

Dan God 2081

[Chapter 2081](#)

Chen Xiang looked at the blazing sun in the sky, and it was almost noon, he said: "It seems that the Heavenly Divine Palace's assessment is mainly about potential, and only people with great potential have value in nurturing them!"

The old man did not agree with Chen Xiang's words, "If what you say is true, then wouldn't I, the old man, be hopeless? I am working very hard, and I believe that I will definitely be able to join the Heavenly Divine Palace! "

Chen Xiang also didn't know what the Heavenly Divine Palace had done to make so many people want to join their ranks.

"Hard work is also a type of potential!" Chen Xiang laughed: "Old senior, if you are really willing to work hard, then you still have a lot of potential."

The old man laughed, "Young man, you look different from the others. Are you a disciple of a famous sect? "It sounds like he's talking in an enigmatic manner."

When noon arrived, the people at the front of the door all shouted. Chen Xiang and the old man looked over, only to see the door's enchantment suddenly flash, turning into a light gold color, and everyone rushed in.

"I'll go in first. I'll wait for you at the second stage." When the old man saw this group of young people charging around like mad bulls, he shook his head and quickly walked over.

Chen Xiang could feel a faint energy fluctuation on the old man's body, as though he was controlling the Mysterious power on his body to tremble slightly. Just like this, he very easily stepped into the faint golden light curtain and entered the wide plaza.

Chen Xiang also walked over. The barrier was indeed much weaker now, he had only used a little of his spatial energy to get past the translucent barrier.

"Old Man Han can easily enter because he has tried many times, but who is this kid?" I've been here for so long, but I've never seen him before. Could it be that he went in the first time? " A middle-aged man said.

Everyone looked at Chen Xiang's back and started to discuss.

What made Chen Xiang even more baffled was that only he and Old Man Han had entered. No one else was able to enter, and he didn't know how great the resistance of the light screen was either. When he entered, he couldn't feel it at all.

"You really came in!" Old Man Han saw that Chen Xiang was following him and was still surprised, because he had tried many times before to get in. He thought that no matter how strong Chen Xiang was, he would have to be hit a few times, yet Chen Xiang just casually walked in like he was walking normally.

Chen Xiang only smiled, and then asked. "Senior, what is the second round of examination?"

"The second test is to go to that mountain. There will be a lot of obstacles along the way." The old man pointed to a tall mountain on the left. "You can pass by a house at the foot of the mountain."

"So easy!" Chen Xiang saw that the mountain was not too far away. He would be able to reach there after a while using the Space wind.

"It's not easy at all. There will be a lot of people blocking the way, all of them are array traps. Occasionally, there will be some beasts or even some plants that can be used to harass people." The old man shook his head and smiled bitterly.

As long as they passed through the forest, they would be able to reach the foot of the mountain. Chen Xiang had just tested it a moment ago and could feel that Space wind.

"When can we start?" Chen Xiang asked.

"I can start now, but I need to make some preparations. This is the fifteenth time I've successfully entered." The old man sighed.

Chen Xiang asked: "Senior, where exactly is the Heavenly Divine Lord attracting you?"

The old man was surprised. "Don't tell me you didn't know when you came? What exactly are you here for? "

Chen Xiang scratched his head and laughed: "I was just passing by, and then I planned to come in to take a look. So what's so good about Heavenly Divine Lord?"

"You are an outsider, you definitely can't understand! We grew up in this region, and the sudden appearance of this Heavenly Divine Palace caused this originally barren land to become so lively. Furthermore, there's a dragon vein here, and that's enough to attract many people! " The old man said.

Chen Xiang nodded his head, the Heavenly Divine Palace did not need to do much. Just the change here was enough to make many fear the strength of the Heavenly Divine Palace.

"Then I'll take my leave. Senior, you must work hard!" Chen Xiang smiled at the old man, then used the Space wind and disappeared.

The old man was shocked by Chen Xiang, he immediately looked around and did not see any more signs of Chen Xiang.

Chen Xiang had already entered the forest, and in the blink of an eye, he had already passed through the forest and arrived at the small hut below the mountain that the old man had mentioned before.

"It's you!" On the stone table in front of the hut, a woman was eating. This woman was really Jiu Hanrou's good sister, Chu Yunhui!

"Big Sister Yun Hui!" Chen Xiang sweetly shouted, with a gentle smile on her face: "Did I disturb you?"

Chu Yunhui looked at the sun in the sky and said with a bit of surprise: "It's only noon and I've already cleared two stages. Hehe, if you weren't powerful, you wouldn't have been able to save us. "

"You must be here to look for the Great Divine Lord, you can just go straight up the mountain." Chu Yunhui pointed to a mountain road.

"Thank you, Big Sister Yun Hui!" After Chen Xiang expressed his thanks, he immediately walked toward the mountain road.

"If you see Little Jiu Mei and Yu Jie, tell them to find me when they have time to play. I will be able to hear your shouts outside the door." Chu Yunhui warned Chen Xiang.

Chen Xiang responded, then used the Space wind to go up the mountain.

"This guy is getting more and more familiar with the use of spatial energy." Chu Yunhui mumbled to himself as he continued to eat her food.

Chen Xiang quickly reached the summit. There was only a small hut here, but the Great Divine Lord actually lived in such a simple place. He stood at the summit of the mountain and looked at his surroundings, discovering that there were a lot of green mountains that were not too tall, and not too short either.

"Chen Xiang?"

Chen Xiang looked towards the door of the hut and saw a middle-aged man smiling as he walked out. He then pointed to a wooden table at the entrance: "Sit!"

There were so many grand buildings here, but he decided to stay here for other reasons. He suspected that these green mountains all had a channel that linked them to the dragon vein, allowing them to quickly absorb the energy inside the deep dragon vein.

"This new Heavenly Divine Lord is pretty good!" said. Great Divine Lord also took out something to entertain Chen Xiang, just like old friends meeting each other.

Great Divine Lord laughed: "It's just that there are too few people, do you have any suggestions?"

Right now, there were more middle and strong Great Divine Lord s, but they did not have any new blood, which was why they needed to recruit disciples with potential.

"I suggest that you go to the Nine Heaven School and the bosses of the Devil-killing Divine City secretly. You can borrow a few people from them or form an alliance inside." Chen Xiang said.

[Chapter 2082](#)

Currently, Heavenly Divine Palace lacked young and promising disciples, but there were a lot of such disciples in Nine Heaven School and Devil-killing Divine City. On the other hand, Nine Heaven School and Devil-killing Divine City lacked experts with upper and middle strength, causing many disciples to not be able to receive the best guidance.

On the other hand, many of Heavenly Divine Palace's upper class and powerful antiques, they could really complement each other.

After Chen Xiang briefly told Great Divine Lord about the situation between Nine Heaven School and himself, the Great Divine Lord also nodded, indicating that he would definitely come into contact with the Nine Heaven School and ask about the matter of the alliance.

"Great Divine Lord, I came here to ask you if you have these materials for refining weapons." Chen Xiang took out a list, on which was written the ingredients needed to refine the pill furnace.

When Great Divine Lord saw it, he laughed, "You must be refining a pill furnace!"

"En, I am currently lacking a good pill furnace, and my wife just so happened to find the blueprint from the Divine Book passed down by your nine brothers. She is lacking in materials." Chen Xiang said.

"I have all of these!" Great Divine Lord immediately took out three Storage bags: "Take these ingredients. If you successfully refine the pill furnace, you must show them to me! I want to know how much of that divine book your wife has in her possession. "Your wife is too incredible, she can even refine a pill furnace of that level herself!"

"She... She's not the only one, there are a few ... " Chen Xiang said.

Great Divine Lord only laughed, he obviously understood what Chen Xiang meant.

Yu Jie came to find me. She is currently in the process of refining pills, and she needs a good pill furnace as well, so I will give you a lot of ingredients. When the time comes, use them well, the reason why our Divine Nations of the Ninth Heaven rose in power all those years ago was mainly because of the powerful Alchemist.

Chen Xiang nodded her head. This was also the reason why Feng Yujie wanted to walk down the Pill Dao, it was because she had inherited one of the nine Divine Kings' pill refining skills from the past.

