

Dan God 2851

[Chapter 2851](#)

After Chen Xiang was stopped, he tried to use the White Tiger to jump in, but to no avail.

"Strange, are there any restrictions on the passage?" Chen Xiang frowned: "You two are both from the Tai Zun realm, so you are able to enter this passage. The previous few seniors are also from the Tai Zun realm, and I am from the Six Gods Stage, so I am restricted from entering."

The Great Elder walked over and tried the two tunnels. Indeed, there was one that he could not enter.

"One of these two passages is for Tai Zun realm s and below to enter, the other passage requires the cultivation of Tai Zun realm." The Great Clan Elder said, "Chen Xiang, looks like you can't be with them anymore. Take the Six Gods Stage passage!"

"Alright, I'll be fine by myself." Chen Xiang nodded his head, although he was regretful, but he could not do anything about it.

Just like this, Chen Xiang entered the passage by himself. After entering, he saw many forks in the road, but he did not enter any of them.

Many people were the same as him. They did not choose the fork in the path and kept walking, wanting to reach the end before making a decision.

Chen Xiang was walking at the front, he walked the fastest, but he did not expect to see a few Law beads scattered on the ground!

"Is this the benefit of being in front?" Chen Xiang secretly laughed, and picked up those Law beads s. Although they were just Fire rule beads s, they still made him feel that there were treasures in Myriad Tao Mausoleum.

This was the first time most of the Six Gods Stage that followed behind him had entered, and they were also a little worried that there would be danger, so they did not dare to walk too fast, or take the lead.

Therefore, they thought that Chen Xiang was leading them to scout out the path. If he met with danger, there would definitely be some movement, at that time, they would also be able to react in time.

There were a lot of people following behind Chen Xiang, but they had also quickened their pace because they could sense a few weak auras of the Law beads.

This meant that there was a Law beads in front!

There were as many Law beads and stones in the Myriad Tao Mausoleum, if Chen Xiang walked in front, the people behind them would not be able to get anything, right?

In order to avoid being on the same path as others, some people started to choose other paths and forks. This way, when they met with good things, they would be on their own.

Chen Xiang had picked up quite a few Law beads along the way, but they were all not good Law beads. For example, it was easy to get hold of Fire rule beads or water Law beads.

Just as he was at a loss, he suddenly felt a weak breath of life. He saw a small pile of things emitting a faint green light in front of him.

He quickly walked over and saw that it was a small pile of green pearls, there were more than a hundred of them. From the dense life force, there was no doubt that they were Law beads, there were actually a hundred of them!

The life Law beads was also one of the rare life Law beads, a hundred of them required hundreds of billions of life Law beads to obtain!

"I've earned big!" Chen Xiang immediately picked it up, and the moment he did, a group of people came over.

"Chen Xiang, quickly put it down!" Zhao Kunxin saw Chen Xiang holding onto a large pile of life Law beads, and immediately shouted.

Seeing that they had arrived, Chen Xiang kept the Law beads and then laughed: "First come first served, who told you to walk so slowly, it's all mine!"

"You have to give us at least half of what you see, otherwise you won't be able to leave here alive." Zhao Kunxin and the rest had a lot of people, with ten of them, there were six or seven in the late stage of Six Gods Stage.

These people were all disciples of Zhao Clan and were not weak. If they were to attack together, Chen Xiang would definitely not be able to defeat them.

"Zhao Kunxin, are you trying to steal it? I will remember that right now, I do not have the strength, so I cannot do anything to you. However, once I have enough strength, I will definitely make you pay the price. "

Chen Xiang sneered, and then immediately leaped toward a fork in the road. After a few continuous teleportations, he disappeared.

Zhao Kunxin shouted: "Quickly chase, this guy has over a hundred life Law beads in his hands, that's the equivalent of a trillion life Law beads, we must definitely obtain them."

When they came in, Chen Xiang knew that they had to be wary of humans in the Myriad Tao Mausoleum. He just didn't think that they would encounter this kind of thing so soon.

Chen Xiang used Teleportation, his speed was extremely fast, and very quickly, he left Zhao Kunxin and the others behind. Furthermore, there were still many forks in the road in front of him, at his speed, Zhao Kunxin and the rest wouldn't be able to catch him.

There were many tunnels inside that were complicated. Although Chen Xiang was walking randomly around inside, he would leave behind his mark so that he could remember the way back.

"There are many stone chambers, but they are very difficult to open and cannot be entered by teleportation. What is going on?" Chen Xiang saw hundreds of stone rooms on the way, but he could not enter one at all.

"Oh right, use the Dao crystal!" Chen Xiang had previously heard that the Myriad Tao Mausoleum required a large amount of Dao crystal to obtain things.

He came to the stone door of a stone room, but no matter how hard he tried, he could not see the place where the Dao crystal were placed.

"I have a divine sense scout out." Chen Xiang pressed his hand on the stone door and probed it with his divine sense, discovering that there was a very large storage space inside the stone door.

"Do I have to put the Dao crystal in this storage space?" Chen Xiang immediately began to place the Dao crystal into the storage space inside the stone door.

He released a billion Dao crystal and the stone door opened. He quickly entered, but there was nothing inside, it was very bright.

Chen Xiang carefully observed the bright stone room. The stone room was not big, and could only fit five or six people, it was not a tomb, because he did not see any kind of sarcophagus.

"He wasted one billion Dao crystal?"

Chen Xiang sighed, but just as he was about to go out, he suddenly heard someone say: "You are not with the Dao crystal, this stone room is of great help to you, of course, you need more Dao crystal to be of great use."

Unexpectedly, someone was talking to him, causing Chen Xiang to immediately become vigilant.

"What the hell are you? "Where is it?" Chen Xiang took out the Heavenly magic sword s and looked around.

"Hehe, I am Time Ghost, and this is my tomb, welcome." The voice chuckled. It sounded magnetic.

"Time Ghost?" Chen Xiang was puzzled.

"When I was alive, I was a person who knew how to control the laws of time. Although I died, I could still control the laws of time, but only in this tomb, and I needed enough Dao crystal!" The Time Ghost said.

"Tell me the details." Chen Xiang said.

"One billion Dao crystal, buy me one day. You will be staying here for one day, but outside, only two hours have passed." Time Ghost said: "If you need more time, this is a good opportunity for you."

"One billion a day, it doesn't seem too expensive!" Chen Xiang really needed this time, because he was only in the early stages of Six Gods Stage, and he would break through to the middle stages very soon.

If he could step into the middle stage and meet Zhao Kunxin's group again, he wouldn't have to run anymore and would be able to fight against them directly.

"Alright, I'll buy it for ten days!" Chen Xiang said. Only twenty hours had passed outside of the ten days.

Ten days was not a long time for Chen Xiang. He only needed to put nine billion Dao crystal into the storage ring on that door.

[Chapter 2852](#)

When Chen Xiang was outside the Myriad Tao Mausoleum, he had already refined a Taiji Yuanshen Dan. That Taiji Yuanshen Dan, before he even had the chance to eat it, had already experienced a series of events.

After eating the Taiji Yuanshen Dan, Chen Xiang took out the Taiji Yuanshen Dan's medicinal ingredients and refined them at the same time.

He was worried that the Taiji Yuanshen Dan was not enough for him to step into the middle stage of Six Gods Stage, so he had to make preparations.

Sure enough, after he refined that Taiji Yuanshen Dan, he had not reached the middle stage of Six Gods Stage yet. Now, he could only continue refining the Taiji Yuanshen Dan.

Refining a Taiji Yuanshen Dan would require around ten days of time, and refining it after eating it would only require around a day. At that time, he would have to put in a billion Dao crystal to buy another day's time.

Ten days passed, and after Chen Xiang finished refining the Taiji Yuanshen Dan, he spent one billion to buy another day. Then, he ate the Taiji Yuanshen Dan and began to refine it!

In only half a day's time, the medicinal power had been completely refined by him and he smoothly stepped into the middle stage of Six Gods Stage.

"Zhao Kunxin, just you wait, don't let me meet you!" Chen Xiang laughed coldly in his heart.

"You've already broken through! Your pill techniques are not bad, did you use the Heavenly Alchemy?" Time Ghost asked.

