

## Dan God 3061

### [Chapter 3061](#)

Luo Tianjun and the others had also rushed out from the ruins. When they saw the changes in their surroundings, they were extremely shocked, especially Luo Tianjun!

"Daofather, what's going on?" Chen Xiang looked up in the sky, to where a powerful Qi was coming from, this Qi was being released by a human.

"When the Myriad Tao Mausoleum is attacked with such a powerful force, I wonder who it is! However, these people are not from Divine s. " Luo Tianjun frowned: "The Myriad Tao Mausoleum is about to be destroyed!"

"We'll stop them now." Chen Xiang was about to rush forward, but he was stopped by Luo Tianjun.

"Don't go, this group of people aren't ordinary people. Their World Defying Stage Divine Power is extremely terrifying, even though they aren't Divine Ranked World Defying Stage s yet, they contain an extremely strong and strange energy. This kind of power seems to be much stronger than Divine Ranked World Defying Stage s." Luo Tianjun anxiously pulled Chen Xiang back: "If the Myriad Tao Mausoleum is destroyed, then it's destroyed, but nothing must happen to you."

Luo Tianjun had high hopes for Chen Xiang, and he didn't know the origins of the strong enemies outside, so if he were to rashly go out, he would definitely be in great danger.

"Daofather, what sort of fellow has such power?" Chen Xiang said: "What do we do now?"

"If I'm not mistaken, it should be the World Defying Stage Clan's people." Luo Tianjun sighed, "Let's go now!"

Luo Tianjun was a little unwilling to part with this place. After all, he had created this place many years ago, and now that it had been destroyed right in front of his eyes, the anger in his heart wasn't small at all!

Chen Xiang also saw through Luo Tianjun's current mood. He really wanted to go out and fight to his heart's content with those people, to actually destroy such a good Myriad Tao Mausoleum.

"They're here!" Chen Xiang suddenly shouted. He then wanted to teleport away with Luo Tianjun and the others, but he was unable to do so because of the spatial restrictions. Then, he used the Time and space power!

Although they could leave using the Time and space power, Chen Xiang was unable to leave the Myriad Tao Mausoleum, and he had sealed them inside!

"What's going on? My Time and space power is actually unable to leave the Myriad Tao Mausoleum! " Chen Xiang was currently at the edge of Myriad Tao Mausoleum.

"We're sealed inside!" Luo Tianjun clenched his teeth and said: "Get ready for the battle, they are already here!"

Chen Xiang said to Fang Haoyun and Tang Zhongjie: "Everyone be careful, our enemy this time is extremely terrifying."

Just as he finished speaking, four black figures suddenly appeared in front of them, they were four extremely tall people whose entire bodies were wrapped in black cloth, their heads and faces were also wrapped in black cloth, their appearances could not be seen, and their bodies released a black mist, the strange and powerful World Defying Stage Divine Power was this black mist.

When they appeared, they instantly attacked and their movements could not be seen, but four sharp and powerful shockwaves had already struck towards Chen Xiang!

Fortunately, Chen Xiang had used the Six Realms Time and Space Door to dodge it in time, otherwise, he would have been severely injured!

Luo Tianjun was not an easy opponent, the moment the opponent attacked, he also attacked. An ordinary looking sword had already pierced through the head of a black-clothed man, after that, a gold light leaked out from the head of the head, the entire head instantly turned into gold dust.

Although Fang Haoyun and Tang Zhongjie were a little slower, their movements were very fast. It was just that the weapons in their hands were still a little too weak, unable to penetrate through the defenses of the black-clothed men.

"Very strong!" Luo Tianjun immediately kept Fang Haoyun and Tang Zhongjie into one of his treasures, and then, the three black-clothed men flew over in a ray of black light.

Fortunately Tang Zhongjie and Fang Haoyun had already been taken away by Luo Tianjun, otherwise, they would definitely die right now!

Chen Xiang calculated his timing, and when he teleported, he would make his move at the same time. The Heavenly magic sword in his hand pierced right into the neck of one of the black-clothed men, and then he suddenly released the accumulated World Defying Stage Divine Power from his body, passing through the Heavenly magic sword and entering the black-clothed man's body!

Crash! \*

The black clothed man was instantly torn apart by the World Defying god fire that Chen Xiang poured in, turning into several pieces that exploded!

"Let's go!" Luo Tianjun suddenly appeared behind Chen Xiang. He quickly flew away with Chen Xiang and did not continue fighting with the two black-clothed men!

