

"I told you guys to come here and fight, not to watch you guys play games! Beautiful, or else you will end up like them. If you play well, I guarantee that you will have a good time in the future." The man said.

Chen Xiang looked through the memories he had devoured and found that this man's identity was not ordinary. In the Natural Law Divine Realm, he was the chief patriarch's son and his strength was also very strong.

Originally, he only sent two batches over, but this little boy insisted on coming over to play, so he came. Moreover, he brought a batch of friends along, no wonder the other two batches were destroyed.

The patriarch's son was called Sun Ding, and was a young Ranker who was rather famous in the Natural Law Divine Realm.

"Who's next?" Sun Ding looked at the crowd, his face was gloomy, because no one listened to him.

No one wanted to go up. If they didn't fight well, there was only death. But there was nothing they could do. They were too weak. They couldn't defeat the demons that suddenly appeared!

Chen Xiang thought for a while, then said: "How can I consider her pretty?"

Hearing Chen Xiang's voice, everyone immediately looked over, and then all of them left him, actually daring to ask such a reckless question!

Chen Xiang found it funny. These people were previously the outstanding disciples of the Green Brilliant Sky Mountain. They usually acted tyrannically, but now they didn't even dare to fart.

Sun Ding frowned, and said to Chen Xiang coldly: "Come up!"

Everyone was sure, Chen Xiang would definitely die if they went up!

Chen Xiang walked up with a fearless face. He looked like he had a lot of guts!

"If I tell you to come up, then come up! Are you not afraid of me? Do you want to fight me?" Sun Ding asked. Looking at Chen Xiang's fearless expression, he was a little angry in his heart.

He felt that these weak humans should be scared to death of him. If there was someone who was not afraid of him, he would feel that he had been underestimated!

At this moment, his friends all flew down from the other towers and arrived beside the fighting stage.

"Sun Ding, show us your hand right now and see what it means to fight beautifully!" A beautiful woman giggled.

"That's right, we can see that it's not very fun, so give them some pointers so they can have a good fight!" A man holding this fan laughed.

These were all Sun Ding's friends, and after that, a few men followed and shouted for Sun Ding to show them their skills.

"I would like to, but the people here are all too weak. Not to mention using a few moves, I don't even need to use half a hand, yet they are all dead." Sun Ding chuckled: "If you guys don't believe me, you can come up and try!"

As she said that, a beautiful woman jumped onto the stage. Her beautiful eyes scanned across the crowd as she called for a strong man.

"This one looks pretty strong!" The choice of one by this beautiful woman was not enough, and she continued to call for more people, all of whom looked stronger.

"I'll teach you how to play well now." The beautiful woman chuckled, "Attack!"

Chen Xiang was standing at the side, while that Sun Ding also retreated to the side, laughing merrily as he watched.

"Why aren't you going up? Do you want to die?" Seeing that the few big men did not go forward, Sun Ding shouted.

The few men from the Green Brilliance Heavenly Mountain could only rush over. However, just as they took a few steps, the beautiful woman did something strange. With a few light waves of her lily-white hands, the men's chests suddenly split open.

"Break!" The beautiful woman giggled. Those hearts had all shattered, creating a bloody mist that made everyone's scalps go numb.

"Beautiful, beautiful!" Sun Ding immediately clapped his hands and laughed, while the other noble disciples of the Undead Divine Race also followed and applauded.

"Kid, now do you know how to hit her?" Sun Ding looked at Chen Xiang.

"I don't know, I don't think there's any sense of beauty at all!" Chen Xiang said straightforwardly: "On the other hand, this lady has a pretty good appearance, it's just that her breasts are a little small, and her buttocks aren't perky enough, only her face is fine! If you think that those broken hearts are also called pretty, are you saying that this girl's face is as pretty as those broken hearts?"

Sun Ding was stunned, the beautiful woman was also stunned. Her Undead Divine Race s were also stunned, the disciples of the Green Brilliant Sky Mountain were like stone statues. They had never imagined that their own Green Brilliant Sky Mountain would have such a person, who dared to be so reckless.

"Lady, do you think I'm right?" Chen Xiang looked at the beautiful woman and laughed.

[Chapter 2362](#)

Sun Ding was furious, there was actually someone who dared to bicker with him, and was even trying to talk him into the pit.

"Sun Ding, let me tell you, they are called Beautiful!" That beautiful woman was also very angry. Women hated it when people said that her figure was not good. Furthermore, she had said it in front of so many people.

At this moment, everyone could feel the rage of that beautiful woman. They had no idea what kind of power she was capable of causing such terror in the hearts of others.

Sun Ding pushed Chen Xiang to the center of the stage. There were a few corpses and hearts that were broken all over the place, it was extremely bloody, but Chen Xiang was calmly standing in the middle!

"Come here!" The beautiful woman coldly snorted.

Chen Xiang did not fly over, rather, he walked over step by step. When he took his first step, Xu Youqing had already released the power of the curse!

The beautiful woman originally wanted to attack Chen Xiang, but she didn't know why she wasn't able to circulate the Divine Sense Sea's energy. Instead, she didn't say it out loud.

When she had attempted it a few times, Chen Xiang had already arrived in front of her. Sun Ding was currently looking at her with a faint smile, and thought that the beautiful woman had intentionally allowed Chen Xiang to walk over before killing him with her own hands, in order to make him feel more appreciative.

Chen Xiang walked over, but the beautiful woman still did not make a move. She was startled, and just as she was about to speak, her throat was blocked, and then her body became ice-cold.

In the blink of an eye, the beautiful woman turned into an ice sculpture! This was all caused by Xu Youqing using the power of the curse, and the beautiful woman was only in the Peak Divine Lord realm, so it was relatively easy for Xu Youqing to deal with her.

Seeing that the beautiful woman had turned into an ice sculpture, Sun Ding felt that something was wrong, because this beautiful woman had never used such a method before!

Just at this moment, Chen Xiang's fist smashed over, exploding out with Meteor immortal power, smashing onto the ice sculpture!

The ice sculpture immediately shattered, turning into pieces of ice crystal that floated away. Under the sunlight, the ice sculpture glittered and looked extremely beautiful.

"This is the beauty in my heart, thank you for your cooperation!" Chen Xiang said indifferently.

Looking at the crystal clear ice crystal that had dodged, Sun Ding was stunned, he also felt that the beautiful woman's life force had completely disappeared!

"You ... You actually killed her! " Sun Ding roared, killing intent surged out from his body. He immediately rushed towards Chen Xiang, but before Chen Xiang could say anything, he stopped.

"Isn't this what you want?" Chen Xiang smiled faintly.

Sun Ding was unable to move at the moment, he did not know what was wrong with his body, and was suddenly restrained by a strange power.

"Curse..." Sun Ding was shocked. "Who are you!?"

"Rest assured, I will let you die a beautiful death!" As soon as Chen Xiang finished speaking, he threw a fist out and it struck the bridge of Sun Ding's nose, producing an explosive sound. The entire Contest Ring was struck into pieces by the power of the punch.

Sun Ding was stuck on the ground, unable to move at all. Now that he had been punched by Chen Xiang, his nose had caved in, and he still couldn't fly out!

"Ahh ..." Sun Ding screamed in pain. He wanted to use his hands to cover his bleeding nose, but his hands refused to obey.

"Pah!" Chen Xiang moved closer with another slap, and another wave of berserk vibrating force charged over. The bones on Sun Ding's face could not be shaken to the point of breaking, and even half of it had been deformed.

"Pah!"

Chen Xiang slapped Sun Ding's other face again and again. Sun Ding had changed his face completely, and continued to moan and shout.

The other stronger male Undead Divine Race s all wanted to come up, but they could not move because they were stopped by Xu Youqing's Body Securing Curse!

"Hurry up, I will use the Body Lock Curse on many people at the same time. I won't be able to maintain my strength for long." Xu Youqing urged Chen Xiang.

