

The Primitive Emperor Race s were all extremely noble people in this Primitive Sacred Land. Normally, they rarely lost their lives, and the last time someone from the Di Clan died was many years ago!

But now, an Imperial Bloodline Clan member had actually died in front of so many Imperial Clan members, and in fact, in a miserable manner. Many people simply couldn't believe that a powerful Imperial Bloodline Clan member would be so weak in front of a Outsider like this!

Just as everyone was shocked, Ling Yuanguan had already rushed over. Chen Xiang was his slave, killing the Di Clan was already a huge disaster to him. He had to kill Chen Xiang with his own hands, otherwise, if he continued to blame himself, it would be very troublesome.

Ling Yuanguan's speed was extremely fast. He was just at the other end of the plaza a moment ago, but had already rushed over in the blink of an eye. After arriving, he took out that black colored long rod.

The moment the black rod appeared, it immediately smashed towards Chen Xiang's face. Just as it was about to hit Chen Xiang, Chen Xiang flashed strangely, and then, he grabbed the black rod.

Ling Yuanguan's strength had far surpassed his imagination. He was very clear that Chen Xiang wasn't that powerful three months ago, but he was now this much stronger than before, and he was very suspicious. Just what had this alien experienced in the past three months, for his strength to actually increase so frighteningly.

Just as Ling Yuanguan was panic-stricken, he suddenly felt something locking his body in place, preventing him from moving.

It was the power of the spatial laws that Chen Xiang had absorbed from the Dao god soul.

"Bastard, I'll let you hit your father. Now, I'll let you have a taste of the power of this stick!" Chen Xiang sneered, and then fiercely smashed the rod towards Ling Yuanguan's face.

When the long rod landed on Ling Yuanguan's face, Ling Yuanguan immediately screamed miserably like a pig being butchered, and a new cut appeared on his cheek.

"Hmph, I'll let you hit me!" Chen Xiang madly whipped Ling Yuanguan, causing Ling Yuanguan to scream miserably, his throat was hoarse and his head was beaten black and blue.

Everyone watched with trepidation. Even two of the Emperors were unable to defeat this kind of Outsider!

"Haha ..." Primitive Supreme Lord suddenly laughed out loud. "Rong'er, this outsider is really amazing, pulling a carriage for us is the most appropriate choice. Let's see how I can tame him!"

When Chen Xiang heard the voice, he immediately threw out a Fire cloud palm towards Ling Yuanguan. Although the palm image he produced was small, when it smashed into Ling Yuanguan's body, it released a large circle of fire.

When the flame burst out, it covered an area of several hundred feet. The flame rose high into the sky, affecting the audience.

"Alien, don't be so arrogant. Let's see how This Emperor will subdue you." Primitive Supreme Lord's voice came over, he waved his hand at the flames, and a gust of wind swept over, sweeping away all the flames.

When everyone saw this, they immediately shouted out, talking about how mighty the Great Emperor was.

Primitive Supreme Lord had his hands behind his back, looking down at the world arrogantly, as if Chen Xiang was an ant in his eyes.

"Kneel!" Primitive Supreme Lord said coldly, his voice was filled with power.

Chen Xiang clenched his fists. The Primitive Supreme Lord was indeed very strong, and was not someone he could handle right now.

"Kneel your ass!" After Chen Xiang finished speaking, he teleported to the area of the Di Clan's seats and threw the Six Realms mirrors out.

The Six Realms mirrors was currently in a very small shape, only the size of a palm. After Chen Xiang threw it out, under his control, he stuck it closely on the abdomen of that "Rong'er".

This Rong'er is Primitive Supreme Lord's fiancée. Primitive Supreme Lord also didn't think that Chen Xiang had such a miraculous ability and instantly went up there. And when he went over, Chen Xiang was already behind Rong'er.

The moment Rong'er saw Chen Xiang, the Six Realms mirrors had stuck itself onto her abdomen, preventing her from moving at all. And in the next moment, Chen Xiang was already standing behind her.

"Bastard, what are you going to do to Rong'er?" Primitive Supreme Lord's forehead was immediately filled with veins.

"In your eyes, I'm just a carter, but I, the carter, want to taste the Emperor's gentleness." Chen Xiang laughed wildly, then fiercely kissed that noble and cold Rong'er, revealing her sexy lips.

This caused the Primitive Supreme Lord to be enraged. The power unleashed by the explosion spread out in all directions, causing the Imperial Clans beside him to cough out blood, and the entire plaza to shatter into pieces.

"I'll take your wife, haha ... I will definitely treat her gently. " After Chen Xiang finished speaking, he controlled the Six Realms mirrors to keep Rong'er inside, and threw a handful of the God-eclipse powder out. After hearing the waves of screams, he didn't even look at the people who were hit by the God-eclipse powder, and immediately teleported away.

The fact that Chen Xiang was able to use his spatial energy made him like a fish back in the water. He easily left the plaza and arrived at the underground chamber that Wan Yuxiong had locked up in within a few moments.

[Chapter 2642](#)

"What's wrong? "Why is there an earthquake outside?" Seeing Chen Xiang coming over, Wan Yuxiong anxiously asked: "There is still a very fearful aura."

"It's nothing, I just snatched Primitive Supreme Lord's fiancée away." Chen Xiang snickered and used a White Tiger Leaping into the iron cage. He grabbed Wan Yuxiong and then used the White Tiger Leaping out of the cage.

Wan Yuxiong took a deep breath and said in surprise, "In such a short period of time, you entered the Dao Sovereign realm? It's really powerful, and it's even able to use the power of space! "

Of course, what shocked Wan Yuxiong the most was that Chen Xiang had actually snatched away Primitive Supreme Lord's fiancée!

Rumble rumble rumble!

A shaking sound could be heard. It was obviously the anger of the Primitive Supreme Lord!

"Senior, let's go. The Primitive Sacred Land isn't safe right now." Chen Xiang pulled Wan Yuxiong and consecutively teleported away from the Primitive Sacred Land. They arrived at a forest outside the Primitive Sacred Land. Wan Yuxiong was still feeling the anger of the Primitive Supreme Lord: It seems that you really did kidnap the Primitive Supreme Lord's woman.

At this moment, her cold and arrogant jade face was filled with anger. She had been forcefully kissed by Chen Xiang, and even Primitive Supreme Lord didn't dare to kiss her.

Wan Yuxiong was also an old cunning fox. Seeing Rong'er's expression, he knew that Chen Xiang must have done something.

"Lin Xirong, long time no see, do you still remember me?" Wan Yuxiong laughed.

"You ... You old bastard, who exactly is this bastard? I must kill him! " Lin Xirong shouted in anger.

Chen Xiang did not expect Wan Yuxiong to recognize her, so he quickly asked: "What is the background of this woman? Primitive Supreme Lord is very respectful to her! "

"Her father is the old Primitive Supreme Lord ... Her father went to the passage of the Myriad Gods Abyss, and wanted to enter there. But before he went in, his father gave me the Emperor seal. " Wan Yuxiong said: "Only some people do not believe that I stole the Emperor seal, hmph!"

Wan Yuxiong actually had such things happening within the Primitive Sacred Land. It could be seen that his relationship with the Primitive Supreme Lord was very good.

"So she is the daughter of the Primitive Supreme Lord! If she was not a Primitive Supreme Lord, why did she let that guy be the one to do it? " Chen Xiang walked over and pinched Lin Xirong's cold and beautiful face. It was extremely smooth, and she couldn't help but use her hands to touch it.

Lin Xirong couldn't move at the moment, he could only allow Chen Xiang's hands to wreak havoc on her face. This made her hate him so much that blood dripped from her heart, and she wanted to bite off Chen Xiang's body and eat him.

That fellow is called Zhao You, and his father was previously the right-hand man of the Primitive Supreme Lord. Because he was engaged to Lin Xirong and because his strength was not bad, he was bestowed the title of Primitive Supreme Lord, but many people do not recognize him. "

"It's mainly because there are no Emperor seal!"

Wan Yuxiong chuckled, took out a rock and said: "This thing is a Emperor seal, but no matter how you look at it, it doesn't look like it!"

