

Dan God 2481

[Chapter 2481](#)

Chen Xiang used the Dao heart Eye to look at the Sky Ruins, and surprisingly, his body was covered with a kind of cyan colored Daoyuan immortal power. He did not know what type of energy it was, but it was extremely strange, and it was Chen Xiang's first time seeing it.

On the other hand, Li Bao's entire body was covered with blue Daoyuan immortal power, and from time to time he would flash with lightning, one look was enough to tell that he was from Thunder power, and at this moment, he could feel a trace of berserk Qi.

"Begin!" The beast-like middle-aged man riding the white tiger roared.

Li Bao appeared in front of Tian Rui in an instant, his quick fists shot out lightning bolts, as if ten streaks of lightning were striking Tian Rui crazily.

After being punched a few times, Tian Rui quickly dodged. He was punched a few times, but he looked fine, which made Chen Xiang feel that something was strange.

"Could it be?" Chen Xiang suddenly realized something, because the Daoyuan immortal power on Tian Rui's body became the same as Li Bao's.

It even had the exact same aura as Li Bao!

Li Bao also noticed it and was secretly surprised in his heart. Tian Rui looked like he did not change, but his strength and aura seemed to be the same as Li Bao's.

Indeed, Tian Rui also suddenly flashed, this was the same movement technique as Li Bao previously used, his speed was extremely fast, in the blink of an eye he was already in front of Li Bao, and then he used the same fist technique as Li Bao previously!

However, his punching technique was even more ferocious than his. In an instant, thousands and thousands of fist shadows appeared, and countless lightning enveloped Li Bao like a giant net. In the blink of an eye, a majority of the attacks landed on Li Bao's body.

Li Bao was simply unable to dodge it. Although he also cultivated the same type of lightning energy, being struck by such a heavy blow wasn't anything good for him either. He actually spat out a small mouthful of blood.

"Well done!" Kong Kong smiled and shouted.

Li Bao spat out the blood in his mouth and his eyes became sharp. He suddenly flashed again, but when he appeared again, he had turned into four, surrounding the Sky Ruins.

Tian Rui was shocked, because he felt that the Li Bao in four directions was real and not just an illusion.

"Which one is the real one?" Tian Rui did not have the time to differentiate between the two as the opponent had simultaneously attacked. An intense bolt of lightning shot out from his mouth and eyes, striking his body in the blink of an eye.

"Tianxi, it's all up to you!" Xu Que said with a serious expression. He was very confident in his abilities and he did it so that the pressure on Tianxi wouldn't be too great.

Although he had lost miserably to his two senior brothers, he was still full of fighting spirit and was not afraid at all. This made Chen Xiang feel a lot of respect.

As Tian Xi walked towards Li Bao, Li Bao crossed his hands over his chest, and looked at Tian Xi with disdain. In his eyes, Tian Xi was as weak as the two before him.

"Begin!" This time, it was from the void.

From the very beginning, Li Bao had turned into a bolt of lightning and charged into the sky!

At the same time, he released a very strong ice-cold Qi, turning it into a shield, and blocked the lightning that shot out of Li Bao's mouth.

After that, Tian Xi used his own cold Qi to condense a set of armor to protect his body. When Li Bao's lightning struck him, it wasn't able to do much damage to him.

Li Bao sneered, then attacked once again. Previously, he had always used his own Daoyuan immortal power to turn into lightning to strike, but this time, he used a close-combat attack, directly using his own fist to fuse with thunder and lightning, and rushed towards Tianxi's ice shield.

Although Tian Xi's ice shield could block the lightning strike before, facing Li Bao's berserk fist, it was unable to block it at all and shattered in an instant. Then, Li Bao's fist landed on his ice armor and shattered it!

"Tianxi, come back!" If they did not admit defeat, Tian Xi would definitely be severely injured, and right now, they had already seen that Tian Xi was unable to hurt Li Bao.

"Hehe, you've lost!" The man riding the tiger laughed.

The small White Lion descended from the sky and walked to the side of Tianxi, helping him to heal his injuries. It was obvious that he and Qingyang both cared deeply for their disciple. When they saw that their disciple was injured, they hurriedly called for them to stop.

Losing meant that the battle with the beasts would be brought forward! At this moment, Xu Kong and Qingyang had also experienced the strength of the young generation of beast-like creatures!

"I didn't lose, and me too!" He had broken through to the tenth level of the Dao Dan realm in a row, but even though he hadn't fought properly, he had only had a small fight with Jiang Xian previously. It wasn't fun at all, and it was even when he was at the first level of the Dao Dan realm.

[Chapter 2482](#)

Xia Bailing knew that Chen Xiang had just broken through to the tenth level of the Dao Dan realm, but she felt that Chen Xiang was the kind of person who would not fight back. She was also very happy that Chen Xiang was able to stand out, but she was worried that Chen Xiang would be beaten to a pulp.

"You are the Alchemist, fighting or something like that is not suitable for you!" Xia Bailing immediately pulled Chen Xiang back.

"It's nothing. I used to play quite a lot, and my luck has always been good. I could always win." Chen Xiang smiled faintly.

Void said: "Don't force it, you are a Alchemist, and you can even refine Shengdao Dan, forget it! We'll accept it too. "

Qingyang nodded his head: "If Alchemist is severely injured, it might have a huge impact on the future of pill refining, don't take the risk!"

"Seniors, there's no need to worry. Just let me go up and take a look. My hands have been itching for a long time already."

He had stepped into the Dao Dan realm, but he had yet to experience the benefits of the Dao Dan realm. For example, the ability of the Dao Dan realm to borrow the energy of the Natural Law Principles.

"Alright then. If we can't beat him, we will stop him immediately." Seeing how determined Chen Xiang was, the air could only allow Chen Xiang to go up.

"Is there really no problem?" Xia Bailing frowned, her face was filled with worry as she asked.

"No problem, I can definitely beat them!" Chen Xiang laughed and then walked toward Li Bao in large strides.

Li Bao sized Chen Xiang up for a moment, and laughed coldly: "You sure are confident, even though they don't think much of you, you actually still dare to come up! However, I am also looking forward to fighting with a human Alchemist and defeating him. This is a rare opportunity. "

"Wait till you defeat me! You seem so much more confident than I am, so you won't laugh at me. " Chen Xiang laughed.

"Alchemist brat, you look so much like a weak chicken, can you really fight against me?" The tiger-riding man laughed.

"Defeating you is impossible, but I think defeating Li Bao shouldn't be a problem!" Chen Xiang replied.

"Yo, you're pretty calm!" If you can beat the five of us strongest kids, we promise to stop this war for ten years! " The tiger-riding man laughed.

"Really? Do you know how to disobey words? " Chen Xiang asked.

"Haha ..." I never lie. Ask your three Dao Sovereigns if you don't believe me. The big fellow on the tiger laughed out loud.

"Alright, I believe you!" Chen Xiang looked at Qingyang and Xia Bailing, and they nodded. This showed that the tiger rider's reputation was not bad.

"I'm ready!" Chen Xiang said.

"Begin!" The tiger-riding warrior immediately shouted.

The flying leopard had only taken two steps forward and was only three meters away from Chen Xiang. However, a bolt of lightning had come out of nowhere and accurately struck the back of the flying leopard.

Chen Xiang had been completely motionless from beginning to end, and didn't have the slightest bit of aura on his body, yet he had quickly condensed a bolt of lightning, and appeared behind the flying leopard's back out of nowhere!

This was the result of him using the spatial lightning strike of the Azure Dragon's Dao mark to attack, and he also borrowed the power of the Heavenly Dao to make the lightning strike stronger. In a short period of time, he would be able to condense enough Thunder power and defeat the flying leopard!

