

Seeing Chen Xiang's astonished expression, the Azure Dragon laughed: "You must be very surprised!"

Chen Xiang hurriedly nodded.

"The Heavenly Dao is ruthless ..." In the future, you will understand. In short, you are my new master now, so you have to use me well. " The green dragon patted Chen Xiang's shoulder, "I hope you can do more than I do!"

"Senior, can you tell me more about Divine Wasteland?" Chen Xiang asked.

"You haven't gone to Divine Wasteland yet?" Even though the Azure Dragon was inside, he didn't know what was going on outside and was completely isolated from the outside world.

Chen Xiang shook his head: "I'm still in Natural Law Divine Realm, I was able to pick you up from there!"

The green dragon listened and nodded.

"In the Divine Wasteland, there are three horizons, the strongest is the Heavenly Dao, the Heavenly Dao is the three thousand worlds, and the world you live in is also only one of the three thousand worlds!"

"The second strongest is the way of the sword. Although the way of the sword does not control any world, the way of the sword is spread throughout every world, mainly promoting the way of the sword, so the way of the sword is very strong in the Divine Wasteland. As long as there is someone in the three thousand worlds who cultivates the way of the sword, then the power of the way of the sword in the Divine Wasteland will be even stronger."

"The third path is the weakest, which is also the Primordial Dao. It governs a mystical region, which is the Primitive Land, which is to say, protects the most primitive region. There are only a few people in the Original Tao, but all of them are very strong, not even the Heavenly Dao or the Sword Dao dare to contend against them."

Chen Xiang suddenly thought of the "Guardian God" he had met in Primitive Land. It was obvious that he was one of the members of the Original Tao.

"Then Senior, what is your path?" Chen Xiang asked.

"I belonged to the Original Tao, and joined the Heavenly Dao later on. That was my biggest mistake, so I sealed myself in order to repent." The Azure Dragon sighed helplessly.

"Why did you make the wrong decision to join the Heaven's Path?" Chen Xiang did not understand.

"It's not that the Heavenly Dao is bad, it's just that as someone in charge of the Natural Law World, he sometimes faces too many helpless decisions. In order to maintain the stability of a world, you sometimes have to kill trillions of lives or watch trillions of lives die tragically without being able to save them."

"Of course, this is better! Some, in order to obtain power, want to kill one another, and in the end, enter evil. "

The words of the green dragon caused Chen Xiang to sink into deep thought. Later on, he recalled that the current Natural Law Divine Lord had obviously fallen victim to evil, but of course, he was not clear about this.

"If you only enter the Divine Wasteland and do not plan to join the Dao, that is nothing. If you join the Heavenly Dao, then you must be careful. Sometimes, I feel that the Heavenly Dao is the evil way, the demonic way!" The green dragon said.

"I will remember it!" Chen Xiang said: "When the time comes, I can join the way of the sword, or... Original Tao!"

The Azure Dragon laughed, "That's not a bad idea. It's just that it's very difficult to join in the path of the sword, and the requirements of the Original Tao are even more harsh.

"So, many people originally entered the path of the sword with hope, but in the end, they were unable to enter due to various difficulties, and when they entered the Original Tao, they were rejected at the door. In order to obtain power and an eternal life, they had no choice but to join the Heavenly Dao without a threshold!"

Chen Xiang did not expect the Sword Dao and Original Tao to be such an existence, no wonder the Heavenly Dao was so powerful!

"Then Senior, why did you join the Heavenly Dao in the past?" Isn't it good for you to be in Original Tao?" Chen Xiang asked.

"The main reason is that I couldn't resist the temptation, I thirsted for power. At that time, even though I was strong, the Original Tao's techniques could no longer satisfy me, so I entered the Heavenly Dao and was struck off the list by the Original Tao." The Azure Dragon sighed again, "The Divine Wasteland has the Four Great Sacred Arts, of which the Heavenly Dao only has two. These are the Heavenly Alchemy and the Heavenly spirit kungfu!"

Chen Xiang's heart skipped a beat. This was actually the heaven's way of cultivation, no wonder everyone had the word 'heaven'!

"And the belongs to the Original Tao, the God Murdering Sword Techniques at this time in the way of the sword!"

Chen Xiang suddenly wanted to laugh, because he had all these mystical techniques, but to his surprise, the Six Realms magic kungfu was actually related to the Original Tao.

All those years ago, because he specialized in the Heavenly Alchemy, he set the Six Realms magic kungfu aside. He felt that in the future, it would be necessary for him to carefully study the Six Realms magic kungfu, so he might be able to unleash the powerful Primitive Tao Power in his body.

"But many years after I entered the Heavenly Dao, I found out that the Heavenly Alchemy and the Heavenly spirit kungfu were lost. At the same time, many strange things happened, and the Six Realms magic kungfu was lost as well ... And I only learned a little bit. "

"The same goes for the God Murdering Sword Techniques. No one possesses a complete God Murdering Sword Techniques!"

The Azure Dragon's face was full of doubt. "This is something that I still don't understand."

[Chapter 2662](#)

The four great Taboo magic s that Chen Xiang himself possessed were all complete, and the fact that these Taboo magic s were all able to spread to these realms made him very suspicious.

"Maybe the three upper echelons purposely left out the complete version." Chen Xiang said.

"Maybe so. In short, there must be a reason behind it ..." Even though I am curious, in order to punish myself, it is impossible for me to leave this place. If you have the chance in the future, you can investigate this matter. " The green dragon said.

"En!"

Chen Xiang was also extremely curious about the creation of the Taboo magic.

"Oh right, how did you find me? What kind of thing am I now? " The Azure Dragon asked.

"This... You have been made into a seal called the Emperor seal. " Chen Xiang said: "I can use this seal to release a very powerful force."

"So that's how it is... "You must have just gotten your hands on it, for in this period of time I felt my powers being drawn out more frequently."

Chen Xiang never thought that this was actually drawing out the power of the Azure Dragon.

"Much?" Chen Xiang wanted to understand the degree of usage of this seal. If it was drawn frequently, the power would decrease and it would go wrong at critical moments.

"It's not that much. In short, based on the previous time you used it, you could drain my power with a thousand or so tries ..." Maybe you do not have enough strength yet, but if you inject enough power, you will be able to drain my power with a single blow. " The green dragon said.

Previously, Chen Xiang had used it to kill Jin En and the Evil Dragon Holy King. That kind of power was indeed very terrifying, and being able to use that kind of power a thousand times, Chen Xiang could roughly estimate the strength of this green dragon.

"After drawing it all at once, wouldn't that power be terrifying?" The last time Chen Xiang had used it, he hadn't done his best either.

"Hehe, my power is not only able to be used to trigger explosive attacks. You can also use it as a support, allowing my power to flow throughout your body. Combined with your own power, that is also possible. You must understand how to use it flexibly." The green dragon said.

Chen Xiang nodded his head. Previously, he thought that he could only use the seal to attack directly, he did not expect that he could even borrow the power inside.

He wasn't planning to use it unless he had no other choice.

"Senior, how did you seal yourself in the end? It looks just like a pill. " Chen Xiang said.

"That's right, pill forging! I just refined myself. As for who was it that got to later on, I'm not too clear about that, because no one has ever broken through that barrier before." The green dragon said.

The corner of Chen Xiang's mouth twitched, he had actually refined his own pill. From a certain point of view, this could also be considered a very high leveled pill technique.

"This means that Senior must have a very profound skill in alchemy." 's eyes lit up, in Natural Law World, his pill techniques were unrivalled.

Therefore, in terms of communication, he did not have any good targets, so called experts are lonely.

Since this green dragon was able to refine him into a pill, he must be very knowledgeable in alchemy. Even if it wasn't the powerful Alchemist, he must have a very good understanding of the alchemy in the Divine Wasteland.

Right now, the highest level of pills Chen Xiang was refining was only high-grade Emperor Stage. He knew about the existence of Natural Law Dan, but he had never seen it before.

"Of course, when I entered the Heavenly Dao and learned the Heavenly Alchemy, I learned how to refine pills!" The Azure Dragon recalled the past. His face was full of happiness, and one could tell that he had been very carefree during that period of time.