"Yes, how did you know?" Chen Xiang said. He had been busy these past few days and did not have time to talk to the Time Ghost.

"I can see that! The Heavenly Alchemy is very powerful, but it is very hard to understand the complete version of the novel in the end." Time Ghost sighed: "I heard that the time it takes to refine a complete Heavenly Alchemy is very scary."

"I know that there is a stone wall in the Myriad Tao Mausoleum. Inside the stone wall, there is the last part of the Heavenly Alchemy." Chen Xiang said: "Time Ghost, do you know where the stone wall is?"

"Of course I know, I'm right in the middle of the Myriad Tao Mausoleum. But your current strength is too weak, it would be very difficult for you to reach there. You just need to pick up things on these small paths." The Time Ghost said.

"Oh right, Time Ghost seems to be in a strange state. What's going on?" Chen Xiang asked again.

"The main thing is that the Ghost Emperor has woken up. Many little ghosts are going to attend the Ghost Emperor's banquet." Time Ghost's words made Chen Xiang's hair stand on end.

"What Ghost Emperor?" Chen Xiang looked around: "Are you really a ghost?"

"Of course not... But I do have a body, it's just that my body is sealed, and I need a certain amount of Dao crystal s to undo the seal." Time Ghost laughed: "There are no ghosts here, most of the people here

are human, it's just that they are very powerful humans! We are equivalent to being imprisoned here, sealed away, and unable to leave the Myriad Tao Mausoleum ever again. "

"Is this true?" Chen Xiang was in disbelief: "How come I've never heard such a thing before?"

"That's because no one has ever met me. If they had entered any other tomb, they wouldn't have said so much." Time Ghost said, "There are so many tombs, only I can communicate with humans. The other tombs have all fallen asleep and do not know when they will wake up, but I am different. I have so much time, I will never die."

"What nonsense ..." Why are you sealed here? Are you a great devil? " Chen Xiang asked again. Right now, he still had a bit of time, so he wanted to talk some more with the Time Ghost.

"I am a good person, but I was following the wrong boss. My boss was also imprisoned here because of failure." The Time Ghost sighed, "My boss is the Ghost Emperor that I mentioned before. Everyone calls him that now.

"In that case, your boss is very strong. However, if you lose in a battle with someone else, you will be imprisoned, and his little brother will be in trouble as well." Chen Xiang said.

"Yes, that's right!" Time Ghost laughed bitterly, "This is the only thing we can do for now, and those people who locked us up would occasionally give us some fun. They would open the door and let people from the outside come in to relieve our boredom."

"To relieve our boredom?" Do you want to kill for fun? That's not good! " Chen Xiang frowned: "I heard that there are many Evil Souls here, how did they come here?"

"There are several areas within the Myriad Tao Mausoleum. The area that the Evil Soul is located in is where all imprisoned heinous demons are imprisoned, and the people that are locked up in this area are all people like me. There are also a few other places where some vicious fellows are imprisoned, those who are sent in will die without a doubt." The Time Ghost said, "But you don't have to worry. The tunnels that you have come through this time are all safe."

This time, it was very obvious what happened in Myriad Tao Mausoleum. Dragon Devil Emperor Venerable and a few other Leaders came in, but no one knew where they went.

"So it's safe here?" Chen Xiang was worried that something dangerous would suddenly appear.

"It should be safe, not to mention our boss just woke up. Things from other areas wouldn't come here to cause trouble, so you should be at ease here to pick things up." The Time Ghost said.

"Oh right, where is the Heavenly Alchemy's stone wall? "You must know. Tell me quickly, I want to take a look!" Although the Time Ghost said that he was too weak, Chen Xiang still wanted to try because he had the [Invisibility] technique and the spatial energy.

"Alright! If you want to get to the middle, it's very simple, you can go by the biggest road. " The Time Ghost said, "You should know what the biggest road is."

"Got it!" Chen Xiang nodded his head: "Then I'll be taking my leave. Goodbye!"

"The Heavenly Alchemy stone wall are in the middle of the Myriad Tao Mausoleum, and the Myriad Tao Mausoleum is the most chaotic place. The Time Ghost said again.

"Yes, I will be careful." Chen Xiang opened the stone door and went outside. Right now, he did not know if it was only a day outside.

The time he had to enter the Myriad Tao Mausoleum was limited, so he was willing to spend ten billion to buy ten days.

After walking out, Chen Xiang returned. He wanted to go through the biggest passage which led to the middle of the Myriad Tao Mausoleum!

Chen Xiang quickly returned to the tunnel. On the way, he was extremely safe, and he did not meet Zhao Kunxin and the others, which made him feel a little disappointed. Right now, he had already stepped into the middle stage of Six Gods Stage, so he was not afraid of Zhao Kunxin.

"The last stage of the Heavenly Alchemy, I'm coming!" Chen Xiang stepped onto the main road and sprinted forward.

After running for two hours, he suddenly heard the sounds of a battle from the front. He had long since become invisible so as to not be discovered by the people in front of him. He slowed down so that his breathing would not leak out and be sensed by the people in front of him.

A battle was going on in front of them, and it was going to be very intense. Booms and explosions rang out one after another, and waves of energy rushed out like a violent storm.

"This passageway is really sturdy. It's not damaged at all even with this kind of fighting style." When Chen Xiang approached, he heard Zhao Kunxin's voice.

was actually fighting with someone else, Chen Xiang was surprised, but when he thought about Zhao Kunxin's character, he did not find it strange.

[Chapter 2853](#)

When Chen Xiang approached, he didn't expect that the ones fighting would be the Yuan Shi Tao School's disciples, which meant it was Gu Qingtian, the five young genius disciples: the Murong Brothers, Zhao Yunqiao, and Liang Jinjun.

"Zhao Kunxin, you are all dignified disciples of the Heavenly Alchemy Divine Sect. To enter such a despicable place, it would be akin to killing someone and stealing their possessions." Gu Qingtian scolded. There were only five people on his side, but Zhao Kunxin and his group only had a little more than 10 people, their abilities far exceeded Gu Qingtian and the rest.

"Didn't these guys know to be on guard when they came in?" If you can't beat him, you can run! " They were all injured. If they continued to fight, they would only end up getting killed by Zhao Kunxin in the end.

"It's all of you who refused a toast to a drink. You had to hand over the Flight rule beads, yet you refused to hand it over. You are courting death. Who can you blame?"

Zhao Kunxin still argued back and forth while laughing sinisterly. He and a few late stage Six Gods Stage did not participate in the battle and only watched from the side.

"Also, you guys have a pretty good relationship with this Chen Xiang guy, so no matter what, you won't be able to escape today. Rest assured, I will definitely send Chen Xiang to accompany all of you. "

Hearing this, the anger in Chen Xiang's heart surged. He anxiously rushed over, stealthily came behind Zhao Kunxin, took out his Heavenly magic sword, and hacked towards Zhao Kunxin and the rest.

With a swoosh, Chen Xiang quietly swept out with his sword. In the blink of an eye, five to one days passed. The head fell to the ground, blood flowing out from its neck!

Chen Xiang's sneak attack succeeded, five of the late stage Six Gods Stage s had their heads chopped off by him, but Zhao Kunxin's head did not fall down, because he seemed to have a very strong defensive treasure, blocking the Sword Qi that Chen Xiang had chopped at him.

Zhao Kunxin was originally enjoying watching the show, but then he was suddenly drenched in blood all over. He suddenly looked around, only to see that the heads of the few late stage Six Gods Stage s beside him had all been chopped off.

The people who were fighting with Gu Qingtian and the others also noticed the situation, and just as they were about to come over, they realized that there were water vines under their feet, wrapping around them, preventing them from moving.

The Six Gods Stage that attacked Gu Qingtian was only at the early stage. Chen Xiang was already at the middle stage of the Six Gods Stage, so dealing with these people was still very easy.

Seeing these enemies in front of him being unable to move, although Gu Qingtian was also extremely terrified, but his heart was more filled with rage. He suddenly waved the long blade in his hand, aimed at a single person, and cut them into two.

Seeing that, Murong Jin and the rest also took action, killing all the people who surrounded them!

Zhao Kunxin was stupefied, he was stupefied, his heart was filled with fear, just when he was about to capture Gu Qingtian and the rest, he did not expect such a strange thing to happen.

