

Dan God 2211

[Chapter 2211](#)

Chen Xiang's legs were bound by the flame chains and he was unable to use the Bones inside. He could only use his physical strength as he wriggled his body and arrived beside a divine fruit.

His mouth was also sealed. He could not open and close it at all, or else he would definitely eat this Heaven grade divine fruit! There were very few high grade divine medicines, and King grade above the low grade were even rarer. And the ones here were all Heaven grade, even if they were not refined into pills, it would still be of great use to eat them.

"Damn it, you guys are underestimating my Chen Xiang, just you wait!" Although Chen Xiang was currently being burned by the intense flames, he did not feel uncomfortable.

"I wonder what method that old bastard used to seal all of the Bones in my body. I can't even use the Bones in my eyes." Chen Xiang leaned towards the Heaven Ranked Divine Fruit, waiting for the Divine Nations to be refined. Although he couldn't open his mouth, he could still breathe!

These Heaven Grade Divine Fruits had been specially treated by the Black Stone Divine Venerable and could be refined very easily. Under Ah Hei's crazy burning, the Divine Fruits had already started to burn and release the medicinal qi.

"Absorb!" Chen Xiang took a deep breath and completely absorbed the medicinal aura into his body. He did not know what kind of divine fruit this was, but it would not be harmful to him in the least.

Once Chen Xiang took a deep breath, he absorbed the medicinal aura released by the Heaven grade Divine Fruit into his body, causing his body to feel warm and there was a current of air flowing from within his body.

"My mouth is sealed by itself. First, I have to break the seal on my mouth!" Although Chen Xiang was sealed, he could still control the medicinal energy that was entering his body.

After being absorbed into his body, it sank into his dantian. He used his mind to control the medicinal energy and rushed into the power sealing his mouth.

The medicinal energy rushed up, but it did not succeed. Its strength was too weak!

The interior of the pill furnace was not very big. At this moment, all of the Heaven grade spirit medicines here were gradually producing their own medicinal energy. He used his nose to suck in the medicinal energy into his body.

A moment later, an extremely terrifying medicinal energy gathered in his body.

"What is that guy doing outside?" Didn't he notice me moving around in here? " Chen Xiang felt that it was a little strange. What he did not know was that Ah Hei was currently burning him crazily, causing Chen Xiang to think that his fire was too violent. was burning it until it was like a shrimp dancing in the hot pot.

"I must break through this time!" Chen Xiang controlled the ball of condensed medicine Qi and struck the seal on his mouth.

He found out from Ah Hei's memories that this pill furnace was made from Black Stone Divine Venerable's flesh and blood, and was equivalent to a part of Black Stone Divine Venerable. If it was damaged, it would have a huge impact on Black Stone Divine Venerable.

The pill furnace was very strong, if it wasn't a part of the Black Stone Divine Venerable, Chen Xiang would definitely take it!

He stopped for a moment, accumulating his power, waving the Heavenly magic sword, fiercely slashing at it a few times, causing some damage, and his Heavenly magic sword was not inferior in the slightest, as it was able to cause a great deal of damage to such a sturdy pill furnace.

Dang, dang, dang! Chen Xiang waved his sword and kept slashing at the same place, and after a few hundred slashes, he finally cut the pill furnace in half! The moment the pill furnace broke, it turned into two pieces of black bones. These were the bones of his legs.

"It really is a part of the Black Stone Divine Venerable's body!" Chen Xiang repeatedly struck his palms towards the two pieces of bones, causing the Meteor immortal power to explode and shatter the broken bones into pieces.

Chen Xiang was now more clear of the Black Stone Divine Venerable's strength, it was definitely not something he could handle with his current level of strength. Just a pill furnace had already cost him a lot of effort to destroy.

"According to Ah Hei's memories, this should be a place within a mountain. This is also the place where the Black Stone Divine Venerable lived for a long time!"

Chen Xiang walked out of the cave and floated high up into the sky. He then activated a Heavenly dragon seal on this huge mountain.

"It's time to leave, Black Stone Divine Venerable must have known what happened here! Strange, why is it that the Heart Connecting Force of Yu Lan and I has lost its effect? Could it be because I ate too many Heaven grade Divine Medicines, the medicinal power got washed away? Or was there a problem when I was being confined? "

Chen Xiang swallowed another mind pellet, and then, he left this place. From Ah Hei's memories, he already knew what kind of world this was — Nine Star God Realm!

The Nine Star God Realm was a world born from nine stars, and the Black Stone Divine Venerable was the guardian of this world. However, he was not willing to follow the rules, so he took on the human form to control the world. In order to prevent him from becoming powerful, the night would disappear and he would be able to unleash his strongest power.

But later on, when he controlled the night, he was no longer restricted by the rules here!

The reason why the dark night appeared before was to capture Chen Xiang. As long as it was night time, Black Stone Divine Venerable would be able to find out where Chen Xiang was any time!

The Black Stone Divine Venerable had always wanted to escape from this place to see the outside world, because he possessed extremely strong powers. However, he was the only strong one here and his

resources were extremely scarce, making him feel that the Nine Star God Realm was like a cage, and they were the villains imprisoned here.

"This guy will find me soon!" "He knows a pill refining technique that can turn a person into a pill. After eating it, he will be able to obtain everything about that person. Thus, he is trapped here and knows a lot of things about the outside world." When Chen Xiang thought back to how he was almost eaten by the Refinement Pellet, he felt a lingering fear. If the Black Stone Divine Venerable refined him himself, he wouldn't be so lucky.

Chen Xiang learned the important secret of the Black Stone Divine Venerable from Ah Hei's memories. Every time Black Stone Divine Venerable summoned the night or went to get a precious high level divine medicine, they would go to a certain place and didn't let Ah Hei go with them!

Ah Hei couldn't follow them, and could only wait for the Black Stone Divine Venerable outside. Therefore, Ah Hei had a very deep impression of that place.

Chen Xiang now followed Ah Hei's memories and headed towards that place quickly. He wanted to find the secret of Black Stone Divine Venerable turning the sky dark, because at night, Black Stone Divine Venerable was the most terrifying place. If he did not want Black Stone Divine Venerable to catch him, then the sky would have to brighten.

"I wonder how Sister Yulan and the others are doing. With Yue'er there, Imperial Concubine Lian and Hongque should be safer!" Chen Xiang was a little worried. Previously, Black Stone Divine Venerable had said that he would go find Xiao Yulan. It was because Xiao Yulan's Six Realms Ding posed a great threat to him.

"This guy was too careless, he underestimated me!" Moreover, he trusted Ah Hei too much. Otherwise, he wouldn't have allowed me to escape! I have to brighten the sky as soon as possible. If I succeed, Big Sister Yulan can use her Six Realms Ding to suppress the Black Stone Divine Venerable. " Chen Xiang activated the power of fifteen spatial Divine Deity and teleported to that secret location in the Black Stone Divine Venerable.

After consuming so many heaven grade divine medicines, he had even swallowed Ah Hei, but Chen Xiang did not have the time to refine them. In the dark night, Black Stone Divine Venerable was everywhere, and yet they had not come to find him.

"There's a reaction!" Chen Xiang had just eaten a mind pellet before, and now he finally had a reaction. He immediately asked Xiao Yulan: "Sister Yulan, how are you guys now?"

Your Master and Senior Master are both here. Fortunately they joined us, otherwise, I wouldn't be able to fend off this guy! I don't know why, but this guy suddenly went crazy and kept scolding you. " Xiao Yulan replied.

Huang Jintian and Huang Yantian are actually here too! Chen Xiang thought about it, and he was not that surprised, because they had already mentioned before that they were extremely interested in Divine Nations's treasures.

"Where's Yue'er, Imperial Concubine Lian and Sister Hongque? Imperial Concubine Lian and Sister Hongque were both injured previously, are they alright?! " Chen Xiang asked again.

