

Dan God 2681

[Chapter 2681](#)

What made Chen Xiang a little unhappy was that after suffering for so many days, the Sword Spirit Old Man did not bring him much strength.

Of course, if he wanted the Sword Spirit to display its power, he had to use the God Murdering Sword Techniques.

At dawn, Chen Xiang walked out of his room and arrived at the center of a square, where many people were gathered.

When Tai Shangzhen saw that Chen Xiang had arrived, he pulled Chen Xiang to the side and said in a low voice: "Last night, we had a meeting and decided to go to Myriad Tao Mausoleum today. Originally, I wanted you to go with us, but many Leaders from the sects objected! Little brother, I am truly sorry. "

"It's fine, you don't have to apologize to me." Chen Xiang laughed, he had expected this to happen, so he did not mind it.

Tai Shangzhen nodded his head: "Then I'll send you down the mountain now, they will be leaving soon."

Chen Xiang and Tai Shangzhen arrived at the bottom of the God Murdering Mountain. Tai Shangzhen told Chen Xiang that when he came back, he would invite him to visit the Supreme Sword Sect and tell him that he had to go there at that time.

Then, Tai Shangzhen went back to the God Murdering Mountain.

Chen Xiang took a stroll around the city, at the same time, he was paying attention to the God Murdering Mountain's mountain gate. He was certain just now, this God Murdering Mountain only had this door, and no one could fly inside the city.

"Senior Sword Spirit, are there any other sects in God Murdering Mountain?" Chen Xiang asked, he planned to secretly follow behind that group of people, towards the Myriad Tao Mausoleum.

The sword spirit was inside the Heavenly magic sword and did not know about what was happening outside.

"Why do you ask? Have you been trapped on top of the God Murdering Mountain? "

"No, those fellows won't let me follow them. I plan to follow them to the Myriad Tao Mausoleum." Chen Xiang said: "But I've waited for an hour and they still haven't come down, I saw them lining up upstairs just now."

"Idiot, they definitely won't leave with a large group of people from the main gate. Although there is no other way, they can jump down from the mountain!" The sword spirit said: "Take out the Heavenly magic sword, I'll help you sense it."

Chen Xiang anxiously took out the Heavenly magic sword, causing the sword spirit to exclaim: "I never thought that God Murdering Mountain's surroundings would have such a drastic change ..."

A short while later, the sword spirit said, "I sensed the sword energy of God Murdering Mountain and the other disciples of the various sects together and their movement speed was pretty fast."

The sword spirit immediately told Chen Xiang of a direction, and Chen Xiang immediately gave chase.

"I was too careless. I almost missed it. Senior Sword Spirit, you are still the shrewd and ruthless one." Chen Xiang laughed.

"Of course, we can discuss it with me if there is any danger or if there is a crisis." The sword spirit said.

Chen Xiang used his fastest speed to catch up and chased for three whole days before he caught up. He realized that those people were riding large carts pulled by savage beasts and were galloping on the ground.

At the end, many roads were difficult to walk on, especially in some mountain forests, where dangerous things could be found everywhere. For example, tree vines with spikes on them, poisonous flowers and herbs everywhere, and occasionally, small poisonous objects would appear.

"This is good, you guys can't take the bus anymore!" Chen Xiang was secretly happy. He had been running behind for more than ten days and seeing others in the carriage, his heart was very unbalanced.

"Everyone be careful, a Lightning Destructive Snake has appeared!" The one who spoke was Tai Shangzhen, he studied this kind of thing the most, and this was also because his own grandson was poisoned, so everyone believed what he said.

Sure enough, just as he finished his sentence, several beams of white light flashed towards the hundred or so people in front of him.

"Humph!"

Tai Shangzhen groaned, a burst of berserk sword force swept over, he leapt into the air and slashed out a ray of Sword Qi, causing the Sword Qi to fly out like rainbows, bringing with it an extremely hot Qi, it struck the serpent's body, instantly burning it to ashes.

"The Supreme Sword Force is really amazing!" A middle-aged man exclaimed.

In the blink of an eye, Tai Shangzhen had killed over a hundred lightning snakes, causing everyone to heave a sigh of relief.

Chen Xiang used Counter Power and quietly followed behind. He was not discovered, he was currently on top of a tree, and he had clearly seen Tai Shangzhen's attack just now.

"So this is how sword energy is used." Chen Xiang finally saw through something.

"The guy who attacked just now must be using the Supreme Sword Force." The Sword Spirit's voice came into Chen Xiang's mind.

"That's right, how did you know?" Chen Xiang asked.

"Alright, I'll go take a look when I have time. It won't be easy for me to learn God Murdering Sword Techniques." Chen Xiang felt that the God Murdering Sword Techniques was the same as the Heavenly Alchemy, it would definitely be very hard to learn.

"No, the God Murdering Sword Techniques is the best of the Four Great Mysterious Techniques! The hardest part was the Heavenly Alchemy, even the creator couldn't learn it completely. Secondly, there's the Six Realms magic kungfu, which is a strange cultivation technique, I'm not too sure either." The sword spirit said.

Chen Xiang also felt that the Heavenly Alchemy was very difficult.

"Is the God Murdering Sword Techniques really that easy?" Chen Xiang asked. If it was easy, he still wanted to learn.

"As long as you master the three types of sword intents, release the sword force, use the sword force to stimulate the strong Sword Qi, and then familiarize yourself with the sword moves in the God Murdering Sword Techniques, you will basically have achieved great success." The sword spirit said, "For others, it would be very difficult. However, for a guy like you who has been washed by the Sword Purification Pool, this is a piece of cake. You should be able to learn it after eating a few meals."

"Alright, I'll learn it when I have time!" Chen Xiang wanted to give it a try right now, but he had something important to do, it was to follow this group of people to the Myriad Tao Mausoleum.

A month had passed, and everyone finally walked out of this tormenting forest. They arrived at a scorching barren mountain range.

"Everyone rest!" He was an extremely strong elder in the God Murdering Mountain, Chen Xiang had seen how many times he had killed the strong wild beasts and wolves.

Tai Shangzhen climbed to the top of a tall mountain and observed the terrain in front of him. Afterwards, he walked down and said to everyone: "No wonder it's so hot here."

"Did Fire Avenue leave before me? Are they still here? "Looks like we have to be careful." The expression of the elder of the God Murdering Mountain turned serious.

[Chapter 2682](#)

Chen Xiang had went to the God Red Mountain before, and that was one of the sects of the Fire Way. From Tai Shangzhen's tone, it seemed that the relationship between the Fire Way and the Sword Way was not very good.

"Senior Sword Spirit, back then, have you ever heard of the Dao of Fire?" Chen Xiang asked.

"Fire Path?" "Of course, but at that time, Fire Path was still very young. How is it now?"

"One of the Three Great Roads." Chen Xiang said.

"Original Tao was kicked out? This is also normal, it's not strange that the Original Tao's weird dao is kicked out, the way of fire is something that many people cultivate, it's not strange that they would become their own dao." The sword spirit said, "What is the relationship between these three?"

"I'm not too sure. In short, the relationship between the Dao of the Sword and the Dao of Heaven isn't very good. It doesn't seem to be very close to the Dao of Fire either." Chen Xiang said.

"With the Heavenly Daos' style of doing things, they often engage in internal strife as well as engaging in other Daos of their own." The sword spirit said.

Just at this moment, Chen Xiang sensed a strong aura of flames approaching him, while the seniors in Tai Shangzhen's group all became cautious, looking in one direction.

"Haha ..." So he was a friend of the Sword Dao ... "Yo, there's also people from the Pill Dao. Their lineup is quite strong." The speaker was a middle-aged man. He was riding a handsome, blazing horse, galloping over.

"Aren't you two ahead of us? What took you so long?" Tai Shangzhen asked.

"The main reason is that the road ahead is difficult to walk on... We've come back now, ready to take the other way. Do you want to come with us?" The middle-aged rider asked.

Fire Path wasn't weak at all, and there were many people. They must have fought a great battle here before, or else there wouldn't be such a dense and scorching aura remaining.

And now, in an area that even they were unable to cross, those in the path of the sword would definitely encounter many dangers in the past.

Tai Shangzhen and the other seniors communicated with their consciousness for a bit, and then decided to travel with the people from Fire Path. It could be seen that although they had their own conflicts, they were not too strong, especially in this kind of situation.

