

Dan God 2961

[Chapter 2961](#)

Chen Xiang did not see Sun Lingxing there through the Heaven devouring rat, he felt that this kind of occasion was rather important, but Sun Lingxing was not here.

He only heard the purple clothed elder suddenly shout: "Recently, there have been a lot of outsiders wanting to enter World Defying Stage Divine Mausoleum, and we will definitely not let them succeed! We just caught a foreigner sneaking in here! "

"This is also why it caused such a big commotion. I know that everyone has always been very suspicious about this, and also have a lot of suspicions! Right now, no one needs to panic, we have already captured that outsider, today we will publicly execute him. "

Chen Xiang thought, he felt that the purple-clothed old man was not referring to him, but Tang Zhongjie!

It was precisely because Tang Zhongjie came here to save him that he was captured. At that time, he must have also been at war, causing a huge commotion, but the purple clothed elder did not immediately inform everyone about this matter, probably to hide the news of him being captured.

This was because Sun Lingxing had treated Chen Xiang pretty well. If Sun Lingxing knew about this, he would definitely come to save Chen Xiang.

"This bunch of idiots, let's see what they'll use to deal with them later." Chen Xiang had already let Tang Zhongjie go, but the old man in purple thought that the place they were imprisoning Tang Zhongjie was flawless.

In next to no time, the purple-clothed old man found out about this matter. It should be because someone suddenly sent a sound transmission to him, so when he found out, he was extremely shocked!

Not long after, Chen Xiang sensed someone approaching. It should be to confirm that he did not run away.

Chen Xiang did not plan to leave right now. He still had other plans!

The purple clothed elderly man had personally come here, he was extremely worried that Chen Xiang would run away, because they had not obtained all the cultivation methods yet!

"Elder, what do we do now?" If I am unable to execute her, she will definitely come. " A middle-aged man said to the purple-clothed old man in a low voice, "Earlier, that old fellow caused such a huge commotion here and we claimed to capture him. Just now, you said that you were going to execute him publicly ... Furthermore, the little girl beside the proud goddess is also here, watching over her! "

"What should we do now? That's all we have left! " The purple clothed elderly man looked at Chen Xiang and was extremely anxious.

Chen Xiang never thought that these guys would actually be so afraid of Sun Lingxing.

"How about this, we use that move to force him to hand over his cultivation technique and then push him out to be executed. As long as he dies, even if the proud goddess knows him, she cannot say

anything about us!" The middle-aged man said, "In any case, he broke into our clan and deserved to be killed. Moreover, we were forced by the pressure from above to make that decision."

The purple-clothed old man listened and nodded. "Use that move!"

After Chen Xiang heard it, he sensed that something was wrong and immediately went on guard. However, the other party did not make a move.

After two hours, the middle-aged man frowned: "Strange, why hasn't his Wangwo poison flared up yet? It should be about time! The Poisonous scent in his hands have already been used up, as long as his poison is acting up, he will beg us for help then! "

Chen Xiang immediately understood that the other party was waiting for him to act.

After being infected by the Wangwo poison, if one did not sniff that Poisonous scent for a period of time, their entire body would feel extremely uncomfortable. Chen Xiang had tried it before, and it was truly unbearable.

"Wait a little longer, he might have already been used to it for some time!" The purple-clothed old man said softly.

A plan immediately formed in Chen Xiang's mind. He suddenly trembled, pretending to be very uncomfortable, and then rolled around on the ground, continuously twitching and shouting.

When the purple-clothed old man and middle-aged man saw this, they looked at each other and smiled.

"Kid, if you want to be comfortable, then cooperate with us!" The purple-clothed old man said, "Quickly hand over the remaining cultivation methods!"

Previously, they did not dare use this move on Chen Xiang because they were afraid that they would torment Chen Xiang to death. Now, they had no other choice.

Chen Xiang felt it was funny. He had heard the conversation between the two outside just now, so he was very clear that if he were to hand over the rest of the cultivation technique, he would be directly pawned to death on the stage.

Of course, the purple clothed elderly man and the middle-aged man did not know that Chen Xiang could hear their conversation, because Chen Xiang was currently trapped in a barrier and was extremely sealed.

"I'll give, I'll give!" Chen Xiang shouted: "Hurry up and give me the Wangwo scent!"

The old man laughed heartily and tossed a jade bottle to Chen Xiang. Chen Xiang opened it and pretended to smell it.

"Hurry up and hand it over!" The purple-clothed old man said, "Otherwise, you will feel much better after two hours!"

Chen Xiang immediately took out a jade tablet, took all the remaining fake methods and gave them to the purple-clothed old man.

"You will never be able to cultivate spatial energy." Chen Xiang sneered in his heart.

who were trying to flee were all blown away by the Spirit Qi waves, all of them spat out blood, their bodies were covered in blood.

[Chapter 2962](#)

Chen Xiang recalled how those fellows used the extremely cruel and terrifying Wangwo poison s on him, and anger churned up unceasingly in his heart. He floated in the air, controlled the Heavenly Alchemy Emperor seal, and unceasingly smashed the ground.

All the buildings here had already disappeared, and near the deep pit, there were Forget-me Divine Race people who were badly injured and covered in blood.

There were no World Defying Stage here, and simply no one was a match for Chen Xiang. Even though Chen Xiang had not stepped into the World Defying Stage, his current strength was already equivalent to half of the World Defying Stage's, not to mention that he was currently this angry! When he was angry, anger made him stronger.

Although there were no World Defying Stage s here, with how large the commotion was, it had already alarmed the nearby World Defying Stage s. Chen Xiang knew that there were several World Defying Stage s inside this Forget-me Divine Race.

One of them will be here right now!

Chen Xiang had already caught a middle-aged man, and this middle-aged man had caught him in the beginning as well. After he had swallowed the middle-aged man's memories, he found out that the mastermind behind the arrest was actually a World Defying Stage.

"What happened ..." The one who came was a purple-robed elderly man. When Chen Xiang saw this elderly man, he immediately recognized that this was the person who wanted his cultivation technique.

When the purple-robed old man heard from Sun Lingxing that Chen Xiang could control the power of space, he had the intention to snatch it away from him. Thus, he immediately sent people to the Primordial Forest to capture Chen Xiang, and have them secretly imprison him, forcing Chen Xiang to hand over his spatial technique.

"It's you!" The purple-robed old man couldn't help but be shocked when he saw Chen Xiang. Of course he recognized him.

"Old bastard, you're the one who sent people to capture me? I've suffered a lot! " Chen Xiang said as he gnashed his teeth. Then, he teleported behind the purple-robed elder.

"Six beasts Nirvana Seal!" Chen Xiang was furious. In one breath, he released all of the Six beasts in his Divine Sense Sea World and rushed into the center of the Heavenly Alchemy Emperor seal.

The Heavenly Alchemy Emperor seal instantly fused with the Six beasts's power and turned into a six horned giant seal. Each corner of the Heavenly Alchemy Emperor seal had a mighty Beast statue.

The giant seal contained Chen Xiang's strongest power, and at the same time, Chen Xiang was still continuously channeling dao energy into it!

"You ..." He never thought that Chen Xiang would actually have such a powerful strength. He wanted to dodge, but he didn't expect that his body wouldn't be able to move, as Chen Xiang had already used the power of space to bind him.

"You old bastard, go to hell!"

Chen Xiang bellowed, his body suddenly swelled up, a burst of aura that looked down upon the world surged out, the Six beasts in the sky released sets of earth-shaking roars, with a mighty aura, it erupted wave after wave of energy, pressuring the giant seal to smash down.

The Six beasts's Lone Death Seal instantly smashed onto the ground, destroying the purple-robed elder. The purple-robed elder's pained cry was the first to be released, it was extremely miserable as layers upon layers of the seal fell onto the ground, followed by the violent sound of the giant seal hitting the ground!

