

Dan God 2231

[Chapter 2231](#)

"Don't kill me..." The middle-aged man begged for mercy.

"You bunch of bastards that are plotting against the Nine Heaven World, don't even think about letting me spare you. If it wasn't for you, Xue Yi wouldn't have been poisoned!" Chen Xiang snorted coldly as he slashed his sword at the middle-aged man, burning the corpse back into the Chuangshi god furnace.

This group of people had helped the nine Divine Lords and the Black Stone Divine Venerable to leave the Nine Star Divine Realm before, so Chen Xiang viewed them as enemies. Furthermore, their goal was to catch the dragon, because Long Xueyi had been targeted by them and poisoned by them, he was now poisoned and unconscious.

In less than an hour, all of the teams sent by the Star Law Divine Realm to investigate the Nine Heaven World were completely exterminated by Chen Xiang. They were all refined inside the Chuangshi god furnace to provide the energy for the Chuangshi god furnace.

Chen Xiang returned to the Hundreds of Flowers Village and handed the Black Dragon Flower to Bai Ziqian!

"Only around ten, is it enough? If it's not enough, copy some more!" Chen Xiang said.

"Let's give it a try!" Bai Ziqian placed the Black Dragon Flower into a furnace and quickly refined some white powder. She then placed the white powder into a bowl of water.

"Bring Xue Yi up, I'll feed her!" Bai Ziqian said. At this time, Long Xueyi had already been placed in a very cold space and that bowl of water was also strange.

Lv Qinlian floated Long Xueyi up, then slightly pried open her small mouth, allowing Bai Ziqian to pour that bowl of water inside.

Long Xueyi finished it quickly. Originally, her face was covered by the black poison mist, but now that the poison mist had dissipated, it was just that she had not woken up.

"Xue Yi!" Chen Xiang shouted.

"Only the Black dragon flower poison was able to cure it, other than that there are other poisons, I never thought that guy's poison actually contains so much, and most of them are ancient poisons that are very difficult to cure, what is he doing this for?" Bai Ziqian sighed as he lightly caressed Long Xueyi's pale white face.

Only Chen Xiang knew that those people wanted Long Xueyi's body, and that there was highly toxic poison in it. Only in this way would they be able to force the power of immortality out of the divine dragon's body!

"These bastards!" Chen Xiang clenched his fists and bellowed: "I want to go to Star Law Divine Realm to eliminate them!"

Feng Yujie said: "Calm down, Xue Yi's current condition has stabilized. Right now, all you need to do is to completely remove all the Ancient Poison in her body!"

"We need to find several kinds of King grade and divine medicines to use them to refine the antidote. They can cure many kinds of ancient poisons, but Nine Heaven World is still too young, so they are simply unable to breed this kind of King grade and divine medicines. They used to exist in the Ninth Heaven Divine Nations, but they are also extremely rare!"

Feng Yujie had inherited the inheritance of a Pill Refining God King, so she knew about this kind of divine antidote pill. She placed her finger on the center of Chen Xiang's brows and passed the formula for the antidote pill to Chen Xiang.

"So you're saying, only the Star Law Divine Realm has one? It looks like I have to go to Star Law Divine Realm first!" Chen Xiang said as he looked at the sleeping Long Xueyi.

"With us taking care of Xue Yi, her current condition is very stable. You can go to Star Law Divine Realm without worry!" Lv Qilian said: "Just now, Great Divine Lord had already sent a message to me. The rest of the Divine Lords have all been killed.

Chen Xiang came to Long Xueyi's side and probed her body for poison. He wanted to try and see if he could absorb the poison, but the poison was extremely strange and stuck tightly to Long Xueyi, as if it was connected to his flesh and blood and was hard to separate.

"It's useless! Because it had fused with the Black Dragon Flower, the other ancient poisons all had the characteristics of the Black Dragon Flower, but they were difficult to expel. Right now, they had all fused into Xue Yi's body and soul, so even if the Black dragon flower poison was released, it would be useless! This Black dragon flower poison was specially used to deal with the dragon race." Bai Ziqian said.

Xiao Yulan said softly, "Chen Xiang, my jade cauldron has antidote, so even though it cannot cure the poison, it can prevent the poison from spreading. This way, even after a long period of time, Xue Yi's condition won't worsen."

Xiao Yulan still had her own Jade Cauldron, which was also a godly weapon that made her famous.

"Chen Xiang, how about I go with you! I can use the Heaven extended method to calculate where those divine medicines are." The Imperial Concubine Lian said.

"No need, I'll go with my master and the others. They also need me to go to the Star Law Divine Realm! You can stay here!" The Imperial Concubine Lian knew about Heaven extended method, and was already as proficient as Huang Jintian and the others. Staying in the Hundreds of Flowers Village could help the Hundreds of Flowers Village predict a few things.

"Be careful along the way!" Chen Xiang softly warned. He walked over, kissed her forehead, and then teleported away.

... ..

Chen Xiang went outside, used the Communication jade Symbol paper to contact Huang Jintian and the others, and then reunited with them.

"These guys actually came so far to try to get the Divine Dragon Race. They're really bastards, we have to kill them all." After Huang Jintian heard about what happened to Long Xueyi, he was also very angry, and their Undead Divine Race s were also killed because of the same reason.

"How long will it take to get to the Star Law Divine Realm?" Chen Xiang asked: "I want to get there quickly!"

"Star Law Divine Realm is very far from here. It would take at least a month!" Yue'er came out from the Netherworld Spirit Ring. "In space, the risk of using the Space wind is relatively large, because there are often large collisions of stars that produce extremely powerful shockwaves that are able to fluctuate the space, so most people use formations to teleport."

"Formation?" You need a month even to use the Transmission array? " Chen Xiang did not ask this question in the past.

"On many stars, there are many interconnected formations that can be used for teleportation, allowing one to get closer and closer to the Star Law Divine Realm." Huang Jintian said: "We must at least pass through the Transmission array of over a thousand stars in order to reach Star Law Divine Realm. After all, Star Law Divine Realm is really too far away from here, even if we use very strong spatial energy, it would still be difficult to reach it in a short period of time."

Chen Xiang knew that it was far, but he had never had such an idea. Now that he knew that he needed to go through thousands of Transmission array s, he knew how difficult it was to go to Star Law Divine Realm.

"I understand the locations of these Transmission array s, I'll take you guys there!" Yue'er laughed: "I used to use these Transmission array often."

"That was in the past. Now that it's been so long, some of the stars might even be gone!" Chen Xiang said.

"It doesn't matter, the teleportation net that Star Law Divine Realm set up over the years is extremely wide. As long as it does not destroy a large portion of it, the other Transmission array can basically be linked together and be teleported to Star Law Divine Realm." Yue'er replied, "I used to be a law enforcer, so I understand the workings of these Transmission array the best."

Huang Yantian laughed: "With Little Cat leading the way, it'll be much easier for us. If we were to bring you there, I'm afraid we would need a few months to arrive, unless we are lucky enough to encounter a spatial wave that would send us rushing to Star Law Divine Realm. However, it's almost impossible."

Chen Xiang did as Yue'er instructed, took out his Six Realms mirrors and then flew into the starry sky with the Huang Jintian brothers, heading towards a dead star.

[Chapter 2232](#)

Using the spatial teleportation array inside the Six Realms mirrors, combined with his own spatial energy, Chen Xiang arrived at that dead star in half a day.

"There is a Transmission array here, the activation of these Transmission array requires Shen Yuan stone!" Yue'er looked at Huang Jintian. "You should have one, right?"

"Yes. But there are a thousand array formations along the way. When we head to Star Law Divine Realm, there aren't many Shen Yuan stone left." Huang Jintian said with a bit of heartache.

"What are you afraid of, doesn't Chen Xiang know how to refine pills? When that time comes, I will go to the Star Law Divine Realm to secretly sell godly pills, and I will be able to get them back very quickly." Yue Er said.

The Star Law Divine Realm forbade sale of medicinal pellets privately, but Yue'er felt that this rule could not restrain Chen Xiang, so she felt that it did not matter, as Shen Yuan stone or something like that, it would be easy to earn by going to the Star Law Divine Realm.

"If I had known earlier, I would have asked Sister Yulan to give me some!" Chen Xiang smiled bitterly: "Master, you don't have to worry, the first thing I'll do after we get to Star Law Divine Realm is to find a way to return the Shen Yuan stone that I owe you."

Huang Jintian forced a smile: "What are you saying, do I look like such a petty person? However, since you've already said it, you must return it to me when the time comes. You cannot go back on your word."