"Those fellows from the Heavenly Dao should be arriving soon. We have to hurry up and not let them snatch all the benefits away." After the middle-aged rider finished his sentence, he punched his fist into the air, causing a stream of flames to erupt high into the air.

After a while, a rumbling sound could be heard and a thousand horses rushed out from the mountain. They were all horses that were burning in flames.

Seeing the people from the Fire Way, Tai Shangzhen and the others all took a deep breath.

"Is that all you have left?" Tai Shangzhen asked in surprise.

"Yes, more than two thousand died." The middle-aged man dismounted from his horse with a sorrowful look on his face. Especially at the front, when he encountered a group of extremely powerful savage beasts.

"How can this be? Your powers should not be any weaker than the Heavenly Dao. If they can make it through, you should be able to too." The God Murdering Mountain elder asked.

"A lot of those guys from the Heavenly Dao also died. We saw their bodies on the way, they must have taken a detour." The middle-aged man said, "According to the route on the map, we will have to walk for another two years!"

"We rarely went in this dangerous zone. Even if someone went in, we never came out again. Hopefully, we can return safely after this trip." Tai Shangzhen sighed.

Chen Xiang was actually shocked, it took him more than two years to walk here, and it was even within a very large danger zone.

The face of the elder of God Murdering Mountain suddenly changed, and said: "Is it the disciples of your Fire Way? There is a large group of creatures approaching. They should be around the size of horses! "

"No, it's a herd of beasts!" The middle-aged man's expression suddenly changed, and he shouted to the group of disciples behind him: "Prepare to fight!"

Chen Xiang was still in the forest, he was standing on top of a big tree, looking at the depths of the Desolate Mountain, where sand and dust were rolling down, and the barren mountains were disappearing, but they were all flattened by the beasts' energy, which covered the sky and covered the earth.

"What kind of savage beasts are they?" Tai Shangzhen asked anxiously.

"Steel Tiger herd!" The middle-aged man said, "You must also be careful. When attacking, remember the eyes of the Steel Thorny Tiger. That is the easiest place to pierce."

Chen Xiang did not plan to participate in the battle, he was the one with the lowest cultivation in the group, he would watch.

Just as the sandstorm was about to engulf them, the middle-aged man suddenly jumped to the front and threw a punch towards the sandstorm!

Bang!

The middle-aged man's fist shook and an explosion occurred, forming a scorching hot Qi which blew away the sand and dirt.

"So strong!" Chen Xiang had thought that the sandstorm would envelop them, but he didn't expect that he would be sent flying by the middle-aged man's punch.

At this time, the group of Steel Tigers had also appeared. They were fighting tigers whose bodies were covered in sparkling fine steel. Their mouths were full of sharp steel teeth, and they charged over like a surging tide.

In the blink of an eye, it had completely enveloped the incoming steel tiger. The middle-aged man held a large blade in his hand, turned into a rainbow of light, and in the process of rushing in, he had hacked apart dozens of steel tigers.

"There should be at least several tens of thousands of Steel Tigers ..." Chen Xiang watched from afar and at this time, the disciples of the Sword Dao had also joined the battlefield. It had to be said that although the number of disciples of the Sword Dao was few, the number of disciples who managed to kill the Steel Tiger was no less than the disciples of the Fire Dao.

These disciples were all carefully selected, with extremely high cultivations and decent strength. They were instantly able to stab out thousands of sword strikes, and their movement techniques were all very outstanding. Being surrounded by tigers, they were all very skilled, and when they attacked, they could even behead a few steel tigers.

An hour later, the corpses of tens of thousands of steel tigers were scattered all over the place. Blood dyed this desolate land that was close to the mountain forest, and the strong stench of blood made people feel nauseous.

"Not a single human died, how powerful!" Chen Xiang had just witnessed the power of experts in the way of the sword and the way of fire. The young disciples were also outstanding, and against such a group of berserk steel tigers, not a single one of them were injured.

And before, the Fire Dao army had lost 2000 people. From this, one could see that the herd of beasts they encountered was much more terrifying. Otherwise, with just their momentum alone, they wouldn't have backed down.

"This is still the weaker ones. The strongest ones are still up ahead. Even though we have joined hands, we might all die inside if we were to face those fearsome savage beasts. Let's take a detour!" The middle-aged man said.

The group rested for three days, then began their journey, led by the men from Fire Path.

Chen Xiang just followed behind them, and they were even using Counter Powers, he felt that even if he met with a beast tide, he would probably be fine, but for safety's sake, he still followed this group of people.

There were many groups of beasts on the way, so it was obvious that very few people came into the dangerous zone. Those groups could have been four or five thousand at the very least or over a hundred thousand at the most.

They didn't really want the corpses, but Chen Xiang felt that it was a pity and stealthily accepted all of them.

[Chapter 2683](#)

It would take about two years for them to reach that place. Chen Xiang felt a little tired just thinking about it, and walking all the way to that place would also be a great test of perseverance.

Chen Xiang was the most relaxed of them all, it was just following behind them. The disciples of Fire Path and Sword Dao all fought hard and got injured while bleeding hard. After walking for half a year, the original one thousand people of Fire Path had already died over two hundred years.

Although there were not many disciples of the Sword Dao, but their overall strength was very fierce and not a single one of them died. This was all thanks to the few people of the Pill Dao.

"Don't these guys have any spatial magic treasures for carrying people? If we put them inside, it would be much more convenient to leave along with them." Although Chen Xiang didn't need to help out, following the road for more than half a year was still very arduous for him.

Of course, he had gained a lot. He was in charge of collecting the corpses of the savage beasts from the back. In his Divine Sense Sea World, the corpses of the savage beasts were piled into a mountain.

"It's not our choice to keep killing like this. If only we could have discovered those groups of savage beasts earlier. However, these groups of wild beasts first noticed us, and then they pounced on us." Tai Shangzhen said. After so many days, he also felt tired.

Moreover, he did not know how many hordes of barbarian beasts he would have to kill in the future. He did not know how strong the horde of barbarian beasts would be in the future.

"Our spiritual perception isn't as sharp as those savage beasts... I have a Heavenly spirit crow, but it's just that it's sleeping. As long as I wake up, my Heavenly spirit crow will be able to easily detect the savage beasts around me." The middle-aged Fire Dao cultivator said.

"If that's the case, then that's great. How long will it take for him to awaken?" Tai Shangzhen asked.

"More than ten days. Every time this Heavenly spirit crow sleeps, it needs to sleep for a whole year. Counting the time now, it should be about right." The middle-aged man said.

"Then I will rest here for ten days and heal my injuries. I will continue advancing once the Heavenly spirit crow wakes up." Tai Shangzhen said, and all of the higher ups of the other sects nodded their heads in agreement.

The people from Fire Path also didn't have any objections. After all, everyone was very tired after so many days.

At this time, Chen Xiang retreated a bit and hid in the hollow of an old tree. He took out a Six Realms mirrors and sat on top of it.

"They've rested for more than ten days. I'll make some pills while I'm at it." Chen Xiang took out three types of high quality heaven's divine medicine.

He was the one who had helped Tai Shangzhen hunt Poison Tiger last time, the one that Tai Shangzhen gave him. He grew many high-grade Heavenly God medicines last time, but he did not have the time to refine them.

"I wonder what kind of medicinal herb it is. Eat and have a look first." Chen Xiang took out a bean sized red fruit and pinched it soft. He placed it in his mouth and chewed it a few times before this red fruit immediately burst apart.

After he bit off the red fruit, the juice inside splattered in his mouth. A scorching heat suddenly burst out from his mouth and rushed toward his throat.

"Ah!" Chen Xiang shouted, and immediately used both hands to choke his throat, and then continued to cough non-stop. His face was currently flushed red, hot and spicy, and flames continuously spewed out of his mouth as he coughed.

"What the hell is this? It's spicy to death." Chen Xiang coughed for an entire hour, almost coughing out his gall bladder.

Although he did not know what it was, he knew that the power of this little red fruit contained an extremely strong flame Primitive Tao Power. Other than that, it also had a very unique effect; after eating it, it can make the Rule Dao line in his Divine Sense Sea become lively.

Just now, he had felt that the Rule Dao line in the Divine Sense Sea had absorbed a lot of Primitive Tao Power under the effect of that energy.

"Looks like this fruit can let Rule Dao line absorb the energy from the Dao god soul. In that case, this is something that can strengthen Rule Dao line."

