

## Dan God 2811

### [Chapter 2811](#)

Yu Jingming looked at the furious Yu Jinggong, feeling extremely happy in his heart, only he knew that Chen Xiang had done it. At this moment, he was even more impressed with Chen Xiang's methods, to actually be able to do it in that situation.

"At this moment, there is not a single person missing outside. They were told not to leave this place and all of them have been investigated thoroughly. The person who stole the Gold pagoda Ganoderma must still be outside." Yu Jinggong said. He was the one who had lost, and the people at the auction would definitely not be responsible for the compensation.

"You should be aware that many of the people who are participating in this auction are from solid backgrounds. I cannot keep them here. If you are able to do so, then go ahead and attend the auction." The people at the auction house thought that they were not at fault, which made Yu Jinggong very angry.

"You all ... It was all in vain that I trusted you all so much, and yet you all want to shirk your responsibilities." Yu Jinggong shouted in anger.

"Humph, if someone is really stealing your Gold pagoda Ganoderma from us, we will definitely try our hardest to catch him, but no matter how you look at it now, it seems like you are all putting on an act and trying to trick us. If you have evidence to prove who attacked us, we will definitely do our best to capture that person." The auctioneer said.

When Yu Jinggong heard this, he was so angry that the corner of his brows trembled, and he snorted: "Let's go."

... ..

After Chen Xiang succeeded, he left the auction far, far away. Furthermore, he had already planted the Gold pagoda Ganoderma, and it wouldn't be long before the Gold pagoda Ganoderma would reproduce.

"Master Wang, have you ever entered the Myriad Tao Mausoleum?" Chen Xiang asked: "I think Yu Jinggong went in there before, he probably got a lot of good stuff from there."

"The Myriad Tao Mausoleum is very dangerous, although anyone can enter, the chances of survival are very small. Of course, if we can pass through the Flying Dragon Experience Place, then it would be even safer to enter the Myriad Tao Mausoleum." Master Wang said: "However, the Flying Dragon Experience Place is controlled by the Flying Dragon Palace, and if we do not enter, even if we are able to, without sufficient strength to pass, the only road left for us is death."

Chen Xiang had also heard about the matters of the Flying Dragon Experience Place before, which required one to have an extremely high realm and strength to enter.

When the Myriad Tao Mausoleum opens, the Four Great Divine Sects will work together to open the Transmission array outside the Myriad Tao Mausoleum. At that time, the people from the Four Great Divine Sects will lead the people from the other sects into the Myriad Tao Mausoleum.

"I must go and take a look." Chen Xiang mainly entered the Myriad Tao Mausoleum to go there. If he could get some good stuff there, it would not be bad.

Chen Xiang felt that he had a good chance of winning against all the other Alchemists. As long as it wasn't an Alchemist participating in the competition with the Tai Zun realm, he wouldn't feel any pressure.

In the Alchemist of the Tai Zun realm, there were still many strong existences. For example, the Master Wang was extremely powerful, but it was a pity that they were half dead right now, and that was all because of Yu Jingong.

"Chen Xiang, Yu Haorui went out alone. Do you want to follow him?" Yu Jingming suddenly said to Chen Xiang.

"He left alone. Where did he go? He left the village." Chen Xiang's heart moved, at the auction, Chen Xiang had almost killed him, but he was afraid that it would cause a huge commotion and attract powerful Tai Zun realm Rankers, preventing him from participating in the pill refining competition.

"He did not leave the village and instead went to gather with some of the young genius disciples of Yuan Shi Tao School." Yu Jingming told Chen Xiang the location, it was a hotel.

When Chen Xiang arrived, he saw a few people that he was more familiar with. They were the Murong Brothers, Liang Jinjun, Zhao Yunqiao and Gu Qingtian.

"Aren't these guys just outer sect disciples? Why would they be together with Yu Haorui?" Chen Xiang had a good influence on them previously, because at that time, they had all rejected the famous Supreme Realm invitation from the Yuan Shi Tao School and stayed in the outer sect to train, relying on their own strength to enter the inner sect.

Chen Xiang had already changed his appearance, he was not afraid of them recognizing him, he walked into the hotel and saw Yu Haorui coming out to welcome them.

Yu Haorui's face was full of smiles, not one bit depressed because he lost his Gold pagoda Ganoderma, but his mood was actually so good.

"All of you are famous disciples of the Supreme Realm in the Yuan Shi Tao School, there is no need to be polite to me." Yu Haorui chuckled, and then brought them all to the upper floor of the hotel.

Chen Xiang was secretly shocked. The Murong Brothers had actually entered the inner sect and acknowledged the Overlords as their masters, no wonder Yu Haorui treated them so well.

Other than the Murong Brothers, there were also many other young true disciples of the Yuan Shi Tao School. This Heavenly Refining Conference had not only attracted the Alchemists to attend, some of the Overlords had also come to purchase pills, so they brought a lot of their young disciples.

After Chen Xiang disappeared, he entered the hotel and went to the third floor. There was a very spacious hall here, where Yu Haorui and the other young geniuses were all gathered.

"My friends, you have stayed in the outer sect before. Do you know a person called Chen Xiang?" Yu Haorui asked after telling the Murong Brothers to sit down.

After Chen Xiang had escaped, Yu Jingong and the others had not given up. However, after searching through that place for a while, they were still unable to find Chen Xiang.

In this way, he would be able to obtain the inheritance of Chen Xiang's Heavenly Alchemy Dao line and alchemy techniques. He had previously investigated Chen Xiang and knew that Chen Xiang had come from the outer sect.

When Chen Xiang had first entered the outer sect, he had participated in many battles, thus, it was very easy for Yu Haorui to find out about these things.

"I know him, but I'm not familiar with him. He just stayed in the outer sect for a short while and he already passed the inner sect entrance exam. We never saw him again." Gu Qingtian said: "Brother Yu, what are you looking for him for?"

"After this Chen Xiang came to the inner sect, he entered the Super Origin Dan Hall and stayed with the Master Wang. However, this fellow is extremely vicious, after killing the Master Wang, he took all the medicinal herbs in the Master Wang's treasure grounds. Right now, the entire Super Origin Dan Hall is searching for him." Yu Haorui said as he grinded his teeth, looking as if he was serious.

After Chen Xiang heard this, he was very angry in his heart. He wished that he could immediately go out and slap Yu Haorui's mouth, then speak such nonsense.

Master Wang died in an abyss caused by his father, and now he was being falsely accused.

"Is this true? Is this true?" Gu Qingtian didn't dare believe it, because he had fought with Chen Xiang before. He felt that Chen Xiang wasn't that kind of person.

## [Chapter 2812](#)

Yu Haorui could tell that Gu Qingtian had a pretty good impression of Chen Xiang from his expression, so he sighed: "You don't even know your own face! You all don't know, at that time I also thought that Chen Xiang was a good guy, how would I have known that he was this kind of person? "

Chen Xiang could not hold it in any longer, and went to the entrance of the great hall, and knocked loudly with all his might.

"Who?" Yu Haorui shouted in displeasure.

"I am Chen Xiang!" Chen Xiang said.

Yu Haorui was stunned for a moment. He did not expect that when he was about to say something bad about Chen Xiang, Chen Xiang had come here and he did not know whether he should be happy or worry.

Because Chen Xiang knew that the father and son duo had done all those dirty things!

Yu Haorui immediately opened the door, and as expected, he saw Chen Xiang, and immediately shouted angrily: "Chen Xiang, you shameless bastard, you actually have the face to look for me!"

"Yu Haorui, you must be talking nonsense! They want to blame the death of Master Wang on me! Hmph, you father and son are too naive, do you really think that Master Wang is dead? Master Wang is a genius in alchemy, he long ago cultivated a clone and a primordial spirit." Chen Xiang said coldly.

"You ... It's obviously you who brought out the Master Wang ... "

Before Yu Haorui could finish, Chen Xiang cut him off: "Master Wang is a Tai Zun realm, what right do you have to harm him with my strength? Moreover, your father is of the Tai Zun realm, so he is the one who deserves to be suspected the most. "

Yu Haorui did not know why Chen Xiang would suddenly appear at such a time either. He had to immediately inform his father, because this matter was extremely important, especially the matter of the Master Wang being still alive!

At that time, they suspected that it was Chen Xiang, but felt that it was impossible. It was because there were many arrays in the Master Wang, and only those who were familiar with the arrays could take away the medicinal ingredients inside.

Now that Chen Xiang said it, there was only one possibility, the ingredients were all taken away by the Master Wang's avatar!

"You are slandering me with your blood, my father is the hall master, and I am good friends with the Master Wang ..." Yu Haorui became anxious because he saw that Gu Qingtian and the others seemed to trust Chen Xiang more.

"Great, great, great. Your father was the one who tricked Master Wang into hunting some Dragon Eagle, and then pushed him into some deep abyss."