"Look at you, isn't this beautiful enough? I promised you that I would make you die a beautiful and beautiful death!" Chen Xiang took out a mirror and placed it in front of Sun Ding.

When Sun Ding saw the terrible look on that handsome face, he was so angry that he spat out a mouthful of blood, which splashed on the mirror and made him look even more sinister.

"I won't let you go ..."

"You don't have that chance!" Chen Xiang took out Chuangshi god furnace and injected a vast amount of divine power into it, causing a raging fire to burn inside the Chuangshi god furnace. Then, he enveloped Sun Ding's body and stored him inside.

Just now, Sun Ding had let out a blood-curdling scream that reverberated in the surroundings, causing everyone's scalps to go numb!

Chen Xiang then teleported to the other Undead Divine Race s, sending them inside the Chuangshi god furnace, using fire to burn them to death!

The strongest from the Undead Divine Race had been exterminated, Chen Xiang released his Space Domain, covering the entire Green Brilliant Sky Mountain, and searched for other Undead Divine Race!

Chen Xiang did not have the slightest bit of mercy towards these Undead Divine Race. They had already caused many deaths here, and he had seen them on the way here.

If the Undead Divine Race did not destroy their souls, they could still be reborn, so Chen Xiang kept them in the Chuangshi god furnace s, and burned their bodies and divine soul!

Not long after, all the Undead Divine Races that came from the Natural Law Divine Realm were completely exterminated by Chen Xiang. Green Brilliant Sky Star no longer needed to be controlled by those demons, and could return back to its original state.

When Chen Xiang returned to the Everlasting Mountain, the buildings above the Everlasting Mountain were also repaired by the disciples, so it could finally be peaceful for a while.

"I don't know when they'll come back, but the next time they'll come, they'll definitely be even stronger." Chen Xiang said.

"So what do we do now? That what Natural Law Divine Realm is certainly very strong." Wu Zhi said.

"I don't know what to do for now, but I will think about it!" Elder Dai, bring me to the seal." Chen Xiang said.

Right now, only Dai Donggong had a way to enter the seal below the Everlasting Mountain.

Dai Donggong brought Chen Xiang to the sealed stone room. Looking at the seal, Chen Xiang said, "If I can communicate with the Ground-suppressing immortal elephant, then it will be after."

Right now, Chen Xiang was also at a loss, not knowing how to react to what would happen next.

Dai Donggong left the stone room, leaving Chen Xiang here alone.

Chen Xiang sat beside the seal and then focused on the Ground-suppressing immortal elephant inside his second Divine Sense Sea. He wanted to use this method to communicate with the Ground-suppressing immortal elephant.

"Are you the human who previously made me contact Ren Xin?" Suddenly, a voice rang out. It sounded like it came from a benevolent old granny.

"That's right, Senior, could you be Ren Xin's mother?" Chen Xiang was overjoyed and immediately asked, thinking that it was very possible that this was the Ground-suppressing immortal elephant.

"That's right, you are beside the seal? I feel that you are so close to me now!" The Ground-suppressing immortal elephant asked.

There was a way to contact the Ground-suppressing immortal elephant, Chen Xiang had a lot of questions for her already.

"Yes, I am beside the seal!" I just forced back three batches of Undead Divine Races from Natural Law Divine Realm, but they will come back. Junior does not know what to do next." Chen Xiang said.

[Chapter 2363](#)

When the Ground-suppressing immortal elephant heard Chen Xiang, it was silent for a moment.

Chen Xiang did not urge her to do so. He was sure that the Ground-suppressing immortal elephant was facing such a difficulty as well.

"Only the Evil Spirit Race and the Undead Divine Race are up there now, and they are allying with each other! If they all come to Star Law Divine Realm, I won't be able to do anything either." The Ground-

suppressing immortal elephant said: "Their strength is extremely strong, and is not something that I can touch."

Chen Xiang was rather disappointed to receive such an answer, but he could understand it! He knew the power of the Evil Spirit Race from the memories of the other Undead Divine Races. Otherwise, they wouldn't have forced the hell out of him.

"It's not like there's no other way!" It's just a bit whimsical, but that's the only thing I can think of. " The Ground-suppressing immortal elephant suddenly said.

"Senior, what is it?" Chen Xiang asked immediately, because the Undead Divine Races above him would arrive very soon.

"It is to destroy the laws of time and allow time to return to the Desolate Land. During that time, experts were as common as the clouds, even though the Evil Spirit Race and the Undead Divine Race are very powerful, they would not dare to act arrogantly when facing other races." The Ground-suppressing immortal elephant said.

"This... "I don't really understand. If we were to destroy the laws of time and reverse the flow of time, wouldn't our era disappear?" Chen Xiang frowned, he indeed did not understand.

"No, if you link this era to the Primal Chaos Wilderness before you destroy the laws of time, then this era will cover the Primal Chaos Wilderness and the two generations will coexist!" The Ground-suppressing immortal elephant said, "The purpose of destroying the Time Laws is to prevent the Evil Spirit Race from being able to go against it."

"Without the Time Laws, how would the world function then?" Chen Xiang still didn't quite understand.

"You don't have to worry. Once the Laws created by the Heavenly Dao are destroyed, they will start all over again! The challenge for you now is how to find the source of the Time Laws, and how to connect the time of two eras, so that the time of two eras can be fused. " The Ground-suppressing immortal elephant said.

"If we do, are we safe?" Chen Xiang asked again, although he did not have a clue right now, he would definitely work hard in that direction.

"Originally, there were many races above Natural Law Divine Realm, but they all suddenly disappeared, leaving only Evil Spirit Race and Evil Spirit Race, do you know why?" The Ground-suppressing immortal elephant said.

"Why?" Chen Xiang had heard about this strange incident from the memories he had searched for, but he did not know why.

"Because they have all returned to the Primal Chaos Wilderness ... Back then, the various races were all extremely powerful. They knew that they could not stop Undead Divine Race and Evil Spirit Race now, so they could only do this! " The Ground-suppressing immortal elephant said: "It's just that they have the time and soul to help, so it's easier for them to do so."

"Why didn't they connect these two times as you suggested?" Chen Xiang asked: "Then there won't be so much trouble!"

"Because they have already given up on this era and have no hope towards it, they will return to the past and create a new era. As they develop, they will avoid the mistakes that occurred in this era." The Ground-suppressing immortal elephant said: "That's why their current development timeline is different from ours. Our era is an era of abandonment."

After all, he was not familiar with this kind of profound laws of time. The only thing he could understand was that the other races in Natural Law Divine Realm had all gone back to their era of prosperity and stability, and then allowed this era to be destroyed.

"What about the god of time? Let this bro help us out and bring us back, okay?" Chen Xiang asked.

"The god of time has died, but he will be reborn in the past!" The Ground-suppressing immortal elephant said: "So it's very difficult for you to find the Time Laws."

Chen Xiang scratched his head. This was indeed a headache.

"If I let these two eras connect, would they blame me?" Chen Xiang laughed bitterly.

"Don't worry, this is already their mess. But they just left, not caring about our lives! A person in charge of the Heavenly Dao who was so irresponsible, who did not even dare to put his life on the line and just left like that!" The Ground-suppressing immortal elephant was currently very angry, and had been abandoned as well. She had controlled this heaven and hell for many years, and had separated from her own son for so many years.

"Alright, I will think of a way to find the Time Laws. After which, I will connect them with the Desolate Land and cover this era ..." Chen Xiang did not know if he could succeed either. After all, he still did not quite understand what was going on.

Right now, he only had one concept!

Returning to the era of the Primal Chaos Wilderness, Chen Xiang felt excited just thinking about it. Listening to the words of the Ground-suppressing immortal elephant, he knew that the life forms at that time were all extremely powerful under the stable circulation of their Natural Law Principles.

He cut off the connection between him and the Ground-suppressing immortal elephant, then let Dai Donggong come in and bring him out!

