

Dan God 2221

[Chapter 2221](#)

Huang Jintian and the other two brothers suddenly realised that Chen Xiang's strength had increased a lot, and they felt that Chen Xiang was even stronger than them!

They had not been separated from Chen Xiang for long, and Chen Xiang had been taken away by the Black Stone Divine Venerable not long ago.

"Why don't they seem to be fighting?" asked. nine Divine Lords and Black Stone Divine Venerable were only standing in an empty area, as if they were talking about something. They didn't dare to let their divine soul get too close for fear of being discovered.

"These guys are waiting for the Chuangshi artifact to come out. Now that the Chuangshi artifact has come out, there's only one left, so they are currently discussing who it should be." Huang Yantian laughed: "They have been discussing for a long time, it is probably useless, they will definitely start a fight in the end, we just need to wait here."

Chen Xiang frowned: "Where is the Chuangshi artifact? Why can't I see it? " Although the nine Divine Lords was quite a distance away from him, his eyes could see very far. Adding to the fact that there was a wave of divine soul approaching, he could see quite clearly.

He could see the nine Divine Lords and the Black Stone Divine Venerable, but he did not see the Chuangshi artifact that was born.

"On the ground between them, the Chuangshi artifact was initially a translucent black ball, but now that it has returned to the ground, it has been sealed by them. The Chuangshi artifact will run everywhere, they are worried that the lake will run away, so they can only seal it for now, and wait for the conclusion to be discussed before the seal can be unsealed. " Huang Jintian said.

Chen Xiang's heart itched and he asked: "What exactly is that Chuangshi artifact? Could it be a black ball? "

"Of course it's not a black ball. We didn't even see what it is! Right inside the black ball, the black ball is translucent. It should be a natural barrier that can protect the Chuangshi artifact. "

After Huang Yantian finished speaking, he suddenly said excitedly: "They have reached a conclusion. They plan to leave the place where the Chuangshi artifact is and undo the seal, allowing the Chuangshi artifact to fly out by itself, and then fight with their own strength."

Sure enough, Chen Xiang saw that both nine Divine Lords and nine Divine Lords had retreated, and only stopped after they were more than 1000 feet away from the slightly protruding area.

The ten of them used their powers together to undo the seal. A black shadow suddenly emerged from the center of the seal.

At the same time, nine Divine Lords and the others used their fastest speeds to fly toward the black shadow!

"It's mine!" A middle-aged man dressed in blue laughed out loud. He actually caught the black ball. He was only a bit faster than the others because after unlocking the seal, the black ball flew towards him.

Their speed was about the same. If the black ball was the closest, then it meant that someone could obtain it!

The blue-clothed man saw that something was wrong and waved his hand. A giant purple cauldron appeared, and he immediately stood on top of it, controlling the purple cauldron to fly out, crashing into a path and escaping from the encirclement.

"You can't be so shameless, we already agreed on that!" At the same time, he shattered the black ball in his hand. After a flash of black light, a bronze furnace appeared.

"It looks like the material is the same as my Six Realms Ding!" The blue-robed middle-aged man immediately poured his divine power into the small stove, and it immediately flashed with white light.

"This guy should be a Divine Cauldron Supreme Lord. I never thought that the Chuangshi artifact would fall into his hands." Chen Xiang said. When he saw the purple cauldron, he was sure that Divine Cauldron Supreme Lord only had a cauldron.

After the Divine Cauldron Supreme Lord poured his divine power into the Chuangshi artifact, he shouted in shock: "As expected of the Chuangshi artifact, so it's a furnace that can refine many powerful stars, the Chuangshi god furnace!"

The other nine people were extremely jealous, especially Black Stone Divine Venerable, because he was an alchemist so he wanted to obtain this Chuangshi god furnace the most.

An old man wearing a golden robe thrust his spear towards Divine Cauldron Supreme Lord like a bolt of golden lightning, his speed was extremely fast!

"You want to steal it?" Divine Cauldron Supreme Lord opened the lid of the exquisite pill furnace, and a burst of fire surged out.

The golden robed elder was enveloped by the ball of flames and could not help but cry out in pain, "Xiao Yan, you bastard, you want to kill me?"

The golden robed elder who was enveloped in flames flashed with a gold light, shaking off the flames released by the Chuangshi god furnace, and the clothes on his body had already been burnt to pieces, his hair was also burnt to ashes, the skin on his face was burnt to a crisp, he looked very sinister.

When the scattered flames landed on the ground, they actually began to spread like wildfire. Even if they were made of stone or sand, they could still be burned. In just a few blinks of an eye, the empty space they were in had turned into a sea of fire.

"You're the one who came to steal it. You're courting death, it's none of my business!" Xiao Yan laughed out loud: "Now, you all have seen how powerful the Chuangshi god furnace is, if you have the guts, come and try, let me see just how strong the Chuangshi artifact is!"

Black Stone Divine Venerable suddenly roared, his body releasing black Qi, constantly expanding. Very quickly, he turned into a giant black furred ape.

"In that case, as long as I kill you, this Chuangshi god furnace is mine!" Black Stone Divine Venerable had already decided that she would obtain Xiao Yan's Chuangshi god furnace no matter what!

Xiao Yan kept his purple cauldron. Just now, he had only used the Chuangshi god furnace to release the flames, and that had caused a Divine Lord to suffer. He had already an initial understanding of the Chuangshi god furnace's power, so he was extremely confident in this.

The other eight Divine Lords immediately left the battlefield, but they did not move far away. It was very difficult for them to obtain Chuangshi god furnaces as well.

Therefore, the other eight Divine Lords were all waiting for an opportunity to take it while both of them were injured.

"This Chuangshi god furnace is truly a good item. If I were to obtain it, I will be able to refine a divine pill to my heart's content." Chen Xiang was also ready to make a move, and was waiting for an opportunity.

"If there really is a chance, we brothers will help you." Huang Jintian laughed.

"Alright!"

The Black Stone Divine Venerable had turned into a beast, with power that belonged to a bandit. Huang Jintian and Xiao Yulan had experienced it before.

"This place has always been my territory. You bunch of outsiders, take away the treasure that should have belonged to me. It is only natural for me to take it back now." When Black Stone Divine Venerable finished speaking, he spat out a ray of black light that flew towards Xiao Yan.

Black Stone Divine Venerable originally only needed to wait a while to get the Chuangshi artifact, but who knew that Chen Xiang would come and ruin a lot of his plans. Now that there were nine extremely strong Divine Lords and one of them even snatched away the Chuangshi god furnace, he became even more furious.

Xiao Yan had always been using cauldrons, so he felt that it would be better if he used this cauldron. Seeing that the other party was attacking him, he immediately controlled the small cauldron to become larger.

The black light that Black Stone Divine Venerable spat out was very strong, but when it hit the Chuangshi god furnace, it was as if it fell into a bottomless pit. There was no reaction at all, it looked like it was being absorbed by the Chuangshi god furnace.

[Chapter 2222](#)

Huang Jintian had seen how terrifying the black light that the Black Stone Divine Venerable spat out was. When he saw that the Chuangshi god furnace had easily blocked it, he immediately exclaimed in shock.

"This thing is really scary, it's not even inferior to fighting!" Huang Jintian praised: "If we use it to refine pills, I wonder what would happen. Xiao Yan also said just now, that more than ten Earth-stage Stars here were refined by Chuangshi god furnace!"

When the Black Stone Divine Venerable saw that his attacks were ineffective, he was secretly shocked in his heart. This made him want to kill the Chuangshi god furnace even more!

Xiao Yan's smile became even happier. He already knew that Xiao Yuanbing had died, and even the Emperor Ding that he had given to Xiao Yuanbing had been destroyed. This was because Chuangshi god furnaces were much more powerful than Six Realms Dings.

"Don't be complacent!" The Black Stone Divine Venerable's hands suddenly flashed with black light, and a gigantic black long rod appeared, sweeping towards the Chuangshi god furnace that had grown in size.

Clang!