"Great Divine Lord, when exactly is this Nine Heaven World going to devour Super God Realm?" Chen Xiang asked: "The Super God Realm has a lot of resources, but if the Nine Heaven World were to take over the Super God Realm now, facing the strong warriors and powerful beasts of the Super God Realm, we are still very weak."

Once it is annexed, it will be difficult for the Nine Heaven World to be destroyed in the future. If it develops smoothly, in the future, it will become a strong and prosperous world. If you establish a relationship with other powerful worlds, then the development will be even faster. " Great Divine Lord said: "As far as I know, the rules of the Star Law Divine Realm are pretty good. When the time comes, I'll go pay a visit to the Star Law Divine Realm and see if I can establish a Transmission array with them."

"Other than the Star Law Divine Realm, is there any other world?" Chen Xiang asked. Because the powerhouses in charge of the Star Law Divine Realm wanted to live forever and kill Undead Divine Race, they had left a very bad impression on Chen Xiang.

It's just that we don't understand them as we do. The one closest to us is the Star Law Divine Realm! Of course, we don't necessarily just establish a relationship with the Star Law Divine Realm. When that time comes, the Star Law Divine Realm will become our stepping stone, and we will be able to understand other powerful worlds through the Star Law Divine Realm. Then, we can learn from their experiences and develop our world. " The Great Divine Lord said, "It's still too early to say all these! First, the Nine Heaven World has to swallow the Super God Realm and then develop it peacefully for a period of time. "

With the threat of the Nine Gods Nation, this gave the Great Divine Lord a headache, and the Heavenly Divine Lord who had wanted to do this had been annihilated by the Nine Gods Nation's Divine Lord,

which resulted in this world becoming a slowly growing world even though there was the powerful Divine Lord.

"Great Divine Lord, do you understand the matters above Nine Gods Nation now?" Chen Xiang was more interested in the matters above.

"I know a bit, but I'm quite concerned about it right now!" Because once the upper management stabilizes, they will start to deal with me. " Nine Divine Kings laughed out loud. "I am their old rival! Right now, the more optimistic thing is that Divine Lord and some old fellows will be leaving together. Although their lives won't be long, they aren't willing to die like this, so they have to look for their path to longevity. "

Speaking to here, Great Divine Lord sighed, because he knew that he would soon be on this path as well.

No matter how powerful they were, they couldn't withstand the ravages of time. Many experts who had reached the peak of their power, unable to break through, had died this way.

"Then I'll leave first, I'm still in a hurry to go back!" Chen Xiang laughed: "My wife has always been worried about the lack of materials. If she knew that there was so much, she would definitely be very happy."

Great Divine Lord nodded his head: "These few days, I have also collected some things about you. You are indeed my amazing little ghost."

The Great Divine Lord immediately opened a spatial tunnel, allowing Chen Xiang to come to the side of a city. The next time he came, he would just have to shout for Chu Yunhui at the door.

It was already afternoon when he returned to Hundreds of Flowers Village. Liu Meng'er, Xue Xianxian and the other three were in the courtyard handling the materials that had been smelted in the furnace.

"You're back so soon. Any gains?" Xue Xianxian asked as she controlled a piece of refining material that had fused into a liquid and put it into the jar. It looked to be extremely difficult, as the ball of liquid also emitted a purple flame and gave off a very high heat.

Chen Xiang walked over and wiped off the sweat on her forehead and laughed: Of course there is, and there's even a lot of it, you guys will be busy in the future! If you have time, go find Sister Feng and the others and ask them what kind of pill furnaces they need. Great Divine Lord gave me a lot of ingredients, so I can make a few. "

Liu Meng'er said: "Xiang Yue told us before, they need a large scale pill furnace, they also want to learn from our method of smelting together."

In other words, a few people's minds were linked and they would simultaneously control a pill furnace to concoct pills together! This was the case for and the others when refining. This way, they would be able to refine many things that were difficult to refine without being too strong.

"They all cultivate Heavenly Alchemy to refine pills, I think they will definitely work together well." Dongfang Xinyue said: "And they also have more people than us, on their side are Xiang Yue, Qianqian, Meiyao, Ji Ling'er, Hong Xia and Feng Yujie ... Oh right, there's also another Yanyao. "

"Ji Ling'er and Red Cloud?" Chen Xiang was a little surprised: "They can refine pills now too?"

"Of course they can. Weren't they Sister Feng's goddaughters before? Yanyao and You You are both Sister Feng's goddaughters now ... " Dongfang Xinyue giggled.

Liu Meng'er said: "At that time, I will go and find them to have a talk. According to their needs, I will refine a good Great Pill Furnace for them.

"Just now, big sister Violet Orchid came. She said that she has something to discuss with you. She probably wants to talk about the selection competition." Xue Xianxian received the Storage bag that Chen Xiang handed over, and patted his face while laughing: "Don't hit You Lan and Qianxiang too hard, or else this girl will complain to me."

[Chapter 2083](#)

Chen Xiang participating in the competition was also to see the strength of Leng Youlan and Mu Qianxiang. He had also heard that Yun Xiaodao and the others participated as well, so it was not bad to have a match with these old friends of his.

"I know how to act!" Chen Xiang would obviously not harm Leng Youlan and her, these were her sisters.

When Chen Xiang arrived at the Hundred Flowers Pavilion, he found that Yan Zilan had something he needed to talk to him about. It seemed to be an urgent matter.

"Sister Zi Lan, isn't the competition still a few days away?" When Chen Xiang arrived at the top of Hundred Flowers Pavilion, Yan Zilan was already waiting for him in the hall.

"Yes, there are still a few more days. I just found out about some of the competition's specific details. I'll tell you first so that you can prepare." Yan Zilan took out a small booklet: "All of them are registrants. When the time comes, we will draw lots to decide our opponents!"

Chen Xiang took the booklet and looked through it, and as expected, he saw Yun Xiaodao and a few other familiar names.

"Yanran and Lan Lan are not participating!" Chen Xiang laughed: "Could it be that your Hundreds of Flowers Village only sent You Lan and Qianxiang?" Chen Xiang said.

"Yanran and Lan Lan are not interested in any of this! If you look again, you should be able to see a familiar name. " Yan Zilan laughed: "Our Hundreds of Flowers Village has sent four disciples, and two of them are not human!"

Not human? Chen Xiang immediately thought of Yun Zhu and Bai Xing, and said: "Could it be Yun Zhu and Bai Xing? I haven't seen them in a long time. Are they alright? "

"Of course they are, but they are all out on missions. Last time, I contacted them and said that you're back. They really wanted to come back and see you immediately." Yan Zilan laughed: "The two of them are not participating in the selection either."

Chen Xiang flipped through the booklet, and suddenly saw two very familiar names. "Ji Meixian ... And Xue Ying! "

Xue Ying was that Phoenix Princess who was taken in by Lv Qilian as a disciple.

"Even if it was the Phoenix Princess, she is of the same race as the beautiful fairy, so her strength is also equally matched! Yun Zhu, Bai Xing, the two of them and Little Lizhi are a small team, so they are very efficient in what they do." Yan Zilan suddenly laughed: "Little Lizhi doesn't have a good impression of you, but I can see that she truly respects you from the bottom of her heart! I heard from Qilian that you often take liberties with Little Lizhi, and want to make him your wife!"

"This... They're all just joking!" Chen Xiang burst into laughter. Although Little Lizhi was a spoiled Xiao Linglong, she was very spicy and looked like chili, but once she peeled off that piece of Litchi skin, she couldn't wait to put it in her mouth. Chen Xiang felt that he had never been able to peel off that layer successfully.

"Right now, only Xue Ying and the beautiful goddess have returned to participate in this competition. Little Lizhi's group is still outside." Yan Zilan said: "When the time comes, it would be extremely possible for you to face Xue Ying and the beautiful goddess on the stage, hehe."

Chen Xiang said: "Don't worry, I won't hurt them. The preliminaries are originally all done by our own people! I also want to try my best to get a place in the competition, Hell Devil Emperor and the others have made such a condition, so they must have full confidence in winning! Maybe they even borrowed a strong helper from the Divine Nations."

