

## Dan God 2171

### [Chapter 2171](#)

"That's right, because only the King grade's divine medicine can possess a strong condensed energy crystal ... However, this little demon must have used some method to allow the Shangpin medicine's energy to continuously increase its evolution and break through its limits, forming a power that can condense crystals. " If Yue Er hadn't seen it with her own eyes, she wouldn't believe that Shangpin dan could crystallize either.

Xiang Hongdao was also aware of this fact. Previously, he wasn't sure, but after he ate one pellet, he was sure that the Tianhuo Dan had condensed into a crystal. On the other hand, Chen Xiang had almost succeeded.

"Although the divine pills you two have refined are far above the standard, you will still have to continue with the second round." Xiang Hongdao then announced the change in the quality of the Five elements Dan: "I am only going to refine one, its quality must reach 300."

Chen Xiang laughed: "Prince Ping, do you want to bet once more? If you win, then forget about the Divine Deity that you owe me."

Xiao Ping thought for a moment, then shook his head and laughed, "I think it's better not to bet. If I lose, wouldn't I have to give you another set of Divine Deity? I don't have much confidence in this Five elements Dan, so it's fine.

Chen Xiang refined Five elements Dan s were famous for it, he had previously refined many for Xiao Baifeng to sell, and Xiao Ping had even bought them to eat. Chen Xiang had previously sold them for mid-grade, but now, he was refining high-grade Five elements Dan, Xiao Ping felt that there was definitely no difference in Chen Xiang's eyes, thus he was not confident that he could win against Chen Xiang, and thus gave up.

"The time limit should be four hours. There shouldn't be any problems with the medicinal herbs." Xiang Hongdao took out a few medicinal ingredients and distributed them to them, which were the high-grade Five Elements Divine Fruits.

Chen Xiang and Xiao Ping felt that there were no problems, and Xiang Hongdao immediately announced the start of the battle.

It was only one pellet, and the quality requirement was 300, which was not difficult for him at all. Previously, he used this method frequently, so he could have refined a few pills, but in order to obtain a higher quality pellet, he compressed them into a pellet.

The furnace of Tianhuo Dan that Chen Xiang had refined just now had consumed a lot of his energy, so he planned to rest when refining this Five elements Dan, because there would definitely be a more difficult challenge later on.

He was, after all, a Third Rank Divine King, and had dozens of Divine Deity. The divine power inside the Divine Sense Sea was very vast, so this bit of consumption was simply nothing to him, and because of that, he felt even more strongly that there was a gap between him and Chen Xiang. If Chen Xiang had his current strength, he would definitely be able to create even more miracles.

Chen Xiang opened the pill furnace when the six hours had just passed. He could have completed it quickly, but he needed time to rest, which was why he purposely slowed it.

Because the rule was that he would refine one pellet, he and Xiao Ping did not refine any more. Right now, the Five elements Dan looked exactly the same.

This time Chen Xiang did not refine the little stones like he did before, it was only because he had consumed a lot of energy. If he was energetic, he would definitely use the Five elements Dan to try again.

"Three hundred and sixty." Xiao Ping tested out his superior Five elements Dan, and then made a "please" gesture, inviting Chen Xiang to also take the test.

"Three hundred and sixty as well." Chen Xiang laughed: "Looks like this is the limit of a High Rank Five elements Dan."

Xiao Ping shook his head. "If you had used your previous refining method, you would have definitely been able to surpass it."

"Maybe." Chen Xiang really wanted to try, but if he tried it, he estimated that he would need a day or two to recover.

"You have all passed. Next is the final test." Xiang Hongdao took out a table with three jade plates on it.

"Inside are all pill formulas. They are Heaven god fire Dan s, Bone level Dan s and Nine Yin and yang Dan s." Xiang Hongdao laughed: "You guys should be very familiar with these divine pellets by now."

Chen Xiang had all of these pill formulas, he felt that Xiang Hongdao definitely knew about this.

Hearing the Nine Yin and yang Dan, everyone began to discuss because this kind of divine pill did not exist. Although there were divine medicines, no one had ever succeeded.

"The princess gave him the Nine Yin and yang Dan's pill formula." Xiao Baifeng said: "But he believed it to be true, and believed it to be true. To this day, he has never succeeded."

Xiao Baifeng remembered that back then, he was extremely obsessed with her and he failed many times in a row without success. Furthermore, he made her purchase a few portions of Nine Yin and yang Dan's medicinal ingredients.

"If you take it out now, does that mean the Nine Yin and yang Dan exist?" The Imperial Concubine Lian asked in shock.

Xiao Baifeng shook her head, she did not know either.

"Master, isn't the Nine Yin and yang Dan unable to be refined?" It seemed like he didn't know what Xiang Hongdao was doing either, and he had definitely tried to refine the Nine Yin and yang Dan before as well, but he didn't succeed.

When Chen Xiang heard the name Nine Yin and yang Dan, he felt as if he had been possessed by a demon. Thinking back to his experiences of consecutively refining the Nine Yin and yang Dan and its

failures, an inexplicable impulse surged up in his heart and he wanted to try it right now, because the last time he finished refining the Nine Yin and yang Dan, he had no choice but to stop.

He believed that he could succeed, and he believed in the existence of the Nine Yin and yang Dan.

Xiang Hongdao looked at Chen Xiang who had sunk into deep thought and said: "I once succeeded in the existence of a Nine Yin and yang Dan, but I was unable to succeed again. At that time, I obtained the pill formula from somewhere else, and because I was unable to succeed again, I spread the formula."

Hearing his words, the crowd of Pill Gods started cursing. All the Pill Gods in Divine Cauldron Nation had been scammed by the Nine Yin and yang Dan, especially the explosion during the refining process, which had destroyed quite a few of their pill furnaces and wasted a lot of their time and energy.

"Master, then what are the rules for this stage?" He also felt it was strange when he saw what Chen Xiang was thinking.

"There are two choices for refining a divine pill from the recipe: one is to refine a Bone level Dan, and the other is to refine a Heaven god fire Dan. The refining process requires six pills, and the overall quality needs to reach 600, which can be completed in six hours. The other choice is to refine a Nine Yin and yang Dan, and as long as you can refine it, it will be fine."

Xiang Hongdao said seriously: "Ping'er, no matter which choice you make, as long as you can't reach it, you are no longer my disciple."

Xiao Ping nodded. "I will definitely do that. You will forever be my master."

"Please choose." Xiang Hongdao looked at Chen Xiang and Xiao Ping, "Don't worry, anyone of you can choose to be the first one to only refine Bone level Dan and Heaven god fire Dan.

Chen Xiang already had the pill formula, and Xiang Hongdao knew this, but he still took out the Nine Yin and yang Dan s. The purpose was to see if Chen Xiang and Xiao Ping had the guts to refine the Nine Yin and yang Dan.

"I choose the Bone level Dan and the Heaven god fire Dan." Xiao Ping said. He had tried to refine Nine Yin and yang Dan and even tried to refine hundreds of batches, but none of them succeeded, not even a tiny bit of success. Thus, he decisively chose to refine the one he was most familiar with.

"What about you?" Xiang Hongdao looked at Chen Xiang.

## [Chapter 2172](#)

"I choose the Nine Yin and yang Dan." Chen Xiang made a decision. He picked up the Nine Yin and yang Dan's jade tablet, and looked at the pill formulas inside. It was just like the one Xiao Baifeng had given him back then.

To actually choose a Nine Yin and yang Dan, everyone thought Chen Xiang was crazy, especially the Pill God who had failed multiple times above this. They felt that no matter how many times they tried to refine it, they would never succeed.

And what was even more incomprehensible to them was that Chen Xiang actually chose to leave the Bone level Dan s aside and chose the Nine Yin and yang Dan s on the rotten streets instead. This was what made them think that Chen Xiang was crazy.