The Chuangshi god furnace was hit hard by the long rod, causing a burst of fire to splash out, followed by balls of fire that splashed onto the ground, like stars falling to the ground, shaking the ground, forming huge craters.

"Hmph, my long rod was forged from the fusion of a 9-star Earth Core!" Seeing that his black pole was effective, Black Stone Divine Venerable smashed it towards him again.

Just then, Xiao Yan also felt a little pressure. The Chuangshi god furnace had already been moved by the black long rod, and it could be seen that the long rod was very strong.

"So what if the Geocentric Refinement was done? I'll melt you down just the same." Xiao Yan controlled the Chuangshi god furnace in front of him.

The long black staff smashed down, leaving a black line in the air. The strong pressure caused the flames on the ground to be extinguished.

Clang!

The long rod struck the top of the Chuangshi god furnace, causing a powerful shockwave. This was released by the Chuangshi god furnace, it was a very hot wave of air, causing the ground to heat up, making one feel as if they were in a furnace.

Facing the Black Stone Divine Venerable's heavy blow, the Chuangshi god furnace still managed to block it. Xiao Yan was even more pleased with himself, as he knew clearly that if he were to use his Six Realms Ding, the power behind those two sticks would not have been stopped so easily.

After the Chuangshi god furnace was hit, a flame suddenly shot out from the furnace mouth, wrapped around Black Stone Divine Venerable's long rod, and then spread onto his body.

Black Stone Divine Venerable roared, his gigantic body shook, all the flames were blown away, the flames released by the Chuangshi god furnace made him feel a huge threat.

"The Chuangshi god furnace is mine!" The staff in Black Stone Divine Venerable's hand suddenly grew larger, releasing a dense black Qi.

The sky darkened, allowing Black Stone Divine Venerable's strength to increase!

"The chance is coming, this guy might really be able to deal with Xiao Yan." Chen Xiang had already started to circulate his spatial energy, and had Yue'er help him in the dark. Although he was very far from the battlefield, he had a strong spatial energy that could travel in an instant, and be faster than the other eight Divine Lords.

"How do we get out of this place? You have already obtained the treasure! " Huang Jintian patted Chen Xiang's head: "Don't laugh, let's go first before we laugh. This is still Black Stone Divine Venerable's territory."

Chen Xiang looked carefully at the Chuangshi god furnace, and suddenly realized that there was a dent at the center of the Chuangshi god furnace's lid, where something was supposed to be placed.

He immediately thought of the green pearl! The green pearl that made him and the Heavenly magic sword suddenly become very strong was actually a part of the Chuangshi god furnace, and it even seemed to be very important.

"I understand!" Chen Xiang did not answer Huang Jintian's question but he could not help but grin. He already knew what the green bead he got was.

Therefore, the most important part of the Chuangshi god furnace had already merged with his body. Even though it had separated from the Chuangshi god furnace, as long as they were together, they were still one whole!

"Only I can unleash the power of the Chuangshi god furnace!" Chen Xiang laughed happily, "We will be able to leave very quickly!"

Chen Xiang fiddled with the Chuangshi god furnace, and after a while, the Chuangshi god furnace began to slightly tremble, releasing a very strong heat. Huang Jintian who was at the side was shocked, and immediately ran far away, afraid that the Chuangshi god furnace would release even more power.

"What are you doing?" asked as he had already hidden far away.

"I'm borrowing this Chuangshi god furnace to open up a spatial passageway so I can leave this place!" Chen Xiang said. The energy he used to fuse with the green pearl had already fused with him, so when he used the Chuangshi god furnace, he allowed it to unleash an even stronger power. Just a moment ago, it was infused with a bit of divine power, the heat emitted by the Chuangshi god furnace was already extremely terrifying.

"So powerful!" When can we leave? " Huang Jintian asked: "I'm worried that those guys will catch up to us!"

[Chapter 2223](#)

Chen Xiang ferociously injected a powerful divine power into the Chuangshi god furnace, causing the divine furnace to immediately spew out a beam of fire, which shot high into the sky.

"We can leave now!" Chen Xiang kept the Chuangshi god furnace and said: "Now's the time!"

When the flames released by the Chuangshi god furnace hit high up in the sky, a hole burned out, and a huge black hole appeared in the sky.

"Let's go!" Chen Xiang immediately flew up, with Huang Yantian and Huang Yantian following behind.

Suddenly, Chen Xiang sensed many powerful Qi approaching, and anxiously shouted: "They are coming!"

Also at this time, Chen Xiang saw Black Stone Divine Venerable and the others rushing over!

"Don't let them get away!" Black Stone Divine Venerable roared, and shot out a black light from a distance.

After Chen Xiang and the others entered the black hole, the black hole immediately emitted a black light.

"How do I get out?" Xiao Yan asked: "This guy isn't very strong, but he can control the power of space. As long as we go out, we can quickly find him!"

"The time that Jiu Canghai had created back then should have already swallowed the Super God Realm. It would be even easier for us to find him. He wouldn't be able to run far." An old man said.

After all, Chen Xiang had grasped the Heavenly Alchemy back then and he had even summoned the Nine Heaven Devil Palace.

"After the Chuangshi artifact was born, the Nine Star God Realm's space became very weak. If the ten of us were to work together, we should be able to make an opening like that little demon." The Black Stone Divine Venerable looked up at the sky and said, "That place has just been opened. Although it has already been closed, it's very weak. We can easily open it."

Black Stone Divine Venerable had been trapped here for many years, and had just seen Chen Xiang easily create a spatial tunnel.

Right now, they still did not know that Chen Xiang possessed very scary strength, and Xiao Yuanbing and the others who knew that Chen Xiang's Heavenly magic sword had become strong had already been killed.

Xiao Yan knew that Xiao Yuanbing and the rest were all dead, but he thought that Xiao Yulan had killed them with his Six Realms Ding, and never thought that Chen Xiang was the one who killed them. Because according to the information they had gathered, Chen Xiang was very weak, and could not possess ten Divine Deity s in such a short period of time.

"Alright, everyone, let's work together and open a spatial rift." Xiao Yan said, he had already made his preparations.

The other Divine Lord s nodded. Even though there had been arguments before, they were all trapped here. If they did not cooperate, it would be impossible for them to leave.

Black Stone Divine Venerable and nine Divine Lords released a powerful divine power together, bombarding the place where the black hole had disappeared!

Ten streams of energy gathered and soared into the sky, but ... However, he did not open up a single spatial passageway. The power penetrated into the sky and dispersed.

"What's going on? Could it be that even our combined strength cannot compare to that little demon's?" Xiao Yan said in shock.

"No, that little ghost has Chuangshi god furnace. You have used Chuangshi god furnace before, so you should know how powerful the Divine Stove is. It should be because the Chuangshi god furnace possess some kind of special power that can open a spatial tunnel!" Black Stone Divine Venerable was very disappointed. He had thought that he would be able to leave this damned place soon.

"Again!" Xiao Yan said...

Next, they continuously tried to break through space with their power, but to no avail ...

... ..

"We're finally out. Where is this place?" Chen Xiang arrived at a forest and looked to the side. Huang Jintian and Huang Yantian were both using Heaven extended method.

Not long later, Huang Jintian said: "Strange, we are in the Nine Heaven World Nine Heaven World has already swallowed Super God Realm ... We should be in the area after the 9 star fusion! "

Yue Er also ran out and said, "Nine stars should have been swallowed together. This is a big world, I'm just curious about how those nine stars fused together. This Nine Heaven World is not in the shape of a star."

"Ah?" What about the Nine Star God Realm? " Chen Xiang asked worriedly, "Those guys are still trapped inside!"

"The Nine Star God Realm is equivalent to a special secret realm, and the entire body is not as strong as the Nine Heaven World. There is no need to worry about it being swallowed. There is only one world here, and that is the Nine Heaven World!" Yue'er replied, "Moreover, a long time has passed."

Chen Xiang took out the Six Realms mirrors, wanting to teleport to the core of the earth. However, he discovered that there was no reaction after the opening of the Transmission array.