"Old bastard, your fate is too tough!" Chen Xiang controlled the giant seal to float in the air, and then smashed it down ruthlessly. It pressed down consecutively for more than ten times, and the area of five hundred kilometers around it deeply caved in.

Of course, those who were severely injured just now had all been turned into ashes by this point! Just now, when Chen Xiang was about to be killed, that group of people shouted the most fiercely, and all of them revealed a vicious aura, they were all filled with Evil Qi, so Chen Xiang did not plan on letting them go!

The purple-robed old man slowly floated in the air. Although his entire body was in a sorry state and he had been severely injured, he still looked like he could fight!

"You can't kill me! Little bastard, you're underestimating me, haha ... My World Defying Stage is immortal. " The purple-robed old man wildly laughed, "And you've already given me your cultivation method. I will train the power of space sooner or later!"

Chen Xiang took out the Heavenly magic sword and the Six beasts Nirvana Seal was also kept by him. He laughed coldly, "Old bastard, you think that I would hand over the real spatial cultivation technique to you? You're too naive! Those are all things Laozi made up to fool you! "

"What ..." The purple-robed elder was infuriated, and a wave of energy rippled out from his body.

Chen Xiang immediately teleported over and released Tianchuang furnace, allowing it to bombard the purple-robed elder's head violently. He instantly smashed the head hundreds of times, causing the opponent's head to bleed, at the same time he kept on thrusting the sword, he never thought that the elder's body was actually so strong, his Heavenly magic sword was unable to pierce through it!

"Haha, you won't be able to kill me, even if that little girl Sun Lingxing comes, she will still not be able to kill me. Once in World Defying Stage, she will never die." Even though the purple robed elder was injured all over and was being continuously attacked by Chen Xiang, he still laughed out loud, "I'm going to take your memories right now!"

"Dream on!" Seeing that his opponent was attacking, Chen Xiang immediately teleported to dodge. He did not expect that after being attacked so fiercely by Chen Xiang, the old fellow was still so strong.

At the same time, he had also consumed a lot of energy. He planned to deal with the opponent for a period of time, recover himself, and then think of a way to kill the opponent.

A purple light swept out like a meteor, and a noble beautiful woman dressed in a purple dress appeared. It was Sun Lingxing!

"Chen Xiang?" Sun Lingxing was shocked, she looked around and frowned, then immediately understood what was happening. Sensing the dead aura around, she knew that a lot of people had died, all of them were from her Forget-me Divine Race.

"I did it, all the Forget-me Divine Race people here were killed by me!"

Chen Xiang said coldly, if it were not for her blabbering, he would not be tormented by the Wangwo poison, and he would not fight with others here.

"Uncle Sun, stop!" Sun Lingxing's voice was cold, she was obviously angry, she only wanted to clarify the situation, and with a wave of her hand, she released a ball of purple light mist, covering the purple robed elder.

"What the hell is going on!" Sun Lingxing asked coldly.

"Little girl, I'm your uncle, please respect me!" At the same time, he was also injured, and Sun Lingxing's strength was obviously stronger than his, which was why he was able to control him.

"Old bastard, I can't kill you now, but I will come look for you when I enter the World Defying Stage. At that time, I will kill all of this Forget-me Divine Race." Chen Xiang was about to teleport after speaking, but his body was suddenly wrapped in the purple light.

He anxiously used the White Tiger to jump and obtain the power Sun Lingxing released!

"Explain the situation, don't leave!" Sun Lingxing said with an extremely strict tone.

"I can't be bothered to tell you. If it wasn't for you, I wouldn't have suffered! I admit that I'm not an innocent person, so it would be very hard for me to fall for the Wangwo poison ... However, you guys who grow Wangwo poison and use Wangwo poison to deal with other people are even more repulsive than me. You bullshit Forget-me Divine Race should just disappear together with the Wangwo flower." was extremely furious. Being poisoned by Wangwo poison was not an easy thing to endure.

"Who poisoned you!" Sun Lingxing had also felt Chen Xiang's anger at this moment, and her expression had become extremely serious. "But right now, you don't look like you've been poisoned!!"

[Chapter 2963](#)

Sun Lingxing knew that the use of Wangwo flower to refine Wangwo scent was forbidden, but she did not care about the fact that someone was secretly refining them. Now that she knew that someone was using this poison to poison someone, and even knew who it was, she was extremely angry.

"It was this old turtle who sent people to poison me. He used quite a few of them, and caused me to fall asleep for ten days and ten nights! After I woke up, I used my reliance on Poisonous scents to force me to hand over my spatial technique. Luckily, my friend came over to save me and helped me to cure the

poison in my body, so I could get rid of that pain. " Chen Xiang snorted, he did not know how he could kill the purple robed man.

"Is this for real?" Sun Lingxing's body trembled. She finally understood that when Chen Xiang looked at her, his eyes were filled with anger and resentment. She had indeed told her clan's rankers about Chen Xiang's powerful spatial energy.

This led to a chain of events that happened to Chen Xiang later on!

"Ask him!" Chen Xiang glared at the purple-robed elder.

The purple-robed elder laughed coldly, "Bullsh * t. Now, all the people here have been killed by him. Girl, do you want to listen to an outsider and not believe my uncle? I am your father's elder brother! "

Chen Xiang sneered: "I knew you would say that!"

He looked at Sun Lingxing and said: "It doesn't matter if you believe me or not. In short, one day, I will destroy this guy and burn the entire Sea of Wangwo flower. Goodbye!"

"Wait!" Sun Lingxing didn't know who to believe at this time either.

"I don't have time to waste on you. If this old man can recover his strength, I will be the one to die."

"Haha, you must be feeling guilty!" You killed thousands of our god-race members, and it's like you just ran away? Don't even think about it! " The purple-robed elder laughed loudly.

Sun Lingxing frowned, then two powerful Spirit Qi suddenly surged over, another two World Defying Stage s, one was middle-aged, the other was an old lady.

"That's right, how can we let him leave just like that? He killed a lot of people! " The middle-aged man said.

"Seventh Uncle ..." Aunt, you came too! " Sun Lingxing was suddenly in a difficult situation, these were her elders, and she wanted to take care of this matter by herself, but it was impossible now, the two elders would definitely help her uncle.

"You bastards want me to stay? Could he hold on to it? I admit that you are both World Defying Stage s and all of you are very strong, but if you give me time, I will step all of you under my feet sooner or later. " After Chen Xiang finished speaking, his body suddenly exploded with a strong burst of spatial energy, and in the blink of an eye, he disappeared.

Seeing Chen Xiang use such powerful spatial energy, the purple-robed elder, the middle aged man, and the old lady all had faces full of envy and jealousy. Sun Lingxing also saw something in their eyes, and the greed in them was obvious.

Chen Xiang teleported into the Primordial Forest, when he arrived there, he was finally relieved, the pressure he felt from facing the four World Defying Stage s was not small at all.

"World Defying Stage can't enter this place. I should be very safe now, and I'm not afraid of those Wangwo poison anymore." Although Chen Xiang was able to return, she felt a little unhappy that she did not kill the purple-robed elder.

"I can only take it slowly, I am still not World Defying Stage!" Chen Xiang sighed in his heart, then went to look for Tang Zhongjie.

If Tang Zhongjie had not suddenly brought the detoxification pill and ingredients here, he didn't know what would happen to him right now, so he had to go and thank Tang Zhongjie.

... ..

"Lingxing, if you hadn't been indecisive, how would you have let that kid run away? Now that's good, everyone here has been killed by him. Although they are just the lowliest clansmen in our god race, they still belong to our Forget-me Divine Race, and those are the lives of everyone here. " The purple-robed elder reprimanded.

"Leave this matter to me, I will definitely find him." Sun Lingxing said: "Even if my cultivation regress, I will still enter the Ao Shi forest to find him!"