That bastard Xiao Yuanbing also brought people here. I was fighting with them, your master and senior is really powerful, actually suppressing the Black Stone Divine Venerable. " Xiao Yulan said.

Huang Jintian and Huang Yantian are both Undead Divine Race s, after living for so many years, they must have decent strength!

"Sister Yulan, I have already escaped and even killed Ah Hei, that's why Black Stone Divine Venerable went crazy earlier! You send a sound transmission to my master, telling them to stall the Black Stone Divine Venerable no matter what. As long as it's night time, that guy can easily find me. " Chen Xiang said: "I am currently rushing to a place that has secrets related to him. Maybe I can bring him back in the day, this bastard's strength in the dark of the night is extremely terrifying."

"Alright, I will definitely delay him!" The moment Six Realms Ding came to this place, for some reason, she became even more powerful. " Xiao Yulan replied: "I'm stronger, you don't have to worry about me."

After learning about Xiao Yulan's current situation, Chen Xiang could feel at ease to explore the Black Stone Divine Venerable's secret. However, he couldn't waste any time, he needed to hurry up and make a move.

Not long after, he teleported next to a fissure in the ground.

"It's here!" Chen Xiang stood by the side of the crevice. It was now night, and this crevice was so deep that one couldn't see the bottom, as he didn't even know what was underneath. Ah Hei had come here several times, but each time, he would only stand on this side.

"Could this be the core of the earth that leads to the Nine Star God Realm? The nine Earth-stage Stars of the Nine Gods Nation were all empty, and if they entered the earth core, they would be teleported to this place! Could it be that the core of the Nine Star God has already been fused and is wrapped around the bottom of this Nine Star God Realm? " Chen Xiang suddenly came up with this idea. He had a better understanding of the Core of the Earth, and would frequently devour each other, and with the Nine Heaven World constantly devouring other worlds, that was why he had this thought.

[Chapter 2213](#)

Chen Xiang took a deep breath, and jumped into the mysterious crack in the ground that was filled with darkness.

"The medicinal power of the Heaven grade divine medicine and Ah Hei's strength should be able to help me condense two or three Divine Deity!" While Chen Xiang was descending, he channeled his Star Shifting Technique to refine it. Because he did not eat Nine Yin and yang Dan, he was unable to condense his Life-Killing Divine Deity, and could only condense spatial Divine Deity or Celestial Divine Deity.

He was condensing spatial Divine Deity, but it was not that fast. It was because he could not condense profound energy wholeheartedly, so his speed was extremely slow.

After landing for a while, Chen Xiang suddenly felt a scorching Qi rushing towards him! He immediately used his Spatial Barrier to protect himself. He was worried that this Nine Star God Realm Earth Core was too strong for him to handle.

"I should be able to confirm that this is the heart of the earth of the Nine Star God Realm. What kind of secret is it hiding? Ah Hei's memories said that the Black Stone Divine Venerable is the guardian of this place, could it be that the Black Stone Divine Venerable is a Earthly beast?" Chen Xiang guessed that it was very possible. Only Earthly beast were that scary.

Previously, Huo Lin had told him that if the Core and Core of the Earth fused, both of the Core of the Earth would have Earthly beast s, and a fight would break out. The winner would obtain the opponent's territory and if the opponent did not die, they would become a slave.

When Chen Xiang thought about this, he immediately thought of those black-robed men, who were all extremely powerful. If Yue'er had not used Star Moon Hell along with his Heavenly magic sword, it would have been difficult for them to deal with them.

"I understand, the Black Stone Divine Venerable is a Earthly beast!" Chen Xiang had experienced the terror of Earthly beast, especially that Black Stone Divine Venerable. It was unexpectedly able to control this world in broad daylight, and it even possessed a very powerful strength.

"If it's really as I have guessed, then the Divine Nations's treasure also exists! It was just that because the Core fused, it disappeared, and Nine Gods Nation's nine Earthly beast were all defeated by the Black Stone Divine Venerable ... The Nine Gods Nation's treasures are all here. "

Chen Xiang's heart suddenly jumped. According to Ah Hei's memories, the Black Stone Divine Venerable already possessed a large number of divine medicines and all kinds of treasures! This meant even more that Black Stone Divine Venerable had obtained the Nine Gods Nation's treasure.

"No wonder that black-cloaked man from before recognized my Heavenly magic sword. It seems like they were originally all at the core of the earth, but they were all defeated by the Black Stone Divine Venerable and became his servants." Chen Xiang was even more excited now.

"Big sister Yulan, what's the situation like now? I have to stall that Black Stone Divine Venerable for a while. I have a rough idea of his secret, so I will tell you in detail after I confirm it. " Chen Xiang said: "Right now, I am only guessing, but my guesses are correct."

The more he got down there, the more terrifying the heat would be. Chen Xiang took out the Six Realms mirrors, and stood on top of it while releasing an array formation on top of it to form a protective shield to protect him.

The formation inside the Six Realms mirrors was still very effective. Chen Xiang no longer felt any heat right now, so he sat on top of it and started to condense his Divine Deity.

Not long after, Chen Xiang felt that he had descended to a red area. There was red fire energy everywhere, just like the center of Nine Heaven World.

"Are we almost there?" Chen Xiang laid on the side of the array and looked down. Using his Dao heart Eye, he was able to see the Flame Essence not far away.

Putong!

The Six Realms mirrors sank into the lava and continued to dive deeper!

"Ah Hei has never been to this place before. How do I find out the secret behind the Black Stone Divine Venerable's existence?" On top of the Six Realms mirrors, Chen Xiang was protected by an array, so even if he sank into the extremely hot Flame Essence, he would not feel the heat.

Just as Chen Xiang was thinking of a way, he suddenly sensed that the Six Realms mirrors was trembling, as if it had discovered something.

Previously, when the Six Realms mirrors and the Six Realms Ding met, they had this kind of reaction!

"Can it be that there are six divine artifacts here?" Chen Xiang was shocked. The six divine artifacts were naturally formed divine weapons, possessing extremely powerful and mysterious powers. His current Six Realms mirrors and Xiao Yulan's Six Realms Ding were all six divine artifacts.

He immediately tried to sense the aura in this place. This place was filled with the power of fire, so it was not easy to sense other energies here, so he needed some time.

"I saw it!" Using the Dao heart Eye, Chen Xiang saw that six faint wisps of mist appeared in one direction, which was a little far from him, but he could still vaguely see them.

"He should be one of the six divine artifacts!" What was going on? Could it be that the Nine Gods Nation's treasure trove contained six divine artifacts? If that's the case, Black Stone Divine Venerable will never be able to discover it! " Chen Xiang was very suspicious, this kind of six divine tools was the best if he could keep it by his side.

He increased the speed of the Six Realms mirrors, and flew towards that direction!

"This is ..." Chen Xiang suddenly bumped into a barrier and was repelled by the force of it. The barrier was transparent and fire essence could not enter, he could see that outside the barrier, there was a huge green mountain, and on the mountain side, there was a gigantic cave.

"It should be here. This barrier won't trouble me!" Chen Xiang unleashed his spatial energy with all his might, and teleported in.

After he entered, Chen Xiang turned into a wisp of smoke. He was sure that this was the true lair of the Black Stone Divine Venerable and that there was something guarding this place.

He turned into red smoke and floated towards the cave at the mountainside. After entering, the Six Realms' Power's aura became denser and denser, if he obtained another six divine tools, it would be the biggest treasure to him.

In the depths of the cave, he saw a jade table, on it was a small cup. The small cup was white, and it looked just like Xiao Yulan's Six Realms Ding.

"Can it be that these are the six divine artifacts?" Chen Xiang didn't dare believe it, because the six divine artifacts were just small cups, and were much smaller than the Six Realms mirrors and Six Realms Ding he had seen before.

