yujie, if not she would not view this matter so plainly.

"Is it okay here?" Chen Xiang looked around: "Looks like a pretty good place. Let's summon the Nine Heaven Devil Palace here."

Jiu Hanrou nodded his head: "Your Four Symbols Divine Weapons should have gathered all of them, when that time comes, we can't make a mistake. We are going to enter that Ninefold Space, and if there is even the slightest mistake, we will also be trapped inside."

"I've gathered all of them. Otherwise, I wouldn't have come back." Chen Xiang had even released the Four Symbols Divine Weapons, but upon seeing it, he nodded his head.

Although they looked simple and crude, Jiu Hanrou recognized them. She had seen the images of these Divine Weapons before.

Chen Xiang took out seven Chaos Fire Tokens, and Yue'er stuck her head out as well. Previously, Chen Xiang had told her that summoning Nine Heaven Devil Palace was better looking.

Under Chen Xiang's control, the sky suddenly turned gray. Thick clouds covered the sky, lightning flashed, and thunder rumbled.

Soon after, the sounds of berserk dragons roaring could be heard. The tremors on the ground became even more intense, and a black mist burst out of it.

The sandstorm had stopped, and the earth was shrouded in darkness. Purple lightning flashed continuously, illuminating the land. The earth was covered in alternating flashes of purple and red.

Nine Heaven Devil Palace had already appeared, there were more than ten Dual Headed Demon Dragons guarding the entrance of the Demon Palace, which was much larger than last time. These Double-Headed Dragon Dragons were also larger, they were bound by thick black iron chains, and now that they were crazily roaring, the hundreds of black terrifying dragon heads were shaking and roaring, and their eyes were flashing red.

"It's different from last time. This Nine Heaven Devil Palace has become very strong as well." Jiu Hanrou saw the door of the Nine Heaven Devil Palace slowly opening, and unexpectedly had a trace of fear, as he anxiously grabbed onto Chen Xiang's hand.

Chen Xiang also hurriedly brought her Pavilion Master to make her feel safer.

"This kind of formation comes from the Star Law Divine Realm's Heavenly Demon and Earth Terminus Formation, there are a total of 981 types, and these dragons are Dual Headed Demonic Dragons, created through the formation." Yue'er suddenly said, "I haven't seen him for a long time. When you mentioned him to me, I felt that he was a little familiar. Now that I saw him with my own eyes, I didn't expect it to be the Heavenly Demon and Earth Terminus Formation."

Hearing Yue'er's words, Jiu Hanrou could not help but be shocked, because she had also heard Nine Divine Kings mention it before. It was just that she did not hear it clearly at that time, and only knew what it was called the Earth Fiend Formation.

"Yue Er, are you familiar with this formation?" Because of Shui Bingyan, she was more familiar with Yue'er. After coming back, Feng Yujie had some matters to attend to so he passed Shui Bingyan over to her. She took great care of him.

"I'm familiar with it. My father has an extremely deep understanding of this formation. Naturally, I know that my grandfather was one of the founders of this formation back then." Yue'er laughed, showing her great confidence.

Jiu Hanrou was startled once again. This kitten's origins were actually this great. She had heard Feng Yujie say before that Yue'er was the envoy from the mysterious Star Law Divine Realm.

What Feng Yujie did not know was that Yue'er's entire family came from an influential family. This was only known to Chen Xiang later on.

Yue'er's father was some kind of demon star in Star Moon Divine Race, so his grandfather would definitely not be a simple person. He was actually one of the founders of this Heavenly Demon Earth Terminus Array.

Chen Xiang asked: "How did this formation get transferred to here?"

Yue'er shook her head: "I don't know either, but because there were a lot of people involved in the creation back then, a total of hundreds of people, so it's not strange that there were so many people who had mastered it. This palace was sealed up by these kinds of formations, the more powerful of these formations, the more varied it is, it can create its own killing formations and all kinds of illusions."

[Chapter 2049](#)

The Nine Heaven Devil Palace that Chen Xiang had summoned was very different from the last time, it was much more powerful. Hearing Yue'er's words, he could guess that the array formation inside the Nine Heaven Devil Palace had already been altered.

"The Ghost Demon Sect is about to be activated!" Just as she finished speaking, a large group of skeletons crawled out from the ground and stood at the sides of the gate. Chen Xiang and Jiu Hanrou couldn't help but walk over.

"What do we do now?" Chen Xiang's body could not help but start to move. He was currently unable to control his body, and his two feet quickly walked towards the center of the group of skeletons, towards the great entrance of the Nine Heaven Devil Palace.

Yue'er wasn't affected at all, and it was obvious that she had a way to deal with this situation. She said, "Don't worry about this one, we'll have to go in sooner or later anyway, you're safe now. Let's go in and see what kind of array there is.

