

Dan God 2781

[Chapter 2781](#)

Chen Xiang grabbed onto the broken piece, his hand trembling a little, the Heavenly Alchemy art was inside.

This jade piece was made from a special material, the method used to make it was extremely high. Chen Xiang was able to read a large number of new chants and annotations immediately after he entered his mind.

Before, he was worried that the Heavenly Alchemy art would be extremely obscure and hard to understand, but he never thought that there would be a few annotations inside, it was clear that it was specially added by the person who refined this jade piece.

"Who exactly is the one who kept the Heavenly Alchemy art in there? What is the meaning of that?" Chen Xiang closed his eyes and relaxed his entire body, allowing the information from the jade slip to enter his brain and fuse with his memories; this would allow him to understand and comprehend this more thoroughly.

After three days and three nights, Chen Xiang was wild with joy, because at this time, he could already grasp the essentials of the Heavenly Alchemy art.

"Let's give it a try." Chen Xiang took out the ingredients needed to refine the Tianhun gold Dan, placed them into the pill furnace, and then used the power of the Heavenly Alchemy Dao line according to the method inside the Heavenly Alchemy art.

He had cultivated the Heavenly Alchemy Dao line for a period of time, but he did not know how to use it. No matter how he tried before, he was still unable to make the Heavenly Alchemy Dao line unleash any of its power.

But at this time, after his dao energy passed through the Heavenly Alchemy Dao line, he had a reaction. This was something that he did after learning the Heavenly Alchemy art.

"Now, let me see if my forty billion Dao crystals were spent for nothing." Chen Xiang had high hopes for the [Heavenly Refining].

Very quickly, after the Heavenly Alchemy Dao power rushed out and entered the pill furnace, the herbs inside were instantly refined at a very fast speed.

He could refine the ingredients in an instant without using the Heavenly Alchemy Dao power, and he could release the flames with his eyes.

However, there was a huge difference between using the Heavenly Alchemy Dao power and using his eyes.

After using the Heavenly Alchemy Dao power to refine the medicinal herbs, he could feel that the quality of the medicinal liquids had greatly improved.

"It's fused." Chen Xiang only moved his mind a little and used his consciousness to knead the medicinal liquid together, making it into a ball. When he gathered, he did not encounter any sort of assistance.

In just a few seconds, it was refined from five Tianhun gold Dan, and the quality was extremely high.

"This is at least equivalent to a pill that has undergone the experience of the Five Crashes." Chen Xiang took a deep breath. To have such high quality was only possible through the use of Heavenly Alchemy Dao power.

"To me, this Tianhun gold Dan is not difficult at all. I just don't know what will happen if I refine those extremely difficult pills." After Chen Xiang consumed one pellet, he confirmed that its quality was very high. If he used another Crash method, it would be even higher.

"Heavenly Alchemy art shouldn't just be able to refine pills." Chen Xiang threw a palm strike across the air at a rock, causing the Heavenly Alchemy Dao power to rush out fiercely, transforming into a wave of energy that struck the rock.

There was no sound from his palm, nor was there any wind. It was extremely strange. After it landed on the stone, it instantly turned into a faint mist.

"It has transformed into an Earth Attribute Dao Qi." Chen Xiang was a little surprised: "I wonder what it will be like when we use it to fight? If it was on someone's body ... Just what kind of reaction will there be? "

Chen Xiang looked at his own palm, and then released a surge of Heavenly Alchemy Dao power, muttering to himself: "Looks like this can't be used as I please, even I feel that it's a bit scary."

After cultivating the Heavenly Alchemy art, Chen Xiang was able to use it, and the power of the Heavenly Alchemy Dao power did not disappoint him.

"Since I haven't broken through to the Six Gods Stage's pills, I should go to a higher level to look for them."

Chen Xiang felt that it was time for him to leave. Right now, he was in the Late period of Three profound realm, and because the Profound Gate was open, he had the power that was comparable to an early stage Six Gods Stage.

The previous Flying Dragon City Lord came down from the Thousand Floors, so he felt that there shouldn't be a problem going to the Thousand Floors.

... ..

"We're going to the Thousand Layers so soon. This is the height that I can only look up to right now." Wu profound and Chen Xiang were drinking wine, and the reason Chen Xiang came to find him was also to say his goodbyes, at the same time telling him a few things.

In his eyes, Chen Xiang was like a good brother to him. Now that Chen Xiang had left, he was also extremely reluctant.

"I've already told you about the Flying Dragon Palace. They are currently looking for me, but they don't have any clues, so they're also looking for you. It's because your relationship with me is very good." Chen Xiang said: "You must be careful of them, especially the Flying Dragon Envoy, who is in the middle stages of the Six Gods Stage and is extremely powerful. The last time I met him, I already felt that it was very difficult to deal with him."

"Don't worry, I know. Even if I get caught by him, I won't reveal anything related to you to them." Wu profound laughed: "Although I cannot go to the Thousand Floors immediately, I can still go to the two hundred floors. My family members also have such plans, when they recover from their injuries, we will immediately set out and quietly leave this place."

"Alright, let's hurry up." Chen Xiang was worried that the Flying Dragon Envoy would explode with rage after knowing that the Heavenly Alchemy art had been stolen. Who knew what they would do.

Wu profound nodded, then chatted about other things with Chen Xiang. They did not know when they would be able to meet again after this separation.

Chen Xiang bade farewell to Wu profound and immediately left the Hundred Floors. He also had a map of the two hundred floors.

It was very easy to obtain a map like this, one could just use a few Dao crystal to buy it. With this kind of map, it would not be hard to find a staircase to the top of the stairs.

As for the map to the 300th floor, it could only be bought when one reached the 200th floor.

Right now, to Chen Xiang, going to the Thousand Floors was only a matter of time.

"There is an exit to the thousand floors that allows one to leave the Flying Dragon Pagoda. I wonder what the situation is like, I can only find out after reaching the top." Chen Xiang was rather curious about the thousand floors.

Even though he was only a Late period of Three profound realm, he still had a lot of confidence in his own strength. Flying Dragon Envoy should have a high position in the thousand floors and above, and he was only at the middle stages of Six Gods Stage.

With the help of spatial teleportation and flight techniques, Chen Xiang quickly arrived at the 500th floor, and it had not even been a month's time. Furthermore, he had previously used a lot of things to get to the 100th floor from the bottom, those days had left him feeling very tired just thinking about it.

"It's already at the 500th level. If I want to go to the 1000th level, it should only take a month. It won't be too long." Chen Xiang was currently stopping at the Flying Dragon City on the 500th floor.

There were Flying Dragon City s on the two hundred floors and three hundred floors below, as well as seven major sects. However, they did not seem to have much energy on the surface, mainly because their resources were scarce, because the higher they were, the stronger they were. On the other hand, their strength was not much stronger than those people on the one hundred floor.

[Chapter 2782](#)

Chen Xiang stayed on each floor for one or two days to understand the pill prices, but that greatly disappointed him.

These floors were all devoid of energy and were a complete mess in terms of pills. Therefore, he did not plan on staying on the other floors for too long. As long as he could purchase a map, he would rush straight to the thousand floor!

A month of time passed in the blink of an eye. Chen Xiang had already arrived at the Thousand Floors!

When approaching the thousand story floors, he had met many people, and most of them were fighting the powerful Dragon beast!

"As expected of the thousand levels, there are a lot of Three profound realm s!"

When Chen Xiang was on the road, the majority of the things he encountered were Three profound realm s. Previously, he had heard that there were many Three profound realm s that would travel together to the thousand floors.

"The nine hundred floors are all stagnant water, so this thousand floors shouldn't be like that!" Just as Chen Xiang walked up the stairs, he saw a city in front of him, and this staircase was surrounded by buildings.

It was just that after arriving at the Thousand Floors, he had encountered a scene of such prosperity, so Chen Xiang felt that the thousand floors would definitely not disappoint him.