"Spirit Star, let's just forget about this matter. Those guys don't need to make you lose that much!" Sun Lingxing was an outstanding disciple of the Sun family. At such a young age, he was already a World Defying Stage, and he was also a pure person with a mind. He would not be affected by the Wangwo flower, and was a treasure of the Sun family.

"Right, right, leave this matter to us to handle! We'll send people into the forest to look for him. This time, we will dispatch some of our Royal Grade experts. " The middle-aged man smiled and said: "Lingxing, you don't need to worry about this matter!"

Sun Lingxing nodded his head: "Alright, I believe you!"

Even though she said so, when she turned around, a glimmer flashed in her eyes.

Afterwards, she went back with her three elders!

... ..

Inside the Everlasting Forest, Chen Xiang was looking for Tang Zhongjie everywhere.

"I shouldn't have teleported Old Tang to somewhere else, right?" Chen Xiang was secretly worried. He could only wait at the tree hole he had previously opened.

When night fell, he suddenly sensed someone approaching and hastily turned invisible!

However, when he sensed that it was Tang Zhongjie's Qi, he became at ease.

"Old Tang!" Chen Xiang anxiously rushed out from the tree hole and chuckled.

"Chen Xiang... Hehe, you're finally back! " Tang Zhongjie was very happy to see Chen Xiang, and laughed.

"Those guys can't keep me." Chen Xiang laughed.

"What happened over there? There's quite the commotion! " Tang Zhongjie asked anxiously.

After that, Chen Xiang continued to add fuel to the fire by bragging about what had happened inside, and because he trusted Tang Zhongjie greatly, he did not fear revealing his own strength.

"Fighting against four World Defying Stage s at the same time, you're awesome!" Tang Zhongjie praised repeatedly, then said smilingly: "If it wasn't for me desperately defending this World Defying Stage Divine Mausoleum, I would still be a World Defying Stage who had successfully cultivated his profound body, so I washed this Forget-me Divine Race clean."

"Old Tang, is the World Defying Stage Divine Mausoleum really worth your wait? Why are you waiting for World Defying Stage Divine Mausoleum? Otherwise, you would at least be in the World Defying Stage's Profound Rank right now, and you could even be in the Holy-rank. " Chen Xiang asked.

"It's worth it. The World Defying Stage Tao Ancestor and the World Defying Stage Evil Ancestor only have World Defying Holy Body s, if you want to cultivate a Divine Body, you can only enter the World Defying Stage Divine Mausoleum. I heard that there are experts with Divine Bodies inside." Tang Zhongjie said: "I am not the only one who has been guarding this place for so many years, there are also many old fellows who have placed their bets on World Defying Stage Divine Mausoleum!"

"You have to know that if we are unable to cultivate our divine bodies, then they will be meaningless to us." Tang Zhongjie sighed.

Chen Xiang had already cultivated enough control of time, if he returned, he would also face the threat of World Defying Stage like the High Priest. Although he could injure the purple-robed old man last time, he did not counterattack much, and the purple-robed old man did not want to kill him in order to obtain the spatial technique, if not he would not be so easy!!

[Chapter 2964](#)

If it was the past, Chen Xiang would not consider such things, but now, he felt that he would be stepping into the World Defying Stage very soon, and should be considering for the future, if not he could only cultivate World Defying Holy Body in the future.

"Right now we are extremely safe in Ao Shi Forest, with our strength, even if we are surrounded by multiple Venerable Ancestor Later-stage s, we will not be caught, unless we are poisoned! I don't think that sort of thing will ever happen again. " Tang Zhongjie still had the antidote that Chen Xiang had refined for him, and the quality was much better than what he had refined himself.

Now, they already had a poison pill to guard against Wangwo poison. Once poisoned, he only needed to eat it immediately and the effects of the pill would be active in his body. That kind of Poisonous scent would not have any effect on them.

Chen Xiang nodded his head: "That's right, they won't be able to succeed a second time. I think they won't be able to let this go easily. Although there are many World Defying Stage s in their Forget-me Divine Race, none of them can enter this place. Once they do, their strength will not be much stronger than us! "

Although Chen Xiang had safely returned, he was still unwilling to let go. It was because he did not kill the purple-robed elder, and he even suspected that it was not only the purple-robed elder that had harmed him. The old woman and the middle-aged man might have been involved as well.

Those people all wanted to obtain his spatial technique, even if it meant taking the risk of offending Sun Lingxing. So Chen Xiang was very sure, that before long, the World Defying Stage would send more people over.

"Old Tang, we have to guard against them more. Is there anywhere safe here?" Chen Xiang asked. He felt that it would be more dangerous on the ground.

"Although the Everlasting Forest is large, for the people of the Venerable Ancestor Later-stage, with their speed, they should be able to quickly search the entire forest. Moreover, their Forget-me Divine Race has other methods to find people, so it's not easy to hide." Tang Zhongjie shook her head: "But you don't have to worry, as long as we are together, taking care of each other, they will not succeed in doing so. If you are going to go into closed door cultivation, then I will guard nearby."

"Alright, it looks like that's the only way!" Chen Xiang still had to continue refining Heaven and Earth infinite Dan s, as it would allow him to step into the World Defying Stage.

In addition, he could now use the Time Laws to buy him quite a bit of time.

"Time Ghost can turn one day into one year, and I can only turn one month. It looks like I have to continue working hard." Chen Xiang entered a tree cave and stood guard at the entrance.

Chen Xiang entered the tree cave and continued refining his Heaven and Earth infinite Dan. Although he entered the tree cave, the moment he entered, he immediately released his spatial protection and even released his Six Realms mirrors to protect himself.

Then, he entered his own Divine Sense Sea World and released the power of time, enveloping his entire being and refining pills there.

After doing all this, he was still worried. He also released several hundred Heaven devouring rat s and scuttled around the forest, the moment someone approached him, he would be able to find out earlier than Tang Zhongjie.

After the last incident, his heart was already a little shady, so his defense was very thorough!

Chen Xiang's goal was to refine a hundred Heaven and Earth infinite Dan that were refined using the Three Crash Techniques. He had already refined some at the Time Ghost before and it was not too far from his goal. After all, he could use the Time Laws now.

In the blink of an eye, one month had passed, yet Chen Xiang had already stayed in the You Yao Mountain Villa for over thirty months.

"The Dao energy here is so dense, if we were to eat the Heaven and Earth infinite Dan here, the effects might be even better." When Chen Xiang entered earlier, he was already surprised by the rich dao energy inside.

"Rich isn't a good thing either. If I eat the Heaven and Earth infinite Dan, with the speed at which the Heaven and Earth infinite Dan is absorbing Dao energy crazily from the outside world, it would be easy for it to be discovered." Jiang Simei said.

Chen Xiang nodded his head: "If you guys ate it in the You Yao Mountain Villa, it would not be too big of a commotion, you guys try it first!"

While Chen Xiang was refining the pellet, he would research the Myriad Tao's [Divine Arts]. He chose a portion of the techniques suitable for the Mei Jing Sisters to cultivate and let them cultivate ... However, only Jiang Sijing had the patience to cultivate, they all had Twin Life Arts, as long as one of them succeeded in stepping into World Defying Stage.

In terms of cultivation, Jiang Sijing had more patience and potential. Although Jiang Simei was fine with it, her personality was one of impatience.

"Elder Brother Shen, then I'll eat it now. Big Sis and Big Sister Qiu Mu will take care of these fields." Jiang Sijing took the Heaven and Earth infinite Dan that Chen Xiang gave him and then entered a secret room.

Chen Xiang gave Jiang Sijing more than half of the Heaven and Earth infinite Dan. Previously, he was extremely anxious to get into the World Defying Stage, but now, he was somewhat hesitant, because he still wanted to stay in the forest!

If one stepped into the World Defying Stage, continuing to stay in this forest would cause one's cultivation to regress!

