

Inside the secret room, Chen Xiang was refining an Inferior Grade Bone level Dan. He could refine it with his eyes in an instant.

Xiao Baifeng didn't dare go out either, because she was worried that his mother from the Ming Prince would cause trouble for him.

"What is it? "Did you not succeed in refining it?" Xiao Baifeng saw that Chen Xiang had just entered the secret room and came out so he asked immediately.

"Of course not, I've finished refining it. Eat one and see how effective it is!" Only by refining it for six hours can it be considered suitable for you. " Chen Xiang laughed, he had refined quite a few pills, if they were not suitable for her, he would have to sell the rest of the Bone level Dan.

Xiao Baifeng thought for a while, then said: "You can stay with me. I don't understand the Congealing Bones, so I need your guidance."

"Elder Sister Bai Feng, could it be that you don't understand the process of condensing Bones?" Chen Xiang asked: "Your princess has never mentioned it to you before?"

"No, because she didn't know herself, that she had innate Bones, so I don't know how much there is. I just heard her mention it." Xiao Baifeng's words caused Chen Xiang to be extremely shocked; he actually was born with this Bones.

Chen Xiang brought Yue'er and followed Xiao Baifeng into the secret room!

Xiao Baifeng looked at the low-ranked Bone level Dan, and was very excited. This Bone level Dan was a divine pellet that had a price and no market, and the two pills she had eaten before looked very ordinary, far inferior to Chen Xiang's pellets.

"Your first Bones should be completed using the Xiaping Dan." Chen Xiang said: "If you really have to trigger the opportunity to condense Bones, you must endure through the pain. That process is extremely painful, so when the time comes don't give up, it's a rare opportunity."

Xiao Baifeng nodded seriously, then ate the Bone level Dan.

"If you can refine it within six hours, the chances of you condensing Bones will be very high. Bone level Dan don't worry, as long as enough Shen Yuan stone can buy divine medicine, there won't be a problem." Chen Xiang was extremely confident in this point.

## [Chapter 2152](#)

Chen Xiang was an experienced person in condensing a Bone level Dan, so he could be considered relatively experienced, and was completely qualified to guide Xiao Baifeng, this Great Saint God who possessed thirty Divine Deity.

After Xiao Baifeng ate the Bone level Dan, he began to refine it. Five hours later, Xiao Baifeng opened his eyes and shook his head at Chen Xiang.

"Seems like you still need higher quality Xiaping bone level Dan!" Based on Xiao Baifeng's situation, Chen Xiang threw the few Xiaping bone level Dan s in his hands into the pill furnace. Although this was the first time he had returned to the furnace, he felt that it was not a problem.

"How long will it take?" Xiao Baifeng never thought that the quality of Bone level Dan could be controlled, and with her situation, it would allow her to cultivate Bones.

"It won't be long, just wait patiently!" Chen Xiang said. This was indeed very easy for Chen Xiang, he had to admit that refining an Inferior Grade Bone level Dan was only for a few moments.

At this time, he was carefully dissecting those few Bone level Dan s. To change their quality, he only needed to increase it a little, and that would allow Xiao Baifeng to refine them within twelve hours. Then, he would have a greater chance at cultivating Bones.

In a short span of time, Chen Xiang had completed it. His original few Bone level Dan pills, only three were left!

"Try again!" Chen Xiang passed it to Xiao Baifeng.

Xiao Baifeng took one and immediately ate it, then began to refine it!

Chen Xiang patiently waited by her side. It was his first time cultivating his Bones, so he needed a relatively experienced person by his side.

After six hours, Xiao Baifeng opened his eyes!

"Still no results!" Xiao Baifeng began to doubt his own talent, and said: "It's better if we don't continue, it's such a waste of a Bone level Dan!"

She was very clear about how much the two Bone level Dan she had eaten were worth. She felt that she was not a material that could cultivate Bones, so she did not want to continue and waste the Bone level Dan.

"What is there to waste? I know a guy who only condensed his Bones after eating hundreds or thousands of Bone level Dan medicine. You only ate two pellets, but I ate quite a lot of them while cultivating in Bones in the past, so I need to have some self-confidence. " Chen Xiang encouraged her, and patted her shoulder: "There are still two pills, I will continue to refine them."

Xiao Baifeng nodded his head, then swallowed another Bone level Dan and continued to refine. Now, Chen Xiang already knew how many quality Xiaping bone level Dan s Xiao Baifeng needed, he followed this standard to refine and very quickly, he finished another batch.

Cultivation of Bones required a very long time, eating one required six hours!

When Xiao Baifeng had eaten the fifth pellet, she had only refined it to the sixth hour point when she frowned and felt that her right arm had some sort of reaction.

Chen Xiang could also see her right arm trembling slightly, and she anxiously said: "Concentrate all of your body's energy, transfer all of your energy to your right arm!"

"If you feel pain, you cannot give up. You must persevere! Now that you have successfully lured out the opportunity to condense Bones, whether or not you can condense Bones will be up to you. " Chen Xiang said in a serious tone.

Xiao Baifeng had always hoped that she could condense Bones, so no matter how difficult it was, she had to endure it!

She followed Chen Xiang's instructions and quickly felt the pain in her right arm!

Facing this kind of pain, Xiao Baifeng could only tightly frown. Her jade face only revealed a little bit of a pained expression, which made Chen Xiang very surprised!

Even though Xiao Baifeng looked like a spoiled Xiao Linglong, she had an extremely strong heart and was just like her personality!

This made Chen Xiang admire her!

The pain lasted for twenty hours, Xiao Baifeng was also drenched in sweat. When she activated her Bones, she, who was persisting in the process, suddenly collapsed in Chen Xiang's embrace.

Chen Xiang embraced her petite body, gently caressed her face and lamented: "Truly a strong woman, able to hold on even longer than me!"

Chen Xiang carried her back to her room and laid her on her bed to rest. He did the same thing with his Bones before, he had to sleep for a while to recover.

When Xiao Baifeng woke up the next morning, she knew that she had cultivated Bones. Thinking back to the pain she experienced when she condensed Bones, she was still a little afraid in her heart, but she was also very satisfied with her performance. After all, she had endured it, and had even successfully condensed a powerful Bones! When she transferred the Mysterious power from the Divine Sense Sea into the Bones, she could clearly feel the strength of the Bones on her right arm.

She took a shower and rushed into the hall. Seeing Chen Xiang leisurely drinking tea here, she immediately expressed her gratitude: "I succeeded, thank you Shen Fei!"

"There's no need to be polite, you've also helped me out quite a bit, and your success would also be a large portion of your contribution. Whether or not you can condense Bones will primarily depend on yourself." Chen Xiang laughed and said.

"Elder Sister Bai Feng, I have something to take care of first. Can you take me away from Imperial Nine Palace?" Chen Xiang had received a message from Huang Yantian last night, saying that they would meet each other at an inn in the Divine Tripod City right at the moment because of an urgent matter.

Chen Xiang himself was not familiar with this Imperial Nine Palace, the last time he came, it was also Xiao Baifeng who brought him in.

"Of course you can. Are we leaving now?" Xiao Baifeng asked.

"We're leaving now!"

After that, Chen Xiang sat in Xiao Baifeng's car and left Imperial Nine Palace!

... ..

"Mother, you have to seek justice for me. That bastard Shen Fei is really too arrogant ... It doesn't matter that he hit me. The important thing is that he insulted you and said some very nasty words. " Ming Prince laid on his bed and cried.

And beside the bed stood a beautiful woman with a well-developed figure. This was the mother of the Ming Prince, the Imperial Concubine Lian!

Imperial Concubine Lian had a pair of charming phoenix eyes. She looked at Ming Prince who was lying on the bed: "Trash, you actually do such a shameful thing for me! Even if you don't know that Yu Lan has just met Shen Fei, you should already know that Prince Ping has gone to meet him some time ago! "

"Mother ... Are you afraid of him? It's because he insulted you that I went to find him to settle the score. He said that he would make you his female servant. " When Ming Prince saw Imperial Concubine Lian's tone, he made up all sorts of reasons to anger her.