"Leader, did you get anything?" Dai Donggong asked quickly.

"Yes, we'll talk about it later!"

Chen Xiang called Wu Zhi and the others over. Wu Zhi and the other Undead Divine Races knew a lot of things, so Chen Xiang hoped that they would know some clues.

"Elder Wu, do you know how to sense the existence of the Time Laws? And destroy him!" Chen Xiang asked.

"What?" Wu Zhi was shocked, "Didn't you want to protect the heavens? Why are we also going to destroy the Heaven's Path?"

"I am doing this to protect the people of Star Law Divine Realm! You all have seen how evil the Undead Divine Race that came to visit is! The evil spirits in the Heavenly Law of Hell are even more terrifying. " Chen Xiang said: "I plan to link this era with the Primordial Chaos and Savage Era!"

Wu Zhi, Dai Donggong and the others frowned as they thought about the complexity of this matter.

Huang Jintian said: "This method is not bad, but the problem is how to combine two eras ... It was just my negligence back then that Natural Law Divine Realm had developed to this extent. If it were to cover the past, it would indeed be interesting. "

"Even if the various clans of the Natural Law Divine Realm were to return to the past, they would not want to die, and they would have nowhere to hide. This is the only way!" Chen Xiang said: "When they went back to their past and changed their history, they would not affect the present either, because when they changed their history, they created a new direction, and will form a new future. If we do not go back, then maybe we will be there not long ago!"

"Yeah, that's why we have to go back. I don't want any other generation to have me!" Huang Jintian laughed.

"These guys, leave us alone!" They run back to hide and at the same time correct their mistakes, but mistakes are something that we have to bear, we can't let them relax, we have to extend this era into the past and let them continue to bear the consequences of their mistakes. " Huang Yantian said.

"That's right, so when the time comes, we'll destroy the Time Laws so that they won't be able to hide." Chen Xiang said.

[Chapter 2364](#)

The problem now was how to sense the laws of time and connect it to the primal chaos in this era!

Wu Zhi and the others were all deep in thought, this was indeed a difficult problem! They knew very well that the Undead Divine Race above would arrive quickly, so they had to finish it quickly, otherwise, if the Natural Law Divine Realm and the Undead Divine Race were to join forces, they could break through the entire Star Law Divine Realm very quickly!

At that time, the Everlasting Mountain would also be taken down, and if the seal is released, the strong Evil Spirits that are sealed inside will come out, and then there would be nowhere for them to hide.

"How can I sense the existence of the Time Laws?" Chen Xiang said with furrowed brows: "Elders, have you all heard about this matter?" Chen Xiang asked.

Dai Donggong, Wu Zhi and the others all shook their heads. They had never heard of this before, if they had, they would have long since told Chen Xiang.

Seeing that they were all shaking their heads, Chen Xiang sighed, because even Ground-suppressing immortal elephant did not know about this, so it was normal that Dai Donggong and the others did not know.

Xu Youqing suddenly said: "Husband, we can try to use the array to test it. Didn't Xianxian and the others manage to reverse the flow of time through the array? Go and ask them! "

Through the formation!

Chen Xiang's eyes lit up. Liu Meng'er and the others were indeed very familiar with the power of time. After all, they had refined a Time Formation before.

"I'll make a trip to the Great Heavenly Star. There shouldn't be any dangers during this period of time. If there's an unexpected attack, you all have to contact me as soon as possible." Chen Xiang said.

Now, it seemed that the Star Law Divine Realm was very peaceful. Dai Donggong and the others had occupied the Everlasting Mountain, and their overall strength was already very strong in the Star Law Divine Realm. Only the experts from the Natural Law Divine Realm could pose a threat to them.

The Everlasting Mountain had originally been occupied by the Purple Yuan Sect, but now that Dai Donggong and the others had attacked them, the Purple Yuan Sect did not make any moves either.

Many people were curious about this matter, but they did not know that Purple Yuan Sect, Xu Dazhong, was Chen Xiang's father-in-law.

... ..

When Chen Xiang arrived at the Great Heavenly Star, he first went to find Jiu Canghai and told him what had happened there, as well as his plans to break the Time Laws.

After all, Jiu Canghai had created a powerful world like the Nine Heaven World, which was why Chen Xiang had come to him to seek guidance, to see if he had any good methods.

After listening to Chen Xiang's detailed description, Jiu Canghai fell into deep thought and said, "The Time Laws have the most profound laws. When I was creating the Nine Heaven World back then, I was also muddle-headed enough to have the Time Laws attached to it." Jiu Canghai said: "Even though there are things like the Time Formation, people still find it extremely difficult to understand the laws of time."

"If the Time Laws are destroyed, then I'll have to start calculating again. I wonder if we'll still exist when the time comes!"

Chen Xiang had never thought of such a thing, because the Ground-suppressing immortal elephant had told him that this was the only way.

"But we can try. Facing the Evil Spirit Race above us, we don't have the strength to fight back, so this is the only way. At worst, we can just die together." Jiu Canghai said.

Chen Xiang also gained a little bit from Jiu Canghai, and that was that Jiu Canghai had told him that the Spirit grain in the Time Formation were naturally carved through comprehending the Great Way of the Buddha. The inheritance was very ancient, and it was definitely something that could be comprehended by the Time God, so he might be able to succeed from the Time Formation.

This was the only breakthrough that Chen Xiang could think of right now, he would immediately go to Hundreds of Flowers Village!

Liu Meng'er and the others were still refining the Transmission array Plate. This was for the sake of making the Big Star travel to the center of Star Law Divine Realm even faster in the future.

"Xianxian, don't do this!" As soon as Chen Xiang arrived at their house and entered a stone room, he saw them refining an array disc, and immediately called for it to stop.

Dongfang Jing immediately asked: "Brother, why? We're all going to have to forge it! "

"Even if all of you have finished refining it, you probably won't have any use for it in the future." Chen Xiang said. If this era was linked to the Primal Chaos Desolate Era, the environment would definitely change greatly. It would not be like the current one.

"What exactly is going on? Where's Yuqing? You are in such a hurry to let her pass, so you want her to become a thug! " laughed. They had a good conversation with Xu Youqing, because Xu Youqing was also proficient in formation technique and things like that. He even knew how to curse Spirit grain.

Liu Meng'er and the others were very interested in the Curse type Spirit grain, so they asked Xu Youqing a lot of questions about the Curse Formation.

Chen Xiang told Xu Youqing to come out of the Serene Jade Ring, and then he told Lv Qilian and the others to come over. He had to let them know about the time reversal as well.

Lv Qilian and Feng Yujie arrived quickly, with them were Long Huishan, Jiu Hanrou, Imperial Concubine Lian and Xiao Yulan. They were considered stronger here, and were usually the women with a good grasp of the general direction.

After they arrived, Chen Xiang also seized the opportunity to speak of the danger they were facing. This was all related to the seal placed on the Evil Spirit Race s and Undead Divine Race s, as well as the things that were sealed underneath them.

"Our Undead Divine Race has actually become like this!" The Imperial Concubine Lian could not believe it, she frowned, "Then if we break the Time Laws, will we disappear along with you?"

"I have discussed this with Big Brother Canghai. Because the Time Laws were born in the Primal Chaos Wilderness, our return to that era was also the starting point of time. Therefore, even if we were to break the Time Laws, it would not affect our existence, because we are already in the Primal Chaos Wilderness, an era that is not affected by the Time Laws." Chen Xiang said: "Of course, the problem now is how to do it!"

"So what do we need to do now?" Jiu Hanrou asked. Chen Xiang was so powerful, and yet he felt so powerless, they knew that they couldn't help much, but they still wanted to help.

"Let's inform the Four Divine Races and the others first, tell them to never stop raising their strength. If they really succeed, it would be extremely dangerous to go to the Primal Chaos Wilderness." Chen Xiang said: "For now, I plan to give it a try with Xianxian and the others and see if I can feel the laws of time from the Time Formation."

