

Dan God 2541

[Chapter 2541](#)

Chen Xiang sneaked into a cave of a savage beast, which was also a rather strong savage beast. From the Qi, Chen Xiang could tell that although the wild beast had already been controlled, its power was still there.

What made Chen Xiang relieved was that when he got closer, the Barbaric Beast did not notice him. After he entered, he saw that it was a gigantic bull that was resting right now.

However, the moment someone entered this valley, the savage beasts inside would immediately become irritable. This was because they were arranged to be here in order to stop the humans that entered the Sacred Tao Mountains.

When Chen Xiang got closer, he used the Soul Absorbing Devil Spell to sneak into the Divine Sense Sea of the ox beast and search for the contract to imprison the cow beast.

Very quickly, Chen Xiang found the force of the contract that restricted the Cow Beast!

"I just need to get rid of this contract's power." To Chen Xiang, this was still rather difficult, because if he were to mess up, even he himself would be affected.

"It seems very difficult!" Chen Xiang thought about it, but in the end, he did not make a move. This contract power was extremely mysterious, he did not know how to remove it, but he knew who would be able to do so.

"I need to make a trip back to the New Eight Wastelands!" Chen Xiang decided to call Xu Youqing back, otherwise, he would not be able to carry out his plan.

He used a few days' time to ask Fan Shixin to teleport him back to the Heavenly Dragon City, and he let Xu Youqing and Yue'er enter the You Yao Mountain Villa before returning to the Sacred Wasteland again.

Of course, Fan Shixin did not know that Chen Xiang was going to fight against the Heaven Wasteland Aristocratic Family, otherwise he would definitely stop him, and Chen Xiang would not tell him.

It had been a long time since Xu Youqing last met her, and she had missed him a lot. Now that her father was fine, and had lived a carefree life in the Heavenly Dragon City, she could finally rest easy! However, she was still worried about Chen Xiang all day, especially after the long period of time Hundreds of Flowers Village stayed in there. All day long, she listened to Yue'er and Long Xueyi talk about Chen Xiang's various dangerous experiences, which always made her very worried.

"You little scoundrel, why did you call me here? You didn't explain clearly." Xu Youqing moaned inside the You Yao Mountain Villa: "I have a lot of things to do in the Hundreds of Flowers Village."

"I missed you. Can't I let you accompany me more?" chuckled, he was currently in the Sacred Wasteland, and because he had a good relationship with Fan Shixin, he could stay in the best inn for free.

Right now, he had arrived at an inn and told Xu Youqing to come out from it.

"Hng hng!" Xu Youqing saw that Chen Xiang's eyes were burning hot, and snorted twice. She had not been alone with Chen Xiang for a long time.

The two of them could not help but embrace and kiss each other. Then, they went to bed and wrapped themselves around each other for the entire night ...

In the morning, Xu Youqing yawned, patted Chen Xiang's butt, and smiled: "Wake up, didn't you say you had something important to do today?"

Last night, Chen Xiang had told Xu Youqing that he wanted to let her undo the contract power. Because it was similar to the power of the curse, and Xu Youqing had been born with the ability to use the curse, he decided to let Xu Youqing try.

"When I get there, I'll get you to help. You don't need to come out to do it, right?" Chen Xiang said.

"It should be possible, right? Is it dangerous?" Xu Youqing was suddenly worried.

"It is a bit, but it's not that big of a deal. You chat with Hongqing and have them tell you some of my recent affairs." Chen Xiang said.

Chu Hongqing and Yang Xiangyin were together with Chen Xiang all day, so they naturally understood Chen Xiang very well about what had happened in this period of time, and Xu Youqing wanted to know as well.

Chen Xiang had a great time last night, so at this time, he was also in high spirits as he headed towards the Sacred Tao Mountains in high spirits.

Along the way, Xu Youqing learned a lot of things about Chen Xiang, especially about the Black Hairs Human s inside the profound Wasteland. Previously, she only got a general idea of what was going on, but she didn't know how much.

She now knew that the thing that Chen Xiang was going to do next, was to enter the Sacred Tao Mountains to search for medicinal ingredients.

I am already at the tenth level of the Dao Dan realm, so entering the Dao Po realm is only a matter of time. This is all thanks to the pills refined by Big Sister sister Meiyao and the rest, if everything goes well, we should be able to reach the tenth level of the Dao Po realm very quickly from now on. Xu Youqing said: "I never thought that the medicines of this era would be so strong. If it was in our era, without relying on Time Formation, it would be impossible to be that fast."

"En, so I need to hurry up and get more medicinal ingredients, who knows if Sacred Wasteland can hold off Black Hairs Human." Chen Xiang said: "I keep having the feeling that the Black Hairs Human's strength is much stronger than what we had imagined. The three great native bank's current preparations can tell that they are even prepared to sacrifice themselves."

... ..

Not long after, Chen Xiang arrived at the big canyon full of Savage Beast Cave. He also arrived at the cave of the ox beast.

"You Qing, try and see if you can secretly enter his Divine Sense Sea and remove the contract power of this ox beast." Chen Xiang said.

"Okay, I will do my best to be careful and not alert this guy. You have to be alert as well, because if you find anything wrong, you have to immediately run for your life, do you understand?" "Don't try to be brave!" Xu Youqing said, she did not need to walk out of the You Yao Mountain Villa, so Chen Xiang did not need to bother with her.

"En!" Chen Xiang was currently in a state of mist, while the ox beast was asleep.

Xu Youqing was already moving, and he could feel a trace of strange power seeping out from the You Yao Mountain Villa.

"The Contract Power is also a type of Cursed Power. It's extremely mysterious. I don't know how it was formed, but it should have been there since the creation of the Heavenly Dao." Xu Youqing said: "I have already found the contracted strength of his Divine Sense Sea."

The contract power tightly binds onto the savage beast's soul, as though the soul is unable to be separated from it. The savage beast is also helpless against it, and if necessary, the person who placed the contract power on it can make it explode at any moment and destroy the soul of the savage beast at the same time.

"Fear comes from the depths of the soul, and savage beasts are controlled from the depths of the soul. That's why they are afraid and are controlled by humans."

"You Qing, you are so powerful. You are able to grasp such a mysterious power." Chen Xiang praised.

"Alright, I'll soon disperse the contract's power. When that happens, this savage beast will be free. However, will your plan succeed?" Xu Youqing said: "There are so many beasts, do we need to remove them all?"

"Let's see what the effect of removing this head will be." Chen Xiang laughed: "It should be effective!"

"Un, it has already been cancelled. I need to properly study the contract's power to see if it's the same as what we usually do." Xu Youqing said. She was not sure how she did it, but she was able to get a small ball of red light mist.

Not long after the contract was broken, the ox beast woke up. It had also discovered that the restriction of the contract power was no longer there. It let out a few loud cries before charging out of the cave.

[Chapter 2542](#)

Just as he had expected, this cow beast ran to the caves of other beasts and started fighting after it entered. In just a short moment, several beasts were killed by this cow beast.

The people of Heaven Wasteland Aristocratic Family did not notice anything strange, even when they heard the sound, they only thought that some humans had entered the canyon, and were secretly happy.

Yet, they didn't know that it was their own caged savage beast that started the massacre!

"The contract's power forbids these savage beasts from attacking one another and allows only strangers to attack. Thus, when the other savage beasts were attacked by this bull, none of them dared to retaliate." Xu Youqing said, she had already deciphered the contents of the contract.

"Hehe, it's just as I expected!" Chen Xiang laughed, "Looks like it won't be long before all the beasts in this valley are killed."

Chen Xiang waited for more than an hour. The whole cow beast that was as big as a small mountain was already covered in beast blood, and when he rushed out of the canyon, he did not know where he was going to.

Chen Xiang went down to collect all the corpses of the other savage beasts. After that, he headed towards the place where everyone was resting and told everyone about the situation in the canyon.

He just said that the cow had gone mad, killed the other savage beasts, and eaten the corpse of the savage beast.

The gorge wasn't too far from here. Previously, there had been a series of roars, so everyone was still skeptical.

Even though there were a few small teams who were not afraid of death, after confirming that it was true and sending the Communication jade Symbol paper back to the camp, everyone was overjoyed, and they all headed over.

After about two hours, they passed through the great canyon and entered the Sacred Tao Mountains!

The Sacred Tao Mountains was generally safe, but it was more difficult to enter from the beginning as there was a natural barrier.

And Chen Xiang was already inside the Sacred Tao Mountains.