However, the dense Six Realms' Power was truly released from this small cup. He turned into a human and let out a drop of blood.

As the fresh blood fused into the small white jade cup, Chen Xiang immediately had a reaction with the small white jade cup.

"How did he succeed so easily?" Chen Xiang quickly came into contact with the small cup. The small cup was called the Six Realms God Cup, and its main function was to speed up the growth of the plants.

Chen Xiang held the Six Realms God Cup in his hand and looked inside. He was immediately ecstatic, because there were a few high grade divine medicines, high grade ones, King grade s, and heaven grade ones! It was just that it was not much, now he knew the use of the Spirit seed, it was equivalent to fertilizer.

[Chapter 2214](#)

High-grade divine medicine, King grade and heaven rank medicine, required a very high age to mature. It would need at least several hundred thousand years, and some would take up to a million years to mature.

But Six Realms God Cup s, along with Spirit seed s, could speed up the maturation process.

Previously, when he, Lv Qilian and the pill refining team were cultivating in the Time Formation, they had already tried to concoct high quality divine medicine, but it was to no avail.

Later, after Lv Qilian and Feng Yujie discussed it over, they concluded that the limit of the purple pearl could only be matured by Shangpin medicine, but it could still replicate higher quality divine medicine. It just needed a large number of purple pearls.

Chen Xiang only saw Six Realms God Cup here, and did not find any other treasures. He suspected that they were all in the hands of the Black Stone Divine Venerable and he placed the Six Realms God Cup here to absorb the energy in the Core of the Earth, allowing it to speed up the ripening of high-grade divine medicines.

"This jade table can actually produce such a rich energy, is there something underneath?" Chen Xiang shook the jade table. It was actually very heavy, and even after using most of his strength, he was unable to move it.

"As expected, there must be some secret behind this." Chen Xiang took a deep breath, and used the strength of his Divine Deity to finally move the jade table.

The jade table was being sucked in by a force, so it was difficult for him to move it away. Now that he had moved it away, a very rich and pure energy gushed out.

This was the energy of the earth's core.

Chen Xiang had stayed in the Core of the Nine Heaven World before, so only the Core of the Earth could produce such power.

There was a hole at the bottom of the jade table. He waited for the force of the gush to lessen, then jumped in.

Below was the belly of the mountain. It was a very spacious area, and in the air floated three very small balls of light. At this moment, these three balls of light were enveloped by a very large black ball of light.

"That's why it's dark. I didn't expect there to be such a formation that can control the night and day." Chen Xiang took out his Heavenly magic sword and jumped into the air, then slashed at the black ball.

Boom.

The gigantic black ball wasn't very hard at all. Chen Xiang used the Meteor immortal power and hacked it into pieces.

"Chen Xiang, did you do it?" Xiao Yulan immediately asked through the power of the Consecutive Mind Pellet.

"Yes, dawn has arrived." Chen Xiang laughed: Take advantage of the situation and kill that bastard, only by killing him will we be able to leave this damn place, if not with him around, we won't be able to leave this place easily.

... ..

As Huang Jintian and the others fought, the sky suddenly became bright. He and Huang Yantian had been dealing with Black Stone Divine Venerable, and they knew that Black Stone Divine Venerable had left many times, but these two brothers were not weak. They used their Sky Spill Divine Powers together and released their Sky Spill Domain to trap the Black Stone Divine Venerable.

Previously, Xiao Yulan had told them twice that it was Chen Xiang who wanted to delay the Black Stone Divine Venerable, so they did as he said.

It was already dawn, and they could see how flustered and exasperated the Black Stone Divine Venerable was. Huang Jintian and the others immediately understood that the Black Stone Divine Venerable knew that Chen Xiang was messing things up, so they wanted to return quickly, but were dragged along.

After daybreak, the Black Stone Divine Venerable's power had indeed dropped by a lot.

"Little girl, this guy is afraid of your cauldron. Go deal with him." Huang Jintian said, and regardless of whether Xiao Yulan agreed, Huang Yantian immediately ran over and released a Sky Spill Domain, imprisoning the six of them inside.

There were eight of them in front of Xiao Yuanbing. After Chen Xiang and Yue'er had secretly attacked, they had killed two of them. Xiao Yulan's Six Realms Ding had become very strong, and two of them had been injured by her just now.

"Alright, you guys be careful."

Xiao Yulan immediately went over to Huang Jintian's side and handed the situation over to him. Huang Yantian did not need to beat them up, he only needed to trap them for a while.

"Damned woman, don't think that my blackstone only has this much ability." The Black Stone Divine Venerable was furious. His pill furnace had been destroyed by Chen Xiang, his Six Realms God Cup stolen by Chen Xiang, and the night had been destroyed by Chen Xiang. He was extremely regretful that he had not been personally refined by Chen Xiang previously.

Black Stone Divine Venerable roared. Black Qi surged from his body, his eyes turned red, and a bitter killing intent surged out, enveloping everyone present, causing them to be extremely terrified.

"This guy ..." He's transforming. " Huang Jintian replied: "He's a beast."

Xiao Yulan shouted. Her body shone with a white light, and the white jade Six Realms Ding had already become as big as a small mountain. It floated in the air, continuously rotating.

At the same time, streams of white light shot out like arrows of light towards Black Stone Divine Venerable.

The black aura on Black Stone Divine Venerable's body suddenly exploded, producing a wave of energy that shattered the light arrows released by the Six Realms Divine Palace.

After the black qi exploded, Black Stone Divine Venerable had turned into a beast. He was actually a very large ape with a body full of black stones.

"All of you must die." Black Stone Divine Venerable's voice became hoarse and low. He looked at Xiao Yulan's Six Realms Ding, then opened his mouth and spat out a black light.

Xiao Yulan immediately infused more power into the Six Realms Ding, allowing it to unleash even more power.

When the black light hit the Six Realms Ding, it caused it to shake violently.

The white light that had gathered outside the divine furnace began to explode. The light scattered in all directions, and when a fist-sized ball of light landed on the ground, it created a very large crater.

The black light that was sprayed out by Black Stone Divine Venerable's mouth was blocked, but the black light did not stop, smashing into a large mountain range in the distance, only letting out a loud explosion that shook the entire sky, a large group of black devils like water waves rippled out, and the countless gigantic mountains that spanned tens of thousands of miles were pushed back by the black ripples in the blink of an eye.

"This guy has become much stronger." Huang Jintian said. Although he was also powerful, he was not a combat type, he was only a Sky Spill Master, and he did not have any powerful divine weapons by his side.

Xiao Yulan controlled the divine furnace to produce eight of them, which struck from all directions towards Black Stone Divine Venerable's head.

Although Black Stone Divine Venerable had turned into a giant ape, his movements were extremely nimble. He quickly waved his fists, and knocked away the eight cauldrons.

"The six people over there, if you want the treasures here, then come with me. There is a very terrifying weapon hidden here. As long as you can obtain it, we can easily kill them." The furious Black Stone Divine Venerable recovered his sense and spoke to Xiao Yuanbing and the others. Then, he spat out a ray of black light towards Huang Yantian, shattering that Sky Spill Domain.

"Come here." Black Stone Divine Venerable knew that Xiao Yulan and the others were not easy to deal with, and now was the time to need a strong helper.

Xiao Yuanshan and the others had lost two people, and they were even heavily injured. Since Xiao Yulan's Six Realms Divine Palace had become so powerful, he could already defeat them.

And the Black Stone Divine Venerable was so terrifying, they needed this kind of help as well.

Xiao Yuanshan and the others immediately rushed over, Black Stone Divine Venerable's mouth constantly shot out powerful black light at Xiao Yulan, preventing Xiao Yulan from attacking Xiao Yuanshan and the others.

Black Stone Divine Venerable released a ball of black aura that enveloped Xiao Yuanshan and the others before coldly saying: "Remember this, I will definitely let you live a life worse than death."