Xiao Yulan used a veil to cover himself as he brought Xiao Hongque to the side of Xiao Baifeng and Imperial Concubine Lian, "Baifeng, what's wrong with him? Logically speaking, he should have chosen the other two pills."

"He has gone mad. Princess, after you gave me the Nine Yin and yang Dan's pill formula, he went into seclusion to refine many furnaces, but none of them succeeded. He even said that he was going to succeed soon." Xiao Baifeng shook his head.

Xiao Ping was not surprised at all. Even if Chen Xiang lost now, there would be no pressure at all. After all, he did not need to defeat Xiang Hongdao as his master.

"I have over a hundred sets of Nine Yin and yang Dan's divine medicine here. You can fail a hundred times, but you have to finish it within two days." Xiang Hongdao gave Chen Xiang a Storage bag. Inside, it was filled with Nine Yin and yang Dan's medicinal ingredients, and the quality was even the best.

Xiang Hongdao took it out now because he hoped that Chen Xiang would succeed, because Chen Xiang's method of refinement was different from his.

Chen Xiang nodded his head, took out his pill furnace and immediately began.

There were only two types of Nine Yin and yang Dan's medicine, and they were very common as well. However, their effects were not very good, and when they were not careful when refining they could easily cause a violent explosion.

It was because Three disasters destroy flower and merciful fruit were commonly seen, that people thought that Nine Yin and yang Dan did not exist. However, when Xiang Hongdao said that it did exist a moment ago, many Pill Gods started to doubt his words. They really wanted Xiang Hongdao to take out a Nine Yin and yang Dan.

When Chen Xiang refined them, he was able to find the Spirit blood of both sides. Furthermore, he did not need to use a strong spirit technique to even out the two Spirit blood, because the strength of the Spirit blood of the two divine medicines were originally of the same level.

The difficulty for Chen Xiang to not be able to break through was how to fuse the two Spirit blood. This seemed to be going against the laws of the Original source refining, because in the Original source refining, as long as he could find the Spirit blood and fuse it, the two divine medicines would fuse together.

Bang, from the start, Chen Xiang's pill furnace had exploded, causing everyone to immediately burst out laughing, because according to their guesses, refining Nine Yin and yang Dan, required a furnace explosion.

"What exactly is the reason behind the failure of these two divine medicine's Spirit blood to fuse together?" Chen Xiang continued to add in the divine medicine. From his new refining, he still had more than a hundred opportunities to try.

When he released the Dao heart Eye, he could not see anything, because the divine medicines that he had refined previously, although the Spirit blood looked different, but in the end, they were all able to fuse together. Only the Three disasters destroy flower and the merciful divine fruit could not.

"Don't tell me this isn't of the same origin?" Chen Xiang's Original source refining was based on the fact that all divine medicines were produced from the same source of power. No matter what kind of divine medicine it was, the Spirit blood was a cicada for all sorts of divine medicines. As long as one could find and fuse it, they could successfully fuse the divine medicines together.

Now that he had tried so many times, the Three disasters destroy flower and the merciful fruit could not even fuse together. Furthermore, when they fused together, they would produce a very strong repulsive force which would create a violent explosion.

Yue'er had said before that there were people in Star Law Divine Realm who would refine two kinds of pellets. After they made contact with the two divine pellets, they would produce a strong explosion that would form an attack.

Bang, another explosion occurred inside Chen Xiang's pill furnace, and it was even stronger this time, showing that it could fuse a little.

"Not even the Infinite refining." Chen Xiang sighed in his heart, "Could it be that I have to find a method from the Heavenly Alchemy? I wonder if that would be enough time."

"Since the world is so vast, and there are all kinds of miraculous medicinal herbs, it is unavoidable that I would have to face such problems in the future. If I can solve them now, that would be for the best."

After Chen Xiang failed for the second time, he did not continue, and even sat there with his eyes closed. He was recalling the various mental cultivation methods and chants of the Heavenly Alchemy, which contained various methods to form and dissolve energy, describing in detail the essence of all kinds of natural powers. As long as he could understand it clearly, he would be able to comprehend a method to solve the problem at hand.

Right now, he needed to find a way to fuse the two different types of energy from the Heavenly Alchemy.

Yin and Yang, fire and water, etc. all belong to two different forms, but they can often be fused in various ways. The powers of the various elements in the world are also like this, there are some that can only be compatible with each other, like life and death, life and death can cause death, and after death, reincarnation and rebirth, they are a kind of entangled form, while the males and females are also relative, but when fusing with each other, they can produce new life and death.

Chen Xiang saw the explanation of the form of the power and understood a little. He felt that he could not blindly let the Three disasters destroy flower and the merciful divine fruit fuse together in the usual way, but instead let them intertwine together in the proper way.

It was just like the Samsara of life and death, or how a male and female combined and gave birth to a living being.

"These two divine medicines are not fire and water. They might be male or female, or perhaps life and death. Yin and Yang can both represent life and death." Chen Xiang already had an idea, he planned to find a breakthrough point from the Nine Yin and yang Dan.

"What is Nine Defiances? There are nine reversals. This should be a reversals of life and death. Could it be that there is a nine out of ten chance of survival?" Chen Xiang thought for a moment, "How do I achieve a narrow escape from these two divine medicines, and fuse them together in a unique way?"

"The Three disasters destroy flower is dead, and disaster and destruction represent death. The merciful fruit is alive, so mercy should be shown to the dead, so I hope that I can live, three disasters, and represent three deaths. Then, how can I accomplish nine deaths? I need three Three disasters destroy flower, but that's not right. Chen Xiang thought for a while: "There is no mistake with the pill formula, it has been passed to the State Grandmaster in accordance with the formula."

He sat like this for half a day, while Xiao Ping had already finished, and all of them met Xiang Hongdao's requirements. Right now, he was also somewhat looking forward to Chen Xiang's success, he wanted to personally see how the Nine Yin and yang Dan looked like.

### [Chapter 2173](#)

The time limit was two days, but the crowd felt that Chen Xiang would not succeed. Seeing him sitting there without moving, they knew that he was thinking, and was definitely unable to continue.

What no one knew was that Chen Xiang had already made a great breakthrough, found the direction, and was just a little bit away from refining it.

"How can we let Three disasters destroy flower experience nine deaths? If it can be reborn after death, then it can be carried out three times. But the question is, how can it be carried out? " Chen Xiang continued to ponder, but just as he was pondering, a familiar scene appeared in his mind: the two Zhou brothers.

The brothers of the Zhou family knew how to control time, allowing the destroyed to return to its former glory!

The power of time could also be used on godly medicines. In the past, there had been people who had used the Time Laws to mature godly medicines. Of course, this could also cause them to regress!

"Does that mean I have to control the mysteries of time?" Chen Xiang's head started to hurt. This was the best method he could think of right now.

"No matter what, let's try the Pink Ash Three disasters destroy flower and see!" Chen Xiang, who had been deep in thought for a long time, finally began to refine pills. He placed the Three disasters destroy flower into the furnace alone and started to burn it.

"I would like to see what three disasters are. During the process of the Three disasters destroy flower being burned to death, it should experience three disasters on its own. This is equivalent to three deaths, and right now, it is required to experience nine of them." Chen Xiang set the flowers on fire.

In just a few moments, the Three disasters destroy flower was trembling violently. Chen Xiang immediately focused on observing, and realised that the flower inside the pill furnace seemed to be

wailing in pain, and its entire body was trembling, causing the fire inside the furnace to become even more berserk!

"It's a fire!" Chen Xiang used the Dao heart Eye to take a look, and was able to discern that those flames were not his own, but rather that the flames the Three disasters destroy flower had released.