"Old bastard, quickly return the Emperor seal to me. That was left by my father." Lin Xirong shouted in anger.

"Little girl, you're too inexperienced. We were tricked by Zhao You, that bastard. Did he tell you that if he obtained the Emperor seal, he would give you the phoenix feather from his Zhao Clan?" Wan Yuxiong laughed.

"So what if I am, I just want the phoenix feathers of his family. Only with the phoenix feathers, I will be able to fly into the passage of the Myriad Gods Abyss, enter the Divine Wasteland and find my royal father, and then kill this scoundrel who blasphemed against me." As Lin Xirong spoke, he was still happily rubbing her smooth face.

"Chen Xiang, can you promise me one thing?" Seeing how Chen Xiang treated Lin Xirong, Wan Yuxiong could not bear to do so.

"Tell me about it." Chen Xiang finally let Lin Xirong go. Seeing that Chen Xiang finally moved his hand away, Lin Xirong immediately scolded him.

"I have some relationship with her father, don't make things too difficult for her, definitely don't make things difficult for her ... "That's it." Wan Yuxiong said.

"I just kissed her on the mouth. Is that okay?" Chen Xiang laughed, hearing his words, Lin Xirong's heart was once again set ablaze with anger, she kept cursing Chen Xiang, but she kept cursing him was only a hooligan, a bastard, a bad guy ...

"This... Well, it should be fine! The reason why she did not marry Zhao You was only because Zhao You did not find the Emperor seal. " Wan Yuxiong threw the Emperor seal to Chen Xiang and said: "Let me gift this to you, I don't know what use it has! I don't think there's much use in that, otherwise the old Primitive Supreme Lord wouldn't have given it to me. "

Lin Xirong laughed coldly: "Only I know how to use Emperor seal, and Emperor seal have intelligence, and only the Emperor's Mandate can use them! If that Zhao You doesn't have that kind of life, will you have one? "

This was only a black stone, and it was very irregular. This kind of stone could be seen everywhere, no matter how you looked at it, it wasn't a Emperor seal!

Chen Xiang took the stone and walked to Lin Xirong's side. He pinched her chin and revealed a sinister smile: "Little girl, quickly tell me what this Emperor seal is used for If you don't say it, I will torture you to death gently. "

"You ... You dare, didn't that old bastard already tell you? He is close to my royal father, so don't make things difficult for me! " Lin Xirong suddenly started to worry, if Chen Xiang dared to forcefully kiss her mouth in front of so many people, he must be able to do everything.

"Yes, but I didn't agree!" Chen Xiang chuckled: "If you don't cooperate, then don't blame me for being impolite."

"You ... What are you trying to do! " Lin Xirong saw Chen Xiang taking off his belt.

"I need to pee..." Chen Xiang had just said these three words when she shrieked in pain. Even though she was cold and elegant, she had never been treated like this before.

"Lin Xirong, hurry up and tell him." Wan Yuxiong sighed.

"I said, but you have to promise to let me go." Lin Xirong thought about it and said.

"How can we do that? It wasn't easy for me to catch a beauty like you, so I couldn't bear to let you go! Forget it, it's better that I don't know the secrets of the Emperor seal. Chen Xiang laughed sinisterly: "You need to be clear, you do not have the qualifications to negotiate with me."

"Bastard!" Lin Xirong cursed in his heart, and said: "I'll tell you if I tell you, but you won't be able to play any role with the Emperor seal, even my royal father won't be able to use the Emperor seal."

Wan Yuxiong frowned: "No wonder he gave me the Emperor seal, it's useless!"

Lin Xirong gave a light snort: "Only those with Emperor's Mandate, will be useful ... The black color on the Emperor seal s has become black after being soaked in too much blood. "

Chen Xiang looked carefully, and said: "Seems like it, could it be that it was refined using fresh blood?"

[Chapter 2643](#)

"Of course not, that was something my royal father tried to do when he collected the blood of all the people of the Overlord Realm ... "Because the Emperor seal will only react if it touches someone's blood." Lin Xirong said: "In the past, my royal father had already secretly tried to use my blood, but there was no response."

"Therefore, it's useless for Zhao You to have obtained this thing."

Chen Xiang looked at Wan Yuxiong, feeling a little doubtful: "Then why do you want to do it so much? And you even used his family's phoenix feathers to exchange with you! This thing is just a broken rock! "

"Hmph, Emperor seal is not a broken stone. In front of my royal father, there were a hundred primitive ancestors, and one of them used the Emperor seal to create this Primitive Sacred Land to beat back the many experts who came down from the Myriad Gods Abyss. Lin Xirong coldly snorted.

Wan Yuxiong exclaimed: "So the rumors were true! The Primitive Land does have a hundred ancestors, and every time they went through a round of destruction, one of them would die. But in the end, one of them was extremely powerful, blocked that destructive force, and even killed many experts from the Divine Wasteland. "

"Elder Wan, try and see if there's any reaction." Chen Xiang handed the stone over.

Wan Yuxiong immediately dripped blood on it, but there was no reaction at all.

"No matter how I look at it, this old fellow doesn't seem to have the will of the Emperor. It's normal that he doesn't react ..." Even though Zhao You is a bit more arrogant, after all, he is the person with the most Emperor's fate after my royal father, but there is still no reaction to his blood! Of course, he does not know about this. If I had told him, he definitely would not have agreed to give me the phoenix feather! "

Lin Xirong laughed coldly: "Don't think that I don't know that Zhao You married me for the sake of the emperor. If he brought along the Emperor seal, then he would be able to sit firmly in Primitive Supreme Lord and the subordinates of my royal father back then would also listen to his orders."

"With the phoenix feather, I can really fly?" Chen Xiang asked.

"Of course. Back then, there was a phoenix that came down from the Myriad Gods Abyss and engaged in a great battle with its ancestors. Although it lost in the end, it was able to escape in time, and even dropped a huge feather. Lin Xirong said: "Right now, I will wear it on Zhao You's body."

Chen Xiang suddenly thought of the Little Vermillion Bird he released previously. At that time, he felt that it was strange too, but now that he heard Lin Xirong's words, he understood that all the Heavenly beast birds could fly here.

"Lin Xirong, although you are proud and arrogant, you look quite good. You are also a daughter of the Primitive Supreme Lord. "You really make me feel better. How about this, if you obediently become my female slave, I can give you a few sets of phoenix feathered clothes. How about that?" Chen Xiang laughed.

"Dream on!" How could the phoenix feathered robe be that good? " Lin Xirong snorted: "You only know how to brag!"

Chen Xiang shook his head and sighed: "I'm serious right now, I know a Phoenix, she ... She is already considered my wife, so I can ask her to give me some feathers to make a phoenix feather coat. "

"You can't even fool a kid who plays with sand with a lie like that, and you want to trick me? Do you take me for an idiot? " Leng Lin Xirong looked at Wan Yuxiong and said: "Old man, do you believe his words?"

Wan Yuxiong looked at Chen Xiang, shook his head, and nodded. Then he laughed bitterly: "I don't know either, but don't you think this brat is very powerful? to capture you in front of Zhao You, and then save me. "

Lin Xirong was right, what Chen Xiang did was really unbelievable. Even now, she still could not understand how Chen Xiang did it.

Chen Xiang looked at the Emperor seal in his hand and muttered to himself: "What a strange thing, there's a ball of gold inside, I wonder what that thing is, what kind of power does this Emperor seal have?"

"Hmph, no matter how powerful you are, it's not yours. You don't have Emperor's Mandate." Lin Xirong said from the side: "Let me go quickly. Otherwise, if my royal father comes down from the Myriad Gods Abyss and finds out about this, he definitely won't let you off."

Chen Xiang ignored her and took out his Heavenly magic sword s to cut his own finger. A drop of blood fell and dripped onto the black stone.

The stone still did not respond.

"Haha ..." Lin Xirong laughed loudly: "I already told you that you don't have an Emperor's Mandate, but you didn't believe me! If you really have the Imperial Mandate, so what if you are a female slave? However, how could someone like you possibly be someone with Emperor's Mandate? "

"Oh? "Don't go back on your word!" Chen Xiang smiled slightly.