"Other than the three main paths above Divine Wasteland, there are also other small paths such as the Path of Fist, the Path of Soul, Martial Arts, Dharma and so on ... In addition to all of these, there is also a unique Dao, which is the Dao of alchemy!" The Azure Dragon said, "The Dao of alchemy is an extremely mysterious existence in Divine Wasteland!"

"Mysterious? Could it be that there are not many Alchemist above the Divine Wasteland?" Chen Xiang asked.

Although he had assimilated the memories of a few Strong of Divine Wasteland s before, there wasn't much of this in those memories and he didn't even know three of them. It was clear that they were the kind of people who didn't go out often since they were young.

"Of course there are a lot of Alchemist s above. Many who know how to refine pills and even some who can refine many good pills all claim to have joined the Dao of alchemy. However, they don't even know where the dao of alchemy is." The green dragon said.

"Senior, do you know where the Dao of alchemy is located?" Chen Xiang never thought that the Dao Pills were like this in the Divine Wasteland.

"I don't know either, but I've seen Alchemist with orthodox alchemy skills ... Heh heh, he's a real Alchemist, he's completely different from us, the charm that they displayed when refining pills cannot be described with words. In short, they are very strong, and it makes me, who have been refining pills for many years, feel ashamed. The green dragon said.

This made Chen Xiang yearn for the Dao pills above Divine Wasteland even more. He wanted to experience them for himself!

"Senior, can you refine Natural Law Dan s? "What's that like?" Chen Xiang had never seen it before. The highest quality he had refined was the Taoist Emperor Dan, after all, it was a Crash.

"Of course I can refine Natural Law Dan ... In fact, Natural Law Dan were not the highest level of profound practitioners in the Divine Wasteland! You'll know when you go to Divine Wasteland in the future. Right now, I don't have any medicinal ingredients nor any pills on hand, and I don't even know how to explain it to you. The green dragon replied, "Moreover, I'll need at least a year to concoct a batch of pills. It would be quite boring for you to stay here."

Why did he take so long to refine a batch of Natural Law Dan? This made Chen Xiang puzzled, because he didn't need that long to refine so many Crash Taoist Emperor Dan.

Of course, he currently did not understand Natural Law Dan s, so he did not know how long he would need to refine them.

Chen Xiang chatted with the green dragon for a while before he left. This gave him a lot of benefits, allowing him to understand the situation in the Divine Wasteland and the secrets within the Emperor seal.

After Chen Xiang left the Emperor seal, he felt the ground gently tremble. He hurriedly walked out of the secret room.

He did not see Lv Qilian, but he saw the petite and lovely Little Lizhi.

"Little Lizhi, long time no see!" Chen Xiang chuckled, and then walked over and rubbed Little Lizhi's exquisite oval face.

Little Lizhi slapped his hands away, and said: "There's a fight outside, Qilian told me to wait here for you to come out, quickly go out and take a look!"

Originally, Chen Xiang wanted to tease Little Lizhi a little, but after learning that there was a battle outside, he became serious.

"Is it outside the city gate?" Chen Xiang asked.

"Mn, it's a Dao God expert of the Heaven Wasteland Aristocratic Family, the Great Landlord is outside ... Now that all of our Heavenly Dragon City's rankers have been mobilized, the war outside is extremely intense. " Little Lizhi said anxiously. She was also in the War God Team and was anxious to go out and fight.

"Alright, let's go take a look now!" Chen Xiang held Little Lizhi's jade hand and teleported outside the city.

[Chapter 2663](#)

Just as they arrived outside, a large wave of sand and dust swept over and engulfed them within. At the same time, violent gusts of wind accompanied the unceasing lightning strikes.

"I'm going to meet up with the White Phoenix." Little Lizhi said to Chen Xiang.

"Be careful!" Little Lizhi was also a woman that he liked a lot. Back then, many things had happened between him and Little Lizhi.

"You have to be careful yourself!" Little Lizhi gently warned him.

After Little Lizhi left, Chen Xiang immediately sensed his presence and went to look for the Great Landlord.

"Great Landlord, what's going on?" Chen Xiang transmitted to the Great Landlord.

"This should be the order of Natural Law Divine Lord, if not Heaven Wasteland Aristocratic Family would not go all out. Other than that, there are still some remnants of the Evil God Mountain!" The Great Landlord replied: "Of course, these are not the strongest. I am more worried about the Celestial squad right now."

Hearing this name, Chen Xiang knew that this was a very strong killing array!

"Where is the Celestial squad?" Chen Xiang anxiously asked: "I'll go get it!"

"I don't know. I just sensed a trace of an aura, and this Celestial squad is circulating. If we don't stop it, the True Heavenly Dragon City will be destroyed. or even the entire Natural Law World. " The Great Landlord's voice was filled with fear.

"Don't they know about the Heaven Wasteland Aristocratic Family? Are they still fighting here? If that formation is activated, they will die as well. " Chen Xiang was panicking. Such a powerful killing array, if he did not stop it, even if he managed to survive, the people here would all die.

"They definitely know, but the Natural Law Divine Lord must have promised them that he would protect them before the gate opened." The Great Landlord said: "Right now, I'm being held up by these three Dao Gods. Quickly think of a way to destroy the Celestial squad, or else we'll all be dead."

Chen Xiang had originally planned to have a big battle here, but now he had more important things to do, so he quickly teleported to the Hundreds of Flowers Village and went to Xue Xianxian's small villa.

"Isn't there a great battle outside?" Xue Xianxian asked: "Do you want to borrow the array disc?"

"No, it's big trouble!" At this time, Chen Xiang was also very nervous, because he did not know when the Celestial squad would open, and anxiously said: "Great Landlord said that a very powerful Celestial squad is opening, but I do not know when it will attack."

"That Celestial squad is extremely terrifying, it can exterminate the entire Natural Law World."

Hearing Chen Xiang's words, and seeing how nervous Chen Xiang and the rest were, Xue Xianxian and the rest felt the same way. They had a deep understanding of formations, so they believed that it was not a lie.

As long as there was enough energy to maintain the operation of the great formation, destroying a world was not an empty thing. It was something that could happen very easily.

"Do you have any way of finding where the Celestial squad is?" Chen Xiang anxiously asked, while at the same time, Xue Xianxian, Dongfang Xinyue and Dongfang Jing took out a disk, on it was a golden pointer.

The needle was spinning rapidly.

Liu Meng'er said: "Usually, if you want to destroy the entire Natural Law World, there are only two places that can be used as the core of the formation, namely the Core of the Earth and the Core of the Sky."

"Of course, the Great Landlord himself might not know, he only sensed the movement caused by the circulation of the Celestial squad, and was not necessarily aiming to destroy the world, but it is definitely aimed at the Heavenly Dragon City." Liu Meng'er was very calm at the moment. She looked at Xue Xianxian and the others and said, "Right now, they are using the three perception discs to locate the location of the Celestial squad."

Xu Youqing also closed her eyes at this time, and used her unique power of curse to sense the surroundings.

"Relax, we still have time. The Celestial squad still needs to store energy, and this process will take a while. Furthermore, during the process of storing energy, no matter how well you hide, there will still be movement." Liu Meng'er saw that Chen Xiang was nervous and immediately said.

Chen Xiang nodded.

Liu Meng'er continued, "The formation plates Xianxian and the others are using can feel the formation array that is currently circulating between heaven and earth. If there really is a formation that is capable of destroying the world operating, it means that the formation is absorbing a great amount of energy from the heaven and earth. It must be detected by the three formation plates above."

Chen Xiang could only see that the pointers on the three formation plates were spinning rapidly, but they would occasionally pause.

Liu Meng'er held his hand tightly, letting him calm down while he stared at the three array discs.

Not long later, the golden needle of the three formation discs suddenly stopped, pointing in the same direction!

"Have you confirmed the location?" Liu Meng'er asked.

"I've confirmed. That killing formation has already been in operation for an hour. It is located high up in the sky and is quite far from here. However, once it is completely activated, this place will definitely be destroyed." Dongfang Xinyue said.

"Take it. We have already set up the array disc. As long as you follow the needle, it will be fine. If the three array discs don't have the same pointer ..." Right after Dongfang Xinyue finished speaking, with a wave of his hand, Chen Xiang called them into the You Yao Mountain Villa, and then teleported in that direction.