"What kind of thoughts do you have that I would not know?" Just lie here for the rest of your life. Don't expect me to find you high-level divine pellets! " Seems like she was not the person who would do everything possible to protect this Ming Prince as rumored in the outside world.

"Are you still my mother? You. Do you really have the heart to see me crippled here? " The Ming Prince shouted in anger.

"After all these years, you've stirred up so many troubles for me. I've long since had enough of you. You bastard, you're just a piece of trash. Why wouldn't I be willing to do that?" Imperial Concubine Lian's face turned cold: Don't count on me to help you in the future, let's go!

The pretty girl behind Imperial Concubine Lian looked very similar to her as she grew up. She had the same charming phoenix eyes as her. At this moment, she was sitting in the carriage with Imperial Concubine Lian. This girl was the daughter of Imperial Concubine Lian.

### [Chapter 2153](#)

"Mother, do you really intend to ignore him? He's my brother after all! " The woman asked in a low voice.

"You look like me, but do you think your brother looks like me?" Imperial Concubine Lian gave a charming smile and caressed his daughter's face, "Silly child, after so many years, can't you tell that this little bastard is not my son?"

"This ..." The woman did not speak anymore. She was very clear about the struggles within the Imperial Nine Palace. Her mother had gotten the Ming Prince from somewhere in order to make him happy.

"However, he is indeed your royal father's son, but he is only the little bitch's. "I just did not expect him to be so useless, wasting so many resources on him. It's good that he is crippled now, otherwise he would cause trouble for me in the future." Imperial Concubine Lian was actually very grateful to Chen Xiang.

Now that Divine Cauldron Supreme Lord was gone, she didn't need to look at his face anymore, so she found a good reason to give up on him. In any case, he wasn't her biological son.

And Xiao Yulan had previously told her to not touch Chen Xiang, which meant that Xiao Yulan held Chen Xiang in great importance!

"Jin'er, don't tell others about this matter. Let me tell you now, I'm just worried that the kind you are being deceived by that bastard! That's right, in the future, you better follow Hongque and learn a few more things from her. Otherwise, you'll only be bullied in the palace! Look at this girl White Feng, she's just a treasure." Imperial Concubine Lian touched Xiao Jin'er's head. Although her daughter had a very charming face, she was very naive.

Imperial Concubine Lian felt that it was all because she had loved her daughter too much and did not train her. However, if she did not do this, she was afraid that her daughter would be persecuted, so she did not dare let her daughter go and receive the cruel training.

"Mother, is that person called Shen Fei really speaking unpleasant words? Mother, why don't you teach him a lesson?" Xiao Jin'er said.

"Silly girl, those were all made up by that bastard, Xiao Ming, and his purpose was to anger me. The words he said were contradictory, and you would know the moment you heard them." Imperial Concubine Lian smiled charmingly, and patted Xiao Jin'er's face: "Let's go, I'll bring you to find Yu Lan. Look at how powerful your sister is now, she might very well become the new Divine Cauldron Supreme Lord."

... ..

Xiao Baifeng's car was walking on the road, coincidentally passing Imperial Concubine Lian's car.

"It's the Imperial Concubine Lian!" Xiao Baifeng was surprised: "This woman should have also seen my car, don't tell me she doesn't plan to find trouble with you?"

"Is she really that good? Generally speaking, strong women would not have useless sons like Ming Prince, right? Chen Xiang laughed: "When I have the chance, I want to see her and ask her how she disciplined her son."

"There was a discussion about this matter in the palace, because she treated Ming Prince pretty well and gave him a lot of resources. However, she did not discipline him too much afterwards! Her daughter looks very similar to her, but she is actually a kind-hearted woman. This is completely different from the Imperial Concubine Lian." Xiao Baifeng said: "Don't underestimate Imperial Concubine Lian, for her to be chosen by the princess means that she has decent strength."

"Also, there seems to be something mysterious between her and the Divine Cauldron Supreme Lord, because no one has ever seen the Divine Cauldron Supreme Lord speak to her before. When she came to the Imperial Nine Palace, she brought along the young Xiao Jin'er! Divine Cauldron Supreme Lord had never asked her about anything, nor had he summoned her! Xiao Jin'er told me before that she had never seen Divine Cauldron Supreme Lord before."

Chen Xiang heard the gossip in Imperial Nine Palace and also thought that it was very interesting. He laughed: "Could it be that the origin of this Imperial Concubine Lian is very mysterious?"

Originally, Chen Xiang was only teasing, but he didn't expect that Xiao Baifeng would say it seriously: "It's extremely possible, that on the day Ming Prince was born, a concubine coincidentally died. Two

months after this matter had passed, Imperial Concubine Lian gave birth to a son. She had been in the palace for two years and Divine Cauldron Supreme Lord had never touched her, but she had a son.

"Divine Cauldron Supreme Lord doesn't know about this?" Chen Xiang asked curiously: "actually ignored the death of his concubine? He didn't even come to take a look when his son was born? "

It's too normal, let there are thousands of women in the Divine Cauldron Supreme Lord, he usually can handle so many things, he has always raised his own women and children growing up in the Imperial Nine Palace, he doesn't care whether they live or die, only his very outstanding children can be considered by him.

"How heartless!" Chen Xiang frowned: "Looks like those who fought their way out of Imperial Nine Palace are all ruthless. Is your princess like her as well?"

"That's right. Don't look at how gentle the princess looks on the surface. She has done quite a few bloody things." Xiao Baifeng said: "Among all of the Imperial Nine Palace, I'm afraid that only the Prince Ping grew up in a healthier environment. He followed the Great National Master since he was young and got attention from the Divine Cauldron Supreme Lord since he was young, so no one in the Imperial Nine Palace dared to even touch him."

"This is fate!" Chen Xiang shook his head and laughed.

"I am rather curious about the background of the Imperial Concubine Lian, the Princess had also sent people to investigate it, but they did not find anything, but they trusted the Imperial Concubine Lian very much, and handed over many important matters to the Imperial Concubine Lian to do. The Imperial Concubine Lian has also done very well."

Chen Xiang did not take this matter to heart. He felt that he would definitely not have anything to do with the Imperial Concubine Lian in the future.

Just as the carriage left Imperial Nine Palace, he received another message from Huang Yantian, asking him when he would arrive.

Divine Tripod City was very big, and the tavern that Huang Yantian had arranged to meet him at was close to the Imperial Nine Palace, so he would be able to reach it very quickly.

"Do you want me to come with you? Is this a secret? " Xiao Baifeng looked around, because Chen Xiang was a person who was being closely watched by the several big powers in the Imperial Nine Palace.

"Alright, come with me!" Chen Xiang nodded. Xiao Baifeng was not weak, so it would be safer for her to follow him.

Chen Xiang arrived at the room Huang Yantian agreed upon, and upon entering, he was stunned, there were actually two Huang Yantian s inside! However, they only had the same appearance and wore different clothes.

"Master... Senior Master! " Chen Xiang immediately recognized Huang Jintian and shouted.

"Little bastard, you caused me to lose." Huang Jintian ran over quickly and knocked Chen Xiang on the head: "This bastard said that he had a way to bring you here, and he even made sure of the timing. I don't believe him, so I bet with him."

Huang Yantian laughed: "If you admit defeat now, you can call me big bro!"

"Hmph, I am clearly older than you. Why should I call you big brother? You should call me Big Brother!" Huang Jintian scolded.

#### [Chapter 2154](#)

Chen Xiang just noticed that Yang Tianyi was also here!

Yang Tianyi and Huang Jintian went to the Star Law Divine Realm, and now that they were back, they even bumped into Huang Yantian.

