

Dan God 2241

[Chapter 2241](#)

Seeing that the few elders were almost here, Chen Xiang immediately teleported to the stage, laughed: "I am not here to cause trouble, I am only here to retrieve what belongs to me!"

"You ... Do you really want to become enemies with our Great Heaven School? " The host was shocked. Chen Xiang being able to teleport in front of him showed that he was very strong, because they had a spatial strengthening array formation but it was useless against Chen Xiang.

"No, no, no, I don't want to become enemies with your Great Heaven School. It's just that Yu Zhen from your Great Heaven School stole my things, I'm just returning now." While Chen Xiang was speaking, he teleported to the side of the golden armor, shattered it with a single palm, and then placed the golden armor inside the ring.

Everyone in the auction house was stunned. To think that he would dare to take away the Armored crocodile's golden armor in front of so many people, this was a provocation!

"This is only a portion of the Armored crocodile's body, there are still many that should still be in Yu Zhen's hands. Where is he now?"

Chen Xiang released a suction force from his hand, causing the host to be pulled over, his neck was held by Chen Xiang: "If you don't want to die, then quickly tell me where Yu Zhen is."

The few old men who had just gone to capture him didn't have time to think too much about it and directly flew to the auction stage.

"Don't slander us, this Armored crocodile was killed by our Great Clan Elder after three days and three nights of fierce battle, and yet you dare to slander our Great Clan Elder!" An old man said angrily: "I even saw that Armored crocodile's body!"

"Three days and three nights? Then ask him to come out right now, and tell us how he killed the Armored crocodile! " Chen Xiang sneered: "I was the one who killed the Armored crocodile. At that time, I cut him into two, the upper half falling into the mud, and the lower half floating in the air. He used a treasure to collect them."

Other than that, the old man sneered: "Nonsense, we have all seen the entire corpse of the Armored crocodile, we can't help but admit, the Great Clan Elder is truly powerful, actually being able to cause the golden-armored Armored crocodile to be covered in wounds, you said that you have half a Armored crocodile's body, why don't you take it out now!"

The few elders were also extremely fearful of Chen Xiang. Someone who dared to cause trouble here and had such a deep grasp of spatial energy must definitely not be someone ordinary, and should be very strong. They just saw Chen Xiang destroy the powerful formation with a single palm, but it was very difficult for them to do so.

Chen Xiang shook his head and sighed: "Looks like all of you were also deceived by Yu Zhen. If I take it out, what would you say? Why don't you all ask yourselves if you think it's shameless to boast in front of so many people? Have you really seen that body covered in wounds? Or did Yu Zhen tell you this? "

"This... This, we did indeed see the Armored crocodile's corpse, even though it was only half of it, but ... But the Great Elder said he cut it." The old man stammered, because they had indeed boasted. They had only seen half of the body, and it was completely undamaged.

At that time, they were already very suspicious, because the cut on the half of the Armored crocodile's body was very orderly and it was obvious that it was split into two. What surprised them at that time were the cuts on the golden armor, as if they were very easy to cut.

"Oh?" Chen Xiang laughed: "I remembered that you said before that you had personally seen the whole body that was covered in scales, but why did you change your words and say that it was only half-way through?"

Everyone present also voiced their doubts. This old man was definitely lying!

This meant that Chen Xiang's words were reliable, as he had snatched away half of the Armored crocodile's corpse!

"Hmph, what right do you have to say that the Great Clan Elder snatched away half of the Armored crocodile's corpse? Maybe you took the other part." If they were to admit it in public, their Great Heaven School would definitely be laughed at for a while.

"Explain why you were lying before. It's fine if you lied to me, but it's wrong of you to treat the tens of thousands of friends present as fools!" Chen Xiang smiled faintly. His words made the old man start to curse loudly in his heart.

"Let Yu Zhen come out and face him!" Someone shouted: "We only believe in our eyes. We paid the Shen Yuan stone to come in, but we don't have anything to auction right now!"

The people of Star Law Divine Realm talked about rules and regulations, because the old man lied just now, no one believed the Great Heaven School.

Chen Xiang said: "I'll take out the other Armored crocodile's corpse now!"

With that said, Chen Xiang released the mountain-like Armored crocodile from his ring. There was still a lot of dried up mud on it, but it was not hard to tell that this was a Armored crocodile.

"At that time, I split the Armored crocodile in half, but the Armored crocodile did not die. I attacked the Armored crocodile's head, and threw its upper body into the swamp. Chen Xiang pointed to the place where the Armored crocodile's head was caved in: "This is the place I attacked!"

When Chen Xiang took out the true evidence, everyone present felt that they were deceived by the Great Heaven School. At this time, all of them shouted at the Great Heaven School to retreat the Shen Yuan stone.

At the same time, everyone was also surprised by Chen Xiang's strength. He was actually able to cause the golden armor and Bones on the head of the Armored crocodile to cave in.

Chen Xiang suddenly sensed a Qi approaching and immediately picked up the half of the corpse. He was afraid that Yu Zhen would suddenly come and take the other half.

"Yu Zhen is here!" Someone suddenly shouted.

Yu Zhen was dressed in a red robe and holding onto a fan. He was actually wearing a young and handsome face that was currently covered in a cold aura.

"Hmph, there is actually someone here slandering me, it was clearly you who stole the Armored crocodile I killed, do you still not know who I, Yu Zhen am? Would I do such a thing? " Yu Zhen was extremely calm. He thought that Chen Xiang came here because the news of the auction had spread far and wide. He never thought that Chen Xiang and Feng Wu had gone to look for the old man.

"But why would they lie?" Chen Xiang looked at the two elders. "Could it be that you guys are afraid?"

"They are them, I am me!" They just want to uphold the dignity of the Great Heaven School, so they were wrong to lie! " Yu Zhen took out a long sword. "And you, are the real bandit, the one who stole the Armored crocodile that I killed so hard!"

"To be able to easily cut a Armored crocodile into two and shatter its head with one stomp, do you think that's something very difficult?" Chen Xiang laughed lightly, then said loudly to everyone: "What do you guys think?"

Although Yu Zhen knew that Chen Xiang was very strong, he felt that this was their territory.

"I exhausted all of my Armored crocodile's power, and only succeeded after accumulating my energy for two strikes. Hurry up and return me back the half of the corpse and the golden armor you snatched away earlier, otherwise, don't blame my Great Heaven School for being impolite." Yu Zhen held onto the sword, releasing a strong burst of Spirit Power into it, causing it to tremble, and release a strong burst of Qi.

[Chapter 2242](#)

Yu Zhen lied nonstop, making Feng Wu, who was watching from the back, very angry. Now, she had finally seen with her own eyes what kind of face Yu Zhen had, making things up in front of the crowd. No wonder he wanted to create a good reputation for himself, so that when he meets with this kind of thing in the future, he could excuse himself.

"Fine, if you really have the ability, then cut off this golden armor!" Chen Xiang took out a piece of golden armor and threw it on the ground. "It shouldn't be difficult for you to cut off this golden armor, right?"

When Chen Xiang spoke, his face was filled with ridicule, causing Yu Zhen to be greatly agitated. Chen Xiang obviously looked down on him and thought that he did not have the strength to cut apart the golden armor.

Everyone nodded their heads, Yu Zhen said that if he could cut off the body of the Armored crocodile, then he could easily cut off the golden armor too!

"Hmph, why should I do as you say? "I'm not going to let you lead me by the nose. I'll say it again, if you don't ..."

Yu Zhen had not even finished speaking when Chen Xiang suddenly summoned his Heavenly magic sword and stabbed it into Yu Zhen's chest!

Chen Xiang's attack was just too sudden, because he already had something to talk about before, making everyone think that he was someone who could be talked about.

Yu Zhen was also like that, he knew that Chen Xiang was strong, yet Chen Xiang did not make a move against him, which resulted in him thinking that Chen Xiang was afraid of the Great Heaven School, which was why he did not admit it.

Chen Xiang's stab was very sudden, it pierced through Yu Zhen's chest. After Yu Zhen was stabbed, he immediately waved his sword towards Chen Xiang, but his divine sword was broken by Chen Xiang.

"Originally, if you obediently handed over the half corpse, I could have spared you. But now ..." Chen Xiang's expression turned cold as he threw another punch at Yu Zhen's abdomen. The berserk Meteor immortal power rushed out, penetrated Yu Zhen's abdomen, and left behind a huge bloody hole.