At this time, Chen Xiang was still controlling the Thunder power, so he was worried that he would kill the flying leopard. When the other party gets furious, the three cities might immediately face war!

The flying leopard was thrown back by Chen Xiang, and he also took away the Thunder power at that time, so the flying leopard could quickly stand up. However, he was already filled with fear towards Chen Xiang now.

"Ah Ying, you go up!" The tiger-rider's face became gloomy, because even he did not understand Chen Xiang's method of attack, it was simply too bizarre.

Xia Bailing could actually see a little, because she could feel that there were extremely weak spatial fluctuations. Chen Xiang had clearly used the power of space, and had even quickly condensed her Thunder power to attack through the air. But all of this was too fast, and the most important thing was that Chen Xiang did not make any movements at all.

The opposing Ah Ying looked like a teenager, but he had a pair of wings on his back, which should be an eagle.

[Chapter 2483](#)

Chen Xiang used the Dao heart Eye to look at Ah Ying. He had actually used fire power, but looking at how confident he was, it was definitely not only because of the powerful flames, but also because he had other trump cards.

The panther that had been defeated by him earlier was also very strong, but before it could even display its full strength, Chen Xiang had already defeated it, so the panther was feeling very aggrieved.

After the tiger rider shouted for it to start, Ah Ying immediately flew high into the sky, and disappeared in the blink of an eye. Chen Xiang raised his head to look at the sky.

"Are you still going to fight?!" Void hastily said, "He flew so high, isn't that just running away?"

His speed was very fast, and upon closer inspection, it was precisely this cluster of fire that Ah Ying had shot down from the skies. Furthermore, his own speed had increased, which was why he was so fast, it was almost as if he had teleported.

Ah Ying directly struck down, but Chen Xiang did not dodge, after being struck by the ball of flames, his body actually scattered!

Everyone was startled, thinking that Chen Xiang had been destroyed, but then suddenly shouted: "Ah Ying be careful!"

He had dodged it long ago, and just as he was about to attack Ah Ying, Ah Ying once again shot up into the sky!

But this time, Ah Ying was blocked by a ball of flame!

With a hissing sound, after the ball of flames exploded, it turned into a vermilion sparrow with flames all over its body. Its body was extremely huge, its claws grabbing onto Ah Ying!

It wasn't just Qingyang and the others, even the beasts riding the tiger-rider were extremely frightened. They thought that the true Vermillion Bird had appeared, because it was simply too similar!

The stronger the Daoyuan immortal power, the stronger the Vermillion Bird would be, and the bigger the Vermillion Bird would be. Because the Second Divine Sense Sea had the Vermillion Bird's strongest divine soul, the Vermillion Bird that he was releasing right now was extremely realistic, possessing the aura of a Heavenly beast.

Ah Ying was a bird, and was most afraid of these Divine Beasts. Hence, after being caught, he was already trembling in fear, unable to continue fighting.

Chen Xiang immediately rose into the air and punched Ah Ying in the abdomen, causing Ah Ying to scream out loud. After that, he punched a few more times, each of his punches were extremely berserk, causing Ah Ying to lose the ability to fight.

After that, he controlled the Vermillion Bird to put Ah Ying down. At this moment, everyone could tell that Chen Xiang was the one who created the Vermillion Bird!

Chen Xiang controlled the Vermilion Bird to gradually shrink and enter his palm. Everyone finally regained their senses and they were extremely surprised at what kind of mysterious technique Chen Xiang had cultivated to actually be able to produce a Vermilion Bird.

"We've lost!" Because Chen Xiang was simply too strong, he felt that even if it was someone at the first or second stage of Dao Po realm, he would still have difficulty defeating Chen Xiang.

Even though they still had two players to fight, there was no point in continuing to fight.

"I promised you that we wouldn't fight in ten years. Let's go!" After the tiger rider finished speaking, he left. Riding on those giant beasts, he soon left.

Chen Xiang laughed: "Aren't these guys very strong?!"

Xia Bailing laughed, "You are really too powerful, if it was someone of the same level, they would be considered stronger. You are really a weirdo, not only are you good at concocting pills, you are also good at fighting."

"Hehe, just average!" Chen Xiang laughed.

"Thank you for buying us so much time!" Void said with gratitude.

"There's no need to be polite, it's just a small matter." Chen Xiang said, although these Dao Sovereigns looked like children, he was clear that they were not that simple. Otherwise, they would not have been able to create three cities, and they would have been able to intimidate Undead Divine Race, otherwise he would have already rushed into the inner city.

Just as Chen Xiang was thinking about the Undead Divine Race, he suddenly sensed a fluctuation, which alarmed him.

"What enemy? There's no need for us to worry! " The Void could sense a group of people approaching.

Qingyang immediately rushed over to Chen Xiang's side while holding a short sword, as if wanting to protect Chen Xiang. Xia Bailing had heard from Chen Xiang that the Undead Divine Race was hunting him down, so she knew who Chen Xiang's enemies were, and she quickly rushed over to Chen Xiang's side to protect him.

"Haha ..." Chen Xiang, you are dead today, I have been waiting for you to come out! Be a little more honest and hand over the two Heavenly artifact first, and then teach us your pill techniques. That way, we won't have to exhaust ourselves in torturing you and force you to hand over your pills. " The one who spoke was a yellow haired old man, he was from Undead Divine Race.

"From the Undead Divine Race?" Void frowned: "What are you guys doing here? Many years ago, your ancestor was already beaten away by us, and you still dare to come! "

Other than Undead Divine Race, there were also Evil Spirit Race and the three elders from Infinite Divine Mountain!

"Little thing, if you and Chen Xiang are together, you must be his friend, right? This way is also good, I'll capture you all and force Chen Xiang. " The yellow-haired old man laughed savagely.

"You're courting death!" The air snorted, he looked like a child, and did not deserve to be looked down upon, but Chen Xiang knew that he was a Dao Sovereign.

Just as the words left his mouth, the yellow-haired old man's smile froze, because one of his arms suddenly disappeared. Strangely, he didn't feel any pain nor did he bleed.

Chen Xiang was also shocked, he simply could not sense any energy fluctuations earlier! One had to know that the yellow-haired old man was a very powerful Undead Divine Race, he actually lost an arm!

The yellow-haired old man's arm was at Xia Bailing's feet, but what made Chen Xiang even more surprised was that her palm had a transparent box, and inside it there was a beating heart!

The yellow-haired old man touched his chest and said in shock, "My heart ... My heart is in your hands! "

The small short sword in Qingyang's hands flew out as well, slowly floating to in front of the yellow-haired old man, then in a flash, it entered the yellow-haired old man's head. Following that, the yellow-haired old man hugged his head and shouted out, and then, he started to punch and kick the people around him, in the blink of an eye, he had injured a few Undead Divine Race s who were following him.

After the Evil Spirit Race warriors saw this, they all started to attack. However, they discovered that their arms had become translucent, and all the energy in their bodies had disappeared.

However, they could hear their voices. However, when they rushed over to attack Chen Xiang, they only penetrated his body, but not Chen Xiang's!

Chen Xiang looked at Qingyang and the sky. He never thought that these two brats would actually possess such terrifying powers ... Of course, Xia Bailing's spatial energy was also very scary. It could actually take away someone's heart through the air, and also didn't injure that person.

Only now did he realize that these three fellows looked more like Dao Sovereigns!

[Chapter 2484](#)

The Undead Divine Race and Evil Spirit Race were running around like translucent souls now, unable to even speak. Chen Xiang did not know what kind of power caused them to become like this, but he could guess that it was the Void Holy Man who did it. Ybdu.

"What are you going to do with them?" Void asked.

"If I want to kill them, will there be any serious consequences?" Chen Xiang thought about it and said. These people were simply too annoying, and he didn't have enough strength to fight them.

