

## Dan God 2351

### [Chapter 2351](#)

Chen Xiang used two days of time, and used ten Bone level fruit to refine a Nine Bone Divine Pill. It was much higher than the one refined by the previous Bone level fruit! He did not know how many Bone level fruit were equivalent to, but he still needed Xu Youqing to test it first to know.

After Xu Youqing's divine soul consumed one Nine Bone Divine Pellet, she had already successfully condensed the seventh Bones. Now, Chen Xiang was letting her consume the divine pellet refined by the ten Bone level fruit s.

"If only I can successfully condense the eighth Bones. I can probably guess how many Bone level fruit s are needed to refine the Bones." Chen Xiang said.

Xu Youqing continued to try, in the short span of a few days, her divine soul had created two consecutive Bones, which made her extremely happy, and she was naturally very willing to try it right now. Furthermore, her second Divine Sense Sea had already finished cultivating, and the two Divine Sense Sea were already slowly fusing.

At that time, she would be able to use both her divine soul and her body's Bones at the same time.

Chen Xiang began to refine the Nine Bone Divine Pill again. This time, he was going to try hard to refine five hundred Bone level fruit into a single pellet!

Right now, he only wanted to use this Nine Bone Divine Pill to break through his current bottleneck, and let himself condense his ninth Bones!

Refining all five hundred Bone level fruit into pills required a lot of time. After all, five hundred of them, even one of them, required a lot of time!

"I've succeeded, my divine soul has successfully condensed the eighth Bones! It's too fast, am I dreaming!"

Xu Youqing's surprised voice could be heard, Chen Xiang also nodded in satisfaction: "What I want is this kind of speed!"

"Darling, you're so awesome!" Xu Youqing praised: "Following you is really not bad!"

"Of course!" Chen Xiang laughed proudly: "I have expended a lot of thought and scheming to become stronger for the sake of the little lady beside me!"

Two months had passed and Chen Xiang had finally refined five hundred Bone level fruit into a Nine Bone Divine Pill. This Nine Bone Divine Pill was only as big as a peanut, but it was extremely heavy.

"Five hundred pellets condensed from Bone level fruit, almost fifty kilograms!" Chen Xiang weighed them in his hand, a hundred kilograms was nothing to him.

"Can you successfully condense the ninth Bones? "Hurry up and try it out!" Xu Youqing knew that Chen Xiang had been stuck at this bottleneck for a long time.

Chen Xiang could not wait any longer, he anxiously consumed it, and the medicinal power immediately melted away. He suddenly felt very comfortable, and then fell asleep!

Seeing Chen Xiang falling asleep, Xu Youqing and Yue'er immediately cheered, because they knew that Chen Xiang had succeeded. This was a sign that the Bones would manifest after consuming the Bone level fruit or the Nine Bone Divine Pill!

Chen Xiang himself did not know that he was sleeping, so he did not know that the time outside was passing by...

... ..

"Leader hasn't come out yet?" Feng Wu came to the villa and asked Dai Donggong.

"Not yet. It hasn't been a long time since he went into closed-door training!" In the past, the longest time I spent in seclusion was over a thousand years. " Dai Donggong laughed: What urgent matter do you have to find him for?

Feng Wu had been following Imperial Concubine Lian and the others the entire time, and it had already been a year. At this time, the entire Hundreds of Flowers Village had already moved to the top of the Great Heavenly Star. Feng Wu came here obviously to tell Chen Xiang the good news.

"It's just that his friends and wife have all moved here. I want to tell him this news!" Feng Wu said: "Elder Dai, if he comes out from closed door cultivation, tell him to hurry up and head to the Great Heavenly Star."

"No problem!" I also want to go to the Great Heavenly Star later on. I heard from Wu Zhi and the others that the Four Great Divine Beasts of Nine Heaven World are all here, and are as powerful as the Four Great Divine Beasts of Star Law Divine Realm! " Dai Donggong laughed.

Feng Wu smiled and nodded: "I can go to Elder Dai anytime!"

Now that Feng Wu had also joined the Hundreds of Flowers Village, she knew that many of the women in the Hundreds of Flowers Village had a good relationship with Chen Xiang. She did not dare to ask which of them were Chen Xiang's wives, and only knew that Xue Xianxian, Liu Meng'er and Long Xueyi were his wives, while Dongfang Xinyue and Hua Xiangyue were his little maid. She wasn't sure about this, but she felt too embarrassed to ask.

However, when she was in Hundreds of Flowers Village, there were many women who asked her about her relationship with Chen Xiang, and they all thought that Chen Xiang had eaten her!

The moment Feng Wu walked out of the Villa, he saw a beautiful woman in white clothes walking over with a smile.

"Xue Yi, why did you come!" Feng Wu was very surprised. She knew that Xue Yi was a White Dragon and it was very dangerous for Divine Dragon Race to wander around randomly.

"Why can't I come? I'm not afraid, but hasn't Little Scoundrel come out yet? " Long Xueyi asked, following behind her was Ge Long, who had brought her here.

Ge Long said helplessly: "She insisted on pestering me to bring her over! I have no other choice. This ancestor is stronger than me, so you don't have to worry about her. "

"Not yet!" Feng Wu anxiously walked over, she was extremely worried about Long Xueyi, at that time Chen Xiang had said that she was looking for the Three Lotus Dan's divine medicine, precisely to cure Long Xueyi's poison.

"I'll leave it to you when I go back." Ge Long ran off as soon as he finished his words.

"Feng Wu, bring me around here. Little Scoundrel's power has been here for a long time, he must have controlled this place well, so it should be very safe." Long Xueyi laughed.

"En!" Feng Wu laughed, then held Long Xueyi's hand as they walked down the street.

Along the way, Long Xueyi caught all the fruits at the stalls, and every one of them was more than half full. Feng Wu was in charge of buying the fruits for the Shen Yuan stone, so the fruits were very cheap.

"Xue Yi, is Elder Brother Shen really that bad? Why do you keep calling him Little Scoundrel! " Feng Wu asked with a smile.

"Sometimes this guy's bad to the bone, and sometimes he's so honest!" Long Xueyi laughed tenderly: "He's not really broken. Otherwise, you would definitely have been eaten by him to the point where not even your bones would remain."

"So it's like that! Was he home to a lot of women? I always feel that his relationship with those girls is very good. " Feng Wu asked again. Because Long Xueyi seemed to be more mischievous and easygoing, she dared to ask about this matter. After all, she was also very curious.

"Not much, most of them are pretty close to her!" Of course, many of them are interested in him and have received great favours from him. " Long Xueyi said. She understood all the women around Chen Xiang a little.

Long Xueyi took out a snow-white fruit and wanted to take a beautiful bite, but unexpectedly, the fruit was snatched away. She was just about to go crazy with rage, when she saw Chen Xiang standing in front of her, smiling as he ate the fruit.

"Little Scoundrel, you actually dare to steal my food!" Long Xueyi laughed and started playing with Chen Xiang.

Back then, when Chen Xiang had just met her, she was robbed and eaten by Long Xueyi. When Long Xueyi thought back to it, she couldn't help but feel sweet in her heart.

When Chen Xiang came out of closed door cultivation, he knew that Feng Wu had come to find him and that Long Xueyi had come from behind as well.

## [Chapter 2352](#)

When Chen Xiang saw that Long Xueyi had arrived, he knew that the people of Nine Heaven World had moved to the Great Heavenly Star Realm. He had and Huang Yantian help out with this matter, it seemed like things were progressing smoothly.