"You ... You, I will kill you!" Yu Zhen was covered in blood, but he was not dead. Although his flesh was severely injured, he was still a Great Clan Elder, so he had a tenacious life force. Furthermore, Chen Xiang did not plan to kill him yet.

Just as Chen Xiang was about to go up, Yu Zhen suddenly took out a jade box. Chen Xiang used the Dao heart Eye to look inside and discovered that there was a small black bottle. Seeing the bottle, Chen Xiang anxiously used his spatial energy to retrieve the jade box from the air. He moved the box into his hands and stored it in his Serene Yao Ring.

Puff!

When Yu Zhen saw that his powerful divine artifact was taken away by Chen Xiang, he couldn't help but vomit a large mouthful of blood!

"Quickly kill him!" Yu Zhen roared, the other elders immediately brandished their swords and rushed forward.

Chen Xiang teleported behind Yu Zhen and struck the top of his head with his palm. He activated Soul Absorbing Devil Spell and searched through his memories!

"Kill!"

"Just you guys?" Chen Xiang said in disdain, and then threw the Heavenly magic sword in his hand out, it rotated and flew towards an old man in the air, and in the blink of an eye, it hacked off the old man's head. Under Chen Xiang's control, the Heavenly magic sword danced in the air and attacked the few old men who came over.

In a few blinks of an eye, from within the blade and sword beams, streams of blood shot out. Chen Xiang only needed to use his god power to control the Heavenly magic sword to fly out to attack and he killed all the few elders!

Now that he had also obtained Yu Zhen's memories, he released a wave of Meteor immortal power from his arm. Carrying an intense flame, it pierced through Yu Zhen's body and instantly turned him into ashes.

Everyone was shocked, this Yu Zhen was the Great Clan Elder of the Great Heaven School, but in the hands of Chen Xiang, he was so weak that he could not withstand a single blow. With a few blows, he

was killed, and the elders who were responsible for protecting him were also very strong, with several tens of Divine Deity, but they were all slashed and killed by a broken sword flying chaotically!

Now, everyone believed even more that the Armored crocodile was killed by Chen Xiang. Only with Chen Xiang's strength, could they easily kill it!

Chen Xiang teleported to Feng Wu's side and used teleportation to take her away, leaving the underground auction venue!

She was still in a state of shock, and was initially worried about how Chen Xiang would escape from the encirclement, but she didn't expect him to appear in the blink of an eye.

"You ... You really killed that bastard?" Feng Wu found it hard to believe that a middle ranking sect's Great Elder was like an ant in Chen Xiang's hands, instantly crushed to death.

"What's so strange about that!" Chen Xiang laughed: "Who asked him to steal my things."

Chen Xiang had already obtained the Heavenly Aquarius, and even found out from Yu Zhen's memories that the location of the half corpse was within the Heavenly Aquarius!

As the old man from the Cang Cloud City had said, Yu Zhen had indeed taken the bottle and inquired about its use!

And what Chen Xiang did not expect was, the bottle was not Yu Zhen's, but Great Heaven School's. Yu Zhen had only borrowed it from him!

"Now we can return to the Everlasting Mountain to report!" Feng Wu said.

"Feng Wu, you still need ten Special god beast to go through the inner sect examination, right?" Chen Xiang asked.

"That's right. With your help, I think we'll be able to succeed very soon!" Feng Wu laughed: "Although I have always thought that my judgement was not bad, but I still made a mistake, I never thought that you guys would be so terrifying!"

"How about this, this time, you will use Armored crocodile, this Armored crocodile can be considered as ten Special god beast! This way, you can immediately participate. " The reason why Chen Xiang had joined Feng Wu's party before was because he wanted to know more about the matters of the Star Law Divine Realm as he hunted the Special god beast, and also because he wanted to find out more about the matters of the Star Law Divine Realm through his teammates.

He could even easily kill a Special god beast like the Armored crocodile, so if he wanted to complete it himself, it would also be very easy.

"What are you trying to do?" Feng Wu asked, she was not worried about completing the mission, with Chen Xiang's strength, even a hundred Special god beast s could be easily completed.

"After you enter the inner court, think of a way to help me investigate the whereabouts of these three Divine Medicines. Some Divine Medicines are not sold outside, and I'm afraid that only the inner court of those big powers have them." Chen Xiang handed over a piece of paper to Feng Wu. Previously, he had told Feng Wu that he came here to find a divine medicine for his wife to refine for her.

"Okay, no problem!" When we go back, I will say that a friend helped me kill this Armored crocodile and I will not reveal your identity!" Feng Wu nodded, she was also clear that if the news of Chen Xiang killing the Armored crocodile were to spread, it would definitely cause a lot of trouble.

Chen Xiang used teleportation to bring Feng Wu out of the city, towards the Cang Cloud City, and then through the Cang Cloud City to return to the Everlasting Mountain!

"This is a Communication jade Symbol paper, as long as it is near Everlasting Mountain, we can communicate with each other. If I pass the examination, I will contact you again!" Feng Wu smiled at Chen Xiang: "You must also quickly enter the inner sect, in case I get bullied and lose my helper!"

Chen Xiang laughed, then bid farewell to Feng Wu.

Feng Wu was going to hand over half of the Armored crocodile's corpse, while Chen Xiang was going to the great hall to queue up to receive the news of Special god beast. It was indeed faster for him to enter the inner sect now, and become an important disciple of the inner sect! With his status and identity, it would be much easier to do things then. It was because of this that Yu Zhen had deceived many people.

[Chapter 2243](#)

When Chen Xiang arrived at the great hall, he heard someone talking about the Armored crocodile. He never thought that the news would spread so fast and that they would even know about what happened at the auction!

Because Yu Zhen had the appearance of a young person, he was a famous person in the eyes of many young people. However, he was killed by some unknown person in a few moves, and the reason was because Yu Zhen stole half of a Armored crocodile from others!

Right now, the Great Heaven School was everywhere asking for information, they wanted to find out who the culprit was!

When the Great Heaven School was killed by someone in his own home city, a Great Clan Elder and a lot of people had already become the laughing stock of the people around him, so he had to find the one who took action, otherwise, they would not be able to lift their heads.

In the Everlasting Mountain, many people knew about the Armored crocodile, because it was a very powerful Special god beast. Killing one head to ten, many people had a deep impression of it!

That day, when Feng Wu went to hunt for Special god beast, there were people who knew about it, so it quickly spread. After all, Feng Wu had made good results in the past three years, killing a total of ninety Special god beast.

... ..

Feng Wu went to report, it was a relatively secretive place!

"The upper half of the Armored crocodile? We have received news that the upper half of the body is not in your hands." The old man in charge of collecting such important information said. How could he not know?

"I did it with my friend. Although it caused quite a disturbance, the Everlasting Mountain did not cause any trouble! After all, Yu Zhen was the one who did the wrong thing first. " Feng Wu said: "If it wasn't for Yu Zhen stealing the other half of the corpse, there would be more left."

"Is that friend of yours from Everlasting Mountain?" The Armored crocodile's corpse was indeed very precious, not to mention the fact that the Great Heaven School was in the wrong. Even if the Great Heaven School found out that the Armored crocodile was in the Everlasting Mountain's hands in the future, they did not need to be afraid of the Great Heaven School.

"No." Feng Wu said.

"Good!" We'll take it, you don't have to worry about the rest of it, leave it to us, the Great Heaven School won't dare to act recklessly, and the one who did it was that person, you never went out to do anything, so it's none of your business. " The old man chuckled, took away the upper half of the Armored crocodile, and then took out ten specially made pearls for Feng Wu.

"Little girl, I have gathered a hundred pills! When does the inner sect examination begin? That test isn't easy, and you can't ask a friend for help either! It needs to be completed independently!" The old man said.

"Old mister, can you give me a bit of information about the assessment? This gave me time to prepare myself!" Feng Wu laughed.

"Alright, I'll tell you one thing. There's only one assessment in the inner sect, and that is to go kill a Special god beast. You need to kill a Special god beast with Holy level s!"

When Feng Wu heard the old man's words, he was slightly surprised: "The Special god beast of the Holy level have eighty Divine Deity, this is very difficult!"

The old man laughed: "Let me tell you the truth, if you enter the inner sect from the outer sect, you will be greatly rejected. Although you are an inner sect disciple, it is extremely arduous. Of course, there will definitely be quite a lot of benefits, but you can't be like the other inner sect disciples who can leisurely cultivate and enjoy rich resources all day long. "

Feng Wu was already mentally prepared, and now, she was even more determined to enter the inner sect. She wanted to see how big of a gap there was between herself and the inner sect's outstanding disciples!