Huang Yantian shrugged his shoulders, secretly feeling pleased in his heart, because Chen Xiang did not let him take out the Shen Yuan stone.

"Brother, I, Shen Yuan stone, am not enough. Give me one thing and Star Law Divine Realm will return it to us." Huang Jintian pulled Huang Yantian, who was secretly rejoicing, over. His words of "brother" was also very loud just now.

Chen Xiang secretly despised these two stingy brothers in his heart.

"One array requires approximately five hundred thousand Shen Yuan stone and over a thousand Transmission array s. That is hundreds of millions of Shen Yuan stone." Huang Jintian nagged as he placed the Shen Yuan stone.

"Isn't it just several hundred million? I can easily earn billions in Divine Cauldron Nation!" Chen Xiang curled his lips.

"Divine Cauldron Nation does not restrict the sale of divine pellets. You will find out when you go to Star Law Divine Realm, you don't even dare to blatantly sell them." Huang Yantian said.

Chen Xiang laughed out loud, "Don't worry, when the time comes, I will blatantly sell these divine pellets. Whoever comes to capture me, I will capture them and then hang them all."

Huang Jintian and Huang Yantian did not speak anymore. They knew that Chen Xiang's rage was suppressed, that the poison in his body was caused by the big shots in the Star Law Divine Realm. It would be weird if Chen Xiang did not go to the Star Law Divine Realm to look for the big shots.

They had already experienced Chen Xiang's strength before, with just a broken sword, he could easily kill a few Divine Lord s. If they went to Star Law Divine Realm, even if they could not compare to the strongest experts in the Star Law Divine Realm, it was enough to protect themselves.

Huang Jintian and the others placed the Shen Yuan stone and activated the Transmission array. Yue'er would then control the location of the Transmission array and teleport to another star.

Huang Jintian and the others continued to place the Shen Yuan stone, they needed to repeat this process a thousand times in order to be able to go to Star Law Divine Realm. Only old monsters like them, who had lived for god knows how many years, would have this kind of patience.

The Shen Yuan stone that was placed could only be opened once, so people later on would need to place the Shen Yuan stone to activate the Transmission array again.

Just like this, they teleported thirty times a day. After more than a month, Chen Xiang and the others arrived at a relatively large star.

This star did not have a sun or a moon, but it could see all the stars in the sky.

"In front of us is the Star Law Divine Realm. It's been so many years and there's still no change!" Moon Child pointed at a round ball of light in front of them.

From afar, it looked like a ball of light, but it was actually formed by countless stars. There were hundreds of millions of stars inside, and it was extremely huge.

"Through the Great Transmission array here, we can teleport to a Earth-stage Stars, and then find a way to get a pass to enter the Heaven-stage Stars!" Yue'er replied, "I can't use my identity as a law enforcer to enter now. I've been missing for so long, and my sudden appearance here will definitely alarm them."

"Is it very difficult to enter the Heaven-stage Stars? What other access jade plates do you need?" Chen Xiang asked.

"There are countless stars in Star Law Divine Realm, there are a lot of human stars there, and you have also seen how many stars there are in front of you. There are so many humans in the entire Star Law Divine Realm, if all of them were to rush to those Heaven-stage Stars, it would definitely cause chaos in the Heaven-stage Stars. Only those who have the strength or the financial power are allowed to enter." Yue'er replied, "In Star Law Divine Realm, there are only about a dozen or so!"

Huang Jintian added: "Right now, Star Law Divine Realm has several hundreds of Earth-stage Stars, and several tens of thousands of Profound Ranked Stars, all of which can stay here for a long period of time. As for the other Death Stars, there are also a few scattered corpses with quite a few people stopping there, the total number of people in the Star Law Divine Realm is extremely huge!"

"Even if the Heaven-stage Stars has already been restricted from entering, after all these years, more and more people have come from above, so it's even more difficult to enter now."

"Why does everyone have to squeeze into the Heaven-stage Stars? What's good about it?" Chen Xiang asked.

"Heaven-stage Stars is a very big planet, so the core of the earth is very strong. It can allow divine medicines to grow quickly, nurture many types of divine medicines, and produce all kinds of rich resources. As long as one's luck is not bad, staying there for a period of time will definitely make a lot of money." Huang Yantian said.

Yue'er controlled the Transmission array to open up, teleporting them to a forest.

"The Earth-stage Stars has the sun and moon, but the Earth-stage Stars here is much better than the stars that the Divine Nations is on!" Yue Er took in a deep breath of the fragrant air, "I'm finally back, I need to hurry to Heaven-stage Stars to take a look."

Chen Xiang nodded his head, "It is indeed much better, the divine energy contained in this place is only a little weaker than that of Nine Heaven World."

Huang Jintian urged: "Quickly think of a way to earn Shen Yuan stone, in order to obtain the qualifications to go to Heaven-stage Stars, you will need a lot of Shen Yuan stone."

"How much do you need?" Chen Xiang asked.

"I don't know. Right now, I definitely need a lot more Shen Yuan stone than before!" Yue Er shook her head and said.

"About 10 billion Shen Yuan stone s are needed!" Huang Jintian said: "The last time I came, was at this price!"

Chen Xiang thought that he had misheard. Merely getting a qualification would actually cost ten billion!

"The Shen Yuan stone are not beans, where did you get so many? Can we sneak in? " Chen Xiang said. Hearing this number, he was shocked.

"No, the protection of the Heaven-stage Stars is too strong, even if you succeed in entering, you will be discovered." Yue Er said.

"Ten billion isn't too hard. As long as you have a few dozen Divine Deity s, it shouldn't be difficult for you to spend tens of thousands of years to collect them." Huang Jintian said.

Yue'er nodded her head and said: "As long as we live long enough, ten billion Shen Yuan stone s won't be difficult! Who told those big shots to take control of these Heaven-stage Stars s, if they want to collect the King grade and divine medicine, they can only go to Heaven-stage Stars. "

"If you do not want to give Shen Yuan stone, there is another way. It is to join the great power that controls these stars, and then you can obtain the jade plates." Huang Yantian said: "It's just that most people require a lot of strength to pass the examinations before they can be brought in."

[Chapter 2233](#)

"Can I refine divine pills to sell? In this Earth-stage Stars, you should be a bit more relaxed! " Chen Xiang asked. If he could refine Divine Pills to earn Shen Yuan stone, then he would not need to join other forces and directly earn Shen Yuan stone to buy jade plates to enter Heaven-stage Stars.

"The people of the Earth-stage Stars are all cowardly, they do not dare to casually buy the divine pellets of unknown origins. They only go to the big power's medicine store to buy them, because if they are caught, buying and selling them will be in trouble!" Yue'er said: "But that doesn't mean we can't sell it. It's just that it will take a long time to find a buyer. If we can find a good buyer, the Shen Yuan stone will be here very quickly."

"We're not familiar with this place. It's not easy to find a buyer!" Huang Jintian said.

Chen Xiang also wanted to quickly enter the Heaven-stage Stars and gather the divine medicines to refine the detoxification pills, so that he could quickly remove the poison from Long Xueyi.

Huang Yantian laughed: "If we were to sell the divine pellets at the Heaven-stage Stars, it would be much more convenient! Although the pills in Star Law Divine Realm were all under the strict control of the big powers, but the big powers could not completely control the big powers in Heaven-stage Stars, so they had to secretly sell a lot of them. At that time, it would be very easy to find a buyer! The advantage of being sold in the Heaven-stage Stars is that the people here are relatively rich. "

Chen Xiang nodded: "So that means, if I want to enter the Heaven-stage Stars, I can only join one power first, and then enter the Heaven-stage Stars?"

Right, at the moment, this is the only way to help you enter the Heaven-stage Stars more quickly! Yue'er replied, "When the time comes, we'll enter the ring. As long as you enter, you won't need to check the jade plates."

After finding a target, Chen Xiang and the others immediately searched for a city. With Huang Jintian and the others using the Heaven extended method, they quickly found the nearest big city.

After entering the big city, they split up to investigate the news of joining forces!

The Star Law Divine Realm was a huge place, filled with Earth and Profound Ranked Stars. There were a lot of them in total, and most of the people who recruited them would be from Earth-stage Stars or Profound Ranked Stars.

Three days later, Chen Xiang will meet with Huang Yantian!

"We've heard that there are a total of three forces that want to recruit us!" Huang Jintian said.

