[Chapter 2581](#)

Chen Xiang secretly rejoiced, he never thought that this young man would actually have such an illness. This was a good thing for him, he now wanted to see how strong he and the Dao Zong realm were.

He only saw the blue clothed and red clothed youth take out a small formation plate, urging the formation plate to shoot out two rays of light onto the iron cage that imprisoned Chen Xiang!

The iron cage was sealed with many formations, but it was actually opened just like that. It could be seen how powerful the items in the two youths' hands were, even the Undead Divine Race Elder was shocked.

"I allowed you to use your weapon. I heard that you have a very powerful sword. I want to see it." The golden-robed youth had his hands behind his back as he spoke with great confidence.

Because what Chen Xiang had done was extremely bragged about by the Undead Divine Race and Evil Spirit Race, and this was known to all within the Undead Divine Race. There was also the matter of the Undead Divine Race being destroyed earlier, for example, inside the Sacred Tao Mountains, it was Chen Xiang who had done it.

In addition, those disciples from before were also killed by the remaining disciples. Although they were not dead yet, they were more or less dead, and were given up by the Undead Divine Race. Therefore, it was impossible for Chen Xiang to use them to threaten the Undead Divine Race.

"You are not worthy enough for me to use my sword against you."

Chen Xiang let out a cold laugh. The Tenth Tao profound Door in the Divine Sense Sea suddenly opened, and after his dao energy passed through the Tenfold Door, he became extremely terrifying.

"Arrogant fellow, you can do it then. I would quite like to see how strong you are." The golden-robed youth laughed sinisterly, "If you lose to me, you will suffer a miserable fate. So, it's best if you let me have a good fight."

"What level is my Dao Zong realm!?" Chen Xiang asked, at the same time, he was congealing his energy, and suppressing the aura of the power.

"I am fifteen years old this year, and at the sixth level of the Dao Zong realm. Among the five Heaven Wasteland Aristocratic Families, I am ranked first in strength!" The golden-robed young man's face was filled with pride.

"Fifteen years old... "What a pity!" Chen Xiang said as he shook his head.

"What's a pity?" The gold-robed youth asked.

"Unfortunately, you're going to die soon!"

After Chen Xiang finished speaking, his expression suddenly changed into one of killing intent, and he looked like a berserk Evil Lord. The energy that he had been accumulating for a long time, was no longer

able to be suppressed, his aura exploded out, causing winds to rise, lightning to flash and thunder to appear.

The white light in his palm exploded out, and a vast amount of Dao energy gushed out from the palm of his hand through the Tao profound Door who had opened all ten stages. Accompanied by the Infinite Dao power in his body, the moment the power surged out, the boundless aura caused the indestructible city to violently tremble.

"Die!" Chen Xiang's angry roar shook the sky. He slapped the youth in gold on the head with his palm, causing his brain and body to split open and blood and flesh to fly everywhere.

When that palm attack struck out, the entire Immortal City was torn apart by it, all the buildings inside the city crumbled!

The golden-gowned youth died. The ground that was filled with wounds was filled with the youth's flesh and blood, while Chen Xiang's body was also covered with blood stains, which were all splashed out from the gold-gowned youth's body.

"Don't even think about leaving!" Chen Xiang howled as spatial energy gushed out from the Tenfold Door, forming a very strong Space Domain.

The red-clothed youth and blue-clothed youth originally wanted to escape, but they were trapped by Chen Xiang's Space Domain. While they were feeling fear in their hearts, they felt two waves of energy approaching each other ...

BOOOOOOOOOOOOOOOOOOOOM!

With two loud bangs, the two youths were smashed into pieces by the two Meteor immortal power s released by Chen Xiang. One of the Meteor immortal power was still under Chen Xiang's control, rushing towards the old man from the Undead Divine Race, ripping it apart!

Chen Xiang leapt into the iron cage that trapped Huang Jintian, then leaped out again. Floating in the air, he smashed down onto the Fire cloud palm in the direction of the Immortal City.

The power of the Fire cloud palm passed through those Tao profound Door who had opened all ten stages of the seal, so when it struck down, its might was imaginable, wiping away the entire city. The gigantic palm imprint was still embedded in the ground, leaving behind a huge, deep crater in the shape of a palm.

"How dare a scumbag act so crazy in front of us!" Chen Xiang sneered, then teleported into the Heavenly Dragon City with Huang Jintian.

Huang Jintian still hadn't reacted to it. He only remembered that Chen Xiang had shattered the arrogant youth in gold clothes with a single palm from him, then flashed a few times with him before returning to the Heavenly Dragon City.

Huang Yantian was already waiting here, he was a lot more relieved when he saw Chen Xiang bringing Huang Jintian back. At this moment, he was very curious how Chen Xiang rescued Huang Jintian.

"Master, take good care of your injuries!" Chen Xiang said, then went to look for Long Jiuxiao.

Arriving at Long Jiuxiao's residence, Chen Xiang told him about Huang Jintian's situation.

"This bunch of bastards from the Heaven Wasteland Aristocratic Family can actually do such a despicable thing." After Long Jiuxiao heard this, he became extremely angry.

"When I saved my master, I killed three youths. I will definitely vent my anger on those Heaven Wasteland Aristocratic Family s." Chen Xiang said.

"Don't be afraid of them, I don't believe they really dare to come. I'm not as weak now as I was before." Long Jiuxiao said in an extremely domineering manner, "After we finish off those annoying Black Hairs Human, we'll go with you to the Sacred Wasteland and take care of all of them."

"Alright!"

Chen Xiang nodded. Although he had rescued Huang Jintian and killed three disciples from the Heaven Wasteland Aristocratic Family, the anger in his heart had not been quelled, and it was just as Long Jiuxiao had said.

Inside the Three Money Divine City, Fan Shixin was training the people inside the native bank. It had been a few days since the Black Hairs Human came out, and the atmosphere now was extremely heavy.

"Villa Master Fan, I want to make a trip to Sacred Wasteland." Chen Xiang said.

"Oh? Why are we going to the Sacred Wasteland?" The Sacred Wasteland could be said to be the safest place available to him right now, and Chen Xiang should be the main force that had attacked the Black Hairs Human, so he shouldn't go at this time.

"I am going to find the Heaven Wasteland Aristocratic Family to settle my debt." Chen Xiang said, then told Fan Shixin about how he was captured.

When Fan Shixin found out that Chen Xiang had killed the three youths, he was extremely shocked. Evidently, he knew that the identities of the three youths were extraordinary.

"This... You actually managed to kill them. " Fan Shixin never thought that Chen Xiang would have such strength.

Chen Xiang only smiled faintly: "I feel like I can't wait until Heaven Wasteland Aristocratic Family comes to find trouble with me, I also want to find trouble with them."

"Oh yeah, the Immortal City you mentioned, are there Undead Divine Race and Evil Spirit Race inside?" Fan Shixin asked.

"I don't know. I destroyed the entire city, so I didn't pay attention to it." Chen Xiang only remembered this later on, he still had to ask Huang Jintian for the specifics. At that time, he could only casually blast away the Immortal City with his palm.

"Alright, since Black Hairs Human was the one who created this matter, otherwise, the current Black Hairs Human wouldn't be so powerful. He can't let them live a peaceful life in Sacred Wasteland right now, but you have to be careful." Fan Shixin said.

Seeing how confident Chen Xiang was, Fan Shixin agreed to let Chen Xiang go to the Sacred Wasteland to cause trouble for him.

Chen Xiang came to the Sacred Wasteland, and even went to look for the Great Landlord.

He once again came to the hall where the Great Landlord was!

When Great Landlord saw Chen Xiang, his old face was filled with shock, and he anxiously said: "Limitless Qi, you actually managed to cultivate Limitless Qi now!"

The Great Landlord only saw that Chen Xiang had cultivated the Infinity Qi, and did not know how powerful Chen Xiang's Tenfold Door was. He immediately walked down from his seat and came to Chen Xiang's side.

"Hehe, are you surprised?" Chen Xiang laughed.

"Yes, normally, only a tenth level Dao Sovereign would be able to cultivate the Boundless Qi." The Great Landlord was very surprised.

"But I'm not an ordinary person." Shen Ji laughed, "Great Landlord, what will happen after you finish cultivating the Dao god gold body?"

"Once you cultivate the Dao god gold body, you will not be torn to pieces by the power of the cataclysm when you go to Divine Wasteland. Going to Divine Wasteland would mean leaving the Heavenly Dao, and before that, you will have to pass through a cataclysmic path which contains extremely terrifying power within this passage." The Great Landlord said: "Generally speaking, only by cultivating the Dao god gold body will one be able to pass this path."