"Not in a short time!" But I suggest you keep them alive for now and seal them somewhere! Undead Divine Race and Red Spirit Race are still quite troublesome. If they were to die right now, they would definitely find out about it. If they found out that it was you who did it, it would bring about quite a bit of trouble. " Void said.

Chen Xiang nodded, he thought the same, took out the Chuangshi god furnace, and said: "Can you put them into my divine furnace?"

Upon seeing Chen Xiang's Chuangshi god furnace, both Xu Kong and Qingyang's eyes immediately lit up. They seemed to be able to see that Chen Xiang's Chuangshi god furnace was very good stuff.

"Where did you get this stove?" Xia Bailing also saw through it, she anxiously leaned over and asked.

"I picked it up." Chen Xiang laughed: "Can you seal them in this furnace? I've thrown a lot of tough guys in before. "

"There's no doubt about it. Your furnace itself is very scary! Furthermore, with our seal, we can definitely keep them inside for a period of time. Once you have enough strength, it will not be too late for you to kill them. " Ning nodded.

When the group of Undead Divine Race and the others heard their conversation, they all wanted to escape, but Xia Bailing had released a Space Domain long ago, enveloping them within. Therefore, they could only run around here, and from time to time, they would pierce through Chen Xiang and the others' bodies.

The Void, Qingyang, and Xia Bailing all joined forces to seal the group of fellows inside a pearl. Chen Xiang did not know how they managed to do it, but they were all Dao Sovereigns and had extremely powerful abilities.

Chen Xiang had thrown the pearl inside the Chuangshi god furnace in order to prevent them from escaping.

"It's much quieter now!" Chen Xiang laughed, "Thank you, seniors!"

"You're welcome, you've helped us a lot!" He then looked towards Xia Bailing and asked, "Bai Ling, did you give him any rewards for his Shengdao Dan?"

"Not yet, he hasn't thought of what he wants!" Xia Bailing stuck his tongue out at Chen Xiang.

"I almost thought of it. Let's talk about it when we get back." Chen Xiang said. Now that he did not have this group of irritating people constantly chasing him, Chen Xiang felt a lot more at ease. At least, when he went out in the future, he would not need to be worried.

Xia Bailing immediately used a spatial shift to bring Chen Xiang and Xu Kong back to White Spirit City.

The disciples brought by the Azure Sky Sword were all injured, and they were in a hurry to take them to recuperate. When they left, they told Chen Xiang that if he needed any help in the future, he could come to them at any time.

After Qingyang and Xu Kong left, Xia Bailing immediately pinched Chen Xiang's handsome face and said with a smile: "Brat, you're really awesome. To be able to help us turn the tide, I really like you more and more!"

"Sister Bai Ling, I like you a lot too. Why don't you be my wife?" Chen Xiang said with a smile, and then he also caressed Xia Bailing's face.

"Humph, you're such a good little rascal, I won't do it!" Right, you mentioned earlier that you want some compensation, hurry up and say it! " Xia Bailing urged: "I've always been thinking about your compensation, so I feel very uncomfortable inside."

"Can you come with me to one place? I want to go back and see my wives. Because I've been hunted down so much these days, I'm afraid to go back. I'm worried about leading those guys to that place. " Chen Xiang said.

"Is it that simple?" Xia Bailing asked.

"Yes, accompany me back for a while." Chen Xiang replied: "It won't take long."

Xia Bailing thought for a moment, then nodded his head: "I'll go back now, I have some matters to attend to first, wait for me!"

Chen Xiang waited for more than two hours before she returned. Then, she said. I will directly go over! "

Xia Bailing possessed extremely strong spatial energy, so with her help, he would definitely be able to return very quickly. Chen Xiang transferred the location of the Hundreds of Flowers Village's book into her mind through transmission of memories, and after getting a rough idea of where it was, Xia Bailing teleported over with Chen Xiang.

In the blink of an eye, Chen Xiang had already arrived near the Hundreds of Flowers Village!

When he was near the Hundreds of Flowers Village, he could see that there was a huge city in the distance.

Long Jiuxiao had told him before that he would build a city and gather all the Dragon Clan Nine Heaven School s and other races together. This way, it would be more convenient for everyone.

The Hundreds of Flowers Village was still in one place alone, and the defenses of this place were also very strong. Long Jiuxiao had used a lot of energy to help them strengthen their defensive arrays, after all, Long Jiuxiao was a grandmaster of formations.

After Chen Xiang brought Xia Bailing into the Change Village, Xia Bailing was amazed, because all of them were excellent women. Although their overall strength was not very strong, but she could see that all of the women had good potential.

Chen Xiang had also seen many familiar faces and he had greeted them before bringing Xia Bailing to Lv Qilian's residence.

"Sister Qilian!" When Chen Xiang came in, he took out the Communication jade Symbol paper and sent a sound transmission to Lv Qilian, telling her to wait for him in the hall.

Seeing Chen Xiang had returned, Lv Qilian hurriedly said, "I had thought that you would disappear for a long period of time again. I heard that Undead Divine Race and the others are chasing after you, it's good that you can return now!"

Lv Qilian looked at Xia Bailing, she was also used to Chen Xiang bringing women every time he returned, she politely smiled at Xia Bailing: "Aren't you going to introduce her?"

"Sister Qilian, don't let your imagination run wild. She's different from the woman I brought back previously." Chen Xiang hurriedly said. He was worried that Lv Qilian would misunderstand and then provoke the temperamental Xia Bailing with his words.

"I'm Xia Bailing. This little scoundrel helped me greatly, then I promised to return with him!" Xia Bailing giggled, then patted Chen Xiang's shoulder: "So you're the wife!"

Lv Qilian smiled and nodded: "Looks like you are definitely very strong, if not he would not have let you escort him back."

"Right, are Sister Feng and the others here?" Chen Xiang asked.

"Yu Jie and Qiao Yan are not here, they went to the Three Money Divine City to look for you, but did not expect you to be here!" Lv Qilian said.

"Three Money Divine City is looking for me? What are they looking for me for? " Chen Xiang felt that there must be something important.

"It's about your father!" Lv Qilian sighed.

"Father!"

Chen Xiang became extremely excited. He only knew that his father had always been inside the Nine Heaven World, and was responsible for protecting Feng Yujie's grave in the past. He had lost contact with him later on and let Huang Jintian calculate that as well, but Huang Jintian could not calculate where his father was.

[Chapter 2485](#)

Lv Qilian nodded her head: "She is only talking about your father. You should ask her about the specifics, she and Qiao Yan will be staying in Three Money Divine City for a while, you guys can still go and find them now."

"I know." Chen Xiang's heart was heavy at this moment, because he did not want to hear bad news about his father.

"Don't worry, your father is fine. Yu Jie only said that she found your father." Lv Qilian held Chen Xiang's hand and calmed her down. Of course she knew what Chen Xiang was feeling at this moment.

Chen Xiang was now much more relieved than usual. "I will go look for Meiyao and the others. I have just learned how to refine pills, I will teach them the art of alchemy."

"Alright." Lv Qilian smiled sweetly at Chen Xiang. If Xia Bailing was not here, they would definitely get along after a long separation.

Chen Xiang brought Xia Bailing and headed towards Su Meiyao's small villa.

"Xiang Yue, sister Meiyao."

When Chen Xiang entered the courtyard, he saw that these two seductive girls were playing around. Their clothes were also cool now, exposing their long legs and beautiful snow-white shoulders.

With one glance, Xia Bailing could tell that the relationship between the two of them was not ordinary. These two bewitching enchantress actually made her feel a little moved, and she really wanted to go and strip her of all her clothes so that she could enjoy herself.