"What's going on? The Transmission array is no longer effective? " Chen Xiang took out the Transmission array that he used to enter the Hundreds of Flowers Village, and it was actually ineffective.

"Nine Heaven World has already become very big. When refining these array discs, they were created according to the original standards of Nine Heaven World, so after the Nine Heaven World expanded, the space became even larger. In addition, our position is quite far away, so it would lose its effectiveness." Huang Jintian said: "I calculated that there is a place nearby! The time in the Nine Star God Realm is different from the time here.

Chen Xiang said: "Why do I feel like the Nine Heaven World is constantly expanding, getting bigger and bigger!"

Yue'er nodded her head: "Indeed, Nine Heaven World is expanding in a very strange way, and the timing is also not normal!"

Huang Yantian laughed: "Nine Heaven World is a very special world, and one that can move! Little by little, they are approaching the Star Law Divine Realm! "

Chen Xiang was instantly shocked, "Could it be that Nine Heaven World wants to swallow the Star Law Divine Realm whole?"

Huang Jintian, who was using the Heaven extended method, opened his eyes and laughed: "To be precise, Nine Heaven World wants to swallow all the places that Earth's Core Divine Spirit has been to before. As for why, it might be because of Earth's Core Divine Spirit, this guy is very powerful and mysterious."

Chen Xiang really wanted to go to the Earth Core Realm to see what had happened to Huo Lin.

"Alright, there's a city nearby. Right now, large cities like these all have Transmission array s." Huang Jintian said: Nine Gods Nation is more or less finished, and our side has grown a lot, adding the All-beast Divine Lord's group of beasts, when the time comes, even if nine Divine Lords comes out, we can deal with them.

Chen Xiang enlarged the Six Realms mirrors and said: "Sit over here!"

The Six Realms mirrors flew very fast, and in a short while, it arrived at the city that Huang Jintian was talking about. After entering and searching, they found out that this city was the Profound Sky Continent's Divine Nations's! The people here simply did not know where the Nine Heaven City was. They had never heard of it!

"Are you guys wrong? We are not in the Nine Heaven World at all, we have come to the Heaven's Might Divine Nations! " Chen Xiang was overjoyed for nothing. He thought that he could immediately return to the Hundreds of Flowers Village.

"We did not calculate wrongly, this is indeed the Nine Heaven World, it's just that when they were fusing, they did not discover any changes in their world!" Huang Jintian said as his brows knitted together, "The process of the Nine Heaven World's annexation was not violent at all, rather it was extremely gentle. If it was carried out at night, it would simply not be discovered."

[Chapter 2224](#)

The world had undergone a huge change, but not a single person in this city had sensed it. This made Chen Xiang somewhat unable to believe that when fusing nine stars and one Nine Heaven World, it had actually completed it without a sound.

Chen Xiang and the others stayed in an inn and thought of ways to return.

"Doesn't this mean that this world is very big?" The nine Earth-stage Stars s that the Nine Gods Nation s resided in were originally very vast, so with the help of Super God Realm s and Nine Heaven World s, it could be imagined how vast the nine Earth-stage Stars s were.

"Yes, that's why the array discs you sent back to us have all failed. They have already far surpassed the range of those array discs." Huang Jintian said as he gave a bitter laugh, "The Transmission array have not connected in this world yet. If we want to go somewhere further, it will take a very long time."

"That's not necessary. Yue'er and I can use our spatial energy to teleport. How far is this place from Nine Heaven World? Where is his direction? Then Yue'er and I will open the spatial tunnel and teleport there." Chen Xiang laughed, "Back then, Yue'er and I used our powers together and instantly went to the Divine Cauldron Star. That distance is still far."

Huang Yantian shook his head: "No, with so many worlds fusing with space, it means that the quality of space will increase, and it won't be as easy to penetrate as it was in the past! You often use the power of space, so you should be clear that as long as the space is strengthened a bit, you can even imprison space itself! "

Chen Xiang said, "I still don't know how stable the space is right now. Even if we reinforce each other a lot, Yue'er and I can still go to far places if we work together."

Huang Jintian nodded, and then began to use the Heaven extended method with Huang Yantian. They needed to calculate the distance between them and the Nine Heaven World in detail, only then would they be able to allow Chen Xiang and Yue'er to teleport more accurately.

An hour later, Huang Yantian said: "This world is really big, making it very troublesome to calculate, there is still a need for time."

Chen Xiang had to wait four hours for the result to come out. After obtaining a distance, he was very surprised that it was so far away.

"Hehe, right now, the Nine Heaven School is the center of this world, and this Heaven's Might Divine Nations can be considered to be on the periphery. Therefore, no matter where you go to the Nine Heaven School, it won't be too far away." Huang Jintian said.

Chen Xiang and Yue'er immediately activated their skills, opening up a spatial passageway, and walked in together with Huang Jintian and the others. After entering the spatial passageway, they arrived at a desolate area.

"What is this place?" Chen Xiang looked around: "Moreover, there isn't any vitality. It's just like a land of death."

Huang Jintian immediately pinched his fingers and calculated, "We have yet to enter the Ninth Heaven area, so we need to continue moving forward."

Just now, Chen Xiang and Yue'er had used very strong spatial energy, but they hadn't gone to the Nine Heavens District yet. It could be seen that the space here had already become very high levelled, and wasn't as easy to break through as it was in the past.

Once again opening the spatial passageway, Chen Xiang and the others finally arrived at the Ninth Heaven area, which was the area around the original Nine Heaven World.

After entering the Ninth Heaven area, Chen Xiang would use the array disc to teleport to the Heavenly Divine Palace!

"I'm finally back!" Chen Xiang looked at Heavenly Divine Palace and lamented: "This world is too big, and it's not good either. Even if other Divine Nations were to come over to fight, it probably won't be easy!"

"I won't be going to Nine Heaven World, I need to go back to Hundreds of Flowers Village to settle them down." Chen Xiang patted Huang Jintian's shoulder, "Master, when you see Big Brother Canghai, tell him about what happened in the Nine Star Divine Realm and make him prepare himself.

"After we take care of nine Divine Lords, shouldn't you go to Star Law Divine Realm to take a look? We brothers are not as powerful as you, and we need you to help us out in the Star Law Divine Realm. " Huang Jintian laughed.

"No problem, I'll definitely be there when the time comes!" Chen Xiang nodded and then was teleported to the Hundreds of Flowers Village.

After arriving at the Hundreds of Flowers Village, Chen Xiang asked Xiao Yulan and the others to come out!

The Hundreds of Flowers Village was still as quiet as before, and the fragrance of flowers wafted everywhere. After Chen Xiang was teleported to the Hundreds of Flowers Village, he immediately went to Lv Qilian's Villa.

"You're finally back!" Seeing Chen Xiang walk in, Lv Qilian heaved a sigh of relief.

"Where are Big Sister Hui Shan and the rest?" Why are you the only one here! " Chen Xiang asked.

"Their Battle God Squad is currently outside, but Qinlian and Ziqian haven't come back yet. Right now, we also have no way of entering the core of the earth, nor can we train to their level." Lv Qilian looked at Xiao Yulan and the others, and Xiao Yulan smiled gently at her.

Lv Qilian had long gotten used to it. When she saw that the Imperial Concubine Lian and Xiao Jin'er looked very similar, she could guess that the Imperial Concubine Lian was Xiao Jin'er's mother and since the Imperial Concubine Lian was standing behind Xiao Yulan, she could guess Xiao Yulan's identity.

"There's actually a problem with the earth's core?" "Alright, I'll go take a look now. You guys go ahead and chat!" Chen Xiang did not need to worry about Xiao Yulan and the others, they were all women, and with Xiao Baifeng and Xiao Jin'er here, it would be easy for them to blend in.

"Be careful, Huo Lin said last time that Geocentric Magnetism will face a lot of challenges." Lv Qilian warned.

... ..

Chen Xiang left the Hundreds of Flowers Village and rushed there. After coming here, he took out the Six Realms mirrors and tested it. He was unable to use the Transmission array inside the Six Realms mirrors to enter the earth's core, and it was exactly as Lv Qilian had said.

