

## Dan God 3011

### [Chapter 3011](#)

Seeing the familiar faces of Long Xueyi and Yue'er, Chen Xiang felt a lot more at ease. They were still here, but the valley was covered with an extremely powerful array, making it impossible for him to discover them.

"If it wasn't for that, the Natural Law Divine Lord might have attacked them." Chen Xiang was also unable to enter the Natural Law World now, and he did not know what was the reason for this.

Long Xueyi and Yue'er had just come out and disappeared. Chen Xiang could feel that Yue'er was using the power of space!

"Where did they go?" Chen Xiang was unable to track where they teleported to. "

Chen Xiang tried to communicate with the people inside the Hundreds of Flowers Village, but they were unable to find anyone around.

"Why are they so wary? Is there some powerful being that is a threat to them? " Just at this moment, he saw a beautiful red figure. It was a woman in red, and she was Xia Bailing, whom Chen Xiang was extremely familiar with!

"Sister Bai Ling!" Chen Xiang immediately focused and sent a sound transmission to Xia Bailing.

Xia Bailing had appeared out of the blue, and should have used teleportation to teleport outside the Hundreds of Flowers Village, but just as she was about to enter the Hundreds of Flowers Village, she suddenly heard a familiar voice!

"Little Scoundrel!" Xia Bailing shouted in shock, and then turned his head to look around, but he did not see Chen Xiang.

"It's me!" I can't go back now, but I can see the Natural Law World. What kind of situation have you guys met with? Chen Xiang asked.

Hundreds of Flowers Village and Heavenly Dragon City should be the strongest forces within the Natural Law World, but they had to be this cautious!

"It's a long story!" Xia Bailing was very happy to be able to communicate with them, because Chen Xiang had already left them for a period of time. They all missed Chen Xiang very much and wanted to know more about Chen Xiang's situation.

"How are you doing in Divine Wasteland?" Xia Bailing asked.

"Not bad, he's still alive." Chen Xiang laughed, "Your current strength is not weak either!"

Xia Bailing was now a member of the Venerable Ancestor Later-stage, and could not be considered a part of the Divine Wasteland s. To be able to reach such a cultivation level, it could be seen that the group of female Alchemist s inside the Hundreds of Flowers Village had played a great role.

Chen Xiang was surprised. In the Natural Law World, resources were scarce, far inferior to the Divine Wasteland, but they could refine pills to continuously raise their cultivation. This was not easy.

"It's good that you're fine, we're worried about you! "You are a troublemaker. You must have provoked a lot of Mafa when you went there." Xia Bailing laughed, "There's no you here. It's been peaceful for many years ... It's just that some guy from the World Defying Stage Heavenly Sect suddenly appeared, he's very strong. "

The fact that someone from the World Defying Stage Heavenly Sect was here shocked Chen Xiang!

"The people from the World Defying Stage Heavenly Sect are really hateful, it's a good thing that there is a Myriad Tao Divine Mountain here that can fight them, otherwise we wouldn't be able to live in peace." Xia Bailing sighed: "It's good that you're back, we are being bullied by the World Defying Stage Heavenly Sect here, we have to be careful when we leave."

"My Divine Wasteland also has a World Defying Stage Heavenly Sect! "Don't worry, I'll get even with them." Chen Xiang thought of the World Defying Stage Heavenly Sect and his heart grew cold. Then, he asked, "Sister Bai Ling, tell me about the Myriad Tao Divine Mountain!"

Xia Bailing briefly told Chen Xiang about the Myriad Tao Divine Mountain.

The Myriad Tao Divine Mountain had appeared in the Natural Law World very early on to promote the cultivation methods of the Myriad Tao, while Lv Qilian and the others had also sent some outstanding women there to learn. Other than that, the Heavenly Dragon City and the other forces had all sent many people to the Natural Law World to cultivate.

It was also at that time that Feng Yujie and the other pill refiners grasped many pill formulas and medicinal ingredients. It was also at that time that everyone learned the secrets of the many realms behind and after many years, a portion of them managed to cultivate to the Venerable ancestor realm.

"Go and tell Big Sister Qilian that you contacted me! "Help me call out to the other girls, saying that I miss them too. When I return, let them bully me." Chen Xiang laughed.

"You are the one who wants to bully them, right? "Little Scoundrel!" Xia Bailing laughed, then warned him in a serious tone: "You have to be careful yourself, World Defying Stage Heavenly Sect and these guys are all bastards!"

"I will pay attention. I will think of a way to go back, or perhaps I will think of a way to help you become stronger!" Although Chen Xiang was unable to return, he was able to communicate with the people of the Natural Law World.

"Hm!" "You should pay more attention to this place. People will come out from time to time." Xia Bailing said.

"Oh yeah, I saw Xueyi and Yue'er earlier, but they disappeared the moment they ran." Chen Xiang asked: "Where did they go?"

"They should be going to the Heavenly Dragon City to deliver the pills and then take some medicinal ingredients from there. Most of us who know how to use the power of space will be out by now, so it will be more complete." Xia Bailing said.

"Alright, you go back first. It's not safe to stay outside for too long." Chen Xiang said.

Xia Bailing said goodbye to Chen Xiang somewhat unwillingly, then hurriedly returned to the Hundreds of Flowers Village to spread the news of her meeting with Chen Xiang.

When Chen Xiang withdrew his consciousness from Natural Law World's body, he saw that the Wangwo poison on his body was already in a violent rage. At this moment, he was rolling on the ground in pain and screaming miserably.

"Chen Xiang, how is your Natural Law World doing?" Sun Lingxing asked.

"My friends and family are all good!" Chen Xiang said: "It's really strange that a World Defying Stage Heavenly Sect and a Myriad Tao Divine Mountain suddenly appeared there!"

Chen Xiang had asked Xia Bailing before, but he didn't know why he would suddenly have a Myriad Tao Divine Mountain. And World Defying Stage Heavenly Sect had only just appeared in these few years.

After Sun Lingxing heard this, his expression changed, and he said solemnly: "This is not a good thing! Myriad Tao Divine Mountain is ... But they are the ones in charge of executing some people. Back then, we were sent to the World Defying Stage Divine Mausoleum by the people from Myriad Tao Divine Mountain. "

"However, there aren't many World Defying Stage in the Natural Law World. Instead, there are some World Defying Stage s among the World Defying Stage Heavenly Sect s that have appeared in the rear." Chen Xiang said: "And Myriad Tao Divine Mountain is also developing the cultivation method."

"Then this is strange. Myriad Tao Divine Mountain suddenly descending into a small world, there must be some secret within." Sun Lingxing said.

"Haha ..." Natural Law Divine Lord suddenly laughed wildly: "That's because Myriad Tao Divine Mountain is there to pick slaves and is preparing to build a new tomb there. When the time comes, you bunch of conceited people will be buried!"

"Hmph, speaking so much even before death!" Chen Xiang took out a Wangwo scent. When Natural Law Divine Lord saw it, he really wanted to immediately grab it, but when he reached Chen Xiang's feet, he was immediately kicked away.

"Spirit Star, I'll leave it to you to finish him off." Chen Xiang said.

Sun Lingxing waved his hand and summoned a meteor to exterminate the Natural Law Divine Lord who was trapped in endless pain!

## [Chapter 3012](#)

Chen Xiang and Sun Lingxing left the Prideful Forest, since the World Defying Stage Divine Mausoleum here had not been closed yet, they could still go in now. As for whether or not they could find a good inheritance inside, no one knew.

"I wonder how World Defying Stage Evil Ancestor is doing now. His strength seems to be stronger than World Defying Stage Tao Ancestor and World Defying Stage Dragon Ancestor." Chen Xiang was more worried about this, so he increased his speed on his way back.

He was given a lot of hope by the World Defying Stage Dragon Ancestor back then, so if there was any mistake, he would feel very guilty. "

Chen Xiang brought Sun Lingxing and quickly arrived at the Sea of Wangwo flower.

"This sea of flowers is extremely dangerous. Should we remove it?" asked Sun Lingxing. Since the Forget-me Divine Race was still here, Sun Lingxing had no plans to go back. She understood the dangers of these Wangwo flower very well.

