

## Dan God 2201

### [Chapter 2201](#)

Xiao Yulan walked out first. After observing for a while and feeling that there were no more dangers, she let Chen Xiang and the others out.

When Chen Xiang walked out from the Six Realms Ding, he saw that it was completely dark and there was not a single bit of light. He could feel that his feet were stepping on the soft and wet soil and a bit of cold air was surging up from under his feet.

Xiao Yulan took out the Fluorescent Stone to illuminate her surroundings so that others wouldn't feel suppressed. Otherwise, it would make them feel uneasy in that darkness.

"This is the core of the earth? "Nothing at all!" Xiao Hongque bent over and grabbed a handful of soil and said: "The soil is very cold, why would there be cold Qi here?"

"I don't know. In short, this place is very strange. Be careful!" Xiao Yulan's expression became serious, she released her divine sense to sense around.

Yue'er was also on high alert as she came to this strange earth. She couldn't be at ease at all.

"There's someone here!" Yue Er exclaimed in a low voice. Xiao Yulan seemed to have sensed it too and immediately became cautious.

Sure enough, light also appeared in the distance. Someone was walking over with a fluorescent bead in hand. It seemed like it wasn't just a single person.

"It's Xiao Yuanbing and the rest!" Xiao Yulan said in a deep voice: "All of you, quickly retreat. Let me handle them!"

Xiao Yulan anxiously took out his Six Realms Ding, while Xiao Yuanbing and the rest of the eight realised that it was Xiao Yulan, after making some noise, they immediately attacked.

"All of you, quickly leave!" Xiao Yulan's strength was much stronger than Imperial Concubine Lian and Xiao Hongque's. And now that they have Six Realms Ding s, if she used all her strength, Chen Xiang and the others would only be affected.

Chen Xiang immediately pulled on Xiao Hongque and Imperial Concubine Lian, then used his spatial energy to teleport away. "Sister Yulan, I've already teleported them away.

Xiao Yulan and Chen Xiang both took mind pellets, and Xiao Yulan immediately transmitted what he wanted to say to her during his teleportation. Xiao Yulan could immediately hear what he said.

"Understood. You guys stay far away from here. I can do whatever I want to you guys." Xiao Yulan replied.

When Chen Xiang brought Imperial Concubine Lian and Xiao Hongque and distanced himself away from Xiao Yulan, he also saw that there were bursts of intense flashing light coming from afar. Those were all streaks of lightning, and were all the lightning powers Xiao Yulan used.

"Six Realms Ding are indeed powerful. If it was in the past, the princess would definitely not be able to hold them off for so long. But now, the princess does not seem to struggle at all." Xiao Hongque said.

Yue'er suddenly shouted, "Something is coming! It's a human! "

Sou sou sou!

A dozen people suddenly appeared here, their bodies all glowing with a white light. They surrounded Chen Xiang and the other two, brightening up the entire place.

"It's all of you!" The Imperial Concubine Lian said coldly: "Do you really think that you can get those treasures? Even though you are both from the Second Third Rank Divine King, in Xiao Yuanbing's eyes, you are just a bunch of dogs.

Chen Xiang immediately understood who these people were following, they were all Third Rank Divine King, and also Xiao Yuanbing's more powerful subordinates.

"We are loyal to the First Prince, and I am their loyal subordinate. They treat us very well, so you don't have to worry about it." One of the men sneered, "You guys, on the other hand, are like drowning dogs."

Xiao Hongque laughed coldly, "Don't tell me you still don't understand? Why did Xiao Yuanbing only leave you Third Rank Divine King s to follow him? The second tier Celestial King is much stronger than you guys, but not a single one of you are allowed to follow him? It's because they're worried that the second tier Celestial King will be hard to deal with, but it's very easy to deal with you! "

"Don't try to sow discord between us and the First Prince!" At this time, the big sized man saw Chen Xiang clearly: "This brat is the one that refined the Nine Yin and yang Dan that day, right? If we capture him and give him to the First Prince, he'll definitely be very happy. "

Seeing how Xiao Hongque and Imperial Concubine Lian were so calm when they talked about this group of Third Rank Divine King, Chen Xiang knew that they could handle it, so he was not too nervous himself. It was just that others thought that he did not have much strength.

What caused Chen Xiang to be even more shocked was that Xiao Hongque actually had the strength of the Third Rank Divine King as well. Now, he understood why Xiao Baifeng was so inferior to him earlier, it was because the gap between her and Xiao Hongque was truly large, but now that Xiao Baifeng had stayed in the Time Formation for a period of time, coupled with the help of a large number of Nine Yin and yang Dan and Bone level Dan, she had also become extremely strong.

"Just a moment and you'll be on your own. We can handle these guys. We didn't want to deal with these bastards at first, but now we think that Yu Lan is fighting over there and that's why we're being lazy." After Imperial Concubine Lian finished speaking, he and Xiao Hongque rushed out together. They were very fast, and in addition to the darkness here, it was impossible to clearly see their movements.

"The three of you, go catch that little demon. Leave this place to the eight of us." They knew that Xiao Hongque and Imperial Concubine Lian were not weak, if not they would not have been able to live till now with Xiao Yulan.

Chen Xiang chuckled, and said: "You guys think too highly of me, actually using three Third Rank Divine King s to capture me!"

Yue'er had already entered the ring. She knew that Chen Xiang was able to deal with these three, that Chen Xiang had sixty Divine Deity s and fourteen Bones s. Third Rank Divine King was just too weak for him, it was not enough.

"You seem quite calm! Don't think that just because you're the Alchemist that we will be respectful to you. Although we won't kill you, we will still oppress you. " The one who spoke was a white-clothed man dressed in a very respectable manner.

"Oh? I want to see how you all are going to torture me! " Chen Xiang smiled faintly. The Divine Deity inside the Divine Sense Sea had already absorbed a large amount of Six Realms' Power, and after transforming this Six Realms' Power into an even more powerful divine power, it began to flow into his arms and legs.

Other than that, he also had his chest and back. The Bones in his chest and back was mostly used for defense, and when necessary, it could also be used to complement his arms and legs' Bones, providing a strong divine power for his Bones.

"Let me deal with this brat, the two of you stay here and watch!" The white clothed man laughed disdainfully, took out a long sword and rushed towards Chen Xiang.

Xiao Hongque and Imperial Concubine Lian were facing off against four separate Third Rank Divine King s, which could be considered rather strenuous. What made them more worried was that Chen Xiang actually did not use the power of space to run away, but chose to fight instead!

If they hadn't seen the self-confident and calm expression on Chen Xiang's face, they would have definitely gone over to help him! They only knew that Chen Xiang had become stronger, but they did not know how much stronger.

Chen Xiang watched as the white clothed man stabbed at him with his sword, but didn't do anything. The white clothed man was also very surprised in his heart, but he still fiercely stabbed at Chen Xiang's chest.

## [Chapter 2202](#)

The instant the white-clothed man's sword stabbed forward, a cold Qi shot out. This was an extremely strange type of divine force, but it was extremely powerful, causing the sword to appear even more terrifying.

The sword tip pierced Chen Xiang's chest!

However, once it touched Chen Xiang's clothes, it would be difficult to penetrate in the slightest, and Chen Xiang's chest could actually directly block this terrifying sword strike!

The white clothed man was stunned, even if Chen Xiang had an extremely powerful divine robe to protect himself, then Chen Xiang would at least retreat a few steps, but he stood there unmoving like a mountain!

Although he did not condense an extremely strong power in his sword just now, even if Third Rank Divine King were to be pierced by that sword, he would not feel too good either, to think that Chen Xiang was actually fine.

