

Dan God 3021

[Chapter 3021](#)

Although Chen Xiang's World Defying Green dragon was very precious, the red-robed elder believed that after he cultivated the Primordial Divine Body, he would definitely have a way to cultivate the World Defying beast. He did not need Chen Xiang's World Defying Green dragon to begin with, and at that time, he might not even be able to control it!

The Original Ancestor was more worried about Chen Xiang's World Defying Green dragon maturing, because Chen Xiang's World Defying Green dragon was currently very weak, but the strength that it had displayed was already very strong. If this World Defying beast managed to cultivate the Primordial Divine Body, its strength would be even more terrifying, and at that time, it would not be something that humans could fight against.

Therefore, what they were considering right now was not to obtain the World Defying Green dragon, but to kill it, and kill this sapling, which posed a great threat to them, to die in the cradle. "How dare he cripple my grandson, he will suffer!" The red robed elder was extremely furious, if he did not have his own matters to attend to, he would have personally gone to chase after Chen Xiang and the rest.

... ..

Chen Xiang brought Luo Tianjun and the World Defying Green dragon and left the World Defying Stage Heavenly Sect, arriving at Divine Wasteland!

Previously, Chen Xiang was either in the Myriad Tao Mausoleum or in the Flying Dragon Pagoda, so it had been a long time since he had last traveled across the vast Divine Wasteland.

"We finally made it out!" Luo Tianjun looked around and confirmed that he was far away from World Defying Stage Heavenly Sect. He confirmed that he was familiar with the Divine Wasteland and heaved a sigh of relief.

"I've finally returned to this place." Chen Xiang took in a deep breath. The power of the Myriad Tao here was extremely thin, it could not compare to the power inside the Flying Dragon Experience Place and Myriad Tao Mausoleum.

"Strange, what caused the Divine Wasteland's power to weaken?" As the person who founded this world, Luo Tianjun was extremely sensitive to such things and very quickly discovered that something was amiss.

The World Defying Stage Dragon Ancestor also nodded his head: "Divine Wasteland's power is not that weak. Usually, when this kind of situation happens, it means that a large portion of Divine Wasteland's resources will be gathered."

"Could it be that a lot of powerful warriors were born here?" Chen Xiang had previously heard that those who cultivated to the peak would usually consume a lot of resources, causing the power of the Myriad Tao in the world to weaken.

That was the reason why there were World Defying Stage Divine Mausoleum s present. They wanted those top rankers who had absorbed too much resources to die and recycle the Myriad Tao's power and then distribute it among themselves.

"Yes!" Luo Tianjun nodded heavily: "This is not simple! Right, when you came to the Divine Wasteland before, was it like this? "

Chen Xiang had told them that he came here from an even weaker world and that he had already been in Divine Wasteland for many years.

"When I first came here, it was like this. Some of my old friends told me the same thing. This situation exists many times now." Chen Xiang's words made Luo Tianjun and World Defying Stage Dragon Ancestor even more shocked.

"Could it be that the Flying Dragon Pagoda and the Myriad Tao Mausoleum are consuming too much resources? Furthermore, there is still a World Defying Stage Divine Mausoleum among the Myriad Tao Mausoleum s, so this World Defying Stage Divine Mausoleum will definitely need to consume a lot of Myriad Tao's power. " Chen Xiang said.

"No, after I built the Flying Dragon Pagoda and the Myriad Tao Mausoleum before, the power of the Myriad Tao wasn't as weak as it is now! which would not affect the Myriad Tao's power at all. " Luo Tianjun said, "World Defying Stage Divine Mausoleum existed since long ago, and at that time, the degree of power in the Myriad Tao had already been fixed. Although the Myriad Tao Mausoleum I built and the Flying Dragon Pagoda s also consumed a large amount of power from the Myriad Tao s, it definitely wouldn't weaken them by more than ten times.

The corner of Chen Xiang's eyebrows twitched, the power of the Divine Wasteland s had actually been this dense before, no wonder Luo Tianjun had such suspicions.

"What exactly is the reason? Did this happen right after you built the Myriad Tao Mausoleum and the Flying Dragon Pagoda and you all entered the seal? " Chen Xiang said.

"It should be. Someone must have done something when I was being sealed!" Only Myriad Tao Divine Mountain would have such power. " Luo Tianjun frowned: "I wonder what Myriad Tao Divine Mountain is planning to do."

The Myriad Tao Divine Mountain had always existed, but it had been well-hidden, so no one had discovered it. Now that the seal had been broken, the Myriad Tao Divine Mountain would definitely not be able to sit still and come out.

"We can go and ask about the Myriad Tao Divine Mountain. Maybe the Myriad Tao Divine Mountain has already appeared in the Divine Wasteland." Chen Xiang said.

Luo Tianjun nodded: "Alright!"

Just as he finished the word "good", a hearty laugh suddenly rang out.

"You don't need to ask."

The sudden voice made Chen Xiang and the others tense up, as if they were ready to fight.

The person who appeared was an old man with a long beard who wore a white robe. After he appeared, he stroked his beard and smiled: "I am an elder of Myriad Tao Divine Mountain, my name is Dong Zhenjiang, you can call me Elder Dong!"

Dong Zhenjiang was very strong. When Chen Xiang faced him, he felt that Qi, making him feel like he was facing Luo Tianjun, and maybe even stronger than Luo Tianjun.

In other words, this elder of the Myriad Tao Divine Mountain in front of him had cultivated the World Defying Holy Body, and had reached the large success stage of the Sacred Body.

"Myriad Tao Divine Mountain?" Luo Tianjun was still extremely vigilant.

"That's right, I already know a little about your matters. Since you are the enemies of the World Defying Stage Heavenly Sect, then you can join us and fight against the World Defying Stage Heavenly Sect together." Dong Zhenjiang smiled and said: "We have enough resources for your cultivation!"

"The reason why the Myriad Tao's power has become so thin is mainly because a portion of it is controlled by us, the Myriad Tao Divine Mountain. This way, most people wouldn't waste it, and the power of the Myriad Tao will be able to flow in thin streams."

Luo Tianjun and World Defying Stage Dragon Ancestor were extremely unhappy. They hated this kind of method because it was unfair!

"Chen Xiang, right!? You are from Natural Law World, you are very famous there, some of your friends talk about you often, and today the Myriad Tao Divine Mountain also has you, your friends and relatives all received our clan elders' guidance, they can all improve by leaps and bounds. " Dong Zhenjiang laughed: "Why don't you come to our Myriad Tao Divine Mountain to have a look!"

"Thank you Elder Dong for thinking so highly of me, but I just came out of Myriad Tao Mausoleum, and I have a lot of old friends here, I would like to talk to them first." Chen Xiang immediately smiled, he did not say that he would not join Myriad Tao Divine Mountain, nor did he say that he would, and only gave Dong Zhenjiang a vague answer.

"That's true. You've been busy for so long, you should rest up now as well!" Our Myriad Tao Divine Mountain will welcome you here at any time. " Dong Zhenjiang smiled, then looked at Luo Tianjun and World Defying Stage Dragon Ancestor, and said: "Both of you are extremely valuable talents, I sincerely wish to invite you to join the Myriad Tao Divine Mountain! I understand that Chen Xiang is someone who cannot sit still, and I did not let him join, I just made him come to the Myriad Tao Divine Mountain from time to time to take a look, and the two of you shouldn't be like that guy! "

[Chapter 3022](#)

Dong Zhenjiang looked good on the surface, but Chen Xiang did not trust this person. This was mainly because he did not trust Myriad Tao Divine Mountain.

Luo Tianjun and World Defying Stage Tao Ancestor looked to be smiling. Chen Xiang knew that they would definitely be on their guard against Dong Zhenjiang, he didn't know whether or not they would agree.

"Alright, since we don't have anywhere to go, and there must be many strong warriors in the Myriad Tao Divine Mountain, this should be very suitable for us." Luo Tianjun laughed. He actually agreed to it, which is unexpected for Chen Xiang. "

"Right, there are still two more friends who might want to join. Can you let them join as well?"

Luo Tianjun gave Chen Xiang a meaningful glance before sending him a sound transmission: "Myriad Tao Divine Mountain doesn't dare to come back right now. They are indeed lacking in manpower, and we are lacking in cultivation resources! If we join the Myriad Tao Divine Mountain, the divine pills would definitely nurture us! But you are different. You have World Defying Green dragon, so it is best not to go. Let Tang Zhongjie and Fang Haoyun, these two friends of yours, out, I will bring them along. I will guide them in cultivation so that they can cultivate the World Defying Holy Body as soon as possible. "

When Chen Xiang heard this, he immediately understood and released Tang Zhongjie and Fang Haoyun.

