

## Dan God 2261

### [Chapter 2261](#)

"Mn, don't worry Big Brother. I will definitely recruit a disciple that Big Brother will be satisfied with." Hua Lou started to admire Chen Xiang even more. When he returned to the inner sect, he heard the description of Chen Xiang's murder from the disciples present.

After Hua Lou left, Feng Wu asked: "Where are we going next?"

"Feng Clan!" Chen Xiang said: "The Feng Clan has Bisheng immortal lotus, it is a divine medicine used to refine Three lotus Dan, I must obtain it. So right now, I will first go to the Feng Clan and then sell it.

"Feng Wu, don't worry. With me by your side, you don't have to worry about being forced by the Feng Clan to marry others!" Chen Xiang smiled at Feng Wu.

"I believe you!" Feng Wu smiled and nodded. Not only was Chen Xiang's pill refining powerful, his strength was also terrifyingly strong. She had already known when she saw Chen Xiang killing the Armored crocodile and Great Heaven School's Yu Zhen.

Chen Xiang was asking Feng Wu to bring him to the Feng Clan!

"The city where the Feng Clan is located is called Wind City, it is also a relatively large and famous city, all the large cities use the Transmission array that leads to the Wind City." Feng Wu said as he brought Chen Xiang to Transmitting Square.

In the blink of an eye, Chen Xiang and Chen Xiang had already arrived at the Wind City, which was very far away from the Cang Cloud City.

"Chen Xiang, how do you plan to buy Bisheng immortal lotus from Feng Clan?" Feng Wu asked.

"If you use a lot of Xiaping bone level Dan, will that work?" Chen Xiang had used many Xiaping bone level Dan to buy the Qingxin spiritual lotus before.

"It should be possible. We'll know when we talk to them." Feng Wu said: "Feng Clan is also lacking Xiaping bone level Dan, if you offer a high enough price, they will definitely give it to you."

At this time, Feng Wu had changed her appearance, and was not worried about being discovered by the Feng Clan. She brought Chen Xiang quickly to walk on the streets, and arrived at a pawnshop in the Feng Clan.

"This is the biggest pawnshop in Feng Clan, you can even pawn godly pellets here, many small and medium-sized sects do this, big powers would not say anything." Feng Wu said to Chen Xiang: "The shopkeeper of this pawnshop has more power. If you can meet him, then you can hope to talk about the Bisheng immortal lotus with the Feng Clan."

Chen Xiang nodded his head and then entered the pawnshop with Feng Wu. There were a lot of people inside, all of them lined up to purchase items, in exchange for Shen Yuan stone s.

After entering, Feng Wu pointed in a direction. There was a door there, and outside the door, there were two people guarding it.

"This door is specially used to receive distinguished guests. Go straight ahead and take out something that shows your esteemed status." Feng Wu sent a sound transmission to Chen Xiang.

Chen Xiang thought for a moment, then walked over. The guard immediately stopped him, and just as he was about to speak, Chen Xiang took out a small box.

The two guards recognized the Xiaping bone level Dan and immediately opened the door for Chen Xiang.

After entering, Chen Xiang and Feng Wu were led to a private room by a lady.

"Our manager is currently talking with other important guests. He will be here soon, so please wait patiently." The woman smiled sweetly and left the room.

Chen Xiang and Feng Wu waited for less than an hour before the shopkeeper entered the secret room. It could be seen that he was really busy, and had received a lot of important guests.

The shopkeeper was middle-aged, and upon entering, he said with a smile: "Friend, when you first came in, you revealed dozens of Xiaping bone level Dan, I wonder what you wanted to pawn? Or is there something else you need? "

"Bisheng immortal lotus!" Chen Xiang went straight to the point: "I know that your Feng Clan has Bisheng immortal lotus.

"This... If you know about the recent events, then you must know that there was a Qingxin spiritual lotus that was previously sold to seven hundred and eight Xiaping bone level Dan, and our Bisheng immortal lotus is only more expensive than the Qingxin spiritual lotus, so it definitely isn't low. If you are ready, I can talk to the elders of our Feng Clan and have them come over as soon as possible. " The shopkeeper never thought he was here to buy Bisheng immortal lotus, he really couldn't make the decision.

Chen Xiang took out a large jade case, placed it on the table, and then opened it. Inside were all milky-white Xiaping bone level Dan, which at one glance, could be seen to be of high quality.

The shopkeeper saw so many white Xiaping bone level Dan and couldn't help but to suck in a breath of cold air. Even though he was the shopkeeper of this big pawnshop, he had never seen so many Xiaping bone level Dan before.

"I will inform the elders and ask them to come as soon as possible." The shopkeeper walked out of the private room, while the elder came in quickly, so Chen Xiang and Feng Wu only waited for a little while.

When an old man came in and saw the Xiaping bone level Dan s on the table, he was secretly shocked. When Chen Xiang saw him coming over, he immediately put away the box.

"Eight hundred pills!" Chen Xiang smiled faintly: "How is it?"

"Bisheng immortal lotus s are a bit better than Qingxin spiritual lotus s, and Qingxin spiritual lotus s can be sold for 780, so you only need to add 20 of them!" The old man quickly asked, "How about 900?"

Chen Xiang frowned, he pretended to consider it for a while and sighed: "Alright, but you have to let me see how good the Bisheng immortal lotus is!"

The old man took out a jade box and opened it. Inside was a lotus carved from jade. When the light shone into it, the entire flower became transparent, and it even emitted a silvery white radiance. It was extremely beautiful.

"Under our careful care, the quality is excellent." The old man said.

"These are nine hundred Xiaping bone level Dan!" Chen Xiang took out a large jade box and placed it on the table.

The old man nodded, and then started to count the quantity with the shopkeeper. Very quickly, they finished counting. They were very happy, because the quality of these Xiaping bone level Dan were all the best!

Feng Wu was secretly shocked in her heart. She guessed that these divine pellets were all made by Chen Xiang when he was in closed-door cultivation earlier. To be able to refine so many in such a short period of time, she really couldn't understand no matter how hard she tried.

"Here you go!" The old man passed the Bisheng immortal lotus over to Chen Xiang.

Chen Xiang carefully examined it once more, nodded his head, and placed it into the ring.

After the trade was completed, Chen Xiang and Feng Wu immediately left the pawnshop and strolled around.

"I want to leave the Wind City as soon as possible. I'm worried that they will find out that I'm here. It wouldn't be good if I get into trouble." Feng Wu sent a sound transmission to Chen Xiang, and at this moment, she was even more cautious: "That elder from before didn't see me before, so he didn't notice it."

"We're being followed. It's that elder and manager who are following us. I wonder what they are planning to do!" Chen Xiang sent a sound transmission to her: "Feng Wu, bring me out of the city. Let's stay far away from the Wind City to see what their purpose is."

Knowing that she was being followed, Feng Wu became nervous, but thinking that Chen Xiang was very strong, she calmed down. She was afraid of Feng Clan, because she thought that he was too weak, and now not only did she have the powerful Chen Xiang by her side, she had also grown a lot, so she was no longer afraid of Feng Clan.

## [Chapter 2262](#)

Chen Xiang and Feng Wu both walked very quickly, and after walking for a distance, the elders and the shopkeeper of the Feng Clan were still following them. Until now, Feng Wu had not discovered the two people following them, which was what Chen Xiang had told her.

"What are they trying to do? Do you want to find out our identities?" Feng Wu sent a sound transmission to Chen Xiang, but she was no longer so nervous, because she saw that Chen Xiang was very calm. Regarding this kind of thing, she did not have much experience.

"We'll know once we leave the city. Anyway, it won't be anything good!" Chen Xiang said: "Don't worry, their strength should be considered good in the Feng Clan, but it isn't too strong in my eyes."

Just like the Great Heaven School, the Feng Clan was at most slightly stronger than the Great Heaven School, and the Great Clan Elder of the Great Heaven School was easily killed by Chen Xiang, so the following elder would definitely not be any stronger than the Great Clan Elder of the Great Heaven School. Thinking of this, Feng Wu could finally relax.

Feng Wu brought Chen Xiang to take a shortcut and very quickly, they arrived at the city gate. The Feng Clan Elders and the pawnshop manager were still very tight on each other!

"Let's leave the city!" Chen Xiang said.