"But how do we cultivate the second Rule Dao line?" Chen Xiang didn't understand anything about this, so he asked the sword spirit.

"Senior Sword Spirit, right now, I am at the first level of the Dao God Realm. I only have one Rule Dao line, how can I cultivate the second one quickly?"

"That's easy. First, you have to be strong enough in your Dao Meridian. That way, your Dao Meridian will be stable on the second day. Once your Dao Meridian is strong enough, you will need to use a Dao Stone to exchange for the power of law corresponding to your Celestial Sect of Wonders." The sword spirit said, "As long as you have a dao stone, you can go to the Myriad Tao's Divine Stele and exchange for the power of law. This will consume a lot of dao stones."

Chen Xiang had never tried it before, so he did not know much about it.

"Who created the Myriad Tao Divine Stele, is there anyone controlling it?" Chen Xiang asked again.

"Of course there are. They are controlled by all of them, and they are normally located in the number one sect of a great Dao. For example, the Myriad Tao's Divine Stele for the way of the sword is located in the vicinity of the God Murdering Mountain. The sword spirit said.

"Nope." Although Chen Xiang had wandered around God Murdering Mountain for a few days, he had never seen any sort of Myriad Tao Divine Stele.

"Doesn't this mean that I am currently unable to cultivate the second meridian?" There was no Myriad Tao Divine Stele nearby.

"Of course, otherwise how could there be so many people under God Murdering Mountain? It was all for the sake of obtaining the power of law at any time." The sword spirit said, "Let's talk about it when we get back. This matter isn't urgent anyway."

Chen Xiang nodded his head, then took out his little red fruit and refined it into a pill. After consuming it, his basic Rule Dao line would seem to be extremely hungry, continuously devouring the energy released by the Dao god soul, and after devouring it, it gradually became stronger and stronger.

Chen Xiang also didn't know if he could use the power of space after cultivating the spatial Rule Dao line. He looked inside the Divine Sense Sea, and saw that one end of the Rule Dao line was connected to the Dao god soul and the other end to the Fire Profound Gate.

After seven or eight days, Chen Xiang felt that his basic Rule Dao line had become much stronger.

He, who was inside the tree hole, suddenly noticed the movements of the group. He immediately walked out of the tree hole and used Counter Power to go invisible.

"Elder Zhong, what exactly is up ahead? You're an elder, yet you're injured so severely." The middle-aged man from the Fire Dao had a serious expression on his face. The old man from the Pill Dao had already given the old man a pill.

"Yes ..." It's the Dragon wolf, there's a group of Dragon wolf in front of us, let's quickly take a detour, we can't follow the directions on the map anymore. " The old man said.

They had taken a detour a long distance before, but now they had finally returned to the route on the map. If they took a detour, it would take a longer time to reach Myriad Tao Mausoleum.

"Dragon wolf... It's that kind of barbaric beast that evolved from devouring Dragon Power. Looks like I'll have to take a detour. " Tai Shangzhen said.

Chen Xiang was very clear of Elder Zhong's strength. He had seen Elder Zhong's attacks several times, and they were all very strong, but he was injured by some Dragon wolf.

"How many Dragon wolf?" The white-robed elder asked.

"Thirty." Elder Zhong said.

The number of thirty could be said to be very small, because the group of savage beasts they faced before numbered in the tens of thousands. However, when they heard about this number of Dragon wolf, the faces of all the strong warriors changed slightly.

"Let's hurry. The Dragon wolf might catch up." This book is from 17K, so the first thing I'll do is to look at the original content!

[Chapter 2684](#)

Originally, they planned to hurry back after the Heavenly spirit crow awakened, but because they were afraid of the Dragon wolf, they had to hurry back. Otherwise, the Dragon wolf would catch up and cause them a lot of damage.

Chen Xiang did not know how strong the Dragon wolf were. Just thirty of them were enough to scare the group of experts.

"Could it be that the experts of the Divine Wasteland only have this kind of strength?" Chen Xiang asked the sword spirit and told it about the Dragon wolf.

"Didn't you say that many of the Divine Wasteland's divine arts were lost? And all the strong warriors went to that Myriad Tao Mausoleum, so it is normal for Divine Wasteland to be so weak." The sword spirit sighed, "If the Sword Ancestor God had been here all those years ago, dealing with that kind of Dragon wolf would have been a piece of cake."

As long as their strength had reached a certain point, they would all go to the Myriad Tao Mausoleum, thus the number of experts in the sects would become fewer and fewer, and their legacies would gradually be lost, thus the Divine Wasteland's overall strength would gradually decline.

And the majority of the people who could pass through this dangerous place alone were very strong, they could take charge of themselves, if not they would not be able to smoothly enter the Myriad Tao Mausoleum.

"Senior, could it be that you don't know what Dragon wolf are?" Chen Xiang was extremely curious, he guessed that the Dragon wolf had the blood of dragons, and those people just now had mentioned the Eternal Dragon Power.

"I don't know. This kind of thing was clearly born later on." The sword spirit said, "If I were to encounter it, I might be able to figure out what it is."

Chen Xiang curled his lips, then followed that group of people. Currently, they were moving a lot faster, as if they were very worried about being killed by the Dragon wolf.

This made Chen Xiang more curious about those Dragon wolf.

Although he was curious, Chen Xiang would not go and take a look at those Dragon wolf. If those Dragon wolf were very heaven-defying, then he would be done for.

Chen Xiang followed that group of people for a few days, and on the way, they were extremely quiet. They did not encounter any beasts, and the Dragon wolf that made everyone panic did not chase up.

"My divine duck woke up." He took out a very small cage with a very small bird inside it.

The cage gradually grew larger, and the bird inside did not look that small anymore. It was actually a snow-white crow.

The crow cried out twice before speaking in human language, "There's someone at the back, someone at the back. It's a human."

Chen Xiang's heart trembled, the Heavenly spirit crow was truly powerful, it had actually discovered him, he continued to use the Counter Power to hide himself.

Everyone was also shocked. There was actually someone following behind them. Just thinking about it sent chills down their spines, yet they did not know about it.

"Who the hell are they?" Then, he placed the Heavenly spirit crow on his shoulder. A golden light shot out from the Heavenly spirit crow's eyes onto Chen Xiang's body.

When Chen Xiang was hit by the golden light, he immediately appeared, and after the golden light disappeared, no one could see him anymore.

"Yes ..." Little Brother Shen. " Tai Shangzhen was shocked, Chen Xiang being able to follow them here, and not only that, just with this ability, he was able to make many Rankers admire him.

Chen Xiang withdrew his Counter Power, allowing himself to appear. He smiled at Tai Shangzhen: "Senior Tai."

"He is ... My friend. " Tai Shangzhen anxiously said, he also saw that the higher ups of Fire Way and other sects were dissatisfied with this as well.

"He followed me here. That means he isn't a person of the Pill Dao, nor is he someone of the Sword Dao." The middle-aged man from the fire path said with a cold voice.

"No, I was just curious about the Myriad Tao Mausoleum, that's why I came here." Chen Xiang said.

"Then, how did you get here? Just go back. If you continue to follow us, don't blame me for being ruthless." The speaker was an old man of the Sword Dao.

"How can that be? If he were to go back by himself, it would be extremely dangerous." Tai Shangzhen looked at the old man, his voice cold.

Chen Xiang had helped him so much, how could he let Chen Xiang take the risk to go back on his own?

Tai Shangzhen looked at the higher ups of the sects, and only a few of them nodded towards him. They had a good relationship with him, and had agreed to let him stay behind, but most of them didn't want Chen Xiang to follow them.

"Alright, since everyone disagrees, I will also withdraw. I will escort him back." Tai Shangzhen snorted, he had already decided to send Chen Xiang back to the Myriad Tao Mausoleum.

Chen Xiang did not want to make things difficult for Tai Shangzhen, so he anxiously said: "Senior, do not worry, I am hiding my special ability, the beasts will not be able to find me."

"That won't do, didn't the Heavenly spirit crow discover you already? It's very dangerous for you to be by yourself, I'll send you back." Tai Shangzhen was his benefactor, so no matter how much he risked his life, he had to protect Chen Xiang.

He immediately activated Counter Power and started to run. Tai Shangzhen also did not know where he was right now.

Just when Tai Shangzhen was panicking, he heard Chen Xiang's laughter: "Senior Tai, I'll be leaving first. Maybe I'll be able to rush to Myriad Tao Mausoleum before you."

