### [Chapter 2281](#)

Furthermore, when I defeated him as my master, I knew who his Undead Race was. However, at that time, his memories did not awaken, and it was said that he had failed his tribulation, causing him to die many times. Right now, he has to pass through some tribulation before he was able to regain his memories. Chen Xiang said: "Oh right, he also has a twin brother, he looks exactly the same as him."

"The twins' Sky Spill Master, this is only a pair in the Undead Divine Race. It's good that they are still alive." Wu Zhi sighed, looking very happy.

"Senior Wu, you are also from the Undead Divine Race, right? I already know about the matters in the Undead Divine Race, and the reason I came here from very far away is to help my master and uncle master find their separated family members." Chen Xiang said.

"That's impossible, it's best if the Undead Divine Race is scattered throughout. Your master and the others should have already told you the reason why the Undead Divine Race was wiped out. You should also be clear about the consequences if we gather together." Wu Zhi said.

If they were to gather together and be discovered, they would definitely be exterminated.

Yue'er suddenly ran out from the ring and shouted, "Senior, is my grandmother still alive?"

Seeing that a small white cat had suddenly ran out with snow white wings, Wu Zhi shouted in joy: "You're Yue'er, your grandmother talks about you often, and she thought that you would never come back. You being missing for so long made her worried."

"Answer me first, how is my grandmother now?" Yue'er was also very worried about her grandmother, who was after all from Undead Divine Race.

"She's in the Star Moon Divine Race ... But I don't know if I'll wake up again. " Wu Zhi thought about it for a long time before answering Yue'er's question.

"The immortal bloodline in her body has been extracted, and we have tried many times, such as channeling the immortal bloodline into her, but none of them managed to prevent the bloodline in her body from being regenerated. Right now, your grandfather is using the time secret inside the Star Moon Divine Race to seal her in a large array of time, so as to not let time pass and she will die forever."

When Wu Zhi talked about this matter, he was extremely saddened. It could be seen that Yue'er's grandmother had a very high status in the Undead Divine Race.

Yue'er was currently feeling very sad. Her loving grandmother was currently in a very bad state.

"Chen Xiang, you should be able to save my grandmother." Yue'er suddenly thought of Chen Xiang's peerless alchemy skills.

"Mn, I will do my best to save your grandmother, don't worry. Senior Wu also said just now that she was sealed in the Time Formation, her condition is quite stable." Chen Xiang rubbed Yue'er's small head.

At this moment, Wu Zhi had already removed his wariness towards Chen Xiang, and he could tell with a glance that Yue'er was extremely reliant on Chen Xiang.

"That's right, senior. Quickly state your conditions." Chen Xiang said.

"Well... "We are now considered acquaintances ..." Wu Zhi suddenly felt it difficult to speak.

"Just say it, after you join us, there will be a lot of things that you need to do. In the future, you will also need to provide a lot of information." Chen Xiang laughed.

"Fine, give me thirty Taipin bone level Dan every year." Wu Zhi said.

"No problem." Chen Xiang agreed immediately. This was simply nothing to him.

"Ah, you promised so straightforwardly. Did I say too little?" Wu Zhi was startled, then laughed. Although he was a Grandmaster of Sky Spill in the Undead Divine Race, he still lacked Divine Pills, let alone the fact that the entire Undead Divine Race was already extinct.

"Chen Xiang, what exactly is your goal in establishing such a power? Is it to make it easier to collect divine medicines, or do you have some other purpose?" Wu Zhi was extremely curious, he already knew what Chen Xiang was doing in the Great Heaven School.

"It's mainly because the big shots in Star Law Divine Realm are not used to it right now. Also, I'm a pill god, so I normally would like to sell some divine pills, but under the control of those big powers, I can only do it quietly like a mouse." Chen Xiang said: "I can refine high level divine pellets, and in order to collect the divine pellets, I need to use divine pellets to exchange with them. However, if those Enforcers find out about this, it will be very troublesome."

"The other reason is to help Yue'er, my master and the others and to avoid being hunted down in the future. Those fellows all had the intention of killing the god race for their longevity, and they themselves have already violated the rules of the Star Law Divine Realm. As the Enforcers, they definitely won't punish themselves, so I have to punish them."

Wu Zhi repeatedly nodded his head. He was quite confident in Chen Xiang, since he had already recruited Dai Donggong, who was now a strong Ranker who had already reached the peak, and was now joined by him, in the future, Chen Xiang's power would definitely be even stronger. Furthermore, Chen Xiang was also an extremely powerful Pill God.

"Grandpa Wu, how are the Cat Race and Star Moon Divine Race's situation right now?" Yue Er asked.

"All good. Your father, this devil star, will occasionally cause trouble for you in those Heavenly Stars." Wu Zhi kindly caressed Yue'er's soft fur.

"Senior, you will be our elder in the future. After we take down the Everlasting Mountain, we will decide on the name of a sect." Chen Xiang said.

nodded his head, joining a reliable power was something he had always wanted to do, but there was nothing suitable for him. Although Chen Xiang had only just started, he felt that his future was very promising.

"Are all the other heavenly stars very powerful? Are the three remaining God Tribes unable to destroy them?" Chen Xiang had already experienced the Everlasting Mountain's strength, he felt that it was only at that level.

Wu Zhi shook his head: "There are a total of twelve Heaven-stage Stars, and one of them is an Unparalleled Star. There are only eleven people present, and Wang Ancient Heavenly Star is the weakest among them. This is mainly due to the management of the Everlasting Mountain for many years, and it has been declining by quite a bit."

"Furthermore, Dai Donggong is considered a junior, the other ten Heavenly Star Realm experts are all seniors from the past. Back then, when they surrounded and killed our Undead Divine Race, Dai Donggong did not join them, and because of that, he was isolated by the Ten Great Heavenly Stars, which caused the Dan God Institute and the elders to become angry, and he felt sorry for me because he did not help the Undead Divine Race back then."

Wu Zhi sighed: "Actually, I shouldn't blame him. If he were to help Undead Divine Race, his entire clan would be annihilated, and even if he were to help us, it would be to no avail. Ten Great Heavenly Stars's surprise attack was simply too fast, so fast that the other three God Clans were unable to react in time and were completely exterminated."

Yue Er said, "With the Ten Great Heavenly Stars joining hands, the three remaining God Tribes are no match for us. Moreover, after being sealed and hidden for so many years, the three God Tribes will gradually decline."

"Exactly, the people from the three God Tribes don't dare to casually walk around, especially since the god race's characteristics are very obvious. If they were discovered, they would definitely be taken away." Wu Zhi said angrily: "That group of bastards, even if they can live for an unlimited amount of time, sooner or later, they will all die."

## [Chapter 2282](#)

Yue'er and Wu Zhi both felt that the three Great God Clans were extremely weak and it was extremely difficult to reverse the situation. After all, the Ten Great Heavenly Stars was simply too powerful.

"Are they really that powerful?" Chen Xiang asked, he did not have any idea how strong the Ten Great Heavenly Stars was.

"Very powerful, there are only three Peak Divine Lords, but within the Ten Great Heavenly Stars, there are more than thirty of them. Adding all the other small and medium-sized forces, if you add them all together, there are still one to two hundred, and this Wang Ancient Heavenly Star can be counted with one hand." Wu Zhi said.

"Now you know how strong the Ten Great Heavenly Stars is when they join forces, right? They're probably close to a thousand or so Peak Divine Lords." Yue Er said.