Chen Xiang had already brandished his Heavenly magic sword, and with an extremely fast speed, pierced towards Zhao Kunxin, in an attempt to kill him. But who knew that when his Heavenly magic sword pierced towards Zhao Kunxin, it was blocked by an extremely strong force.

"Zhao Kunxin!" Gu Qingtian's eyes were also red as he rushed towards Zhao Kunxin.

Zhao Kunxin reacted, he did not know what he did, but his body suddenly flickered with an extremely strong white light, and after a few moments the white light disappeared, and Zhao Kunxin followed the white light and disappeared.

"What's going on? Where are you! " Gu Qingtian was about to get close to him, but Zhao Kunxin suddenly disappeared.

Chen Xiang never thought that Zhao Kunxin would have so many defensive divine tools on his body. The last time he fought with Zhao Kunxin, he had never seen Zhao Kunxin use these divine tools before.

"Could it be that this fellow's seniors were worried that he would die and so they asked him to bring a lot of defensive divine tools with him?" Chen Xiang closed his eyes, sensing the remnant spatial fluctuations. A moment ago, a divine artifact on Zhao Kunxin's body activated the spatial energy, teleporting him away ...

"I really didn't expect there to be such a spatial divine artifact. It can teleport us for a short period of time at a critical moment and avoid danger." Chen Xiang had already sensed Zhao Kunxin and immediately teleported there.

Zhao Kunxin was in a fork in the road, gasping for breath, he used the Escaping Divine Equipment, consuming a large amount of Dao energy, his body was extremely tired.

He did not expect that he would run into the few dangers of the Myriad Tao Mausoleum, and he could feel the killing intent just now!

"This is really strange. I almost succeeded, and I ended up getting involved in something like this!" Zhao Kunxin ruthlessly smashed on the wall, only to discover that his fist had been caught.

This scared Zhao Kunxin and made him shout out loud!

"Zhao Kunxin, I never thought you would be afraid too!" Chen Xiang laughed, and revealed his true form.

Seeing that it was Chen Xiang, Zhao Kunxin immediately understood what had happened just now. It was actually Chen Xiang who did it!

"Shen ... Chen Xiang! " At this time, Zhao Kunxin acted like he had seen a ghost. He knew that the enmity he had with Chen Xiang was something that he had chased after and killed after him ever since he entered the Myriad Tao Mausoleum.

He did not expect Chen Xiang to have made a breakthrough!

Zhao Kunxin had already been unable to defeat Chen Xiang previously, so there was no need to mention the fact that he had already achieved a breakthrough.

"That's right, it's me! Your entire team has been wiped out and you're the only one left. Don't you feel lonely? " Chen Xiang laughed, and suddenly used all of his strength to shatter Zhao Kunxin's fist.

Zhao Kunxin screamed in pain. He hated the person in front of him the most and wanted to kill him the most, but now he had fallen into his opponent's hands and was being ravaged.

"Don't kill me, don't kill me, I don't want to die, let me go, I'm wrong, I'm just trash, I'm just an animal, don't lower yourself to me."

Zhao Kunxin could clearly see the situation at hand, and anxiously begged for mercy.

"You've targeted me time and time again. How can I just let you go like this?" Chen Xiang gave Zhao Kunxin a few slaps with his palms, causing his face to turn red and swollen black.

Zhao Kunxin screamed in pain again and again, and scolded in a sinister manner: "Chen Xiang, you shall die a horrible death. Our Zhao Clan has an ancestor, if I die, he will definitely find you and help me take revenge."

"Don't worry. If he comes to me for revenge, he will be the same as you right now. He will be captured by me, beaten up, then killed." Chen Xiang mocked a few times, then punched and kicked Zhao Kunxin again.

Zhao Kunxin was extremely mischievous and could not bear the suffering. After being ravaged by Chen Xiang like this, he obediently handed over many Dao crystal, as well as the things they obtained from entering.

"There are only tens of billions of Dao crystal, that's too little!" In Chen Xiang's eyes, this was indeed very rare, but to the disciples of many families, it was an extremely large number.

"Chen Xiang, you bastard!" Zhao Kunxin spat out a mouthful of blood and cursed: "I'll give you one last chance, if you kill me, you will die a horrible death! Once I die, I will use one of my life's divine tools to teleport what you have done to me to my Zhao Clan's Elder. "

[Chapter 2854](#)

Earlier, Chen Xiang had discovered that Zhao Kunxin had indeed fused with a pretty good spatial divine tool, which possessed spatial strength. It had been in a state of activity since a moment ago, so what Zhao Kunxin said should be true.

"I think that you have already passed it down to the elders of your Zhao Clan." Chen Xiang sneered, he had a rather good understanding of these spatial divine tools.

"No!" When Zhao Kunxin was speaking, his eyes flickered; clearly, he was speaking.

"Since I have beat you up so badly, even if I let you go, your Zhao Clan will not rest until we are dead. I might as well just get rid of you." Chen Xiang laughed: "Walk well, I will send you on your way!"

When Zhao Kunxin saw that Chen Xiang's killing intent was set in stone, his body shook and trembled violently. The fear of death was extremely scary to him.

Just as Zhao Kunxin wanted to shout, Chen Xiang's quick sword had already slashed over, the Heavenly magic sword that was releasing divine fire cut him into pieces with a 'shua' sound.

"Looks like I won't be able to go to Heavenly Alchemy Divine Sect in the future. Fine, if this trip of Myriad Tao Mausoleum goes smoothly, I don't need to stay in Divine Wasteland at all."

Chen Xiang missed his family and friends in the Natural Law World a lot. After killing Zhao Kunxin, he rushed back to the main road, he wanted to go to the middle of the Myriad Tao Mausoleum to take a look at the Heavenly Alchemy stone wall s' techniques.

Returning back to the largest passage, Chen Xiang sped up his footsteps and rushed forward madly.

The center of the Myriad Tao Mausoleum made him very curious, especially because there was a Heavenly Alchemy stone wall there, and the last part of the Heavenly Alchemy was on the stone wall.

Although the last step was extremely difficult to learn, Chen Xiang still wanted to take a look.

However, as he was running, he was suddenly startled by an extremely strong spatial wave.

When he came to the Divine Wasteland, he very rarely met with spatial energy of this level.

This was a very strong power of space. After Chen Xiang was enveloped by the power of space, a flash of white light appeared in front of him, and then he arrived at a place filled with trees.

"Where is this place?" Chen Xiang took in a deep breath. The air inside was unexpectedly very fresh, possessing the smell of nature, it didn't seem like a dead Myriad Tao Mausoleum at all.

It was surrounded by Evergreen Ancient Tree. The tree trunk was huge, and there were many vines wrapped around it. There were many complex and thick roots wrapped around the tree, causing it to look very old.

Originally, he was in the Myriad Tao Mausoleum, but he suddenly came to a forest, which made Chen Xiang puzzled.

The weather was good, and the sun shone in, brightening up the forest.

When Chen Xiang was looking around, he sensed auras coming from all directions, so he immediately walked over quickly. In order to ensure his safety, he used invisibility!

What surprised him was that he was not the only one who entered this place, many other Six Gods Stage s were also present. He saw a few Six Gods Stage disciples present, who were also Zhao Clan s.

"Could it be that all of the Six Gods Stage have come here? Just like me, they also sensed an aura? " Chen Xiang asked curiously, as he quickly rushed to the place where the Qi was being released.

Soon, he arrived. What was emitting his aura was a large black box. This box was located in a spacious area in the forest.

At this time, many people were near the big box, and they were all from Four Great Divine Sects and his people. All of them were at Six Gods Stage's level of cultivation.

Everyone was discussing in low voices. They were all extremely surprised to be suddenly here. What was the reason that caused this? None of them knew.

"My friends, you have come from far away to participate in this game. Thank you very much." A voice came from mid air, but Chen Xiang could not see nor sense any of the people, so he did not sense it, but the person who spoke was powerful, and had transmitted over here from another space.

"Who are you?" A big fellow shouted, "We are returning to the Myriad Tao Mausoleum!"