The Sacred Tao Mountains was very big and had a natural barrier, so only a few paths inside were relatively easier, but all of them were blocked by the Heaven Wasteland Aristocratic Family. It could be seen that the Heaven Wasteland Aristocratic Family wanted to monopolize the Sacred Tao Mountains and let them take all the medicinal ingredients inside.

"Yue Er, it's your turn!" Yue'er could communicate with the stars in the sky and quickly find the herbs here. The Sacred Tao Mountains was so big, so if he wanted to find the precious herbs here, he would need a lot of time.

"Alright!" Yue'er had just woken up. When she was in You Yao Mountain Villa, she would sometimes turn into a little girl.

Yue'er stood on top of Chen Xiang's palm and her butt faced Chen Xiang as she smiled: "I do not guarantee that I will be able to hook up with the stars here. It was fine when I was in Hundreds of Flowers Village, but that is New Eight Wastelands, I do not know about this Sacred Wasteland."

"Sacred Wasteland is currently on top of the New Eight Wastelands, but the location is a little hidden, so they share the same sky." Chen Xiang smacked Yue'er's furry little butt, "Let's try it quickly!"

It was almost dark now, and the clear sky was filled with twinkling stars.

After that, she closed her eyes and started to communicate with the stars in the sky. A short while later, her body started to emit a faint silvery-white light, and Chen Xiang knew that she had succeeded.

"There are many herbs in this Sacred Tao Mountains!" Yue Er said.

"Where are they?" Chen Xiang asked quickly.

"There are many medicinal materials, but not many high level ones. There are three Emperor level ones, about five high level one King level ones, and the rest are all low level ones. You should not be interested in them." Yue Er said.

"Alright, bring me there quickly." Chen Xiang said. From the looks of it, the quantity was relatively small but in reality, there were a lot of them.

Under Yue'er's guidance, Chen Xiang found a piece of Ginseng. This was an Emperor Stage medicinal herb, he didn't know what it was called, but it was very special, as though it was carved out of blood jade, about half the height of a person, and it was very, very heavy.

"I really want to take a bite!" Yue'er smiled while drooling.

"When you grow them, they will make you puke!" Chen Xiang put the Emperor Stage Ginseng into the You Yao Mountain Villa, and let Chu Hongqing grow it.

Yue'er guided Chen Xiang on his search for other medicinal herbs. He found five types of high-grade king level medicinal herbs, two of which contained profound Tao Power s, while the other three he did not know.

Chen Xiang didn't know what it was either, but after testing it with his Heavenly magic sword, he found it to be extremely hard and hard to split. With this degree of tenacity, he could finally use it to refine medicine.

It was buried underground, and Chen Xiang had to dig around for a bit longer before he finally dug it out. It looked like a potato, but after he removed the dirt on the surface, it released a golden glow, and the inside was a golden crystal. It looked exquisite and beautiful.

"Is this really a medicinal herb?" No matter how you look at it, it looks like ore! " Chen Xiang bit down, of course he wouldn't be able to. These Di Class medicinal ingredients were all very hard.

"There's someone over there!"

When Chen Xiang heard these words, a few people suddenly appeared. All of them were from the Heaven Wasteland Aristocratic Family.

"Brat, this is our Heaven Wasteland Aristocratic Family's territory, quickly hand over the thing in your hands." a man shouted. It was a young man.

Chen Xiang looked at the few of them, the strongest was the man who talked the most, being at the tenth stage of the Dao Po realm.

"If you defeat me, I'll give it to you." Chen Xiang put away the golden "potato" and smiled.

"This is as simple as turning my hand. You're merely at the second level of the Dao Soul Realm, and yet you're so arrogant to say such words." The man at the tenth level of the Dao Po realm sneered: "Furthermore, I am a disciple of the Heaven Wasteland Aristocratic Family, I'll send you to your death right now."

Chen Xiang laughed: "Don't hit me so hard. If I die, the Emperor Stage medicinal herbs I obtained would have disappeared along with me. If the families behind you knew, you would have had a good end."

"Thank you for reminding me, so I will not kill you. I will only let you know that it is better to die than to live." The Heaven Wasteland Aristocratic Family man snorted angrily and immediately waved his hand, releasing a ball of red light that carried a terrifying power.

The red ball of light illuminated the surroundings, causing the ground to be shrouded in red light. What was even more terrifying was that the surrounding mountains and land began to shake, some even collapsing!

This was just a casual wave of energy, yet it was already so terrifying. Even Chen Xiang felt terrified at this moment.

The red ball of light quickly rushed over, and Chen Xiang immediately took out the Six Realms mirrors to block when he was still alive. The red ball of light struck the Six Realms mirrors, and Chen Xiang also felt the Six Realms mirrors violently tremble.

In order to maintain the stability of the Six Realms mirrors, it had absorbed more than half of Chen Xiang's Dao energy!

The ball of red light that was hit on the Six Realms mirrors was also rebounded, the rebounding speed was very fast, and the man did not expect it to bounce back, he did not have the time to dodge at all, and was struck by the power he released.

[Chapter 2543](#)

Chen Xiang quickly calmed his Divine Sense Sea, and then teleported in front of the man. Heavenly magic sword appeared in his hands and slashed at the man's head.

"Captain!" One of the big sized man who was spectating at the side roared, at the same time, he had already thrust his sword over, but was dodged by Chen Xiang.

At the same time Chen Xiang dodged, she used a teleportation technique to grab the man's head and threw him into the Chuangshi god furnace.

"I have to use a Immobilize on that big guy. His cultivation level is too much higher than mine, so I can only immobilize him for an instant!" Xu Youqing suddenly said to Chen Xiang.

"Begin!" The moment Xu Youqing shouted, Chen Xiang was already beside the big sized man, his sword slashed towards the head, chopping it off, the other three people also slashed at Chen Xiang with their swords.

But Chen Xiang used the Cloud Sky Elephant, and the three people's swords penetrated Chen Xiang's fog-like body, and pierced into the man's body.

However, just as they were shocked, Chen Xiang's swift sword had already sliced across their necks, and the heads of the three people were sliced off by Chen Xiang just like that.

"So weak!" Chen Xiang looked at the rolling heads on the ground, and stepped on one of them. "Is this the level of the disciples of your Heaven Wasteland Aristocratic Family? You guys are usually so arrogant, but it turns out you guys aren't that strong!"

"You're dead for sure. If you dare to lay your hands on my Heaven Wasteland Aristocratic Family, my Heaven Wasteland Aristocratic Family will chase after you for the rest of your life." One of the men said.

Although their heads were chopped off, they did not die.

"Hehe, I didn't say I would kill you. Come in!" Chen Xiang sent their heads and bodies into the Chuangshi god furnace s.

Chen Xiang made a special space amongst the Chuangshi god furnace, specially for detaining this kind of fellow. It wouldn't be long before he would test them with fire.

One must know that there was an even stronger group of disciples within the Chuangshi god furnace, who were the same ones who had acted so wildly in the New Eight Wastelands.

Other than that, there were also the Limitless Three Elders of the Infinite Divine Mountain. Since Chen Xiang did not kill them now, he was just torturing them a little, which was even worse than death for them.

With Xu Youqing's help, Chen Xiang opened up a few of these Storage magic treasure, and obtained some king level medicinal ingredients as well as tens of millions of Jade money.

"So poor!" Chen Xiang cursed in a low voice, "No wonder he's so weak."

However, he did not feel that he was very strong, he only felt that his opponent was too weak. If he was truly strong, he would be able to find out with just two moves if he was strong at the tenth stage of the Dao Po realm. If he was strong, he would have ran away a long time ago.

Of course, the Heavenly magic sword was powerful, it could directly break through the defense, adding on his indestructible Six Realms mirrors, if they met him without any experience, even if they were stronger than him by a few levels, they would still be defeated in an instant.

Heaven Wasteland Aristocratic Family already knew that he had lost one of the canyons, which had led to a large number of people entering the canyon. Right now, even Heaven Wasteland Aristocratic Family did not dare to openly enter and massacre the people inside, as they were worried that they would provoke the Three Great native bank s.

Therefore, Heaven Wasteland Aristocratic Family sent out small teams. As long as they met a single person, and their strength was not too strong, they would snatch them from others, regardless of whether they managed to snatch them or not, they would still be killed.

Chen Xiang also planned to leave the Sacred Tao Mountains at this time. On the way, he met another two teams from Heaven Wasteland Aristocratic Family, but he hid himself, and with Xu Youqing's help, he succeeded in his sneak attack and threw the two teams into the Chuangshi god furnace.

Towards the people of Heaven Wasteland Aristocratic Family, he would definitely not hold back, as long as he could defeat them, he would make his move.