In the end, he decided to give it a try first. Whether or not he could let Mei Jing Sisters and Long Qiumu enter the World Defying Stage, if they could, he wouldn't have anything to worry about even if he was needed outside.

"I hope the World Defying Stage Divine Mausoleum can open it quickly. I just need to go inside and take a look." Chen Xiang also wanted to know the secret to cultivating the Primordial Divine Body, this way he would be able to directly reach this peak in the future.

In the remaining time, he continued to refine Heaven and Earth infinite Dan s. At this time, he had made great progress, he was able to progress to the Fourth Crash, he felt that he would only need to eat fifty to sixty pills to break through!

Even if it was given to Long Qiumu to eat, he would still have a lot left!

Chen Xiang had already been in closed door cultivation for two months, and that was only outside time. On the other hand, several years had already passed since he came out of You Yao Mountain Villa.

She had cultivated for such a long time, she most likely had a chance of entering the World Defying Stage!

"Qiu Mu, once Sijing comes out, it's your turn to go in!" Chen Xiang gave Long Qiumu some Heaven and Earth infinite Dan.

"What about you? "You aren't going to continue forging?" Long Qiumu was also excited at this moment, she couldn't wait to step into World Defying Stage.

"There's something going on outside, I have to go out and take a look. If too many fellows from Forget-me Divine Race come, he might not be able to handle it." Chen Xiang said, the Heaven devouring rat he released outside saw a few black clothed men sneaking in, they were obviously not from inside the forest.

Chen Xiang walked out of the tree cave and was drinking with a few elders. When he saw Chen Xiang coming out, he shouted anxiously, "Brat, you're finally out of seclusion!"

Before this, Chen Xiang knew that there would be people coming to find Tang Zhongjie from time to time, and these were all Tang Zhongjie's friends, so he walked over with a smile. However, he was a little worried in his heart, because the Heaven devouring rat he released was revealing more and more black-clothed men.

[Chapter 2965](#)

Tang Zhongjie saw that Chen Xiang's expression was strange, and anxiously asked: "What's wrong?"

Chen Xiang frowned: "A group of black clothed men are coming over. If I'm not mistaken, they are the ones who sent them."

The black clothed man and the large group of people were all walking towards them. When Tang Zhongjie heard this, he was sure that the Forget-me Divine Race had finally sent people over.

"Everyone, let's split up!" Tang Zhongjie said, he had obviously told his friends before.

Soon, his friends left in several different directions.

"Chen Xiang, let's go as well!" Tang Zhongjie said.

Chen Xiang shook his head: "If we do not resolve this matter, we will definitely not be at peace here. Right now, we need to first figure out how they determined that I am here!"

Chen Xiang had always been suspicious about this matter. Previously, when he was sneakily attacked, the other party had already determined his position, which was why he was able to get his hands on the treasure.

Thus, he had to find out. Only in this way would he be able to avoid it.

"Old Tang, leave first, I'm planning on sneaking an attack on them." After Chen Xiang finished speaking, he immediately turned invisible.

So far, there were more than twenty black-clothed men who had discovered his Heaven devouring rat, so these black-clothed men must all be Venerable Ancestor Later-stage s with decent strength. If not for Chen Xiang's Heaven devouring rat being able to see things at night, he would have very likely discovered them.

The black clothed man was extremely fast. When the Heaven devouring rat had discovered them, they were still very far away, but now they were gradually approaching.

Although Tang Zhongjie was close to death and had decent strength, it was still possible to fight against the black-clothed men. However, Chen Xiang prevented him from participating in the battle and allowed him to leave quickly.

After Chen Xiang used the Counter Power to conceal himself, he had completely hidden himself and Tang Zhongjie had already fled far away.

"They stopped? Is it because I have completely hidden myself? " Using the Heaven devouring rat s, Chen Xiang discovered that the black-clothed men had suddenly stopped, and began to make guesses in his heart.

At the same time, he was also rushing towards the black clothed men. He must get rid of these men in black clothes and let Forget-me Divine Race know how powerful he was.

"I wonder how strong these men in black are!" When Chen Xiang got closer, he was still a little hesitant. After all, the other party had been sent by the Forget-me Divine Race, and the Forget-me Divine Race's World Defying Stage already knew his background. They knew his strength, so they would definitely not send some weak people over.

The Forget-me Divine Race would definitely send out a very powerful Venerable Ancestor Later-stage to capture him.

After nearing it, Chen Xiang became even more careful!

Even though he was hidden, he could not completely hide himself. The Sun Lingxing from before and Tang Zhongjie could both discover him!

"We've been discovered!" When Chen Xiang got closer, he saw through the Heaven devouring rats that the black clothed men who were hovering in the forest suddenly became very cautious. They all took out their weapons, which were black long blades that emitted a threatening killing intent.

They must have sensed Chen Xiang coming closer, so they were prepared to fight!

Fortunately, not all of the twenty or so black-clad men were gathered together. All of them were in groups of two or three, with some distance between them.

"Even if you could discover me, it would be useless." When Chen Xiang got closer, he controlled a few Heaven devouring rats to suddenly jump out of the forest, making quite a few movements. After the three men in black noticed him, they immediately gave chase.

At the same time, Chen Xiang quietly teleported behind them, the extremely sharp Heavenly magic sword in his hand was injected with extremely strong Spirit Qi, causing the Heavenly magic sword to become even more tyrannical. Combined with the God Murdering Sword Techniques, he was able to decapitate the three black-clothed men in an instant! Then, with a few quick sword attacks, they exterminated their bodies and sealed their heads inside the Six Realms mirrors.

After taking down the three black-clothed men, Chen Xiang immediately used Soul Absorbing Devil Spell on the Six Realms mirrors, engulfing the black-clothed men's memories!

Chen Xiang found what he wanted to know from their memories.

"These guys can actually use this kind of demonic technique!" Chen Xiang found him when the other party found out about it.

Inside the Forget-me Divine Race, there was an extremely mystical method that allowed people to sense where Chen Xiang was. It seemed to be somewhat similar to the method in the Six Realms Time and Space Door.

Because it was too profound, these black-clothed men didn't know the principles behind this technique. And before they came, an elder who had used a secret art like this to refine their souls.

"It seems like they used my aura to determine my location. As long as I let even a little of my aura out, they would immediately know where I am." Chen Xiang took a deep breath, he had leaked a lot of Spirit Qi now, so the few men in black quickly rushed over.

"These naive fellows!" Chen Xiang sneered in his heart, then summoned all the Heaven devouring rat back. He injected his power into all of them, and then had hundreds of them run all over the forest.

Just as Chen Xiang had guessed, those black-clothed men were immediately stunned, because they suddenly had a lot of targets, and they were all very active as they ran all over the place. At this point of time, they had no way of ascertaining Chen Xiang's location.

"These guys are only here to check if I'm still here. They just need to confirm!" Now it seems that they have already confirmed it, and from now on, they will send some of their so-called Emperor Stage Venerable Ancestors to deal with me! " At this time, Chen Xiang began to counterattack. When he encountered those black-clothed men, he killed them one by one and fed them to the rats.

"Emperor Stage Venerable Ancestor is the strongest Venerable ancestor realm in the entire Forget-me Divine Race. It is said that all of them are people who have only half a foot into the World Defying Stage. They are just a bit away from cultivating to the World Defying soul and the Primordial Profound Body. They are all extremely extraordinary fellows."

From the memories of the black-clothed men, Chen Xiang knew that the Forget-me Divine Race was vigorously cultivating this kind of powerful Venerable ancestor realm. He had cultivated these people's Six souls and the Myriad Tao's Golden Body to the extreme, and was very close to the World Defying soul and the prideful profound body.

If they were willing to put in a little more effort to push it, this group of people would very likely be able to step into the World Defying Stage, and they would even be able to become a true World Defying Stage who possessed the World Defying soul and an unrivalled profound body!