"Little brother, is this Late period of Three profound realm?" Chen Xiang had just walked more than ten steps when a small old man ran over happily and asked.

"Senior, you have a good eye. I am indeed from the Late period of Three profound realm." Chen Xiang nodded: "How did you know?"

Ybdu. Chen Xiang did not conceal his Qi, after all, it was common for Late period of Three profound realm s to be here.

"I guessed it! Did he just arrive from the nine hundredth floor? Generally speaking, people of the Late period of Three profound realm, as long as their luck is not too bad, they would be able to make it to this thousand floor. Furthermore, everyone who comes here have similar eyes, because they would be able to see this lively scene from the very start. " The old man stroked his beard and chuckled, "Now do you see? Compared to here, those floors are as different as the sky and the earth."

Chen Xiang knew that this old man definitely had some sort of goal, otherwise he wouldn't talk so much nonsense with him.

"Senior's words have caught my attention, this place is not disappointing." Chen Xiang laughed, this old man was also from the Late period of Three profound realm.

"That's right! When I first came here, I thought so too ... Of course, when I first came here, I was only at the early stage of the Three profound realm. The little old man laughed. The reason he was saying all this to Chen Xiang right now was just to get closer to him.

Chen Xiang smiled and nodded.

"Oh right, little brother, you have just arrived here, you are unfamiliar with this place, you must not have too much money, I can help you find a job, it can help you quickly earn the Dao crystal!" The old man said with a smile.

Chen Xiang knew that he definitely had a reason just now, he was not lacking in Dao crystal s, but he was indeed unfamiliar with the place. This old man came here at the early stage of Three profound realm, and since it was already in the late stage, it was definitely a long time ago.

"Senior, thank you for your good will!" I am indeed unfamiliar with this place, can you tell me about the situation here? I'll return a bit of the Dao crystal's gratitude. " Chen Xiang took out a small bag of Dao crystals, which numbered more than five thousand.

"Little brother, you're too polite. How can I be embarrassed?" Although the old man said it like that, he had already accepted the Dao crystal that Chen Xiang handed to him. He then brought Chen Xiang to a small village at the side, where he had a small house.

Chen Xiang arrived here from the 900 floor in one breath. He needed to rest. All he knew about this thousand level was that there were Flying Dragon Palaces here, but he did not know the specifics.

The old man's name was Wan Xin, which was also the new name he came here to name. He came up from the 900 floor mainly due to luck. He said that he was a very lucky person.

"Old Wan, are there any floors above these thousand floors?" Chen Xiang asked because he had heard that after leaving the Thousand Floors Tower, they would become even stronger.

"Of course there is. However, it is occupied by the Flying Dragon Palace, that place is called Flying Dragon Experience Place, and there are many types of experiences and experiences there. As long as you go out of the Flying Dragon Experience Place, you will be able to obtain very strong power." Wan Xin replied: If you know about it like this, then don't think about it. Flying Dragon Palace and those guys won't casually send people to the Flying Dragon Experience Place.

"How can the Flying Dragon Palace be so tyrannical?!" Chen Xiang was suddenly very curious about Flying Dragon Experience Place, he felt that he would definitely go there in the future.

"There's nothing I can do, he claims to be the master of the Flying Dragon Pagoda." Fortunately, he shook his head and said: "There are benefits from doing so, otherwise who knows how many people would send themselves to their deaths. That Flying Dragon Experience Place is truly deadly, many late stage Six Gods Stages were unable to pass it ... Furthermore, those from the Tai Zun realm have also died before, but not many. It's mainly because those from the Tai Zun realm know that the place is very frightening. "

Chen Xiang felt that before he stepped into the Six Gods Stage, he shouldn't go against it.

"What about the seven great sects? "How's the power here?" Chen Xiang asked.

"Of course they are strong. If we join forces, they can fight against the Flying Dragon Palace! Of course, these thousand floors are filled with talents. After so many years have passed, other than the seven great sects, there are also many other powerful sects. These sects are also the ones that the Flying Dragon Palace and the seven great sects fear the most. " Luckily, he smiled: "Unfortunately, my aptitude is too poor. They won't accept me."

"Senior, you're from the Late period of Three profound realm, yet you aren't even willing to accept such a gift?" Chen Xiang was very surprised.

"The opening of the Mysterious Gate isn't good!" There are different grades of Late period of Three profound realm! Some of the doors will open at twenty, some at thirty, and some at fifty. Luckily, he laughed at himself.

"Then, what kind of sect is senior's favorite?" Chen Xiang laughed: "I also want to try and join a sect. There are a lot of benefits!"

"As long as it's not one of the seven great sects, there are indeed a lot of benefits. If you perform well in the sect, you will be rewarded with Law beads and pellets." Wan Xin hastily replied: "My favorite sect is called Yuan Shi Tao School!"

Yuan Shi Tao School. This caused Chen Xiang to think that the Primitive Land he was in before was actually his own Yuan Shi Tao School!

"What's so good about Yuan Shi Tao School?" Chen Xiang asked again. The main purpose of Yuan Shi Tao School was to cultivate the Six Realms magic kungfu, and now that there was such a thing as the spring water in the thousand floors of Flying Dragon Pagoda, he felt that there must be a connection between this and the Six Realms magic kungfu.

"Yuan Shi Tao School has a very powerful cultivation technique called Six Realms magic kungfu. You should have heard of it." Luckily, she said.

Chen Xiang nodded, he had not only heard of it, he was also in the midst of training! However, he had not cultivated for several years.

"What else?" Chen Xiang asked again.

"My good friend is the good reputation of Yuan Shi Tao School ..." Even if they did not need any Law beads, they would still possess powerful strength! Furthermore, Flying Dragon Palace once had a huge war with Yuan Shi Tao School. When that war broke out, I wasn't here yet! "

Fortunately, this matter was brought up, and his expression immediately became serious: "That big battle could be said to be world-shaking. Although Flying Dragon Palace is very powerful, he actually did not gain any advantage in that big battle. Because after that huge battle, the Flying Dragon Palace became even more afraid of the Yuan Shi Tao School! "

"How do I get to the Yuan Shi Tao School?" Chen Xiang decided that he wanted to go to Yuan Shi Tao School. When he was there, he promised a woman to look for her father.

[Chapter 2783](#)

After Chen Xiang found out about the location of the Yuan Shi Tao School from the luckily, he immediately rushed over. It was quite a distance away from here, if he were to walk, it would take around a month.

As for Chen Xiang, when he flew over, he would occasionally use teleportation to get there very quickly.

"Lin Xirong's father might be in the Yuan Shi Tao School!"

Chen Xiang floated in the air and took out the Emperor seal. It was Lin Xirong's father who had left the Emperor seal behind, and he had obtained the latter half of the Emperor seal's strength.

Chen Xiang spent a day's time and had already arrived in the vicinity of Yuan Shi Tao School. Yuan Shi Tao School was located on top of the Primal Sky Mountain and the entire mountain was protected by a formation.

Beneath the mountain, there were a few cities which were also built by the Yuan Shi Tao School and which used these cities to earn Dao crystal s.

"This Yuan Shi Tao School has such a good reputation, and has been there for many years already, the environment inside should be pretty good. Hopefully, Lin Xirong's father is here, if I can find him, I can give her an explanation."

Chen Xiang had been in the Divine Wasteland for a long time, and would think of the people in the Natural Law World from time to time. But now, in order for the Natural Law World to be safer in the future, he had to find the Natural Law Divine Lord and grasp control of it firmly.

"Waiter, when did this Yuan Shi Tao School start accepting disciples?" Chen Xiang asked, he had already settled down at an inn.

"It has been a month, but it is still possible. I. Ben. Read. "The novel's registration!" The waiter tidied up the rooms, smiled and replied to Chen Xiang: "There are more people here this year, your luck is not bad, to be able to find an inn to rest."

"Then how do we sign up?" Chen Xiang immediately took out a few Dao crystal s and handed them over.

The waiter walked away and laughed, "Esteemed guest, it turns out that you do not know much about this! They should have just gotten out of here! "

Chen Xiang nodded.