"Chen Xiang, you slandered my father, you're courting death!" Yu Haorui took out a sword and was about to stab Chen Xiang.

Chen Xiang took a step forward, dodging the sword, and threw a slap fiercely landing on Yu Haorui's face.

Pow!

Bang! With a clear sound, Yu Haorui was knocked against the wall. Then, Chen Xiang walked over and picked Yu Haorui up, and started to slap his face.

"You actually want to kill me? You still want my Dao meridian, right? " Chen Xiang did not hold back at all, as long as he did not kill the other party, he had nothing to be afraid of, because Gu Qingtian and the others had seen him attack first.

Although fighting was not allowed in this village, when attacked by others, one could still teach them a lesson.

"A piece of trash like you dares to be so arrogant!" As Chen Xiang spoke, he fiercely slapped Yu Haorui's mouth a few more times, causing all of Yu Haorui's teeth to fall off and blood to flow crazily from his mouth.

They were very clear of Yu Haorui's strength. Although Yu Haorui had only just stepped into the Six Gods Stage, his strength was still at the early stages of Six Gods Stage, yet he was beaten up so ruthlessly by Chen Xiang!

This only meant that Chen Xiang had also stepped into the Six Gods Stage!

Initially, Murong Jin thought that after he had entered the inner sect, his strength was close to Chen Xiang's, but he never thought that Chen Xiang had already stepped into the Six Gods Stage, far surpassing them, and a bright future.

Yu Haorui was also very surprised. He himself was an early stage Six Gods Stage, but he was unable to unleash his powers, because once he used them, he would always be scattered by a wave of energy.

"Scram!" Chen Xiang grabbed Yu Haorui and threw him out of the window as if he was throwing trash.

"Everyone, this fellow must be slandering me just now. He has done quite a few things like this!" When he had first entered the Super Origin Dan Hall, he had been schemed against several times ... Now, even the Master Wang is screwed! The father and son duo plotted against us. "

Chen Xiang then told Gu Qingtian and the others about him entering the Super Origin Dan Hall, to gain their trust. If someone were to pursue the matter of him causing trouble here, then they could come forward to testify.

"Chen Xiang, don't worry! We have long since heard of some of Yu Haorui's affairs and would not completely trust him. " said. He had fought with Chen Xiang before, and back then, Chen Xiang had held back, not injuring him at all. That was why he had a good impression of Chen Xiang.

Liang Jinjun's brother had also been taught by Chen Xiang, and since then he had become much better. Therefore, Liang Jinjun was secretly grateful to Chen Xiang in her heart.

At this time, the few genius disciples all supported Chen Xiang.

"Then, thank you very much! I plan to participate in the pill refining competition, when that happens, I would like to invite everyone to come and support me. " Chen Xiang laughed: "If you need me to concoct any pills in the future, I will definitely help you all."

"Chen Xiang, you are still a Alchemist!" Mu Rong Ling exclaimed, "Amazing! With such strength, you actually know how to concoct pills!"

"He only knows a little, and that's all thanks to the guidance of the Master Wang. It's a pity that the Master Wang's fleshly body has been destroyed, and only his soul is left. However, he will be able to cultivate it very quickly." Chen Xiang said. He did not tell them that the Master Wang was inside one of his divine artifacts.

After that, Chen Xiang chatted with them for a while before he left!

Although Yu Haorui had beaten Yu Haorui up badly, he was not dead yet. Moreover, he had brought some people with him, and they carried him away right now.

When Yu Haorui saw his father, he immediately told his father about him meeting Chen Xiang.

When Yu Jinggong heard this, his expression turned gloomy, he never thought that Master Wang was still alive, this was something he did not expect, and now, only Chen Xiang knew where the Master Wang's clone was hiding!

"Father, what should we do now?" Yu Haorui's injuries had already healed a little as he said this with a sullen face. He was very unwilling to be beaten up by Chen Xiang in such a way.

"Hmph, you are too reckless!" Otherwise, he wouldn't have had the chance to fight back. I never expected that he would actually step into the Six Gods Stage! " Yu Jinggong was also thinking of a way, "If Yuan Shi Tao School knows that we have plotted against them, at that time, we will be in a lot of trouble! It seems like we have no choice but to admit it, do you understand? "

Yu Haorui nodded!

Master Wang's reputation was not small. Although many people did not know his real name, they were extremely familiar with the three words "Master Wang"!

Chen Xiang had told them yesterday that he wanted them to spread the news of the Master Wang's murder!

Therefore, when Yu Jinggong woke up the next day, he was cursing in his heart. At this time, there were many friends of the Master Wang in the hotel that wanted to ask him about this.

### [Chapter 2813](#)

Regarding this matter, Yu Jinggong would never admit it, and Chen Xiang had no evidence either. Since the Master Wang did not come out, the truth was still in the clouds.

Although Yu Jinggong had rebutted him, many people did not believe that Chen Xiang was the culprit. Even if Chen Xiang had already stepped into the Six Gods Stage, at the very least, he was still a Tai Zun realm, and Chen Xiang was unable to deal with him.

Furthermore, Yu Jinggong was from the Tai Zun realm, so he had enough strength to scheme and murder Master Wang. Therefore, many people believed that it was Yu Jinggong who did it.

Yu Jinggong still had some power, so none of Master Wang's friends dared to do anything to him.

It wasn't until the day of the competition that Chen Xiang finally showed his face to participate in the competition. At this time, he was surrounded by Master Wang's friends who clamored about the situation there.

Chen Xiang had discussed this with Master Wang before; if asked, how should he answer, now, Chen Xiang would answer according to what Master Wang had said before.

Since the Master Wang was the one who guided Chen Xiang and answered the questions, many people believed in Chen Xiang's words. His words were too preposterous.

"Master Wang is in a secret place to cultivate his fleshly body. Once he has finished cultivating, he will naturally come to find you. At that time, the truth will be out." Chen Xiang said to the old men, this group of old men all possessed the Supreme Force.

"Alright, at that time, if we are certain that it was Yu Jinggong who did it, we will definitely not spare him."

"Yu Jinggong this guy, already knew that he would say something. YB Du is a very sinister person in Super Origin Dan Hall, I never thought that you would dare to harm Master Wang. "

"It's just that there is no evidence. If Master Wang can come out, he can take Yu Jinggong down right now."

Many people chose to believe in Chen Xiang!

Chen Xiang also wanted Master Wang to come out, but it was extremely dangerous. At the moment, Master Wang only had an extremely weak soul, so if he came out, it would be very dangerous. And the Master Wang didn't want others to know that he was with Chen Xiang either. This would cause Chen Xiang to be in extreme danger.

Because Chen Xiang wanted to participate in the competition, everyone stopped surrounding Chen Xiang and allowed him to enter the arena.

Right now, it was the preliminary competition, to refine a high quality Natural Law Dan at the specified time. This was not difficult for Chen Xiang, he completed it quickly.

After passing through the preliminaries, Chen Xiang would obtain the qualifications!

By noon, there were only a hundred or so people who passed the preliminaries, Chen Xiang never thought that there would be so few people who passed.

"The official competition starts at night and it's only one match. I have to compete with these hundred experts, so the pressure is not small." At this point of time, Chen Xiang found out that there were twenty disciples of the Heavenly Alchemy Divine Sect who had passed the preliminaries with the fastest speed possible.

The rules for the competition had yet to come out, but Chen Xiang believed that it would definitely be fair, because it was primarily to let the Heavenly Alchemy soul approve, and when the time came, the spiritual Heavenly Alchemy soul would also be present to watch.

Chen Xiang was patiently waiting in the competition hall. He heard that they were preparing the medicinal ingredients, which was why they started at night!

"Chen Xiang, what do you have with Flying Dragon Palace? Just a moment ago, a Flying Dragon Envoy came to find Yu Jinggong to talk about your business. " Yu Jingming sent a message to Chen Xiang.

Hearing Flying Dragon Envoy, Chen Xiang's heart trembled! Back then, he had gotten all the pieces of the Heavenly Alchemy art from the Flying Dragon Envoy!

Now that the Flying Dragon Envoy was here, it was obvious that he knew that he had taken away the broken pieces, and coincidentally found out about the Gold pagoda Ganoderma, which was why he thought of the Heavenly Alchemy art fragment.

Flying Dragon Envoy might suspect that it was me! But he doesn't have any evidence, but he definitely knows that I will always have a Heavenly Alchemy Dao line, and I even know how to use it. Chen Xiang was secretly worried.

"They went to your place." Yu Jingming sent a sound transmission to Chen Xiang.

Chen Xiang had already sensed the aura of the Flying Dragon Envoy, he immediately closed his eyes and pretended to close them to rest. This was the territory of the Heavenly Alchemy Divine Sect, the Flying Dragon Palace would definitely not dare to act rashly, and as a member of the Yuan Shi Tao School, he would definitely not act rashly.