"This is the Myriad Tao Mausoleum, but you have moved to a different area. Welcome to the Abyssal Blue Profound Sea in the middle of the Myriad Tao Mausoleum, this is a small island on the Abyssal Blue Profound Sea." The voice laughed: "As long as you participate in this game, it is possible to obtain a large number of Dao crystal, the most you can get is a trillion!"

"Is this true?" The big man asked happily.

But the condition is that everyone has to participate. If anyone refuses to participate, you must kill that person. You can just call me Lan Hong Tao Priest.

The voice of the Lan Hong Tao Priest was very kind, and also laughed, giving off a sense of righteousness.

"Right, there's still one more person hiding here. Hurry up and get him out, otherwise the game will not start." The Lan Hong Tao Priest said again.

The person Lan Hong Tao Priest was talking about was Chen Xiang!

Suddenly coming to this damned place, what game was he going to participate in? In order to understand what was going on, he had to appear.

Seeing that someone had suddenly appeared, everyone could not help but take a deep breath. It was Chen Xiang, and they did not know it.

There were many people who recognized Chen Xiang, especially the people from Heavenly Alchemy Divine Sect!

"Alright, now that everyone's here, let's begin! There are many holes in the black box, so you guys can reach into the hole and grab a bead. When you guys get the bead, I'll tell you guys what to do next!" The Lan Hong Tao Priest said.

Everyone immediately walked over and surrounded the large black box. They reached into the small hole inside and pulled out a purple bead.

There were a total of one thousand and three hundred people. Everyone was in an orderly manner and they all quickly obtained a small purple bead.

"Alright, I'll tell you the rules of the game now!" The purple pearls that you have obtained have all fused with you. Once you all die, the pearls will become ownerless pearls. " Lan Hong Tao Priest said, "When these purple pearls are complete, their color will change into black and white."

"There are only thirteen black of them, the rest are all white! If he killed the person holding the black pearl and took it, he would be able to obtain the hundred billion Dao crystal. Those who have the black pearl cannot kill their own kind. Those who have the black pearl are your own kind! Of course, if you kill a person with a white bead and get their ownerless white bead, you can earn a billion Dao crystal in exchange. The more you kill, the more you get. "

Hearing the rules of the Lan Hong Tao Priest, everyone's heart shook, they actually wanted to kill each other!

"What if I don't kill him?" Chen Xiang said.

"It doesn't matter if you don't kill them. You can leave here in a month anyway. If you don't want to kill them, you can choose to hide and wait until the game ends." The Lan Hong Tao Priest laughed: "How many Dao crystal you can obtain in this game all depends on you guys. Now I will begin to change the color of the purple pearls in your hands!"

After Lan Hong Tao Priest finished speaking, the purple pearl in everyone's hands suddenly flashed with red light, and after the red light disappeared, the color changed!

Chen Xiang looked at the pearl in his hand, and actually emitted waves of strange black light. Even though he was tightly holding it in his hand, the black pearl kept emitting black light, and he was unable to place it inside his storage space and Divine Sense Sea.

[Chapter 2855](#)

There were only thirteen people who had obtained the black beads. The black beads in their hands shone with a black light, and it was quickly remembered by someone!

"Hehe, don't throw away the pearl in your hands. The person who finds it can track the owner of the pearl based on its location. This is very dangerous." The Lan Hong Tao Priest laughed.

"Bastard!" Chen Xiang couldn't help but curse in a low voice as he stuffed the bead back into his clothes, yet it still flickered with a black light.

To his surprise, even if he went into stealth, the bead would still be able to glow with that strange black light.

Chen Xiang did not participate in the game for the sake of the Dao crystal, he did not lack Dao crystal now. He just wanted to return to the passageway quickly and head towards the middle of Myriad Tao Mausoleum.

How could he have known that this game had such lousy rules, letting a large group of people chase after him!

At this time, those who had obtained the black pearl were all feeling the same as Chen Xiang, extremely angry. Other than Chen Xiang, the others who had the black pearl were all very worried.

"The game starts now. Why aren't you running away from the black pearl? Are you waiting for death here?" Seeing that no one was moving, the Lan Hong Tao Priest hurried them.

Just when everyone was indifferent, a middle-aged man suddenly appeared in front of an old man with a black bead in the blink of an eye. Just when everyone was indifferent, a middle-aged man suddenly moved in front of an old man with a black bead in the blink of an eye.

He picked it up. One? Ben? Read? The novel's black pearl said: "I have already obtained a black pearl, where is my Dao crystal?"

Just as he finished speaking, the black pearl disappeared and an Storage bag appeared in his hand.

"There is indeed a hundred billion, haha ..." The middle-aged man laughed maniacally and immediately charged towards the other people with black beads in their hands. Then, some of the greedy people also started to kill.

"This guy is from Heavenly Alchemy Divine Sect, the person he killed just now is from Heaven's Mandate Divine Sects. Everyone must be careful, don't offend the other Divine Sects." It was unknown who was the person who spoke, but in short, it was someone with a white bead in his hand. They were considered the safest.

Chen Xiang realized that the people who received the black pearl were not weak. Seeing the group of greedy fellows rushing towards them, they all jumped and ran in different directions.

Of course, they remembered these people who wanted to kill them. After the game was over, if they were still alive, they would definitely not let this bunch of white pearl people who wanted to kill them get away.

Chen Xiang was the fastest as he left this place after a few moves. However, he discovered that the black pearl was extremely strange and was continuously releasing aura fluctuations. It was clear that it was attracting people over here and he was unable to hide it at all.

Chen Xiang held the black pearl in his hand, and could clearly feel the movement of the white pearl, at this time a few people rushed towards him.

"If these people want to kill me, then I won't be polite. No matter who they are, as long as they want to kill me, they will be killed." Chen Xiang took out the Heavenly magic sword, but he was not invisible at the moment, so even invisibility was useless, the black pearl on his body continued to flash with a black light.

"That bastard Lan Hong Tao Priest wants to kill me. Please don't let me meet you." Chen Xiang really hated the people who planned this game.

Originally, he wanted to hurry up and head to the middle of Myriad Tao Mausoleum, but this guy suddenly pulled him here to play this deadly game.

Chen Xiang was not afraid of battle, there were many in the late stage of Six Gods Stage here, but they were nothing to the current him, because his cultivation was at the middle stage of Six Gods Stage and he had opened up all the profound doors, so even if he did not go all out, killing those in the late stage of Six Gods Stage would not be a problem.

"It's from Zhao Clan!" Chen Xiang recognized him instantly. "The guy raised by the Zhao Clan is that greedy!"

When Chen Xiang saw that the other party had disappeared, he immediately teleported over. The man was shocked, and immediately became alert.

But Chen Xiang actually appeared behind him, and by the time he had reacted to it, he had already been cut in half by Chen Xiang's Heavenly magic sword.

"Bastard, you want to kill this old man? inter-

[Chapter 2856](#)

Chen Xiang was not easy to kill, and everyone knew about this. That was why the people from the Zhao Clan went forward and thought that with just a few people, they could kill Chen Xiang, but they didn't expect that Chen Xiang was already in the middle stage of the Six Gods Stage, making dealing with them easy.

With the black pearl, he would attract many greedy people. Chen Xiang no longer planned to hide everywhere, but decided to stay here and wait for the person who wanted to kill him.

Only the Six Gods Stage would be teleported here. As long as there were no Tai Zun realms, Chen Xiang would be fearless. Even if the Tai Zun realm attacked him, he would be able to escape. And for those of the late stage of Six Gods Stage, there would only be death.

Greed could make people take risks. Many people would bet that they could kill the person who had the black pearl and earn billions of Dao crystal.

But, most of these people were dead, and were all killed by Chen Xiang!

As long as the other people with the black pearl could sense that someone was nearby, they would immediately flee. It was very difficult to find them.

But Chen Xiang was different. Chen Xiang was just waiting at one place, killing as many as he came!

The middle-aged Zhao Clan who had obtained hundreds of billions of Dao crystal was also killed by Chen Xiang.

Most people did not know that it was Chen Xiang. They only knew that it was someone with a black pearl who could obtain a trillion after killing the beast, but it was already too late when they got close.

The moment Chen Xiang discovered that someone was approaching, that person would be deemed to be the one who came to kill him.