"Just this little bit of strength! Isn't this Third Rank Divine King of yours too weak!?" Chen Xiang laughed, then used his blazing hand to grab onto the Immortal Sword, he used his strength and broke it.

"This sword is also very weak, but it is still a bit stronger than you. At the very least, this sword can still remain in this world after receiving one of my attacks, but as for you ..." As Chen Xiang spoke, the white clothed man had already revealed a face of fear. He did not expect that this little demon who was not even in the Supreme God Realm could actually block his powerful strike and even break his sword that easily.

"Get rid of him!" The white clothed man saw Chen Xiang walking towards him and roared. He did not know why, but when he was enveloped by the killing intent released by Chen Xiang, he started to tremble. He wanted to stay away from Chen Xiang, but he found that he was unable to move his legs.

When they saw Chen Xiang break the white clothed man's sword, they immediately activated their divine power. Now that they had attacked, their divine power was extremely fierce, shaking the air as they rushed over, releasing waves of explosive sounds.

Chen Xiang dodged the two's attacks and arrived behind the white clothed man. His arm was wrapped in flames, and at this moment, he raised his long arm high up, like a burning godly axe, and hacked down fiercely. The white clothed man's body was actually hacked into two halves by his arm.

He could destroy the Third Rank Divine King's body with his bare hands. This kind of savage power caused the two men to tremble in fear.

Chen Xiang had previously used sixty Divine Deity s and twelve Bones s to fuse together to produce a power. Adding to the fact that he was currently cultivating the Six Realms' Power, even though these Third Rank Divine King had more than seventy Divine Deity, they were still no match for him.

Just like he had expected, the Divine Deity that he painstakingly cultivated out was indeed enough to grant him extremely terrifying strength, especially his current physical body. Even if he didn't use divine weapons, it would still be comparable to Divine Weapons.

"What, you want to run?" Chen Xiang chuckled, and immediately released two Fire Vines to encircle them, then teleported to a man who was still alive, and directly used his hands to tear apart the man's body.

A loud sound rang out! The real Third Rank Divine King was like a piece of scrap paper, being torn into pieces in a few moves. Those pieces of Third Rank Divine King were all being burned by the flames and turned into ashes little by little.

"Save me!" Then, he waved the long blade in his hand, hacking at his bound legs. Just as his long blade was about to touch his legs, Chen Xiang threw a fist out from afar, striking out with Meteor immortal power.

He hadn't even used these techniques before, but now that he did, the power was boundless. Just the searing waves of air that erupted had turned the man into ashes.

"You overestimate yourself!" Chen Xiang clapped his hands in fear, then walked towards Xiao Hongque with a smile.

Just a moment ago, she was still telling Chen Xiang to run away, but she didn't expect Chen Xiang to be so terrifying. Killing this kind of Third Rank Divine King was as easy as cutting grass.

"You ... "What are you doing? This is our battlefield. Get the hell out of here. If you join, you'll break the fairness." An old man roared. When Chen Xiang walked over, step by step, his heart was trembling non-stop, they had all personally witnessed Chen Xiang killing the three Third Rank Divine King s.

Chen Xiang laughed, laughing heartily: "You guys are currently fighting four men against one woman, is this really fair?"

His laughter was still reverberating in the distance when he had already disappeared. He had already arrived behind the old man, and with a fierce thrust of his flaming hand, he pierced through the old man's chest.

After the old man screamed, the flames that surged into his body swelled and exploded into bits of black fragments.

When the other three saw that the old man had been killed, they became extremely terrified and wanted to escape. This also gave Xiao Hongque an opportunity to stab one of the big sized man in the throat.

"Go help Imperial Concubine Lian, leave these two to me!" Chen Xiang said, while the two Third Rank Divine King s ran off into the distance.

Xiao Hongque immediately ran over to Imperial Concubine Lian. With her, Imperial Concubine Lian felt much more relaxed.

Chen Xiang looked at the two fleeing men and smiled faintly. Then, he used the power of space to teleport the two men in front of him.

The two men were originally running for their lives. They also felt that they had run far away. However, they didn't expect that they would actually run back in a flash.

"It's the power of space. You actually grasped the Space Laws ..."

"What good eyesight. Unfortunately, you are going to die." Chen Xiang laughed, and then both his palms struck out, striking the two in the chest. Meteor immortal power gushed out from his palms and made a loud sound, the two people's bodies were also smashed into smithereens under the explosion.

"Retreat!" When the four men saw that four more had died, they felt even more terrified and uneasy.

Chen Xiang immediately activated a Space Domain, enveloping these four Third Rank Divine King s within and making them unable to run out.

When the four of them were trying to escape, two of them were killed by and the Imperial Concubine Lian!

"Spatial imprisonment!" After Chen Xiang executed his technique, those two people could not move at all. Imperial Concubine Lian and Xiao Hongque also immediately flew over and killed them.

"Alright!" "How fast!" Chen Xiang giggled: "You guys aren't very powerful!"

An old man bombarded one of the divine cauldrons, causing it to emit a powerful burst of light. The darkness that surrounded it lit up, creating a wave of true energy. Lightning flashed, and the divine cauldron also contained a powerful force that would erupt whenever it attacked.

Xiao Yulan floated in the air, her long hair and white dress dancing chaotically. The Six Realms Ding seemed to have merged with her, and was controlled by her as she pleased, transforming into seven, which were like her limbs. Following her will, she fought with the other seven people, carrying out fierce collisions time and time again, and even suppressed them down, which posed a great threat to the seven people.

"Xiao Yulan, don't think that we don't know about this. You are just holding on for your life now, for the divine cauldron to release such a powerful force, your body must have consumed a lot of energy! Let's see how long you can last." A handsome, muscular man laughed coldly. He was very calm, even though a first-tier Celestial King had died on their side.

Xiao Yulan did not speak, she focused on controlling the divine furnace to attack, every time the divine furnace attacked, it would be blocked by them. If she stopped her attack, the seven of them would approach her, which would have a huge impact on her.

Facing the difficult and powerful divine cauldron, the seven of them did not dare let their guard down, because just now, one of them had been careless and wanted to attack Xiao Yulan recklessly. Instead of defending, their bodies were struck by the divine cauldron and exploded in an instant.

Chen Xiang was watching from afar, but neither Xiao Yulan nor the seven others noticed his arrival!

"How about using spatial imprisonment? Is it possible to lock down an expert with such strength?" Chen Xiang asked Yue'er.

"If you and I work together, we should be able to have some effect. Right now, Yu Lan is very focused on fighting, and she'll be able to keep an eye on these seven at any time. When that time comes, she'll definitely be able to assist us in our attacks." She also used the power of space, condensing quite a few spatial Divine Deity.

"I, you are preparing to absorb my power of space!"

Chen Xiang nodded. Yue'er's spatial energy had already entered his body, and Yue'er said, "I'm ready. I will release everything at once, and then fuse with your spatial energy.

"Alright!" Chen Xiang took a deep breath, then immediately felt Yue'er's powerful energy of space rush into his body, fusing together with what he had released.

The instant they fused together, the power of spatial energy was exceptionally strong. Chen Xiang was quite surprised in his heart, Yue'er's power was actually much stronger than his.

Chen Xiang had originally planned to lock onto Xiao Yuanbing, but he saw that Xiao Yuanbing was the calmest out of them all. It could be seen that Xiao Yuanbing's strength was relatively strong, and then it would be those Great National Master s who were also very strong.

Therefore, he locked his target onto a middle-aged man who had a very serious expression and was drenched in sweat.