"What is it? Didn't you just try it? Look, even the Emperor seal in your hand didn't react. Do you really think you can do it? No matter how much blood you drip, it won't work. " Lin Xirong said.

Just as she finished speaking, she saw another drop of blood flowing out from the place where Chen Xiang's finger was cut, but not long after that drop of blood came out, it turned golden and started to shine with a gold-red glow.

"This is the golden blood of a Dao God ..." Why is it that you, kid, have such a dense amount of Dao God gold blood? " Wan Yuxiong cried out in shock. He himself had managed to cultivate the Dao god gold body, but it was only an extremely faint gold color.

As for Chen Xiang's golden blood of the Dao God, it was indeed a thick golden color and it was also emitting a golden red blood aura.

Seeing the golden blood on Chen Xiang's fingertips, Lin Xirong was also stunned: "This is ... This is the God Emperor's blood! "

The golden blood on Chen Xiang's fingertip had already dripped onto the Emperor seal, and immediately, a golden light exploded out from the Emperor seal's body. That blinding light caused Wan Yuxiong and Lin Xirong to close their eyes, because that light caused them to feel too much pain, as if their eyes were about to be blinded.

On the other hand, Chen Xiang was fine. He saw that the thing on the surface of the stone was falling off, and the black color was a solidified blood clot. It had been accumulating for many years already, which caused the Emperor seal to become a black stone.

After shedding, Chen Xiang saw a small imprint made of gold and jade. He quickly grabbed it and looked at it carefully, the imprint had a dragon carved on it, and on it sat a golden jade dragon, looking lifelike.

Chen Xiang grabbed the little golden jade dragon on the back of the Emperor seal and firmly imprinted it onto the ground ...

Roar ...

A muffled dragon's roar suddenly sounded out, and then the surrounding mountains started to collapse, and the ground began to undulate up and down like the surging waves of the sea.

Chen Xiang took his Six Realms mirrors and teleported away with Wan Yuxiong.

After leaving the forest far behind, Chen Xiang put Wan Yuxiong and the Six Realms mirrors down. The green forest formed by the hundreds of thousands of mountains just now had already been razed to the ground.

"This is the power of the Emperor seal!" Chen Xiang exclaimed, looking at the small and exquisite Golden Jade Seal, he liked it more and more, because the power was too terrifying.

"You ... How did you get the Imperial Mandate? It's impossible, it's impossible, you are a rascal like you, it's impossible for you to get the Emperor seal's approval. " Lin Xirong shouted crazily, as if his entire world had been turned upside down.

[Chapter 2644](#)

Chen Xiang had already seen the power inside the Emperor seal before, and the power was similar to the power of Dao god gold body, so he had used his own Dao God Gold Blood Test. He did not expect it to actually succeed, and this also made him very happy.

"Hehe, perhaps you are destined to become my slave. Did your words just now count as true?" Chen Xiang smiled and caressed Lin Xirong's jade face that was filled with shock.

"Hmph, don't think about it. I was just saying it. Don't you know that a woman's words aren't real?" An arrogant woman like Lin Xirong would definitely not willingly become Chen Xiang's female slave, not to mention that she had only said those words just now.

"It's fine. Since you're in my hands, you'll follow me for the rest of your life. I have plenty of time to teach you." Chen Xiang laughed, then patted her jade face.

"Elder Wan, what are your plans now?" Wan Yuxiong had once entered that forbidden grounds, he was sure that he knew some of the secrets there. Chen Xiang planned to have him lead the way, to go in and investigate.

"This... Anyways, the area around Primitive Sacred Land is not safe. Just now, when you used the Emperor seal, you created such a big commotion, that someone would be coming over very quickly. Furthermore, you captured Lin Xirong now, so Zhao You will definitely search for you everywhere no matter what. " Wan Yuxiong replied: "It's better to stay far away from this place for now."

Chen Xiang looked at Lin Xirong and said: "Elder Wan, I plan to enter the forbidden grounds to have a look. How much do you know about the interior?"

Wan Yuxiong was shocked, and shook his head: "You better not go, the Primitive Sacred Land's forbidden area is no longer the same as before. There is a big problem with the forbidden area, there seems to be something hidden inside."

Lin Xirong also anxiously shouted, "That's right, the old fellow is right. It is extremely dangerous in the forbidden grounds, the few experts from our Imperial clan that entered have all died."

"Why is this happening?" Chen Xiang frowned, because there was a path that led to the Myriad Gods Abyss in the forbidden grounds. He wanted to return to the Natural Law World through that path, and he wanted to know how the Natural Law Divine Realm was doing right now.

Thus, no matter how difficult it was, he had to give it a try. He couldn't just die here, as he had his friends, family, and his beloved woman in the Natural Law World.

"Don't ask me, I don't know either. In short, don't go in now. Once you enter the forbidden area, it will be very difficult to come back. There is a terrifying force gathering inside right now." Lin Xirong advised.

"Of course, if you want to go in, don't bring me along, I don't want to die with you."

Chen Xiang shot a glance at her, and said: "Don't worry, I will definitely bring you along. You are currently my female slave. Who asked you to have such a cheap mouth, making me a carter. Hmph hmph, now do you know how strong I am! "

"Then... That is Zhao You's business, what does it have to do with me? Quickly release me, don't bring me into that life-threatening place. " Lin Xirong said: "Unless you have the phoenix feathered robe, otherwise, only death awaits you when you enter."

"I can safely enter without using the Phoenix Feather Robe. In short, I've decided to enter!" Chen Xiang said: "In any case, since I'm dead, I have you to accompany me. What am I afraid of!"

"Bastard, you scoundrel! Smelly scoundrel! Smelly scoundrel, quickly release me! Otherwise, if my royal father comes back, I will not forgive you!" Lin Xirong started to curse loudly.

"With you in my hands, now that your royal father is back, what can he do to me?" Chen Xiang laughed and rubbed her jade face: "You better behave, or else I'll cover your mouth!"

Chen Xiang licked his lips, trying to kiss her!

Thinking back to how she was forcefully kissed by Chen Xiang, Lin Xirong was immediately enraged in her heart. Her jade face immediately became frosty, and her teeth itched with hatred.

"So you're going in now?" Other people might die, but I don't think you will. Wan Yuxiong said.

"No, I plan to get rid of Lin Ting first. After that, I want to return to my usual place and find someone I know." Chen Xiang said, he planned to return to the Ji Tribe to bring Ji Yuelan away.

Ji Yuelan was such a good woman, he did not want Ren Xin to stay here, and planned to bring her back to Natural Law World.

"Alright, let's go and kill Lin Ting first!" Wan Yuxiong also hated Lin Ting very much: "Do you want me to go with you?"

"No need, I'll do it myself!" Elder Wan, you can go to a place first, I have a friend there. " Chen Xiang told Wan Yuxiong the location of the tribe.

Although this Wan Yuxiong was an expert above Divine Wasteland, because he had been trapped here for so many years, his strength had weakened greatly, and Chen Xiang did not want him to take the risk.

Wan Yuxiong and Chen Xiang parted ways. He had to stay away from the Primitive Sacred Land to prevent himself from being captured again, because he did not have Chen Xiang's powerful spatial strength. Before he left, he had even instructed Chen Xiang to take good care of him.

Chen Xiang sealed Lin Xirong inside the Six Realms mirrors and then left this place. The Primordial Spirit Race had a mysterious method that could easily track him.

He teleported to a barren mountain and took out the Six Realms mirrors.

"Xi Rong, how did you primitive people find out that I'm from another world?" Chen Xiang asked while rubbing Lin Xirong's face.

Coldly cold beauties like Lin Xirong liked to touch this kind of face the most, especially when they saw the anger all over Lin Xirong's face ...

"Bastard, don't call me so affectionately. I don't even know you." Lin Xirong shouted in anger.

"Why aren't you familiar with it?" I've already kissed you. " Chen Xiang laughed: "Quickly tell me, or else I will strip you of all your clothes! Elder Wan is not here, I dare to do anything!"