After leaving the Sacred Tao Mountains, he returned to the Eternal Life City and headed there.

... ..

"Qiao Yan, take a look at what kind of medicinal ingredients are these?" Chen Xiang placed the herbs he got from the Sacred Tao Mountains on the table.

Currently, only Xie Qiaoyan and Su Meiyao were free, Chen Xiang was seated on a chair, while Su Meiyao was stuck to him, lying in his embrace, allowing him to do whatever he wanted, causing Chen Xiang's entire body to burn.

Seeing that, Xie Qiaoyan could only curse in his heart.

"This is an Emperor Blood Ginseng, a medium-grade one. I don't recognize the other two. This Emperor Blood Ginseng is very rare." Xie Qiaoyan picked up the half a man tall Blood Jade Ginseng and exclaimed.

"Let's go find Sister Bai Ling. She definitely knows her sister!" Su Meiyao left Chen Xiang's embrace, and also went to caress the Emperor Blood Ginseng.

"This is great stuff!" Su Meiyao praised.

"Un, I'm preparing to go now. I'll grow some later, and give you some more!" Chen Xiang caressed Su Meiyao's charming face.

"You're looking for me. She said that if she sees you, she'll let me tell you." Su Meiyao laid on Chen Xiang's shoulder: "Why are you in such a rush to leave, why don't you stay for a few more days!"

"Is there something that you need from me?" Chen Xiang stroked his chin. "Isn't she currently in Hundreds of Flowers Village's War God Team?"

All the women in wargod squads are very valiant, especially during this period of time when they spend all sorts of cruel training.

Therefore, every time he returned to the Hundreds of Flowers Village, it was always difficult to see the War God Team.

"I'm going to find BingYan. She should have made a lot of delicious food by now." Yue'er exited the You Yao Mountain Villa and quickly flew away.

"I don't know why she's looking for you, but she just won't tell me." Su Meiyao laughed, "She might be missing you, Sister You You. "On the surface, it's cold on the surface, but my heart is burning with passion!"

"Right, did the Hundreds of Flowers Village go to the three great native bank to train?" Chen Xiang asked.

"No, we have pills to cultivate profound Tao Power, there's no point in going there. Your method to cultivate the heart of the profound way is very good, and with the method that Qilian and her father

came up with, I feel that we can deal with Black Hairs Human easily." said, now that she had also merged with the Hundreds of Flowers Village, she could be considered to be the core of it.

Lv Qilian's father was Lv Zhen. Back then in the Devil-suppressing Heavenly Venerable, he was the one who created this power to deal with demons! To deal with the Black Hairs Human now, he would need a specific power, so Lv Zhen had a lot of experience.

Lv Zhen and his wife were both in the Heavenly Dragon City, so it could be said that the Heavenly Dragon City was filled with talented people, but because their cultivation levels were low, they weren't that strong.

If he grew stronger in the future, he would definitely become a terrifying force!

"Your elder sister You You You should be in the Heavenly Dragon City now, there is a passageway close to the earth's core, she usually cultivates there, do you want to find her yourself, or wait for her here?" Su Meiyao said.

"I'll go find her myself. Do you want to come with me?" Chen Xiang laughed.

"No, I still need to concoct pills, my Alchemist is so busy, you little scoundrel is a strong Alchemist, you actually have nothing to do all day." Su Meiyao scolded with a smile: "Then, you gave Chen Xiang a kiss. Go quickly!"

[Chapter 2544](#)

Only now did Chen Xiang know that there was a place below Heavenly Dragon City that was especially used for cultivation. It was extremely close to the core of the earth and the temperature was extremely high, so it was a good place for cultivation of the body.

The underground palace under the Heavenly Dragon City was huge. If Chen Xiang hadn't known that Bai Youyou was in that room, he would have needed some time to find him.

"Sister You You, I am Chen Xiang!" Chen Xiang knocked on the stone door of a secret room, and shouted from outside.

Not long later, the door opened, and Chen Xiang saw that she was covered in sweat, with her ponytail tied up, her upper body was only covered with a thick piece of cloth, revealing her robust body, and below, it was a simple package, revealing her long and healthy legs.

This caused Chen Xiang to be startled, it was not the first time he saw Bai Youyou wearing so little, the first time he saw Bai Youyou, she was already a white, tender and beautiful woman.

But now, Bai Youyou looked very intrepid. Although she no longer had that kind of gentle beauty, this kind of intrepid beauty also made Chen Xiang feel that it was a different kind of amorous experience.

"Come in!" When Bai Youyou saw Chen Xiang's dumbfounded face, he pulled Chen Xiang inside the secret room and closed the stone door.

"Sister You You, it's so hot here!" Chen Xiang chuckled, he felt that what made him heat up was not just the temperature here, but also something else.

"Humph!" Bai Youyou let out a light snort, then activated a formation to eliminate the terrifying temperature inside.

Just now, Chen Xiang had used spatial energy to isolate the temperature outside, but they all felt that it was very hot. It could be seen that Bai Youyou was using an extremely cruel method to cultivate.

Although the secret room was underground, there were a few glowing beads at the top of the room, illuminating the entire secret room until it was bright. Bai Youyou came to a corner and ripped off the few pieces of cloth on his body in a few moments, then turned his back to Chen Xiang to wash his body.

This caused Chen Xiang to take a deep breath, especially when he saw the back part of Bai Youyou's absolutely beautiful face ...

Chen Xiang swallowed his saliva, and used a lot of willpower to make himself turn his head, to no longer look, if not he would not be able to control himself, which was simply too enticing.

At this moment, he was secretly cursing Su Meiyao and Hua Xiangyue in his heart. He felt that these two Goblins must have taught Bai Youyou many of these methods, and were clearly torturing him.

After Bai Youyou finished showering, she was only wearing a simple, thin, and white robe.

Chen Xiang had never thought that this Bai Youyou, who was cold like a mountain of ice, would actually have such a charming and seductive side to him. Her kind of flirting was not like Su Meiyao's or Hua Xiangyue's.

But Bai Youyou was different. She was just sitting there, unsmiling and not moving, but she was imperceptibly emitting a strong charm, it made Chen Xiang unable to stop.

"It's not like you haven't seen my body before. Just a moment ago, why do you feel like you've lost your soul? There are so many beauties around you, haven't you refined them into a calm and composed heart?" Bai Youyou's voice was cold, but her eyes seemed to carry a trace of a flirting smile.

"This..." Chen Xiang coughed dryly, "Sister You You You, what are you looking for me for? sister Meiyao said that you have something important to talk to me about! "

"I thought you were with Big Sister Ziqian and the others. I didn't think that you were cultivating here by yourself."

"The reason I'm here cultivating is to wait for you. They've all gone out." Bai Youyou said: "My sister is currently in trouble, but only I know of this matter, I do not plan to tell anyone else."

Chen Xiang frowned, and said: "What trouble? Your sister is so amazing, will she be in trouble? "

Bai Youyou tugged at the robe that almost slipped off and sighed. "Sometimes our War God Squad go out together to fight, and sometimes we go alone. My sister met trouble during one of our separate missions."

"How do you know?" Did she tell you? " Chen Xiang was puzzled, "If there's trouble, we should look for Big Sister Qilian and the others, let them think of a way! Furthermore, it's been too long already, it's not good for her to drag it out for too long! "

Bai Ziqian was Bai Youyou's elder sister, and the two of them had a very good relationship with each other. Chen Xiang thought that Bai Youyou would not harm Bai Ziqian.

"It's not a big problem... "Listen to me." Bai Youyou said seriously.

Chen Xiang nodded.

"You should know that my sister is a poison cultivator, right? She's been thinking about how to cultivate the most powerful poison up till now." Bai Youyou said: "I wonder how she found out about an extremely terrifying fellow who uses poison. That fellow is a god, and his name is Heaven Poison Divine Spirit."

This was the first time Chen Xiang had ever heard of this Heaven Poison Divine Spirit, but he immediately thought of something. The island his father was previously on, there was an extremely terrifying death poison.

"I heard from my mother about your father's island, so I know that the poison is very scary. I don't want my sister to go berserk." Bai Youyou said again.

Bai Youyou's mother was indeed Feng Yujie, and both she and Su Meiyao had taken Feng Yujie as their mother at that time.

"You mean Sister Ziqian volunteered to go with that Heaven Poison Divine Spirit?" Chen Xiang asked again.

"Semi-voluntary! If she was able to grasp a very terrifying poison, then it would definitely bring about a lot of trouble, so I did not say anything about this matter. She was the one who told me about it, and I don't know where she is right now. " She knew that with Chen Xiang's ability, he would definitely be able to help her.