Seeing that there were still two more World Defying Stage s, Dong Zhenjiang's eyes lit up, revealing a happy look, he laughed: "Great! Don't worry, when we get to Myriad Tao Divine Mountain, I promise that I will not slow you down, and at that time, I will definitely treat you as important guests! Rankers like you are extremely rare in the Myriad Tao Divine Mountain. "

Dong Zhen Jiang felt that he did not manage to recruit Chen Xiang, but was able to recruit these few people, this was already a huge gain. He understood Chen Xiang very well, because he had gathered a lot of information about Chen Xiang from the Natural Law World, so he did not hold much hope when he came here.

"Hmm, then we'll part ways here. I'm going to look for my old friends." Chen Xiang laughed.

"Alright, until we meet again!" It could be said that they had received Chen Xiang's help before. Even if Chen Xiang wasn't as strong as them, they still respected him a lot in their hearts.

Chen Xiang used his spatial energy to teleport away. He was not going to look for his friends, he was just looking for a place to hide.

Ever since he met the people from the World Defying Stage Heavenly Sect, he knew that his World Defying Green dragon was extremely important, so he had no choice but to be wary of them.

"Aren't you going to look for your old friend?" Jiang Simei asked.

"I'm not going. They are all fine now. I don't want them to be implicated because of me." Chen Xiang had the Six Realms Time and Space Door to use, so he could go find his old friends anytime he wanted. It's just that he felt that his situation wasn't looking good, so he didn't go.

Sun Lingxing and Long Qiumu were currently inside the You Yao Mountain Villa, and they were not the kind of women who liked to wander the world, so they did not plan to leave the You Yao Mountain Villa at the moment, and decided to stay there for a long time.

They all knew that Chen Xiang was able to refine a pill to cultivate the Primordial Divine Body, but it would take a while for him to understand the power of the Time Laws, so there was no issue with the time.

"So what do you plan to do now?" Sun Lingxing asked.

"I plan to refine a batch of Heaven and Earth infinite Dan and see if there is any way to get them back to Natural Law World." Chen Xiang had chatted with Lv Qilian before, and the strongest females in the Hundreds of Flowers Village were only Venerable Ancestor Later-stage, not one of them was from World Defying Stage.

The Heavenly Dragon City was better. Long Jiuxiao had already gone into closed door training to break through to World Defying Stage!

"Could it be that the Myriad Tao Divine Mountain does not intend to pass on the secret methods to those who enter the World Defying Stage?" Sun Lingxing said.

"I've asked them. Myriad Tao Divine Mountain is willing, but there are conditions. You must join Myriad Tao Divine Mountain. Chen Xiang said, "This is equivalent to selling their bodies, so they did not immediately agree!"

"To Myriad Tao Divine Mountain, the Venerable Ancestor Later-stage is not a threat! So, even if I help them cultivate to the Venerable Ancestor Later-stage, in the future, if I don't join their Myriad Tao Divine Mountain, I won't be a threat. "

"Then what about Luo Tianjun and the others? If they were to go to Myriad Tao Divine Mountain, wouldn't they also need to brand it? " Long Qiumu asked.

If you want to add them, they will definitely leave Myriad Tao Divine Mountain. They are already World Defying Stage's people, so Myriad Tao Divine Mountain doesn't dare to have too many restrictions on them. " Chen Xiang said: "The only reason that the Myriad Tao Divine Mountain is looking for them is because he hopes to fight against a common enemy."

Sun Lingxing said: "In that case, the Myriad Tao Divine Mountain within the Natural Law World does indeed wish to find some slaves that can completely obey their orders!"

Chen Xiang sighed: "Yes, from the looks of it, Myriad Tao Divine Mountain is still considered gentle. If it comes to that, it's hard to say, they might not be in a rush to do anything, so they can still use gentle methods! If they were in a rush, it would be hard to say! "

"I am unable to return to the Natural Law World right now, so I need to help them consolidate their strength as soon as possible."

Chen Xiang understood Heavenly Dragon City very well. Myriad Tao Divine Mountain was unable to force them to submit, even if they were to die, they would definitely not lower their heads to him.

Right now, Chen Xiang was hiding inside a cave and started refining his Heaven and Earth infinite Dan.

The quality of the Heaven and Earth infinite Dan he refined using the derivation method and the Crash method was very high. He didn't need to eat much to enter the World Defying Stage, plus he used the power of time to buy time, he could quickly refine a lot of them.

"It's much easier for me to refine Heaven and Earth infinite Dan now. This is the power of the World Defying Stage's Profound Rank." As Chen Xiang refined the pills relaxed, he checked on the door of the Hundreds of Flowers Village to see if anyone had come out.

Although there was no one around, Chen Xiang still intended to give it a try and see if he could get something back.

"Let's try and see if we can throw the stone inside." Chen Xiang used his spatial energy to lock onto a rock beside him. Then, with a jolt of his mind, he thought to throw this rock into the place Natural Law World had specified.

He only thought about it seriously before that stone suddenly disappeared and appeared inside the Natural Law World!

However, he used up a lot of World Defying Stage Divine Power!

"The consumption rate is actually a hundred times more than normal." Chen Xiang now understood why Natural Law Divine Lord did not send his clones over very often. The consumption was indeed huge.

"Seems like I need to find a way to return to the Natural Law World." This was the biggest problem that Chen Xiang was facing.

The formation that Chen Xiang teleported over just now was made of stone hitting the Hundreds of Flowers Village, it must have created quite a big commotion.

Sure enough, someone quickly came out to check. It was a cute little kitten.

"Yue Er!" Chen Xiang immediately shouted.

[Chapter 3023](#)

Since Yue'er could use the power of the Space Laws, that was why she was sent out. It would be safer for her.

"Chen Xiang!" Yue'er cried out in surprise, "You can get something here now? Was that you making a commotion just now? "

"Yes, I threw a stone in." Chen Xiang chuckled, "Next time I'll throw seven stones in a row. After you guys sense it from inside, you will know that I want to contact you all!"

"Alright, I understand. When we go back later, I'll tell them." Yue'er hurriedly nodded her head.

"Oh right, how is Senior Jiu Xiao's progress?" Chen Xiang asked.

"He is still in closed-door training, but there is a high chance that he will be able to step into the World Defying Stage." Yue'er replied, "Myriad Tao Divine Mountain's conditions are extremely harsh! No one in Heavenly Dragon City or the Hundreds of Flowers Village is willing to, but a few other new forces have agreed to submit to the Myriad Tao Divine Mountain. It looks like it won't be long before the Natural Law World has a large number of experts from the World Defying Stage. "

The Myriad Tao Divine Mountain controlled the power of the Divine Wasteland and the various major worlds. They definitely had some way to help people quickly step into the World Defying Stage!

"What kind of power are they?" Chen Xiang asked.

"You've never heard of it. Back then, many of the powers of the same era as ours had already been annihilated. Heavenly Dragon City and I have never caused any trouble, so we were perfectly fine and no one dared to hit us." Yue'er flew onto the tree trunk, sat on it, and continued: "However, after Myriad Tao Divine Mountain arrived, there were fewer disputes among them. Don't let Myriad Tao Divine Mountain control them too well."

"Right now, we are just worried that after those powerful forces come, they might come find us and attack us!" Although there are no grievances or hatred, the Myriad Tao Divine Mountain may use these methods to force us! Furthermore, those powers have always been hostile towards us. The main reason is because they feel that we are too strong and want to trample over us. " Yue'er humphed tenderly as she spoke.

"Oh right, how is your Myriad Tao Divine Mountain doing?"

"I met an elder from the Myriad Tao Divine Mountain just now. He was very strong, he cultivated the World Defying Holy Body, and his body was at the large success stage of the Saint Body." Chen Xiang said: "This guy seems to know me very well and even wanted to invite me to join the Myriad Tao Divine Mountain. However, a few of my friends decided to sneak in and test the waters, so they joined. "

"It seems like you're doing pretty well up there. You know so many powerful friends!" Yue'er laughed.

"Don't forget that I'm a very powerful Alchemist. I'm currently helping you guys refine Heaven and Earth infinite Dan that can easily step into the World Defying Stage. You guys eat it, and you'll be able to step into the World Defying Stage very soon." Chen Xiang laughed: "Quickly go and get Sister Feng and the others to help me concoct pills. I have something to instruct them about."

"Alright!" Yue'er immediately flew back, and brought Feng Yujie and Hua Xiangyue out not long after.