"You ... How can you go back on your word like that? Didn't you promise Elder Wan that you wouldn't do anything too excessive to me? You must keep your promise. " Lin Xirong was suddenly afraid, especially after seeing the look in Chen Xiang's eyes.

"You already said that I'm a scoundrel and a scoundrel like me, how could I keep my promise?" Chen Xiang laughed, touched Lin Xirong's earlobe, and then, placed his hand on her back, slowly slid down.

When Chen Xiang's hand had reached the small of her back, she shouted out: "I'll speak, I'll speak, hurry and stop!"

"That's more like it!" Chen Xiang laughed, and kissed her cheeks. This made Lin Xirong angry in his heart again, and wished for nothing more than to cut off Chen Xiang's mouth.

"Our primal clan all has a primal core within, this primal core can release a formless energy, we can usually sense whether the other side has this kind of primal core or not." Lin Xirong replied, "But there aren't any foreigners, so I can tell with a glance."

"So that's how it is!" At this moment, Chen Xiang was using the Dao heart Eye to look at Lin Xirong's chest. On top of Lin Xirong's chest, there was indeed a ball of golden light.

[Chapter 2645](#)

Lin Xirong saw that Chen Xiang was staring at her well-developed chest in a daze, causing her to clench her teeth. She was terrified, afraid that Chen Xiang would pull her out completely and then do that kind of thing to her.

"Your Primordial Dan is in your heart?" Chen Xiang asked.

"Well, you can see it?" Lin Xirong was a little surprised, she did not tell Chen Xiang where the Primordial Orb was.

Chen Xiang suddenly pressed her hand on Lin Xirong's chest, causing her to scream out loud. She was currently seated on a Six Realms mirrors, and could not move at all.

"You scoundrel, what are you doing? Hurry up and take your hands off me, I'm going to kill you" Lin Xirong's ice-cold face was filled with panic.

"If you continue to call me that, I'll really skin you alive." Chen Xiang laughed, then activated the Devouring magic kungfu and absorbed a bit of the primordial internal pill's energy.

Lin Xirong also felt that a little of the original core's power had been lost. This did not have any effect on her, and she did not cry out.

"What are you doing? You can directly absorb the power of my original pellet?" Lin Xirong was very surprised. The man in front of him was just too powerful, he had all sorts of tricks up his sleeve.

Heh heh, just watch. Soon, I will also become an Emperor. Chen Xiang laughed, then took out his Chuangshi god furnace, and placed it inside the pill furnace after absorbing the power from the ball of him.

After he refined and used the Crash, the power of the Primordial Inner Core became much stronger and it was also extremely pure. After he took out a pellet from the Chuangshi god furnace, Lin Xirong's face was filled with astonishment.

"This is ..." This is the primordial energy that only ancestors can possess, you ... How did you do it? " Lin Xirong was shocked.

Chen Xiang swallowed the pellet, then kept it in his dantian, preventing it from melting.

"How about now? Do I still have the presence of a foreign cultivator on me?" Chen Xiang asked.

"There's nothing left ..." But why did the aura just now become weaker? That is something that only our Ancestors possess. However, the aura that you are emitting right now is also that of an Imperial Clan. " Lin Xirong shook her head. What Chen Xiang had done had given her too much shock, until she felt like she was in a nightmare.

If Chen Xiang was to enter the Primitive Sacred Land, if he was a foreigner, then even if he had changed his appearance, he would still be recognized. Therefore, the first thing he had to do was to imitate the aura of the Primordial Clan members, and then he would be able to stay inside.

Very quickly, Lin Xirong understood the reason for this action. She had already seen Chen Xiang turning into an old man, this way, she would not be discovered when he entered the Primitive Sacred Land.

"Alright, I will enter the Primitive Sacred Land now!" Chen Xiang put away the Six Realms mirrors and teleported into the Primitive Sacred Land. Everyone inside knew that Lin Xirong had been captured, and by some outsider at that.

What made everyone talk the most was that before Lin Xirong was captured, he was forcefully kissed by a foreign cultivator, and it was in front of Zhao You, the Primitive Supreme Lord.

And Zhao You still hadn't caught that person!

At this time, many people from the Di Clan were searching for Chen Xiang, many spirit race warriors loyal to the Di Clan had also joined in.

After Chen Xiang asked around, he finally found out about Lin Ting's situation. Lin Ting was a spirit race, but he was doing things for the Di Clan, and they were searching for him.

When Lin Ting first sold him, Chen Xiang was still holding his breath. He was walking on the streets looking for Lin Ting and now, Lin Ting was also searching everywhere.

Before, Chen Xiang was very curious about the Beast Crystals inside, but now he knew what they were. They were coins made from Beast Pills, and they contained energy that could be used to cultivate.

"All of you, stand to the side. Don't block us." A shout suddenly came from the distance, and everyone moved out of the way.

"Boom! Boom!" The sound came from the main street as if there was a heavy and ferocious beast running wildly.

Indeed, on the other side of the street, a middle-aged man was riding a huge black lion.

When Chen Xiang saw that the person riding the black lion was really Lin Ting, he was overjoyed. Then, he stood in the middle of the street and revealed the aura of an Imperial clan Inner Core.

Sensing this aura, Lin Ting, who was about to swing his whip over, instantly became terrified!

Although he was one of the stronger spirit races and had also performed meritorious deeds, he did not dare to offend the Di Clan. He immediately stopped the huge black lion.

"Master, what are you doing?" Lin Ting anxiously walked down from the black lion and bowed as he asked.

"Humph!" Did you want to hit me just now? " Chen Xiang's cold voice caused Lin Ting's heart to tremble, he was drenched in sweat. He had indeed brandished his whip, wanting to break Chen Xiang apart, but luckily he suddenly sensed the aura of the imperial family, otherwise he would have definitely lashed out ruthlessly.

"This... "Since the Emperor has summoned us, I am in a hurry. Please forgive me." Lin Ting anxiously said.

"Oh? Why did the Emperor summon you all here? " Chen Xiang asked curiously.

"I don't know, just say that it's urgent!" Lin Ting immediately said.

Chen Xiang took out a black rod. It was precisely Ling Yuanguan's pole, and when Lin Ting saw the pole, he was immediately shocked, because he knew who the owner of the pole was. There was only one person in the entire Primitive Sacred Land who had a rod, and that was Ling Yuanguan!

However, Ling Yuanguan had already died, and his stick had been taken away by a foreign cultivator.

"You ..." Lin Ting reacted and channeled his energy, but the black pole in Chen Xiang's hand had already hit his head.

"Ahh ..." Lin Ting screamed out, he had only heard of the power of the rod, and knew that it was extremely painful, but this was the first time he had felt it for himself.

"Bastard, do you know who I am?!" I killed you bastard, but you tortured me. " The rod in Chen Xiang's hand continued to hit Lin Ting.

Lin Ting really wanted to say something, but under the continuous slaps of the rod, he could only scream miserably without stopping, unable to say a single word. Furthermore, the power that he was channeling in his body was being dispersed by the power released by the rod, he was unable to exert any strength.

"I'll beat you to death!" Chen Xiang hit Lin Ting from head to toe, and the people on the street only watched. After all, they were beat up by the people from the Di Clan, and it was even a very arrogant guy, which was something they liked to see.

Chen Xiang did not hold back when he was hitting it, and now that he felt the power of the rod, he felt that the rod was definitely not made by someone from the Primitive Sacred Land, otherwise it would not be so powerful.

Especially when he was furiously whipping, the rod would extract the Primitive Tao Power from his body as if it had a mind of its own, and then use the strange power inside the pole to transform into a kind of power that would cause extreme pain to a person, but would not kill them.

Lin Ting had already fainted from the pain and seeing that it was about time, he swallowed all of Lin Ting's memories and threw them into the Chuangshi god furnace, setting it on fire.

[Chapter 2646](#)

After Chen Xiang dealt with Lin Ting, he strutted on his black lion and rushed forward. As he ran, he changed into Lin Ting's appearance. Ybdu.

"summoned all these people, not because of the capture of me, but because of some other important matter, what is it?" Chen Xiang learnt it from Lin Ting's memories.