Because Chen Xiang had come out of seclusion, Long Xueyi immediately followed Feng Wu back to the villa. Long Xueyi had mainly missed Chen Xiang too much, which was why he had pestered Ge Long to bring her here.

"Little Scoundrel, Elder Sister Meng'er and the others said that they can refine an array disc that can teleport from the Great Heavenly Star to here. It will take some time for it to be completed, and at that time, they will come over to play." Long Xueyi did not know about the hidden dangers of Wang Ancient Heavenly Star. "

"En, I will go find Sister Qilian, let's go together now!" Chen Xiang pinched Long Xueyi's face.

After that, Chen Xiang and Long Xueyi left the Wang Ancient Heavenly Star and headed towards the Great Sky Star.

After arriving at the Great Heavenly Star, Chen Xiang followed Long Xueyi and came to the that was established here!

Chen Xiang did not immediately go find Lv Qilian, but first went to see Xue Xianxian and the others. Seeing that their strength had greatly increased, he felt more at ease. At this time, they were busy refining the Transmission array Disc, and Chen Xiang had only touched their small hands, or pinched their faces, before he left.

Chen Xiang returned to the courtyard house of the pill refining team and played with the girls for a while before he started discussing a lot of pill refining matters with them. He passed on all his gains from these few days to Feng Yujie and even gave him some medicinal ingredients.

After walking around the Hundreds of Flowers Village for a bit, Chen Xiang finally went to find Lv Qilian!

Originally, he had planned to let Xu Youqing out, but since Xu Youqing was currently cultivating, her Bones would require her to condense her divine soul as well.

"Sister Qilian!" Chen Xiang entered Lv Qilian's secret room and called out sweetly.

"Humph!" Seeing Chen Xiang's expression, Lv Qilian spat lightly.

"I heard your master say that because of some other reason, we can't be allowed to go up. He didn't tell me! He said it would be better for you. " Lv Qilian said. She was currently in Chen Xiang's embrace.

"Sigh... This Star Law Divine Realm is not very peaceful, and I do not know if you made the wrong decision when you came here. " Chen Xiang sighed.

"If the Star Law Divine Realm is not peaceful, then sooner or later, it will spread to the Nine Heaven World and we won't be able to avoid it in the end." Lv Qilian said gently: It seems that the problem is very serious, can you tell me about it?

"The Wang Ancient Heavenly Star s of the Star Law Divine Realm have a passageway to the Heavenly Law Underground, and there are very terrifying things beneath the Heavenly Law Underground. They can control Natural Law Principles, and once they control Natural Law Principles, they will become extremely powerful, so we might not even be their match." Chen Xiang said.

"There are Four Divine Races in the Star Law Divine Realm, their mission in the Star Law Divine Realm was to strengthen this seal, and now that the entire race of the Undead Divine Race has been exterminated, that means if this seal is loosened, it will be impossible to reinforce, and the things inside will break out from the seal sooner or later."

Lv Qilian lightly caressed Chen Xiang's face, and said with a slight frown: "How strong is the thing underneath the seal? Can't the Peak Divine Lord match up to them? "

Chen Xiang shook his head: "Their strength far surpasses Peak Divine Lord's, and is even above the Heavenly Dao Realm! To step into the Heavenly Dao Realm after surpassing Peak Divine Lord would require two Divine Sense Seas to cultivate up to two Hundred gods levels and eighteen Bones before they could step into the Heavenly Dao Realm. "

Lv Qilian took out a jade tablet and sent a message to Feng Yujie. For such an important matter, she also wanted to tell Feng Yujie.

"Hui Shan took You Lan to the Divine Dragon Race to study, she can't come back for a while." Lv Qilian left Chen Xiang's embrace, walked over, and opened the door, allowing Feng Yujie to enter.

Feng Yujie was in charge of alchemy in the Hundreds of Flowers Village, so he had to let her know about some important things and discuss them with her.

When Chen Xiang went to find Feng Yujie, in order to not worry Su Meiyao and the others, he did not tell them about this either. As for Feng Yujie, he did not know either.

"Cultivating the Second Divine Sense Sea? "How should I train?" Feng Yujie asked: "Have you finished cultivating? I always felt that you were very powerful! "

"I have cultivated it, but my cultivation method is not suitable for others!" Chen Xiang said: "But you all do not have to worry, there is still a way! is that the main thing is to cultivate a set of divine soul, to cultivate that set of divine soul to be as strong as I am, and then to cultivate Divine Sense Sea, Bones, and Divine Deity on top of that set of divine soul. "

This was the method Xu Youqing used to form the second Divine Sense Sea!

"Sister Feng, I have already given you that Bone level fruit. You all need to duplicate more of it. If you use this to refine the Nine Bone Divine Pill, you can quickly condense Bones." Chen Xiang said.

"I know!" Feng Yujie chuckled: "Little Scoundrel, you're pretty obedient to me. After coming to Star Law Divine Realm, you actually didn't pick a fight!"

Chen Xiang laughed dryly, then pulled Feng Yujie and Lv Qilian over, and actually took off their clothes with extremely nimble hands!

Feng Yujie and Lv Qilian's faces immediately flushed red, they knew what Chen Xiang wanted to do.

"Little Scoundrel, you ..."

"I missed you guys so much!" Chen Xiang laughed wickedly, then started to get intimate with the two girls ...

... ..

Chen Xiang stayed in Hundreds of Flowers Village for a few days, and after Xu Youqing finished his closed door cultivation, he introduced Xu Youqing to the others, and asked Xu Youqing to share his experiences in training with the second Divine Sense Sea.

At this time, Yue'er also came out of the ring, looking for Shui Bingyan to play. She decided to stay in Hundreds of Flowers Village for a period of time, and not follow Chen Xiang for the time being.

After Chen Xiang left the Hundreds of Flowers Village, he headed towards the Nine Heaven School!

He understood that the Nine Heaven School was currently managed by Gu Dongchen. Jiu Canghai had hidden himself and was only an elder, but he had also followed along. The main reason was because he did not want to stay in the Nine Heaven World alone, and the Nine Heaven World was currently developing very smoothly.

Chen Xiang also saw many of his good friends from back then. After drinking with them for a long time, he went to find Jiu Canghai.

When he saw Jiu Canghai, he was shocked, he never thought that Jiu Canghai would have grown so much older. Although he was only middle-aged, his hair had become a lot whiter.

"I'm almost there too! But now that I can see that the world I have created has become so powerful, I can die without regrets." Jiu Canghai sighed.

"Big Brother Canghai, this is a Divine Longevity Pill that I refined. It can extend one's lifespan." Chen Xiang took out a few of these Life Longevity Pellets and gave them to Jiu Canghai.

He had already given the Tianyu God melon to Feng Yujie earlier for Feng Yujie and the others to help him copy more.

"Is it really useful?" Jiu Canghai suddenly became excited, although he was not afraid of death, but if there was any hope of survival, he was very willing.

"Useful!" Chen Xiang nodded and smiled: "You'll know once you try!"

### [Chapter 2353](#)

Jiu Canghai hurriedly swallowed a pill. After the medicinal power melted, he immediately felt that it was just like what Chen Xiang said, it could extend his life.

Not long after, Jiu Canghai seemed to have become a lot younger, an energetic middle-aged man.

"It is indeed useful. Your improvement in the Pill Dao is truly swift." Jiu Canghai laughed, his smile was extremely brilliant, and completely different from before.

After that, Chen Xiang told Jiu Canghai a lot of things about the Star Law Divine Realm, letting Jiu Canghai know that there was danger here. Of course, if it were to explode, it would not spread to the big sky star so quickly.

