

## Dan God 2101

### [Chapter 2101](#)

Even though Chen Xiang had condensed the Double bone level once again, he was still a bit depressed, because the Bones was already in his eyes. He did not know if it was a good thing or bad thing, but what he was sure of was that while the Bones was in his eyes, it temporarily could not form a strong power. If the Bones was on the legs, he could directly attack during battle. But in the eyes, one couldn't use one's face to attack during battle, right?

"Chen Xiang, you don't have to be depressed, it's a good thing that your Bones has congealed in the eye. This is a very special part, not everyone's Bones can grow in this place. Yue'er said: "Although the location of the Double bone level that you just condensed cannot be attacked directly, it still has other uses. Try it yourself and see if the Double bone level on your left arm can be used in contact with your eyes."

He immediately nodded his head. Now that he knew what to do, he tried to create a stronger connection between the Bones of these two parts of his body. He wanted to see if it could affect each other, so that the power of the Bones and divine soul could be shared.

"My eyes are hurting!" Chen Xiang tried to absorb the Bones on his left arm, but when the power of the soul came over, it caused his eyes to burn, and he had no choice but to give up.

"How exactly do I use it?" Chen Xiang was depressed to the extreme, the Bones that he had spent so much effort to cultivate was actually useless!

"The eyes are the window to the soul of a living being. In many cases, it is possible to see what the heart of a living being is thinking through the eyes! It is also through the eyes that one can obtain the most direct information!" Yue'er suddenly said: "Bones can normally cause the body to produce a very strong power, but if it appears in a special place, it will have a special use, and cannot be equipped with common sense."

Yue'er saw that Chen Xiang was deep in thought, and continued to speak, "I feel that the Bones that is condensed in your eyes is able to produce special powers in your eyes. Since your eyes already possess the Bones, there is definitely nothing good about it."

When Chen Xiang heard this, he started to quietly ponder. A light suddenly flashed through his mind, and he said: "The essence of the Bones is to stimulate the strength of the body, then if the Bones appears in my eyes, then logically speaking, it should be able to unleash a power that is stronger than my eyes! "What kind of power does an eye usually have?"

"The first one will definitely be there to see! With your Bones, you will definitely be able to see further, and maybe even more things, that's for sure!" Yue'er said, "When you try, don't even think about condensing a violent power. Otherwise, your eyes will hurt."

"I can only try it outside. What can I see here?" Chen Xiang brought Yue'er and walked out of the Time Formation, and stood at the edge of the passage.

He looked into the depths of the earth, where a thick layer of red mist enveloped him.

"What did you see?" Yue'er was also watching, but she could not see anything. The fiery red fog that was being released from the earth's core was too thick, and it also had the power to incinerate people's mental energy.

"Sure enough, I saw something that I couldn't see before. What exactly is it?" Chen Xiang frowned: "I saw a huge pond below, it's just that it's filled with Flame Essence, there's something inside that's boiling over, could it be the Earthly beast that you were talking about?"

"What does it look like?" Yue Er hurriedly asked.

"I can't see clearly. That fellow in the terrifying fire liquid is like a fish in water. His body is a fiery red color, but I can't see anything else. His movements are too fast." Chen Xiang said, at this time he had already felt the benefit of condensing Bones, if it was before, he would not have been able to see the bottom part of the Flame Essence.

"Hmm? What is that thing!?" Chen Xiang saw a flashing red dot on the stone wall in the depths of the cave. He controlled the Bones in his eyes to strengthen his vision and quickly saw that thing.

"It's a fruit. It looks like a tomato, glowing red and trembling." Chen Xiang said.

"Is there anything else around this fruit? How did it grow?" Yue'er hurriedly asked with a hint of surprise in her voice. She seemed to know what kind of fruit this was.

"It looks like it grew from a rock wall. Let me take a look ..." Chen Xiang rubbed his eyes. This was the first time he had used the power of the Bones in his eyes to increase his eyesight, causing him to feel a little tired.

"As I thought, this is the unique Earthly beast Fruit of the Core!" Yue'er was extremely excited: "You must obtain this fruit. You said that the fruit is trembling, right? It should have already matured, and is waiting for it to fall down to feed that Earthly beast."

"This... Isn't this equivalent to snatching food from Earthly beast? I am currently in his territory, is this place in danger?" Chen Xiang also wanted the Earthly beast Fruit.

"The Earthly beast is still weak right now. Otherwise, it would have left the core of the earth and jumped up to eat it! So you don't have to worry about him running up here! Furthermore, after that fruit is picked, it will quickly grow back. This is specially bred by the Core and given to Earthly beast to eat." Yue'er replied, "My grandfather used to do this kind of thing as if his life depended on it. There was no need to be afraid."

Chen Xiang took a deep breath and said: "Alright, it will definitely be very hot when we go down. Can your spatial barrier hold up?"

"There's no problem at all. Hurry up and go down." Yue'er said, "The fruit will soon fall, and there will be no more chances. We can't miss this chance."

Chen Xiang immediately jumped down and carefully floated in the air. Currently, the danger in this place was only too great, and the Earthly beast in the fire liquid could not leave the fire liquid.

"Strange, how many Earthly beast are there?" Chen Xiang asked: "I should have seen more than one!"

"These Earthly beast should not have formed yet, they are still growing! So, it's normal to have many heads. If the Earthly beast Fruit falls down, it will definitely cause a lot of competition, and the person who obtains the Earthly beast Fruit will become even stronger. " Yue'er said: "The Core is an extremely mysterious existence. My grandfather said before that the most terrifying thing in the Core is the Earth's Core Divine Spirit, the person who controls the Core. If he gets angry, he can instantly destroy the entire world."

Chen Xiang was shocked in his heart: "There's actually such a thing? Is that true? Has your grandfather seen it before? "

### [Chapter 2102](#)

Chen Xiang had thought that a long time ago, the Nine Divine Kings should have been able to control this Nine Heaven World, but he found out later on that the Nine Heaven World was so powerful that even the Nine Divine Kings couldn't estimate it. In the future, after swallowing the Super God Realm, the Divine Nations would definitely occupy and control an entire region.

Now, Yue Er said that there was some kind of terrifying Earth's Core Divine Spirit in this earth's core. If this was the case, he definitely wouldn't be able to stay on the ground at ease.

"Don't be afraid, Earth's Core Divine Spirit is only a legend in the Star Law Divine Realm. No one has ever seen it! But the Core definitely has a certain amount of spirituality. Otherwise, it would not have nurtured a divine fruit to nurture the Divine Guardian Beast in the Core. " Yue'er said: "Even the strong Core would have a terrifying Earthly beast, to prevent others from having impure motives towards the Core, such as controlling the Core or using the Core to cause destruction."

Chen Xiang had already reached the side of the Earthly beast fruit. When his hand got hold of it, he immediately picked it down, and it was actually extremely cold. Furthermore, it was extremely stiff and heavy.

"There's one more over there!" Chen Xiang had just put away the fruit, and he also saw the red light flashing in front of him. Previously, he stood at a high place, so he could not directly see the fruit on the wall at his side.

Furthermore, the fruit was embedded in the cave wall, and the red light it emitted wasn't that bright either.

"It should have matured by now!" Chen Xiang immediately flew over, since he had seen it, he would definitely take it off.

The divine beasts swimming in the lava below started to howl, because Chen Xiang had also taken the other fruit.

"Goodbye. It will be back soon anyway. You can have it next time." Chen Xiang laughed and quickly went up. Not long after, he returned to the cave, and the roars below became louder, as if he was angry at the same time.

"These Earthly beast are all very weak, otherwise they would have rushed up long ago." Yue'er laughed. "Actually, you don't have to be afraid of them even if you rush up. They can't even take human form

right now, and their bodies are huge too. If you hide in this cave, they definitely won't be able to come in."