"Why do you have to go through all this trouble?" Tai Shangzhen sighed helplessly.

Although everyone rejected Chen Xiang, they had to admit that his strange technique was indeed powerful, allowing him to become invisible. Furthermore, he had concealed his presence well, and they had not discovered him during this half a year.

"Divine Crows, did that person go far? Which direction did he go?" The middle-aged Fire Dao cultivator asked.

"I went far, far away." With that, the Divine Crow flapped its wings and flew in the direction in which Chen Xiang had escaped at an extremely fast speed.

Chen Xiang, who was sprinting, sensed that something was following behind him. He turned around and was shocked in his heart, "This lousy crow can actually fly, and at such a fast speed?"

"Broken bird, why are you following me?" Chen Xiang asked.

"Make sure you didn't go too far." The Heavenly spirit crow said.

"Why can you fly?" Chen Xiang asked again.

"Secrets, secrets." The Heavenly spirit crow's voice carried a tinge of laughter.

Chen Xiang really wanted to capture the Heavenly spirit crow, but he would definitely be infuriated.

Chen Xiang ran frantically for a few hours before the Heavenly spirit crow returned.

"It's all the fault of this damn bird." Chen Xiang spat.

Chen Xiang had already returned to the location where he had found the Dragon wolf, and had secretly glanced at the map. Even though it was only a glance, it was still imprinted in his mind.

"Looks like we can only walk on the path of Dragon wolf. The Dragon wolf did not catch up either, scaring them so much that they ran away."

Chen Xiang rested for a long time, then started to move. He was still holding onto the Six Realms mirrors, planning to hide inside it once he met with a situation.

Chen Xiang madly rushed for a while, but did not meet any Dragon wolf, and entered a very hot ancient forest.

"Senior Sword Spirit, why can that broken bird fly?" Chen Xiang had never been able to understand it.

[Chapter 2685](#)

Chen Xiang had tried using the Six Realms mirrors, but he couldn't fly. Previously, when he was in Primitive Land, he could also fly with the little Vermillion Bird, but he couldn't do it here.

"Because that broken bird has the law of flight, so it can fly." The sword spirit said with a smile, "If you want to fly, then find a way to practice the Law of Flight. However, the Law of Flight can be considered a very rare Law."

"There is actually such a law." Chen Xiang was very surprised at this.

"Because the law limits the flight speed, so there is the law power to break through the flight limit." The sword spirit said, "If you were to find the Myriad Tao Divine Stele, you would have found out how difficult it is to obtain the Law of Flight, so many people chose not to fly."

Chen Xiang actually wanted to go to the Myriad Tao Divine Stele to take a look, but he was in a dangerous area now, so it was impossible for him to return. He had already walked for more than half a year on this road.

Therefore, he could only brace himself and continue forward.

"According to the map, as long as we pass through the forest with Dragon wolf, we would be able to reach a desert." Chen Xiang recalled the map: "If they took a detour, they would definitely pass through that desert, and if I passed through the forest faster, I would be able to catch up to them."

Passing through the forest was the same as walking straight to the desert. If one took a detour, they would need to walk in a big circle to reach the desert.

Several days had passed and Chen Xiang didn't discover anything within the forest. That Elder Zhong had only entered the forest for a few days before meeting those Dragon wolf and returning with heavy injuries.

"Could it be because I used Counter Power Stealth, that I was not discovered by the Dragon wolf?" Chen Xiang felt that it was very possible that the Dragon wolf could not detect him. This was a good thing for him, he wouldn't need to worry about encountering danger in this forest.

Chen Xiang was carefully running in the forest. Because he could not fly, and because his Shrinking step could more or less make a lot of noise, when he was running frantically, he made quite a few noises. At first, Chen Xiang was worried that he would attract Dragon wolf, but after running for a few days, he did not discover anything.

However, about ten days after he entered the forest, he suddenly heard a wolf howl.

Hearing the voice, Chen Xiang subconsciously jumped onto a nearby big tree, and jumped up and down a few times.

Not long after he climbed up the tree, he saw a wolf covered in golden dragon scales pounce at the spot where he was just standing.

"Is this the Dragon wolf?" Chen Xiang held his breath. When the Dragon wolf came over, its aura was extremely terrifying.

There was only one Dragon wolf here, he was sniffing the smell on the ground.

Chen Xiang gulped down his saliva. This Dragon wolf was indeed very strong, just its head alone was enough to frighten him, especially those terrifying waves of dragons.

Although he was afraid, Chen Xiang wanted to kill the Dragon wolf more.

This Dragon wolf was as big as a horse. Compared to many other savage beasts, this one was considered very small. However, the aura it exuded was extremely powerful, similar to that of a dragon's.

The Dragon wolf was very cautious, it caused him to be sure that his senses were not wrong. Just now, he had been running frantically here, but when he called for his comrades, he suddenly disappeared.

Chen Xiang carefully took out the Heavenly magic sword, and then changed it into the Nine-Xiao Divine Bow.

"Senior Sword Spirit, I saw the Dragon wolf. I have already turned the Heavenly magic sword into a bow." Chen Xiang said to the sword spirit: "Can you always give me a bit of strength? I'm worried that my arrows will not be able to pierce through this guy's body."

The sword spirit immediately sensed his surroundings, after discovering the Dragon wolf, he exclaimed: "So this is the Dragon wolf, there's a very strong primal dragon way energy in your body."

"Primordial Dao of Dragon Energy." Chen Xiang felt that this should be something similar to the ancient Dragon Power, but the way they were addressed was different.

"This is the power of the Original Tao, the power of the Primordial Ancestral Dragon, in other words, the Dragon Path. Be it humans or beasts, they can all cultivate in the Dao of Dragon, but the power of the Dragon Path is not an ordinary power of laws, only the people from the Original Tao have this power, it's especially powerful."

"The Dragon wolf should be a wolf-type savage beast that has absorbed the primordial dragon's dao energy."

"Going to the Myriad Tao Divine Stele is unable to exchange for Primordial Dao of Dragon Energy?" Chen Xiang asked, "You even have the power of the Law of Flight?"

"No, if there was, Original Tao would not have formed one of the three great Daos, and although he was the weakest and had a small number of disciples, neither the Heavenly Dao nor the way of the sword dared to bully him. It can be seen how strong he is, and most of their power came from this Primitive Tao Power."

"If you want to pierce through this fellow's scales, you will need to condense an extremely strong God Slaying Sword Force in order to break through his defense. This is not a difficult matter for you or me." The sword spirit said.

"Alright, I'll condense the God Slaughtering Sword's power right now."

Chen Xiang used the mental cultivation method from the God Murdering Sword Techniques to condense the sword force. At this time, he could also feel the sword spirit releasing a very strong sword force, fusing with his and condensing an arrow.

"This guy shouted just now. He should be calling for his companions. We have to get rid of him as soon as possible." Chen Xiang immediately pulled the bow open, and shot out an arrow, which pierced the Dragon wolf's head.

"Done." Chen Xiang immediately went over, grabbed the Dragon wolf's corpse and threw it inside the You Yao Mountain Villa. Then he hastily jumped away from the place he was at and arrived at a tree.

He did not need much strength to kill a Dragon wolf just now, which made him very excited.

"Senior, do you think we can continue?" Chen Xiang asked. Although he had already gotten one, he felt that it was not enough.

"Up to you. Just be careful." The sword spirit said.

Very quickly, five Dragon wolf came over, all of them were relatively close, and were able to make it here in time.

Chen Xiang took a deep breath and condensed five arrows from the Nine Heavens Divine Bow, each of which was aimed at the five Dragon wolf s.

The five Dragon wolf seemed to know that their companions had died, and started howling in anger. Just as they were howling, the five arrows from the Nine-Xiao God Bow shot out, piercing through the heads of the five Dragon wolf.

The Dragon wolf instantly fell to the ground. Chen Xiang went over and put the Dragon wolf's corpse away, then very carefully left the place. As long as he used the Shrinking step to slowly walk, there would be no sound.

When he used the Counter Power, not only did he become invisible, he also completely concealed his aura. As long as he did not encounter something like the Heavenly spirit crow, he would not be discovered.

Before Chen Xiang left, he encountered more than ten Dragon wolf, but he did not make a move. There were far more than thirty of them, or at the very least, a few hundred.