"I can only use the old method to enter!" Chen Xiang jumped down, entered the tunnel, and jumped into the center of the earth. In the end, he flew into the center of the earth according to his memories.

"The changes in the earth's core are quite big. I wonder if I can find the entrance to the Core Spiritual Realm!" When Chen Xiang came down, he discovered that the temperature of the earth's core was even higher than before.

After searching for more than two hours, Chen Xiang finally found the passage to the Qilin Hall.

"Huo Lin!" When Chen Xiang arrived, he shouted loudly.

"Big brother? You're back! You've been gone for more than ten years! " Huo Lin ran over with a grin.

"So it's all right!" Chen Xiang heaved a sigh of relief, "Qilian said that it was impossible to teleport to the earth's core. She thought that something had happened to the earth's core, so the moment I returned, she immediately rushed over."

"There is a change in the core of the earth. There is a very strong spatial formation that can't be sent in from the outside temporarily, but we can leave from the inside. Those two sister-in-law are cultivating,

and Ziqi is with them. " Huo Lin pinched Chen Xiang's arm: "Big Brother, I feel that you have become stronger, is it my imagination?"

Chen Xiang laughed: "If I hadn't become strong, I would've been killed by that Black Stone Divine Venerable! Right, what have you experienced in this earth core? Have you fought with any other Earthly beast? "

"Of course! "Although he's quite powerful, he was still defeated by me." Huo Lin said: "Big Brother, what was the Black Stone Divine Venerable you were talking about just now? I think I've heard of the name Blackstone, Earth's Core Divine Spirit told me before. "

[Chapter 2225](#)

The Black Stone Divine Venerable was also a Earthly beast, so Huo Lin might even know something. Chen Xiang immediately told Huo Lin about the black ape that was hiding the truth that happened with the Black Stone Divine Venerable. WWW. 8 00book.net

All the words, faster, no windows! >

After Huo Lin heard it, he frowned: "As expected, it's this guy. The Earthly beast told me to be careful, and to not go down the evil path, or else it would become like this! That Black Stone Divine Venerable should be trapped in the core of the earth right now. If he comes out, the first thing he will do is to come find me! Black Stone Divine Venerable is very clear, if you want to control a world, you have to go to the Core! "

"Can you beat him? Once that guy becomes a black ape, his strength will increase by many times. If that's not possible, then leave it to me! " Chen Xiang felt that he had a certain chance of winning against the Black Stone Divine Venerable. His Heavenly magic sword s were also very powerful, not to mention that he still had the Chuangshi god furnace s.

"We'll talk about it when the time comes. This core is my territory, so he's not in my territory!" Huo Lin said: "Right now, this Nine Heaven World has become so powerful, and as the Earthly beast of the Nine Heaven World, I naturally am not far off."

"If Black Stone Divine Venerable ran out, would he really come here at the first possible moment?" Chen Xiang asked: "Does he know how to get here?"

"There's no mistake. As long as it's a Earthly beast, once we go to the territory of another Earthly beast, I will definitely go there to take a look. If we discover any other Earthly beast in this earth, he will issue a challenge to me." Huo Lin said.

Chen Xiang nodded her head, "I'll go out first and tell Qilian of the situation here, so that she won't be so worried. I'll come back to the Black Stone Divine Venerable and wait for you there.

In Chen Xiang's eyes, the core of the Nine Heaven World was much stronger than the core of the Black Stone Divine Venerable.

Chen Xiang came to the surface through the Transmission array here, and then returned to the Hundreds of Flowers Village. At this moment, Lv Qilian was already very familiar with Xiao Yulan and the

others. When Chen Xiang arrived at Lv Qilian's Villa, he coincidentally saw Xiao Yulan handing the Six Realms Ding over to Lv Qilian.

Xue Xianxian, Liu Meng'er, and the rest of their smithing team were also here!

"Let's refine the Six Realms Ding for them!" After Lv Qilian received it, he was not rejected, but she passed the Six Realms Ding over to Liu Meng'er: "This Six Realms Ding was originally fixed by them, and they also need a powerful cauldron to smelt the ingredients, I feel that it's the most suitable for them, if necessary, I can just ask them for it, since we are good sisters."

Xiao Yulan had no objections to Lv Qilian's methods either. The Six Realms Ding had been repaired by Xue Xianxian and the others, and she did not need to use it now.

"How is the earth's core?" Seeing Chen Xiang coming back smilingly, Lv Qilian knew that the situation at the core of the earth wasn't as she had imagined, but she was still a bit worried.

"It's fine, the earth's core has become stronger, so there's an additional dimension to protect us, so we can't teleport in from the outside! I'm afraid that I won't be able to go to the core of the earth often, and it would be inconvenient to go in through that passage. " Even if he went in, it would be rather troublesome.

Lv Qilian nodded and said, "I heard that you have become very strong. Now that Hui Shan and the others are dealing with Hell Devil Emperor, are you interested?"

"Of course!" Chen Xiang immediately replied: "I wanted to kill this bastard for a long time, it's just that I couldn't find a good chance!"

The Hell Devil Emperor's backers were all the Divine Nations's, but those Divine Nations's were all broken now, so they had no backers either.

Chen Xiang found out about Long Huishan's destination from Lv Qilian, and Yue'er and him immediately rushed over.

"I want to see how strong Hell Devil Emperor is right now!" Chen Xiang continued to teleport and arrived at the Demon Emperor Mountain Range in less than an hour. This mountain range had been occupied by the Hell Devil Emperor for many years, so it became known as the mountain range.

Chen Xiang quickly contacted Long Huishan, as they had gathered news about the Hell Devil Emperor outside the Demon Emperor Mountain Range.

Inside a cave, Long Huishan and Xiao Baifeng were flipping through a stack of papers.

"Why are you collecting information on Hell Devil Emperor? Just kill your way in! " After Chen Xiang came in, he looked at the contents of the papers on the table and knew that these were all information related to the Hell Devil Emperor.

"It's not as easy as you make it out to be. Hell Devil Emperor is very focused on cultivating the evil way, and his speed of improvement is also very scary. We don't know much about him right now, so we can't act rashly." Little Lizhi said, she was extremely cautious.

Leng Youlan and Mu Qianxiang were also here, they looked at Chen Xiang with an approving gaze. They had wanted to do this since a long time ago, but Long Huishan and the others did not want to do so.

"Then, do you think that he has 90 Divine Deity?" asked with a smile. He had hidden himself well, Long Huishan and the others had never realized that he had become very strong.

"Of course not, but they definitely have a few dozen Divine Deity s. Furthermore, there are quite a few strong ones like them. In addition to their various demonic techniques and various poisons, they are still very strong." Xiao Baifeng replied.

Yan Yanran suddenly walked in and said seriously, "They have a plan. Their army is already gathering in the mountains, ready to make a move. Their target is the Floating Divine City closest to the Demon Emperor Mountain Range."

Lan Lan also anxiously ran in and shouted: "Not good, they have started moving, and are preparing to pass by our place."

"Chen Xiang, you're here too! Are you going to fight?" Yan Yanran asked: "Inform Sister Qilian first, looks like she will have to take charge personally. If Hell Devil Emperor takes down the Floating Divine City, then it's our turn."

Chen Xiang laughed: No need to look for Sister Qilian, leave it to me! You Lan, Qianxiang, go! "

"Brother, are you so confident? Have you become very strong?" Leng Youlan was very excited, he laughed and pinched Chen Xiang's face: "Looks like you have become much stronger!"

"It's not that I've become much stronger, it's that I've become much stronger!" Chen Xiang also pinched her face and laughed: "Let's go, it's time for Hell Devil Emperor to die."

Long Huishan didn't say anything more and followed Chen Xiang out of the cave. She knew Chen Xiang was a very cautious person and would not say such words unless he was absolutely confident.