"If you can get rid of it, then do it! This place will be exposed sooner or later, and there will be a lot of people coming from the bottom of the pit. " Sun Lingxing said: "World Defying Stage Divine Mausoleum does not need any protection, there are dangers inside World Defying Stage Divine Mausoleum itself."

Originally, there were no Myriad Tao Mausoleum s here, and maybe in the future, they would disappear and this World Defying Stage Divine Mausoleum would appear again.

"Alright, I'll try." Chen Xiang released a wave of World Defying god fire s.

A wave of scorching heat appeared and the beautiful purple Wangwo flower below gradually turned into purple light mist, and then evaporated and disappeared.

When Chen Xiang saw that it was effective, he immediately released a large number of World Defying god fire s.

The World Defying god fire burned for several hours before finally burning this entire sea of Wangwo flower!

"It won't grow back." Chen Xiang said: "Since it's like this, then we no longer have to worry about having lunatics like Head of Forget-me Race!"

Sun Lingxing nodded his head, if not for Chen Xiang using his World Defying god fire to stop Head of Forget-me Race and the rest, they would have all escaped by now. If they continued to rely on his Wangwo poison to raise their strength, before long, they would have lost their minds and become terrifying existences.

Sun Lingxing looked at the distant forest and sighed softly. Then, he followed Chen Xiang and left for the Dead Land.

"Spirit Star, when Natural Law Divine Lord died, he said that Myriad Tao Divine Mountain was there to pick slaves to build a World Defying Stage Divine Mausoleum. What was going on?" Chen Xiang said: "Although this guy is detestable, his words are still rather reliable."

"We love and hate the Myriad Tao Divine Mountain!" Sun Lingxing said: "At the very beginning, the people from the Myriad Tao Divine Mountain taught us how to make use of the power of the Myriad Tao, allowing us to grow quickly. In the end, when they thought about how the power of the Myriad Tao would be exhausted, they made a rule to kill us."

"The words of the Natural Law Divine Lord are indeed correct. The appearance of the Myriad Tao Divine Mountain there, the inheritance there, and the people there becoming stronger are all very likely because they are planning to use the life there. As for whether or not they want to build a new World Defying Stage Divine Mausoleum, I am not sure! But it's probably not going to be a good thing. " Sun

Lingxing said: "But World Defying Stage Heavenly Sect is also there, so this must be some sort of secret that led to it being there."

"The strength of the Myriad Tao Divine Mountain does not look as strong as it used to be. Otherwise, they would definitely not allow the World Defying Stage Heavenly Sect to exist."

Before, Chen Xiang had thought that the Myriad Tao Divine Mountain was a good thing, because the Myriad Tao Divine Mountain had passed down many things to the Heavenly Dragon City and them, allowing them to increase their strength quickly.

But from the looks of it, the Myriad Tao Divine Mountain was uneasy but had good intentions!

"Who was the person responsible for the construction of this World Defying Stage Divine Mausoleum all those years ago?" Chen Xiang asked: "The composition of the World Defying Stage Divine Mausoleum's space is very strong. Inside is a very big world with many mausoleums, it should have been created by a group of strong people right?!"

"It was built by us. Quite a few guys that lived inside had done it. It's just that at that time, we didn't know it was their own mausoleum. We only found out about it at the end!" Sun Lingxing sighed: "At that time, many people were trapped inside, and if they were unable to absorb the Myriad Tao's power outside, without levelling up, they would die of old age!"

"That's why I have to say, that Myriad Tao Dan God is quite amazing. The Dan God Mysterious Land he built is really amazing, he was able to generate Myriad Tao's power on his own, and he could even make a breakthrough inside. Many of the people who were at the same time as the Myriad Tao Dan God back then are definitely dead now." Sun Lingxing said.

"En!" Chen Xiang agreed very much with Sun Lingxing's words. Myriad Tao Dan God was indeed very powerful, able to escape the control of the Myriad Tao's laws.

At this time, Chen Xiang kept an eye on the Myriad Tao Divine Mountain, he immediately went to see outside of the Hundreds of Flowers Village, and did not see anyone appear. He wanted to quickly inform the women inside the Hundreds of Flowers Village of this matter, so that they would be wary of the Myriad Tao Divine Mountain.

Not long later, Chen Xiang saw a white figure!

"Little Naughty Dragon, Yue'er!" Chen Xiang anxiously shouted, it was Long Xueyi and Yue'er who had returned!

"Little Scoundrel!" Long Xueyi and Yue'er shouted in alarm at the same time, they still did not know about Chen Xiang's situation.

"Where are you? Hurry up and come out, I miss you so much!" Long Xueyi looked around anxiously.

"Hehe, I also miss you a lot!" Chen Xiang laughed, and then gave a simple explanation of how he obtained control of the Natural Law World from the Natural Law Divine Lord.

When Long Xueyi and Yue'er heard about it, they were also extremely shocked. Chen Xiang had actually become so powerful, but unfortunately, they were still unable to return to the Natural Law World.

"These guys are getting more and more sensitive!" Chen Xiang allowed Sun Lingxing to enter the You Yao Mountain Villa, then he teleported himself to an underground secret room.

World Defying Stage Dragon Ancestor's soul fragment was still here. When he saw that Chen Xiang had arrived and become very strong, he was overjoyed!

"Dragon Ancestor, what's the situation now?" Chen Xiang asked anxiously.

"Not good. The World Defying Stage Evil Ancestor is getting stronger and stronger for some reason. Previously, the Daofather and I fought with him. We almost couldn't beat him." World Defying Stage Dragon Ancestor said, "What about you? How are things going? "

"The World Defying dragon demon was killed by me, along with his group of brothers. They were all killed by me, how am I supposed to get into that seal?" Chen Xiang said: "Or is it to remove the seal and let you out?"

"What is your current cultivation level?" The World Defying Stage Dragon Ancestor only had a soul fragment at the moment, so he could not see Chen Xiang's true strength, but he was sure that Chen Xiang was definitely in World Defying Stage right now.

"World Defying Stage's Profound Rank has just reached the initial stage. I've just cultivated the Primordial Profound Body and World Defying soul!" Chen Xiang said, according to cultivation level, he was indeed at this cultivation level, but his strength was not.

Because his World Defying soul were six proud and unparalleled soul beasts, and only one was a World Defying beast with an arrogant and profound body, its strength was extremely terrifying, and one could not directly see it with their cultivation.

"So fast!" The World Defying Stage Dragon Ancestor was extremely shocked, he felt that it was already pretty good that Chen Xiang was able to enter the World Defying Stage.

"Dragon Ancestor, the situation outside is not looking good either!" A World Defying Stage Heavenly Sect or something has appeared. " Chen Xiang said.

Sure enough, when he talked about World Defying Stage Heavenly Sect, his expression changed and was filled with worry.

"This damned World Defying Stage Heavenly Sect, he actually broke the seal." World Defying Stage Dragon Ancestor scolded in a low voice: "It seems you know what kind of trash this World Defying Stage Heavenly Sect is!"

Chen Xiang had told him before that the World Defying Stage Heavenly Sect was not a good person and that he could tell this from the joint forces of the World Defying Stage Heavenly Sect and the Dragon Demon.

"But you don't have to worry. If the World Defying Stage Heavenly Sect really does appear, then his sworn enemy should be appearing soon." He seemed to know more than Sun Lingxing. After all, Sun Lingxing was already sealed in the World Defying Stage Divine Mausoleum back then, and the World Defying Stage Heavenly Sect was only built later on.

Who is World Defying Stage Heavenly Sect's sworn enemy? Although Chen Xiang had the answer in his heart, he didn't dare to be sure.

"Myriad Tao Divine Mountain!" World Defying Stage Dragon Ancestor said, "This Myriad Tao Divine Mountain and this World Defying Stage Heavenly Sect have never stopped!"

"Why?" This was exactly what Chen Xiang had guessed, Myriad Tao Divine Mountain and World Defying Stage Heavenly Sect were indeed sworn enemies.

