

Dan God 2051

[Chapter 2051](#)

Now that there were only Great Divine Lord left, Chen Xiang felt very suspicious. Weren't the other eight Divine Kings inside? How did he die? And their strength was not weak either!

Jiu Hanrou was also full of suspicions. When the Great Divine Lord saw her gaze filled with suspicion, she sighed: "They are doing this to protect the tomb's subordinates. Those subordinates are not only our subordinates, but they were also once our royal father's subordinates."

Previously, when Chen Xiang and the rest were passing by the short mountains, they saw that a hole had appeared on the summit of the short mountains.

"At that time, the situation was extremely critical. A large group of experts came from Divine Nations, and they knew that there were many seniors in the tomb who were in closed door cultivation. They were existences that could pose a great threat to them in the future, so they wanted to destroy them!" Chu Yunhui walked out and said: "There was an extremely intense battle at that time, and the Heavenly Divine Palace was destroyed because of it!"

When Chen Xiang and Jiu Hanrou arrived, they saw that the Heavenly Divine Palace had already turned into ruins!

Chu Yunhui continued to speak, "There is another strong one on the Divine Nations's side, as strong as the Divine King. In order to protect our subordinates, the other eight Divine Kings used secret techniques to strike together with all of their power. They pierced through the Ninefold Space, killed the Divine King, and then told us the way to get in, only then can we be safe!"

Now, Chen Xiang and Jiu Hanrou understood why the Nine Divine Kings in front of them looked so weak. So, it was because after going through such a thing, the Great Great Divine Lord's cultivation was relatively high, thus he survived. The other eight Divine Kings had already put life and death aside, sacrificing their own strength to penetrate the Ninefold Space and rescue their subordinates.

There was little left of the combined power of the Nine Divine Kings that could penetrate outside, but it was still enough to kill the expert from the Divine Nations.

"Don't be sad, we are already old. Don't look at how young I am right now. However, we are all from that era, and have reached the end of our lives." The Great Divine Lord sighed softly. They had been trapped here for so long and had obviously not improved, which had wasted a lot of their time.

Even if they could leave, there wouldn't be enough time for them to cultivate! That was why they had decided to leave this hope to their subordinates. After all these years of training in the cemetery, they had all made great progress.

"What about the Heavenly Divine Lord? Can he revive?" Jiu Hanrou's heart was filled with sorrow. The other eight Divine Kings had already died, she did not wish for Great Divine Lord to leave her side. Great Divine Lord was like her father, treating them very well since young.

Nine Divine Kings shook his head, "I'm afraid it won't do, royal father doesn't even have the chance to revive the six Divine Lord s! Now, what we need to do is to strengthen ourselves as much as possible. It's

time for the nine Divine Lords to abdicate! Furthermore, with the constant annexation and annexation of the Nine Heaven World, forming a history of the strongest world, there will definitely be many forces that will be building their own power in the Nine Heaven World. "

Yue'er said: "It is unavoidable that the Super God Realm will be swallowed, but do you have a stronger world above the Super God Realm? Can the Nine Heaven World continue to swallow them up? "

Great Divine Lord had noticed Yue'er from the start. Hearing Yue'er's words, he couldn't help but reach out his hand to touch Yue'er. "You're from Cat Race?"

"Star Moon Divine Race... I also have the bloodline of the Cat Race. " Yue Er replied.

"Super God Realm and Star Law Divine Realm are worlds that exist in the same space. Although there is a huge disparity in strength, there is no need to travel across a higher level of space to enter. In this same space, there are also several other worlds as powerful as Star Law Divine Realm! That is to say, up until now, this space is the end, and Nine Heaven World is no different from Star Law Divine Realm. Because they are both in the same space, Nine Heaven World is unable to swallow Star Law Divine Realm that is far away in the starry sky. " The Great Divine Lord said.

"Of course, you can't say for sure if there is a higher level space up there, but my royal father had the same question before. Later on, he assured me that the space was already the end and that it was extremely vast, and could hold many large and powerful worlds like the Star Law Divine Realm."

Yue'er replied with a "meow", "If there is no higher level space, then wouldn't it be impossible to break through the boundaries of power in this space? This way, I won't be able to live forever! "

Great Divine Lord laughed calmly: "Is it not enough? Possessing such peak-level power, it means that you have already lived for a very long time, and have not lived enough? "

"It is indeed enough, but not everyone thinks that way! The desires of living beings are limitless. This is one of the reasons why living beings can continuously grow stronger. " Yue'er said. The group of experts at the peak of Star Law Divine Realm had already broken the rules they had set back then just because they were chasing after longevity.

The Great Divine Lord only sighed, "Most people have other goals while alive, and these things are often very easy to obtain, and they are often overlooked! I was trapped here for many years before I realized it. "

They were all ordinary people, but they lived a very satisfied life. Maybe they had a short lifespan, but they were able to realize that the things that were most important to them were not things that were overlooked just because they were blind, but things that were important to them.

"Family love, simple and happy, a peaceful life. This is indeed very important, but it is often overlooked." Yue Er also sighed.

Chen Xiang did not say anything. Feng Yujie had entered his Divine Sense Sea space before, so his Divine Sense Sea space fully displayed the life that he was pursuing. To ordinary people, this was a very normal life, but to him, this was an extravagant request!

"Great Divine Lord, how are you recovering? Can we go out now? " Jiu Hanrou asked.

"It's alright. It's not a problem to deal with those fellows outside!" Great Divine Lord looked at Chen Xiang, took out a black iron chain and passed it to him.

"What is this?" When Chen Xiang received it, he only felt a faint warmth from the chains, which wasn't too heavy.

"The Fifth Godly Weapon, Fire Chain Qilin, uses a variety of different methods. It can be used to whip people, or it can be used to bind people, and it can release a very strong flame!" Great Divine Lord smiled slightly: "I promised you before, as long as you find Four Symbols Divine Weapons and enter, I will give this to you!"

Jiu Hanrou asked curiously: "Was this also refined by the Heavenly Divine Palace? I've never seen it before! "

"royal father thinks that this is the most precious divine weapon! It was also due to him spending a lot of effort to finish it, but he hasn't used it much. " The Great Divine Lord said, "Chen Xiang, fuse all of the divine weapons together then find a group of Spirit grain s hidden within the five divine weapons. Once they are merged together, they can teleport us out!"

[Chapter 2052](#)

Chen Xiang had only merged with his profoundwu clothing, nothing else! Of course, the fact that he was able to obtain these Divine Weapons meant that the Gods had already acknowledged him, and only needed one final step to fuse them. If the Divine Weapons did not approve, then even dripping blood would be useless.

Chen Xiang took out the divine weapon that he had yet to fuse with, and after a drop of blood fell on it, these divine weapons immediately formed a very close relationship with him, as if they were made of flesh and blood, and entered his body through the mist.

After fusing all the Divine Weapons, he went to check the inside of the Divine Weapons and quickly found the Spirit grain that Great Divine Lord had mentioned just now. Each Divine Weapon was a set and they could be fused together, but they were all recorded in separate Divine Weapons!

"Are there any Spirit grain s inside?" The Great Divine Lord asked, because he himself did not check the inside of the Divine Weapon, this was something he could only look at with blood, he had only heard it from the Heavenly Divine Lord.

Chen Xiang nodded his head: "It will take some time to finish inscribing these Spirit grain, I won't be able to do it that quickly."

At this time, he had already begun drawing Spirit grain s with his fingertips, these Spirit grain s all contained his Six Realms' Power!

"You only need to draw these Spirit grain, and they will be able to absorb the energy hidden here. After that, you can teleport the village here to the side of the Nine Heaven Devil Palace. At that time, you will have to destroy the entire Nine Heaven Devil Palace." The Great Divine Lord said, "We need five types of Divine Weapons and seven Chaos Fire Token to destroy the Nine Heaven Devil Palace!"

Jiu Hanrou was a little reluctant: "This is the Nine Heaven Divine Palace, although the Heavenly Divine Palace hidden inside has been destroyed, but this was after all, built by you people for many years!"

"Don't worry, these are all things from the past. After we leave this place, we will be able to quickly build a Heavenly Divine Palace! Don't forget my father's group of subordinates, they are all powerful. Right now, they are all continuing to cultivate in seclusion in the village. I'll go greet them later and tell them that they can leave very soon. " Towards the subordinates of Heavenly Divine Lord back then, even he had to be respectful to them.