Yan Zilan nodded his head, "Right now, the four of them are undergoing their final training. I heard that the ones in charge of training them are you and your sister Ziqian."

"If they are the instructors, then I will have to be careful when the time comes." He understood Bai Youyou and Bai Ziqian very well. Both of them dared to lay a hand on Bai Ziqian, and they were a little bit demonic in nature.

"What about you? Are you that confident that you're not prepared?" Yan Zilan chuckled: "To be honest, I also want to see how miserable you got being beaten up by your two younger sisters."

Chen Xiang said snappily: "So even you don't think well of me! But you will definitely be disappointed, I am so powerful now, even if the two of them are working together, the ones in a sorry state will definitely be them!"

"Anyone can brag." Yan Zilan chuckled: "But don't worry, they temporarily won't know about you participating in the selection, so when you're undergoing training, there won't be any training aimed at you."

The sky had already darkened, Chen Xiang rushed to the training room and repeatedly practiced his strongest moves. Not only did he need to prepare for the competition, he also needed to prepare to fight against Hell Devil Emperor, so he needed to grab some time to practice.

After a few days, Chen Xiang had already been notified that he would be going to the City Lord's Mansion to gather tomorrow morning.

These few days, he had been asking Yan Zilan whether or not his team of pill refining was free, and he really wanted to see Hua Xiangyue and Su Meiyao, the two Goblins.

"They are still concocting pills! They are all going to rest for a period of time and then undergo closed-door training to refine a period of time. Right now, it seems that they are both refining low and medium-

grade divine pellets, which also requires a very long time. " Yan Zilan said: "They are considered to be the foundation of the Hundreds of Flowers Village. The pills they provide can help us become stronger even faster."

Yue'er flew in. She had just come from Hundreds of Flowers Village.

"Isn't Bing Yan coming?" Chen Xiang asked. It was already night, and the competition was starting tomorrow morning.

"No, she and Big Sis Long spend all their time discussing cultivation. Sometimes, they go into closed door cultivation very late." Yue'er replied, "She might be coming to watch your match tomorrow. I've mentioned this to her before."

Yan Zilan hugged Yue'er, and said with a tender smile: "Yue'er, sleep with me tonight, I'll go to City Lord's Mansion with you tomorrow! While you're at it, tell me about this little scoundrel in the Super God Realm. "

"Alright!" Yue'er was extremely willing as she rubbed her small head against Yan Zilan's soft chest.

Chen Xiang curled his lips, and returned to his room to rest.

... ..

In the middle of the night, Chen Xiang suddenly woke up. He was a little nervous, because he thought that the people fighting with him were his old friends and sister, and he had just returned from Super God Realm. In comparison to the time he had here, he had lost a lot of time! On the other hand, Yun Xiaodao and the others had to cultivate for many years using dragon veins and various pellets before they could gain the strength of six Divine Deity. By then, he would definitely not be weak.

And Leng Youlan had White Dragon Vein, adding on the Dao heart stone that Shui Bingyan provided her with, it was possible that she had already grasped the laws of ice, and her strength was even more unfathomable! What Mu Qianxiang received was the Sword Emperor's legacy, and since Wang Jinshi was the Sword God's daughter, he would definitely teach her a lot.

Chen Xiang felt that Wang Jinshi would definitely guide them along with Bai Youyou and Bai Ziqian.

"Xiao Dao and the others are also very powerful, with Devil-killing Heavenly God and Penalty Heavenly God's guidance, and the Sword God who controls the God Murdering Sword Techniques is also in the Nine Heaven School. Before, Black Dragon and Black Turtle had also been in Nine Heaven School for a while. They had only met up with the White Tiger in Super God Realm for a short period of time. When Chen Xiang thought of all these, he was really a little worried in the depths of his heart. It was just like Wu Kaiming had said, it would not be good if his mighty name was destroyed.

"Junior brother!" Just as Chen Xiang was thinking, there were people knocking on his door, and only Wang Jinshi would call him Junior Brother. He quickly got up and opened the door, and sure enough, he saw Wang Jinshi.

[Chapter 2084](#)

It was still half the night, and Wang Jinshi and the others were already here.

"Sister You You, Sister Ziqian ..." When Chen Xiang saw the cold and frosty witch dressed in a black dress, he was elated. This was because he had rarely seen the two sisters together in the past few years.

In the past, Chen Xiang had already felt that Bai Youyou's demonic Qi was heavy, but now, compared to Bai Ziqian, she could be considered normal! Bai Ziqian's purple eyes and the poison hook at the end of her ponytail made her look extremely dangerous. Coupled with her cold and elegant expression and ice-cold eyes that were filled with killing intent, it made people feel terrified.

Bai Youyou nodded her head slightly. Even though she still looked cold, the way she looked at Chen Xiang was filled with gentleness and happiness. She was able to tell that she was very happy to see Chen Xiang again after such a long time.

Chen Xiang anxiously walked out of the hall and smiled: "Xue Ying, Fairy Beauty, long time no see, I never thought that you two enemies are together now, you look quite like sisters."

Ji Meixian was once Chen Xiang's female slave and was originally an extremely cold and arrogant woman. However, she was hit by Chen Xiang a few times, and as time passed, she became extremely respectful to Chen Xiang. She was even's and Bai Ziqian's cousin.

What Chen Xiang did not understand was that although Ji Meixian was his cousin, he could still participate in the competition. Because the competition required six Divine Deity, and Bai Youyou and Bai Ziqian had more than six Divine Deity!

"Sister You You You, are you not going to participate?" Chen Xiang looked at Bai Youyou and the other two in charge of training.

"It's not suitable for me and my sister." Bai Youyou replied: "We are not suitable for a battle, we are only suitable to kill!"

The corner of Chen Xiang's eyes twitched. After so many years of not seeing him, this Bai Youyou was still as murderous as ever!

Wang Jinshi laughed: "I am now at the Seventh Divine Deity level, otherwise I would have gone to join in the fun."

They did not know that Chen Xiang had also participated in the competition. Although Yan Zilan and the others knew about it, Chen Xiang had instructed them not to let Leng Youlan and Mu Qianxiang know about it.

Ji Meixian smiled faintly at Chen Xiang: "Chen Xiang, I remember you are a very combative person. Are you not participating as well?"

Just as Chen Xiang was thinking about how to answer, Yan Zilan and Yue'er walked out from their room. Chen Xiang hastily sent a sound transmission to them, telling them not to spread the news about him participating in the competition, because he wanted to give Leng Youlan a pleasant surprise.

"Phoenix... And there's even the Undying Bird! " Although she had heard about the relationship between Ji Meixian and his family, she had never seen them before.

Chen Xiang suddenly thought of something, the phoenix could be reborn, and the Undying Bird would also be reborn! This might have something to do with the Undead Divine Race.

"Little kitty, you're so awesome! You can see our main bodies directly!" Xue Ying was a Phoenix Princess, but a very pure phoenix flame.

"She is Yue'er, the mysterious kitten that Bing Yan mentioned." The mischievous Leng Youlan grabbed Yue'er and began to tickle her, causing her to giggle non-stop.

"Xue Ying, where's your father?" Chen Xiang asked, the strength of the Phoenix King was not bad, he should be very strong by now.

"He was taken away by a senior many years ago. I don't know where he went." Xue Ying shook her head. She was initially surrounded and attacked by the young disciples of many forces and was almost sullied. It was Chen Xiang who saved her, so she had a good impression of Chen Xiang. After that, she joined the Hundreds of Flowers Palace and became Lv Qilian's disciple. After she and Mu Qianxiang became sect sisters, she got a better understanding of Chen Xiang and knew some of his romantic affairs ...

Chen Xiang was sitting on a chair, trembling as he watched Leng Youlan and Mu Qianxiang teasing Yue'er, when he suddenly felt a burst of cold air pressing on him. Bai Ziqian had actually come behind him!

Chen Xiang remembered that Bai Ziqian had obtained the legacy of an Ancient Poison God King back then, and grasped an extremely terrifying Ancient Poison. That was why he had been captured by the combined forces of the various powers.