Chen Xiang nodded his head: "That means, if I am able to cultivate it now, I can also go?"

Great Landlord took a deep breath. He never thought that Chen Xiang would have such an idea, it was something even Dao Sovereigns did not dare to think about.

"I don't know!" Great Landlord thought about it, but in the end, he still could not confirm his answer.

"What is your current cultivation level?" Great Landlord asked, because he could not tell that Chen Xiang had come here with only Dao Po realm.

"Ten stages of Dao profound realm!" Chen Xiang said.

"But that's not possible. You just got rid of the three Dao Sect youths from the Jin Clan. Although they are all youths, they are the most outstanding disciples of the Jin Clan. Furthermore, they are Dao Sovereigns. Your Dao profound realm cannot get rid of them." Great Landlord already knew that Chen Xiang had annihilated the Immortal City.

"Then how can I confirm my current cultivation level? I have indeed just cultivated the first Tenfold Door." Chen Xiang said.

"Come, use all of your strength and punch me." Great Landlord leaned his face over, and pointed to his own face: "Don't be polite, just give me a punch."

Chen Xiang felt that it was kind of funny, but the other party was a Great Landlord, a very powerful existence, so he was not worried about being beaten up by the rest.

"Alright!" Chen Xiang took a deep breath: "I might need some time to gather my strength, is that possible?"

"Sure, the stronger the better!" Of course the Great Landlord was not afraid of Chen Xiang, he just wanted to see how strong Chen Xiang was right now, because it was very rare for Chen Xiang to be able to produce such an Absolute Qi at his current level of cultivation.

When Chen Xiang channeled his majestic Dao Energy through the Tenfold Door, he was no longer able to suppress the berserk power. Although Chen Xiang's Dao Energy did not leak out, the formless power was extremely terrifying, causing the entire Eternal Life Native Bank to sway continuously.

Feeling the aura, Great Landlord's face turned serious. Chen Xiang's strength had already surpassed his expectations, and the entire hall was shaking frantically, as the chair fell to the ground!

Not only that, the entire city was shaken by the deterrence of Chen Xiang's power!

"Is it ready?" Great Landlord's expression was solemn, he frowned and asked.

"It's not enough yet, wait a little longer!" Chen Xiang replied: "It's going to be fine soon!"

Great Landlord looked at Chen Xiang and suddenly started to worry, he was also afraid of pain, and with Chen Xiang being so powerful, he wondered what would happen to him!

As the supreme Great Landlord, he obviously could not withdraw his head right now, as that would be disgraceful. He would rather be beaten into a pig head than to return in front of Chen Xiang.

"They're going to fight!" Chen Xiang said, and then he punched Great Landlord in the face.

The moment he punched out, Chen Xiang actually used the same method as the Devil Subduing Method, which was to turn power into waves of attack, and attack wave after wave of attacks. Right now, he was using the seventh level of the Devil Subduing Method, which was the continuous attack of seven forces. Seven tremors.

When the fist landed on Great Landlord's face, it exploded with a "boom" sound, a burst of intense white light flashed, and a wave of berserk energy rushed in all directions, causing Chen Xiang himself to be blown back repeatedly!

Just now, Chen Xiang could also feel that the Great Landlord had released a Domain of Power to stop the power Chen Xiang had unleashed when he punched out.

Great Landlord was also flung out, smashing into the chair he was seated on, his entire person laid on top of the chair's fragments. The seats all around him were crushed into powder by Chen Xiang's punch.

"Great Landlord, are you alright?" Chen Xiang immediately walked over, only to see Great Landlord covering his face with his hands, his expression was filled with shock.

"Your chair is so strong. It's just broken." Chen Xiang giggled.

"This chair is my favorite. After sitting here for a long time, you finally broke it." Great Landlord laughed and scolded, "You monster and brat, you are truly scary! For the heavens to have not noticed you and not only did they not punish you, they even gave you good luck! "

"There's nothing I can do about it. My luck is good." Chen Xiang laughed.

The Great Landlord was truly powerful. If it was any other Dao Sect or something like that, they would have already been annihilated by that remaining punch.

"Honestly speaking, have you completely opened all ten of your Tao profound Door s?" The Great Landlord already knew why Chen Xiang was so strong.

"En!" Chen Xiang nodded.

"Not bad. There aren't many people who can do this. At least, I can't do it. At least, I can't do it." Great Landlord sighed.

"This is impossible! Great Landlord, you should be able to cultivate the Dao god gold body now. " Chen Xiang said.

My Tao profound Door is only half-activated, if you want to fully open it, then you will have to work even harder. Furthermore, when you were training to become a Tenfold Door, your physical body had been constantly strengthening, so it is relatively easier to open up your Tenfold Door at this time. "Su Yun said in a low voice. The Great Landlord said.

"Clearly, you have already found a way to completely open the Tao profound Door at this stage."

Chen Xiang nodded his head: "The main reason is because the pills I refine are powerful, this kind of pills!"

Great Landlord took it and looked, and sniffed it, then said: "There's a scent of Dao god emperor Yuan Dan, but it doesn't look like a Dao god emperor Yuan Dan."

"This is the Dao god emperor Yuan Dan, I just strengthened it, this is of the super high quality, eat one and you will know." Chen Xiang laughed, "Perhaps I can help you change your current situation."

After Great Landlord ate it, his expression slightly changed, and then he became ecstatic: "There is indeed a slight effect, is this really a pill you refined? "Awesome!"

[Chapter 2583](#)

This Great Landlord already knew that Chen Xiang knew how to refine pills, and he even used the Heavenly Alchemy to refine pills, but he had never seen Chen Xiang's pill refining level before. Today, he finally saw it, and it was much stronger than what he had imagined. www.xstxt.org

Chen Xiang laughed: "Of course it's me, I relied on this pill to continuously strengthen my body!"

Great Landlord nodded his head: "If you continue to eat this pill, you will indeed be able to cultivate a very strong body in a short period of time. No wonder you have such boundless dao qi on you, it seems like you have already started cultivating the Dao god gold body."

"Great Landlord, I fought with the disciples of Heaven Wasteland Aristocratic Family before. It was those three youngsters. They seem very weak. They are the cultivation of Dao Sect." Chen Xiang recalled the youth in golden clothes that he killed with a single punch. He did not expect the youth in golden clothes to be so much weaker than him.

"Among the ten stages of the Heavenly Dao, the Dao profound realm is the most important stage. Generally speaking, the entire realm determines the future strength! You should be well aware that the Dao profound realm is mainly used for cultivation of the Tao profound Door. The more the Tao profound Door opens up, the more powerful the dao. "

"Yes!" Chen Xiang nodded. He had continuously refined Dao god emperor Yuan Dan in order to pursue the ten stages of the Tao profound Door to open them all.

"Of course, after I pass the Dao profound realm, I can continue to cultivate in the future, because the following days, I won't be able to raise my strength by too much. It's far from being comparable to when I train in the Tao profound Door!" The Great Landlord replied: "Of course, not everyone has the qualifications to cultivate in Tao profound Door. Only someone like you can refine such a powerful pill."

"Then what did the Dao Shi realm and the Dao Zong realm mainly cultivate?" Chen Xiang didn't really understand any of this.

"The Dao Shi realm cultivates a Tao technique and a profound door, which is also the meaning of a Natural Law Principles and profound door. The main point of it is to use the power of law to temper the Tao profound Door, and let the Tao profound Door evolve. When the Tao profound Door needs the power of law to be used, they can open up a large amount of the power of law."

When Chen Xiang heard it, he exclaimed: "Then when it comes to the Dao Shi realm, wouldn't it be able to quickly absorb the power of the Ancient Code? Can a large amount of the power of law be transferred through the Tao profound Door as well? "

"That's right, but the prerequisite is that the Tao profound Door is able to open it wide enough, so the amount of power of the Ancient Code that you have absorbed is only sufficient. Otherwise, no matter how well you cultivate the Dao Shi realm, it would be useless. Great Landlord laughed out loud. "The Dao Shi realm is only using the power of law to cultivate for a bit."

Chen Xiang now understood that if Tao profound Door did not increase his power by much, then the progress of his Dao Shi realm would be minimal. Compared to someone like him, who only increased his power by a large amount, there was no superiority in terms of strength.

"What about the Dao Zong realm?" Chen Xiang asked again.

The Dao Zong realm is a Tao technique and profound body that uses the Great Dao's laws to train the body. This is in order to allow the body to contain a self-derived Law Soul, which has a total of stages. After it grows up, it will be able to reach the Great Circle of the Dao Sect.

Great Landlord raised his hand and opened his palm. A huge sphere of light appeared.