After continuing for a while, the Three disasters destroy flower calmed down. Its color and shape had changed greatly!

"He was reborn after he died, and he became even stronger!" At this time, he was using the Bones of his left arm, causing the flames to become stronger. He was surprised to discover that after this Three disasters destroy flower was reborn, it had become even more resistant to flames.

He used the Dao heart Eye to look at it and was shocked in his heart. "It has changed, this is a water attribute, this flower contains a strong power of water, could the second calamity be a flood?"

Sure enough, just as he was guessing, when the Three disasters destroy flower was being burned by the intense flames, it actually shook violently, and released a very strong water attribute divine power! After coming in contact with Chen Xiang's flame, it released steam. Chen Xiang had no choice but to open the lid of the pill furnace, allowing the steam to come out.

Everyone was surprised to see this scene, because after Chen Xiang opened the lid, the blue mist came out continuously. In a few blinks of an eye, the entire plaza was filled with this blue mist.

Crash! \*

It rained heavily! Seeing that, Xiang Hongdao frowned, and immediately dispersed the blue mist, and the rain stopped! At this moment, he had a strange look of anticipation in his heart, because when he was refining the Nine Yin and yang Dan, a situation like this had also occurred. Chen Xiang was currently having the Three disasters destroy flower release the power of three disasters.

After the Three disasters destroy flower in the furnace released the power of the flood, it immediately changed into a white color, and was surrounded by electricity.

"Lightning disaster?" Chen Xiang was surprised again: "Didn't lightning strike first and then rain? Why is it that there's lightning after rain? "

Under the burning of his flames, the Three disasters destroy flower had already experienced rebirth twice. If it was burned down again this time, it would probably not be reborn, unless there was a way to rebirth the Three disasters destroy flower.

Now, Chen Xiang really wanted to know how Xiang Hongdao succeeded in the beginning.

Very quickly, the Three disasters destroy flower released the power of the third calamity. The interior of the pill furnace was filled with flashing lightning and rumbling thunder, which was extremely terrifying. After releasing the third calamity, the Three disasters destroy flower also disappeared from the pill furnace.

"It looks like I can only use the Alive Slain Method to revive the Three disasters destroy flower the instant it was exterminated!" Chen Xiang closed his eyes and secretly recalled the methods inside the Alive Slain Method.

"Take it. It should be useful to you. I don't plan on refining these anyway!" Xiao Ping gave Chen Xiang a Storage bag.

Chen Xiang looked inside, there were actually a hundred sets of Shangpin bone level Dan's divine medicines and a hundred sets of Heaven god fire Dan's divine medicines.

"Take care!" Xiao Ping knew that Chen Xiang was about to return to the Nine Heaven World, but this place would soon become filled with danger.

Chen Xiang walked off the stage and returned with Xiao Baifeng and Imperial Concubine Lian. Huang Jintian and the others also returned to prepare to leave.

Inside Xiao Baifeng's house, Xiao Yulan was already waiting for them there.

"Princess..." Xiao Baifeng's eyes became moist when she saw Xiao Yulan, because she wanted to leave with Chen Xiang but she couldn't bear to part with him. She also knew Xiao Yulan's predicament.

"Silly girl, don't cry! We will be fine in the future!" Xiao Yulan smiled gently, but a look of melancholy flashed past her eyes as she hugged Xiao Baifeng.

Xiao Baifeng then looked at Xiao Hongque, who was beside her: "Hongque, take good care of the princess, I will definitely come back in the future to help you!"

Because it was Xiao Yulan who ordered her to leave, she had no choice but to leave!

"I understand Elder Sister Bai Feng. When you return, you will definitely be stronger than me!" Xiao Hongque giggled at her, then looked towards Chen Xiang who was beside her.

Xiao Yulan and Xiao Hongque had seen Chen Xiang's performance when he was refining pills, so they were very confident that Xiao Baifeng would follow him. At the very least, they would not have to worry about him refining pills in the future.

"Baifeng, take good care of Jin'er for me." Although her face was filled with a charming and lovely smile, Chen Xiang could tell that she was also very reluctant to part with it.

Xiao Baifeng nodded.

"Don't worry about Imperial Concubine Lian. When we get to that place, there will be a lot of people looking after her. It's not like I haven't seen a silly girl like her before." Chen Xiang laughed and said: "If I can't continue staying here, I'll just go to the Nine Heaven World and find me. Since you are all beauties, I'll be happy to take you all in."

"Damn brat, let's go!" Imperial Concubine Lian giggled and stuck out his tongue: "Bring us to you, bring us to trouble you, don't blame us for it, you said that you would take us in."

Huang Jintian took out an array disc, smiled, and said: "This brat has caused more trouble than you, he's not afraid of the little trouble you guys have brought."

Huang Yantian activated the formation plate: "We are leaving, do you have anything else to say?"

Chen Xiang had already pulled Xiao Baifeng and stood on the array disc.

"Take care. If it doesn't work, we'll go find you." Xiao Yulan waved goodbye to Chen Xiang and the others.

"Let's go!" Huang Jintian and Huang Yantian activated the array disc at the same time, and then disappeared in front of Xiao Yulan and the others.

### [Chapter 2175](#)

"You're finally back, this place is still so friendly!" Huang Jintian stood on top of the array disc and controlled it to fly forward.

Yang Tianyi sucked in a deep breath, "The divine spirit energy here is close to the Super God Realm, it's a very good place.

"It's a familiar smell. I've stayed in this place for many years. At that time, I still didn't know anything about my clan." Huang Jintian thought back to the past and sighed.

Yue'er yawned in Xiao Baifeng's embrace. "We didn't go to Divine Cauldron Nation for very long. How much time has passed here?"

"A few dozen years!" Huang Yantian counted with his fingers.

"Master, you should go and find Gu Dongchen and the others! They need some pointers right now. " Chen Xiang laughed: "I want to bring those girls back."

"Alright, but don't forget to give us some good divine pellets! If you can still refine that Nine Yin and yang Dan, remember to send a few of them over for a taste. " Huang Jintian laughed.

"Of course, but you have to prepare the Shen Yuan stone, and prepare your own brothers to settle the score!" Chen Xiang laughed as he took out an array disc, and teleported from the array disc to Hundreds of Flowers Village with Xiao Baifeng.

The Hundreds of Flowers Village suddenly had spatial fluctuations, causing Lv Qilian and Long Huishan to immediately rush over to check it out, as this fluctuation could only be created by Chen Xiang's array disc.

Xiao Baifeng had long known that Chen Xiang was very amorous and that he had many women by his side, but she had thought that Chen Xiang was the same as the Divine Cauldron Supreme Lord, that he wanted any woman.

And now, Lv Qilian and Long Huishan, who were standing in front of Xiao Baifeng, gave her a strange feeling of pressure. She felt that although the two women before her weren't as strong as her, they gave her this kind of pressure, and she had felt this kind of pressure before, something that only the Divine Cauldron Supreme Lord had.

She suddenly felt that these two women were just Chen Xiang's friends, and not his women!

Liu Meng'er and the others immediately came out from the ring. Seeing this, Xiao Baifeng immediately understood that other than Xiao Jin'er, there were other girls in Chen Xiang's storage ring.

"We're all back. That's good!" Long Huishan caressed Dongfang Jing's pure face, then looked towards the bashful Xiao Jin'er: "Who is this little beauty?"

Long Huishan looked at Xiao Baifeng again, and then laughed: "Chen Xiang, I asked you to go and save them. Now, not only are you bringing Meng'er and the others back, you also brought two more women with you."

"Hey hey, they are only friends with me! And he's here to seek refuge. Let's go back to the house first." Chen Xiang curled his lips.

... ..