"There are really a lot of Peak Divine Lords." Chen Xiang's face was also filled with surprise.

"The population of one Heavenly Star is several hundred billion, and they are all elites that have distinguished themselves from the countless Earth-stage Stars's profound rank stars to enter the Heavenly Star Realm. How come over the years, it's normal for there to be two hundred Peak Divine

Lord s." Wu Zhi said: "In the entire Star Law Divine Realm, there are many stars that exist, and there are hundreds of millions of people. However, the Peak Divine Lord only has a thousand, so this is considered few."

Chen Xiang scratched his head: "Why are there so few Wang Ancient Heavenly Star s."

Wu Zhi said: "It has something to do with the Everlasting Mountain, the Everlasting Mountain s are very selfish, they control all the divine pellets themselves, and they have very strict control over them as well, do not allow other small and medium-sized forces to have large scale pellets business, and the divine pellets refined by their Dan God Institute s are all provided to the inner sect disciples, and the majority of the inner sect disciples are just a bunch of pigs, they can't be raised up no matter how much they raise."

"Sadly, many of Everlasting Mountain's outstanding outer sect disciples are treated as slaves and are tricked by them into hunting Special god beast. They went to risk their lives to look for divine medicine and after many years of death, there are not many experts in Everlasting Mountain who want to stay here anymore and run to other heavenly stars."

Yue'er said: "Among all the Wang Ancient Heavenly Star s, the most difficult thing to become is most likely to be the Bones. Amongst the Wang Ancient Heavenly Star s, the one with the most control over the Bone level Dan is the one who dies the most."

Chen Xiang laughed: "In the future, this situation will be changed, but now, we have to get rid of this group of bastards from Everlasting Mountain."

Wu Zhi felt that they had stayed inside for a little too long, there were still Dai Donggong and Huang Jintian waiting for them in the outer sect.

After Chen Xiang and the others walked out, Dai Donggong hurriedly asked, "We reached a conclusion."

Chen Xiang smiled and nodded: "From now on he is Elder Wu."

Huang Jintian immediately laughed: "Elder Wu, welcome to our clan, I am Elder Huang."

Chen Xiang remembered that he hadn't even talked about being an elder to Huang Jintian before she asked him to, but he had already become one. Of course, Chen Xiang didn't say anything.

"You should be considered a junior of mine, but your status is actually the same as mine. But, forget it ..." Wu Zhi laughed. It seems that he had already secretly communicated with Huang Jintian through sound transmission.

Just like this, Chen Xiang, the young Leader, and three elders swaggered down the street, returning to the Villa.

Returning to the Villa, Chen Xiang met with the three elders for a meeting.

"Elder Dai, you should have mastered a lot of cultivation techniques when you were in the Everlasting Mountain, right? Next, you should familiarize yourself with the disciples, impart them the appropriate cultivation techniques according to their circumstances, and guide them in their cultivation from time to time. Also, you are still the Refiner, if you have the conditions, you can help them refine the divine artifacts and armor." Chen Xiang said.

"That's no problem. Right now, they are all in closed-door training. When they come out, I will call them over and properly guide them." Dai Donggong nodded.

"Elder Wu, you will be responsible for strengthening the Villa's defense first, and then, you will do what you've done previously. You will inquire about the whereabouts of the high grade divine medicine, and then, you will instruct the others to think of ways to get their hands on it."

Wu Zhi nodded his head, he had gotten thirty Taipin bone level Dan a year, which was a very generous treatment, because Taipin bone level Dan were very precious.

"Me?" Huang Jintian asked quickly.

For example, the source of their divine medicine, and whether those elders and Pill Gods of the Everlasting Mountain have gone out or not. You can first communicate with the Elder Dai, and then ask Hua Lang to find a few people who are more knowledgeable in this field to work with you. " Chen Xiang said: "When it's almost time, we will have to take action against Everlasting Mountain, so it's more useful to first understand Everlasting Mountain."

Wu Zhi nodded his head: "I can also provide some help on this point. Great Heaven School had just been destroyed, so they will definitely take action.

"That's about it. This is our main direction right now. First, we should stabilize, develop, and get to know the enemy. After that, we can eliminate the enemy and expand." Chen Xiang said: "My main job now is to refine pills. As long as I use the divine pellets in the right place, they will be of great use to me."

"Oh right, Master, Hua Lang said that there was a guy who betrayed them. When the time comes, we can settle this matter with him and have Hua Lang and the others spread the news of the various insides of the Everlasting Mountain." Chen Xiang looked at Dai Donggong and asked: "Elder Dai, do you want to tell Everlasting Mountain that you are no longer the Leader?"

Dai Donggong said: "I do, but I have to cooperate with Hua Lang and the others' promotion, at that time, I will announce my retreat, and that way, the Everlasting Mountain will definitely fall, and it will be hard for them to push out a good Leader."

"Then we'll do it for now. I'll go back to concoct pills first, Master, if Teng Yong and Jing Ze come back, let me know immediately."

Chen Xiang had already used up both his Zhongpin Dan s, which were what he currently needed the most. Since Jing Ze and Teng Yong had not come back yet, he could only use the Alive Slain Method to duplicate a divine medicine to refine them.

The outer sect disciples who had just joined were all elites. Their Bones s had all stopped for a long time, and now that they had obtained good Bone level Dan s, they could quickly break through and condense new Bones. When they came out of closed door cultivation, they all went to Wu Zhi to inquire about the whereabouts of the Special god beast.

After killing the Special god beast and obtaining its corpse, one could sell it for Shen Yuan stone s. Most of the materials on Special god beast s could be used for smithing, which was very important for a large force. Furthermore, their newly born Bones required a large amount of divine soul to be assimilated into the body, so they could only be obtained from Special god beast s.

The next few months, Chen Xiang was still refining Zhongpin bone level Dan s. Originally, he had planned to play a good role in refining the Bone level fruit, but now, he could only delay it.

Chen Xiang spent a few months time refining a lot of Bone level Dan. At the moment, he was also a little worried, because he had taken so long to refine all of them, so he was afraid that the disciples who had just joined would be dissatisfied. However, when he came out from seclusion, he realized that his worries were unnecessary.

Moreover, the quality was still so good. In the past, when they were in the Everlasting Mountain, although they could obtain a few Taipin Dan, they were all useless to them. The quality was extremely bad, and there were no Bone level Dan that were useful, so they were all trash that the Dan God Institute did not want.

Jing Ze and Teng Yong had already returned. The moment Chen Xiang came out of seclusion, he immediately ordered Hua Lang to call them over.

Very quickly, Teng Yong and Jing Ze arrived at the hall. Seeing their smiling faces, they knew that the harvest these past few days was extremely bountiful.

"We ran all over the Heaven-stage Stars and the various great Ground level stars and bought a large amount of divine medicine that was needed by Bone level Dan." Teng Yong laughed: "Leader, now we won't be worrying about the divine medicines for a long time, we're just looking at you."

Jing Ze took out a storage ring and handed it over to Chen Xiang. Chen Xiang took a look at it and immediately laughed: "There's really a lot of them, there's even low-rank high-rank, and there's even a few hundred of low-rank ones. Not bad, not bad at all."

Chen Xiang was still very surprised. He carefully looked at the divine medicines in his storage ring, the low rank ones were the most, and were all divided into groups. There were more than 100,000 of them, while the middle rank ones had only a little more than 50,000, the upper rank ones had a little more than 30,000.

"Don't you know that you are plundering so much?" Chen Xiang asked: "If we were to be discovered by them, you all would be in danger."