That sudden spatial wave had already struck over, instantly submerging Chen Xiang and the rest. When that wave of energy rushed over, Chen Xiang only felt that his body was ice-cold, not in pain, but then his eyes lit up, as if he was teleported to another space.

Chen Xiang lied on the ground. The piercing sunlight made it difficult for him to open his eyes. However, there were three suns here, so the sunlight was very intense! This was not a world he was familiar with!

#### [Chapter 2204](#)

When Chen Xiang saw that there were three suns in the sky, he fiercely jumped and looked around. At this moment, he was on top of a small hill.

The hill was covered with soft flowers, and the surrounding fields were filled with colorful flowers, forming a sea of flowers.

"What is this place?" Chen Xiang muttered to himself.

Yue'er ran out from within the ring. Just now, she had anxiously hid inside Chen Xiang's ring.

"I didn't expect that it would turn out like this. You are all separated, that spatial wave was specially used to move people to this place! If you knew earlier, you would have let Yu Lan and the others enter the ring so that you wouldn't be separated. " When Littlemoon came out and saw the three suns in the sky, she could not help but frown. "What a strange place. It's so hot and these ordinary plants grow so well."

Yue'er jumped to the ground, running around in the sea of flowers. She also really liked these beautiful flowers.

"Chen Xiang, where are you?" Chen Xiang suddenly received Xiao Yulan's voice from the inside.

Chen Xiang immediately described the place he was at in detail to Xiao Yulan, then asked: "What about you? Have you been with Imperial Concubine Lian Big Sister Hongque? "

"We're together! Maybe it was because at the last moment, I suddenly grabbed their hands, so we weren't separated! We are in a forest and we can see three suns. " Xiao Yulan said: "Wait until night, then we can determine the direction of the stars. The three suns in the sky are respectively in three different locations, they are completely unable to be used to determine the direction."

"Alright, let's talk about it later!" Chen Xiang didn't dare to leave now and rested where he was, watching Yue'er bounce about in the sea of flowers and sniff all kinds of beautiful little flowers.

Chen Xiang found a place to lie down, picked a stalk of grass, and placed it in his mouth to chew. It was unexpectedly very sweet and just like this, he waited for a few hours while the sun in the sky did not move at all.

These three suns were all the same. They formed a triangle in three different directions. If there was any movement, it would be easy to see.

However, several hours had passed, and the sun had not moved at all. Furthermore, the light from the sun was just as fierce. It could be seen that these three suns truly existed.

"Sorry for the trouble, there might not be any night here!" Yue'er said, "There should be a very powerful guy that fixed the sun in one place. That's why it's like this! This kind of guy normally has reached the peak of Divine Deity and Bones. "

"Are we in an artificial dimension?" Chen Xiang said, but at this time, he heard Xiao Yulan's voice too. They were in the same situation, the sun had not moved.

Chen Xiang held Yue'er and used spatial teleportation, which did not have any effect.

"Big Sister Yulan, you guys go around everywhere and see if there are any mountains. When the time comes, tell me the shape of those mountains so that I can find you guys." Chen Xiang said.

"No need, I've already made the Imperial Concubine Lian count as your position, we'll look for you then! You can go around and see where this place is. I always feel like this place is very big. " Xiao Yulan said.

The Imperial Concubine Lian could use the Heaven extended method, but Chen Xiang did not recall it.

"Alright, I'll look around!"

Chen Xiang brought Yue'er and randomly selected a direction before teleporting off in a short distance. Surrounding him were these hills full of flowers, he wanted to leave this place first.

"What the hell is this place? The divine spirit aura is also quite dense, it is not any weaker than that of the Divine Cauldron Nation! " Yue Er said.

Chen Xiang teleported for half a day before he finally walked out of the sea of flowers and entered a barren mountain. After passing through the desolate mountain, he was met with a short mountain in front of him.

"Is there anyone else here?" It seems like there are quite a few people here, otherwise we would not have to walk this path. " Chen Xiang looked at the road, was pleasantly surprised, and then, he followed the road and ran.

Not long after, he saw a small town. There were people in this kind of place, and there were quite a few of them!

"He's not that strong, he's just like a mortal!" Yue'er asked, "What kind of world is this?"

In order to not attract attention, she entered the ring.

After Chen Xiang entered the small town, everyone on the streets was looking at him, because there were only a few people in the small town. His face looked very unfamiliar, so it was normal for people to look at him.

Chen Xiang also noticed that the money used by the people here was a transparent small bead that was only the size of a grain of rice.

Originally, he thought that they were using Shen Yuan stones here, so that he could pretend to buy things, hang up, and ask about some things.

There were rich and poor in this place. As Chen Xiang walked along the streets, he could see some of the more ferocious looking people wearing luxurious clothes. When the people here saw this type of people, they would all move away.

Chen Xiang used the Spatial Extraction Technique on this relatively wealthy and arrogant person and obtained more than ten transparent small beads the size of grains of rice.

"Yue Er, what is this?" Chen Xiang placed the little beads inside the ring, allowing Yue'er to analyze them.

"This is actually a type of fruit! I'll see if I can plant it!" Inside the ring, there was also a purple pearl that could be used to sprout seeds.

Not long after, Yue'er laughed. "It's grown. It's like a peanut. There's a layer of shell on the outside, and when it's peeled off, there's this kind of bead inside. This kind of thing is very stiff. It doesn't have any energy in it. I've planted a lot now."

Chen Xiang arrived in front of a fruit stall and picked out a lot of fruits.

The one selling the fruits was an old man who was wearing a tattered set of clothes. When he saw Chen Xiang picking the fruits, he was very nervous, because Chen Xiang was also wearing very decent clothes and had a new face. He was worried that Chen Xiang would not give him those pearls.

Just now, Chen Xiang had discovered that everyone here was very sincere and was very afraid of people with status or status. Some of the more overbearing looking looking people would immediately quiet down.

"Gramps, how much do you need in total?" Chen Xiang asked with a gentle smile on his face.

"This... This one wants five Spirit seed! " The old man was shocked, and then he timidly said.

"Here!" Chen Xiang handed over five Spirit seed s, then took out a fruit and took a bite. It was extremely fragrant and sweet, and he immediately placed it in the ring of darkness, for Yue'er to eat.

"Delicious! How many Spirit seed are we going to buy all of them? " Chen Xiang originally only wanted to get close to her by buying things, but now she really wanted to buy.

"All... All? Twenty Spirit seed! " The old man was shocked again. Originally, he could sell thirty to forty Spirit seed, but now, he did not dare to sell too much.

Chen Xiang took out twenty Spirit seed and handed them over, then placed all of them into the Dark Green Dragon ring. He then asked with a smile, "Gramps, did you grow these fruits yourself? Can you show me the fruit trees? I also want to grow some for myself! "

"Alright, I'll bring you there now!" The old man quickly closed up the stall, and under everyone's surprised gazes, he brought Chen Xiang and left. At this moment, the old man was a little happy, because he felt that he had met a great benefactor.

[Chapter 2205](#)

Chen Xiang chatted with the old man on the way there and asked him a few questions. He also found out that the old man's name was Wang Qin and that he was a lonesome old man. He once had two sons, but they both went out and never came back.

Now, Chen Xiang also knew this town's name, it was Qing Le Town. He had immersed himself in this town for many years, and what made him more interested was that there was a very famous "God Lord" here, who could refine divine pellets, cure all illnesses, and bring the dead back to life.

But the prerequisite was that he had to buy a large number of Spirit seed in order to obtain the divine pellets!

The Spirit seed were all grown in the wilderness deep in the mountains, and if they went to harvest them, they would easily encounter danger. For example, there were poisonous bugs, poisonous snakes, or ferocious beasts.