"I just heard that the Daofather said that the Myriad Tao Divine Mountain was in charge of executing the punishment of the Myriad Tao's laws, and the World Defying Stage Heavenly Sect had violated the punishment, and had even fought against the executor back then. This caused the World Defying Stage Heavenly Sect to be sealed." The World Defying Stage Dragon Ancestor said.

The World Defying Stage Heavenly Sect was indeed sealed for a period of time. Tang Zhongjie was originally from the World Defying Stage Heavenly Sect, but he never thought that it would be sealed by the Myriad Tao Divine Mountain.

Tang Zhongjie had said before, that the World Defying Stage Heavenly Sect was sealed by a mysterious power and it was actually done by the Myriad Tao Divine Mountain. The Myriad Tao Divine Mountain was indeed very strong, but the World Defying Stage Heavenly Sect was not weak either, to actually be able to break the Myriad Tao Divine Mountain's seal.

In order for Chen Xiang to know more about the matters of the Myriad Tao Divine Mountain, he told the World Defying Stage Dragon Ancestor about the appearance of the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain.

"Before the Natural Law Divine Lord died, he said that the Myriad Tao Divine Mountain was there to find slaves, so he passed down many things to the people there." Chen Xiang asked: "Is that true?"

World Defying Stage Dragon Ancestor frowned: "There is such a possibility, in short, Myriad Tao Divine Mountain is extremely ruthless. In order to reach their goal, they use any means they can, and all living things are just a ball of energy in their eyes! They look down upon living beings, mainly because the people of the Myriad Tao Divine Mountain are ruthless lives created by the laws of the Myriad Tao! "

"Cold and emotionless is the most obvious characteristic of the people of Myriad Tao. Other than that, they also have evil tendencies, such as greed, bloodlust and so on. After all, life is like grass in their eyes, so they would definitely treat humans very badly. "

Chen Xiang now had a clearer understanding of the Myriad Tao Divine Mountain. The World Defying Stage Dragon Ancestor was originally also from the World Defying Stage Heavenly Sect, so he was sure that he had come into contact with the Myriad Tao Divine Mountain before, which was why he had such a conclusion.

"Therefore, Myriad Tao Divine Mountain appearing in the Natural Law World is most likely because he wants to train the people there to become powerful and then make them use it. We must be careful of that, if we let them control it, then it would be extremely terrifying!" World Defying Stage Dragon Ancestor said: "You said before, that World Defying Stage Heavenly Sect only appeared there after Myriad Tao Divine Mountain appeared, right?"

Chen Xiang had told him this, because the Myriad Tao Divine Mountain appeared first, it allowed them to have a certain level of power foundation to resist the World Defying Stage Heavenly Sect, and the World Defying Stage Heavenly Sect also made them feel extremely disgusted! Because the Myriad Tao Divine Mountain had helped them, they had a good impression of the Myriad Tao Divine Mountain. It could be said that they completely trusted the Myriad Tao Divine Mountain and frequently sent people to the Myriad Tao Divine Mountain.

Chen Xiang explained the details again!

"Then we should be even more careful." The World Defying Stage Dragon Ancestor said, "Now the Myriad Tao Divine Mountain will begin to create conflicts between the humans there and the World Defying Stage Heavenly Sect. Once the time is right, the Myriad Tao Divine Mountain will make a move on the humans there."

Chen Xiang had already warned Lv Qilian and the others before, telling them to be careful of the Myriad Tao Divine Mountain.

"Dragon Ancestor, World Defying Stage Tao Ancestor has created so many worlds. After following him for so many years, you must have experience in these areas! I want to ask, how do I get back to the Natural Law World? Even though I am able to channel the power of the Natural Law World, I don't feel that I am controlling the operation of the Natural Law World at all. " Chen Xiang said. He had previously tried to change the timing and circulation of the Natural Law World, but he could not succeed.

"The reason why you are still unable to control it is because the overall strength of that world is already greater than your current strength." World Defying Stage Dragon Ancestor said, "The Taoist is also in the same situation. He is currently unable to control the world he created!"

"Actually, this is also one of the Myriad Tao's rules. A world is equivalent to a living being, if your strength makes this world weak, you simply cannot change the rules of this world. This is a normal phenomenon! Right now, you can at least absorb the power of the Natural Law World, but the Daofather has created so many big and small worlds, making this world colorful and he can't absorb a single bit of it. " World Defying Stage Dragon Ancestor had a look of helplessness on his face.

#### [Chapter 3014](#)

When Chen Xiang thought about it, he also felt a bit helpless. The world that the World Defying Stage Tao Ancestor created to produce such a powerful living being, he was unable to absorb even the slightest bit of its power! In the end, it had to be sealed.

"If you want to go back, then this might be a bit difficult. But, I think there's still some hope for you since your power of space is so powerful!" The World Defying Stage Dragon Ancestor said, "Of course, this is mainly because your strength is too strong, and also because you are the controller of the Natural Law World, the Myriad Tao's Rules do not allow you to return!"

"However, you can try to use your clone to go back!"

Previously, Natural Law Divine Lord had gone back overboard. That clone was not very strong.

Chen Xiang needed to use his clones to bring back a few things, especially the ingredients needed to refine Heaven and Earth infinite Dan s, which could allow a person to step into the World Defying Stage.

Although this pill was rather hard to refine and required World Defying god fire s, he felt that Feng Yujie, Hua Xiangyue and the others would have a way to solve this problem.

Furthermore, he even planned to refine a few more World Defying Stage Divine Power Pearls for them to absorb their divine power to use!

"If they could cultivate World Defying god fire, then it would definitely be twice the result with half the effort! I need to hurry up and refine more World Defying Stage Divine Power Pills for them. " Chen Xiang thought, and he also had something he needed to busy himself, which was to help the World Defying Stage Tao Ancestor escape.

"We'll talk about this later!" Chen Xiang said: "Dragon Ancestor, I need to quickly help you guys defeat the World Defying Stage Evil Ancestor ... .. "Oh right, I still have a friend in the World Defying Stage who is in the Profound Rank to help me! — — Read — Fiction {b} {d} {u}"

Chen Xiang anxiously asked Sun Lingxing to come out, Sun Lingxing's strength was still very strong, although she was only at the initial stage of the Saint Body, she used all sorts of ancient techniques, and was extremely powerful.

"Alright, now you can enter the seal ... Initially, it was very easy for me to get in as well. But once we do, we can immediately kill the World Defying Stage Evil Ancestor. " Seeing that Sun Lingxing had such a powerful helper, World Defying Stage Dragon Ancestor was extremely happy and quickly replied.

Sun Lingxing asked: "Is World Defying Stage Evil Ancestor also a member of the World Defying Stage Heavenly Sect?"

World Defying Stage Dragon Ancestor didn't understand Sun Lingxing, but he knew that such a strong woman like Sun Lingxing definitely had an extraordinary background. He believed in Chen Xiang, so he didn't inquire about Sun Lingxing's background.

"Yes, we were originally all from World Defying Stage Heavenly Sect, but the Dao Ancestor and I were seen by them as traitors. The World Defying Stage Evil Ancestor and the World Defying dragon demon were here to kill us." World Defying Stage Dragon Ancestor said: "This is mainly because the things that World Defying Stage Heavenly Sect told us to do back then were too ... This touches upon the bottom line of the Daofathers. The Daofathers definitely didn't want to do this, so we left the World Defying Stage Heavenly Sect. "

"Who knew that not long after we left the World Defying Stage Heavenly Sect, the Myriad Tao Divine Mountain used a lot of power to seal the World Defying Stage Heavenly Sect."

Sun Lingxing said: "Then we must immediately kill World Defying Stage Evil Ancestor, or else World Defying Stage Heavenly Sect will come and save him! Back then, because World Defying Stage Heavenly Sect was afraid of me, he gave up on saving the World Defying dragon demon. You all became enemies with the World Defying Stage Heavenly Sect, but the strength of the World Defying Stage Evil Ancestor was very strong, so maybe they would really cherish the World Defying Stage Evil Ancestor a lot. After all, right now, the World Defying Stage Heavenly Sect needs to be strong enough to fight against the Myriad Tao Divine Mountain. "

"Yes, immediately enter the seal!" World Defying Stage Dragon Ancestor thought about this, his face changed as he anxiously replied.