He rode on his black lion and quickly arrived at the primordial Imperial Palace. In a huge plaza inside the Imperial Palace, there were also many strong warriors from the spirit race.

Chen Xiang came here to greet his subordinates and friends according to Lin Ting's memories, then he joined the team.

Zhao You flew over from afar, he was wearing a phoenix feather robe, he could fly anywhere he wanted, so when they saw him flying, they couldn't help but feel envious.

Now, Chen Xiang also somewhat understood why Lin Xirong was so desperate to obtain the phoenix feathered robe. No one could fly here, no matter how strong the force was, they were suppressed by a surge of energy, causing them to be unable to fly in the air. They could only hear the method of jumping, but there was a huge difference in how they flew.

Ladies and gentlemen, we will temporarily stop searching for that outsider. One of our Zhao Clan elders guarding the forbidden area saw a ball of fire suddenly appear. After the ball of fire dispersed, a phoenix appeared. Zhao You said.

"So, the most important thing for you to do now is to catch that phoenix."

was also very surprised that there was actually a phoenix coming out of the Myriad Gods Abyss's tunnel!

The Myriad Gods Abyss was the passage through which the Divine Wasteland came here, so it was not strange that the Divine Wasteland had Divine Phoenix Phoenix Sect. However, why would they come here?

When Zhao You was speaking earlier, he purposely sent his voice into the Six Realms mirrors to let Lin Xirong inside know.

After Lin Xirong heard it, he scolded inside the Six Realms mirrors: "Zhao You is also a bastard, he actually didn't think of finding me quickly."

"You bastard, quickly let me out! I want to catch Phoenix too!" Lin Xirong shouted.

"Don't even think about it. The phoenix is very strong, and it can fly. It's already good enough that you can see the shadow of the phoenix." Chen Xiang laughed: "However, as long as you become my female slave, I will agree to give you the phoenix feather clothes. But it will have to wait for me to return first, there is a phoenix in my world, moreover, it is very familiar with me."

"Stop boasting. Only a piece of trash like you would know the phoenix?" I don't believe it! " Lin Xirong thought that it was impossible for Chen Xiang and the divine Phoenix to know each other.

Zhao You then continued, "As long as we can find the phoenix, if I can catch it, I will use the phoenix feathers to make the phoenix feathered clothes as a reward."

With the phoenix feather clothes, they would be able to fly, so everyone here had decided to risk their lives to find that phoenix.

"Alright, let's start now. The phoenix isn't in the Primitive Sacred Land and it has already flown out. But don't worry everyone, we won't be able to find it. The Phoenix that descended from the Myriad Gods Abyss and rushed out of our forbidden grounds was injured by the power of the forbidden grounds. Zhao You said again: "Everyone, you may leave now!"

With that, everyone rode their mounts and rushed out of Imperial Palace, fighting to be the first to rush out.

"Hurry up and let me out, I'm going to find Phoenix." Lin Xirong shouted. She also wanted the Phoenix feather, which was also why she agreed to be engaged to Zhao You.

"How can Zhao You obtain something like the phoenix?" Chen Xiang snorted, while running, he teleported away from the black lion's back, and arrived outside Primitive Sacred Land.

Right now, he didn't have the strength to kill Zhao You, so he definitely could not let Zhao You obtain the Phoenix, otherwise, if Zhao You obtained it, it would be like adding wings to a tiger.

"It's not easy to find a phoenix either. This place is so big!" Chen Xiang could only teleport around and release countless Vermillion Birds that were as small as mosquitoes at the same time.

Right now, he was only sitting on top of a large tree. He closed his eyes and began to handle the scenes that the million little Vermillion Bird was watching. This was quite exhausting because he still had to use his spatial energy to sense the little Vermillion Bird.

Of course, he was now a Dao Sovereign. This was not a difficult task for him, and he could only slightly nod his head in response.

"Pitiful Rong, are the powers in the forbidden grounds very strong? Being injured by the power inside, and being able to quickly fly out of the forbidden area, what kind of power is this?" Chen Xiang asked, he wanted to confirm the Phoenix's strength.

"It means that the phoenix is very strong. Coming down from the Myriad Gods Abyss, it would have suffered heavy injuries, and right now, a terrifying power appears in the forbidden grounds. As long as it senses the presence of life, it would begin to attack. Lin Xirong said: "You let me go ... Let me look for Phoenix. I'll write off the matter between us, okay?"

"I don't trust you!" Chen Xiang said.

"You must believe me this time, I won't go back on my words this time. I really want to go find the Phoenix, I really want to leave the Myriad Gods Abyss to find my royal father!" Lin Xirong sighed softly: "My royal father also didn't think he could leave the Myriad Gods Abyss either. After he left, he never returned, he was my only family. In order to find him, I even decided to sacrifice my own body to get the phoenix feathered robe from Zhao You."

Chen Xiang thought for a while, then took out the Six Realms mirrors and unsealed it, allowing Lin Xirong to come out.

Lin Xirong was very strong, once she was released, she released a very terrifying imposing manner. She held onto the Jade money tightly, and then waved her hand, wanting to beat Chen Xiang.

"Hey, hey, you said to write off this promise. You have to keep your promise, or else the next time you land in my hands, I won't be polite anymore." Chen Xiang laughed: "How about you make a bet? Once you make a move, will I be able to catch you again?"

Lin Xirong bit her lips tightly, and snorted. In Chen Xiang's hand was a Emperor seal, she knew how powerful it was, and she was not confident at the moment. Moreover, Chen Xiang had many tricks up his sleeve, she was able to be captivated by him the last time.

"Hmph, at least you have a conscience!"

Lin Xirong gently snorted. Right now, she felt that Chen Xiang was not really that bad, that he had captured her without doing anything out of the ordinary, just touching her face was something insignificant. Of course, she still kept the matter of Chen Xiang forcefully kissing in her heart.

"Eldest Miss, do you know how much suffering I had to endure for an alien to be captured and beaten up like a savage beast? I didn't do anything that offended your Primitive Sacred Land and was sold as a slave. If it wasn't for me being able to become stronger in a short period of time, I don't even know how long I would have been tortured. "

When Chen Xiang talked about this matter, he was still very angry, "Now, you have also experienced this kind of feeling, right?!"

The haughty Lin Xirong had indeed experienced it and felt very uncomfortable. She did not say anything else.

"I'm going to look for Phoenix now. Everything from the past has been written off. The next time you see me, you don't have to hide from me." After Lin Xirong finished speaking, he jumped off the thick branch and started running on the ground like a bird.

Chen Xiang teleported around again, releasing a large amount of Little Vermillion Birds to a wider area.

[Chapter 2647](#)

Chen Xiang planned to first find the Phoenix before returning to pick Yuan Feng and the others up. At that time, he would enter the forbidden grounds with them and see if he could return to the Natural Law World.

He had been looking for the phoenix because he didn't want Zhao You to succeed. If Zhao You was able to capture the phoenix, his strength would increase by leaps and bounds.

After a few days, Chen Xiang released a few million little Vermillion Birds, which were all flying high in the sky. They all flew at a certain distance, covering an extremely wide area, and he believed that he would definitely be able to find the Phoenix.

Chen Xiang was also surprised at the Phoenix's strength. It was actually not in the vicinity of Primitive Sacred Land.

That phoenix could actually travel so far in such a short period of time.

Chen Xiang then realised something through the Little Vermillion Bird, it was currently dusk, the sky slowly darkened, and a flame suddenly appeared in the sky.

Seeing this flame, Chen Xiang was sure that it was a phoenix fighting. A phoenix was a fire type bird, when fighting it would usually release a strong flame.

"I've finally found it!" Chen Xiang controlled the little Vermillion Bird to get closer, in order to see it clearly. This way, he would be even more certain that there really was a phoenix there.

The little Vermillion Bird quickly flew over, and looking down from high up in the sky, Chen Xiang saw the Phoenix as expected.

Phoenix's body was currently not very big as she continuously flapped her wings and released waves after waves of flaming tornados. Those Primitive Emperor Race s and spirit race clansmen who wanted to get close to her were blown away by the flaming tornado and those who did not have time to defend were burnt to ashes by the advancing flame energy.