"Sister Ziqian... Sit down!" Chen Xiang felt that he was extremely uneasy seeing Bai Ziqian standing behind him despite her close proximity. He was extremely afraid of this poisonous woman, because she was not like Lv Qilian who was a gentle and lovable spirit.

"What are you afraid of? Could it be that I will poison you?" Bai Ziqian found it funny, but she did not laugh out loud: "I just wanted to ask you, did you encounter any poison in Super God Realm?"

"No, if there were, I would have given it to you a long time ago! Sister Ziqian, you have received the inheritance of the Ancient Poison God King, so the poison you have now should be very terrifying. " Chen Xiang laughed dryly: "I'm worried that even I won't be able to defend against your poison."

Bai Youyou said: "You don't have to be afraid of big sister, she's currently very good at controlling her poison. I have been with her for so long, but nothing like this has happened either."

Leng Youlan teased from the side: "If old brother is dishonest, then you must have some tricks towards Sister Ziqian, for sure! If you want to try and see if you still have impenetrable towards Big Sister Ziqian, you better tell her directly, don't take liberties with her. "

"Little girl, am I, your brother, that kind of person?!" Chen Xiang rolled his eyes at her: "I have never teased her before."

"Really?" Bai Ziqian's voice chilled, causing the hearts of everyone present to feel a chill. They were all very surprised, Chen Xiang had really taken liberties with Bai Ziqian before, they were clear that Chen Xiang was such a pervert, they didn't expect him to be so reckless.

"I think so. I don't remember too well." Chen Xiang was also shocked by Bai Ziqian. As expected, the inheritance of the Ancient Poison God King had become extremely frightening.

The corner of Bai Ziqian's mouth raised slightly, and this faint smile made her look extremely charming and beautiful. Bai Youyou, who was sitting by the side, saw that Chen Xiang was so frightened that his face paled and he couldn't help but chuckle softly.

"Brat, you don't seem to have the courage you used to have!" Bai Ziqian's slender and jade-like hands suddenly caressed Chen Xiang's face. Her actions looked extremely charming, and she was actually teasing Chen Xiang.

Chen Xiang took a small breath and said: "I suddenly have something to ask you. Who do you think will be the one to obtain the three spots? "You have four girls participating."

No one replied him. All of the girls watched as Bai Ziqian's delicate hands caressed Chen Xiang's cheeks and neck. They didn't know why Bai Ziqian would do such a thing.

Chen Xiang knew that Bai Ziqian was testing his impenetrable physique to see if he could resist this kind of teasing.

"It's pretty amazing, my poison doesn't seem to be very effective against you." Bai Ziqian retracted his hand, and said with slightly creased brows: "But you don't need to be too pleased, the poison that I used just now was only my weakest, and I do not dare to test you with poison that is too strong."

[Chapter 2085](#)

Chen Xiang was also sweating profusely. This was an extremely terrifying Ancient Poison, and one that came from a Divine King. If something unexpected happened, he wouldn't be able to participate in the competition.

"Sister Ziqian, how strong is your strongest poison?" Chen Xiang sighed a breath of relief and asked.

"I don't know. I rarely use my most powerful poison against enemies." Bai Ziqian shook his head: "But it's hard to say in the future. Right now, many people know that I'm in the Hundreds of Flowers Village."

Yue'er replied, "What are you afraid of? Divine Nations has used too much poison, it's not any weaker than yours!" From what I know, there are a few Divine Nations who specialize in nurturing powerful Poison Kings, and they are openly using them! Of course, if you use this poison to harm the common people, then you will definitely be besieged! "

"Is there really a strong poison expert in the Divine Nations?" Bai Ziqian was very interested in this.

"Of course. Some guys are hard to kill, so you'll need to use poison." Yue'er nodded her head. "When I was surrounded that year, a few guys tried to poison me."

Chen Xiang was very clear about Yue'er's background. He felt that Yue'er must be very knowledgeable and should also be relatively knowledgeable in the field of poison, since she didn't say that he was poisoned.

Yan Zilan yawned and said: "What are you guys doing here so early? You should have a good rest and go participate in the tournament during the day."

"Isn't there a room here? We'll rest here for a while! " Leng Youlan pulled Mu Qianxiang and walked towards a room and said: "This room is big enough, there are still two beds, let's rest here."

Ji Meixian and Xue Ying also walked over and brought out two beds. Bai Ziqian and Bai Youyou also walked in.

After the few girls returned to their room, Chen Xiang touched the place where Bai Ziqian touched him before, and after taking a whiff, there was actually a faint fragrance remaining: "This woman really used poison on me, this Poisonous scent is quite powerful."

Chen Xiang currently could not feel the poison enter his body, but he could discern it from the stimulation from the fragrance that was on his nose.

"I smell it!" Yue'er also flew over and sniffed at Chen Xiang's face.

"Wah ..." This poison is a kind of flower poison, it can be found in the Star Law Divine Realm, but it's very rare, and can be considered a very terrifying poison, even gods would find it very easy to poison. " Yue Er was surprised. "This woman is really scary. However, you aren't lazy either. She isn't poisoned."

Chen Xiang frowned: "It's very strange, since even the Star Law Divine Realm rarely sees poisons, why does Sister Ziqian have them?"

"She should have been raised based on the legacy of the Ancient Poison God, and many of the poisonous creatures were transformed under certain conditions." Yue Er said.

"I'm going to rest too!" Chen Xiang had already sent them a sound transmission saying that he should not spread the news of him participating in the competition.

Returning to his room, Chen Xiang didn't think of anything and entered into sleep. It wasn't until he felt something that looked like hair on his face, causing him to suddenly wake up, that Chen Xiang, who was being mischievous, began to use the ends of his hair to tease him.

"Stupid girl!" Chen Xiang immediately reached out to pinch her beautiful face, and pinched a piece of her cheek.

Leng Youlan also hurriedly reached out her hands to pinch his face, then laid on his body. "Brother, we haven't kissed in a long time, I don't remember the last time, but I still remember that feeling."

Chen Xiang looked at the door, it was already closed by Leng Youlan, and the sky was just starting to brighten.

"Girl, you ..." Chen Xiang snickered in annoyance, "I'll kiss you, don't you dare spout nonsense."

Leng Youlan nodded, closed her eyes, and slightly lifted her small mouth. Very quickly, she had a taste of that feeling...

Chen Xiang had gone to City Lord's Mansion with them on the carriage, and when they arrived, they were called to a place to draw lots because they were women, which would determine who their opponents were.

After Chen Xiang came to this place, he said that he wanted to meet his old friend, and then disappeared without a trace. He quietly ran to the place where the lots were drawn.

There were not many people participating in the competition, only seventy or eighty of them, and all of them were outstanding disciples from cities or powers that had allied with Nine Heaven School.

It was not that Nine Heaven School and Devil-killing Divine City participated the most, other forces participated the majority.

"Elder Brother Shen, what are you doing here?" When Yun Xiaodao saw Chen Xiang, he was a little surprised. At first, he thought that Chen Xiang would come to draw lots, but after thinking about it, he felt that Chen Xiang should not come to participate.

"Has the drawing of lots begun?" Chen Xiang looked around furtively, as if he was afraid that someone might find out.

"You want to participate?" Duan Sanchang asked in surprise.

Chen Xiang nodded. "Don't tell You Lan and the other girls that I'm going to give them a surprise!"

"Then I won't participate. With you here, not only will I not be able to win, I'll even be beaten." Duan Sanchang acted as if he was sure that Chen Xiang would win, and he was even a little afraid of him.

Xv Weilong nodded his head: "I will not participate either, I was originally not interested in that matter, and was only called over by Clan Elder Wu."

Zhu Rong laughed, "It's a hole in the ground, you old fool! You all are really cowardly, is Chen Xiang really that strong? "

Duan Sanchang curled his lips and said: "It's precisely because he doesn't look strong that he's scary! You're not underestimating him, are you? Old Pig, your brain has always been pretty good.

Zhu Rong said: "Today's competition has its limits. I don't think Chen Xiang has much of a chance of victory, so what if he has Bones? His Bones can only be unleashed with great power, so his control over it ought to be a little weaker than his Divine Deity. "

Yun Xiaodao laughed: "Old Pig, I hope that you can draw lots to fight with Chen Xiang. That way, you can clearly understand Chen Xiang's true strength."