Now, Chen Xiang understood that the reason why Spirit seed were used in this town was because of the "God".

"There are more than 10 villages near this town, and every 10 days you will enter the town to sell all kinds of things." There more than 10 villages near this town, and every 10 days you will enter the town to sell all sorts of things. He brought Chen Xiang to the place where he lived. This was a very dilapidated part of the town.

But Wang Qin's place was pretty good, because he had a small yard with several fruit trees growing inside.

Those delicious fruits were grown from these fruit trees.

Wang Qin broke off a branch for Chen Xiang and smiled: "This is for you. As long as you stick it into the ground, you can grow it, and wait patiently for a few years, you can turn it into a big tree. Here, as long as you have a courtyard, basically, every household has it, but I understand these fruit trees the best, so my fruit trees can often bear fruit."

"Thank you, Old Wang!" Chen Xiang kept the branch, and then passed a small bag of Spirit seed to Wang Qin. He was worried that Wang Qin wouldn't accept it, so after stuffing it to Wang Qin, he teleported away.

Chen Xiang already knew where the "God Lord" was. To have the whole town and the surrounding villages gather this kind of Spirit seed for him, this God Lord must be the most powerful one here.

He was just curious, so he went to take a look. It was because the other party was also a pill refiner! Furthermore, he wanted to know what use that Spirit seed had. He had used the Dao heart Eye to look for it, but had not found any energy contained within.

Chen Xiang used his divine soul to look over it, occupying the best place in the town. Furthermore, there were a lot of houses inside, so it was obvious that the God had also been cultivating his own strength.

When he arrived at the entrance of the manor, the guard at the entrance stared at him. Seeing that he was different from the people here and had a more refined demeanor, he asked, "Are you here to buy supreme dan beads?"

Chen Xiang nodded his head: "Yes, at the same time, I would like to see God's glory, would there be such a chance?"

"You have come at the right time today. God Ye has just come out of seclusion. If you buy too many supreme dan beads, he might meet you." The guard laughed.

Chen Xiang nodded and walked in. Then, the guard asked again, "Are you from another town? "Although there are God Lords in other towns, our town's God is the strongest."

"Yes sir!" Chen Xiang replied. After entering, he immediately had his servants lead the way, and now he knew, it was not just Qing Le Town, the other small towns also had Masters.

Then those Spirit seed must be very useful, because other towns must also be using this kind of thing, otherwise it would not circulate.

"This guest, how many Spirit seed are you planning to offer to purchase the divine pellets? If the Spirit seed has anything more to say, we can get God to meet you right away! " The people here were very polite to their big customers.

"I'm from another town, I still don't know the price of the supreme dan beads!" Chen Xiang had already been brought into a small hall.

The servant hurriedly brought over a small book and said with a smile, "The divine pills are already on it. The price and usage are all written on it. Take your time to read it!"

Chen Xiang took a look inside and could not help but curse in his heart. What kind of divine pellet was this, it was basically a low level pellet, not even a pellet!

Even the most ordinary Longevity Pill costs more than ten thousand Spirit seed!

He flipped to the very end and finally saw a decent looking pellet. It was a sacred pellet, and its main function was to give ordinary people a strength of one hundred thousand jin after eating it. At the same time, it also had a lifespan of a thousand years, and its appearance would remain unchanged for a thousand years.

This God Tier Pill was the most expensive pill in the booklet, it required ten million Spirit seed to buy one!

Chen Xiang didn't have ten million Spirit seed now, and under Yue'er's nurturing, he only had a few tens of thousands.

Those Spirit seed were easy to grow. As long as they diluted the spirit pearls into a large piece of water and used the water to water it, it would quickly take root and sprout.

Chen Xiang had many spirit pearls, and Yue'er was also growing them quickly.

"One hundred thousand!" Yue'er said, "I'm so busy!"

"I want to buy about a hundred thousand Spirit seed pellets. I want four of them. I wonder if I can see the God with my own eyes." Chen Xiang asked.

"Yes, I will go and ask the god! One hundred thousand is a huge number! " The servant hurriedly ran out.

The Thousand Energy Pills that Chen Xiang had purchased, was only able to increase one's strength by one thousand kilograms. In total, he could only eat ten pills, and after eating ten pills, there would be no effect.

"The pills that this guy concocts are pretty helpful to ordinary people. Although they are a bit expensive, they are very practical." Chen Xiang looked at the little booklet, from the beginning to the end, this kind of pill was not suitable for cultivators, but after ordinary people ate it, they would be able to obtain their strength quickly.

For example, a Thousand Strength Pill could give one 4000 jin of strength after consuming four pills. At the same time, it could also strengthen one's body! With enough strength, it would be safer to go out and search for Spirit seed s.

Chen Xiang also realized that the poison antidote and poison proof pellets on the pellet were all very cheap. He could buy them with just a few dozen Spirit seed, and from this, it could be seen that God was worried that someone would go out to search for the Spirit seed. There were too many people who died, which was why he put the price of the poison antidote pellets at such a low price.

Soon enough, the God of Heaven arrived. He wore a clean and tidy robe, and although he had long white hair, his appearance was extremely young. He had a faint smile on his face, giving off an unfathomable feeling.

"Very strong, this guy actually has over seventy Divine Deity!" Chen Xiang was extremely shocked in his heart. All the people in this town were mortals, but this god was actually this powerful?

He suspected that this God might be the same as him. He might have been brought here by some mysterious spatial wave, and he might have come here for a very long time.

Although the opponent had over seventy Divine Deity, Chen Xiang was not afraid. He himself already had enough strength, and he felt that even if he couldn't defeat the opponent, he wouldn't be killed.

"Seventy Divine Deity, your brother's cultivation is so profound!" Chen Xiang laughed. Originally, "God Ye" still had a smile on his face, but when he saw Chen Xiang point out his cultivation level, his face changed.

"Who are you?" The God's face and voice became serious. He looked at the servant and gestured him to leave.

## [Chapter 2206](#)

When Chen Xiang saw that the god had become cautious, he smiled slightly and took out a Shangpin bone level Dan. He wanted to see what level the other party was at to be able to recognize what kind of divine pellet it was ...

"The Bone level Dan is even of high quality!" God Lord said in shock. His expression also became much warmer! He could tell that Chen Xiang did not have any malicious intent and did not recognize him either.

"I came here because I, Chen Xiang, mistakenly entered this world, found this town, heard about Brother's matter, and came here. I just want to ask you, what kind of world is this, and how do we get out of it?" Chen Xiang asked very politely.

"Sigh... It's a long story, you should be Alchemist of the Divine Nations, right? I was originally a Alchemist of the Heaven's Might Divine Nations, my name was Lu Shaoying! At that time, I entered the Core of the Earth with my master to explore, but who would have known that I would come to this place?"

"My master died at a young age of twenty thousand. Although he was very strong, he still could not escape death ..." Lu Shaoying said with a long sigh. To be able to meet someone from the outside made him extremely happy.

He had been here for many years and always felt lonely because the people here were only mortals! Even if he taught them some cultivation knowledge, it would be very difficult for him to grow up ...

"Of the Heaven's Might Divine Nations, I wonder who your master is?" Chen Xiang asked. If he was really famous, then Xiao Yulan definitely knew about it.

"Lu Tianwei." Lu Shaoying's expression revealed a tinge of sorrow. It could be seen that their relationship with each other was very good.

Chen Xiang hurriedly asked Xiao Yulan about Lu Tianwei using the power produced by the Mind Alchemy Pill. From the name alone, Chen Xiang knew that Xiao Yulan was a very important person to the Profound Sky Continent.