Lv Qilian and the others nodded their heads, before going to do their own business, especially the girls who were concocting pills like Feng Yujie and the others, who needed to concoct even more pills to do so. No one knew what kind of world the Primal Chaos Desolate Land was, but they were sure that it would require a very strong power to survive there.

"Meng'er, can you guys refine an even more powerful Time Formation? In other words, if you use the power of the Time Formation to its maximum, I think that the process will definitely unleash a very strong power of time. This will definitely alarm the Time Laws." Chen Xiang said.

"This is not difficult at all! However, it requires a very large amount of energy to maintain ... " Xue Xianxian said: "If it's in Nine Heaven World, we can use the core, but can we use the core here?"

The heart of the earth was controlled by Ren Xin here, so Chen Xiang felt that he had some sort of relationship with this Ren Xin, and he thought that there shouldn't be a problem.

[Chapter 2365](#)

"Don't worry about that. The energy of the formation isn't a difficult thing." This idea was come from Ren Xin's mother. He felt that Ren Xin would definitely let him use that Time Formation in the heart of the earth.

Liu Meng'er said: "We previously refined two sets of Time Formation, and you also copied one of them."

"Are these three sets of Time Formation all enough?" Chen Xiang thought for a while, then said: "If I use these three sets of Time Formation, then I will be in the Time Formation for tens of thousands of years, and only a moment will pass outside."

Xue Xianxian laughed: "Of course we know, so we will refine another three sets of Time Formation that are the opposite of this one. That is, the moment you enter the array, it will take you tens of thousands of years to reach the outside.

Chen Xiang understood that as he kept going back and forth between the left and right, he was constantly performing a high intensity reversal. This way, he would need a very strong energy and at the same time, be able to unleash a very strong power of time.

"Refining the array disc is very fast. Right now, we have quite a few array discs' materials, we just need to engrave them into the Spirit grain. You really have to promise that you can do it from the bottom of your heart." Liu Meng'er asked.

"I'm going to take a look at the earth's core right now. You guys can get busy." Chen Xiang kissed the faces of the few women before heading to the core of the earth.

Last time, Chen Xiang had been to a place near the heart of the earth, where he had found the mechanism for controlling the Great Heavenly Star Formation.

Now, he teleported into the hot, steaming passage and released his powerful aura so that Ren Xin, who was in the middle of the ground, could feel it.

Not long after, he could sense Ren Xin's Qi, the Qi of this Dragon kylin was very recognizable.

Ren Xin came very quickly. He recognized Chen Xiang's aura and was a little surprised in his heart. The last time he met Chen Xiang, Chen Xiang was still very weak, but now he was much stronger.

Ren Xin was still very friendly towards Chen Xiang, because Chen Xiang told him to contact his mother, otherwise he would have lost himself and be controlled by the Evil Spirit Race.

"Brother Ren." When Chen Xiang saw Ren Xin, he laughed and shouted.

"What did you come find me for? I'm cultivating in seclusion." Ren Xin said, if not for Chen Xiang, he would not have come out.

"The important thing is that I managed to contact your mother under the seal in Everlasting Mountain." Chen Xiang said.

Ren Xin immediately became excited, because this matter was related to his mother.

After that, Chen Xiang and Ren Xin sat on the ground. Chen Xiang explained these natural affairs of his and told Ren Xin the method the Ground-suppressing immortal elephant told him.

"Right now, you just want to use the powerful energy in the earth's core to try it out." Ren Xin asked.

"Yes, I'm afraid I won't be able to handle such a consumption of the Earth's Core of the other Heavenly Stars, but this Heavenly Star is not a problem." Chen Xiang nodded.

Ren Xin was the Earthly beast here, if he wanted to try it here, he needed his consent.

"This is not a problem. If it was the past, I would definitely reject you because this requires my Earth's Core Divine Spirit's consent. But now, my Earth's Core Divine Spirit has also disappeared." Ren Xin sighed: "Seems like he has abandoned us and returned to the Big Chaotic Times."

Chen Xiang laughed: "We will be able to return very soon. At that time, we don't need to face the crazy Evil Spirit Race and Undead Divine Race."

Chen Xiang didn't know how powerful the Evil Spirit Race and the Evil Spirit Race above the Natural Law Divine Realm were, but he could tell from how the various races of the Natural Law Divine Realm were hiding. Even if the various races of the Natural Law Divine Realm were to join forces, they would still be unable to change the situation.

It was none of their business to let the people of this era fend for themselves, even if all of them were killed.

It was precisely because of this that the Ground-suppressing immortal elephant was so angry, giving Chen Xiang such an idea. If Chen Xiang succeeded, then she would also succeed in her revenge.

"Alright, you can come here when you need it. I'll take you to the depths of the earth to absorb energy." Ren Xin had already agreed, which allowed him to feel more at ease.

As long as Xue Xianxian and the others concocted an array disc, he could give it a try.

When Chen Xiang returned to the surface, he was not idle right now. He was condensing those purple pearls in the Hundreds of Flowers Village and he had Yue'er and Long Xueyi to plant those Spirit seed in the ring.

If he wanted to step into the Heavenly Dao Realm, he would need to cultivate in a Dao Body. This was also very difficult, and he needed his second Divine Sense Seas to condense their Bones.

"I really didn't expect it to become so fast. I even thought I could live a carefree and carefree life in this world just because I cultivated to such a powerful level." Long Xueyi complained.

"You don't have to work hard to cultivate. Why are you sighing?" Chen Xiang laughed, Long Xueyi's cultivation method was to eat and sleep, and it was the same for now.

"But it still takes time." Long Xueyi was learning to grow Spirit seed from Yue'er in the Serene Jade Ring.

... ..

Chen Xiang had only waited for a few days before Liu Meng'er and the others managed to refine three sets of array discs, and even taught him how to use them.

"Yue Er, Xue Yi, both of you come out. I'm worried that it will affect you." Chen Xiang said. Long Xueyi and Yue'er both understood that Chen Xiang was worried that something might happen to them.

After Xue Xianxian instructed Liu Meng'er and the others, Chen Xiang finally left the Hundreds of Flowers Village and proceeded towards the heart of the earth of this great star.

Just like last time, he used the same method to contact Ren Xin, who arrived quickly and brought him into the core of the earth under the fire essence.

Along the way, with Ren Xin's power clearing the way, the fire essence would automatically avoid him, so Chen Xiang did not feel too hot either. He never thought that the power of this big heavenly star would be so much stronger than what he imagined.

Chen Xiang followed Ren Xin, and very soon they were at the center of the earth's core. In front of them was a huge round black rock, like a huge mountain, with a hole at the top, where Ren Xin lived.

Ren Xin brought Chen Xiang into the cave and arrived at an extremely hot stone room.

"Here, you can easily absorb the energy of the earth's core. I wish you success." Ren Xin patted Chen Xiang's shoulder. If Chen Xiang succeeded, his parents would not need to continue staying in the Heavenly Law Hell.

"I'll do my best." Chen Xiang said: "Brother Ren, if the guy from Natural Law Divine Realm comes, when the time comes, can you use some strength to stop them for a while?"

"I will." Ren Xin nodded, he left the stone room that was filled with red light and closed the stone door.

Chen Xiang took out many array discs and placed them around him. Some of them overlapped each other, forming a huge circle.

If we succeed, then the two eras will overlap and the creatures of both eras can coexist. However, the world of our era was formed later on. The time in the Primal Chaos Wilderness is different from now, so it might just be the time of the creatures of our era. Chen Xiang said. Right now, he was only guessing, he did not know the specifics, only success would allow him to know.

[Chapter 2366](#)

Chen Xiang activated the large formation formed by all the array discs. Outside the stone room, Ren Xin immediately sensed a large amount of energy frantically rushing into the stone room that Chen Xiang was in from the earth core. He was also shocked by one of them, he did not think that the energy consumption would be this much.