"Maybe he brought it into the Heaven-stage Stars? What I heard was that they were all recruited to stay in Earth-stage Stars. " Chen Xiang asked.

"Yes, we all need fighters. The main thing is that we have to hunt down divine beasts!" Huang Jintian said: "In the Heaven-stage Stars, there are many powerful divine beasts, so this task will be rather difficult."

"As long as you have fifty Divine Deity s, you can register and take the examination. With your strength, passing wouldn't be difficult." Huang Jintian laughed.

"What kind of forces are these three?" Yue'er asked, "See if I recognize him."

"Everlasting Mountain, Destiny Sect, Longevity Hall!" Huang Yantian said: "These are all powerful forces within the Star Law Divine Realm."

"Go to Everlasting Mountain!" Yue'er said: "Everlasting Mountain can be considered to be a relatively peaceful power! As for the two forces, the Good Fortune Sect and the Hall of Longevity, these two forces have always been causing trouble everywhere. They have often become enemies with other great forces! "

Huang Yantian nodded: "That's what I thought too! The ones who attacked the Four Divine Races were the Destiny Sect and the Longevity Hall, but the Everlasting Mountain didn't do anything! "

"After all, the Everlasting Mountain is mediocre and has never wanted to cause any trouble. This Everlasting Mountain's disciples are relatively easy going, so it's not bad to temporarily join this power." Yue'er said: "Let's go to Everlasting Mountain!"

Chen Xiang didn't understand Star Law Divine Realm, so he could only listen to Huang Jintian's and Yue'er's opinions!

Huang Jintian and the others entered the ring and guided him to participate in the examination.

Chen Xiang went to the Everlasting Mountain and set up a division here. It was a relatively grand pavilion, after Chen Xiang went in, he told the people inside that he wanted to join the Everlasting Mountain and find a place to do things.

Generally, those who joined a great power through this method would not be treated as the core of nurturing. The core was something that had been cultivated since they were young, only then would they be guaranteed absolute loyalty.

People like Chen Xiang who suddenly joined belonged to the outer circle, which was equivalent to an employment relationship.

"How many Divine Deity do you have?" An old man asked.

"60 pills!" Chen Xiang replied, he did not reveal his true strength.

"Not bad! That's the strength of a first-grade Divine Lord!" The old man nodded and asked again, "What type of divine power do you train in?"

"Fire Attribute!" Chen Xiang said again. Forty to sixty Divine Deity s were all Divine Monarchs, and seventy to ninety Divine Deity s were all Divine Kings. Only Hundred gods level s could become Divine Lord.

Chen Xiang had ninety-five Divine Deity, so he could be considered a first-rate Divine King, but with his Bones, he could be considered to be on par with Divine Lord s.

"Enter to take the examination!" The old man pointed at a stone door behind him.

Chen Xiang entered the stone door. He saw a large hall, there were dozens of people queuing up, testing for something.

"The next one, if I can crush the rock, I'll pass!" A middle-aged man in the front shouted lazily.

Chen Xiang was at the back of the line, releasing his divine soul to take a look, there was a table in front of him, on it was a black stone and an old man was forcefully pinching it, making his old face turn red, but he could not crush it.

"Can't crush it? Please come back next time!" The middle-aged man sitting at the table said lazily. Looking at his expression, one could tell that he was very tired of this sort of thing.

There were more than a dozen people in a row, but none of them were able to break the black stone. If a large power wanted to recruit disciples in the Earth-stage Stars, they would not have to pay a lot, so it

was not bad to be able to find strong people, it was equivalent to earning money. After all, a large power bringing people into the Heaven-stage Stars did not need to pay a Shen Yuan stone.

Finally, it was Chen Xiang's turn. Amongst the tens of people in front of him, there were only two that could be crushed!

"Crack!" The middle-aged man in white said as he dragged his head.

Chen Xiang picked up the stone and tried using a bit of strength, but it actually could not be crushed. It was extremely stiff, and then, using his Bones, he used his power.

The eyes of the middle-aged man who had been listless all this while lit up when he saw Chen Xiang crushing the black stone into powder. How many Divine Deity s are there? "

"Chen Xiang, sixty Divine Deity!" Chen Xiang said.

"Not bad! "You passed!" A smile appeared on the face of the middle-aged man in white, and he gestured for a young and beautiful woman to come over.

"Brother, please follow me!" With a sweet smile on her face, the woman softly said.

Chen Xiang followed the woman and left the hall, arriving at a hall. There were five people sitting here, all of them passed the test, and all of them looked middle-aged.

"Six people is enough, these are your jade medallions for you to enter the Heaven-stage Stars, drip blood, this way, even if others were to snatch your jade medallions, it would be useless." The white-robed middle-aged man who was in charge of the exam walked in and said.

Chen Xiang and the other five people received the jade tablet and dripped blood on it.

The middle-aged man in white said, "My name is Lin Shuyi. In Everlasting Mountain, I am a small elder of the outer sect who specializes in helping Everlasting Mountain kill divine beasts. The Everlasting Mountain requires a large number of divine beasts to refine pills and eat them."

[Chapter 2234](#)

"Earlier, there was a team that died, so I made it clear that if you're afraid of dying, there's still time for you to go back on your words." Lin Shuyi laughed: "Going to the Heaven-stage Stars to hunt Special god beast is not a joke, you will die!"

Chen Xiang didn't care, this Lin Shuyi also looked very strong, he should have 90 Divine Deity s or above. As for the other five middle aged people here, he also had 50 or 60 Divine Deity s, and none of them were afraid of Special god beast s.

"No objections?" Lin Shuyi nodded his head in satisfaction. "I know you guys want to ask me a few questions, but I can roughly guess what you guys want to ask!"

"You guys came here to participate in the exam and joined the Everlasting Mountain because you want to quickly enter it, right? So, what you guys are more concerned about is whether or not you have your own personal time after joining the Everlasting Mountain, or whether or not you can leave it. "

Chen Xiang nodded his head, the other five immediately followed suit and nodded. Everyone's goal was the same, only by doing this can they enter the Heaven-stage Stars quickly.

"Good!" After you enter the Heaven-stage Stars, each of you only need to kill 10 Special god beast with 50 Divine Deity to leave the Everlasting Mountain. Of course, you can also choose to stay in the Everlasting Mountain. Lin Shuyi said.

Fifty Divine Deity Special god beast s! Chen Xiang felt that this should be easy to deal with. One was his one billion Shen Yuan stone, the other was his ten billion stone.

"Just now when you dripped your blood on the jade tablet, you had already made a blood contract, so when you enter the Heaven-stage Stars, do not flee without permission, you should be clear of the consequences!" Lin Shuyi sternly said, "If you are dissatisfied with the blood contract, you can withdraw now."

"When you go to the Everlasting Mountain, you can choose to hunt for a team to hunt down divine beasts. For example, the six of you can hunt down sixty divine beasts together and then split with the Everlasting Mountain." Lin Shuyi said again when he saw that Chen Xiang and the rest did not speak.

A middle-aged man asked, "If you don't want to form a team? I want to do it alone! "

Our Everlasting Mountain will be responsible for providing the whereabouts of the Special god beast, you all must complete it within the set time, otherwise you will not be able to complete it within the set time limit. If you are unable to complete it within the set time limit, your number of Special god beast will increase by one! Lin Shuyi said: "If you want to search for a team, there will be a few that will go to the Everlasting Mountain. There are many people there who will be like you."

The other big powers also used this method to snare the rogue cultivators of the Earth-stage Stars. This way, they could settle many miscellaneous matters and provide sufficient resources to the core of the power.

Chen Xiang and the others had no objections, Lin Shuyi had brought them to a large underground cave, there was a large Transmission array here!

After Lin Shuyi opened the Transmission array, Chen Xiang and the rest arrived at a Transmitting Square.

"This is the Everlasting Mountain, I have been here before, I remember this aura." Yue Er said.

Chen Xiang looked around and saw that the symbol of the Everlasting Mountain was an extremely huge mountain. They were at the bottom of the mountain, and this was the outer sect.

"Elder Lin, how do we enter the inner sect? What benefits do you get by entering the inner sect of the Everlasting Mountain?" Chen Xiang asked. He had asked Yue'er and Huang Yantian before, but they didn't know much about it.

"There are three types of inner disciples. The first type is the children of inner disciples. The second method was to recruit inner sect disciples or elders and Leaders, and bring them directly into the inner sect. The third method was to enter from the outer sect. It required a series of tests, and was also the most difficult type! Although the inner sect disciples who enter from the outer sect are not too weak, the inner sect disciples will still be discriminated against. " Lin Shuyi sighed. It could be seen that he had

entered the outer sect through the outer sect gate. Now that he had come to the outer sect gate, he did not want to anger the inner sect.