Under the guidance of the World Defying Stage Dragon Ancestor, Chen Xiang brought Sun Lingxing to the seal in the middle of the Dead Land.

It was indeed easy to enter, so Chen Xiang used a spatial jump to easily enter!

There was a huge hall inside. It should have been an underground palace but it had already been sealed up by a powerful enchantment and the energy it consumed came from the Myriad Tao Mausoleum.

In order for the Divine Wasteland to operate steadily, the construction of the Myriad Tao Mausoleum attracted a large number of evil demons, and only the World Defying Stage Evil Ancestor was able to leave. In order to trap the World Defying Stage Evil Ancestor, the World Defying Stage Tao Ancestor had no choice but to use himself to lure the World Defying Stage Evil Ancestor into the barrier.

When Chen Xiang arrived, he saw the World Defying Stage Dragon Ancestor and an old man sitting cross legged in a corner, and in the other corner was an old man dressed in a black robe who emitted a black Qi. This old man had a dense Evil Qi, so he should be the World Defying Stage Evil Ancestor! After he discovered Chen Xiang, he flew over with an extremely fast speed.

World Defying Stage Dragon Ancestor and World Defying Stage Tao Ancestor also anxiously attacked! After pushing World Defying Stage Evil Ancestor back, Chen Xiang could clearly see his appearance. He had guessed that the Half-ghost Old Man was the World Defying Stage Tao Ancestor, but he did not!

World Defying Stage Tao Ancestor was very kind. He had white hair and white eyebrows, was tall and thin, wore a white robe, and currently, he was smiling benevolently at Chen Xiang.

"You actually let a little ghost in to die, haha ..." Looks like you guys don't have much ability after all!  
"How many years has it been since I've raised such a little kid?" The World Defying Stage Evil Ancestor laughed from afar.

"It's still better than yours. You raised so many underlings, took out so many crippled World Defying soul, and thought that they would become stronger to help you. But what about now? No one can be seen!" He already knew that Chen Xiang had killed the World Defying dragon demon, but he did not say anything.

"Don't be complacent." Although the World Defying Stage Evil Ancestor saw Chen Xiang coming in, he was not worried at all. It was as if he had something to rely on.

Seeing World Defying Stage Evil Ancestor's reaction, Chen Xiang and World Defying Stage Dragon Ancestor looked at each other. This meant that the World Defying Stage Evil Ancestor was waiting for the World Defying Stage Heavenly Sect to save him. They did not know how many strong World Defying Stage there were within the World Defying Stage Heavenly Sect, but it was enough to save the World Defying Stage Evil Ancestor!

World Defying Stage Tao Ancestor had stayed here with World Defying Stage Evil Ancestor for many years, so they definitely could not allow World Defying Stage Evil Ancestor to be saved!

Suddenly, Chen Xiang heard the sound transmission from the World Defying Stage Tao Ancestor: "Little friend, I will attack together with Xiao Long later. You see the opportunity to attack, see the opportunity to let that girl out! We have to deal a fatal blow to World Defying Stage Evil Ancestor, and taking into account that World Defying Stage Heavenly Sect might come at any moment, we originally wanted to discuss this thoroughly, but we had no choice but to end this quickly! "

"Alright, I'm ready!" Chen Xiang inspected all the various divine artifacts he could use before replying.

Receiving his reply, World Defying Stage Tao Ancestor suddenly teleported behind World Defying Stage Evil Ancestor, the white rod in his hand already smashed onto World Defying Stage Evil Ancestor's head! Puchi!

The World Defying Stage Evil Ancestor was also prepared, after all, he and the World Defying Stage Tao Ancestor had been stuck in this mess for many years. Although he had gotten hit on the head, he did not sustain any serious injuries.

The Evil Ancestor snorted, he immediately retaliated, and in an instant, a rumbling sound came out, the red and white light constantly flashed, the astral wind filled the entire hall, and a burst of energy surged out, causing Chen Xiang to be unable to endure it!

The World Defying Stage Dragon Ancestor also attacked, his speed was also very fast, using two swords, he had already charged into the battlefield and was cooperating with the Dao Ancestor to attack the Evil Ancestor!

### [Chapter 3015](#)

The World Defying Stage Evil Ancestor didn't seem to know about the World Defying dragon demon's death, and from the looks of it, he was still waiting for the World Defying dragon demon to save him. Otherwise, he wouldn't be so calm and collected right now, and he also didn't understand Chen Xiang well enough, so he thought that Chen Xiang was a very ordinary World Defying Stage.

Chen Xiang felt that it was a little strange. World Defying dragon demon and World Defying Stage Evil Ancestor had such a close relationship, and now that they were dead, World Defying Stage Evil Ancestor did not have any other reactions!

At this moment, the Dragon and Daofather were using all of their strength to fight the Evil Ancestor. However, it was still very difficult for them to win, which showed how powerful the Evil Ancestor was.

"This World Defying Stage Evil Ancestor is indeed very powerful. No wonder the Dragon and Daofather were unable to kill him here for so many years." What Chen Xiang did not expect was that World Defying Stage Tao Ancestor would actually receive a fierce punch from the Evil Ancestor.

After the World Defying Stage Tao Ancestor was flung into the air, Chen Xiang immediately rushed over to catch it.

"I'm fine, don't do anything for now." World Defying Stage Tao Ancestor took a deep breath and rushed out.

Ever since the Azure Dragon entered the World Defying Stage Evil Ancestor's body, the power of the World Defying Stage Evil Ancestor began to decline!

"Azure Dragon!" Chen Xiang shouted, only to see World Defying Stage Evil Ancestor's body suddenly splitting open and leaking out a green light. The green dragon's body was currently expanding, the expansion speed was extremely fast, and in a moment, the body of World Defying Stage Evil Ancestor was bursting.

"Dead?" Chen Xiang stared blankly at that black coloured fragment!

"Not yet!" World Defying Stage Tao Ancestor shouted anxiously.

Chen Xiang immediately controlled the Vermillion Bird to release flames to burn the black fragments on the ground! Just a moment ago, when he was grabbed by the Primordial Evil Ape, his body became extremely weak, as if all of the life force in his body was going to be devoured, causing him to be completely exhausted. Furthermore, the six divine beasts were not in his Divine Sense Sea, which made him even more powerless, otherwise he would have been able to use World Defying god fire to burn them.

The World Defying Stage Tao Ancestor also quickly charged over, releasing the strong World Defying god fire s. What made Chen Xiang inconceivable was that he could actually see a bit of pale white flame, like a translucent mist!

To be able to see World Defying Stage Tao Ancestor's World Defying god fire, this meant that World Defying Stage Tao Ancestor's flames were very strong.

"Dragon Ancestor, are you alright?" Chen Xiang looked at World Defying Stage Dragon Ancestor, who was seated on the Black Tortoise's shell.

"Much better!" World Defying Stage Dragon Ancestor's strength was still far inferior to the Evil Ancestor's, so when the dragon claw grabbed hold of him, it caused his vitality to be greatly damaged.

The few World Defying beast had also returned to his Divine Sense Sea. Only the Vermillion Bird was still outside helping the World Defying Stage Tao Ancestor burn away the black fragments to prevent the World Defying Stage Tao Ancestor from being reincarnated.

"Dragon Ancestor, why are my six divine beasts so powerful?" Chen Xiang had also seen it just now, the World Defying Stage Evil Ancestor was killed by those divine beasts. Previously, when he was using it to deal with the World Defying dragon demon, he only needed the Azure Dragon to come out and easily killed the World Defying dragon demon.

"You don't know this, but these divine beasts are all divine beasts of the law ... They were also called Heavenly beast s before! In short, the strongest beasts can be bred from the Myriad Tao's Laws. " The World Defying Stage Dragon Ancestor replied, "Of course, this kind of Divine Beast is very common, but there aren't many that can cultivate the Primordial Divine Body!"

Chen Xiang nodded, he had seen many of these divine beasts before, and some of them were in the Natural Law World.