Yue'er flew out from Chen Xiang's backpack and asked curiously, "Great Divine Lord, Heavenly Divine Lord's subordinates should be very powerful, right? But they were all forced into such a corner, what kind of person exactly did Divine Nations send? "

Great Divine Lord had previously said those words lightly, but to have eight Divine Kings sacrifice themselves to eliminate such people, they must be extremely terrifying and definitely not ordinary.

That fellow's name is Great National Master, and he comes from the Nine Yang Divine Nations. Fortunately, only one Great National Master came at that time. Great Divine Lord said: "The so called Great National Master, has ninety Divine Deity, and five Bones and above! They hold a very high position within the Divine Nations, and normally speaking, every Divine Nations has a few of these Great National Master s. Some of them focus on power, some of them focus on concocting pills, and some even focus on creating formations.

"Looks like the guy who attacked me back then should be the Great National Master. No wonder he was so powerful." Yue Er became angry just thinking about it. If she wasn't attacked by the Divine Nations, she wouldn't have become their sacrifice.

"The reason six Divine Nations s were quickly annihilated back then was because two of their six Great National Master s betrayed the sect, causing their strength to be greatly weakened. Otherwise, even if the nine nations were to fight with their lives, winning against them would not be worth it! Back then, it was precisely because we had nine powerful Great National Master s that we nine brothers were able to survive. As for the other nine Nine Gods Nation s, we nine Divine Lord s were also heavily injured because of this, and have not recovered fully until now. "

"Back then, the nine Great National Master s risked their lives and used an extreme method to injure their opponent heavily. Originally, they were trying to buy time for us nine brothers to restore our nation, but who would have known that we would fall into this trap and miss out on the most precious time."

"Back then, you did your best to form good relations with the All-beast Divine Lord to help him. That was to ally with him, wasn't it?" Yue Er asked.

"That's right, at that time the All-beast Divine Lord was also ambitious. However, before the Divine Nations was built, he suffered a devastating blow! However, All-beast Divine Lord did not sustain any major injuries. He is still sleeping at the bottom of the Beast God Mountain. Great Divine Lord said, "He seems to have an unlimited lifespan!"

If that was the case, then once All-beast Divine Lord was revived, there would be no need to worry too much about his safety. Beast Divine Palace would definitely be able to hold on, and Beast Divine Palace's Four Protectors and Divine Beasts like Qi Shi would also awaken their memories.

Chen Xiang felt that the White Tiger and the other Spirit Beasts would definitely become existences at the level of the Great National Master in the future.

At the moment, the Spirit grain that Chen Xiang was inscribing was much more complicated than when he first entered. Fortunately, he did not consume too much, and the Six Realms' Power in his Divine Sense Sea was also very vast, so he had more than enough to draw these Spirit grain.

While Chen Xiang was drawing the Spirit grain, many gray robed and hooded people walked out, their expressions were extremely serious, there were more than a few hundred of them, standing together, it was extremely terrifying. They should be the subordinates of the Heavenly Divine Lord, who had been cultivating in seclusion in the tomb for a long time!

Half a day later, Chen Xiang was finally done!

"It's done. Everyone, get ready. There might be a fight!" Great Divine Lord's face was solemn, he took out a long sword, and at the same time, the villagers all entered the small hut.

The little village was full of murderous intent. The atmosphere was depressing. Everyone was ready for a big battle!

The Spirit grain shimmered as it floated in the air, flickering faster and faster. It kept changing its color and the light became more and more dazzling!

Great Divine Lord and his several hundred subordinates were clenching their fists tightly, the power in their bodies seemed to have started to boil, they were finally going to see the light of day again!

The Spirit grain continued to flash crazily, and rays of light enveloped the entire village. In the blink of an eye, Chen Xiang felt a very familiar aura, as well as a faint heat attack.

The Spirit grain stopped flashing and gradually disappeared. The small village had already been teleported out, it was just that it was in a desert, and not far away was the Nine Heaven Devil Palace!

The dozens of Dual Headed Demon Dragons at the entrance of the Nine Heaven Devil Palace suddenly roared, and the Nine Heaven Devil Palace actually slowly rotated, aiming the entrance towards them!

"Destroy this Nine Heaven Devil Palace!" Great Divine Lord anxiously said to Chen Xiang.

Chen Xiang took out seven Chaos Fire Tokens, and used his consciousness to probe the seven Chaos Fire Tokens and the five divine weapons at the same time. He discovered that there was a similarly white spirit vein inside, and he immediately merged with it.

The seven Chaos Fire Tokens had fused into one, turning into five different types of multicolored light, which shot into the five divine weapons. The divine weapons shone brightly, and at the same time, released an extremely strong multicolored light, which instantly shot towards the Nine Heaven Devil Palace!

[Chapter 2053](#)

Nine Heaven Devil Palace had already completely collapsed. With a wave of his hand, hundreds of streaks of blazing lightning struck down, incinerating the Nine Heaven Devil Palace that had turned into ashes.

Looking at the raging flames in front of him, Jiu Hanrou recalled her childhood.

"Will they send the Great National Master?" Chen Xiang asked worriedly.

"No, one of them died before, they are afraid!" And they have a lot of problems on their hands right now. " The Great Divine Lord said, "Now we must quickly finish the construction of the Heavenly Divine Palace!"

"Do you need help?" Chen Xiang asked.

"No need, you guys must prepare well. If the transfer of the Nine Gods Nation's throne is complete, then we will be very busy." The Great Divine Lord said, "We will be building the shrine very quickly. We have all the materials and the formations are also already prepared by using array discs."

Yue'er said, "But you also need some energy to maintain the operation of the formation! The formations of your Heavenly Divine Palace should consume a lot of energy. "

"Don't worry about that, we have a dragon vein. As long as we place the dragon vein in the ground and connect it with the core well, we will be able to obtain endless energy." Great Divine Lord smiled, "Go and busy yourselves! Thank you very much. "

Great Divine Lord patted Chen Xiang's shoulder: "In the future, we can fight together!"

Chen Xiang nodded. Great Divine Lord looked at Jiu Hanrou and said, "After all these years, you and Big Sis should have some matters to attend to, right? You guys have your own groups, friends, and your own lives! "

Jiu Hanrou wanted to stay and help, but Great Divine Lord had already made it clear.

The current Great Divine Lord was still very strong, and had a group of strong subordinates as well. This made Chen Xiang and Jiu Hanrou feel at ease, at least the current Nine Heaven World still had a very strong power, so they did not need to worry about suffering a blow after swallowing the Super God Realm.

After Chen Xiang and Jiu Hanrou bid their farewell to the Great Divine Lord, they headed towards a nearby city. They used this city to teleport to the Nine Heaven City, and then returned from the Nine Heaven City to the place where Lv Qilian and the others were hiding.

"How is it? Nine Divine Kings and the rest have come out? " Lv Qilian sensed movement from the Transmission array and in a blink of an eye, he was already here.

"It's a long story!" Jiu Hanrou was still a little hurt.

Chen Xiang said: "Qilian, is Qinlian here? I have something to talk to her about! "

When they were in Super God Realm, Chen Xiang had promised that he would help that group of little elves find a safe place to stay. Right now, this was the best choice, and Lv Qinlian had previously gotten a little elf there, so he wanted to talk to her about this matter.

"Yes, we'll be able to see her garden after we climb the mountain. She and Ziqian have planted quite a few poisonous flowers and poisonous plants there." Lv Qilian pointed over there, and then asked: "Why are you looking for her?"

Lv Qinlian was Lv Qilian's younger sister. Although she knew that Lv Qinlian had that kind of feelings towards him, she still felt a little unhappy. She felt that Chen Xiang was going to bully Lv Qinlian.

"I have a group of little elves in my ring. I remember that she also had one there, so I wanted to talk to her and ask her where the little elves' clan should be settled." Chen Xiang said, and then, he summoned out a very small, very cute little female elf from within the Netherworld Udumbara Ring.

After seeing it, Lv Qilian and Jiu Hanrou were also very surprised, because they found out about Lv Qinlian's Little Goblin, but they did not know that the Little Goblin had changed her name to Little Fairy.

"Then go. That little demoness knows this place very well. She will tell you where is more suitable for this group of little fellows." Lv Qilian said.

Chen Xiang headed towards the mountain while Lv Qilian and Jiu Hanrou went to look for Feng Yujie.