, who was inside the Time Formation, naturally did not know that he was currently in a very special time and space. The time he was in could be said to have progressed the same as outside, but the time he was in was different.

Chen Xiang closed his eyes and tried to sense the time power inside. If he wanted to connect this era with the Big Chaotic Times, he had to first touch upon the laws of time before he could proceed with his understanding of the laws of time.

This was also the hardest part, and could be said to be impossible. When the Ground-suppressing immortal elephant told her about this method, she had said that it was very difficult to achieve.

After a day had passed, Chen Xiang did not gain much, but his formation used up a great deal of energy from the Earth's Core.

"If it goes on like this, he won't last for more than a year. I hope he can be faster. If he succeeds, then this heavenly star's death is also worth it." Then, he left the earth's core and came to the top of the Great Heavenly Star.

He had promised Chen Xiang that he would protect this place well, and Chen Xiang had told him that there were many of his friends and relatives there.

Days passed, and in the blink of an eye, a month had passed.

During this month, all the creatures on top of the Great Celestial Star could feel that the divine spirit aura on this planet wasn't as dense as before and was currently descending.

Only a small portion of people knew about the matter that Chen Xiang had created in the heart of the earth.

Xu Youqing was watching Xue Xianxian and the others refine array discs. They were also refining Transmission array s now, refining protective formations and killing formations.

If Chen Xiang succeeded, they would go to the Big Chaotic Times. They did not know what was scary about that era, but they would have to prepare to face it.

Suddenly, a terrifying aura surged over. Xu Youqing was startled, and his expression became serious: "They are here, Natural Law Divine Realm and Evil Spirit Race."

Xu Youqing had followed Chen Xiang to kill those three batches of Undead Divine Race before, so she was very familiar with this Qi, and the other Qi was from the Evil Spirit Race.

"All of you, activate the protective array formation. I'll go take a look." After Xu Youqing finished speaking, he disappeared in the blink of an eye.

"You Qing, you have to be careful." Xu Youqing shouted to the sky. Xu Youqing was also Chen Xiang's beloved woman, if something were to happen to her, Chen Xiang would definitely be very sad.

... ..

When Xu Youqing arrived high up in the sky, he saw a large group of people up above who were using a very strong power to attack the Grand Celestial Star Formation.

After being improved by Liu Meng'er and the others, this large formation became even more powerful. After all, it was maintained by the power of the Core of the Earth, and it had a very strong defensive power.

But now, he was facing Natural Law Divine Realm Ranked Rankers.

Xu Youqing saw Ren Xin.

"Is it Elder Brother Ren?" Xu Youqing asked.

"Yes, you are Chen Xiang's wife, right?" Ren Xin nodded his head, "It's best that you head down since this place is dangerous. They will be able to breach it soon."

"About how long will it take?" Xu Youqing asked anxiously.

"Three days at the fastest." Ren Xin said: "All of you, prepare to escape, it looks like this group of fellows discovered this big heavenly star. This time, they did not go to other heavenly stars, nor did they go to Everlasting Mountain."

"Should I call out Chen Xiang?" Xu Youqing knew that Ren Xin's strength was related to his Dao Body. He was an existence who had already stepped into the first level of the Heavenly Dao Realm, the Dao Ti realm.

"Calling him out is useless. If the formation is broken, I can hold on for a while longer and let you guys escape." Ren Xin said, he had already made his decision.

Xu Youqing looked at the group of people who were continuously attacking the large array in the sky and sighed in her heart. Returning to the Hundreds of Flowers Village, she still had some time, and only hoped that Chen Xiang could succeed.

... ..

More than ten days after Chen Xiang had entered the Time Formation, he was immersed in an extremely peculiar state. It was as if he had returned to his childhood, and for some reason, he felt as if he had experienced the things that happened before himself, as though he had returned to the past.

"No, I've experienced this before." Chen Xiang suddenly woke up from his stupor and then appeared in a vast expanse of white space. There were many wheels inside, and when these wheels revolved, there were many scenes that appeared, and all of them had profound Spirit grains on them.

"These wheels represent an era, pushing and turning one after another." Chen Xiang carefully observed the tens of thousands of wheels. He could see that many of the times were already past, he could even see the times when the Nine Divine Kings created the Nine Heaven World and the times when the Heavenly Divine Lord fell.

"The largest wheel should be from the first era, after the Primal Chaos Wilderness, and finally, the era we are in." Chen Xiang walked over and touched the giant wheel that was last in line.

This wheel was thirty thousand meters high. Just by touching it, Chen Xiang had lost a large amount of his power, leaving behind only a little.

"It seems like I'm already in the Law of Time. If I want to change the Laws, then the amount of energy I'll need will increase." Chen Xiang exclaimed, then consumed a divine pellet to recover his energy.

"Big Chaotic Times is an initial era, and it cannot be destroyed. If we were to destroy the other time cycles here, leaving behind only those of our era, then we would be very close to Big Chaotic Times." Chen Xiang looked at the other wheels, then took out the Chuangshi god furnace.

"I hope it works." Chen Xiang released flames from the Chuangshi god furnace, burning the other wheel but to no avail.

"In the end, it's because my strength isn't enough." Chen Xiang closed his eyes and felt the energy from the earth's core outside. After sensing it, he started to absorb it.

At this time, he also felt that the flames inside the Chuangshi god furnace had become very fierce.

A ball of flame landed on the wheel, and it instantly started burning.

"There's hope, as long as we can keep the last wheel." Chen Xiang was not worried, since the wheel had already passed, he burned it to prevent the Undead Divine Race and the Evil Spirit Race from hiding in other times.

As long as all the experiences they had passed through were destroyed, they would have nowhere to go. Everyone would have to stay in the Big Chaotic Times.

Very quickly, Chen Xiang burned the other wheel, leaving only this one. Although there were no other wheels, it was still spinning.

"What's going on? I'm still within the Time Laws, could it be that I haven't succeeded yet?" Chen Xiang looked around.

He thought for a moment, stared at the last wheel, frowned, and said, "Don't tell me we have to destroy this wheel. He thought for a moment, stared at the last wheel, and frowned, and said," Don't tell me we have to destroy this wheel.

"These revolvers are just the timeline. Even if they are destroyed, the world we live in will not be affected much. It's just that time has returned to the starting point, and the starting point is the Big Chaotic Times."

When Chen Xiang thought here, he was shocked: "The Big Chaotic Times has always existed, because the Primal Chaos does not have the Time Laws.

"Destroy." Chen Xiang destroyed the last wheel, causing the area around them to become twisted: "Success, we are about to reach the Big Chaotic Times, this is the true era, the era we were in previously is just an unintentionally born Heavenly Dao."

[Chapter 2367](#)

After Chen Xiang destroyed the last gigantic wheel of the Time Laws, the space around him started to distort.

"If there are mountains outside, then the environment we are in has changed." Chen Xiang stood in place, not daring to move. He was certain that the Time Laws had already been destroyed.

Of course, he would still be able to reincarnate in the future. As for what was going on, Chen Xiang was not too concerned about it right now.

Ren Xin floated in the air and was currently staring at the Undead Divine Race and Evil Spirit Race in the sky. Suddenly, he felt a strong energy fluctuation.

"Chen Xiang succeeded." Ren Xin opened his eyes wide. If he succeeded, the place they were in would definitely undergo a large change as well. This was because the era they lived in would regress to the Big Chaotic Times and the Big Chaotic Times would definitely be different from the current one.

On the Everlasting Mountain, Wu Zhi, Dai Donggong and the Huang Jintian brothers were all stern at the moment, the space around them had started to distort, they knew that Chen Xiang had already started moving, as for whether or not he would succeed, they could only continue to wait.

"Little Scoundrel succeeded." Long Xueyi shouted in shock. She was currently together with Leng Youlan, and although they were holding hands tightly, they couldn't see each other. At this moment, everyone seemed to be in a separate space.