... ..

Chen Xiang lined up ten times consecutively to receive news about the ten Special god beast! If he couldn't complete it within one month, then he would have to delay it ten times to increase the number of times!

However, he was confident in himself. It was not difficult for him to kill ten Special god beast in a month, as long as he could find one.

In just over twenty days, he had successfully killed ten Special god beast and then went to that place to report his findings.

When the old man saw Chen Xiang bringing over ten Special god beast s at a time, he could not help but be shocked.

"I didn't expect such a strong kid to come to the outer sect. You just entered the inner sect not long ago, right?" Being able to complete it within a month, it's indeed very powerful. Very rarely has someone as powerful as you appeared. If you enter the inner sect, you might be able to make a name for yourself! Although the inner sect disciples who are born and raised here are against outsiders, you possess absolute power, so you don't need to care about them. " The old man laughed and gave Chen Xiang ten small beads.

"Give me your jade plate and help me remove the blood contract."

looked at the pearl in his hand. Previously, Feng Wu had showed him that if one hunted a Special god beast, one would be able to obtain one pellet, gather all one hundred of them, and then be able to participate in the inner sect examination. And these pellets could not be given to others.

"I will go to the inner sect!" Chen Xiang received the jade tablet. He was already free, so he would not be restricted much.

He left Everlasting Mountain and came to Cang Cloud City! He had contacted Huang Jintian a few times before and agreed to meet him at Cang Cloud City.

What made Chen Xiang even more worried was that Feng Wu had not even replied him. It had been almost a month, and he still had not received any news of Feng Wu!

In a private room of a hotel, Huang Jintian and Huang Yantian had already ordered a large table full of dishes and ate most of it.

"You're late." Huang Jintian laughed.

"How many Shen Yuan stone I sold to you all before?" Chen Xiang picked up his chopsticks and picked up a piece of tasty meat.

"One and five hundred million, this is the price of the black market. There's no other way, it can't be sold openly!" Huang Jintian said.

"It seems like they can earn a lot. The pill shop sells a billion pills, and the middle rank pills sell a hundred billion pills!" Chen Xiang said.

"Yeah, those divine medicines aren't worth anything, but who told them to grasp the right to sell them? So, they can't be sold off without permission, or else many big powers will surround and attack them!" "I earned them so much." Huang Yantian was also somewhat indignant, because Chen Xiang could refine high grade Bone level Dan!

Shangpin bone level Dan s were even more expensive, and they were all used for auctioning. In order to maintain the price of Shangpin bone level Dan, those large powers had all released a little after a period of time, but there were still people who bought them!

"The Bone level Dan's pill formulas are only controlled by the top powers, the other small and medium-sized powers don't have them, and those who buy the Bone level Dan are mostly those who don't have

the pill formulas, ordinary people can't afford them." Huang Jintian grabbed a big leg that looked to be extremely tasty, and started to bite.

Chen Xiang nodded his head: "This Star Law Divine Realm has many rich and powerful forces, in the future, we will definitely be able to make a lot of money here. We will have to wait for me to reach the pinnacle, the moment I cure Xue Yi of her poison, I will quickly cultivate."

"We have already heard that a divine medicine for the Antidote Pill is the Bisheng immortal lotus. In the hands of this Wang Ancient Heavenly Star, it is in the hands of a large clan." Huang Jintian said: "This great clan is stronger than most of the middle-ranking powers, and is more famous in the Wang Ancient Heavenly Star."

"Oh? What family was it? Can you ask how many Shen Yuan stone are needed to purchase?" Chen Xiang asked anxiously.

[Chapter 2244](#)

"Feng Clan, just ask around. We can consider it as the Eternal Family, so we have a good relationship with the Everlasting Mountain! We only know that the Feng Clan has this kind of divine medicine, but we are temporarily unable to find out whether they are selling it or not." Huang Jintian said.

"Feng Clan? I just met a woman in Everlasting Mountain, she's surnamed Feng!" Chen Xiang said: "It can't be that much of a coincidence, right? I have already asked her to help me inquire about those divine medicines in the inner sect of Everlasting Mountain. If she is a Feng Clan, she should have heard of the Bisheng immortal lotus!"

"Not bad, you've already hooked up with a woman so quickly." Huang Jintian chuckled: "Actually, even if she's from Feng Clan, she might not know about the Bisheng immortal lotus."

"That's right, she is a bit more mysterious, maybe she is not taken seriously in the Feng Clan, otherwise she would not have ran over to the Everlasting Mountain to suffer." Chen Xiang nodded his head, Feng Wu was truly a hardworking person, and had never treated him as a woman. He must have trained her ruthlessly for many years.

"The news has spread like wildfire over this period of time. I did not expect that it was you who caused it!" Huang Jintian laughed: "He actually killed the Great Clan Elder of the Great Heaven School in front of so many people. This fellow is tired of living, he actually went to steal your thing, and yet dares to be stubborn!"

Although this matter had spread like wildfire, there was no conclusion to it!

"He's courting death!" When Chen Xiang recalled this matter, he still felt great about it, because this allowed him to obtain a Heavenly Aquarius. This bottle was extremely powerful, it was a divine tool similar to the six divine artifacts.

"You guys sold those Bone level Dan. There are quite a few of them now, right?" Chen Xiang laughed: "Don't tell me you're all gone!"

"How could it be spent? Do you need Shen Yuan stone now?" Huang Jintian laughed: "Brat, you really can refine Bone level Dan, this kind of Shen Yuan stone, in your eyes, is nothing."

"Alright, I won't take it! "But you have to help me. I want to quickly enter the inner court. The woman I know has been in the inner court disciple exam for a long time, but I haven't heard anything. I want to enter the inner court to investigate." Chen Xiang said: "Right now, I still need ninety Special god beast 'corpses to qualify for the examination."

"The Special god beast that you need are worth a billion each. Ninety of them means ninety billion. This Everlasting Mountain is so profitable ... You can't be asking us to help you hunt Special god beast, right?" The Bone level Dan that Chen Xiang had sold to them was only worth a billion, but now Chen Xiang was asking them to do the work of a Shen Yuan stone that was worth tens of billions.

In any case, you guys have nothing to do right now, you have the Heaven extended method, so being able to figure out the location of the Special god beast is not like asking you to hunt ninety heads. I will hunt some myself, and after twenty days, I will kill ten of them. Chen Xiang said: "If you need me to refine eight Shen Yuan stone, I will give them to you. When that time comes, just think of a way to sell them."

"Why are you talking so much, I'm not going to help you!" Huang Jintian laughed. Ten eight Bone level Dan, even if they were sold in the black market, they could still sell for a lot.

"Then let's begin, I need to hurry up and enter the inner sect. There are many outstanding Alchemists in the inner sect, maybe they have the antidote pill." Chen Xiang said, then after finishing that table of food with Huang Jintian and the others, he returned to the Everlasting Mountain to receive news about the Special god beast.

Just as he walked out of the lobby, he saw a beautiful lady dressed in white robes looking at him with a smile while holding a sword in her hand.

"Feng Wu!" Chen Xiang was finally relieved in his heart. He walked up quickly and smiled: "When you dress up seriously, you look even more beautiful!"

Feng Wu spread open his arms, laughed and circled around: "This is Everlasting Mountain's clothes, I have to wear it, do you think it will look good?"

"Not bad, to make you look more feminine!" Chen Xiang laughed: "How is the inner sect's life doing?"

"Not bad, many inner disciples are ignoring me. Hmph, I also can't be bothered with them. They are all weak chickens and I don't know where they got the courage to look down on me. Only if you have the skills will you truly be able to do so!" When Feng Wu talked about this matter, her face revealed a bit of anger, which showed that she had suffered a lot inside.

"Feng Wu, there's something important I need to ask you!" Chen Xiang said.

"Let's talk somewhere else, follow me!" Feng Wu brought Chen Xiang to a hotel. This hotel did not look luxurious, but it was very comfortable.

"This is where I used to live. I've paid a year's rent. You can live here from now on!" Feng Wu brought Chen Xiang to the third floor of the hotel. There were three rooms in each hall.

"Feng Wu, are you from the Feng Clan?" Chen Xiang asked.

As Feng Wu was pouring some tea for Chen Xiang, she paused for a moment, and then continued to pour, and poured a cup for herself as well. She was silent for a while, and after slowly drinking a mouthful of tea, she nodded and said, "Yes!"

