

Dan God 2671

[Chapter 2671](#)

Until now, Chen Xiang still did not know what use the Jinyuan Dao Dan had.

"The same price as last time, 800. How about it?" The old shopkeeper said.

"No problem, but can you tell me what's the use of these Jinyuan Dao Dan?" Chen Xiang asked.

"You don't even know that ... "No wonder you sold it to me!" The old shopkeeper was a little shocked and said: "Sell this Jinyuan Dao Dan to me, and I'll tell you right away. I'm worried that you won't sell it to me after I tell you."

The quality of the Jinyuan Dao Dan in Chen Xiang's hands were very poor. Even if he knew what it was used for, he would not eat this pellet.

"Here, you can tell me now." Chen Xiang handed the pellet over to the old man in charge.

The old man took it over and scrutinized it carefully, then said with a smile: "It's indeed a Jinyuan Dao Dan, not bad, here are 800 dao stones!"

Chen Xiang took the dao stones, and the old man said slowly.

"The main function of Jinyuan Dao Dan is to help people cultivate the Spirit of the Dao gods ... In the Dao God Stage, one would mainly need to cultivate to the Dao god gold body and the Dao god soul. In order to break through to the Dao God Stage, one would need to have the Spirit of the Dao gods. The old man said.

"So that's how it is!" Chen Xiang was aware that there was an even higher realm above the Dao God Stage and it was extremely difficult to reach that level. Right now, there were many people who had yet to break through to the Dao God Stage in this place.

Chen Xiang had not stepped into the Dao God Stage yet, but he felt that there were still some medicinal fields.

"Shopkeeper, I'm only in the Dao Sovereign Realm right now. Will that help me?" Chen Xiang asked, he was not very clear about his future cultivation.

"Of course there is. You are only at the Dao Sovereign Realm but you have already cultivated Dao god soul. If you start preparing now, it will be easier for you to cultivate Spirit of the Dao gods in the future." The old man said, "But its actual usage isn't that great. It's just a little bit of use."

"Actually, Jinyuan Dao Dan are lower tier pills, especially something like you that looks dark and unassuming. This is a very low ranked pill, if it's gold coloured ..." It can be sold for thirty thousand pills!
" The old man said.

"So expensive! The Three Myriad Tao Stones should not be much for many Rankers here, but why would they ask for other people's help to refine them?" Chen Xiang asked.

"Isn't this still the reason why there are less Alchemist s? The main reason is because the powerful Alchemist s are all in the sects of the three great Daos, and since they can get an even richer reward

from there, they rarely appear in these places." The old man sighed, "The moment Alchemist appears, many people will welcome him."

Chen Xiang finally understood that he was monopolized by the big powers, he had encountered such situations before, but at that time, although the Alchemist did not allow him to sell pills privately, but the big powers would sell themselves.

But now, those big powers did not allow Alchemist to come out, and he did not want to sell them himself either. This caused the Alchemist to rarely go out.

"Aren't these days going to be tough?" Chen Xiang said.

"Of course it's not so good ... If you want more pills, you can only join three sects, and these sects are currently very difficult to enter. The Heavenly Dao from many years ago was still very easy to enter, but now a threshold has been set. "

Chen Xiang had heard the Azure Dragon say before that the Heavenly Dao could be entered anytime. However, that was a Heavenly Dao from a long time ago.

"For example, there are two conditions that must be met to enter the Fire Path's Divine Red Mountain. The first is to reach the tenth place of Dao God realm and cultivate out a Spirit of the Dao gods. The second is to pay the ten Myriad Tao Stones as the entrance fee and then receive ten Myriad Tao Stones every year. "

This condition was indeed very harsh, and exceeded Chen Xiang's expectations. He had thought that it would be very easy to enter.

"Then what about the Heavenly Dao and the Sword Dao?" Chen Xiang asked again.

"The Dao of the Sword is similar to the Dao of Fire, but the Dao of the Sword is even more difficult. Not only does one have to cultivate Spirit of the Dao gods, one also has to pass their examinations in the way of the sword. The old man continued, "But I have to say, in the path of the sword, one's strength will be much stronger. Amongst those of the same level, the path of the sword will be slightly stronger."

Chen Xiang had actually planned to go to the Sword Truth to take a look, then figure out the way to enter the Pill Dao.

"Manager, what if you want to join the Dao of alchemy?" Chen Xiang had previously understood that it was extremely difficult to join the dao of pills, not even at the level of the Azure Dragon.

"The Dao of alchemy?" That was even more difficult. Not to mention needing a certain level of alchemy, he also needed the acknowledgement of the four great elders of the alchemy world... "Of course, the hardest part is that you have to find a sect in the Dao of alchemy." The shopkeeper shook his head, "That's almost impossible. The path of alchemy is very mysterious, and the legends say that the majority of the people in the Dao of alchemy are descendants or disciples of the Alchemist."

"Is the Alchemist in the Alchemy Dao very strong in alchemy?" Chen Xiang looked at the Jinyuan Dao Dan in the shopkeeper's hands and asked.

"Of course... However, I heard that there are many unlucky kids in the Pill Dao, and the master in Grand Red Building could very likely be one of them." As he spoke, the storekeeper lowered his voice and said, "Don't say that it was me who said that. It will cause trouble."

Chen Xiang nodded, then left the shop and returned to the inn.

"The Jinyuan Dao Dan's medicinal ingredients are still not bad. I'll try to see if I can refine high quality ones!" Chen Xiang lacked a few Dao Stones so he planned to refine them and sell them.

In any world, it's the same. Without money, it's hard to do many things.

Since Chen Xiang was refining in his own You Yao Mountain Villa, he didn't need to use too much Crash. Even if he failed, there wouldn't be much of a ripple, so he was not worried that it would affect his own Divine Sense Sea.

The Jinyuan Dao Dan only required two types of ingredients, a golden ginseng and a golden fruit. Chen Xiang did not know what this was called, but he was confident that he could refine it into a pill.

He put these two ingredients into the Chuangshi god furnace, and in just half a day, he had completed it.

"The quality isn't low, is this the Natural Law Dan?" Chen Xiang looked at the two Jinyuan Dao Dan s in his hands. Refining this kind of pellet was not difficult for him at all, it was much easier than refining more pills out of Crash.

It was just that the output of the pill was a little low. Previously, he had thought that it would be three pills, but it was all due to the medicinal ingredients.

After refining the Jinyuan Dao Dan, Chen Xiang immediately headed to Grand Red Building.

He wanted to confirm if the Alchemist from the Spirit Pill was real. If it was, he wanted to see if he could get the other party to recommend him in.

Grand Red Building was still very lively. Chen Xiang originally wanted to go upstairs, but was informed that the upper seats were full. He had to come another day to settle down.

"Manager, I am also a Alchemist, but not a cultivator. I am here to seek advice from this pill master, this is the Jinyuan Dao Dan that I have just refined, can you help me pass it to that master and let him give me some pointers?" After Chen Xiang was stopped by the shopkeeper, he took out a Jinyuan Dao Dan and gave it to him.

[Chapter 2672](#)

Everyone on the first floor had sharp ears. After hearing Chen Xiang's words, they saw the shining Jinyuan Dao Dan in his hands and burst into an uproar!

At least, no one here could refine it. Even the manager of the Grand Red Building felt deep respect for Chen Xiang and hurriedly invited him to go up the stairs.

If Grand Red Building could have two Alchemist s, then the business would definitely be better.

Just like this, Chen Xiang was brought by the shopkeeper to the third floor, where the great master resided.

The shopkeeper was knocking on the master's door when he heard a lazy voice coming from inside.

"What is it?"

"I am the manager of the Grand Red Building. There is a Alchemist who wishes to see you." The manager said.

The master did not answer immediately. Chen Xiang and the shopkeeper waited for a while before their voices could be heard.

"Oh? Alchemist? where does this Alchemist come from? "

"I am just a nameless newbie, I learned it myself. I have just refined a high ranked Jinyuan Dao Dan, but I feel that I still have some shortcomings, I am here today to ask Master for some pointers." Chen Xiang immediately said.

After a while, the master said, "Alright, come in!"

The door opened, and Chen Xiang walked in, but the moment he did, the door immediately closed.

Once inside, Chen Xiang saw a handsome man in white clothes, which was the Master.