"Daofather, why didn't you continue to fight?" Chen Xiang felt that the two black-clothed men were not very strong. He and Luo Tianjun had killed two of them just now.

"Those guys aren't the strongest!" Luo Tianjun said: "They are only diverting our attention, and their main target is you, but I don't know how they locked onto you, if we don't clarify this point, we will be continuously chased by them."

Chen Xiang understood now, they were trapped inside the Myriad Tao Mausoleum, and had been captured like mice by the other party!

"Are they just testing our strength?" Chen Xiang felt that this was impossible, after all, those black-clothed men were very strong, to actually use such a strong Ranker to test them, it was truly a waste.

"It's not a test. It should be to get you to release the World Defying Green dragon. That might be their real target." Luo Tianjun said: "If the World Defying Stage Clan wants to attack, they can only attack the World Defying Green dragon!"

"So what we need to do now is figure out how they locked onto you." Luo Tianjun flew around Myriad Tao Mausoleum with Chen Xiang at an extremely fast speed.

Chen Xiang had also released many Mouse Man s to investigate, and he had also asked them to release auras, which were the same as his. He felt that if the opponent used his own auras to find his location, then the Mouse Man would distract them.

Not long after, two of his Mouse Man s were killed by the black-clothed men!

"They have a lot of men in black!" The Mouse Man that Chen Xiang released saw several.

At this time, he had already experienced the terror of the World Defying Stage Clan. These black clothed people who managed to cultivate World Defying Holy Body were actually like small fries, existing everywhere! If it was placed in the World Defying Stage Heavenly Sect s, this would be an extremely valuable existence.

"I wonder how many World Defying Stage Clan s there are. In short, we are currently in a very dangerous situation, and these guys haven't even sent out Divine Ranked World Defying Stage s yet." Luo Tianjun did not stop. He used his most approachable sense of the Myriad Tao to sense all the changes in his surroundings.

As long as the other party was not able to lock onto where Chen Xiang was, they were temporarily safe!

"So that's how it is!" Luo Tianjun quickly found the problem.

"What's going on?" Chen Xiang realized that the Mouse Man did not continue attracting the black-clothed men, and there were more than ten black-clothed men chasing after them.

"The World Defying Green dragon in your body!" Luo Tianjun said: "The World Defying Green dragon has a unique World Defying beast aura, you are currently in an extremely nervous state, and are about to use the World Defying Stage Divine Power at any time. You have a portion of the World Defying Stage Divine Power which is released from the World Defying beast, so they can feel this aura!"

## [Chapter 3062](#)

"They are all excellent Beast Hunters who specialize in killing World Defying beast." Luo Tianjun frowned, he did not know how he did it, but he condensed a burst of energy and poured it into Chen Xiang's body, entering Chen Xiang's Divine Sense Sea.

Chen Xiang only saw that his own Divine Sense Sea's World Defying beast were suddenly enveloped by a translucent light barrier, and the Spirit Qi inside did not leak out anymore.

"Teleport!" Luo Tianjun said.

Chen Xiang immediately used Time and space power to teleport away.

"There's no need to run, they didn't come right away!" Luo Tianjun said.

Although the Myriad Tao Mausoleum was big, their speed was very fast. They were only slightly slower than teleporting, being able to travel across the entire Myriad Tao Mausoleum very quickly.

"They've lost their target." Luo Tianjun was finally relieved. Just now, Chen Xiang had been continuously locked onto, and he was extremely nervous, because the other party was extremely powerful and only sent out people of extremely low status.

"Beast Hunter?" Chen Xiang never thought that his World Defying beast would be valued so highly by these people.

"These World Defying beast are the most precious." Luo Tianjun said: "Myriad Tao Divine Mountain must have told them that that's why they came out. Otherwise, even if Myriad Tao Divine Mountain was pushed to the ground, they probably wouldn't have come out, unless the Myriad Tao's laws allowed them to move."

"Then can I still use the power of the World Defying beast in the future?" This was the strongest power of Chen Xiang, and he usually did not use it.

"Of course you can. You need to learn how to control the power of the World Defying beast. Your control over the power is not enough." Luo Tianjun said: "This requires you to comprehend on your own. I didn't manage to cultivate a World Defying beast, so I can't guide you."

Chen Xiang and Luo Tianjun created a cave and rested inside.

"What should I do next?" How can we leave this place! " Chen Xiang's Time and space power was already useless.

"The seal of the World Defying Stage Clan is extremely frightening ... Previously, they were the ones who sealed World Defying Stage Heavenly Sect. " Luo Tianjun said.