"Is this something that triggered the unhappiness in your heart?" I'm sorry, I didn't do it on purpose! " Chen Xiang said as he saw Feng Wu's expression.

"It's okay! I have left the Feng Clan a long time ago. My father is a disciple of the Feng Clan, but he ... He is a bastard child, and is not well-received in the Feng Clan. His talent is mediocre, but he went to great lengths to enter the Everlasting Mountain, get to know my mother, and give birth to me. "

Feng Wu took another sip of tea and continued, "My parents passed away later on. My father told me before that if he died, I would return to the Feng Clan ... When I returned to Feng Clan, because my talent was not bad, I was nurtured as well. But later on, they wanted me to marry me. If I wasn't willing, I would have run out and joined the Everlasting Mountain. At that time, I wouldn't have feared that they would come looking for trouble with me. "

Feng Wu sighed: "I left the Feng Clan a long time ago, and have also earned several tens of billions of Shen Yuan stone. I already don't owe them anything now, even if you wanted to ask me about the matters of the Feng Clan, I'm not too sure either. I might not be able to help you at all! "

"It's fine. I just heard that there are Bisheng immortal lotus in Feng Clan, so I thought you might be a disciple of Feng Clan. I didn't expect you to actually be one." Chen Xiang laughed.

"Feng Clan has Bisheng immortal lotus? Maybe they got it later, how about I go back to the Feng Clan and help you ask! " Feng Wu knew that Chen Xiang urgently needed to concoct a Divine Pill to detoxify her wife, so no matter what, she had to help Chen Xiang no matter what if she didn't want to go back.

"No need, this kind of thing is too difficult for you!" You just need to continue asking about it in the inner sect. I have already arranged for people to investigate Feng Clan's side. " Chen Xiang laughed: "If you are able to become famous in the inner sect, then I will be able to go in and take care of you."

[Chapter 2245](#)

Although Feng Wu had entered the inner sect, she had missions, so she had to hunt Special god beast right now. If she went in from the outer sect like her, she would need to do this kind of labor for a long period of time! Although her reputation was like a trial, she was actually just a thug.

But true disciples who were born and bred in the inner sect rarely had such dangerous' experiential learning '. Most of their time was spent inside the inner sect cultivating; at most, they would improve their combat experience through combat!

After Feng Wu left, Chen Xiang also started to hunt Special god beast s. With Huang Jintian and Huang Yantian's help, he could quickly gather a hundred of those beads. At that time, he would be able to enter the inner sect to take a look.

In the blink of an eye, half a year of busy work had gone by. Chen Xiang was currently taking the corpses of ten Special god beast s to hand over.

"I'll be taking the examination soon!" Chen Xiang passed a very big Storage bag to the old man, and said while laughing.

"To be able to gather enough within half a year, someone must have secretly helped you!" Even though the old man said that, his face still carried a smile: "Actually, it doesn't matter if someone helps. In any case, what we earn are our Everlasting Mountain s, as 100 Special god beast s, is equivalent to 100 billion Shen Yuan stone. Just with your contribution points, it's much better than those inner sect disciples! Those bastards, they only know how to consume, they never know how to earn Shen Yuan stone! "

"Clan Elder, why is this happening? In other words, isn't cultivating those inner disciples a piece of cake?" Chen Xiang asked curiously, the majority of Everlasting Mountain's resources were provided by the outer sect disciples.

"Indeed, that's why the price increase came out of seclusion. At that time, the new rules will be set, and the good days of those brats will be over." The old man laughed: "There's no problem with these ten Special god beast, here!"

"Your strength is not weak, and you can already earn a large amount of Shen Yuan stone. Why did you still have to suffer humiliation in the inner sect? Although you can get a lot of powerful * * * * *, from the looks of it, you probably don't need that * * *! Did he come for the supreme dan bead? The most convenient thing to do in the inner sect was to have an outstanding pill god to help you refine a divine pill. The Dan God Institute s of the inner sect of our Everlasting Mountain s are the stronger out of the big powers. "

Chen Xiang laughed: "I am indeed heading towards that Dan God Institute, I need the divine pellets now." This was indeed the reason why he entered the inner sect.

... ..

After collecting all one hundred of those beads, Chen Xiang immediately ran towards the gigantic Myriad God Mountain. There was a cave at the bottom of the mountain where he could participate in the examination.

After Chen Xiang entered, it was very quiet. After all, the threshold to participate in the examination was very high, and it wasn't something that many people could participate in every day.

Upon seeing Chen Xiang, a small old man's eyes immediately lit up: "Young man, are you here to participate in the assessment? Come here! "

Chen Xiang anxiously walked over, there was only a table in the cave, and the old man was sitting on top of it, smiling with his legs crossed.

"I'm participating in the examination, here is my jade token!" Chen Xiang handed over his jade tablet, and then another box. Inside the box were a hundred beads, and proof of killing a hundred Special god beast.

"Chen Xiang, hmm! He's quite amazing. It's already been half a year, so let's start the examination now! Do you need time to prepare?" The old man asked. At the moment, he looked more excited than Chen Xiang, but it seemed like he was too bored here. He finally had something to take care of.

"Let's start now!" Chen Xiang only came to report after resting for a day.

"Alright, as long as you kill a Holy level Special god beast, you will pass the examination! This shouldn't be difficult for you! " The old man smiled and said, "I will bring you over and personally supervise you. This is only if you personally kill me."

"Holy level Special god beast?" Chen Xiang asked: How strong is it?

"The one with eighty Divine Deity is the Holy level Special god beast, the one with ninety Divine Deity is the king level Special god beast, and the one with one Hundred gods level is the emperor level Special god beast, the strongest one!" The old man said, "Since you can hunt a hundred and seventy Divine Deity Special god beast, your own strength is definitely not weak, so you should be able to complete it."

"Oh, then take me with you right now, I want to quickly enter the inner sect!" Chen Xiang only saw Feng Wu once a month. After Feng Wu entered the inner sect, there was almost no time. He spent the entire day hunting Special god beast, and sometimes even went to the Earth-stage Stars or other Heaven-stage Stars.

Star Law Divine Realm was so big, but there were so many of them that it was almost impossible to kill all of them.

The old man brought Chen Xiang out of the cave, and walked towards the Transmitting Square!

"Elder, do you not need to stay in the cave? What if someone comes to take the test?" Chen Xiang asked.

"If he really wants to take the examination, he will be waiting for me there! "In fact, I knew in advance who would come to take the test. When you were collecting the ninety beads, I received news that no one would come during this period of time." The little old man brought Chen Xiang along to enter the Transmission array.

When the Transmission array opened, Chen Xiang and the old man were teleported to a city. The old man then took out a flying discs and flew away from the city with Chen Xiang in the blink of an eye.

An hour had passed, and the flying discs were flying very quickly. They were already far away from the city.

"There's a Holy level Special god beast down there, go and lure it out!" The old man pointed at the huge hole in the ground.

This was a wasteland, so suddenly finding such a large hole in the ground was very abrupt. Moreover, it was emitting a strong aura, so it was not hard to discover that there was a strong Special god beast below.

"Hurry up and go! Even if you kill them, you'll be able to pass the test and become an inner court disciple!" "However, hehe, if you enter the inner sect then you will be sick of doing this kind of thing." The old man laughed.

"I'll go right now!" Chen Xiang flew towards the hole. He did not know what kind of Special god beast there was, but he was not afraid.

Chen Xiang had already reached the top of the hole. The old man sitting on top of the Frisbee took out a jug of wine and drank it, then laughed: "This guy has arranged for all of the Special god beasts to be pretty complicated. I think we'll need to fight for a while."

"Come out!" A flame condensed in Chen Xiang's palm and shot into the big hole.

A series of muffled rumbling sounds came from below the cave, followed by a burst of sharp hisses and piercing screams, which made Chen Xiang feel very uncomfortable.

"It's the God Piercing Mountain Beast!" Yue'er said: "This guy's voice is very unpleasant. If it's a Holy level Special god beast, then this guy is pretty strong, but it's nothing to you."

The earth started shaking as a rodent-like giant beast suddenly crawled out of a hole in the ground. Its body was covered in thick, barbed armor, and these armor pieces were like fish fins that could slide.

The armor pieces of the Mountain Penetrating Divine Beast all stood up, and after screaming at Chen Xiang, the black lance like spikes suddenly flew out densely from above.