"These Law Divine Beasts are the incarnations of the Myriad Tao. Something like the World Defying Stage Evil Ancestor is most afraid of this kind of Divine Beast!" The World Defying Stage Dragon Ancestor continued: "Because the evil energy that the World Defying Stage Evil Ancestor cultivates is originally the most resistant out of all of the Myriad Tao's laws, and the sacred beasts that the Myriad Tao's laws produce, are born with the magic power to fight against this kind of evil demon. Even if their strength is far weaker than the Evil Demon's, they can still easily break through the Evil Demon's defense."

Chen Xiang had also just seen how the White Tiger and Qilin easily bit off the two dragon claws, so no matter how hard he and World Defying Stage Tao Ancestor were, they couldn't leave any traces on the dragon claws!

"But you are actually able to cultivate these six divine beasts! This ... This is simply hard to imagine. It would be pretty good if we could cultivate one out. " World Defying Stage Dragon Ancestor said: "Over the years, I have been working hard to cultivate my World Defying Green dragon, and right now, I am still far from success!"

Seeing Chen Xiang's expression, World Defying Stage Dragon Ancestor had some respect. He also wanted to ask Chen Xiang how did he cultivate it.

"I don't know how I managed to cultivate them either. What's more, I didn't know that these six fellows would be so powerful ..." How should he put it? All of this was naturally formed by me, and I don't have anyone to guide me. This has been going on for many years! "

At first, Chen Xiang only had four Beast statue's silhouettes inside his dantian. Thinking back, he had also mysteriously entered this state of cultivation, and he had once lost them for a period of time! In the end, he managed to find them after he opened the second Divine Sense Sea. However, he was still confused and confused by the divine beasts in the Divine Sense Sea later on.

Previously, he didn't use much of the power of these divine beasts. He believed that they hadn't fully matured yet!

But now, it looked like it had grown, and this was also Chen Xiang's strongest power!

"Let nature take its course..." World Defying Stage Dragon Ancestor seemed to be muttering these words, frowning.

"So that's how it is!" World Defying Stage Dragon Ancestor suddenly sighed, and looked as if he had suddenly become enlightened: "Why can't I cultivate it, it's because I'm too insistent on this state. Every time I cultivate, I want to quickly cultivate this World Defying Green dragon, and no matter what, I want to reach this realm! That's why I can't naturally go train! "

"If you want to cultivate a World Defying Green dragon, you must let nature take its course. After all, this is the natural nurturing of the Myriad Tao's power."

After World Defying Stage Dragon Ancestor understood the situation, his mood improved a lot. He chuckled: "You didn't know about the existence of the World Defying beast from the beginning to end, and when you were cultivating, you didn't think that you would deliberately train them into World Defying beast. Instead, you would naturally cultivate and raise your strength."

World Defying Stage Tao Ancestor was also listening to them. Right now, he and the Vermillion Bird had already finished cleaning up.

"You can't let World Defying Stage Heavenly Sect know that you have cultivated six World Defying beast." The World Defying Stage Tao Ancestor said.

"Why?" Chen Xiang's expression became serious: "The people from World Defying Stage Heavenly Sect already saw me using the green dragon!"

"Do you see the Azure Dragon?" World Defying Stage Tao Ancestor frowned: "This is troublesome, the people from World Defying Stage Heavenly Sect were originally tortured by this kind of World Defying beast and they had always hoped to own this World Defying beast, so ... They'll try to get it from you. "

"They are so strong, could it be that they can't cultivate it out? Why do you want mine! " Chen Xiang jumped up: "This group of bastards!"

"It's precisely because they don't have such powerful World Defying beast and they hope to obtain it, that's why they would fight over it! Right now, your Azure Dragon is still very young, so it's a very good target for them, and one that's easy to tame. " The World Defying Stage Tao Ancestor said.

### [Chapter 3017](#)

The World Defying Stage Tao Ancestor was truly worthy of being called the strongest here. Of course, the World Defying Stage Evil Ancestor was also very strong, but he never thought that a little kid like Chen Xiang could actually cultivate a World Defying beast, and six of them at that!

"I definitely won't let them succeed!" Chen Xiang snorted: "World Defying Stage Heavenly Sect and these guys, it's fine if I don't go look for them, but you actually have ideas on me!"

When World Defying Stage Heavenly Sect was in Natural Law World, he had bullied the women in there before, and the only thing Chen Xiang couldn't do now was go back. Otherwise, if he went back, he would have definitely flattened the World Defying Stage Heavenly Sect in Natural Law World.

"Let's get out of here first!" World Defying Stage Tao Ancestor said: "Before, World Defying Stage Evil Ancestor was filled with confidence, I was sure that World Defying Stage Heavenly Sect would come to save him. Now, he should be here!"

"Alright!" Chen Xiang nodded, he had not recovered yet. When he saw the six divine beasts previously, he was still very spirited, but after entering his Divine Sense Sea, he had fallen asleep instantly.

He guessed that it was because the six World Defying beast used the magic power s that specialized in fighting the evil spirits that caused them to consume so much energy.

Furthermore, World Defying Stage Dragon Ancestor's situation was slightly better than Chen Xiang's. At least, he looked better now.

"That guy's claws are so scary. I almost got killed by him." Chen Xiang rubbed his neck, still feeling a little pain.

`I'll read `the novel `ybd`u` "

"We've never seen him use this trick before." World Defying Stage Tao Ancestor was unsealing the seal.

World Defying Stage Dragon Ancestor supported Chen Xiang and laughed: "Now we can relax a lot. After that guy dies, Daofather and I will be free, after so many years!"

They had been sealed here for many years, after being entangled with the World Defying Stage Evil Ancestor for so long, they had long been tired of it. If it wasn't for destroying the World Defying Stage Evil Ancestor, they would rather die.

After the seal was removed, the World Defying Stage Tao Ancestor took Chen Xiang and the Dragon Ancestor outside!

When they arrived outside, they originally thought that they would be surrounded by many Evil Ancestor Demon Guards. However, this was not the case!

They were surrounded, but the people surrounding them were from World Defying Stage Heavenly Sect. Chen Xiang recognized a few of them, but one of them was World Defying Stage Heavenly Sect's Sect Leader, Luo Jianqing!

"Yo, it was fun inside!" Luo Jianqing laughed out loud.

World Defying Stage Tao Ancestor's face turned ugly. Chen Xiang and the Dragon Ancestor were also like this, they could immediately guess that this group of people had already arrived here, yet they did not enter for a long time.

If they were to enter, they could save World Defying Stage Evil Ancestor! However, they did not do so. It was clear that the World Defying Stage Evil Ancestor was no longer important in their eyes, because they felt that Chen Xiang's World Defying Green dragon was more important. Therefore, they patiently waited outside.

"Just as I expected, Chen Xiang came here to save you." Luo Jianqing smiled: "As expected of a World Defying beast, otherwise, even with another ten Chen Xiangs, he would not be able to kill World Defying Stage Evil Ancestor."

"You guys are really despicable, to actually give up on World Defying Stage Evil Ancestor." World Defying Stage Tao Ancestor stood in front of Chen Xiang and the Dragon Ancestor.

"World Defying Stage Evil Ancestor is indeed powerful, but compared to World Defying beast, he's way too lacking." Luo Jianqing laughed: "Luo Tianjun, you can't run away, do you recognize what this is?"

Luo Jianqing took out a cyan colored box. After he opened it, a woman's head hurriedly appeared!

Seeing this head, World Defying Stage Tao Ancestor's face froze, following that, he became enraged. Just as he was trembling in anger, World Defying Stage Dragon Ancestor patted his shoulder!

Chen Xiang immediately thought that the head in the box must be the closest person to him. Otherwise, he would not be so sad!

And what he did not expect was that the World Defying Stage Tao Ancestor was actually surnamed Luo, and was called Luo Tianjun. It seemed that he had some sort of relationship with Luo Jianqing!

Chen Xiang was thinking of a way to escape. Since there were no spatial restrictions here, he felt that he could use the power of space to pick them off. Of course, the World Defying Stage Tao Ancestor Luo Tianjun could also do it, it was just that Luo Jianqing was currently very confident, he was definitely confident enough to deal with Luo Tianjun using the power of space to escape.