"Alright, I'll help you find her." Chen Xiang nodded his head. He was also worried that Bai Ziqian had grasped that terrifying death poison, and if he brought it back with him, the consequences would be dire.

"Then thank you!" Bai Youyou revealed a cold and elegant smile, shocking Chen Xiang.

Just as he was in a daze, Bai Youyou had already arrived beside him. Lowering his head to kiss his lips, which caused Chen Xiang's entire body to tremble, he did not expect the usually cold Bai Youyou to have such a terrifying charm.

"I want to go with you. I'm worried that when the time comes, you'll say that you can't defeat her." Bai Youyou said. At this time, her clothes were very casual, as if it could slip away at any time. Chen Xiang was really looking forward to it.

"Alright!"

Bai Youyou was a woman that he really wanted to conquer all those years ago. Although his relationship with her was always good and the two of them would occasionally come into contact with each other, they did not manage to poke a hole through her diaphragm.

"I have a lot of things to do during this period of time, but I will try my best to find Sister Ziqian!" Chen Xiang looked at Bai Youyou's pair of cold, yet bewitching eyes.

"Well, she's not in any danger right now. I'm just worried that she's stuck too deep, and that it won't be easy to find her." Bai Youyou nodded his head: "I will enter the ring now!"

"Now we have changed our name to You Yao Mountain Villa. We don't need the Dark Dragon Ring anymore!" Chen Xiang told Bai Youyou about this matter in a simple manner, and also told her how to enter.

[Chapter 2545](#)

"It's alright, although Meiyao and I are not inside, you still continue to use this name. It seems like you are still nostalgic!" As Bai Youyou entered the You Yao Mountain Villa, although there were a lot of changes, she could still find a sense of familiarity with it.

"That's because I haven't forgotten all of you!" Chen Xiang curled his lips: "Sister You You You, don't bully Hongqing and Xiang Yin, they're both my servant girls."

"Don't worry, I'm not used to that." Bai Youyou said. Even though she hadn't seen Chen Xiang much during this period of time, she had heard quite a bit about Chen Xiang from Long Xueyi and Yue'er, so she knew of their existence.

Chen Xiang let out a long sigh, then left the Core Fire Palace. Although the change in Bai Youyou was huge, Chen Xiang could still find a familiar feeling from her body.

It was a good thing that Bai Youyou had such a change. The previous Bai Youyou spoke very little, and seemed somewhat eccentric, ice-cold and emotionless.

Even though the current Bai Youyou was still cold, she talked a lot and her emotions could be seen from her eyes. This was probably because she had been in contact with many people over the years and was able to integrate with them, causing this kind of change for her.

The current Bai Youyou gave off a very cheerful feeling, which made Chen Xiang quite happy. Previously, he was still a little worried that Bai Youyou's emotions would be sealed because of the Ruthless magic he cultivated in the past, so he knew that she was fine now.

Chen Xiang was heading towards the Spirit Wasteland at this time. He wanted to find Xia Bailing and ask him what the medicinal herbs he had obtained from the Sacred Tao Mountains were all used for.

On the way, he took out a piece of Communication jade Symbol paper and called over the Natural Law Divine Spirit.

He waited for more than an hour before the Natural Law Divine Spirit arrived.

"What is it now? I'm very busy right now!" When Natural Law Divine Spirit saw Chen Xiang, he asked anxiously. When Chen Xiang sent him a message, he said that he had something extremely important to ask of him.

"Do you know of the existence of the Heaven Poison Divine Spirit? Tell me, what kind of guy is this?" Chen Xiang asked, he also wanted to help Bai Youyou find Bai Ziqian quickly.

"Heaven Poison Divine Spirit? You offended this bastard? " When Natural Law Divine Spirit heard it, he was shocked, his face full of fear.

"No, quickly tell me about this guy." Chen Xiang could tell from Natural Law Divine Spirit's reaction how terrifying he was.

"That's true. If you had provoked him, you wouldn't be here talking to me right now." Natural Law Divine Spirit wiped his sweat and laughed: "You scared me to death."

Natural Law Divine Spirit also knew that Chen Xiang was an expert at causing trouble, so when he heard Chen Xiang asking about Heaven Poison Divine Spirit, he subconsciously thought that Chen Xiang had offended Heaven Poison Divine Spirit.

"Do you still remember the death poison from before? Of course, you can't blame her. After all, she listened to orders and the heavens, and out of all the gods, the only one that hasn't weakened is her Heavenly Dao divine power. " Natural Law Divine Spirit said: "I went to look for her help previously, but this old bitch rejected me back then."

"She's a woman?" Chen Xiang asked.

"Is that so? "She's not bad looking. What, you want to fuck her?" Natural Law Divine Spirit laughed: "Just speak to me in private, but don't talk nonsense. She will take your life."

"Looks like you're an old bastard as well!" Chen Xiang laughed, "I'm not interested in her! Oh right, why did you go up to her? "

"Wasn't she supposed to exterminate these bastards called Undead Divine Race? Then, he told her to kill that group of Black Hairs Human s along the way, but she insisted on it, saying that if she did it herself, there would be something even more terrifying that would happen. Anyway, she was looking for an excuse to reject me, this old bitch really remembers her grudges, and I was only scolding her a few times back then. Natural Law Divine Spirit shook his head and sighed, "Otherwise, with her, many things can be resolved."

Chen Xiang was suddenly curious as to how Bai Youyou managed to find the Heaven Poison Divine Spirit, because at this moment, he had a certain understanding of the Heaven Poison Divine Spirit. Although the Natural Law Divine Spirit described him as unbearable, he felt that the Heaven Poison Divine Spirit must have had some difficulties that caused them to not agree to the Natural Law Divine Spirit's request.

The Natural Law Divine Spirit gave Chen Xiang a feeling of always being a weak chicken and an idiot, so it was normal for him to be rejected.

"Oh yeah, Devil Wasteland and Evil Wasteland won't be able to hold on for long, are you guys ready?" Natural Law Divine Spirit asked.

"No, isn't your Natural Law Divine Spirit doing something?" Chen Xiang asked.

"I already told you, it's already good that we can protect ourselves now that our strength has regressed! We have the power unique to the Natural Law Divine Spirit s. If that group of Natural Law Guardians s were to escape, they would definitely chase after us, because we were the ones who sealed them back

then. " Natural Law Divine Spirit smiled bitterly: "So I will be missing for a period of time. I won't be seeing you again."

"To hide in the earth's core, right?" Chen Xiang laughed.

"No!" Natural Law Divine Spirit snorted: "What else do you want to ask? "Without me, I'm leaving!"

"Oh, right. Since you're going to hide, then give me all the good things you have. You don't need them anyway." Chen Xiang said.

"I have already given you the best creation god well, what else do you want? We also need something to protect ourselves with! " The Natural Law Divine Spirit laughed bitterly.

"Bring me a sword, it's best if it's one with a dense demonic energy. You have to be strong." Chen Xiang extended his hand out to Natural Law Divine Spirit: "I know you have it!"

"What do you want this magic weapon for? "Not giving!" Natural Law Divine Spirit shook his head.

"Are you going to give it or not? If not, I will spread the news of you calling Heaven Poison Divine Spirit an old bitch, and she will definitely hear about it. " Chen Xiang laughed sinisterly.

"You little bastard, forget it!" Natural Law Divine Spirit kept cursing Chen Xiang in his heart before taking out a long black box. The outside of the box was emitting a heavy demonic aura.

Chen Xiang took the box, and asked: "Do you know where the Heaven Poison Divine Spirit is? I wanted to talk to her about the death poison. You should know my impenetrable, so I'm not afraid of her! "

"If you swear to God that you won't tell her where I am, I'll tell you where she is." The Natural Law Divine Spirit said. Chen Xiang's body was extremely strange in his eyes, he actually wasn't afraid of the deadly poison, even he didn't dare to touch it.

"Alright, I swear it with poison." Chen Xiang swore a venomous oath.

The Natural Law Divine Spirit passed a black disc to Chen Xiang: "The needle pointing to her location, of course she wouldn't be in just one place. She's moving everywhere."

"En, thank you very much. I will definitely praise you more when I see her!" Chen Xiang laughed.

"Hmph, I got lost. You won't be able to find me in the future." The Natural Law Divine Spirit said angrily, then disappeared in a flash.

Just as Natural Law Divine Spirit left, Chen Xiang brought Bai Youyou out.