"Below the primal sky mountain, there is a special area for registration. Below the mountain, there are 4 cities, and after registering, there will be an exam within these 4 cities too." The early, middle, and late stage Three profound realm are split into three groups, and the top thirty in each group will be able to enter the Yuan Shi Tao School. "

Chen Xiang felt that such an assessment was not difficult, as he opened his profound door to a test that was comparable to the early stage of Six Gods Stage.

"Can I enter the Yuan Shi Tao School like this?" Chen Xiang felt that it was too easy.

"Yes, you can ..." However, he was not a completely new disciple, just an outer sect disciple! If a sect was like this, if they could stand out in the outer sect, then they could naturally enter the inner sect and become a true disciple... Of course, this is very difficult. It has already been more than a hundred years, and there are no new Successor Disciples. " The waiter shook his head: "Moreover, many of the disciples that enter the Yuan Shi Tao School every year are unable to hold on any longer and will be gone in a few months."

"Can't bear it?" Chen Xiang immediately thought of a few harsh conditions.

"The main reason is that Yuan Shi Tao School's cultivation is extremely arduous, and not something normal people can endure ... If I am unable to complete my cultivation mission, I will be punished. Although I won't die, it will still be very hard for me. " The waiter sighed: "But it's good for people. Although many outer sect disciples leave the Yuan Shi Tao School, they have improved greatly in all aspects."

"Customer, looking at your appearance, you shouldn't be able to endure suffering, right? Forget it! " Seeing Chen Xiang being so generous, the waiter thought Chen Xiang was a son of a rich family.

"Don't worry, I can bear the hardships!" Chen Xiang laughed, what had he not experienced before?

... ..

Chen Xiang rested for a day. In the morning of the second day, he went to queue up to register. As for the Yuan Shi Tao School disciple in charge of registration, his efficiency was also very high, so Chen Xiang did not line up for long.

After registering and obtaining a signboard, Chen Xiang was given a safe preliminary competition. It was to this city that the people registered and would be participating in the competition here.

Chen Xiang quickly ended the match. He easily defeated his opponent, and then looked at the rankings of the Primordial Southern City. The top thirty people all defeated many people, and all of them won in a row without losing.

"It looks like I have to win many matches in a row in order to enter the top 30!" Chen Xiang suddenly felt that things were not so easy anymore. The Flying Dragon Pagoda was like a vast world, the number of humans here far exceeded his imagination, there were definitely many geniuses here too.

In each of the four cities, there were 90 slots for each city. In each city, there were 30 slots for Late period of Three profound realm, but there were a lot of people registering.

"Right now, he is only at the registration stage, and he already started arranging the matches. It seems like the Yuan Shi Tao School is in urgent need of outstanding disciples."

Chen Xiang received the notification of the next battle. He heard a lot of people discussing, saying that the top thirty rarely met, and it was obvious that they had an arrangement.

However, those who just signed up, it was very possible that they would meet those who were ranked very high!

If he won one match, he would get a point, but if he lost one match, he would get deducted 10 points.

"Even if you lose the match, you will not be kicked out. As long as you are prepared, you can apply for arrangements. If you win consecutively, you can start again with negative points!"

There was still a month's time until the end. If he couldn't enter the top 30, then he could only wait for next year. After all, he was a month late.

"Looks like I have to fight through the night!"

Chen Xiang had already understood that there were a lot of people who would also fight in the night. All these people had very low points, as long as they applied, they could fight at any time and then wait in the plaza for arrangements.

"The thirtieth place in the Late period of Three profound realm is 130 points. I need to fight 130 battles before I can enter!" Chen Xiang had just finished a match, he had already gotten two points.

He was the same as many other people here. Just finishing the match, he immediately went to queue up to apply for the next battle. Fortunately, this square was very big and there were over a hundred fighting stages.

"Motherf * cker, I just won enough points. After losing one match, my score became zero. This is a battle that cannot be lost!" A person was standing in line, cursing and swearing. There was a bruise on his face.

"Not bad, you got zero points. Right now, I have negative points everywhere, even if I have negative points everywhere."

"It's fine. He won't die anyway, so let's fight a few more rounds. It's the equivalent of cultivating."

Chen Xiang felt that he would definitely not lose 100 points, he would have to lose 10 matches consecutively, this was not easy!

"Look, isn't that Liang Youxing? This guy is the thirtieth! You're still queuing up at this time of the night?"

"Of course. At the very end of the ranking board, he could be pushed down at any time, so he must improve his own ranking so that he can stay firmly in the top thirty."

"Whoever encounters him will be in for a bad time, it's equivalent to giving him points."

Chen Xiang looked at Liang Youxing. He was dressed extravagantly and had a proud face, probably being a descendant of some noble family. He was looking at the list in front of him right now and did not look at anyone, not putting any of the people here in his eyes.

[Chapter 2784](#)

Liang Youxing's strength was definitely not bad, if not he would not have won so many in a row, and reached the 30th place. Chen Xiang had even heard that Liang Youxing came here relatively late as well.

As for those who were in the top 30, most of them were already prepared. They had arrived on the very first day because they had a very good understanding of the rules.

"Let me see how powerful the experts of this level are!" Chen Xiang was more looking forward to Liang Youxing's battle. He would definitely watch it later.

In the top thirty, only Liang Youxing would be able to stay in line in the middle of the night to request for arrangements for the competition. As long as his luck was not bad, Liang Youxing would not meet him.

Of course, many people were extremely worried about meeting Liang Youxing, especially those people who had ten points left. If they were to fight with Liang Youxing and lose, then their previous battle would be a waste.

Liang Youxing's competition had also been arranged, many people felt sympathy for the person who fought with Liang Youxing.

Chen Xiang's match was finished very quickly. As long as it was a Late period of Three profound realm s, even if the profound door's opening rate did not reach 50, he did not feel that it was difficult at all.

Now he had won three consecutive rounds.

"Brother, your strength isn't bad!" I've watched you fight three times, and all of them were won in a very relaxed manner. " A rather handsome man in a white robe walked over with a respectful and modest smile on his face.

"It's nothing much. If you want to enter the Yuan Shi Tao School, you should have this kind of strength Actually, it's not that I'm too strong, but it's just that most of the Late period of Three profound realm here are really not that powerful. " However, Chen Xiang was honest, he had seen many people's lack of battle experience, as if they were shreds fighting on the streets.

"Brother's words are quite good." The white clothed man laughed faintly: "I am Xu Junlin, how may I address you, brother?"

"Chen Xiang!" Chen Xiang immediately used his own name, he was not afraid of the Flying Dragon Palace, because he was confident that entering the Yuan Shi Tao School, at that time, even if the Flying Dragon Palace came looking for him, the Yuan Shi Tao School would definitely hold on.

"Brother Shen, the next match will be Liang Youxing's fight. He rushed up to 30th place at an extremely fast speed! There was still a month until the end. With his speed, he should be able to reach the top 10 ... "Even the top three." Xu Junlin said: "What do you think of Liang Youxing?"

Although Xu Junlin's expression was calm and his speech always carried a smile, and he also seemed to be graceful, Chen Xiang was still wary of him.

"I've only just arrived. I don't know anything about this person at all. I'll only know after watching his battle." Chen Xiang was staring at the battle in the distance, he was already on stage.

The one fighting Liang Youxing was an old man, who looked to be extremely calm and composed, and was not afraid of fighting his 30th opponent.

"Admit defeat!" This way, you won't be injured. If your luck is good, you might even be able to enter the top 30! " Liang Youxing looked at the old man coldly and said.

"Let's begin!" The old man said. He did not want to waste words with this old man, this would distract him.

"You overconfident old fogey!" Liang Youxing grunted.

Chen Xiang knew that this type of competition would have a few Innates watching, so there would not be any serious injuries, so the old man was not afraid, furthermore, he believed that if he could fight with an Innates, no matter if he won or lost, he would gain something from it.