"This is the Dao god soul, with this, you don't need to rely on the power of the Heavenly Dao to provide an extremely vast amount of Law Energy. Otherwise, when you break away from the Heavenly Dao and enter the Dao God Realm, the Law Energy provided by the Heavenly Dao will become very weak."

"And the foundation of the Dao god soul, is the Tao technique and profound body cultivated during the Dao Zong realm! As long as he passed Tao Doom, he would be able to obtain Dao god soul and cultivate in the Dao Sovereign Realm! Of course, this is still a long time ago for you. "

Chen Xiang felt that he wasn't too far away from it, because he had already fully activated his Tao profound Door. He would be able to step into the Dao Shi realm very quickly, and then the Dao Zong realm would be next ... After crossing Tao Doom, he would immediately reach the peak of the Dao Sovereign Realm and step into the Dao God Stage.

Of course, if everything went well, Chen Xiang felt that he would be able to reach it soon.

"Great Landlord, Heaven Wasteland Aristocratic Family caught my master. He wanted to use my master to threaten me and even tortured my master in such a painful manner. This method made me very angry, so I decided to go find Heaven Wasteland Aristocratic Family right now." Chen Xiang said: "I cannot sit still and wait for death, always waiting for them to come deal with me, I also want to fight back."

Great Landlord frowned, then nodded: "I can understand your feelings! Your current strength is not bad, but you are still far from being able to deal with Dao Sovereigns. If we were to fight against someone at the tenth stage of the Dao Zong realm, it should not be much of a problem. "

"The disciples of the Heaven Wasteland Aristocratic Family all have the Heavenly Dao bloodline, their advantage is that their Tao profound Door s will automatically open up later. When they reach the Dao Sovereign Realm, they can open up fifty out of ten Tao profound Door s, which is very powerful, and they don't need to deliberately cultivate in the Tao profound Door s."

never thought that Heaven Wasteland Aristocratic Family would actually have such an innate advantage, it was indeed very strong, it was already impressive for some Dao Sovereigns to open twenty or thirty of them, but they were also able to do it very painstakingly, there was no need for Heaven Wasteland Aristocratic Family, as long as they had the Heaven Dao bloodline, their Tao profound Door would definitely be able to open it to such an extent.

"Alright, I'll avoid them if I meet Dao Sovereign level experts." Chen Xiang said, as long as Great Landlord was not opposed to it.

Since this was the Sacred Wasteland, he had a certain authority here. Therefore, Chen Xiang planned to cause trouble at the Heaven Wasteland Aristocratic Family, and at the same time, he had to inform them. Even if the Great Landlord did not agree, he would secretly go there.

"I have an idea! The five Heaven Wasteland Aristocratic Family s will gather once every so often to pick a Holy Son of Heaven Wasteland. " Great Landlord suddenly laughed sinisterly: "I think you can go and train them to become Holy Son of Heaven Wasteland!"

"Holy Son of Heaven Wasteland? What's the use of it? It sounds very impressive! " When Chen Xiang saw Great Landlord's sinister smile, he knew that this fellow was filled with evil intentions. He had wanted to do this kind of thing since a long time ago, but it was inconvenient for him to do it himself.

"Holy Son of Heaven Wasteland is an examination held by the five Heaven Wasteland Aristocratic Family s, and only one of them is chosen. As long as you become a Holy Son of Heaven Wasteland, the five

Heaven Wasteland Aristocratic Family s will organize a ceremony for you, and will be able to open up a bit. Generally speaking, Holy Son of Heaven Wasteland has only just stepped into the Dao Zong realm, and after many years of trying, only people of this realm can open up Tao profound Door to higher heights."

"Is there really such a thing? By awakening the Tao profound Door through rituals or something like that, you can make it even bigger?" Chen Xiang was a little surprised.

That is to say, all Tao profound Door s have the same opening, but will have ten more Holy Son of Heaven Wasteland s than them. In the future, as long as this Holy Son of Heaven Wasteland does not die, after reaching the peak, he will be stronger than others. "

[Chapter 2584](#)

Chen Xiang now understood that the Holy Son of Heaven Wasteland was extremely important and valuable to a Heaven Wasteland Aristocratic Family, because he could become an existence that the Venerable Family would have to bear the brunt of their power in the future.

"A while ago, that old Holy Son of Heaven Wasteland died because of a problem with Tao Doom. As long as Holy Son of Heaven Wasteland dies or passes through Tao Doom, you can choose a new Holy Son of Heaven Wasteland." Great Landlord laughed: "Even though Holy Son of Heaven Wasteland is more powerful than others, they don't live long enough. Up till now, only five Holy Son of Heaven Wasteland s are still alive.

"Ah?" They should all be ancient beings. Even after so many years have passed, Heaven Wasteland Aristocratic Family still hasn't survived? " Chen Xiang was very surprised at this.

"Yes, he died in an accident!" Of course, there's a possibility of you being schemed to death, and in short, it's not easy to mix in with the Heaven Wasteland Aristocratic Family, you just have to come in contact with them and you will know it. " He understood Heaven Wasteland Aristocratic Family, which was a very big weakness for him.

Those people that Chen Xiang had come into contact with before were all arrogant fellows.

Heaven Wasteland Aristocratic Family has five large cities in the Sacred Wasteland, and the Holy Son of Heaven Wasteland selection this time will be held in the Jiang family, which is also known as the Great Jiang City. Once they choose the Holy Son of Heaven Wasteland, they will conduct the awakening ceremony at the first moment, and then, they will accept the challenge from five experts from the Great Desolate Sky City. Great Landlord snickered: "This kind of thing has never happened before. At that time, Heaven Wasteland Aristocratic Family would definitely be very depressed."

"If they lose a Holy Son of Heaven Wasteland, doesn't that mean they can choose again? This feeling is meaningless! " Chen Xiang said.

"The Awakening Ceremony that they used to make the Holy Son of Heaven Wasteland stronger could only be used every thousand years. Furthermore, one would have to die on the Holy Son of Heaven Wasteland or have to pass through the Tao Doom. That is to say, they do not have a Holy Son of Heaven Wasteland within a thousand years.

Great Landlord patted Chen Xiang's shoulders and laughed: "I will come to take a look when the time comes, so don't worry, those old fellows will definitely not be able to kill you."

... ..

When Chen Xiang was queuing up to enter the city gates, because he looked relatively ordinary, he was refused entry into the city.

Chen Xiang had changed his appearance before, he was worried that someone would recognize him, he did not expect that he would be rejected because of his appearance!

"Alright!" Chen Xiang was helpless. He had no choice but to become a little more handsome in order to gain the qualifications to enter the city.

"These Heaven Wasteland Aristocratic Family s actually use the Jade money of the Three Great native bank s. How unexpected!" After Chen Xiang entered the city, he strolled around everywhere. The Holy Son of Heaven Wasteland was already chosen, and the people who came in were only waiting to see the results, and then see how the others would challenge the Holy Son of Heaven Wasteland.

Chen Xiang passed by a big square, where there was an extremely powerful array, where they would compete.

"Let's go take a look at the pill shop first. I might come across some good stuff." Chen Xiang made some inquiries and came to the biggest pill shop here, which was opened by the Jiang Clan.

After entering, Chen Xiang immediately knew that Jade money s were not used to trade, but a kind of king grade pellet.

"Motherf * cker, what the hell is this spirit pellet?" It actually became the currency of the transaction. " Chen Xiang secretly cursed in his heart, because this meant that the Jade money in his hands were useless.

Very quickly, he got two Dao Spiritual pills from the Jade money outside. After he ate one, he immediately understood!

This spirit pellet actually contained a tiny bit of the unique power of a Dao god emperor Yuan Dan. In other words, a spirit pellet could strengthen the body, but it required a lot of consumption.

Other than that, there was also the profound Tao Power and a type of pill that could stabilize the Tao profound Door. It could be considered a pill with a wide range of uses.

"There are a lot of ingredients for Dao Spiritual Pills. Furthermore, they are in the middle tier of the king level. They can be easily grown through array formations." After Chen Xiang inquired about it, he finally got a deeper understanding of this Spirit Pill. What surprised him was that many people knew how to refine Spirit Pellets, but their quality were only average, so when they were used to trade, no one else wanted them.

Only the true Alchemist s would be able to refine a spirit pellet, and the quality would not be bad!

But in order to obtain the spirit pellets, they had to gather the courage to learn them. After a long period of time, even if they themselves could not refine pellets, after many years of studying, they were finally able to refine them into pellets!

Of course, this fellow only knew how to concoct Dao pills!

Chen Xiang stood at the side of the street and looked at the medicinal ingredients for the Dao Spiritual pills. The Dao Spiritual pills required a type of medicinal ingredients called Dao Spiritual Dragon Ginseng, which seemed like a dragon.