"Can you determine the direction of the array disc inside?" Chen Xiang asked.

"Alright. As long as you approach that place, the array disc in our hands will have a great reaction. When we leave, we'll be able to determine where we're at." Liu Meng'er said.

Chen Xiang followed the direction he was moving in and teleported more than ten times. Xue Xianxian, who was inside the You Yao Mountain Villa, anxiously shouted: "It's near here."

"There are three guys of the Dao God Stage here. Don't come out yet." Chen Xiang said in a serious tone, "We'll talk about it after I get rid of them!"

Chen Xiang said that he wanted to get rid of the Dao God Stage experts, and the three of them at that. This caused Xue Xianxian and the other girls to be extremely shocked, thinking that Chen Xiang actually had such strength!

"Hmm? No, there's something wrong with the three auras. They're fighting right now!" Chen Xiang was shocked, he never thought that there would be people fighting here.

"Who is it? The only people with the Dao God cultivation were the Great Landlord, Elder Wan, and ... Elder Sister Xiao Ling, could it be ... " Chen Xiang already had an answer in his heart.

The one fighting here was the Heaven Poison Divine Spirit, Du Xiaoling!

Du Xiaoling's divine aura was normally very weak, to the point of it not leaking out, so Chen Xiang was not very familiar with it, but he still had a little impression of it, and was able to feel Du Xiaoling's aura just now.

Chen Xiang immediately teleported over, and at the same time, used the Counter Power to make himself invisible. Du Xiaoling was definitely fighting with someone else, and going over silently was definitely the most advantageous thing.

Just as he walked over, Chen Xiang heard a cold shout.

"Little sister, you've betrayed our father."

It was a woman's voice!

Chen Xiang was shocked that Du Xiaoling actually had a father. He had thought that Du Xiaoling was a little special at first, although she was a petite and cute girl that looked gentle and kind, she knew a lot more than Yuan Feng, the proper Natural Law Divine Spirit.

So Du Xiaoling had always been very mysterious in Chen Xiang's eyes!

[Chapter 2664](#)

"Elder Sister Xiao Ling has a father? Who is her father?" Chen Xiang asked in his heart. He had already seen Du Xiaoling, she was currently floating in mid air, facing the palms of two average-looking white-clothed women. One look was enough to tell that Du Xiaoling was being suppressed.

It was one against two, and those two women looked stronger than Du Xiaoling, as if they had a way to suppress Du Xiaoling's poison. Otherwise, Du Xiaoling wouldn't use his own strength to fight against them, he would definitely use poison. Ybdu.

"I have never seen a father who uses such despicable means against his own daughter! After having controlled my soul for so many years, wasn't it enough for him to harm me? All these years, it's been like I'm living in hell. " Du Xiaoling's voice was filled with anger.

Chen Xiang had already guessed who Du Xiaoling's father was, to actually be Natural Law Divine Lord!

"So what? He gave birth to you, so if he wants you to die, you have to die. Furthermore, you are still alive right now, and you even obtained such powerful strength. " A lady in white said coldly.

"Stop talking nonsense. You and I both know this very well. I don't have any blood relation to him at all. It can be seen from my personality." Du Xiaoling said: "Since I was young, I have never admitted that he was my father. He clearly knows that I don't like to do things, yet he let me do them on purpose. He even wanted to kill me time and time again."

"I instead feel that I'm the daughter of his enemy, and treating me like this ... "Of course, you are his daughters. Your characters are very similar, and he is very good to all of you. Otherwise, they would have left you here and tortured you for countless years."

"Humph!" The two lady in white's hearts were enraged, they instantly used force, Du Xiaoling's mouth revealed traces of blood.

Although it was a clash of palms, it was a test of one's own Dao power. Du Xiaoling versus two, obviously much weaker.

"Even if I die, don't even think about leaving ... How about I make a bet with you guys and see if your father can open the Celestial squad. " Du Xiaoling suddenly revealed a smile: "Do you think you can still leave? Even though I am unable to defeat all of you, I can still delay you for a period of time. "

"Slut, quickly stop."

A lady in white felt her palm holding Du Xiaoling tightly together, and furthermore, her entire body could not move, she could only circulate the energy in her body to fight Du Xiaoling.

"What is it? Anxious? You guys know how ruthless that guy is, right? " Du Xiaoling laughed: "Didn't you say that earlier? Even if he wants you to die, you have to die obediently. What he said just now was so nice, why are you afraid now? "

In the face of death, who wouldn't be afraid? Especially someone with such a top-notch strength and high status, he was extremely afraid of death!

"Elder Sister Xiao Ling, how do I make my move?" Chen Xiang sent a sound transmission to Du Xiaoling. He did not want to be buried alongside the two daughters of the Natural Law Divine Lord, not to mention that there were so many people in the Heavenly Dragon City.

"Just use your sword to look at their heads!" Du Xiaoling replied with a light smile: "I knew you would come, that's why I dragged them out. You didn't let me down!"

"Hehe, Elder Sister Xiao Ling, you are also crafty now!" Chen Xiang laughed, he was already behind the two women.

"Was I stupid in your eyes before?" Du Xiaoling said.

Chen Xiang, who was using the Counter Power Invisibility, was not discovered in the slightest, and even Du Xiaoling did not know where he was located. This caused Du Xiaoling to be extremely shocked.

"Stupid girl, hurry ..." A white clothed female had her head chopped off by Chen Xiang before she could finish speaking.

Chen Xiang had chopped off two heads at once, and threw them into the Chuangshi god furnace!

Du Xiaoling bellowed, her palms surging with scorching power, burning the two bodies!

"Elder Sister Xiao Ling, you aren't stupid at all. You're cute, beautiful, and very smart." Chen Xiang laughed.

"Little Scoundrel, don't try to be mean with me. I have stayed in Hundreds of Flowers Village for so many years, so I know that you have done many good deeds." Du Xiaoling laughed, "I really didn't expect you to be so daring, in my little house ..."

Chen Xiang immediately coughed twice: "How do I get rid of the Celestial squad?"

Du Xiaoling looked up in the sky and fiercely struck out with his palm into the air. A streak of white light flashed out and struck the thick clouds that covered the entire sky.

The white light struck the clouds, causing them to explode. The thick clouds were also scattered by the power.

"Alright..." Just as Du Xiaoling finished speaking, his expression changed. "Nothing's good, the clouds have gathered again!"

Chen Xiang immediately let Xue Xianxian and the others out.

"This... It really is the Celestial squad." Xue Xianxian's expression became serious.

"Do you know how to break it? At this time, the clouds are already gray. If it is completely black, then the power of annihilation will descend. As long as the area is covered by the black clouds, all living beings will be slaughtered." Du Xiaoling was also getting anxious.

"The core of the formation isn't here. We're just very close to it right now." Liu Meng'er said.

"Where is the heart of the formation?" Du Xiaoling looked around.

"Separated by a space! The core of the array is hidden in that space, and that is also where the base of the array is. If the base and core of the array is not destroyed, then the destructive power will continue to condense." Xue Xianxian looked at Chen Xiang. "Husband, you know about the power of space.

"I'll try!" Chen Xiang immediately gave it a try, closed his eyes, and released a powerful spatial energy to investigate.

A moment later, he opened his eyes, "I sensed it. There is a barrier around that space. If we were to attack from outside, I'm afraid that it would not be easy to destroy it."

"Then enter. You will definitely be able to enter that space, right?" Du Xiaoling said.

Chen Xiang nodded his head: "I will go in first, if I am unable to solve it myself, I will come out to look for you guys!"

With that, he used the White Tiger to jump in, causing Liu Meng'er to stomp her feet in anger. Of course she knew that Chen Xiang would go in by himself, but she was also worried that some accident might happen to them.

Chen Xiang entered the space used to lay the array foundation. Upon entering, a powerful force attacked him, and just as he felt the Qi, his entire body was in extreme pain.

The current him, his physical body was already strong enough, but just that aura alone was enough to cause intense pain to his entire body. From this, it could be seen how powerful that energy was.

"So powerful!" Chen Xiang hurriedly took out his Six Realms mirrors to protect himself.

"You are Chen Xiang, right! After cultivating the Heavenly Alchemy, you should have a complete Heavenly Alchemy. " After a voice was transmitted over, a middle-aged man dressed in black appeared in front of Chen Xiang.