"Begin!"

The old man suddenly turned to the side, and at the same time, a ray of lightning passed by him. If he didn't turn sideways, he would definitely be struck.

Liang Youxing did not dare to use too much strength, because accidental death or injury would cause him to be disqualified, so he could not afford to lose it.

"My goodness, you've studied my fighting style!" Liang Youxing sneered, his body suddenly crackled with crackling sounds, electric currents exploding out.

"This is the drawing of lots. If there's no other way, there will always be someone who will be unlucky." That person shook his head and laughed, "I can't do it this year, let's do it again next year! If he really has the power, then both Liang Youxing's are not afraid. "

Chen Xiang wasn't actually afraid of Liang Youxing, he just didn't want to attract that much attention from the very beginning.

Liang Youxing also knew that in the next round, he would be competing with Chen Xiang, but he did not know Chen Xiang.

and Liang Youxing's next fight would be in an hour.

After all, there was only a month left. Many people were desperately fighting throughout the night. They all had a glimmer of hope in their hearts as they hoped to make it into the top 30.

[Chapter 2785](#)

Xu Junlin saw that Chen Xiang had returned, and anxiously walked over and asked: "Brother Shen, who's your next opponent?"

"My luck is too bad. Next match, I'll fight with Liang Youxing." Chen Xiang sighed and said.

"It's fine. I'll come back next year." Xu Junlin patted Chen Xiang's shoulder and laughed.

"I do not need to go through next year as well. I should be able to survive this year. Although Liang Youxing is strong, I have the confidence to defeat him. Chen Xiang said casually, and from the looks of it, he did not seem to be lying.

Xu Junlin had seen Chen Xiang's battle before, so Chen Xiang's fights were extremely relaxed. With that kind of genius demeanor, it could be said that he was lucky, but Chen Xiang was able to easily defeat him in three matches, which meant that Chen Xiang's strength was much stronger than ordinary people.

Even if he could not defeat Liang Youxing, they were definitely evenly matched, and Xu Junlin had good eyes for this matter.

"Then wouldn't that mean Brother Shen has already seen through Liang Youxing's weakness?" Xu Junlin asked anxiously, his instincts told him that Chen Xiang was not weak.

"Of course, although Liang Youxing can use his berserk thunder dao energy, but the electric energy will be transmitted back through the water. At that time, when he uses his lightning vortex, I will release a large amount of water, and he will also be electrocuted." Chen Xiang said.

"No, that's not right, since Liang Youxing cultivates lightning Dao, he must have some resistance towards lightning, especially his own Thunder power. If it was transmitted back to him through water, it would only be Liang Youxing's body, it wouldn't be able to harm him." Xu Junlin shook his head.

"Yes, Liang Youxing cultivates lightning dao energy, so he will naturally do so. When he sees me using water at that time, he will definitely withdraw his Thunder power back into his own body quickly and at that time, I will release my own Thunder power and then, I will be able to enter his body and wreak havoc within his body ... As long as he has a moment of distraction, I can win. " Chen Xiang laughed faintly.

"Brother Shen, you are truly amazing. I admire you." Xu Junlin immediately began to praise Chen Xiang, but in his heart, he truly admired Chen Xiang. He was actually able to think of a plan to defeat Liang Youxing in an instant.

Chen Xiang came to a resting place and sat down. He did not know how wide Liang Youxing's profound door was, but if it was fully opened, it would be extremely strong, and it would not be possible to use divine artifacts or spatial teleportation.

An hour had almost passed. Chen Xiang was heading towards a fighting arena. He would be fighting with Liang Youxing on the fighting stage, and when he arrived, he saw Xu Junlin together with Liang Youxing.

Chen Xiang immediately furrowed his brows. Previously, Xu Junlin had called him brother, even flattered him, and in the blink of an eye, he was actually with Liang Youxing.

"Not bad, from the looks of it, you don't seem to come from a famous family, but your strength is quite good." It seems that he already knew of Chen Xiang's plan to deal with him, and all of this was revealed by Xu Junlin.

Chen Xiang's eyes suddenly became cold, his fists clenched slightly as he looked at Xu Junlin, but Xu Junlin actually shot him a look of disdain and a sneer.

"Lowly dog." Chen Xiang groaned, and then looked at the battle arena. There were workers repairing the stage, the previous competition was too intense, and even with the array defense, it was hard to avoid the damage.

"You ungrateful fellow. You want to scheme and defeat our big brother Liang? Truly despicable." Xu Junlin sneered: "But our big brother Liang is powerful, even if you use tricks, he will not lose to a villain like you."

"Dogs barking may be annoying, but compared to what this dog is saying, I think dogs barking sounds better." Chen Xiang shot a glance at Xu Junlin. He had not expected that this guy was actually such a despicable person.

Xu Junlin was furious, and said: "Just wait and see, wait and see, Brother Liang will definitely beat you until all your teeth fall out, you actually want to use tricks to defeat him, he hates people like this the most."

"In battle, it's the most normal thing to do when others have weak points. Not only can you win easily, you can also let your opponent know your weakness, which is good for both sides. It's a trick, not to mention a despicable one.

"If one day, in a life and death battle, you lose your life because of your weakness, then you will only feel sad about yourself." If one day, in a life and death battle, when you lose your life because of your weakness, you only feel sad because of your weakness.

Chen Xiang looked at Xu Junlin and sneered: "Of course, a stupid dog like you wouldn't understand the dao power contained within. With your dog brain, you would definitely not understand what I just said, right?"

Xu Junlin was enraged, his entire body was trembling, he really wanted to rush over and beat Chen Xiang up, but he did not dare, for such a private fight would definitely be severely punished, furthermore, he did not have the confidence to win.

"That's right." Liang Youxing laughed lightly: "Being able to discover my fatal weakness is indeed a good thing, but to start from my weakness and defeat me, you need to have sufficient strength to do so, and as for you ... "He doesn't have the strength to defeat me in terms of my weaknesses."

"How do you know without fighting? You're not the bug in my stomach, how do you know I'm not strong enough?" Chen Xiang didn't want to give this fellow a hard time.

"Please send Chen Xiang and Liang Youxing up on stage." The old man at the side shouted.

Chen Xiang and Liang Youxing walked over. In the eyes of many people, Chen Xiang was just an unlucky person. They had seen too many unlucky people like him this month ... There were also many people who were unlucky enough to have done this themselves.

"Remember the rules. Fighting, admitting defeat, or fainting is considered admitting defeat. Weapons and various magical equipment are not allowed to be used. The most important point is to stop. You cannot be ruthless, or you will be severely punished."

The old man was very experienced, he could easily tell that Chen Xiang and Liang Youxing were of similar strength, and both had a murderous aura around them.

"Got it, you can start now." Liang Youxing said somewhat impatiently.

"Alright, let's begin." the old man shouted.

Just from the start, the battle field started to have a strong wind, followed by bursts of electricity. From time to time, lightning would appear and strike the ground.

In the blink of an eye, a lightning vortex appeared around Liang Youxing, as though countless lightning bolts turned into discs and revolved around him, forming a protective barrier which could at the same time produce a strong attack power. More importantly, as this vortex expanded, it also produced a suction force that pulled everything around it towards the round disk that was filled with violent lightning.

[Chapter 2786](#)

Liang Youxing already knew his plan for dealing with Chen Xiang, so he shouldn't have used it. But Liang Youxing was an arrogant and proud young man, he was not convinced that Chen Xiang had the strength to defeat him on his weakness.

"As you wish." Liang Youxing shouted to Chen Xiang.

"Then I will do as you wish." Chen Xiang laughed, he opened up his arms and shook them, releasing a burst of force.

Crash.

A large amount of water suddenly gushed out, all of these were formed by Chen Xiang using his dao energy. Although he did not cultivate the water Rule Dao line, the Primitive Tao Power that he released from his Spirit of the Dao gods contained all sorts of laws, and he did not have any water type dao veins, it was just that the water was not strong enough.