"Of course they know, but we're not vegetarians either. It's not that easy to capture us." Teng Yong laughed out loud: "Although that group of bastards had fast reactions, they still underestimated us. When they chased after us, we killed a few of them."

There were so many stars in the Star Law Divine Realm, and Jing Ze and Teng Yong had sold those more than one hundred Shangpin bone level Dan from the beginning in exchange for a large number of Shen Yuan stone s. They were teleported to other stars and bought them with huge amounts of gold, so it was very quickly possible to purchase them.

"You have probably used up all your Shangpin bone level Dan, but with your current situation, normal Shangpin bone level Dan shouldn't be suitable for you. I will help you refine a Bone level Dan that fits

your current situation." Chen Xiang said, then he asked Teng Yong and Jing Ze about the current situation of their Bones in detail.

After understanding the situation, he immediately entered the secret room to refine pills. Half a day later, he came out and gave Teng Yong and Jing Ze a jade box each, containing twenty Shangpin bone level Dan s. These Bone level Dan s were all of extremely high quality.

Teng Yong and Jing Ze could immediately tell that it was their dream many years ago to have the Pill God refine a divine pellet for them. They didn't expect it to actually happen now.

"Let's go cultivate our Bones first. We need more Peak Divine Lord s to support us." Chen Xiang laughed.

"Thank you, Leader." Teng Yong and Jing Ze hurriedly thanked him and then left.

Chen Xiang found Dai Donggong, who was instructing his disciple in cultivation. After half an hour, Dai Donggong finally had the time.

"Elder Dai, this is the Bone level Dan that I just refined. Distribute it according to the situation." Chen Xiang gave Dai Donggong two Storage bag s: "The middle grade one has three hundred, the upper grade two hundred, and then the upper grade, fifty pellets."

Chen Xiang spent the most time on the Taipin bone level Dan, because he needed a lot of purple pearls to duplicate it, and the upper grade one was the same. However, there was no need to go through all that trouble, because Jing Ze and Teng Yong had just bought back a large amount.

"Leader, you told me to find a better place last time, I have already found it. That valley has many different kinds of flowers and the environment is very good, could it be that we are going to move there?" When Feng Wu found out that Chen Xiang had come out of seclusion, he immediately looked for him.

"Not really." Chen Xiang smiled mysteriously: "You will know about it in the future. For the time being, you should observe that place to see if there are any other flaws."

Feng Wu nodded his head, and said: "Feng Clan has been very close to Everlasting Mountain for this period of time, and many powers similar to Feng Clan have allied themselves with Everlasting Mountain. The last time Great Heaven School was annihilated, it didn't seem to have had any effect."

Dai Donggong said: "There is indeed an impact, at least many people have other thoughts about the Everlasting Mountain, and during this period of time, I have also spread the news of me leaving the Everlasting Mountain, there is nothing that can be done about it even for a power like the Feng Clan, if he does not form an alliance with the Everlasting Mountain, then he will definitely be ignored by the Everlasting Mountain, and at that time they will not even be able to obtain Bone level Dan."

Chen Xiang said: "What we need now is strength, as long as we have enough strength, we will start selling these divine pellets. If Everlasting Mountain dares to cause trouble, we will have absolute power to send them away."

Dai Donggong nodded his head, he did not know what kind of terrifying refining technique Chen Xiang had, it was very fast and the quality was very good, hearing that Chen Xiang wanted to sell the Divine Pills, he knew that Chen Xiang would have even more Divine Pills in the future.

The purpose of selling these divine pellets was, on the one hand, to increase the strength of the entire Wang Ancient Heavenly Star and to rope the other powers of the Wang Ancient Heavenly Star together.

"Your Uncle-Master is back. Do you want to talk to him?" Feng Wu had originally brought three Three Lotus Dan s with him to the Nine Heaven World. But now, he was able to return, which meant that his speed was already extremely fast.

Chen Xiang followed Feng Wu to Huang Yantian's residence, where a few youths were receiving his guidance, Huang Yantian was now considered an elder here, in order to differentiate himself from Huang Jintian, this Elder Huang, everyone called him Elder Yan Tian.

"Senior Master, has Xue Yi's poison been cured?" Chen Xiang immediately asked when he saw Huang Yantian.

"It's already been undone, she's alive and kicking again, and she still clamored to come with me to find you, but Lv Qilian did not let her, so she could obediently stay in Hundreds of Flowers Village to cultivate." Huang Yantian patted Chen Xiang's shoulder, and laughed: "Right now, they are very peaceful, you can stay here and develop peacefully, waiting for them to come over."

Back then, when Chen Xiang had asked Huang Yantian to bring back some things, he had told them about the situation here in detail, and wanted them to think of a way to quickly level up and cultivate to the peak of the Hundred gods level's nine Bones. Only by doing this would it be safer to bring a force over.

Lv Qilian's Hundreds of Flowers Village had a team of pill gods, so they condensed more purple pearls as well, so copying the Bone level Dan would be much faster than Chen Xiang alone. Furthermore, Chen Xiang had also sent the Taipin bone level Dan along with the top quality Nine Yin and yang Dan's divine medicine over, allowing them to cultivate their Divine Deity to the peak faster and faster.

Now, Chen Xiang felt much more relaxed. Bone level Dan were no longer in short supply, and Teng Yong and Jing Ze had also brought back so many divine medicines. If he needed them, he could quickly refine them.

Chen Xiang and Feng Wu walked in the middle of the Villa and chatted with her for a while. Suddenly, they met a group of men who returned in a rage.

"What's going on? Why is there so much anger?" Chen Xiang asked with a smile.

"This... "Nothing." A man was about to say something, but after some thought, he did not say it.

"To think that you're even a man. What kind of thing are you speaking to me about? Hurry up and tell me. Are you being bullied outside? You were worried that I would laugh at you, so you didn't dare to say it out loud." Chen Xiang patted the man's shoulder and laughed.

"Leader, we were indeed bullied. If not for Hua Lang's warning to us not to act recklessly, we would have already fought with our lives on the line." The man said.

Chen Xiang nodded his head: "Hua Lang is right, if we meet with this kind of situation, if we cannot win, we can run, and then come back to call for help. There is nothing to joke about, who exactly is bullying us."

Another big man said: "Let's go hunt the Special god beast and kill them, we were surprised to find out that the Special god beast's lair, after going to his lair, we found two large watermelons that were like white jade, but at this time, a few of them ran out and stole them. They are all very strong, we can't beat them, and two of our brothers were injured by them."

A large watermelon the size of white jade, and one that was guarded by Special god beast, one could tell that it was a higher level divine medicine.

"Do you know where those people came from?" Chen Xiang asked.

They all shook their heads.

"Then do you still remember their appearances, as well as the moves they used in battle?" Chen Xiang asked again.

Seeing them nod their heads, Chen Xiang said: "Go find Elder Wu and tell them the details. If we find out who those people are, I will personally help you take back those things, and teach them a lesson. You actually dare to snatch our things."

The few men immediately went to find Wu Zhi, and not long after, Wu Zhi arrived at Chen Xiang's residence.

"Elder Wu, this is what I promised you. I'll give you thirty Taipin bone level Dan s every year." Chen Xiang handed the Taipin bone level Dan over to Wu Zhi.

"He refined it so quickly, he's really amazing." Wu Zhi chuckled as he kept the Taipin bone level Dan and continued speaking, "Those people who stole that group of brats should be the Ling Tian School disciples of the nearby Ling Tian City. These people have always been arrogant, and have already allied themselves with the Everlasting Mountain, so they're even more arrogant."