Chen Xiang did not look at the Flying Dragon Envoy, and started to laugh coldly to himself. Yu Jinggong could be considered a member of the Yuan Shi Tao School, but he had actually colluded with the Flying Dragon Palace s.

"Chen Xiang!" Yu Jinggong shouted, her voice was cold and filled with killing intent.

There were a lot of Alchemists in the hall, all of them had some power, the younger Alchemists were all there too. Yu Jinggong's sudden shouts disturbed them from their rest, they immediately glared at Yu Jinggong, causing his expression to change.

Chen Xiang stood up, and laughed: Oh, isn't this Yu Jinggong? And this person is Flying Dragon Envoy, our Yuan Shi Tao School has always been at odds with him, but you, Yu Jinggong, have a very good relationship with him! "

"It's also no wonder. Since you even dare to harm your own sect's Master Wang, colluding with the Flying Dragon Palace is naturally nothing much!"

Yu Jinggong was startled, he never thought that Chen Xiang would actually reveal the identity of the Flying Dragon Envoy just like that, he thought that Chen Xiang would not dare to say it.

Now, Chen Xiang dared to say nothing!

The people here all hated the Flying Dragon Palace more or less, because the Flying Dragon Palace was extremely tyrannical. It was not only because of the enmity between the Yuan Shi Tao School and himself, the other sects were also like this.

At this time, the hall master of the Yuan Shi Tao School was walking together with the Flying Dragon Envoy.

"Chen Xiang, did you take away my things?" Flying Dragon Envoy scolded angrily, because he lost the Heavenly Alchemy art fragment, causing him to receive a very serious punishment.

"What is it?" I don't know! No wonder all of you want to splash dirty water on me when you get together. " Chen Xiang would definitely not admit that he was the one who took the Heavenly Alchemy art away.

"Don't think I'm afraid to tell you." The fact that the Flying Dragon Envoy knew about Chen Xiang being on the hundred floor was extremely shocking.

"Tell me!" I am not afraid, but you should be! " Chen Xiang laughed, "What losses will I suffer? Right now, I am someone from the Yuan Shi Tao School, and although there is a trash like Yu Jinggong, the Yuan Shi Tao School is still better off. "

The Flying Dragon Envoy clenched his fist, just as he was about to speak, an old man walked in and said coldly: "If there's any grievances, we can settle it outside, everyone should rest here, get back to normal, familiarize ourselves with the competition grounds, and don't make a ruckus."

This old man could tell at a glance that he was an extremely powerful one, causing both Flying Dragon Envoy and Yu Jinggong to reveal a trace of fear. Then, they glared at Chen Xiang, before hurriedly leaving.

Until night fell, when Yu Jingming received news that both he and the Flying Dragon Envoy did not tell anyone about him possessing the Heavenly Alchemy Dao line. It was because they all wanted to obtain the Heavenly Alchemy Dao line, and were afraid that it would be taken away by someone else.

"These two fellows are underestimating me. Once I obtain the Heavenly Alchemy soul, I will definitely take care of them both." Chen Xiang was in an extremely good condition, he was extremely confident in his ability to participate in the competition.

#### [Chapter 2814](#)

This competition was hosted by the Heavenly Alchemy Divine Sect and the ingredients were also provided by the Heavenly Alchemy Divine Sect. At this moment, the Alchemist who were waiting in the hall for the competition to begin were all extremely curious about what kind of rule this competition would follow!

The disciples of the Heavenly Alchemy Divine Sect also didn't know the rules, so when many people asked them about it, they shook their heads. They said that they themselves didn't know either, so it could be seen that the Heavenly Alchemy Divine Sect was still fair.

Chen Xiang felt that no matter what rule it was, as long as he had sufficient strength, he would definitely be able to achieve good results.

Very soon, it was night. Other than the Alchemist who were participating in the final competition, there were also many people who came to watch. These people were all disciples of the Supreme Lord and the Supreme Lord.

Chen Xiang saw that the Murong Brothers were here, they had all followed their master!

Yu Haorui was also there, and when Chen Xiang looked at Yu Haorui, he just so happened to be looking at him, with eyes full of hatred and anger, as if he wanted to rush over and eat him.

Seeing Yu Haorui's expression, Chen Xiang smiled at him, but it was filled with disdain, which made Yu Haorui even angrier.

The center of the Main Hall was very spacious, with over a hundred Alchemist taking out their pill furnaces and sitting there, it did not feel crowded at all.

"The people from Heavenly Alchemy Divine Sect are here!" A person suddenly said in a low voice. He saw more than ten old men suddenly walking in front of him.

Read > Fiction

The people in the great hall all stood up hastily. Heavenly Alchemy Divine Sect was a mysterious and powerful sect, and every time they held a Heavenly Refining Conference, many people would benefit greatly from it.

The Alchemist was very respectful to the Heavenly Alchemy Divine Sect!

After the dozen or so elders from the Heavenly Alchemy Divine Sect walked out, they took out a white ball of light and placed it on a table.

"Could this be the Heavenly Alchemy soul?" When Chen Xiang saw the white ball of light, he had a strange feeling.

"Everyone has been waiting for a long time. I will not waste any time and directly tell everyone the rules of the competition." An old man said before gesturing for everyone to sit down.

After everyone had sat down, the old man said, "The final result of this competition will be decided by everyone!"

The old man waved his hand, and then a large group of sturdy men walked in, all of them holding a large jade jar filled with medicinal ingredients. Although these medicinal ingredients were all high grade Heavenly God medicine, it caused many of the Alchemists to be extremely shocked.

Some of these medicinal ingredients were things that they had never seen before, while others they had seen before. However, they were extremely rare and belonged to the rarer kind!

There were a total of one hundred vats of such medicinal herbs, and none of them were heavy at that. This caused many people to be shocked at the strength of the Heavenly Alchemy Divine Sect, to have such a deep foundation!

"Here are a hundred types of high-grade heaven's great medicine. If you want to know the specific details of these medicinal herbs, you can just send your consciousness into the jade vat and find out!"

"In this competition, you will need to concoct a pill formula yourselves, and then use the effects of the pills to determine if you will be able to obtain the final victory. Once you have concocted the pills that you created, everyone will vote for you, and the one with the highest number of votes will decide whether to give the Heavenly Alchemy soul to him according to the circumstances."

When Chen Xiang heard the rules, he could not help but frown, the other Alchemists were the same, all of them discussed softly, everyone was worried that something unfair would happen.

The difficulty of this competition was quite high. How could one select the most effective medicinal pill from the hundred types of medicinal ingredients that would emerge from the competition and earn the recognition of many people?

This was a huge challenge to the comprehensive ability of an Alchemist, and it was also the first time Chen Xiang had encountered such a competition.

"The competition should last for twelve hours. You should hurry up and finish it as soon as morning breaks!" The old man said, "It's starting now. If you fail, you just have to finish it within the specified time!"

After saying that, it started. The hourglass started to pour down, and all the participating Alchemists started to understand the effects of these hundred types of medicinal ingredients. This way, they would know how to concoct the best medicinal pellets.

Each large jade vat contained over a hundred portions of medicinal ingredients, so the medicinal ingredients were sufficient.

Just like the others, Chen Xiang also sent his consciousness into the jade vat, obtaining information on every type of medicinal herbs. These medicinal herbs were all strange, many of them had never appeared before, and were extremely unfamiliar.

Chen Xiang quietly observed the twenty disciples of Heavenly Alchemy Divine Sect. At this moment, their eyebrows were tightly knitted, which meant that they did not know how to mix the medicinal ingredients, and that Heavenly Alchemy Divine Sect did not favor their disciples.

After all, this competition was only to get the approval of the Heavenly Alchemy soul, if he cheated and won, when the Heavenly Alchemy soul fused with the winner, they would definitely know if the person had cheated, and in the end, he would not be able to merge with the soul, so even if he cheated and won, there would be no benefits.

"There are actually Five Elements Dew Fruits!" After Chen Xiang finished reading, he was shocked to discover that the spirit had not returned to the purple bamboo shoot.

Chen Xiang did not plan to ask the Master Wang for guidance, because in that case, he had cheated, and might not be able to merge with the artifact spirit in the end.

"The Five Elements Dew Fruit is the main ingredient used to refine Six-gods Guiyuan Dan. Although it lacks the Spirit Returning Violet Bamboo, it can still play a major role."

Chen Xiang did not understand much about the herbs here, but he knew, other people were the same, because most of the herbs taken out by the Heavenly Alchemy Divine Sect were rarely seen, and from the looks of the confused looks on the faces of the Alchemist people, they were obvious.

"The Five Elements Dew Fruit's main function should be towards the Six yuan god. If I add something into it, it might be able to refine a pill that can make the Six yuan god stronger. Eating this kind of pill can speed up the growth of the Six Gods Stage."

Chen Xiang thought for a while, then looked for the ingredients related to this area, to see if they could be combined together.