However, such a bizarre scene had already appeared in the very beginning. The spectators all stared intently as they had never seen such a sight before.

None of them had heard of Chen Xiang's name, as in their eyes, Chen Xiang was merely someone who was giving Liang Youxing points.

"What's going on, what kind of fight is this, will Liang Youxing be defeated by this kind of trick?"

"I don't know. Liang Youxing is so powerful, he wouldn't lose, right? The person Liang Youxing fought isn't a descendant from a famous family, he's just an ordinary person."

"That's right, the people who can enter the top thirty are practically all members of prestigious families. Liang Youxing himself is one of them, and he even practices the absolute arts of their Liang Family."

"This man wants to make a surprise victory, and defeat Liang Youxing."

Everyone was only looking at the flowers in confusion, not knowing what Chen Xiang was doing.

A large amount of water, under Chen Xiang's control, formed into a huge water droplet that covered Liang Youxing in an instant. The power of lightning that Liang Youxing released was extremely wild, as it continuously hacked at the water, creating an extremely high temperature that wanted to evaporate the water.

However, Chen Xiang was continuously releasing a large amount of water, and this water contained an extremely strong amount of Dao power, which was used to suppress Liang Youxing's Thunder power.

Liang Youxing's Thunder power raged in the water, and at the same time, returned to his body, forming a cycle. Just as Liang Youxing was about to use an even stronger power, a current of lightning energy that was not his own suddenly entered his body.

Chen Xiang had also released a burst of lightning dao energy just now, although it was not as strong as Liang Youxing, but he could control it. After entering Liang Youxing's body, he controlled the lightning dao energy to explode.

"Ah!"

Liang Youxing could not help but shout, his body shook, and the berserk Thunder power gushed out, causing a shockwave that blew away all the water that shrouded his body.

Liang Youxing released the power of lightning from his body, causing his entire body to feel pain.

Seeing the pain on Liang Youxing's face, everyone was shocked. Liang Youxing was favored by everyone, and was a genius, moreover after so many battles, he had won easily, but now, his face was filled with pain.

Just at the moment when Liang Youxing's entire body was in pain, Chen Xiang stepped on the Shrinking step, flying over like a ghost. By the time Liang Youxing reacted, he felt a majestic and vast amount of Dao Energy enveloping him, and the pressure it produced made him almost kneel down.

Chen Xiang had already arrived in front of him. "Boom!" The moment the Heaven Blasting Palm came out, it shook the heaven and earth.

Although the Heaven Blasting Palm looked to be extremely violent, the palm force that was released was suppressed by Chen Xiang to a very gentle state. It only created a strong wave that swept Liang Youxing's body out of the fighting arena in pain.

When Liang Youxing was brought out of the stage, he could still stand steadily and was not injured, but he was so angry that his entire body was trembling.

He had actually lost.

Furthermore, he had also realized that Chen Xiang could defeat him even if she didn't attack his weakness. Just now, he knew that Chen Xiang's strength was very strong, and the strength of that Dao power was terrifying even to him.

Of course, the competition grounds were covered in array formations, and all the Qi inside had not been released, so the people outside did not know how terrifying Chen Xiang was.

Liang Youxing took a deep breath. Even though he was arrogant, he knew that he had lost because the other party possessed absolute power.

"Big brother Liang ..." That guy must have used some sort of trick. " Xu Junlin immediately went to support Liang Youxing.

"F * ck off."

Liang Youxing waved his hand vigorously, shaking Xu Junlin off before quickly leaving the arena. After failing, he would need to apply for the competition at least another six hours.

"Hmph. Who would look down on a guy like you?" Chen Xiang glanced at Xu Junlin, then went to queue up, and applied for the next match.

Liang Youxing had been defeated, and a huge uproar was stirred in the plaza. Because now, another genius that could place in the top thirty had appeared.

Liang Youxing was already strong enough, but to be able to defeat Liang Youxing in a short amount of time, he was definitely not too weak.

The competition held by the Yuan Shi Tao School had many restrictions that made it difficult to use one's skills. However, this was also the most test of one's strength.

It was a test of one's control over one's strength, and at the same time, it required a certain amount of mental energy and combat experience. If one had a lot of combat experience, they would test the opponent's strength in the beginning, suddenly increasing it bit by bit, and then gently put it down at the end.

Therefore, it was extremely difficult to not break the rules and win.

"He's only at the fourth rank. He still has a month's time, I wonder if he can make it into the top 30."

"It's hard to say. If he came a month earlier, it would be very possible."

"Fighting ten matches a day. If he can win for a month, that would be 300 points. That might be possible."

"Isn't he resting? Who would have the energy to win ten matches in a row? Moreover, those guys in the top thirty would have their points kept rising."

No one would underestimate the fact that Chen Xiang was able to defeat him. At this time, everyone was paying close attention to him, as they just wanted to see if he was able to catch up and enter the top thirty, to become the disciples of the Yuan Shi Tao School.

It was dawn. Chen Xiang had fought another three rounds, and he was already 7 points, but he was still in the middle of the queue. He looked very energetic, without any signs of tiredness.

Chen Xiang had fought seven matches, and apart from spending a bit of effort on the match with Liang Youxing, the rest of the matches were extremely easy.

When dawn arrived, the people who were at the top of the rankings also continued to arrive and lined up in the plaza. They were all aware of the fact that Liang Youxing had been defeated, but they did not take the disciples of the famous families to heart.

Originally, those in the top thirty could become the disciples of the Yuan Shi Tao School, but right now, they can only enter the Yuan Shi Tao School if they are the top ten disciples of the. " An old man's voice suddenly spread throughout the plaza.

Many people thought that it was nothing much, but they were a little surprised. After all, they had no hope of becoming the Yuan Shi Tao School's disciples.

Now, it was the people in the top 30 who were in a hurry, especially those in the top 11 to 30.

[Chapter 2787](#)

Chen Xiang asked, and found out that the matter of suddenly changing the rules had never happened before, and the reason for the change, was mainly because the competition this time round was too easy, which meant that the people participating, as a whole, were not very skilled, resulting in some people with outstanding strength being able to obtain high marks very easily.

Some of the higher ups of the Yuan Shi Tao School who came to look frequently saw the problem, and felt that the people in the top 30 were all extremely strong, so they decided to do it now.

"This is great, the top 30 people won't be separated now. They will meet again this way."

"That's right. Previously, these guys had left as soon as they learned that someone with strength equal to their own had come here. They were worried that they would be selected and fight evenly with their strength. If they lost, then ten points would be deducted."

Before, Chen Xiang thought that the Yuan Shi Tao School had intentionally not arranged for the top thirty people to fight with each other, so it turned out that those people used the rules to avoid each other. This way, they would be able to sit stably in the top thirty.

"There are also geniuses with real talent, and a few of them did not avoid each other. They even hoped to fight with each other, but unfortunately, none of them got chosen."

"Those aquatic animals are definitely afraid of these people. After all, they are true geniuses, not afraid of anything."

Chen Xiang listened to the discussions of the crowd, and went to ask them himself. He quickly found out the origins of the geniuses, and understood them somewhat, because they were powerful experts who were very likely to fight him in the future.

"There isn't much time left now, only the tenth rank has 300 points. If I want to enter the tenth rank, I really need to win 300 matches in a row. This is still quite difficult." Chen Xiang did not want to wait until next year to enter Yuan Shi Tao School. At the same time, he wanted to test his own strength.

Of course, it didn't necessarily take three hundred points to enter the top ten, because if the tenth place lost a few matches in a row, his score would definitely drop.

Very quickly, two top thirty players were selected to fight. This sort of thing would happen quite often in the future.

Chen Xiang went to watch the competition as well. The two of them were ranked around 20, which was why many people called them "water beasts". Although they were called "water beasts", they were still considered strong, stronger than most of the people here.

Previously, Liang Youxing was much stronger than the two of them. If Liang Youxing wants to enter the top twenty, it should only be a matter of time. " After the battle ended, Chen Xiang secretly evaluated everything in his heart.