Feng Wu brought Chen Xiang out of the city gate, and the two of them started sprinting. Not long after, they left the city, and arrived at the mountain forest.

Along the way, their speed wasn't very fast. This was also what Chen Xiang wanted to see what the two people behind them were planning.

Chen Xiang and Feng Wu entered a gorge, and just as they were about to fly out of the gorge, two people suddenly appeared in front of them.

"It's indeed Feng Qing and the shopkeeper!" Feng Wu immediately transmitted to Chen Xiang: "Do you want to take action now?"

"Not now!" Chen Xiang said.

"If you want to make a move, leave Feng Qing to me, he will be the elder of the Feng Clan." Feng Wu said: "I want to see how much stronger I am compared with him!"

"Alright!" Chen Xiang immediately nodded.

Feng Qing and the pawnshop manager had increased their speed a moment ago and flew over from high up in the sky before landing at the entrance to the valley to intercept Chen Xiang and the others.

"You two, what do you mean by this? Could it be that he wants to go back on the agreement with the Bisheng immortal lotus?" Chen Xiang said.

We feel that the Bisheng immortal lotus is worth two thousand Xiaping bone level Dan. You only gave us nine hundred, and you still owe us one thousand and one. " Feng Qing smirked: "If you don't give it to me, don't think of leaving this place alive! You owe us a thousand and one Xiaping bone level Dan. "

"If you go back on your word, wouldn't it have been fine if we didn't do business?" I'll just return the Bisheng immortal lotus back to you guys. " Chen Xiang took out a jade box, "Then you must at least return the nine hundred Bone level Dan to me. I don't have a thousand and one hundred Bone level Dan with me right now! "

"Since you are unable to repay your debt, then use the Bisheng immortal lotus to repay it!" The pawnbroker laughed and took out a large hammer.

Chen Xiang frowned, and said: "Your Feng Clan is considered a well-known family, yet you guys are so despicable. Aren't you afraid of being laughed at if this gets out? "

Feng Qing laughed coldly: "Of course not, because all of you will soon become dead, how will you spread the word?"

Chen Xiang summoned his Heavenly magic sword, and seeing him take out that terrifying broken sword, Feng Wu was secretly shocked in his heart. Last time, Chen Xiang used this sword to cut the Armored crocodile into two.

"I'll leave that old man to you!" Chen Xiang said to Feng Wu. Feng Wu had said before that she would spar with an elder of the Feng Clan.

With that, Chen Xiang flew towards the pawnshop owner, his speed was extremely fast, both the pawnshop owner and Feng Qing did not expect that Chen Xiang would actually take the initiative to attack.

"I really don't know where all of you get the confidence to actually think that you can kill us?" Chen Xiang looked as though he had rushed over, but when he was about to fly halfway, he suddenly appeared behind the pill shop manager. As he said that, he held his sword with one hand and slashed lightly, as if he was slashing through the air, a pale white semicircle of light flashed in the air, the Heavenly magic sword gently cut apart the body of the shopkeeper, slicing him in half.

"Hmm? How could he die so easily? I thought you were so strong! If I knew earlier, I wouldn't have used my sword!" Chen Xiang's face revealed a look of astonishment.

Feng Wu was still standing at his original position, while Feng Qing was still standing beside the pawnshop manager. Looking at the body that was split into two, his face was filled with shock, this pawnshop owner's Divine Deity was at 90%, which in the Wind City and even the Feng Clan, was considered relatively strong. But now, it was like tofu, being easily sliced into two by Chen Xiang.

Feng Wu immediately reacted as she shot forward, her arms filled with an extremely violent energy. It was actually a vibrating power, and as the divine power passed through her four Bones and more than eighty Divine Deity, it became even more violent.

Feng Qing felt a burst of energy approaching him and wanted to dodge, but he was worried that Chen Xiang would attack. At this moment, he was extremely frightened, both he and the pawnshop manager never thought that these two seemingly young people would have such terrifying power.

Feng Wu struck out his palm, causing her oscillating divine power to rush out and transform into an invisible force. When she was still quite a distance away from Feng Qing, she had already charged over and crashed into his body.

Feng Qing initially did not plan to dodge it, because when he moved, he was definitely being watched by Chen Xiang.

Bang!

Feng Wu's Oscillating God Force was very strong, the shock wave was like the impact of the mountains and rivers, sending Feng Qing flying, but he looked fine. It could be seen that his Divine Armor was extremely strong, able to absorb such a strong attack force.

When he saw Feng Qing following them, he had already guessed that the other party was planning to attack them and retrieve the Bisheng immortal lotus. He had also encountered this kind of thing before, which was why he intentionally lured Feng Qing out of the city.

"Where are we going now? You still lack one type of Divine Lotus, and you can refine Three lotus Dan to cure your wife's poison." Feng Wu's eyes lit up, and said: "How about we go to Cang Cloud City to find that old man who knows everything, and maybe ask him a few questions."

"Yes!" "Why didn't I think of it? I should have tried it long ago." Chen Xiang laughed.

"I didn't think about it before. I've always thought that he only knew a few things that had nothing to do with pills. Let's give it a try first." Feng Wu said.

After that, the two of them returned to the Wind City, and via the Feng City's Transmission array, they arrived at Cang Cloud City.

Chen Xiang and Feng Wu went to look for the mysterious old man, but when the old man saw them, he just chuckled.

"If I'm not wrong, the Heavenly Aquarius should be in your hands!" The old man laughed, he was so well-informed, he knew about Yu Zhen the moment he was killed by Chen Xiang. At that time, he was very surprised about Chen Xiang's strength, how could he be so powerful, and even daring to kill Yu Zhen in front of everyone.

Chen Xiang did not reply, he only smiled.

"Old mister, we're looking for you to inquire about the whereabouts of a type of divine medicine. I wonder if you have any reliable news?" Feng Wu asked with a smile.

"Go ahead!" The old man laughed, "Let's see what you are asking for first, then I will tell you the price!"

"Purple Heart Lotus!" Chen Xiang said.

The old man thought for a moment, then said: "A single Xiaping bone level Dan, I'll tell you guys!"

"You're really evil, each time you get more expensive than the last!" A single Xiaping bone level Dan is worth one billion." Feng Wu immediately said.

Chen Xiang never thought that the other party would offer such a high price, much higher than before.

"Do you still want to know the whereabouts of the Purple Heart Lotus? After I tell you the news, you all have a great chance of obtaining the Purple Heart Lotus. If you were a little slower, it would be gone." The old man laughed.

Chen Xiang had already taken out a Xiaping bone level Dan. He didn't feel bad about it, it was just that Feng Wu had gotten used to trying to haggle.

"Old mister, please speak!" Chen Xiang said, all he was missing was the Purple Heart Lotus, so even if he gathered all of the Three lotus Dan's divine medicine, he would soon be able to refine the Antidote Pill.

"On a Earth-stage Stars called Qing Xuan, in about three days, a few big shots of powers will gather there, and they will conduct an exchange! The condition to get in is to get precious divine medicines or

divine pellets. Of course, you have to pay a fee of five million Shen Yuan stone. " The old man said as he took out a piece of paper and wrote down the location in detail and passed it to Chen Xiang.

"Only in the Thousand Ancient City will we be able to find the Transmission array to Cyan Profound Star. After we reach the Cyan Profound Star, you all have to be careful. That place will be a bit more chaotic." The old man said.

After finding out the whereabouts of the Purple Heart Lotus, Chen Xiang and Feng Wu immediately rushed over to the Thousand Ancient City, and then through the Thousand Ancient City to teleport to Cyan Profound Star, they spent a lot of money on teleporting. Fortunately, Feng Wu had amassed a lot of Shen Yuan stone in the past few years, and she did not need to buy any Bone level Dan now, so she did not care about the Shen Yuan stone.

"Earth-stage Stars is just not the same, the difference is too big compared to Heaven-stage Stars." After Chen Xiang arrived at the Cyan Profound Star, he felt as if his breathing was a little uncomfortable.

"Of course, this is how the Earth-stage Stars is. Staying in the Heaven-stage Stars for a long time, it would be hard to get used to going to other stars! I don't really care about it anymore. I have long since gotten used to hunting Special god beasts and running all over the place. " Feng Wu smiled and said, "We should be safer here, at least we don't have to worry about Everlasting Mountain."