After that, the ball of black aura disappeared, as did Black Stone Divine Venerable and Xiao Yuanshan.

Yue'er brought Imperial Concubine Lian and Xiao Hongque out of the spatial crack, and Yue'er said seriously: "This is a Core Evil beast, it's extremely scary. The Earthly beast generally guard a world, and the Core Evil beast want to swallow this world, and become the god that rules the world."

[Chapter 2215](#)

After Xiao Yulan saw Black Stone Divine Venerable leave, he anxiously asked: "Where are you? Black Stone Divine Venerable is cooperating with Xiao Yuanbing and the others, he should be back by now. You have to be careful, if they work together, it will be hard to deal with them. "

"I've already left the earth's core. I'm outside!"

After Chen Xiang destroyed Black Stone Divine Venerable's black ball, he immediately left Earth Core! He was surprised. Xiao Yuanbing and the others could work with the Black Stone Divine Venerable for a good reason. If they were to face Xiao Yulan alone, they had no chance of winning.

"Black Stone Divine Venerable said that there is a very terrifying weapon hidden here. As long as we can obtain this, we can easily take care of it!" Xiao Yulan asked again: "Do you know anything about this?"

For Chen Xiang to know about the weakness of the Black Stone Divine Venerable, it meant that Chen Xiang definitely knew a lot of things related to this world.

"I know, this matter is a little complicated, and it is all the Black Stone Divine Venerable's predictions! Allegedly, a long time ago, Nine Gods Nation ... Adding on the fact that the six Divine Nations s from before and the eleven stars that were the Nine Heavens Divine Nations s were all one, they were separated later on due to other reasons. Now that the Six Daos Star and the Nine Heavens have been destroyed, there are only nine planets left. " Chen Xiang said: "When I first created this grand world, I also left behind some powerful divine weapons! For example, your Six Realms Ding and my Six Realms mirrors were both born from this world when it was created. "

Xiao Yulan listened carefully, all of these were related to the secrets of the Nine Star God Realm.

"The place where we are now, is the most central place in that large world that we were in all those years ago, called the Nine Star God Realm by the Black Stone Divine Venerable! Not long after, the nine great stars that the Nine Gods Nation is on will collide and fuse together. "

Chen Xiang learnt everything from Ah Hei's memories. At that time, he was also very surprised, the star realm where the Nine Gods Nation was on actually had such a history. If the nine stars fused, then the situation would become even more complicated.

"The day where the nine stars fuse is the day the Chuangshi artifact will be born!" Chen Xiang said.

"Chuangshi artifact? Do you know what your specific capabilities are?" Xiao Yulan asked in shock, she never thought that this place would actually have such a treasure, and such a powerful one at that.

"I don't know. In short, the six divine artifacts we use are all born from the influence of Chuangshi artifact. Chen Xiang said: "That Black Stone Divine Venerable thinks that the Creation God Weapon is somewhere hidden here. If we don't find it in advance, when the nine stars merge, the Chuangshi artifact will appear in a very high profile. At that time, there will definitely be many experts fighting for it."

Chen Xiang now planned to search everywhere. If the Chuangshi artifact fell into the hands of the Black Stone Divine Venerable, the Nine Heaven World would also be ruled by the Black Stone Divine Venerable!

"So that's how it is. This Nine Star Divine Realm is a world bred from within the heart of the earth. No wonder it's so strange!" But this has also sealed the Black Stone Divine Venerable here. If he obtained the Chuangshi artifact, he would be able to leave this place. Xiao Yulan said.

"Mn, let's split up now and search. See if we can find that Chuangshi artifact before the 9 star fusion takes place! Our six divine tools are all related to Chuangshi artifact, so the chances of finding them are even greater! Also, let my master calculate whether or not you can find out where it is. "

Chen Xiang still had another concern. which was to give up on the nine Divine Lord s!

These nine Divine Lord s had ruled the nine planets for many years and also possessed peak strength, so they definitely knew something. Although they were going to look for the path to longevity, it was rather sudden for them to leave.

When the nine stars collided with each other, it would definitely cause a destructive catastrophe. Even if they were Divine Lord s, they would still be unable to stop the power of this great dao.

"Could it be that all of Nine Gods Nation's Divine Lord s are here?" When Chen Xiang thought of this, his heart became even heavier. nine Divine Lords was not a good thing at all.

"Sister Yulan, let my master and the others calculate first whether or not the nine Divine Lord s are all here. I suspect that they have long since come here to search for Chuangshi artifact. Chen Xiang immediately transmitted his voice to Xiao Yulan.

Hearing Chen Xiang say that, Xiao Yulan was shocked, it was not impossible, they, the nine Divine Lords s were the ones who understood the nine stars the best, and might already know a few things, they might even want to keep it for themselves and not let the Great National Master know, so that they could create some treasure and let the Great National Master door fight them, and then they would be able to go and look for the Chuangshi artifact in peace.

"I'll let them calculate it right now!" Xiao Yulan said.

Chen Xiang came to a quiet place and took out the Six Realms God Cup and Six Realms mirrors. He wanted to use these two Six-Daos Divine Equipment to sense the location of the Chuangshi artifact ...

Several hours later, Xiao Yulan transmitted news: "It's just as you guessed, nine Divine Lords is indeed here, sigh!"

She was very clear about Chen Xiang's personality. At that time, Chen Xiang would definitely want to fight with her father for the Chuangshi artifact. Her Six Realms Ding was only repaired after Chen Xiang and the others helped her. If her royal father asked for it back from her, she did not know whether she should return it or not.

Chen Xiang heard Xiao Yulan sigh, and said: "No need to think too much, when the time comes, you just have to hide, and let Yue'er hide you, as long as you don't see her, there's no need to make any difficult decisions."

"Did they figure out where the Chuangshi artifact were?"

"It can't be calculated, because that thing is outside of their range of power. It can't be calculated!" Xiao Yulan said: "I don't plan on continuing my search, Yue'er and the others should hide together with me. I'm also very tired these past few days."

After all, she still had a little feelings for her royal father. Xiao Yulan had already dispersed the effects of the Mind Connecting Pill, and she had already decided not to participate in this matter, waiting for the Chuangshi artifact to be born, for the nine stars to fuse, and then leave this place.

"Looks like only the appearance of the Chuangshi artifact is able to leave this place. I wonder how it is going outside!" Chen Xiang sighed and continued to use the Six Realms mirrors to sense.

After a few days, a weak roar suddenly came out of Chen Xiang's mind, as though something was calling for him!

"Could it be that the Chuangshi artifact is calling me?" Chen Xiang opened his eyes. He was overjoyed, and then, he calmed himself down, and carefully determined the direction of the sound. After that, he left the cave and teleported in the direction of the sound.

Chen Xiang was extremely excited along the way, because he also wanted to see how powerful the Chuangshi artifact were. Right now, he had two Six-Daos Divine Equipment and all six of them had very strong abilities. As for Chuangshi artifact, they were stronger than the Six-Daos Divine Equipment, so they were definitely not that much weaker.

[Chapter 2216](#)

Although Chen Xiang had absorbed Ah Hei's memories, he was still not familiar with the Nine Star God Realm, because Ah Hei himself did not walk very often within the Nine Star God Realm. Right now, he also did not know what dangers lay ahead.

"Is it a Chuangshi artifact? How could it be so easy for me to find it?" Chen Xiang felt that it was too easy, he could hear the sound of the person calling him getting closer and closer, as if he could get it at any time.

In half a day, he had reached that place!

"Right below here?" Chen Xiang was on top of a flat wasteland, and the whistling sound in his mind was very clear.

He took out the Heavenly magic sword and began to dig

He was not sure if it was a Chuangshi artifact or not, so he did not dare to use too much strength to dig, and could only dig bit by bit. If it wasn't a Chuangshi artifact, then it was something else.