Chen Xiang immediately took out a Jinyuan Dao Dan and was going to show it to him, but what this master did next, shocked Chen Xiang!

When the master saw the Jinyuan Dao Dan that Chen Xiang handed to him, he fell to his knees with a "plop".

"Master, I'm just a swindler who blundered his way into your territory. Please spare me once, I'll get out of here immediately." The words of this "master" caused Chen Xiang to be extremely shocked.

"You ..." Chen Xiang quickly understood that this was indeed a scammer.

"I am not some master alchemist at all. I just learned the art of refining pills from an old man that has been around for a hundred years. Because I was clumsy, I barely managed to learn how to refine a middle tier Jinyuan Dao Dan." The Master looked to be a handsome and elegant man, but he looked like a good-for-nothing, and spoke to Chen Xiang with a tearful face.

Chen Xiang laughed, then sat on a chair.

"I didn't expect you to be so good at acting!" Chen Xiang crossed his legs and said, this scammer was still kneeling on the ground: "How much did you earn these past few days?"

"Not much, just a few thousand stones a day. These are all given to me by Grand Red Building ... "Oh right, there are still a few dozen batches of Jinyuan Dao Dan's medicinal ingredients, one portion is worth about eight thousand dao stones. The Jinyuan Dao Dan s that I previously threw out, all of their medicinal ingredients were sent by someone else." The scammer hurriedly took out a Storage bag. There were roughly two Myriad Tao Stones and many medicinal ingredients inside.

"Oh right, how much is the mid-ranked Jinyuan Dao Dan that you refined worth?" Chen Xiang wanted to know how much he had been tricked by the old shopkeeper.

"More than a thousand pills ... I just wanted to stay here for a month, fish out a dozen or twenty Myriad Tao Stones, and then escape. I never thought that this would be your territory, please spare me, these are all yours. " This swindler was extremely afraid, because in his eyes, anyone who was able to refine Jinyuan Dao Dan was an incredible person.

"So you've been to a lot of places to cheat?" Chen Xiang asked again, he felt that this person could be considered a genius, he should make good use of him.

"I went too far ... However, things didn't go as well as this time. In the past few years, I have only earned a total of a thousand Myriad Tao Stones.

Chen Xiang thought for a while, then asked: "What is your name?"

"Ye Jiang, Dao God Level 8."

"Un, get up!" Chen Xiang said.

Ye Jiang was overwhelmed by the favor as he stood up timidly.

"Great sir, can you not expose me, or else I will definitely be beaten to death." Ye Jiang said with a bitter face: "I don't dare to do it again!"

"Don't worry, I won't expose you!" However, you must accept one condition from me, and that is to be my follower. " Chen Xiang said.

"This... "How long will it take?" Ye Jiang thought about it and said.

"Ten years!" Chen Xiang said: "Also, you must conclude a contract; you are not allowed to rebel against me within ten years."

"Alright!"

thought for a moment, then nodded his head and agreed. Otherwise, if Chen Xiang caused a ruckus here, he would definitely be unable to leave the Grand Red Building, and in order to protect his life, he would have been a follower for ten years.

Just like this, Chen Xiang made a contract with Ye Jiang, and Ye Jiang shouted as a lord.

"Ye Jiang, how many people did you promise to help them refine Jinyuan Dao Dan?" Chen Xiang asked.

"Currently, there are fifty people. If I help them refine one, they will give me two Myriad Tao Stones." Ye Jiang said: "It's a pity that I can't refine it myself. I've tried many times."

"How about this, you continue to act as a pill master, and I will refine the Jinyuan Dao Dan for you. When that time comes, all the Dao stones will belong to me." Chen Xiang said.

"This... No problem, but it will be completed within a month! Great sir, can you settle this? These are fifty pills! " Ye Jiang said: "I had planned to leave in a few more days."

"No problem, just wait." Within this month, you must not engage in any more business. Then, you must go and tell that shopkeeper that he will be leaving this place in a month's time. "

Ye Jiang hurriedly nodded, then went to find the shopkeeper.

When Ye Jiang returned, Chen Xiang would take him to a secret room and have him refine a batch of Jinyuan Dao Dan for him to see.

"How long do you think it will take for you to refine one furnace?" Chen Xiang asked.

"Half a day." Ye Jiang said: "Although I am unable to refine high quality pills, but I can still refine three of them of medium to low quality."

After Ye Jiang finished speaking, he began to refine, and Chen Xiang watched from the side. Very quickly, he discovered many of the problems that had occurred with Ye Jiang during the process of refining the pill. With a glance, Ye Jiang could tell that his master was also half-hearted.

This Ye Jiang had been lying for many years, cheating over a thousand Myriad Tao Stones, so his brain was still alright. Under Chen Xiang's guidance, he was able to refine a high quality Jinyuan Dao Dan in six hours.

This made Ye Jiang jump up and down excitedly, and he kowtowed to Chen Xiang repeatedly. Chen Xiang never thought that this guy who looked so handsome, would actually have this kind of character.

When Chen Xiang was concocting the second batch, he had managed to get three pills in a single batch. This scared Ye Jiang to the point that he peed his pants, thinking that he had met a real alchemist master.

More than ten days had passed, and Chen Xiang and Chen Xiang had only refined fifty Jinyuan Dao Dan. was then allowed to hand these Jinyuan Dao Dan over to the person requesting the pellets.

With the Hundred Myriad Tao Stones, Chen Xiang could feel at ease to bring Ye Jiang on the road.

[Chapter 2673](#)

While Chen Xiang had Ye Jiang announce to the outside that he had accepted a disciple, this way Ye Jiang could still maintain his identity as a pill master.

"Old master, are you really from the Pill Dao? "Your alchemy skills are really too amazing. Just by giving me a few pointers, I was able to make such a huge improvement."

Chen Xiang was sitting in the horse carriage, while Ye Jiang was driving. The two horses pulling the carriage were both godly horses, and had a lot of stamina. Although their running speed was not as fast as Chen Xiang, they were not slow either, and the carriage was specially made, which was extremely light and light.

"No, I actually want to know how to enter the Pill Dao." Chen Xiang said.

"I don't know how to enter the Dao of alchemy either. This is extremely difficult, and I've never seen a pill dao cultivator before." Ye Jiang said: "But I heard that the pill refiners seem to be refining Jinyuan Dao Dan similar to you, Old Master."

"That's why I want you to pretend to be someone of the Pill Dao. That way, we might be able to lure people of the Pill Dao out." Chen Xiang laughed.

"Old master is indeed wise... But would it be dangerous?" Ye Jiang asked worriedly. He did not know what strength Chen Xiang had right now, but he felt that since Chen Xiang was so strong in pill cultivation, he must not be weak.

"Ye Jiang, which sect is the strongest in the way of the sword?" Chen Xiang asked: "If you can't enter the Dao of alchemy, then going to the Dao of the Sword is not bad."

"The way of the sword... The strongest sect should be the God Murdering Mountain, because the city beneath the mountain is dozens of times larger than the Divine Red Mountain. Many of the people stayed in the city because they wanted to enter the God Murdering Mountain.

"Alright, let's go to God Murdering Mountain now. Is it far from here?" Chen Xiang asked.

"It's not too far away. Based on our current speed, we should be able to reach there in about half a year!"

Ye Jiang's words caused Chen Xiang to be stunned. Half a year was not far yet.

Previously, Chen Xiang thought that there were things like Transmission arrays here, but he now knew that the spatial laws here were extremely profound. No wonder the Divine Wastelands required a lot of power to get down from there.

For the past half year, Chen Xiang had been concocting pills. The pills he had concocted were all Taoist Emperor Dan s, and he could already progress up to the ten Crash s, which he had done in the You Yao Mountain Villa.

"Old master, we're almost there!" Ye Jiang anxiously shouted.

When Chen Xiang woke up from his cultivation, he was already at the first level of the Dao God Stage.

His Dao god gold body was almost finished, but it was still not enough.

The tenth place of Dao God realm needed to undergo ten changes. Each time, the Dao god soul was able to produce a Rule Dao line inside the Divine Sense Sea World.

Right now, Chen Xiang's Divine Sense Sea had a Rule Dao line, and this Rule Dao line contained all sorts of laws. This was one of the world's most needed laws on movement, there were also laws on time and space.