"The fifth and twelfth are arranged together."

"He's ranked fifth. I remember that guy. He's very strong. It's said that no one has ever been able to get close to him. Just nine feet away from him, he'll immediately be sent flying."

"Hm, no one can get close to him. Before, he also defeated a guy ranked 20 so easily."

"Of course, this fellow is famous for being the Murong Family, his name is Murong Jin, I heard that his Gate of Wonder is over 90, and the Murong Family is known for their sword techniques, he cultivates the God Murdering Sword Techniques, although he is not allowed to use weapons, but Murong Jin has already reached the state of condensing his energy and forming his sword."

"So it's the God Murdering Sword Techniques. It's really powerful."

Chen Xiang had heard about Murong Jin before, but he did not expect him to be so powerful. If it was really as that person said, then the Profound Gate's opening at 90, then it would definitely be very strong. No wonder no one could be defeated near him.

"There are indeed crouching tigers and hidden dragons in this thousand layer. Opening the Gate of Wonders to reach ninety is not an easy feat." Chen Xiang sighed in his heart. He had experienced it himself, and that was because he was using his superior pill techniques to help others.

"It is said that the top five are all so powerful that their profound entrances are opened at least eighty times. Murong Jin's strength is considered very strong as well, but this fellow is rather lazy and rarely comes to apply. It is only because the rules have been changed today that he feels a little nervous."

And in order to conceal his strength, his performance was not very outstanding, it was just that he was able to win in the end. Of course, because he had won a few matches consecutively and even defeated Liang Youxing, many people still paid attention to him.

After Chen Xiang finished fighting himself, he went to apply for the next battle, then hurriedly ran to the side of Murong Jin's fighting arena. At this moment, there were already many people surrounding him. Most of them were women.

Although Murong Jin's battle ended rather quickly, many people still wanted to see his battle.

Chen Xiang saw Murong Jin from afar. He was indeed a very handsome man, wearing white clothes that fluttered in the wind, looking very handsome. His temperament, coupled with the charming smile on his handsome face, was extremely harmful to girls, causing them to come over to watch.

The person fighting Murong Jin was also a man. Although he was handsome and his strength was strong, his temperament was far inferior to Murong Jin's. From this alone, one could tell that he was much weaker than Murong Jin.

The difference in strength between the fifth and twelfth rank was something everyone looked forward to ... Of course, this was what the man expected, but all the women present only liked to see Murong Jin's elegant and unrestrained movements.

"Begin." An old man's horn shouted.

Murong Jin gently waved his hand, and an imposing Qi swept out in all directions. Even though there was a fighting arena array formation between them, he could still feel it from outside.

"A very strong sword force." Chen Xiang frowned, this was much stronger than his, after all he was not an expert in sword arts.

With a wave of his hand, Murong Jin released a terrifying sword force. A translucent sword appeared in his hand, and the other party had already rushed forward with his fists like a torrential storm, with fist images covering the sky. His Qi was like a dragon as he enveloped Murong Jin within.

With the sword in his hand, Murong Jin moved gracefully. As he waved the sword, the sword light flashed, the Sword Qi became like wind, sweeping towards the incoming fist shadows. In the blink of an eye, all of the fist shadows were swept away by the sword wind and disappeared.

As for his opponent, he was also forced to retreat by his strange sword wind. In order to stabilize himself, that person poured in an extremely powerful strength into his legs, so when he retreated, the instant he stomped his feet on the ground, the arena trembled a few times. However, he was still unable to stop Murong Jin's sword wind, and was forced to the edge of the arena.

At this moment, the group of women were already cheering loudly. When the men behind them heard this, they could only frown and shake their heads ...

Murong Jin saw that the person had not yet appeared, so he pointed his sword towards his opponent. The sword that was formed from sword force flew out from his hand, turned into a gentle yet extremely powerful gust of wind, and pushed the person out of the fighting arena.

"Murong Jin wins." One of the elders standing by the side nodded his head, his eyes full of admiration.

"It's indeed very strong." Chen Xiang could not help but exclaim in his heart: "I hope we do not meet here, if not, victory or defeat will not be decided."

Chen Xiang suddenly felt that it would not be easy to enter the top ten, especially since time was running out.

[Chapter 2788](#)

got another point. Before this, he was the same as the fourth, with three hundred and seventy points, but because the fourth was earlier, he was ranked in front of him. Now that his score had exceeded fourth, he was already ranked fourth.

Just as Chen Xiang was about to leave, he felt a faint sense of imminent danger. That was a very dangerous feeling, and when he had this feeling, it meant that someone with terrifying strength was approaching.

"Isn't this one of the three overlords of the Primordial Sword Truth, one of the Yuan Shi Tao School?"

"In the Primordial Sword Dao, there are three Supreme Elders. This is the youngest of the three, the Third Supreme. However, according to the legends, his strength is on par with the One Sovereign of the Sword."

"What is he doing?"

Chen Xiang also saw this Supreme Realm martial artist. This was the first time he had seen Tai Zun realm, and he looked to be a handsome and suave young man.

"I've seen the Grand Preceptor without any complaints."

The old man beside the arena quickly bowed.

"Junior Murong Jin pays his respects to the Great Honored Warrior, Wu Hen." Murong Jin immediately bowed respectfully, because this Grand Elder Wu Hen was also an extremely terrifying person. Even though he looked young, he was someone who had participated in the great battle against the Flying Dragon Palace back then.

"No need to be so polite." "Murong Jin, I have been paying attention to you for a long time. I wonder if you are willing to be my disciple."

Everyone was immediately shocked.

The Grand Preceptor had directly come to take in disciples. To be able to become his disciple, his status was much higher than true disciples, not to mention inner disciples.

"Senior, for you to think so highly of this junior, junior feels extremely happy. It's just that ..." I want to stay on the ground and become a true disciple of the Yuan Shi Tao School step by step. Junior has also heard that cultivation in the Yuan Shi Tao School is extremely difficult, especially from the outer sect disciples to the inner sect disciples. If I am unable to pass this stage, I will not have the face to be a senior disciple. " Murong Jin did not hesitate at all and directly said those words.

This made everyone even more surprised. He had actually rejected her offer just like that.

"Alright." "If that's the case, then I'll wait for you on the Primordial Heavenly Mountain. If you can become an inner disciple, then you can directly come to the Hall of No Resentment and accept the examination. After passing my examination, you can become my disciple."

"Of course, if you change your mind, you can come and find me at any time. I'll accept you as my disciple."

"Thank you, senior." Murong Jin said with a humble smile.

The Grand Elder patted Murong Jin's head and laughed as he flew away.

This made many people speechless. If it was Murong Jin, then it would have been fine if he had directly agreed to become the Unresentful Great Honored Warrior, but he refused the offer. Becoming a direct disciple of the Yuan Shi Tao School was something that many people here yearned for day and night.

"This fellow's mentality is pretty good. I can't allow myself to meet him. In the worst case scenario, I might even lose ten points to him." Chen Xiang was only worried, but he was not afraid of Murong Jin. Instead, he wanted to fight with Murong Jin.

After that, Chen Xiang found out that other than Murong Jin, there were two other people who had tried to recruit them as disciples as well. They were only aware that they were still participating in the competition.

Chen Xiang had already arrived at the fighting arena, and it was his turn soon enough. He did not need to extravagantly hope to enter the top five, as long as he could enter the top ten, it would be enough to enter the Yuan Shi Tao School this year.

... ..

In a pavilion at the side of the plaza, Murong Jin sat on the balcony, drinking tea with two men and one woman. These people were all in the top five, which showed that their relationship was not bad, and there was even a female.

"My little brother has already put me down. I've fallen to fifth." He was Murong Jin's older brother, Murong Ling. He was previously ranked fourth, but now, he had already been surpassed by Murong Jin.

"Damn you two brothers. You both rejected the Supreme Emperor's offer to take in a disciple." A strong and handsome man shook his head and sighed, "Why don't I have such a good life?"