After Jiu Canghai found out about this, he couldn't help but sigh with emotion. He had initially thought that the Peak Divine Lord was the end of the line, but he never thought that there was still someone at the Heavenly Dao Realm above, he had always felt that there was no limit to one's strength.

Chen Xiang also felt the same way, and then he told Jiu Canghai the direction to cultivate the second Divine Sense Sea and told him to teach it to the others in the Nine Heaven School.

This Everlasting Mountain was the knot in his heart. If he did not control the Everlasting Mountain in his hands, he would be very worried.

When Chen Xiang had consumed the Nine Bone Divine Pellet that the five hundred Bone level fruit had refined earlier, he had already cultivated up to the ninth Bones, and the second Divine Sense Sea had also appeared. He was extremely familiar with the Taiji yin and yang map, and what was a little different from before was that there were originally five Beast statue, but now there were six.

There was an extra Qilin floating in the air.

"My second Divine Sense Sea's cultivation is not to condense Divine Deity, but to help the six Heavenly beast condense their Bones." When Chen Xiang saw his familiar Second Divine Sense Sea, he could distinctly feel it.

If it was someone else's second Divine Sense Sea, they would need to cultivate a Hundred gods level, but Chen Xiang needed to give each Beast statue ten Bones, at that time, he would be able to step into the Heavenly Dao and condense his Dao Body.

After Chen Xiang returned to the Cang Cloud City's Villa, Wu Zhi came in a hurry to find him.

"Leader, something bad happened." Wu Zhi's expression was solemn, and said anxiously: "Undead Divine Race is here."

"Undead Divine Race is here." Chen Xiang understood immediately, and at the same time was a little happy.

Wu Zhi had previously said that their Star Law Divine Realm was only a branch power organization and that they had one in other places, and one that was even more powerful.

Yue'er's grandmother had now successfully contacted the largest clan in Undead Divine Race, which was why Wu Zhi said that the Undead Divine Race had come.

"What? Isn't this a good thing?" Chen Xiang asked doubtfully.

"It's not a good thing." Wu Zhi said as his brows furrowed, "After this Undead Divine Race came, he did not immediately look for us, but went to occupy other Heavenly Stars. Or did he use an extremely brutal method to directly attack a Heavenly Star and dominate it?"

"When did this happen?" Chen Xiang was also very surprised. He thought about it carefully and felt that it was nothing much, "However, this is also very normal. After all, Undead Divine Race was killed by those Heavenly Star Great Leaders.

"No, it would be one thing if they only wanted to kill those powerhouses. However, they killed indiscriminately and indiscriminately. Moreover, they did not completely exterminate those powers.

Instead, they controlled those powers and admitted that they possess extremely powerful strength." Wu Zhi said.

Hearing that, Chen Xiang also felt that something was amiss, the Undead Divine Race that just came here seemed to be different from the one he knew.

"Elder Wu, then what do you think?" Wu Zhi asked. Wu Zhi had many clones, so he could quickly find out what was happening in the Heavenly Stars.

"Even though they are also Undead Divine Race, they are not on the same route as us. I have already told the Patriarch, to be more careful when she comes into contact with this group of fellows." Wu Zhi said: "We, the Four Divine Races who have been stationed in the Star Law Divine Realm for a long time, have already separated from the main clan.

"Elder Wu, you mean the entire race is getting worse." Chen Xiang frowned.

"It's possible. According to their current style of doing things, they can only be described as cruel. Our Undead Divine Race should not be like this." Wu Zhi's face became serious: It seems that Star Law Divine Realm is getting more and more restless.

"Go and invite Elder Dai, my master and senior uncle. It's time for us to take Everlasting Mountain down." Chen Xiang said: "This Everlasting Mountain must be under our control. If this Undead Divine Race, which comes from the main clan, is filled with ill intent, and is under their control, it will lead to disaster."

Now that Chen Xiang had seen his own Second Divine Sense Sea, his strength was already very terrifying. After going beyond the realm of Peak Divine Lord, he felt that it shouldn't be a problem to deal with the fellows from the Everlasting Mountain s.

Dai Donggong, Huang Jintian and the others arrived quickly.

"It's time to make a move." Huang Jintian laughed, but after hearing what Wu Zhi said, he could not laugh anymore.

Undead Divine Race from the main clan had finally arrived, but it was not as they had imagined.

"Our Undead Divine Race has never been like that. They really killed innocent people on a Heavenly Star." Huang Jintian frowned, he took out the Tianyan god record, and started searching for something on it.

"Yes, they killed a lot of people. They destroyed two Stellar Corridors, and countless others died as well." Wu Zhi said: "What are you looking for, is it recorded in the divine records?"

Huang Jintian did not answer, but started flipping through it seriously. After a while, he let out a long sigh.

"Why are you so sure about what was written on the record?" Huang Yantian hurriedly asked.

"The entire clan is in some Natural Law Divine Realm or other. Back then, they had a sealed passage to hell on the Dao of the Heavens." Huang Jintian said: "If they truly had thoughts of strengthening us, they

would have made their move long ago, but they only watched as our clan was exterminated right in front of their eyes."

Wu Zhi trembled as he shook his head. He could not believe that it was true.

"Master, you mean to say that the Undead Divine Race above the Natural Law Divine Realm also wants to disrupt the order of the entire Heavenly Dao?" Chen Xiang was also very surprised.

"It should be, as for why I do not know, there must be a reason behind them colluding with the Evil Spirit Race, but no matter what reason they have, I will not let them go, even if they are our ancestors." Huang Jintian's voice trembled as she endured her rage. Her Star Law Divine Realm's clan was exterminated, and this was a blood feud.

The Undead Divine Race s that came over to the main race had originally been Chen Xiang's hope, but now they were extremely disappointed. Not only would they not help to resolve the crisis in the Star Law Divine Realm, they were even opposing them.

"Right now, no matter what, we must protect the Everlasting Mountain. As long as the seal below the Everlasting Mountain is not broken, we can gain more time." Wu Zhi said: "Leader, when do we start."

"All of you, go gather the disciples. We'll make our move tomorrow morning." Chen Xiang said, he and the few elders had already made their preparations.

#### [Chapter 2354](#)

Wu Zhi also spread the news of this matter to the upper star realms, letting the Four Divine Races s above understand the situation. Since the Undead Divine Race's main race was above the Natural Law Divine Realm, then perhaps the other three Great God Clans might also be above the. If they were all going to disrupt the order of the heavens, then the other three Great God Clans would have to make their own decisions.

Now, Wu Zhi had already made a decision to go against the entire clan, because they, the Undead Divine Race, had sacrificed too much.

The other three God Clans did not sacrifice anything, but they could not force themselves to hide, so their resentment was not that great. At that time, they might just follow the main race above Natural Law Divine Realm.

Therefore, Wu Zhi had also told Chen Xiang to be wary of the other three God Clans.

Deep into the night, the entire Cang Cloud City was extremely quiet. Chen Xiang and the others had already gathered all of the disciples, and with the help of a large number of Bone level Dan, the strength of all the disciples had increased by a lot.

Tomorrow, you will be led by the Elder Dai. We will listen to the orders of the Elder Dai to attack, and we will be in charge of killing our way up to the Everlasting Mountain. " Wu Zhi said. As he had many clones, he had already infiltrated into the Everlasting Mountain seriously.

"There isn't much power laid down on top of the Everlasting Mountain, only the original Dan God Institute and the elder's courtyard. There is already an elder of the Purple Yuan Sect, and most of the

Purple Yuan Sect's power is hidden underneath the Everlasting Mountain. I have already told the Elder Dai of their location." Wu Zhi said.