The Rule Dao line that he would cultivate next would be his main focus.

"Mm, after you get there, think of a way to become a pill master." Chen Xiang said: "Now, let me drive the carriage!"

Now that Ye Jiang could rest, he slept soundly in the carriage.

Chen Xiang only slowed down the carriage and headed towards the mountain.

That tall mountain was like a sword that stabbed into the ground, exuding a proud and aloof aura, filled with majesty. From afar, one could feel the waves of sword energy, causing people to feel a sense of awe.

"This is the God Murdering Mountain, it really is powerful!" After Chen Xiang stepped into the Dao God Stage, he clearly understood that it would be extremely difficult to raise his cultivation.

Chen Xiang planned to continue pretending to be Ye Jiang's disciple and make Ye Jiang famous here, to see if there was anyone who could lead to this.

"Ye Jiang, how much do you know about this God Murdering Mountain?" Chen Xiang asked. After half a year of travelling, they finally arrived at the city below God Murdering Mountain.

"I understand it quite well. Although I've never been here before, I've heard of it before. Moreover, I've planned to walk around this place, so I've asked about a lot of things here."

After entering the city, Chen Xiang put Ye Jiang down.

It was Ye Jiang who asked Chen Xiang to do this, because he wanted to find a hotel himself and boast at the hotel. If he succeeded, then Chen Xiang would know too.

"I'm moving right outside this city. If I get too close to the center, it'll be very easy for it to be exposed. There are many people with very high cultivation experience inside." Ye Jiang said.

"Alright, I'll take a stroll here myself. When you become famous, I'll find a place to look for you." Chen Xiang was not afraid that Ye Jiang would run away, because they had already made a contract.

In order to allow Ye Jiang to succeed, Chen Xiang had refined a lot of Jinyuan Dao Dan of lower quality previously, allowing him to use this kind of pill to attract people's attention. This was also Ye Jiang's usual method, which was how Chen Xiang previously found out.

Ye Jiang had only used around a dozen or twenty pills previously, but now that Chen Xiang had given him a few hundred, he started to feel uneasy.

Chen Xiang's You Yao Mountain Villa grew many of the required ingredients that the Jinyuan Dao Dan required, and he had also refined more than a hundred of the Jinyuan Dao Dan s.

Chen Xiang brought the carriage back to You Yao Mountain Villa and bid farewell to Ye Jiang.

... ..

"I have to go and see if there are any pills for sale here." Chen Xiang quickly found a medicine shop and inquired around. He found out that only medicinal herbs were sold here and there were no Natural Law Dan s.

After interrogating a few stores in succession, he thought that with such a large city district, there should be pills for sale here. He didn't expect that it would be as rare as others.

"Looks like I can only enter the inner layer." After Chen Xiang went inside, he finally found a shop that sold Natural Law Dan s.

Natural Law Dan s were average in the upper, middle, and lower stages, while Jinyuan Dao Dan s were mid-tier. Above the high-grade were King grade s, heaven rank, and saint rank.

The shop that Chen Xiang came to was only for sale to middle ranked Natural Law Dan, among them there were Jinyuan Dao Dan s, which required four Myriad Tao Stones. Furthermore, he needed to reserve them in order to obtain one later.

"Looks like the demand for Natural Law Dan here is huge!" Chen Xiang did not lack Dao-Stones right now. If he reached the third level of the Dao God Realm, he would need them.

This was because the dao stone could absorb the power of the Great Way of the Divine Wasteland and then absorb it.

Chen Xiang walked out of the shop in a dejected manner. When he reached the entrance, two men walked out enthusiastically from within the shop. They looked to be extremely angry.

"Senior brother, it seems that someone is trying to impersonate us. We want to see what kind of fella is using the name of the Pill Dao to cheat us." A youth said.

"I've heard that something like this happened in other places, but we've never met any of them. This time, we won't be able to escape." The light robed man's face was full of anger as he started to run quickly.

Chen Xiang never thought that Ye Jiang's skills were so brilliant that it could attract a true alchemist so quickly. He immediately followed him to prevent Ye Jiang from being in danger.

[Chapter 2674](#)

Chen Xiang followed behind the two disciples and carefully probed their auras.

"Looks like the art of alchemy is quite strong. Both of them are in the tenth place of Dao God realm, so I am weaker than them in terms of strength. I just don't know what will happen when I concoct pills. I really want to compete with them." The two walked very fast, and in a short while, they had already followed a group of people to the small hotel that Ye Jiang was in.

At this time, Ye Jiang was scattering the Jinyuan Dao Dan s around, since they were all of the worse quality.

Chen Xiang immediately sent a sound transmission to Ye Jiang: "Ye Jiang, the dao core's people are here. You must prepare yourself, I'll watch from the side first, if they want to make a move, I'll immediately make a move."

Ye Jiang was secretly shocked and a little worried when he heard this. After being a swindler for so many years, he knew that he had already attracted the attention of a true disciple of the Pill Dao.

He never thought that the moment he stepped into the God Murdering Mountain area, the disciples of the Pill Dao would come and find him!

Although Ye Jiang's strength was not very strong, his mental strength was still very strong. He was very calm at the moment, and after sprinkling out two Jinyuan Dao Dan, he walked into the room.

Ye Jiang was on the second floor's balcony just now. After he finished scattering the Jinyuan Dao Dan and walked in, the two disciples immediately jumped up to the second floor.

Especially that young man, who even rushed in and pulled Ye Jiang out.

"Everyone, this fellow is a swindler. You were all tricked by him." The man in green said loudly to the people below.

Just now, many people had gotten their hands on Jinyuan Dao Dan. Although the quality was not high, the Jinyuan Dao Dan in their hands were all real.

"How can it be a liar? The Jinyuan Dao Dan he threw away is also worth a lot of Dao stones, hey, quickly release this Master alchemist." Someone shouted, this man had obtained a Jinyuan Dao Dan, so he was definitely looking at Ye Jiang when he said that.

"We are the true disciples of the Pill Dao... Furthermore, we, the disciples of the Alchemy Dao, have never refined such a low quality Jinyuan Dao Dan." At this time, he was still holding onto Ye Jiang's sleeves.

Ye Jiang was very calm at the moment and there was even a trace of a smile on his face. Adding to his handsome appearance, it made him look like a person of high cultivation.

"Those Jinyuan Dao Dan were all created by a disciple of mine who wasn't paying attention when he was refining the pills, and were not personally refined by us." Ye Jiang said: "Oh right, you said that you are people of the Pill Dao, why don't you bring out proof?"

When the people below heard this, they hurriedly shouted, "That's right, a pill master does not lack pills. Why don't you throw a few for us to see! "Not just any cat or dog can call themselves a disciple of a Dao Dan."

When the youth and the azure-robed man heard this, they became anxious. They were true disciples of the Dao of alchemy, but now they were deemed as fake.

"This is proof!" The youth took out a white jade token with the word "Dan" written in gold on it. The golden word Dan was very dazzling and it gave off a powerful aura. Many people felt an impulse to kneel down and kowtow when they saw it.

Chen Xiang now believed that the two of them were true alchemy disciples, because one could tell that the jade tablet was refined using a special method, and it was even infused with a strong 'Dao Force', it was not something that could be created so easily.

"This is a jade token of our Dao of alchemy. Only by entering a Dao Pill can one obtain this jade token. This is proof that it is enough." When the young man saw that everyone was stunned, he secretly felt proud of himself. At this moment, his aura had also become much stronger.

Ye Jiang was the closest to the jade tablet, and the pressure was the greatest. However, he was still able to maintain his calm;

Chen Xiang saw that the scene was quiet, and suddenly shouted: "All of the Jinyuan Dao Dan s that you all obtained were truly refined by me, in my master's eyes, they are pills that cannot even be placed on stage, thus my master abandoned them."

Everyone regained their senses and looked at Chen Xiang. Chen Xiang had a pretty good face, he could give people a good impression of him.

"Of course, I am not a disciple of the Dao of alchemy, and my alchemy skills are self-taught. I only took him as my master because I saw the good intentions of my master!" "He has never passed down his art of pill refining to me. He has only occasionally given me some pointers because he said that the art of pill refining is not something that can be passed on to outsiders unless I can join the Dao of alchemy."