Therefore, he decided to stay away from this place to avoid any unexpected incidents that might cause him to fall into a predicament.

[Chapter 2686](#)

After entering the depths of the forest, Chen Xiang realized that there were not only Dragon wolf s, but also dragons, lions, dragons and tigers They were all savage beasts which possessed the primordial dragon's dao energy and there were many of them.

The Dragon wolf he had encountered before was relatively weak.

Originally, Chen Xiang wanted to kill a Dragon Ape, but the Dragon Ape was very strong. Even with his Nine Heavens Divine Bow, he was unable to pierce through it, and his position was also detected by the Dragon Ape. If not for the fact that he was fast, he would definitely have been injured by the Dragon Ape.

"These savage beasts with the Origin Stones are truly terrifying." Chen Xiang was finally free from the dragon ape's chase and heaved a sigh of relief.

He had been chased for an entire month.

"There are already many strong fellows hidden in the Divine Wasteland. This kind of savage beast is only the tip of the iceberg. I guess there must be something even more terrifying hidden in that Myriad Tao Mausoleum." The sword spirit said.

Chen Xiang was currently resting and was chased continuously for a month. He was extremely tired and there were a few times where he was almost hit by the dragon ape behind him.

"Not only is this guy powerful, he also possesses extremely high intelligence. That Dragon Ape in particular was actually able to detect me. After chasing me for so long, it wants to exhaust my stamina." When Chen Xiang thought about it again, he still had a lingering fear.

Now he finally understood why the people from Fire Path and Sword Truth were so afraid of Dragon wolf. They also made a wise decision to not pass through this forest, otherwise, their entire group would have been killed by this kind of savage beast.

If Chen Xiang did not have the Counter Power, he would not dare approach.

As he rested, he thought back to the map he had seen earlier.

"According to this speed, I can probably reach Myriad Tao Mausoleum in a year ... I wonder where they got this map from, and whether they can really go to that Myriad Tao Mausoleum or not. " Chen Xiang also did not ask Tai Shangzhen.

But he was certain that there were several maps on this map. Otherwise, it would be impossible for the Heavenly Dao, the Dao of Fire, and the Dao of the Sword to share this map with each other.

Thinking about it, Chen Xiang suddenly felt that someone had intentionally sent them a map.

"Could there be a trick to this?" Chen Xiang told the sword spirit his thoughts.

"I'm not sure about that, but I know that there really are some things hidden within this region. This is what the Sword Daofather told me." The sword spirit said, "Just go to the location marked on the map ..." If there was really someone who gave them a map, they would definitely want to go to this level as well. However, the three great paths still chose to go to this place, so the upper echelons of the three great paths must know some things. "

Chen Xiang nodded, then entered the You Yao Mountain Villa to search for something inside a Dragon wolf's body, but he couldn't find it.

"To think that these things do not have beast cores." Chen Xiang was very surprised. "How come such a strong beast doesn't have an Orb?"

"Could it be that the flesh of these savage beasts are extremely powerful?" Chen Xiang cut a piece of wolf meat and roasted it with flames.

He roasted it for less than an hour, but the meat still looked raw, and he immediately strengthened the flame.

Two hours had passed and Chen Xiang had finally cooked this piece of meat.

"I can even concoct a batch of pills by roasting this piece of meat." After Chen Xiang took a bite of the wolf meat, he could not help but exclaim in admiration.

"It's very delicious. I thought the wolf meat was very hard and old, but I didn't expect it to be so tender after being roasted." Chen Xiang immediately took big bites, he regretted not roasting that much just now.

After eating the wolf meat, his entire body felt warm, and a wave of heat flowed through his body, as if some kind of energy was drilling into his flesh.

"This savage beast meat really does contain a powerful energy. After eating it, I feel much more energetic. There are still signs of my body strengthening." Chen Xiang cut off a few pieces of the larger meat to roast.

At this time, the sword spirit also ran out.

"You can eat too." Chen Xiang laughed, lured out by the Sword Spirit from Chen Xiang's words just now.

"I am also a human now, alright? I have already become a human, so I'm no different from a human now." The sword spirit took a piece of meat and placed it on top of Chen Xiang's Chuangshi god furnace, roasting it.

After the roasting was done, they all began to gobble down the meat, praising the deliciousness of the meat.

"Could it be that even a savage beast with Primordial Dao of Dragon Energy is so delicious?" Chen Xiang actually felt full right now. It had been a long time since he had felt this way because of eating food.

"It's possible. You can hunt more of them." The sword spirit laughed and then entered the Heavenly magic sword.

Chen Xiang didn't dare do it now. He had almost been killed by the Dragon Ape earlier, if he met someone stronger than the Dragon Ape, he would be in trouble.

If he could fly, or use the power of space to teleport, he would not be afraid.

After eating the Dragon wolf meat, Chen Xiang's stamina had more or less recovered, and he walked according to the map.

He couldn't fly, and couldn't use the power of space either. Chen Xiang could only run around, and when he was tired, he would rest. After he rested, he would continue to run.

Although it was boring, Chen Xiang could still endure it. Unknowingly, he had been running madly within this forest for almost half a year.

Of the Dragon wolf that he had hunted previously, only one was left.

"This forest is truly huge. There are even more powerful savage beasts here..." And when I come back, I'm going to walk again. " Chen Xiang had already walked out of the forest, and when he looked back from the desert, he sighed.

In the past half year, he had encountered many savage beasts, and they were the kind that absorbed the Eternal Dragon Dao Energy. However, he didn't dare to provoke them.

Those savage beasts were either numerous or extremely vigilant. When they sensed the slightest movement, they would either attack him immediately or flee without a trace.

Some even spotted him in the distance, then immediately rushed over at extreme speed.

"We still have a long way to go." Chen Xiang walked for a little more than half a day, until he could no longer see the forest behind him.

The scorching sun was extremely hot. As he walked, it was as if he was in a furnace. Even though he was extremely strong in terms of cultivation and flames, he was drenched in sweat from head to toe.

"No way, what the hell is this place." Chen Xiang sat on top of the hot sand, and felt a scorching heat coming from below, as if it was a red-hot piece of iron.

"As expected of one of the dangerous areas in the Divine Wasteland, it's scary indeed. I've never been here before, but you can run so far by yourself, you can be considered very outstanding." The sword spirit came out from the Heavenly magic sword and looked around, exclaiming.

Chen Xiang rested for a bit, then continued to rush forward. In the desert, the consumption was ten times more than in the forest.

Two hours later, he suddenly stopped because he saw something in front of him.

"That is... The city walls. The city walls are very tall. " Chen Xiang stared ahead and could not help but shout in alarm, "Could it be Myriad Tao Mausoleum?"

[Chapter 2687](#)

Chen Xiang was not sure if that was the Myriad Tao Mausoleum, because it was not the place where the map indicated the end point. There was still a long way to go until the end point.

However, he still immediately flew over.

As he got closer, he was sure that it was the city wall. He also saw the huge city gate.

The city wall was over a hundred zhang tall and was made out of the color of earth. It looked like it was made out of sand, and the huge black city gate was tightly shut.

"I wonder if there's anyone inside." Chen Xiang was not far from the city now. In order to quickly investigate the situation, he increased his speed.

Not long after, he arrived at the entrance of the city. There was actually a small door here, and at the entrance stood two mighty guards in golden armor.

Chen Xiang walked over and greeted them, but they stood there motionlessly, not even blinking or rolling their eyes, as though they were statues that did not move an inch.

The door was very small, it was only enough for one person to pass through. Chen Xiang shouted a few times, but the two golden-armoured guards did not react, as he walked in.

He had thought that he would have to give something to the city gate, but he did not think that he would have to give anything else to the city gate.

"This... There is actually a city here. " After Chen Xiang walked in, he saw a wide street filled with shops on both sides.

It was just like the cities that Chen Xiang often saw, where many people were shouting and doing business. Many people were bargaining, and groups of people were shopping around as they chatted.

It looked to be a city of ordinary people, but Chen Xiang knew that the people inside were not ordinary. The moment he entered, he felt a strong aura pouncing on him.

He saw that the people walking on the streets were all around tenth place of Dao God realm, and all of them were extremely powerful.

"What kind of city is this?"

Chen Xiang walked into the crowd and arrived in front of a stall. He asked a relatively idle and seemingly very good-natured old man about the matters inside.