Looking at the mature and charming Feng Yujie and the seductive Hua Xiangyue, Chen Xiang couldn't help but to start laughing mischievously. It had been a long time since he had been intimate with these beauties.

"Bad guy, if you have something important to say, then say it quickly." Feng Yujie scoffed.

"Little Scoundrel, when are you coming back? Big sister misses you so much!" Hua Xiangyue said coquettishly.

"This is the medicine used to refine Heaven and Earth infinite Dan!" Chen Xiang coughed dryly a few times, and then gave them some medicinal ingredients.

If it wasn't for the limited time, Chen Xiang would definitely have wanted to chat with them more. Right now, he could only quickly teach them the method to refine this pill.

When Chen Xiang first refined the Heaven and Earth infinite Dan, he was also only at the Venerable ancestor realm, so he felt that these girls who were very familiar with the Heavenly Alchemy would definitely be able to do so.

"It's going to be tough on you guys next!" Of course, the Heaven and Earth infinite Dan that I refine will first be eaten by your thugs, so it has the function of protection. " Chen Xiang said: "And if you all feel

that refining pills requires the power of World Defying Stage, you can take it first. As for such an even distribution, you all can decide for yourselves!"

"Got it!" Feng Yujie and the others knew the purpose of the Myriad Tao Divine Mountain, and this was a huge threat to them.

"Alright, I'll continue to concoct pills. After I'm done concocting, I'll have Yue Er come out to retrieve it." Chen Xiang said before withdrawing his spiritual will from the Natural Law World.

Chen Xiang had continuously refined Heaven and Earth infinite Dan for two years, and there were only two hundred of them in total, which was enough for twenty people to enter World Defying Stage.

Even though he had used the power of time, it had still taken Chen Xiang a month!

The Myriad Tao Divine Mountain did not know when he was going to make his move, so time was of the essence. Chen Xiang found nine stones and threw them into the Natural Law World, smashing them onto the barrier enchantment.

Not long after, Yue'er came out. Chen Xiang asked about Myriad Tao Divine Mountain's situation, and after knowing that Myriad Tao Divine Mountain had yet to take any action, he felt a lot more at ease.

Okay, I will give my Heaven and Earth infinite Dan to you now. There are two hundred Heaven and Earth infinite Dan in total, and one person eating ten of them will be able to step into the World Defying Stage. Chen Xiang said.

"Well, they've already discussed it! Furthermore, there is good news. Shuang Ru just returned, she said that her father has already stepped into the World Defying Stage." Yue Er said: "Wait a moment, let her take some pills to the Heavenly Dragon City."

"Alright!" Chen Xiang nodded. "I will go and chat with Senior Jiu Xiao later."

After that, he brought the box containing the Heaven and Earth infinite Dan to Yue'er, and upon seeing this, he almost fainted. He had consumed too much energy, and in an instant, he was drained of all his energy!

"Could it be because the Heaven and Earth infinite Dan contains too much energy?" Chen Xiang didn't expect it to turn out like this. He watched Yue'er take the pellet back with him, and only then was he at ease.

"I'm going to the Myriad Tao Mausoleum right now. The mysterious inheritance inside might be of great help to me." Chen Xiang still had one more person to find in the Myriad Tao Mausoleum, which was the Well-informed Ghost. He wanted to ask Well-informed Ghost a few things, to see if the Well-informed Ghost knew how to make him return to the Natural Law World.

Before he left, he still needed to rest for a while.

"Did the Myriad Tao Divine Mountain change the rules?" Chen Xiang had this suspicion. Back then, Natural Law Divine Lord's cultivation was not high either, but he was able to get a clone from the Divine Wasteland.

"Abominable Myriad Tao Divine Mountain!" Chen Xiang cursed a few times in his heart.

After recovering, he teleported into the Myriad Tao Mausoleum. The Myriad Tao Mausoleum's barrier was getting weaker and weaker, after all it was destroyed inside. It was caused by the Myriad Tao Divine Mountain and the World Defying Stage Heavenly Sect.

"Well-informed Ghost!" Chen Xiang took out the Communication jade Symbol paper and sent a message to the Well-informed Ghost. He did not know if the Well-informed Ghost was still there.

"Chen Xiang, you're finally back! The Ghost Emperor died, did you do this!?" The Communication jade Symbol paper soon started to shake, and the voice of the Well-informed Ghost traveled over.

"Hehe, that guy died a terrible death." Chen Xiang laughed: "We have come together, I have something to ask you ... Right, I am asking you a question now, are you still taking my Dao crystal? "

[Chapter 3024](#)

The Ghost Emperor was killed by Chen Xiang and the great enmity of the Time Ghost was avenged. This caused Well-informed Ghost to be unable to help from feeling sad and joyous. The Time Ghost was his good friend for many years, but now his soul had been shattered.

"Of course I won't take your Dao crystal. You are my friend, and I never accept friends' Dao crystal." Of course, the Well-informed Ghost could tell that the current Chen Xiang was extremely powerful, otherwise he would not have been able to kill the Ghost Emperor.

"What do you want to ask? What I know is very limited! " The Well-informed Ghost said.

What Well-informed Ghost knew was all through him using the secret technique to communicate with the world and then finding out about it. Moreover, he also knew how to gather the residual souls in the world and read the memories inside it.

Although he had a lot of memories, if no one asked, he would not find them in those memories. Perhaps even he himself would not care about those things.

"You should know about the Natural Law Divine Lord, right?" Chen Xiang said: "He has control of a world, and I have already taken control of that world. However, I am unable to enter that world, is there any way to enter it? Right now, I can only get a few things back, but the consumption is huge. "

Well-informed Ghost frowned as he rummaged through the memories in his mind. This would take a while, and Chen Xiang was patiently waiting at the side.

"This situation is indeed unique, but it's not like there's no other way! Normally, they would send their clones in, but that would also consume a lot of energy. " Well-informed Ghost said, "There is a way, but it is very difficult!"

"What method?" As long as he could enter the Natural Law World at any time, Chen Xiang would definitely try his best to do so.

"Let me think a bit more. I'll organize the details properly." The Well-informed Ghost said, then closed his eyes. Maybe the process was a bit more complicated, so he needed time to think about it.

Chen Xiang waited for him for an entire hour.

Well-informed Ghost said, "You need to build a bridge!"

"Bridge?" Chen Xiang asked in confusion.

"Yes!" Because you are the master of a world, and in order to maintain the stability of that world, controlling it is impossible to go back! After all, in general, control was a powerful existence! However, this is only according to the rules of the Myriad Tao. In fact, a very powerful world cannot be controlled. " The Well-informed Ghost said.

Chen Xiang hurriedly nodded his head. Although he could take back the Natural Law World from the Natural Law Divine Lord, he could not completely control it, and could only observe. He could only absorb the Natural Law World's energy, and nothing else.

"For example, the Divine Wasteland we are in was originally built by the World Defying Stage Tao Ancestor, but the World Defying Stage Tao Ancestor can actually stay in this world." The Well-informed Ghost said.

"Yes, the World Defying Stage Tao Ancestor is also unable to control this world." Chen Xiang was very clear of this matter, because Luo Tianjun had already told him about it before. Forget about controlling it, he was still unable to use the power of this world directly.

"You can't go back. The Myriad Tao's laws have restricted you, but you can still break through. You need to build a bridge between the Natural Law World and this Divine Wasteland world, connecting the two worlds." The Well-informed Ghost said, "This way, the two worlds will not be separated from each other, and the laws of the two realms will be the same. Then, you can pass through that bridge and head to the Natural Law World."

Chen Xiang thought for a moment, then said with a frown: "This bridge is definitely not ordinary, otherwise there's no way to connect these two worlds!"

Well-informed Ghost nodded his head, "Yes, you need to build an extremely strong and stable space, and use this space to connect the Natural Law World to the world of the Divine Wasteland. That way, you can use this space to return to the Natural Law World."

"These are all memories I gathered. I don't know if they are feasible." Well-informed Ghost said. This method was summed up after he gathered his memories from all these years.

Chen Xiang felt that this was a pretty good idea, he would have to think about it himself. After all, the Well-informed Ghost did not grasp the power of the spatial laws, so he did not know what exactly was required of him.

"Well-informed Ghost, do you know that Half-ghost Old Man?" Chen Xiang asked: "Does this guy really exist, or is it just a spirit body?"

"Half-ghost Old Man?" Well-informed Ghost did not know who Chen Xiang was talking about.

"It's the old man inside the secret array." Chen Xiang said: "I keep having the feeling that this guy is very powerful, the inheritance that he has mastered is not simple at all!"