This passage was rather narrow, and the stones were very rigid. It was not easy to break them.

"What's the use of these two fruits?" Chen Xiang pinched it hard, it was very strong, other than releasing a cold Qi, he couldn't feel the energy in it at all.

"So this is Divine Deity and divine soul! As long as the Earthly beast eats it, it can increase one's Divine Deity by one high quality. As long as it does not reach a hundred, after consuming it, it can increase one's Divine Deity by one. " Yue'er replied: "But only Earthly beasts can do it, not humans or other beasts. Their effects will be greatly reduced."

Chen Xiang was instantly overjoyed, "Isn't this the same as the Great Divine Deity? Others can't, I can! "

He was just worrying about not being able to cultivate to the Six Divine Deity, and right now, it just so happened that he was able to immediately enter the Time Formation.

"Is that really possible? I heard from my grandfather that other than Earthly beast, other people and beasts can only get 10% or less of their energy after eating it. " Yue Er said.

"Sure!" When Chen Xiang had first fused with the Great Divine Deity, he had used the method of refining pellets to refine it into his own Divine Sense Sea. Not only did he not lose any energy, he could even strengthen the Divine Deity.

"This Divine Deity should be reduced by at least three or four times. What makes me feel a little regretful is that these are all fire attribute Divine Deity s and divine soul s. Chen Xiang chuckled, "My Divine Sense Sea already has two fire attribute Divine Deity practitioners, adding the two here, I wonder how strong my flames will be."

If it were not because the conditions did not allow it, he would definitely condense a spatial Divine Deity and a heavenly body's Divine Deity respectively.

"There's a chance in the future. Right now, you need attack power, so fusing with these two fire attribute Divine Deity is the best." Yue'er said: "Moreover, you still have to properly tap into the power of the Divine Deity in your eyes. I feel that it's not as simple as just increasing your eyesight. The eyes are the window of a person's heart. I feel that you can directly use the eyes to attack another person's heart, which is equivalent to a powerful spiritual attack. This is very difficult to defend against. "

Chen Xiang felt that this plan was very feasible, but the most important thing for him right now was to first condense two Divine Deity before deciding anything.

"At such a young age, I can start training inside the Divine Sense Sea." Chen Xiang placed a fruit into the Divine Sense Sea and released the Magic method furnace inside.

Previously, when he was refining the Great Divine Deity, because the Great Divine Deity required a large amount of compression, he had to first use a pill furnace outside to refine it.

Right now, the Earthly beast Fruit was relatively small and could be directly carried out in the Divine Sense Sea.

"It's pretty hard to refine! The stuff bred by the earth's core is different, it's originally very resistant to heat!" Chen Xiang activated his two fire attribute Divine Deity and released the strongest flames, otherwise, he would not be able to refine the Earthly beast fruit.

The Earthly beast Fruit was extremely hard to smelt, so he used even more time than last time, a total of five days before there were signs of it melting, and he even used all sorts of Heavenly Alchemists to refine it.

Only after an entire ten days of time, did he finally refine the Earthly beast fruit into a mist state. At this time, he had to soak it in the Divine Sense Sea for a period of time, and let the Divine Deity in the Divine Sense Sea resonate with the mist, so that he could compress the mist into his Divine Deity.

Chen Xiang had noticed it when he was refining the Divine Deity, so he had already pulled the divine soul out of the body and allowed his main divine soul to assimilate it. Once the Divine Deity was completed, the divine soul could also immediately integrate into the body.

Yue'er wagged her tail, eating all kinds of delicious things. Because she looked very cute, and had a very sweet mouth, she was very popular among the girls in Hundreds of Flowers Village. As a result, she also received a lot of delicious things.

"Fifth Divine Deity, Large Success!" Chen Xiang opened his eyes, his face brimming with joy. "Yue'er, how long did I need?"

"Did it really succeed? You only took fifteen days!" Yue'er was very surprised, she immediately flew over and laid on Chen Xiang's head, but sensed that there were actually five of them inside Divine Sense Sea.

"What an explosive Divine Deity, it's very hot!" Yue'er said in surprise: "I never thought that you would be able to change this Earthly beast fruit into divine soul so quickly. Even if the Earthly beast eats it, it cannot be transformed into Divine Deity in such a way."

Chen Xiang laughed: "I am the Alchemist, and this divine fruit is being refined by me into my Divine Sense Sea, it's very simple!"

He threw the remaining Earthly beast Fruit into the Divine Sense Sea and continued to refine it. With his previous experience, he could progress even more smoothly this time.

"This is great, I should have learned how to refine pills." Yue Er sighed, "Being the enforcer of the Star Law Divine Realm is really a road of no return."

### [Chapter 2103](#)

Yue'er was envious because she saw Chen Xiang refining pills. She also clearly knew that this eccentric Alchemist Chen Xiang was really different from the other Alchemists! The other Alchemists stayed in the pill refining rooms all day. Their houses were so big that the sky and the earth went dark. She had heard of an Alchemist refining a furnace of pills, and several other Leaders from that sect had all come out.

"You don't have to be so anxious. If you use it another ten days or so, you will have six Divine Deities. However, we still have nearly twenty years here." Yue'er said. Chen Xiang had come here in order to buy

time to become stronger, and if this were to continue, it could be said that he had already reached Chen Xiang's goal of cultivating to the Sixth Divine Deity within a month.

While Chen Xiang was refining the Earthly beast Fruit in the Divine Sense Sea, he laughed: "I will be using the rest of my time to attack Bones! The Bones that I managed to cultivate previously went back to my eyes, which makes me feel more regretful. I want to condense the Bones on my hands and feet. "

When Chen Xiang possessed four Divine Deity and the Double bone level above his left arm, he was already very strong.

"Sigh, who asked you to be the Alchemist! It's as easy to condense Bones as to grow teeth. " When she was condensing her Bones back then, all she said out was blood and tears, but Chen Xiang said it easily.

After ten days, Chen Xiang suddenly burst out laughing, because he had successfully condensed six Divine Deity, the power of his flames were now even more terrifying, four fire attribute Divine Deity s made from, combined with the Double bone level on his left arm, attacking the Meteor immortal power, Yue'er couldn't help but become excited just thinking about it, it must be very strong.

"Yue Er, look at me." Chen Xiang suddenly grabbed Yue'er and carefully examined her pair of cat eyes.

"What is it? You used the Bones in your eyes to experiment with me? " There was a smile in Yue'er's eyes as she replied, "My divine soul is very powerful, you simply cannot cause mental attacks on me. My divine soul ..."

Before Yue'er could finish speaking, Chen Xiang said with a laugh: "I saw your Divine Sense Sea, haha ..."

"Impossible, I simply did not sense a single bit of energy entering my Divine Sense Sea, you can't see it." Although Yue'er said this, her voice also carried a trace of fear, as if her secret had been discovered.

Chen Xiang laughed: "Didn't you say that eyes are the window to the soul? The Bones is condensed at the special part of my eye, so it produced a special power. I clearly saw your Divine Sense Sea just now ... And your two divine soul. One of them is in the form of a little girl, the other is a little kitten.

Yue Er was dumbstruck, she shook her head: "At most, you can only sense my divine soul, and can never see through my Divine Sense Sea. Even if you are a very powerful expert of the Hundred gods level, you can't see through other people's Divine Sense Sea like that."

"Do you want me to tell you what your Divine Sense Sea looks like?" Yue'er's eyes were filled with fear. She seemed to be very afraid of others seeing her Divine Sense Sea, so she could not accept the fact that Chen Xiang had seen her.

"Tell me about it." Yue'er mustered up her courage and made Chen Xiang say it out loud. If it really was like this, she could only accept it.