Chen Xiang immediately teleported over. He could still impersonate a primitive being at this moment, so no one noticed him when he blended into the crowd.

What he did not expect was that he actually saw Lin Xirong, who was fighting shoulder to shoulder with Phoenix!

"This woman is quite strong, to be able to fight Zhao You to a standstill." Chen Xiang was shocked. He felt that releasing Lin Xirong last time was really too dangerous, and if Lin Xirong really wanted to attack him, he didn't know if he could withstand it.

Emperor Divine Dragon Qi. His hands, were currently pushing the golden ball of air, which had a dragon head roaring non-stop.

Chen Xiang took out the Nine-Soaring Sky Divine Sword and teleported behind Zhao You. At the same time, he released the sealing formations inside the six divine mirrors and a sealing power shot out from the mirrors. Zhao You immediately felt like he couldn't move and his strength was gradually weakening as well.

"It's you!" Zhao You knew it was Chen Xiang, and shouted in alarm and fury.

"It's me, I'm here to send you on your way!"

With a wave of Chen Xiang's Nine Clouds Divine Sword, Zhao You's head was separated from his body, and his head was kept inside the World Creation Furnace. His body was also enveloped by the Emperor seal's power, turning into pieces.

"So powerful!" After Chen Xiang killed Zhao You, he suddenly felt more than ten powerful auras surging over, causing him to feel a pressure that felt like the sky had fallen on him.

He guessed that these must be those old fellows of the Primitive Emperor Race, powerhouses of the same generation as Lin Xirong's father!

"Let's go!" Chen Xiang had used a little Vermillion Bird to follow Xue Ying and the others just now, so he could teleport over with that little Vermillion Bird.

Xue Ying and Lin Xirong were both injured, but the situation was not too bad.

"Hurry up, the Primitive Emperor Race has brought over a dozen strong old fogeys ..." Just as Lin Xirong finished speaking, Chen Xiang appeared in front of them.

"Scoundrel, it's you!" When Lin Xirong saw Chen Xiang, his face turned white. "Run, this bastard is very bad!"

When Xue Ying heard it, she giggled and rolled her eyes at Chen Xiang. "You always like to bully girls."

Lin Xirong was startled, from Xue Ying's words, it was obvious that she knew Chen Xiang, and their relationship was very good.

"Let's go!" Chen Xiang laughed helplessly, grabbed Xue Ying and Lin Xirong and teleported far away from Primitive Sacred Land with just a few steps.

Chen Xiang brought the two girls to a beautiful place. Lin Xirong had been stabbed once, and his body still had Zhao You's power wreaking havoc.

Xue Ying looked at Lin Xirong's injuries and frowned: "Can you force yourself to come out? That power is too weird, I can't force it out. "

"This is the power unique to that bastard, Zhao You. It's extremely difficult to heal him now that he's injured." Lin Xirong cursed.

Xue Ying looked at Chen Xiang who was sitting by the side of the river and shouted: "Scoundrel, come look at her injuries!"

Chen Xiang walked over, pinched her face, and laughed: "Xue Ying, your master is my woman, you calling me that is not respecting your elders."

Xue Ying was wearing a white dress. Her long hair hung down to her chest. She was elegant and elegant, and her body emitted a faint aura of power. Unknowingly, she gave off a noble and powerful feeling.

Even Lin Xirong did not dare to look straight at Xue Ying, he did not expect Chen Xiang to directly pinch his face!

"Mad Demon Kneeling Face!" Lin Xirong looked at Chen Xiang fiercely, and snorted lightly.

[Chapter 2648](#)

had heard Chen Xiang say before that he knew of the Phoenix. At that time, she didn't believe him and said that Chen Xiang was just bragging, but now she believed him.

What surprised her the most, was that Chen Xiang was actually the man of the Phoenix Master!

Lu Qiren was Xue Ying's master, and also Chen Xiang's woman. Xue Ying had already known this since a long time ago, and she herself had some kind of indescribable emotion towards Chen Xiang.

"Alright, you saved me again. Help her!" Of course, Xue Ying could tell that Chen Xiang and him had grudges, and anxiously urged, as it was not Chen Xiang's first time saving her.

When Xue Ying was being attacked, Lin Xirong suddenly appeared to help her, which made her extremely grateful, so she was very concerned about Lin Xirong right now.

"No need, I just need to endure for a while to recover from this kind of injury!" Lin Xirong said: "Anyway, he doesn't like it!"

Chen Xiang squatted down and touched her arm, only to see her screaming in pain.

"Is there really a need? Are you sure you can do it?" Right now, she was wreaking havoc in Lin Xirong's body. As long as he touched her body, the energy in her body would become active, stimulating her body like needles, causing endless pain.

Lin Xirong clenched her teeth. That kind of pain had indeed made her feel fear, and if this continued, even a slight movement on her own would cause her to die from the pain.

"Then what can you do?" Lin Xirong asked.

"Chen Xiang, since you're so powerful, you must have a way, right?" Xue Yingyi frowned slightly, she wanted to wipe the perspiration on Lin Xirong's jade-like face, but Lin Xirong's face was in pain, she did not cry out because it was the Phoenix that was wiping her sweat.

"Of course I have a way!" Chen Xiang held Lin Xirong's hand, then channeled his Devouring magic kungfu and sucked the energy out.

"You ..." Lin Xirong thought about the matter of Chen Xiang absorbing the power from her Primordial Orb. If Chen Xiang could do this, it would definitely be possible.

"Will you be okay after absorbing this power?" Lin Xirong suddenly became worried and asked softly.

"Lin Xirong, why are you so concerned about me?" Chen Xiang giggled.

"Humph!" Lin Xirong snorted. "Don't expect me to be your female slave."

She was a phoenix, so her regeneration ability was extremely powerful. As long as she could rest for a while, she would be able to recover.

"Xueying, what's the situation up there?" Chen Xiang asked: "After I entered the Heavenly Evil World, when I returned, I was thrown into the Evil Heaven Abyss, falling into this damned place ... "I never thought that it would be decades since I've been here!"

"The time is different. This is a relatively higher level world." Xue Ying said: "Everyone is worried about you, although it was difficult for the Heavenly Evil World guys to attack us, but in the end we endured them. Now that the two worlds have completely merged together and are in a peaceful period, there are actually quite a few small fights ... In short, they will still fight in the end. "

While speaking, Chen Xiang had sucked out the power from Lin Xirong's body, causing his complexion to improve a lot.

"Thank you!" Lin Xirong suddenly did not feel that Chen Xiang was that detestable anymore. Just as she was thinking about that, Chen Xiang rubbed her face.

"You scoundrel, go to hell!" Lin Xirong pushed Chen Xiang away and scolded her.

Xue Ying chuckled on the side.

"Your name is Xue Ying? I never thought that a phoenix could turn into a human and become so beautiful. " Lin Xirong looked at Xue Ying and revealed a very sweet smile.

Chen Xiang was very surprised that the usually cold and arrogant Lin Xirong would actually treat Xue Ying with such gentleness. Now that she had started to smile sweetly, she looked like a completely different person.

"Mm, you can just call me Xueying. You're called Xiao Rong?" Xue Ying also smiled at Lin Xirong.

"Why do you know this guy, and you're on such good terms with him? This bastard is really annoying." Lin Xirong looked at Chen Xiang.

"He saved me before. If it wasn't for him, I'm afraid I wouldn't be able to sit here right now ... And my master is his wife. " Xue Ying said.

Just as Xue Ying finished speaking, she cried out because she saw Chen Xiang suddenly take out a head.

Seeing the head, Lin Xirong also shouted, his face was filled with shock!

Since Zhao You's head was actually in Chen Xiang's hands, it meant that Zhao You was already dead and had been killed by Chen Xiang!

"This guy's memories cannot be devoured!" Chen Xiang tried to understand more about the Primitive Emperor Race, but he did not expect it to be successful.

"You actually killed Zhao You!" Lin Xirong took a deep breath. "How did you do that? This guy is amazing! "

"Emperor seal!" Chen Xiang laughed.