Of course, this group wouldn't necessarily succeed, it wouldn't be easy to enter the World Defying Stage. But once they succeed, then it would be a very strong World Defying Stage, Chen Xiang knew from the black clothed man's memories that Sun Lingxing was originally also a Emperor Stage Venerable Ancestor, and that after she comprehended it herself, she would be able to cultivate the World Defying soul. Now that she could cultivate an arrogant profound body, her strength would greatly increase!

"There are actually three branches in the Forget-me Divine Race, Sun, Zhou, and Wang. They are also very complicated!" Although Chen Xiang had assimilated the memories of the black-clothed man, the black-clothed man did not have a lot of understanding of Forget-me Divine Race.

In merely a single night, those black-clothed men had all been killed by Chen Xiang. However, at this moment, his heart was still very heavy. He was considering whether or not to leave this place, because the Emperor Stage Venerable Ancestor who came to capture him was extremely terrifying.

[Chapter 2966](#)

Chen Xiang did not know when the Emperor Stage Venerable Ancestor would come, and even until dawn, he had not gone to find Tang Zhongjie. At this moment, he was still hesitating whether he should go and spar with the Emperor Stage Venerable Ancestor.

If it was one or two, he felt that he could deal with them. However, if it was a large group, he had no confidence. From the memories of the black clothed man, he knew that the three clans in Forget-me Divine Race were able to cultivate a group of such Emperor Stage Venerable Ancestor.

It was morning and the sun was shining inside the forest. Chen Xiang said, "Let's stay and take a look, I don't believe that they are really that powerful!"

Chen Xiang was wandering around in the forest. He did not go to the location of the World Defying Stage Divine Mausoleum, he did not want to cause a huge battle there.

The Emperor Stage Venerable Ancestor came faster than he had expected. It was just that at dawn, they arrived. Although there was only one person, his aura was extremely terrifying.

"It's really strong!" Chen Xiang clenched his fists, he was already prepared to fight.

In a short while, the Emperor Stage Venerable Ancestor arrived in front of him.

What Chen Xiang did not expect was that Emperor Stage Venerable Ancestor was actually a handsome man wearing a luxurious gold robe. He looked heroic and overbearing, with an evil smile on his lips.

"Come back with me!" The man smiled faintly. "If that's the case, neither of us will have to put in effort. What a good ending!"

"You are the one who is relaxed. When I go back, I will definitely be tortured to death by those old fellows." laughed coldly, the Forget-me Divine Race knew that he was strong, but he had only sent one Emperor Stage Venerable Ancestor.

In other words, they had a lot of confidence in the Emperor Stage Venerable Ancestor, or perhaps gave this man in front of them a powerful divine tool or the like.

"As long as you cooperate, that won't happen. Our clan's elders are quite easy to talk to." The golden robed man smiled: "As long as you obediently hand over your spatial technique to us, I guarantee that you will be able to leave our Forget-me Divine Race safe and sound."

"You want a spatial cultivation technique?" "Even if your entire family kneels and begs me, I still won't give you bastards a chance." The Heavenly Alchemy Emperor seal had already appeared in Chen Xiang's hand.

"Then I can only work a bit harder!" The golden robed man smiled and waved his hand. Suddenly, a golden light flashed.

Chen Xiang had never expected that after being enveloped by the golden light, his entire body would be pierced through, as if his entire body was pierced through by the golden light.

Although his body was in pain, Chen Xiang could still endure it. He immediately teleported away to avoid the enemy's next fierce attack.

Sure enough, after he teleported, he saw the golden-robed man's hands wildly dance as they shot out golden beams of light. These golden beams of light were extremely terrifying. The trees that were struck by this golden light were instantly reduced to golden mist!

In the blink of an eye, the surrounding hundreds of miles were empty. All the trees had disappeared!

"Emperor Stage Venerable Ancestor, you really do have some strength!" Chen Xiang had already used Counter Power to conceal himself.

"This trick is useless to me." He had already realized that Chen Xiang was not as easy to deal with as he had imagined, especially since Chen Xiang knew about the power of space and could always teleport away to avoid his attacks.

No matter if it was strength or speed, he had reached the peak of Venerable ancestor realm. He was only slightly weaker than Chen Xiang, who even knew how to use spatial power.

"Looks like this is the only way!" The golden robed man suddenly took out a ball of light and threw it into the air. The ball of light exploded in the air for a moment before a huge net suddenly appeared, covering the entire area and forming a huge golden light barrier.

The giant net that was emitting a golden light gradually closed, bringing with it a wave of oppressive pressure. It was extremely powerful!

"Is this the power of the World Defying Stage?" Chen Xiang was shocked in his heart, that power made him feel fear.

He immediately used the White Tiger's jump in an attempt to jump out of the web, but it was unable to pierce through the energy. The powerful energy actually caused the space to become extremely stable, and even had the ability to absorb the energy.

"No wonder he was so confident. So it turns out that he has such a powerful item in his hands." Chen Xiang saw that the giant net was tightening and that he was right in the middle of it. If he couldn't run out, he would be caught sooner or later.

"This is a World Defying artifact, you can't handle it!" The golden-robed man was extremely proud. Right now, both of his hands were holding two golden beads. These two pearls released two beams of light, which linked up with the huge web.

After Chen Xiang saw it, his eyes brightened and he said in his heart: "The World Defying artifact should be very scary, and requires a lot of power to activate. The two pearls in this guy's hands should contain the power of a World Defying Stage Ranker, so he can activate this huge net, and as long as I cut off the energy source of this net, I will be able to free myself."

"Alright, then I'll give it a try!" Chen Xiang immediately controlled the Heaven devouring rat outside to jump over.

In just an instant, over a thousand Heaven devouring rat rushed over from all directions. Although these Heaven devouring rat only had the power of the early stage of the Venerable ancestor realm, and although they were extremely weak in front of the Emperor Stage Venerable Ancestor, they still had another strong ability, which was to devour!

The golden robed man did not expect that so many rats would suddenly jump out, furthermore, they were not weak, after they flew up, they exploded on their own, causing no small amount of energy shockwaves, causing him to be flustered and panicked. At this moment, he was covered by the Heaven

It should be the Forget-me Divine Race, there's still some of their Qi left, but it seems like they have been killed, who was it!

"There's going to be a good show, the Forget-me Divine Race and other Emperor Stage Venerable Ancestor will definitely come in one by one, hehe!"

"Who exactly is the Forget-me Divine Race heated up? He actually ate so much that even his World Defying artifact was killed by someone else. That fellow is also incredible!"

Chen Xiang, who was far away from the battlefield, heard the conversation of these Rankers through the Heaven devouring rat hiding in the vicinity. He was secretly surprised, he never thought that there were actually so many old fellows in the Ao Shi Forest, and it seemed like he did not even have any good impressions of the Forget-me Divine Race s.

Furthermore, the trees in the forest were very strange. They had already been destroyed during the battle, but now they were regrowing again. Even the soil that was blown away by the battle qi was gradually recovering!

It was just that not long after, the battlefield which was riddled with wounds just now, had already changed to its original state. It was impossible for Chen Xiang to see how much damage had been done, which made Chen Xiang very surprised.

Fortunately, these Heaven devouring rat could still be nurtured from the Dragon Beast. As long as he infused enough energy into the Dragon Beast Rat emperor beads, it would be able to give birth to a steady stream of Heaven devouring rat.

The Heaven devouring rat had given him a lot of convenience, so he continued to release the Heaven devouring rat to investigate the Yellow Rank ancestors.

"Those fellows will definitely return. They have lost a World Defying artifact and a Emperor Stage Venerable Ancestor! We might have to send out more powerful forces, so it's unlikely that someone will deal with me alone. " Chen Xiang thought.

The World Defying artifact was not of much use to him right now, because he was unable to activate it. He would need the World Defying Stage Divine Power to activate it.