"What are the benefits of entering the inner sect?" A middle-aged man also asked curiously.

"There are many benefits to this. I can obtain many profound and mysterious inheritances, and after I collect the divine medicines, I can have the inner disciples help me refine Chen Dan. I can customize them to be a divine weapon!" If my performance is outstanding, who other elders would I be able to go with to look for rare treasures? " He brought Chen Xiang and the others to a hall.

There were a lot of people in the lobby, all of them were like Chen Xiang and the others, who came in from the Earth-stage Stars, wanted to kill ten Special god beast and also wanted to bring their corpses back to report.

"There are a hundred elders here who are responsible for providing information about the Special god beast. You guys can stand in line to ask, I have to continue recruiting." Lin Shuyi said, "You are in charge of the food and drinks. Although this place is the outer sect of the Everlasting Mountain, but it's like a city, and has many inns and hotels."

After Lin Shuyi left, Chen Xiang began to stroll around by himself. After that, he walked out of the Main Hall.

"You guys go and help me find the divine medicine I need for the detoxification pill, I'll go hunt down the divine beasts!" It's more efficient to split up. " Chen Xiang said.

"Okay, but. Remember to get some Shen Yuan stone s. In Heaven-stage Stars, without a lot of Shen Yuan stone s, it's hard to even take a single step! " Huang Jintian said. Their Shen Yuan stone s had all been exhausted on the way, and they had no way to quickly get them. They could only look at Chen Xiang.

"Use Communication jade Symbol paper. Remember to come back to this city often. The distance between Communication jade Symbol paper s is limited." Chen Xiang said: "There are ten Bone level Dan here, take them and sell them. The amount you have obtained should be enough for you guys to use for a while."

Huang Jintian received the Bone level Dan and nodded his head, "Go and busy yourself, leave the location of the divine medicine to us."

Chen Xiang anxiously ran back to the main hall. Hunting ten Special god beast s was easy for him, he also wanted to quickly complete the blood contract so he wouldn't be restricted anymore.

There were more than ten thousand people in the hall, and there were many long queues. The old man in charge of providing information was extremely busy.

In front of Chen Xiang, there were a few hundred people!

Just as Chen Xiang was waiting in line, suddenly, a few people walked over, holding a piece of paper, and asked the group a question.

"They're trying to pull someone into their party!" An old man behind Chen Xiang said: "Usually, it is to go kill a Special god beast, only when you can't kill it will you come back to pull them."

"There are also some who pulled people in here because they tried to be brave and received news that it would be difficult to kill Special god beast."

Chen Xiang carefully observed around and discovered that there were many parties that specially pulled people to join the party. Right now, there were already a few teams walking towards them, he could also see that quite a few of these teams had succeeded, and he was secretly looking forward to see if anyone could pull him.

What made him even more depressed was that he waited for less than an hour. A few squads passed in front of him and only glanced at him once. They didn't talk about joining the squadron.

The old man behind Chen Xiang saw him sighing, and laughed: "Young lad, they saw that your face looked young, so they did not want your face!"

[Chapter 2235](#)

Chen Xiang thought so too. Most of the people here looked like middle-aged or old people, and there were very few young people like him.

"It's mainly because the youngsters aren't calm enough, and they're more arrogant, and won't listen to any commands. That's why they don't want it! This is not about one's appearance. This is the result of their experiences and lessons learned. " The old man said.

was no longer thinking about anyone trying to pull him into the group, and just as he was about to give up on that idea, three people suddenly walked over, one by one, asking Chen Xiang if they wanted to join the group.

Chen Xiang saw that amongst the three, there was a young and beautiful woman.

"Little brother, do you want to come with us?" The lady walked to Chen Xiang and asked with a smile.

She gave Chen Xiang a piece of paper, and when Chen Xiang received it, he took a look at her hand. Amongst all the women he had ever seen, this was the one whose hand was the most unsightly, with somewhat rough skin and a lot of scars.

Although this woman was a little black, her skin didn't look too good, and she didn't pay much attention to her appearance, her voice was very pleasant to listen to, and when she smiled, it was also very sweet, making Chen Xiang feel that she had a different kind of beauty.

Chen Xiang looked at the woman's pair of bright and sharp eyes and couldn't help but to be captivated. Although the girl wasn't considered beautiful, he didn't know why, but Chen Xiang admired her a lot.

"Armored crocodile? It sounds very impressive! " Chen Xiang said as he looked at the piece of paper.

After the elder behind him heard this, he said, "This fellow is amazing. Quite a few people accepted this mission, but he didn't finish it within a month and hasn't come back yet."

The woman smiled sweetly: "Bring this fellow's corpse back, it's the same as killing ten Special god beast. Little brother, our team does have sufficient strength, we have already killed thirty Special god beast."

"Kill one for ten?" Chen Xiang was a little confused.

"Little brother, you have just arrived at the Heaven-stage Stars, right? This Armored crocodile had eighty Divine Deity s, and the armor on its body and the flesh and blood within its body were all extremely precious! Flesh and blood could be refined into pills, Bones s could be refined, and Divine Deity s were even more precious. That's why killing one would be enough to kill ten, that's what the Everlasting Mountain said. " The woman smiled.

"I just joined the Everlasting Mountain, I don't understand these things, I just want to quickly kill enough ten Special god beast." Chen Xiang asked: "If I were to join, how would I divide it?"

"You will go with us. If we successfully kill the Armored crocodile, we will hand the Armored crocodile to you so that you can report back! After that, you have to accompany us and kill five more times. " The woman said.

"Alright, I'll join!" Chen Xiang immediately agreed. He already had a good feeling about this woman, and adding that he wanted to end the blood contract quickly, he wanted to give himself more freedom.

When the others saw that Chen Xiang had agreed to join them, they all thought that Chen Xiang was courting death.

The other two members of the team that were with this woman were middle-aged! When they walked over, one of them said: "Hearing that they are going to kill the Armored crocodile, no one dares to go. I think we should forget about that!"

"Isn't there someone else?" The lady patted Chen Xiang's shoulder and laughed: "This little brother is our new team member."

"Him? "Did he go to die?" A middle-aged man frowned.

"I have the final say." When the lady saw that the two men looked down upon Chen Xiang, her tone became a little more unyielding: "Don't forget our contract, I helped you guys pay previously, you promised me that you would kill it five times for me, now is the last time, you can't go back on your words."

"But... But he was going to kill the Armored crocodile this time! At the very least, we have to find a relatively powerful team member! " The middle-aged man's tone became much softer.

Chen Xiang really did not expect the lady to be so powerful, the two middle aged men had to listen to her.

"It's okay, he can do it!" The woman said confidently: "Little brother, let's go! Go and rest first, and then find the Armored crocodile! "

Chen Xiang followed behind the lady and laughed: "You always call me Little Brother, maybe I am older than you? Right, what's your name? "

"Feng Wu, the wind is blowing!" The woman chuckled, "What about you?"

"Chen Xiang!"

"What about these two big brothers?" Chen Xiang asked the two middle aged men.

"Ling Jian!" Although he was dressed neatly, and was a man, his hands still looked more beautiful than Feng Wu. His fingers were slender, and his fingernails were trimmed extremely well, so even from the name, it was obvious that he was using a sword, and his hands that loved him were normal.

"Chen Dao!" The other middle-aged man smiled. He was completely different from Ling Jian, his hair was messy, his face was full of beard, and he was wearing an old set of grey clothes.

Chen Xiang laughed: "You two must be together!"

Ling Jian nodded his head, "We are martial brothers, and have the same master. When master was still young, we have traveled together for many years."

Ling Jian looked to be in his middle years, and Chen Dao was a rough old master who liked to laugh out loud. In front of a large crowd, he spoke very loudly and did not care about the opinions of others.

It was hard to believe that two people with such a huge difference in personality could be together for so long! They were really two strange people!

Of course, Feng Wu was also very strange in Chen Xiang's eyes. He was very strong, causing Ling Jian and Chen Dao to not dare to refute her!

What made Chen Xiang felt even weirder was that if she could dress herself up properly, she would definitely be a great beauty, but she did not care about these things. This was why she was so attractive to Chen Xiang.

"Little brother, the reason you're here, it can't be to enter the Heaven-stage Stars, right?" Feng Wu asked with a smile.