"Big Brother Yang!" Chen Xiang cupped his hands towards Yang Tianyi, who smiled and nodded at him.

Xiao Baifeng was very shocked. Chen Xiang was very powerful, then wouldn't Chen Xiang's master and senior uncle be very strong? It was just that Chen Xiang's master and senior uncle were both a little strange.

"You little bastard, you must call him Martial Uncle from now on!" Huang Jintian rolled up his sleeves. "If you dare to call him Senior Master, I will beat you up one time."

"Brat, don't believe his words. Just call me Senior Uncle. If he beats you up once, I'll beat him up ten times." Huang Yantian laughed: "If you dare call me Junior Master, I will definitely beat you up!"

Chen Xiang laughed bitterly: "So that means, no matter what I say, I'll get beaten up."

After Huang Jintian saw Xiao Baifeng, he said to Chen Xiang: "Good boy, every time I see you, I am not familiar with the women around you, and each one of them is stronger than the last."

Through these words, Xiao Baifeng found out that Chen Xiang was not a good person. No wonder Yue'er called him a little scoundrel previously.

Chen Xiang immediately sent a sound transmission to Huang Jintian and the others, telling them to tell their real names.

"Shen Fei, I'll take my leave first. When you need it, just send me a message." Xiao Baifeng handed over a jade token to Chen Xiang, she knew that he was doing this, so she tactfully left.

"I heard that Xianxian was taken away and is inside the Imperial Nine Palace. You must have snuck in right?" After Huang Jintian left, he asked after setting up a few enchantments.

"They snuck in! They're very safe in there!" Chen Xiang said, and Yue'er ran out as well.

"Did you guys go to the Star Law Divine Realm? "How's it going?" She was related to the three God Tribes, and right now, she couldn't go back, so she was very concerned about the matters there.

When he asked about this matter, both Yang Tianyi and the person who asked him earlier had a heavy expression on his face.

"The Undead Divine Race is gone, the Cat Race is gone, the Star Moon Divine Race has hidden away with all his might." Huang Jintian sighed: "Even the Divine Dragon Race is in danger, I had no choice but to hide."

"How could this be?" Yue'er asked in a very dejected manner. The three God Tribes who were very closely related to her had all met with danger, and Undead Divine Race and Cat Race were gone as well.

"Don't be so painful! Your Cat Race did not try to kill your enemies the way we did. Your Cat Race was just scattered and they temporarily announced their dissolution. But Star Moon Divine Race is different. Star Moon Divine Race is more popular and directly fought with a few of the great powers in Star Law Divine Realm. Huang Jintian said, he had already found out Yue'er's background from Huang Yantian.

Yang Tianyi said: "Those fellows from the Star Law Divine Realm have already gone mad for the sake of longevity, they think that the god race all have the power of longevity within them, so they captured a large group to study it, and angered a few of the god race. Although the few god races are strong, they can't match up to the large number of people from the Star Law Divine Realm that pursue longevity with their lives."

"Master, isn't Undead Divine Race ..." Chen Xiang patted his shoulder.

At that time, the Great Clan Elder and the rest risked their lives to protect the more important Undead Heaven Spirit! According to the information that I have gathered, none of the Undead Heaven Spirit s have been captured, and they even offered a sky-high reward for them. " Huang Jintian said.

"I hope grandpa and grandma, grandma and grandpa and parents are fine." Tears flickered in Yue'er's small eyes. She looked pitiful.

"They're all fine. Your seniors are all very powerful." Huang Jintian curled his lips: "I didn't think that a little thing like you would actually be this powerful."

Chen Xiang asked: "What is the Undead Heaven Spirit? is very important to Undead Divine Race? "

"Of course, the Undead Heaven Spirit can directly absorb the energy of heaven and earth to give birth to a spirit embryo, and then produce a powerful undying god, or even a Sky Spill Master. We brothers are the Sky Spill Master that was born in the Undead Heaven Spirit, and moreover it's an extremely rare twin. We haven't met each other since birth." Huang Jintian looked at Huang Yantian: "To be able to meet this foolish little brother in this life, I truly have a long life!"

In order to prevent the two brothers from getting into an argument, Chen Xiang hurriedly asked: "Are there a lot of Undead Heaven Spirit s?"

Furthermore, once a new Undead Heaven Spirit has grown to a certain stage, they will, according to their own senses, head towards a place to absorb the energy of heaven and earth there, and give birth to a spirit embryo! " Huang Yantian said.

"The Undead Divine Race is really magical!" Chen Xiang exclaimed.

Yue'er replied, "Generally speaking, the God Tribes all have this kind of Heavenly Spirit. Star Moon Divine Race, Cat Race and Cat Race all have this kind of Heavenly Spirit. When the clan is about to be exterminated, the Heavenly Spirit will have the effect of reproducing."

"Could it be that Long Xueyi is a heavenly spirit?" Chen Xiang thought of Long Xueyi. Back then, he remembered that Long Xueyi had said that she had produced a few white dragons herself, which was why Leng Youlan was born later on.

"Masters, can you calculate the Nine Heaven World now? I want to know when I can integrate it?" Chen Xiang asked: "And the time there!"

"I've calculated it once before. The time changes there are very unstable compared to here. However, when we fuse together, at least 5,000 years have passed. That should be enough time for our growth." Huang Yantian said.

"Five thousand years is more than enough time for them to develop. Although the Nine Heaven World has not merged with the Super God Realm yet, the quality of the whole is close to that of the Star Law Divine Realm. Those who grasp the dragon vein and have a strong dao of pills will definitely develop the fastest!" Huang Jintian said: "You do not have to worry about that, do you want to go back now? Didn't you say that Xianxian and the others don't have many problems? "

"I... There is still a competition in Imperial Nine Palace, I plan to return after that! " Chen Xiang replied: "There's still more than twenty days."

"Right, can you bring us into the Imperial Nine Palace?" Huang Jintian laughed: "Just now, that little girl's strength was not bad. Did she bring you in? And she seems to be very obedient to you! This brat, you sure is good at this! "

"Who allowed me to become an incredible apothecary? But don't think too much, he's a good friend of mine ... " Chen Xiang explained what he and Xiao Baifeng had met, and also gave a brief introduction to the situation inside the Divine Cauldron Nation.

Yang Tianyi laughed: "It's so lively inside, I also want to go in and take a look. Little brother, go and ask that lady, can she bring us in, we guarantee that we won't cause any trouble!"

Chen Xiang was more at ease with Yang Tianyi, but that crazy master of his was a little crazy, and he didn't know if it was his Senior Master or his Junior Master's Huang Yantian, they made him extremely worried.

"Alright, let me ask!" Chen Xiang immediately transmitted the message to Xiao Baifeng.

### [Chapter 2155](#)

After Chen Xiang sent the message to Xiao Baifeng, Xiao Baifeng did not think much of it, and just agreed to let Huang Yantian and the others enter the Imperial Nine Palace. Previously, Chen Xiang and Xiao Yulan had already reached an agreement, but not only did Xiao Yulan not have any doubts about Chen Xiang, he had become even more trusted and valued, so Xiao Baifeng felt that it was nothing to let Chen Xiang's master and friends come in.

After Xiao Baifeng agreed to Chen Xiang's terms, Chen Xiang brought Huang Jintian and the other two down the inn. Before he left, Huang Yantian and Huang Jintian, this pair of strange brothers, were still arguing with each other about how to pay the bill .... Chen Xiang was worried that they would fight, hence he had no choice but to pay for it.

After getting on Xiao Baifeng's carriage, Chen Xiang repeatedly reminded the crazy brothers to not do anything.

"Master, there are crouching tigers and hidden dragons inside the Imperial Nine Palace. The strong are as numerous as the clouds. Chen Xiang said in a serious tone.