Not long after, Chen Xiang went over the mountain. When he came down, he saw a beautiful girl in a green skirt jumping around in the sea of flowers.

The sea of flowers below had all sorts of flowers. They were bright and beautiful, but they were all extremely powerful poisonous flowers! Of course, the most beautiful one was still Lv Qinlian's beauty flower. Furthermore, it was extremely poisonous, and was able to release a bizarre body fragrance. It was extremely poisonous, and Chen Xiang had almost been poisoned to death by it.

"Sister Qinlian!" Chen Xiang shouted while grinning from the distance. When Lv Qinlian saw this, she was stunned for a moment before flying over quickly. She was pleasantly surprised to see Chen Xiang.

"Little Scoundrel, you're finally back!" Lv Qinlian's delicate and pretty face carried a happy smile, while the little demon girl Xiao Yao, who was taken in by her, also flew over.

"Bad guy, although we haven't seen each other for many years, you still look so bad." Xiao Yao shouted with her tender voice, then she grimaced at Chen Xiang.

"Little thing, you still remember me after so many years!" It seems like I'm too bad, and have left such a deep impression on you! " Chen Xiang laughed sinisterly, and let Xiao Yao hide in his hair.

Xiao Yao shouted: "This scoundrel is going to break!"

[Chapter 2054](#)

Chen Xiang was completely speechless towards this little thing. Seeing his helpless expression, Lv Qinlian burst out in laughter: "You little scoundrel, right now you're famous."

"Little Scoundrel, Little Scoundrel!" Xiao Yao, this little elf, stuck her head out from Lv Qinlian's hair and shouted at him.

"How long have you been back?" Lv Qinlian giggled. Xiao Yao wasn't serious, he was just a little mischievous.

Chen Xiang reached out his hand to grab Xiao Yao, but she hid herself and shouted, making Chen Xiang laugh.

"I just got back not long ago!" Chen Xiang came to Lv Qinlian's back and caressed her hair, because Xiao Yao was hiding inside.

Xiao Yao flew out from Lv Qinlian's long hair, and then hid inside Lv Qinlian's clothes, into the ravine between Lv Qinlian's breasts: "Little scoundrel, come and catch me, come and catch me! "Haha ..."

The little elf started to giggle, her laughter was filled with provocation, and at the moment, Chen Xiang's gaze was focused on Lv Qinlian's chest, causing his face to turn red, and he gently patted Xiao Yao who was hiding within her clothes.

"Did you go find Xianxian and the others? You didn't come looking for me as soon as you came back, did you? " As Lv Qinlian spoke, he grabbed Xiao Yao out of her chest, and just as he grabbed Xiao Yao out, her chest revealed an attractive sight. She felt Chen Xiang's eyes looking at her a moment ago, and her face seemed to have turned a little redder.

"I haven't seen them yet. As soon as I came back, I went with little sister Jiu to summon the Nine Heaven Devil Palace and release them! I heard from Little Jiu Sis that Xianxian and the others are very busy right now, they should be refining in their closed doors. " Chen Xiang looked at Lv Qinlian's jade face that was slightly flushed, and said while laughing.

Lv Qinlian scoffed, "Then why are you looking for me?"

Xiao Yao immediately said: "He came to play tricks on you, look at his eyes, it's lustful"

Chen Xiang ignored Xiao Yao, and at this time, his expression had become serious, and he said: "Big Sis Qinlian, you should know Xiao Yao very well, right? When I was in the Super God Realm, I met a little elf tribe. They were also called Little Demoness previously, so I think that Xiao Yao should belong to the same clan as them. That little elf tribe has met with some trouble and needs to move their entire tribe. Do you think there's a suitable place for them here? "

Hearing that it was related to him, Xiao Yao became extremely excited, and asked anxiously: "Where are they now? What did they look like? Just tell me, you're not a bad guy! "

Chen Xiang laughed involuntarily, "They are with me, I have already brought them here. There are several thousands of them ... The way they looked. For example, their wings have petals, leaves, butterflies and dragonflies. "

"It's them! They're from the same race as me!" Previously, she was always a distance away from Chen Xiang. Now that she knew Chen Xiang had brought the entire Little Fairy Clan here, she was extremely grateful to Chen Xiang.

"Little thing, now you know that I'm a good person!" Chen Xiang laughed, and used her pinky to poke at Xiao Yao's beautiful face.

Chen Xiang asked: "Xiao Yao, since they are of the same race as you, then where do you think they should settle down? They told me before that as long as it was safe, it would be fine, because the Sacred Grounds that they built had already been seized twice, as long as the Sacred Grounds were not taken! But I feel that since I have agreed to help them find a place to settle down, I must find the best one. That's why I came to find Sister Qinlian to ask her. "

"Let them out, I'll show them around here!" Xiao Yao jumped in excitement on Chen Xiang's palms. Her cute appearance caused Yue'er to fly out from her backpack.

Yue'er had always been a cute little fellow in the eyes of others, but at this time, Xiao Yao was also a very cute little thing in her eyes.

"Ah... She's not one of my people, and she's still so big! " When Xiao Yao saw Yue'er suddenly flying out, he screamed strangely in fright. This made Lv Qinlian and Chen Xiang unable to refrain from laughing, and Yue'er was also giggling happily.

"She is Yue Er ... It's the little white cat that Bing Yan always mentioned! " Even though Lv Qinlian had never seen Yue'er before, he had heard Shui Bingyan mention her before.

"Oh... "I remember! Hello big brother Yue Er!" Xiao Yao immediately shouted, and even flapped her small transparent wings, flying onto Yue'er's back.

Chen Xiang and Lv Qinlian immediately laughed heartily.

"You have to call me Big Sister!" Yue'er could not help but laugh as well as she recalled the time Shui Bingyan called Chen Xiang big sister.

Yue Er looked young, but her mental age wasn't young. Furthermore, she had experienced many things. However, she was still able to play around like a naughty child.

Chen Xiang released the group of little elves from his ring. When these little elves came out and saw so many beautiful flowers, they started to cheer, but they did not fly around, because Chen Xiang had already warned them not to run around.

When Ba Ye saw Xiao Yao, he was also very happy. Furthermore, he was using the traditional method of their clan to welcome Xiao Yao back to their clan!

"Don't worry, we aren't afraid of poison." Seeing Chen Xiang's worried expression, Xiao Yao knew that he was worried that the Little Fairy would be poisoned by the poisonous flowers and herbs here.

Xiao Yao had a very good impression of her now. Although she had gotten along well with Lv Qinlian, she felt very lonely when she thought about how there was only one little elf in this world, and now that Chen Xiang had brought her a few thousand, she was extremely happy.

Chen Xiang had also let out Little Lightning, and the Lightning lion was playing quite well with this group of little fellows inside the ring. At this moment, the group of little elves and rascals were squeezed onto Little Lightning's back, riding on such a big horse was the most impressive thing for these kids, just like a big hero.

"Let's go, I'll take you guys to pick a place. It's very safe here." Xiao Yao flew in front, with a few thousand little Elves flapping their wings and following her. They were flying above the sea of flowers, and the scene looked very beautiful.

Little Lightning and Moon Child followed them to play, and along the way, they were full of laughter and laughter.

Now, only Chen Xiang and Lv Qinlian were left!

"Brat, didn't you see enough just now?" Lv Qinlian realized that Chen Xiang's gaze was dishonest, and said with her charming voice.

"Sister Qinlian, do you still remember the times when we were together in the past!?" Chen Xiang chuckled: "I once wanted to kiss you, but because the poison in your body is so strong, I just couldn't get my hands on it."

Lv Qinlian laughed tenderly: "That's the only way But come to think of it, you even dared to eat Big Sister Ziqian's tofu, I was also in danger back then. "Ah ..."

Saying that, Chen Xiang had already hugged Lv Qinlian. After struggling for a while, Lv Qinlian used too much force and caused both of them to fall on the grass, causing Chen Xiang to hold them even tighter.

[Chapter 2055](#)

"Little scoundrel, aren't you afraid of being poisoned to death? "My poison is extremely potent..." Although Lv Qinlian was struggling, her face was still filled with a charming smile, and her eyes were still filled with a kind of faint anticipation.

"It's worth it even if I die!" Chen Xiang laughed, and gently hugged Lv Qinlian. He kissed her cherry lips a few times, but she didn't resist, she only catered to Chen Xiang.