"Sister You You You, this is for you. Although you have changed a lot over the years, the demonic energy on your body is still there. It should be suitable for you." Chen Xiang threw it to Bai Youyou. This was something he had extorted from the Natural Law Divine Spirit, but felt that it was definitely good stuff.

[Chapter 2546](#)

Bai Youyou opened the wooden box, and a burst of demonic Qi sneaked out. Bai Youyou's eyes lit up, and anxiously grabbed the black sword, only to see her hand suddenly bleeding, and the demon sword was fusing with her.

"Six demonic swords! This should be the Heavenly God Weapon!" Bai Youyou was very satisfied, then she gave a charming smile, "You should extort more of that old fellow's things."

"Next time, someone like him will definitely live for a long time. There's plenty of time to extort money." Chen Xiang laughed: "When I go to White Spirit City, find Sister Bai Ling and ask her some questions, I will go look for Heaven Poison Divine Spirit."

It just so happened that Bai Youyou knew Chen Xiang was not afraid of death poison, so she didn't worry about him going to Heaven Poison Divine Spirit. The most powerful thing about him was poison, and Chen Xiang wasn't afraid of poison, so Heaven Poison Divine Spirit couldn't do him any harm.

When Chen Xiang arrived at the White Spirit City, he discovered that the atmosphere was not right when he entered the White Spirit Palace.

At that moment, he saw a child riding a white lion the size of a dog towards him. It was the Void Holy Man.

"Senior Kong, what's going on? Why is the atmosphere so tense?" Chen Xiang anxiously asked. When he entered, he saw that many of the people here had ugly expressions, their faces were filled with fear, and many Dao Sect Rankers were entering and exiting, as though they were patrolling.

"Something happened to Bai Ling. Two black shadows rushed in and attacked her!" "Bai Ling is not in a good condition right now. She has fainted. Qingyang and I are working together to stabilize her."

"Quick, take me to see her!" Chen Xiang hurriedly said. Xia Bailing had a very good relationship with him, and could be said to be extremely close friends.

Even a Dao Sovereign like Xia Bailing would be injured like this. It could be seen how powerful the guy who sneaked an attack on him was.

He could only see Xia Bailing being frozen inside a crystal coffin. When he saw Xia Bailing, he immediately realized that Xia Bailing had been poisoned.

"She's been poisoned, and it's a very terrifying poison!" Chen Xiang frowned: "This poison is not dead poison! But it's even scarier than death poison!"

"Yes, we've all seen death poison before. Death poison shouldn't be able to cause a Dao Lord Bai Ling to become like this all of a sudden." Qingyang sighed, "Right now, I don't know what poison she is infected with, but it's impossible to cure it!"

"What are the characteristics of this poison?" Chen Xiang asked.

"Regenerate!" Void said, "This kind of poison does not rely on any energy to quickly multiply and replicate. This is the same as a drop of water turning into a large vat in a sealed space, this is the terror of this poison. At present, we can only freeze it and not let it spread like this."

The characteristic of the deadly poison was that it could swallow everything and increase its reproduction rate. Moreover, most of the other poisons needed to enter the body and spread through the flesh as energy.

But now, the poison in Xia Bailing was so strange, he did not need any external force to be able to regenerate it!

He didn't know if it was a coincidence or not, but just as he was about to look for the Heaven Poison Divine Spirit, he encountered such a terrifying poison!

"Could it have been done by the Heaven Poison Divine Spirit?" Chen Xiang thought, aside from this Heaven Poison Divine Spirit, he couldn't think of anyone else who had that kind of ability.

"Has Sister Bai Ling had a grudge with someone who uses poison before?" Chen Xiang asked.

"No!" Kong Kong shook his head.

"Can I take her now?" Chen Xiang said: "I know who will be able to cure her poison, but at that time I will need that person to personally see the poison."

"Our ice seal can only last for a year, so you must return within a year. Otherwise, it will be quite troublesome." Azure Sun said.

"Don't worry about the ice seal, I can also increase it." Chen Xiang said, inside his Six Realms mirrors, there was an extremely strong Ice Sealing Great Formation.

"Alright!" Both Xu Kong and Qingyang agreed. They also knew that the relationship between Chen Xiang and Qingyang was very good, and Xia Bailing had often mentioned this to them.

Now, Xu Kong and Qingyang had frequently gone to the Heavenly Dragon City to talk with Long Jiuxiao, so they had a lot of trust in Chen Xiang.

Chen Xiang placed the frozen Xia Bailing into the Serene Jade Ring, and then took out the black disc that the Natural Law Divine Spirit gave him. There was a pointer on it, and as long as he followed the pointer over there, he would be able to find the Heaven Poison Divine Spirit.

Chen Xiang left the White Spirit City, and followed the direction of the finger formation to teleport there.

Bai Youyou looked at the frozen Xia Bailing in the You Yao Mountain Villa and said, "If it wasn't Heaven Poison Divine Spirit who did it, then who else could it be? I hope it's not her! "

Bai Youyou was really worried that Chen Xiang and the Heaven Poison Divine Spirit would clash!

Chu Hongqing and Yang Xiangyin were extremely worried for Xia Bailing at this time. They had interacted with Xia Bailing in the You Yao Mountain Villa for a period of time and Xia Bailing had treated them very well.

"Find her and you'll know!" Chen Xiang said: "It shouldn't be her, Sister Bai Ling was ambushed not long ago, that guy should be near White Spirit City, and I am already far away from there. I will be out of Spirit Wasteland very soon, but the direction of the needle hasn't changed."

"In other words, Heaven Poison Divine Spirit has always been in the same place!" Chen Xiang said. When Natural Law Divine Spirit had given him this disk before, the direction the needle pointed in had been the same as now.

"Looks like there's someone else. Who could have such a powerful poison? Moreover, he must be very strong as well. Otherwise, he wouldn't have been able to succeed in ambushing Sister Bai Ling." Bai Youyou said.

"Only the experts above Sacred Wasteland can do it. The Heaven Wasteland Aristocratic Family above Sacred Wasteland has a group of despicable experts." Chen Xiang said, "But Sister Bai Ling did not have any conflicts with them, I was the one who killed the Heaven Wasteland Aristocratic Family a while ago, but they didn't know that I was the one who killed them."

Although he didn't know who it was, Chen Xiang was sure that he would find out. It wasn't just to help Xia Bailing take revenge, this kind of person was extremely dangerous in the wastelands.

Very quickly, Chen Xiang left the Spirit Wasteland, who was not inside the Spirit Wasteland.

After two consecutive days of travel, Chen Xiang arrived at a large desert. This desert occupied an extremely large area, as though it was limitless, but in the middle of the desert, there was a very large region.

There was also a city near the desert. When Chen Xiang came to the city and asked around, he found out that the place was the Beast Wasteland!

The Beast Wasteland of one of the Ancient Eight Desolations was actually here, and it had just been discovered not long ago!

"The Heaven Poison Divine Spirit is actually inside the Beast Wasteland!" Chen Xiang looked at the beautiful green mountain in front of him. This Beast Wasteland's scenery was much better than the others.

"Be careful!" I heard that the Beast Wasteland is also a relatively powerful Ancient Desolate. " Bai Youyou said.

[Chapter 2547](#)

As he prepared to enter the Beast Wasteland, Chen Xiang was quite looking forward to it. After all, this was a powerful Ancient Desolation.

After stepping into the Beast Wasteland, Chen Xiang took a deep breath, and at the same time, absorbed a large amount of Dao Qi.

"The Dao Qi here also has profound Tao Power, why don't the Spirit Wasteland have it?" Chen Xiang's eyes lit up: Maybe there are a lot of herbs here!

Medicinal ingredients that contained profound Tao Powers were extremely useful, especially those high grade ones. Of course, he already had Diprofound fruits, so if he was able to refine them into pills, it would definitely have a strong effect.

"Beast Wasteland should also be a very strong Ancient Desolation. Do they know anything about Black Hairs Human?" Bai Youyou said: "If there is the power of the Beast Wasteland joining into this fight, that would still be pretty good."

"We can only find out from Heaven Poison Divine Spirit. Heaven Poison Divine Spirit must have been here for a long time, she should know about it." Chen Xiang said as he took out the black disc.

"I really want to find her quickly. That way, I can cure Sister Bai Ling's poison quickly." Chen Xiang sighed, although he had the Three Lotus Dan, he felt that he would definitely be unable to deal with the poison that Xia Bailing was currently infected with.

Chen Xiang continued to teleport in that direction. After half a day, he reached a large but not tall mountain.

He looked at the gigantic mountain in front of him, then looked at the disk in his hand. At this moment, the disc was shaking intensely, he felt that the Heaven Poison Divine Spirit was probably inside the gigantic mountain.