The Slaughter game had finally ended, and the forest had experienced many battles, but it seemed so quiet. Many people were killed here, but the forest still looked lively, as if the dead could bring life to the forest.

Chen Xiang had killed a total of three hundred white bead people, and all of them were here to kill him. He did not know what kind of sect they were from, but whoever came to kill him would definitely die.

In this game, he was undoubtedly the biggest winner, with a total of 400 billion Dao crystal!

"The game is over. You can go back now!" Lan Hong Tao Priest laughed out loud. "You guys should be enjoying yourselves, if there's a chance next time, I'll invite you guys to participate in the competition. Goodbye!"

Everyone was elated as they waited for the transmission to complete. After a while, a white light flashed from their bodies and was sucked away by the power of space.

Chen Xiang felt the power of the spatial energy and suspected that the Lan Hong Tao Priest was controlling the power of spatial energy!

Lan Hong Tao Priest's strength was actually this strong, his control over the use of spatial energy had also reached an extremely high realm.

However, just when Chen Xiang thought that he could return to the main road, he realised that he was on an even smaller island.

There could only be one house on this island, and he could see it all in one glance.

There wasn't even anything on the bare island, so Chen Xiang shouted, "Lan Hong Tao Priest, didn't you say that you can let me go back now? "How did you get me here?"

When they came here before, Lan Hong Tao Priest had said that this place was called the Unique Blue Profound Sea. Chen Xiang looked around at the deep blue ocean surface of the ocean and thought that this place was indeed very strange, but it was definitely within Myriad Tao Mausoleum. "They can go

back, but you can't!" The voice of the Lan Hong Tao Priest appeared behind his body. Chen Xiang turned around and saw an old man with blue hair, blue robe and blue beard.

Seeing Lan Hong Tao Priest, Chen Xiang couldn't help but jump in fright. This was the first time he had seen someone like this, especially those weird blue haired, blue bearded, blue brows ... His eyes were blue.

Chen Xiang felt that this Lan Hong Tao Priest might even have blue blood!

"You are Lan Hong Tao Priest? What exactly did you bring me here for?" Chen Xiang asked, he could not see the cultivation level of the Lan Hong Tao Priest, but he felt fear in his heart, although the Lan Hong Tao Priest looked strange, he was actually very strong.

"You little rascal, you're quite a good seed. I'm going to take you in as my disciple." Lan Hong Tao Priest cackled, his laughter was crafty.

"What if I don't want to?" Chen Xiang did not have a good impression of the Lan Hong Tao Priest, he must be an evil person to be able to create such a brutal scene like a killing game.

"If you don't want to, you have to die! I know very well what tricks you have up your sleeve, don't think you can escape." Lan Hong Tao Priest snickered.

"What's so good about being your disciple?" Chen Xiang asked: "Right now, I have a very important matter, I don't know if you can help me."

"There are definitely benefits, what important things do you have to do in this Myriad Tao Mausoleum?"
"Don't tell me you're going to pick things up in here." Lan Hong Tao Priest chuckled: "As long as you acknowledge me as your master, sign a blood contract with me and become my disciple, I can give you anything you want."

was even more unwilling to acknowledge Yun Che as his master since they had to sign a blood contract. He had only intended to pretend to be his disciple in the first place before finding an opportunity to escape.

"I need to go to the center of Myriad Tao Mausoleum, there is a very precious thing there! Can you take me with you? If you can bring me there, it means that you have sufficient strength. That's why I am willing to be your disciple." Chen Xiang guessed that the middle Myriad Tao Mausoleum was very scary.

Sure enough, he saw Lan Hong Tao Priest's expression change slightly, and he confirmed that Lan Hong Tao Priest was extremely terrified of that place.

"About this..." Lan Hong Tao Priest hesitated, that place was truly dangerous for him, he himself had to consider it carefully, not to mention that he would need to bring Chen Xiang along.

"What's important in there to get?" Lan Hong Tao Priest had seen Chen Xiang's methods before, with his cultivation, he could see through Chen Xiang's potential even more.

So he knew that Chen Xiang was very mysterious. There must be something in the Myriad Tao Mausoleum that was trying to attract Chen Xiang!

Lan Hong Tao Priest had also been in Myriad Tao Mausoleum for a long time. He was very clear that many of the people who had just arrived did not understand much about the Myriad Tao Mausoleum and did not know about the mysterious and terrifying region in the middle of Myriad Tao Mausoleum.

"I don't know what my Heavenly Alchemy Venerable Ancestor left in there all those years ago, so I can only find out when we get there! I have the Heavenly Alchemy soul, so as long as I go there, I will be able to sense it." Chen Xiang quickly made up a lie.

Before, when the Lan Hong Tao Priest was observing the battle, he had already felt the Heavenly Alchemy immortal power on Chen Xiang's body. At that time, he had also felt very surprised that there was actually someone who had fused the Heavenly Alchemy soul into their body.

The people inside the Myriad Tao Mausoleum were rather familiar with the Four Great Divine Sects. After all, the Four Great Divine Sects had built a part of the Myriad Tao Mausoleum back then.

"Fine, I'll bring you there. Once you arrive, you will willingly acknowledge me as your master." Lan Hong Tao Priest considered for a moment before agreeing to Chen Xiang's request.

Chen Xiang nodded his head, a blue light flashed on Lan Hong Tao Priest's body, causing Chen Xiang's eyes to hurt from the blue light, his vision becoming completely blue.

After the blue light disappeared, he looked around and actually returned to the wide passage.

"I hate this place." The Lan Hong Tao Priest snorted, then fiercely grabbed onto Chen Xiang's shoulders and said: "I can bring you to the center of the competition very quickly. As long as you can get there, you will have to acknowledge me as your master."

[Chapter 2857](#)

The Lan Hong Tao Priest grabbed Chen Xiang's shoulder tightly and used the power of space, wasting his time in this passage. It was just as Chen Xiang had guessed before, the Lan Hong Tao Priest was able to use the extremely strong power of space!

"Just what is this guy's cultivation level?" The use of the power of space has already reached the acme of perfection. Then, what kind of place was that strange blue profound sea from before? " Chen Xiang was confused.

When Lan Hong Tao Priest brought Chen Xiang on the journey, he did not forget to hide. Although Lan Hong Tao Priest was strong, he was still afraid of something here. Chen Xiang could feel that after Lan Hong Tao Priest entered the tunnel, he seemed to be afraid of something.

"Could it be that he's worried about encountering danger entering the Myriad Tao Mausoleum? This fellow is so afraid to enter the heart of the Myriad Tao Mausoleum, just why is he doing this? " Chen Xiang could only think that he did not get an answer.

An hour later, the Lan Hong Tao Priest brought Chen Xiang to the end of the passage. The lens of the passage was a white light screen, and it was clear that as long as they entered the light screen, they would be able to reach the center of the Myriad Tao Mausoleum.

Lan Hong Tao Priest stood in front of the light screen and did not immediately go in. It was as if he was making a difficult decision.

"What is it? Is there something in there that you're afraid of?" Chen Xiang laughed: Isn't the power of space very strong? Logically speaking, you shouldn't have to be afraid of anything. "

"Humph!" Lan Hong Tao Priest felt Chen Xiang's contempt for him and felt extremely uncomfortable in his heart. After he let out a cold snort, he brought Chen Xiang and stepped into the white light curtain.

After entering the white light screen, Chen Xiang immediately heard the chirping of birds. It was extremely lively.

What appeared in front of him was not a dark and gloomy scene, but a garden with hundreds of flowers blooming in the sun. There were many birds perched on the branches of the trees, cheerfully jumping and jumping, and there were many colorful and beautiful flowers under the trees.

"Is this the center of Myriad Tao Mausoleum?" Chen Xiang found it hard to believe that the center of this mysterious and terrifying Myriad Tao Mausoleum was actually such a beautiful scenery.

"Not bad, you can acknowledge me as your master now!" The Lan Hong Tao Priest said.

"But... I have yet to confirm if this is the middle of Myriad Tao Mausoleum. " Chen Xiang said: "Maybe it was you who brought me into some space? How easy it is for you to use space so well! "

"Why would I lie to you? This is the center of Myriad Tao Mausoleum, although it looks beautiful, but here it's very scary. " Lan Hong Tao Priest said, "Hurry up and acknowledge me as your master!"