Now that Chen Xiang and Feng Wu had not changed their appearances, they used their original appearances to head towards the trade fair.

Chen Xiang and Feng Wu arrived at the city mentioned by the old man. This city was relatively small, and also very cold. They couldn't understand why a trade fair would be held in such a city.

Just as Chen Xiang was feeling suspicious, Yue'er said: "The main reason why they are hosting such a trade fair in this place is to avoid the law enforcers. Some law enforcers like to mess with this kind of thing, because this kind of thing is against the rules. Therefore, these kinds of trade fairs would usually be held in private, where friends would pass the information to each other and the Enforcers would not know about it. "

Feng Wu and Chen Xiang arrived outside a villa at the side of the small city. When he and Feng Wu were about to enter, the guards at the entrance of the Villa were already extremely vigilant.

"Who brought you here?" A guard arrived.

"Yes ..." An old mister in Cang Cloud City who knows everything. " Feng Wu had an idea.

The guard nodded and said, "Please enter!"

Chen Xiang never thought that the old man would actually have such face. Without even saying his name, the guards had already let them in! This made him feel that the old man was the person behind this trade fair.

After entering the Villa, there was immediately someone who came to receive Chen Xiang and the others. Chen Xiang invited them to a guest hall, and then there was an old man who was specially responsible for confirming their qualifications to participate.

"People who participate in trade fairs usually have something to exchange with. I wonder what you guys will take out to trade with others?" The old man asked gently.

"Will that do?" Chen Xiang took out two Shangpin bone level Dan s and asked.

The old man quickly nodded, "Enough, enough!"

Shangpin bone level Dan s could not be considered expensive compared to many high level divine medicines, but they were extremely rare and would only appear at regular auctions by large powers.

Feng Wu paid the price of five million Shen Yuan stone, because she was only going to accompany Chen Xiang, she had to pay it by herself.

Chen Xiang's main goal was the Purple Heart Lotus, and he had made sufficient preparations this time, this was a trade fair, if the Xiaping bone level Dan s were not enough, he could use the King grade s' divine medicines to exchange, and the Six Realms God Cup's divine medicines were all double shared.

In another two days, the trade fair would begin. In this period of time, Chen Xiang used the Six Realms God Cup to complement the large number of purple pearls that he had condensed before, and replicated the Bisheng immortal lotus.

#### [Chapter 2264](#)

Even when Chen Xiang used all his purple pearls that he had condensed in the past few days, he could only produce one Bisheng immortal lotus, and it was so together with the Six Realms God Cup and the Six Realms mirrors. If he wanted to make another one, it would take more than ten days.

On the morning of the start of the trade fair, there were people who came to receive Chen Xiang and Feng Wu, and brought them to the side of a house in the villa. After passing through a formation array, they entered a large hall in the belly of the mountain. Chen Xiang and Feng Wu both felt that the five million Shen Yuan stone was worth it.

Chen Xiang and Feng Wu sat at a big round table. There were still eighteen empty seats at the round table, and this hall only had one table. There were only twenty people at the trade fair, which was not as big as Chen Xiang had imagined.

Chen Xiang and the rest were the first to arrive, after that, there were more people that came in, they all sat on the luxurious chairs, and at this time, some people came over to pour the fragrant tea.

"You ... You are Feng Wu! " A middle-aged man shouted in surprise.

Feng Wu was also shocked, when she saw the middle aged man, her eyes revealed a look of fear, but thinking about Chen Xiang at her side, she immediately dispelled her fear, and coldly said: "I never thought Clan Leader Feng would actually recognize this little girl."

Chen Xiang immediately understood, the middle-aged man was the patriarch of the Feng Clan, Feng Hao! He was also the strongest in the Feng Clan.

"If you have any grudges, settle them outside the venue." An old man said softly.

Feng Hao had always been looking for Feng Wu, and had even heard that Feng Wu was in the Everlasting Mountain. But not long ago, he heard that something had happened to Feng Wu in the Everlasting Mountain and he was currently being hunted down by the Everlasting Mountain. Feng Wu was related to this man!

When Feng Hao sat down, he stared at Chen Xiang. He had already guessed that the man who started a massacre at the Everlasting Mountain was the one beside Feng Wu.

People arrived one by one and soon, the seats were full.

"Now the trade fair has begun. Here, as long as you agree on the price, you can buy anything." An old man said, "Please follow the order and take out your things, the first is this Young Master Shen!"

Chen Xiang immediately took out a jade box and opened it, saying, "Two Shangpin bone level Dan!"

The other eighteen people secretly calculated in their hearts about how many Shen Yuan stone they had. If they could get them, that would be good.

"May I know how to change it?" The old man in charge of the trade fair asked.

"I heard that someone here will take out the King grade and divine medicine, the Purple Heart Lotus. Today, I want to exchange it for the Purple Heart Lotus." Chen Xiang said.

Feng Hao said as he furrowed his brows, "I also want to exchange for the Purple Heart Lotus, and I've already made an agreement with you a long time ago!"

An old man said, "This will depend on what Elder Wang, who possesses the Purple Spirit Lotus, says!" He looked at a black-robed elder.

The old man stroked his beard and took out a small, transparent box. Inside was a purple lotus flower. This lotus flower looked like it was made out of translucent amethyst crystal. One could see a purple light emitting from the center of the lotus; this was the Purple Heart Lotus.

"Clan Leader Feng, although you have an agreement with me, it does not mean that I will definitely exchange with you! You all know how precious the Purple Heart Lotus is, this is a King grade divine medicine, and one that can be used to refine the precious Three lotus Dan s within the King grade divine pellets. " Elder Wang stroked his beard again. "The two of you take out something that you want to exchange for my Purple Heart Lotus. I think that would make me like it."

"Young man, if you think that you can get two Shangpin bone level Dan, then you're too naive." Feng Hao laughed coldly, then took out a large jade box, which he placed on the large table.

After opening it, they were filled with Xiaping bone level Dan s.

"The more common way of trading is a thousand Xiaping bone level Dan." Feng Hao said indifferently, then shot a disdainful glance at Chen Xiang.

Everyone started to exclaim in surprise. Previously, they had heard that the Everlasting Mountain's Qingxin spiritual lotus s were only auctioned to seven hundred and eight, but now Feng Hao had taken out a thousand of them.

Chen Xiang laughed: "Amongst these thousand Xiaping bone level Dan, many of their quality are relatively average, at most, it can be counted as eight hundred, aren't you trying to cheat me?"

Everyone nodded. With a sweep of their consciousness, they could roughly tell the quality of these Bone level Dan.

"Why don't you take out something decent? Other than those Heavenly Star Great Leaders, do you think that it's easy to take out a thousand Xiaping bone level Dan?" Feng Hao scoffed, "Don't think that just because you have two Shangpin bone level Dan s that you are so amazing!"

Chen Xiang let out a soft sigh and then also took out a big box. After he roughly summarized the box, the medicinal fragrance inside gushed out like gushing spring water.

"I also have a thousand Xiaping bone level Dan! This isn't too hard for me. " Chen Xiang smiled faintly, looked at Elder Wang and said: "Elder Wang, you should be able to differentiate between my good and his good!"

Everyone's eyes were straight as they looked at the high quality Bone level Dan s in the box. They used their spiritual sense to scan the box a few times, and each pellet was of the high quality and very fresh.

Feng Hao took a deep breath, his heart was filled with anger, he never thought that the young man who had started a massacre in the Everlasting Mountain would have such a deep background. When he saw Feng Wu sneering at him, his heart was filled with rage, he was actually looked down upon by this woman! What made him secretly hate, was that Feng Wu was from Feng Clan. Feng Wu should have gotten benefits if he found a good man, but because of the conflict he had with Feng Wu, Feng Wu ran away from home.

Although Chen Xiang was surprised to see Elder Wang, there was disappointment in his eyes, because this was not what he wanted.

The Purple Heart Lotus was extremely important to Chen Xiang, so he would not let go of this opportunity. He took out another small jade box, and after he opened it, everyone present took a deep breath.

"Elder Wang, choose between the two!" When Chen Xiang saw Elder Wang's eyes shining, he knew there was hope.