"Isn't the inheritance from the World Defying Stage Tao Ancestor?" The Well-informed Ghost said.

"No, I have seen the World Defying Stage Tao Ancestor!" Chen Xiang felt that Luo Tianjun did not have such a powerful inheritance. For example, he did not have the Heaven and Earth infinite Dan's medicinal herbs.

But Half-ghost Old Man did!

And also the cultivation method of the World Defying god fire! Although Luo Tianjun could use World Defying god fire, he did not know how he could cultivate it himself.

Chen Xiang had asked Luo Tianjun about the inheritance secret array, Luo Tianjun had only told him that the inheritance secret array was created by a mysterious guy back then. At that time, he did not pay too much attention to it, it was just that he did not expect this person to be so powerful, with a variety of powerful inheritances.

The reason Chen Xiang came to the Myriad Tao Mausoleum was also to enter the secret inheritance array again, to see if he could get the inheritance from the Half-ghost Old Man.

"That's strange, it seems like this guy is very mysterious!" Well-informed Ghost had always thought that the inheritance inside the secret array came from the World Defying Stage Tao Ancestor Luo Tianjun, but now it wasn't.

Chen Xiang was also very interested in this!

"Therefore, I came here this time to see if I could find this old man." Chen Xiang laughed: "If I do, I will have to spend a lot of Dao crystal s!"

"I just know that more and more people are coming here to find him!" Although many people were able to find the secret inheritance array, very few people were able to find it. In other words, this guy is appearing less and less, and I don't know why. " The Well-informed Ghost said.

"Is he about to disappear?" Chen Xiang was very worried that he would never see this Half-ghost Old Man again.

"It's very possible!" Well-informed Ghost said: "So you should think about it carefully, otherwise you will only pay Dao crystal."

"Un, I understand!"

Chen Xiang still decided to give it a try. He bid farewell to Well-informed Ghost and quickly went to the Colorful Forest, took out the Dao Jing bead that he had refined before, and began to search for the secret inheritance array.

Very quickly, he felt that there was an inheritance secret array nearby, he immediately teleported over!

Just as he teleported over, he saw two middle-aged men wearing golden clothes. Chen Xiang immediately recognized that they were all from the World Defying Stage Heavenly Sect from their auras.

"The World Defying Stage Heavenly Sect is actually also looking for the secret inheritance array." Chen Xiang did not expect that the World Defying Stage Heavenly Sect would have already found the inheritance secret array first, so he did not want to keep it, and took out the Dao Jing bead to look for something else.

[Chapter 3025](#)

The aura released by the Dao Jing bead was extremely strong, and even if Chen Xiang wanted to hide it, it would be difficult.

It might be because he had already stepped into the World Defying Stage and cultivated an unparalleled profound body, so he did not put the Venerable Ancestor Later-stage in his eyes at all. He had not paid any attention to the two World Defying Stage Heavenly Sect s just now, and directly took out the Dao Jing bead.

The auras released by the Dao Jing bead were extremely strong, and were immediately sensed by the people from the two World Defying Stage Heavenly Sect s. They immediately rushed over at a very fast speed.

"What are you doing here?" One of the middle aged man shouted loudly, his eyes revealed a greedy light as he looked at the Dao Jing bead in Chen Xiang's hand.

"I came here to search for the Secret Inheritance Formation. However, after I came here, I saw that the Secret Inheritance Formation had been found by you, so I started to look for the next one." Chen Xiang answered honestly, he did not want to lower himself to the same level as these people.

In the Myriad Tao Mausoleum, searching for an Inheritance Secret Array was a very common thing. Chen Xiang would meet many people there who search for an Inheritance Secret Array.

"Oh? I think you want to ambush us! " The middle-aged man sneered and said, "That's why we said such words when we found out about it!"

The other middle-aged man said coldly: "Fortunately, you did not attack, otherwise, the only outcome would be death! But you scared us and even sent us here, wasting a lot of our time. My time is very precious! "

Chen Xiang frowned, and asked: "What do you guys want?"

The middle-aged man laughed, "What do you want? Of course it's to make you compensate us, we just received quite a bit of shock! Give us the pearl in your hand, and we will let this matter go! "

"Otherwise... "Hum, hum, hum!" The other middle-aged man snorted, looking at Chen Xiang with eyes full of threat.

"Or what?" Chen Xiang kept the Dao Jing bead. "I'm not afraid of you!"

"Haha, you're not afraid of us? That's because you're ignorant! " The slightly taller middle-aged man couldn't help but laugh, "If you know what's good for you, then quickly take out that pearl."

"You haven't answered my question! If I do not give it to you, what will happen to me? " Chen Xiang looked to be extremely calm. All these people in front of him were from the World Defying Stage Heavenly Sect, so he had always hated the World Defying Stage Heavenly Sect, he had only felt that they were from the Venerable Ancestor Later-stage, and that they were weaker than him by this much. Furthermore, he had some sort of enmity with them, so he did not plan to make a move on them.

However, these two wanted to snatch his Dao Jing bead, so he had no choice but to take action.

"You will die!" The middle-aged man laughed loudly: "We are from the World Defying Stage Heavenly Sect! Even if you are a frog in a well, you must have heard of the great name of our World Defying Stage Heavenly Sect, so you should still obediently hand over that pearl! "

"Is it this pearl?" Chen Xiang said indifferently as he took out the Dao Jing bead.

"Yes, you are so obedient!" The middle-aged man immediately walked over and reached for it.

However, the moment he touched the Dao Jing bead, he immediately felt that something was amiss. His hand actually stuck onto the pearl and he was unable to retract it.

"You ... What exactly did you do? " The middle-aged man screamed out in shock, because he could feel that his Dao power was continuously pouring into the pearl.

"Shall I give you the beads?" Chen Xiang laughed sinisterly, and then fiercely slapped this middle-aged man's face.

Pah! -

When Chen Xiang's palm landed on the middle-aged man's face, a burst of violent flames exploded out.

When the middle aged man at the side saw this, he was extremely shocked. He immediately knew that Chen Xiang was from World Defying Stage, so he did not plan to save his comrades.

"We are from World Defying Stage Heavenly Sect!" The middle-aged man shouted in shock.

"I know you are from the World Defying Stage Heavenly Sect. Chen Xiang said: "You also said that if I don't give the Dao Jing bead to you, you will die! I don't want to give it to you, and I don't want to die either, so I can only kill you! "

After he finished speaking, Chen Xiang's palm fell onto the other cheek of the middle-aged man.

"Originally, nothing happened to you all! But who told you to have malicious thoughts and want to rob someone else's things? Stealing is never right, and you, a dignified World Defying Stage Heavenly Sect's disciple, actually did such a thing. It's better if you all don't live. " Chen Xiang struck his palm towards the middle-aged man's chest. Heaven Blasting Palm power, accompanied by a strong World Defying god fire s, surged out, instantly burning the middle-aged man's body into mist.

The other middle-aged man was also killed by his palm strike!

"That's fine too. I don't need to go around them anymore. This Inheritance Formation belongs to me." Chen Xiang walked over to the secret inheritance array, just now the two people had already placed Dao crystal s inside, just that it was not there yet, he only needed to place a little more and he would be able to open it.

As soon as he walked over, he immediately felt movement around him.

"There's actually someone nearby. If I hadn't released my Spatial Perception, I wouldn't be able to sense it at all. These guys' concealing abilities aren't weak!" Chen Xiang was astonished. He didn't know who was following him, and it seemed like they had been following him for a very long time already.

He pretended not to notice and continued to place the Dao crystal into the inheritance array bit by bit.

Just as he was about to finish setting them up, a few swishing sounds were heard and several figures appeared around him.

"What exactly happened today? To think that we would encounter such annoying things in succession. " Chen Xiang turned his head to look, his gaze was focused on an old man, this old man gave off an extremely powerful feeling, he was from the World Defying Stage.

"I trained in the Primordial Profound Body." Chen Xiang was shocked, this group of people were much stronger than the World Defying Stage Heavenly Sect's group.

"What are you guys doing?" Chen Xiang said with extreme impatience.

"Hand over the World Defying Green dragon!" The old man coldly said these words.

Chen Xiang carefully observed the people around him once again. One of them was an old man, two were middle-aged and three were young. Other than the old man who had managed to cultivate the Primordial Profound Body, the rest were all people who had just stepped into World Defying Stage.

And these people actually knew that he had World Defying Green dragon!

He was sure that these people were not from the World Defying Stage Heavenly Sect, otherwise they would have already attacked!

However, there were not many people who knew that he had a World Defying Green dragon, and there was only one force that had such a strong power, and that was the Myriad Tao Divine Mountain!