"You really do have quite a good luck with women." Xia Bailing sent a sound transmission to Chen Xiang and snorted: "You already have so many women by your side, but you're still thinking about me."

"Little Scoundrel." When Su Meiyao saw Chen Xiang bringing the woman back, he pretended to be jealous and flew to Chen Xiang's side. With a pout, he lightly pinched Chen Xiang's stomach.

"Stop messing around." Chen Xiang glanced at her chest, curled his lips and said: "Sister Feng is not here, you guys are so free now."

"No way. We just concocted a pill for a period of time. It's a good time to rest." Hua Xiangyue walked over, and started stroking Chen Xiang's body.

"Enough, I have just taught you a kind of pill that I learned. This will allow you all to quickly reach the tenth stage of the Dao Po realm." Chen Xiang pinched both of their butts, causing them to let out a cry.

"They all know how to refine." Xia Bailing suddenly asked, she already understood the reason for Chen Xiang's return, it was to teach the pill technique to her own woman, because Chen Xiang had just refined a Shengdao Dan in White Spirit City.

"Yes, not only them, there are also quite a few pretty girls who know how to refine pills. I'll bring you to see them now." Chen Xiang laughed.

"Little Scoundrel, who is this beauty? Did you eat them? Speaking of which, you are becoming more and more unimpressive, yet you did not eat Qiao Yan and Hongqing." Su Meiyao giggled: "Are you saying that since I'm no longer by your side, no one will give you courage anymore?"

In the past, Su Meiyao would often instigate Chen Xiang to do such a thing when he was in the Serene Jade Ring.

"Don't spout nonsense. Sister Bai Ling is very strong ..." She is the type of girl that is very, very strong. Chen Xiang was very serious, and when Hua Xiangyue and Su Meiyao realized that Chen Xiang was serious, they immediately restrained themselves.

Xia Bailing laughed: It seems like Chen Xiang has many things that I do not know, I want to stay here for a while, can I do it, that way I can exchange pill techniques with them.

"No, Sister Bai Ling is so busy, you still need to worry about the matters of an entire city." Chen Xiang immediately said. It would be fine for Xia Bailing to stay here for a period of time, but she would definitely know about all kinds of things related to him.

"It's fine, White Spirit City is not busy, there's still ten years left." Xia Bailing chuckled, then he went over to Su Meiyao and Hua Xiangyue's side and pulled their jade hands: "Little sisters, do you want me to stay or not?"

"Of course." Su Meiyao laughed: "Let's go, we will bring you to meet the other sisters. They are all great beauties."

Hua Xiangyue and Su Meiyao were already pulling Xia Bailing into the hall, and now, Wu Qianqian had just come out from a secret room. She saw Chen Xiang, and smiled at him.

After that, Ji Ling'er, Red Cloud and Du Yanyao all came out of their rooms and began to impart to them the method to refine the Shengdao Dan. They were very familiar with the Heavenly Alchemy, so it was not very difficult to learn it.

When he finished imparting the skills to them, Chen Xiang went to find Xue Xianxian and the others.

"Yuqing, have you seen your father?" When Chen Xiang entered the hall, he saw that Xu Youqing was carving a round piece of jade very seriously.

"Husband." Xu Youqing didn't sense anyone coming at all. When she saw Chen Xiang, she shouted in pleasant surprise and threw herself into Chen Xiang's embrace.

"I saw him. He's fine." Xu Youqing said: "I am worried to death about you, listening to your master, you are being chased by the Undead Divine Race."

"Hehe, the guy chasing me has never had a good ending." Chen Xiang pinched her pill refining: What about Xianxian and the others.

"They are all resting and haven't woken up yet." Xu Youqing chuckled: "Do you want to go in and see them?"

Seeing Xu Youqing's ambiguous smile, Chen Xiang immediately understood and entered the room. He saw that Liu Meng'er, Dongfang Xinyue and Xue Xianxian were all sleeping on the same bed.

"Jing Er was called away by Youlan. Those little sisters of hers would gather together every once in a while."

Xu Youqing had already taken off her clothes. Seeing his jade body, Chen Xiang could no longer hold on to it, and upon learning that Chen Xiang had returned, she anxiously came over, only to see Chen Xiang and Xu Youqing together.

... ..

Chen Xiang played with the few girls, then went to look for Xia Bailing and the others. At this time, they were refining Shengdao Dan s, so he didn't want to disturb them.

"Senior Long." Chen Xiang saw Long Jiuxiao, and at the moment, he was practicing with a few young dragons, and when he saw Chen Xiang, he quickly brought Chen Xiang to a room.

"I heard that you went to the Spirit Wasteland." Long Jiuxiao said, because Huang Yantian was also here. After calculating where Chen Xiang was going, he would tell Long Jiuxiao and Lv Qilian.

"Yes." Chen Xiang nodded. "I brought back a Dao Sovereign from inside. Senior, you know about the matters regarding Spirit Wasteland."

"Dao Sovereigns are extremely powerful. However, their powers have been restricted. The stronger Dao Sovereigns are, the greater their limitations are." Long Jiuxiao frowned.

Chen Xiang immediately understood why the void in his vision and the Azure Sun were both brats. It turned out that both of them had been restricted.

"Why is it like this?" Chen Xiang asked.

"I don't know either. I don't know, not even the Dao Sovereigns themselves. However, according to what they're saying, transcending the tribulation is a failure." Long Jiuxiao said.

[Chapter 2486](#)

Long Jiuxiao seemed to be extremely knowledgeable about the Ancient Eight Desolations, but Chen Xiang lacked understanding of this aspect. He had asked Xia Bailing before, but Xia Bailing did not know much about it.

"Senior, how much do you know about the matters of the Ancient Desolation?" Chen Xiang asked.

"I only know a little bit that the Ancient Desolate Land has mainly expanded too quickly, and thus has been separated by some sort of power into other dimensions. The current Big Chaotic Times is a new Eight Desolations World, and the current New Eight Wastelands is also expanding too quickly." Long Jiuxiao said.

Chen Xiang suddenly understood and said: "All of this is for balance."

Long Jiuxiao nodded, "That's right. Even though you've merged two eras, these two eras did not become chaotic because of this, but on the contrary, they have become balanced. However, this balance did not last for a very long time, so you allowed the ancient Wasteland of Time and Space to return back to its normal path, existing together with the New Eight Wastelands."

"I only know that there are three Dao Sovereigns in the Spirit Wasteland. They have built three cities, and the overall strength of the cities is quite strong." Chen Xiang said.

"Although the Spirit Wasteland is a relatively small Ancient Desolation, there shouldn't be just three cities above. Of course, there must be other beings inside, it's just that you haven't seen them yet." Long Jiuxiao replied: "Of course, in the ancient eight wastelands, the Beast Wasteland is the strongest. The few wastelands were all linked together in the past and there were constant fights and killings.

"Beast Wasteland, you sound very strong." Chen Xiang recalled that the tiger rider in the Spirit Wasteland was a very powerful beast.

"Yes, the origin of our dragon race should be the Beast Wasteland. You should be clear about how powerful the Heavenly beast is. Almost all of the Heavenly beast are from the Ancient Beast Wasteland." Long Jiuxiao said: "I just don't know if there are any more dragons above Beast Wasteland."

"There must be. With such a powerful dragon, maybe it can dominate the Beast Wasteland." Chen Xiang laughed.

"It's hard to say, our dragon race is only being used here, but I heard that there are also three great native banks in the Ancient Eight Desolations."

Hearing Long Jiuxiao's words, Chen Xiang hurriedly nodded: "I've also seen the three great native banks in Spirit Wasteland, so these three great native banks are indeed very strange."