"Don't worry about that, even if I cause trouble I won't implicate you!" To be honest, I really am not afraid of them after Imperial Nine Palace's Divine Lord scam. " Huang Yantian laughed.

"Kid, I will take a liking to this fellow. Don't worry about him." Huang Jintian laughed.

Chen Xiang suddenly felt that bringing the two into the Imperial Nine Palace was the wrong decision!

"Little girl, who are your parents?" Huang Yantian looked at Xiao Baifeng and suddenly asked.

"I don't know. I was raised by the princess. I'm an orphan!" Xiao Baifeng shook his head: "Why do you ask, senior?"

"I also have some understanding of the Divine Cauldron Nation, but I never thought that there would be a person beside a princess in the Divine Cauldron Nation who is so powerful. You seem to have thirty Divine Deity already, at such a young age, so I think your parents are definitely not normal people." Huang Yantian said.

"We brothers know how to tell a fortune. Do you need us to help you calculate if your parents are still alive or not?" Huang Yantian laughed: "Miss, when we brothers work together, there is nothing that cannot be calculated. Moreover, we are both Chen Xiang's masters, you don't need to worry about us lying to you."

Chen Xiang suddenly felt that it was weird, Huang Yantian and Huang Jintian had already teamed up, and actually agreed to cooperate to tell Xiao Baifeng's fate!

Chen Xiang nodded at Xiao Baifeng: "Elder Sister Bai Feng, they indeed know some kind of divine ability or technique. You can try it!"

"How?" Xiao Baifeng trusted Chen Xiang and asked immediately.

"Just one drop of your blood." Huang Jintian took out a white jade bowl. Seeing this jade bowl, Chen Xiang's pupils shrank, he had a pair of Dao heart Eye s, so he could see that this jade bowl was extraordinary.

Chen Xiang suspected that they obtained some treasures after returning to the Star Law Divine Realm.

Xiao Baifeng dripped a droplet of blood on the jade bowl, and then, under Huang Jintian's control, that droplet of blood merged into the jade bowl. Huang Jintian closed his eyes, and started chanting a strange incantation from his mouth as the jade bowl also emitted multicolored light.

"So your parents were both the Divine Monarchs by the Divine Cauldron Supreme Lord's side. However, they died in battle a long time ago because of the powerful divine beast's defense." Huang Jintian said, and then he said two names.

"Thank you, senior!" Xiao Baifeng memorized the name and planned to look up it in the future. She had experienced a lot in the past few years and was mentally prepared for it, but after knowing that her birth parents had already died, she couldn't help but feel hurt.

But now, knowing his roots was not bad either. At the very least, he could know who his parents were and where he came from!

Chen Xiang did not understand why Huang Jintian and Huang Yantian would suddenly do such a weird thing, and immediately used the Voice Transmission Technique to tell them: "What are you guys doing, to suddenly do such a thing?"

"We were looking for Undead Heaven Spirit. I calculated that a Undead Heaven Spirit was right above this Divine Cauldron Star, but I don't know where, but when your master came by and worked with me, I finally figured that the Undead Heaven Spirit was within the Imperial Nine Palace. But we can only calculate it to this point! Then, we figured out who her parents were, and found out who her parents were, so we confirmed that she wasn't Undead Heaven Spirit." Huang Yantian replied.

There was actually a Undead Heaven Spirit in the Imperial Nine Palace! Chen Xiang was also shocked, in his eyes, the Undead Heaven Spirit must be very powerful.

"Oh right, this Undead Heaven Spirit is a female, I wonder if we can find her, we have to let her know about the calamity that has befallen our Undead Divine Race." Huang Jintian said.

Undead Heaven Spirit is a woman! A person immediately surfaced in Chen Xiang's mind. It was the Imperial Concubine Lian!

When the mysterious Imperial Concubine Lian entered the Imperial Nine Palace, he brought his daughter in! Although she had a useless son, it was rumored that she had stolen this son of hers. Because she had a son, she was able to raise her status in the Imperial Nine Palace.

Xiao Baifeng had told Chen Xiang about the Imperial Concubine Lian not too long ago, which was why he suddenly remembered it! He did not understand why the Imperial Concubine Lian was hiding inside the Imperial Nine Palace. Was he trying to find something?

If Imperial Concubine Lian was a Undead Heaven Spirit of the Undead Divine Race, then she was definitely strong. She must have her reasons for being hiding in the Imperial Nine Palace and following Xiao Yulan!

Xiao Baifeng had said that Xiao Yulan had investigated the origins of the Imperial Concubine Lian before, but he did not come to any conclusion!

Chen Xiang told Huang Jintian and the others what he knew about the Imperial Concubine Lian. After they heard it, they also thought that it was very possible.

Xiao Baifeng helped Huang Jintian and the others get three jade plates, then he continued to drive them to his house.

"Is this the inside of the Imperial Nine Palace?" Huang Yantian jumped up high, and looked around: "It's about the same as an entire city, but there are many powerful auras here, and it's not simple at all."

Huang Jintian urged Chen Xiang to quickly find the Imperial Concubine Lian to confirm, so that they could finish what they were doing here, and then leave.

"Elder Sister Bai Feng, I want to see that Imperial Concubine Lian. I hurt her and hit a little too hard, I want to accompany her." Chen Xiang said to Xiao Baifeng: "Can you help me arrange it? I feel that both

she and I are currently working for the Jade Cauldron Divine King and there shouldn't be too many conflicts between us. I want to resolve those conflicts between us. "

If it wasn't for Huang Jintian, Chen Xiang wouldn't even bother to go see Imperial Concubine Lian, but there was nothing he could do. Huang Jintian was his master, and this matter concerned Undead Divine Race.

"Are you really going to do this? If we can smoothly resolve this conflict, Princess would definitely be very happy. What she hates the most are her subordinates scheming and scheming against each other. " Xiao Baifeng said.

"Of course, I want to find her now, and also bring a gift to atone for my sins!" Chen Xiang laughed: "Then we will use the Bone level Dan!"

Four low rank Bone level Dan s were nothing in Chen Xiang's eyes, he had refined them in an instant!

### [Chapter 2156](#)

Xiao Baifeng immediately went to Imperial Concubine Lian to discuss this matter and arrange for Chen Xiang to meet with her.

Chen Xiang entered the secret room and instantly refined a portion of the medicinal ingredients into six Bone level Dan s. After that, he walked out of the room and found Huang Yantian and Huang Jintian roasting meat in the courtyard.

Huang Jintian really liked eating barbecue, so he had good cooking skills. At this moment, Chen Xiang smelled the fragrance of the barbecue and started to salivate.

"Bake more!" When Chen Xiang arrived at the courtyard, he immediately saw two piles of charcoal. Huang Jintian and Huang Yantian were roasting two whole cows each, and the cows were so big that they had no choice but to float.

Yang Tianyi laughed: "It's good that I'm together with them, it's good that it tastes good all day!"

Chen Xiang looked at Yue'er. Yue'er was currently staring with wide eyes at the two bullies, he never thought that this little thing would actually like to eat this kind of meat.

"This is the secret recipe for the Undead Divine Race's barbecue. I never thought that the two seniors have mastered it!" Yue'er giggled, "I didn't think that I would be able to eat this kind of roast meat for so long."

"How fragrant!" Xiao Baifeng praised when she returned, with a warm smile on her face, as if she had gradually liked this kind of liveliness, and smiled at others more.

Chen Xiang asked: "How's the situation with the Imperial Concubine Lian?"

Xiao Baifeng picked Yue'er up, nodded, and said, "It's already been arranged, it's still early, after we finish eating, I'll bring you to find her!"

At this time, it was almost dusk. After Chen Xiang and Chen Xiang ate their fill, they went to find Imperial Concubine Lian.

The Imperial Concubine Lian's house was not big, but the inside was exquisite and elegant. Chen Xiang heard from Xiao Baifeng that the house originally belonged to the Ming Prince, but the Ming Prince wanted a big house, so the Imperial Concubine Lian had exchanged places with him.