Luo Tianjun quickly calmed himself down. He knew that he was a World Defying Stage Tao Ancestor and behind him, there were still Chen Xiang and his good friends that needed his help. If he couldn't suppress his anger, he wouldn't be able to save Chen Xiang and his World Defying Stage Dragon Ancestor.

"How about we make a deal?" Luo Jianqing smiled and said: "As long as you let Chen Xiang cede the World Defying Green dragon, I will let your wife's soul have a good home!"

Luo Tianjun clenched his fists, the anger surging forth once again!

"Look at how pitiful she is. She has already died for many years, but her soul can only be sealed inside the head, never to reincarnate! "Haha ..." Luo Jianqing laughed out loud, he was purposely provoking Luo Tianjun right now.

Luo Tianjun snorted in anger, a burst of berserk spatial energy exploded out from his body!

Indeed, just as Chen Xiang had guessed, as soon as Luo Tianjun used the power of space, a cyan dot of light surrounded him, causing Luo Tianjun's power of space to be completely swallowed and unable to be used!

"Dragon Ancestor, what are those green dots of light?" Chen Xiang asked anxiously.

"Space Evil Worms, a magical insect that can devour the power of space and disrupt the circulation of the laws of space. They are considered to be an unrivalled holy beast, although they are not as powerful as World Defying beast, they are still quite special." The World Defying Stage Dragon Ancestor said, "These guys have produced so many of these worms. It seems like they have spent a lot of resources."

"You won't be able to escape. Hurry up and agree, otherwise, I will torture your wife's soul here." Luo Jianqing urged, at the same time, a black flame appeared from his fingertips, reaching into the woman's forehead.

Luo Tianjun's expression turned cold: I definitely won't agree, even if I kill Chen Xiang, I definitely won't let you guys get the World Defying beast, so you better hurry up and stop, don't force me to perish together with you!

"We perish together?" Do you have the ability to do so? This old dragon looked weak right now, and Chen Xiang was weak too! Look at our side, the Four Great Sacred Monarchs of World Defying Stage Heavenly Sect are all here. Your life or death is not up to you to decide. " Luo Jianqing sneered.

They wanted Chen Xiang to hand over the World Defying Green dragon. This way, it would be much easier to tame it, if they were to forcefully snatch it, the training results might not be good!

"Since you are so indifferent, I will see just how long you can endure! Do you like to see your wife's soul tortured? " Luo Jianqing laughed sinisterly.

Luo Tianjun clenched his fists, his entire body trembling in anger, while Luo Jianqing's fingers continued to approach the forehead of the head, the flames were already close to touching it!

Everything happened so suddenly, and there were no spatial energy fluctuations at all. By the time Luo Jianqing managed to react, the box was already in Chen Xiang's hands!

Luo Jianqing was startled, he could not understand how Chen Xiang took the box from his hands. In that moment, he was truly alarmed, but he quickly calmed down, even if there was nothing that could threaten Luo Tianjun, Chen Xiang and the rest could not escape!

### [Chapter 3018](#)

Luo Jianqing looked at the Space Evil Worm in his hands. He was very sure that Chen Xiang did not use Spatial Force just now, but why did the box in his hands suddenly reach Chen Xiang's hands?

Luo Tianjun was also very surprised, both he and World Defying Stage Dragon Ancestor were surprised that Chen Xiang suddenly took the box away. With Chen Xiang right beside them, they did not feel Chen Xiang using his spatial energy!

"Not bad, you have some skill!" But so what? " Luo Jianqing laughed coldly, took out a large black net and waved his hand towards the sky: "You guys can surrender now!"

Luo Tianjun had wanted to attack initially, but Chen Xiang suddenly used a sound transmission to tell him not to attack!

The giant net quickly trapped them, but they did not make a move. Luo Tianjun did not know what Chen Xiang wanted to do, but he knew that Chen Xiang definitely had some tricks up his sleeves.

"Daofather, let's go to the World Defying Stage Heavenly Sect first!" Right now, Dragon Ancestor and I have exhausted a lot of our energy and are unable to quickly recover within a short period of time. We need time to rest and escape from World Defying Stage Heavenly Sect after we recover. " Chen Xiang sent sound transmissions to World Defying Stage Tao Ancestor and World Defying Stage Dragon Ancestor.

"World Defying Stage Heavenly Sect is such a tight place, are you sure you can escape? "By the way, how did you get the box from that bastard just now?" World Defying Stage Dragon Ancestor was very curious and immediately asked with sound transmission.

"I used the Time Laws... That is the Time and space power, the Space Evil Worm can only sense the power of space, so my Time and space power is effective, but the consumption is too great, I can only use it to snatch back that box, and it will be very difficult for us to escape. " Chen Xiang said: "Unless I recover!"

Chen Xiang had not recovered yet. The reason why he was able to use the Time and space power which had consumed a lot of energy was because he had absorbed a large amount of the Natural Law World's energy. He did not dare to absorb too much, as doing so would cause the Natural Law World to collapse.

"Time and space power, no wonder!" Luo Tianjun sighed in his heart, World Defying Stage Dragon Ancestor was also surprised. Chen Xiang was actually able to control the Time and Space Laws at the same time, this was truly difficult to come by.

As long as Chen Xiang managed to integrate the spatial laws into the laws of time, then it would no longer be the power of space. Not only could he prevent space insects or things like that, he could also guard against other formations and enchantments that specifically restricted the power of space.

"Okay, they will definitely bring us back to the World Defying Stage Heavenly Sect first, and then, they will think of a way to get the World Defying Green dragon from your hands." Luo Tianjun said: "At the moment, they are very interested in the World Defying Green dragon, so before they obtain it, they will not dare to do anything to you."

... ..

Luo Jianqing locked Chen Xiang and the other two in a small pagoda, then shrunk the pagoda down and left the Myriad Tao Mausoleum!

After leaving the Myriad Tao Mausoleum, Luo Jianqing said: "There is no need for this Myriad Tao Mausoleum to exist anymore, destroy him! I hate what Luo Tianjun this guy made, and in the future, this Divine Wasteland will be ours. I don't want to see everything he built. "

Although Luo Jianqing was not the strongest and was not the most powerful in the World Defying Stage Heavenly Sect, his status was not low either. He could make some of the people from the World Defying Stage listen to his orders!

Although there were many World Defying Stage s in the World Defying Stage Heavenly Sect, it was not easy for them to destroy the Myriad Tao Mausoleum.

However, with Luo Jianqing's order, the people of World Defying Stage Heavenly Sect would probably think of ways to destroy the Myriad Tao Mausoleum.

The World Defying Stage Heavenly Sect was right inside the Divine Wasteland, but it was sealed previously so no one knew where it was. Only after the seal was broken did the World Defying Stage Heavenly Sect see the light of day again.

Currently, the World Defying Stage Heavenly Sect was like the sun in the sky, the strongest power within the Divine Wasteland, and only the Myriad Tao Divine Mountain could suppress them!

"Spirit Star, have you heard of Luo Tianjun?" Sun Lingxing had entered the World Defying Stage Divine Mausoleum very early on, and at that time, the World Defying Stage Tao Ancestor had not seen him yet.

Therefore, Sun Lingxing had never heard of the World Defying Stage Tao Ancestor either. After all, the title of World Defying Stage Tao Ancestor was only given later, and Sun Lingxing, who had always been in the tomb, knew very little about it.

However, the name World Defying Stage Tao Ancestor seemed to be related to the current Sect Leader Luo Jianqing, so he casually asked.

He never thought that Sun Lingxing would actually know this name!

"I have heard of it before, but I have only occasionally heard my elders mention it ... In the World Defying Stage Heavenly Sect, the Luo Family is a huge family and Luo Tianjun is definitely from the Sky Sect, he should be a member of the Luo Family's third generation! " Sun Lingxing said: "Luo Jianqing is from the fourth generation, the Sky Worm Sect is one generation older than him!"

"That means the World Defying Stage Tao Ancestor is a very ancient existence?" Chen Xiang didn't expect that, after all, Luo Jianqing was someone who was at the same time as Sun Lingxing in his previous life, and Luo Tianjun was an older generation as well.