This muscular man was the number one in the ranking board, Gu Qingtian.

"Oh right Jin Qiong, didn't the Granny in Yuan Shi Tao School want to take you as a disciple? You said that you wanted to think about it, but you didn't answer Grandma Wuqiong." Gu Qingtian asked a lady in green.

This girl was very pretty with a smile on her face. She was very charming. She took a sip of tea and said, "Of course not. I also want to see how cruel the outer sect disciples are, so I rejected."

She was the only girl in the top 30, called Liang Jinjun. Although she looked pretty and gentle, she was famous for her thunder dao abilities, and was the elder sister of Liang Youxing, the person who Chen Xiang had defeated earlier.

"It seems that even if I am accepted as a disciple by all of you, I still have to refuse. Otherwise, I will be despised by all of you." Gu Qingtian laughed bitterly.

"The reason why I didn't accept you as a disciple is because you look too lacking. There are already many big fish in the top 30." Mu Rong Ling laughed loudly.

"It should be a question of looks. All three of you look more popular than me. There's no helping it, this is a world where one only looks at one's face." Since Gu Qingtian was ranked first, he must be pretty strong. He himself didn't know why the Great Honored Warrior didn't fancy him, and the Gu family that he was from was also a rather strong family.

"Jin Qiong, didn't your little brother drop out of 30? Who was it that defeated him? According to this year's standards, your little brother's strength is at least in the top 10." Gu Qingtian asked.

Liang Jinjun frowned slightly as she mentioned this. She looked towards the arena and said, "In the 17th arena, that man in black defeated someone who was interested. He didn't have any background, but he was able to defeat my younger brother within a short period of time."

Chen Xiang was about to fight, but he didn't know that he was being watched by the four genius ranked in the top five.

"I've also heard that he easily overcame his battles. Currently, he hasn't even reached ten points. I wonder if he will be able to make it here within a month." Murong Jin said: "Seems like your imposing manner is quite good."

"It has begun. Everyone, look at this person's background. Although my younger brother was defeated by him, he did not complain about it. You all know my younger brother's personality, he would not accept it so easily." Liang Jinjun said.

The four of them were staring at Chen Xiang from afar. Although they were far away, to strong people like them, it was as if they were right in front of them.

Chen Xiang would definitely not go all out now, he did not even use his Dao power sometimes, but only used his powerful physical body coupled with his footwork to fight his opponent. This way, he would not be able to injure his opponent, and would also be able to train his body a little.

Under the situation where he was hiding his strength, it was difficult for him to determine the origin of his cultivation technique.

[Chapter 2789](#)

Although Chen Xiang only used the strength of his fleshly body, it was still possible to defeat him easily. The strength of his fleshly body was something that even he himself found somewhat unexpected, as he never thought it would be so strong, "What a terrifying physique, his body is much thinner than Old Gu, but he's so powerful. His footwork is also very strange, and with the combination of his physique's strength and the various fist techniques that he's extremely familiar with, he can easily win. Murong Jin said.

"Indeed, in our Thousand Floors, other than the disciples from the major families, there is actually such a person." Mu Rong Ling was suddenly very curious about Chen Xiang.

"All of you, go apply for a duel. Otherwise, the top 10 will be pulled out of the competition ..." Gu Qingtian stood up and said: "Also, the guy who is ranked third has not appeared for a few days. I don't know what's going on, could it be that he has been accepted as a disciple?"

"I'm not sure. The second place will not be taken away anyway. You're already first so why are you still working so hard?" Liang Jinjun laughed.

"There's nothing I can do about it. If I don't beat him up for a day, I won't feel comfortable." After Gu Qingtian finished speaking, he jumped down from the balcony and rushed to the battle location.

... ..

In the blink of an eye, a month had passed. Chen Xiang had fought more than 10 matches every day, and each match had been his consecutive victories. Right now, he was already ranked tenth, and a few of the top 30 contestants had been defeated by him.

His current fame was similar to those of the top five; after all, he had only been here for a short month.

Other than him rushing forward, there was also Liang Youxing, who was also ranked thirteenth. Although the two of them frantically requested to battle, in the end, they did not meet.

Liang Youxing did not wish to meet Chen Xiang. He knew very well that the result would be the same if he were to fight with Chen Xiang ten times.

"One more day. I must enter the top ten. Right now, there is only a difference of three points between me and that tenth guy. I will be able to pull him out after four more rounds." Chen Xiang was very confident at the moment, because there were still more than ten hours until the deadline.

However, Liang Youxing's hope was not very high, because the difference between his and Tenth Order was too great, he had a full seventy points.

The top five rankings didn't change much, but the scores continued to increase. This month, the top five hadn't stopped fighting in order to maintain their points. Even if they lost a few matches, they would still be in the top ten.

The top five had fought with each other before. The top ranked Gu Qingtian and the third ranked Zhao Yunqiao had a great battle, and in the end, Zhao Yunqiao had lost.

Then, it was Murong Jin and Murong Ling, the two brothers, who had fought together. In the end, it was Murong Jin, the younger brother, who had won, and the two of them had both used the God Murdering Sword Techniques to fight.

At night, Chen Xiang's score was already equal to ten, and because he only reached that score after, he was still number eleven. The person at number ten had fought with someone previously, and was injured, so he could no longer compete with them for more than ten hours.

"This is the last match." Chen Xiang never thought that within a month, he would really have to charge into the top ten rankings. As long as he obtained another point, he would be able to enter the top ten.

And now, the end of the competition was approaching, so few people were willing to register. Everyone had been very tired this month.

When Chen Xiang came to apply for the competition, no one queued up, but there were a lot of people here, and they were all waiting for the final result.

"Chen Xiang, I heard that there's only one guy who's applying for a match, and that's the Gu Qingtian who's ranked first." One of them said to Chen Xiang.

Everyone here were very familiar with Chen Xiang. After all, when they lined up for the battle, most of them would see Chen Xiang there.

"Only Gu Qingtian is left. This guy is someone that even the Murong Brothers, Liang Jinjun Qiong and Zhao Yunqiao are afraid of. Can he win?"

"Chen Xiang, forget it. You've worked so hard this month, so you must be very tired now. However, Gu Qingtian has only fought a few times a day, so he should be able to rest enough."

There were some injuries that would take many years to heal. After all, they all felt that Chen Xiang had that potential, and that he would definitely be stronger next year.

"You have a winning streak right now. If you lose, it will be a blow to you." An old man tried to persuade Chen Xiang, but Chen Xiang still walked to the front of the stage and applied.

This matter caused a great deal of commotion, because it was equivalent to Chen Xiang challenging the top ranker, Gu Qingtian.

"Next year, next year I might even enter the Six Gods Stage." Chen Xiang thought, and shook his head with a smile. He had seen Gu Qingtian's battles before, even if he lost, he would not receive any injuries.

After Chen Xiang applied, he started to rest. In his battles before, he had always been reserving a certain amount of strength, so it could be said that he was very energetic right now.

... ..

"What, this guy really wants to fight me?" When Gu Qingtian heard this news, he could not believe it. He thought that he could get some rest since it was already late at night.

"Isn't this a good thing? Then we'll be able to see his true strength. This guy is very secretive and doesn't talk much with others. However, his character isn't that bad, and he doesn't really hurt anyone."

Murong Jin laughed: "How about you accept the challenge and give him some water so he can pass."

Liang Jinjun laughed softly. "Old Gu, are you willing to do such a thing?"

"If you're known to have gone easy on me, the consequences will be quite serious. It would be better for you to just honestly fight. If he wins against me, that would be considered as his ability." After Gu Qingtian finished speaking, he jumped down from the balcony again and prepared to accept the challenge, while Murong Jin and the rest followed closely behind.

Chen Xiang was currently recuperating with his eyes closed, he was extremely attuned to this final battle.

"Gu Qingtian is here, and Liangjun and Murong Brothers, the relationship between these juniors from Venerable families has always been pretty good."