Just as he finished speaking, Chen Xiang had suddenly disappeared. Chen Xiang used all of his spatial energy and discovered that he was actually unable to teleport, but he was still able to escape at an extremely fast speed.

Seeing Chen Xiang running away, Lan Hong Tao Priest immediately scolded him and chased after him.

Chen Xiang suddenly understood what the Lan Hong Tao Priest was afraid of, because teleportation was not allowed in this place, it was the energy that the Lan Hong Tao Priest relied on the most.

He never thought that Chen Xiang would actually be this cunning. He originally thought that if Chen Xiang was unable to use his spatial energy, it would be easy to chase after.

But after chasing for a while, Lan Hong Tao Priest knew that it was not easy. It was mainly because Chen Xiang knew how to use invisibility, and after invisibility, Lan Hong Tao Priest needed to concentrate his spirit to sense Chen Xiang, but after sensing it, Chen Xiang ran a distance.

"This old bastard is actually able to sense me after I've become invisible. He's quite amazing. If this goes on, I won't be able to do anything and will definitely be caught by him." Chen Xiang immediately changed his direction again. Lan Hong Tao Priest was not able to continuously sense where he was, especially after he changed his direction.

After half an hour, Lan Hong Tao Priest was gradually familiarizing himself with the hidden Chen Xiang. Even if Chen Xiang suddenly changed his direction, he could still continue to sense where Chen Xiang was.

"Don't even think about escaping!" Lan Hong Tao Priest increased his speed, his hand shot out a ball of blue light that struck Chen Xiang.

Chen Xiang's back was hit by the ball of blue light, and there was an aching pain, making him cry out involuntarily. What made him unbearable was, after the pain drilled into the inside of his body, it actually swelled up, wanting to push his body apart, causing his body to swell uncomfortably.

"Bastard!" Chen Xiang suddenly jumped into the air and released the Heavenly Alchemy immortal power, forcing out all of the energy that entered his body.

"Heavenly Alchemy seal, go!" Chen Xiang took out the Heavenly Alchemy seal that the Bat Super Venerable had given him and smashed down onto the Lan Hong Tao Priest below.

The seal of the Heavenly Alchemy seal lit up with a very big word, 'refined'. It burned with a raging fire, Heavenly Alchemy immortal power released waves of sound, and in the next moment, it struck the ground and destroyed a large area of trees and flowers. The ground was scorched black.

Lan Hong Tao Priest who was attacked by Chen Xiang had his entire body burnt black, but he was completely fine when he got up.

"Bastard, you're courting death." The Lan Hong Tao Priest was very angry. His body turned into a blue rainbow, flew up from the ground, and smashed into Chen Xiang's body.

Chen Xiang was not in time to dodge, he was struck by the blue rainbow, his body felt like it was about to explode, and he was also sent flying. At this time, his body was still wrapped in blue flames, and waves after waves of searing pain hit him, causing Chen Xiang to scream in pain.

Lan Hong Tao Priest was after all a middle stage Tai Zun realm, and it was countless times stronger than Chen Xiang. Even if the Lan Hong Tao Priest held back, when Chen Xiang received an attack, he would definitely be severely injured.

"Little thing, do you really think that my Lan Hong Tao Priest is that easy to deal with?" Lan Hong Tao Priest laughed coldly and walked towards Chen Xiang.

Just as Lan Hong Tao Priest took two steps forward, his expression changed. He saw a purple net suddenly appear, trapping him inside.

Lan Hong Tao Priest immediately struggled, a blue light flashed on his body, and the blue flames continuously ignited, releasing wave after wave of boiling hot Qi.

However, the Lan Hong Tao Priest was unable to break free from this huge net.

"Hmph, Azure Blood Tribe member, you won't be able to escape. This is a Purple Deity's Net that is meant for Blue Blood Pigs." The one speaking was a man wearing purple clothes with a head of elegant purple hair. He slowly descended and slightly waved his hand, putting the purple net away into a purple box.

The Lan Hong Tao Priest was also taken in.

The purple-haired man saw the blue flames burning in the distance. He lightly swept over and arrived beside Chen Xiang, who was currently being set ablaze by the blue flames.

"He should not be able to live anymore. Truly a fellow who doesn't know his own limits. He only has the cultivation of Six Gods Stage, but he wants to provoke a Blue Blood Boar in the middle stage of the Tai

Zun realm. He deserves to be killed." The purple-haired man floated into the air and then muttered to himself, "This person is a blood man, I'll send him off!"

With that, the purple-haired man threw a palm at Chen Xiang, which instantly flashed with purple light, causing the palm to hit the ground, causing a large piece of dirt to fly out. With a burst of purple gale, Chen Xiang disappeared.

After the purple-haired man left, Chen Xiang slowly crawled back up. His body was already burnt black.

"This bastard, I'll remember you. Don't let me meet you!" Chen Xiang looked in the direction the purple-haired man disappeared in and took a deep breath.

When the purple-haired man attacked, he immediately hid inside the Chuangshi god furnace. Although the Chuangshi god furnace was powerful, but after being hit by the palm, its entire body had cracked and it had suffered severe injuries.

[Chapter 2858](#)

Chen Xiang felt that if he could still live this time, then it would be with great luck. The Lan Hong Tao Priest was in the middle stage of the Tai Zun realm and the purple-haired man who kidnapped the Lan Hong Tao Priest was in the late stage of the Supreme Realm.

He felt that it was a miracle that he was still alive even after being attacked by these two!

"I never thought that there would be so many conflicts within the Myriad Tao Mausoleum. Could it be that there is a difference between the Blue Blood Man and the Blue Blood Man?" Although Chen Xiang had just been injured by the Lan Hong Tao Priest, he could still see what was happening. He could clearly see the purple-haired man's appearance.

He also had purple hair, purple eyebrows, and purple lips. The powers he used were also purple, and he even called Lan Hong Tao Priest a Blue Blood Boar.

"Fortunately, he is still alive!" Chen Xiang dragged his heavily injured body far away from the battlefield, he was worried that there would be people coming later.

He had to admit that the internal world of the Myriad Tao Mausoleum was extremely beautiful. It did not look like a mausoleum, as he was currently recuperating by a small river.

Although his body was charred black, his recovery ability was amazing. Under his healing, the charred skin automatically fell off, revealing a new tender skin. Although it was a bit red, after some time, it became as tender as white jade.

"The injuries on his body are nothing, the most important thing is the injuries on Divine Sense Sea!" Chen Xiang originally thought that the middle stage of Six Gods Stage was already very strong, so even if he was injured, he wouldn't be that serious.

But now he estimated that even if he had a strong recovery ability, it would still take him a long time to recover.

"We can only see if this reborn Law beads has any effects!" Chen Xiang looked at his own injured Divine Sense Sea. After his Divine Sense Sea gets injured, the profound entrances, dao veins and Spirit of the Dao gods s will all get heavily injured, which will seriously affect his power release.

Previously, Lin Jitian was also in the same situation, causing his cultivation to be high, but because of the various injuries in the Divine Sense Sea, he was unable to unleash his strongest power, which required him to cultivate in seclusion for a period of time and recuperate.

"If I don't get out before the Myriad Tao Mausoleum doors close, I will be trapped inside right now?" Chen Xiang looked around, and suddenly felt that there was nothing bad about it, it was just that there were too many powerful people.

"No matter what, I have to hurry up and heal my injuries."

Chen Xiang estimated that even though he was injured, he could still refine a life Law beads.

There was one type of Dao meridian that was very similar to the Life Dao meridian, the one that Jiang Sijing and the others had! However, the Life Dao Veins were a bit higher level than the reborn Rule Dao line and they were also more effective. Although there was a difference between the two, they could still coexist.

Chen Xiang planned to let Jiang Sijing and the others cultivate the Life Veins, since they did not need to consume too much Law beads s. As long as one of them managed to cultivate till the Life Veins, the other would be able to duplicate it.

Chen Xiang quickly finished refining the ten life Law beads. After he ate them, he refined them for Jiang Sijing at the same time.

A few days later, Jiang Sijing had also cultivated the way of life, and she had started to learn the Twin Life Arts with Jiang Simei, which she then passed down to him.