"What's wrong? Is there danger ahead?" Seeing that Chen Xiang did not move, Bai Youyou asked.

"Yes, in front of us is a place where the beasts gather. The beasts here are different from the Spirit Wasteland. Chen Xiang already saw people flying out from a cave on the gigantic mountain.

At the bottom of the mountain, there were many plaza and things like that. There were people walking around.

"This mountain should be a gathering place for beasts. I wonder if Heaven Poison Divine Spirit is inside it?" To confirm, Chen Xiang then walked a circle around the huge mountain. All the pointers were pointed at the huge mountain, and now he was sure that the Heaven Poison Divine Spirit was inside.

Along the way, he had teleported, so he did not encounter any beasts. He did not know what kind of strength the beasts in Beast Wasteland had.

"Seems like I can only sneak in and take a look." Chen Xiang took a deep breath, turned into a bird, and waited for a group of birds to fly past him. He then blended into the flock of birds, and flew into the forest on the huge mountain in front of them.

Soon, he arrived at the giant mountain. He then transformed into a small bug and flew into one of the caves.

After entering the cave, he found it to be very complicated, and he did not know how to proceed. Furthermore, the environment inside was not very good either. It was pitch-black and humid.

Not long after entering, Chen Xiang flew out, and headed towards the peak. Heaven Poison Divine Spirit should be a very powerful existence, so they would be at a relatively high place.

Arriving at the top, he saw a relatively large cave. After he flew in, there was light coming from the inside. There were a few rooms inside that were decorated quite warmly. It was obvious that these weren't ordinary beasts' residences.

"This is a man's cave!" Bai Youyou said.

"How do you know?" Chen Xiang observed some more and asked.

"I am a woman, how could I not know? "Although it looks neat and tidy, it doesn't have the slightest hint of a woman in it." Bai Youyou said.

Chen Xiang looked at it, and it truly did not feel like a woman's cave. Just as he was about to fly away, someone suddenly shouted: "There is someone else in here!"

With that said, a stone room suddenly opened up. It was probably a secret room, the stone door was also relatively hidden, Chen Xiang did not see it earlier.

A few men walked out of the stone room. They were all dressed in white and looked neat and tidy, as if they cared about what they wore.

Chen Xiang wanted to teleport away, but he was suddenly trapped by something and turned black!

"It's a bug, but it's not an ordinary bug. This bug seems to have the scent of a human, could it be a human?" A man's voice was filled with surprise.

"Oh? We beasts want to cultivate to human form, but humans want to become these kinds of worms. This is truly strange!" Another person laughed.

Chen Xiang immediately used a spatial jump to jump out from the thing that enveloped him. At this moment, he also saw what it was.

"He's out! How did he do it?" A man said in surprise as he looked at the flying mosquito.

Chen Xiang immediately turned back into his human form and said, "Seniors, please listen to my explanation. This little one came here to find someone, and did not have any ill intentions, so I beg your forgiveness."

It was also because Chen Xiang heard their conversation, that he knew that these beasts did not have any ill intentions, and were of the milder kind.

"He's really a human. This is the first time I've seen a human that can turn into a mosquito."

"Other than becoming a mosquito, can you become anything else?"

"Turn into a bird and take a look."

Chen Xiang was speechless, what these beasts were concerned about was actually this.

"Alright!" Chen Xiang was like a little bird, and then a black hawk, squirrel, and even a tiger.

"Formidable!"

"What an eye-opener. To be able to change so many things. If it wasn't for my sharp nose, I really would not have been able to discern them."

"I can't tell."

The white robed men clapped and laughed.

"Oh right, did you say you came here to look for someone? Who are you looking for? To find humans or beasts?" A man with a bigger face asked.

"Find a woman. She knows how to use poison, and she's right in this mountain. Do you have this person here?" Chen Xiang asked.

Hearing Chen Xiang's words, the men's faces all changed.

"Of course there is. She is a very terrifying woman, you really must go and find her ... And it might even die. Her place is filled with poison, and when I meet her again, I might accidentally get poisoned. It's very scary." A man said.

"Yes, I'm sure I need to find her. I wonder if you brothers can take me there?" Chen Xiang hurriedly nodded.

"That's not a problem, but we're only bringing you to the outside of that place. You'll need to go in later."

Soon after, Chen Xiang followed the few of them into a passage. They arrived at the belly of the mountain, and it was deep underground.

You follow this path all the way to the end where there is a stone door. If you push open the stone door and walk a short distance, you will be able to reach that place after opening the stone door.

"Thank you everyone!" Chen Xiang cupped his hands towards them and then walked forward. Sure enough, he saw a stone door, and on top of the stone door, an ancient "Poison" character was written.

Pushing open the thick stone door, there was another path in front, the stone door would automatically close, and then he would reach the second stone door. As long as he opened the stone door, he would be able to see Heaven Poison Divine Spirit.

[Chapter 2548](#)

"Be careful, prepare your defenses!" Bai Youyou said to Chen Xiang.

"Got it!" Chen Xiang felt that the other party's greatest threat should be that kind of terrifying poison. At this time, he also planned to give it a try to see if he really had impenetrable.

Pushing the stone door open, a faint fragrance drifted over. This fragrance was extremely strange and had a demonic charm that made it impossible for him to resist sucking greedily. He was completely unable to control himself as he sucked in a few mouthfuls.

After he finished absorbing it, Chen Xiang finally realised that it was probably a type of extremely poisonous substance, but he did not feel any discomfort on his body.

Inside was a very spacious and large stone room. It was also very high in height, because there were some trees here. At the top of the room were many glowing stones that could brighten up the room.

The door automatically closed with a "bang" sound. Chen Xiang looked behind him and wanted to open the stone door, but he was unable to. However, he was not worried, he still had space energy to use.

This huge stone room was like an indoor garden, with many beautiful flowers, plants, and even the chirping of birds.

Just when Chen Xiang was secretly praising the beauty of the place, he suddenly saw a black thing that was as thick as a bucket lying on the side of the stone room.

Then, he carefully looked at the surrounding corners. After taking a look, he began to sweat profusely because he saw many hairy and huge spiders. There were definitely a lot of poisonous insects and flowers.

"Is this a poisonous bird?" Chen Xiang saw a purple bird. Although it was a poisonous bird, it looked much more pleasing to the eye than the centipede and spider.

At this time, he definitely did not dare let Bai Youyou escape. There was poison everywhere, and even if he did not deliberately release it, the poison in it would be extremely toxic.

"Who are you? Why are you looking for me?" Chen Xiang suddenly heard a voice. It was a very pleasant voice, light and beautiful.

At this moment, he also saw a cyan robed woman floating down from a tree. The cyan robed woman was very beautiful and she had a faint smile on her face.

"You are ... Heaven Poison Divine Spirit? " Chen Xiang asked.

"Hmm, how did you know I'm from the Heaven Poison Divine Spirit? Don't you know about the beasts on this mountain? Heaven Poison Divine Spirit was a little surprised. She had a small bird in her hand, looking round and cute.

Before Chen Xiang came here, he had already fantasized about what the "old bitch" he heard from the Natural Law Divine Spirit sounded like. He had thought that she would be ice-cold, or perhaps be one of those very beautiful or ferocious, but he had never thought that she was such a gentle and sweet lady.

He wanted to curse the Natural Law Divine Spirit very much, to actually say that this kind of woman is an old bitch!

"I have a friend who was infected with a powerful poison. Can you help me take a look?" Chen Xiang immediately asked, he did not want to talk about Bai Ziqian first, he was worried that the Heaven Poison Divine Spirit might dislike him.

"You're pretty amazing, to think that you would be fine after coming in." Heaven Poison Divine Spirit smiled slightly: "If it was anyone else, they would have long been lying on the ground, but I will rescue them. Although the legends say that I am a scary person here, but no one has ever died here."

Chen Xiang laughed: "I heard that you are also very scary, but I didn't expect you to be so gentle and beautiful."

Heaven Poison Divine Spirit laughed. "You know that I'm Heaven Poison Divine Spirit and you even said that I'm gentle and beautiful, this is the first time I've met them. Some guys call me a bitch, an old bitch or something like that."

"This... You know! " Chen Xiang laughed dryly: Are you not angry?

"Why should I be angry? Wouldn't being angry be making things difficult for me? Wouldn't that be making things difficult for him? If others were to scold me, they would definitely hate me, which is why

they scolded me. However, if they hated me, they would hold a grudge in their hearts. They were the ones who were injured. I am fine. " Heaven Poison Divine Spirit smiled sweetly: "Is your friend here? I'll go with you to take a look! "

Chen Xiang did not expect this Heaven Poison Divine Spirit to be completely different from what he imagined.