After walking out of the cave, Chen Xiang felt a wave of Evil Spirit pressing over. The sky had turned gray, and was shrouded in dense Evil Qi, the forest in front of them started to surge, the Hell Devil Emperor's Evil Demon Army was walking out majestically.

"Look at the forest, there are a lot of flying Evil beast. Hell Devil Emperor sure has great ability to get so many of these monsters." Lan Lan said: "So many, covering the sky!"

Chen Xiang looked into the distance and saw a dense black fog approaching slowly, rising and falling. If one looked carefully, they would be able to see that it was a large group of densely packed Evil beast flying in the air, just like a large group of bats. Just by looking at them, one would feel a large amount of pressure. WWw. 8 00book.net

[Chapter 2226](#)

Long Huishan saw that there were so many of them, and the Evil Demon was so dense, it meant that the Evil beast and demons were not weak, their bodies were all strong!

"Chen Xiang, can you really handle it?" Long Huishan asked while looking at Chen Xiang, who was very calm now.

"Of course not. Try out the treasure I just got. It should be enough to deal with this group of things." Chen Xiang took out his Chuangshi god furnace and laughed.

The Chuangshi god furnace had become very small because of Chen Xiang, and in the center of his palm, it looked like a small cyan pill furnace.

Chen Xiang opened the lid and said: "Wait a moment, don't rush over. Just wait and see.

"Go!" After Chen Xiang warned them, he activated the Chuangshi god furnace. The Chuangshi god furnace suddenly grew in size and floated in the air, suddenly trembling violently, spitting out a large fireball from the mouth of the furnace.

After the fireballs flew towards the forest, they suddenly exploded and turned into balls of small flames that scattered out. Under Chen Xiang's control, these small flames were like small spirits that flew around randomly, and after a small portion of it landed on the ground, it immediately ignited into a raging flame, burning up the soil and stones.

In the blink of an eye, the forest in front of them was engulfed in flames. The temperature of the flames were extremely terrifying, and Long Huishan and the other girls, who were still quite a distance away from the forest, were all drenched in sweat from the heat.

The most terrifying part of the fire released by the Chuangshi god furnace was that the flame could automatically absorb the energy between heaven and earth to maintain its burning, and in the forest, the evil fiend was so thick, after being absorbed by the flames, the fire became even more intense, the fire's momentum became as high as three hundred meters, and those flying Evil beast in the air, even though they were not within the flames, they still continued to fall, and on top of the flames, they were roasted even more fiercely.

Not long later, Chen Xiang and the others no longer felt any more evil spirits, and the flames also gradually weakened!

"Amazing, there's no need to fight anymore!" Leng Youlan exclaimed: "Big bro, that little furnace of yours is really scary. When you release flames of this level, you instantly incinerate the great army of Hell Devil Emperor."

Long Huishan said: "It should be because he is very strong. Otherwise, he would not be able to condense such a strong flame with that small furnace!"

"Who is it!" A dozen black figures suddenly swooped down from the sky. They were Hell Devil Emperor and a dozen black robed men.

Seeing Hell Devil Emperor, Long Huishan and the others all took out their divine weapons, ready to fight.

"Chen Xiang! It's you again, little bastard. " The Hell Devil Emperor was very angry, but he did not immediately rush over. Chen Xiang must have been very powerful to be able to release that kind of flame.

Chen Xiang chuckled: "Hell Devil Emperor, you're still the same, you can't accomplish anything big!"

the Black Stone Divine Venerable's Divine Deity, he was still confident in his ability to defeat the Black Stone Divine Venerable.

"So soon?" Chen Xiang was surprised to see Huo Lin being so worried. He felt that it would take a while for Black Stone Divine Venerable and the rest to come out of the Nine Star God Realm.

"It won't be long!" Huo Lin nodded and said: "I can feel that guy's presence, maybe they are already in Nine Heaven World!"

Just as Huo Lin finished speaking, the Nine Star God Realm suddenly shook!

"He's here!" Huo Lin shouted anxiously: "Big brother, quickly hide! If I can't beat him, you can fight back!"

Chen Xiang immediately hid himself inside the spatial crack. As the Earthly beast here, he obviously had to be the first one to go out and fight. If he really couldn't beat him, he could also drain Black Stone Divine Venerable's strength, and it would be much easier when Chen Xiang fought with Black Stone Divine Venerable.

"Little thing, you must be very young! "Kowtow obediently and I will spare your little life. I will not treat you unfairly in the future!" Black Stone Divine Venerable suddenly appeared in front of Huo Lin and sneered: "If you don't want to die, then quickly kowtow to me and be my servant."

This Black Stone Divine Venerable was actually so powerful, he didn't even want to fight at all, yet he was forced to kneel down and kowtow to Huo Lin. Chen Xiang, who was inside the spatial crack wanted to run out and teach him a lesson.

"Wishful thinking!" Huo Lin shouted coldly, his fist ignited with flames as he struck out violently.

Bang!

Black Stone Divine Venerable did not expect Huo Lin to suddenly attack, his fist landed on his chest, producing a violent explosion, causing him to retreat a few steps.

"Little thing, not bad! "A bit of power!" Black Stone Divine Venerable patted the spot where he was punched on the chest: "Looks like you have the same strength as those Divine Lords! "This way is also good, I will beat you until you kowtow to me."

Black Stone Divine Venerable suddenly jumped into the air. With a furious roar, he turned into a huge black ape. In his hand, he held a huge black long rod.

Chen Xiang was surprised, the Black Stone Divine Venerable had been using such a strong power from the very beginning to deal with Huo Lin, it could be seen how strong Huo Lin was, making the Black Stone Divine Venerable so serious.

[Chapter 2227](#)

As long as the Black Stone Divine Venerable took over the core of the land, and adding his understanding of the core of the land, it wouldn't be long before he could take control of the Nine Heaven World. As the guardian of the place, Huo Lin couldn't let the Black Stone Divine Venerable succeed in any way.

Huo Lin was once again the same as before. His body movements had become slow due to the pressure released by the black Seven Evils, and the muscles on his body seemed to be shackled by a strong pressure.

Black Stone Divine Venerable's strength was indeed much stronger than before. After his body shrank, he became more nimble and his speed increased!

"Is that it?" Huo Lin let out a roar, and a large expanse of flames surrounded his body. The moment the rod smashed onto his body, he turned into a mighty Fire unicorn.

"Use body? It's exactly what I want! " Black Stone Divine Venerable laughed: "Not bad, not bad, it's a very beautiful Fire unicorn, you will be my mount from now on!"

Huo Lin roared in anger as he spat out a ball of flame. When the ball of fire flew towards him, it became extremely hard, just like a metal ball!

"It's no use!" Black Stone Divine Venerable waved his black rod, striking one of the hard balls of fire, which suddenly exploded, at the same time causing other fireballs to explode as well.

Rumble, the flames from the continuous explosions enveloped Black Stone Divine Venerable. Seeing that the move worked, Huo Lin bellowed and spewed out balls of fire.

However, Black Stone Divine Venerable was not someone to be trifled with. After being bombarded continuously, he roared in anger and pierced right into Huo Lin's mouth with the long rod. A jet of black Qi shot out from the tip of the rod.

Roar!

Huo Lin screamed in pain and fell to the ground!

Black Stone Divine Venerable flew over, raised his long rod, and started to hit the fallen Huo Lin.

"You're going crazy!" I'll beat you to death, haha ... " Right now, he enjoyed the feeling of hitting Huo Lin hard. Huo Lin's body was already in extreme pain from just one hit, but Black Stone Divine Venerable had already hit him a few dozen times.

"See if you submit or not, beat him until you beg for mercy." Black Stone Divine Venerable laughed, his attacks were ruthless, causing Huo Lin to scream continuously.

Chen Xiang secretly took a deep breath, summoned his Heavenly magic sword and suddenly emerged from the spatial crack, appearing right behind Black Stone Divine Venerable.

Although Black Stone Divine Venerable was fighting to his heart's content, he discovered that there was someone who had suddenly appeared behind him. However, although he discovered it, he did not have enough time to react as Chen Xiang's terrifying Heavenly magic sword had already pierced through his skull.