As Chen Xiang sat in the hall, he was a little nervous. After all, he was the one who had severely injured his son.

Imperial Concubine Lian walked out, as did her daughter, Xiao Jin'er!

Xiao Jin'er was as tall as the Imperial Concubine Lian, and wore the same red dress. Both of them had the same charming phoenix eyes, and looked very much like twin sisters!

Previously, Huang Jintian and the others had said that this Undead Heaven Spirit could form his own Spirit Embryo. After the Spirit Embryo grew, it would look very similar to that of the Undead Heaven Spirit.

The one walking in front was the Imperial Concubine Lian. Chen Xiang could tell with a glance, that the Imperial Concubine Lian's charming and seductive face was filled with an ice-cold expression.

The Xiao Jin'er behind her was very different from her. Even though she also had a charming face, she was actually very shy, and slightly lowered her head, not daring to look at Chen Xiang. When she raised her head to look at Chen Xiang, she discovered that Chen Xiang was looking at her.

"My son is dead. You should be happy now!" Imperial Concubine Lian said coldly after he sat down.

"This... I'm so sorry!" Chen Xiang never thought that the Ming Prince would actually die, this caught him off guard, he had initially thought of how to converse with him, to resolve this conflict.

At the same time, he felt that this matter was rather suspicious. Although his attacks were heavy, the Ming Prince was not a mortal either. At most, he would only be bedridden for three to five years.

"Imperial Concubine Lian, is this true? "Why haven't I heard of it?" Xiao Baifeng also did not expect this.

"He died not long after you came to find me." Imperial Concubine Lian snorted, "Looks like the enmity between us can no longer be resolved!"

Chen Xiang suddenly understood that this Imperial Concubine Lian must have tried to kill him after he found her! Although Imperial Concubine Lian was cold and his face was filled with anger, he was not sad at all, not like his dead son at all. But he couldn't understand why the Imperial Concubine Lian would do such a thing. Could it be that they didn't want to settle the dispute with him?

Even if the enmity between us cannot be resolved, the gift that I have prepared will still be given to the Imperial Concubine Lian. Chen Xiang took out a jade box and handed it over to Imperial Concubine Lian. Imperial Concubine Lian did not take it, but placed it beside her table.

"Elder Sister Bai Feng, let's go!" Chen Xiang saw that there was no room for discussion, and did not plan to waste time.

"Wait a minute, you killed my son, are you planning to end it like this?" Imperial Concubine Lian stood up, his eyes full of killing intent.

"Then what do you want?" Xiao Baifeng asked coldly, she was extremely protective of Chen Xiang.

"I want him to compensate a son of mine!" Imperial Concubine Lian sneered: "If you can't compensate, then become my son!"

"Wishful thinking!" Xiao Baifeng pulled Chen Xiang along: "Let's go!"

Imperial Concubine Lian immediately stopped them, "What? Didn't you say earlier that you wanted to dissolve the hatred between us? Now I will give you a chance. Just be my son and you will be cured! Of course, you won't lose out. I'm just letting you marry my daughter. "

"Mother ..." Xiao Jin'er was shocked, her face turning even redder.

Xiao Baifeng and Chen Xiang were shocked again, they never thought that Imperial Concubine Lian would have such a good plan. Previously, when she said that her son died, it caught Chen Xiang and Xiao Baifeng off guard, and even made them hate Chen Xiang, but now, she wanted Chen Xiang to take her daughter as compensation.

"Jin'er, don't talk!" Imperial Concubine Lian scolded her lightly.

"Are you willing? That way, I will be your mother-in-law, and all the hatred between us will be gone as well! " Imperial Concubine Lian's ice-cold face had already disappeared, what came next was a charming smile: "You really aren't losing anything, my daughter is not bad at all!"

"I already have a wife, and there's more than one. If your daughter wants to be my woman, she'll probably be ranked very far away. Are you willing to let her suffer this injustice?" Chen Xiang also wore a smile on his face, because this Imperial Concubine Lian didn't intend to turn hostile with him. He merely wanted to rope him in as much as possible.

Xiao Baifeng had heard a lot about Chen Xiang from Huang Jintian not long ago, but when she thought about it, she felt that it was normal. In this kind of environment, for Chen Xiang, this kind of terrifying Alchemist, to have many women was nothing strange.

"I'm fine with it, but you just need to take care of Jin'er in the future. You can't let her suffer even the slightest bit." Imperial Concubine Lian directly said without even thinking.

"Mother ... "I don't agree!" Xiao Jin'er immediately shook his head: "I don't like him!"

Chen Xiang looked at the charming Xiao Jin'er, and laughed: "Don't worry, I'm not sure if I want you or not! However, your mother did it for your own good. I hope that you will have a good home to return to! "

"Imperial Concubine Lian, don't worry, I don't need to marry your Jin'er. I have a lot of women by my side, I don't need one of them! I promised to take care of her. " Chen Xiang felt that there was no pressure, he just threw her into the Hundreds of Flowers Village and passed her to Lv Qilian and the others.

"Imperial Concubine Lian, why are you so anxious to shake your daughter off? What's going to happen?" Xiao Baifeng asked, she could tell this.

[Chapter 2157](#)

The Imperial Concubine Lian frowned. Then, taking the jade case that Chen Xiang had gifted her, he pulled Xiao Jin'er along as he led him and into a private room.

"What are you trying to do?" Chen Xiang asked.

"You are Chen Xiang, right?!" Imperial Concubine Lian asked directly after entering the secret room.

Chen Xiang was startled, but Xiao Baifeng looked at him with a surprised expression. Xiao Baifeng had heard of the name Chen Xiang before, so a legend about Chen Xiang suddenly popped up.

"Shen Fei... Chen Xiang! " Xiao Baifeng frowned, "Are you really Chen Xiang?"

"Yes, I'm not hiding this from you. This is a long story!" Chen Xiang felt his head hurt, and he secretly chided Xiao Yulan in his heart. He actually told the Imperial Concubine Lian about his matter, "Did Xiao Yulan tell you this?"

"No, I guessed it!" The Imperial Concubine Lian smiled charmingly, poured two cups of tea and passed it to Chen Xiang and the others, hinting them to sit down: "I didn't think that Yulan would know about this, it seems like you and her had a secret conversation! Of course, I don't care about the things between you two. After you kill my son, I want you to compensate me and take good care of Jin'er! "

"One, I didn't kill your son. Two, it wasn't your son!" Chen Xiang laughed: "Don't not admit it, with this kind of method, you can't hide it from me."

"But don't worry, I have something I need your help with now, so I will take good care of Jin'er! I just don't understand, you're doing pretty well in this Jade Cauldron Palace, there's no need for you to give your daughter to me, I'm going to leave this Divine Cauldron Nation in the future. "

Imperial Concubine Lian let out a faint sigh, "Don't think that a simple competition can decide the birth of the throne! You left the Divine Cauldron Nation after the competition, right? At that time, bring Jin'er away, I am very sure that after the competition, there will be a great battle! "

Xiao Baifeng frowned: "Didn't they say that the competition to decide which side has more Great National Master? So who will be the one to be the Divine Lord?"

"It was originally like this, but something happened later on, because after becoming a Divine Lord, the benefits received were too many, causing some Great National Master to have no choice but to join!" Imperial Concubine Lian said: "The other Divine Nations are the same! I think that the old Divine Lord did it on purpose. After the Nine Gods Nation left, he actually left behind a huge treasure deposit, all for the sake of making the battle even more intense! "

"According to the Divine Lord, the more powerful the battle for their children, the more stable the new Divine Lord will be."