"I've got it on me!" Chen Xiang immediately took Xia Bailing out from the crystal box and placed him on the ground.

Seeing Xia Bailing's expression, Heaven Poison Divine Spirit immediately frowned: "What a powerful poison!"

"What poison is this?" This kind of poison can reproduce itself, and does not rely on any external force. " Chen Xiang asked.

"This is called the Heaven's Divination poison, only the Undead Divine Race can refine it! Of course, only the most powerful Undead Divine Race would be able to refine such a pill. At the very least, it would require a Dao Sovereign to be strong enough to refine it. " Heaven Poison Divine Spirit said, "Your friend is also very strong. He is a Dao Lord. Otherwise, she would have died a long time ago."

"It's actually Undead Divine Race!" Chen Xiang clenched his fists.

"The strongest member of the Undead Divine Race is only a Dao Sovereign and is unable to become a Dao God. This is set by the Heavenly Dao, but once they combine with a person called Red Spirit Race, they can break through and become a powerful Dao God." The Heaven Poison Divine Spirit said, "And such a powerful Heaven's Divination poison can only be refined by an Undying Dao God. If it was refined by a Dao Sovereign, it wouldn't be as powerful."

"Senior Sky Poison, can you cure this poison? Sister Bai Ling is my good friend! " Chen Xiang asked quickly.

"That's not a problem. It's just that it will take some time. You don't have to worry about that. I've tried to cure you of this poison before." Heaven Poison Divine Spirit chuckled: "Come, carry your friend and follow me!"

Heaven Poison Divine Spirit had already melted the ice that sealed Xia Bailing, and she had even placed a black pellet into Xia Bailing's mouth.

Chen Xiang carried Xia Bailing and followed the Heaven Poison Divine Spirit into a small hut.

"Put her in this tub!" Heaven Poison Divine Spirit pointed to a large bathtub.

After Chen Xiang placed Xia Bailing inside, he saw that the water inside the basin had suddenly turned black, shocking him.

"Alright, she'll be fine after a while!" Heaven Poison Divine Spirit smiled at Chen Xiang: "Let's go out. We will still need some time."

Chen Xiang nodded, looked at the sleeping Xia Bailing, and then followed the Heaven Poison Divine Spirit outside.

"Your body is very special, you aren't afraid of any poison at all." Heaven Poison Divine Spirit made Chen Xiang sit beside a stone table, then he pinched Chen Xiang's fingers and squeezed to squeeze out a drop of blood.

"It's not like I'm not afraid of any poison at all. I was almost killed by a poison in the past." Chen Xiang laughed bitterly.

"Oh? Was it when you cultivated this impenetrable body that was poisoned?" Heaven Poison Divine Spirit frowned slightly, as if she was thinking about it. She felt that it was somewhat impossible, "What poison is that?!"

"Love poison!" "What sort of Poison Emperor's Lotus that nearly poisoned me? What's funny is that I am still that Poison Emperor's Lotus Lover's lover." Chen Xiang said. Lv Qinlian was transformed from the Emperor Poison Lotus, the poison was really scary.

Heaven Poison Divine Spirit patted his brain, and laughed: "I'm so stupid, I actually forgot there's this poison! There were very few Emperors of Love, Poison ... Are you Ziqian's friend? You came here to find Ziqian? I heard from Ziqian that she has a very close relationship with the spirit demon that the Poison Emperor Lotus turned into. "

"Yes, I was just looking for Sister Ziqian, but my friend was poisoned, so I brought him over! Is Sister Ziqian here?" Chen Xiang asked, he felt that Bai Youyou's worries were unnecessary.

Bai Youyou also felt that this Heaven Poison Divine Spirit was completely different from what she imagined. Previously, she was very worried that Bai Ziqian would mislead her.

[Chapter 2549](#)

The Heaven Poison Divine Spirit laughed: "Ziqian has already promised me that after a while, he would go and call the Poison Emperor to come here to cultivate. I didn't expect that you would come."

"Don't worry about Ziqian, she's living a good life here. She went out to gather poison now."

"Her sister sent me to find her, to take her back, for fear she might learn something bad here." Chen Xiang smiled and said, "Looks like there's no need to worry, because you are completely different from what she imagined."

"What a good sister. She cares so much about her sister." Heaven Poison Divine Spirit smiled gently, "You can tell Ziqian's sister not to worry at all."

"She's mainly worried that Sister Ziqian will learn how to use the deadly poison, and then go out and randomly use it." Chen Xiang said: "Because the threat of that Black Hairs Human is very big, she was worried that big sister would blindly use the strong death poison for her goal."

"It's not like that. The death poison cannot be used carelessly. Even I am unable to use it without the permission of the Heavenly Energy." Saying this, Heaven Poison Divine Spirit sighed helplessly. "I also know how terrifying the death poison is, but I had no choice. Under the orders of the Heavenly Dao, I killed many creatures."

"Must we kill him?" Chen Xiang thought about what Xia Bailing had experienced, and he decided not to tell Xia Bailing about it. It was because the city that Xia Bailing was on, had been invaded by the death poison, and was also the island that his father was on.

Heaven Poison Divine Spirit shook his head, "Once I sense that those groups of people will affect the balance of the Heavenly Dao, I will lose control and spread the death poison. That process is not something that I can decide myself, so I can only watch as many creatures die in my hands."

Speaking of this matter, Chen Xiang saw that Heaven Poison Divine Spirit's beautiful eyes were filled with grief.

"The heavens created me. They should have set me up to be a ruthless divine spirit, but they only made me sentimental. They even forced me to do many cruel things to make me endure the pain of my heart." The matter of the Heaven Poison Divine Spirit was extremely sad.

"Is there no way to change it?" Chen Xiang frowned: "Right now, those Black Hairs Human are also a great threat to this land, but why haven't you received orders to kill them?"

Heaven Poison Divine Spirit shook his head: "It is not as simple as you think, Black Hairs Human was created by the Heavenly Dao in the first place, it was the power of the Heavenly Dao. Although something changed later on, it was still the Heavenly Dao's own power.

"Senior Sky Poison, did you remember that my father was attacked by the death poison before on an island that could jump back and forth?" Chen Xiang asked.

Heaven Poison Divine Spirit immediately lowered her head, and bit her lower lip, before lightly nodding her head. She didn't dare face Chen Xiang.

"It's fine. My father isn't dead." Chen Xiang laughed.

"Really?" The Heaven Poison Divine Spirit was delighted and asked.

"Really, but a lot has happened since then... They went underground. " Chen Xiang never thought that the Heaven Poison Divine Spirit would feel so guilty, so she did not plan to tell him about Xia Bailing's destruction of the city, in case she felt sad.

Of course, she wouldn't tell Xia Bailing that she was saved by the Heaven Poison Divine Spirit, at that time, both parties would definitely suffer.

"Why should the island be punished?" Chen Xiang asked.

"There has been a change on that island, and it has created an ability that allows a large number of plants to grow quickly. This is completely against the rules of the Natural Law Principles, so it was destroyed, but the island cannot be blamed for that, after all, this is the Heavenly Dao's mistake. If not for the change in the Heavenly Dao's power, the special power of the island would not have been birthed."

"In order to make up for this mistake, the Heavenly Dao is cruel. You should be able to understand that."

Chen Xiang understood, of course, that in order to maintain a balance, the Heavenly Dao would be extremely cruel, such as exterminating the three great native banks who had been working for the Heavenly Dao for many years.

"Now that the Heavenly Dao has gone out of control, all sorts of things can happen. I just hope that I don't have to do any more of the things that I don't want to do. I've already done this many times." The Heaven Poison Divine Spirit sighed.

"There must be a way out of this destiny." Chen Xiang said: "I have a wife, she naturally understands the power of the curse, I feel that your current fate is like a curse, maybe she has a way?"

"Is this true? People who are born with the ability to use curses are against the heavens, but they won't be punished because she knows how to use the power of curses to change the curses of fate." Heaven Poison Divine Spirit suddenly became excited: "Maybe I can get her to help me."

"No problem, she's a good person. She will definitely do her best to help you." Chen Xiang laughed: "Oh, that's right, you should have a name, right? I always call you Sky Poison, it's unpleasant to the ears!"

"Of course there is. I chose that name myself, Du Xiaoling!" Du Xiaoling smiled sweetly, "Is that nice to listen to?!"