Speaking of seals, Chen Xiang suddenly felt that there was nothing to be afraid of, because Feng Ke'er was by his side!

"Xiao Ke'er, come out!" Chen Xiang released Feng Ke'er, and told him about Feng Ke'er's origins.

Even if Luo Tianjun created this Myriad Tao, when he found out about how a seal cultivated Spirit Qi, he couldn't believe it.

"This is a very powerful Myriad Tao seal, able to seal all powers, so your Time and space power cannot be used as well." Feng Ke'er only closed his eyes to sense for a moment before coming to a conclusion.

"Then what should I do? You must have a way! " Chen Xiang really wanted to leave this damn place quickly.

"Of course I have a way, but I need you to bring me to the edge." Feng Ke'er said: "I need to go there and touch the entire sealing formation, so that I can know the specific details of the sealing formation, and so that I can find a way to break through the seal."

"That's not a problem!"

Chen Xiang and Luo Tianjun quietly came to the edge of the sealing circle once again. With the two of them working together, they fiercely attacked the sealing circle, causing it to tremble and release a sealing force.

"Alright!" After Feng Ke'er finished speaking, she anxiously slipped into Chen Xiang's Divine Sense Sea World, because she sensed that someone was rushing over.

"Hurry up and leave!" Luo Tianjun said.

Chen Xiang brought Luo Tianjun and quickly left.

After returning to the cave, Chen Xiang scolded in a low voice, "World Defying Stage Clan, these bunch of bastards ... I worked hard to cultivate these World Defying Green dragon, how many years have they gone through ... You actually want to kill me. "

"They are! Furthermore, they think that this belongs to them, because as long as you are someone from the Myriad Tao, they would think that you are theirs. " Luo Tianjun said.

"These bastards!" Chen Xiang gritted his teeth in anger. Myriad Tao Divine Mountain and World Defying Stage Heavenly Sect had not been settled yet, so what kind of World Defying Stage Clan popped out?

"They are being looked after by the Myriad Tao, so there must be a lot of powerful experts inside ... Maybe the baby that was just born is from the World Defying Stage. " Luo Tianjun laughed bitterly: "Only by reaching the peak of World Defying Stage can you compete with them."

Feng Ke'er suddenly said: "I have found a way, I will start to set up the array disc needed to break through the seal!"

Feng Ke'er used the Six Realms mirrors as an array disc, which required a bit of time.

"Actually, you don't have to be afraid of those fellows. You can have a large number of Myriad Tao Divine Soil s, but they don't have one, because Myriad Tao Divine Soil can only have one above them." Feng Ke'er laughed: "As long as you have time, you will be able to get more Myriad Tao Divine Soil, and at that time, dealing with them will not be that difficult!"

The Myriad Tao Divine Soil was also one of Chen Xiang's great backers, he suddenly thought of Feng Ke'er's mysterious and powerful golden needle, which could pierce through everything! If his Heavenly magic sword was also that powerful, then as long as he struck it with his sword, the consequences would be obvious.

... ..

Outside the Myriad Tao Mausoleum, a luxurious palace was built on the back of a tiger-like mountain. In a courtyard inside the palace, a white-clothed man looked at the scorching sun in the sky and said with a frown.

"Why haven't you come back for so long? Was that kid called Shen so hard to deal with? But twenty black clothed slaves. " The white clothed man was in the courtyard, watching a group of beautiful women dance.

"Young master, that guy has World Defying Green dragon, it's indeed a little difficult to deal with. Let the four golden slaves go." A lady behind the man in white said softly.

"Fine, let the Four Gold Slaves go. I also want to leave this lowly place as soon as possible." The white clothed man said lazily: "A World Defying Green dragon... It's been a long time since it has appeared on the body of a mortal. This is unbelievable, if it's possible, I want to take a look at that guy's corpse! "

Soon after, four rays of golden light flashed from the back of the giant tiger, and entered Myriad Tao Mausoleum!

"Young Master He, you're really quick. Did you succeed?" At the same time as the voice was heard, a purple-clothed female slowly landed in the courtyard. The defense of the huge tiger was extremely strong, but it was silently broken by an outsider.

"Is it the Mu Rong family's Murong Honglian? I heard that you've always been wearing a red dress, why are you wearing a purple one now? " The white-robed man's eyes shone with a brilliant light as he carefully sized up the violet-robed woman in front of him.

Murong Honglian was beautiful, although pretty, but she was still inferior to the female dancers and the two tall girls behind the man in white. However, the man in white was captivated by her.