Chen Xiang needed to raise his strength now, as Six Gods Stage was simply too weak here, it was not even enough for a single finger from the Tai Zun realm.

Therefore, he needed the Mei Jing Sisters's power to grow medicinal herbs. This way, he could quickly reach the peak of Six Gods Stage!

Although it was still not Tai Zun realm, his strength had at least increased a lot. At that time, he would have enough strength to protect himself!

Mei Jing Sisters was currently in charge of mass planting the cultivation of the Taiji Yuanshen Dan's medicine, while Chen Xiang was using the life force released by his life force to heal his injuries.

In this kind of slumber, time passed very quickly. Chen Xiang didn't feel the passage of time at all, and when he woke up, Jiang Sijing actually told him that ten years had passed!

Chen Xiang could not believe that he had actually stayed here for ten years!

"How can this be!" Chen Xiang let out a long sigh, "Ten years of Guanyin was gone just like that!"

"It is already good enough that you can cure your injuries!" Jiang Sijing laughed: "We have already grown a lot of medicinal herbs, and they have all been improved by us ... When will you start refining Taiji Yuanshen Dan? There are a lot of medicinal ingredients! "

"Yeah, just eating these ingredients is enough for us to step into the late stage of Six Gods Stage!" Jiang Simei said: "When you refine it, you do not need to refine our portion."

To be able to achieve a breakthrough just by eating medicinal herbs, it goes to show how much they have eaten!

When Chen Xiang entered the You Yao Mountain Villa, he saw that there were indeed a lot of Taiji Yuanshen Dan s there. There were hundreds of mu of them and the two sisters had even eaten a lot!

"Alright, I will start refining now. After getting beaten up by two Tai Zun realm s, I am considered lucky enough that I didn't die. Using ten years to heal my injuries is also nothing."

Chen Xiang immediately began to refine Taiji Yuanshen Dan. After half a year, he finally stepped into the late stage of Six Gods Stage, and after consuming the remaining large amount of medicinal ingredients, he finally stepped into the peak of Six Gods Stage.

"With the fusion of the six gods, you can enter the Tai Zun realm?" Chen Xiang felt that he was just a bit behind, but it wasn't easy fusing the six gods.

"Grandmother said that when I was at the peak of Six Gods Stage, I would need to ask a few seniors of the Tai Zun realm for help. Asking them about their experience when stepping into the Tai Zun realm is useless eating medicinal pellets." Jiang Simei said.

When I was at another realm, many people also said that eating medicinal pills was useless. However, I was always able to concoct a useful pill, hehe. Chen Xiang curled his lips and said: "Now, let's see if we can return to the Flying Dragon Pagoda, and see if we can find suitable medicinal ingredients there."

Chen Xiang really wanted to return, but he remembered that when he came to the middle of Myriad Tao Mausoleum, he did not see the path of retreat, and Lan Hong Tao Priest did not tell him either.

"This is trouble. How do I get back?" Chen Xiang looked around, and felt depressed.

He remembered that when he first entered, Lan Hong Tao Priest was the one who brought him through the end of the huge passage and into the white light screen, he arrived at the beautiful forest. At that time, he also did not see a way back.

"I can only look around to see if there is anyone else here ..." Right now, I am a mutant, so I have to be careful. " Chen Xiang heard the purple-haired man call him this before.

Chen Xiang carefully walked through the forest. Even though he had used an Invisibility Spell, he was still worried.

He saw some small animals in the forest, but they were very strange animals, such as rabbits, which were red, purple, and blue, and white and black, but there were few of them.

A few days later, Chen Xiang was still in the forest, and had not left it. He did not know how big the forest was, but just when he was annoyed, a pink light suddenly flashed in front of him.

"Is it pink this time?" Chen Xiang anxiously hid himself, hiding in the big tree, looking at the direction where the light aura was coming from.

[Chapter 2859](#)

Chen Xiang had seen the Purple Blood Man and the Blue Blood Man before, so he didn't think it was strange to see them again. He was just curious about what was going on with the Myriad Tao Mausoleum, how could there be such a different blood colored race within them, and how much conflict there was between them.

After Chen Xiang hid himself, he confirmed that his own aura was not revealed, and carefully approached the direction of the pink colored light.

When he approached, he saw a few pink haired men attacking a golden boar.

The golden wild boar's body had many wounds, and golden blood was flowing out. This made Chen Xiang think that this wild boar definitely belonged to the Golden Blood Tribe.

"As long as we capture this wild boar, we will definitely be rewarded. Our Pink race has not caught a Golden Blood Divine Pig for a long time." A man laughed.

These men's bodies were all pink, they looked very strange, their attire was very ugly, Chen Xiang felt that they were very ugly like this.

"These guys are all in the late stage of Six Gods Stage, but they look like small fries! Is the cultivation of the late stage Six Gods Stage so worthless here?" Chen Xiang himself was also at the peak of the late stage of Six Gods Stage, but he felt that dealing with these pink men in front of him shouldn't be a problem.

Even if it was the early stage of the Tai Zun realm, he dared to take this risk. If it was the Lan Hong Tao Priest, who was a powerful mid stage Overlord, he would not dare to take this risk, but at least he wouldn't get beaten up so badly like last time.

Chen Xiang observed the fight between Pink Blood Man and the golden wild boar. Their attacks were rather monotonous, releasing balls of pink light from their hands and striking the golden boar's body, but the pink light balls were still very strong, they were extremely cohesive and would not cause too much trouble.

The Golden Blood Divine Pig was also very powerful. Under this siege, it was still alive and running around. The blood was thick and golden everywhere, but it did not fall.

"Soldier Skill!" A pink-blooded man shouted. A pink-colored red light appeared in his hand, and he instantly turned into a pink colored long sword. The others followed suit and used their pink coloured energy to form a weapon, rushing towards the Goldblood Divine Pig.

Chen Xiang could finally see that their attacks were a little tricky. To condense the Spirit Qi in his body into a weapon, was quite easy for Chen Xiang, he had done this before.

The person approaching was not weak. Although he was only at the late stage of Six Gods Stage, his sharp aura was much stronger than the few Pink Blood Man s who were slaughtering pigs below him.

The few Pink Blood Man s also sensed the Qi, one of them anxiously shouted. "It's the Purple Blood Man, we can't win against them, although there are only two of them, let's run!"

They had killed Golden Blood Divine Pig for so long, they should not have given up. But now, in order to avoid the Purple Blood Man, they had chosen to flee.

However, they were already too late. Two purple lights flew over and directly struck the Pink Blood Man s, and then a purple explosion occurred, setting off a purple gale.

"So powerful, there's only one left!" Chen Xiang was extremely shocked, just as he arrived, he had already killed a few Pink Blood Man s.

Chen Xiang suddenly understood, the color of blood meant that he had become stronger, and from the looks of it, purple blood and gold blood were the stronger ones.

"You all ... This is not your Purple Blood Man's territory, why must you be so cruel to us?" The Pink Blood Man roared in anger, he knew that he was dead meat, he did not struggle nor did he run.

Chen Xiang quietly flew in the air, and carefully arrived behind the two Purple Blood Man s. He took out the Heavenly magic sword, and just as a surge of energy was about to attack the two Purple Blood Man s, the Heavenly magic sword in Chen Xiang's hands fiercely thrust forward, and instantly pierced the two of them dozens of times.

The important meridians in Purple Blood Man's body had all been pierced by Chen Xiang, and the purple droplets of force that they wanted to release came out of those wounds, causing even more damage to them. This was because the tibia parts of their bodies had already shattered from the impact.

The Pink Blood Man was already prepared to die, but he never thought that such a thing would suddenly happen. The two incomparably powerful and extremely brutal Purple Blood Man in front of him suddenly fell to the ground with serious injuries!

Chen Xiang immediately appeared and looked at the two men covered in purple blood on the ground. He sneered, then extended his hand and pressed it on the heads of the two men.

"What a strange feeling, their memories can't be read. What is going on?" Chen Xiang tried again, but it still could not succeed.

"Brother, are you using a soul search technique to read their memories?" The Pink Blood Man asked.

"Not bad, but it didn't succeed. What's going on?" Chen Xiang immediately looked towards Pink Blood Man.