The corner of Chen Xiang's mouth rose slightly, and then he laughed out loud. Your Divine Sense Sea has a very luxurious palace, and your divine soul is sitting on a chair inside the palace. "

"I never thought that Yue'er, your heart, had always wanted to dominate the Star Law Divine Realm. This dream is really too vast." Yue'er shrieked with a "meow meow" sound, broke free from Chen Xiang's hands, and flew to the top of Chen Xiang's head to randomly grab his hair.

"Don't laugh!" Yue'er shouted very seriously, grabbing Chen Xiang's hair in a mess, "Meow ..."

Chen Xiang and Yue'er played around for a while before both of them laid on their backs on the ground, gasping for breath.

"Yue Er, although I feel that it's funny, it's not that I'm looking down on you!" You are very strong in Star Law Divine Realm, have three god bloodline, and even met a genius Alchemist like me, you can't help but become stronger in the future! " Chen Xiang laughed and said: "I am not bragging. Among those who have come into contact with me, as long as my relationship with me is not bad, then I will more or less become stronger because of me. That's why, with me here, you will be able to become the Star Law Divine Realm's Empress Cat in the nick of time! "

Yue'er humphed tenderly: "You are even more narcissistic than me, but what's strange is that your Divine Sense Sea is so ordinary. Is your goal really that simple? Do you only want to live the most ordinary life? If that's really the case, then your talent is truly a waste. "

Chen Xiang stroked his chin, and said with a smile: "I have seen you, Sister Feng, Qilian, Xianxian, and Meng'er, the few Divine Sense Sea s, and they all have a lot in common."

"Bullshit, whose Divine Sense Sea is not this exaggerated? Your Divine Sense Sea is the most abnormal. " Yue'er was extremely unhappy, she felt that since Chen Xiang's Divine Sense Sea was so ordinary, he should have a very high ideal. Although it was absurd, many people would construct their Divine Sense Sea like that, so their divine soul would be able to unleash its strongest power.

"I'm not saying that what you have in common is an exaggeration, but ... You all only have one Divine Sense Sea. " Chen Xiang smiled slightly.

Yue'er fiercely jumped up: "Don't tell me you have two Divine Sense Sea s? How is that possible? I have never heard of such a thing and it is impossible for it to exist.

"I really do have two Divine Sense Sea s, but the other one is hidden very deeply!" Chen Xiang laughed.

"Not unless you show it to me." Yue'er snorted. "You have to show me, you have already seen my Divine Sense Sea, and I can see that your Divine Sense Sea is only a fake one. I want to see your real Divine Sense Sea."

Yue'er was already starting to believe that Chen Xiang, who had created so many legends in Nine Heaven World, wouldn't be that simple.

"Nope." Chen Xiang stuck out his tongue at her, and Yue'er meowed. She immediately threw herself at him, grabbed his hair, and started messing with him again.

Yue'er shouted, "Hurry up and let me see! I want to see ..."

Chen Xiang finally managed to calm her down. He didn't think that this kitten that was making such a ruckus was actually so scary.

"I have a second Divine Sense Sea, but it's in a very strange state. I can feel it, but I can't see it myself! In short, I am very sure that my second Divine Sense Sea exists and has existed for a long time. However, for some unknown reason, I have been unable to open the gate to the second Divine Sense Sea. " Chen Xiang frowned: "I feel like I've lost something! Originally, the first Divine Sense Sea I opened should have

been the Second Divine Sense Sea, because that was already there. But then, for some reason, I caused the Divine Sense Sea to become like this. "

#### [Chapter 2104](#)

Yue'er was extremely curious about Chen Xiang's second Divine Sense Sea. She really wanted to know how a person like Chen Xiang would look like as a real Divine Sense Sea, a person who reacts to the beautiful fantasies in the deepest part of a person's heart. It's just that Chen Xiang didn't even know what he was thinking right now, so Yue'er couldn't get any information about the real situation from Chen Xiang either.

Chen Xiang now knew one of the uses of Bones in the eyes. Being able to see someone's Divine Sense Sea, could not be considered very useful, but it could be said that he was able to see someone's inner thoughts.

"I feel that the Bones of my eyes can also be used to attack." Chen Xiang said, his eyes releasing a ray of red light. Although it was only for a moment, it was true that millions of red light beams had converged, and this was the Heart Permeable Demon Eye that he had learned from Bai Youyou. This was the move that he had the least use, if he used it, then someone would really be in trouble.

It's not strong enough to deal with ordinary Empyrean Gods, but it's not enough to deal with those with great defense and armor. Many beasts have very tough scales on their bodies. Littlemoon also saw the terror of that red light. It was able to emit a hair-like red light with an extremely strange penetrating power. It could penetrate a person's body in an instant and cause fatal damage.

However, the light rays were still too weak, it was not a problem to deal with people with a lower cultivation level than Chen Xiang, but for people with a higher cultivation than him, or people with a strong defense, it was ineffective.

"So I plan to develop in this area, not only will it allow my eyes to see more, I will also be able to have the power to attack. Right now, I am unable to transform too much of the Six Realms' Power, mainly because I don't have the Bones nor the soul inside, the Double bone level in my eyes are lacking a good soul." Chen Xiang's eyes released a red light again. This time, although the penetrating power of the red thread had increased a lot, it was still extremely limited.

As Chen Xiang walked out of the Time Formation, Yue'er was a little puzzled, not knowing what he wanted to do.

Yue'er flew above Chen Xiang's head and asked, "Are you going back?"

After Chen Xiang put away the formation plate, he looked at the entrance of the cave that was continuously surging with hot air and laughed: "Of course not, I want to go down and take a look at those Earthly beasts. These guys should all have pretty good divine souls, right?"

"This... Their soul is definitely not bad, but can you handle it now? " Yue'er was a little surprised, Chen Xiang's eyes lacked a divine soul, she did not expect Chen Xiang to actually have the idea about those Earthly beasts.

"How do you know without trying?" Chen Xiang was very confident right now. He had just condensed two Divine Deity and they both had very powerful divine souls within them, so the matter of him concentrating his other souls was saved.

This time, he was not only going down to see how strong the Earthly beast were, but also to see if there were any more Earthly fruit down there.

Chen Xiang jumped down the deep pit that led to the Core Fire Essence, Yue'er held onto one of his arms, releasing the Space Domain to help him block the heat.

"You can't resist the heat here yourself." Yue'er asked, "When you make your move, I'll have to follow you."

"I can't do that for now. Follow me, there won't be any danger." Chen Xiang had also never tried whether or not he could leave Yue Er and freely walk around. He also didn't want to try.

When they approached the bottom, Chen Xiang heard the Earthly beast roaring, these Earthly beast sensed Chen Xiang's Qi, and all of them roared. They all remembered, that this was the human who took their divine fruit.

"How vengeful." Chen Xiang laughed.

"Those who are not crazy will hold a grudge. You are the one who snatched away their great chance to increase their Divine Deity." Yue Er smiled.

When Chen Xiang got closer, he could see the appearances of these Earthly beast more clearly. They all looked very strange, there were snake shaped, tiger shaped, horse shaped, and they all had one thing in common, that was that their bodies were wrapped in a layer of fire liquid.

"There's quite a number. There's actually five." Chen Xiang took out the Cyan Dragon Blade. Although these Earthly beast were still in the growth stage, they had been in the heart of the earth all year round, and they weren't afraid of the Flame Essence.

"In the end, they could only survive one. Only then could it be considered to have grown, and after one Earthly beast remained, they would be able to enjoy the Earthly beast fruit on their own. Every once in a while, they would be able to increase their Divine Deity by two. Yue'er replied, "This is the terrifying aspect of Earthly beast."

"It's time to jump up." Yue'er suddenly screamed.