What Chen Xiang found strange was that the three suns hanging in the sky were becoming hotter and hotter. When he first came in, he had never felt such a scorching heat before, but now, the heat was making him sweat profusely.

"What's going on? Could it be that the 9 stars have started to fuse?" Chen Xiang was shocked. If it was like this, then the thing he was digging for did not have any big reaction.

"Could it be that this thing isn't a Chuangshi artifact?" Chen Xiang started to doubt it, but he had to dig it out, because this thing was calling him back. It must have some other mysterious ability, otherwise it would not be possible for him to sense it from such a long distance.

After digging for an entire day, Chen Xiang dug out a deep hole. There was no night here, he had been exposed to the sun for an entire day, and the scorching sun had made him unable to endure it.

"Why is it suddenly so hot?"

Chen Xiang suspected that it was because of the Black Stone Divine Venerable, he could control all of these.

He dug for another hour before he suddenly sensed an aura overflowing from below. He hurriedly put away the Heavenly magic sword and started to dig with his hands. Not long after, a light green bead appeared.

This bead was only the size of an apple and was completely green. It was emitting a very peculiar aura. It was unknown what kind of energy it was.

"This is the Chuangshi artifact?" The corner of Chen Xiang's mouth twitched. He had been busy for so long, yet the thing he dug out did not look like a powerful Chuangshi artifact at all.

"What exactly is this thing?" Chen Xiang's mind was full of questions. When he sent his consciousness in, he did not discover anything, but other than the aura emitted by the pearl, there was nothing else special about it.

He walked out of the hole and came to a rock. Then, he threw the green bead in his hand towards it. When he threw the bead, the impact was so great that it embedded itself into the rock.

"So strong!" Chen Xiang took it out and used the Dao heart Eye to examine it carefully. He could only see a green thing, but he did not know what kind of energy it was.

He was sure that the thing that was calling him was this green bead, but it wasn't the Chuangshi artifact, which made him very disappointed.

"Maybe it's hiding something good inside. It's just a protective shell!" Chen Xiang placed the green bead on the ground, took out Heavenly magic sword and raised it up high, then slashed at the green bead.

Chen Xiang originally thought that this bead was very sturdy, and would need more slashes to be effective, but just as he was about to curse out loud, the pieces of the green bead emitted a burst of light and rushed into the Heavenly magic sword s.

"This is ..." "What a strange power!" Chen Xiang held the Heavenly magic sword, and felt a bizarre power entering his body, entering into his Divine Sense Sea.

What was inconceivable to him was that the Heavenly magic sword was actually trembling violently, as if it was extremely excited!

"The Heavenly magic sword is also absorbing this strange energy!" Chen Xiang was shocked, the green bead was not as weak as he had imagined it to be, and the power released after it shattered was extremely strange.

The majority of it was absorbed by the Heavenly magic sword, because it was the Heavenly magic sword that hacked it into pieces. As Chen Xiang held the Heavenly magic sword, he had also absorbed a lot of it. He did not know what use this kind of bizarre energy had, in short, when he entered his Divine Sense Sea, he became very docile. This light green colored fog quickly found his hidden Divine Deity and wrapped around part of his Divine Deity.

"What's the use?" Chen Xiang suddenly felt an extremely vast energy of heaven and earth gushing from beneath his feet, entering into his body, while the Heavenly magic sword's hand that was struggling free was inserted into the soil.

Chen Xiang suddenly realized that he couldn't control himself and started to absorb the energy used to create this barrier. The Heavenly magic sword that was stuck in the ground started to sway continuously, its body was covered by a green light.

"Is the Heavenly magic sword and I absorbing the energy of the land?" Chen Xiang immediately sat down cross-legged and relaxed his entire body, so that he could absorb the energy faster. He also realized that the energy that he had consumed from the Heaven grade divine medicine and's devouring had actually been refined by the light green mist that had entered into his body.

Before, he was very disappointed with the bead, but now, he knew he was wrong. The bead had a very strange and powerful power, and now, he felt that his body was being remodelled.

"The Heavenly magic sword is becoming stronger!" Although Chen Xiang did not hold the Heavenly magic sword, he could feel that he was connected to it.

"This isn't a Chuangshi artifact, but it definitely has something to do with the Chuangshi artifact. Otherwise, I wouldn't be able to rely on these two Six-Daos to sense the existence of this pearl." Chen Xiang was secretly happy at this moment, because he did not come here for nothing. Although he was not a Chuangshi artifact, he felt that this thing was as powerful as the Chuangshi artifact.

Right now, he had to coordinate with that energy to cultivate because this was an opportunity. If he missed it, then he might not have another chance in the future! At the same time, he wanted to understand what the power was used for.

Just when he was worried that someone would come, a flash suddenly appeared before his eyes, and his surroundings suddenly became a vast expanse of whiteness. He was already in a space, as if there was a mysterious force protecting him, opening up a space for him to hide.

Chen Xiang could finally be at ease. He closed his eyes and did not know how much time had passed, but he could feel a very violent vibration during this period of time!

The nine stars began to fuse!

The three suns in the sky slowly merged together, actually fusing together. As they fused together, the burst of sunlight became even more intense, burning the earth!

Chen Xiang was in a small space and did not know what was happening outside. Otherwise, he would have been burnt to ashes.

[Chapter 2217](#)

Chen Xiang allowed the light green mysterious energy to flow freely in the Divine Sense Sea. After many days of cultivation, he finally understood the use of this energy!

It was actually replicating his Divine Deity!

He originally only had thirty Life-Killing Divine Deity, but with the replication of that energy, he actually gained twenty additional Life-Killing Divine Deity!

With the help of that surge of energy, he already possessed ninety Divine Deity! Furthermore, the other party's profound strength was at the same level as Yun Che. Fifty Life-Killing Divine Deity, twenty spatial Divine Deity and twenty constellation Divine Deity!

"What a terrifying power. Is this the true power of creation?" Until now, Chen Xiang still did not know what that pearl was.

The most terrifying thing about this power was that it could help Chen Xiang replicate so many Divine Deity in such a short amount of time!

"It has already disappeared. I don't absorb much of that kind of energy, but it can raise me by so many people. It's just too terrifying!" Chen Xiang suddenly looked towards the Heavenly magic sword at the side.

At this time, the protective space had disappeared, and the Heavenly magic sword was still stuck in the ground. But when Chen Xiang looked at this sword, he did not know why he felt fear, even though this Heavenly magic sword was his.

When he reached out his hand, his hand inexplicably trembled. When he held onto the sword hilt, he felt as if the heaven and earth were collapsing. The Heavenly magic sword's energy was too terrifying, so he quickly retracted his hand.

Just a slight touch was enough to scare Chen Xiang to the point that his face turned pale!

"This sword is mine!" Chen Xiang took a deep breath and suddenly reached out.

The Heavenly magic sword was trembling, as if it was unwilling to give in to Chen Xiang. At this moment, Chen Xiang was also sweating profusely, because that force was resisting him.

"The Heavenly magic sword herself recognizes me, but the powerful force that just poured into it does not. Do you think I'm too weak?" Chen Xiang held onto the Heavenly magic sword tightly and pulled it out.

Just as he pulled out the Heavenly magic sword, the ground shook violently and collapsed!

"There are still no sword tips!" Chen Xiang had already seen the Heavenly magic sword's sword tip. The Heavenly magic sword in his hand was like a fish jumping around, trying to break free from his grasp.

"I don't believe that I can't suppress you!" Chen Xiang shouted loudly. The ninety nine Divine Deity within the Divine Sense Sea began to tremble, as they absorbed the Six Realms' Power that was as vast as the ocean, transforming into a powerful divine power. Chen Xiang used this power to grab onto the Heavenly magic sword that was about to struggle free.