"Yes sir!" Chen Xiang answered: "Feng Wu, are you not?"

"Of course not, the reason I want to enter the inner sect of Everlasting Mountain is for this purpose." Feng Wu looked at the huge mountain in the distance, his expression becoming extremely determined.

"Oh!" Where are the two big brothers? " Chen Xiang asked again.

"After we help Feng Wu kill off this last time, we will leave the Everlasting Mountain. Our goal is the same as yours." Ling Jian said.

"Feng Wu, you should have killed ten Special god beast long ago!" Chen Xiang asked: "Why are you continuing to kill so much?"

"To enter the inner sect! If you want to become qualified for the inner sect examination, you need to first kill enough Special god beast. " Feng Wu smiled complacently at Chen Xiang. "I've already killed ninety of them, so I'll be eligible to take the examination very soon."

"So powerful!" Chen Xiang praised. He admired such a strong woman.

[Chapter 2236](#)

Chen Xiang was only rather curious about the inner sect of the Everlasting Mountain. He felt that if there was a chance, he would also want to go and see what the core of the Star Law Divine Realm's power was like.

"Feng Wu, I heard that inner sect disciples dislike entering during the inner sect examination. As a girl, you will definitely be bullied if you enter." Chen Xiang said.

"It doesn't matter, as long as I have absolute strength, I'm not afraid of them! Although the inner court disciples were arrogant, they were still young birds that had never experienced cruelty before! And of those who passed the outer sect examination, which of them didn't go through hundreds of battles? Those guys don't have to be afraid of them at all!" Feng Wu said. Seeing that she had such confidence, he knew that she was very strong, otherwise she would not dare to go and kill the Armored crocodile.

Chen Xiang followed them to an inn. Although Feng Wu looked very poor, he was very generous to her and ordered many delicious dishes.

"Although this time's Armored crocodile are powerful, they are the same as the other Special god beast and have not taken on any form. Furthermore, their movements are a bit slower! The most important thing is that this Armored crocodile will be weak for a while. I've calculated it already, the Armored crocodile has just changed its armor, and it has not fully recovered." Feng Wu said.

"Feng Wu, how do you know all this?" Chen Xiang was extremely interested in this, to think that Feng Wu actually knew this kind of news.

"Ever since I was young, I have been extremely knowledgeable about all kinds of Special god beast. This knowledge was passed down to me by my parents, and they are also experts in hunting Special god beast!" Feng Wu said in an extremely proud tone: "They were previously disciples of the Everlasting Mountain, but because they left the Everlasting Mountain later on, I also want to enter the Everlasting Mountain now."

Ling Jian said: "Within the Star Law Divine Realm, you are considered the weakest of the big powers. For a battle like yours, you should be going to other even stronger big powers!"

Chen Dao nodded his head: "If I had the power that Feng Wu has, I would definitely not consider the Everlasting Mountain."

Feng Wu drank a mouthful of wine, then laughed out loud: "You all don't understand, although the Everlasting Mountain is the weakest of the big powers, he has qualities that no other big powers have! It was that the Everlasting Mountain would never become enemies with any other great powers, so there was no need to worry about conflicts breaking out! You should all know that the current Star Law Divine Realm is not like before, even the Undead Divine Race is exterminated, the rules have been broken!"

Chen Xiang laughed: "Even the Undead Divine Race has been destroyed, and the Everlasting Mountain has a high possibility of being destroyed, so the Everlasting Mountain is not the safest place."

Feng Wu said, "Everlasting Mountain does not have anything that any other great power would set their eyes on, and in all these years, there have been no conflicts with any of the other great powers either."

"Of course, I also have one other reason to join the Everlasting Mountain. It's because there are more Pill Gods in the Everlasting Mountain and it's better so I don't need to wait that long to find the

materials to refine more divine pellets in the future! In the other big powers, since there are not many Pill God, they would have to line up for a long time to find pills. "

On the other hand, Chen Xiang did not know that there were a lot of Pill Gods in Everlasting Mountain, which made him suddenly excited, and asked: "What level is Everlasting Mountain's Pill God at?"

Feng Wu replied: "High level! The only thing was that the Everlasting Mountain was very low-key. Although he had many outstanding Pill Gods, he had deliberately suppressed his own pill business. This way, he wouldn't be suppressed by other great powers! Furthermore, the pills sold by the Everlasting Mountain are all low leveled pills that the other large powers look down upon, but as far as I know, although the Everlasting Mountain only sells low levelled pills, the amount of Shen Yuan stone he earns is on par with the other big powers. "

Chen Xiang pondered. If what Feng Wu said was true, then Everlasting Mountain truly did possess a group of alchemy gods who were relatively more outstanding amongst the Star Law Divine Realm, which meant that the Everlasting Mountain's foundation in pills was not something that the other great powers could compare to.

"Feng Wu, other than killing the hundred Special god beast, is there any other way to enter the inner sect? "For example, pill refining or array setting up." When Chen Xiang heard that the Everlasting Mountain had a group of outstanding Pill Gods, he wanted to go in and take a look.

"No, no matter if it's a pill god, a formation grandmaster, or an outstanding weapon craftsman, they all have to hunt a hundred strange gods or else they won't be able to obtain the qualifications. This is also proof of their strength." Feng Wu laughed: "Little brother, you also want to enter the inner sect?"

"To be honest, I'm just a half a God of Pills. I didn't know that the Everlasting Mountain's God of Pills was so powerful before, so I wanted to take a look now." He had already started planning in his heart. He planned to let Huang Jintian and the others clearly investigate the divine medicine that was needed to detoxify the detoxification pellet before secretly refining some Bone level Dan s or other divine pellets that were easy to sell for them in order to earn Shen Yuan stone s.

As for him, he stayed here for a while, thinking of a way to pass the exam and enter the inner sect to take a look!

Because they could not sell their divine pellets privately, in the Star Law Divine Realm, Alchemist would rarely go out. They would usually join one of these large powers, and either enter the inner sect or go to their shops to refine pills.

"After we kill this Armored crocodile, I will help you plan your next move. I have experience in this aspect! If you really can enter the inner sect, then we can also have a companion. " Seeing that Chen Xiang had the thought of entering the inner sect, Feng Wu was happy too. It was not bad to have someone he knew inside the inner sect.

After eating, Chen Xiang returned to his room to rest. Early in the morning on the second day, Chen Xiang was woken up by a shout, and then, he went to Transmitting Square!

... ..

When they drank together yesterday, Chen Xiang had already understood some of the Armored crocodile's detailed information. Armored crocodile lived in a swamp, and it was difficult to kill Armored crocodile not only because they were strong, but also because of the dangers that hid in their hiding place.

For example, in this swamp, there were many little dragon crocodiles. Although they were not very powerful, they were very annoying!

Feng Wu was extremely familiar with this area. She rode on a Frisbee and flew all the way here, quickly arriving above the swamp.

"Armored crocodile is hiding here, he normally hides under the mud, we'll see how we act when the time comes!" Feng Wu said: "Chen Xiang, you specifically deal with those little dragon crocodiles. There are as many little dragon crocodiles as there are ants, and they aren't that strong. They only have a few Divine Deity s."

"Can you three deal with the Armored crocodile?" Chen Xiang asked. had the best way to deal with these weak and large amount of small things, thus it was very easy for him. However, he was a little worried for Feng Wu and the other two.

Feng Wu possessed eighty Divine Deity, Ling Jian and Chen Dao were only seventy-five years old, and the Armored crocodile possessed eighty Divine Deity. Because it was a Special god beast, it already possessed an extremely strong fleshly body, so it was much stronger than the eighty Divine Deity of humans.

"Of course we can take care of him. If I'm not wrong, it would be much easier if we take care of him since he is in his weakened state." Feng Wu said. Of course, for her to be able to complete the mission with 90 Special god beast, she did not rely solely on luck. She could tell that she still had her trump cards, and if the Armored crocodile was not weak, she had the confidence to kill it.

[Chapter 2237](#)

Roar! A low and deep roar came out. Chen Xiang and the others in the air saw many bubbles suddenly appear in the swamp. Many dragon crocodiles were scurrying out from the quagmire.

"These are all dragon crocodiles!" Chen Xiang saw that these little Armored crocodile looked like they had extremely stiff black scales on their bodies, their claws were the same as a dragon's claws and there were dragon's horns on their head. There were thousands of these dragon crocodiles under the swamp below.

"He's coming!" Feng Wu shouted: "Chen Xiang, go lure these little things away, only then will the Armored crocodile come out."