Chen Xiang had always been paying attention to the Earthly beast below, when he saw the red light suddenly flash past, he instinctively dodged, and before long, it was a snake-shaped Earthly beast, and when it flew over it was as if a red lightning bolt had suddenly struck him.

"You actually managed to escape! Yue Er, hold on tight!" Chen Xiang immediately dodged to the side and used the time attribute within the God Murdering Sword Techniques to slow down the snake-shaped Earthly beast.

Boom.

Chen Xiang's body suddenly exploded with a noise. The four flame Divine Deity in his Divine Sense Sea absorbed the Six Realms' Power fiercely, transforming these Six Realms' Power into a fire attribute divine power, and then, rushing to his left arm, he collided with the Bones in his left arm. This triggered a strong burst of energy, causing his left arm to rapidly expand.

The Azure Dragon Sword also roared, resonating in the center of the earth. After absorbing the powerful energy from Chen Xiang's left arm, the Azure Dragon Sword released a strong dragon Qi, which rushed out from the fitness centre.

"Slash!" Chen Xiang slashed at the snake head that was as thick as a water jar, the snake head Earthly beast was unable to dodge in time, its entire head was chopped off by Chen Xiang, but its body was still bounced violently.

"Come in." Chen Xiang took out the Six Realms mirrors and sealed the head and body of the Earthly beast into the Divine Realm.

After he had succeeded, Chen Xiang was extremely happy. That blade strike from before even frightened him, and if not for the aftereffects emitted from the heart of the earth, he would have been able to destroy a large part of the forest.

Just as he was about to return, a weak vibration came from behind. Chen Xiang dodged hastily but he still felt a burning sensation on his back.

"This animal." Chen Xiang knew that his back had just been scratched just a moment ago, "What a terrifying penetrating force, to actually be able to penetrate through my Scorching Sun Heavenly Elephant."

His Celestial Phenomenon Ascendant was able to appear instantly, but the claw of the Godly Tiger Beast that ambushed him earlier was able to injure him. Several scratches appeared on his back.

"I should be using the Cloud and Cloud Constellation." This was the first time Chen Xiang had gotten injured while using the Scorching Sun Heavenly Elephant. Just now, he had already felt the claw's sharp claws deeply pierce into his back.

## [Chapter 2105](#)

The Tiger God's body was huge, like an adult cow, its entire body was wrapped in fire essence, its red eyes shot out a strong killing intent, he opened his mouth and roared, then rushed towards Chen Xiang once again.

"What a terrifying Divine Sense Sea." The instant Chen Xiang met the divine beast's gaze, he saw Divine Sense Sea of the divine beast. The sky above the Divine Sense Sea was filled with raging fire clouds, while the sea water inside the Divine Sense Sea was frantically churning fire liquid.

It was because of this that this tiger-shaped Divine Beast had such a violent attack power.

"Don't you dare hurt me again." Chen Xiang's eyes opened, releasing a white light that shot into the eyes of the Tiger God, and the Tiger God's claws had already raised up, revealing its sharp claws, like a sharp dagger, just as it was about to attack, it suddenly stopped.

Even the massive body of the Godly Tiger Form was floating in the air.

"Die."

In a flash, Chen Xiang arrived at the side of the tiger-shaped Divine Beast and slashed at its neck. The tiger-shaped Divine Beast immediately separated from its head and died on the spot.

"Hurry up." Just a moment ago, she had also almost been caught by him. Seeing that Chen Xiang had already flown to a relatively higher place, she heaved a sigh of relief, "These fellows' offensive abilities are really frightening, moreover, they are only in their infancy. We can see that they have yet to take shape."

"Oh right, what did you do just now? Why did that guy stop?" Yue'er, who was behind Chen Xiang's neck, did not see the two white lights that suddenly shot out from Chen Xiang's eyes.

I have used the Bones of my eyes to carry out my attack. After I saw his Divine Sense Sea, I immediately released a stream of energy that was condensed by the Bones of my eyes towards him. Although it was very weak, upon entering that fellow's Divine Sense Sea, he actually caused his Divine Sense Sea to freeze. Chen Xiang said: "I never thought that the power released from the Bones in my eyes would be so special and have such a strong attack towards the Divine Sense Sea. If I were to merge it with my soul, I would definitely be even more powerful."

Yue'er had said before that the Bones of the eyes could cause serious damage to the soul of the Divine Sense Sea, and this was indeed the case.

Returning to the top, Chen Xiang immediately took out an array disc and entered the Time Formation. He then took out the two divine beast's souls from the Six Realms mirrors and fused them with his eyes's Bones.

Meanwhile, his body had already turned into a stream of Flame Essence, refined into a Six Realms' Power by the Six Realms mirrors.

The Six Realms mirrors would produce a strong wave of Six Realms' Power every month, and Chen Xiang would absorb the Six Realms' Power into his own Divine Sense Sea to strengthen his own.

"It's fused." Chen Xiang's eyes flashed as flames burst out of them and shot out two fiery red rays of light, and an extremely terrifying wave of hot air immediately enveloped over.

"It's so hot. Is this released from your eyes?" Yue'er said in shock: "His eyes can actually release such power, if it were to hit a person with six Divine Deity, it should be able to directly pierce through."

Chen Xiang closed his eyes and said, "I can't do it yet. I don't have enough strength to concentrate it, or else it wouldn't be emitting such a strong heat. Let me try again, this is something I've created based on the Heart Permeable Demon Eye and the Meteor immortal power."

"What, you made the Meteor immortal power form in your eyes, aren't you afraid that the Meteor immortal power will explode out of control? That's something that can cause one's head to explode." Yue'er shivered. She didn't think that Chen Xiang would be so reckless, but even if Chen Xiang dared to take such a risk, it would allow him to control even more power.

"It's fine, I have good control." Chen Xiang was extremely confident in himself.

There are quite a few advantages to condensing Bones from your eyes, your eyesight has become very strong, and you can also look at other people's Divine Sense Sea, and interfere with the operation of other people's Divine Sense Sea. These are all very gentle uses, and that move of yours just now was too fierce. Yue'er was also afraid, afraid that when Chen Xiang looked at her, his eyes would shoot out two beams of light that would pierce through her small body.

Chen Xiang opened her eyes again, and this time, the light in her eyes weren't as intense as before, but the concentrated power of the light was even more terrifying.

"This... If these two trials can be used on someone else's Divine Sense Sea, this would definitely be a devastating attack." Yue'er said in shock, "Don't look at me like that, I'm afraid!"

"What are you afraid of? It's not like I'm going to hurt you." Chen Xiang grabbed her and rubbed her little head while he laughed.

"You have the Fire Soul now too, and there's still nineteen years of time here. What else do you need to do, cultivate a little more Divine Deity, then you won't be able to participate in the battle with the Hell Devil Emperor." Yue Er said.

"That's right, I already have six Divine Deity now. I can't even cultivate another one, but I can still cultivate Bones." Chen Xiang took out two sets of Bone level Dan's medicinal ingredients.

"You already have four Bones. If you want to continue cultivating it, you will need at least a mid-tier Bone level Dan." Every time Chen Xiang condensed Bones, he would condense Double bone level s two times, and that would make four Bones pellets. As for those strong warriors at the peak, they were at most at nine Bones, which was more than half of his original strength.

"Although I have four Bones, in other aspects, I can only be considered two, because I have only evoked the opportunity to condense Bones twice." Chen Xiang laughed as he released a Magic method furnace and placed the Bone level Dan's medicinal ingredients inside. Then, two beams of fire shot out from his eyes as he transformed the two sets of Bone level Dan's medicinal ingredients into Medicine aura s, almost instantly completing the task.