At first, Chen Xiang held it very steadily, but then the Heavenly magic sword started to tremble violently and it quickly became violent again. It could break free from Chen Xiang's grasp at any time and fly away.

In order to tame the current Heavenly magic sword, Chen Xiang had to think twice. The tighter he held onto it, the more the Heavenly magic sword struggled.

"I must tame you!" Chen Xiang didn't know why, but after the Heavenly magic sword absorbed the green bead's power, it actually became so terrifying, it was multiple times stronger than before, and its strength was so strong that even he could not imagine it.

Chen Xiang used all his strength, but he was still unable to suppress the Heavenly magic sword. Just as the Heavenly magic sword was about to leave his hand, Chen Xiang suddenly heard a beast roar coming from deep within the Divine Sense Sea!

It was the roar of the five beasts, this roar was very familiar to Chen Xiang, it was filled with nostalgia ...

"It's them!" Chen Xiang's heart trembled. These five beasts were the Beast statues in his dantian back then, the Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise and the Giant Elephant in the middle.

"Is this my second Divine Sense Sea?" Chen Xiang did not know why, but he suddenly felt a sense of guilt in the depths of his heart. It was because this was the cultivation path that he had walked back then, but in the end, he decided to take another path and make these five Beast statues disappear along with whom he had been training with for a long time.

Hearing the five beasts roar together, the Heavenly magic sword suddenly stabilized and did not struggle anymore. At this time, Chen Xiang established a connection with the Heavenly magic sword once again!

Heavenly magic swords were formed from the fusion of the Five Elements Divine Weapons, and when Chen Xiang heard the Five Beasts Roar deep within Divine Sense Sea, he became more docile.

"Where are you?" Chen Xiang shouted in his heart. He did not expect that he did not cultivate any more five Beast statue, but they were still following him, and he had always felt that he had another Divine Sense Sea, which was actually where these five Beast statue hid.

"We've always been in your heart!" The Five Beasts suddenly spoke.

Chen Xiang clenched his fists tightly, and unknowingly shed tears. "Sorry, I gave up on you all back then, but you still followed me!"

"You are our master, no matter what decision you make, we will not blame you! Although you have given up on us, you can still become very powerful. We are very pleased!" The Five Beasts replied in unison, "We will wait for you. As long as you open up the second Divine Sense Sea, you will be able to see us again. At that time, we will accompany you to roam the world again."

"Thank you for your support!" Chen Xiang wiped off his tears and couldn't help but think back to the time he walked here all those years ago. The five Beast statue had always been with him and had also possessed his own spirituality, but he actually didn't notice this.

Chen Xiang looked at the sky and muttered to himself: "The nine stars have already been fused, that Chuangshi artifact should have already been born!" He closed his eyes, and after a moment of sensing, he discovered that there was a very powerful aura in one of them.

"Is it over there? Let's go over and take a look!" Chen Xiang immediately teleported over.

As they got closer to that direction, the strong auras became clearer and clearer, the auras of many experts mixed together!

"Black Stone Divine Venerable, nine Divine Lords?" Chen Xiang could discern the Black Stone Divine Venerable from them, but other than the Black Stone Divine Venerable, there were also many other extremely powerful auras.

Chen Xiang did not know how long he took to absorb the green bead's energy, but so much had happened here!

After a while, he suddenly heard a noisy sound. After listening carefully, he realized that the sound was very familiar.

"Xiao Yulan, royal father has made it clear that the divine cauldron belongs to him!" This was Xiao Yuanbing's voice.

Chen Xiang frowned, he had already told Xiao Yulan to hide and not get involved in this matter, he never thought that Xiao Yulan would actually still be involved in this. He also did not expect that the Divine Cauldron Supreme Lord would actually let Xiao Yuanbing and the others take back the Six Realms Ding.

"The divine cauldron was given to me by him in the past. It was already destroyed at that time, and I found someone to repair it. It has already been recognized as my master, and it belongs to me!" If he wants it back, then ask him to kill me himself. Xiao Yulan's voice was very cold, and it was obvious that she had already lost all hope in her royal father, and had actually reneged.

Previously, Chen Xiang still had a trace of good will towards the Divine Cauldron Supreme Lord, but now, it seemed that the fellow who could make his own children kill each other was not human at all.

"Don't think that royal father doesn't dare to kill you. He is currently snatching away the Chuangshi artifact s, he just doesn't have time to come! He gave me his Emperor Ding, so I came here to deal with you. " Xiao Yuanbing laughed madly: "Xiao Yulan, those two old fellows are not here. Imperial Concubine Lian is weak, you are not my match, so just surrender!"

[Chapter 2218](#)

Huang Jintian and Huang Yantian were not together with Xiao Yulan, but Xiao Yuanbing had added three people, so he still had a very powerful cauldron in his hands!

Xiao Yulan's pressure was huge, and it was fortunate that Yue'er had hidden the both of them. Otherwise, she wouldn't be able to split her focus to protect the both of them in a battle like this.

"Don't think that just because royal father gave you the Six Realms Ding that it meant that he valued you greatly. You must know that back then, the Six Realms Ding was nothing but a piece of trash! I admit that royal father once treated you very well, but it's different now! " Xiao Yuanbing took out a golden cauldron. This was Emperor Ding, one of the Divine Cauldron Supreme Lord's three divine cauldrons.

Xiao Yulan said: "I am not surprised that he would change. He is a very fickle person! But don't think that just because I'm his daughter, I don't dare to rebel against him. "

"Looks like you aren't willing to obediently hand over the Six Realms Ding, don't blame me for being impolite. royal father said that no matter what, I must take back the Six Realms Ding. The Emperor Ding in Xiao Yuanbing's hand suddenly flashed with a gold light.

"Go!" Xiao Yuanbing controlled the Emperor Ding to instantly rush over and smashed onto Xiao Yulan's body. At the same time, the eight Divine King Great National Master s beside Xiao Yuanbing all attacked in succession. The multicolored Divine Weapon in their hands was like a tide as they attacked Xiao Yulan from all directions.

Her expression was solemn as the Divine Sense Sea in her body fused with the Six Realms Ding. The divine cauldron quickly rotated, and in an instant, a huge vortex of white light appeared. had never seen such a beautiful woman before!

The powerful suction force caused the thick clouds in the sky and the thick earth on the ground to twist, swallowing the heavens and sucking the earth.

The divine weapon and the strong Emperor Ding were affected, but they were still like an unstoppable mighty wave, setting off a berserk aura that emitted a dazzling sunlight as it charged towards Xiao Yulan like lightning.

Rumble rumble rumble! Rumble rumble rumble!

A series of tremors rang out, as if the heaven and earth were wailing in grief!

The two terrifying powers collided. The power that exploded mercilessly tore apart the earth, causing mountains to collapse and the sky to rumble.

Floating above the Six Realms Ding, Xiao Yulan had a stern expression. Her soft and beautiful long hair was accompanied by the fluttering of her white dress, as if she had merged with the world which was

The ninety nine Divine Deity transformed the Divine Sense Sea's Six Realms' Power into a raging flame, rushed out, turned into a berserk fire dragon, roared and churned within the sea of flames, and charged towards Xiao Yuanbing and the others.

"Chen Xiang!" Xiao Yuanbing looked at the Heavenly magic sword in Chen Xiang's hands. "I never thought that a damaged Heavenly magic sword would actually be this powerful!"

Back then, the moment the Heavenly magic sword was damaged, Xiao Yuanbing leaked it out, so he understood the nature of the Heavenly magic sword.

"It's enough to take your dog life!" Chen Xiang said lightly. The power in his body surged, and the aura he released intimidated everyone.

"Ninety Divine Deity!" Xiao Yulan was overjoyed, and said softly, "You have grown so much!"

Seeing Chen Xiang suddenly appearing and possessing such powerful strength, Xiao Yulan, who was standing behind Chen Xiang, felt like a huge mountain was standing in front of her, helping her to fend off the raging waves.