Chen Xiang nodded his head and immediately jumped down the Frisbee. When the dragon crocodiles saw him, they all rushed towards him, but he avoided them all.

Chen Xiang floated in the air, and was only ten or twenty meters away from the swamp. He flew in circles inside the swamp, neither fast nor slow, attracting the attention of the group of dragon crocodiles.

Seeing that there was something flying above, they all pounced towards it. However, they did not give up, and continued to fly towards Chen Xiang from the quagmire. They opened their mouths to bite him to pieces, but to no avail.

Just like this, Chen Xiang quickly attracted the tens of thousands of dragon crocodiles. Seeing that his skills were not bad, Feng Wu and Ling Jian Chen who were watching from above nodded their heads.

"Like I said, I won't misjudge them!" From a single look, I can tell that this lad is incredible, and he even knows how to forge pills! " Feng Wu laughed: "Prepare to come, let's see if the Armored crocodile is weak right now. If it isn't, it will be a bit harder."

Ling Jian and Chen Dao both took out their divine swords and divine blades, while a large part of the marsh had already expanded, it was the Armored crocodile that was hiding below.

Roar!

The Armored crocodile roared out, and a large amount of mud flew out of the swamp. A large crater also appeared below, and the Armored crocodile actually leapt out of the swamp, leaping into the air.

A large amount of wet mud was splattered and flew into the air. When it landed, it was like a sudden rain. Large and small pieces of mud fell down, blotting out the sky and blotting out the sun.

Chen Xiang looked at the Armored crocodile in the air and saw a golden flash of light. The Armored crocodile's scales were actually gold!

"Not good, Feng Wu calculated wrongly, this Armored crocodile has just transformed into scale armor, and what is being reborn is the strongest gold armor, this Armored crocodile is becoming stronger than before." Yue'er shouted in shock: "Quickly get rid of these dragon alligators, with Feng Wu's current strength, he cannot handle this Armored crocodile."

Chen Xiang knew that he could no longer conceal his strength any further. He floated high in the sky and struck a palm towards the tens of thousands of dragon crocodiles below him.

This is the Heavenly dragon seal!

The fire dragon descended. It let out a crazy roar and viciously smashed into the ground. A powerful sea of fire surrounded the crocodiles and began to burn them.

The Armored crocodile's body could not be considered to be big, but it was also not small. Furthermore, its movements were extremely agile, unlike what was rumored to be slow.

When the Armored crocodile jumped into the air, Feng Wu saw the Golden Armor and knew that his calculations were wrong. The Armored crocodile had already become very strong.

"This is a Golden-Armored Dragon Alligator, although it still has eighty Divine Deity, its defense is much higher than before. You should be careful." The weapon that Feng Wu used was a black spear. From a distance, she threw the spear towards the Armored crocodile's golden armor.

The Armored crocodile could actually float in the air. He sensed that something was thrusting towards him, and as his body shook, a golden wave of air surged out from his body to block Feng Wu's lance.

Feng Wu frowned, he controlled the spear to increase its strength, and aimed it towards the Qi wave, and stabbed it in!

The spear pierced through the Qi wave and pierced the Armored crocodile's golden armor, but was unable to eat it anymore. The Armored crocodile's golden armor was extremely durable, and the spear was unable to pierce through.

"What a strong defense!" Chen Dao, Ling Jian, you guys go help Chen Xiang, get rid of him ... " Feng Wu took a glance at Chen Xiang at this time, and realised that Chen Xiang's side was covered in flames. All the crocodile dragons had already disappeared, and although she saw that Chen Xiang had made his move, she did not expect him to be so strong, to actually be able to kill off the crocodile dragons.

"This Armored crocodile is very difficult to deal with, all of you stay put, wait for the chance!" By the time Feng Wu had finished speaking, the lance had already returned to her hand. The Armored crocodile roared at her, opened its huge mouth and spat out a golden mist.

"This is ..." Feng Wu screamed in shock and quickly dodged.

"It's the spikes refined from golden armor!" Chen Xiang took out his Heavenly magic sword and rushed forward as he spoke.

When Ling Jian saw the Heavenly magic sword in his hand that did not have a sword tip, he thought that he was mistaken. Charging forward in this kind of situation, with such a sword in hand, made it hard for Ling Jian and Chen Dao to understand.

"What are you doing here?" Feng Wu was surprised, she did not expect Chen Xiang to suddenly run over, and at such a fast speed, in the blink of an eye, the sea of flames in the distance that Chen Xiang was in just a moment ago rushed over.

"Of course it's to kill the Armored crocodile. It shouldn't be a problem to damage the golden armor, right? "

As Chen Xiang spoke, he quietly avoided the golden fog that the Armored crocodile spat out, which was also the most lethal attack. The powerful Supreme Force coupled with the extremely sharp thorns, if one was not careful in dealing with it, one's body would be riddled with holes.

"It doesn't matter if the corpse is incomplete. Generally, taking half of it back would be complete!" At this moment, she could already tell that Chen Xiang was hiding extremely terrifying strength. Otherwise, it would not be so easy to take care of that group of alligator dragons.

Chen Xiang threw out the Six Realms mirrors, had it float in the air above the Armored crocodile, and then controlled the Six Realms mirrors to grow larger, releasing an array inside!

"Dragon Sealing Hex!" It should be able to deal with this guy! " Chen Xiang was more familiar with the various arrays within the Six Realms mirrors.

The larger Six Realms mirrors, in a flash of the mirror, released the Confinement Dragon Hex and sealed the Armored crocodile, causing it to be unable to move at all.

Chen Xiang wielded his sword and instantly moved forward, cutting horizontally at the center of the Armored crocodile's body, and shot out a fiery red Sword Qi!

The Sword Qi turned into a ray of light and sliced through the center of the Armored crocodile's body. In the blink of an eye, the Armored crocodile's sturdy looking body was split into two.

After cutting off the Armored crocodile's body, Chen Xiang teleported over to the top of the Armored crocodile's head. His thigh suddenly swelled up, and an extremely terrifying God Power surged out, causing his thigh to release a burst of fiery red Qi waves.

"I'll trample you to death!" Chen Xiang ruthlessly stepped on the head of the Armored crocodile, provoking thunderous booms as the upper half of the Armored crocodile fell into the quagmire.

"It's done, hurry up and put it away!" Chen Xiang laughed: "We will keep the upper half, and take the lower half to report!"

[Chapter 2238](#)

Feng Wu held her spear tightly. She had only just gathered her energy and wanted to attack a second time, but she was frightened by Chen Xiang's series of attacks. At the moment, she had also only managed to accumulate her energy, but Chen Xiang had already taken care of this Armored crocodile!

Ling Jian and Chen Dao were also shocked. Chen Xiang's strength was so strong that they could only look up to him, because Armored crocodile could easily kill the two of them.

In their eyes, Chen Xiang was just an "old senior" who had lived for god knows how many years. If not, it would be impossible for him to kill the Armored crocodile that easily, and in their eyes, he had the strength of at least ninety nine levels of Divine Deity and above!

Feng Wu took a deep breath and took out his storage artifact. Just as he was about to put away the half of his body that was floating in mid air, a red light suddenly shot over, enveloping the other half of the Armored crocodile's body. Then, the red light disappeared, and the other half of the Armored crocodile's body also disappeared.

"Who is it!" Chen Xiang roared in anger as all the Divine Deity in his body trembled, unleashing a scorching and threatening pressure. The entire swamp was boiling, and a true vapor was rising from it.

Feng Wu was frightened by the pressure that Chen Xiang had suddenly unleashed. She knew that Chen Xiang was furious because someone was stealing the other half of the Armored crocodile.

Feng Wu hurriedly hid the other half of the Armored crocodile that had fallen into the swamp!

"This guy runs really fast!" Chen Xiang looked in a direction: "Do you know where this guy came from? His concealment skills were very brilliant. What he released was a powerful divine tool, and when it was illuminated, the item would be taken away! It should be a spatial divine artifact.

Ling Jian flew over and said: "We already have half a Armored crocodile, we can report ... Just now, that person was able to take away half of a Armored crocodile.

"Even if he's a powerhouse, I still have to find him, kill him, and steal my things!" Chen Xiang said angrily: "I must make this fellow pay. That is a Armored crocodile that we painstakingly killed, to actually let him steal half of it. How can we just let him go like this?"

Feng Wu and the others were a little speechless, because just now, Chen Xiang had not worked hard at all when he killed the Armored crocodile!