Chen Xiang said as he was transferred to the second floor's balcony. This place was the same as the Primitive Land, although one couldn't fly, one could jump onto the balcony.

Everyone felt that Chen Xiang was very powerful, they could actually be able to refine so many Jinyuan Dao Dan, in their eyes, this was considered a pretty good Alchemist.

"You ... You are also a liar. " The youth said.

"I've long heard that alchemy disciples have extraordinary skills. If we're really scammers, then your alchemy skills will definitely far surpass ours. How about we compete here?" So let's compete in refining the Jinyuan Dao Dan. " Chen Xiang said: "The outcome will be decided by everyone!"

When everyone heard this, they all loudly shouted their support for this idea. No matter what, it would be better to have a round of sparring.

When the youth saw the man in green, he said, "Senior Brother, let's compete with them. Let them experience the power of true disciples of the Pill Dao."

"Alright!" The azure-robed man nodded. "Tell me the rules!"

"Let's compete with the quality of the refined Jinyuan Dao Dan!" Chen Xiang said: "A strong Alchemist, even if it was a very ordinary pill, the quality would still be very high ... You guys should have a divine tool to test quality, right? "

"Of course!" The youth immediately took out a jade plate. There was a depression in the middle of the jade plate, which was where the pill was placed. If placed on top, the jade plate would display the value of the pill.

Chen Xiang had seen many of these weapons before.

Afterwards, the youth took out two pills to test the authenticity of the divine tool.

Chen Xiang also took out a pellet of that black colored Jinyuan Dao Dan and placed it on the test. Only three hundred quality, and then, there would be a pellet of good quality Jinyuan Dao Dan on the test.

"Alright, let's start the competition to forge the Jinyuan Dao Dan now. The time limit is six hours. How about it?" Chen Xiang said.

"Alright!"

The light robed man nodded his head. He was doing this to prove that he was a true alchemy disciple. At the same time, he was also showing to everyone how big of a gap there was between a true alchemist disciple and a swindler.

"You want to compete with me?" The light robed man was startled. It was mainly because Ye Jiang had performed too well, so he thought that Ye Jiang seemed to be more powerful than Chen Xiang.

"As a disciple, it's enough to compete with me!" Chen Xiang said.

"Hmph, then you will lose for sure. Although we are the youngest disciples in the Pill Dao, our alchemy skills far surpass yours. We can learn the most orthodox alchemy techniques in the Pill Dao." The youth said.

"The winner isn't out of your mouth, it's out of your mind!" Chen Xiang smiled at the young man: "Did your alchemist master not teach you this? From the way you talk, you don't seem to be someone from the Pill Dao at all. "

[Chapter 2675](#)

After all, he was still a teenager, how could he be as calm as an old cunning fox like Chen Xiang? Just a single sentence was enough to make this teenager angry into a rage, almost cursing him.

"If you want to come, then come. In any case, if you want to compete with me, you'll definitely lose. You overestimating yourself."

The green clothed man was also very angry, only by defeating Chen Xiang, the real Chen Xiang and the rest were scammers, they could take action, and at that time, the hatred in their hearts would be relieved.

Both sides did not need to inspect the pill furnaces as it was very difficult to cheat in a competition of such high quality. Moreover, everyone could tell that it was not a pill that had just been concocted.

Chen Xiang was very serious now. After all, the other party was a true disciple of the Dao of alchemy, he could not be careless. He planned to use his strongest power to deal with them, and that would mean taking on more Crash!

Only with this method could he refine a high-quality pill!

"I wonder how many Crash s I can execute within six hours?" Chen Xiang could only increase his speed and increase the number of collisions as soon as possible.

Previously, when he was in the carriage, he could at most make ten attempts at refining Taoist Emperor Dan. However, that took about ten hours, and he had never tried refining a Jinyuan Dao Dan before, because at the current stage, he temporarily did not need to eat one.

"In six hours, I will be able to execute at least four or five Crash s. I must do my best." Chen Xiang quickly refined the Jinyuan Dao Dan and entered the stage where he could clash with it.

Very quickly, the first Crash was quietly completed, and right now, only an hour had passed!

Following that, the second and third stage Crash were also completed, and even the pill furnace inside did not tremble at all, meaning that Chen Xiang had already mastered the Crash method to perfection.

It had only been two hours!

"Seems like we can carry out the Five Crash s. This Jinyuan Dao Dan is easier to deal with than I thought it would be, it's not as difficult as the Taoist Emperor Dan!" This was a good thing for Chen Xiang.

Chen Xiang was now at the first level of the Dao God Realm and his strength had become much stronger when compared to when he was training in the Crash previously. As a result, he was able to suppress the intense undulations from the next few Crash s.

It had been almost six hours and Chen Xiang had already completed the Six Crash, which was beyond his expectations.

"If I were to frequently use the Crash method to refine Jinyuan Dao Dan, I would crash into it even faster." This was Chen Xiang's first time using the Crash method to refine it.

If he had tried to refine it to such an extent in the past, he would definitely be exhausted. However, right now, he was still very spirited and did not exhaust much energy.

After activating a lot of Crash, it would produce a "Spirit God", which would make it very easy to condense a core, thus the pressure on Chen Xiang would lessen by a lot.

Chen Xiang had refined a lot of pills with Crash s and they were all of extremely high quality, but he had never used an instrument to test how much in terms of quality.

This might be the quality of the Crash after the first test.

Six hours had passed, Chen Xiang and the azure-dressed man had completed it together. It could be seen that they had extremely precise control over the time, which was also one of the qualities required to become a powerful Alchemist.

"You go first!" The light robed man's voice carried a trace of contempt. "I'm worried that after you see the quality of my pellet, you will run away in shame."

"Of course, you two liars won't be able to escape." The azure-robed man laughed coldly.

Chen Xiang took out the Jinyuan Dao Dan he refined and said: "Let's go down and test its quality. No one can see it from here! "

"That's exactly what I was thinking." After the man said this, he took the white jade plate and jumped down.

Chen Xiang also jumped down.

"You can test it now." The teenager sneered: "This Jinyuan Dao Dan you have may look good, but it's just that!"

Chen Xiang did not pay attention to him. Instead, he placed his Jinyuan Dao Dan into the groove of the white jade disc, and a number immediately appeared on it.

"One hundred and ten thousand!" The shout came from the azure-dressed man.

"Impossible, there must be something wrong with the jade plate!" The youth also cried out in alarm, and then he took out a jade plate himself. He had one as well.

After he took it out, he personally placed Chen Xiang's pill on his own jade plate, showing that he had reached 110,000!

The green clothed man's forehead was covered in sweat at this moment. After which, he placed the Jinyuan Dao Dan he refined onto the stage.

Although it was only seventy thousand, Chen Xiang was still extremely shocked. He had a deeper understanding of the dao of pills, and knew that this azure-dressed man in front of him was only a young disciple of the dao of alchemy, but was able to produce a quality of seventy thousand. If it was an old man in the dao of alchemy, then perhaps his quality would far surpass his.

If this green clothed man were to go to the Natural Law World, just with his seventy thousand points of quality, he would be able to far surpass many other Alchemists. Perhaps the women in the Incense Pill Garden would feel great pressure, and unless they used their heart to refine more Crash, they would not be able to match this green clothed man.

"Senior Brother... Senior Brother..." The youth nudged the man in green. Both of them were shocked, because to their knowledge, it was impossible to concoct such a high quality pill unless one was a disciple of the Alchemy Dao.

"You've lost!" Chen Xiang kept the Jinyuan Dao Dan and then said to the rest of the people, "Whether we are fake alchemy disciples or not, everyone should have a rough idea about this, right?"

"You guys aren't liars. These two fellows are liars. You were almost deceived by them. Hurry up and get out of here, otherwise, we'll beat you up!" someone shouted.

The spectators did not know what that quality of number meant, they only knew that Chen Xiang's value was much higher than theirs, so Chen Xiang was very powerful, and was considered a disciple of the Pill Dao.

But the azure-dressed man and the youth knew very well what that number signified!

"You ... What is your purpose?" After the azure-dressed man calmed down and thought about it carefully, he knew that Chen Xiang definitely had a goal. He guessed that Chen Xiang definitely knew that they were indeed true alchemy disciples.