"You ... It's Chen Xiang! " Although Black Stone Divine Venerable was stabbed in the head and did not die, he still suffered heavy injuries. At this time, the Heavenly magic sword was still stabbed in the head, and he could feel that this Heavenly magic sword was extremely terrifying.

Chen Xiang quickly pulled out the Heavenly magic sword and fiercely slashed at Black Stone Divine Venerable's head!

Black Stone Divine Venerable's head fell to the ground, a stream of black blood spurted out from his neck. Accompanied by a thick mist of Qi, the blood flew into the air.

Huo Lin jumped over, flames spewing out of his mouth continuously, burning Black Stone Divine Venerable's body. He was worried that Black Stone Divine Venerable would come back to life.

"I can't burn it!" Huo Lin took human form, and said with a frown.

"Use this!" Chen Xiang took out the Chuangshi god furnace and injected some divine power into it, releasing a ball of flame to burn Black Stone Divine Venerable's body.

Huo Lin exclaimed: "What a powerful flame!" As a Fire unicorn himself, he understood flames very well. The flames Chen Xiang released with the little furnace could even make him feel fear.

"This fire energy is very similar to the Earth's Core Divine Spirit. Could it be that your little furnace is a Chuangshi artifact?" Huo Lin asked.

"Yes, how do you know about Chuangshi artifact?" Chen Xiang enlarged the Chuangshi god furnace a little so that Huo Lin could see more clearly.

"Of course I know, this is what I remember from my memories. Only in a very powerful world can Chuangshi artifact be born! There are also some rather special situations, where Chuangshi artifact are scattered throughout, and then they are born into the world!" Huo Lin said.

Chen Xiang immediately understood that the stars that the Divine Nations were on were all created by Chuangshi god furnace in that sort of special situation.

"The Black Stone Divine Venerable has been destroyed. Since he's here, it means that the nine Divine Lords is here too. I have to go out and deal with them." Chen Xiang said: "You should just recuperate yourself properly, your injuries are not light right now!"

[Chapter 2228](#)

Huo Lin nodded, he was very clear about his own injuries, if not for Chen Xiang attacking in time, he really might have been defeated by Black Stone Divine Venerable! Even though he was a Earthly beast, he was still very young and was not a match for Black Stone Divine Venerable.

Black Stone Divine Venerable died unjustly, his strength was strong, he should not have died like this, thus when Chen Xiang stabbed him in the back, he hated him to death, but he could not do anything about it.

After Chen Xiang arrived on the ground, he immediately headed towards the Heavenly Divine Palace!

If nine Divine Lords came here, Jiu Canghai would definitely be the first to know about it!

"Elder Brother Shen!" Just as Yun Xiaodao walked out of Heavenly Divine Palace's gate, he saw Chen Xiang and anxiously shouted.

"Xiao Dao, why are you here?" Chen Xiang anxiously walked over, Yun Xiaodao looked to be in a hurry too.

"I have been cultivating in the Heavenly Divine Palace! Now that the Great Divine Lord and the rest are out, it should be a big battle with the nine Divine Lords, so it isn't anywhere for them. He told us to stay here, maybe the other people from the Nine Gods Nation will come and attack us." Yun Xiaodao said.

Chen Xiang immediately had Yue'er come out and help him calculate where the nine Divine Lords and Jiu Canghai were fighting.

Xiao Dao, how many people does Great Divine Lord want to go with? Chen Xiang asked.

"Him, your master, and your senior uncle! Everyone else will stay here." Yun Xiaodao said: "He said, other than the three of them, we are unable to contend against nine Divine Lords. Are they really that powerful?"

"Mn, it's really very powerful. Otherwise, they wouldn't have been able to destroy the nation of the Nine Heavens Divine Nations back then." Chen Xiang said: "But their current Divine Nations has also been destroyed by them, their lifespans are almost up!"

Yue'er quickly found out where they were. After Chen Xiang found out where they were, he looked in that direction and said: "This group of fellows originally didn't have much lifespans left. They didn't find a good way to extend their lives and instead came looking for death.

It would be difficult for Chen Xiang to deal with the Black Stone Divine Venerable, but dealing with the nine Divine Lords was still relatively easy. His current Heavenly magic sword s and Chuangshi god furnace s had increased his strength by a lot!

"Xiao Dao, I'm leaving. Cultivate well. This world is wonderful, but also cruel!" Chen Xiang patted Yun Xiaodao's shoulder as he suddenly activated Space wind to search for the nine Divine Lords.

... ..

Less than an hour later, Chen Xiang, who was currently using the Space wind, felt waves of intense fluctuations. He was already close to the battlefield.

"Such a familiar aura, could it be..." Chen Xiang stopped his Space wind. After coming out, he could more clearly sense the divine power's aura.

"It's All-beast Divine Lord ... And the four protectors, the Azure Dragon, White Tiger, and Xue Yi are also here!" Yue'er exclaimed, "They are all very strong. It seems that they have recovered."

"The All-beast Divine Lord has revived?" Chen Xiang was originally a little worried that Jiu Canghai and Huang Jintian would not be able to defeat the nine Divine Lords, but now that he had the All-beast Divine Lord's help, both sides were evenly matched.

"Qi Shi is also here!" Chen Xiang immediately teleported over, although All-beast Divine Lord and the others joined him, nine Divine Lords was still very strong.

"Back then, All-beast Divine Lord and the rest were already surrounded and attacked by the Nine Gods Nation. Yue Er said.

The situation of the battle was extremely intense, and what surprised him the most was that Long Xueyi actually had such a strong power, that he could fight against a Divine Lord on his own.

"No, Xue Yi is in danger!" Chen Xiang's pupils contracted as he saw the black blood flowing out of the corner of Long Xueyi's mouth.

"Look up there, an old man just released a poisonous needle to ambush Xue Yi." cried Littlemoon, looking at the sky.

It was daytime now, and the sun was very bright. There were many white clouds in the sky, and when Chen Xiang raised his head, he did not see any elders.

"He's hiding in the clouds. What is the background of this guy?" The poison released could actually reach such a powerful White Dragon! In the Star Law Divine Realm, Bai Long is very strong. " Yue Er said.

Chen Xiang immediately used his Mind's Eye and saw a black mass within the white clouds. It should be the old man that Yue'er mentioned earlier.

"This bastard, he secretly used poison attacks, he will definitely die a horrible death!" Anger raged in Chen Xiang's heart, and he immediately teleported behind the old man.

The old man was dressed in black and was watching the battle intently, waiting for an opportunity to poison the old man.

"Old bastard, go to hell!" Chen Xiang took out his Heavenly magic sword and slashed at the old man's neck, then chopped off his head.

"I would like to see what poison you are scared of!" Chen Xiang grabbed the head, and after using Soul Absorbing Devil Spell, his face changed.

"Yue'er, this guy is from Star Law Divine Realm. That poison was extracted from the body of the Black Dragon Flower and then refined. This guy's memories mentioned that there is no cure for this poison." Chen Xiang hurriedly told Yue'er of his knowledge, "I never thought that the Star Law Divine Realm already had forces in the vicinity, and that they were the ones who had come to help the Black Stone Divine Venerable and the nine Divine Lords."

Chen Xiang flew out from the clouds!

"Xue Yi, enter the ring!" Chen Xiang teleported in front of Long Xueyi and blocked the blade from the Divine Lord at the same time.

When Long Xueyi saw that Chen Xiang had arrived, she immediately vomited a mouthful of black blood and fainted. Chen Xiang hurriedly placed her into the Serene Jade Ring, and told Yue'er to think of a way to stabilize her poison.

"The Black dragon flower poison was specially used to deal with the Divine Dragon Race. Amongst all the Star Law Divine Realm s, the Black Dragon clan was the one that was the most disliked, and after the Black Dragon clan independent, they produced a poisonous flower that was especially used to restrain the dragon, which is also that Black Dragon Flower. Even if it isn't a dragon, once it is infected with this poison, it will become useless, or even die! If it's a dragon, then the consequences will be even more

severe. Although it won't die, it will still suffer from all kinds of pain in the world. " At this time, she took out a pill refined from Chen Xiang's blood and placed it in Long Xueyi's mouth.