"Brat, what are you doing here?" Suddenly, someone patted on Chen Xiang's shoulder.

Chen Xiang turned his head to look and saw an old man wearing a bamboo hat. It was actually the Great Landlord of the three great native banks.

"Senior, why are you here?" Chen Xiang never thought that the Great Landlord would actually be walking randomly on the streets.

"Of course I'm here to join in on the fun. This is customary." Great Landlord laughed: "You want to buy a Spirit Dragon Ginseng?"

Chen Xiang nodded his head, "I just want to refine a little ... "Alright, I want to buy some pills from the Jiang Clan!"

The three great native banks inside the Sacred Wasteland did not have any good pills, Chen Xiang had already gone to see them before, and he had also told Fan Shixin about this matter. In one aspect, Fan Shixin told him that it was because the Heaven Wasteland Aristocratic Family was too overbearing, he had to gather medicinal ingredients everywhere, and the three great native banks needed to use up a lot of energy.

"I'll take you to a place to buy it. Follow me." The Great Landlord said.

Chen Xiang immediately followed him. The Great Landlord must have a very wide network of people, maybe they could pick up a cheap one.

Not long after, Chen Xiang followed the Great Landlord into a small villa. Upon entering, Chen Xiang saw many medicinal farms that were covered in array formations. This was a growing ground for the maturing of medicinal herbs.

"Uncle Qian!" Hehe, I knew that you would be here for a while. " A grey robed old man walked out of the manor and said with a smile.

The grey robed elder obviously knew the identity of Great Landlord, and Chen Xiang had only found out that the Great Landlord was surnamed Qian now.

"How many Spirit Dragon Ginseng do you have here? I have a friend who may need to buy some. " The Great Landlord said.

"We grew the most Dao Spiritual Dragon Ginseng, and now I can take out 100,000 mature ones. I wonder how many you want, my little friend?" The old man in grey asked.

[Chapter 2585](#)

When Chen Xiang heard it, he was shocked. The other side actually had so many, all of these were middle grade King Stage medicinal ingredients, in a moment it was one hundred thousand!

"Well... How much is it? " Chen Xiang asked: "Collecting Jade money?"

Chen Xiang looked at the Great Landlord, because he felt that those Jade money were not very useful, and could not buy things from the shops in the Heaven Wasteland Aristocratic Family.

"Take, ten million for one, how much do you want?" The grey robed elder laughed.

This price shocked Chen Xiang. Ten million one!

"So expensive!" Chen Xiang was shocked.

"It's not expensive anymore. We've all used formations to speed up the process, so the consumption rate is extremely high. And now, the demand for the Dao Spiritual Pills is extremely high." The grey-clothed old man said.

"I want a thousand!" Chen Xiang said, a thousand Spirit Dragon Ginseng would be ten billion, but luckily he had sold some to Fan Shixin earlier, and had a lot of Jade money on hand.

Although he only bought a thousand of them, the old man in grey was still relatively happy and he happily traded them with Chen Xiang.

Then, the Great Landlord dragged Chen Xiang out of an inn and into a secret room.

"Brat, there are a thousand Spirit Dragon Ginseng. Are you planning to refine them all? You can't be buying so many for my sake, right? " Great Landlord asked.

"Is that so? I also think that's too little. Speaking of which, Grandpa Qian, your Jade money is really useless! " Chen Xiang curled his lips and said: "Otherwise, I wouldn't need to buy Spirit Dragon Ginseng right now."

"Didn't you benefit a lot by refining the spirit pellets to those Heaven Wasteland Aristocratic Family s?" Great Landlord said, "Your pill refining skills are so good, the quality of the pills you refine will definitely be quite good as well."

"There is no need to worry. If I can obtain what I want from the Jiang Clan, it would be a huge gain for me. As for the pills I concoct ..." "Hehe, the quality definitely won't be too good. I'll control it a bit." Chen Xiang laughed.

To compress the quality and produce even more pills, this was not a difficult task for Chen Xiang.

"The quality is usually good for trading, right?" Chen Xiang asked.

"Yes, then you should refine your pills properly. I will go out for a walk and see how those little imps from Heaven Wasteland Aristocratic Family are doing." Great Landlord left the room.

Chen Xiang took out the Six Realms mirrors and then sat on top of it. If he were to refine pellets on top of the Six Realms mirrors, his aura would not be leaked.

The Dao Elixir was easy to refine, after all, it was only a middle tier king level pill, and for Chen Xiang to refine a high tier Emperor Stage pill, it would not be a problem.

After two batches of refining, Chen Xiang's eyes would release flames, and he would be able to quickly refine pills using the method of instant pill refinement!

This place was small, Chen Xiang did not need to use Dawan refining method, otherwise, it would be even faster.

Of course, the pill forging process was extremely fast for him as well!

"If the quality is average, then I can refine 15 pills in a single furnace. Even these 1000 Dragon Ginseng would only produce 15 pills." Chen Xiang was almost done refining, he could almost refine 15 pills out of every furnace.

"15,000 pills, I wonder what I can buy!" With these fifteen thousand spirit pellets, Chen Xiang went to the Jiang Clan's medicine store.

After entering, he immediately asked a beautiful shop assistant.

"Are there any pills that can help the Dao Shi realm?" Chen Xiang asked.

"The Mysterious Mana Pill, this is a low-grade Emperor grade pill." The clerk smiled sweetly and said.

"Oh, then do you have the recipe for these mystical pills?" Chen Xiang asked again.

"Yes, but it's more expensive. I need three thousand Dao Spiritual Pills."

"So cheap!" Chen Xiang thought to himself, because he brought fifteen thousand Spirit Dans with him. What he did not know was that when other people refined Spirit Dans, they would usually only refine two or three, but he had many times more.

Chen Xiang immediately bought the recipe for the mystical pill!

After buying it, he walked around a few more shops and finally bought the medicinal ingredients needed to concoct the mystical pills. He wanted a total of three types of medicinal ingredients.

"Di class low rank pill. It's not much of a challenge." Chen Xiang laughed, he had only used two thousand spiritual pills to buy the medicine.

"I forgot to let Hongqing and Xiang Yin enter the You Yao Mountain Villa. That way, they would be able to help me cultivate the medicinal herbs." Chen Xiang could only enter the You Yao Mountain Villa to refine it himself.

To Chen Xiang, this was a rather boring job.

Right now, he was still in the tavern, so when he finished growing it, he also saw the Great Landlord here.

"Great Landlord!" Chen Xiang was a little surprised: "Is something the matter?"

"How many Spirit Dans did you concoct?" Great Landlord asked anxiously.

"Just ten thousand grains." Chen Xiang laughed: "I bought the medicinal formula for the Cultivation Profound Pill, and some medicinal ingredients!"

"Ten thousand grains, isn't it ten in a pot? It's really amazing! " Now he knew that Chen Xiang was just playing around with the pill refining process, and the process was completed in a very short period of time.

Chen Xiang needed the mystical pills, so he wanted to quickly cultivate them. Only by doing so would he be able to reach the peak of the Heavenly Dao as soon as possible, which was also the Dao God Stage.

"By the way, what I want to tell you is that there's been a rather special case this time!" Great Landlord frowned: "I don't know what's going on either, but this time there are actually two Holy Son of Heaven Wasteland s!"

"Kill them all?" Chen Xiang said.

"I still don't know the specifics. I'll go and take a look." The Great Landlord said, "Anyway, the challenge for everyone is still around. We have to prepare everything for the competition."

Chen Xiang was also looking forward to it. After all, this was a battle against the powerful Holy Son of Heaven Wasteland!

"How many days until the start?" Chen Xiang asked.

"In a few days. In any case, you'd better be here. If there's any latest news, I'll let you know immediately." With that, the Great Landlord left.

Chen Xiang did not plan to leave either, because he wanted to concoct a Mysterious Technique Pill. Although the increase in his strength would be little after stepping into the Dao Shi realm, it would at least be a bit of strength, and he would have to go through this process sooner or later anyway.

"I just need to grow those medicinal herbs!" Chen Xiang predicted that he would be able to grow a lot in one day, and he realised that he could now use his own Tao power to strengthen the Creator's Well.

Right now, he was secretly channeling his Dao Energy to allow it to pass through the Tenfold Door. Then, under his control, he infused it into the Creation God well so that it could brew an even more powerful World God Spring.

"It would be great if the Tenfold Door was fully opened!" Chen Xiang was very happy as he watched the medicinal herbs in the You Yao Mountain Villa take root quickly.

One day later, the You Yao Mountain Villa in Chen Xiang's Divine Sense Sea World already had a lot of ingredients to refine the mystical pills. Just as he was about to refine them, the Great Landlord suddenly came in with an ugly expression.