On the way, Xue Xianxian chattered about the reason why they were captured by Xiao Yulan, and then, he talked about the existence of the Hundreds of Flowers Village.

Xiao Baifeng finally understood the reason why Chen Xiang had entered the Jade Cauldron Palace. It seemed like it was to save Xue Xianxian and the others, and both he and Xiao Hongque knew about this. He also knew that the beautiful woman who told her about the past was Chen Xiang's official wife.

After knowing the existence of the Hundreds of Flowers Village, Xiao Baifeng gradually calmed down. This was a force formed of women, and the power behind it was Lv Qilian. She now understood why Chen Xiang was not afraid of him, because he had long gotten used to this kind of woman with the aura of an Emperor.

When he arrived at Lv Qilian's house, Chen Xiang had just sat down when Feng Yujie came over. When he saw Feng Yujie, Xiao Baifeng felt a little pressured, since Feng Yujie was after all, the Nine Heavens Goddess, and this Nine Heaven World was closely related to Feng Yujie.

Soon after, Lv Qilian and Jiu Hanrou arrived one after another. They could be said to be the stronger girls here, equivalent to a group of Great Leaders and Elders.

"The meeting is so boring. Let's go back!" When Xue Xianxian saw Lv Qilian and the others, he knew that they were about to hold a meeting.

Liu Meng'er laughed: "Qilian, then I'll go back first! Baifeng, you should stay here. They have something to discuss with you."

Xiao Baifeng nodded his head, they were women after all, and they were easy to talk about.

"Jin'er, let's go!" Dongfang Jing pulled Xiao Jin'er's small hand and followed Liu Meng'er and the others. They did not call Chen Xiang, and Yue'er was also carried away by Dongfang Jing.

"Are sister Meiyao and the rest free right now? I'll talk to them about refining pills." What he said was the truth, but Lv Qilian and the others thought that Chen Xiang was planning something bad.

Just as he finished speaking, Yan Zilan's voice came from outside the door. She smiled gently: "It's been eighty years and they're already free. Quickly go and find them, do you want me to lead the way?"

"No need!" Just as Chen Xiang's voice fell, he ran off into the distance.

... ..

Chen Xiang had long asked Su Meiyao where their pill refining team was located, and this Hundreds of Flowers Village was not that big either. He quickly found out that it was a villa beside a stone mountain, where a small river flowed past the Villa, allowing Chen Xiang to enter through the water route.

The moment he entered, he saw a lady in a purple dress soaking her feet by the side of the river. She was holding a book in her hands and was engrossed in reading.

The lady in purple was Su Meiyao, she was seriously reading the book, but her jade-like face was extremely charming, this was the first time Chen Xiang had ever seen someone as charming as her!

After so long, when he saw Su Meiyao once again, Chen Xiang couldn't help but recall the scenes when he met Su Meiyao at the foot of the mountain back then, as well as his various ambiguous feelings for him.

"It's sister Meiyao! I didn't expect to see her as soon as I entered! " Chen Xiang was secretly happy in his heart, and then quietly went behind Su Meiyao.

"Ha!" Chen Xiang suddenly roared, scaring Su Meiyao out of his wits, he almost fell into the river.

"Damn little scoundrel. You haven't seen me for so long, yet you want to scare me to death upon meeting me? I'll beat you to death!" Su Meiyao threw Chen Xiang onto the ground and started to smack him.

Chen Xiang let Su Meiyao beat her for a while, then suddenly hugged her tightly as he flipped his body, pressing her down to the ground.

"Kiss me!" Chen Xiang laughed.

"Bite you to death!" Su Meiyao charmingly laughed, her small mouth pouting sexy, causing Chen Xiang to be even more unable to hold back, and she kissed him.

Just as the two was kissing passionately, a coquettish laughter came out, it was Hua Xiangyue's laugh.

"Little Scoundrel is here, and he's still bullying our sister. Quickly come and hit her!" Hua Xiangyue was also a naturally born charming woman, like Su Meiyao. When Chen Xiang heard her voice, his bones couldn't help but go numb.

Seeing Hua Xiangyue flying over gently and releasing her, Chen Xiang stood up and laughed. She anxiously hugged Hua Xiangyue who had landed and pinched his waist, causing Hua Xiangyue to cry out charmingly.

"You little demoness who threw herself into my trap. Despite knowing that I'm a bad guy, you still came!" Chen Xiang laughed sinisterly. Just as she was about to do something to Hua Xiangyue, Su Meiyao, who was pushed down on the ground just now, suddenly kicked him in the abdomen, sending him flying into the river.

## [Chapter 2176](#)

Chen Xiang climbed out of the water, released some hot air to dry his clothes, and then laughed: "You two demon spirits, you two sure get along well! Did you miss me? "

Su Meiyao chuckled: "Who would miss a little scoundrel like you?"

Chen Xiang pinched her face and asked: Where's Qianqian? "She's concocting pills?"

"No, she said she wanted to go out for a walk with Youlan and the others." Hua Xiangyue charmingly laid on Chen Xiang's left shoulder and stuck to Chen Xiang: "Little Scoundrel, we haven't met for so long, shouldn't you do something?"

Chen Xiang laughed sinisterly: "You said it yourself!" Then, he looked at Su Meiyao. Su Meiyao had come into contact with his gaze that was filled with possession, and even though his face was red, he was not willing to be outdone, "You damned brat, watch how I'll take care of you."

Chen Xiang laughed loudly as he carried Hua Xiangyue on his shoulder. After that, he embraced Su Meiyao and quickly entered a room.

... ..

Afterwards, Chen Xiang laid on the bed happily, while Su Meiyao and Hua Xiangyue, these two beauties, also lied on his two sides, hugging his body.

"Little Scoundrel, what happened in Divine Nations this time?" She had long given her all to Chen Xiang, and she really wanted to give her everything as well. She wanted to give everything to Chen Xiang as soon as possible, so that she could finally get what she wanted.

"A lot of things have happened! I have also learned how to refine Shangpin dan and brought back quite a few divine medicines. Next, I will pass on to you the refining experience of Shangpin dan. " Chen Xiang hugged two beautiful girls, but his expression was extremely stern: "The Divine Nations is in a mess right now, they can't do anything to us, but once they calm down, they might join hands to fight against us, so we have to hurry and become stronger."

The sky had already brightened up, and they had been in a frenzy for an entire night. Su Meiyao finished dressing himself, and said with a chuckle: "You can start now, we don't want to become your burden!"

Hua Xiangyue laughed tenderly: "I'll call Qianqian back right now. Our pill refining team had been in closed door cultivation all day, and we only rested during this period of time."

After Hua Xiangyue took out the Communication jade Symbol paper, she slowly put on her clothes. She purposely dressed slowly because Chen Xiang was really staring at her.

"Not even dual cultivating?" Hua Xiangyue laughed, "If you don't dual cultivate, you can't condense those purple pearls to duplicate!"

Chen Xiang smirked: "I actually train together with you guys, but none of you are very free! Furthermore, that kind of purple pearl reproducing Shangpin medicine s is not very effective, you guys should let Big Sis Qilian think of a way to see if there are any breakthroughs in the Alive Slain Method. In short, I haven't cultivated for a long time! "

"Oh right, who is your pill refining team?"

"Du Yanyao, Ji Ling'er, Hong Xia, Qianqian, the two of us, as well as Sister Feng, are the big sisters." Su Meiyao said: "We have used decades of time and have finally cultivated to the state where our hearts

and minds are one. This way, when we are refining pills together, we will be able to achieve twice the results with half the effort."

Hua Xiangyue laughed: "Just like Meng'er and the rest who are working together to refine, we now have a very big pill furnace. The few of us can control it together, and even if it is more difficult to refine a pill, we can handle it."