After an hour had passed, Chen Xiang was unable to find anything. However, there were already people starting to concoct the pill, it was just a try to do so.

"I'll give it a try, since there are so many herbs here!" Chen Xiang picked out the Five Elements Dew Fruit, added three types of medicinal herbs that had a certain effect on the Six yuan god, and then began to refine it.

He finished the pill in an hour, and after he ate it, there was no effect at all.

"I've met with a problem this time!" Chen Xiang sighed in his heart. He looked at the other Alchemists and saw that they were also flustered. Many of them had just picked the herbs and were a little excited.

This competition was extremely challenging, Chen Xiang had not felt this nervous in a long time!

"My previous thoughts were wrong. The herbs here are just high-grade Heavenly God medicines, even though they have a use for Six Gods Stage, they are still very limited. I should focus on whether they are useful for Three profound realms." Chen Xiang changed his way of thinking.

### [Chapter 2815](#)

The pills that the Three profound realm needed the most were no more than pills to step into the Six Gods Stage! There was already such a pill, but it was very scarce and its effects were unstable. After consuming it, one wouldn't be able to immediately step into the Six Gods Stage. The Six-gods Guiyuan Dan that Chen Xiang had eaten before were considered not bad, but they were still not stable. One would need to eat a large amount to be able to help one step into the Six Gods Stage, and the ingredients needed to refine this pill were fewer. If one did not obtain any effect after eating this pill, it would cause one to be very disappointed.

Now, Chen Xiang was planning to refine a type of pill. After consuming it, one would be able to quickly step into the Six Gods Stage, and if he succeeded, he would definitely get the recognition of many people, especially for the Late period of Three profound realm!

There were many Late period of Three profound realms present here, although they were all genius disciples, if they wanted to enter the Six Gods Stage, they would need a very long period of time to do so, and even if they used medicinal pills, it would still take a very long period of time!

If Chen Xiang were to succeed in concocting this pill, then there would definitely be a lot of people giving it to him, especially those Supreme Elders who wanted his disciple to enter the Six Gods Stage. They would definitely give him a vote.

Chen Xiang had refined Six-gods Guiyuan Dan before, and there were a majority of the ingredients for the Six-gods Guiyuan Dan here, so he felt that it was very likely that he would succeed!

As long as the Six-gods Guiyuan Dan was strong enough to provide sufficient medicinal power and allow a person's Three profound Divine Junctions to fuse together, they would be able to enter the Six Gods Stage.

The reason why Chen Xiang was able to rely on the Six-gods Guiyuan Dan to step into the Six Gods Stage before, was also because he was able to obtain sufficient medicinal power through the refinement of the Crash method!

Right now, it was a competition, he could not use the Crash method, because when the time came for the pill formulas to be announced, there might be some old Alchemist who would concoct them on the spot!

As a result, he couldn't even use Heavenly Alchemy Dao line.

"As long as I add more medicinal ingredients with sufficient medicinal strength to advance, I will succeed." Chen Xiang picked a few other ingredients and started refining them.

Although he could refine it quickly, the effect was not ideal. Adding that he already possessed the Six Gods Stage, he would not be able to determine the exact effect of the medicine.

"Looks like I can only continue to try. There's still time, I can't panic!" Chen Xiang took a deep breath, calmed himself down, and then went to pick the ingredients to try refining it.

The other Alchemists here were also the same, in order to concoct new pill recipes, they had to continuously try it out. Many of them felt that even if they could not win, to have the chance to concoct so many medicinal ingredients, they felt that it was worth it, as it was a huge gain for them.

Normally, they wouldn't have had such an opportunity to come into contact with so many rare and precious medicinal ingredients.

Time flew by quickly, especially for the participating Alchemists, all of them wanted to slow down a little, so that they could have enough time to arrange the materials.

However, time was not going to wait for them. The sand in the hourglass continued to flow, and time was running out.

"This furnace will definitely succeed!" Chen Xiang used the Five Elements Jade Dew Fruit and added the other five medicinal ingredients. It could be said that he had the most medicinal ingredients.

To many Alchemists, the more medicinal ingredients there were, the more difficult it was to refine them. Normally, they would only refine up to five or six of these medicinal ingredients!

Of course, Alchemists who were able to refine more than ten kinds of medicinal ingredients were also of high standards, and there were quite a few supreme dan gods who were watching from the sidelines. Just now, they had all seen Chen Xiang pouring ten types of medicinal ingredients into the furnace, yet Chen Xiang was able to refine them smoothly now.

Chen Xiang was related to the missing Master Wang, so Chen Xiang was also a topic that many people present paid attention to!

"I succeeded. The pill I refined was called the Purple Spirit Concentrating Pill. It allowed those who had just stepped into the Six Gods Stage to gather the divine power of the world and strengthen the Six yuan god! It is known to all that in the early stages of Six Gods Stage, many people's Six yuan god were unstable.

A man took out three purple pills from his pill furnace and said confidently.

"If it's serious, it could even cause me to be unable to level up for the rest of my life. However, the Purple Qi Congealing Pellet that I created could prevent Six Gods Stage from having such a situation happen during the early stages of the Six Gods Stage."

This kind of pill was indeed not bad, if their disciples were to consume it after they step into the Six Gods Stage, they wouldn't need to worry about the instability of the Six yuan god anymore.

"Amazing, as expected of a disciple from the Heavenly Alchemy Divine Sect!" An old man chuckled.

"Words are useless. You have to try it to know!" Anyone can say that. " A middle-aged man said.

"I have three pills. We can let our three early Six Gods Stage friends have a try." The Heavenly Alchemy Divine Sect disciple laughed: "However, it can only be because of the instability of the Six yuan god!"

"The Six yuan god is unstable, anyone can see that before consuming the Purple Qi Congealing Pellet, the seniors of the Tai Zun realm can first carefully inspect it, and then carefully examine it after they consume it."

Thereafter, the ten odd elders of the Heavenly Alchemy Divine Sect s pulled out three early stage Six Gods Stage s and each one of them with unstable Six yuan god ate the three pellets.

After eating it, the effects of the pill quickly changed, and their Six yuan god became stable immediately. Soon after, an old man in the Heavenly Alchemy Divine Sect refined another batch of pills, and then took out three more to try out the pill, the effects were equally good.

Thus, the Purple Spirit Concentrating Pill had also been approved. It could be used in this competition!

Currently, there were people who were able to complete it, but even more people were able to exit. There were over a hundred people who were able to complete over ten, but the others didn't have the confidence to 'get' a good pill formula, so they all left.

"The pill I am concocting is called 'Inverse Mystery Returning Pill'!" This man was also from the Heavenly Alchemy Divine Sect, and most of those who could pass were Heavenly Alchemy Divine Sect's disciples.

"This pill has two advantages, the first one is the same as my senior brother's Purple Spirit Concentrating Pill! Everyone should be clear about this point, but the second benefit is that it can allow those who have stopped at the early stages of Six Gods Stage to reverse the hidden disease left behind by the Six yuan god. " The man's words made some of the old men in the early stages of Six Gods Stage pale in comparison.

Afterwards, the man applied for someone to try out the pill, and the results were quickly revealed. Although he only managed to produce two pills, he couldn't deny that this was a good pill!

The results were not bad, the people who tried to test the pills all felt that there was a huge improvement due to the instability of the Six yuan god, and were all very happy, immediately thanking the man.

After that, the old man from Heavenly Alchemy Divine Sect concocted another batch of pills, proving that other people could concoct this pill, proving the efficacy of the pill.

Following that, the pills created by the disciples of the other Heavenly Alchemy Divine Sect s were all targeted at the people of the Six Gods Stage. There were those with healing wounds, those with strong Six yuan god, those with detoxification, and even some with strange effects.

However, everyone felt that the Spirit Concentrating Purple Pills were more practical when compared to the Profound Reversal Spirit Pill!

"It's finally done!" Chen Xiang was currently sweating profusely. He had finally completed his pill and the sky was about to brighten.

## [Chapter 2816](#)

Everyone had almost forgotten that there was Chen Xiang. Just now, everyone saw him stuffing a lot of ingredients into the pill furnace. They were all looking forward to seeing him concoct the pills. The updates were quick.

"This guy, he doesn't have much ability at the bottom of the pit, he only knows how to mess around and waste potions here." The last time he was violently beaten up by Chen Xiang, the pain and resentment he felt had yet to subside. As long as he saw Chen Xiang, he would grit his teeth and itch in hatred.

"What kind of pill are you refining?" An old man from Heavenly Alchemy Divine Sect asked.

As long as one or two good pill formulas could be obtained for this competition, the elders of the Heavenly Alchemy Divine Sect would be satisfied. This was something that could benefit many people.

"The name of the pill I refined is Six Shenprofound Dan!" Chen Xiang said: "As long as you consume this pill, you will be able to enter Six Gods Stage!"

Chen Xiang opened his pill furnace and took out six white pills!