Chen Xiang thought of many things in an instant. The people who surrounded him were Myriad Tao Divine Mountain.

Before, the Myriad Tao Divine Mountain even faked inviting him to take a look at the Myriad Tao Divine Mountain, but in the blink of an eye, she surrounded and killed him, wanting to steal his World Defying Green dragon.

[Chapter 3026](#)

Chen Xiang felt that these people in front of him were not his match, but if these people knew that he had World Defying Green dragon, then they must have some sort of power to rely on.

"Does he have something to restrain me?" Chen Xiang thought, his heart suddenly shivered.

These fellows from the Myriad Tao Divine Mountain must have been following him around, and since he had met them before, these people definitely knew about it as well.

Chen Xiang immediately thought that these people might have already caught the Well-informed Ghost.

Sure enough, they saw the old man release Well-informed Ghost from a storage divine tool.

"This is your friend, isn't it? As long as we hand over the World Defying Green dragon, we will definitely not make things difficult for the two of you. " The corners of the old man's mouth curled up slightly as he revealed a sinister smile.

A wave of fury immediately surged through Chen Xiang's body, but was immediately suppressed by him. He secretly used the power of space, and realised that the power of space was actually useless.

"Your power of space is useless. Even the World Defying Stage Heavenly Sect knows how to suppress your power of space, do you think we don't know?" Although the old man did not say that he was from the Myriad Tao Divine Mountain, his words showed that he was definitely from there.

"Chen Xiang, your World Defying beast is very strong and precious, don't sacrifice it for a useless old man like me. We haven't known each other for long, and it's not worth it for you to do so. From his eyes, it could be seen that he was not afraid of death at all.

"You're my friend, don't say that!" Chen Xiang forced a smile at Well-informed Ghost: "And this is what you told me before! I can't do something like abandoning a friend. "

"Then cut the crap, hand over the World Defying Green dragon." The old man became impatient and shouted.

"I'll give it to you right now!"

After Chen Xiang finished speaking, his face suddenly changed, and became gloomy and gloomy, the Well-informed Ghost on the ground had also suddenly disappeared, as he had been teleported away using the Time and space power!

World Defying Stage Heavenly Sect and Myriad Tao Divine Mountain only knew that he knew how to use the power of space and did not know about his time, so they were not on guard against him.

"What... "How is this possible!?" Indeed, the old man was dumbstruck. A surge of spatial energy gushed out from their bodies, wanting to escape.

However, he was enveloped by the spatial domain that Chen Xiang had released, making it impossible for him to escape.

"Exterminate the Spirit Star. Leave none alive!" Chen Xiang's voice was cold.

Sun Lingxing suddenly appeared behind Chen Xiang, his white robes fluttering in the wind, his entire body releasing cold Qi.

"Kill!" Chen Xiang shouted, and also attacked three of the middle-aged men: "You guys want the World Defying Green dragon right? "Let's see if you have the ability to tame him!"

As Chen Xiang's voice fell, the furious roar of the Azure Dragon could be heard from within the spatial and temporal domains.

The green dragon's entire body shone with a green light, as waves of powerful and proud Dragon Power leaked out from the green dragon's scales.

After the World Defying Green dragon sensed Chen Xiang's fury, it was also very angry. The moment Chen Xiang released them, it shot out like an arrow, and directly pierced through the bodies of the two youths, killing them in an instant!

Chen Xiang had teleported behind a young man, using Heaven Blasting Palm of Divine Flame he smashed towards the young man's head, turning him into ashes!

Sun Lingxing was even more straightforward. Both of her hands moved, continuously shooting out small meteors, like a storm, they rained down on the area around the old man. She released a powerful and unparalleled meteor energy, the moment it touched the old man, it would immediately enter his body.

Some of these meteors carried icy cold powers, some carried the power of thunder and some carried the power of intense flames. After entering the old man's body, they continuously released this power.

At this time, Chen Xiang and the World Defying Green dragon had already killed the two men who were fighting for their lives!

Sun Lingxing was already at the sage realm in the World Defying Stage in the first place, while the old man was only at the Xuan realm, so he was far from being his match.

"Myriad Tao Divine Mountain, I knew that you guys were up to no good. I never thought that you guys would make a move so quickly, even inviting me to play in your Myriad Tao Divine Mountain, then chased after me." Chen Xiang looked at the old man who was rolling on the ground.

This old man's body was like a small meteor, he was tormented to the point of being miserable! He really did not expect Chen Xiang to actually be able to use the power of space, because when they appeared, they had already secretly set up an invisible barrier, so that even the powerful spatial masters in their Myriad Tao Divine Mountain would be restricted.

However, Chen Xiang didn't encounter any hindrances, and directly took away the Well-informed Ghost, then released a powerful World Defying Stage Saintess. In just a short moment, he had caught them off guard, and killed five more World Defying Stage s.

The World Defying Stage s were also extremely precious to the Myriad Tao Divine Mountain s, especially those that could cultivate an unrivalled profound body!

"Chen Xiang... If you dare to go against the Myriad Tao Divine Mountain, you won't be far from death." The old man said.

"I've heard this kind of bullshit a lot, but I'm still alive and kicking! But whoever fights with me, will not be far from death! Of course, I never say much of this nonsense, because I just do it and don't say it." Chen Xiang sneered, and continued to release Divine Flame Heaven Blasting Palm towards the old man, until he turned to ash.

Sun Lingxing sighed helplessly: "Myriad Tao Divine Mountain is such a trash, it looks like you have to be careful in the future. They must know that you killed them, no matter what kind of force they are, the World Defying Stage's death is a serious matter, not to mention that there are so many of them!"

"I'm not afraid of them! It is normal for them to come and rob my World Defying Green dragon but I will kill them instead. Could it be that they are the only ones who are allowed to rob me and I am not allowed to retaliate? If they really want to take revenge, I will kill however many that come. Sooner or later, I will destroy the entire Myriad Tao Divine Mountain." Chen Xiang said: "It seems that I have to quickly build a bridge and return to the Natural Law World."

There was a Myriad Tao Divine Mountain in the Natural Law World, which was the biggest threat to Chen Xiang!

After being released by Chen Xiang, Well-informed Ghost immediately closed his eyes and absorbed the remnant soul inside.

"Do you know anything?" Chen Xiang asked: "Is there any way for Myriad Tao Divine Mountain to send someone to Natural Law World from there?"

Chen Xiang was more concerned with this. If the Myriad Tao Divine Mountain s inside the Natural Law World did not have any powerful World Defying Stage s, he was not too worried. Long Jiuxiao could handle this.

"They do have a way, but it won't work in a short period of time. They are also restricted by a lot of laws! They have a total of ten World Defying Stage s in the Natural Law World and three of them have cultivated an arrogant profound body. " After Well-informed Ghost absorbed the remnant souls, he found out about many of the Myriad Tao Divine Mountain's matters.

[Chapter 3027](#)

The fact that the Myriad Tao Divine Mountain in the Natural Law World had such a strong power made Chen Xiang even more worried.

"This won't do, if this goes on, once the Myriad Tao Divine Mountain attacks, it will be very difficult to resist. They must make Long Jiuxiao and the others even more powerful, otherwise, they won't be able to fight against the Myriad Tao Divine Mountain." Chen Xiang frowned and said: "Well-informed Ghost, I need to go check out the inheritance array, I need an inheritance right now, you can stay here by yourself, there shouldn't be a problem right?"

"It's okay, I'm very familiar with Myriad Tao Mausoleum. I have a place to go, you have to be careful too." Well-informed Ghost said. He possessed a large amount of memories and was very clear about many things. He also understood his current strength.

Chen Xiang gave him some Heaven and Earth infinite Dan, and asked him to find a place to cultivate in seclusion so that he could enter the World Defying Stage.

After the Well-informed Ghost left, Chen Xiang entered the secret inheritance array.

The inside of the array was a complete blank, there was nothing inside, which made Chen Xiang a little disappointed, but this was also a normal thing.

Just as he was about to leave, he suddenly heard a burst of laughter.

"It's the Half-ghost Old Man!" Chen Xiang was pleasantly surprised, and then he looked around, and very quickly, he saw a translucent shadow.

After seeing the Half-ghost Old Man, Chen Xiang immediately laughed, "I thought that all my hard work would be in vain this time, I never expected that you would actually appear!"

Half-ghost Old Man laughed: "This is the third time I've met you. Originally, I didn't plan to appear, but this doesn't seem like a good idea, so I appeared."

Chen Xiang curled his lips: "You actually want to avoid me, why is that?"