Chen Xiang nodded his head, "I'll go look for Ling Tian City right now, they actually dare to rob our people."

"Are you going by yourself?" Wu Zhi asked.

"Of course." Chen Xiang was still confident in his own strength, but at the moment, Wu Zhi couldn't really see just how strong he was, so he was a little worried.

Chen Xiang was teleported from Cang Cloud City to Ling Tian City, then to Ling Tian School.

Originally, Chen Xiang was prepared to use some time to confirm whether the things were really stolen by the Ling Tian School. But just as he arrived, he heard someone talking about the two Tianyu God melon that the Ling Tian School had just obtained.

"Tianyu God melon is a Heaven grade Divine medicine. It is said that eating one would allow the Peak Divine Lord to extend their lifespan by a thousand years. It is extremely precious. This Ling Tian School is so lucky, to actually be able to get two."

"I wonder where they got them from. It seems like they will definitely become friends with the Peak Divine Lord because of these two Tianyu God melon."

It was Chen Xiang's first time hearing of a "Tianyu God melon." After all, this was a Heaven grade divine medicine, and was even rarer than King grade.

"There is indeed such a miraculous pill that can increase one's lifespan. Refining it into a pill is definitely better than eating it directly." Chen Xiang had already confirmed that the white jade watermelon was the so called Tianyu God melon, but it had been snatched away by the disciples of the Ling Tian School.

When he was walking on the road, he saw many elderly people rushing towards the Ling Tian School, all of them looked like they were running out of gas, their lifespans were almost up. Now that they heard the Tianyu God melon had appeared, they all rushed over, if they could get some, maybe they could even extend their lives a little, and if they could successfully break through the bottleneck they currently had, they could still live a long time.

Even eating Tianyu God melon could increase lifespan by a thousand years, if one's cultivation was low, it would be increased by even more. However, Tianyu God melon were Heaven grade divine medicines, they were extremely rare, and even if Peak Divine Lord wanted to, it would be difficult to find them.

As such, the group of elders that rushed over only held onto a sliver of hope.

When Chen Xiang arrived at the gate of the Ling Tian School, although it was wide open, more than ten big men were guarding it, preventing people from entering. Meanwhile, the old man from the outer sect shouted in a weak voice, hoping to let them see the divine melon.

"I heard that the other Great Leaders of the Heavenly Star Realm are already on their way, and that those guys are much stronger than the Everlasting Mountain. Although the Ling Tian School is Everlasting Mountain's ally, if the other Great Leaders of the Heavenly Star Realm want him, the Ling Tian School would not dare to not give it to them."

"Wang Ancient Heavenly Star is too weak, this time Everlasting Mountain can only swallow his anger."

The other big shots of the Heavenly Star Realm had all made their moves, causing Chen Xiang to be secretly shocked. But after thinking about it for a bit, in order to increase their lifespans, the other big shots of the Heavenly Stars had all ignored their rules, and directly started a massacre of the Undead Divine Races.

"You have to hurry up. If the experts from the Peak Divine Lord come and take him away, you might not have the chance." Yue'er said, "This divine melon definitely can't fall into the hands of those bastards."

Chen Xiang nodded his head and turned into a wisp of smoke, entering the Ling Tian School from high up in the sky. Using spatial teleportation, he easily broke through the Ling Tian School's defensive array and entered the Ling Tian School.

After sneaking in, he immediately released hundreds of threads of divine soul to search, and very quickly, he found an elder. He immediately teleported next to the elder and used a mental attack to knock him out, then used the Soul Absorbing Devil Spell to search his memories, and very quickly, he found out where the two Tianyu God melon were hiding.

Ling Tian School's overall strength was not very strong, the elders here only had around eighty or so Divine Deity, Chen Xiang could easily put them on the ground.

"Ling Tian School has already formed an alliance with Everlasting Mountain, but he's actually kneeling in front of another Heavenly Star Great Leader. It looks like Ling Tian School will kneel to whoever has the strongest fist." said. At this time, he had arrived at the back mountain of the Ling Tian School. There were dozens of tall mountains there, and the Tianyu God melon were hiding in one of them.

Chen Xiang found a lot of useful things from the elder's memories. Although the elder was not strong, he was still considered strong in the Ling Tian School, so he knew a lot of secrets.

### [Chapter 2285](#)

Chen Xiang teleported to the outer mountain gate and used the Dao heart Eye to penetrate the entire mountain. Not long after, he found the location of the Tianyu God melon and hid in the middle of the mountain.

"I didn't see any caves, they must have been sealed up!" Even so, it was not difficult for Chen Xiang. He teleported to the stone room in the middle of the mountain.

Ling Tian School was only barely a medium-sized sect, the formation barrier was something that was very shallow, Chen Xiang could really break through it.

"Who is it?"

When Chen Xiang appeared in the stone room, he suddenly heard someone shouting, and then the cold sword pierced over, he teleported to avoid it, and at the same time used a technique to retrieve the two divine seeds that were sealed in the middle of the stone room.

The seal did not seal the space, so Chen Xiang could easily retrieve it using the power of space.

"You're the one who stole our divine gourds, you should know that." Chen Xiang laughed coldly: "I am only helping my sect's disciples to retrieve it."

"So what? Even if we can get it, it's all because of our ability!" You can take it back now, but don't be too pleased with yourself, I have already sent a sound transmission to all the elders, and the Purple Yuan Heavenly Stars of the Purple Yuan Heavenly Star will be coming over very soon, at that time, you will only have to die. The man in charge of protecting the divine gourd sneered. He wasn't worried at all.

"Ha ha!" Chen Xiang laughed: "I came so easily, and I was able to leave so easily. Did you bring some confidence to think you can trap me?"

After Chen Xiang finished speaking, he teleported away. Right now he was floating in the air, unleashing Fire cloud palm on the entire Ling Tian School below him!

The giant palm formed by soaring flames covered the entire Ling Tian School. When it smashed down, the violent heat exploded, burning the entire structure of the Ling Tian School.

Realizing that something was wrong, the disciples of the Ling Tian School all ran out. Seeing the gigantic flame palms pressing down on them, they all howled and flew away from the Ling Tian School.

Chen Xiang teleported to a place far away from Ling Tian City and watched as the Fire cloud palm descended and ignited the entire Ling Tian School in a sea of flames. Only then did he nod his head in satisfaction and leave Ling Tian City.

"Yue'er, have you heard of Purple Yuan Sect? It does not sound very domineering, but it looks like he has quite the good strength. Otherwise, he would not dare to come to Everlasting Mountain's territory and directly ask for the divine gourd." Chen Xiang asked. If the Purple Yuan Sect came and found out that the divine gourd had been stolen, he would definitely investigate him immediately.

He had previously used the Fire cloud palm in the Great Heaven School, so he would definitely link these two matters together. However, it would be difficult to find out his identity.

"Yue'er, there are still quite a few purple pearls, right? Copy the divine melon. Those two divine melon were obtained by those guys, so I have to return it to them." Chen Xiang said, he did not plan on embezzling it, otherwise, he would be no different from a Dan God Institute.

Chen Xiang very quickly returned to the Cang Cloud City's Villa, and gathered Dai Donggong, Wu Zhi, Huang Jintian, and Huang Yantian over. At the same time, there were those few men.

"This must be the white jade watermelon you found!" Chen Xiang laughed, and then passed it to one of the big sized men.