If you eat the Late period of Three profound realm, you will definitely step into the Six Gods Stage! Everyone was stupefied by these words. There were many doubts in their hearts, and they all thought that this was impossible!

It wasn't that there were no pills that could help someone enter the Six Gods Stage with the Late period of Three profound realm, but there had never been a pill that could allow someone to definitely step into the Six Gods Stage!

"How many do you need?" An old man from the Heavenly Alchemy Divine Sect asked. He was also very curious about it, he knew what kind of medicine Chen Xiang had just added, and he had never tried this kind of combination before.

"One!" Chen Xiang answered: "There are quite a few friends from the Late period of Three profound realm here, I think they should be able to endure the test."

"Alright!"

The people of Heavenly Alchemy Divine Sect immediately picked six young people to take the test. Among the six, there were Gu Qingtian, Liang Jinjun, and Murong Ling, the three people Chen Xiang was familiar with.

"I might need a period of time to achieve a breakthrough, but I'm not sure how long it will take!" Chen Xiang said. Although he had never taken this pill before, he knew the medicinal power within it was extremely strong, enough to push three profound Gods to fuse together.

"This is not a problem. If there really is such a medicine, we can wait. After all, breaking through the Late period of Three profound realm to the Six Gods Stage would take a lot of time." An old man said, after which he took the six pellets from Chen Xiang's hands and fed it to the six of them.

After eating, the six of them sat down with their legs crossed. Not long after, they entered a very excited state. It was obvious that it had some effect.

At this time, an old man also followed Chen Xiang's instructions and concocted a batch of pills, but he could only concoct 5 pills!

Chen Xiang could refine six pills in a single furnace, but the Supreme Pill God of the Heavenly Alchemy Divine Sect could only refine five pills, which made many people feel that it was inconceivable.

"Impressive, I can only use five pills at full strength, but you can only use six pills!" The old man looked at the five Six Shenprofound Dan he had refined and could not help but exclaim in admiration.

Four hours later, the person who had just eaten the Six Shenprofound Dan had already broken through to Six Gods Stage.

There were a lot of Six Gods Stage and Tai Zun realm here, they had all experienced the breakthrough of Late period of Three profound realm to Six Gods Stage, and back then, it was extremely difficult!

Yet now, it was only a single dan bead!

"After breaking through, I did not experience any instability in the Six yuan god. My Six yuan god is very strong, so there shouldn't be any hidden ailments." At this time, Gu Qingtian was extremely 'agitated' and hurriedly thanked Chen Xiang.

"Mine, too. Looks like this pill already has the effect of stabilizing the Six yuan god." Her beautiful face was filled with surprise and joy, and she repeatedly thanked Chen Xiang.

The others were also in the same state. The Six yuan god was very stable, after which their masters all checked it one by one and nodded!

"This kind of pill is really amazing. It's actually only concocted from the Heavenly God's medicine." A Supreme Pill God praised repeatedly.

In order to further verify this pill, the old man from Heavenly Alchemy Divine Sect had drawn five people to try it out. After four hours, all of them had broken through to Six Gods Stage!

This once again shocked the whole audience. This meant that in the future, the Late period of Three profound realm would no longer need to go through so much trouble and could quickly step into the Six Gods Stage.

"Now you can begin. Everyone here has a vote. We can give you the pill that you think is the best!" An old man said.

At this moment, there were thirteen jade vats, each of them a type of pill!

The main pellets given were Purple Spirit Concentrating Pills, Six Shenprofound Dan s, and Reverse Profound God Restoring Pellets!

Amongst them, there were more votes on the Inverse Profound God Pellet and the Six Shenprofound Dan that Chen Xiang had refined.

Yu Haorui and his son, who hated Chen Xiang the most, would obviously not throw their pellets towards Chen Xiang's Six Shenprofound Dan, so they had given their pellets to him as well.

Chen Xiang found that there were more Inverted Profound God Convention pills that were given to him, mainly because there were more Six Gods Stage s present who had more of these pills which were more useful to them. And what was given to Chen Xiang, were all more Late period of Three profound realm s.

Very quickly, everyone had finished voting, but the result made Chen Xiang feel extremely disappointed. He only had ninety eight votes for his Six Shenprofound Dan, but he had ninety-eight for the Inverted Profound God Pellet!

The Purple Clouds Spirit Concentrating Pill was also not bad. With 50 votes, it was ranked third!

"We failed!" Chen Xiang sighed, although he was shocked, but he understood what was going on.

"I knew this guy couldn't possibly win, haha!" Yu Haorui laughed.

At this time, many people felt pity for Chen Xiang. The Six Shenprofound Dan he created was indeed very good, but there were less Late period of Three profound realm here, so naturally there were fewer votes.

"Although the result is the most Inverted Mystery Restoration Pills! However, that does not mean that this kind of pellet is the best. From the looks of the result of our discussion, the amount of people leaking out of the Six Shenprofound Dan that Chen Xiang refined, is much greater than that of the early stages of Six Gods Stage! Furthermore, Chen Xiang has refined five or six out of the first batch of pellets, which includes the number one pellet in the Ranking of the Inverse Profound Spirit Pill. "

The one who spoke was the most prestigious old man in the Heavenly Alchemy Divine Sect, but he actually didn't speak up for his own Heavenly Alchemy Divine Sect's disciple.

But what he said was actually the truth. From its effects, Chen Xiang's Six Shenprofound Dan was far better than the one with the most votes!

"Great Clan Elder... But... The rules were set by you just now, so how are you going to change it? " He was a disciple of the Heavenly Alchemy Divine Sect, and furthermore, the number of votes he received was also number one. To think that he, an elder of the Heavenly Alchemy Divine Sect, would actually speak up for someone else.

"Kunyun, please 'touch' your own conscience. How is the Six Shenprofound Dan that Chen Xiang refined compared to yours?" The Great Clan Elder of the Heavenly Alchemy Divine Sect said.

"Better than mine! Even so, the rules have been set! " Kunyun was still very unresigned.

"Yes, but I've said it before, we will use the circumstances to determine whether or not we should give the Heavenly Alchemy soul to the one who obtained first place. You should know what's going on right now. " The Head Elder shook his head and sighed, "Your profit is too great!"

"Forget it, give it to him!" For me, being able to create a Six Shenprofound Dan is already my biggest gain. " Chen Xiang said, but he was actually quite open-minded about it: "I just want some Six Shenprofound Dan s' medicine materials!"

Then, he took some of the ingredients needed to refine Six Shenprofound Dan, as he wanted to plant them in his own You Yao Mountain Villa.

Just as he was about to become more powerful, the Great Elder stopped him.

"Wait, the Heavenly Alchemy soul itself is very provocative, I can give it to Kunyun, but we are not sure if the Heavenly Alchemy soul will fuse with Kunyun, if it is not able to, then let me give it a try."

### [Chapter 2817](#)

The Heavenly Alchemy soul was placed on the table in front of them. After witnessing the entire competition, everyone knew that the Heavenly Alchemy soul picked its owner.

"Kunyun, this is the Heavenly Alchemy soul, see if you can fuse with it. If not, then you have not obtained the recognition of the Heavenly Alchemy soul." The Great Elder pointed at the white ball of light on the table.

Although Kunyun concocting the Sky Profound God Pellet was not bad, it was far inferior to Chen Xiang's. It was only through coincidence that he caused the most votes, but the Great Elder had said before that this was not the standard for judging one's final victory.

Now that Kunyun had obtained the chance to fuse with the Heavenly Alchemy soul, he was very nervous. The Heavenly Alchemy soul was originally something that belonged to the Heavenly Alchemy Divine Sect, and because no one in the Heavenly Alchemy Divine Sect was able to fuse with a Heavenly Alchemy soul, he would use this method.

Before, when Kunyun was in the Heavenly Alchemy Divine Sect, he had also attempted to fuse with the Heavenly Alchemy soul, but in the end, he did not succeed. Many of the's outstanding disciples had this opportunity, but in the end, all had the same result.

Right now, Kunyun had passed the competition and obtained first place, so he had a second chance. It was just that he was not completely sure, because he was very clear on the gap between him and Chen Xiang.

This number one should have been Chen Xiang's, but he was unwilling to give in.

"Drop some blood." The Great Clan Elder said, "If you are unable to successfully fuse them, let Chen Xiang give it a try. Do you have any objections?"

"If I really am unable to succeed, then of course I have no objections. This means that I did not obtain the approval of the Heavenly Alchemy soul." Kunyun said as blood dripped onto the white ball of light.

Just as Kunyun was filled with anticipation, the white ball of light suddenly released a white flame, burning away Kunyun's blood.

"This... "How did it turn out like this? I clearly already got first place." Kunyun's fusion had failed, and many people could only sigh. Especially the people from the Heavenly Alchemy Divine Sect, they understood the Heavenly Alchemy soul the best.