"I don't know when it will come, but I have to be on guard." Chen Xiang was a little depressed at the moment. He also wanted to try out that World Defying artifact, but he couldn't step into the World Defying Stage yet.

"Yes, if Sijing and the others stepped into the World Defying Stage, they would be able to obtain the World Defying Stage Divine Power and directly provide it to me. That way, I would be able to use that World Defying artifact." Chen Xiang was now really looking forward to the moment Jiang Sijing stepped into the World Defying Stage.

The fact that Jiang Sijing had stepped into the World Defying Stage meant that Jiang Simei would be coming soon, and then would be Long Qiumu!

If Long Qiumu managed to cultivate to World Defying Stage, her strength would definitely increase. After all, she had a lot of experience in battles.

Chen Xiang was currently hiding inside the tree cave and was using the Counter Power to conceal himself. As long as he did not emit his aura, the Emperor Stage Venerable Ancestor would not be able to sense him.

"I wonder how Old Tang is doing, don't look for him for now." Chen Xiang planned to wait inside till the World Defying Stage Divine Mausoleum opened, and then go see Tang Zhongjie.

When Tang Zhongjie was with his friends at this time, he had already heard that Chen Xiang had defeated Emperor Stage Venerable Ancestor and even snatched away the World Defying artifact in the Emperor Stage Venerable Ancestor's hands. This made him extremely happy, and he could only silently hope that Chen Xiang could smoothly pass through the Forget-me Divine Race's chase.

... ..

After a few days, Chen Xiang who was hiding in the tree cave suddenly shivered, his Heaven devouring rat sensed a few extremely terrifying auras, they were already close to the type that belonged to World Defying Stage, if he was not sure that the World Defying Stage was unable to enter the Everlasting Forest, he would have thought that the auras were released by the World Defying Stage Warriors.

"Their speed is beautiful, my Heaven devouring rat can't even see their figures." Chen Xiang was even more surprised: "Could he be heading towards me!?"

Although the Heaven devouring rat could not see the experts flying at high speeds, it could sense that they were heading towards him. However, he also felt that it was impossible, because he had obviously concealed his aura. Even if the other party had that secret technique, they would definitely not be able to discover him!

"Do they have other secret skills?" Chen Xiang could only guess, after all there were those in the Forget-me Divine Race who knew how to use the Heaven extended method s.

He flew out of the tree hole. The moment he flew out, he sensed that the auras were nearby!

"So powerful, are they really from World Defying Stage?" Chen Xiang felt a tinge of fear in his heart, but he then suddenly teleported. Just as he teleported, he sensed a scorching Qi at the place he was previously at, following which a wave of flames surged towards him.

A large portion of the trees in the Everlasting Forest were enveloped in flames, and Chen Xiang was right in that area just now!

Chen Xiang turned his head to look at the raging flames and couldn't help but shiver in his heart. If he was the one at the center of the flames earlier and was struck like this, he wasn't sure if he would have been able to withstand it.

At this moment, he heard another rumbling sound, accompanied by waves of violent thunder and lightning aura!

"They didn't notice that I had already left, so they made their second attack." Chen Xiang took a deep breath, the people Forget-me Divine Race had sent were extremely powerful.

"Not good, they're coming!" Chen Xiang didn't know why, but the other party would always be able to discover him.

He immediately teleported away and quickly left the area!

Just like before, just as he left, the place where he was previously at was met with a thunderous barrage of attacks. Luckily, this forest was able to quickly restore itself, otherwise, the entire forest would be destroyed.

Chen Xiang was currently teleporting away nonstop, not daring to stay where he was. Otherwise, he would be in danger!

Although the old men in the forest were surprised, they did not find it strange. They seemed to already know that someone had offended Forget-me Divine Race and was currently being chased by him with all their might.

"There are actually seven of them. Moreover, they are all very close to each other, so they should be able to pinpoint my location. I can't sneak attack them at all, and their own defenses are very solid as well!" Chen Xiang could be considered to have met his match this time, "The late stage Ancestors are truly frightening, each of them possessing such powerful strength, just what background does this Forget-me Divine Race have?!"

[Chapter 2968](#)

Chen Xiang could not retaliate at all. Unless the opponent was alone, he would not be able to win against so many opponents.

"Do we have to keep on running like this?" Chen Xiang found it hard to understand that his position had still been discovered by the other party.

Even if he wasn't discovered, with the opponent's strength, it would be difficult for him to defeat these seven strong people.

Chen Xiang had already used two of his teleportation abilities to dodge, although it did not exhaust him, it gave him no pressure and he did not dare to leave Ao Shi Forest, as he did not know what was waiting for him outside.

"Motherf*cker, Forget-me Divine Race is really going too far." Chen Xiang could only stall for time. When Jiang Sijing stepped into the World Defying Stage, he would be able to provide him with World Defying Stage Divine Power, and then he would be able to use that Proudful God. With this, he felt that dealing with the seven powerful Venerable ancestor realm would be much easier.

However, when he was constantly teleporting, he suddenly felt that the aura around him was different!

"Crap!" It was only then that Chen Xiang suddenly realised that he had entered a trap set up by an enemy. A gigantic divine formation filled with Spirit grain appeared below him.

The moment the divine formation activated, Chen Xiang felt a mysterious force attack him, preventing him from controlling the power within his body.

At this moment, a purple coloured giant suddenly descended, enveloping him!

"We've finally caught him. It's all thanks to the proud array disc that the elder gave us that we were able to catch him!" A man dressed in purple came up to Chen Xiang.

Chen Xiang was standing on the array disc, the array disc was releasing its light, his body was also covered by a purple light, the Thunder power that he was constantly releasing was extremely powerful, causing his entire body to feel numb, he was unable to use any Spirit Qi, it was clear that this was another World Defying artifact.

"You bastards really want to capture me that much?" Chen Xiang was trying to think of a way to get rid of this seal, and he wasn't willing to be taken just like that.

"Hmph, you brought this upon yourself. This time, you are dead for sure! You actually killed one of our Emperor Stage Venerable Ancestor. Don't you know that all of our Emperor Stage Venerable Ancestors are very important figures in our clan?" The man sneered.

Just as Chen Xiang was about to die with them, a white light suddenly shot over. Chen Xiang felt that this Qi was extremely familiar, and he could not help but be shocked, not daring to believe it!

"Sun Lingxing, you ... "Why are you here!" A purple robed man shouted in surprise.

If not for the man, Chen Xiang would never have dared to believe that Sun Lingxing would actually be here!

Sun Lingxing was from World Defying Stage, the people from World Defying Stage would retreat once they enter here, but Sun Lingxing was still here!

"I just want to know how many dirty things you've done!" It was indeed Sun Lingxing. At this moment, she was dressed in simple white, and instantly appeared in front of Chen Xiang. With a light wave of her jade hand, the purple light enveloping Chen Xiang's body was also lifted.

And the array disc below Chen Xiang's feet had lost its light, it stopped moving, and Chen Xiang could now use Dao Energy!

"You ... How did you get in!" The man in purple retreated a few steps, and the other six people in purple also retreated with faces full of shock. They all knew how strong Sun Lingxing was, and they knew that he was definitely not someone they could deal with.

After Sun Lingxing stepped into the World Defying Stage, although she held a high position in there, she did not normally bother with clan affairs. Instead, she spent a lot of time cultivating in seclusion, so she did not know about many things.

The last time Chen Xiang killed a branch family of a Forget-me Divine Race, she knew that the Forget-me Divine Race she was in had many shady affairs. At that time, she still believed more in Chen Xiang's words, but now, he was even more certain of it!

Her eldest uncle and aunt wanted to obtain Chen Xiang's spatial cultivation technique and did not hesitate to send their Emperor Stage Venerable Ancestor to capture Chen Xiang!

"How I came in had nothing to do with you!" Sun Lingxing's expression was currently ice-cold and her tone carried a faint killing intent, causing the few purple-clothed men to tremble in fear.