"Old grandpa, what kind of city is this? This is my first time coming to this city." Chen Xiang said. There were guards wearing gold armor at the entrance of the city, but other people were allowed to enter and exit, meaning that the city was not exclusive to outsiders.

This is the Myriad Tao City. Lad, did you come here alone? The old man laughed.

"Yes, old grandpa, you are very free anyways, can you tell me about what happened here?" Chen Xiang walked to the side of the old man and sat down.

"Of course you can. I've met many people like you." The elder was selling a small statue which had the shapes of savage beasts carved on it. Zhang Xuan didn't know what its uses were.

"The Myriad Tao City is very close to the Myriad Tao Mausoleum. In these many years, many people came here for the Myriad Tao Mausoleum, but were unable to enter the Myriad Tao Mausoleum. After a long time, this city was established, and all the experts of different paths were present ... So it can be said that the strong are as common as the clouds here." The old man said.

"Really?" Chen Xiang was surprised, he had heard that when the experts of the Great Way of the Buddha reached a certain level of strength, they would be summoned to the Myriad Tao Mausoleum. If they were unable to enter the Myriad Tao Mausoleum, then it was very possible that they were all in this place.

"Of course it's true. It's just that these experts usually don't come out very often. Unless something big happens, or the mausoleum has some movement, they will only appear." The old man said again.

"That's right, grandpa. Did a group of people come earlier?" Chen Xiang wanted to see if the people from Fire Dao and Sword Dao had entered.

"There are two batches. The first batch of people who came here heard that it's called the Heavenly Dao, and the second batch is called the Sword Dao or the Fire Dao. He was already old enough to still call others old fellows. From this, it could be seen how old those old fellows were.

Chen Xiang was full of doubts in his heart. He felt that his speed was already fast, and it was not even taking shortcuts, but it was actually faster than fire and sword paths.

This was because both the Fire Path and Sword Truth would encounter savage beasts along the way. Thus, their group would definitely be much slower in terms of speed.

"What method did those guys use to get here before me?" Chen Xiang didn't understand.

"When did they come?" Chen Xiang asked again.

"Yesterday, the Heavenly Dao just entered at noon. In the afternoon, it will be Fire Dao and Sword Dao."

It actually came on the same day, which surprised Chen Xiang, because the Heavenly Dao had appeared very early. He felt that the time the Heavenly Dao had come should be relatively normal.

As for the path of fire and the path of the sword, they were clearly much faster, so those who were able to walk the path of fire arrived together.

"Old grandpa, how do we survive here?" Chen Xiang felt that he would definitely stay here for a period of time, and also asked him how he could muddle through it.

"This... But what is used here is not the low grade Dao Stones like yours, it is the Dao crystal s that are needed." The old man laughed.

"So it's like that." Chen Xiang was glad that he did not earn too many Spirit Stones previously, otherwise, he would be useless here.

He felt that those sect heavyweights would definitely be very depressed because they all had a lot of Dao stones in their hands, but they were currently unable to use them.

"Are the Dao stones useless here?" Chen Xiang asked again, he had some Dao Stones on hand, he wanted to see if there were any Myriad Tao Divine Stele so he could exchange it for some power of law to cultivate.

"It's completely useless. The Myriad Tao Divine Stele here does not recognize any Dao Stones." The old man said.

"There's also the Myriad Tao's Divine Stele, who's controlling it?" Chen Xiang wanted to ask before.

"Who controlled the Myriad Tao Divine Stele ... I can't say for sure, but it's just being controlled by someone. " As the old man spoke, he picked up the small statues of the Barbarian Beast and said, "There is a little power of law in these small toys. They are all extracted from the bodies of the original Dragon beast.

Chen Xiang understood a little about the Primordial Dao of Dragon Energy, he had only eaten a few pieces of the Dragon wolf's meat before, he never thought that he would be able to extract the Primordial Dao of Dragon Energy from it.

"I thought you were selling some small stuff, old grandpa. I didn't expect you to be so amazing. Then old grandpa you must also be an animal hunter." Chen Xiang asked.

"I used to be one, but I'm old now. That's why I only take back the animal bones that others don't want, and sell them bit by bit. It can maintain my life." The old man said.

Chen Xiang was glad he did not eat the last Dragon wolf, because that would sell him for a Dao crystal.

"Old grandpa, I encountered a kind of Dragon wolf before. If I were to kill a Dragon wolf, I can probably sell it for a lot." Chen Xiang asked again.

"The Dragon wolf... They are relatively weaker Dragon beast, which can be sold for around five thousand Dao crystal. " The old man said.

After that, Chen Xiang chatted with the old man for a while. The old man told Chen Xiang where the Heavenly Dao, Sword Dao, Fire Dao and other people went, and they actually went to the vicinity of the Myriad Tao's Divine Stele.

Chen Xiang immediately rushed over, at the same time, he asked along the way where he could sell Dragon beast s, and he found it near the Myriad Tao's Divine Stele.

[Chapter 2688](#)

When Chen Xiang arrived at the Myriad Tao Divine Stele, he originally thought that it was very big. He didn't expect it to be even taller than he was and placed it in the middle of a plaza.

However, the Myriad Tao Divine Stele emitted seven rays of white light. These seven rays of light connected the seven huge courtyards around the plaza. Those houses were powers that could extract the power of law from the Myriad Tao Divine Stele, and were also powers that controlled the Myriad Tao Divine Stele.

Chen Xiang arrived outside one of the houses. There was a very big hall there.

"The invisible devil is here, the invisible devil is here." The Heavenly spirit crow shouted.

There were roughly two hundred people in the hall. Chen Xiang glanced over and immediately saw that the people from the Fire Dao Sword Dao had unfamiliar faces. It was obvious that they were from the Heavenly Dao, which made them emit a very strong sense of hostility.

"Little Brother Shen, you actually came here by yourself." Tai Shangzhen anxiously walked over and laughed in surprise.

"Of course, my luck has always been very good." Chen Xiang laughed.

The Fire Way middle-aged man brought his Heavenly spirit crow and walked over. The big shots of the other sects also came over, because they were against Chen Xiang coming over. They told him to return, but Chen Xiang still came in the end.

Therefore, they thought that Chen Xiang must be right behind them.

"I'm not following you guys. If you don't believe me, ask this crow." Chen Xiang laughed.

"I'm not a crow, I'm a Heavenly spirit crow." The Heavenly spirit crow shouted.

Chen Xiang stuck out his tongue at the Heavenly spirit crow: "It's all because of you, you bastard. Otherwise, I would have been able to come here easily."

The Fire Path middle-aged man snorted and said, "Are you really not following behind us?"

Tai Shangzhen's face darkened, and said: "In that kind of situation, is it possible for him to follow behind us, as well as your Heavenly spirit crow, you should know why we came here so quickly."

The heavyweights of the sects of the Dao of Fire and the Dao of the Sword said nothing.

"That's right, Senior Tai, how could you guys be so fast? I should be faster than you guys if I was to traverse the forest." Chen Xiang was very curious about this.

"Halfway there, we found a primitive mythical array. After activating it, we were transported to the desert, and then we found this city." Tai Shangzhen said.

Everyone didn't think it was strange that Chen Xiang was able to traverse the forest. It was because they had all seen Chen Xiang's power that could only be seen by Heavenly spirit crow.

"Chen Xiang, what are you doing here, are you hunting Dragon beast in exchange for Dao crystal?" Tai Shangzhen said: "We don't have any Dao crystal s, so it's inconvenient to be here Furthermore, the power of law here is purer, and there are also those rare powers of law. For example, the power of flight is more expensive." Tai Shangzhen said.

"You guys wait here for me to hunt those Dragon beast." Chen Xiang looked at the people inside, he remembered that there were more than a thousand of them, but there were not enough for two hundred, adding the people from the Heavenly Dao.

"We are waiting for the Dragon beast's information." Tai Shangzhen nodded, he saw that Chen Xiang was looking at the number of people, and sighed: "Although we went around Dragon wolf s, we also encountered many beasts on the way, causing heavy casualties."

"It's a good thing you didn't take the road in the forest, or else ... None of you are left." Chen Xiang's words had moved everyone, it could be seen what Chen Xiang had encountered inside.

"You ... I met many Dragon beast inside." The white-robed elder from the Dao of alchemy walked over.

"Yes... One of them should be called the Dragon Ape, very powerful and nimble, I almost got killed because of that. There are countless Dragon beast in there, all in groups, and there are hundreds or thousands of them. Chen Xiang laughed bitterly.