"I... I'll try again. " Kunyun did not care about whether the Great Clan Elder agreed to it or not, he anxiously dripped some blood on the Heavenly Alchemy soul, but the result was still the same.

"Kunyun, do you still not understand? You haven't obtained the recognition from the Heavenly Alchemy soul." The Great Elder shook his head and sighed. At this moment, his expression was somewhat solemn.

"Great Clan Elder, why doesn't the Heavenly Alchemy soul approve of me?" Kunyun was depressed.

"I don't know either, this kind of thing has happened a few times since ancient times. Once, the Heavenly Alchemy soul died itself out because it couldn't find its master." The Great Clan Elder looked at Chen Xiang and said, "Chen Xiang, come over and try it out."

Chen Xiang nodded, and walked over. At this time, he was also a bit nervous, and the Heavenly Alchemy Dao line in his body twitched for some reason, as if it was very excited.

He took a deep breath to relax, and then dripped his blood on top of the white ball of light. His blood could actually seep through the transparent crystal on the surface of the white ball of light and enter the ball of light.

Seeing this scene, everyone present was shocked.

Chen Xiang was actually able to successfully fuse with the Heavenly Alchemy soul, and obtained the approval of the Heavenly Alchemy soul.

Kunyun secretly gritted his teeth as he looked at Chen Xiang.

"That's what I'm going to do next." Chen Xiang was pleasantly surprised, but his face was very calm.

"See if you can absorb the Heavenly Alchemy soul into your body." The Great Clan Elder said, "The Heavenly Alchemy soul has finally found a suitable master."

With a thought, the Heavenly Alchemy soul turned into a streak of white light and entered Chen Xiang's body.

"What exactly is the use of the Heavenly Alchemy soul?" Chen Xiang knew nothing about this, he only knew that it was powerful.

"Different Heavenly Alchemy soul have different functions, and we don't know about your Heavenly Alchemy soul either. We can only ask you to properly unearth his power for yourself, since the Heavenly Alchemy soul has acknowledged you, you will definitely not disappoint the Heavenly Alchemy soul in the future." The Great Clan Elder heaved a sigh of relief. Finding a master for the Heavenly Alchemy soul was an extremely important mission.

The Heavenly Alchemy soul was like a sacred artifact in the Heavenly Alchemy Divine Sect, many experts in the Heavenly Alchemy Divine Sect also wanted to obtain it, but the Heavenly Alchemy soul did not approve of them. Helpless, the Heavenly Alchemy Divine Sect used this method to give the Heavenly Alchemy soul away.

Seeing Chen Xiang, this outsider who had obtained such a good thing, many young disciples of the Heavenly Alchemy Divine Sect were unconvinced. However, they could not say anything, because even though they had tried to fuse with the Heavenly Alchemy soul before, they did not succeed.

"The only reason why Chen Xiang can fuse with the Heavenly Alchemy soul is because he possesses the Heavenly Alchemy Dao line. This in itself is unfair." Yu Jinggong suddenly said, he was also extremely jealous, he was willing to give it his all, wanting to create trouble for Chen Xiang, and expose that Chen Xiang had the Heavenly Alchemy Dao line.

Chen Xiang actually had a Heavenly Alchemy Dao line, which made everyone present dumbstruck.

The Heavenly Alchemy Dao line was an extremely precious dao vein. If one wanted to use Dao crystal s to condense and refine from the Myriad Tao's Divine Stele, it would require an extremely large number of Dao crystal s, which could go up to a trillion or so.

Even in the Heavenly Alchemy Divine Sect, only a few virtuous and respected Original Ancestor would have such a dao vein.

"Great Clan Elder, he has the Heavenly Alchemy Dao line ... That's why we obtained the recognition of the Heavenly Alchemy soul. This is not fair to us. " After Kunyun recovered from his shock, he said hurriedly. He was even more jealous in his heart, he was a very outstanding young disciple in the Heavenly Alchemy Divine Sect, he didn't even have a Heavenly Alchemy Dao line.

What's unfair about that, even if the Heavenly Alchemy Dao line does not approve of him, would it approve of you? Chen Xiang has the Heavenly Alchemy Dao line, so it is very suitable for the Heavenly Alchemy soul. The Great Clan Elder's voice was extremely cold. "Kunyun, I have truly misjudged you, to actually be so impetuous. My heart is filled with jealousy, and cannot bear to see the face of others."

The Great Clan Elder swept his gaze across the disciples of the other Heavenly Alchemy Divine Sect s. These disciples were also extremely jealous of Chen Xiang, but they did not say anything.

"I'm not jealous, I'm just unwilling." Kunyun looked at Chen Xiang and said: "Although he has the Heavenly Alchemy Dao line, so is refining pills, but that does not mean that he is outstanding. If we are comparing strength, I am not weaker than him."

"That's right, Great Clan Elder, we are not weaker than him, but why give the Heavenly Alchemy soul to him, even if we have to give it to him, we have to accept it wholeheartedly." A Heavenly Alchemy Divine Sect disciple said, and the other disciples all agreed with his words.

"Alright." The Great Clan Elder was somewhat angry. His Heavenly Alchemy Divine Sect's disciple was actually so delicate and kind, he said to Chen Xiang, "Chen Xiang, you have already obtained the Heavenly Alchemy soul, but my Heavenly Alchemy Divine Sect's disciples aren't convinced, do you have a way to convince them?"

"When we were refining pills, we had already competed against each other, but we were still unconvinced. Let's compete in the most primitive way, let's compete with whoever is stronger." Chen Xiang was currently in the early stages of Six Gods Stage, he was extremely confident in his own strength.

## [Chapter 2818](#)

Seeing that Chen Xiang agreed to a competition of strength, Kunyun and the others were extremely happy. Even if the Heavenly Alchemy soul was obtained by Chen Xiang, but they could beat up Chen Xiang and their hearts would be much more at ease.

Chen Xiang could also guess what they were thinking at the moment. In Chen Xiang's eyes, Kunyun and the others were like children.

"Could it be that you all want to fight me together with twenty of you?" Chen Xiang said: "Are we fighting here?"

It's just this place. This place is big enough, and with this many seniors, setting up a barrier shouldn't be a problem. You only need to be big enough for me, I'm the representative of the Heavenly Alchemy Divine Sect. For Kunyun to be able to create the Inverted Profound God Pellet, it could be seen that his strength in the Heavenly Alchemy Divine Sect was not bad.

People of the Heavenly Alchemy Divine Sect were not only good at concocting pills, they also trained in a part of the Heavenly Alchemy. Different people would have different effects when training in the strange technique of the Heavenly Alchemy.

Kunyun cultivated the Heavenly Alchemy to Six Gods Stage, and he definitely used it when he was refining pills, which meant that his cultivation in the Heavenly Alchemy was not bad.

"Alright, then let's fight here. I'll make you convinced." Chen Xiang said: "Can I use my weapon?"

"No, you just obtained the Heavenly Alchemy soul. If you use a weapon that has fused with the Heavenly Alchemy soul, then I won't be your match at all, so I'll fight with my bare hands." Kunyun said: "Rest assured, even if you are injured, our Heavenly Alchemy Divine Sect will still protect you, and will not let your enemies take advantage."

Chen Xiang looked at the Great Clan Elder, who nodded to him. Everyone present knew that Chen Xiang and Yu Jinggong had a deep grudge against them.

"Good, fight with bare hands until the opponent admits defeat or loses the ability to fight." Chen Xiang said.

Since he had entered the Six Gods Stage, he had never fought before, so he was also looking forward to fighting.

After the many Thrones set up a barrier, Chen Xiang and Kunyun entered the spacious hall.

"I would actually like to see how powerful the person who received the Heavenly Alchemy soul's acknowledgement is." After Kunyun finished speaking, he waved his hand. A streak of purple light streaked across the sky, continuing to burn a purple chain.

Kunyun held onto the two purple flame chains. These were not weapons, but flames that Kunyun had condensed out.

"This guy really has some skills. I can't underestimate him." Chen Xiang said: "Let's begin."

The moment he finished speaking, a burst of purple light swept over like a gale, and Kunyun had already made his move, and quickly as well.

Kunyun flung the two purple flame chains in his hand in a flurry, and continuously lashed at Chen Xiang, as if purple flames were shooting all over the sky, enveloping Chen Xiang.

The oppressive purple flames had already engulfed Chen Xiang and Chen Xiang's body was instantly wrapped by the two purple chains.

At this moment, the purple flames had turned into many fists that continuously struck at Chen Xiang. Every single punch that landed on Chen Xiang's body emitted a strong purple radiance.

The crowd looked at the continuously flashing purple light in the middle of the hall and felt horrified.

Yun Kun was in the early stages of Six Gods Stage, but he was extremely powerful. Some of the mid to late stage Six Gods Stage present felt that they were not Yun Kun's match.

"Hmph, don't tell me that's all you can do." Yun Kun used his powerful purple flame chains to coil around Chen Xiang, causing him to be unable to move.