This scene scared Yue'er silly. Previously, she had seen Chen Xiang burning Bone level Dan's medicinal ingredients, so it would take a period of time. But now, through her eyes, it was completed in an instant.

"It really is useful." Chen Xiang chuckled and said: "Just now, I used Divine Sense Sea's four fire Divine Nations's, and adding the two flame Bones in front of my eyes, I finished it in an instant, which is faster than I imagined."

Yue Er took a deep breath. "Those old Alchemist can go and die now."

Chen Xiang never thought that the Bones in his eyes would actually have this kind of ability. He only recalled the steps of refining a Bone level Dan, the first thing he needed was the Original source refining, the Spirit blood s that were refining all kinds of divine medicines. Once the Spirit blood was fused together, they could fuse all kinds of divine medicines together.

However, after releasing the two flames from his eyes, it actually went as far as he wanted and was almost as free as he wanted. He knew that the two flames carried intelligence and completed these steps in an instant.

## [Chapter 2106](#)

"It should have this effect even to the pills I have refined. I will try the Zhongpin Dan again when I have divine medicine." Chen Xiang began to fuse the air mass into a core.

This was refined from two batches of Bone level Dan s. If Chen Xiang had used this earlier, he would also need some time to increase his maximum speed. Being able to complete this in an instant, had already exceeded his expectations.

Only two divine medicines would be able to condense a single pill. This could improve the quality of the divine pills!

"The quality is very high, but it can't be considered a Zhongpin Dan. There is still some distance between them." Yue Er said.

Chen Xiang nodded his head: "This one is between lower and middle graded!" He placed the Bone level Dan in his mouth, and after eating it, he only needed four hours to refine the effects.

"It's not enough yet. Seems like I need six sets of medicinal herbs!" Chen Xiang took out six more batches of Bone level Dan s and used the same method before to shoot out two streams of flames from his eyes. This time, he wasn't able to instantly refine six batches of Bone level Dan s medicine, but his speed was still fast, and it was done in just a few blinks of an eye.

"This Bone level Dan's medicinal ingredients are really easy to refine, it's basically not difficult at all!" Chen Xiang would be able to condense his core very soon.

"That's for you. If the other Alchemist s were to refine it like this, who knows how many times they would have to fail before being able to succeed." Yue'er understood a little about concocting pills, and it was extremely difficult for Chen Xiang to concoct a few medicinal ingredients like this together. However, right now, Chen Xiang was just playing around, casually condensing a pill.

Very quickly, Chen Xiang managed to condense a high quality Bone level Dan. After he ate it, he refined it for fourteen hours, which normally required him to control it for around six hours.

He wouldn't be able to trigger the opportunity to condense Bones the first time, so he didn't think much of it and started the second time, third time, fourth time, fifth time ...

In just a few days, he only had one portion of Bone level Dan's medicine left!

"What's going on? "Before I can trigger the opportunity, all of my medicinal herbs will be gone." Chen Xiang was a little agitated: "If I go look for Sister Feng now, I won't be able to get much, because not many days have passed since we last met."

These hundred batches of Bone level Dan s were considered to be a lot for Feng Yujie and the rest, they would not be able to replicate that much in a short amount of time. Although Chen Xiang had stayed in the Time Formation for a few days, he did not stay outside for too long.

"I can only copy it myself!" Chen Xiang took out the Six Realms mirrors, and while absorbing the Six Realms' Power, he condensed spirit liquid.

"The third chance is a little more difficult, and you have four Divine Deity yourself, so it's even more difficult. You need to try multiple times, and you have some patience." If that were the case, then she would have been able to balance her heart a bit. She had used 10,000 years to successfully trigger the third opportunity.

Chen Xiang was very patient, he did not know how many times he tried, but he only knew that after he continuously condensed spirit liquid, duplicated Bone level Dan's medicinal herbs, refined the Bone level Dan, and ate and refined it, he did not succeed, and then repeated this step again, he continued to persevere like this for 18 years.

She wandered outside, occasionally running to the deep pit in the center of the earth to take a look. She stayed outside for more than ten days, then entered the Time Formation again.

"The battle with the Hell Devil Emperor is about to begin. It's time for him to return." Yue'er was responsible for calculating the time. When she entered the array, she saw Chen Xiang rolling and shouting on the ground.

"The little devil succeeded!" Yue'er didn't dare believe it. Chen Xiang had successfully summoned the third opportunity to condense Bones within the span of tens of years. Back then, she had continuously gone through this process for many years before finally succeeding.

"This time it's in my leg!" Chen Xiang's pant leg had already cracked open, and the muscles on his thigh had swelled up.

Yue'er was very clear that they were really going to condense Bones, and as long as they could persevere on, they would definitely be able to pass!

Chen Xiang was in so much pain that it would have been better to die two days later.

"Did it work?" Yue'er looked at Chen Xiang's handsome face, which was gradually recovering its colour.

Chen Xiang closed his eyes and did not speak. He was breathing evenly, and after a while, he said slowly: "I have stayed here for eighteen years, and have finally reached my goal. Six Divine Deity, six Bones!"

"Six... Six Bones?" Yue'er was in disbelief: "What's on your legs is also a double Divine Deity?"

"En!" Chen Xiang nodded: "What exactly happened here? Could it be that every time I am here, I become a Double bone level?"

"Could this have something to do with you possessing a second Divine Sense Sea?" She was now even more convinced that Chen Xiang possessed a mysterious Divine Sense Sea. Only by doing this could she explain why Chen Xiang always appeared as a Double bone level.

Chen Xiang frowned: "That's possible, why would the second Divine Sense Sea affect my Bones?"

"I don't know either. This is the first time I've seen something like this. All sorts of weird things happen to you. Why are you bowing?" Yue'er was a little jealous, especially at Chen Xiang's Double bone level.

Chen Xiang had already recovered his strength. He sat up, patted on his right leg, and sighed: "Why can't I be on the right arm?"

"It's good that you don't grow in any strange places. At the very least, it will give your legs a lot of strength! When competing with the Hell Devil Emperor, can't I use divine weapons? The parts you possess the Bones are divine weapons, especially the limbs, which are the most convenient places to attack." Yue Er said.

Chen Xiang and Yue'er walked out of the Time Formation, and he kept all the formation plates. "Yue'er, how much time do we have to start the competition?"

"Tomorrow morning." Yue'er replied, "Why?" You still have to be here! "

"Let's go, there are still three Earthly beast down there. We'll take care of two more and leave one here." Chen Xiang grabbed Yue'er, letting her lie on his shoulder.

"The Bones of the legs does not have a soul, this is not perfect." Chen Xiang laughed and jumped into the pit.

Two of the five Divine Beasts bred in the center of the earth had already been killed by Chen Xiang, and all of them were in his eyes and Bones. Now that two more Bones have condensed in his legs, of course he had come to look for these Earthly beast.

"Unlucky Earthly beast!" Yue'er chuckled.

This time, Chen Xiang was much more powerful than the last time he came here. Just as he came down, two bird-shaped Earthly beast flew over and were killed by him with a few moves.

"There is also a horse shaped one. This guy is so lucky!" There's no need to compete with the other Earthly beast. In the future, when I grow here, I'll be able to eat two Earthly beast fruits every so often. " Yue'er looked at the smallest of the horse-shaped Divine Beasts and said with a tender smile, "This guy should be thanking you in advance."

"Just don't attack me next time." Chen Xiang chuckled, then flew up into the air and entered the Time Formation, fusing the two divine souls into the Bones on his legs.

## [Chapter 2107](#)

After Chen Xiang completed the Double bone level, which contained his two divine souls and fused them with his legs, he felt that his legs were filled with power, just like the last time where his arm fused with his soul ...