At this time, Lv Qinlian did not know why, but he felt that his body was warm and he released an intoxicating smell, causing him to take a deep breath.

"That is my poison... I can't control it. " As Lv Qinlian spoke, her small mouth was also emitting a rich fragrance. After Chen Xiang breathed in a few mouthfuls of the fragrance, he became even more infatuated with it.

Lv Qinlian was initially worried, but after seeing that Chen Xiang was able to absorb so much without doing anything, he was at ease. Now that Chen Xiang had cultivated his Bones, his body was already extremely strong, and could resist the poison in Lv Qinlian's body.

"Ugh ..." "Little Scoundrel!" Lv Qinlian could feel that Chen Xiang was extremely infatuated with her, and even hugged her very tightly. She also seemed to be a little intoxicated, and unknowingly, she started to kiss Chen Xiang who had forgotten about herself, rolling on the soft grass.

After half an hour, Lv Qinlian woke up from her stupor and her body had been petted by Chen Xiang's hands. She was worried that the two of them would do something intimate in such an environment, so she had to quickly stop it from happening.

"Enough, we can't stay here!" Her beautiful and cute nose wrinkled, and smelled the remaining fragrance of her body from Chen Xiang's body. Although it was no longer poisonous, once she went closer, she would definitely be smelt.

Yue'er had also flown out at this time. She had clearly been back since a long time ago, but she didn't want to disturb Chen Xiang, so she hid at the side. She was no longer surprised by Chen Xiang's actions.

"You have my scent on you, quickly remove it!" It's not good to be discovered by my sister. I keep having the feeling that she's a little against you in her heart. " Lv Qinlian said, a little worried that her sister would find out about his relationship with Chen Xiang.

Chen Xiang laughed, "To think that you are her younger sister! She was just faking it. She had already made love to me a long time ago ... Hehe, Xianxian and Elder Sister Meng'er are both aware of this, and had even slept with me before. "

"Huh?" Lv Qinlian was extremely shocked, she never thought that Lv Qilian would have been like Chen Xiang, or that he would be like her, who was also like Chen Xiang.

"Sister Qinlian, take me to Bing Yan! Although she and I have not been separated for long, Super God Realm and this place have different times. To her, it has been a long time since she and I have separated. " Yue'er flew in front of Lv Qinlian and let him carry her.

Lv Qinlian said worriedly, "Yue'er, I have poison in my body, I'm worried that it will poison you!" In her eyes, Yue Er was still just a little kitten. She was worried that if she accidentally released that kind of Poisonous scent, Yue'er wouldn't be able to handle it.

"It's alright, I also smelled that poison just now!" Actually, I know that your actual body is that of a lotus. Yue'er playfully rubbed against Lv Qinlian's chest, making Chen Xiang jealous.

"I am... "Poison Love Emperor Lotus?" This was the first time Lv Qinlian heard this name, "I asked Sister Feng, she doesn't know where I come from, and Grandma Lv doesn't know either. I didn't expect you to know this! "Is there anything special about this Exorcist Emperor Lotus?"

Chen Xiang really wanted to know as well. The first time he had nearly been poisoned to death by the strange fragrance from Lv Qinlian's body, he already knew that Lv Qinlian was no ordinary Lotus Goblin.

Yue'er replied, "What's even more peculiar is the aphrodisiac in your body. It's also the fragrance from earlier! Actually, you don't have to worry about it. This kind of body fragrance has a lot to do with your emotions! If you failed to control the poison initially, it would become extremely toxic, and even those with high resistance would suffer! If I am unable to control this poison, it will easily harm the people around me. "

Lv Qinlian nodded. "I didn't dare to be with others until I could control the release of this poison ... "However, I lost control just now."

Yue'er laughed. "That's because your emotions and emotions have reached a state of extreme excitement. You know your heart best, so you released it! The only thing is that the poison you release is rather special, it's something that is specifically used on your most beloved opposite sex! "

Chen Xiang asked anxiously: "What do you mean? I'm poisoned? "

"He has been poisoned, and it's a very powerful poison!" You're the only one who knows how to take this poison, and I could smell that it would be fine, because this poison was released based on Sister Qinlian's feelings and feelings for you! That is to say, you are her lover, her most beloved! If you want to abandon her in the future, or kill her, or if she hates you I don't know what will happen if the poison in your body flares up, because there has never been such an example. " Yue Er said.

Chen Xiang shivered. "Yue'er, I know young master, please don't scare me!"

Yue'er continued, "I really won't scare you! Sister Qinlian, you probably rarely use the Poisonous scent you have on you, right? "

Lv Qinlian was surprised by the effectiveness of her poison, she could not believe it, but she had to confirm if it was real. Unless she really hated Chen Xiang, she would never do it, she would not do it even if she loved him.

"I rarely use it, because it's very dangerous. I'm worried that it might harm the people around me." Lv Qinlian nodded.

"Actually, you don't have to worry! Now that you are free to start using the Poisonous scent on your body, then this kind of Poisonous scent will also follow your own will, and will poison others. For example, the people who have a good relationship with you, or the people who are not your enemies, will not be poisoned. " Yue'er replied, "Aromatic Emperor Lotuses are extremely rare. Basically, there's no Aromatic Emperor Lotus after the transformation. I also read about it from ancient books."

"You should be able to control your Poisonous scent at the second stage! If it is the third stage, then your Poisonous scent will no longer be venom, but the strange aroma of healing and detoxification. The fourth stage might also be able to increase one's strength, and through the infection of other people's emotions, it will be able to awaken the hidden strength in the depths of the human body. "

Lv Qinlian was extremely shocked, "Is he really that powerful? I actually don't know anything about myself! "

Yue'er meowed. "I've read about this in the books. I'm not sure if it's true or not, but you can verify it in the future!"

Seeing Yue'er making Chen Xiang's hair stand on end, Lv Qinlian smiled and said, "Good little brother, don't worry, I won't hate you!" As he said that, he kissed Chen Xiang on the cheek, telling him not to worry anymore.

"Let's go find Bing Yan!" Lv Qinlian hugged Yue'er, his face full of joyous smile as he walked in the sea of flowers.

[Chapter 2056](#)

It was very safe in this place, Lv Qinlian did not need to worry about that group of elf. She brought Chen Xiang along a small river and entered a very peaceful looking village.

Chen Xiang looked around, thinking that he could see some beautiful girls. He had heard that Lv Qilian had taken over the entire Divine Female Palace, so there should be many beautiful girls that gathered here.

But now, he was disappointed because he didn't see a single person.

"Why isn't there anyone here?" Chen Xiang followed in Lv Qinlian's footsteps and asked.

"Perhaps elder sister knew that you came here and told them not to run around, worried that you would bring disaster upon them." Lv Qinlian chuckled: "It's just a joke, most of my sisters went out, they aren't staying here all day."

"What are you going out for? And there are so many of them!" Chen Xiang walked along the road, but he did not even see a single person.

"Carry out all kinds of training! It's all arranged so we might have to go for a while." Lv Qinlian pointed to a small villa in front of them, and said: "Bing Yan is inside!"

Chen Xiang could already hear the bell-like laughter of the girls, only Shui Bingyan's voice was more familiar.

Right as Lv Qinlian brought Chen Xiang to the small villa, Shui Bingyan flew out from within. Currently, she was wearing a gorgeous red dress and looked extremely gorgeous. Even though it had been a while since Chen Xiang had seen her, she had become very strong.

"Elder Brother Shen, Yue'er!" She followed Feng Yujie back to the Nine Heaven World. Because the time here and the place was different, she spent a lot of time here and she missed Yue'er and Chen Xiang very much.

At this time, a few slim and pretty women walked out of the small villa. They all stared at Chen Xiang with their eyes wide open and expressions filled with surprise, as if they were seeing a man for the first time.

"Elder Lu, he is the legendary Chen Xiang." A lady in a blue dress asked in a low voice. Seeing Chen Xiang looking at her with a smile on his face, she blushed and lowered her head. She did not dare to look at Chen Xiang again.

Lv Qinlian saw that Chen Xiang's naughty eyes were staring at the girls, she walked over and patted Chen Xiang's shoulders, and said in a tender voice, "Little scoundrel, behave yourself, don't harm these little sisters."

"All of you can go back. This Chen Xiang is a big bad guy, the kind that's really, really bad." Lv Qinlian said to the girls.