"Everyone, when the time comes, you must be careful. The more people we send, the more of them will live." Chen Xiang said: "I believe that for the past few days, everyone has been working hard to improve themselves. Although we don't have many people here, all of us are elites, able to take charge of Chen Xiang."

"Although we have a lot of enemies, they are all shrimp soldiers and crab generals. We do not need to fear them." Chen Xiang said. These disciples often fought with the Special god beast, and at this time, they were not afraid at all. On the contrary, they were excited, they had been here for so long.

Before the sky brightened, Chen Xiang had already used his formidable spatial energy to teleport everyone to the area below Everlasting Mountain., Huang Jintian, Teng Yong and Jing Ze each led their own small teams, stealthily approaching the area of influence of Everlasting Mountain.

Chen Xiang did not tell Xu Dazhong. Previously, Xu Dazhong had also said that if he were to make a move against Everlasting Mountain, there was no need to notify him.

The two powerful elders of the Purple Yuan Sect that were stationed there were also strong opponents for Xu Dazhong.

"Elder Wu, let's go." Originally, Dai Donggong also wanted to go up there, but there was an elder from the Purple Yuan Sect below who needed Dai Donggong's strength to suppress them.

And now that Chen Xiang had eighteen Bones and Hundred gods level, in addition to the Second Divine Sense Sea, he felt that he would have no problem fighting the entire Everlasting Mountain on his own.

If it wasn't for the fact that there was a seal underneath Everlasting Mountain, they wouldn't need to be so careful. Chen Xiang was able to handle it alone, and the reason why they were doing that was because they wanted to quickly kill all the Peak Divine Lords that were a threat to their safety.

Chen Xiang and Wu Zhi teleported all the way to the summit of Everlasting Mountain, where there were many buildings. Chen Xiang had come here once before, but was still not very familiar with the place, but Wu Zhi had his clone inside there and was very familiar with it.

"Leader, my clone has already left the Everlasting Mountain. You can attack in a while." Wu Zhi whispered to Chen Xiang.

Chen Xiang's first target was the elder of the Purple Yuan Sect, this elder was also the strongest on the mountain top. He did not need Wu Zhi's guidance to be able to sense this elder's aura.

"I'll be going over first. Go and assassinate the other Peak Divine Lords, it would be best if there isn't any commotion." After Chen Xiang finished speaking, he teleported and disappeared.

The elder from Purple Yuan Sect was currently cultivating in the secret room. Chen Xiang's spatial energy was becoming stronger and stronger, and his penetrating power was extremely strong. Even with the protection of the secret room, he was able to easily penetrate it.

After Chen Xiang entered, the clan elder immediately noticed him and opened his eyes wide, his eyes flashed, and he suddenly disappeared.

"What?" Chen Xiang was startled, he immediately released the Dao heart Eye, and very quickly he saw a red figure flash past him, he did not expect the elder to actually know how to use the Counter Power, and hide his own body.

"What's wrong with this fellow? He actually knows how to use this kind of power." Chen Xiang could see his opponent using the Dao heart Eye, so when the elder chopped at him, Chen Xiang immediately used the Counter Power to make himself more transparent.

"Who exactly are you? Why did you kill me? Could it be that you've reneged on your promise?" The elder asked hurriedly when he saw the other party use the same amount of power as him.

"You participated in the killing of the Undead Divine Race. This is the reason. Chen Xiang flashed, the Heavenly magic sword appeared in his hands and slashed at the elder.

Chen Xiang's speed was very fast, and the elder could not see him either. This secret room was also very narrow, so it was impossible for him to dodge.

Chen Xiang never thought that the elder's reaction would be so good, to actually be able to dodge his fatal strike, it was only the loss of an arm, but the following strike accurately pierced into his opponent's throat.

"Just who are you?" The Purple Yuan Sect Elder appeared to be round, his throat was filled with blood, and when Chen Xiang thrust the sword, a wave of Meteor immortal power was injected into the sword, causing the opponent's Bones to shatter, the opponent's body and Divine Sense Sea both suffered heavy injuries.

"You don't need to know. You only need to know that I'm here to avenge the Undead Divine Race." Chen Xiang slapped his head with his palm, and at the same time that the Soul Absorbing Devil Spell activated, the elder screamed miserably.

Chen Xiang was currently searching through the elder's memories, because he knew about the Counter Power.

"Damn it, I didn't expect that after the mysterious old man died, there would still be other people." From the elder's memories, Chen Xiang realised that there were other Evil Spirit Race's Evil Spirits moving around. They were also quite active during this period of time, and they began to come into contact with some strong practitioners.

Boom! A thunderous boom came from the outside.

"Crap." Chen Xiang felt that something terrible had happened. If this elder knew about Counter Power, then the other Peak Divine Lords of Everlasting Mountain might know too.

After hiding, it was not something that Dai Donggong and the others could deal with.

Chen Xiang swiftly killed the elder, and after throwing him into the Chuangshi god furnace, he immediately teleported out of the secret room. When he arrived outside, he saw blood trickling from the corner of Wu Zhi's mouth, and landed on a small plaza. On top of that, there was also an arm, which wasn't Wu Zhi's arm, but the arm of an elder of the Dan God Institute.

[Chapter 2355](#)

When Chen Xiang came outside, he immediately used the Dao heart Eye. Seeing that there were three red figures jumping towards Wu Zhi, he immediately used a teleportation spell to teleport Wu Zhi.

Wu Zhi had heard Chen Xiang talk about the Evil Spirit Race's Counter Power. After using this power, it could make himself invisible and others would find it difficult to see.

Therefore, he knew very well what kind of danger he was facing. However, he could still use his intuition to cut off an elder's arm.

"I have to get rid of these guys quickly. I didn't think that they would actually know how to use this kind of power." Chen Xiang moved Wu Zhi to the side and transmitted to Wu Zhi, then he himself teleported to the side of the elder with his arm cut off.

Even though the elder of the Dan God Institute had lost an arm, he seemed to not have received any heavy injuries. He still very agilely charged towards Wu Zhi.

The clan elder saw Chen Xiang, so he immediately changed his direction and rushed towards Chen Xiang. Just as he was about to rush over, Chen Xiang used the Counter Power to hide himself.

Just as Chen Xiang had expected, the elder saw that he also knew how to use this method, so he was stunned. Just as he was startled, Chen Xiang teleported and cut the elder into two.

Boom! After Chen Xiang killed it, he used Fire cloud palm to destroy the corpse.

"Elder Wu, come down the mountain and help them." Chen Xiang sent a sound transmission to Wu Zhi, who immediately left the peak of the mountain and rushed down.

If it was before, they would definitely be able to defeat it, but now, these Peak Divine Lord s all understood that kind of Counter Power, it would definitely be very taxing for Dai Donggong and the others right now.

There were also two Peak Divine Lord s here. When they saw Wu Zhi rushing down the mountain and wanted to chase after him, Chen Xiang hastily appeared and attacked the two Peak Divine Lord s.

After dispersing their attention, Wu Zhi had already disappeared. Jumping down from the Everlasting Mountain, that Peak Divine Lord wielded a divine weapon and attacked Chen Xiang.

Spatial imprisonment.

Chen Xiang used a strong power of space to seal the two clan elders' space, causing them to only be able to move around in a small space, causing the two clan elders who were charging over to suddenly crash into a wall made of spatial energy, making them unable to move forward.

Chen Xiang immediately went over, with his sword slashing across, he sliced off two heads.

"You guys have the same level of ability." Chen Xiang burned their bodies inside his Chuangshi god furnace.