When he walked out of the Time Formation, he used his great strength to stomp on the ground, causing a wave of flames to erupt. His surroundings also slightly trembled, not releasing the power he just obtained. He felt very uncomfortable ...

"It's already very powerful. Right now, your six Divine Deity and six Bones shouldn't be a problem for you to deal with an initial stage Too God," Yue'er exclaimed in shock. Earlier, when Chen Xiang had fiercely used the power of the Meteor immortal power, it was rather terrifying for someone who only possessed six Divine Deity.

"Alright, how much time do we have to go back and start now?" Chen Xiang asked.

"Go back and get some sleep ... You can gather in the morning," Yue'er said as she lay on Chen Xiang's body. After she and Chen Xiang left the tunnel and reached the surface, Chen Xiang took out an array disc and teleported to Hundred Flowers Pavilion before heading to City Lord's Mansion.

It was already late at night, but the inside of the City Lord's Mansion was still lively. Wu Kaiming was currently in a meeting with some big shots.

Zhou Sheng, Mu Qianxiang, and the others were also in the City Lord's Mansion. Chen Xiang and the others were going to the battlefield tomorrow to fight against the three mysterious Rankers sent by the Hell Devil Emperor.

"Do you know who our opponent is?" Chen Xiang saw that Zhou Sheng and Mu Qianxiang were both in the hall as he walked in.

"Right now, one of them is Fu Tiangao," Mu Qianxiang said. "We were almost tricked by this guy earlier, luckily we found out their motive in time."

It was very normal for the son of the Fu Tian School, Fu Tiangao, to rely on the Hell Devil Emperor for his evil technique. However, for Fu Tiangao to fight in this battle, it meant that the Hell Devil Emperor attached a great deal of importance to Fu Tiangao, so he definitely had a bit of strength.

"The Fu Tian School has suffered heavy losses as well! Who let them think about exterminating our clan? Serves them right! I met this fellow tomorrow. I definitely won't let him off!" Mu Qianxiang's face was filled with fury. Fu Tiangao and his father had previously surrounded him before, but in the end, they still escaped.

Zhou Sheng frowned: "The situation might not be good for us because they already know what's happening on our side. On the day of the selection, there must be spies amongst the disciples that are participating, and they will definitely leak out our details."

Mu Qianxiang was also worried that they had used all their strength during the previous selection and that Chen Xiang's weakness had also been discovered by him. Although it had passed through twenty days of special training, it couldn't make up for much of it ...

"We have to find out how many spies and see how many spies he revealed," Chen Xiang said.

"These guys don't hide so well ... Although there aren't many people who participated in the first time, it wasn't hard for us to guard against them ... ." Zhou Sheng sighed, because he had only just found out about Fu Tiangao's situation, that's why he thought that the Hell Devil Emperor had some people planted inside.

"Initially, there were only a hundred or so participants in the selection." Chen Xiang rolled his eyes and said: "I will go find the little baldy and have him gather all the disciples that attended the selection that day. I have a way to confirm if there is a spy."

"What method?" Mu Qianxiang did not believe that Zhou Sheng would do the same.

"Secrets."

Chen Xiang immediately entered the conference room and sat down. Several tens of people, who were elders level Penalty Heavenly Gods of various major powers, asked, "What is it, Chen Xiang?"

"There's something important to talk about," Chen Xiang said Zhou Sheng and Mu Qianxiang's worry.

"That is something that we had already thought of a long time ago. Thus, you don't have to worry about us choosing disciples very strictly," Penalty Heavenly God said. "Furthermore, I am personally responsible for this ... "If you're really worried, then what are you going to do?"

"Call them here first. Tell them to be worried that if something goes wrong, they might come here to be their substitutes." Chen Xiang said. Back then, they did not discover that Fu Tiangao had snuck into the Devil-killing Heavenly God, so Chen Xiang was still a bit worried.

Wu Kaiming said, "The gathering is almost done. Everyone, go call those brats over."

Lv Qilian was also there. She immediately went back to call Xue Ying, Ji Meixian and Leng Youlan, who were still in Hundreds of Flowers Village. Yun Xiaodao and the others were also there.

In less than an hour, a great hall of the City Lord's Mansion was filled with people. This was not only the disciples who had participated in the selection that day, but also some spectators who had come to watch the competition.

When Lv Qilian came, he also told Bai Youyou and Bai Ziqian that they were present at the time, so they had come as well.

There were several hundred people here, and many of them were heavyweights and elders of a certain force. It was hard to say how long Hell Devil Emperor would take, but even they did not know. Right now, they were also a little worried in their hearts.

Chen Xiang sent a sound transmission to the Penalty Heavenly God to ask him to tell him the reason behind gathering the people ...

The Penalty Heavenly God didn't know what Chen Xiang was planning but Chen Xiang had said that he had a way of finding out whether or not there were any secrets to the event that day, so he loudly said, "Among the lot of you, one of us leaked the secret to the event that day ... This secret is mainly related to the way our disciples, who are participating, fought through this ... "

When the Penalty Heavenly God said this, Chen Xiang's eyes, which had merged with the Bones, locked onto everyone's eyes. Right when the Penalty Heavenly God said that, he caught three people whose gazes were off.

"There are actually two elders! These two elders should be from the Floating Life Divine City right?" Chen Xiang heard Wu Kaiming talk about how Liu Fusheng from the Floating City had helped him back then, so he was more concerned about the Floating Life Divine City.

Their eyes were just a little bit off .... Chen Xiang was not sure yet, but when he tried to take a closer look, he discovered that their Divine Sense Sea was shockingly red in color. It was obvious that they were affected by the cultivation of demonic techniques.

The young man was even more so, the corpses in the Divine Sense Sea. There were blood all over the place and on top of a mountain of corpses, sat his soul. His hair was messy, his eyes were red, and his body emitted a fiendish aura that soared to the sky.

"This guy is actually from Devil-killing Divine City?" Chen Xiang looked at the man's attire and was very surprised to see that an outstanding disciple of the Devil-killing Divine City had actually mixed into his cultivation method and cultivation method.

Chen Xiang immediately sent a sound transmission to Devil-killing Heavenly God and the others to inform them of the abnormality of the three people.

The three of them noticed that Gu Dongchen and the other few big shots were looking at them. Although they looked very calm, Chen Xiang could see from the slight change in their eyes that they were panicking

Ren Tianyong was the first to move as she moved to the side of the young man. She placed one hand on his shoulder and forcefully checked the strength of the man's Divine Sense Sea ...

"City Lord... You are ... "Ah ..." The man suddenly cried out in pain. His body unexpectedly emitted waves of extremely terrifying evil aura ...

When the two elders of the Floating Divine City saw this, they became even more anxious. They had just wanted to capture the young people beside them as hostages, but they were sealed up by Gu Dongchen, Devil-killing Heavenly God and the others without being able to move.

Everyone immediately distanced themselves from the three people. They were also extremely shocked to see that there was actually a spy among them, and that he did not have a good status ...

Just now, Gu Dongchen had secretly sent a sound transmission to Liu Fusheng. Liu Fusheng arrived in front of the two elders and coldly said, "I treated you guys well, yet you guys actually betrayed me."

"City Lord... "What did you say?! This must be a misunderstanding!" An old man hurriedly said.

"Misunderstanding?" It was unknown what method Devil-killing Heavenly God used when he struck out. After hitting the old man, an evil aura surged out, enveloping the entire hall ...

"Honestly, didn't you guys tell Hell Devil Emperor about the battle that day?" Penalty Heavenly God asked coldly.

Bai Youyou walked over and said in a cold voice, "Let me just search my soul and see then..."

Chen Xiang shouted anxiously, "Don't! Their divine soul is imprinted with the Hell Devil Emperor's seal. If you try to look through their memories, they will automatically destroy their own divine soul."