"Compared to me, you guys are still far behind. Don't be complacent!" Chen Xiang laughed, he had improved a lot after coming back from the Divine Cauldron Nation.

"I don't believe you, you just went to the Divine Cauldron Nation a few days ago, but several decades have passed here. We have improved a lot in these few years, how can we not be able to beat you?" Su Meiyao pouted. "Don't intentionally brag to trick us, we aren't stupid."

Su Meiyao felt that this was also reasonable, because they had spent a lot more time than Chen Xiang. After a trip to the Divine Cauldron Nation, they had all entered the Supreme God Realm.

With regards to his beloved women, Chen Xiang didn't need to hide much from them. He giggled and took out a set of Bone level Dan's divine medicine.

"Do you know what this is?" Chen Xiang sat on the bed and asked with a smile.

"Of course I know of the Divine Flower of Bloodbone, the Seven Emotions and the Heavenly Muscle Grass! They were all low rank divine medicines used to refine Xiaping bone level Dan! Forget about this Xiaping bone level Dan, we had already refined Zhongpin bone level Dan s. Basically, all of us have one Bones and Sister Qilian and the others have even more. Su Meiyao stuck out his tongue: "What, do you think you're very strong just because you refined the Bone level Dan?"

Chen Xiang pinched Su Meiyao's charming jade face, and laughed: How many pills can you guys refine in one furnace?

"Six pills!" Hua Xiangyue gave a bland and charming smile, "You seem to also have six pellets right! Our team can already have six pills now. Although you have imparted the Heavenly Alchemy to us, it doesn't mean that we can't surpass you. We will now learn the 'Seven Souls Refinement' from the Heavenly Alchemy, which is also the integration of seven souls into our team. "

Just now, Chen Xiang had already known that the women's pill refining teams were respectively Feng Yujie, Su Meiyao, Wu Qianqian, Wu Qianqian, Hong Xia and Ji Ling'er!

Red Cloud and Ji Ling'er had only started to learn later on. At that time, they had acknowledged Feng Yujie as their mother and learned a lot. Her grandfather was also a very strong Alchemist. Now in the Nine Heaven School, and his disciple were the Nine Heaven School's Pill God.

Feng Yujie had obtained one of the Nine Divine Kings's inheritance of pill refining and had mastered many pill formulas, so now that the seven of them had become one, she became extremely formidable.

"Oh? If there's a chance, I'll have to see your seven souls refine it! " Chen Xiang grinned and said: "Do you want to see me refine six Bone level Dan?"

"Let's just watch and see. I really want to see how much stronger you are compared to us." Hua Xiangyue was a little unwilling, because they had worked hard these past few years. The reason the

village could improve so much was because of their pill refining, they felt that they would not lose to Chen Xiang, although they knew of Chen Xiang's pill refining abilities.

Just as Chen Xiang was about to start training, Feng Yujie's tender laughter came from outside, "The three of you have been playing for an entire night, are you still unwilling to come out?"

When Su Meiyao and Hua Xiangyue heard it, they couldn't help but blush slightly and walk out of the bed, opening the door.

The door was wide open, and Chen Xiang was not wearing any clothes, so he was still holding onto the Bone level Dan's divine medicine.

Chen Xiang opened the door wide and saw Wu Qianqian, and beside Wu Qianqian was a noble and mature beautiful woman, she was cold and looked extremely handsome, as if she was the kind of woman who had a strong and explosive personality.

"Yanyao!" Chen Xiang could not help but shout out, "Long time no see!"

When Du Yanyao saw this, he could not help but burst out laughing, because Chen Xiang had not put on his clothes yet. After becoming sworn sisters with Yan Zilan, she had become more and more cheerful. However, when she wasn't laughing, she was still quite domineering.

#### [Chapter 2177](#)

"Hehe, you guys are too obsessed with alchemy. You actually talked about alchemy when you were doing that kind of thing." A girl in a yellow dress walked in. Seeing her beautiful face, Chen Xiang immediately recognized her as Ji Ling'er.

"Another demoness!" When he had known Ji Ling'er all those years ago, Ji Ling'er had once seduced him with a very dubious method.

At this time, Chen Xiang used a quilt to cover an important part of himself. Then, a lady in red walked in and smiled charmingly: "Chen Xiang, don't you remember what happened when we were in the bathroom?"

"Red clouds, Ling'er!" You are Sister Feng's goddaughter now... "Restrain yourself a bit." Chen Xiang teased: "Sister Feng is already mine."

Feng Yujie shouted from outside: "Hurry up and come out, don't be so obedient, it's just some stuff, what's there to block."

"I want to take a bath!" Chen Xiang saw Feng Yujie walking in, and saw the playful smile on her face, and changed her words: "Fine, wait a while before washing!"

Chen Xiang put on his clothes and walked to the great hall. He sat between Du Yanyao and himself and laughed: "Qianqian, Yanyao! I just said that sister Meiyao's and Xiang Yue's pill refining skills couldn't compare to mine, they were very unconvinced, and said that you guys had developed some extremely powerful Seven Souls Refinement method. "

Du Yanyao's eyes moved about, and he chuckled: "The refinement of the seven spirits is truly powerful, but you cannot learn this method, because it requires seven people! Speaking of our alchemy techniques, I believe that we are not inferior to you. "

Chen Xiang took out the Bone level Dan's divine medicine and laughed: "Let's have a competition right now to see who can refine the Bone level Dan the fastest and best!"

Chen Xiang looked at Feng Yujie. Feng Yujie was the eldest sister, so she must definitely be the best at concocting pills.

"We have put in so much effort, we will definitely not be weaker than you. Let's just compete!" She had also fought with Chen Xiang before, but had never won against him.

The seven women were all very serious and immediately took out their pill furnaces. They took out the Bone level Dan's divine medicine.

"Let me explain first. You can't hate me after losing, you can't hit me." Chen Xiang laughed.

"Are we that petty? On the other hand, if you lose, don't lose your temper. " Wu Qianqian smiled gently: "If you are truly stronger than us, then we should be happy!"

Chen Xiang pinched her face. Being caressed so intimately by Chen Xiang in front of so many people, Wu Qianqian's face suddenly turned red.

Du Yanyao said seriously: "Chen Xiang, many years, I have not seen you concoct pills with my own eyes! "When I thought about the first time I saw you concoct pills, I was extremely shocked. I hope that this time, you will be able to broaden my horizons."

Chen Xiang giggled, "Yanyao, the first time you saw me refining a pellet, it should have been when I was poisoned.

Of course, Du Yanyao remembered this. She looked at Chen Xiang with a red face, but Chen Xiang did not continue.

"Let's begin!" Chen Xiang coughed dryly and said.

When the girls saw that he had not taken out the pill furnace, they thought that he wanted to use the Magic method furnaces. They had also used the Magic method furnaces before, but they didn't know how to use them as well as Chen Xiang.

"You will lose for sure!" Su Meiyao was extremely confident as he inspected the divine medicine.

Just as they were about to put the spirit medicine into the furnace, they suddenly felt a terrifying Flame power from the side, they immediately looked over, only to see Chen Xiang's eyes shooting out two rays of light, which struck the spirit medicine in his hand.

The divine medicine was instantly refined, forming a ball of mist. It quickly merged, then divided into six parts. Finally, the pill was formed. This happened in a single breath, as if it had all happened in an instant.

"Haha, you must be scared silly!" Chen Xiang laughed.

The seven women were indeed scared silly as they stared at the six Bone level Dan s in Chen Xiang's palms in a daze. The speed at which they refined pellets was simply unimaginable, it wasn't that they didn't think about it, it was just that they felt it was impossible! Even if they were refining low level pills, they couldn't do so so quickly.

"This doesn't look like a technique from the Heavenly Alchemy!" Wu Qianqian, who was beside him, saw the most clearly: "But there is a Original source refining."