"How bad?" A purple-dressed lady with an oval face chuckled and glanced at Chen Xiang's handsome face.

Just as Lv Qinlian was about to answer, he heard another voice: "As long as you get familiar with him, he will find an opportunity to peek at you bathing, or he will make a move on you"

This was Long Xueyi's voice, so Chen Xiang could only shake his head and laugh bitterly. Since Long Xueyi had gotten such a good opportunity, he would definitely slander him.

"No, Bing Yan said that Elder Brother Shen is a good person." The beautiful oval faced woman said.

Her small and exquisite face was pretty and charming, and her smile carried a trace of seductive charm. She walked to Bing Yan's side, pinched Yue'er, and said: "It's not like you guys don't know that it's easy to fool Bing'er, that's why she said that."

Chen Xiang walked over and pinched Long Xueyi's beautiful face, then scolded: "Little Naughty Dragon, you're slandering my glorious image again?"

Chen Xiang smiled faintly at the girls: "My beautiful sisters, don't listen to their nonsense. If I were really that bad, they wouldn't be able to have such a good relationship with me."

Long Xueyi pouted, and then opened Chen Xiang's hands.

The few girls felt the same way. They all smiled at Chen Xiang politely, then left the villa, not knowing what to do.

"It's so quiet here!" At this time, Shui Bingyan walked over and held his arm, and brought him into the villa. He sat down in a courtyard and took out all kinds of delicious fruits and drinks.

Lv Qinlian said: "You guys stay here and chat. I'm going to refine some poison."

"Are you all so busy?" Chen Xiang was eating a cherry red fruit, it was very sweet.

When Lv Qinlian walked out of the Villa, he did not know where he would go. At this moment, he was accompanied by Long Xueyi and Shui Bingyan.

"Everyone is very busy! Since they each had their own things to do, many of the sisters in the village went out to cultivate! Xianxian, Meng'er and the others who were experts in smithing were also smithing array discs. On the other hand, Sister Xiang Yue and sister Meiyao are refining pills, while Qianxiang and You Lan, these two wild girls are also out fighting." Long Xueyi said.

Chen Xiang laughed: Aren't you very free?

"Where?" I just happen to have some free time today, and am now the head instructor! " Long Xueyi said proudly.

Just as Chen Xiang was about to tease them, a red figure suddenly flashed in.

"Xue Yi... "I need your help..." Just as she finished speaking, she saw Chen Xiang and shouted in shock: "Junior brother!"

The red-clothed female was the Sword God's daughter, Wang Jinshi!

"Hello, Senior Sister!" Chen Xiang smiled: Is there anything I can help you with?

"It's good that you're back. I'm so worried about you!" Wang Jinshi pinched Chen Xiang's face and laughed, remembering that she still had something important to say, she said seriously: "We are searching for information on the Underworld Sect and made a few discoveries, but we need to hide very carefully in order to sneak in! , You Lan and I are unable to do it, so they asked me to come back and call for you. "

Chen Xiang chuckled: "You left Youlan and Qianxiang there. I think they are too yellow, they are not the patient ones, they probably already went in."

Long Xueyi laughed: "Don't worry about that, those two wild girls have changed a lot, and aren't as crazy as before! Big sister Little Shi, just go with him. This guy's the only one with a strong concealment ability."

"Is it going to take a long time? Why don't I go see Xianxian and the others first." Chen Xiang said.

"I'll be back as soon as tomorrow. With a Transmission array Plate, it'll be fast." Wang Jinshi had already pulled Chen Xiang out of the cave. She brought Chen Xiang to a place in the village that was filled with green bricks.

"What is this?" Chen Xiang only felt an extremely rich energy being sealed within that ball of white light.

"The energy used for the teleportation came from the dragon vein below." Wang Jinshi took out an array disc, and placed it on a small, glowing hole.

Chen Xiang also walked up, and Wang Jinshi said: "This is something Meng'er and the others refined for us, and it is specifically used for teleportation. Although the array disc contains the required energy for teleportation, when it's free, we should use it here, so as to not be in need of it in the future."

"They are really powerful. They were able to stir up so many strange things." Chen Xiang laughed, the array disc had already activated, and teleported away with him and Wang Jinshi.

As the Sword God's daughter, Wang Jinshi had long since set her eyes on Lv Qilian, so she had also joined his ranks. Chen Xiang was not too surprised.

[Chapter 2057](#)

The formation plate brought Chen Xiang and his sister and teleported them to a dark forest. After Wang Jinshi put away the formation plate, he asked: "Junior brother, how much Divine Deity have you condensed?"

"Almost three!" Chen Xiang suddenly felt that he needed to go into closed door cultivation for a period of time to condense more Divine Deity, his time in Super God Realm was different from here, the time was rather slow here, and now that he had returned, the people here all had very high cultivations, adding on to that the heaven opposing dragon meridians were used for cultivation, the speed of their growth would be even more terrifying.

Wang Jinshi was just a little surprised, but she had heard from Feng Yujie that the time in Super God Realm was different from the time in here.

"Where are the two wild girls?" Chen Xiang asked. Mu Qianxiang and Leng Youlan were both his recognized sister, and they were both very aggressive and wild, Chen Xiang had not seen them for a long time, when he was at the Gods Realm, they went out together to adventure, causing him to be worried for a while.

After Chen Xiang finished asking, he suddenly felt two different auras, and when he reacted, Mu Qianxiang and Leng Youlan had already pounced over and hugged him.

"Brother!" The two girls shouted sweetly.

Leng Youlan and Mu Qianxiang were both wearing black tights, they were originally wearing masks, but now they have taken them off, Chen Xiang looked at their beautiful faces and laughed: "You two damn girls, you have become so beautiful, I almost can't recognize you."

Although Leng Youlan and Mu Qianxiang were both beauties, they were both beauties who would not care if they were buried alive. On numerous missions outside, Wang Jinshi had personally witnessed their brutality, and now that they were by Chen Xiang's side, they were as obedient as innocent and harmless lambs.

Chen Xiang pinched their faces and laughed: "Back then, when I heard that the two of you went crazy together, I was extremely worried. Now that I see that both of you are fine, I can finally relax."

Mu Qianxiang took out a large piece of meat and handed it over to Chen Xiang with difficulty: "Brother, we were roasting it just now, it was just done."

Chen Xiang laughed and scolded: "Xiao Xiang, you're still the same. You're so delicious."

Chen Xiang ate it up after taking a few bites, and praised the delicious grilled meat, then they brought Chen Xiang and to the place where they started a barbecue.

It seemed that Wang Jinshi had often carried out missions with them, and was already used to Mu Qianxiang being a big foodie. Moreover, Leng Youlan and Mu Qianxiang had gotten along with each other for a long time, and had also learned how to eat.

"How are you doing? Are you sure that place is the lair of the Gates of Hell? " After Wang Jinshi ate a few pieces of meat, she started to talk about proper business. Chen Xiang remembered that she had been in a hurry before.

Leng Youlan nodded: "No, but it's related to the Gates of Hell. The fellow from the Underworld Gate whom we were following earlier entered that place, and he has yet to come out."

Chen Xiang frowned: "You guys are in such a big commotion here, aren't you afraid of alarming them? And perhaps they have some kind of divine soul monitoring method? "

"No, look at what's under the fire." Mu Qianxiang laughed.

Leng Youlan blew some of the ashes off the fire, and it turned out to be an array disc. Although it was not very big, Chen Xiang could tell from the Spirit grain above that this array disc was very powerful, but he did not know what its effects were.

"We are inside a barrier created by an array disc. This is equivalent to a small space and has been isolated from the outside world!" Leng Youlan said: "I also want to refine a part of this!"

"Not bad, it's very rare for you to be able to calm your heart and forge artifacts with Meng'er." Chen Xiang praised.

"She hasn't been in for a long time." Mu Qianxiang laughed: "She can't keep up with the pace of Xianxian and the others anymore."

Leng Youlan was a little unlucky, and replied: "It's just that I'm not very interested, which is why I'm gradually getting unfamiliar with them. If I wanted to, I just needed to focus on pondering for a while, then I would be able to keep up with Elder Sister Meng'er and the others."

"Alright, I'll first sneak into the place you're talking about and take a look!" Chen Xiang said.

"We want to go as well. We can enter your ring." Leng Youlan said, she had also entered before.

Mu Qianxiang and Wang Jinshi both nodded their heads, they were also worried for Chen Xiang, after all, having more people as strength.