"No wonder. The Emperor seal is indeed terrifying. In addition to your crafty plan, it is no wonder that he died." Lin Xirong said.

Xue Ying said: "Chen Xiang, you have been here for some time, right? "You've actually become so strong, it's only because I inherited the Ancient Phoenix's legacy, ate some pills, and trained for a few decades that I reached the tenth stage of the Dao Sovereign realm. In the Hundreds of Flowers Village, I've progressed quite quickly."

"Who am I? What's so surprising about that? " Chen Xiang said, he caressed Xue Ying's face: "You inherited the Ancient Phoenix's legacy, you must have suffered a lot, right?"

"Un, but you've improved so much in such a short period of time. You must have suffered much more than me. Compared to you, I'm nothing at all!" Xue Ying said.

As he said that, Chen Xiang held Xue Ying in his arms. Xue Ying also enjoyed Chen Xiang's embrace, which made Lin Xirong feel uncomfortable looking at it. It was obvious that Chen Xiang was showing off to her.

"Chen Xiang, once I've recovered from my injuries, I'll bring you back ... You want to come with us? Go to our world. Although your world is also quite nice, those people don't seem to welcome you. " Xue Ying said.

Lin Xirong looked at Chen Xiang, and said in a low voice: "I have a grudge with this guy, and you all seem to be treating him well, I'm worried that I'll be bullied in the future."

"Do I look like such a petty person to you? Furthermore, didn't we write off all of them previously? " Chen Xiang laughed.

Xue Ying pinched Chen Xiang's chest, and pouted: "You little scoundrel, you definitely took advantage of me!"

"It's nothing, just a kiss, and a kiss in front of her fiance ..."

"You still have my fiancé's head, do you want to compensate me?" Lin Xirong curled his lips.

"Didn't I treat your wounds just now? If it wasn't for me, you would definitely be grieving for the rest of your life. Chen Xiang chuckled: "How about, you be my female slave!"

Xue Ying did not say a word. She only let out a light sigh, then laid in Chen Xiang's warm embrace, closed her eyes and recuperated from her injuries.

Seeing this, Chen Xiang couldn't help but kiss Xue Ying's small mouth. Xue Ying was shocked as she opened her eyes. After struggling for a while, she closed her eyes and continued to cooperate with Chen Xiang.

[Chapter 2649](#)

Lin Xirong watched on resentfully from the side, especially when she thought about how he had forcefully kissed her earlier. Even though fury surged up in her heart, when she saw the current appearances of Chen Xiang and Xue Ying, she didn't know why but for some reason, her heart felt an indescribable yearning.

"This guy is really ..." "Before, he was still very weak, but after three months, he became so strong. He ate his master, and now that he's cooking with his disciple, he's truly a bad guy." Lin Xirong thought.

A short while later, Xue Ying struggled free from Chen Xiang. After that, he hugged Chen Xiang and softly said, "I'm about to heal my injuries, I want to quickly recover and bring you back. Master and the others are really missing you."

"Mm, take good care of yourself." Chen Xiang tenderly embraced Xue Ying in his arms, caressing her beauty as he sucked in the intoxicating fragrance from her body.

"Xiao Rong, the old guys in your Primitive Emperor Race are really scary. If I hadn't left quickly, I might have been caught by them." Chen Xiang said.

"Isn't that so... They are all from my father's generation, and most of them are from the Zhao Clan." Lin Xirong said softly. She was worried that if her voice was too loud, it would disturb Xue Ying's recovery. She treated Xue Ying very well and was very gentle.

"Hey, after killing Zhao You, what about his body?" Lin Xirong was very concerned about Zhao You's body, because there was a phoenix feather coat on top of his body.

"There's nothing left. It's completely destroyed. The Emperor seal's power is just terrifying." Chen Xiang said: "Didn't you want that phoenix feathered robe for the sake of flying? You can come to our world and fly however you want."

"Really." Lin Xirong could not believe it, because she had never heard of such a thing before, "But ... But how do we fly? "

"When the time comes, Xue Ying will teach you. It's simple, and with your strength, you can be considered very strong in our world." Chen Xiang said.

"Alright, I've decided to go with you to that world then ..." I apologize to you here, and you even got your revenge on me. After you return to your world, you are not allowed to bully me." Lin Xirong said seriously, it was a rare occasion for the proud and arrogant her to lower her head and admit her mistake.

"Whatever. Anyway, the person who directly harmed me was killed by me. Honestly speaking, if it wasn't for your beauty, I would have asked you to be my female slave. I would have already killed you." Chen Xiang laughed.

"Hmph, big scoundrel." Lin Xirong scoffed, "Do you really need female slaves that badly? As your female slave, you will definitely be bullied to death."

Who said I would bully them to death? Right now, I have two little maid on me, they are doing well, and are carefree all day. As Chen Xiang said this, he let Yang Xiangyin and Chu Hongqing out.

This was also the first time Chen Xiang released Yang Xiangyin and Chu Hongqing since arriving in Primitive Land.

Looking at the two beauties in front of him, Lin Xirong could not help but curse in his heart. She did not think that Chen Xiang would actually hide two women.

"Xiang Yin, quickly play a song." Chen Xiang laughed.

"Understood, Master." Yang Xiangyin immediately took out his zither and played a beautiful tune, making the healing Xue Ying even more comfortable.

Especially Lin Xirong, who was stunned listening to the zither music. This was the first time she heard it, so she did not have this thing with her.

After hearing it, Lin Xirong couldn't help but exclaim in admiration. Only now did she know how ignorant and ill-informed she was, and she couldn't understand why such an outstanding girl would become someone else's female slave.

"Hehe, I have four female slaves, and two in the world above. They can all be considered my wives. When you go there in the future, you will get to know them." Chen Xiang laughed.

Lin Xirong stopped talking, and only looked at Yang Xiangyin. Then, he asked a little embarrassedly, "Can you play a song again?"

"Of course." Yang Xiangyin laughed sweetly and continued to play.

Just like this, Yang Xiangyin flicked his fingers many times, while Chu Hongqing stayed at the side to concoct pills.

Only at night did Xue Ying recover. At this time, Chen Xiang also let Yang Xiangyin and Chu Hongqing enter the You Yao Mountain Villa.

"Are we going to that world now?" Lin Xirong asked. She was already impatient, because Chu Hongqing had told her a lot of things about that world today, which made her very curious. She had been in the Primitive Land since she was young, fighting and killing all day.

"No, I need to find two people first." Chen Xiang said, "They are all my friends, and also ... There's also a woman. When I first fell into this world, I was saved by that woman. "

"Then let's go now. The time here is different from the time above. The longer we stay here, the faster the time passes." Xue Ying said.

"How about this, all of you enter my Divine Sense Sea World, it will be more convenient for me to move out by myself this way." Chen Xiang said.

"Alright." Xue Ying knew that Chen Xiang's You Yao Mountain Villa was extremely beautiful and nodded.

Lin Xirong also nodded in agreement. Xue Ying had already agreed to it, and Yang Xiangyin was also there, she really liked listening to Yang Xiangyin play the zither.

After Xue Ying and Lin Xirong entered the You Yao Mountain Villa, Chen Xiang immediately teleported to there.

After more than two hours, he arrived at Ji Tribe, where many were sleeping, while Chen Xiang teleported to Ji Yuelan's stone room.

"Who is it?" Ji Yuelan sensed something and suddenly woke up. As he spoke, he took out a blade from the bedside and slashed towards Chen Xiang.

"Yue Lan, it's me." Chen Xiang dodged anxiously and laughed.

"How did you get in?" Ji Yuelan was very surprised, she did not know that Chen Xiang knew about the power of space, it could be said that she had never even heard of it before.

"It's a long story." Chen Xiang said, "Yue Lan, I've found a way to return to my hometown now. Are you coming with me?"

"Ah, really." Ji Yuelan was a little surprised, but when Chen Xiang asked her this question, she also hesitated, because there were many children and her father here.

"Why don't you consider it? I'll go to the Jiang Clan to find my friend." Chen Xiang said.

"I... Chen Xiang, why do you want to bring me along?" Ji Yuelan had helped her so much before, and he was also a very strong man. His relationship with her was also very good, so she had a good feeling that it was impossible for her to not have any feelings for Chen Xiang.