As everyone was admiring these Bone level Dan, they were also very curious about where Chen Xiang's Bone level Dan came from. This pill formula was only owned by the powerhouses of Heavenly Star Realm, and this young man actually had so many. He definitely did not buy them, and the quality of the Bone level Dan was not the same.

"I choose ten Shangpin bone level Dan!" This was already a huge profit for him. Normally, even if he had more Shen Yuan stone, it would be difficult to get them.

Very quickly, Chen Xiang and Elder Wang finished their exchange. Elder Wang left, but Chen Xiang did not leave, which made the others secretly rejoice in their hearts. In their eyes, Chen Xiang was a tycoon.

[Chapter 2265](#)

Chen Xiang continued to stay in the trading center only to see what good stuff he would have next. At the same time, he also planned to anger the patriarch of Feng Clan, Feng Hao.

As the Patriarch, Feng Hao must have known about this matter. Chen Xiang guessed that the reason he came to this trading center was to see if the Bisheng immortal lotus would appear here, or if he could exchange it for the King grade's divine medicine that was comparable to the Bisheng immortal lotus.

Although Feng Hao was the Patriarch, there were still a few factions in the Feng Clan. The Bisheng immortal lotus were under his control, and if they were to lose them now, they would definitely be scolded by the people from the other factions.

"Feng Hao, don't you have a Bisheng immortal lotus? Could it be that you plan to attack them this time?" A middle-aged man laughed and asked: "I am very interested in your Bisheng immortal lotus."

Feng Hao snorted: "Bisheng immortal lotus is the clan protecting treasure of my Feng Clan, and furthermore, it's a Bisheng immortal lotus that can condense three lotus seeds, I'm afraid you can't afford it!"

Chen Xiang secretly nodded his head. The lotus seeds that the divine lotus seed had condensed were also very important, they could be used to concoct pills if the quality of the lotus seed was high enough!

Right now, Chen Xiang had already obtained three divine lotuses, the Everlasting Mountain's Qingxin spiritual lotus, and the Purple Heart Lotus he had just obtained were all only worth one lotus seed.

"Yue'er, place the Spirit seed into the Six Realms God Cup, and then put the Bisheng immortal lotus into the Six Realms God Cup. See if you can quickly produce a lotus seed." Chen Xiang said.

When he first entered the Nine Star God Realm, the Spirit seed he obtained combined with the Six Realms God Cup's usage already had the effect of making the divine medicine mature. He hadn't tried it yet, but he had Yue'er plant a lot of Spirit seed inside it.

The middle-aged man who was ridiculed by Feng Hao was unconvinced, he took out a black box and said: "Your Bisheng immortal lotus s may not even be able to compare to the things inside my box!"

Everyone was surprised as they looked at the black box.

The middle-aged man opened the lid, revealing a large black fruit.

"What is this?" Although everyone could see that it was a fruit, they did not know what kind of fruit it was.

"You don't know!" This is called the Bone level fruit. After eating it, you will be able to condense Bones.  
" The middle-aged man said loudly: "I received two back then, and if I eat one, I will condense Bones!"

Feng Hao sneered: "This is just one side of your story. I, Feng Hao, have lived for so long, and I have a great understanding of divine medicines, but I have never heard of the Bone level fruit you speak of!"

"It's up to you whether you want to believe it or not, but I can use my life as a guarantee that after eating it, you will be able to sense the existence of new Bones, and even if you don't immediately condense it out, you will feel the vague existence of Bones. As long as you focus on cultivating that Bones in the future, you can condense it out very quickly, and it won't be like how many Bone level Dan

you eat." The middle-aged man was very confident, "I already have five Bones now, the fifth Bones was formed from this fruit, back then there was no pain at all."

Everyone present looked at each other, shook their heads, expressed their disbelief. They were sure that if they ate it, they would be able to condense Bones, this was just too shocking. Star Law Divine Realm had existed for many years, but they had never heard of such a fruit.

Chen Xiang also asked Yue'er, and Yue'er also indicated that she had never heard of it before.

Feng Hao sneered: Do you see that, no one here believes what you said, you only have one fruit, and you are the only one who has eaten it, it is very difficult to prove anything, unless you make me eat it.

"Don't even think about it." The middle-aged man was somewhat angry because no one believed him. He put away the black box.

"Brother, I am interested in your fruit. How can you exchange it with me? But let me explain first, I don't have much Shangpin bone level Dan left on me right now, not even ten." Chen Xiang said.

"I am Ge Long, thank you for believing me!" Even if that is the case, I will not easily exchange it with you. If you do not have enough Shangpin bone level Dan s, do you have any more valuable divine medicines? " Ge Long stood up and cupped his hands towards Chen Xiang. No one believed that his words made him feel awkward, but Chen Xiang had expressed his interest towards his fruits, which was why he paid his respects to Chen Xiang.

Chen Xiang thought for a while, then said: "You just said that you are interested in Bisheng immortal lotus, right?"

Ge Long nodded his head, and said: "I am interested, but there isn't enough Bisheng immortal lotus to exchange for this fruit of mine, unless you condense four lotus seeds!"

"Four lotus seeds?" It would take hundreds of thousands of years to achieve that, and five hundred thousand years for my Feng Clan's Bisheng immortal lotus to condense the third lotus seed. " Feng Hao said in disdain, "Don't tell me you expect this kid to have Bisheng immortal lotus?"

Chen Xiang smiled lightly: "I really do have one!"

Feng Hao was immediately shocked, because their Feng Clan had just lost his Bisheng immortal lotus and the elder had already died. He did not even know where his Bisheng immortal lotus had gone.

Just now, Yue'er had told Chen Xiang that she had used a large number of Spirit seed s, in conjunction with the Six Realms God Cup s, to successfully make the Bisheng immortal lotus give birth to a lotus seed!

Chen Xiang now had two Bisheng immortal lotus. One was copied, and it even had a lotus seed born, and the whole was much bigger than the one he had before.

"Oh? If little brother has a Bisheng immortal lotus, can you take it out to broaden our horizons! " An old man laughed and said, "You don't look like someone stingy. You will definitely let us have a look at the world, right!?"

No one present had a good impression of Feng Hao, and they all agreed with the old man's words. Feng Hao was petty, and to say that he would hurt others with his words, Ge Long must have been angered by Feng Hao just now.

Chen Xiang took out a jade case, and after opening it, a jade green lotus, that looked as if it had been sculpted from a piece of jade, immediately appeared in front of everyone's eyes.

"Where did you get it?" Seeing that, Feng Hao asked loudly, his tone was extremely stern.

"Where did I get this? What does it have to do with you?" Chen Xiang laughed coldly: "Could it be that only the Feng Clan has one? Or do you want to say that this was stolen from your Feng Clan? "

Feng Hao was extremely familiar with his own Bisheng immortal lotus. He could confirm that this one in front of him was not from their Feng Clan, and it was much better than theirs! Because he had lost his Bisheng immortal lotus, and there were even more people like Chen Xiang, who he disliked, so he was very angry in his heart and wanted to immediately snatch them away.

"Do you want to change it?" Ge Long immediately asked: "I, Ge Long, promise with my life, that my Bone level fruit's effects are exactly the same as what I said! I, Ge Long, am the Star Lord of Earth Dragon Star. If you find something different when you eat it in the future, you can come and find me on Earth Dragon Star anytime. "

#### [Chapter 2266](#)

This Ge Long was actually the Star Lord of a star, this made Chen Xiang and everyone present very surprised!

Yue'er said: "Earth Dragon Star should be the Earth-stage Stars. For him to be able to become the Star Lord with only five Bones, it means that he has a very strong background. Otherwise, this kind of strength isn't enough for him to become the Star Lord of the Earth-stage Stars."

Chen Xiang hesitated for a moment, then said: "Alright, I will bet, I believe Brother Ge's words!"

Ge Long laughed: "You really dare to gamble! How should I address you, little brother? People like you should be very famous! "

Chen Xiang pushed the Bisheng immortal lotus over and smiled faintly: "Chen Xiang!"

Just as Ge Long was about to receive the jade box, his hand suddenly froze, because he had heard of this name before, and everyone present had heard of it!

"Is the person who started a massacre in the Everlasting Mountain you?" Ge Long took a deep breath and asked.

"Exactly! Brother Ge, could it be that you are afraid of the Everlasting Mountain and do not dare to make a deal with me? " Chen Xiang laughed, his own name becoming even more famous, he did not feel surprised at all.