Pink Blood Man was extremely grateful to Chen Xiang in his heart, because Chen Xiang had saved him. Otherwise, he would have died.

"Let's go! "These guys' souls are bound. When you read their memories, their masters will definitely sense it and rush here immediately." Pink Blood Man hastily said: "Big brother, let's go!"

Chen Xiang nodded, and threw the two half-dead Purple Blood Man s into the furnace to burn them, then said: "Where is the safest place? You should be very familiar with this place.

"Alright, follow me!" With that, the Pink Blood Man started running.

Chen Xiang followed behind him, and took care of all the remaining auras in the Pink Blood Man. Otherwise, they would be traced back, and this Pink Blood Man did not even know how to do such a thing, no wonder the other Purple Blood Man s would find out.

A few hours later, Pink Blood Man brought Chen Xiang to the side of a large tree. Then, they entered the trunk of the large tree and went from the trunk to the stone room under the ground.

"This is my hiding place! I hope those Purple Blood Man s don't find us here. " The Pink Blood Man was crouching in a corner. At this moment, he was feeling very sad, after all, his comrade had died.

"What's your name?" Chen Xiang asked: "They won't find us here, you don't have to worry!"

"I'm Feng Xue Nan, what about you, Big Brother?" Feng Xue Nan suddenly remembered that he had not thanked Chen Xiang yet, and immediately thanked him.

"Chen Xiang!" Chen Xiang smiled at him slightly: "Can you tell me about the Purple Blood Man s? I have also been injured by a Purple Blood Man before, but I don't really understand them. "

"The Myriad Tao Mausoleum is actually a gigantic heavenly prison. There are many prisoners locked inside, all of them coming from different worlds of the Myriad Tao. Most of them are guilty of heinous crimes! This group of people are called the Blood Color Clan. The Blood Color Clan used to be very harmonious, but because of some matters, there are now Purple Blood Man s, Blue Blood Man s and many other races. "

[Chapter 2860](#)

Chen Xiang had previously heard from Time Ghost that the people being held by the Myriad Tao Mausoleum were all very powerful.

However, the question was, who was it that had imprisoned him here?

"Because of the jade of their bloodline, the Blood Race is divided into different grades. Amongst them, gold, purple, white, and black are the four most powerful bloodline races. As for the other colors, their blood is about the same. Feng Xue Nan was extremely confused: "Therefore, every time we see them, we would avoid them from afar."

"Why did they want to kill you?" Chen Xiang was confused by this, the last time Lan Hong Tao Priest was seen by Purple Blood Man, they were all taken away.

"Right now, the purple, gold, white, and black races are the strongest, and the other blood-red races are all going to become their slaves. We were unwilling, so we decided to leave and form a small race.

"That's why once we go out and are discovered by those violet-gold people, we aren't captured. We are killed because we are all seen by them as fleeing slaves." Feng Xue Nan sighed sorrowfully.

Purple, gold, white and black, these four blood-colored races were actually so powerful. Even someone like the Lan Hong Tao Priest was only a slave!

"Myriad Tao Mausoleum is really scary! Other than the four races, are there any other powerful forces?" Chen Xiang asked.

"Of course! The Divine Ghost Empire was one of the stronger empires here. Even the purple, gold, white, and black empires did not dare to provoke them. Even if the Divine Ghost Empire's Ghost Emperor was in deep sleep, no one would dare to enter their territory! and then kill the Flying Dragon Ghost Realm. This is an extremely terrifying place, filled with dragons and very, very powerful. "

"And then we saw that the White Bones Imperial was filled with a group of white skeletons, the most evil ones, and also extremely powerful. However, it was quite far from us, and in the middle of the Myriad Tao Mausoleum, we are called the Colorful Forest, the most beautiful place."

When Chen Xiang came in, he was also surprised by the beauty of the place, but he didn't expect that there would also be an extremely cruel law of survival here.

"Feng Xue Nan, have you heard of the Natural Law Divine Lord's matter?" Chen Xiang asked. Originally, he only wanted to test his luck to see if this Natural Law Divine Lord was famous here.

He calls himself the Natural Law Divine Lord and is also called the Heavenly Law Bone King. He is rather special, when he first came in he was in the Divine Ghost Empire, and after he was assigned the Divine Ghost Empire to enter the White Bones Imperial, where he trained in the White Bone Method, and became the White Bone King. He is very powerful.

This Natural Law Divine Lord actually had such a position!

"Then what kind of strength is it?" Chen Xiang had previously estimated that the Natural Law Divine Lord was a Tai Zun realm, but now it seemed that it was definitely not what he had imagined.

"It's said that he's from the Venerable ancestor realm, I'm not sure either!" Feng Xue Nan shook his head: "In the Myriad Tao Mausoleum, out of the four forces, only Divine Ghost Imperial Country is a blood person like you, and the others are not."

In the two tunnels, the Time Ghost had once mentioned the Ghost Emperor.

"Why are there so many powerful people locked up in Myriad Tao Mausoleum? What are they doing?" Chen Xiang asked.

"Some were attracted here while others were locked in here from the very beginning. In short, there are many strong fellows who are unable to leave this place. This is all for the sake of stability outside!" Feng Xue Nan said: "I heard that as long as it's an expert outside, they will definitely come to this place and be locked inside. It will be very difficult to leave this place."

"As for whether it is true or not, I am not sure. But there are a lot of experts who are unable to leave, but there are also some who can leave.

The Heavenly Alchemy Venerable Ancestor had been here many times, and Chen Xiang had heard the Great Clan Elder say that it was true.

On the other hand, Natural Law Divine Lord only imprisoned him once and that was indeed strange. Chen Xiang suspected that Myriad Tao Mausoleum would only imprison some evil people to prevent them from disturbing the outside world.

"Then do you know where the Heavenly Alchemy stone wall are?" Chen Xiang had originally wanted to look for the Natural Law Divine Lord, but after knowing that the Natural Law Divine Lord was powerful,

he immediately gave up on that idea. He couldn't even beat a Tai Zun realm Purple Blood Man, much less a White Bones Imperial's White Bone King.

Therefore, going to the Heavenly Alchemy stone wall now was the most important thing for Chen Xiang. Learning the Heavenly Alchemy on the Heavenly Alchemy stone wall would increase his own strength.

"Heavenly Alchemy stone wall? Of course I know that there aren't many people in Myriad Tao Mausoleum who don't know about the Heavenly Alchemy stone wall. It's a very famous place, but it's also very dangerous, and many people die there every day. When Feng Xue Nan talked about Heavenly Alchemy stone wall, he also felt a bit of fear: "Big Brother, where are you going?"

"Well, can you tell me how to get there?" Chen Xiang had already known that Heavenly Alchemy stone wall were not simple. Now that Feng Xue Nan had said this, he had a deeper understanding of Heavenly Alchemy stone wall s.

Many people died there. It was clear that they went there to learn the Heavenly Alchemy. However, they did not learn it.

"Of course you can, but big brother you must be careful, without your cultivation level in the Tai Zun realm, heading to the Heavenly Alchemy stone wall will not be a good thing." After that, he took out a map and indicated a general direction.

The only thing on the map was the Colorful Forest, and in the middle of the Colorful Forest was a seven-colored river. Following the directions of the seven-colored river's flow, one would be able to reach the area where the Heavenly Alchemy stone wall resided, and the seven-colored river's end was very close to the Heavenly Alchemy stone wall.

Chen Xiang left Feng Xue Nan's underground room and used his fastest speed to head towards the Rainbow River. At this time, he had an even greater yearning towards the Heavenly Alchemy stone wall, and he didn't know why he suddenly become so fanatical. It was probably because the Heavenly Alchemy soul in his body had affected him.

A day passed, and Chen Xiang finally saw the Rainbow River. The river water of the Rainbow River wasn't of seven colors, but under the sunlight, it looked like a rainbow from high up in the sky. When the river fell, the water was clear and colorless.

The river flowed very slowly, and the water was very clear. One could occasionally see many fish swimming in groups within the river. These fish swam in groups. Each group had a different color. This was also a beautiful scene within the river.

After Chen Xiang became invisible, he quickly followed the flow of the river and flew towards the end of the Rainbow River, where the legendary Heavenly Alchemy stone wall would appear!