The disciples here saw how a few of the strongest elders had been killed, all of them possessing the strength of Peak Divine Lord, but they were easily dealt with as easily as if they were chickens. They

were definitely unable to deal with them, so they all flew away from the Everlasting Mountain, afraid that they would be killed.

After Chen Xiang finished off the few Elders up there, he immediately went down the mountain.

When he arrived downstairs, Chen Xiang saw that his disciples had already started fighting with Purple Yuan Sect and the others. Huang Jintian, Dai Donggong and the others were all injured, and it was all because they could not see their enemies, and were plotted against.

Chen Xiang had nine more Bones than these Peak Divine Lord s, so he was many times stronger than them. Adding his terrifying Heavenly magic sword, if these Peak Divine Lord got near to him, they would most likely not be able to survive.

When Chen Xiang came down, he used the Counter Power to make himself invisible, so the enemies would not be able to see him.

"There are three of them. It seems like they are hiding quite a bit of power." Chen Xiang used the Dao heart Eye to lock onto one of them. At the same time he teleported, he waved his Heavenly magic sword and the moment he appeared, he could immediately slash down.

"Pfft."

A strong sword whistle sounded, and an elder was hacked into two by Chen Xiang. A terrifying flame poured into his body, and after it was hacked into two, it ignited and burned into ashes by the Chuangshi god furnace's fire.

When the other two clan elders saw this, they were shocked, the elder who was killed just now was suddenly attacked, and the person who attacked them did not appear, meaning that person understood Counter Power, and wanted them to become invisible.

Chen Xiang took advantage of the two elders' hovering in the air to teleport over. After slashing down with his sword, he teleported to the side of another elder.

Just as he was about to fly away, he suddenly stopped moving. The space around him had already been sealed by Chen Xiang.

"Die."

Chen Xiang recognized that this was the Elder of Purple Yuan Sect, and ruthlessly swung his sword, bringing along a roar of flames. When the sword slashed down, it was like a huge fan, enveloping the elder and pressing him down, burning him to ashes.

Three of the Peak Divine Lord s had died so quickly, but upon seeing this scene, all of the disciples were dumbstruck. To them, the Peak Divine Lord s were already out of their reach, but now that they had died so quickly, the people who killed them would definitely be even more terrifying.

"I'll leave this place to you." Chen Xiang threw down these words and anxiously teleported away.

Just now, he saw a red dot in the distance. That was clearly the power of the Evil Spirit Race.

Earlier, when he searched the elder's memories and found out that the Evil Spirit Race had taught them the Counter Power, he allowed them to learn the art of invisibility.

As for the red dot that he saw earlier on, it was very likely to be the Evil Spirit that had passed the Counter Power down to these elders.

The other party seemed to be able to sense his presence, which was why he was running so fast.

"This guy's strength is not weak at all. However, why did he run away? Could it be that he deliberately lured me here? I must be careful." Chen Xiang started to be alert. At the moment, he was also invisible, the other party would definitely not be able to see him. However, since the other party was from the Evil Spirit Race, he would definitely be able to sense that he was nearby.

"He really did draw me here on purpose." This was because Chen Xiang was about to get close to it a few times, but the Evil Spirit suddenly teleported in front of him.

From this, it could be seen that this Evil Spirit could also control an extremely strong spatial energy, which made Chen Xiang even more vigilant.

Unknowingly, Chen Xiang had caught up with the Evil Spirit and arrived above a lake. Not long after he entered the lake, the lake water below started to churn, and white gases started to rise from the lake.

Chen Xiang was immediately covered by the white mist.

"There's something wrong with this lake." After Chen Xiang realized it, all he saw was a burst of white light that shone, and then the mist around him disappeared.

At this moment, he was in a white space.

"There really is a trick." Chen Xiang was extremely confident in his own strength, so he wasn't afraid of being trapped in this place.

A man in black appeared in front of him. He only revealed his eyes, but it was clear from his eyes that he was a very energetic person. His eyes were sharp and cold, carrying a trace of hostility.

"Who exactly are you? Our divine power wasn't passed down to a human like you, but you know how to use it." the man in black asked coldly.

Chen Xiang did not waste time talking to him. This was his enemy and he was extremely strong, so when he tried to teleport, he was met with a slash, but the opponent managed to dodge it.

This Black Costume Evil Spirit's ability to use spatial energy was also very profound, and he was very strong.

### [Chapter 2356](#)

After Chen Xiang's one strike failed, he confirmed the position of the Black Costume Evil Spirit and immediately attacked again with the second strike.

However, this time, he was still dodged. The opponent didn't counterattack and just kept on dodging!

"With your current strength, it's still not enough to kill me. Don't waste your strength. Although you can use the power of space, you only know a little bit of it. It's only touching upon the Space Laws!" The Black Costume Evil Spirits said, "And me, who have cultivated within the spatial laws, you are too far away from me!"

Chen Xiang was secretly shocked in his heart, but he did not reveal it as he sneered: "Then why did you run? Are you willing to watch those guys get killed by me? "

Black Costume Evil Spirits said: "I just want to talk to you alone. As for those dogs, they are nothing in my eyes! You, on the other hand, are much more important than them! "Since you are able to grasp our strength without a teacher, I can let you join us and become one of us. Just listen to my commands in the future!"

Chen Xiang finally understood that the Black Costume Evil Spirits had set his eyes on him and wanted to rope him in. This made him laugh in his heart, he would never join a power like the Evil Spirit Race that wanted to destroy the heavens!

"What is it? Aren't you going to join us? As long as our plan succeeds, you will be able to gain even more power! " The Black Costume Evil Spirits said.

"So what if I'm strong?" Isn't it because I'm under your control? What's more, all of your actions are the ones that I hate the most! "Don't think that I don't know your plans. What I need to do now is to destroy them." Chen Xiang said coldly.

The plan of the Evil Spirit Race was to control the laws of the entire Heavenly Dao and allow the countless creatures born from the Heavenly Dao to become their energy, allowing them to obtain even more powerful strength!

Chen Xiang would never do such a thing!

"Very strange, who exactly are you? Natural Law Divine Spirit is already dead, and all of his comrades were killed by us, so there can't be anyone who would end up here! And you don't seem to be his accomplice. You don't know much. " Black Costume Evil Spirits said, "Even though you aren't willing to join us, I still have high hopes for you. Thus, no matter what, I must subdue you today and force you to become my slave."

Chen Xiang laughed coldly: "Then you still need to have the ability to do that, you really think I'm that weak? Many guys like you have died at my hands before. They all have one common trait, being conceited! "

Black Costume Evil Spirits laughed: "In my eyes, you are also a very conceited human! Be my slave, I will not treat you unfairly! "

With that, the Black Costume Evil Spirits suddenly disappeared. Chen Xiang used the Dao heart Eye, but was not able to catch him, at the same time, he teleported to avoid being attacked by the opponent!

In the blink of an eye, a force suddenly hit his body as if it wanted to tear him apart. In that instant, he fell out of the spatial passageway!

Right at this moment, Chen Xiang's Heavenly magic sword's aura was raging, and all the Divine Deity in his body was trembling. Waves after waves of berserk divine power gushed out of him, assaulting the Heavenly magic sword!

"Kill!" Chen Xiang bellowed, and at the same time, the Heavenly magic sword pierced towards the center of the other party's brows, his eyes shot out two rays of golden light using his Bones. The Meteor immortal power entered the Divine Sense Sea through the specificity of his eyes through the Bones, and saw the black colored Divine Sense Sea as though he had been struck by two gigantic meteors!

Chen Xiang pulled out the Heavenly magic sword and anxiously retreated. The Black Costume Evil Spirits held his head and screamed continuously, his entire body releasing red mist. At the same time, he cursed Chen Xiang.