"I'm not afraid! Brother Shen is so brave, to actually dare to fight against Everlasting Mountain, I truly admire you! " Ge Long passed his own black chest to Chen Xiang: "If you are chased by Everlasting

Mountain until there is nowhere to run, then come and sit with my Earth Dragon Star! Although the Everlasting Mountain is a great power that governs one of the Heaven-stage Stars, I am not afraid! "

"If there's a chance, I will definitely go!" Chen Xiang cupped his hands towards Ge Long.

They were not confident like Ge Long, they were worried that the Everlasting Mountain would hate them if they were to exchange with him. After all, if the Everlasting Mountain found out about this, he would definitely hate them.

Chen Xiang stood up, and laughed: "Everyone, I have already obtained what I want, so I will take my leave first!"

He looked at the elder in charge and asked, "Will this matter be leaked out?"

The old man said, "We can't guarantee that we won't leak it out, but we can guarantee that if this matter were to be leaked out, we will definitely find out who leaked it and kill them."

"Alright, farewell!" Chen Xiang clasped his hands at the old man, then left the hall.

He wanted to obtain either the Bisheng immortal lotus or the Purple Heart Lotus very much, but his own financial resources were limited and he could not exchange for it at all. This made him even more jealous of Chen Xiang.

Today, Feng Wu had broadened her horizons. She was very curious as to why Chen Xiang was able to suddenly take out the Bisheng immortal lotus of the Four Lotus Seeds.

"Feng Hao that fellow will definitely be angered to death!" Feng Wu chuckled: "In the past, he was a lofty existence in my eyes, but now, he doesn't seem to be anything special!"

Chen Xiang smiled faintly, then proceeded to the city's Transmission array, teleported away from this Cyan Profound Star, and returned to Cang Cloud City.

Jing Ze and Teng Yong were currently running all over the place. They planned to use a long period of time to travel all over the famous stars of the Star Law Divine Realm to purchase as many of the divine medicines to refine Bone level Dan s as possible. They only needed to think of how to turn those flowers into precious Bone level Dan s.

They had only given Chen Xiang thirty sets of Shangpin bone level Dan's divine medicine and Chen Xiang had already given them 180 of them. This gave them a lot of motivation and passion.

"Big brother, I've already won over ten people. They all plan to leave Everlasting Mountain to follow you!" When Chen Xiang returned to the Cang Cloud City, he received a message from Hua Lang.

"Let them wait for a little while, I have to make arrangements." Chen Xiang replied. He currently lacked manpower, so Teng Yong and Jing Ze were already out and would not be able to return for a while.

Chen Xiang thought about it and decided to send messages to Huang Jintian and Huang Yantian. They were not in the Cang Cloud City right now, but they had an agreement with Chen Xiang that they would come back once in a while to receive a message.

"Feng Wu, why don't you go and contact Hua Lang first, and settle down the disciples that exited the Everlasting Mountain!" Chen Xiang gave Feng Wu twenty Zhongpin bone level Dan. "You think of a way to sell them, get some Shen Yuan stone, and then distribute them to the disciples."

"Alright!" Feng Wu was also very idle right now, but if Chen Xiang wanted to refine pills, naturally, she had no time to care about these things. She had always been, and she could not do anything for Chen Xiang.

... ..

Feng Wu bought a villa in Cang Cloud City, and Chen Xiang was in a secret underground room in the Villa.

"Yue Er, are you analyzing that Bone level fruit?" Chen Xiang asked: "Is it like what Ge Long said, only eating it would allow one to condense Bones?"

"I can't be sure, but I've discovered that there's something similar to Bones inside this Bone level fruit! However, this type of Bones is not like a human's. If a human eats it, they might really be able to condense their Bones. " Yue'er was also a little excited: "I never thought that there would actually be such a magical thing. I had always been delusional, if only I had something like this that could immediately congeal Bones."

Chen Xiang laughed: "I think refining this thing into a pill is the best! I need to refine a Three lotus Dan first and cure Xue Yi's poison first. "

The Three lotus Dan was a divine pellet of King grade, so Chen Xiang didn't have absolute confidence in refining it now. He let Yue'er use the Spirit seed and the Six Realms God Cup first, allowing the three divine lotuses to condense more lotus seeds.

"Right now, I need to condense more purple pearls and cooperate with the Six Realms God Cup to replicate the Taipin bone level Dan. I need to refine a few more Taipin Dan before I can try out the King grade."

Chen Xiang activated his Alive Slain Method and condensed a purple pearl. In the blink of an eye, three months had passed!

"There are already four lotus seeds, and ten of them are used to refine Taipin bone level Dan s. We haven't been able to obtain any Nine Yin and yang Dan s' divine medicines for the time being." Yue'er said. Her work in the cave was relatively easy, she only used purple pearls to dilute the Spirit seed into water, and let it take root and grow into a grain of rice, then peeled off one grain at a time.

Now, Chen Xiang finally understood why the Six Realms God Cup in the Black Stone Divine Venerable had a Heaven Rank King grade's divine medicine. It was all caused by that Spirit seed.

"I wonder if the Star Law Divine Realm has ever auctioned the low rank Bone level Dan before?" Chen Xiang looked at those familiar divine medicines. In the past, the ones he refined were all middle heaven grade ones, but now they were all high quality ones.

"No, who would be willing to sell this kind of thing!?" They were all left to try and break through to the eighth or ninth Divine Deity. " Long Xueyi laughed: "But very soon, people will sell it."

Chen Xiang had become stronger and stronger, and Yue'er was very happy as well. Only by doing this would she be able to protect her Cat Race from being bullied.

"The Taipin bone level Dan should not be difficult for you to refine, right?" Yue Er asked.

"It's definitely not difficult. Bone level Dan have always been easy to refine!" Chen Xiang took out the Chuangshi god furnace, and after placing a few high quality divine medicine in it, he began to use the Dao heart Eye and then use the Original source refining to refine it.

### [Chapter 2267](#)

When Chen Xiang came to the Star Law Divine Realm, he discovered that the position of the strong Pill God was even higher there. For example, right now, he could rope in Teng Yong and Jing Ze, who were both able to win over the Hundred gods level!

He felt that since he was refining pills, it wouldn't be good for him to go out and fight all day, so he should just leave this matter to others. He would usually refine pills, and flirt with his woman, and if there were really things that his subordinates couldn't solve, he would personally do it himself.

He felt that the Star Law Divine Realm was the end of the world. All the strong warriors who had reached the peak of their strength were gathered here, and if they could establish a stable power here, then he would be able to live a peaceful life in the future and focus on breaking through to the peak of his cultivation.

Refining low quality Bone level Dan was the same as refining high quality Nine Yin and yang Dan, it was not very difficult, it only took a little bit of time, and it took him six hours to finish refining. This was also the reason why the high quality divine medicine was harder to refine and fuse, but after he familiarized himself with it, he could directly use the Bones in his eyes to instantly refine it.

"Five pills, gone!" Chen Xiang sighed, the quality of these five Taipin bone level Dan s were all very good, but previously, when he was refining high and middle rank pills, he produced six of them.

"I'm still not familiar enough!" Yue'er said: "But it's not bad either, I have never seen a high quality Bone level Dan before!"

"I'm not familiar with it. The second batch should be enough!" Chen Xiang nodded, and then began refining the second batch.

The time taken for the second furnace wasn't as long as before. It was completed in four hours, and there were even six pills. Only then did he nod his head in satisfaction.

"I can refine the Three lotus Dan now, I need to quickly cure Xue Yi's poison. Thinking about this Little Naughty Dragon that's unconscious, my heart aches." Chen Xiang said as he took out three lotus seeds.

The Qingxin spiritual lotus was white, the Bisheng immortal lotus was emerald green, and the Purple Heart Lotus was purple.

"Three lotus Dan is more than just detoxifying, right? Otherwise, these three divine lotuses wouldn't be so precious." Yue'er said, "Any single pill has a great use. If they are combined together to form a pill, the effect will be even stronger."

"I'm not too sure either. In short, I'll just refine it first!" Chen Xiang placed the three lotus seeds into the Chuangshi god furnace. He had pinched the three lotus seeds a moment ago, and they were not of an ordinary toughness. Even with his strength, he was unable to crush them.