"Right, right!" Leader, your movements are really nimble, you found it so quickly!" The big sized man said with a look of admiration, he was also extremely curious how Chen Xiang obtained it.

"This... It seems to be the legendary Tianyu God melon!" The knowledgeable Wu Zhi frowned, but he could not confirm, because such a thing was extremely rare, and he could not believe that it would appear right in front of his eyes.

"Tianyu God melon? Isn't this thing extinct?" Dai Donggong was also shocked.

Chen Xiang nodded: "These are Tianyu God melon. In order to obtain these two divine gourds, Purple Yuan Heavenly Stars of the Purple Yuan Heavenly Star have all hurried over."

The big man said in shock, "To think that it would be such a precious thing! Then we don't need it, Leader, you keep it!"

"Hehe, I have already taken the seed. In the future, I can plant it, but you can keep it for yourselves!" "Of course, it would be best if it could be refined into a pill. I feel like I can at least refine five Heaven grade Divine Pills with such a big head. However, I still do not know how to refine a Heaven grade Divine Pill." Chen Xiang laughed.

He had already copied one, so he did not need it anymore. Since Wu Zhi was a Undead Divine Race, there was no need for him to die either! Dai Donggong had a long life, he didn't have much of an opinion on Divine Cucumber.

"You don't want the Leader, but it's useless for us to keep it. We can still live for a long time, so we don't need to use it to extend our lives."

The few of them nodded their heads, they were sincerely giving it to Chen Xiang.

"Alright, I'll accept it. Come look for me when you find your life short!" Chen Xiang laughed, and took the two divine gourds, and then gave quite a few Xiaping bone level Dan s, each with a hundred of these.

"These divine pills can be exchanged for Shen Yuan stone s, but you need to be careful when selling them. If you are worried, you can get Elder Wu to help you sell them." Chen Xiang laughed.

To Chen Xiang, Xiaping bone level Dan were the easiest to get. Teng Yong and Jing Ze had gotten a lot of divine medicines, which he could casually refine for a very long time.

These people were already very happy when they found out that Chen Xiang was trying to take revenge for them. What they wanted was this sense of belonging, to have someone stand up for them when they were bullied, and it was even Leader! Yet Chen Xiang still gave them so many Xiaping bone level Dan s, making them extremely happy. This was enough for them to take a very long time.

"Elder Wu, you should pay attention to the movements of the Ling Tian School during this period of time. I didn't expect you to clash with the Purple Yuan Heavenly Star so quickly." Chen Xiang chuckled: "This guy must be very depressed. He came all the way here and thought he could get a divine pill to increase his lifespan. I didn't expect him to come for nothing."

At this moment, Wu Zhi also felt very relieved. "This bastard had made quite a few moves against our clansmen back then. It's just that we don't know how many people he brought.

Chen Xiang immediately looked at Dai Donggong, and a glint flashed past his eyes.

"I think it's feasible. Why don't the three of us move out and see if we can kill him?" Chen Xiang was a little excited: "If he came by himself, it shouldn't be difficult for the three of us to kill him if we join hands!"

Wu Zhi took a deep breath, at this moment he was also somewhat excited: "This is indeed an opportunity, he definitely doesn't think that Everlasting Mountain has the guts to attack them, but we can."

Dai Donggong clenched his fists: "Although getting rid of this Leader will not cause chaos in the Purple Yuan Sect, it will increase the pressure on the Everlasting Mountain, because the Leader died here."

"Alright, I'll take a look at Ling Tian City now and try my best to kill that fellow." Chen Xiang was already about to make his move, he also wanted to personally see how strong this of the Heavenly Star Realm was.

## [Chapter 2286](#)

Wu Zhi took out a crystal ball. He pressed both hands onto the crystal ball and closed his eyes.

"Let me first ask my clone in Ling Tian City to see what's going on in Ling Tian City." Wu Zhi said.

"Could it be the Heaven's Divination Avatar in the middle of teleportation?" Huang Jintian said in shock.

"What is the Sky Spill Avatar?" Chen Xiang was so surprised to see the Huang Jintian brothers, he knew that the Sky Spill Avatar was very powerful.

Dai Donggong was also very curious, looking at Huang Jintian, he hoped that he could answer.

"This is an extremely powerful natural ability of the Sky Spill Master. He can have countless clones, and these clones can also live their own lives. They are no different from normal people, and these clones don't even know that they are clones!" "When the main body needs it, we can use its Sky Spill power to search the memories of the avatar and learn a lot of things." Huang Yantian said.

"Those clones will never know that they are clones! "I don't know how many clones Elder Wu has in the Star Law Divine Realm, I always thought that this was just a legend among the Sky Spill Master, I didn't think that it would actually exist." Huang Jintian exclaimed: "No wonder Elder Wu knows so many things."

"I had thought that Elder Wu had calculated it using the Heaven extended method, but who would have thought that he was actually relying on a doppelganger." Chen Xiang was also amazed that there was such a mystical body splitting technique.

Wu Zhi chuckled: "I can also use the Heaven extended method to calculate sometimes! However, in order to find out more information, I have to use my clones rather quickly. Over the years, I have produced over a hundred thousand clones in various parts of the Star Law Divine Realm, and among them, there are even more than a few dozen whose strength has reached 90 Divine Deity! In order to keep these clones, I need a lot of Bone level Dan. "

Chen Xiang and the others immediately took in a breath of cold air. Over a hundred clones was already shocking enough, but this Wu Zhi had more than a hundred thousand clones!

"However, there are strong and weak clones, so it's difficult to nurture them!" "Because we are not real humans, there are more or less problems. Unstable ones will even self-destruct!" Wu Zhi said: "All these years, I have only been able to cultivate around a thousand stable clones with more potential! Of course, if I wanted to, they could all integrate with me. I can also inculcate in them the goal I gave them in the depths of their consciousness, so that they will work towards that goal. "

Dai Donggong sighed, "All of you god races have such terrifying innate abilities. It's a bit unfair! "

Wu Zhi laughed bitterly: "You can't say that, our Undead Divine Race, wasn't our clan exterminated? Purple Yuan Sect is here, he's in a rage right now, we can head to Ling Tian City right now! "

This Purple Yuan Sect was one of the people who massacred the Undead Divine Race back then. At this moment, Wu Zhi was extremely happy because this was their chance.

"He came by himself. If the three of us join forces, we'll definitely be able to take him down!" Wu Zhi laughed coldly: "This guy used our clansman's blood to continue living, let him return it now."

Chen Xiang said: "Do you have any plans? If that guy can't find the divine gourd, will he leave immediately? "

Wu Zhi said: "That won't happen, because an elder of the Ling Tian School told him to wait a bit, they have already investigated and will get the results soon. At that time, as long as he makes a move, they will be able to take him back!"

"Let's go to Ling Tian City now." Dai Donggong said.

Chen Xiang, Wu Zhi and the rest all changed their appearances briefly before they headed towards Ling Tian City through the Transmission array.

"It's better to lure him out of the city. When the time comes, we can consume some of his strength. If we start a war in Ling Tian City, the entire city will be destroyed." Wu Zhi said, he also did not like killing, especially those who had nothing to do with it.

"The Purple Yuan Sect's name is Chi Yuan, and he cultivates a strange type of purple colored divine lightning that uses lightning attributed godly strength. Everyone be careful, when his entire body is filled with purple qi, he is going to use that strange type of divine lightning." Wu Zhi said: "I'll go and lure him out of the city now. Wait for me at the foot of the mountain outside the city."