Sister Yulan, leave this Xiao Yuanbing to me, it can be considered that I have avenged the Heavenly Divine Lord, you deal with those trash! Chen Xiang stared at Xiao Yuanbing, and the Heavenly magic sword was also furious at this moment, it trembled slightly. The previous owner of the Heavenly magic sword was killed by Xiao Yuanbing.

The Divine King and the Great National Master beside Xiao Yuanbing were immediately enraged. They were all Rankers with 90 Divine Deity and above, but they were nothing in Chen Xiang's eyes.

"Don't move. Although I don't know how he suddenly possessed ninety percent of Divine Deity, don't think that just because he possesses a broken sword that he can defeat me! Even if he has a complete Heavenly magic sword, killing him would be as easy as flipping my hand! "

Xiao Yuanbing told the Great National Master and Divine Kings not to attack, and Xiao Yulan was also behind him at the same time, so he did not attack!

Now was the time for Xiao Yuanbing and Chen Xiang's fight!

[Chapter 2219](#)

wished that the Great National Master on the other side would not make a move, as it could allow Xiao Yulan to rest for a while.

"The Heavenly magic sword was not a match for my father back then, and was damaged by my father. Today, I will completely destroy this sword!" At this time, Xiao Yuanbing was holding a Emperor Ding, which allowed him to have more confidence in his own strength.

"Why didn't you say that your royal father's Six Realms Ding had become trash? Although this sword of mine is broken, it is more than enough to deal with you. The broken cauldron in your hands is not enough to contend against the Heavenly magic sword. " Chen Xiang knew that the Heavenly magic sword had become extremely terrifying, but he himself did not know how strong it was.

"Hmph, a fellow who came from a lower realm is already so arrogant. Don't think that you can be so arrogant just because you know how to refine a few batches of Divine Pills!" Even the old Pill God Xiang Hongdao was beaten away by me, let alone you, a Alchemist like you should just obediently stay in the pill cultivating room and listen to us like a dog! " Xiao Yuanbing did not think that Chen Xiang actually knew about the Six Realms Ding.

"You often beg for supreme dan beads like a dog, no wonder you are so resentful!" Chen Xiang brandished the Heavenly magic sword: "I suddenly feel that using this sword to kill you is an insult to this sword. I hope that my Heavenly magic sword will not get angry because of taking your dog blood."

"You ... Die! " Xiao Yuanbing was furious, his Emperor Ding suddenly grew big, with a push of his hands, he injected a large amount of God Power into it, pushing the Emperor Ding out.

The instant the Emperor Ding flew out, it suddenly became as large as a mountain and erupted with a strong pressure, causing the ground that was full of holes to immediately sink dozens of feet.

In front of the rapidly approaching giant cauldron, Chen Xiang was as minuscule as sand, but he was not afraid at all. He stood perfectly straight and raised the Heavenly magic sword high, his long sword facing the sky as a bolt of heavenly lightning fiercely struck down and poured into the Heavenly magic sword.

Suddenly, a mass of black clouds appeared in the sky, the rumbling of thunder continued, the lightning struck down densely, a mighty aura burst out from the Heavenly magic sword, the powerful aura swept out in all directions, and the Emperor Ding that was rushing over was actually stopped by the imposing Qi.

Chen Xiang's eyes turned red, and following the sound of a dragon's roar coming from the sky, his body released a strong dragon's might.

"Green Dragon Slash!" Chen Xiang roared, a gigantic green dragon head suddenly appeared from within the black clouds. The green dragon's eyes were flickering with a red light, its dragon whiskers were dancing in the air, baring its fangs and claws, it looked imposing and majestic, and suddenly dove down from the sky like a ray of green lightning into the Heavenly magic sword.

"Kill!" As the Azure Dragon entered the Heavenly magic sword, Chen Xiang slashed at the Emperor Ding in front of him.

The moment the Heavenly magic sword slashed down, the entire world was suddenly enveloped by the force of the explosion, the power of the shock was everywhere. What was terrifying was that when the shock wave spread out, it actually brought along endless lightning, like a surging wave, the lightning sword qi suddenly turned into green dragon lightning, striking towards the Emperor Ding.

BOOM!

The Sword Qi that had transformed into the mighty green dragon roared and rushed forward, and actually tore apart the seemingly indestructible gigantic Emperor Ding, after that, the entire green dragon Sword Qi penetrated into the cauldron, and followed by a violent shock wave that surged out, the gigantic cauldron suddenly exploded, causing a burst of intense golden light, as well as a wave of lightning that rushed in all directions.

Xiao Yulan was stunned by the scene in front of her eyes. At this moment, she was inside the Six Realms Ding s, sticking out her head and looking at the unbelievable sight before her!

The Six Realms Ding swayed in the aftermath like a small boat in a calm ocean! If Xiao Yulan did not react fast, and quickly hid inside the cauldron, he might have been blown away.

In the sky, the dark clouds had dispersed. The three suns that had merged together to form a scorching sun, gave off even more intense rays of sunlight. When it shone down, the sky was filled with a dazzling golden crystal — — those were Emperor Ding s that had turned into ashes!

Xiao Yuanbing's mouth was full of blood, and the eight experts who came with him were all blasted away. They looked at the Emperor Ding that had turned into powder, and could not help but feel fear in their hearts.

The Emperor Ding was actually turned into ashes by Chen Xiang's sword!

Xiao Yulan and Xiao Yuanbing knew very well that out of the three divine cauldrons in the Divine Cauldron Supreme Lord, one was a Six Realms Ding and the other was this Emperor Ding!

And all this time, the Divine Cauldron Supreme Lord had rarely used Six Realms Ding. When he was first famous, he mostly used Emperor Ding, but now, he had turned into dust.

"So what if it's a Emperor Ding? In the end, it will just turn into ashes!" Chen Xiang said indifferently, the Heavenly magic sword in his hand was even calmer than him, it was hard to imagine that such a terrifying power was actually released by this broken sword that did not have a sword tip.

Chen Xiang was not surprised at all. If the Heavenly magic sword did not have this power, he would have felt it was strange!

"Sister Yulan, go and clean up those bastards! We must not let them get away!" If they run back, they will increase your royal father's power by a lot, so these trash are still quite important to your royal father. " Chen Xiang floated in the air, not even sparing the Great National Master a glance.

Emperor Ding was a very strong Divine Equipment. When he had clashed with Six Realms Ding a moment ago, he did not even manage to injure a single hair of the other party's body. It could be said that the Emperor Ding was a very strong Divine Weapon.

However, the Emperor Ding had been completely destroyed by Chen Xiang. If they were to face the Heavenly magic sword on their own, the consequences could be imagined.

Xiao Yuanbing no longer had the confidence and imposing manner earlier, there was only fear and jealousy! He also wanted to possess such a powerful divine weapon, so that he would be invincible in this world.

"Without the Heavenly magic sword, you are nothing!" Xiao Yuanbing scoffed, "You only rely on your powerful divine weapons to bully others!"

After Xiao Yuanbing finished speaking, he wanted to leave, but he realized that he couldn't move at all.

"I don't need to use the Heavenly magic sword to kill you, I never planned on dirtying the Heavenly magic sword from the very beginning. As you wish, I won't use the Heavenly magic sword to kill you!"

After Chen Xiang locked himself in place, he teleported in front of Xiao Yuanbing. His fist was like thunder as it landed directly on Xiao Yuanbing's nose.

Meteor immortal power roared and surged out, an earth-shaking explosion came out of it, Xiao Yuanbing's nose was already deeply sunken in, blood flying out of his nose.

Xiao Yuanbing was the First Prince of the Divine Cauldron Nation. He had over ninety Divine Deity, but yet he was still slapped in the face by someone else.