"You actually met Lu Tianwei's disciple, Lu Shaoying, back then, he had the same status as Xiao Ping. Lu Tianwei was the creator of the Profound Sky Divine Nations, but he had only given the position of Divine Lord to his own brother.

"I don't know much about the Divine Nations. I just thought he had gone to the Star Law Divine Realm and died in this strange place." Xiao Yulan was very surprised to know that Chen Xiang had met Lu Shaoying.

"Could it be that the core of the Nine Gods Nation can lead to this mysterious world? If that's the case, then the people from the other Divine Nations might already be here."

A trap set up after nine Divine Lords left

"It's very likely that you'll have to wait for me to go over first," Xiao Yulan said. She had the same thoughts as Chen Xiang.

Lu Shaoying saw that Chen Xiang did not say a word and asked, "Has Sir heard about my master?"

It was possible that he even felt that the Profound Sky Divine Nations did not exist anymore. After all, his master was the Great National Master of the Profound Sky Continent.

"Everyone thought that your master had gone with you to the Star Law Divine Realm. I never thought that you would be trapped in such a place." Chen Xiang sighed.

"How's the situation outside?" Lu Shaoying asked excitedly.

"It's not good. There was a civil war in the Nine Gods Nation ... "This is mainly because the Divine Lords of the Divine Nations have left." Chen Xiang simply told Lu Shaoying what happened outside.

"Where did all these treasures come from? It's a trap! My master only brought me here because he listened to such nonsense! I heard that there are a lot of people like me who mistakenly entered this place!"

"It's just that normally we don't have any connections ..." Lu Shaoying was also deeply moved when he heard about the matters regarding the Nine Gods Nation.

It was because he had already left the Profound Sky Continent for a long time and he had feelings for the Divine Nations. However, because his master was dead now, even if the Divine Nations wiped him out, he did not think much of it.

"Oh right, Brother Lu, what are the uses of these Spirit seed? I heard that there are also Spirit seed like you in other towns ... .." Chen Xiang took out a handful of Spirit seed and asked curiously.

"I don't know about that either. I mainly used these Spirit seed to exchange for divine medicines. Master and I haven't been able to find any divine medicines for many years. Our divine medicines ran out very quickly, and Master knows that he can't hold on for much longer ..."

"So I used all the pills I had with me ... Later, when the old man left, I continued to search for the divine medicines by myself ..."

Lu Shaoying took out a black stone and continued, "Later on, I met someone who was called Black Stone Divine Venerable. He gave me this kind of black stone and he said that as long as enough Spirit seed were collected, I would be able to use this black stone to summon him.

"Exchange with him for divine medicine!"

Lu Shaoying did not know the use of Spirit seed either. After all these years, he must have done some research on it, but he did not manage to get any results.

"Black Stone Divine Venerable sounds very strong." Chen Xiang frowned. Right now, he also wanted to meet this Black Stone Divine Venerable.

"Very powerful. I feel that he's as strong as my master," Lu Shaoying said, "I need at least a hundred million Spirit seed in order to exchange with him for some divine medicines. This guy has many different kinds of divine medicines, and he even sells pill formulas.

'This guy has the Bone level Dan's pill formula!'

Lu Shaoying laughed: "I also have the Bone level Dan's pill formulas ... but I haven't refined one in a long time because I don't have any divine medicines ..."

Back then, Chen Xiang had heard that Bone level Dan were only controlled by a few powerful Pill Gods, but later on, only Xiang Hongdao, the Pill God, only possessed them ... ..

"Then can you summon him now? I want to see him." Chen Xiang was only very curious about the use of the Spirit seed. He felt that it must be very useful.

"But my current Spirit seed is just enough for you? Do you also want to receive this blackstone?" Lu Shaoying asked.

"Of course it's not that I want to see if there's any way for him to reveal the use of the Spirit seed ..."  
Although Chen Xiang did not have many divine medicines, he still did not need to use his Life-Killing Divine Deity to duplicate them temporarily ...

Lu Shaoying used the black stone and shook it slightly before saying to Chen Xiang, "Alright, he will arrive very soon. You are also the Alchemist! When the time comes, you can try to join him."

I once wanted to join him, but I couldn't even beat his disciple, so he didn't want me ... "

Seeing the self-deprecating smile on Lu Shaoying's face, Chen Xiang was a little surprised. Lu Shaoying was Lu Tianwei's disciple, but he had not won even once.

"He should be able to come to Chen Xiang in four more hours. Why not roam around for another four hours before coming back?" Lu Shaoying said, "I still need to go refine a few more batches of pills for those mortals ..."

"That's right! Why are there so many familiar numbers of mortals here? And why are they so far behind?" Chen Xiang did not understand. If the humans here had existed for a long time, they would not be this weak ...

"They existed for a long time ... Those with good aptitude were all taken away by the Black Stone Divine Venerable for many years ... It's very difficult for them to develop ... Also, there are many natural disasters here that would die very soon ..." Lu Shaoying opened the door and walked out with Chen Xiang.

When Chen Xiang walked out of the villa and went outside, he suddenly received a message that they had already gone to the sea of flowers.

## [Chapter 2207](#)

Chen Xiang was in that sea of flowers earlier, so he could remember the direction and position.

"I'll be there immediately." Chen Xiang came to a place devoid of people, then teleported there ...

In the blink of an eye, he appeared in the sea of flowers and saw Xiao Yulan and the other two ...

"How did you guys arrive so quickly? It seems like the distance between you and me wasn't that far before, huh?" Chen Xiang laughed and then told Xiao Yulan about the matter of the Black Stone Divine Venerable.

The Imperial Concubine Lian said: "Xiao Yuanbing and the rest are definitely here too, it's just that we haven't met them yet. It looks like if we want to clarify the situation here, we have to start from the Black Stone Divine Venerable."

"It seems like not only Xiao Yuanbing and the others from the other Divine Nations must have come into the Nine Gods Nation from the core of the earth ... This is definitely not a coincidence that there is some powerful force causing trouble here ..."

"Xiao Yulan took out her Six Realms Ding and examined it once." My divine cauldron seems to have changed a little when it came to this place. "

Xiao Yulan did not know that the Six Realms Ding was actually made of bronze but it was now like white jade.

"How is this some sort of change? It's basically completely different! I thought it was your jade cauldron ..." Chen Xiang said in shock.

"My jade cauldron is here." Xiao Yulan took out another small jade cauldron. Her jade cauldron was green jade, and the current Six Realms Ding was white jade.

"Why don't you enter my storage ring? Tell the truth! You three beauties are very eye-catching with me!" Chen Xiang raised the ring on his hand.

"Is that kitten hiding inside?" Imperial Concubine Lian asked. "Remember when Jin'er was inside before?"

Xiao Yulan and Xiao Hongque also nodded their heads before they followed Chen Xiang and entered the ring.

Chen Xiang teleported outside of the town, entered the little town, and strolled for four hours before heading towards Lu Shaoying's villa. The moment he stepped into the villa, he sensed a very powerful aura.

Many servants' faces turned pale with fright

Chen Xiang did not think much of it. He only felt that the person who emitted this Qi was extremely powerful, and it was just as Lu Shaoying had said. His strength was much stronger than the Great National Master's.

"This aura... This was something that could only be released after cultivating a Hundred gods level and nine Divine Deity. This was a Divine Lord, "Yue'er said in surprise." This Black Stone Divine Venerable is a Divine Lord that needs to be handled with caution. "

This was Chen Xiang's first time meeting such a strong opponent. Originally, he thought that since Xiao Yulan came, even if he fought with the Black Stone Divine Venerable, he would still be able to contend against it. But since the opponent was an Emperor Level Xiao Yulan, it would definitely be very difficult for him to fight with the Six Realms Ding.