Chen Xiang and Dai Donggong immediately left the city, and quickly arrived at the mountain peak that Wu Zhi had pointed out just now.

"This is my first time fighting with a Peak Divine Lord Ranker, I'm a bit nervous!" Chen Xiang laughed. Although he said that, he did not look nervous at all.

Although this Purple Yuan Sect is the first batch of experts, it does not mean that he is strong. I am a Peak Divine Lord belonging to the younger generation, even if there is a gap between us, the gap will not be too wide. At that time, with me controlling him, you and Elder Wu can work together and definitely kill him. Dai Donggong laughed: "Don't be too nervous, as long as Chi Yuan is me, he won't be a problem! At Peak Divine Lord's level, no one can break through, and no one can compare in strength, so the only thing left to do now is which side will have the most people. "

"Is there really no one in the Elder Dai who can break through to the peak of the realm? "What would happen if I were to break through?" Chen Xiang was very curious about this.

Back then, my master had left very early on. He said that he was going to look for longevity and break through to the peak of perfection, but he didn't return for many years, and among the Peak Divine Lord that were in the same group as him, none of them were able to break through. The Elder Dai shook his head.

Chen Xiang had only heard that in the Undead Divine Races of the God Clan, there was an old Patriarch who had broken through, but after breaking through, he did not know what had happened.

"He's here!" Dai Donggong's face suddenly became serious, and shouted.

In the direction of Ling Tian City, Wu Zhi had turned into a blue light and was flying over quickly. However, a purple light was chasing closely behind him.

Dai Donggong immediately released three array discs, stacked them together, and then opened the array disc. He released an extremely powerful barrier, just in case Chi Yuan ran away.

Chen Xiang looked at the three array discs, they were gradually disappearing, and he was unable to sense them, this way he could prevent the barrier from collapsing.

At this time, Chen Xiang and the others were inside the barrier, they could not go out, nor could others.

"The duration of this barrier is limited, everyone hurry up!" Dai Donggong sent a sound transmission to Chen Xiang and Wu Zhi. After Wu Zhi entered, Dai Donggong immediately rushed over, struck out with his palm, and dissolved the purple lightning that flew over.

Chen Xiang saw that Wu Zhi's face was pale white, and there was even blood at the corner of his mouth, Wu Zhi was actually injured! Although he was using Hundred gods level, the difference between the number of his Bones and Chi Yuan's allowed him to be weaker than him as a whole. When he was running over, he was injured by Chi Yuan.

"Dai Xun, this is... I understand, you want to kill me! Haha... You little scoundrel left the Everlasting Mountain because you wanted to create your own sect, right? I knew that you wouldn't be able to control the crafty side of the Dan God Institute back then." When Chi Yuan saw Dai Donggong, he laughed and was not one bit surprised.

As for the Everlasting Mountain, the other Heavenly Stars were also quite concerned about them, so they knew about the current situation in the Everlasting Mountain.

### [Chapter 2287](#)

Chen Xiang looked at Wu Zhi and immediately guessed that Wu Zhi had revealed his identity as the Undead Divine Race, which was why he was able to lure Chi Yuan over. Chi Yuan had participated in the massacre of the Undead Divine Race, so it was normal for Wu Zhi to have attacked him earlier, therefore he immediately chased after him.

"Dai Zi, do you think you and these two little scum can kill me? You are too naive, don't think that just because you are a Peak Divine Lord, you can be on par with me! I'll let you know what a difference is now." Chi Yuan's wrinkled face was filled with sneer and disdain. Dai Donggong was younger than him by a generation and was just a child in his eyes, so he did not look down on Dai Donggong at all.

Furthermore, at that time when Dai Donggong did not participate in the slaughter of the Undead Divine Race, they had already seen how unhappy Dai Donggong was. Now that there was a chance, they wanted to teach him a lesson.

Dai Donggong sneered: "Chi Yuan, you should look in your own mirror and see how many years you have left to live. No matter how strong you are, in the end, aren't you still going to die from the torture of time?"

He knew Chen Xiang's strength, but he was sure that Chen Xiang was not Peak Divine Lord. As long as he did not reach that level, it would be difficult for him to defeat Chi Yuan! He had just experienced it himself. He felt that he himself was already very strong. Although he had almost reached the Peak Divine Lord Realm, he was injured after being hit by Chi Yuan.

And that was only if Chi Yuan did not want to kill him, because Chi Yuan needed the Immortal bloodline in his body to increase his lifespan.

"Let's go to the side, let the Elder Dai go first." Wu Zhi said to Chen Xiang before pulling Chen Xiang to the edge of the barrier.

"Elder Dai? I thought that you had already established your own clan, but to think that you are only an elder? So who's your head? Is it that Undead Divine Race?" Chi Yuan looked at Wu Zhi and Chen Xiang.

shrewd and scheming, and also did not know how to do things well, but they never thought that Chen Xiang had hidden himself even further, even they had thought that Chen Xiang was weak in front of the Peak Divine Lord.

"It's really not easy to get rid of a Peak Divine Lord!" Chen Xiang laughed and walked over to help Dai Donggong up.

"Leader, you are truly secretive! I thought you were only good at concocting pills." Dai Donggong laughed.

"While concocting pills, I will not forget to enhance my strength. I already have enough divine pills." Chen Xiang said with a smile, then opened up a spatial passageway: "Let's go back."

He brought Dai Donggong and Wu Zhi and stepped into the spatial tunnel, then directly returned to the Villa.

"I'll go heal my wounds first. I have my own healing divine pellet, and will be able to recover very quickly. Elder Wu, take note of the movements of the Purple Yuan Heavenly Star during this period. Dai Donggong said: "Purple Yuan Sect died. The other elders will happily die, especially the one who took over Leader. But in order to establish his might, he definitely has to take revenge for Chi Yuan."

"I am clear of this, take a good rest Elder Dai!" Wu Zhi nodded, his injuries were considered relatively light.

... ..

Purple Yuan Sect's Leader is dead! This matter quickly spread to all the stars in the Star Law Divine Realm!

The Wang Ancient Heavenly Star was even more anxious, because the Leader's Leader died in his place, and there were even people who saw the huge mountain that appeared during the great battle. That was a forbidden technique that only the Everlasting Mountain knew how to use!

However, Everlasting Mountain of the Everlasting Mountain had already left the Everlasting Mountain, and for some reason, they had started fighting with the Purple Yuan Sect, and based on what happened before, everyone came to a conclusion that the fight might be related to the Tianyu God melon!

When Chi Yuan came, the Tianyu God melon just happened to have been snatched away, and after that, the people from the Ling Tian School went to investigate. In the end, Chi Yuan and Dai Donggong fought outside the city.

It was just that he did not think that the battle would last so long, and Chi Yuan was even killed, with not a complete corpse!

Although Dai Donggong was a Peak Divine Lord, he still belonged to the younger generation. Logically speaking, he was not as strong as the older generation, but he was able to kill Chi Yuan in a short amount of time!

Earlier, there were rumors saying that Dai Donggong had always been suppressed by the Dan God Institute using Divine Pills, so he couldn't unleash his powerful strength. But not long after Dai Donggong left the Everlasting Mountain, he killed a powerhouse, shocking many people with his strength.

Purple Yuan Sect died here, the unlucky ones would be them, because at that time, Purple Yuan Heavenly Star would have a very good reason to run here. If Everlasting Mountain was not strong enough, he would be taken over in the end, and that was what they did not want to see.