"There's also no reason. The main reason is that you've come in too many times ... If there's too much, it will be unfair to the others. However, I have to admit that your luck is pretty good, to be able to see me again so quickly, I'll make an exception and give you another inheritance. " Half-ghost Old Man stroked his beard and laughed.

"Your inheritance is sometimes unreliable, and you don't even have what I need. So what if you see me a few more times?" Chen Xiang said snappily: "Can you really not come again next time?"

"You really can't come again, so I will try my best to fulfill your request." The Half-ghost Old Man said.

When Chen Xiang came here, he had already thought about it.

"I need a pill formula. This type of pill formula can allow me to quickly cultivate World Defying Holy Body and wrap the ingredients." Chen Xiang said: "Can you give it to me? You just said that you will do your best to fulfill my request. This is the last time I'm here, so you have to promise me! "

"Fine, I'll agree!" The Half-ghost Old Man did not hesitate and immediately agreed. He even took out a box and passed it to Chen Xiang: "Whether these three medicinal herbs can be refined into Tianyuan holy body Dan or not, it all depends on you."

"So straightforward, you really can do it!" Chen Xiang was very happy, he never thought that the Half-ghost Old Man would really have such a pill, which made him suspect that the inheritor was extremely proficient in pill refining.

"Of course, take it back and refine it properly. It's not easy to forge!" Half-ghost Old Man laughed and said: "I'll send you out now."

After he finished speaking, Chen Xiang's vision went black, and then he appeared in a barren mountain in the Myriad Tao Mausoleum.

"I need to use some snacks to research how to refine them. But before that, I need to plant more." Just like before, Chen Xiang gave the three medicinal herbs to the Mei Jing Sisters in order for them to cultivate them.

After he left the Myriad Tao Mausoleum, he used the Six Realms Time and Space Door to look for Tang Zhongjie's location, and then teleported nearby.

"Is Myriad Tao Divine Mountain here?" Chen Xiang arrived above a huge ocean, the surroundings were filled with an azure blue ocean.

Tang Zhongjie was surprised that he could find this place based on the information he got from the Six Realms Time and Space Door, but he was sure that the Myriad Tao Divine Mountain was in this ocean which belonged to the Divine Wasteland as well.

After he took out the Communication jade Symbol paper and sent a message to Tang Zhongjie, he very quickly received a reply.

"Where is the Daofather?" I want to talk to him about something. " Chen Xiang asked, he did not give the Communication jade Symbol paper to Luo Tianjun previously.

Very quickly, Luo Tianjun used the Communication jade Symbol paper to talk to him.

"What is it?" Luo Tianjun asked.

"You are in the Myriad Tao Divine Mountain?"

"Yes, we have been here for quite some time. Is there something you need?" Luo Tianjun did not know that the Myriad Tao Divine Mountain had sent people to kill him.

Chen Xiang told Luo Tianjun about how he was chased by the Myriad Tao Divine Mountain in a simple manner. When Luo Tianjun heard this, he was extremely furious, but Chen Xiang told him not to make a move first.

Afterwards, Chen Xiang told Luo Tianjun about the matters of the Natural Law World. He wanted to see if Luo Tianjun had a way to build a bridge between the two of them so that he could return.

Right now, the Natural Law World is sealed by a mysterious power. Even if the people inside have very strong powers, they will not be able to enter the Divine Wasteland. Luo Tianjun said: "It's not impossible to build a bridge, I think we can try! I heard Fang Haoyun talk about the Dan God Mysterious Land before ... That Dan God Mysterious Land is a world that is hidden within the stone tablet, and the stone tablet is in your hands, right? "

"Yes!" Daofather, are you saying that the bridge is made with the Dan God Mysterious Land? " Chen Xiang thought about this and felt that this was a good idea.

"Not bad, you can try. I'll explain some of the knowledge that the world has constructed to you so that you can understand it better. It shouldn't be difficult for you to master the Time and space power yourself ..."

Following that, Luo Tianjun began to narrate to Chen Xiang his experiences in creating this grand time period, which benefited him a lot.

"Alright, I believe that you will definitely succeed! Leave the Myriad Tao Divine Mountain to me, they are treating us pretty well right now, if we can borrow their resources to level up, that would be a good idea. " Luo Tianjun said.

Good, they must already know that the people sent to kill me have been killed, they are all from World Defying Stage. They will definitely take this matter very seriously. Facing the gigantic Myriad Tao Divine Mountain and World Defying Stage Heavenly Sect, Chen Xiang could only avoid them.

After Chen Xiang left the ocean, he hid inside a cave and started to think about how to build a bridge between the Natural Law World and himself.

After pondering for more than a month, Chen Xiang finally had a clue.

"Now, we have to first connect the Dan God Mysterious Land and the world of the Divine Wasteland, and then connect the Dan God Mysterious Land and the world of the Divine Wasteland! The hardest part would be connecting it to the Natural Law World, which would require me to use a powerful Time and space power. "

[Chapter 3028](#)

Chen Xiang sat in the middle of the plaza in the middle of Dan God Mysterious Land City. He took out the Six Realms mirrors and activated the great formation inside the Six Realms mirrors. If he did not have enough World Defying Stage Divine Power, he would need to rely on the Six Realms mirrors's help.

Furthermore, he had the four women from the World Defying Stage prepare themselves. At that time, he might need to borrow their power!

"Natural Law World has a barrier that seals the entire space within the world. If I want to successfully build the World Bridge, I must weaken the barrier's power."

Chen Xiang closed his eyes to feel the space within the Natural Law World, and very quickly, he felt that the powerful barrier was indeed very frightening, and it was even extremely difficult for him to enter or leave. He finally understood why he had used so much energy to get Heaven and Earth infinite Dan from this place, it was all because of that barrier.

"How can I weaken that Spirit Formation?" Chen Xiang secretly thought: "Let Qilian and the others destroy it? This won't do, if Myriad Tao Divine Mountain were to find out, they would be in great danger! "

"It looks like I have to talk to Xianxian and the others!" Chen Xiang had not seen Xue Xianxian for a very long time as well. He immediately threw a stone at the sky above the Hundreds of Flowers Village, and Yue'er quickly ran out, calling Xue Xianxian and Liu Meng'er over.

The Hundreds of Flowers Village and the Heavenly Dragon City were resolute as gold, they had done a great service to the women who had forged the formation. Even at this time, they were extremely busy, and if not for Chen Xiang saying that he had something important to discuss with them, they would not have come out.

"Xianxian, Elder Sister Meng'er, have you been well! I miss you, but I can't go back. " Chen Xiang said pitifully: "I'm so lonely here!"

"Hmph, you little scoundrel, you must have harmed quite a few ladies over there." Xue Xianxian scoffed.

"Exactly!" Liu Meng'er understood Chen Xiang very well.

"Oh heavens and earth... "I really haven't. Although I have a few beautiful friends, I am very honest. I am only friends with them." Chen Xiang said in an extremely wronged manner.

"Okay, okay, what is it? We also have something to discuss with you. " Xue Xianxian said.

"I want to go back ..." Chen Xiang then told the two girls about his plan to build the World Bridge, but Chen Xiang did not expect that they would actually be discussing this matter with Chen Xiang.

They knew very well that the Natural Law World had been strengthened by a barrier and that they were extremely proficient in all sorts of array formations. Although they did not have the time or space energy, they could obtain these through array formations.

Thus, they were relatively clear about how this world worked.

"Now that the Natural Law World has a very powerful barrier protecting them, it would be even more difficult for me to connect to them." Chen Xiang said: "My two beautiful wives, do you have any ideas?"

"Idiot!" Xue Xianxian scoffed, "The barrier enchantment outside the Natural Law World was set up by the Myriad Tao Divine Mountain, and the Myriad Tao Divine Mountain itself definitely isn't that strong. They must have borrowed the Natural Law World's power, or perhaps the Divine Wasteland's power.

Liu Meng'er nodded. "Yes! No matter if you use the power of the Natural Law World or borrow the power of the entire Divine Wasteland, this power must be channeled through the entire Natural Law World in order to create a strong barrier. The Natural Law World is a place that contains energy and is also a base for formations! "

If you want to break through that barrier, you only need to drain half of the Natural Law World's power and the barrier's power will definitely weaken. At that time, you can use the energy that you drain to convert it into spatial energy and build a bridge between the two of them.

Chen Xiang thought about it, this was indeed a good idea. After hiding the power of the Natural Law World from him, he was able to absorb the power of the Natural Law World. As for how much he could absorb, he had not tried it on himself.

"Will this not affect the operation of the Natural Law World? Would the Myriad Tao Divine Mountain be real? " Chen Xiang asked again.