"Can you all hear me?" Lv Qilian shouted. She had sent a sound transmission to the girls just now, but none of them heard it.

The reason why such a fluctuation appeared was because the space between the two eras was currently fusing. This fusion was very strange, yet it did not harm life.

"Yes, we are all fine." Feng Yujie said.

At this moment, they were both holding hands. If the two eras merged, they would be able to take care of each other.

Xu Dazhong, who was walking around on top of the Purple Yuan Sect, had experienced something similar with no one knew what.

... ..

"What's going on, did they use some powerful technique?" An elder of the Evil Spirit Race shouted.

"The space is undergoing a great change. I don't know what's going on, could it be that they want to send us somewhere?" Someone answered.

At this point of time, no one dared to leave, and Four Divine Races on the Great Heavenly Star Realm had long known that something like this was going to happen. Chen Xiang had told Lv Qilian to tell them beforehand so that they could prepare their hearts.

Chen Xiang only knew that the two eras were fusing, but he wasn't sure if he would succeed in the end. After all, this was his first time doing something like this, and he had to feel for rocks to cross rivers to succeed.

Not knowing how much time had passed, Chen Xiang realized that his surroundings had started to clear up, and an extremely light and spirited fragrance assaulted his nostrils. For some reason, this made him, who was originally exhausted, become energetic.

"This is the Primordial Wilderness." Chen Xiang looked around him. He was in a forest filled with towering trees that reached the sky.

"Sister Qilian." Chen Xiang immediately took out his Communication jade Symbol paper and sent a message to Lv Qilian, but there was no response.

"The spatial laws have changed. These Communication jade Symbol paper were all refined using the spatial laws of that era, so they are now useless." Chen Xiang used the power of the spatial laws to teleport. He felt that he could teleport to a high altitude, but didn't expect that he was only ten meters away from the ground.

"The spatial strength has also increased a lot. This Big Chaotic Times is really strong in all aspects." Chen Xiang could not feel the familiar Divine Spirit Qi, but whether or not this was a breeze, it contained a very pure energy.

"We have to find them quickly." Chen Xiang used his spatial energy to teleport high up in the sky. He saw a large group of people in the air.

"These people are ..." When Chen Xiang saw the large group of people rushing towards Ren Xin, he immediately understood that they were no longer on the Great Heavenly Star Realm. Otherwise, the array protecting the Great Heavenly Star would not have disappeared.

After the two eras merged, they also arrived at a new world, the world where the Big Chaotic Times resided.

Legend has it that the Big Chaotic Times was a very large world. In the end, it exploded and split apart, forming many large and small worlds.

In other words, this Big Chaotic Times was even bigger than the entire Star Law Divine Realm.

It had to be known that there were countless stars in the Star Law Divine Realm. If all of them were added up, it would be extremely huge.

"Brother Ren, come here." Chen Xiang used a teleportation technique to teleport Ren Xin over, and then teleported away.

If it was the past, he would easily be able to use such a skill. But now, he felt that he had exhausted over half of his divine power, this Big Chaotic Times's World Space was simply too strong.

"I succeeded." Chen Xiang brought Ren Xin to a big tree and entered the cave.

"I wonder how my parents are doing right now." Ren Xin sighed: "I hope we can see them quickly."

"They are very, very far away from us ... This Big Chaotic Times is the one that the Star Law Divine Realm and many other worlds fused together, our position on the Great Heavenly Star, and they are in the Wang Ancient Heavenly Star. We can't use the Transmission array either, so it should be rather difficult

to find them. " Chen Xiang said: "But this is good too, at least they don't have to face those fellows right now."

Chen Xiang had made the Hundreds of Flowers Village prepare beforehand. They all had a lot of powerful array discs, if they were to meet the attacks of the Evil Spirit Race, they could at least block them for a while.

"Then what should we do now?" Ren Xin asked. Although he had decent strength, they were too weak in the face of the Evil Spirit Race.

"If we can't beat them, we can only hide." Chen Xiang said: "Now that there isn't any of them left, you shouldn't be able to go to the core of the earth ... But maybe you can try and see if you can contact Earth's Core Divine Spirit. "

"I will go now." Ren Xin nodded.

Soon after, Chen Xiang brought Ren Xin and sprinted towards the location of the Nine Heaven School in the huge ancient forest.

Although he had returned to the Big Chaotic Times, Chen Xiang, based on his previous memories, found the Nine Heaven School.

The structure of the Nine Heaven School was still there, but there were still many huge trees inside, and the Great Heavenly Star was actually a large forest in the Big Chaotic Times.

At this time, Chen Xiang did not know where Undead Divine Race and his son had gone to. He was only concerned about the safety of the Hundreds of Flowers Village.

After four hours had passed, Chen Xiang was frantically running. He never thought that just four hours of travelling would take more than half of his divine power.

If it was the past, he would have reached Hundreds of Flowers Village from Nine Heaven School in a blink of an eye. But now, he could not, the distance he had to teleport was always limited.

[Chapter 2368](#)

Chen Xiang was very familiar with the location of the Hundreds of Flowers Village, but when he came here, he did not see the Hundreds of Flowers Village!

"What's going on?" Chen Xiang ran a few laps back and forth. He did not remember wrongly, the Hundreds of Flowers Village should be right here.

This made him worried. He was worried that something was wrong and the Hundreds of Flowers Village had disappeared!

"Don't worry, we're fine!" Chen Xiang suddenly heard Lv Qilian's sound transmission, allowing him to feel at ease.

"Then where are you? Why can't I see Hundreds of Flowers Village? " Chen Xiang asked.

"We used an array to conceal ourselves. Evil Spirit Race flew over it just now!" Lv Qilian said: "Do you want to come in?"

Chen Xiang originally wanted to go in to see them, but after thinking about it, he said: "I'm not going in, I still have to run around. I'm not sure how the other Four Divine Races are doing."

Although the Four Divine Races knew about it in advance, they did not have the same type of defensive array as the Hundreds of Flowers Village. Chen Xiang was a little worried for them.

According to his memories, he started running in the forest. He first went to Divine Dragon Race because he was very familiar with him.

The place where the Divine Dragon Race was located was also in the forest, some buildings were even fused together with some trees, and this was all caused by the fusion of two generations.

Nothing happened to the Divine Dragon Race as both of them did not notice their presence.

"The other three clans are fine. They've already contacted us, but who would've thought that the things left behind by our ancestors would suddenly become useful." In his hand was a piece of green jade that looked extremely ancient.

"That's good. I won't be going over to their place now! He still doesn't know what danger Big Chaotic Times is, so you better not run around! "I'll go investigate first." Chen Xiang said.

"Good!" Our Four Clans and Nine Heaven School will strengthen our relationship! " He now understood their situation. This was the Big Chaotic Times that was flourishing back then, and their strength was extremely weak here.

He had originally wanted to try and see if he could fly to the deep space, but after reaching a certain height, it would be difficult to climb up again.

"Am I not strong enough? Or is there some barrier that restricts us from flying deeper into the sky? " Chen Xiang looked down from the sky and saw those tall ancient trees everywhere. This was an ancient forest that very few people came to, even beasts were not common here.

Chen Xiang stayed in the air for a while as well but he had never seen a single bird.

"Is this not a good place? Why is there no other life apart from the trees? " Chen Xiang suddenly felt that the place was dead silent, but with how the ancient trees looked, it meant that the life force was still strong.

He used the Dao heart Eye to observe his surroundings and realised that there was only a white energy here. He did not know what it was but he was not familiar with the five elements energy.

"What's that?" Using the Dao heart Eye, Chen Xiang suddenly saw many dots of red light in front of him.

"It's the Evil Spirit Race, they're moving towards a direction!" Chen Xiang exclaimed in his heart, and followed.

The Undead Divine Race s above Natural Law Divine Realm all learned the Evil Spirit Race's Counter Power, so they could also use the Counter Power to conceal themselves. At this moment, they seemed to be hiding something.