"Be careful!" Xiao Yulan exhorted Chen Xiang. She could also feel the Qi from outside from the Dark Jade Ring. She knew this type of power the best because the Divine Cauldron Supreme Lord was a similarly strong expert.

When Chen Xiang entered the hall, he saw a black clothed middle-aged man sitting on a large chair. He was dressed entirely in black and he held three black beads in his hand.

This Middle-aged Man in Black Robe was none other than Black Stone Divine Venerable.

"Shaoying, are you talking about him? Is he also a Alchemist?" The Black Stone Divine Venerable asked with an extremely ice-cold voice.

Standing beside Black Stone Divine Venerable was a handsome man. He was also sizing up Chen Xiang and from the aura he could tell that Chen Xiang was not very strong.

"Yes, he can refine high quality Bone level Dan." Lu Shaoying said. He had a good impression of Chen Xiang and also hoped to make friends with him. After all, he was too lonely here by himself and could not communicate with those mortals.

"Yes," Lu Shaoying nodded.

"Greetings Hierarch, I'm Chen Xiang." Chen Xiang hurriedly stepped forward and said. This Black Stone Divine Venerable was much worse than he imagined, especially that kind of attitude.

"It's also because I accidentally entered this place during this period of time. There really are quite a few people who have accidentally entered this place." The Black Stone Divine Venerable asked. "You can refine pills and want to join my sect?"

Chen Xiang nodded his head. Lu Shaoying and his master had been in this world for so many years, yet they had yet to find a way out. Therefore, if he wanted to leave, he had to get a clear understanding of the world.

"You think it's not good for you to refine pills just because you want to join us and look at yourself, right? It's not like we can just recover just because you can't concoct pills! Lu Shaoying, refining pills is not bad, but you still can't meet our standards!" the man in black beside Black Stone Divine Venerable said coldly.

Lu Shaoying had mentioned before that this man was Black Stone Divine Venerable's powerful disciple, Lu Shaoying, who had never defeated him before.

"You can't say things so absolutely. What do I need to do to pass?" Chen Xiang asked.

"You first have to defeat me, and then pass my master's trial." The black clothed man walked in front of Chen Xiang, crossed his arms, and sneered.

"Ah Hei will compete with him in refining the high grade Bone level Dan. I will produce the divine medicine!" Although the Black Stone Divine Venerable's expression was stern, he did not underestimate Chen Xiang.

"Master has wasted a whole set of divine medicines. His Divine Deity can't even compare to Lu Shaoying's! He's definitely worse than Lu Shaoying's!" This Ah Hei really looked down on Chen Xiang and Lu Shaoying.

Lu Shaoying who was at the side did not have any expression on his face. However, Chen Xiang could tell that he was very angry in his heart, and had gotten used to it.

Chen Xiang coldly said. He did not want to give Ah Hei a good look, "Since you think you're so powerful, then why don't you bet with me? If you lose, then just call me father."

"What are you talking about? You're courting death!" Ah Hei's expression changed greatly as he yelled in fury. His body exploded with a wave of berserk hot air.

"Why? You don't dare to gamble?" Chen Xiang laughed lightly and ridiculed, "You're only so-so, aren't you?"

"Then you lost! How about you? Even if you use your life to bet with me, I won't care about your lowly life!" Ah Hei had never met someone who dared to talk back to him and look down on him in such a manner

"Don't say it, Ah Hei! Since when did you become so cocky?! If you think he's not as good as you, just use your strength to prove it, not your mouth!" Black Stone Divine Venerable's reprimanding voice was very strict, causing Ah Hei to not dare to speak anymore.

This also made him hate Chen Xiang even more.

Black Stone Divine Venerable took out two sets of Shangpin bone level Dan's divine medicine and gave it to Chen Xiang and Ah Hei respectively.

"I don't believe you can win! I humph!" Ah Hei put all the divine medicines into the pill furnace. When he was refining the pills, he did not actually follow the pill formulas ...

### [Chapter 2208](#)

Chen Xiang felt that this Ah Hei was extremely strange. He actually had the temper to become the Black Stone Divine Venerable's disciple ... Although he was serious, he was completely different from Ah Hei.

"This Black Stone Divine Venerable is indeed very powerful. I don't know what his pill cultivating techniques are, but Ah Hei didn't use any pill formulas. Could it be that he's using the same kind of Heavenly Alchemy as me?" Chen Xiang wondered.

Ah Hei had been looking at Chen Xiang with hostility all this while, wishing to use his eyes to chop Chen Xiang into pieces. However, when he saw that Chen Xiang was the same as him, who threw all the divine medicine into the pill furnace, he became even more surprised.

Black Stone Divine Venerable was only not too surprised as a hint of surprise flashed through his eyes earlier ...

Lu Shaoying, who was watching from the side, was extremely shocked. He wished he could ask Chen Xiang what technique he was using right now.

"You ... Ah Hei was currently a little unconfident in his heart. Previously, he felt that the reason he was so powerful was because his alchemy skills were different from other people's, but now, he saw that Chen Xiang also had some unique alchemy skills that left him unsure.

Chen Xiang smiled blandly, "You've grown up in this world since you were young. You've never seen the outside world that is grand and gorgeous, right? Your world is too small ..."

As he spoke, Chen Xiang's pill furnace trembled slightly. Ah Hei seemed to know what was going on inside Chen Xiang's furnace and could not believe it.

Chen Xiang had just put in the divine medicine and started to condense the pill ...

Ah Hei himself would need at least an hour to complete the task, but right now, he could tell that Chen Xiang's progress was much faster than his own in just a few moments ...

At this moment, he still had a winning rate in his heart. He thought that the quantity and quality of his pill production would definitely surpass Chen Xiang's. Because he had also fought against many Alchemist who had mistakenly entered this place.

It was also because of this reason that he looked down so much on those Alchemist s who had mistakenly entered this place, especially those Alchemist s with low Divine Deity. That was why he looked down on Chen Xiang so much before this.

"I've completed it," Chen Xiang laughed.

"Impossible! You must have cheated!" Ah Hei immediately shouted out. It was difficult for him to accept this fact! In the past, he had always been the one who had caused others to lose miserably, but now, it was him! He absolutely could not accept it!

Chen Xiang could not wait for him to strike such a person down. It was one of his pleasure to open the pill furnace and take out six Bone level Dan s.

Lu Shaoying took a deep breath. The six high quality Bone level Dan made it hard for him to believe it was true! This speed was indeed shockingly fast, much faster than Ah Hei's. Ah Hei had only taken out four or five pills, and the quality was only a little bit worse.

Black Stone Divine Venerable was also very surprised, but he did not express it.

"Very good!" Black Stone Divine Venerable only said two words as he looked at the six high-grade Bone level Dan.

He retrieved the Bone level Dan and the pill furnace and said, "Are you using the Heavenly Alchemy?"

Lu Shaoying exclaimed. "It's actually the Heavenly Alchemy! No wonder ..."

"That's right," Chen Xiang nodded his head. Since the fact that the Black Stone Divine Venerable was a powerful expert of the Divine Lord level had already been seen through, he did not try to hide it.

"Since you have the Heavenly Alchemy, then you don't need to take me as your master anymore. I have nothing to teach you. In the future, your level will definitely not be any lower than mine. Do you have any other goals?"

"The Black Stone Divine Venerable asked with a cold expression," I don't like people using schemes and tricks on me.

"This... "Alright, I want to know the use of the Spirit seed. After that, how do we leave this place?" Chen Xiang asked.