"I think I'll see you more often." Chen Xiang sighed, "If I think about how you and I will be in two different worlds in the future, I feel very uncomfortable in my heart."

"In your world, do you have many women?" Ji Yuelan asked again.

"Yes." Chen Xiang did not hide from him.

"I knew it." Ji Yuelan bit his lower lip.

"Then are you coming with me?" Chen Xiang was indeed unwilling to part with Ji Yuelan, but he would not force her.

"Follow me." Ji Yuelan threw himself into Chen Xiang's embrace and said softly: "I'm leaving with you, you better not abandon me in the future."

"How could I?" Chen Xiang laughed.

Ji Yuelan had already planned to go hunting with Chen Xiang, but Chen Xiang didn't let her go later on. Now, she really wanted to know what Chen Xiang had experienced during this period.

Chen Xiang told Ji Yuelan everything about the Primitive Sacred Land, allowing him to have a certain understanding of the world he resided in.

Just as the sky was about to turn bright, the ground suddenly shook, and the sounds of horns could be heard from within the tribe.

"There's an intruder." Ji Yuelan anxiously said, "Let's go out and take a look."

When he came outside, he saw a strong white horse with a body emitting a holy white light, surrounded by the Ji Tribe warriors.

"This is ..." The Primordial Holy Horse. " Ji Yuelan said in shock.

[Chapter 2650](#)

When Chen Xiang saw that horse, he immediately used the Dao heart Eye to look. He discovered that this horse was not simple, there was an extremely strong divine golden blood flowing in its body, this was a horse that had cultivated the Dao god gold body.

"What is the Primordial Holy Horse?" Chen Xiang asked quickly.

"Legend has it that it's the mount of the guardian god of our tribe. I always thought it was a legend, but I didn't expect it to be true. The moment this horse appears, it means that something big is about to happen." said. She had also heard Chen Xiang talk about the Primitive Sacred Land before, so she thought that their legendary guardian was related to the Primitive Sacred Land.

But from the looks of it, their Guardian God had nothing to do with the Primitive Sacred Land.

"Now, only the Primal Holy Horse came. Where is your guardian god?" Chen Xiang looked around: "What else did the legends say?"

This Primitive Land had always been restricted and strong. Because of his power, he had been annihilated a few times.

Now that the horse had appeared here, Chen Xiang was extremely worried. If that destructive force suddenly descended, he did not know if he would be able to escape.

"Legend has it that every time a primitive holy horse appears, it will go to each tribe. It's like letting all the tribes know that the guardian deity only appears after they've made preparations." Just as Ji Yuelan finished speaking, a pair of snow white wings suddenly appeared on the Primal Holy Horse.

He then flapped his wings and flew away in the blink of an eye. According to what Ji Yuelan had said just now, the Primordial Holy Horse had gone to another tribe.

"It can actually fly."

Chen Xiang was shocked. He thought that only the Heavenly beasts of birds could fly inside, he did not expect that the horse could do the same.

The sudden appearance of the Primordial Holy Horse made the entire Ji Tribe extremely nervous, as it meant that a great calamity was about to befall upon them.

"Chen Xiang, let's not leave for the time being, okay?" Ji Yuelan said: "We'll talk about it after the Guardian God arrives, is that alright?"

Chen Xiang also wanted to see the Guardian God. He nodded: "Okay, I'll go to the Jiang Clan first."

Yuan Feng and Wan Yuxiong were both in the Jiang Clan, so they might know more.

Ji Yuelan nodded his head, and then teleported to the Jiang Clan.

Yuan Feng had his own small mountain here, and Chen Xiang was brought to the entrance of a mountain cave.

Chen Xiang immediately teleported in, and saw that there were three people inside, other than Yuan Feng and Wan Yuxiong, Yuan Xin was also inside.

"Big Brother Yuan Xin, I've finally met you." When Yuan Xin was still a Earth's Core Divine Spirit, she took care of Huo Lin, so Chen Xiang had a lot of respect for him.

Yuan Xin grinned and immediately let Chen Xiang take a seat.

Wan Yuxiong, Yuan Xin, Yuan Feng and the rest were chatting quite a bit. This was probably the reason why they had come into contact with the Natural Law Divine Lord before.

"Chen Xiang, what did you gain from Primitive Sacred Land?" Wan Yuxiong said.

Chen Xiang reaped quite a lot of benefits from his stay in Primitive Sacred Land, so he only chuckled and didn't say anything.

"By the way, do you know about the Primordial Holy Horse?" Chen Xiang asked.

"Of course I know. That horse just came here, I didn't expect the Transcendents to have a guardian god." Yuan Xin said.

"That horse is very strong. Even I can't compare to that Dao god gold body." Wan Yuxiong exclaimed:
"This is only the mount of that Guardian God, but it's already that strong. I wonder just how strong that Guardian God is."

"I thought you guys knew about that guardian angel. I was preparing to return from Myriad Gods Abyss, do you want to go back with me?" Chen Xiang asked.

Hearing Chen Xiang's words, Wan Yuxiong shook his head, he felt that Chen Xiang would not be able to do it, but Yuan Xin and Yuan Feng were looking forward to it, they knew that Chen Xiang's ability was not weak, so they thought that Chen Xiang would be able to do it.

"There's a problem with the Primitive Land now, otherwise the guardian god would not have appeared so suddenly. There are a lot of problems in the forbidden grounds of the Primitive Sacred Land, if you go in now, you will undoubtedly be seeking your own death." Wan Yuxiong shook his head.

"Senior, a friend of mine just came down from Myriad Gods Abyss to find me. She is a phoenix." Chen Xiang said: "She said that we can go back from there."

"Really? Then let's go now." Yuan Feng said. He did not want to continue staying here, because being unable to fly made him feel extremely uncomfortable.

Wan Yuxiong said in shock: "Oh, the phoenix... Really, somewhere. "

"She is resting in my Divine Sense Sea World. However, she did suffer some injuries when she came down, so the situation in the forbidden area is very bad. I plan to go investigate first." Chen Xiang said.

There was a knock on the door.

"Elder, we are going to see the guardian god. Are you coming with us?" The chief of the Jiang clan knocked on the door.

"We're coming now." Yuan Feng said. They were all very curious about the Guardian God so they naturally went to take a look.

The sky was already bright. Chen Xiang and the others followed the people of the Jiang Clan and left the mountain.

Under the lead of the Jiang Clan's clan leader, they arrived at an open grassland. There, several other tribes had already gathered.

Chen Xiang had already seen Ji Tribe and waved back.

"Strange, why hasn't the Zhou tribe come?" Chen Xiang looked around, the very arrogant Zhou Clan was not there.

"The Zhou tribe has committed many evil deeds. They should be removed from the list." The Jiang Clan Head said.

Chen Xiang counted a total of fifteen tribes that had almost a hundred thousand people, which was not a small number.

"The Guardian God is here." A person suddenly shouted.

A golden light streaked across the sky, the ancient sacred horse immediately flew over, and a white bearded old man appeared on the ancient sacred horse.

Everyone immediately bowed, bowing towards the guardian deity.

"What a powerful strength." Wan Yuxiong said in a low voice: "Amongst the Divine Wasteland, this can be considered to be the stronger one, why would they appear in this Primitive Land."

Yuan Feng and Yuan Xin were not weak, so when they felt the aura of the Guardian God, they were as shocked as Wan Yuxiong was.

The old man slowly descended on the ancient sacred horse. He smiled to everyone and said, "Please come with me."

The Guardian God rode on the ancient sacred horse and slowly walked in front. Everyone followed him closely. After walking for a while, they suddenly disappeared from the plains.

However, Chen Xiang, Yuan Feng, Yuan Xin and Wan Yuxiong were still here.

"What's going on?" Chen Xiang looked around, just now he had only sensed an extremely weak power in space, all of them suddenly disappeared.

"None of you are from the Primitive Land, so you don't need to enter that place to seek shelter." The guardian god suddenly appeared on his sacred horse, smiled and said, "You are preparing to return to your original world, right?"