"The situation is getting more and more complicated, but we don't have to worry. At least we still have a lot of time to stabilize and develop." Long Jiuxiao said: "With my strength, even if some powers discovered our existence, I would still be able to resist. Now I am not afraid of that damned poison."

Long Jiuxiao had lost to him because of that poison back then. He felt that if he wasn't poisoned, he would definitely be able to defeat the other party.

This was also why Chen Xiang wasn't worried about Hundreds of Flowers Village. Long Jiuxiao also knew that Hundreds of Flowers Village was extremely important to him.

Although the Hundreds of Flowers Village was filled with women, they had a large role to play. Most of the pills in this city were provided by the Hundreds of Flowers Village.

In the Nine Heaven Schools, there were many Alchemists and those that were trustworthy among them all knew how to refine pills. Their alchemy skills all originated from the Heavenly Alchemy and the herbs were all provided by the Hundreds of Flowers Village.

"In the ancient wastelands, which wasteland is the most powerful?" Chen Xiang asked.

"I don't know about that, but I do know that the most mysterious thing is the Divine Wasteland. It is said that many terrifying fellows are gathered inside, which is also the reason why the ancient eight wastelands were separated and lost their time and wander around." Long Jiuxiao said in a deep voice: "However, they should be with us now, if we are lucky, we might be able to find the Divine Wasteland."

"Beast Wasteland, Spirit Wasteland, Divine Wasteland, and the other five Ancient Wastelands." Chen Xiang asked.

"Human Wasteland, mainly humans, then Devil Wasteland, Evil Wasteland. From the name, you should know what it is, and lastly there are the more powerful profound Wasteland and Sacred Wasteland." Long Jiuxiao said, "The Ancient Eight Desolations include Beast Wasteland s, Spirit Wasteland s, Divine Wasteland s, Human Wasteland s, Evil Wasteland s, profound Wasteland s and Sacred Wasteland s."

"New Eight Wastelands is one of the Five Great Wastelands, and then there are the other three." Chen Xiang asked, he was only slightly concerned about her now.

"The new Eight Great Wastelands are dominated by humans. The other three are the Beast Wasteland, the Ice Wasteland and the Spirit Wasteland. As far as I know, there are three great native bank s in all of these Wasteland." Long Jiuxiao said.

"Senior, then have you ever seen the most powerful person among the three great native bank s?" Chen Xiang asked.

"No, they are all very strong, and they are not someone that can be seen at any time. I once wanted to go and see them, but I did not succeed, I was able to converse with one of them for a period of time, with his guidance, and benefited greatly, in short, they are all of that kind with relatively gentle personalities, they are mainly responsible for finding the ones with the greatest potential amongst humans, and they do not care too much about the affairs of the three great native bank s." Long Jiuxiao shook his head.

"In other words, the three great native bank s of the Primordial Eight Desolations are the same as well." Chen Xiang felt that this was kind of inconceivable, the ancient Wasteland had wandered around in chaotic time and space for many years.

"Probably." Long Jiuxiao nodded. "So you must remember, do not ever offend the three great native bank s, or else the consequences will be unimaginable."

Chen Xiang had already known about it since long ago, and the three great native bank s gave him a good impression as well.

"Chen Xiang, leave the Heavenly magic sword here for a while. I'll help you repair it." Long Jiuxiao said: "This will be of great help to you in the future."

"Alright, since I will be staying in Three Money Divine City for a while, it will be safer there. I will go retrieve it after some time." Chen Xiang nodded.

Chen Xiang gave the Heavenly magic sword to Long Jiuxiao, then he went to find his old friends in the city. Every time Yun Xiaodao, Zhu Rong and the others saw Chen Xiang, they would beat him up very rudely, letting him treat them to food and drinks.

Chen Xiang had already gotten used to it, these were his old friends that he grew up with. From time to time, he would gather with them and brag, making him very happy.

Chen Xiang stayed in the Hundreds of Flowers Village for a few days and reminisced about old times with those beauties. He also saw Leng Youlan and Mu Qianxiang, his two battle-loving sisters.

What made him surprised was that Xia Bailing actually decided to stay here for a period of time.

In the morning, Chen Xiang got up from Lv Qilian's bed. Lv Qilian had already put on her clothes and combed her beautiful hair. Last night, Chen Xiang had already told her about Xia Bailing's situation and it gave her a huge shock.

This was because the last few times she had seen Xia Bailing, she had seen Xia Bailing being like a mischievous little girl, chasing and playing with Long Xueyi in Hundreds of Flowers Village. He was playing like a child, not like a Dao Sovereign at all.

"Chen Xiang, when you go find your father, if you encounter any problems, remember to be calm and not do anything stupid."

Last night, Chen Xiang told her many things about the Ancient Desolation. The current situation was extremely complicated, and Chen Xiang, who loved to cause trouble, made her very worried.

[Chapter 2487](#)

Chen Xiang was concerned about his father's matters. He did not stay for long as he brought Chu Hongqing and Yang Xiangyin to the Three Money Divine City.

Xia Bai Ling was still unwilling to leave Hundreds of Flowers Village. Perhaps she had never met her rival's playmates, and now that she met such a crazy girl in Hundreds of Flowers Village, she was unwilling to leave. Sometimes, her temper was like that of a child's.

Chen Xiang felt that this was not a bad thing. At least with her in the Hundreds of Flowers Village, it would make the place safer.

He had once again returned to the Three Money Divine City. Now that his villa had been taken over by Huang Jintian, Xie Qiuyan and Feng Yujie were both inside.

Because Chen Xiang's father once stood at the place Feng Yujie had hidden her power, which was the mysterious tomb! So now that there was news about his father, Feng Yujie had personally come over. Furthermore, she wanted to come over with Xie Qiuyan to take a look at the three money Divine City s.

In the future, they might enter the city often.

"Sister Feng, I didn't expect you to come in!" Chen Xiang laughed, Feng Yujie's current cultivation was not very high, only at the third level of the Dao Dan realm.

"But he used a lot of jade coins!" Xie Qiuyan was more familiar with them now. When she saw Chen Xiang, she also knew how to smile, it was not like how cold and indifferent she was in the past.

"What kind of fortuitous encounters did you have in the Spirit Desolate Land?" Xie Qiuyan had also entered the Spirit Wasteland before, and had later returned to Hundreds of Flowers Village with Long Shuang and the others.

"There's a city inside ..." Chen Xiang explained the situation inside, then asked: "Sister Feng, you said that you have news about my father, do you know where he is?"

At this time, Huang Jintian came out with some fruit wine and said, "Your father is in a rather complicated situation."

Feng Yu Jie nodded: "The tomb your father was in earlier was specially refined, it is equivalent to a small island that can float at any time. Adding to that, there is a dragon vein below, and the huge change in Nine Heaven World, that small island has undergone a very strange evolution!"

"Even small islands know how to evolve?" Chen Xiang was startled, the tomb was the world he was born in, he was already very familiar with the place. It was not an island, but a very large one. It had been missing for a period of time and had undergone a huge transformation. Many humans had died on it.

"That's nothing. After all, that island was specially refined. Perhaps because it had been supplied with energy by the dragon vein for a long time, it gradually gained its own intelligence." Huang Jintian said, "Everything has a spirit. You should understand it better!"

Chen Xiang nodded his head, the mountain spirit he saw in the Chaotic Mountain was the same, and the little treeman he saw before was about the same.

"I didn't expect such a change. It's no longer something we can control. I suddenly had a reaction to this island before!" Feng Yujie said, "That island is still in this era."

Huang Jintian said, "Because of the merging of the two eras, the Nine Heaven World and the Star Law Divine Realm no longer exist and are all in the Wasteland. Originally, the island should be like this, but because it has a spirit and is considered a living being, it did not integrate into the Wasteland and is able to stand on its own!"