Chen Xiang and Jiu Hanrou quickly entered the Nine Heaven Devil Palace. After entering, the interior was a deep red color, and after a closer look, it was actually a sea of blood. In the middle of the sea of blood was a road paved with snow-white skulls, just enough for three people to walk side by side.

"It's very different from last time!" Chen Xiang took a deep breath. He saw that bubbles would occasionally appear in the blood sea, as if there was some kind of monster down there.

"This is the Heavenly Demon Blood Demon Array, the blood isn't flowed out by living beings, it is formed by an array formation. This array formation has to be careful not to fall into the blood, the blood is extremely hot and contains an extremely evil force. Yue'er said, "There's something wrong with this road. It's best not to walk on it!"

Chen Xiang took out the Six Realms mirrors. He controlled the Six Realms mirrors to grow bigger, and then he made the mirror face downwards. When he and Jiu Hanrou reached the top, he controlled the Six Realms mirrors to fly.

The light shining from the Six Realms mirrors's mirror had an extremely strong purification power. After slowly flying over the white skull, the areas that it touched immediately turned red, and were filled with blood-colored skulls that had already been beaten back to their original forms.

"If we go that way, it will be dangerous." Chen Xiang looked at those blood-colored skulls, and was secretly shocked in his heart.

Jiu Hanrou nodded his head, "Luckily we have Yue'er. Otherwise, it would have been much harder for us to enter this time!"

Now, she understood why Shui Bingyan liked Yue'er so much. Yue'er was already very cute to begin with, and adding that she was so powerful, even she wanted to pick her up right now.

Chen Xiang controlled the Six Realms mirrors to quickly fly past the sea of blood. When they reached the other side, Jiu Hanrou pointed in a direction and said: "The Heavenly Divine Palace is over there!"

Riding a Six Realms mirrors would be much safer, as long as Chen Xiang could familiarize himself with the killing array and control it, he would be able to rely on the Six Realms mirrors to make a strong attack.

Chen Xiang controlled the Six Realms mirrors and entered the forest. Originally, he planned to fly over the forest, but when he flew to the top of the forest, he saw red lightning, so he could only enter the black forest.

"Yue Er, is this a formation?" Jiu Hanrou asked: "The inside has already become completely unrecognizable, even I can only distinguish the direction through the senses."

Littlemoon nodded and said, "It is also a formation, but this is a derived form of formation! It should be because it absorbed the sea of blood's energy that it was able to produce such a tree that can emit red clouds. "

Chen Xiang opened up the Dao heart Eye that he had previously cultivated and indeed, he saw red flowing tubes within the black trees. The blood-red light that permeated this place was the result of the mist released by the trees, which accumulated into thick clouds in the air and produced bursts of lightning upon colliding with them.

"This formation doesn't have any offensive capabilities at the moment. It is only growing!" It seems like we don't need to worry about these small arrays. These arrays do not have enough time to grow! Of course, when I grow up, these small formations are the most terrifying for me, because I don't know anything about them! " Yue Er said.

Chen Xiang increased his speed and flipped the Six Realms mirrors over. They stood on top of the mirror and released a pale white brilliance, making them feel very safe.

Passing through the black forest, Chen Xiang and the others saw a dwarf mountain. Chen Xiang remembered this hill was a tomb, and it was said that many of Heavenly Divine Lord's powerful subordinates were buried here!

"Yunhui!" Jiu Hanrou shouted anxiously. She saw that a hole had been opened in the short mountain, and was extremely worried.

Back then, when Chen Xiang and Jiu Hanrou came here, they met a female tomb keeper named Chu Yunhui, so they had a very good relationship with him! Right now, there was such a huge change in the tomb that she was guarding. Jiu Hanrou couldn't help but be worried.

She shouted a few times, but there was no response!

"Be careful!" Yue Er anxiously shouted.

Chen Xiang also sensed that something dangerous was approaching, and immediately urged his Six Realms mirrors to dodge. A long spear shot out, and struck a small hill in the distance, which was instantly engulfed in flames and disappeared in the blink of an eye, only leaving behind a blaze where it was burning.

Yue'er said, "This guy is very powerful. We can't deal with him!"

A series of loud noises came from outside the cave. The huge green mountain was shaking!

"There's more than one person outside. It seems like Divine Nations and the rest are waiting in ambush here!" Yue Er said, "We have to finish it before they enter!"

Chen Xiang was already working hard to inscribe the Spirit grain, and the explosions kept on happening, the shaking of the ground became even more violent, and many stones were falling out from the cave.

BOO! An extremely loud sound came out, shaking Chen Xiang's heart to the point that it felt uncomfortable.

"They're coming in!" Yue'er shouted in alarm, and the influence of the Great Divine Lord s were already extremely vague.

"Alright!" At this critical moment, after Chen Xiang finished carving the Spirit grain, a spatial gate appeared in front of him. He pulled Jiu Hanrou and quickly walked in.