Chen Xiang laughed: "Indeed not, it's a method that I created myself! So I can't teach you guys. "

"You are so formidable, yet you want us to compete with you? You are bullying us!" Su Meiyao pouted and kept the pill furnace and divine medicine, "Little Scoundrel, you're getting more and more amazing."

"That's true, but no matter what, I was taught to me by sister Meiyao." Chen Xiang laughed and then suddenly became serious. He took out the Tianhuo Dan's, Heaven god fire Dan's and Nine Yin and yang Dan's divine medicine.

When Feng Yujie saw it, he immediately said: "It's the Tianhuo Dan's divine medicine, I don't know about the other one!"

"Amongst them, Tianhuo Dan s and their pill formulas are relatively common in the Divine Nations. Especially Nine Yin and yang Dan s, they are just a type of pill that doesn't exist ..." She knew that Chen Xiang was different from the others. Taking out the medicinal herb now meant that he could already refine it.

Ji Ling'er said: "Mother, didn't you say that Nine Yin and yang Dan did not exist? In the Divine Nations, many Pill Gods have been scammed before. "

Chen Xiang nodded, "I believe you all know about the Nine Yin and yang Dan! Amongst them, I will tell you in detail later, Nine Yin and yang Dan! Now, let's talk about this first. This is the Heaven god fire Dan's divine medicine. "

"Heaven god fire Dan?" Feng Yujie was extremely shocked: "This is what that Great National Master is most proficient in. It is said that this medicinal formula was created by him, and you were actually able to obtain this medicinal formula when you went to Divine Cauldron Nation. It seems like Xiao Baifeng did not tell me about the matter of you refining pills there."

"She is not too clear that this was given to me by a prince! As long as one cultivates fire-attribute divine power, they would be able to eat Heaven god fire Dan s. I ate two of them, and condensed one Divine Deity and one divine soul. " Chen Xiang said: "I will tell you about my refining experience later."

"Let's talk about the Nine Yin and yang Dan now!" Chen Xiang took out the Nine Yin and yang Dan that he had refined, then explained the process of his success in detail, especially the most crucial Three Lives and Nine Calamities, and the kind of natural dao pattern he had during the final process of concocting the pellet.

"Nine Yin and yang Dan, Heaven god fire Dan, Tianhuo Dan, I will give you fifty of them! I need to find Big Sister Qilian and think of a way. The Alive Slain Method must have even stronger effects, since my understanding of it isn't as strong as hers, and adding that I need to quickly level up, I don't have much time left. " Chen Xiang said seriously: "And even with the dual cultivation method, I don't think it will

work. The Shangpin medicine is so much stronger than the middle and low rank beasts, it won't be easy to replicate."

Feng Yujie and the others had a deep understanding of this, Feng Yujie said: "I told Qilian to do it a long time ago, I'm waiting for her good news right now."

"Then I'll pass on my experiences and experiences to you all, and then I'll go into seclusion." Chen Xiang said.

The few women nodded, held hands, and all entered Chen Xiang's Divine Sense Sea, asking him to use his divine soul to impart his insights in this area to them.

After he was done, Chen Xiang asked Feng Yujie to inform Lv Qilian and the others that he was going to go into closed door cultivation for a period of time.

### [Chapter 2178](#)

Chen Xiang came to Shui Bingyan's living quarters. She was currently with Xiao Jin'er, and Yue'er was also there. Shui Bingyan was also a simple and charming and gentle girl, who looked very similar to Xiao Jin'er.

"Elder Brother Shen!" When Shui Bingyan saw Chen Xiang, she immediately flew over and threw herself into Chen Xiang's embrace. After separating from Chen Xiang for such a long time, she started to miss him more and more.

"I'm sorry BingYan, I haven't had the time to accompany you properly all these years!" Chen Xiang said with guilt.

"It's fine, I'm very happy here." Shui Bingyan smiled extremely sweetly and then kissed Chen Xiang's face. No one knew who taught her, but it made Chen Xiang very happy.

"Good morning, Elder Brother Shen!" Xiao Jin'er was still a little reserved, but he looked much better than before.

"Jin'er, it's good as long as you gradually get used to it. Your icy face is the same as yours, but she's currently living a happy life." Chen Xiang said.

"Mmm, my sisters are all taking care of me." Xiao Jin'er nodded her head: "In the past, Mother never allowed me to interact with others in the palace, and I was worried that I would be framed, but here, I don't have to worry, they all treated me like a little sister."

Chen Xiang carried Yue'er, and laughed: "That's good, I need to train with Yue'er for a while, I need to quickly become stronger, and only then will I be able to help your mother!"

"I want to become powerful too... Elder Brother Shen, can you help me?" Xiao Jin'er suddenly said: "Even though the sisters here are all women, they are all very powerful. Especially Sister BingYan, I can feel her presence. "In short, he's better than me."

Yue'er sent a sound transmission to Chen Xiang: "She is a child of the Undead Heaven Spirit, she is most likely an Undying Battle God! If he wanted her to become a War God, Long Huishan would need to train

her! Also, You Lan and Qianxiang, the two wild girls, have to be together with her frequently. This way, it would be able to have a huge impact on her, causing her to become full of wildness.

"BingYan, bring Jin'er to find Big Sister Hui Shan ... Then, give this jade talisman to her, and inside it is what I told Big Sister Hui Shan. " Chen Xiang told Long Huishan some things that he wanted her to specially train him.

"Alright!" Shui Bingyan received the jade talisman, and then brought Xiao Jin'er to find Long Huishan.

Chen Xiang left Hundreds of Flowers Village, and headed straight for Nine Heaven Divine Palace!

... ..

This time, when Chen Xiang came to the Nine Heaven Divine Palace to look for Jiu Canghai and chat with him, he wasn't at the mountain peak, but in a secret room in the palace.

Jiu Canghai looked much more energetic than before, his entire body was filled with fighting spirit.

"Although dozens of years have passed here, you shouldn't have spent too much time in the Divine Cauldron Nation, right?" Jiu Canghai laughed, he seemed to be even stronger now, and no one knew what he had been doing for the past few decades.

"Big Brother Canghai, you're the one who's acting like a Great Divine Lord!" Chen Xiang laughed: "I have returned successfully from Divine Cauldron Nation."

"Oh? Have you seen Xiao Yulan? " Jiu Canghai asked: "Did you ask her about the Heavenly magic sword's damage?"

"Yes, she knows nothing about this. She doesn't even know how the cauldron broke!" Chen Xiang said: "Divine Cauldron Supreme Lord did not directly tell her, but she sealed some important moves within the cauldron."

"What's the situation in Divine Cauldron Nation now?" Jiu Canghai nodded his head: "Divine Cauldron Supreme Lord did not tell her. It is obvious that she has some concerns, and it should be because of this matter that she needs to repair that cauldron in order to find out! Once you repair that cauldron, you will be able to obtain extremely powerful strength, so there is nothing to be afraid of. "

"Originally, the Divine Cauldron Nation could have competed for the throne peacefully, but then, a treasure of a Divine Nations suddenly appeared. Chen Xiang sighed, "Every Divine Lord has kept a hand in this. These fellows don't know why, but they do hope that such a struggle will occur within their own Divine Nations."

"These Divine Lord have lived their entire lives to the end, moreover, they no longer have any feelings for anything, so it's normal for them to be heartless towards their descendants! And the reason they all did the same thing is also because they were worried that the other Divine Nations s wouldn't fall into chaos, and would end up annexing the chaotic Divine Nations s. " Jiu Canghai thought for a while, then said: "If this time's Divine Cauldron Nation was not chaotic, then after the other eight Divine Nations s have battled, the Divine Cauldron Nation that did not have any injuries would definitely be able to eliminate the other eight nations."