"It's my first time refining the King grade and elixir, I wonder how it will turn out!" Chen Xiang was also a little nervous in his heart. He took a deep breath, calmed himself down, and then controlled the Chuangshi god furnace to release the flames.

"It really is difficult to refine. The King grade's divine medicine is just different." Chen Xiang released a very fierce flame that burned for a while, but the three lotus seeds actually did not have any reaction.

If the Chuangshi god furnace's current flames were to land on a Divine Monarch with a total of eighty to ninety Divine Deity, it might even burn them into ashes if it were to slow their reactions.

However, these lotus seeds had been burned for a long time, yet they were still perfectly fine!

Chen Xiang stopped burning and took out the lotus seed. He could not help but scold in a low voice: "Damn it, it's actually that cold, this lotus seed knows to release a corresponding power to protect itself. The King grade divine medicine is truly inconceivable! This kind of power to protect oneself, is comparable to an expert of the Hundred gods level. "

"Is there no way to refine it?" Yue'er said worriedly: "Your Chuangshi god furnace are already so terrifying, if you can't even burn this lotus seed, then wouldn't it be even more difficult for other Pill Gods?"

"Therefore, refining the King grade's divine pellet is not something that can be done in a day or two! Even if it has been thousands or tens of thousands of years, it might not necessarily be. The other Pill Gods should have borrowed the flames of the earth's core to burn for a long period of time, exhausting the power of their divine medicine resistance. " Chen Xiang said: "I have the Chuangshi god furnace and Heavenly Alchemy, so I definitely won't use that method of death."

"I can only use the old method to find a solution to the problem from the Heavenly Alchemy. I only managed to get a little insight into the Heavenly Alchemy now, but I really don't know if that guy made it. It's really too scary." Chen Xiang said: "Do the people from the Star Law Divine Realm know about the existence of the Heavenly Alchemy?"

"I also think that it's very strange. A divine technique like the Heavenly Alchemy should already exceed the category of the Hundred gods level's nine great Bones experts. That is to say, the strength of the person who is able to create this kind of divine technique definitely surpasses its peak!" Yue'er replied, "Amongst the four types of Taboo magic, this is the most terrifying one. The other divine arts still make sense."

Chen Xiang had a greater understanding of the Heavenly Alchemy, and was very familiar with the many mental cultivation methods, as well as the various small methods. Right now, he could only search through his memories for any kind of methods, and then analyze them to see if he could solve the problem he was facing.

"There is. If you meet a divine medicine that is difficult to refine, you need to condense a special type of flame. This type of flame is called an Illusory Flame!" Chen Xiang said.

"Mystic Fire? "What are the specific effects?" Yue'er asked. She was the most curious about new things.

"How so?" Chen Xiang thought for a while, then said: "Illusory fire is not a substantial flame, this kind of flame can only be seen by its users, and the person being burned can only see it, and can only sense it, and won't produce any heat either. No one else can see it ..."

"Can't see? What will happen after it's burned?" Yue'er asked, "Even if your perception is strong, you still can't sense it?"

"I can't feel it either!" The top of the Heavenly Alchemy is called Illusory Fire, but I think that calling it Spirit Fire is more appropriate. It is equivalent to you eating a Consecutive Core and me, and I will pass on to you what I think. Only you and I know, that no matter how strong the others are, they won't be able to know. " Chen Xiang said, "Illusory fire is of a similar form. It is equivalent to me using this kind of flame, establishing a state of telepathy with the divine medicine, and then directly transmitting the flame inside the divine medicine!"

"It means that you and I have a telepathic connection, and then, no matter what I think in my heart, no matter where you are, you will be able to receive it." Chen Xiang explained in detail: "When I use the Illusory Flame, it is to forcefully establish a telepathic connection between me and the divine medicine, and then, I forcefully insert the flame into his body, in order to refine it. When the flames were formed, it was in my heart. After passing it on, it would be inside a divine medicine. Moreover, this kind of fire comes from the fire that is imagined within my heart. "

Yue'er was astonished and asked, "An imaginary flame?"

Chen Xiang nodded: "That's right. I've used the Heavenly Alchemy's method and used my divine power to imagine it, then created a Illusory Flame. Then it will pass through the portal to you, and then you will have the illusion of being burned, and then you yourself will be burned to death, a flame that only you and I can see. "

"The Heavenly Alchemy is truly terrifying!" Yue'er sighed in admiration. "If I didn't use the Illusory Flames to refine pills, would I be able to use it against others?"

"Of course you can! I can pry into another's Divine Sense Sea, and if I use the Bones in my eyes to break open another's defenses, and directly release fire inside of them, it would be even easier for me to succeed. " Chen Xiang laughed.

### [Chapter 2268](#)

The three lotus seeds that Chen Xiang had refined were already extremely difficult to burn, and adding on to that, the divine pellet would also be able to release the strange power required to resist it, so refining a lotus seed would be even more difficult. It would take a very long time!

The inside of the King grade's divine medicine had already condensed and become very sturdy! After condensing a crystal, a divine medicine could store an even more powerful energy. When refining, it could create a very strong resistance.

Right now, Chen Xiang was using the Mystic Fire Refinement skill. It was equivalent to letting the divine medicine burn and refine itself, burning its own energy.

Chen Xiang had only comprehended this method, but had never used it before, and did not know if it would work. Right now, he had to start using this method on the three lotus seeds, if he succeeded, this Fantasy Fire Refining Technique would be the best method to refine the King grade Spirit Pill. Of course, this still needed to be combined with the Original source refining to allow the energy of the various King grade and divine medicines to fuse together.

Chen Xiang once again placed the three lotus seeds into the Chuangshi god furnace, and started to use the Illusory Fire Refinement technique, following the instructions in the Heavenly Alchemy. This was an invisible flame, even though it couldn't be seen or touched, it still consumed a large amount of his Six Realms' Power.

"Yue Er, it might take me a while to refine this Three lotus Dan. You should plant more Spirit seed in the ring and see if you can create the Bone level Dan's divine medicine." Chen Xiang said to Yue'er.

Now, he had successfully released the Mystic Fire, but he did not expect that the Chuangshi god furnace could actually increase the strength of the Mystic Fire.

"As expected of the Chuangshi god furnace, all kinds of flames can increase the quality. It seems like the time it takes for me to burn these three King grade lotus seeds will be much shorter." Chen Xiang began to forcefully communicate telepathically with the three lotus seeds.

Even a low level medicine would use spiritual energy, not to mention the King grade and divine medicine, the King grade and divine medicine had intelligence that was not inferior to humans. One had to know that some rare flowers and herbs had good luck and could cultivate adult! Lv Qinlian had transformed into a lotus, these genius treasures could be reborn if they had the chance. After transforming into a human, their strength would not be any weaker than a human's.

Chen Xiang did not know how much time had passed, he only used the Illusory Flame to wrap three lotus seeds around him, attempting to invade their minds, but he did not succeed. He had followed the methods in the Heavenly Alchemy, and according to the methods above, he would continuously attack the heart of the divine medicine.

Unknowingly, Chen Xiang suddenly had a reaction with the three lotus seeds. The three lotus seeds had become very tame now, the Illusory Fire had already started working, starting to burn inside the three lotus seeds.

Not long after, the three lotus seeds suddenly cracked open. A dazzling multicolored light leaked out from within the cracks. It was green, white, and purple respectively.

"We've finally reached this step!" Chen Xiang heaved a sigh of relief. He was still worried that it would take a very long time to finish.

After the cracks appeared on the three lotus seeds, the Illusory Fire gushed out from within and began to burn the outer layer that had become extremely weak. Not long after, three clumps of light that were like clay appeared within the Chuangshi god furnace.

"After refining the Shangpin medicine and the divine medicine, they would take the shape of a liquid, while the quality would become a bit thicker! This King grade elixir is pulp! " Chen Xiang thought back to the Jingshen Dan that he had refined before. At that time, after he had used the Crash method to

improve the quality of the divine medicine, it had gone from a medicinal liquid to a medicinal paste, and in the end, it had congealed into a Jingshen Dan.

Now that he saw these three clumps of medicinal liquid, he was sure that they were Jingshen Dan s!