Chen Xiang said in surprise, "Doesn't that mean that it's an independent world?"

Huang Jintian nodded: "Yes, but if you don't have enough strength, it will be difficult to protect you!" And this island has only just appeared, so there must have been many things that happened before! "

"I know where that island is. I have a feeling, but I feel that it is a bit far away." Feng Yujie sighed, "And we are still relatively weak right now, so it's not convenient for us to face danger in the long run."

Chen Xiang also felt that this was a rather difficult task, although he had many methods, but if he were to meet someone extremely strong, he had no other choice.

For example, a powerful Dao Sovereign like Xia Bailing who knew how to use the laws of space. Once he met someone like her who specialized in dealing with him, he wouldn't be far from death.

"That's not a problem!" Chen Xiang immediately thought of Xia Bai Ling. He felt that with his relationship with Xia Bai Ling, it would definitely not be a problem for her to follow him.

"There's a very powerful Dao Sovereign in the Hundreds of Flowers Village. I just came from the White Spirit City and she only wanted to escort me back. I never expected her to stay in the Hundreds of Flowers Village and not leave." Chen Xiang laughed: "With her accompanying me, it will definitely be very safe."

"Really?" When Feng Yujie heard the two words Dao Sovereign, she also felt that it was very powerful.

"Is there really a Dao Sovereign in the Hundreds of Flowers Village? Was it a man or a woman? You actually refused to leave Hundreds of Flowers Village! " Xie Qiuyan was also very surprised. With a single glance, she could tell that she was very clear on the Dao Sovereign's strength.

"Female!" Chen Xiang laughed: "Do you want to go back and see her now? She is also an alchemist, and her alchemy skills are quite special. She doesn't know how to release flames, but she can make use of external flames to successfully refine pills! "

"This is an eccentric apothecary. Alright, let's head back to take a look at her now!" Feng Yujie's eyes lit up. She actually liked to interact with those weird pill refiners. For example, when she was together with Xie Qiuyan, she learned a lot of things from her.

"Mn, be careful on your way back. Don't forget to have them teach you the method to refine Shengdao Dan. If you eat Shengdao Dan, you can quickly advance to the tenth level of the Dao Dan realm." Chen Xiang said.

"Alright, when we are all at the tenth stage of the Dao Dan realm, let's see if we can get the female Dao Sovereign that you mentioned to come here with us to find you." Feng Yu Jie nodded.

After Xie Qiuyan and Feng Yujie left, Chen Xiang took out a few Shengdao Dan pellets refined by Chu Hongqing and gave them to Huang Jintian, saying: "Master, you are still in the Dao Dan realm right now, eating these pellets will allow you to reach the tenth stage of the Dao Pellet very quickly."

Huang Jintian quickly took it and smiled, "Let me try and see if this kind of dan is really that good!"

After seeing Huang Jintian leave, Chen Xiang shook his head and smiled, then entered a pill refining room. He was going to refine some Shengdao Dan and use them to sell.

"Hongyi, it will be a bit more difficult during this period of time. Let's refine a hundred pills first!" said. He could also grow the stone like materials used to refine Shengdao Dan, so Chen Xiang had a lot of materials as well.

"Only a hundred pills? This is too easy! " Her current pill refining skills had also increased by a lot. Although the number of pills produced in one furnace was not as many as Chen Xiang, the difference in speed and quality was almost the same.

A hundred pills was extremely fast for Chen Xiang and Chu Hongqing. It only took him three days to refine a hundred and twenty pills, and the advantage of the [Heavenly Refining] technique was that as long as he was able to refine the same pill more often, he would be able to refine even faster and faster.

[Chapter 2488](#)

When Chen Xiang walked out of the pill refining room, he saw Huang Jintian sitting in the hall with a face full of smiles, drinking fruit wine with his legs crossed.

"Master, how are the effects of the Shengdao Dan?" Chen Xiang asked.

"The effect is not ordinary." Huang Jintian gave Chen Xiang a big thumbs up. "Taking you in as my disciple, is the most correct thing to do in my life, hehe."

"Other people are all helped by Master, why do you always look like you are my friend now?" Chen Xiang laughed, then took out a cup and poured himself some fruit wine.

"There's nothing I can do about it. Who asked you to lay your hands on a useless master like me? That's why I'm sure I'll be able to eat you for the rest of my life." Huang Jintian laughed.

"Help me count my dad, see if I can calculate his current situation." Chen Xiang laughed: "You have truly received my benefits."

When Huang Jintian took out his Tianyan god records, he needed to use them even when he was doing something difficult.

"It seems that this is the only use I have in your eyes." Huang Jintian laughed. After he took out the Tianyan god record, he began to count.

Huang Jintian's Tianyan god records could only be seen by himself, so when outsiders looked at them, they were all transparent.

But now, Chen Xiang could see that the flat surface of the crystal board was filled with white words that he could not understand.

Huang Jintian frowned, his expression did not look good.

"Master." Chen Xiang shouted. He began to worry too, because Huang Jintian rarely had such expressions.

Huang Jintian opened his eyes, his expression solemn.

"Master, what was the result?" Chen Xiang asked quickly.

"It's hard to say, but your father is still alive, but the situation isn't too good. The Life Evolution I used just now can be considered as a life force technique. I think your father's life force is a bit weak, so this situation isn't good." Huang Jintian patted Chen Xiang's shoulder, "But you don't have to worry, I've already calculated his lifespan a few times already, but there's no obvious signs of him dying.

The situation of this world was very complicated. Although the Dao Sovereign was strong, he was not invincible, and Xia Bailing and the rest of the people in the Spirit Wasteland were also facing many strong enemies.

"Master, you are currently at the tenth level of the Dao Dan realm." Chen Xiang asked.

"Soon." Huang Jintian said.

Chen Xiang gave him another Shengdao Dan and said, "Eat this, I'll go take a look around first."

... ..

It had been a while since Chen Xiang left the Three Money Divine City, and the Three Money Divine City was only recently built, but now, it had become much more lively.

In order to attract more people to come in, the Three Great native banks lowered their standards so that they could enter. The Dao Dan realm could then come in, and they would need more Jade money than before.

Although Chen Xiang had twenty billion Jade money, thinking about how he used so many of them in order to enter, he felt a little displeased.

He did not change his appearance as he strutted down the street.

There were a lot of people in Three Money Divine City who recognized him, so after they saw him, they all stepped aside.

"Did you guys hear? Chen Xiang also went to the mysterious Spirit Wasteland."

"I heard that the Limitless Three Elders of the Infinite Divine Mountain also went to the Spirit Wasteland and all of them went missing. Could it be that they died?"

Chen Xiang and Infinite Divine Mountain have a deep grudge against each other. Earlier, Limitless Three Elders wanted to capture Xie Qiaoyan, but Chen Xiang saved him.

The three elders of the Infinite Divine Mountain were extremely famous in the new eight wastelands. Back then, when they had helped the Esoteric Immortality Fruit catch Xie Qiaoyan, the news had already spread and it was Xie Qiaoyan who had come back to tell the master of the Jiang family, Jiang Yingqi.

Because Jiang Yingqi had received a pill bestowed to him by Xie Qiaoyan, he, who was loyal to the heavens, immediately announced that he would cut off all contact with the Infinite Divine Mountain after hearing of this matter.

Of course, this was only a guess. It was unrealistic for Chen Xiang to kill the three Limitless Elders, moreover, it was still uncertain whether the three Limitless Elders died or not.

Chen Xiang did not kill them, but they were sealed, so their life orbs would not shatter, at most they would just disappear, and they would not know that this matter was related to him.

When Chen Xiang arrived at the Three Money Divine City's huge fighting arena, he knew that Jiang Xian would definitely be there. As expected, when he entered the fighting arena, he saw that Jiang Xian was fighting with other people.