Duan Sanchang also laughed, "At that time, even if your pig head gets beaten into a cow's head, I am not certain."

Chen Xiang smiled faintly: "Don't praise me anymore, I'm actually not that strong. I just want to give You Lan and Qianxiang a pleasant surprise. I haven't taken much care of them in years, so even if I lose badly and destroy the good guys, I don't think it's a big deal. "

Zhu Rong laughed out loud and said, "You really are a good brother. Your two violent little sisters are indeed frightening, and even I think that I only have a sixty percent chance of winning against them!"

Xv Weilong said: "Old Pig, did you pick up some super divine pellet? "Why are you so confident today?"

"I have always been so confident! Don't you think that after all these years, if I didn't have any ability, I would have been able to survive till now? Don't you see, when we were training together, didn't the

danger we met with dissolve due to my calmness and confidence?" Zhu Rong took out a large roasted leg, and took a large bite: "I'm going to eat a big meal first, only then will I have strength to fight."

Wu Kaiming came and shouted, "Little devils, quickly come and test how many Divine Deity you have, this is to prevent the people from the seven Divine Deity from sneaking in."

[Chapter 2086](#)

Chen Xiang never thought that he would actually have to test how many Divine Deity he had. Right now, he was very curious about how Wu Kaiming had tested, and most people only knew how strong the aura exuded from each person's body was, but he could only make a very vague guess, and could not accurately determine how many Divine Deity they had.

Wu Kaiming glanced at Chen Xiang and smiled at him. Then, he took out a large black ball and placed it on the ground;

"Elder Wu, how do you figure out how many Divine Deity are there? This test is definitely not accurate. If we were to meet a fellow with seven Divine Deity, wouldn't we be at a disadvantage?" He was very worried about this problem because he was very confident in his own strength. However, it was difficult for him to win against the seven Divine Deity, so he was very concerned about this test.

Wu Kaiming laughed: "Don't worry, the test results are very accurate. We have tested it many times, and at the same time, we are also testing the people from the Hell Devil Emperor. At that time, Hell Devil Emperor will also take out something similar to this to test us. "

Under Wu Kaiming's urging, everyone started to queue up to take the test.

There was a pit at the side of the black ball that was just large enough to fit one's head inside. The moment the top of the head touched the hole, the finger-sized holes on the ball would light up with white light. There were a few holes that would light up with Divine Deity!

What Chen Xiang did not expect was that there were actually five Divine Deity participants participating in the selection as well, and it wasn't just one person.

He had thought that other than himself, the others would all belong to the Six Divine Deity!

Yun Xiaodao and the others were together, with Chen Xiang standing right in the middle of them. Yun Xiaodao had six Divine Deity s, six holes in his body, and then, it was Zhu Rong's turn.

Duan Sanchang and Xv Weilong had already decided not to participate. They were originally behind Chen Xiang, but now they walked out of the line.

"Have you improved at all these days?" Wu Kaiming sent a sound transmission to Chen Xiang, because previously, Chen Xiang only had four Divine Deity.

"No, little baldy, you don't have to worry about me. When the time comes, I will definitely surprise you." However, there was one thing that was more strange, that was that the white light coming from one of the holes was extremely dazzling. All the people who tested had never seen such a bright hole before, so one could tell that Chen Xiang had an exceptionally strong Divine Deity.

This Divine Deity was the fourth Divine Deity that Chen Xiang had condensed not long ago. He knew that this Divine Deity was very strong, but he did not expect it to appear on the test treasure.

"The light is very strong!" Wu Kaiming was also secretly surprised in his heart. He and Gu Dongchen had used this test method to test themselves, but they had never used such a bright hole like Chen Xiang's. In other words, Chen Xiang's Divine Deity was much stronger than their own.

Chen Xiang also felt that it was strange, even though his fourth Divine Deity was strong, it shouldn't be brighter than an Supreme God.

Everyone was rather curious about the identity Chen Xiang had given them. They knew Yun Xiaodao and Zhu Rong, and some were in the same squad as them. only had four Divine Deity, but they were very familiar with him.

After the exam, there weren't any Seven Divine Deity. This made Wu Kaiming feel relieved and said: "Let's begin the drawing of lots! Although all the people here are men, they will still compete with the women here. "

"As long as you get the same number, you'll be an opponent." Wu Kaiming took out a box that had also been specially refined.

Everyone started to queue up for the lot, every lot had a number written on them. After drawing the lot, Wu Kaiming would register for it, then see if the two people got the same number.

It only took a short while to finish, and Chen Xiang received lot number thirteen.

"Are you really number thirteen?" Zhu Rong opened his eyes wide: "Isn't this too much of a coincidence?"

Seeing Zhu Rong's expression, Chen Xiang knew that he had obtained number 13. He never thought that he would be able to fight Zhu Rong in his first match, with so many familiar faces participating in the competition, it was very normal for them to meet each other at the start. It was just that Chen Xiang was more interested in fighting Leng Youlan or Mu Qianxiang first.

"Old Pig, you must have been scared to the point of peeing!" Yun Xiaodao laughed.

"Little Yun, don't look down on me, I'm not afraid! I'm just a bit sorry that I didn't match up to you, so that I could beat you until you cried. " Zhu Rong was really not afraid at all. He even patted Chen Xiang's shoulder and said: "I'm sorry, I had to kill you in the first round. Leave the matter of teaching your two barbaric little sisters to me."

"Oh right, Little Yun, you better not get killed in the first round, or else don't walk together with me from now on." Zhu Rong laughed out loud: "But you don't have to worry, your luck has always been good, you should be able to get by."

Yun Xiaodao snorted, "Old Pig, I admit that you do have some power, but I still have to tell you, we have all witnessed how powerful Elder Brother Shen has always been! I suggest that you use your strongest power to fight against him from the start, otherwise, don't you dare find excuses when you lose. "

Seeing that the two of them were about to argue, Duan Sanchang walked over and laughed: "Old Xie, do you want us to bet a bit? "Let's see who wins."

"I bet on my victory!" Chen Xiang laughed.

"I will also bet on Elder Brother Shen." Yun Xiaodao also laughed.

"Wait ..." Seeing that you guys are betting on Chen Xiang, then I won't participate, let's see how you guys play. " Zhu Rong hastily interrupted them: "With Chen Xiang here, I normally won't participate in the gambling house. How about this, we bet on Little Yun being able to make it to the second round. I can't bet, but a hundred thousand Shen Yuan stone! "

"Old Pig, I bet a million yuan that I can make it through the first round. When that time comes, can you afford it?" Yun Xiaodao was also very confident.

"Of course I can afford it." Zhu Rong said, he did not think highly of Yun Xiaodao, this made Chen Xiang feel that it was strange, Zhu Rong and Yun Xiaodao had been together for a long time, so he should know Yun Xiaodao's strength very clearly.

At this time, Wu Kaiming also took out a large piece of paper, placing it in front of them. Chen Xiang and the others who saw it from afar immediately found their names.

"Haha ..." Little Yun, your opponent is the young disciple of the Penalty Heavenly God, you're finished. " Zhu Rong laughed out loud.

Chen Xiang also saw that Yun Xiaodao's opponent was called "Wang Jing". Amongst the crowd, there were also a pair of eyes looking over, it was a skinny and lean man who had already walked over.

"Xiao Dao, your opponent is me!" Wang Jing smiled faintly. Although he was not very handsome, he gave people a very honest feeling.

"He bet a million dollars that I could win, so Wang Jing, don't lose, or else not only would I not be able to earn that one million, I would even have to compensate him." Zhu Rong said.

"I bet a million, bet that I can win! If you lose, you can just give me two hundred thousand. If you win, you can get my one million. " Wang Jing was extremely confident in himself.

"Alright!" Yun Xiaodao nodded in agreement. It seemed that they all knew each other.

[Chapter 2087](#)

Chen Xiang looked at the piece of paper on the wall. Leng Youlan's and Mu Qianxiang's opponents were both men and they both had quite a background.