"Myriad Tao Divine Mountain definitely does not know, that it is not the first or second time such an error has occurred in Natural Law World! If the Myriad Tao lost a lot of power, the first to worry would be the Myriad Tao Divine Mountain, they would think of ways to transfer it from the Divine Wasteland. " Xue Xianxian said: "Right now, you just need to use the power of space and let Divine Wasteland s and Dan God Mysterious Land s link together. That way, you can build a bridge!"

"When the time comes, you only need to take care of the Dan God Mysterious Land. This is the bridge between the two realms. Right, when the time comes, I will choose the Hundreds of Flowers Village! Sister Bai Ling and Yue'er both have very high attainments in the use of Spatial Force. In addition to the formation we have set up, it should be able to help you successfully build a World Bridge. " Liu Meng'er continued.

"Good, it's great to have you all here!" Originally, Chen Xiang did not know how he would be able to break through this obstacle. However, with Xue Xianxian and Liu Meng'er's help, he felt much more at ease.

With a direction, it became much more convenient for Chen Xiang to execute it. At this moment, he began to extract the power of the Natural Law World, and all of it condensed within his Divine Sense Sea World.

It was also only now that he realized just how powerful his Divine Sense Sea World was.

However, what made him extremely speechless was that the Six beasts in the Divine Sense Sea World was actually greedily devouring the Myriad Tao's power.

"You six guys, be a good boy and don't eat all of it." Chen Xiang was helpless, he had no choice but to hurry up and start, otherwise the Myriad Tao's power would almost be completely absorbed.

Very quickly, he established a fusion point between the Dan God Mysterious Land and herself, and had them merge with the Divine Wasteland. Then, he felt a trace of spatial undulation from the Natural Law World, one that originated from the Natural Law World itself.

This fluctuation was a signal that the lady in Hundreds of Flowers Village had sent him. He needed to fuse the other side of the Dan God Mysterious Land with the signal point.

"Let's begin now!" Chen Xiang bellowed, and released all the World Defying Stage Divine Power in his body, turning it into the vast Time and space power, and smashed the signal point that came from the Natural Law World.

In an instant, Chen Xiang blasted a black hole through a part of the Dan God Mysterious Land!

"Yes, good!" What's next is to sew it up with the Natural Law World. " This also required a lot of World Defying Stage Divine Power, but fortunately for him, he had absorbed a lot of Myriad Tao's power from the Natural Law World and quickly converted it into Time and space power, repairing the areas that he had destroyed in the Natural Law World and the Natural Law World.

This process was extremely slow and unstable, causing the entire Dan God Mysterious Land to tremble!

"I can only let the Six Realms mirrors absorb my power." Chen Xiang opened the Six Realms mirrors, allowing the Six Realms mirrors's large formation to gather a large amount of Myriad Tao's power, allowing him to condense Time and space power unceasingly.

[Chapter 3029](#)

While Chen Xiang was doing this, he was checking on the Hundreds of Flowers Village, he was worried that this kind of activity would alarm the Myriad Tao Divine Mountain.

"Yue Er, how are things on your side?" Chen Xiang saw Yue'er coming out and immediately asked her.

"Everything is very smooth. We are using a spatial array, Bai Ling is watching." "What about you?" Yue'er asked.

"I'm okay, I should be done soon." Chen Xiang laughed: "When the time comes, I will see you again, little girl, have you grown up yet?"

"I'm like that, I can't grow up." Yue'er laughed. "That's right, did you harm the other girls over there?"

"Of course not." Chen Xiang was telling the truth.

"The effect of your Heaven and Earth infinite Dan is very good. Before long, our Hundreds of Flowers Village and Heavenly Dragon City will have a batch of World Defying Stage s. At that time, you don't have to worry about them." Yue'er asked, "Have you made enemies with them over there?"

"They are the ones who are my enemies. I did not provoke them." Both the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain wanted to get his World Defying beast. Fortunately, they only knew that he had the World Defying Green dragon, and if he had the other five beasts, they would hunt him down even more frantically.

The Dan God Mysterious Land's pitch-black hole had already started to shine, which meant that they had already been connected to the Natural Law World.

After Chen Xiang confirmed that the passage was stable, he put away the Time and space power and ran over!

Just as he walked over, he saw a white figure accompanied by a fragrant smell pouncing over, it was Xia Bailing!

"Sister Bai Ling!" Xia Bailing mischievously rushed over and hugged Chen Xiang, and even picked him up.

"I've finally met you, little scoundrel!" Xia Bailing giggled, and continued to pinch Chen Xiang's handsome face: "You have become a little fatter!"

Chen Xiang was not courteous at all, as she rubbed Xia Bailing's beautiful face.

Soon after, Liu Meng'er and Xue Xianxian also walked in.

Xue Xianxian stuck his tongue out at Chen Xiang, then was embraced by him.

Chen Xiang kissed her on the cheek. "I made you worry, my little lady."

"It's good that you're still alive." Xue Xianxian chuckled, and then pinched the flesh of Chen Xiang's arm: "You're still so strong!"

"That's right!" Chen Xiang snickered.

After Lv Qilian received the news, he immediately came over with Long Huishan and Feng Yujie.

After so many years, Chen Xiang was very happy to see these beauties again.

"This Dan God Mysterious Land is not bad, why don't we use it as our retreat path? If Hundreds of Flowers Village and the Heavenly Dragon City are unable to hold on, we will withdraw here! " Liu Meng'er said, "When we go back, we can get another spatial Transmission array and place it in the Heavenly Dragon City. At that time, the Heavenly Dragon City will be able to teleport here as well."

Dan God Mysterious Land was still very spacious and this place was indeed very stable. This was a world created by someone like Myriad Tao Dan God, who had transcended Myriad Tao, so naturally, it was very powerful.

"I'll see you guys more often in the future." Chen Xiang laughed: "Oh right, there are many ingredients inside, you can let Sister Feng and the other girls take care of it."

After that, Chen Xiang went to the Hundreds of Flowers Village, and met those beautiful girls one by one. He even ate some tofu on the bodies of a few beauties, and at night, it was naturally time for him and all the other beauties ...

Chen Xiang had returned to the Natural Law World from a new life, which also made him a lot more at ease. After an entire night of indulgence with the beauties, when he woke up the next day, he immediately headed for the Heavenly Dragon City.

Last night, he had found out from those girls that his father, Shen Tianhu, was also inside the Heavenly Dragon City, and that even that island had descended onto the Heavenly Dragon City, so the Heavenly Dragon City was extremely powerful as a whole. Now that Chen Xiang had returned, with the help of Chen Xiang's various super high quality divine pellets, he would become even more powerful, and it would only be a matter of time before he surpassed the Myriad Tao Divine Mountain and the World Defying Stage Heavenly Sect.

When Chen Xiang headed towards the Heavenly Dragon City, he kept a very low profile and did not let too many people know about it. He only let Long Jiuxiao, his father, Gu Dongchen and the other higher-ups of the Heavenly Dragon City know about it.

The Heavenly Dragon City had a lot of potential, because there were powerful Heavenly beasts inside. The green dragon, white tiger, and vermilion sparrow, were all there. If they could all step into the World Defying Stage, they would be considered World Defying beasts.

So the Heaven and Earth infinite Dan that was sent over, was first to give them these strong Heavenly beasts, Long Jiuxiao also understood this point.

"We know nothing about the specific strength of the Myriad Tao Divine Mountain, but the World Defying Stage Heavenly Sect is able to gather some information, but the specifics are not clear, they have concealed it very well! "In addition, they have recruited quite a few forces in secret. Some have openly, while others have been secretly carried out." Long Jiuxiao said, "World Defying Stage Heavenly Sect and Myriad Tao Divine Mountain are trying to rope in other forces. I wonder if they're planning to start a war."

Shen Tianhu said: "I actually think that before they fight, they will definitely kill us first, if not they won't be able to relax either! After all, within the Natural Law World, we are the strongest power besides them. "

"You don't have to worry about that now. If you really can't beat them, you can leave this place and head to the Divine Wasteland." Chen Xiang said: "Divine Wasteland is very vast."

At this time, Chen Xiang was discussing about Myriad Tao Divine Mountain and the World Defying Stage Heavenly Sect with them. He had already obtained the Tianyuan holy body Dan, and could allow others to cultivate and produce the World Defying Holy Body.

Chen Xiang chatted with them from day to night, then they finally returned to Hundreds of Flowers Village. Right now, he was playing around with the two girls, Shui Bingyan and Xiao Jin'er.