Chen Xiang understood and said: "Every Divine Lord is worried, so I decided to do it this way. Only by doing this can I guarantee that Divine Nations will be in chaos and that they will even participate! This way, they won't have to worry about their Divine Nations being annexed. "

"The nine great Divine Lord must have thought that we were only a small threat, so they did not place us in their eyes!" Jiu Canghai said: "So they are not worried that someone might take advantage of us after Nine Gods Nation is in chaos. After all, we are too weak now, and as long as there are a few Great National Masters remaining, we will not be able to touch them!"

"That's true. Even if they lose 80% of their Essence, we still won't be able to do anything to them."

Chen Xiang was also very clear about the strength of the Divine Nations.

Jiu Canghai then continued, "Although our strength is far inferior to theirs, this is a rare opportunity for us. We must seize this opportunity! When the Nine Heaven World absorbs the Super God Realm, we need to possess strength that is on par with them, otherwise, the ones that will be killed will be us. "

"That's right, that's why I have to make the best use of my time in training." Chen Xiang nodded, then chatted with Jiu Canghai for a while longer. After knowing that Jiu Canghai had come into contact with Nine Heaven School, they secretly helped each other, since Jiu Canghai was the one who created Nine Heaven World, and Nine Heaven School was also named after him, they were now on the same side.

As the local power of the Nine Heaven World, they definitely could not let it go, this was their common goal!

Chen Xiang left the Nine Heaven Divine Palace and came to the passageway leading to the core of the earth beneath the You Ming Deep Abyss.

"So many years have passed here, I wonder how that Earthly beast is doing?" As Chen Xiang walked in the passage, he started to worry.

Yue'er laughed, "What are you afraid of? It was too late for this fellow to thank you. Back then, you had helped him eliminate all his competitors, allowing him to obtain Earthly fruits. "

The Core of the Earth was a holy land for cultivation for Chen Xiang. He could use the Time Formation here to buy him more time.

Chen Xiang walked to the end of the tunnel, looked down at the earth core, and said: "This earth core's growth speed is too astonishing!"

Yue'er said, "That's right, it is indeed terrifyingly fast. Just what is the reason behind this?" At this rate of growth, it will not be long before you become stronger than even the core of Star Law Divine Realm's main star. "

A roar suddenly came from below, accompanied by a surge of extremely hot Qi rushing up. Even though Chen Xiang was wrapped up by the Space Domain Yue'er released, he could still feel the terrifying heat.

"This Earthly beast has become very scary. What is going on? This rate of growth is very abnormal! " Yue'er shouted, "Let's go quickly! We can't stay here for long!"

[Chapter 2179](#)

Using teleportation, he tried to leave this dangerous place as soon as possible. However, after he used teleportation, the place he arrived at was not the ground, but a place with flames on all four sides.

"Crap, this guy can also control space. He changed the trajectory of your teleportation and told you to teleport below." Yue'er shouted in alarm.

Chen Xiang was now standing on top of a very big rock. Looking around, he realized that this rock was like a round stone slab, floating on top of the fire liquid. He was already at the bottom of the earth, and beneath the rock was the extremely hot fire liquid.

The center of the earth was very big, and it was surrounded by the red mist spewed out by the fire droplets. Chen Xiang could not see anything in the distance, but he knew that an extremely powerful Earthly beast was hidden here.

"This fellow wouldn't repay kindness with enmity, right?" Chen Xiang took out the Divine Azure Dragon Blade, he kept watch of the surroundings, and just as his entire body tensed up, the circular stone underneath his feet suddenly moved.

"What's going on?" Chen Xiang immediately jumped to the side, he thought that something was holding onto the stone, as though it was trying to come out from below.

"Strange, that guy's aura has weakened. He doesn't seem to have any ill intentions towards you. Could it be that he wants to bring you somewhere?" Yue'er said, "If he wanted to make a move, he could have done so a long time ago!"

Chen Xiang also felt that it was strange, he walked to the center of the stone board, and since the stone board was moving even faster, it was flying towards a direction, as expected, it was going to take him somewhere.

The Nine Heaven World was very big, so the ground beneath was also very vast, like an ocean. The speed of the stone tablets Chen Xiang was standing on became even faster, it was just that he was surrounded by the fiery red mist and could not see the front.

More than two hours later, Chen Xiang suddenly felt something in front of him. Through the red mist, he could see a shadow in front of him.

Following the rapid movement of the stone slab, everything suddenly appeared clearly in front of him. There was something in front, but it was indeed an enormous stone wall. He had unexpectedly come to the edge.

"What's going on? If this continues, I'll crash into the stone wall!" Chen Xiang looked at the top and saw that there was no way out, it was also a stone wall. The only way into the center of the earth was probably through the pit that he had jumped down from, but following the movement of the stone slab, he was already far away from there and could not find his way back.

"There's a cave ahead." Yue'er was pleasantly surprised, "I wonder where we will go after we pass through that cave?" The heart of Nine Heaven World is truly wondrous! "

Chen Xiang also saw the cave, it was relatively large, but it was blocked by the boiling flame, so he did not see it.

The stone slab seemed to have its own intelligence as it moved towards the cave. The stone tablet was not small, but it was just right to enter the cave. This floating stone slab was specially made for this purpose by someone.

Chen Xiang sat down, the stone platform was not hot at all, but after entering the cave, it unexpectedly cooled down, not like he was in the center of the earth at all.

He could be considered to have experienced many strange things, so he was able to calm down. Up until now, he hadn't encountered any danger.

"Nine Heaven World is not a star structure, so it's not circular! When I was in Star Law Divine Realm, the earth's core that I had seen were all the cores of the stars, and they were all relatively small, not much bigger than the Nine Heaven World's." Yue'er replied, "Nine Heaven World is just a huge floating board in the starry sky. It's not made out of stars, but it can operate really well. It's really strange!"

Chen Xiang looked ahead, and sat steadily, because they were going downhill, their speed was even faster!

"The earth's core is already deep enough, but it's still going down. Looking at the tunnel that's so long, it must be very deep." Just as Chen Xiang finished speaking, he saw a bend in front of him. He immediately broke out in a cold sweat and shouted: "Yue'er, can you make this thing slower?"

"You and I tried it just now. We couldn't control it at all!" Yue'er hastily threw herself into Chen Xiang's embrace, and Chen Xiang firmly held onto her.

"It's about to collide, is it over?" Although it curved, when he saw that the stone wall in front of him was approaching quickly, he felt as if he was about to smash it ruthlessly into a wall. Just as Chen Xiang wanted to float up, he was sucked in by the stone slab, leaving him no choice but to stay on the stone tablet.

Just as it was about to collide with the stone slab, it made a sharp turn along the liquid of fire!

"Motherf\*cker, that's so scary!" Chen Xiang heaved a sigh of relief.

"How exciting!" Yue'er giggled. "It's starting again!"

In front of him was another bend in the road. Chen Xiang swallowed his saliva, because he had the previous experience, he knew that it was not over, but even if he knew, he was still very worried.

"Here it comes ..." "Ah, great!" Yue'er, on the other hand, was extremely happy. She laughed and shouted, "There's another one! It's a series of bends!"

Chen Xiang scolded: "Are you trying to scare my soul away?"

Just like this, Chen Xiang did not know how many bends he had made, he did not even know when the originally fiery-red liquid of fire had turned into clear and ice-cold water.

"This stone slab is definitely a very powerful divine tool!" Chen Xiang patted the stone tablet: "Otherwise, it won't bind me and won't let me leave."

"Who cares!" Yue'er giggled. "That's right, I really want to start all over again."

"Enough!" Chen Xiang pinched her small belly, "I still don't know where the hell we're going!"