The middle aged man emitted a black Qi, he looked very similar to the Black Hairs Human!

"Who are you?" Chen Xiang took a few steps back. This person's aura was extremely scary and was filled with an evil aura which filled Chen Xiang's heart with fear.

"Who am I? I am the Natural Law Divine Lord! " The middle-aged man sneered, "Of course, this is only one of my clones. Do you suddenly feel that you're very insignificant?"

[Chapter 2665](#)

Chen Xiang looked at the middle aged man, a burst of fear involuntarily rose in his heart, the fact that the Natural Law Divine Lord's clone was here meant that the Celestial squad was set up by him.

"Just now Didn't you see me kill your two daughters? " Chen Xiang suddenly asked, the powerful clone of the Natural Law Divine Lord was inside, he must be able to see what was happening outside.

"Of course. I am very angry that you killed them, but they will not die in vain. I will soon send you down to meet them. " Natural Law Divine Lord only laughed sinisterly, his entire being devoid of emotion.

Indeed, it was as Du Xiaoling had said. All these so-called children were merely tools in the eyes of the Natural Law Divine Lord.

"What? Are you trying to say that I have no feelings for you?" Natural Law Divine Lord seemed to be able to hear what Chen Xiang was thinking.

"Isn't it?" Chen Xiang clenched his fists tightly, he had told himself that he must not continue to be afraid, otherwise, he would not even have the strength to fight, and his fighting spirit would be extinguished.

"Feelings... What was the use of such a thing? "I can't become stronger either. Previously, it was precisely because of this that I was tied down by this that I suffered many setbacks and suffered great pain. Now that I've abandoned this kind of thing, my strength has gotten stronger and stronger."

Natural Law Divine Lord suddenly laughed out wildly. "It seems like you are someone who has feelings for others, so you have a lot of weaknesses!"

"The Celestial squad will open very soon, and you are unable to leave this place ... Once the Celestial squad opens, all of your friends and relatives will die, haha ... Yet you survived. "

This caused his heart to be extremely worried. If he was unable to stop the circulation of the Celestial squad, then all his friends and family members around him would all die.

"What is it? Is it painful to think of them dying?" Seeing Chen Xiang's expression, Natural Law Divine Lord laughed again: "You should have your own beloved woman, but they died very quickly."

"Why are you doing this?" Chen Xiang asked coldly: "You are the Natural Law Divine Lord, and you are the one in charge of this world. Why are you destroying this world now?"

"This world has lost control, so I have to destroy it before creating a new world that I can completely control. Although it has lost control, I have to say that this world is developing very well! But this is of no use to me. I cannot draw strength from it." Natural Law Divine Lord's expression changed, becoming incomparably sinister: "You brought this upon yourselves."

"Of course, if you want me to stop this Celestial squad, there is still another possibility, and that is to hand over all of the Heavenly Alchemy."

Hand over the Heavenly Alchemy, then we can stop the Celestial squad. I have to say, Chen Xiang was indeed tempted just now!

However, he did not believe that the Natural Law Divine Lord, even if he were to hand over the Heavenly Alchemy, the Natural Law Divine Lord would definitely continue to operate the Celestial squad!

Because he had just said that this world was not under his control, he wanted to destroy it!

"Will feelings really become my shackles? Is it really painful for me?" Chen Xiang asked himself in his heart.

When he was young, his father encouraged him and helped him. Even though he couldn't cultivate, he was very encouraging to him, and there was also Xue Xianxian, who never left him, even if he was trash!

He also met his friends and loved ones who grew up with him. They had walked the same path with him for many years, filling up his life. In order for them to not be harmed, he continued to grow stronger!

"No, feelings are what motivates me!" Suddenly, Chen Xiang's second Divine Sense Sea jolted, and the days of Heavenly beast began to howl.

"I still have the second Divine Sense Sea!"

Chen Xiang, who was originally afraid of the Natural Law Divine Lord, suddenly had high fighting spirit. His second Divine Sense Sea did not allow him to fear the ruthless Heavenly Dao in front of him.

People without emotions should not be able to withstand a single blow from him. They shouldn't be afraid!

"What, have you thought it through? This is the only path you can take now, and you should know it well enough." The Natural Law Divine Lord said.

"Yes!" Chen Xiang's current fear had completely disappeared. As he spoke, his face even had a hint of a faint smile, and this caused Natural Law Divine Lord to be unable to fathom what he had just heard.

"Then, hand over the Heavenly Alchemy!" The Natural Law Divine Lord said.

"No!"

"Oh? Didn't you think it through? This is your only path. Do you want to see your family and friends die?" Natural Law Divine Lord frowned, the aura around his body becoming even stronger.

"I have another way!" Chen Xiang sensed the powerful aura coming from that person, but he was still not afraid. This caused Natural Law Divine Lord to be secretly shocked.

"What other way do you have?" Natural Law Divine Lord felt that something was amiss.

"Just kill you!" Chen Xiang said.

"Haha ..." When the Natural Law Divine Lord heard him, he raised his head and laughed loudly: "You puny little human, you want to kill me, a high and mighty Natural Law Divine Lord? Even if this is just a clone of mine, it would be easy for me to kill you with a raise of my hand, yet you want to kill me? "

"Of course, this is indeed another path. However, I am unable to take it, haha ..." Give up and quickly hand over the Heavenly Alchemy. It will be completed very soon. "

The Celestial squad was indeed still in circulation, continuously condensing its energy. Chen Xiang had to make the best use of his time!

Just as Natural Law Divine Lord was laughing loudly, Chen Xiang suddenly attacked. His left arm flashed with a white light and suddenly, a whistling sound came out, filled with killing intent.

Natural Law Divine Lord felt the killing intent, and knew that Chen Xiang was serious. Just as he was about to teach Chen Xiang a lesson, his chest suddenly felt pain, and Chen Xiang instantly appeared in front of him.

Roar!

Chen Xiang's fist made contact with Natural Law Divine Lord's chest, the tiger's roar exploded, releasing a burst of black killing intent that pierced through Natural Law Divine Lord's chest and came out from his back.

"You ... Get lost! " Natural Law Divine Lord was immediately enraged as the aura around him exploded, sending Chen Xiang flying. At the same time, there was a bloody hole on his chest.

Although Chen Xiang had created a big hole in his body, Natural Law Divine Lord was not injured at all, and the bloody hole was still slowly being repaired!

"Azure Dragon, White Tiger!" When Natural Law Divine Lord saw Chen Xiang's arm go white and blue, he was immediately surprised. "I never thought that you would actually cultivate such a powerful thing.

Natural Law Divine Lord laughed coldly, her eyes suddenly flashed, releasing two rays of light that transformed into two fire dragons that rushed out, and wrapped Chen Xiang up in the blink of an eye.

"Don't worry. I won't kill you, but I will torture you well." After Natural Law Divine Lord finished speaking, Chen Xiang's body trembled, and an azure light exploded out of his right arm.

[Chapter 2666](#)

Natural Law Divine Lord never thought that Chen Xiang would be able to struggle free from his power!

"Your clone isn't that strong!" As Chen Xiang spoke, he had already appeared behind the Natural Law Divine Lord, and a small seal appeared on his right arm that was glowing with a green light.

That's the Emperor seal!

Just as he took out the Emperor seal, the six Heavenly beast of the second Divine Sense Sea suddenly roared in unison and started absorbing the energy released by Chen Xiang's Ancient Code and Mysterious Gate.

Chen Xiang controlled the profound door to continuously surge out Primitive Tao Powers, and then, through the ten levels of profound doors, it strengthened and transformed. Finally, it flowed into the second Divine Sense Sea, and was absorbed by the Heavenly beast within the second Divine Sense Sea.

The Heavenly beast was absorbing the converted Primitive Tao Power, becoming exceptionally strong, and Chen Xiang controlled the Heavenly beast to attach itself to his body.

In this way, he would be able to obtain even stronger power. Currently, he possessed the body of a Six beasts, and with the addition of the Emperor seal, his power would be extremely terrifying.

The Azure Dragon inside the Emperor seal had said, the stronger one's own strength was, the more they would be able to unleash the might of the Emperor seal!