"The role of the Spirit seed is indisputable. To leave this world is something that I have been doing for many years," the Black Stone Divine Venerable replied. He had also guessed that Chen Xiang was going to ask about these two things.

The Black Stone Divine Venerable was actually trapped here as well! Chen Xiang sighed inwardly, it seemed like this damned place had existed for a long time and was not made by the nine Divine Lords!

Bang

Ah Hei's pill furnace had actually exploded! Because Chen Xiang had surpassed him, he was very unwilling, but was unable to focus on refining it.

"Why would a person like Master be keeping him alive? Since he can't be used by you and he has mastered the Heavenly Alchemy, it would be a huge threat to you. Why not kill him?" Ah Hei said as he glared at Chen Xiang with hatred in his voice.

"I'm going to kill you!" Black Stone Divine Venerable took out an array disc and said, "Are you still not going to leave? Do you really think you're his match?"

Although Chen Xiang only had sixty Divine Deity, he guessed that Chen Xiang definitely had a lot of Bones. Although Ah Hei also had Bones, he only had a pitiful amount because of the limited number of Bone level Dan here.

"I don't believe I can't beat him!" Ah Hei's pride was thwarted and he was filled with anger as he rushed towards Chen Xiang. Just as he was about to punch him with his fist, Chen Xiang's foot had already kicked his abdomen heavily, sending him flying.

"Come back!" Black Stone Divine Venerable grabbed Ah Hei and used the formation plate to teleport away.

Lu Shaoying walked over with a frown. "This Ah Hei's hostility is really strange. Even if he's jealous, he shouldn't have such an expression."

Chen Xiang nodded his head, "This must be related to the environment in which he grew up. I have to guard against the Black Stone Divine Venerable a little.

The Black Stone Divine Venerable was the most terrifying one that did not make much noise at all! Furthermore, he had a powerful strength!

"It's better for me to leave this place as soon as possible. To be honest, this Black Stone Divine Venerable is truly a good thing. The disciple he coaches will definitely not be that unrighteous," Chen Xiang patted Lu Shaoying's shoulder and gave him some Shangpin dan's medicine.

"Thank you, Chen Xiang! Take care on your way out! If you can find a way out, you have to let me know!" Lu Shaoying's alchemy skills had dropped by a lot due to the lack of divine medicines.

Chen Xiang saw Black Stone Divine Venerable but did not reap anything from it. He hurriedly left Qingle Town and teleported in a direction to leave.

High up in the air above the town, Black Stone Divine Venerable and Ah Hei stood on top of the formation plate. Ah Hei said indignantly, "Master, look! This bastard ran away. You should have made a move earlier!"

"What do you know? This guy's hiding an extremely terrifying power? I can only sense a bit ... I've been so cautious for so many years, otherwise, I wouldn't have survived until now ..." The Black Stone Divine Venerable was referring to Xiao Yulan and the Six Realms Ding in the ring.

"Don't worry, he won't be able to run away! He's an extremely good divine medicine! Once he's refined into a divine pill, I'll be able to obtain his Heavenly Alchemy!"

### [Chapter 2209](#)

Chen Xiang didn't know where he was going now either. He felt that this place was the territory of the Black Stone Divine Venerable, and could only teleport in one direction, away from this region ...

After three days, Chen Xiang felt that he was already far from the area he was in, so he stopped to rest. In these three days, he traversed many mountains and rivers, and encountered many powerful divine beasts.

At this moment, he was soaking in a small river. Although there were three suns in the sky, the water here was very abundant and had yet to dry.

"How cool." Chen Xiang was in the river, squinting his eyes at the three suns in the sky, watching, he suddenly cried out.

"The sun is moving." Chen Xiang shouted loudly. He realized that the distance between the three suns had changed, and they were slowly moving away, as if they were going down the mountain.

Yue'er immediately ran out. Being the most sensitive towards the stars, she could tell with a single glance that the three suns had really moved.

"Is there a night every once in a while?" Yue'er said: "I should have asked Lu Shaoying about the three suns earlier."

Chen Xiang frowned: "The speed of these three suns are not normal, it will be dark soon, I have a bad feeling, Yue'er, you enter the ring, I need to continue moving."

Before, he had thought that there was no night here, but now, the darkness had descended very quickly and very suddenly.

Originally, Xiao Yulan and the others were about to come out as well, but Chen Xiang allowed them to stay in the ring. At this moment, he had a feeling that the Black Stone Divine Venerable would come soon.

"This guy is called Black Stone Divine Venerable, maybe he has something to do with Hei Ye." When Chen Xiang saw the Black Stone Divine Venerable, he felt that the other party was evil, and was not some good person. Otherwise, he would not have been able to cultivate a disciple like Ah Hei.

Ah Hei's hostility was heavy, it was definitely due to the influence of the Black Stone Divine Venerable, but the Black Stone Divine Venerable restrained himself well, he did not reveal it, and this was what made Chen Xiang more worried. The more he restrained himself on the surface, the more violent his heart became.

The sky quickly darkened and the three suns moved far away from each other. Chen Xiang had already left the river and immediately teleported a large distance away.

There were no stars nor moon in the dark night. The world was shrouded in darkness, and the flowers, plants, and trees in the forest seemed to be enveloped in fear. It was a lifeless atmosphere.

"So depressing, I can't see any light." Chen Xiang floated in the air, looking around, as if he was trapped in a pitch black cage.

Rumble ...

Suddenly, there was the sound of thunder, Chen Xiang's body trembled, and immediately teleported away.

Not long after, there was a sudden flash of light, but it was blood-red.

The dark sky was filled with thick, blood-red clouds. Waves of blood-red lightning struck down from the thick clouds, accompanied by claps of thunder, as if bringing this silent night to hell.

"What's going on?" Chen Xiang did not understand the situation. He did not dare to stay and continued to move forward.

"Hahaha ..." Laughter filled the air.

Hearing that, Chen Xiang's heart sank, it was the voice of the Black Stone Divine Venerable.

"This guy really came." Chen Xiang continued to teleport, but realized that the space had been locked and he could not break out of it.

"You won't be able to run away. I am an invincible existence in the dark. Haha ..." Black Stone Divine Venerable's wild laughter carried a very strong sound wave force that shook the surrounding hundreds of mountains to the ground.

Just the sound of his laughter was enough to shake the earth and shake the mountains. The power of this Black Stone Divine Venerable in the dark night was truly terrifying.

"Brat, come back with me. I will properly refine you into a pellet. I will eat you, I will have you." Black Stone Divine Venerable had already appeared in front of Chen Xiang, and behind him were actually five other people wearing black robes and black masks.

The Six Realms Ding in her hand shone with a white light. When the divine furnace came here, it miraculously turned into a white jade and in the dark night, it released a strong white light.

"This is ..." "No wonder I thought that brat was so terrifying. So that's how it is. Today, I will destroy this cauldron." When the Black Stone Divine Venerable saw the Six Realms Ding, his face revealed a trace of fear.

"You guys deal with this kid." Black Stone Divine Venerable swung the black whip in his hand towards Xiao Yulan.

The divine furnace in Xiao Yulan's hands immediately grew in size, blocking the whip's strike. After being whipped by the black whip, the divine cauldron exploded with a blinding white light.

The five black robed men brought by Chen Xiang and Black Stone Divine Venerable were blown away by the powerful energy wave that erupted from the white light.

"Be careful, those five black robed men all have over eighty Divine Deity. They're not easy to deal with." Xiao Yulan sent a sound transmission to Chen Xiang: "I can at most suppress this Black Stone Divine Venerable."