"Poison God, Du Xiaoling ... It's pretty close, of course it's nice." Chen Xiang laughed, then looked at the little house and muttered, "Elder Sister Xiao Ling, if Big Sister Bai Ling wakes up, don't tell her too many things."

After Chen Xiang finished speaking, he was somewhat regretful. This was because Du Xiaoling was extremely intelligent, and very sensitive as well.

"Why not?" Du Xiaoling asked softly: "Are you afraid that I will scare her? She is a Dao Lord after all!"

"This... She has been poisoned before, so there will be shadows. And you using such a strong poison will definitely scare her away." Chen Xiang casually found an excuse.

"You're lying." Du Xiaoling scoffed, "Hurry up and tell me why you can't tell her. I have a hunch that there must be another reason."

Chen Xiang was in a bit of a difficult situation: "That's not the reason, I just don't want to touch on some of her sad thoughts!"

After Du Xiaoling heard this, she lowered her head and sighed: "Un, I know. Can you tell me when she encountered the deadly poison?"

When Du Xiaoling was forced to attack by the Heavenly Dao, he used deadly poison.

"This... Everyone in that city is born with the power of law." Chen Xiang said.

Du Xiaoling's eyes suddenly filled with tears, as she sobbed softly.

Chen Xiang didn't know how to comfort her either.

"She is that little girl. Even I was unable to save her back then." Du Xiaoling sobbed.

Maybe this is the arrangement of fate. If you did not help her cure the poison, she might have died, so don't feel guilty, Elder Sister Xiao Ling. Chen Xiang consoled.

Although Chen Xiang said that, Du Xiaoling still cried for a long time. After crying for a while, she felt better, even though she was a god that had lived for a long time, but right now, she looked like a sentimental girl.

[Chapter 2550](#)

After Du Xiaoling finished crying, her eyes were slightly red. Seeing a man crying like that made Du Xiaoling a little shy. She slightly lowered her head and wiped her tears away.

"You must be joking!" Du Xiaoling said in a low voice.

"It's fine, I can understand it. It's fine as long as you've cried!" Chen Xiang laughed: "I will leave Sister Bai Ling with you right now, I will bring my wife here, and let her see if she can help you remove your control over the heavens."

"Mn, Ziqian is back, I will make her wait for you here, I will take good care of Bai Ling." Du Xiaoling hurriedly nodded, looking just like a cute little girl.

Chen Xiang left the Beast Wasteland and returned to the Hundreds of Flowers Village.

"Heaven Poison Divine Spirit is not a thing, he actually called a girl like that Old Man." Chen Xiang despised Natural Law Divine Spirit very much.

Now, he felt that the Heaven Poison Divine Spirit was extremely pitiful. She herself was a kind-hearted person, but being forced to do evil things and kill people, no matter how he looked at it, this was just like a kind curse.

Du Xiaoling could not commit suicide either. She could not even die here, and just thinking about it made Chen Xiang feel extremely sad. At the same time, he felt that the Heavenly Dao was extremely heartless.

Chen Xiang returned to the Hundreds of Flowers Village very quickly. At the moment, Xu Youqing was discussing with Liu Meng'er and the others how to set up the Cursed Slaughtering Formation.

"Even the Little Naughty Dragon, this lazy guy, is so excited to train. How rare!" Chen Xiang was currently in a garden, Yue'er and Shui Bingyan were also there.

Shui Bingyan and Xiao Jin'er were currently stepping on nectar in the flowers. Even though the two girls had very charming and charming appearances, they were kind of pure girls that were as beautiful as water.

"Jin'er, you are the undying god of war in the Undead Divine Race, do you have any thoughts of fighting?" Chen Xiang looked at Xiao Jin'er's charming and beautiful face and could not help but touch it.

Xiao Jin'er shook his head and said: "No, my mother asked me too, but I don't know why I'm fighting, but I feel a surge of power. My mother brought me to see Yue'er's grandmother, she taught me how to use this power."

Yue'er's grandmother was currently the patriarch of Heavenly Dragon City, and Yue'er had mentioned to her that her grandmother was currently thinking of a way to deal with that Undead Divine Race who had fallen into depravity.

Although he had a strong power, he did not need to do things that he did not like to do, unlike Du Xiaoling, the Heaven Poison Divine Spirit.

"Jin'er, what's your mother doing now?" Xiao Jin'er asked. Xiao Jin'er's mother was a Imperial Concubine Lian, and she was born and bred using the Undead Divine Race's special ability, so her background was very special.

"She and Sister Yu Lan are together. They are all part of the wargod team right now, so I rarely see them." Xiao Jin'er picked the flowers as she spoke.

Xiao Yulan, Xiao Hongque, Imperial Concubine Lian, and the others were originally together.

Chen Xiang started to think about Xiao Baifeng and Little Lizhi. The two of them had the same personality and the same looks as them, he only wanted to tease them, he felt that this kind of woman was especially fun to tease.

Shui Bingyan and Xiao Jin'er would pinch their faces from time to time, they too felt that this was a sign of concern. In their eyes, Chen Xiang was their very dear brother.

"Little Scoundrel, what business do you have with me?" Xu Youqing had finished busying herself, she knew that Chen Xiang was here, she had heard Chen Xiang and Shui Bingyan's laughter from far away.

"Are you going to be busy next?" Chen Xiang asked.

"Is it important?" Xu Youqing said: "Not too busy!"

"Then come with me for a few days!" Chen Xiang wanted to bring Xu Youqing to find Du Xiaoling.

"Alright!" Xu Youqing walked over, smiled at Shui Bingyan and the others, and then patted their faces.

"Remember to leave a portion for me when making the fruit juice for the snacks, don't let those gluttons finish it."

"Got it, Sister Yuqing!" Xiao Jin'er hurriedly nodded and smiled sweetly at Xu Youqing.

Long Xueyi and Mu Qianxiang were both very edible eaters, upon hearing Xu Youqing's words, Chen Xiang immediately thought of these two weirdos.

... ..

Xu Youqing entered the You Yao Mountain Villa and saw Bai Youyou there. He could not help but be shocked.

"You You, you're here too!" Xu Youqing smiled at Bai Youyou. She had stayed in Hundreds of Flowers Village for such a long time, so she naturally knew how important Bai Youyou and Su Meiyao were to her.

However, later on, she heard rumors that Bai Youyou and Chen Xiang were very rarely together. It had been a long time, and they had not gotten into that kind of intimate relationship, but she had heard Su Meiyao say that he would kiss Bai Youyou on the mouth.

"Yeah, I originally wanted him to help me find my sister, but now that I've almost found her, something happened and I need your help." Bai Youyou said, and she revealed a cold and beautiful smile to Xu Youqing.

After that, Bai Youyou told Xu Youqing about Du Xiaoling.

"I have to go and find out whether or not I can help her. I hope so. What a pitiful woman." After Xu Youqing came to understand the situation, he also sympathized with her.

"You You, your sister seems to be more solitary than you. No wonder you are so worried about her all day." Xu Youqing said.

Although Sister Qinlian is also using poison, but Sister Qinlian's poison is contained, and her poison can easily leak out, that's why she stayed away from us, worried that she would harm us. "Su Yun said in a low voice. Bai Youyou sighed lightly: "The reason she is following Heaven Poison Divine Spirit in cultivation now, should be because she wants to change this situation."

"Even so, I have always treated her as a good sister. She will forever be a member of our Hundreds of Flowers Village." Xu Youqing laughed.

"Mm, thank you!" Bai Youyou had gotten along well with the girls in the Hundreds of Flowers Village, and now that they had met, Chen Xiang could tell.

"You You, your Big Sister Ziqian doesn't like this little scoundrel, right? When I asked Ziqian about the little scoundrel last time, she was very responsive. " Xu Youqing asked.

"Of course not, my sister is on good terms with that little scoundrel!" Bai Youyou laughed sinisterly: "Many of the women in Hundreds of Flowers Village may not know, but even if they do, they will not say much. Because my sister has a weird temper, I am worried that I will anger her."

"What?" Ziqian actually has a very good relationship with that little scoundrel! " Xu Youqing did not know about this matter, she had even thought that she knew a lot about the things in Hundreds of Flowers Village.

However, she did know that the relationship between Lv Qinlian and Yue'er was very good, and Yue'er had said so because the poison in Lv Qinlian's body was extremely effective on Chen Xiang.

Although they were chatting at You Yao Mountain Villa, they had sealed themselves so that Chen Xiang wouldn't be able to hear them. That was why Chen Xiang didn't know about the two girls talking about him.

Chen Xiang had already arrived at Du Xiaoling's residence.