At this time, the fire had turned into a huge purple lightning hammer, which continuously smashed onto Chen Xiang's head, and when it landed on his body, it exploded out with purple lightning bolts and purple fire.

Chen Xiang's body was wrapped up by the chains and felt an incomparable heat. Although that kind of scorching pain did not harm him at all, the purple flame chains were extremely powerful, and after binding him, he was unable to move.

And when the Purple Flame Thunder Fist had struck him just now, it had been extremely painful, to the point where he couldn't help but cry out. Now, the Purple Flame Thunder Hammer that struck his head brought wild and intense pain to his soul.

"This guy is merciless. I don't have any huge enmity with him, yet he wants to cripple me." The flames of fury in Chen Xiang's heart suddenly shot out.

Chen Xiang was wrapped in purple chains, and everyone could see him very clearly, but suddenly, Chen Xiang's body released a fiery red blaze.

Chen Xiang's eyes suddenly shot out two beams of fire, following that, a large area of flames exploded out from Chen Xiang's body.

"Haaargh!" Following Chen Xiang's angry shout, the great hall that was originally covered by purple fire was instantly enveloped by a sea of red flames.

In that instant, the purple flame chains binding Chen Xiang were already shattered, and the purple flame lightning hammer that was striking at Chen Xiang was also shattered by the flame waves released from his body.

"Are you really that ruthless? There is no deep hatred between you and I, yet you actually want to destroy my Divine Sense Sea and destroy my soul." Chen Xiang's eyes burned with flames, his voice filled with killing intent.

Seeing that, the Great Clan Elder was stunned, the elders of the other Heavenly Alchemy Divine Sect were also stunned, one of the elderly said in shock: "Heavenly Alchemy soul... This is the power of the Heavenly Alchemy soul. The Heavenly Alchemy soul actually merged with his body and did not merge with the divine tool.

"The Heavenly Alchemy soul never treated humans as objects of fusion, and at most, stayed within the human body. Only after Master found a good divine tool did the divine tool merge with the Heavenly Alchemy soul, but now he has actually fused with the Heavenly Alchemy soul." The Grand Elder was extremely shocked as well.

The flames on Chen Xiang's body, was the Heavenly Alchemy immortal power.

"Kunyun..." Just as the Great Clan Elder shouted out, two streams of flames shot out from Chen Xiang's eyes and struck his body.

The speed of the two fireballs was extremely fast, and when they were shot out, they exploded with an extremely terrifying impact. The impact actually tore open an extremely sturdy space, and then smashed onto Kunyun's body.

After being struck by the two balls of fire, not only did Kunyun's body have two holes, his entire body was also being pressured by the extremely strong impact, causing the muscles in his body to shatter, and his entire body became deformed.

The Great Clan Elder rushed over and caught Kunyun.

"I'm sorry, I've already shown him mercy. With his personality, he won't remember much without a painful lesson." Chen Xiang said, and the Heavenly Alchemy immortal power enveloping his body started to dim.

Earlier, Chen Xiang didn't know why, but the Heavenly Alchemy soul had actually completely merged with him, and had even caused him to become extremely furious, as if his emotions were affected by the Heavenly Alchemy soul. He believed that it was very possible that the Heavenly Alchemy soul was the one who released the suppressed emotions from the bottom of his heart, allowing him to unleash an even greater power.

The Heavenly Alchemy soul did not disappoint Chen Xiang, it had only fused with him, and yet it had already made him so powerful. With just a glance, it had defeated Kunyun.

### [Chapter 2819](#)

Because they were enveloped by the barrier just now, no one outside could feel the terror of the Heavenly Alchemy immortal power. At this moment, Chen Xiang had also restrained his Heavenly Alchemy immortal power!

Although he did not sense it, he could tell from the expressions of the few elders of Heavenly Alchemy Divine Sect that the fusion of Chen Xiang's body and the Heavenly Alchemy soul had become extremely terrifying. Furthermore, this was an example of a Heavenly Alchemy Divine Sect that had never appeared before.

"Chen Xiang... Where exactly did you get your Heavenly Alchemy Dao line? And you still need the Heavenly Alchemy art, right? From what I know, the Heavenly Alchemy art does not contain any secret techniques, but you do!" Yu Jingong suddenly said sternly: "I heard that you possess a type of Invisibility Technique. Was my Gold pagoda Ganoderma stolen by you that day?"

When Chen Xiang heard this question, he only intended to ignore it! However, the Heavenly Alchemy soul in his body did not agree, and in an instant, ignited the hidden anger and hatred towards Yu Jinggong in the bottom of his heart!

"Yu Jingming, cooperate with me later and kill that bastard Yu Jinggong here!" Chen Xiang suddenly transmitted to Yu Jingming, as his body was already starting to tremble, and waves of faint red mist came out.

When the Great Clan Elder saw this, he immediately shook his head towards the other elders, signalling for them not to stop Chen Xiang!

"Chen Xiang, you ... What do you want? " When Yu Jinggong saw the anger and killing intent on Chen Xiang's face, he couldn't help but tremble, and those people on Yu Jinggong's side all left one after another.

"Yu Jinggong, that day, you people tricked the Master Wang into taking me away, and then captured me to get my Heavenly Alchemy Dao line and Heavenly Alchemy art. If I didn't escape, even if I didn't die at that time, I would have been crippled by you people! What do you think I am going to do now? " Chen Xiang said angrily, the fiery red mist coming out from his body becoming more and more dense.

"Hmph, no matter how powerful you are, you are only at the early stage of Six Gods Stage. I'm not afraid of you!" Yu Jinggong sneered: "Your Heavenly Alchemy Dao line and Heavenly Alchemy art originally did not come from the right place. Otherwise, you would not have hidden it yourself!"

"Die!" Chen Xiang's body suddenly flashed, and a burst of flames burst out, the Heavenly Alchemy immortal power!

He looked at Yu Haorui who was beside Yu Jinggong, and his eyes shot out two balls of fire, instantly hitting Yu Haorui's body!

The power of Heavenly Alchemy immortal power entered Yu Haorui's body and instantly erupted, producing a strong flame that instantly turned Yu Haorui into powder!

"Rui ... "Rui'er!" Yu Jinggong was stunned, he never thought that Chen Xiang would actually dare to make a move, and his strength was beyond his imagination, to actually kill his son in an instant.

"You have to die too!" Yu Jinggong was furious, he was just about to stand up, but who knew that Yu Jingming, who was beside him, would suddenly attack.

Yu Jingming held two short swords, in a blink of an eye, he had stabbed out hundreds and thousands of times, the sword and sword had pierced through Yu Jinggong's body, and fresh blood was flowing out!

"You ... "You ..." Yu Jinggong was not dead yet, but he was unable to unleash his full strength.

"You poisoned me and controlled me for so many years, causing me to do many evil deeds. Right now, I only want to wash away my previous crimes!" Yu Jingming said coldly.

Everyone could not help but take a breath, this Yu Jinggong was actually so venomous, to the point where he even dared to do such a thing to their own older brother. Previously, everyone could not believe that Yu Jinggong did such a thing to the Master Wang, but now, it seemed to be true!

"Whatever you asked me to do before, I will admit it!" I didn't expect that you would actually harm Master Wang. Master Wang's kindness towards me is as heavy as a mountain and my character is straightforward. I am a master that many people respect ... But in order to obtain Chen Xiang's Heavenly Alchemy Dao line, you sent the Master Wang away yourself, and yet you wanted to kill it.

Yu Jingming was serious, reprimanding Yu Jinggong!

"Yu Jingming... Your poison ... "It's been solved..." Yu Jinggong felt pain all over his body, and then, he began to laugh maniacally with his head raised: "It's not that easy to kill me!"

As he spoke, his body suddenly turned into a cloud of black fog, attempting to float and fly away ...

Chen Xiang whose entire body was still burning with Heavenly Alchemy immortal power, suddenly flew over, and struck the black mist with his palm, causing Yu Jinggong to scream in pain, he returned to his original form, and dropped to the ground.

"Trying to run?" Chen Xiang sneered, his palm that was burning with Fire of Heavenly Alchemy power struck towards Yu Jinggong's chest!

BOO!

The might of the Heaven Blasting Palm activated by the Heavenly Alchemy immortal power was berserk. After the force entered Yu Jinggong's body, it strongly vibrated and fused with the Fire of Heavenly Alchemy power, burning and destroying every inch of the bones in Yu Jinggong's body. In the blink of an eye, Yu Jinggong's body turned into a pile of ashes.

This was the body of the Tai Zun realm, and was actually turned to dust by an early stage Six Gods Stage palm.

"Chen Xiang, please forgive me for what I have done to you in the past. I was' forced 'to do so. Yu Jinggong used poison to control me!" Yu Jingming suddenly knelt down towards Chen Xiang and kowtowed even further.