The Wang Ancient Heavenly Star was so big, no one knew where Dai Donggong was hiding, and Huang Jintian and the rest had already ordered their disciples to return. After the news spread, they would then take action, because the Everlasting Mountain already knew that Chen Xiang was secretly building up his power, and had pulled all the outer disciples over.

... ..

Inside the secret room, Chen Xiang looked at the black Bone level fruit and sighed, "Now we finally have time to see whether this Bone level fruit is a good thing or not! If that's not the case, I will definitely go to the Earth Dragon Star to find that Ge Long. "

He used the precious Divine Lotus to exchange for it, he definitely could not lose out.

Yue Er had already copied two of the Bone level fruit s, so he was able to relax and give it a try.

"Eat and see first. If you can really condense Bones, then use it to refine pills." Chen Xiang took a big bite of the Bone level fruit. It was surprisingly sweet, the texture of the meat was like that of an apple, shocking him.

"How strange, previously when I was refining the Three lotus Dan, those lotus seeds were already very hard, and this Bone level fruit should be considered a divine medicine for King grade, to actually be so brittle!" The fruit flesh was very tasty, he frowned: "Did I get cheated? That bastard Ge Long just took out the weirdest fruit to trick me? "

With a few bites, he ate all the Bone level fruit and then felt the effects of the medicine. However, he did not discover any medicinal effects at all, and he felt more and more that he was being deceived!

"It shouldn't be fake. I used a lot of purple pearls when copying it, so I don't need that many normal fruits." Yue Er said.

"Then I'll try again!" Chen Xiang closed his eyes and continued to sense the medicinal power of the pill. He didn't know why, but he suddenly felt extremely tired, and unknowingly, he fell asleep.

In the morning of the second day, when Chen Xiang heard Yue'er calling out to him, he immediately opened his eyes. He then stretched lazily and praised: "It's been a long time since I've slept so well ..."

"Wait!" Chen Xiang frowned and said: "I should be condensing my Bones. Why have I fallen asleep?"

## [Chapter 2289](#)

Chen Xiang thought about how he ate the Bone level fruit and started to look for the Bones he had just condensed. Not long after, he exclaimed in surprise.

"He really condensed it!" Chen Xiang himself felt that it was inconceivable. In the past, when he was condensing Bones, he would always suffer a pain worse than death, but this time, he was able to condense it so easily.

Previously, Ge Long had told him that it would be extremely easy for him to eat this Bone level fruit condensed Bones. Now, Chen Xiang completely believed in Ge Long's words, he only felt that it was a bit incomprehensible, this kind of good thing was extremely precious, yet Ge Long took it out to exchange!

"This guy took out such a good item. Could it be that he has a lot of these things himself?" Chen Xiang said, he could only think of this reason.

"He really condensed Bones? Where is it? Your arms and legs, chest, back and even your eyes, all seven of them have Bones! " Yue'er also did not expect Chen Xiang to actually condense Bones after waking up from a comfortable sleep. She also could not understand why but she knew that this kind of Bone level fruit was just too great.

"Yue'er, the Bones is in the head, is this okay?" Chen Xiang said: "My head now has four Bones! Before, two of them had congealed in his eyes, but now there are another two in his head! "

"That's not strange, even a bone could condense Bones! Generally speaking, legs are the most common places, and these things will definitely appear, but I am not clear about other places, even if it is only on one's finger, Bones is still able to unleash a very strong power. " Yue'er laughed: "You don't have to worry, at least your head is pretty good, at least it can make your head very hard. Also, your head is connected to the Divine Sense Sea, it can strengthen your Divine Sense Sea."

"Where do you want to go to find a good divine soul to go with the new one?" This was Chen Xiang's eighth condensed Divine Deity, and also the same Double bone level. It had been like this the previous seven times, so he did not feel that anything was amiss.

"Why not ask Wu Zhi? Just tell him directly, this is your eighth Divine Deity, and it's at the head. Let him help you see what kind of divine soul you want to find. " Yue'er laughed: "Even though Wu Zhi isn't at his peak, his terrifying body splitting technique is extremely useful. Moreover, he also knows about Heaven extended method."

Chen Xiang had only been in closed door cultivation for a few days. After he left, he quickly found Wu Zhi.

"Elder Wu, what are you busy with?" Chen Xiang walked over and saw that there were many names written on a piece of paper on Wu Zhi's table.

"These are the cultivation techniques that I gathered through my avatar. I plan to make a detailed record to let our disciples learn according to their own circumstances. There are a lot of cultivation techniques, so I'm busy." Wu Zhi laughed, he had a lot of clones, so he was able to enter and study in those sects. He learnt many good techniques in those sects, and all of them could be recorded by Wu Zhi.

"Elder Wu, tell me, what kind of divine soul would be considered appropriate if it was condensed on top of your skull? I don't know much about that. " Chen Xiang asked.

"Bones condensed in the skull? This is a very rare sight, you actually managed to form it? " Wu Zhi was shocked, and hurriedly put down the work by his hand, saying: "Quickly sit down, let me help you take a look, I do have a lot of research into Bones, although Bones will appear in the bones in various parts of the body, but they will rarely appear on the head."

Chen Xiang sat down and carefully caressed his head. He frowned his old eyebrows and tried to sense the Bones on Chen Xiang's head.

"What's going on? Could I have sensed wrongly? There are actually four Bones s! " Wu Zhi was shocked, and shouted: "How is that possible?"

"Shh!" Chen Xiang immediately made a gesture: "Why is that impossible?"

"Leader, how much Bones do you have now? Could it be that all four of them were stuck in his head? This situation is even rarer! " If Wu Zhi had not personally witnessed it, he definitely would not believe that a person would actually have four Bones s in their head.

Wu Zhi also felt the two Bones s in Chen Xiang's eyes, adding the one Chen Xiang had just condensed, there were four of them!

"Well... It's my secret, don't you dare talk about it randomly, Elder Wu! " Chen Xiang said softly, he trusted Wu Zhi quite a bit.

Wu Zhi nodded: "I know, Bones condensed in your head, do you have any other feelings? Or perhaps there have been other reactions that I have not seen in the past. "

Chen Xiang shook his head. Other than the Bones in his eyes, the two Bones that he had condensed just now were extremely secretive, causing him to be unable to find them after he woke up.

"When I formed it, I had to look for it myself. It could be said that there was no reaction at all, but I tried it, and it can be used to absorb the God Power in my Divine Sense Sea." Chen Xiang said: "Elder Wu, how do I usually use the Bones in the head?"

"I can't possibly be like the Bones of fists and legs! When I am fighting, shouldn't I use my head to hit him? " Chen Xiang laughed.

"Of course not. It would look very stupid." Wu Zhi laughed: "The Bones in the head is rather special. After it appears in the head, there will be a few special abilities that the Bones of other parts do not have."

"First of all, it can make your head even harder. This is the same as the other Bones, it can strengthen the location of your Bones! Also, the Bones at the head can also absorb and transform the divine power within the Divine Sense Sea, making it very strong and transferring it to other parts of the body. "

"It's similar to the Bones of your legs. Because it's convenient to attack, it's more direct in terms of usage!" Chen Xiang said. The Bones in his eyes could also absorb the power of the Divine Sense Sea just like the Bones in other places.