When Natural Law Divine Lord saw the seal, he could not help but be shocked, as if he knew the origins of the seal.

"This is ..." The Emperor seal! " When the Natural Law Divine Lord finished speaking, a green light surged out of Chen Xiang's Emperor seal and with a sound of the Green dragon howler, it instantly pierced through the Natural Law Divine Lord's body.

BOO!

The space was torn apart, and the Celestial squad was destroyed!

BOO!

At the same time as the space was torn apart, the Emperor seal's power continued to rampage, sending Chen Xiang flying. As for the Natural Law Divine Lord, when he was struck by the power, he had already been torn to shreds!

"The Six beasts's power cannot be easily used!" Chen Xiang was sent flying and both his Divine Sense Sea and body suffered heavy injuries.

This was also the result of him using the Six beasts's power by force. His flesh was the most severely injured, and all the bones in his body were shattered.

... ..

Du Xiaoling and the others waited outside for a while, before feeling the space shattering. Then, a burst of green light flashed and Chen Xiang flew out at that time.

"Chen Xiang is injured!" Du Xiaoling could feel that Chen Xiang's Qi was very weak, she immediately flew over and caught the injured Chen Xiang.

At this time, Chen Xiang was also unconscious!

"What exactly happened inside? Why is he so injured!" Xue Xianxian saw that all the skin on Chen Xiang's body had been ripped apart, his heart aching, he bit his lips.

Du Xiaoling also took out some medicinal liquid and applied it onto Chen Xiang's body. When it exploded a moment ago, she sensed a familiar aura, so she wasn't sure if it was real or not.

"It's a good thing that he has a strong recovery ability. His life is fine, but it will take a long time for him to recover completely." Du Xiaoling's medicinal liquid quickly recovered the wounds on his skin and muscles, while the injuries on his body slowly recovered.

Without the threat of the Celestial squad, Du Xiaoling was much more at ease.

"I will follow you back to the Hundreds of Flowers Village." Du Xiaoling, Xue Xianxian and the others brought Chen Xiang back to the Hundreds of Flowers Village, then called Feng Yujie and the others over to let them refine the finished healing pellet so Chen Xiang could recover quickly.

Following that, Du Xiaoling also left Heavenly Dragon City to participate in the battle!

Du Xiaoling was very strong, and adding that she had used poison, it was even more terrifying. With her help, it made many people feel much more relaxed ...

The unconscious Chen Xiang was currently in the Second Divine Sense Sea, looking at the Six beasts, feeling very upset in his heart.

"It seems that I still overestimated myself and easily used your power." Chen Xiang said.

"Actually, with your current level of strength, you can be considered to be very strong. We've also become stronger because we devoured your power that was too strong, but your body couldn't bear it." The green dragon said.

"Alright, looks like I'll have to continue strengthening my physical body in the future." Chen Xiang looked at the green dragon and laughed. He had two green dragons on him, one of them was the Primordial Azure Dragon, and the one in the Divine Sense Sea, the one in the other generation, was also very strong.

Although Chen Xiang did not participate in the battle outside, he made the Celestial squad stop working and even engaged the Natural Law Divine Lord's avatar to kill him.

His battle was the most important thing, otherwise, the Natural Law World would be destroyed!

"Sigh, I need to sleep for now. I don't know when my body will be able to recover, and my soul will be severely damaged. I need to be careful next time." Chen Xiang closed his eyes as his soul slept within the second Divine Sense Sea.

... ..

Divine Sense Sea who was sleeping suddenly smelled a sweet smell. When he opened his eyes, he discovered that he was immersed in a bath, and the water was bright gold. Waves of faint golden mist leaked out from the water.

"So comfortable!" Chen Xiang gasped in admiration. At this time, he looked through the golden mist and saw two beautiful faces.

"Xue Ying... And there's even a beautiful immortal! " Chen Xiang could not help but be shocked, and they had both closed their eyes now. They were soaking together with him here, and they were not wearing clothes, their upper bodies exposed.

Ji Meixian possessed the bloodline of the Undying Bird, and Xue Ying was a Phoenix, so both of them had extremely strong regenerative abilities in their blood.

Chen Xiang immediately understood what was going on. In order to let him recover a little stronger, they had teamed up to help him heal his injuries.

"You're finally awake!" Xue Ying suddenly opened his eyes, laughed softly and then threw himself into Chen Xiang's embrace.

Ji Meixian also opened his eyes and smiled at Chen Xiang. After that, he got up and was about to walk out of the bath, but he was stopped by Chen Xiang.

"You ... What are you doing! " Ji Meixian's heart suddenly jumped, she knew Chen Xiang's character, and she had also done many intimate things with him before, those were her sweet memories.

"It's already like this, do you still want to leave?" Chen Xiang laughed and suddenly pulled Ji Meixian over, "You don't remember? You were once my little maid, come, serve your master well! "

Ji Meixian was brought over by Chen Xiang, and he felt a hand roaming around her body randomly, causing her face to turn red.

Xue Ying patted Chen Xiang's head and pouted: "Little scoundrel, you've only just recovered and you're already playing tricks on me!"

"It was you guys who helped me recover, so I have to thank all of you ..." Chen Xiang laughed sinisterly.

Just like this, Xue Ying and Ji Meixian began to entangle themselves in the bath!

Four hours later, Chen Xiang and the two girls finished dressing and walked out of the bathroom, only to see Du Xiaoling sitting in the hall.

"Elder Sister Xiao Ling, why are you here?" When Chen Xiang thought back to how there was such a big commotion in the bathroom, his face reddened, he did not expect Du Xiaoling to be outside.

Xue Ying and Ji Meixian's faces were also flushed red ...

"This is my territory, of course I'm here!" Du Xiaoling laughed tenderly: "You guys know shame too"

Du Xiaoling walked over, and pointed at Chen Xiang's head with the jade: "You little scoundrel, you always like to do this kind of thing in my place."

"This... I don't know! " Chen Xiang scratched his head and laughed: "Elder Sister Xiao Ling, I'm sorry, I didn't want to invite you to join, I made you angry!"

"You ... "You little scoundrel!" Du Xiaoling snorted, and stomped her foot on Chen Xiang.

[Chapter 2667](#)

Xue Ying and Ji Meixian couldn't help but laugh coquettishly as they held each other's hand and quickly walked out of the small hall.

Du Xiaoling stuck his tongue out at Chen Xiang, then asked him to sit down.

After sitting down, Chen Xiang asked: "Elder Sister Xiao Ling, how long have I been unconscious for?"

"It's only been a little more than ten years." Du Xiaoling poured something for Chen Xiang to drink.

"It's been more than 10 years!" Chen Xiang was shocked, and immediately drank the black wine to suppress his shock.

"I'm fine! If not for those two girls, it might have taken even longer for you to recover. " Du Xiaoling said: "Those girls from Hundreds of Flowers Village are worried to death about you, little scoundrel."

Chen Xiang chuckled: "Elder Sister Xiao Ling, you must be worried about me too!"

Of course Du Xiaoling was worried, but she didn't admit it, "No, it's just that Qinlian and Ziqian are always bothering me, telling me to think of a way ..."

"Oh right, Chen Xiang, what happened inside that caused you to be injured so badly? I've examined your body carefully but I never thought that your body would be so strong, much stronger than mine, yet you still received such injuries." Du Xiaoling was very curious about this.

Du Xiaoling asked Chen Xiang seriously, but Chen Xiang laughed mischievously: "Elder Sister Xiao Ling, then wouldn't you have seen all of me? This is not fair, I want to see you back! "

"Be more serious!"

Although Du Xiaoling looked small and exquisite, gentle and kind, but when she was angry she could not be easily provoked. Now, she was pinching Chen Xiang's ears, making him cry out in pain.

"Aren't we still going to meet that heartless father of yours ... No, it's that guy's clone. " Chen Xiang said, "Has he reappeared during these past ten years? That guy is too powerful! "

"Really? No wonder I sensed a trace of his aura! " Du Xiaoling frowned. She felt that Chen Xiang being able to survive the when he met it was already very powerful.

"He never appeared again, moreover, the Heaven Wasteland Aristocratic Family was already destroyed by Long Jiuxiao and the entire Dragon clan, the Heavenly Evil World had also changed a lot, their dao energy no longer contained any Evil Spirit Force, they have now merged into the Natural Law World, and have developed very smoothly." Du Xiaoling said.