"You're just a little stronger than a fish!" Chen Xiang sneered again and again as he punched out his fist once again. His arm that was filled with Double bone level surged out the berserk Meteor immortal power, and as if it was a falling star, his strength struck the side of Xiao Yuanbing's face.

After the explosion, Xiao Yuanbing was no longer the same as before. He was shaken by the power of the explosion until he bled profusely from all seven orifices.

"God Slaughtering Dragon Punishment, Dragon Fire Burning God!" Chen Xiang unleashed his Heavenly dragon seal.

[Chapter 2220](#)

Right now, Heavenly dragon seal did not need to gather in the air because Chen Xiang's Divine Sense Sea had a vast Six Realms' Power and the Heavenly dragon seal's power could be condensed inside the Divine Sense Sea.

Once Chen Xiang's Heavenly dragon seal was used, its body emitted many piercing flames, which turned into countless small fire dragons that spewed out. The small dragons merged together and finally formed a large fire dragon covered with profound runes, and pierced through Xiao Yuanbing's body!

Xiao Yuanbing was hit twice on the head and he was in a daze, but after the fire dragon entered his body, it made him suddenly scream miserably, his entire body was ignited by the flames, he was in so much pain that he wished he were dead.

Xiao Yulan had only just controlled his Six Realms Ding to attack, but Chen Xiang had already dealt with Xiao Yuanbing!

Amongst the eight Rankers that followed Xiao Yuanbing, there were the Great National Masters and also the princes of the Divine Cauldron Nations. These princes were all first-tier Divine Kings, and in the Divine Cauldron Nation's eyes, excluding the Great National Masters and the Divine Lords, these princes were the strongest.

But now, they were scared stiff by Chen Xiang's methods! Even if it was the Divine Lords, in their eyes, they were not that scary. At the very least, Divine Lords could not just casually turn Emperor Ding into powder.

"Let's go!" An old man shouted. He immediately wanted to escape, and the others also followed suit. Xiao Yulan's movements were extremely quick, he controlled the Six Realms Divine Palace to smash the old man into pieces.

Chen Xiang immediately released Space Domain, covering a large area. The people who were trying to escape were all teleported back by him.

"What are you doing? Xiao Yuanbing is already dead, he was the one who instigated us to deal with you before, it has nothing to do with us!" A middle-aged man said in fear, this was a Great National Master.

"But you nearly killed me, and heavily injured Imperial Concubine Lian and Hongque. If it wasn't for me turning the tide with all my might, they would have already been killed by you! Let alone the fact that all of you joined hands to destroy my Jade Cauldron Palace, and all of the people who followed me for all these years were slaughtered by you. Even though I am a woman, I will definitely not be merciful to any of you." Xiao Yulan's divine cauldrons split into multiple parts and with dense killing intent, they collided with the few people present.

Chen Xiang teleported, appearing and disappearing mysteriously. Seeing that someone was injured by the Six Realms Ding, he immediately teleported, using a Heavenly dragon seal's palm to blast them away, causing them to be tormented by the burning pain. This was how they treated the people inside the Jade Cauldron Palace previously.

Initially, she had even gone into hiding and no longer cared about what happened outside. She only wanted to quietly wait for the commotion to pass, but who knew that Xiao Yuanbing would come find them and surround them.

"All of you, die!" Xiao Yulan controlled the Six Realms Ding, and smashed the people who were burnt to death one by one, turning them into ashes.

A moment later, Xiao Yuanbing and the rest were all gone, their souls scattered and the land return to tranquility, but the place they were in was no longer the same as before.

Yue'er appeared along with the pale Imperial Concubine Lian and Xiao Hongque.

"Brat, you've become even stronger!" Imperial Concubine Lian was heavily injured, her beautiful face did not have the slightest hint of blood color, but she still revealed a faint and charming smile to Chen Xiang.

"Sigh, everything will be over. It's good that everyone is still alive." Chen Xiang walked over and caressed her face with a bit of heartache: "Go rest in the ring!"

"En!" Imperial Concubine Lian nodded, then went in with Xiao Hongque.

Yue Er was still outside, and she asked in astonishment, "What happened to you? Why did you suddenly become so powerful, that Xiao Yuanbing is just trash in your eyes!"

Chen Xiang laughed, "I don't know either. I just got a strange pearl and it merged with the Heavenly magic sword. I also absorbed a bit of the pearl's power and it became so powerful."

"Sister Yulan, are you alright?" Chen Xiang asked as she looked at the messy battlefield. She looked very tired.

"It's fine, I'm just very tired!" Xiao Yulan looked at the Six Realms Ding in his hand and sighed: "Even so, this Six Realms Ding still hasn't acknowledged me. I want to find a new master for him."

"You don't want it? Although I do not approve of you, but it will allow you to have very strong power, so won't you regret it in the future?" Chen Xiang laughed, then the Divine Cauldron Supreme Lord went back on his words.

"No regrets, you think I'm like that guy? To be honest, I grew up in that kind of environment. I didn't want to be part of the struggle, or else I would die! Now that the Divine Cauldron Nation is no longer here, I think I can rest as well." Xiao Yulan passed the Six Realms Ding over to Chen Xiang: "Take it, it seems the Six Realms Ding is more suitable for you!"

Seeing that Xiao Yulan had made his decision, Chen Xiang could only accept it, but when he touched the Six Realms Ding, it shook slightly and Chen Xiang also retreated a few steps.

"Seems like this Six Realms Ding really rejects me!" Chen Xiang laughed bitterly: "This is not suitable for me either! How about this, I recommend you giving it to someone!"

"Did you mention the woman with the Emperor's Heart before?" Xiao Yulan asked.

"Yes, she's with Xianxian and the others now, I told you about the Hundreds of Flowers Village before." Chen Xiang said: "This Six Realms Ding was repaired by Liu Meng'er and the others, maybe the Six Realms Ding only recognized females."

"Alright, leave this place, and I, Imperial Concubine Lian, Hongque and I will go to Hundreds of Flowers Village. Baifeng is also there, we can reunite at that time." Xiao Yulan said.

Yue'er laughed, "Sister Yulan, I am very popular in Hundreds of Flowers Village. When the time comes, I will introduce some friends to you."

Xiao Yulan caressed Yue'er with a light smile, then asked Chen Xiang to send her into the ring.

"Where are my master and the others? "Where did you go?" Chen Xiang asked.

"They have gone to fight for the Chuangshi artifact. They should be with the Nine Emperor!" Yue'er said: "Could it be that you don't know where the Chuangshi artifact is?"

"I'll bring you there. When the Chuangshi artifact was born, we could all sense it." Yue'er pointed in a direction.

Chen Xiang nodded his head, and then placed Yue'er into his Serene Demon Ring. He then activated his Space wind, and headed towards the location of the Chuangshi artifact.

On the way, he was still pondering about what the green pearl was previously, because it wasn't a Chuangshi artifact. The real Chuangshi artifact had already been born, and the nine Divine Lords were fighting with the Black Stone Divine Venerable over there.

There was only one Chuangshi artifact and everyone wanted to keep it for themselves, so they would not join hands. Chuangshi artifact were not like pastries, they could not be shared equally.

Thus, in the process of fighting, many battles would definitely erupt!

Chen Xiang activated his Space wind and quickly arrived. At the moment, he was only watching from afar, but he noticed that the others were also watching from afar. It was Huang Jintian and Huang Yantian.

"Master, Martial Uncle!" Chen Xiang immediately landed on top of a tall mountain. There was a large distance between here and the battlefield, so he could only use his divine soul to watch the battle.

"Why didn't you go over?" Chen Xiang laughed.

"Go and die? Although we want the Chuangshi artifact, we are not their match! One Black Stone Divine Venerable is enough to choke us all. Now, with the addition of nine Divine Lords, we will only be facing a dead end in the past." Huang Jintian said.