After Chen Xiang let them enter the ring, he put away the formation plate and started to hide, heading in the direction they had pointed out.

"What is this place?" Chen Xiang was not familiar with the Nine Heaven World at all.

"A forest filled with dense Evil Qi, this place is very close to the Devil-killing Divine City." Wang Jinshi said: "The Devil-killing Divine City has been rebuilt, but because we were led by the Hell Devil Emperor to lead a large number of powerful demons to this place, this forest became like this."

Chen Xiang turned into a black butterfly. There were many of these butterflies here, so they wouldn't be discovered easily. He arrived outside the cave which Leng Youlan and the others discovered.

"There is a relatively profound barrier protecting it, and this stone door is also not easy to open." Chen Xiang flew around outside of the cave a few times. Although this mountain was not very tall, Chen Xiang could feel that there was a very terrifying amount of evil energy inside.

Chen Xiang unleashed his Dao heart Eye. All he saw was that the place in front of him was a light gray colored mountain, and the only difference was that the mountain was pitch-black in color.

"There is a large amount of evil energy inside this mountain, and it has been absorbed for a long time. I wonder what this evil energy is used for?" Chen Xiang asked Wang Jinshi who was inside the ring, "Senior Sister, did a lot of strong evil spirits die in this place before?"

"Yes, after you went to Supreme Divine Palace, it was broken. There were more than a dozen strong Evil Demons who wanted to take revenge on you, so a big battle happened." Wang Jinshi said: "Now that Devil-killing Heavenly God has gone to Nine Heaven School, it is eldest senior brother who will take over."

"Junior brother, what do you think they're doing this for?"

Chen Xiang thought for a while, then said: "They are setting up the array! Furthermore, there is more than one of them, the rest must be hiding at places far away from the Devil-killing Divine City, seems like they have been planning on setting up this array for a long time. "

Devil-killing Divine Palace was the number one threat to Hell Devil Emperor because that place restrained demons like them. If Devil-killing Divine Palace was not destroyed, they would only need to face Devil-killing Divine Palace in the future and they would suffer a lot of losses.

Leng Youlan and the others could not see what Chen Xiang was seeing, they could only feel that there was a dense amount of Evil Qi in the place, and did not see clearly how terrifying the place where the Evil Qi was gathering was.

Chen Xiang said: "If there's someone inside, I might be able to find out their real plan after entering."

Leng Youlan said: "The barrier is more powerful, even if we try to attack it would be difficult to break through, and it would be discovered by them! Brother, can you handle it yourself? "

"Of course there's no problem. Don't look down on me, even though my current Divine Deity might not be as large as yours." Chen Xiang chuckled, and immediately unleashed the power of the spatial laws, crossing over the barrier easily.

He easily entered the cave and turned into a wisp of black smoke, carefully floating above the cave to avoid being discovered.

This cave was quickly reached its end and there were no other entrances. Chen Xiang carefully observed his surroundings and discovered a square formation plate on the ground.

"Could it be underground?" Chen Xiang immediately activated the Dao heart Eye, looked down, and indeed, he saw a large amount of Evil Qi rushing down through the array disc.

This formation plate was not used to transfer people in, but was placed here to speed up the absorption of demonic energy.

"Are you sure someone has entered this place?" Chen Xiang said: "I only saw a formation plate that absorbs all the Evil Qi, and there's nothing more."

"We saw it with our own eyes." Mu Qianxiang said with certainty.

Chen Xiang felt that there was only one possibility, and that was for those people to turn into mist and be absorbed by the array disc into the place where the mysterious Evil Spirit Qi was gathered.

He was also in the form of a mist now, which allowed him to relax and enter the formation plate.

Not long after, he arrived at a dark place. At this moment, he was still in the form of a black mist floating in the air. When he saw the scene before him, he couldn't help but be shocked.

This was a huge underground stone room. In the middle of the room was a structure that looked like an altar, and on top of the altar was something that emitted a faint white light. This thing looked like a giant cocoon, and it seemed to be breathing.

Chen Xiang used the Dao heart Eye to take a look. Something that absorbed a large amount of Evil Qi, was precisely this cocoon like thing. It was extremely terrifying, and the inside of it seemed to be nurturing a strong Evil Demon.

Near the altar, there were many people dressed in black, their heads wrapped in black cloth. They didn't even have their eyes exposed, and were currently pouring a jar of blood into the ditches below the altar. There were a few ditches beneath the altar, all leading to the center of the altar.

The cocoon was absorbing the blood!

Chen Xiang had passed everything he had seen to Leng Youlan and the other two girls, they didn't know what he was doing.

"So what are you going to do now? There are fifteen demons here, and they are not weak, can you deal with them all? Why don't we come out and get rid of them together?" Leng Youlan said.

"Not now!" According to my observations, there are more than fifteen of them, so this place should be extremely important to them. Whether it's the formation or the altar, they both took a lot of effort and precious materials to build it. "

Chen Xiang used the Dao heart Eye to carefully look at the walls of the stone room. He discovered many doors, and inside these doors, there was a ball of black mist.

"There are indeed people. They are all hiding in the stone rooms on the walls." Chen Xiang said: "I guess they should be changing shifts!"

Right now, Leng Youlan and the others could only wait for Chen Xiang to discover more of them!

Just as Chen Xiang was waiting for them to change shifts, a red light suddenly appeared beside the huge cocoon on the altar. The other black-clothed people immediately went over and kowtowed.

[Chapter 2058](#)

The person who suddenly came was dressed in a red robe and was wrapped up in a red mist. When the red mist gradually dispersed, the person who appeared was a middle-aged man.

"Isn't this guy Fire Divine Palace's Fire God?" Chen Xiang recognized it. At that time, the Fire God was with the Hell Devil Emperor, and also the God of Fortune and the others.

Chen Xiang told Leng Youlan and the others about this matter.

"These fellows have been colluding with the Hell Devil Emperor for a long time now. It's just that we haven't heard any news about them." Wang Jinshi said: "The God of Fortune should be working with the Hell Devil Emperor and the rest, maybe even cultivating the Demonic Qi, this way of increasing is very fast, the Hell Devil Emperor has already cooked up a very mature method of cultivation."

"It will be completed in twenty days." The Fire God's voice became somewhat agitated, "You will definitely become Devil-killing Divine City's nightmare at that time."

After hearing this, Chen Xiang was sure that they were targeting the Devil-killing Divine City.

After caressing the cocoon, the Fire God turned into a red light. The other men in black continued working on their task. No one knew where they had gotten the blood from, but it had actually been poured for a long time.

"We have to destroy their plan. I wonder how many people they killed for this plan." Chen Xiang looked at the endless flow of blood into the altar, and his heart was filled with rage.

Four hours passed, and the stone door on the wall suddenly opened. More than ten black clothed people walked out. They were the ones who took over the job, while the black clothed men went into the stone rooms to rest.

The moment the stone door opened, Chen Xiang immediately turned into black smoke and floated into one of them. He did not go in before because the people inside had almost recovered, so dealing with them would not be too difficult.

At this time, the fifteen black clothed people were already very tired. Not only did they have to pour their blood in, they also needed to use their own demonic energy to help the cocoon absorb and refine it.

When Chen Xiang entered the stone room, he patiently waited. The door was already closed, and he would have to wait for the black-clothed person in the stone room to start resting before he could make a move.

Not long after, the black clothed man fell into a deep sleep, absorbing the Evil Energy absorbed by the outside to recover. Chen Xiang made his move right now, and directly used the Soul Absorbing Devil Spell, conducting a mental attack, and after breaking the other party's Divine Sense Sea's defense, his power directly entered the other party's soul to steal the memories.

When his memory worked, he immediately put the black-clothed man into the Six Realms mirrors, and then activated the killing array inside the Six Realms mirrors to kill the black-clothed man.

"Outside the Devil-killing Divine City, there are actually ten of these things." Chen Xiang was shocked: "These things were created using a secret method left behind by an ancient evil demon. They are extremely scary demonic insects that can release the demonic poison."

"Besides the evil poison, how strong is he?" Wang Jinshi asked.

"It should be very strong, because I don't know where Hell Devil Emperor got the bug eggs from, but they are said to be very ancient, maybe Yue'er knows about it." Chen Xiang did not ask Yue'er to follow him. Because he had Yue'er with him, it would be difficult for him to turn into her.