The moment they entered the dimensional door, the green mountain was hit by a blue light, turning into dust in an instant!

"What about them? Is he dead? When I came in, I could feel that they were in that mountain!" An old man wearing a golden robe said.

"He should be dead by now, but for safety's sake, let's just destroy this place!" A man said. At this time, the people behind him also began to attack the green grassland.

Chen Xiang and Jiu Hanrou had already entered the first dimension. This first dimension was extremely small, only having a single courtyard.

"A very stable space, even if you try to attack it with force, it's hard to destroy!" This was created by the Heavenly Divine Lord, right? He is indeed an extraordinary person, the legend of him forging Divine Weapons is spread throughout our Star Law Divine Realm, and the array formation is often on the lips of my grandfather." Yue Er said.

Yue'er's grandfather was one of the founders of that Heavenly Demon and Earth Terminus Formation and was thus very familiar with the Dao of array formations.

Jiu Hanrou nodded his head, "This Ninefold Space is unable to even break out of the Nine Divine Kings, you can only imagine how strong he is!"

Chen Xiang then started to inscribe the second group of Spirit grain. This was the Spirit grain that had entered the next dimension, and it was not complicated at all. It was just like the previous time, he was not in a rush right now, so he could slowly inscribe it.

The construction of the Ninefold Space was very mysterious. If there was no key, then there was no way to enter the deepest layer, and even if one destroyed the first layer of space, the first layer would still be fine. However, it would be even more difficult to exit from it.

Only the Heavenly Divine Lord herself knew how complex it was, especially when it was being set up. Yue'er had a headache just thinking about it, because it was extremely complicated and would take a long time to arrange.

"Even if a few Divine Lords were to come, I am afraid they would be unable to destroy Ninefold Space!" The Spirit grain he obtained with him had only entered the next dimension and had not come out yet. At this moment, he was also a little nervous, if he did not come out at all, he would be trapped like the Nine Divine Kings, and would be stuck inside for who knows how many years.

Chen Xiang spent half a day before finally arriving at the eighth realm. From the first realm to the eighth realm, they were all of the same size, but he wondered how the first Ninefold Space was doing.

Chen Xiang rested for a moment, then continued drawing the Spirit grain. The Spirit grain that were in the Ninefold Space were much more complicated, and the ones in front were much easier.

Just as he was about to enter the Ninefold Space, the Spirit grain that Chen Xiang had carved for six whole hours finally opened a spatial door!

"It's finally the end!" Chen Xiang let out a long sigh, as though a heavy burden had been lifted, and then, he entered the spatial gate with Jiu Hanrou.

When they arrived at the first Ninefold Space, both Chen Xiang and Jiu Hanrou were surprised. Inside, there was actually a small mountain village.

The small mountain village wasn't very big, and it was surrounded by white spatial barriers. However, the village was very beautiful. There were mountains and rivers, blue skies and white clouds, and the warm sunlight shone on the children's adorable little faces, making their smiles even more brilliant.

"Little Nona!" Chu Yunhui saw Jiu Hanrou from afar, and in a flash, he arrived in front of Jiu Hanrou, hugging him tightly.

He was dressed in coarse hemp clothes, and had a gentle smile on his face. At the beginning, he only saw him walking over from afar, but after taking a few steps, he arrived in front of Chen Xiang.

"That's right, the Four Symbols Divine Weapons is already on you, I think we can start now!" Great Divine Lord patted Chen Xiang's shoulder, and laughed heartily: "You are even more outstanding than I imagined!"

Jiu Hanrou looked at Great Divine Lord, and also threw herself into his embrace, sobbing softly. Great Divine Lord was just like her father.

"Little girl, you shouldn't be as silly as you were before!" The Great Divine Lord gently patted Jiu Hanrou's back and said with a smile.

"Elder sister still has important matters to attend to, so she didn't come." Jiu Hanrou wiped away his tears and smiled to Great Divine Lord: "Where are the other Divine Kings?"

Speaking of the other Divine Kings, Chu Yunhui at the side had a sorrowful look on his face, while Great Divine Lord was also forcing a laugh, one look was enough to tell that something bad had happened.

"They're all gone!" Great Divine Lord put a hand on Jiu Hanrou's shoulder. He tried his best to remain calm and collected, but his voice still carried a trace of pain. This was his brother, who had lived with him in this world for a long time, yet had already disappeared.

After Jiu Hanrou heard this, she almost lost her balance. Chen Xiang anxiously went over to support her, and this was a huge blow to her, the other Divine Kings were like family to her. She thought back to the times when she was young and how these Divine Kings had imparted her knowledge.

Now they're all gone!

"Can it be resurrected?" Jiu Hanrou's tears could not help but roll down her face.

Great Divine Lord shook his head: "Younger Nine Girl, no need to be sad. Before they left, let me pass on to you and Elder Nine girl that you have more or less inherited their legacy, they will be with you!"