"That's good!" Chen Xiang took a sip of that black liquid.

"How did you destroy the Celestial squad? Let alone you, even I am not his match, yet you are actually able to destroy the Celestial squad in front of him." Du Xiaoling said.

"I killed his doppelganger, or there would be no hope." Chen Xiang thought back to that strike of his, and couldn't help but feel pain in his body.

Of course, he felt a sense of accomplishment in being able to unleash that kind of power.

Du Xiaoling was startled, then shook his head: "That's impossible, how are you able to destroy his clone?"

Chen Xiang laughed: "If it's not like this, how can you be so safe for the past ten years?"

Du Xiaoling still could not believe it, "But ... Are you really that strong? Right now, you're only at the first stage of the Dao Sovereign realm!"

Chen Xiang laughed, "Didn't you carefully look at my body? You said it earlier, my physical body is much stronger than yours. Elder Sister Xiao Ling, don't underestimate me, I am powerful!"

"Hmph, little scoundrel, consider yourself strong!" Du Xiaoling could only believe in Chen Xiang's words, but he could not use common sense to judge Chen Xiang's strength.

After Chen Xiang woke up, he strolled around the Hundreds of Flowers Village, entangled with all kinds of beauties for over ten days before finally going to find the Great Landlord.

Now, the Great Landlord had also moved to the Heavenly Dragon City. Furthermore, the Heavenly Dragon City was getting bigger and bigger, and there were already five city walls.

"Master, you're here too!" Chen Xiang was looking for the Great Landlord, but he saw that Huang Jintian was there too.

"Your master is a God operator, I knew you would come here today." Huang Jintian laughed.

"Then Master, do you know when Tengu will come?" Chen Xiang asked, he did not know if he had missed this chance in the past ten years.

"There are still two more days. It's about time for you to wake up!" Of course, if we miss it, we'll only have to wait another ten years." Huang Jintian said.

Wan Yuxiong also dared to come over, he wanted to discuss going to Divine Wasteland with Chen Xiang.

"Five more days!" Chen Xiang was shocked: "Isn't this too fast!"

Great Landlord said: "Yes, with your current strength, you should be able to go. I plan to stay here forever."

"Why?" Chen Xiang asked.

"The environment above Divine Wasteland is not suitable for me. My heart is already old and I don't have that determination anymore." Great Landlord sighed: "I've lived long enough, I don't know when I'll die."

Wan Yuxiong had already decided to go with Chen Xiang, he still had many concerns in the Divine Wasteland.

"Prepare yourselves. In five days, we will depart." Great Landlord said: "Yuan Feng originally wanted to go, but since they found out about some things in Divine Wasteland from Elder Wan, they didn't dare go, haha!"

Chen Xiang wandered around Heavenly Dragon City for two days, talking with his old friends Long Jiuxiao and Yun Xiaodao. Then, he would head to that island to find Shen Tianhu and drink with his father, chat and bid him farewell.

In the last ten days, Chen Xiang had also gone through sweet nothings with her in the Hundreds of Flowers Village, and she had become extremely crazy. Now that they knew Chen Xiang was about to leave, although they were not too far away in their hearts, they were already prepared for it, since it had always been like this.

This time when Chen Xiang went, he did not even bring Chu Hongqing or Yang Xiangyin with him. Previously, when he was injured, the You Yao Mountain Villa was affected and more than half of them were destroyed.

He had already prepared for the worst case scenario while heading to Divine Wasteland. If he met with the worst case scenario, he would be able to run away with his soul intact.

When Chen Xiang returned to the Hundreds of Flowers Village, he found out that Bai Youyou was looking for him and he immediately rushed over.

Chen Xiang came to Bai Youyou's residence and called out from outside, "Sister You You You, what are you looking for me for?"

"What else can happen?" Bai Youyou stood behind him and pulled Chen Xiang's hand as he entered his room.

Chen Xiang was dragged into the house, her heart thumping wildly, only to see Bai Youyou wearing a purple muslin that was faintly discernible on her jade body, her long legs, broad chest, and beautiful small waist, all covered in a purple muslin that was filled with endless temptation.

What was even more frightening was that the person with such a seductive body was a very cold and beautiful woman!

Chen Xiang sat on a chair and looked at Bai Youyou's cold and beautiful face. She suddenly revealed a smile, although it was a faint smile, but it was filled with allure.

Previously, Chen Xiang had experienced the extreme charm of Bai Youyou's concealment, but now, Bai Youyou revealed it completely.

"Humph, you didn't come looking for me for the next ten days or so, you little scoundrel. For the next two days, you're mine!" There was a trace of gentleness in Bai Youyou's voice, and she couldn't help but carry her into the room ... After so many years, both of them had finally succeeded!

After two days, Bai Youyou was also very satisfied. She leaned on Chen Xiang's chest and asked softly: "I really want to go to Divine Wasteland with you! "Can't you really take me with you?"

"No, Sister You You You. You don't need to worry. We'll meet again very soon." Chen Xiang crawled up from the bed. At this time, the sky was gradually getting darker as the sun started to rise.

[Chapter 2668](#)

Chen Xiang bid farewell to the woman inside the Hundreds of Flowers Village, and then proceeded towards the Heavenly Dragon City. He bid farewell to everyone, and left with Wan Yuxiong, Great Landlord, Long Jiuxiao, and Huang Jintian.

To reach the Divine Wasteland, one would need to be at the center of the Natural Law Divine Realm. Now that the Natural Law Divine Realm had merged with the Heavenly Evil World, it would take a long time to reach the center.

In the center, in the place where the two worlds intersected, Chen Xiang controlled the Six Realms mirrors. After more than two hours, he finally arrived at this place.

At this moment, the sky had turned completely dark.

Great Landlord and Wan Yuxiong looked at the sky and said, "There's still time. Wait for the few of us to work together and open a spatial tunnel here."

"I should be able to do it myself. I don't need any effort from you all." Chen Xiang said. His spatial energy was very strong, so he felt that there was no problem.

"Although you can do it yourself, it will take a lot of energy, so let us do it. This way, when you go to Divine Wasteland, you will have a certain amount of power. The Great Landlord said.

Wan Yuxiong nodded at Chen Xiang, "Divine Wasteland is much more dangerous than this place. You should know that the people inside the Divine Wasteland are all strong people who can control an entire world, and they can absorb a lot of powerful forces from their own world."

"Alright then." Chen Xiang sat on the Six Realms mirrors and walked over.

Great Landlord, Long Jiuxiao and the others had started to train. It was already noon, but the world was still covered by darkness, releasing waves of Evil Qi.

Chen Xiang raised his head and looked at the place where the scorching sun had blocked out the sky, there was a crack right there.

"Why is it that we can only open the way to Divine Wasteland under these circumstances?" Chen Xiang asked.

"It's mainly because the power of space will become weaker at this time, and the reaction between the world we're in and the Divine Wasteland will be even stronger. Once a very strong power is condensed and sensed in the Divine Wasteland's space, a door will open."

"The reason it is like this is so that the strong can go to the stronger Divine Wasteland. It is to prevent chaos in this world."

Wan Yuxiong pointed to the crack, and continued: "Chen Xiang, once the crack has opened to a certain extent, you must immediately enter. If you're too slow, you must start from a new beginning, and by the second time, you will need even more strength."

Chen Xiang nodded: "I understand." He carefully examined the crevice.

The cracks slowly opened, and after a while, it opened wider. Chen Xiang made the Six Realms mirrors smaller, so it could fly in at once.

"Let's go." Chen Xiang said.

"Take care. If you can come back, come back and visit often." Huang Jintian shouted.

"Got it." Chen Xiang had already controlled the Six Realms mirrors and instantly entered the crack.

After they entered the crevice, Great Landlord and the rest stopped working. They had consumed a lot of energy just now.

... ..

The Six Realms mirrors was shuttling through the spatial tunnel. It was extremely unstable and it was vibrating very strongly. If it wasn't for the Six Realms mirrors's powerful protection, Chen Xiang and Wan Yuxiong wouldn't have been able to fly through this passage so easily.

"Elder Wan, if we go to the Divine Wasteland, we'll probably find him somewhere." Chen Xiang asked.