The three spies were instantly shocked because they did not know about this matter either. However, they knew that the reason the Hell Devil Emperor did anything to their divine soul was to gain the Hell Devil Emperor's trust in them.

"City Lord... When we were about to leave, he promised us that he would extend our lives, but we have to work for him ... "An old man said in a mournful voice," The City Lord has always been very good to us,

it's a pity that we can't improve any further ... We can only die of old age, but we don't want to die ...

"What about you? What's going on?" Ren Tianyong angrily asked as he looked at the man he had grabbed.

The man suddenly sneered. His eyes turned red, his chest suddenly split open as he reached out with his hand. He held onto a black dagger tightly.

His speed was extremely fast. Ren Tianyong never thought that the other party would suddenly possess such terrifying strength. It was simply too late to dodge, and just as his head was about to be penetrated, Ren Tianyong suddenly disappeared.

When Chen Xiang was in danger, he used teleportation to teleport Ren Tianyong away. Otherwise, Ren Tianyong would really be in danger.

"Die!" Devil-killing Heavenly God was furious. Just now, his disciple was almost done for, but seeing that Ren Tianyong was fine, he instantly flashed over and slapped the man with his golden palm.

"The brat from City Lord is ... "Ah ..." An old man who wanted to say something cried out in pain. His body was soon set ablaze by the black flames and soon turned to ash ...

Penalty Heavenly God frowned, "Is this the power of the Hell Devil Emperor's curse? It seems like he can't even say anything or he'll die."

The remaining old man's legs trembled. He was extremely regretful that he had cooperated with the Hell Devil Emperor. He did not expect that the thing that the Hell Devil Emperor had left behind in their divine soul could take their lives at any time.

"I can't say it now either! Otherwise, I will die!" The old man's face was bitter and bitter.

Chen Xiang walked over and looked at the old man. The old man's eyes had penetrated into his Divine Sense Sea and found the old man's main divine soul. There was the Hell Devil Emperor's mark between his eyebrows.

"You can say it now," Chen Xiang said. "If you say it out loud, you won't die, so you should be able to feel that the imprint Hell Devil Emperor left on your divine soul was erased by me just now."

Devil-killing Heavenly God and the others were shocked. They were surprised by Chen Xiang's methods just now.

"Just now .... That brat was the proud disciple of the Hell Devil Emperor and he was sent to the Devil-killing Divine City a long time ago, "When the old man realized that he was fine, he heaved a sigh of relief and continued," The Hell Devil Emperor already knows about the details of the battle here. Of course, we also know a little about their situation.

"What about the other two?" Liu Fusheng asked.

"The other two are very mysterious. I don't know much about them. They are very arrogant. Even the experts beside Hell Devil Emperor are looked down by them." The old man replied.

Gu Dongchen took a light breath. It was obvious that those two arrogant people were from the Divine Nations.

"All of you go back and rest. Rest in the morning and have a good fight," said Gu Dongchen. The old man was brought away by them ...

Chen Xiang had already guessed long ago that there would definitely be a Divine Nations who would fight on the side of the City Lord's Mansion!

Chen Xiang soon went to sleep fighting for a good state

In the morning, he woke up to see Mu Qianxiang in the courtyard

"Bro" Mu Qianxiang immediately walked over and smiled sweetly, "Why do I feel like you've gotten stronger again?"

As she said that, she took out a large plate of roasted meat and gave it to Chen Xiang. She was a big foodie and was going to fight today, so she specially made some delicious food for Chen Xiang.

"Good girl." Chen Xiang took it over and wolfed it down. Seeing the look on his face, Mu Qianxiang giggled.

Wu Kaiming and Gu Dongchen also came to the courtyard with Zhou Sheng following behind them.

"You can go outside the city. Right now, everyone is already waiting on top of the city walls." Gu Dongchen couldn't help but laugh when he saw that Chen Xiang was still eating.

After Chen Xiang finished eating the meat, he laughed and said, "Calm down. What worries me the most is that there are other plots and plots going on in the Hell Devil Emperor."

"As long as there's no war right now, it's fine," Gu Dongchen said. He had considered things from a long-term perspective: if he fought with the army of the Hell Devil Emperor this time, they would not have enough strength to fight against the other powers of the Super God Realm.

Those powers in the Super God Realm would definitely not tolerate the sudden appearance of such a huge force pressuring them ...

The great formation of the Nine Heaven City did not close Chen Xiang and the others who had come outside the city via the Transmission array. They had come to ensure's, Mu Qianxiang's and Zhou Sheng's safety the Devil-killing Heavenly God, Penalty Heavenly God, Gu Dongchen, Lv Qilian, Lv Qilian and Long Huishan were all outside the city while the others were all watching them from atop the city walls.

## [Chapter 2109](#)

The Hell Devil Emperor's side had also sent many strong Hell Devil Emperor's and Fire God's puppets. It seemed like their overall strength was much stronger than the Nine Heaven School's side. It was no wonder that Gu Dongchen was worried that they would be unable to recover from the great battle after losing both of them.

"Chen Xiang, long time no see! We're old enemies too! This time, you better be careful and not lose your life!" Hell Devil Emperor wore a dark red armor and the middle-aged man's face was filled with ferocity. Even though he did not emit any demonic aura, he looked very scary.

"Back then, when I was still very weak, didn't you do all you could to kill me? The one who should be careful is an evil demon like you. You should be able to live for so long."

Wu Kaiming took out the black ball that tested the Divine Deity and said, "Let your people cooperate a little. This is to prevent anyone with six Divine Deity and above from sneaking in."

Hell Devil Emperor also took out a Divine Deity testing treasure. It was a red bead, and he said with a sneer, "You should also let your people cooperate with me. I'm more worried that you guys are cheating ..."

At this time, one of the three young men who walked out from behind the Hell Devil Emperor was Fu Tiangao. When he saw Chen Xiang, his face was filled with anger, and he was extremely jealous of him. Because he knew that Chen Xiang had many outstanding women by his side, and this Mu Qianxiang in front of him was Chen Xiang's recognized sister.

The other two men were dressed in white. There was not a single emotion on their faces, and their eyes were filled with coldness, as if nothing in the world could be placed in their eyes. However, they were extremely cooperative as they tested the quantity of their Divine Deity ...

After the test, they were all given six Divine Deity s. What was more surprising was that the rays of light they gave off during the test were very bright, much brighter than Zhou Sheng and his. This meant that their Divine Deity was special and strong.

"Take as many Divine Deity as you have. How many specks of light are in this bead?" After Hell Devil Emperor tossed the bead in his hand to Zhou Sheng to receive, six white specks of light instantly appeared within your red bead.

"After the test is finished, place it on the ground. Wait for the specks of light to disappear before moving on to the next one!"

Then, Mu Qianxiang picked it up and six more light dots appeared on top of it. After showing it to Hell Devil Emperor, she placed it back on the ground ...

It was Chen Xiang's turn to be serious. At this time, because he already knew that Chen Xiang only possessed four Divine Deity and four of them already displayed extremely strong strength, he wanted to see if it was true. Although Chen Xiang had been at the side of the black ball before, the Hell Devil Emperor felt that it was not accurate.

After Chen Xiang picked it up, six white specks of light immediately appeared inside the red bead.

Chen Xiang actually had six Divine Deity s.

Mu Qianxiang and Zhou Sheng both felt extremely surprised. It was simply impossible for Chen Xiang to condense two Divine Deity from the first twenty days

"What's going on? Could it be that our previous measurement was not accurate?" Wang Jinshi was extremely surprised. "Does this kid originally have six Divine Deity? Did he purposefully suppress two sets of Divine Deity before?"

"It's very possible that this brat has always liked to hide his own strength," Bai Youyou said. Amongst this group of people, she understood Chen Xiang the most.