"Yes, the first generation of the Luo Family had already died in the World Defying Stage Divine Mausoleum, and the second generation later on, they built the World Defying Stage Heavenly Sect! The third generation was trained greatly, and the third generation should be the strongest senior generation within the World Defying Stage Heavenly Sect. If not, they would not have allowed the third generation Luo Jianqing to take charge of the World Defying Stage Heavenly Sect. " He was born, he said.

The situation in the World Defying Stage Heavenly Sect was actually this complicated, Chen Xiang did not expect it.

"World Defying Stage Tao Ancestor has always been entangled with World Defying Stage Evil Ancestor, and has been implicated with him. Otherwise, his strength will definitely be even stronger!" Sun Lingxing said: "However, most of the World Defying Stage s are currently stuck at the World Defying Holy Body, this is mainly because they are cultivating the Primordial Divine Body. I just wonder if the second generation of the World Defying Stage Heavenly Sect have managed to cultivate the Primordial Divine Body. "

"How long would it take to return to World Defying Stage Heavenly Sect from Myriad Tao Mausoleum's Day?" Chen Xiang asked.

"The earliest would be a day. These fellows aren't skilled enough in using the Space Laws, and there are also so many of them. They must have flown back already." Luo Tianjun said: "World Defying Stage Heavenly Sect should still be at that place. Even though I haven't returned there before, I can still remember the distance clearly."

"One day is enough time for us to recover!" Chen Xiang said.

"This... Is that really enough? " World Defying Stage Dragon Ancestor said, "I am not enough!"

Chen Xiang chuckled, then he absorbed a bit of energy from the Natural Law World and stealthily channeled his time energy to envelop the three of them. This way, he could stall for time inside the Natural Law World, and no one outside would notice this.

Sensing the power of time, World Defying Stage Dragon Ancestor and Luo Tianjun immediately understood why Chen Xiang had said so much.

"It should be enough to buy us one month's time!" Chen Xiang laughed.

### [Chapter 3019](#)

The World Defying Stage Heavenly Sect was actually hiding in a thick cloud in the sky. Chen Xiang had judged it based on his own sensitivity towards space, and he, Luo Tianjun and the World Defying Stage Dragon Ancestor were still inside the tower.

Luo Jianqing had already brought them to the World Defying Stage Heavenly Sect, so he was unable to see the outside world.

"Sect Master, I remember that the Myriad Star Goddess isn't with Chen Xiang? Why did she suddenly disappear? Should we guard against her a little?" A middle aged man asked Luo Jianqing.

"If we're outside, we'll have to be on guard against the Myriad Star Goddess, but inside World Defying Stage Heavenly Sect, we don't need to worry. Besides the Myriad Tao Divine Mountain, we don't need to be afraid of anyone else, what's faster is a mere woman?" Luo Jianqing said.

The World Defying Stage Heavenly Sect was built on top of the clouds and there were many big and small palaces and buildings here, just like a palace in the sky. Although Chen Xiang was locked in a divine artifact, he could still feel a powerful aura coming from the World Defying Stage Heavenly Sect.

"This World Defying Stage Heavenly Sect is truly powerful." couldn't help but exclaim. At this time, both he and the World Defying Stage Dragon Ancestor had already recovered, and he used the power of time to win for nearly a month's time, allowing them to return to their peak.

"I didn't expect they would make such a huge progress during this period of time. How strange!" Luo Tianjun frowned: "That's not right, could it be that there is some power secretly helping them?"

"Daofather, why did you leave the World Defying Stage Heavenly Sect in the past?" Chen Xiang only knew that World Defying Stage Heavenly Sect walked a different path from Luo Tianjun, which was why he chose to withdraw.

"Back then, I wanted to become the Sect Leader of the World Defying Stage Heavenly Sect, then expand the world, and then construct a large and gorgeous world. And in this large world, there were many small and medium-sized worlds, forming a large gathering place! World Defying Stage Heavenly Sect agreed to do the same, but the strongest elder of the World Defying Stage Heavenly Sect wanted me to promise to hand over control of the entire world to him. " World Defying Stage Tao Ancestor said: "This is absolute control. After obtaining control over this world, they will be able to absorb the energy of this world ... If necessary, I can use all the power in the world for my own purposes! "

"You should already know that there is a lot of Myriad Tao's power, but you cannot gather too much of it into one person, or else you will be executed by the Myriad Tao's laws and thrown into the World Defying Stage Divine Mausoleum." Luo Tianjun said.

Chen Xiang nodded, he was already very familiar with these rules! But if he did not absorb the Myriad Tao's power and used it to refine pills, allowing the Myriad Tao's power to grow and reproduce endlessly, he would not be punished by using this method to obtain the Myriad Tao's power. The Myriad Tao Dan God had done it, and he had already transcended the Myriad Tao, so he was no longer within the rules of the Myriad Tao.

"World Defying Stage Heavenly Sect and the other fellows also know, so they don't dare to be too powerful. However, they are worried that they will be killed by an even more powerful force! Thus, they planned to use this world as a container for storing the Myriad Tao's power after creating a huge world. When they needed it, they could immediately extract its power and use it to fight against existences that are even stronger than them! "

Luo Tianjun sighed: "I don't want to, because they will endlessly extract this world's Myriad Tao's power, and they will even swallow many people's lives, causing this world to collapse! Xiao Long and I left the World Defying Stage Heavenly Sect, and they were worried that after I created the world, I would absorb

the world's energy and destroy it. Thus, they sent the most evil and vicious fellows of the World Defying Stage Heavenly Sect to chase after us! "

They were only the World Defying Stage Evil Ancestor and the World Defying dragon demon, but they had been completely exterminated!

"Now that the world has been completed, and has even grown, the entire world contains an extremely powerful Myriad Tao and is not under their control. Furthermore, the rules of the Myriad Tao have already been spread throughout the entire world, so no one can control this world." Luo Tianjun laughed heartily, "When they were sealed, they definitely did not expect such a change!"

Chen Xiang also laughed, "That's why these guys want my World Defying beast. It's because World Defying beast can also become very powerful."

"Yes, so you must not let them have it, or it will be troublesome. World Defying beast are not restricted by the Myriad Tao's laws. " When World Defying Stage Dragon Ancestor thought about this, he became nervous. He was more worried that the World Defying beast would be obtained by the World Defying Stage Heavenly Sect.

Luo Tianjun shook his head: "I am not really worried about World Defying Stage Heavenly Sect right now. With Chen Xiang's current rate of growth, there shouldn't be any need to worry about him in the future.

The Myriad Tao Divine Mountain was very powerful, otherwise they would not have been able to seal the World Defying Stage Heavenly Sect for so many years!

"What I'm afraid of now is that Myriad Tao Divine Mountain is no longer the original Myriad Tao Divine Mountain." Luo Tianjun said: "Even though the people in the Myriad Tao Divine Mountain are all nurtured by the power of the Myriad Tao, they can be said to be a group of people who maintain the functioning of the Myriad Tao's laws and punish those who break it! However, everything would change, and this change was difficult to control. He was afraid that they had already entered the evil path! World Defying Stage Heavenly Sect was originally quite good as well, but those Elders also took the wrong path in the end. "

"It's out!" With a loud shout from the outside, Chen Xiang and the rest were thrown out.

looked around, they were in a plaza, and because they were high up in the clouds, the sunlight was intense, the area was filled with people, all of them had decent strength, and there was a large number of Venerable Ancestor Later-stage s.

"Seven Original Ancestor s, after so many years, I have already brought back the Luo Tianjun who betrayed the World Defying Stage Heavenly Sect back then." Luo Jianqing pulled his voice, and shouted towards the seven towers in the distance.

Seeing this, Luo Tianjun laughed coldly before sending a sound transmission to Chen Xiang, "Check your surroundings to see if you can escape from this place."

When Chen Xiang came out, he had already investigated him, and felt that there was nothing wrong with it. Although there were spatial insects flying around, they could not detect his Time and space power.

"The Original Ancestor are currently in closed door cultivation, leave all the important matters to me, Luo Jianhao!" On his hand was a ring that could dazzle the eyes. The red light emitted by the ring came from a small red stone, and after being exposed to the sunlight, it radiated light, causing the surroundings to be dyed red.