"After refining the King grade and divine medicine, is it definitely the medicinal liquid? Why have I never heard of it? I remember that I read in an ancient book that after refining the King grade and divine medicine, they would also be made of medicinal liquid, but it would be a little thicker than the first grade, but it is still far from reaching this form of thick mud." Chen Xiang was very suspicious about this.

At this point, he needed to use the Original source refining to search for the Spirit blood with three lotus seeds! He found it very quickly. The process of fusing the three lotus seeds was very clear to him. After he fused the three Spirit blood, the three lumps of medicinal liquid began to fuse together. The process of fusing was also relatively easy.

"When other Pill Gods refine the King grade's lotus seeds, they might consume a large amount of energy from within the lotus seed, so in the end, they would only form a medicinal liquid. However, when I use the Mystic Flame Refining, the energy consumed by the divine medicine would be minuscule, which was why it is different from the energy used in the ancient books." Chen Xiang thought about it, and this was the only explanation he could come up with.

The three lumps of medicinal liquid that were originally very thick fused together at this moment, and were even pressed down into a smaller ball. Now, it was no longer a lump of milk, but rather a solid state!

"Very tricky! "Right now, it is already a very strong solid. If we continue to compress it, it will definitely condense and crystallize. The process will definitely be very difficult." Chen Xiang had refined two Jingshen Dan s. The first time was a failure, like turning into a small stone, and the second time was with the help of Liu Meng'er and the others who used the Seven Souls Refinement Art.

This time, no one helped him, and the Jingshen Dan that was formed this time was much stronger than before, because it was refined using the King grade's divine medicine.

"There's probably nothing to be afraid of. I have so many Divine Deity now, my cultivation has increased by a large amount!" Chen Xiang immediately divided the round stone orb into three parts, and after separating the parts, he let it become round.

"I'm starting to form the core. Success is just around the corner!" Chen Xiang gathered all of his Divine Deity and wrapped them around the three larger beads. As long as he compressed them to a stable state, they would be considered to have been condensed into pellets.

When turning into a Jingshen Dan, it would be hard to compress, but there was one benefit to it. If it failed, it wouldn't disperse, but it would turn into a rather poor quality small stone.

Under the compression of Chen Xiang's powerful divine power, the three round beads slowly shrank down from the inside. The process was very strange, and it even emitted a sparkling and flickering light, as though it was passing through the multicolored light of a crystal.

"Very good, as long as this goes on, I will definitely succeed." Although Chen Xiang could feel that the three balls of stuff he compressed were expanding, the pressure produced by the expansion wasn't too strong. He could still control it well.

Chen Xiang clearly remembered that it took him no less than seven days and seven nights to make this round bead into the size of a pill. At this time, his power to expand was also at its strongest, if he could no longer persevere, he would immediately explode! However, with Chuangshi god furnace, even if it exploded, it would not cause much damage.

"Let me handle it!" Chen Xiang growled, and suddenly, a burst of light burst out from inside the Chuangshi god furnace. He had succeeded in concocting the pellets, and the three pellets were successfully refined by the Jingshen Dan, not to mention the Jingshen Dan itself.

"It's finally done!" Chen Xiang wiped the sweat off his forehead, opened the furnace, and took out the three crystals from the Three lotus Dan: "The quality is very good.

"As expected, the King grade's divine pellet is not easy to refine. You took two months." Littlemoon smiled and said, "But it's good as long as you succeed. Compared to other alchemy gods, the amount of time you spend is the least!"

#### [Chapter 2269](#)

When Chen Xiang was refining the Three lotus Dan, he only knew that it took a lot of time, but it was only seven days. This was mainly at the stage of fusing and refining.

"Did it really take two months?" Chen Xiang still could not believe it. He felt that he had only used ten days.

"It's true!" Yue'er said: "Feng Wu has already been here a few times, but I haven't been able to see you. I don't know what urgent matter she has! But you'd better rest first, and take a look after you've recovered. "

"No need to rest, my energy consumption isn't that high!" Chen Xiang hurriedly walked out of the secret underground room and arrived at the top.

The moment he came out, he could sense that there were quite a few people in the Manor, more than ten of them in this way.

"Master is here too!" Chen Xiang anxiously took out his Communication jade Symbol paper. Upon hearing Huang Jintian's message, he had already rushed over to help him take care of these matters.

Chen Xiang also didn't know how they got to know Feng Wu, or how they did it, but he hurriedly arrived outside a large house at the Villa. Just as he arrived at the door, Feng Wu ran out from within.

"Big brother, you've come out of seclusion!" Feng Wu laughed.

"What is it? Did something big happen? " Chen Xiang followed Feng Wu into the house and into a hall. The people who were originally sitting there all stood up in a hurry because Chen Xiang recognized one of the Hua Lang.

However, he could guess that these were all the outer sect disciples from the Everlasting Mountain, and they were all pretty strong, all of them looked very strong, very different from the inner sect popinjays. Just this valiant aura alone was enough to suppress the group of inner sect disciples.

"Big brother!" These ten people shouted in unison. Although their voices weren't loud, they were filled with ferocity.

"Alright, sit down!" Chen Xiang laughed and made a gesture to invite them in. These were all won by Hua Lang from the Everlasting Mountain.

After Chen Xiang walked in, he sat at the top of the hall, listening to the introductions of the ten men. They were all disciples that had fought with the inner sect disciples before, but they were not as intense as Chen Xiang, and were extremely impressed with Chen Xiang's actions!

At first, Hua Lang did not say that he had Bone level Dan s for them. When they heard that it was Chen Xiang, they all expressed their wish to follow him.

"Big brother, now that the Eternal Leader has come out, we have no way of knowing what actions he will take, but it would be best for you to be more alert. Even though the Eternal Leader is unable to break through to the peak after coming out from closed door cultivation, your strength has definitely increased." His name was Li Hong, and he possessed the ninety-five Divine Deity and three Bones.

"I wonder how much do you all know about the Eternal Leader? "I've only heard that they are not bad people. The outer sect disciples are all quite sympathetic towards them, and some even say that they would change the rules and allow the outer sect disciples to enjoy equal treatment with the inner sect disciples." Chen Xiang suddenly had another plan.

"That's right, the Eternal Leader has said it himself! But it will be very difficult for him to execute it, it must involve the interest of the elders of the Dan God Institute as well as the large amount of true disciples. If they want to execute it, they would rather not have this Leader. " A large man said.

Chen Xiang thought for a while, then said: "Looks like I have to go and meet him. If he has such thoughts, then it means that he is a good person."

Feng Wu and the others were very surprised when they heard it.

"You are going to see the Leader, he is an expert at the peak of the realm, are you not afraid of him?" Hua Lang said.

"No!" Chen Xiang smiled faintly.

The Heavenly Aquarius that Chen Xiang had previously obtained was given to his son by the Leader. With this bottle in his possession, Chen Xiang was sure that he could have a good talk with the Eternal Leader.

"Teng Yong and Jing Ze didn't come back?" Chen Xiang asked.

"Not yet, but Big Brother's Master and Martial Uncle are here." Just as Hua Lang finished speaking, Huang Jintian and Huang Yantian walked in with a laugh.

They had exchanged for a lot of Shen Yuan stone after selling it. Now that they found out that Chen Xiang wanted to set up a sect, they immediately came over to follow him as well.

Furthermore, if they wanted to avenge the Undead Divine Race, they had to rely on Chen Xiang.

"Master, Martial Uncle!" Chen Xiang immediately shouted.

"Hehe, now that we are planning to stay here, don't chase us away when the time comes." Huang Jintian laughed.

"How could that be? However, you must not be lazy. At that time, there will be a lot of things for you to do." Chen Xiang laughed.

Chen Xiang walked over and handed over a Storage bag. "Senior Master, please go back and pass the things inside to Sister Qilian."

Huang Yantian was secretly shocked, he did not expect Chen Xiang to refine the King grade so quickly. A pill god that could refine the King grade's divine pellet, was already considered a rather powerful pill god in the Star Law Divine Realm.

"Good!" I'll go back now. " Huang Yantian frequently visited him, and he now had many Shen Yuan stone, so he wouldn't feel so bad about using them.

Other than the three Three lotus Dan pills, there were also the divine medicines to refine the Taipin bone level Dan as well as the things that Chen Xiang wanted to say to Lv Qilian.