Seeing Evil Spirit Race and the rest escaping, Chen Xiang suddenly understood!

This huge forest definitely contained some sort of power that gave birth to powerful life forms. It could be a powerful savage divine beast. This place was the domain of this divine beast, so no other beast dared to approach.

"This is just my guess. I hope it is different from what I thought." Chen Xiang started to worry again as he sped up his pace to catch up. He wanted to confirm if it was as he had guessed.

Not long after, he approached the group of Evil Spirit Race in front of him.

This forest had always been very quiet, without any large movements.

"Fortunately, they're not hiding from some powerful guy. They're just hurrying on their way!" Chen Xiang heaved a sigh of relief, if there was someone strong here, it would definitely cause the place to become extremely dangerous.

Chen Xiang continued to follow them. He wanted to make sure that this group of guys was far away from the forest. Only then would the forest be safe.

He followed for a few hours, and the sky gradually darkened. The Evil Spirit Race did not stop, and continued to fly quickly in the air ...

For more than ten days, Chen Xiang followed Evil Spirit Race and the others and flew out of the forest, arriving at a desolate, barren land. There were rocks of all sizes here, and the quality of the soil here was poor as well, as though it was a land of death.

"Are they going somewhere?" Chen Xiang had followed them for more than ten days, but they had never stopped. Along the way, he was also very curious.

After a few more days, they were still in the desolate land. The Big Chaotic Times was truly vast, they had been travelling at high speeds for so long, they were still in two regions, and the place was not as dangerous as Chen Xiang had imagined. They had not met any beasts.

was scorched darker by the sun, especially at noon when he used the Counter Power, but even he felt that his body was in pain from the sun's rays.

"Something's coming!"

Chen Xiang anxiously landed on the ground and hid behind a rock. Although he was using the Counter Power, he still had to hide, because it would not be discovered that easily.

"It's you guys! How did you come here?" An elderly voice asked, his voice full of surprise.

Chen Xiang tried his best to conceal himself. He used his divine soul to take a peek and discovered that the person who came was a white robed elderly man.

"Natural Law Divine Spirit, haha... We are really here, haha ... " When Chen Xiang saw that all of the Evil Spirit Race had appeared, the person laughing maniacally was an old man in red.

Chen Xiang was shocked, the white robed elder who suddenly came here was actually Natural Law Divine Spirit.

"Isn't this guy dead?" Chen Xiang suddenly understood: "This guy did not die, he only lied to everyone, and the other God Tribes in Natural Law Divine Realm all ran over here!"

The red-clothed old man from Evil Spirit Race shouted, "Quickly kill this fellow. Although we don't know how we got here, it is still a good thing for us. We don't know how the Heavenly Law Palace is doing now.

Natural Law Divine Spirit saw a flash of red light, and then his body emitted a burst of white light, and disappeared.

"They actually ran away, let's chase them!" This is the Big Chaotic Times, here we will have the chance to kill the ancient gods of the Big Chaotic Times. " The red-clothed old man who was leading the Evil Spirit Race laughed wildly and quickly chased after him.

Seeing their speed, Chen Xiang was secretly nervous in his heart. He was too dangerous following these Evil Spirit Race s before, this was an evil race that could destroy various races and many Divine Law Gods in the Natural Law Divine Realm!

[Chapter 2369](#)

Chen Xiang knew that he had dominated the Natural Law Divine Realm s and Undead Divine Race s, but he didn't have that concept. Now that he saw them unleashing such a strong power, he couldn't help but feel a lingering fear.

Seeing that the Evil Spirit Race was far away, Chen Xiang decided to return to the Nine Heaven School and tell him about this matter. ybdu!

After staying in Hundreds of Flowers Village for a few days, he went to Nine Heaven School to greet his old friend, and then began his journey.

Nine Heaven School and Hundreds of Flowers Village were now considered safe, Chen Xiang was relieved and left to see Big Chaotic Times.

Ren Xin also left the place. He wanted to look for his parents, but he wasn't with Chen Xiang.

Chen Xiang set off alone on his journey, and he also randomly chose a direction to go in.

After three months of trekking, Chen Xiang had already left the forest far away from the Nine Heaven School. He felt that even if it was the Great Heavenly Star before, he would have already left three months ago.

However, there were no heavenly stars here, only a vast expanse of land. He was very unfamiliar with this place.

"There are stars and moons at night. Do these exist since ancient times?"

Chen Xiang was currently lying on a prairie, looking at the stars in the sky.

As he looked up and down, he suddenly noticed a rapidly moving dot in the air. It looked like a ball of fire!

"It's a person flying!" Chen Xiang immediately sat up and carefully observed: "This guy is currently releasing the fire energy in his body nonstop, allowing the flames to surge about, so that he can increase his own speed."

The little dot only flashed by, its speed was as fast as light. If it wasn't for Chen Xiang's good eyesight, he wouldn't have been able to catch it.

He had originally planned to rest, but now he got up and chased after the small dot.

Previously, he thought there were many strong ancient beasts in Big Chaotic Times, but in these past three months, he hadn't even seen a single hair.

It was rare for him to see a rather powerful human just now, so he was very excited and immediately chased after it.

"I wonder if he is a good person. If I can meet a decent person, I will be able to understand this Big Chaotic Times as soon as possible." Chen Xiang's heart was filled with anticipation. After all, this was an era full of wonders, and the source of everything was here.

He felt that the mysterious Heavenly Alchemy might have been created in this era!

Chen Xiang was not slow either, he was able to catch up to the ball of fire in the sky! Of course, this was when he used teleportation. If he didn't use it, he wouldn't be able to catch up. This gave him a general understanding of that person's strength.

It was already morning, and Chen Xiang was already very tired. Although he had been hurrying on his journey for three months, he rarely used his spatial energy, only running wildly on the ground or flying with divine power in the sky.

Now, in order to chase that person, he had no choice but to use the power of space!

"Motherf * cker, the current me can actually become as tired as a dog!" Chen Xiang suddenly stopped, if he continued, he would run out of all his divine power.

He wanted to preserve some of his divine power in order to avoid unexpected situations, so he gave up!

Just as he stopped to wipe off his sweat, the ball of fire in the sky suddenly fell down towards him!

"Did he discover me?" Chen Xiang was alarmed, just as he was about to use the Counter Power, the ball of flames suddenly turned into a bolt of lightning and struck the ground.

Chen Xiang anxiously dodged, but he did not sense any form of attack.

"Haha ..." Scared! Why did you chase me all the way until dawn? " A middle-aged man burst into laughter.

Chen Xiang heaved a sigh of relief, carefully looking at this middle aged man, his skin was black, his beard and hair were messy, his clothes were dirty, and it was obvious that he did not pay much attention to his appearance, at the moment, he was smiling at Chen Xiang.

"Little brother, where are you from?" The middle-aged man laughed, he patted Chen Xiang's shoulder and pinched his shoulder: "Not bad!"

"Brother, I am... I came from very far away and got lost here. Because I saw big brother flying in the sky last night, I followed you." Chen Xiang scratched his head and laughed, this middle-aged man gave people a feeling of straightforwardness.

"So that's how it is! "You're pretty lucky to meet me here. If you continue to wander around for a few more days, you will have to go to a very scary place." The middle-aged man patted Chen Xiang's shoulder, "I will bring you to the Fire Tao Divine Place, where many fire cultivators will gather."

The middle-aged man said, "I also cultivate the Dao of fire ... Little bro, you look the same! "

Chen Xiang nodded, "Yes!"

Chen Xiang followed the middle-aged man and ran on the ground, chatting. The middle-aged man's name was Yu Yan, and he was the son of a Fire Clan Patriarch. In his own words, he could be considered a small noble.

Yu Yan was about to head to Fire Tao Divine Place. The so called Fire Tao Divine Place was a large city that had been jointly built by dozens of Fire Way Tribes in the region.