"Is there any way to deal with it?" Wang Jinshi was very concerned because this posed a threat to the Devil-killing Divine City.

"Yes." Chen Xiang took out a grain of sand and said, "I just need to put this thing into the cocoon and detonate it at a certain time."

This was a small pill refined by Chen Xiang, it could produce explosions. This was a stone that he had refined with a type of extremely strong explosive power, and was also the stone of the mountain where Long Xueyi's remnant soul was hidden.

After Chen Xiang left the stone room and floated outside, he used his spatial energy to place the small pill into the cocoon. It was not very deep, but it was very shallow outside and would be hard to find.

"I still need to go to other places to finish it. That guy just went to other places, I know the way." Chen Xiang floated near an array disc, and was pulled out from the array disc.

The eggs of these Evil Worms were all outside of Devil-killing Divine City. Chen Xiang spent half a day before he finally finished placing all the small particles into the cocoon.

"Before I detonate, I need to notify the Devil-killing Divine City to prepare, because this is a huge loss for them. I'm worried that they might attack the Devil-killing Divine City because of this." Chen Xiang said to Wang Jinshi.

Wang Jinshi came out of the ring, used the Communication jade Symbol paper to transmit the situation to Devil-killing Divine City, and then laughed: "Thank you, Junior Brother. Although your cultivation is not high, you are still the same, with many good methods."

Wang Jinshi's jade talisman trembled, and someone sent a message to her. After she read the information inside, she said: "Big Senior and the rest have long made their preparations. He said that they had also detected some Hell Devil Emperor people moving around nearby."

Chen Xiang nodded, and said: "Then let's move a little further away, and ignite it."

Leng Youlan and Mu Qianxiang also ran out from the ring. They wanted to see what would happen after the explosion.

Wang Jinshi took out an array disc with the three of them standing on top of it.

All ten small granules contained a trace of Chen Xiang's divine soul that he had left inside, and with just a thought, he would be able to detonate them.

"It's begun." After Chen Xiang let out a chuckle, the earth suddenly shook, and muffled rumbling sounds came from afar. They were currently quite a distance away from the nearest insect egg, but for there to be such a commotion, it showed just how terrifying of a power was hidden within.

"Look." Leng Youlan pointed to the sky in front of him, and under the setting sun, a burst of black Qi rose up. Chen Xiang had ignited the insect egg, causing the energy condensed within the egg to gush out.

The people inside the Devil-killing Divine City could feel the rumbling and trembling from all directions just now. The ten bug eggs surrounded the Devil-killing Divine City, so the Devil-killing Divine City could clearly feel the aftermath of the explosion.

After the explosion, Wang Jinshi activated the array disc and returned to the little village.

Lv Qilian was in the villa, so when Wang Jinshi and the others went there, they immediately told her about the Evil Worms.

After Yue'er heard it, she spoke with a hint of shock, "How did this guy obtain those bug eggs? This thing is extremely terrifying. Once it is born, it will be dangerous."

"Tell me about it." Lv Qilian frowned: "Maybe they still have more, we have to prepare for the worst."

Chen Xiang had thought that Yue'er might have known about it before, because the insect egg was from the ancient times. It should have been from an earlier world, similar to the Star Law Divine Realm.

Yue'er did indeed know, and seemed to understand it quite well.

[Chapter 2059](#)

Leng Youlan and Mu Qianxiang looked indifferent. They had no concept of what it was, so they were naturally not afraid of it, but Wang Jinshi and Chen Xiang had serious expressions, and Lv Qilian's

expression was filled with seriousness. She already understood Yue'er better, whether Yue'er was from the Star Law Divine Realm, or a strong law enforcer.

Yue'er flew to a table, took a sip of the juice in the cup, and said, "You should already know that I am from Star Law Divine Realm, right? There are many days and months outside of the distant starry sky, similar to this place, only that your current Nine Heaven World has not grown to the point where I can break through my limitations and enter the distant astral plane."

"If only we could annex the Super God Realm. In the distant starry sky, other than the fact that our Star Law Divine Realm is a powerful and prosperous world, there are a few other stronger ones, and one of them is called the World of the Giant Gods. They are all giant and giant beasts, and they are all very powerful, but this world has been destroyed by a type of bug.

Yue Er took a deep breath: "Later on, because these bugs couldn't move for a long distance and couldn't find food, they died in the Giant God World. According to your description, those eggs were from those bugs, and I don't know who brought them here.

Long Xueyi asked: "How is the comparison of the Gigantic Divine World compared to your Star Law Divine Realm?"

Yue Er thought for a moment and said, "It's hard to say, I heard from the elders in the clan that they are all similar. I heard from the elders in the clan that those bugs were born in the World of Giant Gods, so they were initially ignored.

"That insect's reproduction speed is very scary, and the stronger the bug is, the stronger the eggs it gives birth to, and the stronger its destructive power from birth." Moon Child said, "Legend has it that the powerhouses of the Titan world could only retreat against the Bugs Emperor. The majority of the giants are only able to survive after fleeing into the starry sky."

"I will make a trip to the Nine Heaven School to let them pay attention to this. Chen Xiang, don't stay idle. Lv Qilian had already understood from Yue'er that Super God Realm was different in terms of time compared to the people here, which resulted in Chen Xiang having less time compared to the people here.

"Xianxian and the others are refining powerful array discs, they won't come out for a while. Go and cultivate first, since they are all here, you will see them sooner or later." Long Xueyi knew that Chen Xiang really wanted to see Xianxian and the others, so he asked.

Yue'er said, "I'll accompany you in your cultivation. Your situation is rather complicated, so maybe I can give you some advice when the time comes so that you won't take the wrong path."

Chen Xiang nodded, he also wanted to condense his third Divine Deity and become a God. He realized that the girls here all had at least a few Divine Deity, if he didn't increase them quickly, they might laugh at him in the future.

In this villa, there was a Transmission array that could be teleported deep into the ground.

Chen Xiang used a Transmission array to teleport to a secret room that was completely surrounded by white.

"This is the energy inside the dragon vein, these are the crystals formed by the dragon vein." Chen Xiang was extremely familiar with this type of energy and could immediately recognize it.

"I'll be able to condense the third Divine Deity very soon. I've already cultivated it for a long time already." Chen Xiang laughed.

"You are also quite eccentric. With only two Divine Deity, your body should have already cultivated two Bones. With your current strength, you should be able to compete with five or six gods with Divine Deity." Yue'er said: "However, it's still better for you to condense more Divine Deity. It can strengthen your divine power and your Bones combined with the powerful divine power will have a better effect."

Chen Xiang nodded, and took out some Divine Deity that he had obtained earlier, he planned to refine these Divine Deity into a pellet.

"Yue'er, if you can cultivate ten Divine Deity, doesn't that mean you can have ten types of innate abilities? If it's Hundred gods level, then it's a hundred." Chen Xiang asked.

"Of course not. Generally speaking, most people specialize in several types of innate divine abilities. Otherwise, they would master too many divine abilities. However, the power of these divine abilities are too weak and the power of their divine abilities aren't enough."

Chen Xiang asked again, "Weren't you able to use your innate ability uncontrollably?"

The power of the so-called ability was the power contained within the Divine Deity that corresponded to the innate ability.

"You can control these three innate abilities if you cultivate them, but all you need is your Divine Deity. In the future, if you feel that you need any innate abilities, you can just cultivate them again." Yue Er said.

Chen Xiang's first divine ability was the World Creation Flame, which gave him a lot of help in refining pills. His second was the Celestial Phenomenon Art, which he had learnt while cultivating the Heavenly spirit kunfu, which gave him a very strong defensive power. He rarely used it, so the combination of the Celestial Phenomenon Art and the profoundwu clothing made his defenses very strong.

As for the third innate ability, he wanted to cultivate it to be related to the use of spatial energy.

"Yue Er, you should be more familiar with the usage of spatial energy compared to me. My third innate ability is related to cultivating spatial energy. How can I cultivate it?" Chen Xiang didn't have any spatial cultivation technique or technique. The Heavenly Elephant divine ability that he had previously cultivated was something that he had learnt from cultivating his Heavenly Body's divine ability.

"Then when you condense the third Divine Deity, you will need to use spatial power to do so." Yue Er said.

"Using the power of space to condense Divine Deity, what should we do?" Chen Xiang felt that even if he used the Heavenly Alchemy, it would be rather difficult.