Chen Xiang nodded his head: "This is a matter of your Divine Cauldron Nation, it doesn't have much to do with me! I can promise you that I will bring Jin'er back to the Nine Heaven World and take care of her! "

"But, you have to promise me one thing, I have some questions to ask you ..." Just the two of us! " Chen Xiang looked at Xiao Jin'er and Xiao Baifeng.

After Xiao Baifeng found out about Chen Xiang's identity, she and Xiao Jin'er still felt that Chen Xiang was very mysterious so they both walked out of the secret room.

"Go ahead!" Imperial Concubine Lian smiled, it was a very charming smile, and he wondered if she was trying to seduce Chen Xiang.

"Do you have some sort of deal with the Divine Cauldron Supreme Lord? Also, that Ming Prince is not your son! " Chen Xiang asked.

"Ming Prince is indeed not my son! Divine Cauldron Supreme Lord and I do have a deal, and he and I only have the name of husband and wife, and not the real deal! " Imperial Concubine Lian nodded his head: "You are as powerful as the rumors say, to be able to see through so many things so quickly, have you been paying attention to me this entire time?"

Imperial Concubine Lian lifted her hair and looked at Chen Xiang with alluring eyes, then laughed softly: "You can't have fallen for me, right? "Little guy!"

"Cough, cough!" Chen Xiang coughed a few times: "Let's get down to business. What kind of deal do you have with Divine Cauldron Supreme Lord?"

"Why do you care?" Imperial Concubine Lian chuckled: "You should answer my previous question, are you interested in me?"

"If you are willing to obey me, I will reluctantly accept you!" Chen Xiang laughed: "You are a stronger woman, of course you would look down on me, a little fellow who isn't even a god!"

"Oh? You aren't even in the realm of the Supreme God yet, but you're still able to cripple Ming Prince. If you had the realm of the Supreme God, wouldn't you be done for? " Imperial Concubine Lian approached Chen Xiang, teasing him with the ends of her hair: "You have a lot of potential! If he is able to stand shoulder to shoulder with the Prince Ping now, he will definitely surpass him in the future! "

Fortunately, Chen Xiang already had a lot of experience dealing with this kind of spirit.

"Alright, I'm interested in you. For a demoness like you, it's hard to not be interested in you!" Chen Xiang laughed, and also extended his hand to touch Imperial Concubine Lian's jade face, seeing Chen Xiang touching her, her smile became even more enchanting.

Just as Chen Xiang was satisfied with his touch, Imperial Concubine Lian opened his hands playfully and sat opposite him, giggling.

"Right now, the Divine Cauldron Supreme Lord has given up this Divine Nations for the sake of pursuing longevity. The deal between him and I is to tell him a clue to longevity, and then let him accept me as his concubine. That way, I can avoid being chased by my enemies! I gave birth to Jin'er back then, and I also found out that it was a very powerful force. In order to get rid of that force, I could only do this! Later on, Divine Cauldron Supreme Lord helped me destroy that power. " Imperial Concubine Lian sighed: "But it's different now, I have great strength, I could have left, but Yulan is good to me, mother and daughter, so no matter if she can win the throne or not, I have to fight side by side with her!"

Chen Xiang nodded.

"Don't you want to ask whose daughter Jin'er is?" Imperial Concubine Lian giggled.

"Your daughter!" Chen Xiang laughed.

"But I can only give birth to a daughter if I'm a man. Do you want to know who her father is?" Imperial Concubine Lian laughed: "If you want to get to me, you have to eliminate Jin'er's biological father first!"

Chen Xiang drank a cup of tea she poured and praised: "It's so fragrant! Jin'er doesn't have a father, she is only your daughter. If my guess isn't wrong, you should be the Undead Heaven Spirit, right?"

Imperial Concubine Lian, who was happily teasing Chen Xiang before, was now stunned. She did not expect Chen Xiang to know her big secret! Only she knew this secret. She didn't even tell her daughter.

"You ... How do you know?" Imperial Concubine Lian was stunned for a moment, and then asked in astonishment.

"How long has it been since you last returned to the Star Law Divine Realm?" Chen Xiang asked.

I was born from a Undead Heaven Spirit, a second generation Heavenly Spirit! My mother has already died. After she gave birth to me, she never brought me back, and I also know that I am from the Undead Divine Race. My mother also often told me about the various affairs of the Undead Divine Race. The Imperial Concubine Lian sighed: "If you knew about the matter of the Undead Divine Race, you should have known that she couldn't pass through that kind of calamity and die. Although she has already been reborn, I might not be able to find her."

"The Undead Divine Race has been destroyed! Right now, the other clan members of the Undead Divine Race are all searching for the Undead Heaven Spirit. Chen Xiang said: "You have never gone back, and I wonder if you still care about the Undead Divine Race!"

"This... The entire clan was actually exterminated! " Imperial Concubine Lian was very shocked by this. "I told Divine Cauldron Supreme Lord that his path of longevity lies with Star Law Divine Realm, if he goes now ... Didn't we fail? "

## [Chapter 2158](#)

When Chen Xiang heard Imperial Concubine Lian mention the conditions for the Divine Cauldron Supreme Lord's exchange and his longevity, he was sure that the Imperial Concubine Lian would use the Undead Divine Race's secret method to exchange them.

"You don't have to worry, he went there to find out about some matters regarding the Undead Divine Race, he will definitely understand you!" Chen Xiang said: "There are two seniors from the Undead Divine Race right here. Whether you want to meet them or not, they have only come to tell you about the matters concerning the Undead Divine Race, and do not necessarily have to force you to return."

"It's not that I don't want to return, it's that you should know about the situation here. Yu Lan needs my help! Furthermore, the Undead Divine Race must have been destroyed by a powerful force because there's no point in going back now. When they find even more Undead Heaven Spirit and Undying Battle Gods, I will leave with them. " Imperial Concubine Lian sighed. Although she had never returned to Undead Divine Race, she had been taught since young to love and cherish her clan. That was her roots.

Now that she knew that such a situation had occurred in Undead Divine Race, she also felt an indescribable pain in her heart!

"If you don't believe it, ask them! Don't try to win them over. They are mine and they have power to rely on. They will be doing great things in the future. " Chen Xiang curled his lips: "The person who kidnapped my wife, was you!"

"Well... I'm sorry! I didn't expect you to be so capable, no wonder you look down on my Jin'er ... You don't even put him in your eyes. " Imperial Concubine Lian pursed her lips, her face carrying a trace of bitterness as she spoke in a pitiful manner.

"I have always been a very capable person, alright? I told you before that if your Jin'er wanted to marry me, he would have to be ranked very far away." Chen Xiang laughed: "Imperial Concubine Lian, you took away my wife, now it's your turn to apologize to me!"

"How do you want them to apologize?" Imperial Concubine Lian squinted her charming phoenix eyes, carrying a shallow and charming smile, her gentle voice made people go soft, she was currently displaying her charming charm to her heart's content to tease Chen Xiang.

However, Chen Xiang did not accept her, and directly handed her a piece of paper: "Can you help me buy these few sets of medicinal ingredients? If there were, then there would have to be more! Elder Sister Bai Feng shouldn't be as well-connected as you are, so she won't be able to get her hands on it. "

"Heh heh, you unromantic brat." Imperial Concubine Lian spat a few times before taking the paper and saying with a frown: "I have heard of these divine medicines, but they are all very expensive!"

"Help me buy the Shen Yuan stone. I'll give it to you after you buy it. I don't have that many on me right now, so I need to go sell some of them." Chen Xiang said: "How much does this portion cost?"

"Ten billion Shen Yuan stone s, the least! Don't worry, I won't scam your Shen Yuan stone. " Imperial Concubine Lian stuck out her tongue adorably and laughed: "You, are you planning to refine some kind of powerful divine pellet again? Is there any part of me when the time comes? "

"You're not my woman, of course you're not my woman!" Chen Xiang snickered.