Imperial Concubine Lian and Hongque also immediately came out of the ring, blocking the five black-clothed men. However, they could only block two of them, while the other three rushed towards Chen Xiang.

"Be careful." Chen Xiang had already seen how many times the Imperial Concubine Lian and Hongque had suffered from heavy attacks.

"Yue Er, make your move." Yue'er rarely made a move, and even if she did, she only used her power to help Chen Xiang.

Yue Er immediately appeared from within the ring.

"All of you, come in." Yue'er was currently standing on a triangular slab of stone. This was her Star-moon Hell. As the law enforcer of the Star Law Divine Realm, they all possessed such terrifying divine tools.

Star Moon Hell released three divine lights, shining on the three black-robed men who were chasing after Chen Xiang.

However, the three black-robed men did not immediately enter. They were blocking the absorption of the energy.

"It's Starmoon Hell, who the hell are you?"

"Humph, your power is limited now, so you still can't take us into the Lunastron Hell."

"Everyone attack together, this kitten is very weak."

After the three black robed men joined forces, Yue'er's triangular stone platform suddenly trembled. She shouted out, "Don't underestimate me. Once I recover my strength, you will all be useless."

"All of you have to pay attention to that kid." A black-robed man shouted.

"Don't worry, that brat doesn't have much power. Otherwise, he wouldn't have run away. I never thought that he would have so many powerful guys by his side. Especially that woman with the cauldron; she's very scary. She can instantly kill us."

Chen Xiang suddenly flashed and arrived beside a black robed man, laughing coldly: "Do I really not have much power?"

With that said, Chen Xiang's hand flashed, and an ancient sword appeared.

In the darkness, the longsword in Chen Xiang's hand flashed with a cold light and exuded a murderous aura. Sensing the terrifying power of the longsword, a black-robed man immediately shouted, "It's the Heavenly magic sword!"

"Die." Chen Xiang slashed his sword at the black-robed man, using all of the power of the Divine Deity in his body.

Although the Heavenly magic sword did not have a sword tip, its power was still terrifying. The sword body absorbed the powerful Flame power that Chen Xiang had released, and then increased its power by several times.

Chen Xiang's Flame power was strengthened by many times, striking the black-robed man, and was instantly released.

Boom.

After the black robed man was slashed by the sword, his body was flooded by the berserk Flame power and instantly burst apart into ashes.

[Chapter 2210](#)

With just one slash, the black cloaked man was killed. Chen Xiang's hand that was holding the sword started to tremble, the Heavenly magic sword was damaged but it was still this strong. Now he understood why Heavenly Divine Lord was ambushed by multiple Divine Nations all those years ago because this sword was damaged! Without this sword, the Heavenly Divine Lord's strength would be greatly reduced, and it was the best opportunity to deal with him.

Yue Er immediately used Star Moon Hell to hold back the other two black-robed men. They were sucked in by the suction force released by Star Moon Hell and were also unable to move. Now that they had lost a companion to defend themselves, the pressure on them increased as their bodies were slowly sucked in.

"It's too easy for you to enter the Star Moon Hell. Go to hell!" Chen Xiang rushed forward and slashed again!

BOO!

Another black cloaked person was killed with a single sword strike. Chen Xiang once again felt the feeling of contentment he had just felt, which caused the divine power in his body to boil.

"Don't even think about entering!" Chen Xiang sneered, and slashed his sword from afar. This time he used the Meteor immortal power, and slashed out a ray of Sword Qi through the Heavenly magic sword.

The black-robed man was already about to enter Star Moon Hell, but the moment he was struck by Chen Xiang's Sword Qi, his body exploded into pieces.

After exterminating the three black-robed men, Chen Xiang and Yue'er immediately went over to Imperial Concubine Lian and Xiao Hongque's side!

Imperial Concubine Lian and Xiao Hongque were both injured, and the two black-robed men were relatively strong. When they saw Chen Xiang and Yue'er coming over, they immediately retreated.

"Don't even think about escaping!" Yue'er called out softly, and the triangular stone tablet beneath her immediately shot out, releasing two divine lights and locking the two black robed men in place.

others, they were both very powerful and even the Black Stone Divine Venerable couldn't do anything to them.

"We've already caught him. It's no big deal!" Black Stone Divine Venerable laughed: "In the dark night, I am invincible!"

"Master, can I teach him a lesson now? This bastard kicked me and humiliated me!" When Ah Hei thought back to these matters, he became extremely irritable and threw a few punches towards the pill furnace.

"I will first restrict his strength! But you can't kill him, otherwise the Heavenly Alchemy will become powerful." The Black Stone Divine Venerable said.

Right now, Chen Xiang was trapped in Black Stone Divine Venerable's pill furnace, the flames around him suddenly turned into chains, enveloping him within. His legs were bound by the chains, and what made him even more shocked was that his Divine Sense Sea was also sealed, he was unable to see his own Divine Sense Sea.

Falling into the hands of a Divine Lord Ranker, no matter how many techniques Chen Xiang had, he was helpless to do anything.

"It's okay now!" The Black Stone Divine Venerable said.

The lid of the pill furnace was opened, and Ah Hei took Chen Xiang out.

"Haha ..." Ah Hei laughed crazily, and then he punched and kicked Chen Xiang.

"I'll make you be arrogant, win against me, and kick me!" Ah Hei acted like a madman, shouting and kicking Chen Xiang.

Chen Xiang was beaten up badly, but it was only painful, his body was so strong, it was not something Ah Hei could casually record as to be injured!

But being humiliated like this by Ah Hei, the anger in his heart overflowed to the heavens, and now, his angry gaze made Ah Hei feel fear, and his actions became heavier and heavier. He was worried that Chen Xiang would take revenge on him, and he couldn't wait to kill Chen Xiang, because only then would he be able to erase the fear in his heart.

"Enough!" Black Stone Divine Venerable grabbed Ah Hei. He understood Ah Hei very well, if this continued, Ah Hei would definitely kill him.

This time, Black Stone Divine Venerable had expended a lot of energy to capture Chen Xiang, because he did not expect Xiao Yulan and the Six Realms Ding to appear.

Chen Xiang was once again thrown into the pill furnace, but he was still trapped, unable to move, unable to use his divine power!

"I'll start refining him now. I'll soon be able to do so!" Black Stone Divine Venerable threw in dozens of divine medicines, and then injected a strong flame: "Ah Hei, you control the flame. It will take about three days for the divine medicines to be refined, I had meticulously modified all of them, and they can be refined very easily."

Hearing that he could refine Chen Xiang by himself, Ah Hei became extremely happy.

"Use your powerful flames to burn him to your heart's content!" Black Stone Divine Venerable gave the position to Ah Hei, letting Ah Hei release flames to refine Chen Xiang.

"Master, where are you going?" Ah Hei asked.

"The Six Realms Ding has appeared! This Six Realms Ding is either obtained by me or it has to be destroyed. This thing is a great threat to me. " Black Stone Divine Venerable said in a serious tone: "Ah Hei, I will leave this to you!"

"Understood, Master!" Ah Hei's face was filled with a dark ruthlessness as he released extremely berserk flames, and muttered, "Chen Xiang, this must definitely be a very comfortable feeling!"

Chen Xiang could hear the voices coming from outside. The Black Stone Divine Venerable had already left, and only Ah Hei was left outside. If he did not imprison the Divine Sense Sea's body, Ah Hei would not be his match.

"What pill is this Black Stone Divine Venerable refining me into? They actually had so many rare and precious divine medicines. It seemed like they were all supreme grade divine medicines ... No, it's Heaven rank! " Chen Xiang could tell from the medicinal aura these divine medicines were emitting, that they were many times stronger than Shangpin medicine s.