"I will tear you apart!" Black Costume Evil Spirits suddenly turned into a red mist, her appearance was extremely sinister, as she roared and rushed towards Chen Xiang.

"Come in!" Chen Xiang immediately summoned his Chuangshi god furnace, making the opening of the Chuangshi god furnace big, allowing the Black Costume Evil Spirits to enter inside.

At this time, the white space around him had also disappeared, and the moment Chen Xiang appeared in the lake!

Black Costume Evil Spirits did not die. He was trapped by Chen Xiang inside the Chuangshi god furnace!

"You sure are lucky, falling into the hands of a pill god like me! "So don't worry, your Spatial Force won't disappear just like that after you die, so I'll accept it." Chen Xiang laughed mischievously, then he hid in a cave and used the Heavenly Alchemy to separate his terrifying spatial energy from the Black Costume Evil Spirits's body.

### [Chapter 2357](#)

Chen Xiang was not worried about Dai Donggong and the others now, all the threats at the Everlasting Mountain were dealt with by him, he had also asked Wu Zhi about it using his Communication jade Symbol paper, and now they were tidying the battlefield, taking down Everlasting Mountain completely!

He did not go back immediately. He could not wait to refine the power of space inside Black Costume Evil Spirits's body!

Up until now, he had never come across a power that was more powerful than his, but that Black Costume Evil Spirits from just a moment ago was so much stronger than his. That was why he wished very much that he could wield such a strong power!

Inside the Chuangshi god furnace, the Black Costume Evil Spirits felt Chen Xiang's flames and, at the same time, secretly thought about what exactly is this thing that could actually trap him within, and even release such a strong flame, as if it wanted to burn him into ashes.

Right now, Chen Xiang was unwilling to burn him to ashes in one breath.

There was a technique inside the Heavenly Alchemy that could separate one's powers, and now Chen Xiang was going to use this technique to burn Black Costume Evil Spirits.

"Bastard, what are you doing? "Why do I feel as if the power of space within my body is being separated!" The Black Costume Evil Spirits screamed.

"You're not dead yet!" Chen Xiang laughed, "I just want to be on the same level as you, so I'm going to refine your power of space into a pellet and eat it!"

"Bastard, stop right now. If you do this, you will die a horrible death." Black Costume Evil Spirits shouted in anger.

"You will die a horrible death! "You all are ruining the heavens, so now you all are going to die a horrible death, haha ..." Chen Xiang laughed, and increased the intensity of the fire, causing the Black Costume Evil Spirits to be unable to speak, and be unable to stop screaming.

Black Costume Evil Spirits had to shout for more than four hours before he stopped. At this point, he had also been refined by Chen Xiang. Chen Xiang separated out two powerful forces from his body. One was the Counter Power, the other was the power of space!

These two powers were very powerful, especially the power of space!

"I wonder what will happen after I obtain these two powers!" Chen Xiang continued to condense the two separate energies. If he refined them into pills, the quality would improve by a lot.

Chen Xiang could also absorb it now, but he would not do that. He would lose a lot of energy!

It took him two full days to refine these two energies into two pellets. He first swallowed a pellet that was refined from Counter Power, and then quickly fused it into his own body!

At this time, his Counter Power had increased even more!

It was very likely that Black Costume Evil Spirits's previous ability of discovering invisibility was due to the fact that the Counter Power on his body was very strong, allowing him to sense where the other invisibility Evil Spirits were.

Therefore, Chen Xiang felt that even if he did not use the Dao heart Eye in the future, he would still be able to sense the invisible evil spirits!

After that, he swallowed that spatial power refined into a pill. After eating it, the spatial power dispersed into his first Divine Sense Sea, entering his spatial Divine Deity!

Chen Xiang's second Divine Sense Sea did not cultivate spatial Divine Deity, so he channeled this power into the first Divine Sense Sea!

Although there weren't many spatial Divine Deity in the First Divine Sense Sea, they were able to absorb the vast amount of spatial energy, causing the quality of the spatial Divine Deity inside to rise by a lot.

"My power of space has increased by a lot. If I use my domain of spatial sensing, I can cover a very wide area! Chen Xiang closed his eyes and the Everlasting Mountain appeared in his mind.

In addition, when he used spatial travel, he would be able to travel even further. He felt that if he wanted to teleport to the Great Heavenly Star, he would be able to do so very quickly, unlike the previous times where he needed to teleport multiple times.

To Chen Xiang, this was a huge improvement because in order to cultivate and replicate the divine medicine, he had forgotten about the spatial Divine Deity and it was hard to find any leeway to increase it. However, right now, it was because of the Black Costume Evil Spirits that his spatial energy had increased by a lot.

"Leader, come back quickly. We're in danger!" Wu Zhi suddenly sent a message to Chen Xiang, who took out his Communication jade Symbol paper and immediately teleported to the top of the Everlasting Mountain after receiving the news.

When he arrived, he saw that at the top of Everlasting Mountain, other than Wu Zhi and the rest, there was another group of people!

This group of people were all young, and the one leading them had an extremely arrogant expression. There was even a disciple stepping on his feet!

Chen Xiang knows this disciple, but he belongs to their Villa! At the side, Dai Donggong, Huang Jintian and the others had turned pale. It could be seen that they had sustained internal injuries, and all of them had been beaten up by the group of people in front of them!

Chen Xiang used a spatial teleportation technique to send the disciple whose head had been stepped on away. His face also became ice-cold and gloomy.

"Who are you?" Chen Xiang asked coldly.

The young man who was leading the group saw the person he was stepping on being taken away. He was slightly surprised but also secretly angry. He saw this as a form of provocation.

"This Everlasting Mountain is ours, although you all worked hard, you all better get lost! We don't want to waste our energy on you. " Although he was handsome, he lacked a manly air. However, his words were extremely arrogant, causing people to be a bit afraid of him.

"Leader, they are from Undead Divine Race! that is the main clan from the Heavenly Dao, they are going to occupy this Everlasting Mountain! " Wu Zhi sent a sound transmission to Chen Xiang, "They injured us the moment they appeared, their strength is extremely terrifying.

Chen Xiang never thought that these Undead Divine Race would arrive so quickly, but he was not afraid!

"The ones who should scam are you guys! However, I will not let you all happily scam. You injured one of our people, and you even stepped on my disciple's head. Chen Xiang said. The disciple who was kicked on the head suffered an enormous humiliation.

As a Leader, the fact that Chen Xiang's disciple had been humiliated like this was equivalent to humiliating him;

"Am I hearing things? Such a fellow can actually say such arrogant words! " The man looked surprised and looked at the group of people behind him.

The people behind him roared with laughter!

"Young Master, you should be able to defeat him in ten moves, right?"

"Ten moves?" Even one move is too much, Young Master can kill this idiot with one finger. "

"Young master, quickly get rid of him!" If you think that he is not worthy for you to attack, then let us handle it. We guarantee that we will not let him die an easy death. "

Chen Xiang laughed, "Why are you dogs barking so happily? It can't be that your Young Master's yells are so nice, that your Young Master would give you feces, right?!"

"Young Lord, quickly destroy him!"

"Quick, kill him! He actually insulted us!"

That young master's expression had also become gloomy and cold. Chen Xiang repeatedly provoked him, causing him to be extremely furious. No one had ever dared to act so arrogantly in front of him before.

### [Chapter 2358](#)

Other than the young lord who was more powerful, the rest were nothing in his eyes!

"Do you know where I come from? You arrogant and weak humans, don't think that just because we have the appearance of humans that we are as weak as you!" The young lord walked forward and said in a cold voice: "I'm too lazy to take action now, kneel down and beg for mercy!"