"Then wouldn't I have to be a woman? Do you want me? " Imperial Concubine Lian's eyes moved about, her beautiful eyes flashed, looking straight at Chen Xiang with an extremely captivating gaze.

"I have to consult Xianxian and Elder Sister Meng'er ... Now that I can't see them, if you want to be my woman, you can ask them if they are willing. If they are willing, then forget about you, I'll take your daughter as well. " Chen Xiang smirked: "It seems like both of you have never been nourished by a man before!"

"You're really bad!" The Imperial Concubine Lian chuckled, "I'll go find your wife later and tell them that you have an ulterior motive towards us. See how they plan to take care of you."

Chen Xiang and Imperial Concubine Lian walked out of the secret room, and they had a very pleasant conversation. When Xiao Jin'er saw that Chen Xiang and Imperial Concubine Lian had walked out, he felt like they were good friends.

"Imperial Concubine Lian, we will be taking our leave. If you don't have enough of those pills, just say hello to me." Chen Xiang said with a smile, then left the Imperial Concubine Lian Palace with Xiao Baifeng.

## [Chapter 2159](#)

Inside the carriage, Xiao Baifeng looked at Chen Xiang with a strange gaze. Although she already knew Chen Xiang's true identity, Chen Xiang still gave her a very mysterious feeling, especially the secret conversations he had with Xiao Yulan, Imperial Concubine Lian, and Xiao Ping, which made her feel that Chen Xiang was hiding many things from her.

After being a female servant for so many years, she naturally understood that there were some things that she did not know.

"You are truly a resourceful person. The princess and the Imperial Concubine Lian are all obedient to you, especially the Imperial Concubine Lian. If someone told you that they wanted to give their daughter to you, no one would believe it." What Xiao Baifeng said was the truth, she admired Chen Xiang a lot right now.

Chen Xiang smiled lightly: "Without some tricks, how would I dare trespass into this Imperial Nine Palace? Elder Sister Bai Feng, I know you are curious about a lot of things, but you don't have to worry.

"I'm just curious. It doesn't matter whether I know or not! To be honest, I do not wish for such a great battle to occur among the Divine Cauldron Nation, to always have a new Divine Lord, and this Divine Cauldron Nation will definitely lose a lot of strength." Xiao Baifeng said in a dejected tone, because she was a female servant by Xiao Yulan's side, she would definitely fight alongside Xiao Yulan at that time. She was not afraid of death, she just did not want to die like this.

"Not necessarily, Imperial Concubine Lian was just worried that the worst would happen, she did not want Jin'er to implicate her! "If you're afraid, I'll take you with me when the time comes. If I say it out loud, your princess will definitely agree to it." Chen Xiang laughed: "You can come back in the future."

"I don't want to run away before the battle, the princess is my benefactor!" Xiao Baifeng shook his head.

"Do you think that with your current strength, you will be of any help to your princess? If your cultivation is at the same level as the Imperial Concubine Lian, you won't be able to help at all. I think your Princess would definitely want you to leave." Chen Xiang said.

He knew that Xiao Yulan still had one more trump card, that is, to repair that mysterious cauldron well.

Inside Xiao Baifeng's house, sat a few people. Other than Huang Jintian, Huang Yantian and Yang Tianyi, there was also a young man, and that man was Prince Xiao Ping! His old follower was standing behind him.

Chen Xiang was a little surprised that Xiao Ping would actually come.

Huang Jintian and the others were also chatting with Xiao Ping. This pair of crazy brothers had lived for god knows how many years, had seen a lot, and had a lot of things to talk about.

"Your master and the others are truly amazing. No wonder they were able to bring up such a great disciple like you." When Xiao Ping saw Chen Xiang, he immediately stood up and laughed.

Chen Xiang only smiled, and then said: "Speak from inside!"

After all, Chen Xiang's master and seniors were all here, so it was somewhat impolite. However, when Chen Xiang returned, not only did he not greet his own master, he did not even put his own master in his eyes at all.

"Prince Ping, hurry up!" Chen Xiang was already at the door of a room.

Xiao Ping politely said to Huang Jintian and the others that he wanted to accompany them for a while, and then walked into that room. He now understood that Chen Xiang and his master were both very casual people, and did not care about etiquette at all. From this, he could tell that Chen Xiang and Huang Jintian's relationship was extremely deep.

"I have something important to do!" Chen Xiang asked after seeing Xiao Ping lay down the barrier.

"It is more important. I have received news that after the Large Competition, all the powers will start fighting!" I never thought that our Divine Cauldron Nation would be like the other Divine Nations in the end. " Xiao Ping sighed, "At that time, we will be fighting at the very front of the pill refining competition. After the competition is over, we will have to wait a few days to finish everything! If you're worried that you won't make it in time and that you won't get involved in this dispute, you'd better leave now! "

"There's no time to leave until the competition is over!" Chen Xiang also wanted to compete with Xiao Ping again: "I've already done quite a few preparations for this!"

"But don't worry. When the time comes, I will definitely not let them harm you. I am neutral. It's fine to protect myself." Xiao Ping patted Chen Xiang's shoulder, and laughed: "Then from now on, you should be at ease in your preparations. Moreover, when the time comes, you must use all of your strength.

"I've already planned to do that! You better prepare yourself. When the time comes, don't get humiliated and become angry because you are jealous of me. Then, you will become enemies with me! " Chen Xiang laughed out loud, "I have always been a very ruthless person when it comes to beating other people's heart, I will not show any mercy!"

"Don't worry about this, I've already been hit hard by you once!" Xiao Ping also laughed loudly. Last time he saw Chen Xiang refine Bone level Dan, it was indeed like that.

Chen Xiang and Xiao Ping walked out of the room. After Xiao Ping and Huang Jintian bid their farewell, they hurriedly left with their old follower.

The Imperial Nine Palace was going to fight, but not many people knew, only the higher ups knew!

Chen Xiang was more worried about Xue Xianxian and the others, if they wanted to repair that cauldron, it would not be that fast. However, they were going to start fighting right now, which would definitely catch Xiao Yulan off guard.

"Elder Sister Bai Feng, bring my master and the others to see Imperial Concubine Lian. I will refine pills!" Chen Xiang planned to help Xiao Baifeng refine another two batches of Bone level Dan.

"Just take this guy with you. Old Yang and I are here." Huang Jintian yawned: "When are you coming back? I'm preparing the barbecue! "

"He'll be back soon." Just now, Chen Xiang had already sent a sound transmission to him and Huang Jintian, and had already confirmed that the Imperial Concubine Lian was indeed the Undead Heaven Spirit.

Xiao Baifeng didn't know why Huang Yantian wanted to see the Imperial Concubine Lian, but since Chen Xiang called it that, there must be a reason. Furthermore, Huang Yantian knew how to fortune telling, she felt that the Imperial Concubine Lian must be something important.

After Huang Yantian and Xiao Baifeng left, Yue'er hurriedly asked, "It seems like a lot of things have happened.

Chen Xiang nodded his head: "The Imperial Nine Palace is about to start, after the competition, I never expected that! Originally, I had thought that the Imperial Nine Palace would be different from the masses! "

"Why did they suddenly start fighting? Do you know why? " Huang Jintian asked: "Previously I said it was wrong, but now I suddenly said it was wrong, there must be a reason behind it."

"Because the nine Divine Lords left behind a huge treasure trove, only those who have obtained the position of Emperor can obtain clues to the treasure trove. This news was just released a moment ago, so even the powerful Great National Master joined! Those Great National Master should be very clear about what's precious inside the treasure deposit. " Chen Xiang said.

"A treasure!" Huang Jintian's eyes immediately lit up, and laughed: "Seems like I need to stay here for a long time!"

Yue'er smiled sweetly: "Second Master Huang, out of the nine Divine Nations, there are nine treasures. Which one can you go to?"

"Little thing, quickly call me grandpa!" I am the big brother, that bastard is the younger brother, he is the second master. " Huang Jintian immediately shouted at Yue'er.