"What's wrong?" Chen Xiang asked anxiously, the Great Landlord was also a powerful Dao God, although he could not enter the Divine Wasteland, but he was strong, to the point that he had this ugly expression on his face.

This is big trouble, the people from the Divine Wasteland have come, I don't know what their goal is, but it seems like they are here to help the Heaven Wasteland Aristocratic Family. Great Landlord cursed:

"What exactly happened? Why is the fellow from the Divine Wasteland here, and why are they still helping his mother's Heaven Wasteland Aristocratic Family? "

[Chapter 2586](#)

Chen Xiang was also very surprised to hear this news. The people from the Heaven Wasteland Aristocratic Family actually received help from the Divine Wasteland.

"How is Divine Wasteland going to help Heaven Wasteland Aristocratic Family?" Chen Xiang was currently in the same mood as Great Landlord, "Did Heaven Wasteland Aristocratic Family feel any threat?"

"I don't know, but in short, this is the information I got. In this situation, there are people from the Divine Wasteland, and they are even in the Heaven Wasteland Aristocratic Family, it is really strange, I have never heard of the people from the Divine Wasteland coming here, could there be a problem with the Heavenly Dao?" Great Landlord frowned: "Anyway, this is not a good thing for us!"

"Can I still go kill that Holy Son of Heaven Wasteland now?" Chen Xiang asked, this was his goal in coming to Sacred Wasteland, if not, he would immediately return to New Eight Wastelands.

"I'm not sure yet. Wait for me, I'll go find out!" "I want to find out what kind of strength that fellow from Divine Wasteland has. If he is a threat to us, then we have to think of a way to kill him."

After Great Landlord left, Chen Xiang's heart also became heavy. The people from Divine Wasteland must be very strong, if Great Landlord was unable to fight against that person, then the power of the New Eight Wastelands would become unbalanced, and at that time, the ones who would suffer would be the ones on their side.

"Hopefully, the fellow from Divine Wasteland won't be too strong, if not it'll be troublesome." Chen Xiang was a little worried that the opponent would come for his Heavenly Alchemy. If that person used the despicable trick from before and used the people beside him to threaten him, he did not know how to react.

He didn't know how the Great Landlord found out about this information, but it looked like he saw it with his own eyes, he was very sure about it, and his speed of investigation was very fast, so he returned very quickly.

"Brat, it's confirmed now! There are three fellows from Divine Wasteland, and their strengths are all on par with mine! " Great Landlord finally heaved a sigh of relief. If he was so powerful that he could not fight against Yue Yang, he would be in deep trouble.

"There are no fewer than three guys. Are they a big threat?" Chen Xiang asked.

"It's not that big, at least I don't have to worry about them messing around. If I go all out, they will definitely be afraid of me." That's why you don't have to worry, when the time comes, you will go challenge that Holy Son of Heaven Wasteland and kill him. " The Great Landlord said.

"Didn't you say there are two Holy Son of Heaven Wasteland s?" Chen Xiang said.

"Yes, there are two. When the time comes, both of them will accept the challenge and set up two rings. If you think you can do it, then go up on two rings and defeat them." Great Landlord was very confident

in Chen Xiang, because he had received Chen Xiang's punch before and knew that Chen Xiang was very strong.

"Okay, if it starts, come and inform me. I still want to concoct pills, and see if I can enter the Dao Shi realm in the next two days!" Chen Xiang laughed: "If I were to enter the Dao Shi realm, my strength will increase by a lot!"

"Of course, all ten of your Tao profound Door s have been opened, if you enter the Dao Shi realm, you will gain a lot of power, and if others only have a very small number of Tao profound Door s, even if you step into the Dao Zong realm, compared to the ten levels of the Dao profound realm, the increase in power will not be much." Great Landlord nodded: "Then I wish you success!"

After Great Landlord, Chen Xiang took a deep breath, adjusted his current mood, and began to refine the mystical pills!

The Cultivation Profound Pill was a low-grade Emperor Stage pill, so it was not very difficult for Chen Xiang. It was very easy to refine it, and it only took a pot before it was successfully refined!

"The mystical pills are exactly like this!" Chen Xiang looked at the four mystical pills in his palm, which looked like green beans. After he ate them, he immediately felt that his Tao profound Door was absorbing something.

"That's right, I train in the Fire Laws and Space Laws ..." I have a total of Tenfold Door s, how should we split them? " Chen Xiang was thinking about this issue, the power of space was also very important to him.

"Open it three or seven times!" Cultivate three spatial profound gates, seven flame profound gates! " Chen Xiang thought about it and made a decision.

When cultivating the Code Door, one must release the appropriate amount of power to guide the medicinal power of the mystical pills, allowing the medicinal power to make a choice. This way, the Tao profound Door would be quickly cultivated to a Code Gate with the characteristics of the Code.

Chen Xiang planned to cultivate a spatial profound door on the road first. With his current flame capacity, especially with the help of the Chuangshi god furnace, he did not feel that the flame power was insufficient.

After consuming those few pellets, Chen Xiang only needed a few hours of cultivation to finish consuming all of the medicinal strength.

"I don't have the medicinal strength anymore. It seems that I can only concoct the super high quality mystical pills." Previously, when Chen Xiang was refining Dao god emperor Yuan Dan, he was able to execute three Crash s, which was a mid-grade Emperor Stage pellet. But now, when he was refining low-grade Emperor Stage pellets, he felt that four Crash s was not a problem.

Chen Xiang used a moment to adjust his condition, and then began to refine high quality mystical pills!

Very quickly, the three Crash s were completed and everything was very calm. Chen Xiang was very satisfied with his control over his own strength, but if he were to refine the middle grade Emperor

Profound Core and Dao god emperor Yuan Dan of the Nine Yang Emperor Profound Core, it would definitely cause a huge commotion.

"Four Crash s, this one should be enough for me to cultivate up to the Spatial Profound Gate." Chen Xiang thought to himself, then proceeded with the Four Crash.

Bang!

The furnace only released a low sound, the energy that had erupted was suppressed by Chen Xiang, so the sound was very small, not as loud as when he was refining the middle grade Emperor Stage pills.

"There's really a huge difference between low-grade Emperor grade medicinal pills and mid-grade Emperor grade medicinal pills!" Chen Xiang never thought that refining the mystical pills would be so easy, and he even went through four Crash s.

"It's only been eighteen hours!" Chen Xiang calculated the time, it was going to be faster, since he was refining something of the highest quality, and if it was an ordinary refining process like before, he would only need six hours.

After being completed, Chen Xiang immediately consumed it. This was also a pill that had a Spiritual God, so after consuming it, he could only channel the power of the spatial laws and guide the medicinal power to absorb the spatial energy to cultivate the spatial profound door.

"The Great Landlord hasn't arrived yet. It seems like I can still refine another batch. After I get used to it, I should be able to shorten it a bit." Chen Xiang took out the medicinal ingredients and continued to refine.

He didn't need to worry about that pill, he could just refine it by himself. That would allow him to focus on concocting the pill!

After just half a day, Chen Xiang could already feel a change in one of his Tao profound Door s. He immediately observed carefully and discovered that this Tao profound Door was somewhat different from the other nine.

He tried using this Spatial Mysterious Gate and instantly absorbed a large amount of Spatial Force!

In the past, if he wanted to obtain this much power of space, he would have to use his dao power to transform it. At the same time, he would have to borrow the power of the Ancient Code from the Dao Dan realm.

[Chapter 2587](#)

Chen Xiang once again felt the benefit of opening the Tao profound Door completely, as he absorbed the power of the Ancient Code effortlessly.

"Damn it, don't tell me that the power of law is inexhaustible?" Chen Xiang took a deep breath. When he had absorbed the extremely strong power of spatial energy, he did not feel any exhaustion.

"I'll ask him when Great Landlord arrives." Chen Xiang continued to refine the pellet, he was about to finish refining the furnace, at that time, he would be able to cultivate a new Code and Profound Gate.

After two hours, Chen Xiang had finished refining the second batch of high quality mystical pills. After he ate it, the Great Landlord arrived.

"It's starting. We can go challenge those two fellows now. They should have started fighting with the others by now." The Great Landlord laughed: "When the time comes, let go and fight. Those Heaven Wasteland Aristocratic Family s themselves said that if their Holy Son of Heaven Wasteland is beaten to a pulp, they definitely won't blame you."

"Their words are unreliable, those guys are very shameless." Chen Xiang curled his lips.

"That's true. If they dare make a move, I'll make a move then ..." "Right, if I defeat those two brats, I'll be able to obtain some medicinal ingredients and pill formulas." The Great Landlord laughed, "Is it because you have a sudden motivation?"