"Gu Qingtian is a big brother among them, his strength should be the strongest. I heard that he cultivates one of the Four Great Sacred Techniques, the Heavenly spirit kunfu."

"Is this for real? The Heavenly spirit kunfu, it sounds so scary."

"It's true, those big families have more or less mastered a part of their divine arts, Gu Qingtian's body is so strong, he must have cultivated the Heavenly spirit kunfu."

He opened his eyes and looked towards Gu Qingtian who was walking over. He himself also trained in the Heavenly spirit kunfu, but it was not its limit.

"Let's go up." An old man shouted.

Chen Xiang anxiously walked over, with Gu Qingtian following behind him.

"Kid, please forgive me when I get injured later." Gu Qingtian suddenly said.

"Mm, you too. This battle is extremely important to me, so I won't be merciful." Chen Xiang said, Gu Qingtian's character was not bad, many people knew of his character,

[Chapter 2790](#)

When Gu Qingtian entered the fighting arena, the aura around his body was completely different from before. Previously, he had always been careless when he entered the arena, which meant that he had never paid attention to those battles before.

Therefore, when everyone saw Gu Qingtian's stance, they all thought that he would lose.

After all, this was the last match. Gu Qingtian could flip it over and let it go, because he already had nothing to worry about in the future. He did not need to worry about being too tired to fight in the next match.

Since Gu Qingtian came to participate in this exam, it could be said that he had always been victorious, so he had to guarantee that he would be victorious in this final battle.

Chen Xiang did not plan to use the spatial laws for battle previously, because he did not want so many people to know that he had mastered such a terrifying law. Otherwise, if others were to think of a method to deal with his spatial laws in the future, it would be limited to his strength.

At this moment, he was also very conflicted. If he used it when he was forced to, it would be exposed. If he did not, he might lose this battle. He could only wait until next year.

"Kid, you will definitely lose, hehe." Gu Qingtian rubbed his fist and chuckled.

Even though he knew that Chen Xiang was very strong, he had never felt that Chen Xiang was a threat to him. After all, he had already won many matches and defeated many geniuses, which gave him the confidence to do so.

"Don't be so sure. It hasn't begun yet." Chen Xiang didn't think that he would lose. After all, he had opened all his doors wide, and he also cultivated many powerful divine arts.

Even if Gu Qingtian had opened all the profound doors, there would still be a gap in power. Other people would train in Dao Energy, but Chen Xiang trained in Primitive Tao Power.

Although he had fought in so many matches before, he had never used it once. This was the power he was hiding.

Chen Xiang had seen quite a lot of battles, but he had never seen anyone using Dao of Dragon Power. This showed that these Rule Dao line were very rare.

Even the top five geniuses didn't have that many rare dao meridians.

During the month that Chen Xiang was here, he had already understood that the number of Law beads here was lesser than the hundred floors. The main reason was that the time that the Myriad Tao's Divine Stele appeared was very short and they often changed places.

There were only a few forces that could get Law beads from the Hundred Floors, but coming here was also very tiring, which was far from enough for them to use.

"I can defeat you in ten punches." Gu Qingtian was extremely confident, because like many other people, he thought that Chen Xiang had worked hard these past few days. Even if he had saved his strength, he would not be able to beat him.

"I want to see how powerful your ten punches are." Chen Xiang smiled faintly, then looked at an elder standing at the side. He nodded towards him, indicating that they can begin.

Gu Qingtian was also ready, and shouted to the old man: "We can begin."

"Begin." With the elder's words, Gu Qingtian immediately rushed forward and seized the initiative to attack Chen Xiang first.

Gu Qingtian cultivated the Heavenly spirit kunfu, so he liked to use his fists in battle the most. His fist techniques were also very terrifying, if it were not for the restrictions preventing his opponents from dying, many people would have died under his two exploding fists.

Gu Qingtian looked big and tall, giving off a feeling of awkwardness, but on the contrary, he was very agile. When he arrived in front of Chen Xiang, although he raised his fist, he did not smash it down immediately.

He nimbly avoided Chen Xiang's Heaven Blasting Palm, and arrived beside Chen Xiang, the fist energy that had been congealing for a long time was unleashed with a loud bang, that unceasingly gushing fist energy was like a tidal wave, imposing and vast, containing an endless amount of power, as though it was tens of thousands of mountains that were smashing down nonstop.

"This is from the Heavenly spirit kunfu... The power of ten thousand stars, huh. " Chen Xiang only trained Heavenly spirit kunfu s for defense, but rarely used them in battles. The reason was mainly for defense.

Just that aura alone was enough to shock and scare people, but Chen Xiang was not an ordinary person, moreover, he had a better understanding of Gu Qingtian's Heavenly spirit kunfu.

He knew that this move of Gu Qingtian's was mostly an illusion, mainly to investigate the opponent's true strength, and the majority of the people were completely stunned by his first punch. After becoming terrified, they would be forced out of the competition arena with just one move from Gu Qingtian.

Chen Xiang saw that after Gu Qingtian threw out his first punch, the Shrinking step stepped forward and in the blink of an eye, it had dodged the incoming fist wind.

If they didn't dodge, the violent wind from the fists would be enough to push him out of the fighting stage. Many people had lost because of this.

Chen Xiang's Shrinking step was also extremely strange, its speed extremely fast, which made many young geniuses more curious. The moment Gu Qingtian punched, Chen Xiang actually walked on the Shrinking step and arrived behind Gu Qingtian.

Boom boom boom boom. Chen Xiang struck out multiple times with his palms consecutively, but only the extremely violent and powerful Heaven Blasting Palm power remained. He would not show any mercy right now, because Gu Qingtian's body was extremely terrifying.

Gu Qingtian never thought that the limit of Chen Xiang's Shrinking step would actually be this terrifying.

Previously, he had also paid attention to Chen Xiang's battle. He knew that although Chen Xiang's Shrinking step looked strange, it wasn't as fast as it was now. This was mainly because Chen Xiang had not used his full strength previously.

Gu Qingtian did not expect Chen Xiang to hide it so deeply, and cursed in his heart, before releasing a few punches to blast outwards, forming balls of white light. The balls of light exploded, and produced wave after wave of thunderous roars, dispersing all of Chen Xiang's Heaven Blasting Palm power.

However, just as Gu Qingtian was releasing a ball of light, the fighting arena was suddenly enveloped in a dense fog, which was released by Chen Xiang.

"What a cunning fellow." Gu Qingtian suddenly lost sense of Chen Xiang, it was obvious that the dense mist was not normal, as he would be able to hide within it.

Just as Gu Qingtian was unable to sense Chen Xiang, he started to panic in his heart. However, right at this moment, an earth-shaking dragon's roar sounded out, accompanied by a violent tremble that was even more intense than that of the arena.

"The Raging Dragon Heaven Blasting Palm, this was released using the combination of the Primordial Dragon's Dao Energy. Right now, I'm using all of the profound entrances."

The dragon's roar was filled with rage. The force of the palm strike was so terrifying that it caused the heavens and earth to tremble.

Chen Xiang seemed to have gone mad as he continuously struck out with the Raging Dragon Heaven Blasting Palm.

The dense mist had already been swept away by the wind from Chen Xiang's palm, everyone only saw Chen Xiang's entire body releasing a gold light, his palms continuing to release outwards, releasing a faint gold dragon-like Qi from his palms, hitting Gu Qingtian's body which was covered in white light.

A white barrier appeared on Gu Qingtian's body. The white light was dazzling, especially when Chen Xiang's palm strike landed on his barrier, the light emitted was even more intense.

Bang! Bang! Bang! Bang! One after another, Chen Xiang's palm energy landed on Gu Qingtian's body or even on his surroundings. The shaking power surrounded and suppressed Gu Qingtian's barrier, and Gu Qingtian was also forced to retreat continuously by the palm energy.

The current Chen Xiang, could almost be said to be using his strongest power, but this Gu Qingtian could still hold on.