"You ... I am the Sect Leader, if the Original Ancestor do not have time, then it should be me taking care of this matter. " Luo Jianqing was furious in his heart. He had gone through great pains to capture Chen Xiang, and the news of him possessing a World Defying Green dragon had already spread throughout the entire World Defying Stage Heavenly Sect.

This extremely arrogant and unruly looking Luo Jianhao in front of him seemed to be his sworn enemy. He would absolutely not allow Chen Xiang to fall into his mortal enemy's hands, otherwise, the World Defying Green dragon might just fall into Luo Jianhao's hands.

### [Chapter 3020](#)

You need to understand clearly, I am one of the disciples of the Seven Original Ancestor s, who doesn't know the status of I, Luo Jianhao, here? Luo Jianhao let out a cold laugh, and had already walked toward Chen Xiang.

Chen Xiang originally wanted to use the Time and space power to leave, but he suddenly changed his mind!

Luo Jianhao smiled as he came to Chen Xiang's side. He looked at Luo Jianqing and said: "Sect Leader, I'll be taking this youth away.

Chen Xiang suddenly muttered: "Even such a weak fellow is afraid, how is he going to be the Sect Leader?"

Of course, Luo Jianhao and Luo Jianqing knew that Chen Xiang was trying to sow discord, but what Chen Xiang said was right, Luo Jianqing's strength was indeed much stronger than the flashing red Luo Jianhao in front of him.

The corner of Luo Jianqing's eyes twitched. The Luo Jianhao in front of him had angered him greatly, but he could not do anything about it.

"Brat, you have overestimated our Sect Leader. Do you think that with just a few words, you can provoke him to deal with me? "You're wrong, very wrong." Luo Jianhao actually said such contemptuous words in front of Luo Jianqing. Looking at his appearance, it was obvious that he looked down on Luo Jianqing and was not afraid of Luo Jianqing at all.

There were a lot of people here, but everyone understood in their hearts that Luo Jianqing did not dare to fight against the red-clothed youth, because there was only death waiting for him.

"The Seven Original Ancestor s are still the same!" Luo Tianjun could not help but laugh, "Looks like they are still unrepentant! He didn't expect them to be like this. "It's such a waste of energy that novels would nurture such trash!"

"Traitor, you dare look down on me?" Luo Jianhao was instantly enraged. No one had ever dared to call him trash before.

"Yes, even traitors look down on you." World Defying Stage Dragon Ancestor laughed loudly: "Luo Jianhao you little thief, back then in World Defying Stage Heavenly Sect, you were just a guy with unclean hands and feet who went around stealing pills everywhere, what right do you have to make others look at you with respect? Are you really blind, or are there no good seedlings in the World Defying Stage Heavenly Sect? I really don't understand. "

"Old dog, how dare you insult me!" Luo Jianhao had been exposed like this in front of so many people, exposing all of his shameful deeds.

"Am I wrong with my curses? If you have the guts, come and beat me up! " The World Defying Stage Dragon Ancestor laughed: "You little thing, truly are lucky to have been nurtured by the Seven Original Ancestor s, otherwise you would have already been beaten to death by now."

"I'll let you talk too much!" The veins on Luo Jianhao's forehead were popping out, he roared and fiercely slapped towards World Defying Stage Dragon Ancestor, but just as he was about to reach out, World Defying Stage Dragon Ancestor used a kind of inconceivable speed to attack!

Just as Luo Jianhao's palm was about to touch World Defying Stage Dragon Ancestor's cheek, his abdomen was penetrated by World Defying Stage Dragon Ancestor's dragon claws, and following that, Luo Tianjun came over to Luo Jianhao and pressed his hand on Luo Jianhao's head.

All of this was just too sudden, especially Luo Jianqing, he had just seen World Defying Stage Dragon Ancestor and Luo Tianjun cursing Luo Jianhao nonstop, and was feeling extremely satisfied in his heart, however, just as he was feeling happy inside, he had become like this!

Luo Jianqing was in charge of bringing Chen Xiang and the others back, that was only yesterday. At that time, Chen Xiang and the World Defying Stage Dragon Ancestor had already consumed a lot of their energy and could no longer fight, while Luo Tianjun was more or less the same.

However, looking at the speed at which World Defying Stage Dragon Ancestor attacked just now, he had already recovered to his peak condition, and Luo Tianjun was the same.

's strength was not weak, and he was even from the 'Heavenly' generation. Amongst the World Defying Stage Heavenly Sect s, there were not many who were from the 'Heavenly' generation, and they were even fewer than the Seven Original Ancestor s. But the elder who held the most power in this plaza, might have been dragged by the World Defying Stage Evil Ancestor for many years, but his strength was definitely not weak.

"All of you, behave or else I will take this brat's life." Luo Tianjun said.

"A dignified World Defying Stage Tao Ancestor like you actually dared to do such a vulgar thing, how shameless are you?" Luo Jianqing immediately said, he was also extremely anxious, if Luo Jianhao died, he might have to escape World Defying Stage Heavenly Sect.

Others might not know, but Luo Jianqing was very clear that Luo Jianhao was the grandson of one of the Seven Original Ancestor s!

In the past, there were still many grandchildren in the Seven Original Ancestor s, but many had died while fighting against the Myriad Tao Divine Mountain.

And only after that did one of the Original Ancestor find out that Luo Jianhao was the illegitimate child of one of his sons, which was why he took him as his disciple! This kind of old fellow regarded continuation of the bloodline as something important, and it was one thing if he was killed by the Myriad Tao Divine Mountain. After all, he was their enemy, but in the World Defying Stage Heavenly Sect, because he was careless and got himself killed, the consequences could be imagined!

Although Luo Jianqing had the word sword, he was not a descendant of the Seven Original Ancestor s. Even though his grandfather was once of the same generation as the Seven Original Ancestor s, his cultivation was too weak and he died in battle with the Myriad Tao Divine Mountain, so there was naturally no need for protection.

Luo Tianjun had already figured out something just now, and was able to guess that it was the grandson of one of the elders.

Chen Xiang patted his butt and stood up from the ground, laughing: "This guy was previously so arrogant, but now he's scaring like a dog!"

"You all ... What are your conditions?" Luo Jianqing's forehead was filled with cold sweat. He knew that Luo Tianjun was already shameless, if he angered them, killing Luo Jianhao would be troublesome.

"Let those seven old bastards come out and see me." Luo Tianjun said.

"They will be here soon. That will be your time." Luo Jianhao said as he gnashed his teeth. He seemed to have something that could send a message to the seven Original Ancestor s.

Just as he finished speaking, Luo Tianjun's expression changed. Chen Xiang and World Defying Stage Dragon Ancestor also sensed it!

"Is this the power of the Proudful Divine Body?" Chen Xiang was extremely shocked.

Even though the person was far away, his aura made them tremble in fear, and many of the people here were already kneeling on the ground. Even the Sect Leader, Luo Jianqing, was kneeling down on one knee, his entire body drenched in sweat and his face deathly pale.

"He actually succeeded in cultivating the Primordial Divine Body. Let's go!" Luo Tianjun was very decisive, the hand he was pressing on Luo Jianhao's head suddenly released power, releasing it into the Divine Sense Sea, only to see Luo Jianhao immediately bleeding from his seven orifices.

Chen Xiang anxiously used the power of space to bring World Defying Stage Tao Ancestor and Luo Tianjun away from this place!

Just as they were leaving, an elder had already appeared, and actually extended ten arms, the arms were like long swords, seemingly wanting to pierce into the bodies of Chen Xiang and the other two!

However, he did not expect that Chen Xiang and the rest could actually escape from this place. He looked around at the Space Evil Beetles floating in the air, his face full of suspicion.

"Grandfather ... Grandfather... My Divine Sense Sea is gone .... "It's gone..." Luo Jianhao laid on the ground and howled.

"It's alright, I will get you to cultivate it again!" The red robed elder looked at Luo Jianqing who was kneeling down and snorted: What are you still standing there for? Hurry up and capture those three fellows, don't bother with World Defying Green dragon s, as long as their corpses or their souls! "