"We have no purpose. We just want to be real. We are not liars." Chen Xiang laughed.

"Let's go!"

They were obviously true disciples of the Pill Dao, but they were beaten into scammers by a fake disciple of the Pill Dao. If word of this got out to the other sects, they would definitely become a laughingstock.

Ye Jiang was also filled with admiration. He had traveled in the Jianghu for so many years, and he had already confirmed that those two were true disciples of the Alchemy Dao just now, but after a round of competition with Chen Xiang, he suffered a crushing defeat and was called a swindler. Just by thinking about it, one could tell how terrible the moods of the two alchemy disciples were right now.

News of this spread quickly, and soon enough, everyone in the God Murdering Mountain knew of it. Many people rushed over to the small restaurant, where alchemy disciples were rarely seen, so everyone came to catch a glimpse of the grand master of the Pill Dao.

[Chapter 2676](#)

In the God Murdering Mountain, the azure-dressed man and the youth sat in a small hall with faces full of indignation. In the hall sat a white robed old man, who was carefully inspecting the two quality testing jade plates.

"Master, is the jade plate broken?" The youth said. <>

"It's not bad!" The white robed old man chuckled, "Looks like you guys have met an incredible guy who was taken care of by the Gu."

"Master, how can we just let it go like this? We are true disciples of the Alchemy Dao, yet we are called scammers. They are the scammers, but everyone treats them as true disciples of the Alchemy Dao ... This is really too absurd. With the black and white inverted, how can you continue to watch?" The azure-robed man had an unconvinced expression.

The white-robed cultivator sighed, "The Dao of alchemy ... As long as one possesses supreme pill cultivating techniques, one would step into the Dao of alchemy. This is the meaning of 'Dao', and we can only call ourselves a sect of alchemy, not the master of the Dao of alchemy. Therefore, how can we decide whether or not others are the masters of the Dao of alchemy?"

"You are still too young ... "His alchemy skills are better than theirs, which means that his alchemy skills are higher than yours. Moreover, he's studied the alchemy skills, so he's much more hardworking than you guys. Just based on this, he can win against you, which means he has the qualification to say that you guys are not in the alchemy path."

The green-clothed man and the youth were so stunned that they couldn't even raise their heads.

"You have to be clear that you have at least entered the Dao of alchemy. Do you have a chance to truly step into the Dao, and understand the truth of the Dao of alchemy? You must be clear about that." The white-robed old man stroked his long beard and said.

"This disciple knows his wrongs, but ... They're all playing tricks on us!" The youth was still a little angry.

"As far as I know, they have never cheated when giving away Jinyuan Dao Dan s in the city, and it is not excessive for them to call themselves people of the Pill Dao ... "That person's alchemy skills are much better than yours, why can't he just say that he is a cultivator of the alchemy Dao?" The old man in white smiled and said, "You guys are too competitive. The one you guys are unconvinced about is losing to someone of unknown origins, not a scammer."

The white-robed old man rubbed the two disciples' heads and said, "Let's go back!"

"Master, we have only been in the God Murdering Mountain for a few days ... We came here to exchange sword techniques as guests. Did we leave so quickly?" The youth said.

At this time, a tall and skinny old man walked in and laughed: "That's right, Old Man Qin will be staying for a few more days ... I have sent men to find those two crooks, to bring them up the mountain, and to clear your two disciples of their grievances. "

Hearing that, the white robed old man shook his head and sighed, "That's why I'm leaving. It's just because my two disciples have too many grudges in their hearts, I didn't expect you to... "Oh, I hope there won't be any conflict."

The green-clothed man and the youth were secretly delighted. They threw a respectful smile to this tall and skinny old man.

"There's no need to worry. Our people know their limits. Given how skilled they are in pill forging, we should be able to bring them here and have them acknowledge you as their teacher." The tall and skinny old man laughed.

That's not good. Everyone has their own Dao of alchemy, which is different. Now that he's mastered his own Dao, he's his own master. The white-robed old man wasn't happy at the moment, so he went back to his room to rest.

... ..

In the afternoon, the small restaurant where Chen Xiang and his group were staying was surrounded by a group of white clothed people carrying long swords on their backs.

This was because the white robed men were all from the God Murdering Mountain, and the God Murdering Mountain was the strongest. No one dared to offend them, because once the two leading men spoke, they immediately dispersed like a flock of birds.

Ye Jiang felt a lot of pressure now, because he and Chen Xiang were still in the small restaurant. Before when he was cheating, he had never encountered such a thing.

Chen Xiang was rather calm as he said, "It seems that the two disciples are on top of the God Murdering Mountain."

"Master, what should we do next? "Do you have any way of escaping?" Ye Jiang was sweating profusely.

"No, but you don't have to worry, we won't die!" "Wait a minute, I will lure them away. You can escape by yourself!" Chen Xiang laughed, then walked down the stairs to the door.

"You two swindlers, I also don't know what method you used to defeat two true disciples of the Pill Dao. We were called over by the God Murdering Mountain's elders to capture you and interrogate you thoroughly." The leader was a handsome man wearing white clothes that made him look very energetic.

"You train in the Dao of the Sword?" Hmm, not bad, the sword force on your body is very strong! " Chen Xiang said: "I wonder what cultivation you have?"

"First stage of the Tai Dao realm!" The man said, "If you obediently return with us, you will be able to avoid physical pain."

Above the Dao God Stage was the Tai Dao realm. Chen Xiang also knew this, but Chen Xiang was only at the first level of the Dao God Stage.

However, Chen Xiang was still not afraid. His powerful Dao god gold body and ten fully opened profound doors of the Laws allowed him to obtain an extremely strong power.

When one reached the Divine Wasteland, they would no longer be able to absorb any energy but could only absorb it from the Dao god soul. As the Dao god soul was intertwined with the dao energy in the Divine Sense Sea, the Dao god soul could turn the dao energy of the Divine Sense Sea into the power of the law.

Chen Xiang had eight primordial profound gates, and he could quickly convert them into eight thick streams of Primitive Tao Power. Then, he could circulate one round in the Divine Sense Sea, rush past the ten levels of profound gates, and become very strong through conversion!

"What if I don't return?" Chen Xiang took out the Heavenly magic sword, he also wanted to see how strong the sword disciples were.

"Then you might get hurt." The man also took his sword from his back and said, "Since you are also someone who uses the sword, I'll give you a fair method. If you can defeat me, I can naturally let you leave safely."

"Alright, please release your sword!"

Chen Xiang held onto the Heavenly magic sword tightly, focusing his mind, he couldn't use his spatial energy, he couldn't teleport, and the opponent's strength was likely to be much stronger than him.

Seeing that the battle was about to start, the people in the surroundings all fled far away. In a battle between experts, it was as if the sky was collapsing and the earth was cracking. If they stayed by the side, they would be affected.

"Hmph, using the sword in front of a Sword Truth disciple doesn't know your place."

As the white-clothed man spoke, the longsword in his hand blurred and in the blink of an eye, it had already pierced towards Chen Xiang's left shoulder.

The moment the opponent released his sword, Chen Xiang was shocked, but he did not panic. Although the opponent's speed was very fast, he could clearly see the sword movements, the Heavenly magic sword in his hand also moved, and slashed towards his opponent's sword body with lightning speed!

Clang!

With a crisp sound, the white clothed man's sword was cut in half the instant it stabbed into Chen Xiang's left shoulder!

The white-clothed man took a few steps back, his face filled with horror. His sword had actually been cut in half! Only he knew what was going on!

Just now, he had used a very powerful sword force. Under the protection of this sword force, even if his opponent had a divine weapon, he had to first break through the force of his sword before being able to strike directly at his sword!

But, when Chen Xiang brandished the sword over, she immediately cut apart his sword force, and cut apart his sword body!

The white clothed man and the surrounding God Murdering Mountain disciples could all see the terrifying part of the sword, because Chen Xiang's Heavenly magic sword did not directly touch the white clothed man's longsword, which meant that Chen Xiang had used the power of the sword to cut his longsword in half.

Chen Xiang kept his Heavenly magic sword, stepped on the Shrinking step, and in the blink of an eye, he disappeared at the end of the street!