Chen Xiang's eyes lit up, this was indeed something he was looking forward to, but he sighed, "I was just worried that this guy wouldn't give it to me when the time comes."

Chen Xiang had experienced the people from the Heaven Wasteland Aristocratic Family, and it could be said that their luck was bad.

"Don't worry, if they don't give it to me when the time comes, I'll help you ask for it." Great Landlord also wanted to see Heaven Wasteland Aristocratic Family make a fool of himself, so he swore on his word.

"Alright, that's right, Great Landlord. I have already stepped into the Dao Shi realm and have cultivated a profound door of laws. Chen Xiang asked.

"Theoretically, it is possible, there are a lot of Laws. Once you reach the Dao Dan realm, you can borrow some, but once you reach the Dao Shi realm, you can continue to absorb them through the Tao profound Door." The Great Landlord said, "It's just that after absorbing a large amount of the power of the Ancient Code, this power will flow through the Divine Sense Sea, and finally flow through the body. That's why it has a huge burden on the body and the Divine Sense Sea."

"If one continued to madly absorb the power of the Ancient Code without restraint, regardless of whether the body or the Divine Sense Sea s are able to handle it, the moment one loses control, the profound door will collapse and the power of the Ancient Code will constantly surge into the Divine Sense Sea s. Not only will the Divine Sense Sea s explode from the impact, even their bodies will be blown up as well."

Chen Xiang nodded his head: "I understand, so there are many things that I should take note of."

The Great Landlord patted Chen Xiang's shoulder, and laughed: "Of course, this is for most people. For a monster like you with a powerful physical body that can support ten fully opened Tao profound Door, you don't need to worry about it at all when absorbing the power of the Ancient Code."

Chen Xiang was still refining a pellet. He used his fire dao energy to guide the medicinal power, allowing the medicinal power to automatically absorb the fire energy to cultivate the profound entrance. He wanted to see what it would be like if he could cultivate a fire profound entrance.

"Let's go." Chen Xiang wiped his nose and laughed.

The Great Landlord brought Chen Xiang to the fighting arena. At this time, there were two fighting platforms where people were fighting.

Chen Xiang could see these two people from afar. They were both young men, and although they looked handsome and clean, they were both cruel and merciless.

At this time, a Holy Son of Heaven Wasteland stabbed his hand into a challenger's chest, pulling out the heart, and then inserted it into the challenger's eyes, piercing his eyeballs out This kind of brutal fighting style was shocking to the eye, and caused one's scalp to go numb.

The other Holy Son of Heaven Wasteland on the fighting stage was also this ruthless as he tore off the challenger's four limbs and then crushed them right in front of that person.

"I can't watch any longer." Chen Xiang frowned and asked, "Are these guys demons? Demons are nothing more than this."

"Heaven Wasteland Aristocratic Family has always been like this. I have long since gotten used to it." Great Landlord sighed helplessly: "After all, they have the rules first. No matter what happens on the stage, they have to take responsibility."

He said that he had received extremely cruel treatment before. At that time, Chen Xiang did not have much of an idea about it, but now that he had seen the methods of these young disciples of the Heaven Wasteland Aristocratic Family, he truly felt the anger Long Jiuxiao had at the time.

Very quickly, the two people on the stage were tormented to death. To cruelly torture the challenger to death in front of so many people, this made the two Holy Son of Heaven Wasteland s very happy.

Looking at the ground littered with minced meat, one could tell that quite a number of people had been tortured to death like this.

"No one dares to come up anymore. Hmph, even trash like you want our family's reward. Trash is trash." A Holy Son of Heaven Wasteland laughed sinisterly.

The two Holy Son of Heaven Wasteland s were both at the first stage of the Dao Sect and the person who challenged them was at the tenth stage of the Dao Zong realm. Therefore, there were many people at the fifth or sixth stage of the Dao Sect who felt that their chances of winning were rather high and felt that even if they could not win, they would definitely be able to retreat safely.

"Brat, you can't be afraid, right?" The Great Landlord laughed, because he saw Chen Xiang standing there blankly and not saying a word.

"Of course not." Chen Xiang was distracted just now because he was looking at the state of his cultivation, because there was still a pellet in his body that he had not finished refining.

"How long did they accept the challenge?" Chen Xiang asked.

"Two days and two nights. During this time, they will always be on the stage. No matter how many challengers there are, no matter if they are injured or not, they will not refuse the challenge." The Great Landlord said.

"Then wait a little longer." Chen Xiang planned to refine the second Tao profound Door before going up. This would allow him to use the other party to practice his techniques.

At this time, no one dared to go up. They already knew how terrifying these two Holy Son of Heaven Wastelands were, and the ones that were killed just now were those with decent strength at the tenth stage of the Dao Zong realm.

A first stage Dao Zong realm was actually able to easily kill ten stages. Many people would not dare believe this was real unless they saw it with their own eyes.

After six hours, there was finally someone who challenged him. This person's strength was not bad, although he could not defeat Holy Son of Heaven Wasteland, he was able to survive. It was just that he was missing an arm and a heart, but he was still alive.

During this period of time, a few others who were not afraid of death ran up, but none of them escaped. They were all crushed into meat pieces, causing the entire fighting stage to be filled with meat, and they died miserably.

"Alright."

After a few hours, Chen Xiang finally succeeded in refining a Tao profound Door into a flame profound door, and was able to directly absorb a large amount of fire energy.

Chen Xiang walked to one of the fighting stages. Great Landlord smiled from behind: "Be careful, don't be too careless."

[Chapter 2588](#)

When everyone saw Chen Xiang squeeze through the crowd, their eyes were firm, looking at the stage, they knew he was a challenger, so they all made way for him.

"Another one who isn't afraid of death... "Wait a minute, judging from his aura, he seems to be a Dao-Master who has trained in two profound laws."

"Even someone at the second level of the Dao Shi realm wouldn't be able to deal with Holy Son of Heaven Wasteland if he's at the tenth level of the Dao Zong realm. He actually dares to go up at the second level of the Dao Shi realm."

"Was he abandoned by his wife? Or did he suffer some sort of a blow? He wants to die a little more slowly."

It was very easy to sense the aura of the Code Profound Gate, but right now, Chen Xiang was not concealing anything. He did not use his own appearance, so the people of Heaven Wasteland Aristocratic Family could not tell that he was Chen Xiang.

"Trash, hurry up. I can't wait any longer." The Holy Son of Heaven Wasteland said coldly.

"You are the trash. Your entire family is trash. Only you are trash, so you only have trash in your eyes. Also, only trash's parents can nurture trash like you." Chen Xiang said loudly.

His words stunned everyone. He actually dared to provoke the Holy Son of Heaven Wasteland at all costs.

The entire Holy Son of Heaven Wasteland was someone who would easily anger his opponent. Now that he had been insulted in front of so many people, and even cursed so harshly, he was momentarily unable to refute Chen Xiang's insult, causing him to roar out in anger. His veins popped out and his appearance was extremely sinister.

"Haha ..." Chen Xiang was still below the stage, he laughed out loud: "As expected of a piece of trash, you can't think of anything to say about me, can you?"

"You ... "Hurry up and come up." The Holy Son of Heaven Wasteland was burning with rage as he roared sinisterly: "I will tear you apart bit by bit."

Those angry eyes could kill, but Chen Xiang's face was full of smiles as he swept his gaze over them. That arrogant gaze seemed to be telling them that "The people from your Heaven Wasteland Aristocratic Family are all trash."

Chen Xiang had finally reached the stage, and just as he went up, the Holy Son of Heaven Wasteland suddenly rushed over, as though he teleported.

Holy Son of Heaven Wasteland's hand was like an eagle's claw, reaching towards Chen Xiang's chest, wanting to pull out Chen Xiang's heart, but when his hand made contact with Chen Xiang's chest, he suddenly felt a strong heat.

Everyone thought that a huge hole would appear in Chen Xiang's chest, and blood would gush out from it afterwards.

Instead, a ball of strong flames spewed out from his chest, like a dragon spitting out flames, directly striking Holy Son of Heaven Wasteland.

Chen Xiang had only used his Fire Profound Gate just now to absorb the fire energy and did not pass through Tenfold Door.

"Trash is quite resistant to fire." Chen Xiang sneered. He immediately used the spatial profound door to absorb the immense power of the spatial space and converted it into an extremely strong power of spatial energy through the fifth stage Tao profound Door.

"Spatial sealing." Chen Xiang used this spatial energy to seal Holy Son of Heaven Wasteland.

The originally furious Holy Son of Heaven Wasteland wanted to use his strongest power to kill Chen Xiang, but he suddenly realized that he was unable to move and was sealed by something.