Kneel down and beg for mercy? After Chen Xiang heard this, he could not help but burst out laughing wildly: "Why did you come to snatch this place, yet make us kneel and beg for forgiveness, and the ones who should kneel and beg for forgiveness are you guys? I am in a good mood now, maybe I can let you guys go once, and let you guys easily scam back.

"Since you want to die so much, I'll grant your wish!" The young master suddenly flashed, and with an extremely fast speed, he rushed towards Chen Xiang. From afar, he looked like a bolt of lightning, striking right at Chen Xiang.

Chen Xiang had just increased the power of space, so no matter how fast the other party was, it would still not be as fast as his heart!

When he saw his opponent attack, he had a thought and disappeared. Although the young master was like a bolt of lightning, he missed!

Ha!

Chen Xiang shouted, suddenly appearing beside the young master, his arm slashed down like a blade, bringing along the Meteor immortal power, and furthermore releasing a dragon roar, it was extremely terrifying!

The young master felt that Chen Xiang's sudden burst of power was extremely terrifying, and at the same time, he was overwhelmed with shock in his heart, he wanted to quickly dodge, but Chen Xiang's speed was simply too fast. Just as he reacted, his shoulder sank, and was ruthlessly struck by Chen Xiang's blade!

Kacha!

Chen Xiang's face turned solemn, and said: "Looks like they have already come, and indeed they have changed. They are completely different from Undead Divine Races like Elder Wu!"

Wu Zhi sighed: "I wonder what exactly happened, they actually wanted to destroy that seal!"

"Now, everyone, please heal yourselves. Open the great formation of the Everlasting Mountain." Chen Xiang said, the Undead Divine Race above Natural Law Divine Realm was here, and they were very strong as a whole.

The young master he had just killed definitely had an extremely high status, so the Undead Divine Race would definitely send someone stronger next!

"Next, we will have to defend the Everlasting Mountain to the death. They will definitely send even more powerful people over!" Chen Xiang said: "Elder Wu, how are your injuries?"

"Nothing serious!" Wu Zhi said.

"Then go to the Great Heavenly Star, go to Hundreds of Flowers Village, and have Xu Youqing come here. If he can contact the Dragon kylin of the Great Heavenly Star, see if he comes." Chen Xiang said.

"I'll go now!" Wu Zhi nodded, he had also heard from Chen Xiang about the Dragon kylin, so he quickly rushed to the Great Heavenly Star.

Amongst the big stars, there weren't many people who could help, only Xu Youqing, the Cursed Demoness who had broken through to Peak Divine Lord and the Dragon kylin, Ren Xin. Although there were a lot of Peak Divine Lord above, they were still too weak to help.

When Chen Xiang killed that group of men earlier, he took away a few of their divine souls. These divine souls all had memories inside them, he was using the Soul Absorbing Devil Spell to search for memories right now, he wanted to understand more about the Natural Law Divine Realm. He wanted to understand why the Undead Divine Race above had turned into this.

That young master must have known a lot of things, but Chen Xiang didn't hold back when she killed him just now, so both the soul and body of the Divine Sense Sea were instantly destroyed.

Through the memories that Chen Xiang had found in the divine soul, he found out about some things which had really surprised him!

Above Natural Law Divine Realm was also the Undead Divine Race. Other than the Undead Divine Race, there were also many other races, including humans. Basically, all of them were naturally born creatures, and all of them were the most powerful existences within the Natural Law Divine Realm.

It was just that no one knew what was happening on top of Natural Law Divine Realm. There were only three races left, and one of them was the Undead Divine Race, followed by the human race and the Red Spirit Race!

The so-called Red Spirit Races, were Evil Spirit Races who mainly relied on sucking in blood to survive!

The humans above the Natural Law Divine Realm were not very strong, they were only of medium strength, but the Undead Divine Race and the Red Spirit Race were both very strong.

especially the Red Spirit Race. Originally, they were even more powerful because they possessed the power to restrain the other God Tribes. That was why they were punished by the Natural Law Divine Spirit.

Because the Natural Law Divine Spirit was a human, the Heavenly Law Holy Land that the human race resided in had a powerful force protecting it. Therefore, after the other races mysteriously disappeared, the human race could still exist!

The Undead Divine Race and the Red Spirit Race had joined forces. They wanted to go against the laws of the heavenly path and let the world revolving with their Natural Law Principles be controlled in their hands!

All these years, because the Undead Divine Race and the Red Spirit Race had been very close, the Undead Divine Race had already been corroded by the evil spirit and the Undead Divine Race had changed!

### [Chapter 2359](#)

After Chen Xiang found out about these things, he also found a way to defend himself. Right now, only the Undead Divine Race was here, and the Evil Spirit Race was still above the Natural Law Divine Realm, dealing with human beings!

"Looks like the Natural Law Divine Realm is the birthplace of all the living creatures. There are all sorts of races and their strengths are all extremely powerful. That young master, who is only the son of the leader of a small tribe in the Undead Divine Race, is already so powerful!"

What Chen Xiang was curious about was why did the other races suddenly disappear? Undead Divine Race also did not know about this, and Evil Spirit Race did not seem to be aware of it either.

But the humans protected by the Heavenly Dao Holy Land were still here. There had to be a reason!

"Only three batches came to the Undead Divine Race, one of them occupied a Heavenly Star, the other one was killed by me while the rest were preparing to kill a Heavenly Star, but they should all know by now that the batch that came to this place was destroyed, and they will be here very soon."

Chen Xiang was not too worried, if Xu Youqing came, with Xu Youqing's help, he would be able to relax, if only the Dragon kylin could come!

Right now, the Everlasting Mountain's seal was very weak, it could easily be broken if damaged, so Chen Xiang had to stay here, even if he could not reinforce the seal, he could not let the seal be destroyed so quickly, he had to delay it for a while, so that they could refine Spirit Pill which could quickly increase their strength!

As long as they had more Heavenly Dao Realm experts, they would not have to worry about strong enemies from the Natural Law Divine Realm!

and Dai Donggong were both injured. It could be seen how strong the people from the Natural Law Divine Realm were, that they were the top rankers in the Star Law Divine Realm.

Xu Youqing and Wu Zhi came from the Great Heavenly Star, so Chen Xiang was a little disappointed that he did not see the Dragon kylin.

"Are the enemies very strong?" Xu Youqing also knew a lot of things, so when she saw Chen Xiang, she asked him directly.

"Hmm, but you and I can deal with them now, so it might be a little difficult!" "You Qing, thank you for your hard work!" Chen Xiang smiled at her and stroked her hair.

"It's fine. I've also improved a lot. It's just right for me to give it a try!" Xu Youqing smiled at Chen Xiang. She had been in the Hundreds of Flowers Village for a few days already, so she knew quite a bit about Chen Xiang from him and understood him better.

After that, Chen Xiang told Wu Zhi and Xu Youqing everything he knew about the Natural Law Divine Realm. He had already told Dai Donggong and the others about it before.

Xu Youqing was using the power of a curse, so her actions were also soundless. Once someone was hit by her curse, the consequences would be severe, and with the Hundred gods level, she would be able to fully cultivate it soon, making her considered strong in the Star Law Divine Realm.

Of course, it was only because Xu Youqing had cultivated to the Second Divine Sense Sea that she had such strength.

Wu Zhi had secretly guessed at Xu Youqing's strength. He did not expect that the woman by Chen Xiang's side would be so strong, even more terrifying than these elders, he could not see through it.