[Chapter 2677](#)

The God Murdering Mountain was the strongest sect in the way of the sword, but now, their disciple had been defeated by a single sword strike from another, and that was even under their own sect. This made many people feel extremely surprised, because the person who defeated the disciple of the God Murdering Mountain, was a disciple of a pill master.

"What the hell? First, he fell in the Dao of alchemy, and now, it's our turn. Just who is this godly figure? How incredible!" The tall and skinny old man from the God Murdering Mountain stared at the broken sword and said with a frown: "This sword force is extremely overbearing, but it has been restrained and does not reveal the slightest bit of sword force."

"This person definitely did not learn how to use the sword aura. This kind of sword aura is naturally formed, as if it was innate. However, looking at the sword aura of this person, it's also a bit unsteady. It's probably not very useful in normal circumstances."

"Master, my sword was directly shattered by that sword energy. The sword energy is indeed tyrannical, but this person's cultivation level isn't that high. I can vaguely sense that there's only about one Rule Dao line, which might be at the first level of the Dao God Stage." The white clothed man said.

The skinny old man shook his head: "This person is indeed impressive, far surpassing all the other disciples in pill cultivation, and he also has an extremely high attainment in the way of the sword. He even teased two disciples of the Pill Dao to turn them into scammers, but I don't know what his real purpose is."

"Master, we have already sent someone to investigate this person's background ..." "Right now, it seems that he must be an extraordinary master. If he really is an expert in alchemy, then we should not offend him and invite him to come up the mountain." A tall middle-aged man said.

The tall and skinny old man sighed, "It looks like the grudge we had with him before was indeed reckless. Now, he might have a bad impression of our God Murdering Mountain, and made a mistake It's a mistake. "

... ..

Chen Xiang did not know why, but after arriving at this place, the God-killing sword in his body became extremely active.

At night, Chen Xiang was on the balcony of a tavern. Looking at the majestic God Murdering Mountain, he felt the sword aura that looked down upon the world, as though he had become one with it.

"What's going on? My God-killing sword seems to have awakened, could it be that the God Murdering Sword Techniques has a great relationship with the God Murdering Mountain?" When Chen Xiang took out the Heavenly magic sword, he discovered that it was also trembling, appearing to be extremely restless.

Regarding this, Chen Xiang could not say anything, he only knew that the unparalleled divine art of the way of the sword was the God Murdering Sword Techniques, and there had to be a connection.

"Could there be something in the God Murdering Mountain that is related to the God Murdering Sword Techniques?" Chen Xiang suddenly had such a thought, if not the entire God Murdering Mountain would not continuously release such powerful sword force.

Of course, it would not be easy for him to sneak into the God Murdering Mountain right now. The God Murdering Mountain's doors were tightly shut, and the cultivation of the gatekeepers were extremely high as well as their keen observation skills. Chen Xiang passed by the entrance today and observed that it was difficult for the mosquitoes to enter the mountain gate.

Right now, he couldn't use the power of space, so he couldn't use the White Tiger's jumping ability either. He couldn't casually pass through those powerful enchantments like he did in the past.

Chen Xiang was lost in thought when he suddenly heard a commotion from below. He immediately looked down and saw more than ten bloodied men rushing towards God Murdering Mountain on their backs.

Chen Xiang immediately walked down and asked the people who were spectating.

"What's going on, these people are heading to God Murdering Mountain, and they won't open the door at night." Chen Xiang asked.

The more than ten injured people are all disciples of the Supreme Sword Sect. Earlier, they followed the Leader to this place, but they found out that a poisonous tiger appeared in the Ancient Sky Mountain Range to the east of the God Murdering Mountain. After that, they led the disciples to go there.

The shopkeeper shook his head, "The Gu Tian mountain range has been very strange recently. A few poisonous tigers have actually appeared. I wonder how they managed to get here."

Chen Xiang rolled his eyes and asked again, "Why did the Leader of the Sublime Sword Sect go and catch the poisonous tiger?"

The shopkeeper sighed: "Isn't it because the grandson of the Leader of the Sublime Sword Sect suffered from a strange poison that required him to use the poisonous teeth and bones of the poisonous tiger to refine into 9981 poisonous tiger needles, which he stabbed into his body to cure the poison? Poison tigers are extremely rare, and they themselves are extremely poisonous beasts, so they are not easy to capture."

Chen Xiang had always wanted to sneak into the God Murdering Mountain, but he didn't have any good ideas. Now, he could think of one, which was to help the Supreme Sword Sect catch the Poison Tiger.

With this plan, Chen Xiang immediately walked out of the restaurant and ran towards the east.

"I wonder if my impenetrable body can suppress the Divine Wasteland's poison." Chen Xiang thought to himself. He had already run out of the city and saw the Gu Tian mountain range covered by the moonlight.

He quickly entered the mountain range, and the moment he entered, he heard waves of tiger roars.

"Could it be a poisonous tiger?"

Chen Xiang quickly followed the sound and entered a forest. In less than an hour, he saw pairs of glowing green eyes, gloomy and strange, in the dark forest.

"It's a poisonous tiger." Chen Xiang was startled, he only saw a green gas fog suddenly being used, and enveloping him within the forest.

This was all poison mist, but in Chen Xiang's eyes, it was extremely beautiful, with a green glow.

"I'm fine, it seems like the Divine Wasteland's poison can't do anything to me."

Chen Xiang heaved a sigh of relief, and even breathed in large mouthfuls of the poisonous miasma, but he still did not see any signs of being poisoned.

"I think the Heavenly Net has used it to catch these guys." Chen Xiang took out a small net. This was a Heavenly artifact that Yuan Feng had obtained when he killed the gods.

Chen Xiang released the Heavenly Luo Divine Web. The divine web flashed and quickly enveloped the three poisonous tigers, then tightened around them.

The poison tiger had a lot of strength and was struggling continuously. Chen Xiang immediately rushed over, took out his Heavenly magic sword and stabbed the three poisonous tigers to death.

As for the other two poisonous tigers, they had already escaped. From this, it could be seen that these savage beasts weren't stupid.

"It's pretty easy." Chen Xiang controlled the Heavenly Luo Divine Net to shrink and put it inside the You Yao Mountain Villa.

Just as Chen Xiang walked out of the forest, he saw an elder and an elder suddenly jump out to stop him.

"This little brother, did you encounter a poisonous tiger when you went in earlier?" The old man in black robes asked with an anxious expression on his face.

"I did." Chen Xiang guessed that this old man should be the Leader of the Sublime Sword Grotto, and the young man beside him should be his son.

"You weren't attacked." The old man was surprised.

"The poisonous tiger used poison fog to attack us." Chen Xiang nodded.

"I am Tai Tianzhi, this is my father, Tai Shangzhen." The middle-aged man opened his mouth and said, "Brother, for you to be able to come out from the poisonous mist, you must have some sort of treasure to repel the poison. Otherwise, if you saw the poisonous mist released by the tiger, you would definitely be poisoned."

[Chapter 2678](#)

"He didn't have any treasures, but he learned a strange skill to counter poison from his master when he was young, so he wasn't afraid of the poisonous fog." Chen Xiang laughed: "Could this senior be a Leader of the Supreme Sword Sect?"

"Exactly." Tai Shangzhen immediately said. In order to cure his grandson's poison, in order to catch the poisonous tiger, the father and son pair had to put in a lot of effort.

"Brother, since you know about the Leader of the Supreme Sword Sect, you probably know that we, father and son, are in urgent need of catching poison tigers, right? Please do us a favor and kill two poison tigers. We will definitely thank you handsomely." Tai Tianxing said.

Chen Xiang had already killed three poisonous tigers earlier, and his goal in coming here was to hunt poisonous tigers to get closer to the father and son duo. This way, he could enter God Murdering Mountain without a hitch.

The Sublime Sword Grotto was also a sword sect, and it was obvious that they had gathered at God Murdering Mountain for some reason, because the Pill Dao was also here.

"I have indeed heard of this before. I only need two." Chen Xiang said.

Seeing that Chen Xiang agreed, Tai Shangzhen and Tai Tianxing were overjoyed, and immediately thanked him.

"Brother, you must be careful. The poisonous tiger does not only have extremely strong poisonous fog, its own strength is not weak either. This is something that we made just to catch the poisonous tiger ..."
Just as Tai Shangzhen finished speaking, Chen Xiang took out a large net filled with three green poisonous tigers.