"You must be Divine Lord Jiuyang!" Chen Xiang was poisoned, and on top of that, he was on the verge of death. He had to quickly take care of this Divine Lord and think of a way to cure Long Xueyi's poison.

"The Heavenly magic sword is in your hands! Moreover, you are not the Heavenly Divine Lord. You think that just by holding this sword, you can deal with us? You should take out the Chuangshi god furnace that you have just obtained so that you can deal with me in this way. " He truly hoped that Chen Xiang would take out the Chuangshi god furnace. This way, he could snatch it away.

"With your level, using this broken sword is enough, why would you use a Chuangshi god furnace?" Chen Xiang bellowed, as he slashed towards the Nine Yang Divine Lord.

"How arrogant!" The Nine Yang Divine Lord immediately brandished his blade and infused his vast and vigorous divine power, wanting to cut Chen Xiang's Heavenly magic sword into two.

[Chapter 2229](#)

The Nine Yang Divine Lord's golden greatsword hacked towards the Heavenly magic sword, at the moment of collision, his Nine Yang Divine Sword suddenly trembled, many cracks appearing on the surface of the blade.

"Trash!" Chen Xiang roared, the Bones in his body violently absorbed the divine power transformed from the Divine Deity, and rushed into the Heavenly magic sword s. A loud boom echoed out.

The Divine Nine Yang Blade that had been with who was the Nine Yang Divine Lord for so many years instantly exploded, turning into many pieces and flying away!

"Ahh ..." His Nine Yang Divine Saber had been with him for many years and had long been connected to his flesh and blood. Now that it had been destroyed, his vitality was greatly damaged.

"You ... You actually destroyed my Nine Yang Divine Saber! " The Nine Yang Divine Lord roared.

"So what? Now, I will let you accompany that broken blade of yours! " Chen Xiang's body was wreathed in flames, his skin had turned red, and the Meteor immortal power rushed out, charging straight into the Heavenly magic sword s.

"Die!" Chen Xiang suddenly teleported behind the Nine Yang Divine Lord and slashed down with his sword.

BOOM! The body of the Nine Yang Divine Lord immediately exploded, Chen Xiang anxiously took out the Chuangshi god furnace, and kept all of its power into the divine furnace.

The Divine Lord s in the distance were instantly shocked and their faces paled. The strength of the Nine Yang Divine Lord s was not considered weak amongst them, to actually die in Chen Xiang's hands.

Chen Xiang immediately looked towards Xiao Yan. Even though he was Xiao Yulan's father, when he told Xiao Yuanbing to go kill Xiao Yulan previously, he already didn't have any feelings for him, and had cut off their relationship long ago.

Xiao Yan was currently fighting with Huang Jintian. Huang Jintian had a lot of work to do and could only barely hold on, so Chen Xiang was the first to go!

"I'm not as easy to deal with as Jiuyang!" Xiao Yan controlled his remaining black cauldron to cover Chen Xiang.

Chen Xiang was covered up by the gigantic black cauldron and was trapped inside.

"You want to suppress me with just a broken cauldron?" Chen Xiang's voice came out from within the black cauldron, and then, with a dull thud, the huge black cauldron exploded with a "peng" sound.

With Heavenly Divine Palace in his hand, Chen Xiang majestically rushed out, and that gigantic black cauldron was smashed into pieces by him just like that.

To deal with this kind of Divine Equipment, Heavenly magic sword was enough, so there was no need for the Chuangshi god furnace! Previously, when Chen Xiang had used Heavenly magic sword to destroy the Emperor Ding, he already knew how terrifying the Heavenly magic sword were.

"Hurry, I've got him!" Huang Jintian whispered to Chen Xiang.

When Xiao Yan saw that his only divine cauldron had been destroyed, and he was surprised for a moment, Xiao Yan used all his strength to seal it, while Chen Xiang had already teleported in front of him.

Swoosh! Chen Xiang's sword slashed down diagonally, slashing Xiao Yan's body into two.

The sharpness of the Heavenly magic sword also caused Huang Jintian to tremble. The power that he used to imprison Xiao Yan was originally very strong, but he was hacked apart by Chen Xiang just now!

"Let's turn to ashes!" Chen Xiang took out the Chuangshi god furnace and stored Xiao Yan's body inside it.

Not long after, another Divine Lord was killed!

Now, there are only seven Divine Lords left!

"You go help them, I'll go with that guy, we should be able to kill one of them." Huang Jintian flew over to Huang Yantian's direction.

Chen Xiang looked around and realized that Qi Shi was fighting against an old man, and it was extremely strenuous.

"Brother Qi, I'm here to help you!" Chen Xiang's voice had just sounded out, but he had already appeared beside Qi Shi. The Heavenly magic sword in his hand gently swung, striking the old man's whip.

Ding! The whip that the old man had swung out was instantly sliced apart by Chen Xiang!

"Many thanks!" Qi Shi laughed out loud, flying over, the huge blade in his hand crazily slashing at the old man.

The old man did not have a whip, as if he had lost his right arm and left arm. Divine weapons were extremely important to these Divine Lord.

Very quickly, Chen Xiang and Qi Shi joined hands and cut the old man into eight pieces, and kept him back into the Chuangshi god furnace!

Huang Jintian and Huang Yantian's side also had a huge movement, one of the Divine Lord was killed by them!

Now, there were only five Divine Lord s left, but Huang Jintian, Huang Yantian and the rest were rushing over to help the others deal with the remaining Divine Lord!

"Big Brother Canghai!" Chen Xiang came over to Jiu Canghai's side. Jiu Canghai was currently fighting fiercely with a tall and big old man.

"How did your Heavenly magic sword become so powerful?" Jiu Canghai had also been paying attention to Chen Xiang's battle just now. Everyone could see that although the Heavenly magic sword did not have a sword tip, it was incomparably sharp, and was able to penetrate through everything. The powerful divine weapons that used to be in the Divine Lord's hands were just like mud in front of the Heavenly magic sword.

"You two against one, what kind of men are you?!" The old man who was fighting with Jiu Canghai said angrily.

"Back in the day, you were all one year old!" Jiu Canghai did not care about all these. If they did not exterminate the nine Divine Lords today, they would not have a chance to return to the Star Law Divine Realm.

Originally, this old man had held the upper hand, but with Chen Xiang joining the battle, he was extremely terrified. The two hammers in his hands danced crazily, releasing streams of astral lightning to escape while Chen Xiang and Jiu Canghai were dodging.

"Why are you running?" Chen Xiang sneered, he had already teleported in front of him and thrust the sword forward.

The old man anxiously dodged, but the sword qi produced by Chen Xiang's stab was too terrifying. Even though he avoided it, the burst of sword qi turned into rays of golden light that penetrated through his body, leaving behind a few big holes.

Jiu Canghai anxiously flew over, his sword cutting apart the old man's head, he then roared out loud, he had finally killed a Divine Lord!

"Big Brother Canghai, Xue Yi is poisoned. I need to hurry up and think of a way to cure her. There are still a few Divine Lord s, you should be able to deal with them." Chen Xiang said in an anxious voice. Long Xueyi was unconscious, and Yue'er, who was in the Silent Jade Ring, was extremely nervous. She was only barely stabilizing the poison in Long Xueyi's body right now, and it had not spread.

Jiu Canghai knew about the relationship between Chen Xiang and Long Xueyi, so he nodded: "Hurry up and go, we can handle this place."

Chen Xiang immediately returned to the Hundreds of Flowers Village, to find Bai Ziqian!

Bai Ziqian had obtained the inheritance of the Ancient Poison God King and was extremely knowledgeable about all kinds of poisons.

Chen Xiang let Long Xueyi out from the ring. At this time, her face was a little grey, and her aura was very weak. and the other girls all felt their hearts ache.