"Hard to say. After all, these spaces aren't things we can control." Wan Yuxiong said: "But you don't have to worry, my strength is not that strong in the Divine Wasteland, but I can still protect myself, and you, brat, are also very strong, nothing will happen to you."

Chen Xiang nodded, he was also looking forward to see the Divine Wasteland.

Before he came, Lin Xirong had asked him to find her father if he had time, and he agreed. But he didn't go look for him immediately.

The Six Realms mirrors suddenly became stable, making Chen Xiang feel much better, he was worried that he would encounter some accidents.

"Now that's good, we can safely head towards the Divine Wasteland." Chen Xiang laughed.

"Don't relax, the road to Divine Wasteland is not that simple." Wan Yuxiong said.

Sure enough, not long after he finished speaking, the Six Realms mirrors suddenly started to shake violently, and that protective shield was under an extremely huge pressure, even though they were inside the Six Realms mirrors, they could still clearly feel it.

"What's going on?" Chen Xiang immediately used his Spirit Qi and infused it into the Six Realms mirrors, causing its protective shield to strengthen.

"We have already entered the Space Domain, the space here is very strong, you can tell from this tyrannical power of space." Wan Yuxiong frowned: "Can you hold on to this thing of yours?"

"I don't know yet. I'll try my best to hold on." said. Six Realms mirrors was a very strong Heavenly artifact, but in Divine Wasteland, it was unknown if it was strong enough.

Wan Yuxiong also released an energy shield to cover both him and Chen Xiang. If the Six Realms mirrors was unable to hold on, they wouldn't be affected much.

"The Divine Wasteland's spatial energy is terrifying after all." Chen Xiang was horrified. He was an expert in the use of the power of space, but now that he was in the midst of the Divine Wasteland's turbulence, he felt extremely insignificant.

"Of course. This is the greatest world, the peak of all worlds." Wan Yuxiong said.

"Elder Wan, I can't hold on any longer." Chen Xiang didn't think much of it before, but the spatial turbulence was much stronger than before.

Boom.

The Six Realms mirrors's protective shield suddenly shattered. Chen Xiang anxiously kept the Six Realms mirrors into his body, luckily he had Wan Yuxiong's protective shield to protect them, otherwise, it would be very troublesome.

"I really didn't expect that after so many years, Divine Wasteland's spatial enchantment would become stronger and stronger." Wan Yuxiong's expression changed, and became extremely ugly.

"Elder Wan ..." Chen Xiang saw Wan Yuxiong's expression and had a bad premonition.

"Be careful!" Wan Yuxiong suddenly shouted, his energy shield also crumbled.

Just as the energy barrier was collapsing, Chen Xiang was sucked away by a surge of energy.

Chen Xiang felt his body spinning non-stop, and his surroundings became pitch-black. This continued for several days before his eyes suddenly lit up, and then, his entire body slammed onto a very hard stone.

"Ah!" Chen Xiang's head was thrown down by a strong force, which heavily smashed onto the stone and made him cry out in pain.

"It should be the Divine Wasteland. This rock is even harder than my face, I can't be wrong." Chen Xiang punched the stone hard in order to shatter it.

Although he was separated from Wan Yuxiong in the passage, the good thing was that he was only carried away by the spatial turbulence. His body was not harmed at all, and he finally arrived at Divine Wasteland.

"This is the peak of ten thousand worlds." Chen Xiang patted his body and then floated. However, he had only floated for about three meters before he was pressed down by a very strong pressure.

"Can't fly, could it be that he's the same as the Primitive Land?" Chen Xiang was currently floating under the pressure. Although he could fly, he couldn't fly high and flying was very difficult.

[Chapter 2669](#)

Chen Xiang also didn't know the reason why, but he didn't tell him that the Strong of Divine Wasteland he had swallowed previously didn't have any related memories either.

"Let's see if I can teleport." Chen Xiang immediately used his spatial energy to teleport, but after teleporting, his surroundings became dark.

Arriving at this place made him feel very familiar. He suddenly recalled that this was the chaotic space that he was in before.

Sure enough, he was rushed out by a turbulence, and he returned to the place he was previously at.

"Why is it like this?" Chen Xiang sat on the ground, his face full of suspicion. He had used the power of teleportation to return to that damned place.

He thought about it carefully and finally understood that the spatial laws he was using were from the Natural Law World and not from this Divine Wasteland.

Although they were both spatial energy, they had different operating methods, and their laws were different. If he were to use the Natural Law World's spatial laws here, he would only go to the Natural Law World.

It was just that his spatial energy was not strong enough, so he went to the space layer between Divine Wasteland and himself.

"Right now, all of my spatial energy is extracted from the Dao god soul, this is my own spatial law. If I want to teleport within the Divine Wasteland, I have to learn the laws here, and make my Dao god soul release the spatial energy that is similar to the laws here."

Chen Xiang opened his palm and released out a flame.

"Fortunately, fire can still be used. Looks like the fire laws in Divine Wasteland are no different from other worlds." Chen Xiang heaved a sigh of relief, his flames wanted to concoct pills, if he could not use fire then he would not be able to use it to concoct pills.

"Now we can only walk." Chen Xiang stood up, and ran upwards. He raised his head to look at the sky, and started running frantically in the direction of the sun.

He was in a forest. The trees in this place were very large and strange. The trees had strange shapes and shapes. Some looked like humans or beasts, but they weren't the type that went straight up. Some even had strange trees intertwined together.

"All of the plants here contain fairly dense Dao energy. It seems that there will be quite a few monsters here." At this time, Chen Xiang was also feeling gloomy in the forest, which made him speed up his pace and run wildly.

After running for more than ten days, he finally saw something different. There was a huge mountain up ahead that was several times taller than the mountains around him.

"Red mountain, it seems like the plants and rocks on the mountain are all red. I wonder what is the cause of this." At this time, Chen Xiang was extremely curious about that mountain, and he started running with full strength.

However, when he got closer, he found that the mountain was surrounded by many buildings. All around it were stone buildings of varying sizes. This was not a city, because there were no walls and it was a mess.

"Although it is not a city, the number of buildings built around the red giant mountain is more than the number of big cities combined." Chen Xiang could guess that it was because of the gigantic red mountain.

After he entered this bustling area, he found out that this place was called the Great Divine Red Region, and the mountain in the middle was called the Great Divine Red Mountain.

The Red Mountain was surrounded by a very strong barrier. If one did not enter through the gate, they would not be able to reach the Red Mountain from other places.

Through asking around, Chen Xiang gained a general understanding of the place.

The God of Red Mountain was one of the Fire Sect.

"There's a fire going on. The green dragon didn't tell me." The green dragon among the Emperor seal had told him before that the three great Daos were the Heavenly Dao, the Sword Dao, and the Original Tao.

Although it was also one of the three Great Daos, it was the Heavenly Dao, the Fire Dao, and the Sword Dao.

"The Fire God, the Red Mountain, is one of the five great gates of the Fire God, the Seven Mountains. The Fire God, the Red Mountain, is one of the nine great sects of the Fire God, and the Fire God, the Red Mountain, is one of the nine great sects."

Chen Xiang felt that his luck was good. He had only just arrived in the Divine Wasteland, but he was already able to come to this place. This helped him quickly understand the Divine Wasteland, and along the way, he had not encountered any strong Divine Wasteland beasts.

As Chen Xiang walked on the street, he felt extremely depressed in his heart. This was because he did not have a thing like the "Dao Stone".

Of course, as long as there was a huge demand for pills in the Divine Wasteland, he would not have to worry about not having this in the future. Previously in the Natural Law Divine Realm, Jade money were the currency, he did not want them.

It was just that it was useless to be here now.

The Dao stone was not as useless as the Jade money, it still had a lot of uses here, mainly because it could be used to exchange for power of law.

As for how to execute it, Chen Xiang wasn't too sure. He only got it from the memories.

"A Alchemy Master suddenly descended on Grand Red Building and started refining the Natural Law Dan there. It is said that he threw more than 10 pills there and many people fought over them, but after obtaining the Alchemy Master's pill, it is worth it even if he lost his arm."

"Shh, don't be so loud. It would be bad if too many people knew about it."

"Alright, alright. Let's go and take a look."