Chen Xiang took out her Heavenly magic sword and was about to rush forward to attack, but she was stopped by Sun Lingxing's jade hands.

"Don't go over, leave this to me." Sun Lingxing said in a low voice.

Chen Xiang gnashed his teeth as he glared at the purple-clothed men, and then, decided not to make a move for the time being. Seriously, he couldn't beat these mysterious and powerful purple-clothed men right now.

"Considering that you are all important Divine Grade Venerable Ancestors of my clan, I will release you this time. Go back and tell me about the Sun Clan's elders and clan leader, just like them, I, Sun Lingxing, won't be going for a long time. They lied to me for so long, I'm very angry." Sun Lingxing said: "Hurry up and f * * k off!"

After Sun Lingxing finished, the few men in purple quickly left the place.

"Follow me!" Sun Lingxing said softly to Chen Xiang before gracefully flying into the air.

Chen Xiang was a little unhappy in his heart, because Sun Lingxing had let the seven purple robed men go, but he could only follow Sun Lingxing now. If not for Sun Lingxing this time, he didn't know how he would have escaped danger.

The reason Sun Lingxing came to save Chen Xiang was also to make up for the mistake she made that day. After all, she was the one who leaked the news that Chen Xiang possessed immense spatial power, causing the elders of her clan to covet her and caused Chen Xiang to cause trouble.

That day, when Chen Xiang left, she had already decided to investigate this matter secretly and it turned out to be the truth. Her uncle and a few elders of the World Defying Stage had indeed concealed it from her and captured Chen Xiang in order to force Chen Xiang to hand over his spatial technique.

Chen Xiang followed Sun Lingxing to a big tree and entered into a tree hole. Inside the tree hole was a staircase that led to a secret underground room.

He followed Sun Lingxing to a very deep underground stone room. Although it was underground, it was not humid and it was very warm with a warm yellow light.

"They won't find us here." Sun Lingxing pointed to a stone chair, and softly said: "Sit!"

After Chen Xiang sat down, he asked curiously: "How long have you been here? This underground cave is not made recently! "

At the moment, they were in the hall, and here, Chen Xiang could see several stone doors. There should be a few other stone rooms.

"When I was still not the World Defying Stage, I often entered here, and only I know of it. Furthermore, there is a formation array that can stop our clan's ghost elders from using all kinds of incantations to track us." Sun Lingxing let out a light sigh, and said: "That day when you were captured and went to sleep, their hair was taken away by them. That's what was needed to use the Tracing mantra, so they knew where you were."

[Chapter 2969](#)

"These bastards, they actually cut my hair without my permission!" Chen Xiang curled his lips. "Sooner or later, I'll have to cut off his head to take revenge!"

She could feel Chen Xiang's anger, and at that time, when she had ascertained what Chen Xiang had done, she was also very angry in her heart. It was hard for her to imagine that an elder she had spent so much time with, was actually going all out against others for the sake of cultivating techniques.

"Oh right, how did you come in? Weren't you from World Defying Stage?" Chen Xiang said, he was also extremely curious about this matter.

"I'm not anymore!" Sun Lingxing faintly sighed, "This is all to make up for my own mistakes. Fortunately, I was able to save you in time; otherwise, I wouldn't even know how to forgive myself."

Chen Xiang was stunned, he could not imagine that Sun Lingxing would sacrifice so much to save him. He was shocked in his heart, but he was also excited about it.

"Since this has nothing to do with you, then I'll forgive you." Sun Lingxing had done this, and even saved him, so there was nothing he could do.

"This is nothing. I can cultivate once more at any time!" On one hand, I came here to save you, and on the other hand, I wanted to see what exactly is inside World Defying Stage Divine Mausoleum. Sun Lingxing said: "I have been in the World Defying Stage for a while, but improving is extremely difficult, and rumors say that there is a method to train in the World Defying Stage Divine Mausoleum, it can allow people to train in it even faster."

"There is indeed such a rumor. I have been staying here all this time because I wanted to go in and take a look." Chen Xiang said: "Otherwise, if I leave, those fellows won't be able to do anything to me."

Chen Xiang felt that if he left this area, the Forget-me Divine Race would definitely not chase after him.

"Then stay here for the time being. If you want to leave this underground palace, you must go with me. Although you are strong, you are still not a match for the few days of Divine Grade Venerable Ancestor. Even I do not have the confidence to defeat them." Sun Lingxing said.

"No wonder you didn't let me fight back then. So it turns out you can't beat them yourself!" Chen Xiang had lost all of his cultivation, and was no longer part of World Defying Stage. Facing the few powerful Divine Grade Venerable Ancestor, he did not have much confidence.

"Those are all Divine Grade Venerable Ancestor s, they are much stronger than the Emperor Stage Venerable Ancestor s you met before!" Sun Lingxing said, "In our Sun family, there are only ten Divine Grade Venerable Ancestor s, but now seven have come. Furthermore, all of them came prepared, and all of them were supported by the clan elders, and all of them have World Defying artifact s in their hands! "

"If it's one or two, you should be able to handle them, but seven ... Even if you join hands with me, you would still have no chance of winning. "

Chen Xiang asked: "Are they really that powerful?"

Sun Lingxing said: "They all have ten World Defying Stage Divine Power Orbs in their bodies, and these ten World Defying Stage Divine Power Orbs have been infused into their bodies for many years already. Once they use up all their World Defying Stage Divine Power s, the clan elders of the World Defying Stage will help them fill them up, do you know how powerful they are now!"

"No wonder!" Chen Xiang finally understood why those few guys had the powerful aura of the World Defying Stage on them. Thinking about it now, his hair stood on end.

Chen Xiang was very clear about his own strength. Against opponents of the same level, even a few would be unable to defeat him, and against those of the same level, Divine Grade Venerable Ancestors only needed two to take him down.

"They will soon know that my cultivation has regressed, and that they will come again." Sun Lingxing said: "My cultivation has regressed, and is of no value in their eyes, so if they see me again, they will definitely kill me."

"So cruel!" Chen Xiang was surprised. After all, Sun Lingxing had great potential.

"It's that cruel. In their eyes, your spatial cultivation technique is many times more valuable than mine." Sun Lingxing was a little helpless, but she seemed to have already seen through the situation. "That's right, if they put the pearl in their own bodies, would it have any effects?" Chen Xiang also wanted to try and see if he could put the World Defying Stage Divine Power Orb in his body to let him have a strong World Defying Stage Divine Power.

Their goal in merging the World Defying Stage Divine Power Beads into their bodies was not to control the powerful World Defying Stage Divine Power, but to allow them to cultivate either a World Defying soul or an unparalleled profound body. This was their initial goal, but later on they realized that after fusing with their body for a period of time, their control over the World Defying Stage Divine Power was very good. Sun Lingxing said, "Then they decided to choose the ten people with the greatest potential from the Emperor Stage Venerable Ancestor and let them integrate into the World Defying Stage Divine Power Orb."

"At first, it was a pellet, but after that it continued to increase. Finally, it had to bear the limit of ten World Defying Stage Divine Power Pearls. This allowed them to use a little bit of the World Defying Stage Divine Power to control World Defying artifact. If you do not have the World Defying Stage Divine Power, defeating them would be extremely difficult. "

Chen Xiang felt that he would also have World Defying Stage Divine Power soon, at that time, once the Mei Jing Sisters makes a breakthrough, he would also want to try and see if he can directly borrow World Defying Stage Divine Power from the Mei Jing Sisters and the others to use.

He felt that if he used the World Defying Stage Divine Power to release the World Defying god fire, it would become even stronger and help him increase his strength!

"My World Defying god fire should also be a part of the World Defying Stage Divine Power ..." Chen Xiang thought in his heart.