Chen Xiang immediately walked over, his entire arm suddenly ignited. After the flames disappeared, his entire arm was like red-hot iron, and one could still see many golden threads in his arm, which were the flow of fire energy.

"I would quite like to see on what basis you call me trash. You can't even defeat trash like me? Doesn't that mean you're not even comparable to trash?" Chen Xiang came to the front of the Holy Son of Heaven Wasteland and pressed his burning red hand on his shoulder.

"Ah!" Holy Son of Heaven Wasteland suddenly screamed. The heat was too scary, the burning pain went down to the bones.

"Hehe, that felt great, right?" At this time, Chen Xiang's arm, which had been injected with such powerful flame energy, was like an extremely hot iron. He scratched and scratched Holy Son of Heaven Wasteland's body, and every time he did, this Holy Son of Heaven Wasteland would let out an extremely miserable cry.

The originally arrogant disciples of the Desolate Land did not make a sound. They were very clear on the Holy Son of Heaven Wasteland's strength, but to be able to beat him up so badly now, it could be seen how terrifying this person was. Furthermore, he was at the second level of the Dao Shi realm.

There were a lot of palm marks on Holy Son of Heaven Wasteland's body, and they were all pressed down by Chen Xiang. Holy Son of Heaven Wasteland actually fainted several times due to the pain, but he was awakened by Chen Xiang using a mystical method, and continued to be tortured ...

The disciples of the Heaven Wasteland Aristocratic Family were all enjoying themselves, but now, their hearts were stuck. On the contrary, the others were ecstatic to see the arrogant Holy Son of Heaven Wasteland being tormented like this, it was like turning the sky upside down.

"Brat, the old guy from Heaven Wasteland Aristocratic Family is here, hurry up and make your move." The Great Landlord was also enjoying the show. Chen Xiang's strength was even more terrifying than he had imagined, he felt that Chen Xiang could now fight against Dao Sovereigns.

The Heaven Wasteland Aristocratic Family was very shameless, upon learning that the older generation of the Heaven Wasteland Aristocratic Family had come out, Chen Xiang immediately used his Dao Energy to pass through the Tenfold Door, transforming into a very berserk power. His palm struck the Holy Son of Heaven Wasteland's head, causing it to crack, followed by another Heaven Blasting Palm, causing the Holy Son of Heaven Wasteland to tremble and become a blood mist.

Thick red mist floated out from the stage, which was formed by Holy Son of Heaven Wasteland's body. Chen Xiang blew lightly on the air, dispersing the blood mist, then patted his body. Under the dumbstruck gaze of the crowd, he walked down the stage and towards the person not far away.

No matter how arrogant he was, he was not an idiot. At this moment, he could tell that Chen Xiang was extremely scary and he felt that he was not Chen Xiang's match. He already had the impulse to run.

When the seniors of the Heaven Wasteland Aristocratic Family arrived at the fighting arena, they saw Chen Xiang smashing Holy Son of Heaven Wasteland's head and turning his body into a bloody mist. This was completed in an instant.

The Holy Son of Heaven Wasteland that they had painstakingly selected was killed just like that, right in front of their eyes.

"Stand here." An old man roared, his voice shaking the entire plaza. The old man of Heaven Wasteland Aristocratic Family knew that Chen Xiang was going to kill another Holy Son of Heaven Wasteland.

Chen Xiang did not stop and, as if he did not hear anything, teleported to the fighting stage.

"Why, we agreed on a match for two days and two nights, your Heaven Wasteland Aristocratic Family is shrinking." Chen Xiang laughed coldly, his voice was filled with endless ridicule and ridicule, and spread throughout the entire plaza.

The seniors of the Heaven Wasteland Aristocratic Family were also shocked. They didn't know when such a terrifying fellow had appeared, but they knew that this person's Tao profound Door was definitely very powerful. Otherwise, they wouldn't have such terrifying strength.

Just as these few old fellows were about to rush over, Great Landlord suddenly appeared in front of them, laughing as he said: "My old friends, that little ghost was brought by me to cheer your Heaven Wasteland Aristocratic Family on, don't disappoint me, let him continue to fight, maybe your other Holy Son of Heaven Wasteland is lucky, and might even be able to beat him."

[Chapter 2589](#)

The Holy Son of Heaven Wasteland that was just selected had passed away not long ago. This was someone who was going to carry out the awakening ceremony, as the Tao profound Door was slightly more open-minded than the other disciples of the Heaven Wasteland Aristocratic Family and was highly valued by the Heaven Wasteland Aristocratic Family.

But now, they were actually killed by Chen Xiang, and in front of so many people, they were even able to kill him. What made the Heaven Wasteland Aristocratic Family Elders most furious was that this was actually happening right in front of their eyes, and they could not stop it.

Chen Xiang was already walking towards the other stage. He sneered at the remaining Holy Son of Heaven Wasteland and said: "If you're afraid of death, then go down the stage now. I won't make things difficult for you."

Heaven Wasteland Aristocratic Family had always thought of himself as a very noble existence, the first batch of humans created by the Heavenly Dao, the emperors among humans. Thus, they looked down upon other humans, and acted extremely arrogantly in front of them.

But now, they had actually been looked down upon by a human, which gave them a huge blow, especially this Holy Son of Heaven Wasteland on the stage right now.

He was currently in the Holy Son of Heaven Wasteland. If he were to shrink his egg and leave the stage, then it would be equivalent to being afraid of ordinary humans and lowering his head to ordinary humans.

Moreover, he had a certain level of confidence in himself. He thought that the Holy Son of Heaven Wasteland that was killed by Chen Xiang before was mainly because he had underestimated Chen Xiang, so he wasn't prepared for it.

He had just seen Chen Xiang's strength. As long as he was careful and did not underestimate Chen Xiang, he would not be killed like the previous Holy Son of Heaven Wasteland.

Great Landlord said to the seniors of the Heaven Wasteland Aristocratic Family with a smile: "Look, your juniors did not cower. Don't tell me you want him to cower back?"

"The one with the surname Qian, where did that guy come from? He is just a Dao Shi realm, yet he has such terrifying strength. Do you know him?" Although the seniors were all very calm and collected, they were also very proud and arrogant. It was only natural that the Heaven Wasteland Aristocratic Family would not lower their heads like the others.

"I do not know him, but I know his origins. After this battle is over, I will naturally tell all of you." Great Landlord laughed: "We'll just watch."

Chen Xiang knew that the seniors were right beside them. A moment ago, they were still filled with killing intent, but it had already weakened, which meant that Great Landlord had successfully stopped them from coming over.

"Jiang Haokun, bring out your strongest power. Don't be careless like in the past. The guy before you is extremely frightening. You must kill him no matter what." An old man said sternly from a distance. When everyone heard this, they felt a trace of fear because this person was very strong. The power in his voice was very hard to bear.

When Chen Xiang heard this, he sneered in his heart, because he was also casually fighting back, and right now, he would not give his opponent the chance to retaliate.

Jiang Haokun suddenly took out a golden sword that was radiating light. Chen Xiang cursed in his heart, he actually used a weapon.

"Begin." An old man saw Jiang Haokun take out his weapon and immediately shouted.

Jiang Haokun turned into a gold light and shot towards Chen Xiang. His speed was extremely fast, and many people were unable to catch Jiang Haokun's figure, while Jiang Haokun had already arrived in front of Chen Xiang, thrusting his sword towards the center of Chen Xiang's brows.

However, the moment the sword touched Chen Xiang's forehead, it was blocked by the golden-white light that flickered between Chen Xiang's brows.

"Infinite Dao power." An old man from the Heaven Wasteland Aristocratic Family shouted.

Great Landlord was also surprised. He knew that Chen Xiang had cultivated the Boundless Dao Qi, but he never expected that Chen Xiang had already condensed it into his energy.

This also meant that it was close to the symbol of the Dao god gold body, and the Infinite Dao power was also very terrifying.

Just now, Chen Xiang's entire body was flowing with Infinite Dao power, so he could feel a wave of energy attacking him, then he used his own energy to stop it.

"This guy is really fast, I really can't dodge it. These Holy Son of Heaven Wasteland are pretty capable." Chen Xiang's heart jumped as he thought that his forehead was about to be penetrated, but unexpectedly, it was blocked by the Infinite Dao power.

Chen Xiang suddenly released a burst of spatial energy that penetrated through the Tenfold Door, sealing Jiang Haokun instantly by this spatial energy.

At the same time, Chen Xiang channeled the Infinite Dao power in his body, and then transferred this energy into the Divine Sense Sea, charging straight for the ten great opening Tao profound Door.