Xu Youqing had only been there for half a day, but a group of people suddenly appeared at the top of Everlasting Mountain. If not for the protection of the great formation, they would have already rushed down!

"Yuqing, you'd better prepare yourself. Listen to my orders and help me later." Chen Xiang said to Xu Youqing before he instantly teleported into the air, appearing in front of that group of people.

"Who are you!" Chen Xiang already knew the background of the other party, but he still had to pretend to ask. He wanted to see if the other party knew that he was the one who killed the young master.

"And who are you? Quickly remove the formation, or else we will destroy it, and this mountain will be ours! " There were several dozen people on the opposing side, led by a middle-aged man. Behind the middle-aged man was an old man who caused everyone to tremble with fear. One look was all it took to tell that he was very powerful.

"I am a Leader of the Everlasting Mountain! What right do you have to say that this mountain is yours? " Chen Xiang asked indifferently.

"You talk too much!" I don't care if you are the Leader here, I only know that I have set my eyes on this mountain and it is mine. I will ask you again, are you going to remove the array? " The middle-aged man's voice became very cold and full of threat.

"No retreat!" Chen Xiang replied.

The sword suddenly stabbed over, without any warning, it had stabbed into Chen Xiang's throat in the blink of an eye!

Chen Xiang never thought it would be like this. The middle-aged man had lost a palm just now, so he should be aware of the Heavenly magic sword's strength, but he had actually used his arm to hit him!

After the blue light from the Heavenly magic sword struck the middle-aged man's arm, Chen Xiang felt that his own Heavenly magic sword seemed to be about to distort, as it was melted by an extremely strange and somewhat soft power.

"This is bad!" Chen Xiang anxiously pulled out the Heavenly magic sword, but it was unexpectedly difficult to pull it out, as it was attracted by a strong suction force.

"Spatial isolation!" Chen Xiang placed his spatial energy over the Heavenly magic sword, allowing it to separate itself from the Heavenly magic sword. Only then did he manage to get it out.

The Heavenly magic sword had already bent a little, which made Chen Xiang astonished. The other party's power was extremely strange and terrifying!

Just now, Chen Xiang also saw that the old man behind the middle aged man was about to attack, but he did not know why he stopped!

"Elder, what's wrong?" the middle-aged man asked.

"I can't move!" The old man's face was filled with shock, "It's the power of a curse! Someone set a curse on me. This should be the most common Body Securing Curse!"

Seeing that the old man could not move, Chen Xiang knew that Xu Youqing had made his move. At this time, he also took out the Six Realms mirrors, made it bigger, and then used the mirror to slap at the middle aged man.

The middle aged man did not know how terrifying the Six Realms mirrors was, his fist overflowed with that strange blue light, and smashed on the mirror!

The Six Realms mirrors shook and released a blue light that struck the middle-aged man's body!

"Power Radiation!" The middle-aged man shouted in panic as he tried to control the power of the radiation.

Just then, Chen Xiang controlled the killing array inside the Six Realms mirrors, releasing a burst of red light.

Red Sword Purgatory!

The red light emitted by the killing array turned into many red swords that covered the middle-aged man and the group of Undead Divine Race behind him.

After the red light faded, another wave of white light shone from within the Six Realms mirrors. Streams of white light shot out, followed by multicolored lightning that rumbled out, strong flames gushing out ...

Chen Xiang consecutively used several powerful killing arrays, covering the entire opponent!

"Quick... "Hurry up and leave!" The middle-aged man could no longer hold on. He did not expect Chen Xiang's Six Realms mirrors to be so powerful, to have not even seen the killing formations released before.

"You Qing, hold him!" Chen Xiang said to Xu Youqing.

"Alright!"

Xu Youqing quickly used the Body Securing Curse again, locking the middle aged man in the air. Moreover, the other Undead Divine Race s were already injured by the few killing formations, and fell from the sky.

There was only the middle-aged man and the old man still floating in the air. Their bodies were also covered with wounds!

Chen Xiang was now able to unleash the power of a Six Realms mirrors even more.

"This is my territory, you are courting death, you can't blame me for this!" Chen Xiang waved his sword, chopping the middle-aged man to death, then took out his Chuangshi god furnace and burned the old man to death.

These Undead Divine Race were all here to open that seal, they were the enemies they face, they would definitely not hold back!

"It's finally over. These people aren't that strong!" Chen Xiang landed on the ground, exhaled, and smiled to Xu Xu Youqing: "Well done!"

Xu Youqing could only use the simplest Body Securing Curse, this kind of Body Securing Curse did not have much killing power, but it could still be used as a support. She knew that the other party was not very strong, as long as she could play a part in it, she would leave the killing of the enemy to Chen Xiang.

If one used a strong curse of destruction, it would consume a lot of energy. It was only used against powerful enemies.

"There's only one group left now, and they're all on the same planet, so their numbers aren't small. They should soon learn that the two groups that came with them are all dead." Wu Zhi said.

"What did they do on that star?" Chen Xiang asked.

"Slaughter everywhere up there, they are just a group of demons!" Wu Zhi sighed: "The strongest powers up there have all been destroyed by them!"

"Alright, we'll head there now. There's no need to wait for them!" Chen Xiang said: "In what Heavenly Star?"

"Green Brilliant Star!" Wu Zhi said.

"You Qing, let's go! I'll be back soon. " Chen Xiang said. There were three batches of Undead Divine Race here, and two of them had already been exterminated by him, while the remaining one was still on Heavenly Star Realm, happily killing people.

Chen Xiang and Xu Youqing quickly arrived at the Green Brilliant Star. Looking at it from the air, it was a very beautiful green star.

The great formation protecting the Green Brilliant Star had already been destroyed. Now, it looked like this beautiful green star was filled with all kinds of disasters. Many people were trying to escape.

"Brother, what's the situation now?" Chen Xiang stopped a middle-aged man and asked.

"Very bad, a group of demons suddenly came, they kill as they see fit, and even let some organisations help them kill people. If they don't listen to us, they will torture them to death, so you should quickly return!" The Transmission array was destroyed by them just to prevent more people from escaping. If you go down, it will be very dangerous. " After saying this, the middle-aged man hurriedly left.

was furious that this group of Undead Divine Race had done such a thing. Xu Youqing had found out about it in the Dark Jade Ring, and said that they would use a strong curse to torture this group of Evil Demons!

Chen Xiang immediately teleported to the ground and arrived at a city. This place had already been turned into ruins, and when he arrived, he found a group of people with decent strength chasing after a group of people who were shouting for him to kill.

This group of people did not belong to the Undead Divine Race, but were forced to go around killing people by the Undead Divine Race.

"Curse of the Burning Heart, slowly die!" Xu Youqing locked this group of people in her green jade ring and then used her Cursing Power.

Chen Xiang originally wanted to be born, but he did not expect Xu Youqing to make a move even more. The group of people who were laughing and slashing suddenly fell to the ground, they clutched their chests, and roared frantically in pain.

Chen Xiang walked over, grabbed one of them and aligned it with the Soul Absorbing Devil Spell, finding out where the group of Undead Divine Race s were from this person's memories.

"These guys, they turned this Heavenly Star into a hell!" Chen Xiang looked at the corpses that littered the ground around him, let out a long sigh, and then teleported in one direction.

Green Brilliant Sky Mountain was a huge mountain emitting a strong green glow, and was also where Green Brilliance Sect was located. It was the strongest sect on Green Brilliant Sky Star, but now it was occupied by a group of Undead Divine Race s!

"It's up there, the evil source of this planet!" Chen Xiang teleported to a platform on the mountain. It was a huge plaza and at the moment, there were many people watching the bloody battles.