Hearing Chen Xiang's words, everyone shuddered. Even a normal group of barbaric beasts would be exhausted, but if it were Dragon beast s, they would die even more miserably.

"Kid, you're still alive even after encountering the dragon ape. Your luck is pretty good." An old man suddenly walked over and said with a smile, "The dragon ape is indeed scary, because it's quite close to humans."

"How many Dao crystal s are the dragon apes worth?" Chen Xiang laughed.

"Two hundred thousand." The old man said.

"So little." Chen Xiang curled his lips: "Such a powerful fellow, only worth that much."

"Kid, did you just arrive at the Myriad Tao City? Here, a tenth stage Tai Dao realm expert has a monthly income of five thousand Dao crystal. If you can hunt a dragon ape every year, then you can live a carefree life."

"What about the Dragon wolf, you guys take it." Chen Xiang asked, the old man was the manager here, he was also in charge of purchasing the Dragon beast's corpse.

"This, usually around four or five thousand, depends on the completeness of the body." The old man said.

Chen Xiang immediately took out a Dragon wolf's corpse and placed it on the ground.

"This must be a Dragon wolf... "How much is it worth?" Chen Xiang said.

Chen Xiang was actually able to kill a Dragon wolf. They were very clear on the strength of this thing, and Chen Xiang was only at the first level of the Divine Dao Realm with only one dao vein.

He actually had the strength to kill Dragon wolf.

"The corpse is still considered complete, and something pierced through the head from the eye, causing the Dragon wolf to die. It can be sold for four thousand Dao crystal." The old man said. He was also surprised.

"If it's so complete, why can't it be five thousand?" Chen Xiang said.

"You don't understand, the eyes of Dragon beast are more valuable, but you have destroyed one eye, so the price is a little lower. Of course, the integrity of your Dragon wolf is also a little rare, the things that we met together were all beaten up and we could only sell for two to three thousand." The old man said, "Since this is the first time you've come here to sell, I'll give you four thousand five hundred."

"Sure, deal." Chen Xiang said.

Very quickly, Chen Xiang acquired four thousand five hundred Dao crystal. Dao crystal and Dao Stones were the same, they were both the size of grains of rice, only they were shiny, and much better than Dao Stones.

The high ranked members of the sects that followed the path of fire and the way of the sword were all extremely envious at this moment. Chen Xiang was actually the first to obtain a Dao crystal.

"Elder Tai, when I came here earlier, I saw a hotel. I heard that there was Dragon beast meat for sale inside ... The Dragon beast's meat is praiseworthy, I have already eaten it before ... " Chen Xiang laughed.

Chen Xiang had actually even eaten Dragon beast flesh before, which showed that he did not only have one.

"Little Brother Shen, how did you hunt the Dragon wolf?" Tai Shangzhen asked.

"If I hide and attack in the dark, I'll be able to get away easily." Chen Xiang said, "Later on, I tried attacking things like the Dragon and Lion Dragon Apes, but they were all unsuccessful. I even almost lost my life."

"It's good that you're still alive." The elder took a deep breath: "Truly a brat who isn't afraid of death. With your little cultivation, you actually dare to sneak attack something like the Dragon Ape or Dragon Lion ..." Of course, it's already very rare for you to be able to hunt Dragon wolf. "

[Chapter 2689](#)

"Senior Tai, let's go!" Chen Xiang wanted to drag Tai Shangzhen to have a drink.

But Tai Shangzhen rejected it, he shook his head, he wanted to keep it.

Chen Xiang guessed that there were people from their three main roads in this city, they would definitely come to pick them up after a while. After all, their strength was considered quite good here.

Chen Xiang already had a Dao crystal, and there was also the Myriad Tao Divine Stele. He walked to the counter and asked: Manager, how much is the power of law here?

"Different Law Energies have different prices. The rarer Law Energies are, the more expensive they are." The manager said.

"So it's like that! "Then how much are the flight Laws and the Space Laws sold for?" Chen Xiang asked again.

"This is too expensive, the flight and spatial laws are both part of the rare power of law, only with a hundred million Dao crystal can one buy a Law beads!" The shopkeeper had just bought one of Chen Xiang's Dragon wolf, but there were only a few thousand.

"So expensive!" Chen Xiang's face was full of shock. After selling the Dragon wolf, he had a new understanding of it.

Actually, we don't earn much either. I also need to consume a large amount of Dao crystal s to extract the power of law from the Myriad Tao's Divine Stele, which would require me to use up more than 9,500 Myriad Tao Crystals. Furthermore, it will take a relatively long time, and we can even help to refine the purest power of law.

The shopkeeper took out a Law beads and said: "This is a Fire rule beads, it's relatively cheaper. One Myriad Tao Crystal for one."

Chen Xiang now understood that there were very few Dao crystal in his possession, it was only enough for him to eat something here or stay in a hotel.

"Then how effective can this Law beads be?" Chen Xiang thought for a while, then asked.

"Law beads formed by the Myriad Tao Divine Stele are usually used to cultivate Rule Dao line. After obtaining the Rule Dao line, the Tao power produced by the Dao god soul can be converted into the power of law through the Rule Dao line."

Chen Xiang nodded his head, although he could use the power of space, the laws of space he grasped were not suitable for use here, so he could not use the power of space.

"If you want to cultivate a Rule Dao line, it usually requires a thousand of them ..." The manager said.

A hundred pills, Chen Xiang took a deep breath, this required a lot of Dao crystal, especially Rare Principle.

Cultivating Rule Dao line, the most important thing was to cultivate well on the basic dao channels, and now that Chen Xiang's basic dao channels had been cultivated well, he needed Law beads to cultivate on the second dao vein, and the second Rule Dao line needed to have a good foundation, otherwise he would not be able to condense third.

In other words, he would be stuck at the Dao God Stage for a long period of time!

"Actually... If one only uses normal Law beads, it would still be very easy to cultivate. A majority of people start with the most normal Law beads to refine and train their Rule Dao line, this is all to quickly raise their cultivation to the Tai Dao realm, because the Tai Dao realm can gain even stronger strength. " The shopkeeper said: "In any case, we can change to cultivate other Rule Dao line."

Chen Xiang nodded, if he wanted to train spatial Rule Dao line right now, he would need a lot of them.

If he wanted to reach the Tai Dao realm quickly, he would definitely not do so. After all, if he cultivated the Spirit of the Dao gods, he would be even stronger.

"What's the cheapest Law beads?" Chen Xiang asked.

"Water Law beads, three thousand one pellet!" The manager said.

never thought that the difference between the two would be so huge. The cheapest Law beads only had three thousand and the most expensive one was only able to reach a hundred million!

"Of course, I recommend that you get all the fire or thunder you can. This way, you can be more aggressive and stronger. Only then can you quickly earn Dao crystal s." The manager said.

Fire rule beads s were also worth ten thousand, and a hundred of them was equivalent to a hundred Myriad Tao Crystals.

Of course, this was also the way many people did things.

Tai Shangzhen walked over and said: "Chen Xiang, it's more worthwhile for you to cultivate your Rule Dao line here. If you were to use Dao Stones in other places, it would take even longer.

The shopkeeper said: "Of course, if it's those low rank Myriad Tao Divine Stele, the Law beads would need thousands upon thousands of beads to cultivate it. Even worse, tens of thousands, or even hundreds of thousands."

Tai Shangzhen also nodded his head: "We only need a hundred pills here, it will greatly shorten the time."

"Alright, looks like I have to go and earn the Dao crystal." Chen Xiang said, after greeting Tai Shangzhen, he walked out.

He was strolling outside to see if there was any pill shop here. If he could exchange his pills for Dao crystal, then he wouldn't have to take the risk to hunt them.

Dragon beast s were very strong, even though he had many methods, he still had to take risks, not to mention that he could not use Spatial Force right now.

When he was chased by the Dragon Ape earlier, he had already felt the terror of Dragon beast s. If not as a last resort, he did not want to face those strong Dragon beast s.

Chen Xiang only inquired about a little before he found out about the pill shop here. This made him very happy.

However, when he arrived at the pill shop, he couldn't help but sigh. This pill shop was simply too deserted.

"Old granny, why is this medicine store so deserted?" Are the pills here hard to sell? " Chen Xiang walked in and asked. The pill shop looked very simple and crude.