[Chapter 2246](#)

Chen Xiang had originally planned to use Heavenly magic swords, but he was worried that the old man up there would see through it, hence he decided to solve the problem with his bare hands.

The black thorns released by the Mountain Penetrating Divine Beast flew over from below like a storm. Chen Xiang only used the same method to form a set of Flame powers, then he punched out with his fist and released a wave of flames that enveloped the black thorns.

The black thorns were instantly ignited by Chen Xiang's flames and dropped to the ground!

There were no longer any black thorns on the armor of the Mountain Penetrating Divine Beast, and it looked much more comfortable. However, Chen Xiang realized that there were some small spots on the armor that were growing rapidly.

"What a strong Fire God Power, this little brat's flames are scary. If those old fellows from the Dan God Institute see it, they will definitely be ashamed!" The old man was secretly surprised in his heart as he felt the force of Chen Xiang's punch.

"The Special god beast of the Holy level are too weak. I have to hurry and finish them, that way I can immediately enter the inner sect!" immediately dove down at high speed, the Meteor immortal power started to circulate, and when he dove down, his body was ignited in flames, looking like a falling meteorite.

Chen Xiang aimed for the head of the Mountain Breaking God Beast and roared. The veins on his fist bulged and spewed out a true raging flame, which turned into the shape of a fire dragon head. He opened his mouth and roared continuously.

Roar!

Chen Xiang used the Azure Dragon Divine Art in combination with the Meteor immortal power, possessing an unexpected power. The moment the Fire Dragon roared, it spat out a fierce flame

lightning. When the flame lightning struck the Mountain Splitting Divine Beast's head, its fist immediately dropped, as the Meteor immortal power rushed out!

BOO!

The powerful force penetrated through the mountain god beast's head and exploded inside, causing the head of the beast to split into pieces and blood to gush out. The most terrifying thing was, after the force shattered the head of the beast, it did not weaken at all and continued to penetrate into the ground.

The power of fire and thunder accompanied the Meteor immortal power's power, and after penetrating deep into the ground, it once again produced a series of violent eruptions!

Rumble rumble rumble! Along with the loud noise, the earth within a thousand miles radius began to shake violently. Cracks began to appear as the earth began to collapse and tremble violently.

Chen Xiang hastily placed the corpse of the Mountain Penetrating Divine Beast into the Storage bag, then flew up into the sky. When he turned his head, the ground had already become uneven, and dust was roiling everywhere.

"This brat ..." We gave it to him for free, he has 90 Divine Deity! " The old man could already see Chen Xiang's strength now. Only with this kind of cultivation would he be able to release such a terrifying power. Even he himself was wondering if he could defeat Chen Xiang!

The old man stared blankly at the collapsed ground. It had been a very long time since he had seen a person with such a young face and power.

"Elder, how is it?" Have I passed it yet? " Chen Xiang came onto the Frisbee and said smilingly, handing the Storage bag over to the little old man.

If I knew earlier, I would have let you go hunt a king level Special god beast. Your ninety Divine Deity is enough to deal with the divine beast that's going through the mountain with eighty odd Divine Deity, it wouldn't have been under any pressure at all! " The old man smiled and patted Chen Xiang's shoulder.

"I'm not hiding anything, you just can't tell." Chen Xiang rubbed his nose and laughed: "Clan Elder, can you not tell everyone that I have 90 Divine Deity? I am worried that once I enter the inner sect, they will arrange for some Special god beast that are harder to kill to be given to me.

"Of course not, I also came through the outer sect examination that year, so I know what's going on inside!" This old man knew how to conduct himself well. He knew that since Chen Xiang had that kind of strength, he would definitely be able to get along well in the future.

"Thank you elder!" Chen Xiang said sweetly.

"Here's your new jade plate and a few sets of clothes." The old man passed a box to Chen Xiang: "You can go up the mountain to report after you change your clothes! Although you are very strong, you still have to be careful in the inner court. Although those arrogant and useless ghosts are very weak, they all have powerful parents or masters. "

The old man had muddled through the inner sect back then, and now he was imparting experience to Chen Xiang: "If you want to achieve a better status and don't want to kill Special god beast all day, then

you have to take the assessment to become a true disciple as soon as possible. At that time, you will be better off."

Chen Xiang immediately thanked him.

... ..

The old man brought Chen Xiang back to the bottom of the Everlasting Mountain. Chen Xiang changed into the Everlasting Mountain's clothes, which were a set of white clothes.

There was a Sky Stairway that led directly to the peak of the mountain. Chen Xiang had never gone up, but he knew from Feng Wu that there would be many caves in the region that was close to the Everlasting Mountain.

Chen Xiang ran for a short while before he arrived at the inner sect of the Everlasting Mountain. He did not reach the mountain peak because that was where his legacy disciples, Dan God Institute s and elders lived.

"He's the new disciple who just passed the assessment!" The person in charge of guarding the Heaven Stairway looked at Chen Xiang's jade tablet and saw that it was brand-new.

"En!" Chen Xiang laughed: "Senior brothers, please take care of me!"

"We also came from the outer sect!" The big man laughed, "When you enter the largest cave, you will see a little kid. He is responsible for receiving new disciples."

After Chen Xiang thanked him, he flew up to the big cave, and after entering, he found a very spacious plaza. Other than that, there were also many big and small caves on the cave walls.

"The environment doesn't seem as good as the ground!" Chen Xiang thought, he had already seen that the "little demon" was merely a short man with a tender and childish face.

Chen Xiang walked over, and the man seemed to be able to tell that Chen Xiang was a disciple who had just passed the examination.

"Senior brother, I'm new." Chen Xiang anxiously greeted, he guessed that this brat was also from the outer sect examination, otherwise he would not have been arranged to do such a thing.

"I'll know when I see it. Otherwise, no one will come find me!" The man was shorter than Chen Xiang by three heads. He raised his head and looked at Chen Xiang, laughing: "You look really tall, but actually many people are taller than me."

Chen Xiang laughed: "Senior Brother, you are an inner sect disciple, how can you not have the ability to become tall? If you want to change your Bones right now, it shouldn't be difficult at all, right? Are you doing this to make others look down on you? During a battle... "Hehe!"

"Junior brother, you know too much!" The man laughed: "My name is Hua Huang, what about you, junior brother?"

"Chen Xiang!" Chen Xiang cupped his fists and said.

"Alright, I'll arrange a place for you to stay. Do you need to live by yourself or with someone else?" Hua Lang smiled evilly, "Or with a beauty?"

"Living with a beauty, of course? Speaking of which, Senior Brother, have you received a woman called Feng Wu before? Can you arrange for me to be with her?" Chen Xiang asked in a low voice.

[Chapter 2247](#)

"Yes, I have. This woman is a man. Do you know her?" Hua Lang asked curiously.

"Yes, I came here to chase her. Can you arrange for me to stay with her?" Chen Xiang laughed sinisterly.

"Well... It's a bit difficult, because she chose to live by herself from the very beginning. Only if she herself agrees, would she be able to open up another stone room in her cave." Hua Lang looked at Chen Xiang with a face full of admiration. "Junior Brother, you're so awesome. For the sake of chasing a woman like her, you actually risked your life to come here.

"I'll take you there first. I don't know if she's in there or not."

Chen Xiang followed Hua Lang to the deeper parts of the cave. It was dark and humid here, but the Spirit Qi inside was extremely dense, so it was much weaker than the cave at the entrance of the mountain.

"The environment here is a little bad, but it's still the center of Everlasting Mountain!" Hua Lang said: "The best caves are the ones on the surface of Everlasting Mountain, and a cave like this that is digging into the interior of a huge cave is rather weak, only those that are close to the cave entrance will do so!"

"New disciples can usually only stay in this sort of place. Unless they perform well, they will be rewarded with a good cave mansion."

Chen Xiang did not care about the environment, in any case when he was training, he would spend most of his time in the secret room, as long as there was a quiet and safe room, and furthermore, he did not need the dense Spirit Qi to cultivate, he relied on the Spirit Pellets to increase his strength.

"It's here!" The 1st level, even though the 1st level is not very good, there are still many benefits, so there's no need to fly up." Hua Lang laughed, and pointed to a cave entrance, on top of it the word "Feng Wu" was written, and the stone door was tightly shut.

"Miss Feng Wu, are you inside?" Hua Lang stood on his tiptoes and shouted to a shell at the door.

"I'm here. Is something the matter, brat?" Feng Wu recognized Hua Lang's voice and immediately replied.