"He's probably at the fourth level of the Dao Dan realm." Chen Xiang estimated Jiang Xian's cultivation.

After being kicked out, a portion of his cultivation had been crippled, which was why he had backed off. This also caused him to become the laughingstock of the Jiang Family, but now, he was working very hard, running all the way to this place to fight in order to earn Jade money s.

Even though he was laughed at in the Jiang Clan, he should have the most Jade money in the young disciples of the Jiang Clan.

After the battle ended, Jiang Xian raised both of his arms up high and shouted excitedly, showing that he had won the round. The hundred thousand spectators in the arena also started to shout his name, loud and clear.

Jiang Xian was very famous now, every fight he fought was full of people, and he earned a lot of Jade money s from selling tickets in the fighting arena.

Chen Xiang was standing at a relatively high place and had noticed him. Seeing Chen Xiang return, he quickly finished interacting with the audience and rushed over to find Chen Xiang.

"Brother Shen, are you alright?" Jiang Xian knew that Chen Xiang had gone to the Spirit Wasteland, and because Chen Xiang had saved Xie Qiaoyan in the Spirit Wasteland, he had angered many powers, and Chen Xiang had two Heavenly artifact, which were also wanted by many powers.

Just that when many people were heading towards Spirit Wasteland, Chen Xiang was back.

"Do you think I would die at the hands of those fellows? But then again, I have gained a lot from this trip to the Spirit Wasteland." Chen Xiang laughed.

"Of course, not only did he obtain the Heavenly Life Fruit, he also took away the heart of a beauty like Xie Qiaoyan. This kind of gain is indeed not small." Jiang Xian laughed out loud.

Chen Xiang shook his head and laughed. He flipped his palm, and two Shengdao Dan appeared on it, and laughed: This is my biggest gain, do you want to try it?

Jiang Xian had never seen this kind of gold-red Shengdao Dan, and frowned: "What kind of pill is this, to be able to fight after eating it, it's really powerful."

"I won't tell you for now ... Brother Jiang, you must have earned quite a lot of Jade money recently, eating these two pills, if there's any effect, you can just give me the Jade money based on your mood. If you don't think it's of any use to you, you can leave it to me." Chen Xiang laughed.

"Chen Xiang, you're already so rich, but you're still planning to earn my Jade money." Jiang Xian laughed and had already put the two Shengdao Dan into his mouth. He had absolute trust in Chen Xiang, so he didn't care whether they were poison pills or not, and ate them.

After eating, Jiang Xian's expression changed, and became somewhat excited. At this time, he could feel the strong medicinal power.

[Chapter 2489](#)

After Jiang Xian consumed it for a moment, he continued to refine the medicinal power.

"That won't do. Wait for a while for me. The medicinal power is too strong. After I refine it, I'll come to your villa to find you." After Jiang Xian finished speaking, he ran off without a trace. He wanted to find a quiet place to go into closed door cultivation.

Chen Xiang chuckled, then left the fighting arena and came to Eternal Life Native Bank.

"Grandpa Shen, what can I do for you?" With a smile on his face, an elder hurriedly walked over.

"Sir, your cultivation isn't low either. You're so much stronger than me. I won't get used to you calling me sir." Chen Xiang laughed.

"Then Boss Shen should be able to handle it, right?" The old man laughed and patted Chen Xiang's shoulder.

"It's rather pleasing to the ears." Chen Xiang laughed.

Chen Xiang was brought by the old man to a luxurious living room. He sat on a comfortable soft beast skin chair, and drank a sweet fruit juice.

"You already have a purple jade plate, so you should enjoy this treatment." The old man smiled and said, "I wonder why you have come today."

"I came here to find someone from the upper echelons of native bank. I wonder if I can talk to them now." Chen Xiang asked.

"This is definitely not a problem. With your peerless pill techniques and the twenty billion Jade money that you have ... Furthermore, with your two Heavenly artifacts, you are definitely qualified." The old man smiled and said, "I'll help you make the report now."

Chen Xiang smiled and nodded. After the old man left, two beautiful women who were rarely seen walked in. They were in charge of serving Chen Xiang.

"This is status." Chen Xiang drank a mouthful of fruit juice as he praised in his heart. His cultivation was not high, but he was still treated like this because of pill techniques.

Chu Hongqing saw the two Spirit Demon women beside Chen Xiang, and immediately felt uncomfortable. She snorted: "Can't you let Xiang Yin and I come out to serve you?"

She felt that she and Yang Xiangyin were the genuine maid of Chen Xiang, but they had never really served Chen Xiang before. When Chu Hongqing followed him, they both refined pills and grew medicinal herbs, and other than growing medicinal herbs, Yang Xiangyin would also occasionally play the beautiful zither music to relieve Chen Xiang's boredom.

Chen Xiang let the two bewitching women leave, then said with a smile. "Are you feeling comfortable now?"

"That's more like it." Chu Hongqing smiled tenderly: "Then do you want me to go out now?"

"No need, you guys just stay inside. I don't want you guys to show your faces." Chen Xiang said, he loved his own servant very much.

Not long after, a handsome man wearing a simple robe with a moustache walked in. He had a jade fan in his hand, which made him look gentle and gentle. His smile was very modest, making it very easy for people to get a good impression of him.

"I count as the third master of the Eternal Life Native Bank." The man smiled and cupped his hands towards Chen Xiang: "My name is Fan Shixin."

"Villa Owner Fan looks so young, he really surprises me." Chen Xiang laughed.

"Why, do you think I'm an old man?" Fan Shixin made a gesture to invite her to sit down.

"Do you have any business with me?" Fan Shixin was the Third Master of the Eternal Life Native Bank in the Eight Desolations, so his strength was definitely not ordinary. Although he looked like an ordinary person, his hidden strength was definitely not simple.

"Are you interested in opening a new city with native banks?" Chen Xiang asked. He was planning to bring the Eternal Life Native Bank to the city that Long Jiuxiao built.

"How big the city is, and what kind of composition it is, is filled with dense spirit energy, when our native bank is opening, we will consider this factor, and if it meets the requirements, we are naturally very willing." Fan Shixin said: "This city shouldn't have been secretly built by you, right? If that's the case, we will consider it."

"I didn't build it." Chen Xiang spread out his hands: "But the person who built this city had once worked in your Eternal Life Native Bank, and was once your moneymaker, his name is Long Jiuxiao."

"So it's him. Seems like your relationship with him isn't that bad. Your Heavenly furnace should be a gift from him." Fan Shixin smiled and nodded: "I do know him. He has great potential and also very much ambitions. When he left our native bank, I told him that we could come back anytime."

"However, later on, I heard that he encountered a lot of trouble. Furthermore, he was poisoned. I believe that you have already cured him of his poison."

Chen Xiang nodded: "But he still has many enemies. Let me be clear on this point first, the city he built ... and the various races in the city could be in danger in the future. "

Fan Shixin laughed: "Don't worry about that, as long as it's worth it for our native bank to station here, it won't be a problem for us. You want our native bank to open up a new city, you also want to ensure the safety of the city, right?"

"Yes." Chen Xiang nodded his head, "There are humans in that city, but they aren't all humans. There are other races ..."

After that, Chen Xiang explained the specific situation of the city.

Hearing that there were so many dragons inside, Fan Shixin interrupted Chen Xiang and sent someone to investigate. At the same time, he told Chen Xiang that just this point was enough for their native bank to be opened up to that place.

When the time comes, not only will we be able to get there, the Three Lives native bank and the Lifeless native bank will also be there. With the three of us here, the city will be extremely safe. Fan Shixin said.