"It's starting. Let's go to the plaza. Ten fighting stages have been built there. Today, we will be selecting the spots." Wu Kaiming shouted, you all should already know your corresponding stage, just go there and wait.

Chen Xiang was number thirteen, and corresponding to number three, he would only be able to make it to the second round.

Yun Xiaodao was number seven, he could go up right from the beginning, and Leng Youlan and Mu Qianxiang were also the first two.

When they arrived at the large plaza inside the City Lord's Mansion, the group of girls were already there. Leng Youlan and the others already knew that Chen Xiang was participating, but when they saw that Chen Xiang did not say anything, they secretly rejoiced in their hearts. Although the lots in front were all drawn, they would definitely match later on.

When Ji Meixian saw Chen Xiang and Yun Xiaodao walking over, he frowned: "Chen Xiang, this guy really came. I have always hoped that everyone had the same surname."

"What's wrong with that? My brother doesn't have anything to be afraid of, haven't you heard that you only spent a little time at Super God Realm's place? But we have been here for many years, and we have such a huge advantage in this aspect, we will definitely be able to beat him." Leng Youlan made a face at Chen Xiang from afar, sticking out her tongue.

Mu Qianxiang laughed: "Look at Old Pig, he is so calm, he is not afraid of me! But if Old Pig wins, wouldn't Big Brother be unable to go on to the next round? "

"Yeah, Old Pig is pretty strong!" Leng Youlan was also a little worried. She thought for a moment, then laughed: "It's fine.

Xue Ying chuckled: "Why don't you think highly of Chen Xiang? Back then, he was a famous person here! Wasn't it rumored that he never did anything without confidence? He must be quite confident to be here. "

Chen Xiang walked over, and knocked on Leng Youlan and Mu Qianxiang's heads, and scolded: "You two girls, you are getting more and more arrogant, to the point where you don't put me in your eyes anymore, please do not give me the chance, otherwise I will definitely beat you up."

"It's not certain who will hit who!" Mu Qianxiang touched the place where Chen Xiang was hitting, and laughed.

"Chen Xiang, did you test your Divine Deity? How many Divine Deity do you have? " Wang Jinshi asked. Beside her, Bai Youyou and Bai Ziqian were also very curious, waiting for his answer.

Zhu Rong ran over and said: "There are only four Divine Deity s, they should be the ones with the least Divine Deity here today! Although he has the Bones, he doesn't need to mind it.

"Really?" Yan Zilan was a little surprised. She thought that Chen Xiang had at least five Divine Deity s.

Chen Xiang nodded.

"Actually it's not bad, if Chen Xiang had so much time with us, he would have been too godly by now." Zhu Rong said again.

Everyone agreed with Zhu Rong's words. It was a good thing that Chen Xiang did not stay in the Super God Realm for long, otherwise, the difference in time would have been even greater.

"Old Pig, let my brother win. I want to fight him!" Just as Leng Youlan finished speaking, Chen Xiang pinched her face and laughed: "Youlan, all these years, you really have to discipline her properly! You don't have to worry. Even if we don't have a chance to fight today, I'll definitely fight you when we get back. "

"Really? "Great, you never wanted to fight us before." Leng Youlan was very happy.

Now that everyone knew Chen Xiang's identity, they had obviously heard of him as an influential figure and he was previously a big shot in their hearts. They didn't think that he would participate in the selection with them today, and his Divine Deity was so low as well.

Leng Youlan and Mu Qianxiang had already walked over, they were still trying to let Chen Xiang see their performance.

Yun Xiaodao also walked up to Stage Seven.

"How strong is Wang Jing?" Chen Xiang asked.

"He is the disciple of the Penalty Heavenly God, and received many legacies from the Penalty Heavenly God. He is also a genius and very young, and many people like the Penalty Heavenly God praise him!" Wang Jinshi said: "Previously, there were many people who secretly made various analyses and comparisons, and all of them felt that Wang Jing was stronger than Xiao Dao."

"Chen Xiang, do you really only have four Divine Deity s?" Bai Youyou asked in a low voice.

"Mn, but I have Bones! My Bones is not as weak as Zhu Rong said. As for how strong I am, you will see for yourselves. " Chen Xiang smiled faintly.

Bones required too god to cultivate it to come out. Although Yun Xiaodao and the others had all eaten Bone level Dan before, they did not have the opportunity to condense Bones, so they did not eat anymore. After a long period of analysis, they came to the conclusion that the god could condense Bones, which was why Zhu Rong believed that the god could use the power of Bones.

Duan Sanchang said: "To be able to condense Bones while under the Supreme God is already an extremely difficult task. If it is to condense Bones, then it means that Chen Xiang has a body foundation that is even better than ours! That's why Old Pig's thought was wrong. Even if Chen Xiang doesn't have Bones, he would still be stronger than us. Because we are unable to condense Bones. "

"I look forward to it." Xv Weilong said.

The round had already started. Chen Xiang was more concerned about the fight between Yun Xiaodao and the two.

Penalty Heavenly God, Gu Dongchen and the others were already here, and they were all watching. They wanted to see the battles amongst these disciples to the limit, to let them understand these disciples better, so that they could formulate a more suitable cultivation plan for them in the future.

They all knew that Chen Xiang would be participating. As for whether or not he would be able to get one of the three places, they did not dare to make a decision!

Yun Xiaodao was indeed very strong. His fists were like the power of a lightning bolt, and when he punched out, he only saw a streak of lightning; it was impossible to see his fists clearly.

"This is Wang Jing's Punisher Thunder Fist, he cultivates a lightning attribute Mysterious power. If there is no formation to block him from the stage, each of his punches would shake the entire stage." Duan Sanchang said.

During a battle, one could not use weapons, so this was a test of one's cultivation technique and foundation.

In comparison to Yun Xiaodao's fist techniques, he was much weaker. He used the power of thunder and fire, and it looked a little messy, but his movement skills were extremely good, he could easily avoid Wang Jing's fist attacks that were as fast as lightning. It was just that his clothes and flesh would occasionally get scratched, so he had suffered some light injuries.

Although Yun Xiaodao was dodging, he was also attacking nonstop, it was just that the power that he released when he punched, was simply too weak when compared to Wang Jing's fist. The power of the fist, when facing Wang Jing's fist, was instantly shattered, and could not even touch Wang Jing's clothes!

[Chapter 2088](#)

Many people present thought that Yun Xiaodao would definitely lose, but when using the Dao heart Eye, Chen Xiang was able to see many things that others couldn't!

Although Yun Xiaodao had always been at a disadvantage, and had a few bruises on his body, and some parts of his body were even charred black by the berserk Thunder power, his fist arts seemed to be disorderly, as if they were somewhat chaotic.

However, Yun Xiaodao's footsteps did not change, the Mysterious power steadily rushed towards his fist, if Yun Xiaodao was truly flustered, then the first thing that came into disorder was the trajectory of his Mysterious power.

Chen Xiang could see all of these through the Dao heart Eye. Yun Xiaodao seemed to be at a disadvantage and looked to be in a state of panic, but he had always been very steady, much more steady than Wang Jing who was in front of him.

Wang Jing always had a lot of Mysterious power s in the beginning, the ground was like a gushing spring that gushed out from his arms, it released an extremely strong Thunder power s energy. Indeed, the battle was very fierce, and it looked very scary, but behind it, when Wang Jing tried his best, a very weak and breathless situation appeared. It was when the Mysterious power poured into his arms that it became strong, but the fist that needed to surge out suddenly became weaker, and then Wang Jing felt that its power was not enough, so he forced out another burst of energy to strengthen his fists.

After realizing all of these, Chen Xiang smiled slightly.

After that, he realized that Chen Xiang would use his strength very appropriately after a few battles with Chen Xiang. At the same time, he would also use some tactics to exhaust the opponent's strength, making them feel that victory was right in front of them, allowing them to attack continuously. In the end, they would find an opening and then use a powerful attack. Facing an opponent who was slightly stronger than himself, he needed to do this even more.

"Little Yun is holding on, there are quite a few injuries on his body, and he received two punches just now. He should be holding in a mouthful of blood right now." Zhu Rong said.

had also seen it, but he realized that a wave of Mysterious power was congealing in Yun Xiaodao's abdomen and chest. The two punches just now had very accurately hit the two defensive energies that he had condensed.