"Feng Wu, I am Chen Xiang!" Chen Xiang immediately shouted to the shell.

Not long after Chen Xiang finished speaking, the stone door opened. Feng Wu saw that Chen Xiang was also wearing the Everlasting Mountain's attire and knew that he had passed the examination.

"There really is a person wearing this set of clothes." Feng Wu patted Chen Xiang's shoulder, and giggled.

"This junior brother wants to live with you and also open a secret room in your cave abode. Do you agree?" Hua Lang curled his lips, he did not think that Feng Wu would actually be so friendly to Chen Xiang, the reason being that their relationship was extremely intimate.

"Of course, I agree. Quickly go in and help him build a stone room. Beautiful!" Feng Wu threw a Storage bag at Hua Lang: "A hundred thousand Shen Yuan stone, that's enough!"

"Enough! Enough!" Hua Lang took the Shen Yuan stone and immediately laughed. He then eagerly ran in, only to hear a tinkling sound coming from inside. He was in the middle of carving a stone room.

"Feng Wu, have you been busy recently? I'll send you a message, but you won't even reply!" Chen Xiang asked as he followed Feng Wu to the small hall in the cave.

"I'm in closed door cultivation! The missions given to me by the authorities are getting more and more numerous, so whenever I have time, I will also go into seclusion to cultivate." Feng Wu suddenly said in a low voice: "I already found out the whereabouts of the Qingxin spiritual lotus, it's inside the Everlasting Mountain, but it belongs to the Everlasting Mountain, leave in the Elder's Hall!"

The antidote required three types of Divine Lotuses to concoct. It was called the Three lotus Dan and the three types of Divine Lotuses were all the divine medicines of King grade, which were more precious.

"Really? "Great!" Chen Xiang immediately held onto Feng Wu's hand, feeling a little excited.

"It's just that it's not easy to obtain. I heard that even Dan God Institute wouldn't be able to obtain something that belongs to the elder's courtyard." Feng Wu sighed.

"No problem, there will be a way eventually." Chen Xiang said, as long as he knew there was a way, he would think of a way to get it.

"Chen Xiang, it's really tiring for the outer sect to enter the inner sect. Not to mention being rolled in the eyes of the original disciples, I even have to work frequently, especially killing Special god beast. I've killed so much in the past half year that I almost vomited!" Feng Wu pouted and said, but right now she looked like a woman.

Hua Lang stuck his head out and laughed: "Don't look at my job as a receptionist, it's much better than all of you, haha."

Seeing Feng Wu's expression darken, Hua Lang could not laugh.

"Are there any benefits in hunting the Special god beast? After all, I can't possibly let you kill them for nothing and not give them any rewards, right?" Chen Xiang said.

"Of course there is. As long as you hand over half of the corpses, I will always leave half of them for sale. And the Special god beast s are all provided by the sect. After handing in 10 Special god beast s, you will get a Taipin Dan reward. If you hand it over to 100, you will be able to enter the Myriad Ancient Book Pavilion to find a suitable technique. Feng Wu said.

"Not bad! How many Special god beast you killed right now?" Chen Xiang immediately asked, the rewards were very generous, the Taipin Dan were very precious.

"Five!" We need to kill at least one beast every month, and all of them are beast kings of the eighty Divine Deity! " Feng Wu stretched out his five fingers: "It's very difficult to kill them, I get injured every time. Fortunately, Dan God Institute can receive the divine pellet to heal them."

Hua Lang's voice came out from the stone room, "This kind of day still needs to be endured! We've painstakingly obtained resources and shared them with the original resident disciples. Furthermore, they've gotten more than us, but they haven't given anything to us. After all, their parents and masters are all the true disciples of the Everlasting Mountain. "

"Killing Special god beast is nothing, running around is the tightest!" Chen Xiang said.

"The teleportation fees came from the Everlasting Mountain, it is indeed tiring to run around. Sometimes, the Special god beast's information is inaccurate, and you have to ask everywhere else, but this kind of situation is very rare, and is usually very accurate." Hua Lang said: "If there is a collaboration between two people, as long as we kill one a month, the corpse that we turn in needs to be complete, that way it will be much easier."

Hua Lang was more or less done, he was currently installing a stone door. He had already completed the stone door long ago, there were a few array formations on it.

"Alright, add in what you need!" Hua Lang laughed: "Please accept it!"

Chen Xiang walked in and praised: "It's a spacious place, and there's even a bathing pool. It's not bad, but there's no window!"

"This is inside the cave, where did this window come from for you!" Hua Lang said: "You guys take your time, I have to go guard the door!"

After Hua Lang left, Feng Wu immediately went to close the door!

"Chen Xiang, the Feng Clan also has a disciple here, and he's even the disciple of a Successor Disciple. He met me before, I think he will definitely report the news of me here." Feng Wu said.

"Oh? Don't worry, when the time comes, Feng Clan won't be able to do anything to you, you are Everlasting Mountain's disciple after all! " Chen Xiang said.

"Hard to say, if they decided to marry me, as long as they opened their mouths to the clan elders of Everlasting Mountain, maybe the clan elders would agree. Although the Feng Clan is not a match for the Everlasting Mountain, it still gives them some face." Feng Wu was extremely worried.

[Chapter 2248](#)

"I had cut off all relations with the Feng Clan long ago, and I have already compensated them with what I needed to compensate. Why are you still not letting me go?" Originally, she thought that if she were to enter Everlasting Mountain and fight for a period of time to become a true disciple, the Feng Clan would not dare to do anything to her.

But now, she had actually met a disciple of the Feng Clan here.

"Feng Wu, how much Bones do you have right now?" Chen Xiang asked: "You already have eighty Divine Deity, so it's not easy to cultivate your Divine Deity up to that level in a short period of time, but you can

still cultivate in Bones, which is the only way to quickly increase your strength. Only by doing so can you become a Successor Disciple faster."

Feng Wu had more than eighty Divine Deity, but Chen Xiang felt that her strength was slightly weaker, if not, it would not be so strenuous to fight the Holy level Special god beast. If she had more Bones, dealing with the Holy level Special god beast would be extremely easy.

"I... I only have one Bones, and this was something that I learned a long time ago. It's not so easy to condense Bones in a short period of time, and I don't have any Bone level Dan s either. The reason I entered the Everlasting Mountain was to earn more Shen Yuan stone s, and to make it easier to buy higher level Bone level Dan s. Feng Wu thought that what Chen Xiang said was unreliable, and she felt that condensing Bones was much more difficult than cultivating Divine Deity.

"I have a Bone level Dan." Chen Xiang said: "Wait for me here for a while."

Chen Xiang entered his new room, and after closing the door, took out the Zhongpin bone level Dan's divine medicine. He had quite a few of these divine medicine, and they were all copied for him by Lv Qilian when they were at the Core of the Earth.

"I'll first refine about twenty pills." Chen Xiang's eyes burned with a fiery light as the divine medicine in his hands melted immediately and turned into a ball of air, quickly fusing together. Finally, it was split into several small balls, and then condensed into six Bone level Dan s.

He had refined a total of four Bone level Dan, and all twenty-four of them were completed in a few seconds.

Feng Wu didn't know what Chen Xiang was doing and was very curious, but since Chen Xiang was closing the door, she could only suppress her curiosity and wait patiently. She didn't have to wait long before Chen Xiang opened the door and came out.

"Here." Chen Xiang handed over a jade box to Feng Wu.

"This is ..." the Bone level Dan. " Feng Wu wasn't sure if this was true or not, she had never seen so many Bone level Dan. Even though she had cultivated up to eighty Divine Deity, no matter what rank the Bone level Dan were, they were all extremely precious and rare, all firmly under the control of a large power.

"Mn, do you know the trick to condensing Bones?" Chen Xiang asked.

Feng Wu did not hear what Chen Xiang said, she was already shocked, 20 Bone level Dan s were right in front of her, and they were even for her to eat. She was thinking about what kind of background Chen Xiang had, to actually take out so many Bone level Dan s and give them to her so generously, one of them was worth over 10 billion Shen Yuan stone, and these 20 were equivalent to 200 billion Shen Yuan stone.

"Feng Wu..." Chen Xiang shouted lightly.

"What trick?" Feng Wu was also very sensible and did not ask about the origins of these Bone level Dan.

"Refining it in twelve hours, at this time, the chance of condensing a Bone level Dan is rather high. If it goes smoothly, you only need a few days to condense one Bones. These twenty Bone level Dan s should

be enough for you to condense two." Chen Xiang said: "At that time, your strength will also increase a lot."