"It's stable now, but if she can't cure the poison, she will never wake up! If he wanted to remove the Black dragon flower poison, he would have to start from the Black Dragon Flower! If there is Black Dragon Flower, I might be able to give it a try. " Bai Ziqian checked the changes and frowned.

"Meng'er, you guys go refine a chest that can release the strongest ice and seal Xue Yi inside it. This will alleviate the current situation! Right now, the poison in her body is only temporarily stabilizing. " Lv Qinlian then looked at Long Huishan and the others. "Big Sister Hui Shan, you and Bing Yan use the icy cold power and freeze the poison in Xue Yi's body first."

Chen Xiang gritted his teeth and said, "I'm going to look for the Black Dragon Flower now, is Xue Yi alright now?"

Bai Ziqian nodded his head, "Once we freeze her up, she will temporarily fall into deep sleep. With the box that Meng'er and the rest have refined, it will be even more appropriate."

Chen Xiang quickly left the Hundreds of Flowers Village and continued to teleport up in the sky!

He had previously killed an old man in the clouds and swallowed the old man's memories. He knew that the Star Law Divine Realm had sent people here a long time ago, and the poison was also brought by them.

[Chapter 2230](#)

Chen Xiang arrived at the starry sky of darkness and found a relatively small star according to the memories of the old man.

The old man who used the Black dragon flower poison was not very strong, only had sixty Divine Deity, but he was very good at using poison. Chen Xiang understood from his memories, that this group of people who came to build a Star Palace here, was above a small star.

There were two reasons why the Star Law Divine Realm came here. The first reason was to investigate the situation here thoroughly so that they could occupy this region in the future! His second goal was to catch a dragon!

Yue'er had said that dragons were considered to be a very powerful race of gods in the Star Law Divine Realm, and dragons existed in many worlds as well. They were naturally born with very powerful strength, so the experts who looked for the method of immortality in the Star Law Divine Realm felt that the Divine Dragon Race's body contained the same amount of immortality that the Undead Divine Race had, except it wasn't as much as the Undead Divine Race's.

Therefore, the group of experts from the Star Law Divine Realm wanted to capture a dragon for experiment, and see if they can extract the power of longevity from it!

And inside the Star Law Divine Realm, because the Undead Divine Race was exterminated, the other God Clans immediately escaped out of the Star Law Divine Realm, and hid themselves, lest they get exterminated like the Undead Divine Race.

"Does that old fellow have any information about the Cat Race in his memories?" Yue Er asked anxiously when she heard Chen Xiang reveal the reason for the group of people coming from the Star Law Divine Realm.

"Yes, the Cat Race is hiding in the vicinity of the Star Law Divine Realm. It's more difficult to catch them because they can become cats and hide in other worlds where there's no way to find them. Even if we do find them, it would be hard to catch them." Chen Xiang said.

My Cat Race is not that easy to deal with! Then is there a Star Moon Divine Race? " Yue'er asked again. She had the most Star Moon Divine Race blood in her body.

"No, ever since Star Moon Divine Race disappeared from Star Law Divine Realm, there has been very little news!" Chen Xiang said, "Amongst the God Clan, the Undead Divine Race suffered the most severe losses."

"Sigh, the god race should join hands. Only in this way can they barely resist the Star Law Divine Realm." Yue Er said.

Chen Xiang saw a small star in front, which was where the people sent by the Star Law Divine Realm lived. There was a Star Palace on top of it, and the dozens of experts sent by the Star Law Divine Realm were all inside.

"When these guys went out, they hid themselves to gather information. That's why we didn't find them." Chen Xiang quietly descended onto the dead silent little star. On top of this little star, there was only rubble and sand without any spirit energy.

However, there was a small palace on top of that small star!

"This should be a divine artifact, and it has the protection of a formation. If we force our way in, we'll definitely be discovered." Yue'er said. In order to make it convenient to travel, some large powers would forge such a convenient palace, releasing it when necessary.

A good palace would have a set of divine formations to coordinate with it, allowing it to play a defensive role.

"Whether there are any Black Dragon Flowers in there, don't you know about the old fellow that was killed by you?" Yue'er asked, "He should be clear about this."

"Even he himself is not sure. That's because the poison was refined for him by someone else. That group of people are all in here!" That's why they should have it. Let's go in first and talk later! " Chen Xiang immediately teleported in, and without anyone realizing it, the Star Palace's defensive array was strong, but it was unable to defend against Chen Xiang who used the power of space.

Chen Xiang used a transformation technique and changed into the old man he had killed earlier, then swaggered into the Star Palace.

Because he had devoured the old man's memories, at this time, Chen Xiang was quickly walking along the familiar path inside the Star Palace, and very quickly arrived outside a room.

"Elder Yin, why are you back so soon?" Have you caught a dragon? " Just as Chen Xiang wanted to knock on the door, someone suddenly opened it.

The one who asked was a middle-aged man, the one in charge of arranging Black dragon flower poisons!

"Soon, I need some Black Dragon Flowers, I want to refine them myself, the Black dragon flower poison that you all refined is not good to use." Chen Xiang understood from his memories that this Old Man Yan whom he had killed was extremely familiar with refining all kinds of strange poisons. He was much stronger than these people, it was just that he was too lazy to refine it himself.

"How much do you need?" That middle-aged man asked. He didn't suspect anything, but he was a bit unhappy because someone said that the poison they refined was useless.

"As much as possible!" Chen Xiang said.

"We have been here for so many years, and you also know that refining Black dragon flower poison often fails. We do not have many Black Dragon Flowers left, we only have about ten or so!" The middle-aged man took out a black box and gave it to Chen Xiang: "I can only give you five of them.

Chen Xiang nodded and accepted it.

"Are you really Elder Yin?" Suddenly, a voice rang out.

Chen Xiang took the black box and quickly kept it, then said: "If I am not Elder Yan, who else would I be?"

The person who had doubted earlier rushed over to Chen Xiang, it was a black clothed elderly man. With a dark expression, he said, "Elder Yan's life orb has already been broken, this means that Elder Yan is already dead!"

Chen Xiang's heart skipped a beat. Before, when he came, he had already considered this question, but he planned to try and see if he could hide it or not.

"Something must be wrong with the Life Pearl. Am I not living well?" Just as Chen Xiang finished speaking, the black clad old man's long sword was already at Chen Xiang's neck.

"Don't try to lie to me, you are not Elder Yan at all, how could I not know about Elder Yan's life and death? Who exactly are you? " The old man said angrily.

When Chen Xiang saw this old man, he started to be on guard. This old man was the master of the Old Man Yan, and was also the person in charge of the operation this time, with 95 points of Divine Deity. Here, his strength was the strongest.

"I am the one who killed Old Yin!" Chen Xiang no longer bothered with his disguise and sneered. The Meteor immortal power in his fist rushed out and struck towards the black-clothed elderly man's chest. The moment his fist punched out, the Meteor immortal power gushed out from his fist and instantly struck the black-clothed elderly man.

Puff!

The old man's chest and heart were instantly crushed by Chen Xiang's powerful Meteor immortal power, causing him to spit out a mouthful of blood.

"You guys want to kill Nine Heaven World's dragons?! If it wasn't for you, Xue Yi wouldn't have been poisoned. Die!"

Chen Xiang had already summoned his Heavenly magic sword and slashed his sword towards the black clad old man, slicing him in half!

Even the Divine Lord of the Hundred gods level would find it difficult to resist against him and the Heavenly magic sword, let alone these ninety-five Divine Deity s!

Chen Xiang's strength was close to its peak!

"Come in!" Chen Xiang took out the Chuangshi god furnace and stored the corpse of the old man inside. Then, he looked at the middle-aged man who gave him the Black Dragon Flower.

"Give me all the Black Dragon Flowers in your hands!" Chen Xiang said coldly.

The middle-aged man was already scared out of his wits. The strongest cultivator here had been killed with a single sword strike from his opponent. Of course, he wasn't his opponent, so he could only obediently offer up the Black Dragon Flower.