Seeing this, Chen Xiang felt that Yun Xiaodao had an 80% chance of defeating the opponent, because Wang Jing's tempo was already being controlled by Yun Xiaodao. Yun Xiaodao could even accurately lead Wang Jing to hit the areas on his body that he had prepared earlier.

Chen Xiang watched them seriously, to the point where he neglected Leng Youlan and Mu Qianxiang. They had already finished their battle and achieved victories, and when they came to Chen Xiang's side, Chen Xiang did not even notice.

"Only the knife isn't finished." Leng Youlan said, "He's pretty impressive, holding on till now ... Another kick. "

"I almost fell out." Mu Qianxiang said.

Chen Xiang had been using the Dao heart Eye to observe the flow of energy in his and Wang Jing's body the entire time. He was carefully observing all the bones in his body, so he did not notice the passage of time.

"It's almost over!" Chen Xiang could clearly see that Wang Jing's Mysterious power had shrunk a little, and Yun Xiaodao had also accurately controlled his own Mysterious power, causing his own Mysterious power to weaken gradually. This made Wang Jing feel that the two of them were in the same situation of consumption, and had even deliberately taken two punches and a kick, making him feel that if this continued, Yun Xiaodao would be defeated.

"Is Xiao Dao going to lose?" Xv Weilong was also worried.

"He should be losing. He's already sweating, and he's even panting." Zhu Rong said.

"What a pity, I still want to compete with him." Leng Youlan sighed.

Right now, it was already very obvious that Yun Xiaodao was about to lose.

"No, Xiao Dao will win!" Chen Xiang suddenly said.

"This... "Impossible!" Wang Jinshi anxiously said: "Xiao Dao relies on his own mystical footwork, but his leg was struck by Wang Jing's fist force just now, it seems like it will be difficult."

Yan Zilan frowned: "Chen Xiang, why do you think Xiao Dao will win? Did you see something we didn't see? "

Because Chen Xiang had been watching them with rapt attention, even if Leng Youlan and Mu Qianxiang had asked him a few times whether he had seen their battle, Chen Xiang had not said a word.

Chen Xiang nodded his head, "From beginning to end, this battle, the rhythm of the battle has been controlled by Xiao Dao, and you all have seen it too! Every time Wang Jing's strongest fist force was blocked by the small knife, he would only receive a few punches that were slightly weaker than normal! The ten or so punches he used to burn his skin were all of medium strength. "

"If you all have been paying attention from the start, Wang Jing has actually revealed himself twice, but this is only at the beginning stage! And at the back, there were a total of five times where the door was deliberately left open. From start to finish, Xiao Dao did not take advantage of this to attack. "

Hearing Chen Xiang's words, everyone could not help but take a deep breath. What kind of patience did he have to be so far?

"In other words, Xiao Dao is waiting for the best opportunity. This opportunity is almost here!" From the beginning to the end, Xiao Dao's weak fist force, along with his nimble footwork, did not consume much of his Mysterious power. " Chen Xiang laughed: "But Wang Jing"

Zhu Rong scolded: "When did Little Yun become so evil? Chen Xiang, you couldn't be making this up, right? This guy is not like the one I know. "

Chen Xiang laughed: "That's because you've never seen him meet a strong opponent during an official battle. This is a method of using the weak against the strong, and requires a certain amount of patience."

Just as Chen Xiang finished speaking, Wang Jing suddenly roared out, his agile and powerful body suddenly swelled up, revealing the sinister looking muscles at the bottom of his clothes, his entire body flashing with electric currents.

"Time to end it!" After Wang Jing shouted, lightning bolts that came from all directions suddenly appeared on the stage and attacked Yun Xiaodao.

Yun Xiaodao heaved a sigh of relief, a strong protective shield suddenly appeared on his body, he was already prepared! This full force blow of Wang Jing's was blocked by Yun Xiaodao who was already prepared for it, and the protective barrier on Yun Xiaodao's body was also destroyed. Wang Jing was greatly shocked, and his originally inflated body also gradually shrunk.

"It's time to end this!" Yun Xiaodao took a step forward in front of Wang Jing, and a pair of fists suddenly released a red ball of fire that flickered with purple lightning.

Wang Jing had used too many Mysterious powers to activate it, he had thought that Yun Xiaodao had exhausted a lot of his energy, so even if he could avoid that attack, he would not be able to counterattack.

But he didn't expect that Yun Xiaodao would actually conserve so much energy. Just when he was unable to circulate his energy, Yun Xiaodao teleported to his side with an extremely strange movement technique. The two fists that had been accumulating energy for a long time smashed onto his body, sending him flying.

The moment Wang Jing was flung to the ground, Yun Xiaodao once again fell from above. Since he had been relying on his legs to dodge, the strongest part of Yun Xiaodao was not his fist arts, but his leg techniques.

"I admit defeat!" Wang Jing knew that he would definitely be severely injured by his legs, so he quickly admitted defeat.

Yun Xiaodao anxiously stopped his cultivation. He, who was initially like a falling meteor, had suddenly landed gently, causing many people to be secretly shocked.

"We really won, just like what my old bro said!" Leng Youlan said.

The fist force had not even reached Chen Xiang when it suddenly exploded, producing a burst of astral lightning that engulfed Chen Xiang. Chen Xiang did not expect that he would suddenly explode just as he was about to dodge the fist force, the sudden gale that enveloped him caused him to feel a bit of pain all around him that was green in color.

"Haha ..." Zhu Rong suddenly laughed out loud, and rushed towards Chen Xiang with both of his fists dragging a green rainbow in the air, releasing a very terrifying Profound Spirit Qi, the Mysterious power that kept on bursting out from his fists, was like a dragon's roar, with an imposing manner that was extremely terrifying.

At this time, Zhu Rong's entire body was bursting with violent energy, while he was running, he stomped on the ground, causing it to shake greatly, and even the floor that had protection from the array formation was destroyed by him.

Very quickly, he arrived in front of Chen Xiang, who was entangled by the gale and gale, and rammed his two fists onto Chen Xiang's face and chest.

"Don't be complacent."

Both of Chen Xiang's hands swung out and lightly slapped onto Zhu Rong's fists. With a "pa la" sound, lightning struck in succession, and when his fists collided with Zhu Rong's fists, a burst of piercing purple light shone out, while Zhu Rong was also pushed back by his strength.

Zhu Rong's previous two moves had already exceeded his estimate of Chen Xiang's strength, but just as he was about to attack, he realized that Chen Xiang was not in his grasp.

"It's here!" Chen Xiang's laughter came over, Zhu Rong anxiously looked to the left, at the same time throwing out a palm attack, the palm image that was accompanied by a berserk green astral wind enveloped over.

However, Chen Xiang was not in that direction, but was behind him. Chen Xiang's palm had slapped onto Zhu Rong's back, and this palm seemed to not be too painful or itchy, causing everyone to feel that Chen Xiang had missed a good opportunity.

But after Zhu Rong was gently hit by the palm, he felt that his upper body was a bit stiff, as if his Bones was frozen solid.

Zhu Rong scolded in his heart. He had always thought that since Chen Xiang was refining pills, his usage of the cold energy must be very weak. He never thought that it would actually be so powerful.

Chen Xiang had used a Bones technique, the Cold Moon Divine Power that Yue'er had taught him!

Zhu Rong now clearly understood that even though Chen Xiang had four Divine Deity, the power he was displaying was extremely terrifying, and he was even much stronger than him. He was already starting to panic, and anxiously turned around, wanting to fiercely retaliate, but he realized that he had become much more slow.

Zhu Rong sighed in his heart, his movements had already become much slower, but it was fatal for him, and no one knew why the sensitive Zhu Rong had suddenly slowed down!

"Old Pig, is that all you've got?" While Chen Xiang was speaking, a fist had already struck towards Zhu Rong's fat face.

Chen Xiang's fist had just arrived but he could already feel that terrifying scorching energy. Just now, Chen Xiang was still using the icy cold power, and in just a blink of an eye, he was already using the heat of the flames. Wasn't this switch a little too quickly?