"Thank you. I will return it to you in the future. I will go back into closed door cultivation right now." Feng Wu immediately entered the room.

Chen Xiang walked out of the cave and arrived at the entrance of the huge cave.

"Junior brother, are you going to retrieve the news of the Special god beast? Are you preparing to kill the Special god beast?" Hua Lang immediately laughed when he saw Chen Xiang.

"I've just become an inner disciple, don't tell me that I'm going to hunt Special god beast now." Chen Xiang asked.

"Of course not. You have a month to get familiar with this place, and then it will start next month." Hua Lang chuckled: "Aren't you jealous of my work right now?"

Chen Xiang looked around, and seeing that there was no one else around, he sent a sound transmission to Hua Lang: "Senior Brother Hua, I have a pill on me, if I exchange it with someone else, it would be considered a violation of the rules."

He laughed out loud and replied: "No, the rules do not allow sale, but I have never said that I am not allowed to trade, or secretly using divine pellets to exchange for items or for the help of others. There are a lot of things that need to be done with you, Junior Brother Shen, that pellet of yours, if you need it, I can help you get rid of it.

Chen Xiang knew that Hua Lang, who was in charge of receiving him all day, must have done these things secretly, which was why he came. He still had four Zhongpin bone level Dan in his hands.

"I have a Bone level Dan." Chen Xiang transmitted.

"What?" Hua Lang shouted in shock and disbelief, he couldn't believe that there was a Bone level Dan left for him to eat, and it was actually being used as an exchange. He suspected that Chen Xiang was crazy, even a prodigal son would not dare to lose like this.

"Go to your cave." Hua Lang realized the importance of this matter and said quickly.

Chen Xiang brought Hua Lang into the cave, and entered his room.

"Show me." Hua Lang anxiously said, this was a divine pellet that was worth ten billion, if he had gathered ten billion Shen Yuan stone, he would have definitely bought one at the first time to condense his Bones. In such a large power, without sufficient Bones, it would be hard to do.

Chen Xiang took out a Bone level Dan that had gone through heat treatment. From the looks of it, it did not seem like it had just been made.

Hua Lang placed the milky-white Bone level Dan in front of him: "The quality is very good, Bone level Dan of this color are all of the best quality, what do you plan to use to exchange?"

Hua Lang wanted to buy them for himself, because the majority of the Zhongpin bone level Dan he bought were of poor quality.

"Senior Brother Hua, I have just arrived at the inner sect and am weak in power. I think Senior Brother Hua should help me introduce a few reliable friends." Chen Xiang laughed: "I want to build a small force and need some trustworthy experts."

Hua Lang was a smart person, he could tell right away that Chen Xiang was trying to rope him in.

"Brother Hua is my first choice. I believe that he will not disappoint me. If Brother Hua is willing to join me, this will be yours as well." Chen Xiang took out another Zhongpin bone level Dan. "Two of them.

"Junior Brother Shen..." No, Master Shen, I, Hua Lang will follow you from now on. " Hua Lang immediately stood up and wanted to pay his respects, but Chen Xiang stopped him.

"Just call me junior apprentice-brother." Chen Xiang laughed: "Take it."

"Big brother, from now on, I am your little brother. How would I dare to call you junior brother?" Hua Lang took the Bone level Dan, and the quality was extremely good as well. When Hua Lang saw that Chen Xiang had casually given him two Bone level Dan, it meant that he did not care about the Bone level Dan at all.

[Chapter 2249](#)

Since Hua Lang had been in the inner sect for so long, yet he had not even gotten any Xiaping bone level Dan, he had to hunt and kill any Special god beast that he could think of. Therefore, in Hua Lang's eyes, Chen Xiang was much taller than the Leader. Baidu Search for Title + 800 Tale Net

"Alright, but in the case of outsiders, you should just call me Junior Brother!" Chen Xiang laughed.

"Big brother, if you have any orders, just say it!" "I'll resign from my position of reception right now and focus on helping Big Bro in the future." Hua Lang said.

"You can continue to be a receptionist! The only thing I asked you to do was to ask for some information. " Chen Xiang said: "Of course, the most important thing to do now is to strengthen us, so I need you to find out if there are any true disciples that are not too proud of themselves, I will use Zhongpin bone level Dan s, or even Shangpin bone level Dan s to rope them in! But the condition is that he must be able to rely on it! "

Hua Lang took a deep breath. Chen Xiang even had a Shangpin bone level Dan.

No problem, although the true disciples of the inner sect are very arrogant, but there are some who are more honest and diligent, and these are the things that are easy to win over, although they are true disciples, but in order to obtain the rewards of a divine high level pill, they have to do many difficult things, and if you were to give it to them directly, they, these honest people, would definitely follow you, big brother. Hua Lang said.

"What is the strength of true disciples?" Chen Xiang was more curious about this. Even someone with eighty Divine Deity like Feng Wu was still able to become a true disciple.

"Generally speaking, there are ninety-five Divine Deity or even one Hundred gods level! But their Bones is very small. Because of the lack of Bone level Dan, the majority of Bone level Dan s are controlled in the Dan God Institute, so the majority of Successor Disciples are ordered by the Dan God Institute s to go everywhere to look for divine medicine or to hunt for even stronger Special god beast s. " Hua Lang

said: "I currently also have ninety-three Divine Deity, but I only have one. If I want to become a Successor Disciple, I need at least three Bones in order to pass the examination."

Chen Xiang had heard Yue'er talk about it before. In the Star Law Divine Realm, it was extremely difficult to raise one's Bones.

"I'll give you another Bone level Dan. This is not for you, but for you to rope them in. Chen Xiang laughed.

"I wouldn't dare even if you gave me a hundred guts!" Hua Lang really did not dare, if he angered Chen Xiang, he would not be able to obtain the Bone level Dan in the future.

"Also, help me find out about the Qingxin spiritual lotus. I heard that the Dan God Institute has them, and see if there's any way to buy them!" This was also something that Chen Xiang was very concerned about.

"No problem, I've already recorded everything down!" Big Brother, when I go to rope them in, I will try my best to rope in a direct disciple with Hundred gods level s. Most of these direct disciples have very few Bones s, so as long as they have Bones s, they can very easily be pulled in. " Hua Lang said: "I will go now!"

Chen Xiang nodded, following that, Hua Lang ran out, at this time Hua Lang was also very excited, he only had two Bone level Dan.

"The Zhongpin bone level Dan are actually so useful, looks like I have to get more!" If possible, all of the Taipin bone level Dan must be obtained. "

Chen Xiang immediately entered the room. He had fifty Life-Killing Divine Deity now, so it would not be difficult for the purple pearls that he condensed to quickly replicate the Shangpin medicine.

If he wanted to make the Superior Grade Injuries into the best, he would need to use the Six Realms God Cup. He had never used the Six Realms God Cup before, so he did not need to refine the Taipin Dan now!

To many strong warriors here, middle and high rank Bone level Dan were extremely attractive, and it was not the time to bring out Taipin Dan.

Chen Xiang had to refine twelve Shangpin bone level Dan s and thirty middle graded pellets before he left the room. It had only been half a day.

Feng Wu was still in closed door cultivation and she needed some time to cultivate her Bones.

Chen Xiang sat in the hall, used the Alive Slain Method to condense the purple pearl, and then placed it inside the Six Realms God Cup!

When he first obtained the Six Realms God Cup, there were already some high level divine medicines, the highest being Heaven grade. He did not know about those divine medicines and did not know what use they were for now, so he did not need them right now.

"Feng Wu, quickly come out!" Someone suddenly shouted outside the door, and even shouted a few times.

At the door, there was a shell that could be used to send sound transmissions into the room. Feng Wu was currently in closed doors cultivation, so he definitely could not hear anything.

"Who exactly is it? Your tone is so bad! " Chen Xiang hurried over to open the door.

Outside the door was a tall, skinny and handsome man wearing the Everlasting Mountain's white robes. He couldn't help but frown when he saw that the one who opened the door was a man.

"Who are you? Why is he here? " The man's tone was extremely cold: "Is this Feng Wu's man?"

"So what if she is? She's in closed door cultivation and it's not convenient for her to see you right now." Chen Xiang said and was about to close the stone door, but he was blocked by the man's hand.

"How dare you, don't you know who Feng Wu is? You actually dare to get close to her, are you seeking death? " The man said angrily.