"Cultivation method, don't you have a cultivation method for cultivating the power of space?" Yue'er replied, "As long as you follow the cultivation technique, it'll be fine."

Chen Xiang said: "I normally cultivate using the Heavenly Alchemy, but right now, I haven't found the spatial energy within the Heavenly Alchemy. I don't have any spatial energy cultivation methods."

Yue'er was extremely surprised, she had just casually said it, but did not expect Chen Xiang to really do it.

"Alright, I'll pass my cultivation technique to you." Yue'er flew to the top of Chen Xiang's head and began transferring techniques. "I want to enter your Divine Sense Sea."

Chen Xiang nodded, relaxed, and allowed Yue'er to enter his Divine Sense Sea, directly passing down techniques to his soul.

After Yue'er entered Chen Xiang's Divine Sense Sea, she found it extremely interesting. "Your Divine Sense Sea is really simple, just ordinary."

"Hehe, then what about your Divine Sense Sea? I really want to take a look." Chen Xiang said with a smile. He had also understood that many people's Divine Sense Sea was full of whims and fantasies, but Lv Qilian's was a sea of flowers, even the sun, moon and stars were all flowers. When he went in earlier, he was also shocked.

"It's a secret." Yue'er giggled: "It's my secret that my Divine Sense Sea World can't be revealed to others."

After Yue'er entered Chen Xiang's Divine Sense Sea, she had actually turned into a beautiful young lady in white. When she saw Chen Xiang's spirit staring at her, her cheeks flushed red.

[Chapter 2060](#)

This was the first time Yue'er revealed her true form in front of Chen Xiang, but she could only do it within the Divine Sense Sea.

"Better than I thought." Chen Xiang laughed, and reached out his hand to pinch Yue'er's little face habitually.

"Then what do you think I am? Did you think that I was ugly?" Yue'er giggled as she placed her hand on Chen Xiang's forehead.

At this time, Yue'er and Chen Xiang's divine souls were at the shore of the small island, and Yue'er had passed down the spatial cultivation method to her, to Chen Xiang.

"If it's not ugly, then so be it. It's just that it's a bit unexpected. You'll be even more beautiful than I imagined." Chen Xiang opened his eyes wide again as he admired Yue'er who looked like a young girl.

Yue'er coquettishly replied, "Such a sweet mouth. No wonder you could deceive so many women."

Chen Xiang laughed mischievously. Yue'er's spatial technique had already entered his Divine Sense Sea, she was called Star Shifting Technique. Listening to her name made him feel like she could move stars.

My grandfather gave it to me. My grandfather said that even my father does not know of this technique, and only the power of space can be trained in it. As for you, since you control the power of space, then you are more suited to it. Yue Er said.

"Then can we really move the stars?" Chen Xiang asked.

I heard my grandfather said that this cultivation technique was developed by a spiritual planet. After that Xing Chen grasped this cultivation technique, he moved around everywhere in the starry sky, specifically to cultivate in places with dense energy. As time passed, he would turn into his human form and become one of the ancestors of our Star Moon Divine Race.

"According to legends, there are ten ancestors of our Star Moon Divine Race, all of whom are Astral Cheng Ren or beasts of the beast race. They then formed the Star Moon Divine Race." Yue Er said.

This kind of thing sounded mysterious, but Chen Xiang believed that the Shui Bingyan he was most familiar with was also from a spirit body and it took a long time for him to learn.

Yue'er quickly passed down the Star Shifting Technique to Chen Xiang, and she immediately left Chen Xiang's Divine Sense Sea, causing him to feel a little regretful. He had originally wanted to tease Yue'er.

Chen Xiang looked at Yue'er, and suddenly felt that it was not bad that she was a little kitten.

"Start your cultivation. Your third divine soul has already been condensed and is still missing the third Divine Deity." Yue'er could sense it just by entering Chen Xiang's Divine Sense Sea.

Chen Xiang nodded his head and started to absorb the energy from the dragon vein. He circulated his Star Shifting Technique and started to condense the third Divine Deity.

Because Yue'er was the one who passed down the techniques to him from the soul, Yue'er's understanding of the technique could be obtained as well, just like how he had passed down the Heavenly Alchemy to Hua Xiangyue previously.

In order to increase his speed, he had even coordinated with the Heavenly Alchemy to use it. This was because he still had to refine the energy in his body to absorb it, and then condense it into Spatial Force through Star Shifting Technique after that.

In front of him, he could use the Heavenly Alchemy to refine the energy he absorbed, and once the energy was refined into the Six Realms' Power, he could directly use the Star Shifting Technique to condense the power of space, gathering it at the location of the third soul. As long as he gathered enough space energy, the condensed Divine Deity would be related to the power of space.

After cultivating for half a day, he felt that his cultivation speed was not fast enough, so he took out the Divine Deity he had obtained before and used the Heavenly Alchemy to refine these Divine Deity into a pellet.

"This should be faster." Chen Xiang swallowed a few of these pellets in one gulp. He had the Heavenly Alchemy, so his refining speed was extremely fast.

Yue'er watched from the corner of the stone room and was extremely shocked. Chen Xiang had consumed a large amount of pills refined from Divine Deity and was now cultivating inside the dragon vein, absorbing a large amount of energy from the dragon vein. In her eyes, Chen Xiang was like a bottomless pit, as if there wasn't even enough energy to fill him up.

Two months passed by, Chen Xiang continuously cultivated for two months, and even refined all of his Divine Deity into pellets; that was how he managed to condense the third Divine Deity.

"How is it?" Yue'er hurriedly asked. For the past two months, she had been waiting patiently. After all, it was very boring.

My third Divine Deity can directly convert the Six Realms' Power into spatial energy, and in the future, the spatial energy I use will be even more formidable. Chen Xiang said: "This ability should be the Star Shift."

When he condensed the third Divine Deity, his Divine Sense Sea also became a lot larger, and the third Divine Deity should appear as well, so the quality of his whole body should have increased a lot. If his Divine Sense Sea had more than ten Divine Deity, then the power of his Divine Sense Sea would be even more terrifying.

"It should be soon." Chen Xiang said. This time, he must have used a lot of time to condense the third Divine Deity, even though he couldn't feel it.

"Two months." Yue'er said: "Something must have happened outside. I already said before that Hell Devil Emperor was going to attack Nine Heaven School, I think it's about to start."

Chen Xiang nodded his head: "It is possible that they will advance the plan, because I have destroyed the Primordial Evil Worm's plan, they will definitely become angry from embarrassment, and now I am just worried that they still have those ancient Evil Worms. I previously heard from the memories of those people that the eggs were refined by the Hell Devil Emperor, I wonder what kind of tricks he had used on those eggs."

Yue'er was also worried about this. Those demonic insects' reproduction speed was extremely fast, and the number of eggs they could lay was enormous. If someone really did obtain them, they would definitely obtain a lot.

There was a door in this stone room, upon entering, one could see a Transmission array. Chen Xiang and Yue'er were teleported to the top through this Transmission array.

Arriving at the top, only then did Chen Xiang see that the little village became bustling with activity, he could see many beautiful women, but they were all in a hurry, as if they were busy with something.

"Xue Yi." Seeing Long Xueyi flying above, Chen Xiang anxiously shouted.

When Long Xueyi saw Chen Xiang, he immediately descended. "You're finally out, the battle has started, the Nine Heaven School was led by the Hell Devil Emperor and attacked."

The Nine Heaven School is extremely important, we definitely cannot let the Hell Devil Emperor get them, so we have to go and help now. Sister Qilian said that she was worried that the Hell Devil Emperor would attack us too, so we have to prepare for it.

This place had a dragon vein. The dragon vein contained an endless amount of energy and the array disc could absorb this energy to maintain and operate. If the Spirit grain in the array was very profound and strong, then the defensive array would also be very terrifying.

The Ninefold Space s refined by the Spirit grain used by the Heavenly Divine Palace, and even those from the Divine Yan Jing were helpless, it could be seen how terrifying they were! The Hexagonal disk in Yue'er's hands, which was also known as Star Moon Hell, was also refined using profound Spirit grain.

The Spirit grain in the Divine Book that Liu Meng'er and the others got was passed down from the Nine Divine Kings, and the Nine Divine Kings got it from the Heavenly Divine Palace.

"Yue'er, you stay here with Bing Yan. I will make a trip to Nine Heaven School." Chen Xiang said.