We thought that you had come from the Ancient Desolation, but we've been in contact with the Ancient Desolation's native bank for a while now, and we couldn't find anything related to you. Furthermore, the races you mentioned are rather strange as well, such as the Undead Divine Race, they shouldn't be so gentle to be able to get along with you.

Fan Shixin was extremely familiar with the New Eight Wastelands and the Ancient Eight Desolations, but what Chen Xiang had said was completely different.

"I wish we could be friends." Fan Shixin smiled sincerely at Chen Xiang.

"Alright, Eternal Life Native Bank has always been very mysterious in my eyes. However, I feel that I can trust the both of you." Chen Xiang laughed: "This might take some time."

"I will listen patiently." Fan Shixin smiled and nodded, "Of course, I won't take advantage of you. I will also tell you some things about our three great native bank s."

Afterwards, Chen Xiang told Fan Shixin about the fusion of two eras, and it was even him who facilitated it. Of course, he also emphasized on the combination of Undead Divine Race and Red Spirit Race.

Fan Shixin did not know about this matter, so after he heard about it, his face became extremely gloomy.

[Chapter 2490](#)

"If you come from the future, how about we three native banks in the future?" Fan Shixin took a deep breath and asked. He seemed to be extremely concerned about this matter.

"You no longer exist. As far as I know, your disappearance originated from some sort of powerful and mysterious power. The reason why I allowed you all to die was also to balance out the two of you." Chen Xiang said.

Fan Shixin sighed and said, "As expected."

Chen Xiang was secretly shocked, this Fan Shixin actually knew of such an outcome, and said: "But the situation now is different."

Fan Shixin naturally understood what Chen Xiang meant. In other words, when the future Undead Divine Race and Undead Divine Race returned to this era, they would be on equal footing with the three great native banks.

If a monster like the Three Great native bank was destroyed, Chen Xiang was extremely shocked by the power.

"I will send someone to take care of the matters concerning the Heavenly Dragon City." Fan Shixin said: "Right now, I have to say a few things to the higher ups."

"Alright." Chen Xiang nodded.

Fan Shixin left in a hurry, he did not expect the three native banks to not know about this at all.

Chen Xiang left the Eternal Life Native Bank and returned to his villa. After concocting pills with Chu Hongqing for two days, Jiang Xian suddenly came over.

When Jiang Xian saw Chen Xiang, he immediately burst into laughter, praising the effects of the Shengdao Dan. He handed Chen Xiang a Storage bag and said: "This is a hundred million Jade money, they are all earned by me in the past few days."

"Too many." Chen Xiang didn't think that Jiang Xian would give him that much either.

"I was worried that you might think you were lacking, but who would have thought that you would be able to help me break through so quickly. This kind of pill is really mysterious, it's not easy to raise Dao Dan realm." Jiang Xian said.

"I only want twenty million Jade money. Take the rest back." Chen Xiang said.

"Take them all. I'll be able to earn them back very soon. Moreover, I don't know how to spend these Jade money either." Jiang Xian said.

Chen Xiang could only accept them all now, and gave Jiang Xian another eight Shengdao Dan.

Jiang Xian never thought that Chen Xiang still had that many. After obtaining the eight Shengdao Dan, he directly asked Chen Xiang for a secret room, then ran off to close up.

"Looks like selling this Shengdao Dan for fifteen million is not a problem." Chen Xiang laughed.

"Of course, there are many who are trapped in the Dao Dan realm, especially those who are unable to break through and are about to die of old age, to them, this is equivalent to a life extending divine pill." Chu Hongqing said.

"Chen Xiang, we're here." Chen Xiang suddenly heard a voice from outside. It was regarding Feng Yujie.

Chen Xiang did not expect them to arrive so quickly, so he hurried to open the door, only to see Feng Yujie and Xia Bailing.

"Didn't Qiao Yan come?" Chen Xiang asked.

"No, the Heavenly Dragon City wanted to build three native banks, so she stayed. She was more familiar with the affairs of the native bank." Feng Yujie said.

Xia Bailing stuck his tongue out at Chen Xiang: "Little scoundrel, when I help you get your father back, you must repay me properly."

"Sister Bai Ling, you promised to pay me back, but now you've helped me get my dad back. You can say that you've returned the favor." Chen Xiang said.

"Alright, alright." Xia Bailing walked in and said: "When will you be leaving?"

"We're ready to go." Chen Xiang found Huang Jintian and said: "Master, there are fifty Shengdao Dan s here, one of them is for fifteen million. Jiang Xian is here too, when he comes out, you should find him and discuss about how to make them famous, don't eat them secretly."

"When I come back, I will concoct this pill on a large scale." Chen Xiang warned.

"Got it, be careful on your way." Huang Jintian received the jade box with a smile: "I guarantee that I won't steal anything."

Seeing his smile, Chen Xiang was not at ease, but there was nothing he could do.

"Let's go." Chen Xiang said to Xia Bailing and Feng Yujie.

Feng Yujie knew where the island was, so she had to follow Chen Xiang. It was safer for her to enter the You Yao Mountain Villa, but she could not sense the direction of the island.

Feng Yujie did not know the exact location of the island, he only knew the direction, so he was unable to bring Chen Xiang there right away.

When Xia Bailing and Chen Xiang left the Three Money Divine City, they took Chen Xiang with them and teleported for the better part of the day.

Because Xia Bailing always teleported in the direction that Feng Yujie pointed to, Feng Yujie had pointed to many times, but each time it was different.

"That island is moving, and it's moving at a faster speed." Feng Yujie said: "I can't feel the direction either."

Chen Xiang took out the Six Realms mirrors, allowed it to grow a little, and then allowed Feng Yujie to exit the You Yao Mountain Villa.

"This mirror of yours is really a good thing." When Xia Bailing saw it, his face was filled with envy. "You bastard, it's fine if you have so many beautiful women, but there are also so many good things."

"There's no helping it, it's all because of my good character." Chen Xiang chuckled: "Sister Feng, now look at your senses, and see if the position is not constantly moving. It seems like I cannot teleport there, I can only change my direction based on the position of the island."

Feng Yujie closed his eyes. After sensing it for a while, he said with a frown: "That island is very strange, it is jumping around, and its position doesn't move slowly, but rather is equivalent to teleportation."

Xia Bailing said: "If it's really like that, then it's hard to find anymore, I have to think of a way."

Chen Xiang curled his lips and said: "You're a Dao Sovereign and have such high attainments in spatial energy. Don't tell me you have nothing you can do?"

"He's a Dao Sovereign, but he's not invincible." Xia Bailing scoffed, "I do have a way, but it'll be a bit harder for me."

"How hard it will be." Chen Xiang asked.

"It will make me very tired, and then I will need to rest for a few days to recover." Xia Bailing said.

Chen Xiang had already guessed what she was talking about, she was just using a lot of power to teleport herself in one breath. This could teleport a very far distance, if he could see the island, he wouldn't need to worry about the island jumping around as long as he entered.

"Alright, Sister Feng, start sensing it." Chen Xiang said.

Feng Yujie immediately closed her eyes and said, "The position is jumping too frequently right now, almost every moment for a position. I don't know what's going on."

"It stopped. It's over there." Feng Yujie immediately pointed in a direction and also channeled his spatial energy, teleporting away.

After teleporting over, Chen Xiang and the others immediately saw a huge, pitch-black island in the distance in the sky. It looked eerie and terrifying, and Chen Xiang also felt a sense of familiarity towards the place he was born in.

"Just a little more." Xia Bailing said, and just as she was about to teleport over, such a huge island suddenly disappeared.

"What lousy thing is this?" Chen Xiang immediately scolded: "Such a big thing, it ran away in the blink of an eye."

Xia Bailing said with a grave expression on his face, "This is a punishment of the law."