Then they would work together to develop this Fire Tao Divine Place and attract other people to the Fire Tao Divine Place, so that they could benefit greatly from it.

"Little brother, you usually have to walk around a lot. Look at you, you don't even know how strong the Fire Tao Divine Place is! In this wilderness, the Fire Tao Divine Place was quite famous. All kinds of powerful fire cultivators were here! "Even if he isn't a fire cultivator, he still keeps on drilling into this place." Yu Yan laughed.

"Big Brother Yu, in the past few days, have you felt that something strange has happened?" Chen Xiang asked. In their era, besides the Star Law Divine Realm, there were also Nine Heaven World and other great worlds that had fused with each other to form this place. He felt that the people of this Savage Land must have known about it.

"Strange? "What's so strange about that?" Yu Yan asked.

"No" "It's nothing!" Chen Xiang did not expect the people inside to not notice him.

The Star Law Divine Realm was vast, there were so many people, but after covering the entire Big Chaotic Times, no one noticed anything!

This could only mean that the Big Chaotic Times was simply too vast, even with the sudden appearance of many more people, they did not attract much attention.

Chen Xiang followed Yu Yan and ran for three days before they finally reached the Fire Tao Divine Place.

Other than the buildings being older, Chen Xiang felt that they were no different from those big cities. They were even less robust than the big cities of his era.

Chen Xiang had seen buildings that were thousands of metres tall, but at most, they were only ten-odd storeys of stone bricks.

Yu Yan was more generous and straightforward. After coming to Fire Tao Divine Place, he dragged Chen Xiang to an old tavern to drink.

Chen Xiang also didn't know what kind of wine that was, he only felt that his body of eighteen Divine Deity was ignited by the strong wine, his throat felt like it was about to burst into flames!

[Chapter 2370](#)

Chen Xiang drank a few mouthfuls, and it became unbearable for him. At the moment, he was only sipping, and when he saw Yu Yan pour bowls after bowls into his mouth, he secretly admired himself in his heart. If it was any ordinary person who drank this kind of wine, they would definitely suffer to death.

"Boy, it looks like you've never had this before." Seeing Chen Xiang's appearance, Yu Yan laughed out loud: "I'm sorry, my brother is poor now, I am temporarily unable to buy good wine, so I can only let you down."

"Big brother Yu, aren't you some kind of chief's son? How can you be so poor?" Chen Xiang laughed, he reluctantly drank half a bowl, and almost spat out fire.

Yu Yan sighed: "It's all because I don't live up to expectations, don't look at me like that, in fact, among my brothers, I am the weakest. They all have their own businesses and power, and I am the only one left.

"Big Brother Yu, what are you doing in Fire Tao Divine Place? Did you come here to play?" Chen Xiang asked.

"Of course not, I'm here to earn money." Yu Yan said.

"Money." Chen Xiang never thought that Big Chaotic Times would actually use money.

"Don't tell me you've never seen this before." Yu Yan took out a very thin white jade tablet. It looked as thin as paper and there were some words written on it.

Chen Xiang recognized these characters. Although they were a little different from the ones that he was familiar with, he could still recognize them. After all, the characters from his era evolved from this ancient era.

"This is ten." Chen Xiang said.

"Haha ..." Brother, it seems like you really haven't seen this thing before. Yu Yan laughed loudly: "That's right, these are the ten Jade money, and they are usually made from this type of jade. There is a special group of people responsible for them, and it is very difficult to imitate them."

Chen Xiang took it and touched it, immediately feeling a strange Qi inside the thin jade piece. He did not know what kind of power it was, and there were many Spirit grain on top of it.

"Is this item hard to earn?" Chen Xiang asked.

"It's hard to come by, even if we have a meal here, it would only be 20 Jade money. If we go to a better hotel, it would at most be a few hundred Jade money." Yu Yan said: "Brother, you don't have to worry, based on your usual times, making a living for yourself is definitely not a problem."

Chen Xiang no longer had anywhere else to go, he would just stay in the Big Chaotic Times. If he wanted to stay here, the more of these Jade money, the better.

"What's the largest number of Jade money?" Chen Xiang returned the Jade money in his hands to Yu Yan.

"At most, one hundred thousand. I only have two left over for all these years." Yu Yan laughed.

"With Big Brother Yu's wealth, what level is he at here?" Chen Xiang had never visited this place before, he was worried that there were no pills in this world, so he would not be able to earn much by refining pills.

"Very poor standards. Look at the shop across the street that sells weapons ..." The boss of this shop has at least a million yuan, which is much better than mine. " Yu Yan laughed at himself.

"Is the Jade money very important here?" Chen Xiang looked at the weapon store. Although it looked simple and crude, there were a lot of people going in and out, making it very lively.

In the tribe, at my age, I usually have to rely on myself and not the tribe. If we want to become stronger, we have to rely on ourselves, such as buying weapons and clothes, or buying medicinal pills, we need to use Jade money. Yu Yan said.

Hearing Yu Yan mention the pill, Chen Xiang was secretly happy. He felt that it would not be a problem for him to establish a foothold here, he was the Alchemist after all.

"Pills, are they expensive?" Chen Xiang asked again. had already treated him as a kid who had never seen the world, so he did not dislike him asking these questions.

Of course, the more expensive ones are those that are difficult to refine, but lack of medicinal ingredients. It is normal for those pills to sell for over a hundred thousand gold coins, I have only bought a few in the past, so I have a greater use for them. "Su Yun continued. Yu Yan said.

Chen Xiang knew that the pills here would definitely be different from the pills he had in the Star Law Divine Realm.

After that, Chen Xiang asked Yu Yan about the pills. There were four types of pills: Heaven Pellet, King's Pellet, Emperor's Pellet, and Natural Law Dan.

Chen Xiang had never seen the Heaven Pills here before, he did not know what kind of Divine Pill it was, he thought it should be a little higher.

Brother, you want to learn alchemy, that is a good way to earn money, but refining pills requires a high level of talent, you have come to the right place, here is the famous Alchemist, because we have the most experts in using fire. Yu Yan said. He drank that kind of crappy kind of wine, like drinking water, bowl after bowl.

"I do." Chen Xiang laughed: "Brother Yu, how do you earn money normally?"

"The way I earn money is rather cheap, it's to help others with their work. I'm a little poor now, so I came to the Fire Tao Divine Place to find something to do." Yu Yan said: "Old brother, let's break up here. I'm more busy now, I can't bring you out here to play."

Yu Yan was very generous, he took out a thousand Jade money and gave it to Chen Xiang.

Chen Xiang had only just arrived, so he definitely could not earn any money from these Jade money. He did not reject Yu Yan's generous offer; after all, a thousand was nothing to him.

"Thank you, Big Brother Yu. The next time we meet, I'll treat you to drink all the good wine in Fire Tao Divine Place." Chen Xiang laughed.

"You need to keep your word. I, your brother, am a very good drinker. The next time we meet, I don't care if you have earned Jade money or not, I'm determined to keep you company." Yu Yan laughed.

Yu Yan paid for the alcohol and then left in a hurry.

The moment Chen Xiang came into contact with someone from the Big Chaotic Times, he had a very good impression of them.

"I need to go to a pill shop to take a look at the pills here." Chen Xiang asked around on the streets and quickly found a pill shop.

He could still read the words of this era. Seeing the pill shop's signboard, he walked in.

"There are so many people." When Chen Xiang went in to take a look, he found that all three of the large stores were filled with people. This medicine store's business was actually so good, which surprised Chen Xiang quite a bit.

"Sir, are you here to buy pills?" A smiling old man hurriedly walked over and asked.

"Well, aren't they?" Chen Xiang pointed to the group of people.

"Of course they are not, they are here to test out the pills, not only can they eat low and middle graded Heavenly Pills, they can also get fifty Jade money." The old man laughed.

"There's such a good thing." Chen Xiang blurted out in shock.