When the Infinite Dao power rushed through the first gate, Chen Xiang had already felt that the entire Divine Sense Sea was trembling and surging, which meant that the Divine Sense Sea had received a certain amount of attack.

And after rushing through the second stage of Tao profound Door, the ocean water inside the Divine Sense Sea began to churn even more violently, causing the entire Divine Sense Sea to tremble violently.

"To think that the Infinite Dao power could actually be so terrifying when passing through the Tao profound Door." Chen Xiang was very surprised in his heart. He thought that he would be able to pass through it easily like Dao Force.

After passing through the third stage of the Tao profound Door, Chen Xiang's head started to hurt.

"Enough." Chen Xiang also felt that it was about time. If this carried on, his Divine Sense Sea would definitely not be able to take it.

"Die." Chen Xiang released the Infinite refining that had passed through the third level of the profound door. It overflowed from the center of his palm and flashed with an extremely glaring white light, and carried an extremely terrifying energy wave with it as well. That aura was unbearable for many people, and they all spat out blood.

As for the plaza itself, it started to crack due to the violent shaking. When many people became aware of the danger, they all began to distance themselves from it.

Chen Xiang's palm had already struck Jiang Haokun's body. The Infinite Dao power surged out at this time and enveloped Jiang Haokun completely.

Boom.

The Infinite Dao power was simply too terrifying, even himself did not expect that after he passed through the third level of Tao profound Door, he would have such immense power, that he could even shake multiple formations on the fighting stage.

Great Landlord was also shocked, the force released by Chen Xiang just now was comparable to a few Dao Sovereigns just now, and when he saw Chen Xiang flying in the air, he quickly flew over.

"You ... "The one with the surname Qian, where did he come from?" The people from the Heaven Wasteland Aristocratic Family were furious once again. Although their Holy Son of Heaven Wasteland did not suffer any more violence, they died very thoroughly.

Another Holy Son of Heaven Wasteland was killed in front of their eyes, which was a very strong provocation to them.

"Wait a minute, it's not over yet. Your two Holy Son of Heaven Wasteland s have been defeated, the winner should get a reward." Great Landlord was still very calm as he laughed.

"You still want a reward?" The old man from the Heaven Wasteland Aristocratic Family said angrily.

Of course, you can't help it if you don't give it to us. After all, your Heaven Wasteland Aristocratic Family has always been this shameless. The Great Landlord mocked.

The old man from Heaven Wasteland Aristocratic Family had a cold and murderous look on his face, but he still took out a jade box.

"As long as you give him a reward, you can tell me where he came from, right?" the old man asked coldly.

"Yes, quickly." Great Landlord said, because he had told Chen Xiang before that if he won, there would be a reward.

So Great Landlord will try his best to help Chen Xiang obtain the reward.

The old man from the Heaven Wasteland Aristocratic Family threw a jade box to Chen Xiang. After Chen Xiang opened it, he saw the pill formula and the medicinal ingredients inside.

"You can say it now." The old man from the Heaven Wasteland Aristocratic Family said coldly.

Chen Xiang did not know why the other party would care so much about his background, and the Great Landlord knew as well.

"He's from Divine Wasteland." The Great Landlord said seriously: "Don't think that just because you have someone from the Divine Wasteland that we don't have. Hehe, he is just a little kid that came with the elder to join in the fun."

They had already experienced Chen Xiang's strength, so they did not doubt Great Landlord's words at all. In their opinion, only those who had climbed down from the Divine Wasteland would have such terrifying strength.

"Let's go." Great Landlord grabbed Chen Xiang and flew towards the city gate, and immediately left the city.

Chen Xiang didn't know why Great Landlord would lie to him, but he definitely had a reason.

"Brat, in a bit, there might be people chasing after us. At that time, I see that you can't take care of us, so you should escape on your own as you see the situation." Great Landlord sent a sound transmission to Chen Xiang.

"Oh, how do you know?" Chen Xiang asked, up till now, he still did not have anyone chasing after him.

"I guessed it, I intentionally tricked those people that said you came from the Divine Wasteland, they would definitely inform the people from the Divine Wasteland about this matter immediately. At that time, those people from the Divine Wasteland might come to find us." Great Landlord said, "When the time comes, I will kill them all. If these fellows don't die, I will be very worried."

Chen Xiang was secretly shocked, the Great Landlord actually wanted to kill the expert who came down from the Divine Wasteland.

"Great Landlord, are you strong enough?" Chen Xiang was a little worried. After all, he came down from Divine Wasteland.

"Let's take a look first. Even if I can't beat him, I should still be able to run." Great Landlord didn't have any confidence now, so he could only fight and see.

Suddenly, Chen Xiang sensed a very strong Qi, and he also sensed that space was being pressured by a too strong force, causing space to distort and distort.

There were very strong people approaching.

"They're coming. You run first. There's two of them in total. It seems that they are very confident in themselves that they can take care of me. This is also good." Great Landlord suddenly let go of Chen Xiang.

Chen Xiang immediately used Teleportation, moving far away from this place. When he teleported, he felt a very terrifying power lock on him, but that power was quickly cut off.

"The Great Landlord is really strong." Chen Xiang was already far away from the place he was in just now, but he was still a little worried. He then used the Counter Power to pass through the ten stages of Tao profound Door, making himself transparent, and stealthily proceeded towards the battlefield.

When he approached, he saw a massive tree standing tall, covering the sky and covering the earth. This tree had countless thick vines, and these vines were extremely nimble, dancing chaotically like lightning. The vines also contained a terrifying amount of dao energy, as if they were attacking something.

"Amazing, the Great Landlord himself can actually traverse these tree vines, just like a shadow, and not be touched by the tree vines. Could it be that he released the tree vines, so he is not affected by it?" Chen Xiang was shocked.

Great Landlord was fighting with the two middle-aged men, and the two men were very strong as well, the force of the force causing gusts of wind to wreak havoc on the ground, and with every attack, the vines would fall a lot, but the big tree had a very strong regenerative ability, and many vines instantly grew out of it.

"Hehe, you guys are still too weak. Divine Wasteland came down with just this much strength." sneered, every time those two people released a very powerful attack, Great Landlord would hide behind a big tree and use a tree trunk to block the attack. Although a large part of the tree trunk was destroyed, it was very quickly found.

Chen Xiang felt that this large tree should be a treasure of the Great Landlord. Otherwise, it wouldn't have such a heaven opposing power, to think that it would actually be able to block the attacks of two of the Strong of Divine Wasteland s.

"Hmph, you bastard who betrayed his master. We will definitely kill you today." A Strong of Divine Wasteland said.

"Betrayal of Master." After Chen Xiang heard this, he was very surprised in his heart. If Great Landlord had a master, then he should be the one who established the Heavenly Dao.

However, Great Landlord had said that there was a problem with the Heavenly Dao. As for why, he was not sure either, and only the Divine Wasteland would know.

"He betrayed himself! He even betrayed himself! Why do I still need to betray him?!" Great Landlord sneered: "You lackeys, don't think that just because you're loyal to him, you will be alright. In his eyes, you guys are even worse than dogs."

The big tree suddenly flickered with a gold light, and released a very peculiar gold light. The two Strong of Divine Wasteland who were rushing towards Great Landlord, suddenly slowed down a lot, and Great Landlord also rushed over at this time, throwing two and two punches and two kicks, sending one of them flying, and at this time, the big tree's gold light also disappeared, it did not last long.

However, to be able to injure one Strong of Divine Wasteland, he had to struggle against two previous Strong of Divine Wasteland s. Now that he was able to fight the other Strong of Divine Wasteland alone, it became much easier for him.

The Strong of Divine Wasteland that was just sent flying by Great Landlord had already suffered a heavy injury, so Chen Xiang immediately flew over with excitement.

"I can finally try out the poison given by Elder Sister Xiao Ling." Chen Xiang thought excitedly.

Chen Xiang selected a white box. Inside the box was the Heart Devouring Bone Poison, an extremely terrifying type of strange poison that Du Xiaoling had given him.

After the Strong of Divine Wasteland was knocked away by the Great Landlord, the skin on his body had all split open, and there were extremely shocking cracks all over it. When Chen Xiang got closer, he used the power of space to sprinkle a large amount of Heart Devouring Bone Transformation Poison through the air.

Just as Strong of Divine Wasteland was about to eat the healing pellet, he was suddenly enveloped by a white powder that suddenly appeared. Because, when Chen Xiang used his spatial power to remove the poison powder, the distance was extremely close, almost as far as a hair's breadth. Thus, all of the powder was scattered onto the opponent's body in an instant.

"What poison is this?" The Strong of Divine Wasteland screamed. He who was originally sitting down suddenly turned into mud and turned into a pool.