"This person's divine equipment has obvious characteristics, and he should be very familiar with this area. That's why he followed us and hid nearby, waiting for an opportunity to attack! We'll go around and ask around, and see if there's any news of him. " Feng Wu knew that Chen Xiang did not care about the other half of the Armored crocodile.

The reason why Chen Xiang was so angry was because the prey he had killed had been snatched away.

"Brothers, the contract between you and Feng Wu should have been completed already! This time around, it might be a bit dangerous to go deal with that guy who stole things. " Chen Xiang said.

Ling Jian and Chen Dao could not stand Chen Xiang calling them big brother.

"Then take care!" Ling Jian nodded his head, just now when they were killing the Armored crocodile, they did nothing but stood to the side watching. Now that Chen Xiang was going to deal with it, it could be even more powerful than the Armored crocodile, and at that time they would not be able to help.

"See you later!" Chen Xiang cupped his hands towards them.

... ..

Chen Xiang and Feng Wu travelled together towards a small city.

"Little brother, you're amazing! What kind of background do you have?! You have the appearance of a young person, and your strength is so strong, so normally, only the inner court disciples of big powers can cultivate you. " Feng Wu was extremely curious about Chen Xiang's identity.

"My hometown is very far away!" Chen Xiang sighed: "I came here to find a divine medicine to cure one of my beloved wives."

"No wonder you wanted to enter the inner sect when you heard that there were many outstanding alchemists in the inner sect of Everlasting Mountain." Feng Wu said softly. "You treat your wife so well, so hard! She'll be all right. "

"Mm, she's asleep now. She's frozen. I just need to get the antidote pill and she'll wake up!" Chen Xiang laughed: "My wife is usually very mischievous and likes to call me a little scoundrel."

"From your tone, you seem to have quite a few wives!" Feng Wu laughed: "No wonder she called you Little Scoundrel!"

Chen Xiang only chuckled, thinking of his beautiful wife by his side, his heart also felt sweet.

"In front of us is the Cang Cloud City. It is the closest city to the swamp. Feng Wu pointed to the tall city walls and said.

Chen Xiang and Feng Wu quickly entered the city and Feng Wu was also quite familiar with the city. After she brought Chen Xiang into the city, she immediately walked down a street and turned around to find a small alley. At the end of the street, there was a small shop whose entrance was covered by a black cloth.

"Come in!" A shout came from inside.

"Let's go in!" Feng Wu said to Chen Xiang: "Even though the fees here are very expensive, the information we've gathered is extremely useful."

Feng Wu lifted that black cloth, then walked in together with Chen Xiang.

There was a long table inside, and an old man with white hair sat there. When he saw Feng Wu, he smiled slightly: "It's you again, little girl."

"Great sir, since you know that I've been here a few times, don't be so expensive, I'm a regular customer!" Feng Wu laughed, and then sat down.

"No, no, no. This will depend on the information you ask for." The old man chuckled, "What kind of information do you want to know? Tell me quickly!"

"I want to ask about a person. I have never seen him, but I know that the divine tool he uses emits a red light, and the thing enveloped by the red light will instantly disappear. It seems to be a type of spatial transfer power, and this person may frequently appear in the area where the Armored crocodile resides." Feng Wu said.

"Oh? What of you was robbed? You killed the Armored crocodile?" Previously, Feng Wu had come to him to inquire about the Armored crocodile s.

"Hmm, half of it was taken away! Great sir, do you know where that guy came from?" Feng Wu asked.

"Of course I know... But I will have to charge you one million Shen Yuan stone, because according to what you said, it is very difficult to know the origin of this person, and only I know of it, so I want this price! Furthermore, if this fellow sees you looking for him, he will immediately know that I've sold you information." The old man said with a serious expression.

Feng Wu clenched his teeth, then gave the old man an inventory of one million Shen Yuan stone, and said: "Elder, you're really evil!"

The old man laughed: "I will take your one million. I promise you, if I kill that guy, I will never sell this information to anyone else, no matter the price! Furthermore, even the matter of the Armored crocodile s would not tell others who killed them. "

[Chapter 2239](#)

"It's best to keep it a secret!" Feng Wu laughed: "Old man, quickly give us the information on him!"

This old man looked to be extremely mysterious, and Chen Xiang was unable to see through his strength. Furthermore, he definitely knew of such a thing, and it was impossible for him to know of so many things.

"Little miss, do you know that there is a sect called Great Heaven School in Wang Ancient Heavenly Star?" the old man asked.

"Of course I know. Great Heaven School is a middle ranking sect, could it be that it was Great Heaven School who did it? I have heard that the Great Heaven School specializes in this kind of thing. " Feng Wu frowned: "Do you know who in Great Heaven School did it?"

"This person has the strength to enter and exit that swamp, he should at least have a cultivation of eighty to ninety Divine Deity. His overall strength should be on par with yours, so he can only snatch it away and not directly clash with you." The old man slowly said: "With this kind of strength, he should be an elder in Great Heaven School. According to what I know, there is only one elder that has appeared in the city near the swamp."

Chen Xiang asked: "Uncle, why are you so sure that it was the people from the Great Heaven School who did this?"

The old man smiled faintly: "Didn't you guys mention the divine tool he uses earlier? This elder in Great Heaven School has such a unique divine tool called 'Heavenly Aquarius'. When he opens the lid of the bottle, it emits a red light and everything that is enveloped in red light will be kept inside! "Not only is it fine to accept items, it is also fine to accept people. However, if they are very strong, then it would be a bit difficult and they would even be able to destroy the bottle."

"What's the name of this guy?" Where is it now? " Feng Wu nodded, she completely believed in what the old man said.

"Yu Zhen! You should have heard of it! " The old man smiled.

"It's actually this guy!" I didn't expect him to do such a thing. Isn't he very famous? It was said that Everlasting Mountain's Leader wanted to take him in as a disciple, but he was rejected! In the Wang Ancient Heavenly Star, he is a fellow with a small reputation. That Great Heaven School, more or less, is somewhat famous because of him. " Feng Wu was extremely shocked: "I met him once before, he gave me a good impression of him at that time!"

"Great sir, are you really certain it's him?" Feng Wu was a little suspicious.

"It's really him! Alright, since I've accepted so many of your Shen Yuan stone, I'll say a few more things! The Heavenly Aquarius in Yu Zhen's hands was originally the son of the Leader ... At that time, the Everlasting Mountain s had all been refined, and they secretly invited some friends to make a name for themselves. My master was also present at that time, and he told me about this matter.

The old man said in a low voice: "The son of the Leader, he died not long after obtaining the Heavenly Aquarius. The cause of his death is still unknown.

Chen Xiang became even more doubtful and asked: "Uncle, do you know the whereabouts of this Heavenly Aquarius? Why didn't you tell the Everlasting Mountain s? For him to invite your Master to participate in the naming, it means that his relationship with your Master is not that bad. You should have told him. "

"This... It was like this at the time, but later on, my master got into a conflict with him, and then my master died, so I did not have any good impressions of this Everlasting Mountain! Of course, Everlasting Mountain is a very good person. " The old man said: "Since you are disciples of the Everlasting

Mountain, and helped him investigate the cause of his son's death, you might be able to obtain a great reward from him."

"My lord, how do you know that Yu Zhen possesses a Heavenly Aquarius?" Feng Wu asked again.

"Because this guy came to me before to ask me about the uses and origins of this Heavenly Aquarius, I took in many of his Shen Yuan stone, so I told him! He had never dared to use it openly, so when Everlasting Mountain had accepted him as a disciple, he had rejected! As to how he got it, that's up to him. "

The old man replied, "I don't know where he is right now, but he's from Great Heaven School. He should be able to go back to Great Heaven School for a bit, so all you need to do is go there to find him."

... ..

Although Feng Wu could not believe that Yu Zhen was the one who did it, she still brought Chen Xiang to Great Heaven School!

"Feng Wu, you don't seem to fully accept that it was Yu Zhen who did it!" Chen Xiang sat on the flying discs and giggled: "You can't be liking him, right?"

"Of course not, you better not let your imagination run wild, I, Feng Wu would not casually like people!" Feng Wu laughed and lightly punched Chen Xiang on the chest, "I just think that he is a good person. I have been in the Everlasting Mountain for three years, and I have heard of him saving people many times.

"That's why I don't dare to believe it. He's a guy who steals chickens and dogs."