"Yes, and the front and back of the chest are also places where Bones are usually condensed. This is mainly used as a defense." Wu Zhi nodded, "And the Bones on the head can not only protect the head, it can also protect Divine Sense Sea! Many Peak Divine Lord s know how to attack, so they have to protect their own Divine Sense Sea s whenever they fight! "

"If you have Bones at your head, then you don't even need to deliberately protect yourself to be able to play an extremely powerful defensive role! This is a great benefit from having a head full of Bones. "

Wu Zhi patted Chen Xiang's head and continued to speak, "The protection of the Divine Sense Sea is extremely important. For example, if your body was destroyed, and your Divine Sense Sea was well-protected, then it would float along with your consciousness, and others wouldn't be able to kill your Divine Sense Sea! This way, you only need a little time to cultivate and be able to form your flesh once again, and your body will be as strong as it was before, and you will even have Bones! "

"This is recorded in an ancient book of our Undead Divine Race." This is recorded in an ancient book of our Undead Divine Race.

"Is there any other use for it besides this?" Chen Xiang felt that his Divine Sense Sea's defense was already very strong. This was because he had the Bones of his eyes from before.

### [Chapter 2290](#)

"Yes!" As long as you cultivate up to the Divine Sense Sea, there will always be a Divine Sense Sea World, it's just that the majority of the things inside are your fantasies, and the space inside the Divine Sense Sea World is pitifully small! But if your head condenses Bones, you can treat Bones as the core of your Divine Sense Sea World, shape it into a Core of the Earth, and then absorb the energy of the outside world through your Bones! " Wu Zhi said, laughing: "This way, you can create a real Divine Sense Sea World."

"Real Divine Sense Sea World? "Where would that be?" Chen Xiang said in surprise: "If it was a real world, wouldn't others be able to break through space and enter? Or is this so-called real world like the space inside the Storage magic treasure? "

"No, the real world is real. You are the god of this world, so you can designate this world to follow your thoughts! Time, space, sunrise and sunset, Stellar Transposition, they could all be controlled at will! And you yourself entered your own real world, enjoying the benefits that this real world brings you. " Wu Zhi's face turned serious: "According to the legends of our Undead Divine Race, if one wants to break through the realm of Peak Divine Lord, the head must condense Bones."

"Our Patriarch broke through the realm of Peak Divine Lord, and now that he's dead, we all suspect that he's immersed himself in his own world. In his world, he can control everything, gather limitless amounts of resources, and bring him to the peak of another realm."

Chen Xiang was stunned. This sounded very mystical, but it did not sound like it was impossible, and he himself had experienced many miraculous things. For example, he himself had two Divine Sense Seas, and Yue'er could not understand this.

Wu Zhi saw that Chen Xiang was deep in thought, and said, "Earlier, some of the elders in our Undead Divine Race were experimenting. For example, those elders who possess nine Divine Deity, they would cripple a piece of their Divine Deity and then condense it using all sorts of methods. It's just that it's not easy to condense Divine Deity, and it's even more difficult to condense Divine Deity in the head. For so many years, our Undead Divine Race had not seen any Divine Deity in the head. "

Chen Xiang was thinking, of the four Divine Deities on his head, two were already in his eyes, and when they congealed, they fused with his eyes, and could be said to have broken away from his bones! And these two Bones that had just been condensed out could be considered as the true head Bones!

He felt that every time he condensed the Bones, it would always be the Double bone level, and that was because he had the second Divine Sense Sea. If he were to use the Bones as the equivalent of the Core of the Earth, then of the two Bones that had just condensed in his head, one would belong to him, the Core of the Second Divine Sense Sea?

Chen Xiang's control over the Divine Sense Sea had always been strong, for example, he had previously tried to refine pills inside the Divine Sense Sea! Although the Divine Sense Sea contained a very powerful divine power, the inside was extremely weak. To release a Magic method furnace from the Divine Sense Sea that could explode at any time to refine pills, this was equivalent to suicide.

But Chen Xiang had done it, and his Divine Sense Sea was also very stable, allowing him to do such a dangerous thing!

All along, Divine Sense Sea had reflected the yearning in one's heart. Right now, this Divine Sense Sea of Chen Xiang yearned for a peaceful and tranquil world, it was because he was too exhausted all these years. For his family and friends, for his own survival, he ran all over the place nonstop, participated in all kinds of wars, and experienced all kinds of dangers!

Therefore, he longed for this peaceful and peaceful life from the bottom of his heart! However, deep in his heart, he had an even greater desire and ambition. Even he himself did not know what it was! It was just that over the past few years, due to all sorts of things, his terrifying ambition did not explode, and as time passed, it grew quiet. However, it still existed deep within his heart along with him!

That was his second Divine Sense Sea, which was also his true appearance!

"I'll soon be arriving at my second Divine Sense Sea. As long as I condense the Hundred gods level, I'll be able to see my true Divine Sense Sea with nine Bones." Chen Xiang clenched his fists.

Wu Zhi said: "The earth's core is always hot, and this Bones is used as the core, so of course it's for the fire attribute! Of course, you can also choose other attributes. "

"I understand!" Chen Xiang nodded. He had already decided that if one of the two Bones s he had condensed just now fused with the Life and Death divine soul, it would allow his Divine Sense Sea World to be more lively and beautiful.

And the other one was prepared for the second Divine Sense Sea. In order to match his second Divine Sense Sea, he needed to find five sets of divine soul! which also corresponded to the five Beast statue in his second Divine Sense Sea!

Right now, Chen Xiang could not go and condense the ninth Divine Deity, because before that, he had to finish condensing his divine soul, and condense his Divine Deity to one hundred before proceeding with the final sprint. At that time, it would definitely not be difficult, because he would be able to condense them very smoothly after eating the Bone level fruit.

"Elder Wu, I'll go look for divine soul now, it might take some time to return. If the disciples don't have enough divine pellets, ask them to wait a little longer." Chen Xiang said.

"Divine pills are definitely enough. You already gave them a lot, and they are already very satisfied!" Because of the death of Purple Yuan Sect, we can't let them go out right now. This caused them to

clamor all day just to kill Special god beasts and help you earn some Shen Yuan stones. " Wu Zhi laughed.

I'll be fine. I'll be back in three months or so, and at that time, the Purple Yuan Sect will probably take action as well. They won't let this go easily, and they'll just let the Wang Ancient Heavenly Star off the hook like that. Chen Xiang said.

"The Purple Yuan Sect already has a new Leader. Their Leader died here, so no matter what, they will come here to find trouble! This group of people are all very ambitious, they would definitely use this chance to swallow the entire Wang Ancient Heavenly Star. This way, they can occupy two Heavenly Stars and become the strongest power in the Star Law Divine Realm. " Wu Zhi nodded his head: "But we don't have to worry, they won't be able to find us for now."

After Chen Xiang changed his appearance, he headed towards the Transmitting Square. He was not going to look for divine soul, but to look for Ge Long on the Earth Dragon Star. He wanted to know more about that kind of Bone level fruit.

If he could get a lot of these Bone level fruit, he would be able to build an army of Peak Divine Lord soon!

After a few teleportations, Chen Xiang finally arrived at the Earth-stage Stars, Earth Dragon Star. Ge Long was the Star Lord here, he directly arrived at the largest city on Earth Dragon Star, Emperor Dragon City!

"Why isn't this place called Earth Dragon City? And it's called Emperor Dragon City? " Chen Xiang came to Di Long City via the Transmission array, smiling as he talked to himself.

"Landwyrms are already quite unpleasant to listen to. I expect that not too long from now, Earthdrake will be named Emperor Dragon Star." Yue'er smiled.