Chen Xiang passed by a building. With his sharp hearing, he heard people talking above, and then he waited there for a while.

When he saw the two of them walk down in a hurry, he quickly followed them.

"There should be very few people in the Dao of alchemy." Chen Xiang had heard from the dragon in the Emperor seal that the members of the clan were mysterious and rare.

Now that he had met one, Chen Xiang was very excited as well. He was able to see for himself how a Alchemist of the Alchemy Dao looked like.

He followed the two for more than half a day before reaching the so-called Grand Red Building. This Grand Red Building had ten floors, and it couldn't be considered to be the tallest building.

There were hundreds of people standing under the Grand Red Building. Just by looking at their clothes, one could tell that they were from a lower class, and all of them were here to pick up Natural Law Dan s.

"These fellows are all Dao Sovereigns or Gods. Is there a need to be like this?" Chen Xiang also planned to try his luck and see if he could pick it up.

He carefully observed his surroundings and discovered that there were quite a few bloodstains. It seemed that the fight for the blood on his head was not an exaggeration.

"Grandmaster Pill Dao has appeared." someone suddenly shouted.

Chen Xiang immediately looked towards the Grand Red Building, only to see a handsome white clothed man standing on the balcony on the third floor. He laughed heartily: "Because there was an error in the pill refining just now, I can only refine a middle ranked Natural Law Dan, I normally will throw away middle ranked Natural Law Dan."

As he spoke, the man in white threw down the few Natural Law Dan s in his hands. Right at this moment, Chen Xiang stepped onto the Shrinking step and used the change in the firmness within it to make his arm flexible. Then, he swung his fist out with great force.

[Chapter 2670](#)

"What technique is this?" Many people who saw this were astonished. There was actually someone who could make their arms grow so much longer?

Chen Xiang obtained a Natural Law Dan and immediately ran, he was worried that he would be ganged up on.

Only after running a few streets did Chen Xiang stop. At this time, he was hiding in a small alley and looked at the Natural Law Dan in his hand.

"This is a middle tier Natural Law Dan." Chen Xiang did not dare believe it, because the quality was too poor. The Taoist Emperor Dan he refined with so many Crash were much better than this.

"I don't know what pill this is, but just by looking at it, one can tell it isn't any good pill. Sell it first." Chen Xiang strolled along the street and found a very small medicine store.

After he walked in, he took out the pill he had just snatched and handed it over. "Old sir, are you going to take back this pill?"

When the old man at the counter saw the grey and dull pill in Chen Xiang's palm, his extremely narrow eyes miraculously opened wide, as if he had seen a treasure.

"Collect, Collect. Five hundred dao stones." The old man said.

"So little." Chen Xiang immediately realized that this pill was worth a lot in the eyes of this old man.

"Six hundred." The old man said again.

"Eight hundred, do you want it or not?" As soon as Chen Xiang finished speaking, he regretted it a little. He didn't think that the old man would agree so readily.

"Here. Eight hundred Dao-stones." The old man passed Chen Xiang a bag of Dao Stones.

The Dao stone was the size of a grain of rice and with a sweep of Chen Xiang's consciousness, he could immediately check it out. It was indeed eight hundred Dao stones.

Chen Xiang suddenly felt that he was at a disadvantage. But what he did not understand was why such a pill breakage was so popular here.

"Could it be that all of the powerful Alchemist here died, and those who were able to concoct that kind of pill breaking pill are also known as master alchemists?" Chen Xiang was very suspicious about this.

Of course, that pill was something he had picked up. It could give him 800 dao stones. That was already quite good, because staying here was only worth 20 dao stones a day. It was very cheap.

Eating something would only be two Dao Stones.

In an inn, Chen Xiang thought back to the pill he had snatched. It had indeed just been refined and was still warm.

But how could a guy known as a great master of pills be able to concoct so many pills of such inferior quality? No matter how he thought about it, he just couldn't understand it.

After running for so many days, he was tired and fell asleep very quickly.

The next day, he went to Grand Red Building again, and at this time, there were not as many people as yesterday. After asking around, he found out that the Pill Master did not distribute Natural Law Dan s, so there was no one here, but at this time, many people knew that there was a Pill Master who came to visit him.

Chen Xiang also entered the Grand Red Building, it was very lively here, all the seats for the lower floors were reserved, and the upper floors were very expensive, with 100 dao stones per day.

"Motherf * cker, why does it feel like that Grandmaster Pill Dao is a scammer? But there are too many idiots here." Chen Xiang looked at the people who were drinking and eating here, most of them were waiting for the Alchemy Master.

According to his inquiries, he knew that if he wanted to meet the Grandmaster, he would have to use even more Dao-stones in order to eat with him. He also knew that this quota needed to be auctioned off.

"He's obviously a liar." Chen Xiang was sure, but he just wondered why the people here would be so easily deceived.

After thinking about it, he felt that it was very possible that there were not many powerful Alchemist in the place.

Chen Xiang did not have that many dao stones, so he would not buy the chance to meet with the Pill Master.

At night, Grand Red Building was still very lively. Below Chen Xiang, he could hear the deep and clear laughter of the Alchemy Master.

Chen Xiang used his transformation technique and transformed into a small insect, crawling to the third floor. The window was opened, and as he leaned towards the window, he saw the so called Alchemy Master, talking and laughing with a few well-dressed middle-aged men.

"These middle-aged men are all Dao Gods. It looks like they are a lot stronger than Elder Wan." Chen Xiang exclaimed in his heart: "This guy actually believes in this scammer."

The reason they came to look for this alchemist master was mainly to seek pills. Furthermore, they all had the same pill, called Jinyuan Dao Dan, and this was also a Natural Law Dan.

"This is the medicine required by the Jinyuan Dao Dan. There are three ingredients in total, Master only needs to help me refine one." A red-clothed middle-aged man laughed.

"Don't worry, it'll be completed in a hundred days at the earliest."

"Master is truly incredible. He was able to master it within ten days. As expected of a grandmaster from the Way of Pills." The middle-aged man hurriedly praised.

Chen Xiang discovered that all of them had brought three sets of Jinyuan Dao Dan s' medicinal ingredients with them, and only requested to refine one of them.

"This is so profitable ..." "Furthermore, ten days for one pill. Just what kind of pill is this? It's very difficult to concoct." Chen Xiang was extremely curious, at this time, the Pill Dao was also sending those people off, and the medicinal ingredients were still on the table.

Chen Xiang immediately went in.

"The Jinyuan Dao Dan only requires two sets of medicinal herbs. These are the golden ginseng and the unknown golden fruit." Chen Xiang looked at them, and then quickly took out a drop of juice from the two different medicinal herbs to store, before quickly leaving.

Chen Xiang returned to the tavern and took out the juice. After that, he entered the You Yao Mountain Villa and poured the juice into the soil, watering the World God Spring.

"They should be able to grow it soon, but I wonder what its uses are." Chen Xiang patiently waited inside. In order to increase his speed, he even added in the condensed out spirit pearls.

Chu Hongqing and Yang Xiangyin were not in here, so he felt a little lonely. He really hoped that he could find a way to return to the Divine Wasteland quickly and freely, so that he could return from time to time to visit Natural Law World's old friends.

The next morning, Chen Xiang saw a fruit tree, as well as a mature golden ginseng. He took the seed from the golden ginseng and grew it.

"It seems that the quality of the golden ginseng is relatively low, so it can quickly mature. It should be a high-grade Emperor Rank medicinal ingredient. This fruit tree actually needs a bit of time." As Chen Xiang's cultivation increased, his ability to grow the Divine Spring of World's Gods increased by a lot.

Today, he had once again arrived outside the Grand Red Building. There were many people waiting here, because that master had thrown away his Natural Law Dan yet again.

"Another pill like that? What kind of pill is that?" Although Chen Xiang had snatched one pellet and even sold it, he still could not figure it out.

This time, Chen Xiang managed to snatch another pellet, and because of this, he was chased for over ten streets.

"Hehe, it's good to have long hands." Chen Xiang walked into the shop and when the old man saw him, his eyes lit up.

"Lad, are you here to sell Jinyuan Dao Dan again?" The old man chuckled.

Chen Xiang was startled, the grey pill in his hand, was actually the Jinyuan Dao Dan.