"Spirit Star, have you heard of World Defying god fire?" Chen Xiang still did not understand the World Defying god fire s enough.

"Of course! There are three clans in the Forget-me Divine Race. Other than me, who has a total of nearly twenty World Defying Stage s, training and producing World Defying god fire are the direction that they are working hard towards right now! World Defying god fire belongs to a type of 'force' that is very

different from normal flames. The force can't be seen, so World Defying god fire can't see it. Sun Lingxing said.

Chen Xiang could release World Defying god fire, but he knew that he wasn't strong enough. Only by using the World Defying Stage Divine Power to activate it, would he become a true World Defying god fire.

Chen Xiang planned to think about how he could use an even stronger World Defying Stage Divine Power in terms of cultivation. He felt that if he used it well, he might even be able to kill off World Defying Stage!

In next to no time, he had a direction.

He felt that he could use the art of refining to forcefully refine the World Defying Stage Divine Power, make the World Defying Stage Divine Mausoleum stronger, and then refine a World Defying Stage Divine Power Pellet. When he needed to use the World Defying Stage Divine Power, he would eat one pellet!

"I just need to wait for Sijing to break through, at that time I can give it a try!" Chen Xiang's hands suddenly started to itch, he wanted to try right now, but he did not have the World Defying Stage Divine Power.

[Chapter 2970](#)

Sun Lingxing let Chen Xiang choose a stone room here, then she left the underground palace to go outside and investigate the situation. Right now, she also needed to grasp the movements of the elders in the Forget-me Divine Race in a timely manner.

Chen Xiang was not worried about her. Although Sun Lingxing had lost her cultivation, she was still very strong, so Chen Xiang felt that she was hiding something.

"This woman definitely has that kind of World Defying Stage Divine Power Pearl on her body!" Chen Xiang thought: "There must be quite a few ... She might even have a way to turn her Dao energy into World Defying Stage Divine Power and store it inside the World Defying Stage Divine Power Orb. "

Chen Xiang had once belonged to the World Defying Stage, and had stayed in the World Defying Stage for a long time. Now that she had decided to enter this forest, she would definitely be well-prepared, and might even be able to use the World Defying Stage Divine Power technique inside.

"Whatever, as long as Sijing steps into the World Defying Stage, I can still use the powerful World Defying Stage Divine Power." Chen Xiang was secretly refining the Everlasting Pellet in the stone room. He felt that he had nothing better to do at the moment, not to mention when he was refining, he could shorten the time by using the Time Laws.

Chen Xiang had concocted for a few months and had accumulated a lot of Earth Limitless Pill. Although he couldn't step into the World Defying Stage here, he still ate a lot of Earth Limitless Pill.

He was still a distance away from World Defying Stage, so consuming the Earth Limitless Pill would allow him to increase his strength even more. For example, in terms of his physical body, would allow him to be stronger, and the Six beasts inside the Six souls would also be stronger.

"The Myriad Tao's divine arts are powerful indeed. As long as I have enough Earthen Limitless Pill, my cultivation would advance by leaps and bounds." Chen Xiang had cultivated for more than a month, so he could even more clearly sense the impressiveness of the Myriad Tao's divine arts.

He had spent more than six months refining pills and cultivating, but only six months had passed outside.

"Go out and see if that woman is back yet!" Chen Xiang did not know when Jiang Sijing would make a breakthrough, as it had been a long time since then. He could not wait any longer, and wanted to quickly refine the World Defying Stage Divine Power Pellet, so he decided to ask Sun Lingxing if he had any World Defying Stage Divine Power Pearls in his hands.

When he walked out of the secret room, he saw Sun Lingxing sitting on a chair, one hand on her forehead. Her expression was haggard and haggard, her beautiful face was pale white, and she gave off a very weak feeling.

"Spirit Star, what happened to you?" Chen Xiang anxiously asked, he walked over and realised that Sun Lingxing's Profound Spirit Qi was extremely thin.

"He's injured!" Sun Lingxing said softly before sighing, "I did not expect that the three clans would actually join hands and try to capture me. Fortunately, I was able to make it back in time!"

"Why? Aren't you of no value to them? Why would they bother to capture you?" Chen Xiang did not understand.

Sun Lingxing did not answer, she only shook her head, obviously there were some things that she did not want to tell Chen Xiang.

Chen Xiang secretly guessed that Sun Lingxing might have obtained something very important in the Forget-me Divine Race, which was why the three clans had teamed up to capture her.

"Aren't you going to take a break?" Although he was currently with Sun Lingxing, the relationship between the two wasn't really that close.

"It's fine, I'll just sit here for a while. You must not go out, the Divine Grade Venerable Ancestor from the three clans are searching for us in the forest." Sun Lingxing said: "They have already set you as their target, your space will be extremely enticing to them."

Chen Xiang curled his lips and said: "These guys are bandits, relying on their own strength to plunder others' things. Once I become stronger, I will definitely exterminate all of them."

"It's not that easy. They are also waiting for the World Defying Stage Divine Mausoleum to open." Sun Lingxing shook his head.

"They won't get a chance to go in." Chen Xiang snorted, the Forget-me Divine Race chasing after him made him feel a lot of humiliation, making him unable to run up the stairs.

"Spirit Star, do you have the World Defying Stage Divine Power Orb?" Chen Xiang asked: "You must have kept some for yourself!"

"Yes, but I have used up all the World Defying Stage Divine Power inside, so I need to ... "It will take some time to gather." Sun Lingxing said.

This was exactly what Chen Xiang had guessed previously, Sun Lingxing knew how to condense the World Defying Stage Divine Power, she was only at the Venerable Ancestor Later-stage level of cultivation right now.

"Can you teach me how to condense World Defying Stage Divine Power?" Chen Xiang asked anxiously: "As long as we have the World Defying Stage Divine Power, I do not need to be afraid of them, there are so many of them, and all of them have fused with the World Defying Stage Divine Power Orb, I am not their opponent, because it is not fair in the first place."

"I would like to teach you, but only I can use this method." Sun Lingxing said: "This is mainly because my physique is different, I am born with a prideful divine body, so even though I am not a World Defying Stage, I can still condense World Defying Stage Divine Power, but it will take a bit longer."

"There's actually such a thing, the Prideful Divine Body!" Chen Xiang didn't really understand the Primordial Divine Body, but he knew how to be very powerful.

"Yes, that's also why they caught me. They seem to be afraid of something ... Afraid that I will enter the World Defying Stage Divine Mausoleum. " Sun Lingxing frowned slightly: "Before this, they always told me that the World Defying Stage Divine Mausoleum was extremely terrifying, and told me not to go near it. Before I stepped into the World Defying Stage, they always sent people to drive me.

"After I stepped into the World Defying Stage, they were very relieved, because they thought that I would not enter the World Defying Stage Divine Mausoleum, after all, no one would be willing to give up on the cultivation level of the World Defying Stage."

When Chen Xiang heard about this, he was extremely curious!

It was very normal for Sun Lingxing to have such suspicions. Now, Chen Xiang felt that the Forget-me Divine Race was also afraid of Sun Lingxing entering the World Defying Stage Divine Mausoleum.

"Spirit Star, if you want to investigate the situation outside, you don't need to leave by yourself." Chen Xiang released more than a hundred rats.

Sun Lingxing saw that many mice had suddenly appeared and frowned: "These aren't normal mice right? His physical body looks pretty strong! "

"Hehe, of course, this is not an ordinary mouse. This is called a rat devourer, it's very powerful ... I'll teach you how to use it now. "

She didn't think that this type of rat would not only have a strong body, but its speed was also extremely fast. Its concealment ability was also very strong, and it could even become bigger.

"If you have an extra World Defying Stage Divine Power, you can try and see if it can strengthen these mice. These hundred plus are all I give you!"

Sun Lingxing was extremely grateful, and she released more than ten of them. She greatly valued these rats, as she had never seen such a good thing before.