"I've slept with Feng Wu before, she's already my woman. Make that guy who has his eyes on her give up." Chen Xiang snickered.

"You ... But is it true? " The man suddenly became angry and shouted.

"Absolutely true. Otherwise, how could I be here? It's not like you don't know Feng Wu's personality! " The more Chen Xiang saw that the other party was angry, the happier he got. "The one who has his eyes on Feng Wu is not you, so why are you angry? Is that your master? That's right, if Master is angry, a servant like you must be angry too, or else Master will beat you up, right! "

"You're courting death!" The man was completely enraged by Chen Xiang and wanted to grab onto Chen Xiang's clothes, but who knew Chen Xiang would suddenly shut the door.

"Bastard, open the door!" The man pounded on the stone door.

If you have the guts, smash this door open. Since it's your responsibility to investigate this matter, I remember that we cannot cause any trouble in the Everlasting Mountain. I also want to know the consequences of causing trouble. Chen Xiang laughed.

"You have guts. You're just a lowly outer sect disciple, how dare you be so impudent. Just you wait and see. You're dead. I'll get someone to deal with you now." The man gave the stone door a powerful kick before walking away.

Chen Xiang also wanted to know how the other party was going to deal with him, so he patiently waited. In the past two days, he had been refining purple pearls and copying the Zhongpin bone level Dan's divine medicine.

The stone door of Feng Wu's room suddenly opened, and Feng Wu ran out laughing: "I did it, I have the second Bones, thank you Chen Xiang!"

"So fast, not bad!" How many Bone level Dan did you use? " Chen Xiang didn't expect that in just two days of time, Feng Wu had successfully condensed his Bones.

[Chapter 2250](#)

"Two pills!" Feng Wu was very happy at the moment. After condensing one Bones, she felt that her strength had increased a lot. She really wanted to find a Special god beast to train with.

Feng Wu took out the jade box and gave it to Chen Xiang: "There are still eighteen pills, you can have them!"

Chen Xiang pushed the jade box back and said: "You keep it for yourself. I don't need it now, you only have two Bones, and that's not enough.

"Un, I will work hard!" Feng Wu nodded.

"Oh right, two days ago there was a guy who came to visit you. He was tall and thin ..." Chen Xiang told Feng Wu about her encounter with the man, causing Feng Wu to giggle coquettishly.

"You, you have to take responsibility for spoiling my reputation." Feng Wu laughed: "That's good too, that bastard won't be thinking about me all day."

"Big Brother, Big Brother!" This was Hua Lang's voice.

"Why did this guy call you big brother?" Just as Feng Wu asked, he realized that Chen Xiang must have given the Zhongpin bone level Dan to him. She did not think that the Zhongpin bone level Dan would actually have such a low status in Chen Xiang's eyes, and had given it to him so casually.

Chen Xiang immediately went to open the door, only to see a tall and sturdy middle-aged man standing behind the short Hua Lang. This middle-aged man had thick eyebrows and big eyes, with a big beard, looking very intrepid, and looking somewhat simple and honest.

"Let's talk inside!" Hua Lang anxiously entered the hall and closed the stone door.

"Successor Disciple?" Feng Wu was surprised, and immediately stood up.

Chen Xiang also noticed that there was a purple jade pendant on the middle aged man's waist, with the word "True" written on it. This was the proof of identity as a Successor Disciple.

"Greetings Brother Shen, I am Teng Yong!" The middle-aged man cupped his fists and said, "Although I am a true disciple, but please do not be overly cautious."

"Right, right, right! Everyone, sit down!" Hua Lang immediately laughed, and even brought out some tea, and poured some tea for Chen Xiang and the others.

"This is Feng Wu." Chen Xiang immediately introduced Feng Wu to Teng Yong.

"Hello Big Brother Teng!" Feng Wu immediately stood up and bowed.

Teng Yong smiled and nodded. He was a Successor Disciple, but he did not have any airs of arrogance.

"Big Brother Teng once saved my life. At that time, I was hunting the Special god beast outside and made a den for the beasts. At that time, Big Brother Teng risked his life to save me. Hua Lang sighed, his face full of shame.

"Ah Lang, this matter will be over in the future, there is no need to bring it up again. Saving you is something that I am willing to do." Teng Yong laughed and patted Hua Lang's shoulder.

"Big Brother Teng is truly a righteous person. It is such an honor to be friends with Big Brother Teng." Chen Xiang laughed: "I won't beat around the bush now!"

"I believe Ah Lang has already told you that I will continue to build a small force. I need powerful and loyal people like Big Brother Teng to join me."

Teng Yong nodded his head: "Ah Lang has already told me about it, and even gave me a. Although I am a Successor Disciple and possess the Hundred gods level, I will still need to look at Dan God Institute's face. In order for us to listen to them and control the Bone level Dan completely, it is very difficult for us to obtain it!"

When it came to Dan God Institute, Teng Yong was immediately angered: "Dan God Institute is simply going too far, even though we have to try our best to please them, if we want them to help us with the concocting of pills, we have to pay even more, to be ordered around by them like slaves."

Chen Xiang was ecstatic, he never thought that in order to control these Rankers, the Dan God Institute would actually do so many things that would anger the heavens and the earth.

"Big Brother Teng came in from the outer sect examination. He worked hard to become an inner sect disciple, but was treated differently by the Dan God Institute." As Hua Lang spoke of these things, his face was also filled with indignation.

"We came in from the outer sect, and our strength is definitely not weaker than those little bastards, but right now, some of those little things with Dan God Institute backgrounds even dare to piss on my head." Teng Yong snorted: "It was precisely because I could not watch this that I crippled a little thing. In the end, I was punished by the Dan God Institute for ten thousand years and could not receive news regarding divine pellets and Special god beast."

"Dan God Institute is really going too far." Chen Xiang nodded.

"If you want to revoke the punishment, that requires a hundred billion Shen Yuan stone. I'd rather feed it to the dogs than to them." The more Teng Yong spoke, the angrier he got.

Chen Xiang was using the divine pellet that she had at her disposal to rope in these people who were dissatisfied with the Dan God Institute, thereby establishing her own small power. Only now did she realize that she was really too young, and couldn't see through Chen Xiang at all.

"Big Brother Teng, may I ask, how many Bones do you have right now?" Chen Xiang said.

"Three!" It's been a long time since I've managed to condense them, and for us outer sect disciples, creating Bone level Dan s is not easy, unlike those fellows who are born and bred in this world, they are not much better off. Even if they have more Bone level Dan s than us, they don't necessarily have much Bones! " Teng Yong said: "Amongst the true disciples, I do not dare to say that I am the strongest, but those who dare to challenge me are few in number."

"Big Brother Teng, how many hours will it take for you to refine the Zhongpin bone level Dan you are eating now?" Chen Xiang asked again.

I finished it in eight hours. I know that six hours is the best time, but that requires Shangpin bone level Dan. Teng Yong said.

Feng Wu also secretly nodded his head, high grade Bone level Dan s were always auctioned, every time the auction was called an auction, there would always be competition, and they would only sell one pellet each time.

"The Shangpin bone level Dan will be auctioned in the inner sect once a month, and I am currently restricted by the Dan God Institute from entering the auction." Teng Yong snorted.

"Big Brother Teng, this is for you!" Chen Xiang passed over two high rank Bone level Dan s. "Give the Zhongpin bone level Dan that Ah Lang gave you back to him. That won't be of much use to you, it's more suitable for you!"

In the hall, Feng Wu, Hua Lang and Teng Yong immediately took in a deep breath. The two Bone level Dan s in Chen Xiang's palm were of high quality, and the medicinal fragrance and aura were directly separated into different types. He just gave her such a precious item.

"This... "This..." Teng Yong was in disbelief.

"Take it, I only have these for now." Chen Xiang laughed.

"Thank you. From now on, you are my big brother!" Just like Hua Lang, Teng Yong also called him big brother. Previously, for the sake of the Shangpin bone level Dan, he was ordered around by the Dan God Institute like a dog.

Suddenly, someone knocked heavily on the stone door.

"Feng Wu, quickly come out!" Chen Xiang recognized this voice, it was the same voice that came to look for Feng Wu the last time. In the end, it flew away angrily due to Chen Xiang.

"It's Feng Yuan, this guy is a disciple of the Feng Clan, he came here very early, why is this bastard here!" Feng Wu walked over to open the door, she was not afraid of Feng Yuan right now, an expert like Teng Yong was here.