"If that's the case, then it makes sense! When we left the Everlasting Mountain, he might have been following us, and he even knew that you were going to hunt Armored crocodile very early on. That's why he hid himself, and used his treasure bottle to take it away after we killed the Armored crocodile. " Chen Xiang said: "He saved Everlasting Mountain's people a few times and was probably targeted by him. It's just that later on, he wanted to gather more information on the outer sect of Everlasting Mountain and that's why he saved people."

Feng Wu sighed: "This is only a guess, I can only talk about it after seeing him. When he attacked, I could feel a trace of his aura, if I could see him again, maybe I would be able to sense it."

Chen Xiang knew that he was worried about blaming the good people, which was why he was in a dilemma right now.

When the time comes, we have to confirm before we can make our move, at that time, you better not do anything, I am worried that it will be a misunderstanding. At that time, not only will we anger the Great Heaven School, but the Everlasting Mountain will also punish you, because the Everlasting Mountain has never liked to cause trouble. Feng Wu warned.

"He's really the one who did it. He definitely won't admit to it. When the time comes, I'll have to think of a way to verify it!" Chen Xiang said: "Let's go see him first!"

The Great Heaven School was only a mid-tier power. Although it was a mid-tier, the middle-tier power Leaders were still very strong in this Heaven-stage Stars, otherwise they wouldn't be able to convince the disciples. Feng Wu was just worried that there would be a conflict between the two.

"This Great Heaven School is located in a city. They built this city, but it doesn't have any Transmission array, it's really strange." Feng Wu said. At this time, they could already see a bustling city in front of them, and could hear the noise from afar.

"Feng Wu, it's best if we disguise ourselves, and even need to conceal our presence. Otherwise, if Yu Zhen finds out, we'll alert the enemy." Chen Xiang said as he nodded his head. Then, he disguised himself, changed into clothes and put on a mask.

Chen Xiang had only changed his appearance, and at the same time, hid his presence. When he had killed the Armored crocodile, using such a strong power, he had already leaked his presence.

Feng Wu had been to this city for a few times, and just as she was about to bring Chen Xiang to an inn to stay, passing by a very big shop, she heard a shout: "Great Heaven School is really amazing, you can even get the Armored crocodile's golden armor, and is even holding an auction."

When Chen Xiang heard these people's discussions, he immediately laughed. Previously, he and Feng Wu were still thinking of how to confirm if the Armored crocodile was stolen by Yu Zhen, but now, they were certain that it was Yu Zhen who did it.

Feng Wu walked over and asked: "Is the Armored crocodile's golden armor going to be auctioned? Is this true? Which Great Heaven School did you get your hands on? "

"Of course it's Yu Zhen, Great Elder Yu! The Armored crocodile's body is very big and has a lot of golden armor. If you want to sell it all in one go, then this Yu Zhen is actually willing to give out such a good refining material. " The man smiled.

Hearing his words, Feng Wu pulled Chen Xiang and quickly walked to the tavern.

"Damn the swindler. Indeed, it was him who did it. I even treated him as a hero previously, but to think that he would actually be such a despicable person." Feng Wu mumbled to himself as he walked.

Chen Xiang only smiled slightly, at the same time, he released his divine soul to investigate the conversation of those people, and knew that the auction would be held tomorrow.

Feng Wu said angrily: "This bastard is selling the Armored crocodile so arrogantly, does he think that we are all small fries? Even if we were to pursue the matter, he would rather die than admit it, or else he might even bite back at us! After many years of managing a good reputation, everyone will definitely believe in him! "

"Didn't the Great Heaven School often do things like stealing chickens and dogs? As the Great Elder of the Great Heaven School, why is Yu Zhen so famous? " Chen Xiang was a little confused.

"After that, Great Heaven School also said that he would punish those disciples and apologized to everyone. Even so, this kind of thing would always come out very soon! But Yu Zhen often does good

deeds to save others, so everyone believes in Yu Zhen. " Feng Wu coldly snorted: "How would I know that this guy is so hypocritical? I don't even know if he's really saving someone.

Feng Wu and Chen Xiang entered an inn, and even asked for a room.

"Chen Xiang, what are you going to do? The lower half of the Armored crocodiles have been snatched away, so we cannot just let this go. " Feng Wu said: "Yu Zhen is very strong, there is a Great Heaven School behind her."

"Go to the auction tomorrow and ask around later on how you can get the qualifications!" Anyways, I must snatch back half of Armored crocodile's corpse. " Chen Xiang was not afraid of Yu Zhen's Great Heaven School.

"Alright, I'll go now!" Feng Wu could not swallow her anger. On one hand, it was because she had been deceived by Yu Zhen, and on the other hand, her Armored crocodile had been robbed, but because her strength was lacking, she could only look at Chen Xiang.

Feng Wu returned very quickly and she took out two wooden tablets: "One for fifty thousand Shen Yuan stone, only by buying this can you enter the auction! There is a large meeting place under the shop that can accommodate tens of thousands of people. This guy just sold these wooden tablets and he earned a fortune from it. "

"Will a lot of people buy it then? Is the Armored crocodile's golden armor really that rare? " Chen Xiang did not understand, because he felt that the golden armor was only there. Otherwise, it would not have been cut apart by his sword.

Feng Wu wanted to answer, but he didn't know how. 's sword had cut through the golden armor as if it was tofu, so the golden armor was nothing in Chen Xiang's eyes. She was also curious as to why Chen Xiang's broken sword was so powerful, as it easily broke through the stiff golden armor.

"For many people, the Armored crocodile's golden armor is very durable and can be used to refine divine armor or divine weapons! At least for me, it's still quite precious. " Feng Wu thought for a while, then said: "Of course, in your eyes, it should be no different from tofu!"

Chen Xiang laughed: "That's not it, we can't sell a lot of Shen Yuan stones, but the golden armor can! Right, how much can we sell those gold armors for? "

Feng Wu replied: "It should be able to sell for billions of Shen Yuan stones! This is not a small number! "

Its entire body was worth more than ten billion Shen Yuan stones. No wonder one Armored crocodile could fight against ten other Special god beast.

If Chen Xiang did not have the Heavenly magic sword and the Chuangshi god furnace, he would definitely not be willing to give it to them. But now, in his eyes, it was only a relatively precious thing that could be exchanged with many Shen Yuan stones.

Chen Xiang and Feng Wu lived in the same room, and in the room, there were two beds. Although Feng Wu was a woman, she felt that it was nothing.

Yue Er didn't dare to run out after arriving at Star Law Divine Realm. She was a member of the Cat Race, and she was a pure white one at that.

... ..

The next morning, Chen Xiang and Feng Wu woke up together. After a simple wash, they headed to the auction venue.

The auction place was built deep underground and was a large hall within a huge underground palace. It could accommodate tens of thousands of people without feeling crowded.

Chen Xiang and Feng Wu sat rather close to the back, and since the seats at the back were relatively high, they could see the gigantic stage in the middle.

"His speed is quite fast. He took off all the golden armor so quickly!" It looks like they left some of it for themselves. " Feng Wu whispered: "What do you plan to do?"

"Wait for Yu Zhen to come out first, we will scare him away." Chen Xiang said, "In short, I must take back what belongs to me today."

The auction started very quickly. At this moment, everyone quieted down and watched the host demonstrate how strong the golden armor was.

"Yu Zhen did not come. Only a few stronger clan elders have arrived." Feng Wu had been carefully observing them the entire time.

"The starting price is five hundred million Shen Yuan stone, begin to bid!" the host shouted.

Everyone had seen his demonstration just now, and knew how tough those golden armor were. They also knew that such a large sect like the Great Heaven School would not lie to them, otherwise it would anger the masses.

Everyone began calling out their prices, quickly rising to 3 billion!

"10 billion!" Chen Xiang suddenly shouted out, the sound shook the entire underground palace.

The originally increasing bid suddenly quieted down, all of them looking at Chen Xiang.

"Friend, are you sure you want to spend 10 billion to purchase these golden armors?" The host was also stunned. If it was true, they would be more than happy to do it. However, it was a bit unrealistic.

"From your tone, do you think that these gold armors aren't worth 10 billion gold?" Chen Xiang stood up, and smiled faintly. He had already changed his appearance, so he was not afraid of being recognized.

"Friend, if you come here to cause trouble, don't blame us for being impolite." Seeing Chen Xiang's attitude, the host knew that Chen Xiang was going to cause trouble.

Chen Xiang saw that a few elders were walking towards him. He was seated in the last row, and those elders did not dare fly over the heads of others, because it was very rude, they could only walk over slowly.