After Huang Yantian left, Chen Xiang took out a few Zhongpin bone level Dan s and distributed them to the ten disciples who had just joined.

"You guys still have to raise your Bones by a lot. Right now, we don't need to fight with other powers, so during this period of time, you should become stronger. In the future, when we touch on the interests of other big powers, we will need all of you to fight in the battlefield." Chen Xiang said.

No one obtained a few Bone level Dan, which made them very excited. This was something they did not even dare to think about before! In the past, when they were in Everlasting Mountain, for the sake of obtaining the Bone level Dan, they had lost a lot of blood and spent a lot of time in order to get one of the somewhat inferior quality.

But now, Chen Xiang had given everyone a few pills, it was definitely a huge gift.

"Hua Lang, were you suspected in the Everlasting Mountain?" Chen Xiang asked.

"No!" Hua Lang laughed: "They won't suspect anything, I have always been strict with my work."

"Then, is there any way for you to help me send a message to the Eternal Leader?" Chen Xiang laughed.

"What?" Big Brother, do you really want to meet the Eternal Leader? " Hua Lang thought that Chen Xiang would wait for a while, he didn't think that he would have to go see the Eternal Leader so soon.

"Of course, because I feel that we won't become enemies with this Leader in the future." Chen Xiang laughed: "In the future, we will build our sect on top of the Everlasting Mountain."

## [Chapter 2270](#)

To build a sect on top of the Everlasting Mountain, it meant defeating all of the powers in the Everlasting Mountain. It might even attract some of the great powers from other Heaven-stage Stars to encircle and annihilate the sect, because what Chen Xiang had done was to break the rules of the Star Law Divine Realm.

Chen Xiang took out a jade talisman and recorded his voice. He didn't say anything else and only agreed to meet with the Eternal Leader at a place and talk to him alone.

Hua Lang said: "After Leader came out, he also frequently went to visit the outer sect disciples, I often saw him, so it wouldn't be difficult for me to hand this thing over to him."

Chen Xiang nodded his head, "Then you should hurry up and do it!"

After Hua Lang left, the other ten disciples also went into closed door cultivation.

Feng Wu said: "During this period of time, the Feng Clan has spread about everything related to you, saying that you have broken the rules and are selling Bone level Dan s everywhere! Furthermore, I wonder how they knew you killed Yu Zhen. "

"This should have something to do with the old man from Cang Cloud City, the omniscient old man definitely revealed it. Even though he promised me that he wouldn't leak out any of it, when Feng Hao asks him about other things, he would inevitably say a little more." Chen Xiang said: "Don't bother with him for now, it won't affect me much."

Huang Jintian laughed: Why can't it affect? Enforcers are trying to capture you everywhere. If you get caught, you'll be locked up in hell. You might even get killed. "

Chen Xiang laughed out loud: "If they can find me, that's for the best. I'd like to see just how capable they are!"

"Feng Wu, since the Feng Clan is spreading news about me, then it means that we are enemies. You must think of a way to tell Feng Hao to restrain him a little, or else when I have formed my power, I will immediately destroy his Feng Clan to display my might."

Feng Wu nodded his head, "And the Great Heaven School, they have already confirmed that you were the one who killed Yu Zhen, and they are searching everywhere for your whereabouts."

"who steals chickens and dogs, I will definitely exterminate him!" Chen Xiang said: "I will first meet with the Eternal Leader, hopefully, we will succeed this time."

Chen Xiang used the Space wind and disappeared from the great hall in the blink of an eye, leaving the Villa.

... ..

Outside of the Cang Cloud City was a stone mountain that looked like a pillar of the heavens. The summit of the mountain was above the clouds, and Chen Xiang was at the peak of one of the mountains, looking down at the surging sea of snow-white clouds.

At noon, with the sun at the head of the mountain peak, Chen Xiang was being exposed to the sun, but this did not affect him in the slightest.

Not long after, a white silhouette flew over from afar. From afar, Chen Xiang could see that it was an energetic old man dressed in a white robe, with long hair and youthful looks. This person was none other than the Eternal Leader, Dai Donggong!

In the blink of an eye, Dai Donggong had already floated in front of Chen Xiang. He frowned slightly, revealing a trace of anger, because Chen Xiang had started a massacre in the Everlasting Mountain, causing the Everlasting Mountain to lose a few inner disciples and an elder.

Sensing Dai Donggong's anger, Chen Xiang also secretly became vigilant. This Dai Donggong was a peak ranker, and could be said to be the strongest person he had ever met.

However, what made him relieved was that although Dai Donggong was angry, he was able to restrain himself. Moreover, his body emitted a wave of righteous energy, and now he understood why only Dai Donggong did not go to the Everlasting Mountain that the other big shots of the other stars joined hands to kill the Undead Divine Race. It was because he was filled with righteousness, such a person would not do such a thing.

"You are my enemy, I should have killed you!" Dai Donggong observed Chen Xiang for a long time and was the first to reply.

"But I never saw you as an enemy!" Chen Xiang smiled lightly: "As the Leader, you can be considered to have failed. If you could make the environment of the Everlasting Mountain more fair and harmonious, I wouldn't be bullied, and there wouldn't be the matter of me starting a massacre! You are also at fault for this matter. "

Dai Donggong frowned slightly, a trace of grief could be seen in her spirited eyes. Chen Xiang didn't know why her words would cause such a reaction.

"You're right!" As Dai Donggong looked at the endless content within, the expression in his eyes grew distant and he let out a long sigh.

"Senior, could it be that you have something that's difficult to say?" Chen Xiang felt that such a righteous elder would not be able to control the situation in the Everlasting Mountain.

Dai Donggong did not answer him, but asked him a question instead: "Why did you invite me here?" His back was facing Chen Xiang, which meant that he did not have any wariness against Chen Xiang. He could also tell that Chen Xiang did not have any malice towards him.

"It's something related to Heavenly Aquarius." Chen Xiang's words made Dai Donggong tremble all over.

Dai Donggong suddenly turned around, his eyes became extremely sharp, but he was able to control his emotions and asked slowly: "Do you know the relationship between me and the Heavenly Aquarius? Since that's the case, you should know about the matter regarding my beloved son, right? "

"I just know that the Heavenly Aquarius was created by you, senior, and given to your son. Death, Heavenly Aquarius's whereabouts are unknown. " Chen Xiang said: "The Heavenly Aquarius is currently in my hands, but..."

Seeing Dai Donggong's expression changed, Chen Xiang anxiously retreated, and said loudly: "But I did not kill him, the Heavenly Aquarius was only obtained from another person's hands, but I know who held the Heavenly Aquarius."

"Continue!" Dai Donggong took a deep breath.

In order to calm him down, Chen Xiang handed the Heavenly Aquarius over to Dai Donggong.

"I got the Heavenly Aquarius from Yu Zhen, but I don't know where he got it from." What Chen Xiang had said was the truth. He then continued, "However, I feel that this matter is definitely related to the Leader s. To Senior, this is the only clue."

Dai Donggong withdrew the Heavenly Aquarius. This was his son's inheritance, it was extremely important! Although he gave the Heavenly Aquarius back, Chen Xiang didn't feel it was a pity. The Heavenly Aquarius wasn't of much use to him.

"You didn't call me here about the Heavenly Aquarius, right?" Dai Donggong had lived for so long, how could he not see through Chen Xiang's thoughts?

The reason why Chen Xiang took out the Heavenly Aquarius was to resolve the conflict between him and Dai Donggong.

"That's right!" Chen Xiang laughed: "Senior, I helped you find the Heavenly Aquarius and even gave you a clue, shouldn't you be grateful to me?"

Dai Donggong nodded his head, "The Heavenly Aquarius has a very important meaning to me, I will be grateful to you!"

Chen Xiang withdrew his smile and spoke in a serious tone: "Senior, there must be something hard for you to say in Everlasting Mountain. That's why you were restricted by Dan God Institute or the clan of elders, and because of that, you can't change Everlasting Mountain, right?"

Chen Xiang had already seen through it just now!

"Yes!" Dai Donggong admitted it, "But from today onwards, they will no longer be able to control me! It is time for me to do what Leader should do. "

Dai Donggong seemed to have made some painful decision. He was able to control his emotions, but he was still unable to hide the pain on his face.