Chen Xiang laughed: "Anyway, there are three of them here, I originally planned to kill one myself."

Tai Shangzhen and the others were pleasantly surprised, this person in front of them had already killed all the way to the Poison Tiger, and all three of them at that.

"Here, one for me. Take the other two."

Chen Xiang was very generous, he was anxious to enter the God Murdering Mountain, because there was something hidden inside.

"I can't thank you enough." Tai Shangzhen immediately expressed his thanks and gave a few jade boxes to Chen Xiang.

"These are all the more precious medicinal ingredients of our Sublime Flow Sword Grotto, high grade Heavenly Dao medicinal ingredients."

Chen Xiang received it with a smile, then asked: "I was originally just a pill refiner, so these medicinal ingredients couldn't be better for me."

"Oh, I wonder what your name is, could you be a pill disciple?" Tai Shangzhen asked anxiously, he knew that the God Murdering Mountain had alchemy disciples.

"Chen Xiang, I'm not a disciple of the Alchemy Dao, I'm just a Alchemist. The reason why I'm here to capture Poison Tiger, is to use its flesh and blood to refine the antidote." Chen Xiang laughed: "Are the two of you heading to the God Murdering Mountain?"

"Yes." Tai Tianzhi nodded. "So do you."

"No, I was almost captured by the God Murdering Mountain." Chen Xiang laughed bitterly: "Because there was a misunderstanding ... I wonder if the two of you could bring me to the God Murdering Mountain, have a good talk with the people of the God Murdering Mountain, and dispel this misunderstanding. "

"That's easy to say. Although I, Tai Shangzhen, am not a powerful sword cultivator like that in the Sword Dao Sect, I still have quite a bit of prestige. I will definitely help you settle this matter." Tai Shangzhen was very happy right now, because he had finally killed two poisonous tigers.

Tai Tianzhi was the same. His son had been tormented by that strange poison for many years, and now, he was finally going to get rid of it.

Tai Tianxing brought the two poisonous tigers back to the Supreme Sword Sect while Tai Shangzhen brought Chen Xiang to the God Murdering Mountain.

"Little friend, you really are a genius, your cultivation is not very high, but your ability is not small. With your strength alone, you were able to kill the Mountain Giant Tiger, more than ten sword experts of our sect were all carried back after encountering two poisonous tigers. If you did not make a move, I'm afraid that even I would not be able to approach the poisonous tiger, the poison is too terrifying." Tai Shangzhen said. At this time, they had already reached the entrance of the God Murdering Mountain.

Chen Xiang, on the other hand, felt that it was nothing. After all, he had not been poisoned for many years ... Other than Lv Qinlian's strange poison.

"Actually, Poison Tiger's strength wasn't that scary to begin with. In addition, this kind of animal has been accustomed to using poison for many years and has always easily succeeded. Now that it met me, a person with a strange poison resistance technique, it was killed by me in an instant." Chen Xiang chuckled, and was very modest.

Tai Shangzhen was after all, a Leader of a sword sect.

"Leader, I heard that disciples of the Alchemy Dao are also in the God Murdering Mountain. This time, there seems to be a lot of sword arts sects gathered in the God Murdering Mountain, could it be that something big is going to happen?" Chen Xiang asked.

"It can be considered to be a rather important matter..." Furthermore, this is not a big secret. Tai Shangzhen's expression suddenly became serious, "The main reason is because the guy from the heavens discovered the legendary Myriad Tao Mausoleum."

"Myriad Tao Mausoleum." When Chen Xiang heard this name, he also made a rule.

This place has always been a secret. Although many people have cultivated to the peak of their cultivation, these people, for some reason, mysteriously disappeared. It's said that they all went to a place to seek death.

Chen Xiang said in a low voice: "Is this how all of our supreme divine arts got lost?"

Tai Shangzhen nodded. "Really, all the people who had completed the transcendent divine might went to that place, and then did not come back ... "Many years later, when the sixth life was renewed, there was always a batch. Afterwards, all of their life orbs broke, meaning that they were already dead."

"Later on, when someone returned, it revealed that that place was a huge mausoleum. Once one cultivated to the peak of the great Dao, they would be summoned by a mysterious power to that place and they would die there."

Chen Xiang was even more curious about that place. All of the various sects would definitely gather together to discuss this matter.

"That place must be very dangerous." Chen Xiang said.

"Thus, we, the various sects, are all discussing whether or not we should head to the Myriad Tao Mausoleum to retrieve those lost transcendent divine mights." Tai Shangzhen nodded.

"If this news were to spread out, it would definitely cause a huge commotion. After all, many experts have died here, and there will definitely be a large number of cultivation techniques and all kinds of divine weapons." Chen Xiang frowned: "Will this news be leaked out?"

"He will definitely ... Although our Sword Truth has not been decided, it will definitely come out. We cannot let the complete God Murdering Sword Techniques and the famous swords of our Sword Truth fall into the hands of the Heavenly Dao. "

When Tai Shangzhen talked about the Heavenly Dao, his face was filled with anger. With one look, Chen Xiang could tell that the poison on his precious grandson was caused by the Heavenly Dao.

"Our way of the sword has already grasped the way to the Myriad Tao Mausoleum, and it's extremely dangerous on the way, so we will send out top-notch experts this time." Tai Shangzhen sighed: "Right now, we are already behind the Heavenly Dao, maybe Fire Avenue will start to move as well."

Chen Xiang and Tai Shangzhen had already reached the top of the mountain. There were many buildings on the mountain, where the disciples of God Murdering Mountain lived.

[Chapter 2679](#)

Along the way, the God-killing sword in Chen Xiang's body was agitated all the way, and he really wanted to burst out, but he was completely suppressed by Chen Xiang.

Arriving at the top, only then did the God-killing sword calm down. Chen Xiang was even more certain now that there was something hidden inside the God Murdering Mountain, otherwise it would not have caused his God-killing sword to react so violently.

At the top of God Murdering Mountain, it was very busy, everyone was detoxifying more than ten people, all of them were from the Supreme Sword Sect, now that their situation had stabilized, Tai Shangzhen had already forced out a lot of poison for them, and now they only needed to heal themselves.

As soon as Chen Xiang came up, he saw two disciples of the Pill Dao, namely the azure-dressed man and the young man.

"It's you!" When the teenager saw Chen Xiang, he shouted out in shock.

The azure-dressed man was also stunned. He quickly pulled the white robed old man beside him and said, "Master, that's him ... He's the one who said that we were pretending to be disciples of the Pill Dao. "

Last time, the white clothed man who had his sword broken by Chen Xiang was also here. When he saw Chen Xiang here, it was as if he had seen a ghost.

Seeing their reactions, Tai Shangzhen knew that Chen Xiang had a huge conflict with them, but he had already promised to help Chen Xiang solve the misunderstanding, and he knew that Chen Xiang was not an evil person.

"I am truly sorry. Before, I had indeed thought that you two were fakes. That was the reason why I came here to apologize to you two." Chen Xiang immediately laughed. He had to find the thing that the God Murdering Mountain was hiding, so he had to get rid of this conflict with them.

"Then... Then why are you pretending to be a disciple of the Pill Dao. " Seeing that Chen Xiang had come to apologize and was following beside the Leader, the young man did not dare speak in a firm tone.

The white robed elder next to the youth suddenly laughed. "This young man, these two are my disciples. They are young and full of vigor. Please forgive them."

"I'm fine!" Chen Xiang laughed, he did not expect that his master would be so open-minded, how could he teach such a disciple.

The white-robed old man nodded his head, "Those who reach the Dao are the people who enter the Dao. Although you have never officially joined any sect in our Dao of alchemy, your alchemy skills are so profound that you can be considered to have comprehended the true essence of the dao of alchemy. Even if you were to establish your own sect in the future, no one would dare to say a word."

Only now did Chen Xiang feel that this white robed old man was a genuine expert of the Pill Dao, and was something that his two disciples could not compare with.

"Thank you for your guidance, senior!" Chen Xiang cupped his fists and said.

Tai Shangzhen also nodded his head, he had already known from the start that Chen Xiang was not an ordinary person, if not he wouldn't have grasped that kind of strange poison fighting technique and easily killed the two poisonous tigers.