"Quickly get up, if not for your intentional failure that day, I might have been killed by Yu Jinggong's remnants." Chen Xiang hurriedly helped Yu Jingming up. It was also for the sake of being washed away by Yu Jingming. After all, Yu Jingming really did do many bad things under Yu Jinggong's threat.

Following that, Yu Jingming thanked Chen Xiang profusely and requested that the Overlords of the Original Tao s take him back to the Original Tao to receive his punishment.

"I really didn't expect so many things to happen today!" The Great Clan Elder from the Heavenly Alchemy Divine Sect said suddenly: "Chen Xiang, your 'flesh' has already merged with the Heavenly Alchemy soul ... I can also release the Heavenly Alchemy immortal power, so I still have something I need to tell you. "

"Senior, please speak!" Chen Xiang said.

"Follow me!"

The Great Clan Elder brought Chen Xiang to a secret room.

"Chen Xiang, do you know of another important use of the Heavenly Alchemy immortal power?" The Great Elder said.

"What is it used for? I basically do not know anything about the Heavenly Alchemy soul. " Chen Xiang said.

"I didn't want to tell you this, but I didn't expect you to be so compatible with the Heavenly Alchemy soul, so I must tell you now." The Great Clan Elder said with a cold expression, "The Heavenly Alchemy immortal power can intimidate the evil beings within the Myriad Tao Mausoleum ... But at the same time, it could also attract some powerful beings from the Myriad Tao Mausoleum! So, before you have enough strength, you must not go to Myriad Tao Mausoleum! "

"Am I not strong enough yet?" Chen Xiang asked: "Isn't it quite far from entering the Myriad Tao Mausoleum?"

"Even though you are not weak now, you are not strong enough to deal with that kind of thing. The Heavenly Alchemy immortal power is what attracts them the most. You do not have the Supreme Being's cultivation, so if you were to encounter such a thing, it would be extremely dangerous. " The Great Elder said, "Of course. If you want to go, I won't stop you. You should carefully consider it!"

The Great Clan Elder told Chen Xiang all of this and then left!

Chen Xiang was not afraid. The reason he was able to become invisible and use the power of space was because he was working so hard to enter the Myriad Tao Mausoleum. He was able to protect himself in there, so he definitely would not miss this chance to enter!

## [Chapter 2820](#)

Chen Xiang had already left the village and returned to the Original Tao's Door. Right now, he had revealed that he had the Heavenly Alchemy Dao line and the Heavenly Alchemy soul, he felt that only by returning to the Original Tao's Door would it be much safer. Access:.

"I wonder if Uncle Lin has come out from closed-door cultivation yet!" Chen Xiang flew in the air stealthily, and at this moment, he was extremely vigilant.

Flying Dragon Palace was not weak, and now that he had confirmed that the Heavenly Alchemy art had been snatched away by him, he would definitely not be let off.

Chen Xiang now felt that the Flying Dragon Palace seemed to appear at any time. Previously, when he was competing in pill refining, he did not see the Flying Dragon Envoy, so he suspected that the Flying Dragon Envoy would go back and tell the Flying Dragon Palace that everything that happened here was just a matter of time.

Just as Chen Xiang's mind was in a state of turmoil, a large group of different types of lights suddenly appeared in front of him and flew towards him!

"Dragon?" Chen Xiang could only see that the dragons were glowing with a bright light. There were not a few of them, but a large group of them!

A large group of dragons, in all colors, flew at high speed like a crazy wave crashing through the air. When they saw this scene, they couldn't help but be shocked!

Before he could even react, the group of dragons had already charged over!

But the weird thing was that even though these dragons had arrived, they did not have any presence. Furthermore, they could even penetrate his body!

"This isn't a real dragon, it's just an illusion. What is going on?" Chen Xiang looked at the flying dragons in the distance, his heart filled with curiosity. He was probably not the only one who saw this sudden phenomenon, many people definitely saw it as well.

"There should be many people who have seen it flying towards that village. I want to follow and see where these dragon shadows are going!" Chen Xiang immediately chased after him with a speed that told the Master Wang what he saw just now.

Master Wang had been here for many years, although he did not go out for a long time, he definitely knew a lot of things.

"Soaring Dragon Blood Bathing Elephant!" After the Master Wang heard this, he hurriedly said, "You're sure you didn't see wrong, this isn't a good thing!"

"I am definitely not mistaken!" Otherwise, how can I describe such a scene? " Chen Xiang said: "What does the Flying Dragon look like when it was bathed in blood? Why is that not a good thing? Elder Wang, quickly tell me! "

"The group of dragons you see are all the pagoda dragon souls of the dead Flying Dragon Pagoda. Although these dragon souls do not have much power, they can still sense the danger and get closer. The dragon souls are currently flying everywhere, and it is clear that they are telling everyone that a great danger is about to befall them." The Master Wang said.

"This Flying Dragon Pagoda's Thousand Floors actually has something dangerous? What could it be? " Chen Xiang followed the group of dragons and flew past the village where the Heavenly Refining Convention was being held. He also saw many people ending up with their dragon souls, which were like monstrous waves.

"Why is there no danger in the thousand floors of Flying Dragon Pagoda? This kind of thing happened a long time ago, but it's unknown. Master Wang sighed: "You should return to the Original Tao Sect quickly! For such a thing to occur, it would normally be dealt with by the Four Great Divine Sects. "

Chen Xiang was extremely curious about this kind of thing. If he could not become invisible or use the power of teleportation, he might not be able to join the excitement, but right now, he had to go and take a look.

Very quickly, they saw familiar people. The Great Clan Elder of the Heavenly Alchemy Divine Sect, as well as the other elders of the Heavenly Alchemy Divine Sect, were flying fast in the air. Their faces were all solemn.

Chen Xiang's flying speed was much slower than theirs. If he did not rely on teleportation, it would be impossible for him to catch up to these old fellows.

After following the Dragon Soul for a day and a night, Chen Xiang suddenly saw that the sky in front of him was entirely covered with gray clouds.

"What is this place?" Chen Xiang told Master Wang what he saw.

"Could it be the Dragon Devil Dead Land? That's right, it must be the Dragon Devil Dead Land, if you are guided here by the Dragon Soul, it can only mean that a crisis will occur here. " Master Wang's voice was filled with fear, "I never thought that this place would actually be so dangerous!"

"What kind of place is the Dragon Devil Dead Land?" Chen Xiang asked anxiously, his speed was relatively fast, when he arrived, he saw the group of elders from Heavenly Alchemy Divine Sect hovering in the air, their faces were filled with fear.

This made Chen Xiang even more curious! The elders of the Heavenly Alchemy Divine Sect were all Grand Elder cultivators, but at this moment, they seemed as if they were facing the threat of death.

"Let's go back and report!" The Great Elder hastily said, then continued to shout, "Let's go, let's go ..."

He was issuing a warning to those who were rushing over here. His voice was far away and anyone could hear the endless fear in his voice.

Chen Xiang was also shocked by the Great Clan Elder's reaction! He quickly told Master Wang about the Great Clan Elder's reaction.

"What exactly is going on with the Dragon Devil Dead Land? Why is he so afraid! " Chen Xiang asked again, but Master Wang did not answer him.

"Dragon Devil Dead Land is Heavenly Alchemy Divine Sect's nightmare! Back then, Heavenly Alchemy Divine Sect's strongest Heavenly Alchemy Venerable Ancestor died here! " The Master Wang sighed: "I only heard about this secret by chance! When Flying Dragon Pagoda first appeared, he was already here. At that time, the environment here was very bad, because of all kinds of strange powers, and the birth of all kinds of terrifying beasts! "

"And Dragon beast is considered more gentle! In the past, the most terrifying thing was the Dragon Demon. I don't know what the Dragon Demon is either, all I know is that Heavenly Alchemy Divine Sect used to bring along Heavenly Alchemy Divine Sect's Hundred Great Honored Warriors and died in battle here! " Master Wang said: "Of course, the other three Divine Sects also suffered from countless deaths, and only at the end did they exterminate the Dragon Demons ... But now, it seems like the Dragon Demon was only suppressed! "

"Heavenly Alchemy Venerable Ancestor? Is he the founder of the Heavenly Alchemy Divine Sect? " Chen Xiang asked.

"He can be considered the number one person in the Heavenly Alchemy Divine Sect, as for the founder, I am not too sure either, I only know that he had trained the complete Heavenly Alchemy, and that he had used it on an extremely high level of alchemy! The Venerable ancestor realm is above the Tai Zun realm, and within the thousand layers, there are very few people who have this kind of strength. " Master Wang let out a long sigh.

This was the first time Chen Xiang had heard of the existence of this realm.

"Hurry up and go back, this place is really dangerous." The Master Wang advised.

"Un, I'll head back now!" Chen Xiang immediately distanced himself from this place. After all, he had never experienced that era before, so he could not understand the fear of the Great Clan Elder and the others in the Heavenly Alchemy Divine Sect.