### [Chapter 2160](#)

Yue'er flew to Chen Xiang's palm, giggled, and said: "Second Master Huang, it's enough! Huang Yantian is a little older than you, and both of you are fortune-tellers. You two would definitely be able to figure it out. "

"Hmph, I only broke my shell a bit later than him, but I'm stronger than him, so what's wrong with me being the big brother?" Huang Jintian actually admitted that he was my little one, and he knew that Yue'er could see through it.

"You two brothers can just send us back when the time comes. You will be in charge of investigating the treasures of the nine Divine Lords. Once this little scoundrel becomes stronger in Nine Heaven World, you can go with him to devour the treasures." Yue'er smiled.

"If we can do it, we won't wait for you. We'll just take it." Huang Jintian also knew about Chen Xiang's methods. If it was really difficult to get hold of, they wouldn't dare take the risk.

Yang Tianyi laughed: "It's already very difficult to find the treasures of the Divine Lord, let alone take them away."

"I'm going to forge pills, continue chatting!" When Chen Xiang arrived at the underground secret room, he estimated the quality of the Bone level Dan that Xiao Baifeng had said he needed and then began to refine it.

Xiao Baifeng still needed low ranked Bone level Dan, but the quality had to be improved a little, thus requiring him to fuse a large number of Medicine aura s. Originally, he had to produce four pills in one furnace, but he controlled one now, and he had refined a total of five batches, which took two hours.

After Chen Xiang exited the secret room, he discovered that it was very quiet outside. He arrived at the courtyard, and only the smell of meat remained.

"Where are my master and the others?" Chen Xiang asked.

"They've left. You should have a message talisman to contact them, right? They said that they would send a message whenever they have something to do, and they're still in the Divine Tripod City." Yue Er said.

Xiao Baifeng brought over a big plate of roasted meat that she had just left for Chen Xiang.

"Elder Sister Bai Feng, you are so nice!" Chen Xiang giggled, then ate the delicious barbecue. Huang Yantian should have already discussed this with Imperial Concubine Lian, so he didn't plan to stay here any longer.

After Chen Xiang finished eating, he took out a small jade case and passed it to Xiao Baifeng. "Elder Sister Bai Feng, these are five Bone level Dan, they should be suitable for you to use now! Yue'er, you will guide Elder Sister Bai Feng to cultivate his Bones. I need to find Princess Yu Lan. "

"Yue Er? Can she? " Xiao Baifeng was a little surprised.

"She's amazing. Although she's just a cute little kitten, if she goes all out, she'll still get killed." Chen Xiang rubbed Yue'er's fluffy little belly, causing her to meow.

"Do you know the way?" Just as Xiao Baifeng finished asking, Chen Xiang had already walked out. She did not know that Chen Xiang had already gotten a very detailed map from the beginning.

Chen Xiang quickly arrived at Xiao Yulan's manor, and because he coincidentally encountered Xiao Hongque coming out from it, Xiao Hongque brought him in.

"I've already informed the princess that she will be coming out soon. You have to be patient, I still have things I need to do, so I can't wait on you anymore." Xiao Hongque smiled gently and sweetly at Chen Xiang. Because Chen Xiang had a good relationship with Xiao Baifeng and also obtained Xiao Yulan's acknowledgement, Xiao Hongque was very courteous to him as well.

"Sister Hongque is being too polite!" Chen Xiang replied with a smile.

Not long after Xiao Hongque left, Chen Xiang stood at the entrance and looked at the mountain not far away, which was where Xue Xianxian and the rest were.

Just then, Xiao Yulan walked out from a secret room. She saw Chen Xiang looking at the mountain with extreme concentration, and couldn't help but be shocked, she never expected Chen Xiang to know that Xue Xianxian and the rest were over there.

"How do you know?" Xiao Yulan asked. She was wearing a purple loose dress, and when she walked out, the fragrance was in the air, showing that she had just finished cultivating in the secret room and had even took a quick shower.

"Warm Moon and I have Master-servant Contract. As long as we get close, I can feel it." Chen Xiang sighed. It could be seen that he was extremely worried about Xue Xianxian and the others.

"I'm sorry!" Seeing Chen Xiang like this, Xiao Yulan said guiltily: "I really need their help!"

"I know. Is it convenient to talk here?" Chen Xiang looked around.

"Follow me!" Xiao Yulan brought Chen Xiang into her room. Chen Xiang sat on a comfortable chair and looked around, he wanted to see what Jade Cauldron Divine King's room looked like, so he could understand Xiao Yulan better.

"Do you always look around in other people's rooms like that?" Xiao Yulan smiled as he brought Chen Xiang something to drink. Although she was a princess, and a Jade Cauldron Divine King, she was still very polite to Chen Xiang. After all, Chen Xiang's wives had worked hard to do important things for her.

"Only your room." Chen Xiang laughed, then said with a stern face: "Princess Yu Lan, I know what you want my wife to do, are you going to repair that cauldron?"

Xiao Yulan was silent for a moment, then nodded: "How did you know? Only three people know about this. Me, Hongque, and Imperial Concubine Lian, were you told by Imperial Concubine Lian? I know you went to see Imperial Concubine Lian today! "

"No, it's Big Brother Canghai!" Chen Xiang said: "He deduced it, because he had heard about this cauldron before. Heavenly Divine Lord told him!"

"When this cauldron was damaged, it was completely destroyed. My father gave it to me that year and I took it out to play with it. Indeed, he saw it before. I didn't think that he would actually know about this as well." Xiao Yulan was a little puzzled: "How did Heavenly Divine Lord know? I thought only my royal father and I knew about this cauldron! And Hongque and Imperial Concubine Lian only knew that I was looking for someone to repair this cauldron. "

Xiao Yulan actually didn't know about the conflict between Divine Cauldron Supreme Lord s!

"Then how did you know to look for Xianxian and the others to fix it?" Chen Xiang was also very confused. If Xiao Yulan didn't know that this cauldron was related to the Heavenly Divine Lord, then how could she be sure that she would be able to find Xue Xianxian and the others to repair it?

"I told Imperial Concubine Lian to figure it out and she figured out which ones could be repaired before she headed towards Nine Heaven World." Xiao Yulan said.

This Imperial Concubine Lian was a second generation Heavenly Spirit, she was also nurtured by the Undead Heaven Spirit. Previously, Huang Jintian and the others said that if it was born from the Undead Heaven Spirit, it would be either the Undying Battle God or a Sky Spill Master! That Imperial Concubine Lian was clearly a Sky Spill Master!

That cauldron was actually damaged during the battle between Heavenly Divine Lord and your royal father. At that time, the Heavenly Divine Lord was filled with guilt, and after that, he devoted himself to

researching how to repair the cauldron, as well as gathering materials from all over. Furthermore, he recorded everything that happened in one of the books that I obtained and gave it to Xianxian and the others. Chen Xiang said: "In the past, the Heavenly Divine Lord already had the ability to repair it, but it was destroyed!"

Speaking of which, Chen Xiang recalled something else and said, "During the battle between Heavenly Divine Lord and your royal father, it was because his most powerful Heavenly magic sword was also damaged, so it was one of the reasons that caused the destruction of the Ninth Heaven's Divine Nations! Furthermore, your royal father was the only one who knew that his divine sword was damaged, and their relationship was not bad. They should not have done such a thing, at that time, the Heavenly Divine Lord was also going to help your royal father repair that cauldron. "

Following that, Chen Xiang told Xiao Yulan everything in detail.

"My royal father has never told me about such a thing!" After Xiao Yulan heard this, he was very surprised: "He only told me that everything was within this cauldron. He also said that as long as that cauldron can be repaired, I will definitely be able to control the Divine Cauldron Nation."

Even Xiao Yulan did not know about this, so all of this secret was hidden inside that cauldron!