This was the Meteor immortal power that Chen Xiang had learned. He channeled the six divine powers, and like a meteor, fiercely crashed into the inside of his Bones, releasing a scorching, explosive force.

The fist landed on Zhu Rong's face!

Bang! With a loud explosion, Zhu Rong's face also lit up with a burst of flame, after that, he flew out of the ground, and in the blink of an eye, flew towards the stage, colliding into the stone wall at the side of the plaza that released the news, creating a huge hole.

The loud explosion from that fist just now was still reverberating far away in the sky when Chen Xiang's fist turned red and emitted a bit of heat.

"This... Is this an old pig that I know!?" He was already stupefied by the large hole in the stone wall that Yun Xiaodao had made in the distance. Chen Xiang seemed to be extremely relaxed as he knocked down Zhu Rong, who was the strongest in their group, just like that.

Zhu Rong crawled up from the pile of rubble. His face was swollen and red, like half of a pig head. He himself did not know what had happened, but he felt that after feeling the frightening power of Chen Xiang's fist, his mind had turned blank.

Wu Kaiming took a deep breath and asked Devil-killing Heavenly God beside him: "What was that punch Chen Xiang threw just now? Is that power something the Four Divine Deity possess?"

Devil-killing Heavenly God was also unable to answer and he was also very shocked: "I don't know, but it can be seen that his fist strike earlier used his left hand. If I'm not mistaken, it should be a part of his body that possesses Bones."

Chen Xiang's left arm possessed two Divine Deity s and an extremely terrifying divine beast's divine soul. Adding to that sea of six divine powers, the power he produced was not a joke.

"Chen Xiang wins!"

Chen Xiang walked down from the arena and walked to the left side with a smile. Zhu Rong was still sitting on the ground in a daze.

[Chapter 2090](#)

Zhu Rong looked at Chen Xiang's left hand that was still fuming, and his heart trembled. He immediately stood up and took a few steps back.

"I lost ..." Is that the power of Bones? " Zhu Rong already knew how stupid he was before, to actually look down on Chen Xiang's Bones so much.

Zhu Rong laughed bitterly: "Luckily I didn't bet with you, otherwise I would have lost miserably." He took out some ointment and smeared it on his face, gradually restoring his swollen face. It seemed that he still valued his image.

Seeing Chen Xiang and Zhu Rong walking over, Yun Xiaodao laughed: "Old Pig, now you know how strong Elder Brother Shen is, I think you should continue being cocky in the future."

Zhu Rong only snorted, "Losing to Chen Xiang is a very normal thing. Even if you were to fight him, you would also lose."

"But you were so complacent before, and you thought that Chen Xiang could not even withstand one blow, and now you're the one who can't even take one blow." Of course, Yun Xiaodao would not let go of this opportunity, and scolded Zhu Rong to his heart's content.

Chen Xiang was dragged to the side. Leng Youlan had already seen the power Chen Xiang had displayed, it was much stronger than what she had imagined.

"Brother, I didn't expect you to have such a good foundation!" This will be more interesting. " Leng Youlan laughed. Although she did not see Zhu Rong as a good example, looking at her like this, she still felt that she would win.

Wang Jinshi said: "You Lan, you've already seen it. Your brother isn't weak, he still has many moves that he hasn't used yet. Don't underestimate him."

Ji Meixian and Xue Ying were both in the second round, so Xue Ying lost to a tall and skinny man. This man came from the Devil-killing Divine City, and was rather strong, and had the ability to restrain beasts.

Ji Meixian's opponent was not strong, so she could easily win.

Soon, the second round had finished. Half of the participants had already left. Next, there was the drawing of lots for the third round.

Many people had been injured in the first two rounds, so they had four hours to heal.

After drawing lots, Chen Xiang did not meet his acquaintance. Instead, it was Yun Xiaodao and Ji Meixian who met.

After the two rounds, another half of the contestants were eliminated. Chen Xiang had defeated his opponent with ease, lost to Yun Xiaodao, and Yun Xiaodao had won with difficulty.

There were only sixteen people left. Next up would be the eight groups of contestants.

After the third round of lot drawing, Leng Youlan was wild with joy, because she had finally become Chen Xiang's opponent!

And Mu Qianxiang, unluckily, knew how to fight Yun Xiaodao! It had to be said that of the sixteen, only Leng Youlan and Mu Qianxiang were females. Although there had been many females from other forces before, all of them had been defeated and they had no choice but to withdraw.

"Six hours should be enough time for you to recover!" This time, they were given more time because in the last round of the battle, many of the opponents they had encountered were all very strong. Some of

the injuries were not light, and with the help of high-level medicinal pills, their recovery speed was also very fast.

In these six hours, Leng Youlan actually closed his eyes to rest, and adjusted his own state. She knew that Chen Xiang was very strong, and in order to have a good fight, she had to adjust herself to her best state, and at the same time, adjust her own state of mind. She reminded herself that she should not underestimate Chen Xiang!

After resting, Chen Xiang walked onto the stage. Leng Youlan followed behind him with a serious face, but she suddenly became nervous.

Mu Qianxiang also wanted to see the battle between Chen Xiang and herself, but she wanted to fight against Yun Xiaodao. Yun Xiaodao was not weak either, so she needed to fight seriously as well.

"If only Chen Xiang had six Divine Deity, all of his opponents would have been killed instantly by him." Zhu Rong said.

"Mn, his Bones is very powerful! We have also eaten many Bone level Dan, but we are unable to condense Bones. Could it be that condensing Bones requires a very strong physical body?" Duan Sanchang said: "Chen Xiang is a madman who cultivates the body. It looks like if we want to cultivate Bones under the Supreme God, we must first strengthen our own body."

Xv Weilong had the same thought.

Chen Xiang had fought with Leng Youlan before as well, but at that time, the difference in their strengths was too great, and now, they were extremely close.

Leng Youlan suddenly laughed: "Bro, I think I can beat you! "I am not being arrogant. This is the confidence that you must have in a battle. If you don't even have that confidence, then I don't need to fight anymore."

Chen Xiang nodded: "That's right, we must not be cowardly. This is a good thing! "I won't hold back after a while, I also want to see how strong you are."

Chen Xiang and Leng Youlan stood there and did not attack. After the shouting started, they looked at each other, and then moved together, attacking towards each other at an extremely fast speed.

When Leng Youlan took a step forward, a pair of jade fists were covered in a layer of purple frost.

The two of them moved extremely fast, and before Leng Youlan could even get close to Chen Xiang, he threw out a punch. What surprised Chen Xiang was that there was actually a white gigantic sword slashing towards him.

Leng Youlan's transformation just now was extremely fast, and in the blink of an eye, he had already condensed an enormous frost sword from the extremely terrifying icy cold power! Weapons are not allowed to be used in battles, but this type of Profound Strength Divine Weapon that is condensed from Mysterious power can be used.

Leng Youlan was an expert in using the sword, and only with the sword would she be able to unleash her strongest power, so she had released a portion of the Mysterious power from the very beginning, condensing it into a type of weapon to use.

This also meant that from the very beginning, she had consumed a portion of her Mysterious power. She did not plan to keep the battle going, but to end it quickly!

"That's right. Letting your advantage be used in battle will only benefit you." Chen Xiang laughed. As he spoke, Leng Youlan had already thrust out several times, although they did not pierce him, each of the frigid Sword Qi formed a vortex that reverberated across the stage.

As Chen Xiang was enveloped by the icy cold power, he also felt cold. He anxiously used his energy to resist, Leng Youlan's cold energy was used pretty well, and could actually invade his body.

Leng Youlan suddenly raised her giant icy sword high up and shouted. An array formation was instantly condensed on top of it, and seeing the array patterns, Chen Xiang was shocked, Leng Youlan had actually set up the array from the very beginning.

After he discovered it now, it was already too late. Because Leng Youlan had already activated the killing array, countless gigantic ice swords flew down from the formation and stabbed down like a sudden rain.

Chen Xiang was already locked on, as though his body had a suction force, the ice greatsword that was falling down from the great array was flying towards him, no matter how he dodged, it would always hit his body.