The old granny sighed, "Isn't it so... The people here mainly cultivate Rule Dao line, many of the Dao crystal that they earn are used to buy Law beads, to cultivate their Rare Principle, and the use of medicinal pellets is also only used for healing! "

"Don't you have any healing pills here?" Chen Xiang asked.

"No, we only have some strange pills here. They don't have much use, I'm just here to make them out of boredom. If you need any pills, you can go to the southern part of the city near the city wall. There is a

street there, mainly for selling pills." The old granny laughed, "Child, you have just arrived at Myriad Tao City, right?"

Chen Xiang nodded, he did not know about this.

Just as he was about to leave the shop, a woman in a red dress suddenly walked in. Her body exuded a faint fragrance, and a sweet smile hung on her face, revealing two enchanting dimples.

Seeing Chen Xiang looking at her, the woman's jade-like face blushed, then she lowered her head and spat. She was often looked at like that, so she was already used to it.

But for some reason, when she was looked at by Chen Xiang, she couldn't help but blush.

"Grandma, I'm back!" The woman hurriedly walked to the counter and shouted.

"How did you do?" It seems that he has definitely passed the examination! " The old granny smiled benevolently. She could also see the peculiarity in her granddaughter.

"I did pass, but... But my sister doesn't think it's right for me to go to her for help yet. " Seeing that Chen Xiang had not left, she asked: "Who is this?"

"This lady, what test are you talking about?" Alchemist assessment? " Chen Xiang smiled and asked.

"No... It's just that it's very difficult to cultivate flowers and plants, and I can't learn alchemy. But elder sister learned very well, she's a rather famous Alchemist in the city right now. " The woman spoke of her elder sister with a face full of pride.

"Child, you seem to be very interested in refining pills? Are you also a Alchemist? " The old granny asked with a smile.

"Yes, my cultivation is very low, killing Dragon beast to earn more Dao crystal is also dangerous, I just happen to know how to refine pills, so I came here to see if I can find a job to refine pills." Chen Xiang said.

The red dressed lady immediately looked at Chen Xiang with adoration. "You're really amazing, you look very young, and you can even learn alchemy!"

"I just know a little." Chen Xiang said humbly.

"Sijing, why don't you take him to your sister's shop and ask if you can help him find a job." The old granny said.

"En!" The girl called Sijing immediately nodded her head in agreement, then walked over to Chen Xiang's side.

"My name is Chen Xiang, hello Sijing!" Chen Xiang laughed.

Sijing flushed red and said in a low voice, "Mn!"

Chen Xiang followed her out of the shop and headed towards the southern city wall.

Along the way, they chatted a lot, and Chen Xiang got to know her better. She was called Jiang Sijing, and her elder sister was called Jiang Simei.

What made Chen Xiang surprised was that they were actually twins. Her elder sister looked exactly the same as her, but her personality was a little different.

"I'm so stupid. My sister can learn alchemy, but I can't. I only know how to grow plants." Jiang Sijing said in a low voice, feeling somewhat inferior to her.

"That's nothing. Many experts don't know how to refine pills and everyone has their own strengths. If you know how to plant plants, then it means that you're very good at cultivating medicinal plants. This is also quite good." Chen Xiang laughed.

"Chen Xiang, you said that you are only at the first level of the Dao God Realm, but you can refine pills! Truly amazing, my sister started refining pills when she was only at the Dao God Stage, and only learned when she was at the third level of the Dao God Stage. Now that she has the tenth place of Dao God realm, she has quite a bit of reputation." Jiang Sijing said.

"Then are you also a tenth place of Dao God realm?" Chen Xiang asked, he did not expect these girls to be so powerful.

"Of course I'm also at the 10th level. If my cultivation is surpassed by my elder sister, I will die from laughter." Jiang Sijing stuck his tongue out at Chen Xiang and laughed.

Very quickly, Chen Xiang and her arrived at a street near the city wall. There were indeed pill stores here, and the competition was fierce.

He and Jiang Sijing arrived at a small shop with three floors. As soon as they arrived at the entrance, they heard the woman yell, "Those who don't buy medicinal pellets, f * ck off, don't take all the crap, if you don't f * * k off, this old lady will cut all of your eggs!"

Hearing that, Chen Xiang's legs could not help but shiver, because the woman's voice was also extremely cold.

A large group of people rushed out.

"Chen Xiang, you don't have to be afraid. That's my sister, she won't do anything to you." Jiang Sijing laughed softly.

"This... Is she really your sister? Or twins?" Chen Xiang was startled, Jiang Sijing's personality was already good, she was gentle like water, like a lady from a noble family, and the one inside ...

"Alright!" Chen Xiang nodded.

After he followed Jiang Sijing in, he saw a lady dressed in grey standing behind the counter. Her hair was messy, with a big braid hanging on her chest, and her arms were crossed in front of her chest, her face cold.

Her face was exactly the same as Jiang Sijing's, but her demeanor and attire were completely different. Chen Xiang had wanted to ask Jiang Sijing how he could differentiate between the two of them before, but there was no need to ask now.

"Sijing, what are you doing back here? Didn't you say to go to Grandma's?" When Jiang Simei saw her sister, her expression softened, but when she saw Chen Xiang standing beside Jiang Sijing, her beautiful jade face immediately sunk, and was covered in frost.

"Elder sister, what happened just now? "Why are you so angry!" Jiang Sijing hurriedly walked over, held her sister's arm, and stroked her sister's messy hair.

"I'm so pissed off. A bunch of bastards only know how to brag all day and not buy any pills, yet they're still f * cking making a bet here, causing this place to be extremely smelly." Jiang Simei walked out of the counter and stood in front of Chen Xiang.

"Sijing, how did you end up with that stinking man? Didn't Big Sister tell you before that this kind of man doesn't have any good things, especially this kind of face. " Jiang Simei reprimanded.

"Grandma told me to bring him to find you. He said that he's from Alchemist and wants to find a job here to earn Dao crystal s." Jiang Sijing stood at the side. Towards Chen Xiang's actions of "Calm down", she was worried that Chen Xiang would be angry because of her sister's rude remarks.

Chen Xiang was not angry, he had seen this kind of woman before, she was as violent as he was in the past.

"He knows how to refine pills? What cultivation level? No matter how I look at it, he is just a Rule Dao line, so he shouldn't be at the first level of the Dao God Stage right?" Jiang Simei walked around Chen Xiang and said.

After all, it was her grandmother who had called him over, so she didn't dare to kick Chen Xiang out immediately.

"This... Can someone at the first level of the Dao God Stage concoct pills?" Chen Xiang said.

"Did I say no? If you really know how to, then in my eyes, you are much more useful than those smelly men from the tenth place of Dao God realm. " Jiang Simei said.

"I can refine pills, but at the moment, I only have control over the forging of low-grade pills ..." For example, Jinyuan Dao Dan. " Chen Xiang said: "Do you have a Jinyuan Dao Dan here?"

"Of course there is. Give me a cauldron. As long as it can be refined, you will be mine." Jiang Simei patted Chen Xiang's shoulder and smiled domineeringly.

Chen Xiang was a little speechless, this kind of woman was so much more brutal than Leng Youlan!

Chen Xiang took out the Chuangshi god furnaces and the Jinyuan Dao Dan s' medicinal ingredients.

"Follow me in and train in the secret room!" Jiang Simei said: "Don't worry, I won't send you up."

Chen Xiang thought, if he was set on by such a woman, he would not lose too.

Jiang Sijing followed her into a private room. She wanted to see if Chen Xiang could concoct pills, although she and Chen Xiang had just met, she had a strange good impression of Chen Xiang. The most important thing was that Chen Xiang was good-looking, knew how to concoct pills, and he was easy to talk to.

Chen Xiang sat on the ground and looked at the twins, who looked exactly the same but had very different personalities.

"Jiang Simei, Jiang Sijing, the beautiful scenery is exactly what this pair of twins wanted to name themselves!" Chen Xiang thought in his heart.

He was already very familiar with refining Jinyuan Dao Dan and could finish it in a very short period of time. With his current speed, he could finish it in two hours.

"Lovely ..."

The moment Chen Xiang said these two words, Jiang Simei immediately shouted out, "Just call me Boss, don't call me that softhearted bastard who sounds so unbecoming of a name!"

"Ah... Boss, how's the business here? " Chen Xiang suddenly wanted to laugh, now he understood why Jiang Simei's character was like that, it was very possible that it was because of his name.