Only Lv Qilian knew that Chen Xiang had gone to Xue Xianxian and the others to borrow a Time Formation's formation plate. However, she still could not believe that it would be possible to condense two Divine Deity that quickly even after twenty years of time. After all, the higher one went, the harder it was.

Hell Devil Emperor also saw the surprise on Gu Dongchen and the others' faces and knew that they were puzzled about the two Divine Deity s that suddenly appeared from Chen Xiang's body.

Right now, everyone secretly thought that Chen Xiang had deliberately concealed two Divine Deity. If that was really the case, would he be hiding another Divine Deity?

"Is master still hiding other Divine Deity?" Fu Tiangao also knew that Chen Xiang only had four Divine Deity s before, "If he is still hiding then wouldn't we be at a disadvantage."

"This is impossible! This treasure was refined by our Great National Master! On the basis of it, he can't fool this treasure!" A man in white said. Hearing him say that, Great National Master was sure that Chen Xiang was from Divine Nations, yet he was secretly helping the Hell Devil Emperor!

"So what if he has seven Divine Deity? I can still kill him." The other white clothed man laughed coldly as he looked at Chen Xiang with disdain.

The Hell Devil Emperor passed the red bead to a white clothed man and said: "The three people that will be participating are Nie Lin and Dong Lijun."

Gu Dongchen said: "We are Mu Qianxiang, Zhou Sheng, Chen Xiang."

"Fortunately, according to the rules of the competition, if no one is allowed to participate, then just admit defeat and take responsibility," Hell Devil Emperor laughed sinisterly as he looked at Chen Xiang and continued, "The process of the competition is to not allow the use of weapons the moment you use one. Even if you violate the rules of the competition, you will still have to go through with the contract now."

All the participants from both sides had made a promise not to use Divine Weapons or Divine Armors, and also made a promise that they only had six Divine Deity.

When this contract was completed, it would also mean that Chen Xiang only had six Divine Deity ...

"If you violate the contract, I will not take your lives. It will only give you a headache," Hell Devil Emperor said. "Earlier, I clearly knew that you cannot consume pellets after getting injured unless you withdraw."

This contract was very fair to both sides!

"On our side, Fu Tiangao is going to fight. If he wins, he can continue to fight against the participants on your side." Hell Devil Emperor said, "If you win, he can choose to continue fighting or change his opponent."

Fu Tiangao had already walked out: "I'll take care of them all myself. You guys must run off the stage in time to admit defeat, I won't be merciful even in front of beauties."

The enchantments of the dueling platform were set up by the strong experts of both sides. Although the aftermath of the battle was very strong and they couldn't escape, they could fall out or go back and rest for a while. If it really wasn't possible, they could only withdraw and not fight again ...

In Zhou Sheng's first match, he had controlled the power of time to let Chen Xiang and Mu Qianxiang clearly see that Fu Tiangao's control over the power of time also had a very strong ability to protect himself.

### [Chapter 2110](#)

The fighting stage was quite large, like a small square. It wasn't easy for it to fall out, and if one admitted defeat, one had to run off the stage. If the opponent was too strong, there was no time to run down and admit defeat, there would be danger.

After Zhou Sheng walked onto the stage, he was a little worried because the other party knew them like the back of his hand. However, they knew nothing about the enemy, which was why they were at a disadvantage.

Although Zhou Sheng had gone through twenty days of training, he still had not fixed the flaw that Chen Xiang had discovered, but if the other party knew that he had used it extremely well, it would be a difficult battle for him. When he went up on stage, Gu Dongchen sent a sound transmission to him, telling him to stand to the side as much as possible.

To Gu Dongchen, even if they lost on his side, just a little Shen Yuan stone would not be enough to make up for the loss of an outstanding disciple. As for disciples like Zhou Sheng, who used the power of time, they were even rarer and more precious.

"The rules should be clear." Hell Devil Emperor sneered: "Walk to the center!"

The square stage was three to four hundred feet wide, and there were only two people standing on it. It seemed very spacious.

Zhou Sheng was a little nervous, he could tell that this was the first time he had experienced such a fight, and in the past, he had always been fighting with his own people, but now, he was fighting with such a cunning enemy, or at least using his Evil Qi.

"Begin!" Hell Devil Emperor suddenly roared, scaring everyone, causing them to be secretly shocked, they all started to shout, while Zhou Sheng was the first to attack.

In the previous matches, he had used eight time clones from the very beginning, but now he was using sixteen. This was his limit.

was even more furious now, with his cultivation of the Evil Demon, he would have easily been able to enlarge his evil thoughts. If a normal person was only envious of Zhou Sheng's abilities, but Fu Tiangao was crazy with jealousy, if he could not obtain it, he would destroy it.

This time, he reached his claws out towards Zhou Sheng's neck. His speed was even faster than last time and his strength was even stronger than last time.

Because Zhou Sheng had already walked down the stage, this was equivalent to him admitting defeat. Fu Tiangao couldn't attack him anymore!

"Brat, don't ever go on stage again. I won't give you another chance next time." Fu Tiangao said angrily, he had already recovered to his original appearance, the way he looked just now when he was angered, was extremely terrifying.

"Qianxiang, do you think you can take care of him?" Gu Dongchen asked. If Mu Qianxiang could not do it, Chen Xiang would directly go up, and then, Fu Tiangao's strength was truly terrifying. Zhou Sheng could only concede.

"I'll try." Mu Qianxiang said: "Since we are here, we should fight."

Chen Xiang sent a sound transmission to her, "It is enough for you to use the Devil Slayer Clan to deal with him. This kind of Evil Demon is most afraid of this kind of thing, you should be more familiar with the Devil Slayer Clan, right?"

"Yes."

Mu Qianxiang jumped up onto the stage, upon seeing him, Fu Tiangao's eyes instantly revealed an evil light, as though she wanted to pull him out completely.

"Begin!" Hell Devil Emperor shouted, and Fu Tiangao suddenly flashed, and appeared behind Mu Qianxiang. He pressed his lips together a little, and used his pair of evil claws to fiercely stab Mu Qianxiang in the back.

Mu Qianxiang was extremely vigilant, and when she noticed that Fu Tiangao had disappeared, she immediately left her original position to avoid the pair of demon claws. When she tried to avoid the claws, her jade hands shot out a gold light that was filled with the sacred power of exterminating devils, hitting Fu Tiangao's body and turning into a chain that tied Fu Tiangao up.

"Demon Slaying Chains! You did a good job!" Wang Jinshi heaved a sigh of relief, she was worried about Mu Qianxiang, because that Fu Tiangao was too terrifying.

After Mu Qianxiang tied Fu Tiangao up, he released her few swords that were condensed from God Power. She controlled these swords to form a sword formation and pierced towards Fu Tiangao.

"You're underestimating me, damn you." Fu Tiangao laughed out loud. After shattering the golden chains on his body, he let out a furious roar, and a terrifying scene appeared. Six arms suddenly appeared from his back, these arms were all black and rough skin, they all had those kind of terrifying demon claws.

"Come down." Chen Xiang anxiously shouted.

Mu Qianxiang clenched her teeth, increased the power of her swords, and quickly ran down the stage. In the blink of an eye, she was about to leave the stage, but her back was still hit by a flying Demon Claw.

Mu Qianxiang was sent flying and off the stage. Chen Xiang rushed over to catch her, and she incinerated the palm that had stabbed into his back. At the same time, Mu Qianxiang was also severely injured.

"I'm leaving!" Mu Qianxiang shouted. She was injured at the moment, if he did not save her, she would be in danger.

Now, it was Chen Xiang's turn to go up on stage. Neither Zhou Sheng nor Mu Qianxiang could be a match for him!