Right now, everything in front of them was perfectly straight, unlike the previous sharp bends and steep slopes. The movement of the stone slabs had also slowed down, and this waterway had become somewhat dark. Only the top of the channel would occasionally be lit up by some fluorescent stones.

"We've finally reached the exit!" Chen Xiang calculated in his heart. It had already been four hours since he stood on the stone slab, and he suspected that he was still in the center of the earth.

After walking out of this "soul-stirring" tunnel, there was a waterfall in front of him. After passing through the waterfall, Chen Xiang arrived at the pool.

"What's going on? Isn't this the core of the earth? How can you see the sun and the blue sky!" Chen Xiang acted as if he had seen a ghost. He already went very deep from the You Ming Deep Abyss to the Core of the Earth, and then using the stone tablet to go through the tunnel. He went all the way down, and now he actually arrived at the same place as the ground.

"Look ahead!" Yue Er said.

When Chen Xiang looked forward, the clouds and mist suddenly dispersed, and a palace appeared. On top of the palace, there was a signboard, with the words "Qilin Hall" written on it.

Seeing those three words, Chen Xiang suddenly understood that the Earthly beast was actually a Fire unicorn!

"Wasn't this guy fighting over food with others back then? It has only been a few years since then, and we have been through so much comfort. Not only is there a good environment, there is even a palace!" Chen Xiang walked onto the shore, and headed towards the fiery red Qilin Hall with a stomach full of suspicions.

## [Chapter 2180](#)

The Qilin Hall was very big, but it was not built very well. Its entire body was a fiery red color and seemed to be out of place when compared to the dark green grass.

When Chen Xiang arrived at the entrance, the door automatically opened, and he saw a big hall. After he walked in, a young man dressed in red traditional Chinese clothing walked over with a bland smile.

"Who are you? You brought me here?" Chen Xiang asked.

"Not bad, did you have a good time when you came?" The man laughed heartily. It was clear that he meant no harm.

"Are you the Earthly beast of this place?" Yue'er asked, "Are you a qilin?"

The man nodded his head: "I am indeed a Fire unicorn, but I have a name, my name is Huo Lin, and only I am here!"

"Don't you find it expensive to live in such a large place?" Yue'er laughed.

"Of course I feel it, but I have no choice. Hopefully, this place will become lively in the future!" Huo Lin looked at Chen Xiang and saluted him: "Benefactor, I still don't know your name!"

"Benefactor?" Chen Xiang was a little doubtful: "My name is Chen Xiang, when will we be your benefactors?"

"If you hadn't helped me eliminate my other competitors, I wouldn't be where I am today! When Earth's Core Divine Spirit created us, because of some problems, I was the weakest of the lot. Originally, there was no hope for us to survive to the end, but never would I have expected that it would be because of benefactor's efforts that I survived." Huo Lin laughed.

Yue'er had said before that Chen Xiang was the great benefactor of the Earth tree, and this was not wrong.

"So that's how it is!" Chen Xiang laughed, and patted Huo Lin's shoulders: "I didn't expect you to become like this so quickly, you're truly powerful!"

"Oh right, since it was an intervention, wouldn't the Earth's Core Divine Spirit blame me?" Chen Xiang looked around worriedly.

"Don't worry, Earth's Core Divine Spirit has already left. He will never come back, and he will go to other places without Earth's Core Divine Spirit to create Earthly beast, change his core, and create a world." Huo Lin laughed: "So before he left, he created this Earth Core Realm and can be considered my territory. Furthermore, I will also be responsible for protecting the earth's core in the future, so as to not let any creatures who had ulterior motives invade the earth's core to invade."

Yue'er giggled: "Does this mean that Chen Xiang has ulterior motives?"

Huo Lin laughed: "This is my decision, benefactor merely borrowed a bit of earth core's power to activate a formation, it will not harm the structure of the earth core."

"Not bad little guy. Just call me big brother. Don't call me benefactor." Chen Xiang laughed and shamelessly allowed the Fire unicorn to call him big brother.

"Yes, Big Brother!" Huo Lin seemed to be very simple, and furthermore, he truly wanted to repay the gratitude. Originally, when he was created, he would need to undergo a lot of tempering before becoming a Earthly beast, but when an error occurred in the process of creating him, he became the weakest Earthly beast.

In this kind of training, only those who survived could become the master of this core! Originally, Huo Lin had had no hope, but who knew that Chen Xiang's sudden appearance would help him eliminate all of his opponents, causing him, who was destined to die, to win in the end and become the guard of the earth's core.

To Huo Lin, this was a life saving favor!

"Kid, you have the ability to change the trajectory of space so that I can't leave the earth's core, but you didn't bring me here immediately." Chen Xiang laughed: "Are you trying to make fun of me?"

"Big Brother, how would I dare? I just want to show you the structure of this earth's core. Ordinary people do not have this opportunity. Huo Lin brought Chen Xiang out of the spacious hall and into the grass outside. After that, he took out a stone table and let Chen Xiang sit down.

"Huo Lin, can you borrow the power of the earth's core from here? I need to train during this period of time!" Chen Xiang said.

"Of course I can. There is a place below my Qilin Hall where I can directly absorb the most powerful power from the earth's core. That is where I normally train!" If you need it, I can just modify it and make two of them. " Huo Lin said: "If Big Brother wants to leave, you can also use the Transmission array to leave, I have the Transmission array here!"

"So convenient! Oh right, did you make your own Transmission array? What should I do to get in here faster when I need to?" Chen Xiang never thought that there would actually be a Transmission array here.

"I didn't do it. It was prepared by the Geocentric creature when it left!" Huo Lin said: "If you want to come in, just shout at me at the end of the passage and I will open the Transmission array to bring you in! I don't have the spatial power that big brother has. The reason I changed your spatial trajectory was because of the formation. "

Chen Xiang followed Huo Lin into the Qilin Hall. They arrived at an underground place, and there was a pond of fire here. They could sense a very strong Flame power.

"Big brother, you can stay here to cultivate! I can make one myself and control this place as I please. " After Huo Lin finished speaking, he closed the door and left, no longer disturbing Chen Xiang's cultivation.

In order to make the best use of his time to cultivate, Chen Xiang used the Time Formation. One day outside was equivalent to a year inside, which allowed him to earn more time to become stronger.

Only in this kind of place could the circulation of the Time Formation be maintained. Even if one used a dragon's vein, it would cause a lot of damage to the dragon's vein.

"I only have seven Divine Deity now, I'm really too weak. Facing those Divine Nations s, even seventy Divine Deity would not be enough!" Chen Xiang sighed: "I wonder when I'll be able to reach that realm!"

"It just depends on how well you're refining the pills. Generally speaking, eating Shangpin dan below forty Divine Deity is very effective, and those above forty Divine Deity need to eat Taipin Dan." Yue'er replied, "In other words, the divine medicine in your hands is already enough to satisfy you."

Chen Xiang took out the Nine Yin and yang Dan, and laughed: "I have to personally try out how effective this Nine Yin and yang Dan is, if it is good, then I will try to refine a Nine Yin and yang Dan with spiritual light, and this will allow me to improve by leaps and bounds."

"Right now, you need to condense a few more spatial Divine Deity and Celestial Phenomenon Divine Deity. This is more of a help to you! If you set the Hundred gods level as your goal, you must have at least twenty-five spatial Divine Deity and fifty sky elephant Divine Deity each, and then fifty flame Divine Deity. Yue Er said.

Chen Xiang currently had a lot of fire Divine Deity, but spatial Divine Deity could allow him to use even stronger spatial energy, allowing him to teleport even further.

"Let's begin now!" Chen Xiang ate the Nine Yin and yang Dan and checked if it had the same effects as the one in the legends.