Originally, Chen Xiang wanted to look for his naughty sisters, Leng Youlan and Mu Qianxiang. However they had all eaten Heaven and Earth infinite Dans and was about to step into World Defying Stage.

"Xiang Yin, it's so good to be able to hear your zither music." Chen Xiang lied on the lawn, looked at the stars in the sky, and listened to Yang Xiangyin play the zither, and thought about many things from the past.

"If it wasn't for you, I wouldn't be here right now playing the zither for you." Yang Xiangyin smiled lightly: "As long as you like it, I can play the zither for you my entire life."

Xiao Jin'er and Yue'er were in the middle of their chase when they suddenly heard Yue'er's shout, "Elder Sister Xiao Ling is here!"

"Big Sister Du is here!" She and Shui Bingyan immediately quieted down. It seemed that they were a little afraid of the poisonous woman, Du Xiaoling.

"I didn't expect you to come back as soon as I came out." Du Xiaoling looked like a cute and innocent girl, but she was a poison expert, and had poisoned many people to death.

"Elder Sister Xiao Ling, I never thought you would be so scary here! Look at how you frightened Bing Yan and Jin'er." Chen Xiang chuckled.

"Humph!" Du Xiaoling laughed tenderly, walked to Chen Xiang's side, and sat down: "Did you encounter any strong poison in Divine Wasteland?"

"Of course I met them. They were all very powerful, so I was tortured to death." Chen Xiang thought back to this matter and fear appeared in his eyes. The Wangwo poison was the most terrifying poison he had encountered so far.

Chen Xiang had already burnt down the entire sea of Wangwo flower before this, but he still grew some in the You Yao Mountain Villa. This was also what he used for collection, after all, this was a very powerful poison, if the poison was strong enough, it would still be harmful to the experts in the World Defying Stage.

"What poison? Quickly tell me!" She was especially interested in the strange poison that was able to poison Chen Xiang. She was very clear about Chen Xiang's impenetrable body and about the poison that even Chen Xiang was unable to resist against.

"There are two poisons that I am unable to defend against, not even the current me..." Of course, if the poison is too weak, I can still resist it. " Chen Xiang laughed: The first type is called Dragon magic poison, and it isn't fatal, but it can invisibly poison people, and it can make them blurry. The second type is called Wangwo poison, and this poison is extremely strong, although it can't kill people, or even kill people, it's inexpensive but it can make people feel like they want to die

Following that, Chen Xiang told Du Xiaoling in detail about the impressiveness of the two poisons, causing Du Xiaoling to be extremely enchanted by them.

"It's a good thing that I have antidote pills for both of these poisons." Chen Xiang laughed mischievously, and then, he took out a few antidote pills for Du Xiaoling. Seeing Du Xiaoling's current expression, he knew Du Xiaoling would definitely pester him, and ask him to surrender these two poisons.

"You better stay by your side. If you are poisoned, you must eat the Antidote Pill immediately." Chen Xiang earnestly reminded, and then he gave Du Xiaoling two boxes.

One of the boxes contained several bottles of Dragon magic poison Liquid. If one was not infected by this poison, they would not be poisoned and would be relatively safe.

Just the smell was enough to cause someone to be poisoned. Chen Xiang gave Du Xiaoling some poison powder and a few Wangwo flower, and warned her again.

After Du Xiaoling obtained the poison, he ran away like he had obtained a treasure.

"I hope that she won't be poisoned!" Chen Xiang still hoped that Du Xiaoling could refine an even stronger poison out of the two poisons. Although Du Xiaoling herself was very strong, she used poison as her real strength.

Deep into the night, Chen Xiang went to Lv Qilian's bedroom. Lv Qilian was currently resting on his bed, so Chen Xiang walked over and picked her up.

"Sister Qilian, aren't you going to eat Heaven and Earth infinite Dan?" Chen Xiang asked. Lv Qilian and Long Huishan had not eaten.

"I'm not in a hurry!" Lv Qilian leaned into Chen Xiang's embrace, and faintly said: "It has been a long time since I have engaged in any battles, and I usually take charge of this Hundreds of Flowers Village! So let's just let those girls who are good at fighting eat. "

"Right now, Hundreds of Flowers Village's power is very weak. At any rate, Heavenly Dragon City has a World Defying Stage like Long Jiuxiao." Chen Xiang said.

"Yes!" So you might as well stay here for the time being! Previously, when you took away so much energy from the Natural Law World, I was worried that the Myriad Tao Divine Mountain and the others would discover something. Lv Qilian's worries were not without reason. When Chen Xiang was building the world bridge, the commotion he caused was not small.

Chen Xiang kissed Lv Qilian on the cheek and said, "I still have some things to do in Divine Wasteland ... But you don't have to worry, I will leave behind two powerful friends to help you! "

"Friend? A woman? " Lv Qilian spat lightly and pinched Chen Xiang's waist.

Chen Xiang chuckled, and then let Long Qiumu and Sun Lingxing come out of the You Yao Mountain Villa. They were all from the World Defying Stage, especially Sun Lingxing, who had already cultivated the Sacred Body!

At the same time, Lv Qilian was still holding Lv Qilian, who was sitting on his legs, when two beautiful women suddenly appeared. This made her a little bashful, and she quickly jumped out of Chen Xiang's embrace.

Long Qiumu and Sun Lingxing had known that there were a lot of women by Chen Xiang's side, but they hadn't thought that there would be so many ... It was because last night, Chen Xiang and many women had been unrestrained and they had sensed it from the inside, but they had scolded Chen Xiang the whole night ...

"Alright, everyone is trustworthy!" Chen Xiang smiled and then introduced Sun Lingxing and Long Qiumu to him.

Lv Qilian had interacted with many women before, so he naturally knew how to get on good terms with them. So he didn't worry.

"I need to go back to the Divine Wasteland now, and come back after a while." Chen Xiang said, because the Tianyuan holy body Dan's medicine had not been planted, and he could not wait here, he had to do something.

"Alright, you can come back now. You can come back whenever you want." Lv Qilian nodded and then brought Sun Lingxing and Long Qiumu to leave the bedroom. She had to introduce these two strong women to everyone.

... ..

When Chen Xiang returned to the Divine Wasteland, the first thing he did was to go to that ocean and contact Luo Tianjun there.

"Daofather, I succeeded!" Chen Xiang quickly told Luo Tianjun the good news.

"That's great, isn't it? "Right, how did you succeed? Tell me, I have never done this before." Luo Tianjun was very curious about this.

Chen Xiang told Luo Tianjun about the entire process. Xue Xianxian, Liu Meng'er and the others had to come up with a lot of ideas in order to succeed.

After Luo Tianjun heard it, he felt that this method was not bad and praised it continuously.

"Dao Ancestor, ask around in the Myriad Tao Divine Mountain to see if they have found out that I am connected to the Natural Law World Furthermore, the matter of me killing those few World Defying Stage s last time. " Chen Xiang said.

"They probably did not find out about what happened at Natural Law World! On the other hand, the fact that several World Defying Stage s had been killed caused a huge sensation in the Myriad Tao Divine Mountain! Those who were able to reach the World Defying Stage are all old antiques. Although they are not the strongest in the Myriad Tao Divine Mountain, they have a relatively high status. There are also a lot of people under their command, but all of them are dead now. " Luo Tianjun said: "Most of the disciples in Myriad Tao Divine Mountain do not know who killed them!"

"However, the higher ups of the Myriad Tao Divine Mountain definitely know that you were the one who did it, because they all know what mission these World Defying Stage were sent to do."

"Why didn't they announce that I did it?" Chen Xiang asked: "The higher ups of the Myriad Tao Divine Mountain must hate me to the bone! I let them suffer such heavy losses, and they even helped me hide this matter."

"My guess is that they don't want to get into a relationship with you for the time being! Furthermore, we are still in the Myriad Tao Divine Mountain, if they were to tell us that you are the murderer, and we are your friends, we will definitely leave the Myriad Tao Divine Mountain immediately. They have already lost a few World Defying Stage experts, so if we were to go again, the power of their Myriad Tao Divine Mountain will be weakened even more.

"Also, they might plan to continue maintaining a good relationship with you on the surface and then find a chance to make a move against you. Although this Myriad Tao Divine Mountain is very powerful, he likes to use these kind of sinister methods." Luo Tianjun said.

"Oh right, World Defying Stage Heavenly Sect actually invited Myriad Tao Divine Mountain to discuss some matters. I don't know the specifics, but Myriad Tao Divine Mountain has already agreed. I only heard that it is related to the Myriad Tao's treasure that is being nurtured in the Divine Wasteland! "