"Old Bai, this young friend is truly amazing. Not only does he have your approval in the Pill Dao, but his strength is also extremely strong. If it wasn't for him, I don't know what kind of monkey it would take to kill two poisonous tigers in such a short time." Tai Shangzhen laughed.

Hearing that, everyone was shocked, and looked at Chen Xiang with respect. Especially the more than ten people who were still recuperating, they were all injured by the poison tiger and knew how strong it was.

The white robed elder was not surprised, he only smiled: "Since that's the case, then this young friend should also be considered an esteemed guest of the God Murdering Mountain."

"Of course!" Tai Shangzhen laughed, and then immediately had someone arrange for Chen Xiang to rest. It was already dark.

Chen Xiang was brought to a house to rest, and he was the only one inside.

"There are still four hours before daybreak. I have to hurry!" Chen Xiang entered the room and immediately laid on the bed. A short while later, everyone around had left and he used the Transformation Technique to transform into an external body.

This avatar had his aura and flesh, and he could control it with his mind. It was just that this avatar did not have enough strength, but it was enough to fool others.

After creating an incarnation, Chen Xiang's real body would be using Counter Power to make himself invisible!

He had initially planned to enter the God Murdering Mountain like this, but he was worried that the barrier would detect him when he entered, and if the other party were to make a move, he wouldn't be able to escape. He couldn't use his spatial energy, so he didn't dare to be rash.

Using the Counter Power, Chen Xiang strolled on the mountain peak. He met a few people, but none of them noticed them.

"That thing should be hidden inside the God Murdering Mountain. I'm at the top of the mountain now, I need to go to the center." Chen Xiang quickly went around the mountain top, but he didn't find any place that he could enter. Only the more tightly guarded houses that he lived in didn't.

Chen Xiang came to the largest one among them. The door was wide open and there was no one guarding it. Chen Xiang observed for a bit and since there was no barrier, he walked in.

Upon entering, he saw a small mountain, below it was a black iron door. When Chen Xiang got closer, he realized that the mountain was made of a very sturdy metal, just that it looked very much like a mountain.

"It should be here!" Chen Xiang saw a very thin crack on the metal door, and immediately activated his transformation technique to turn into a very small bug, then crawled into the thin crack.

After entering, he found a spiral staircase. Chen Xiang was overjoyed, he had found the right place.

"At this time, my senses are even stronger, and the God-killing sword in my body almost went out of control." Chen Xiang closed his eyes, suppressed the God-killing sword, and continued his journey.

After half an hour, Chen Xiang finally reached the bottom of the pond. There was a black pond that was emitting the true cold Qi.

Without saying a word, Chen Xiang jumped down, quickly diving.

Not long after he swam downwards, the God-killing sword in his body surged out violently, forming a terrifying sword force.

"What is this?" As Chen Xiang was immersed in it, he suddenly felt waves of intense heat entering into his body.

"Brat, this is the Sword Purification Pool, hehe." A sneer suddenly appeared in Chen Xiang's mind.

"Sword-washing Pool?" Chen Xiang was stunned.

"Yeah, this is supposed to be used to wash swords, why did you jump down?" That voice appeared in Chen Xiang's mind.

"I don't know. Can I go up now?" Chen Xiang was in excruciating pain, his body felt as though it was being pierced by ten thousand swords.

"Of course I can go up, but I need to wash up long enough before I can go up. Eighty-one days!" The voice laughed.

"What are you laughing at? "Quick, let me go up." Chen Xiang shouted.

"To be honest, the Sword-washing Pool has washed countless famous swords, but it has never washed anyone, so I'm very curious." The voice laughed.

If he were to be washed here for eighty-one days, his external body would definitely be exposed!

"Senior, I'm in a hurry. I still have something important to do, quickly let me go up." Chen Xiang being submerged in the pool was extremely painful.

"It's fine. Two hours here is like one year in the world!" The Sword Purification Pool has profound laws of time and it saves a lot of time. " the voice said.

"Then what will I become after I wash it?" Chen Xiang asked again.

"I don't know, that's why I'm curious, because this is the first time I'm washing people's faces ... In the past, there were people who accidentally fell down, but there were no more dregs left. the voice said.

"Bullshit, I'm in so much pain!" Chen Xiang shouted in anger.

Chen Xiang also didn't know what exactly this Sword Purification Pool was for, but right now, he was in so much pain that he could no longer concentrate. Originally, he wanted to ask the mysterious fellow inside with his spiritual sense, but under the constant stabbing pain, he became drowsy and passed out not long after.

A few days passed, and Chen Xiang was awoken by the pain. After being awoken by the pain, he was tormented by it for a good half a day before fainting.

He slowly opened his eyes and saw that the top of the mountain cave was filled with shining swords, while he was currently immersed in the Sword Purification Pool.

"Am I having a nightmare?" At this time, Chen Xiang only felt that his body was very comfortable, and after sitting up, he realized that he could now float in the water.

"Of course not, you've already washed it." After the voice came out, Chen Xiang looked around and saw a white haired, old man in a white robe on the shore.

"Who the hell are you?" Chen Xiang immediately stood up and went to the shore. He looked at the Sword Purification Pool that had tormented him for many days: "What is the use of this Sword Purification Pool?"

"That's right. Only a sword tempered by the Sword Purification Pool can merge with it. I haven't waited for many years, and only then can I wait for a strange brat like you." The sword spirit said, "I believe that you have already completely fused with this sword, which is why you were guided here by this sword."

Chen Xiang also understood quite a bit now, and said: "Could it be that you can attract some powerful swords to come here?"

"Yes, I've been here for many years. Because I don't have my original body, I can't leave this place!" The sword spirit let out a sigh. "Daofather Jiandao left me here. In the blink of an eye, who knows how many years have passed."

"So Daofather Sword was your original master?" Chen Xiang had already guessed it.

"Yes, but because he broke my true form and felt sorry for me, he didn't ask me to follow him anymore." The Sword Spirit's face was filled with sadness.

"Then now ..." Chen Xiang looked at the Heavenly magic sword: "You want to be the sword spirit of my sword?"

"What is it? Don't you welcome it?" The sword spirit laughed, "It's fine if you reject it. You can just continue soaking in it for a while longer."

"This... I didn't say no!" Chen Xiang giggled, "Senior Sword Spirit, then quickly come in ... There's no space in this sword, so I'm worried that you might not get used to it."

"Don't worry, I can open up some space inside." As the sword spirit spoke, it turned into a white streak of light and entered the Heavenly magic sword.

Chen Xiang brandished the Heavenly magic sword twice, but did not feel much strength, only that the sword force had changed a lot, who knows if this change was strong or not.

"Brat, if you want to unleash my strength, you must learn the God Murdering Sword Techniques well. You should have a complete God Murdering Sword Techniques!" The sword spirit said.

"Of course there is, but what do you mean by study well? I've already learned it!" Chen Xiang said.

"What you have learned are just some basics! Since you have the God Murdering Sword Techniques, then comprehend it well." The sword spirit said, "I will give you a few pointers."

Chen Xiang hurriedly rushed back to the top floor, returned to his room, took back the avatar, and slept on the bed.

As expected, there was Time Formation in the Sword Purification Pool. He had immersed himself in it for many days, but only two hours had passed.

"Senior Sword Spirit, is that Sword Daofather very powerful? Where did he go?" Chen Xiang asked curiously, that sword Taoist must definitely have something to do with the God Murdering Mountain.

"He's the founder of the God Murdering Sword Techniques, the number one expert in the way of the sword. Of course he's strong, I don't even know where he went." The sword spirit said, "He only said that he might die if he went to that place."

"Could he have gone to the Myriad Tao Mausoleum?" Chen Xiang muttered.

"Myriad Tao Mausoleum? "Where?" He had been in the Sword Purification Pool for a long time, so he did not know much about the matters outside. Now, he even thought that Chen Xiang was a disciple of a Sword Dao sect.

Chen Xiang told the sword spirit what he knew about the Myriad Tao Mausoleum. After the sword spirit heard it, it said, "It might be inside, so you must go and take a look!"

"Senior, I'm not a disciple of the Sword Dao." Chen Xiang said: "I might not join any other sects in the future."

"Whatever, since your Heavenly magic sword can become a place to rest, then it's fine." The sword spirit said, "I've been trapped in that place for too long."