"That's only what you heard, looks like you haven't gotten the World Defying Green dragon yet! When you entered, did you do it yourself? "Forget it, I'll have to thank Young Master He for giving the Red Lotus a chance. I'll be forever grateful."

With that, Murong Honglian's body suddenly turned into a red mist and dissipated!

"Young Master... What should he do? She had entered personally, she was considered quite famous in the World Defying Stage Clan! You came the fastest, if she gets the World Defying Green dragon ... " The servant girl said.

"Don't be afraid, we believe in the Four Gold Slaves's strength." The white-robed man was indeed a bit worried, but he didn't want to go in.

### [Chapter 3063](#)

Chen Xiang and Luo Tianjun did not understand the World Defying Stage Clan, they only knew that they were very powerful existences. Otherwise, the black clothed men they had sent over would not be so powerful.

"Daofather, how many World Defying Stage Clans do we have?" Chen Xiang had stayed in the Myriad Tao Divine Mountain for a period of time, so he might have some understanding about this.

"I don't know, but according to my understanding of the history of the Myriad Tao Divine Mountain, there should be at least five or six of them. That's because I saw in the history books of the Myriad Tao Divine Mountain, there are several names of experts with different surnames." Luo Tianjun said.

If there were not many World Defying Stage Clans, Chen Xiang would not be so worried, as currently, his World Defying Green dragon were extremely valuable, and the reason why the World Defying Stage Clan came was because of his World Defying Green dragon.

"My World Defying beast definitely cannot fall into their hands." Chen Xiang was not only limited to World Defying Green dragon, the other five beasts were also extremely strong, but what World Defying Stage Clan did not know was that if they knew, they would have chased after him even more crazily.

"Don't worry, we'll definitely be able to fight them." Luo Tianjun saw that Chen Xiang was extremely worried, and comforted him: "I feel that I have almost broken through. At that time, I will be able to cultivate the Primordial Divine Body, and I'll try to communicate with someone above Myriad Tao."

"After you finish cultivating the Primordial Divine Body, there will be someone above Myriad Tao who will contact you. As for what they will contact you for, I don't know. This is a legend I heard from Myriad Tao Divine Mountain."

Chen Xiang had always wanted to talk to Myriad Tao Dan God, but there was nothing he could do!

"Right. Daofather, you definitely will succeed." Chen Xiang looked at Feng Ke'er who was inside the You Yao Mountain Villa. She had not completed the formation.

The Heaven devouring rat that was released by Chen Xiang suddenly realized that there was a red light in the sky, and after the red light enveloped the ground, it actually seeped into the ground.

"What is this energy?" Just as Chen Xiang finished speaking, he saw a red light drilling into the cave they were in. To his horror, this red light actually carried a bit of Time and space power.

Such a large area of covered red light, along with the Time and space power, showed just how terrifying this person's power was!

Luo Tianjun looked solemn: "This should be a strange light that can search through all living beings. World Defying Stage Clan has so many methods, we need to quickly leave this place!"

Chen Xiang anxiously teleported with Luo Tianjun, but when he went outside, he found that the red light was everywhere, shining like sunlight on the ground, and it could even penetrate through everything, it was extremely strange.

"So that's how it is. You actually know how to use the Time and space power. No wonder ordinary spatial shackles could not trap you." Murong Honglian suddenly appeared behind Chen Xiang.

Chen Xiang did not turn back to look and immediately teleported, but this time, he was not able to escape. Although he had successfully teleported, after he teleported, he saw a beautiful lady dressed in purple appear in front of him.

Are you someone from the World Defying Stage Clan? Luo Tianjun immediately asked, he could tell that the girl was not someone who could cultivate the divine body. She was someone he could defeat, because he was currently at the peak of the World Defying Stage.

"Arrogant Mu Rong family, Murong Honglian!" She smiled and replied politely.

"From the looks of it, you are not the kind of person to kill and rob. But from the looks of it, you are here to retrieve my World Defying Green dragon." Chen Xiang snorted, he was also a Saint-ranked World Defying Stage, he wasn't afraid of this woman.

The group of men in black gave him the impression that they were emotionless. In battle, they would attack at all costs and would not care about their own life. If there was one or two, it would be easy to deal with, but if he was surrounded by a large group of men, it would be very dangerous.

If you give it to me yourself, I won't make things difficult for you, and I can even protect you as you leave this place alive. Do you know that there's a fellow lying on the ground outside waiting for his servants to come and get your World Defying Green dragon? Murong Honglian said with a faint smile hanging on his face.

"An unreasonable woman. Even if I were to destroy her with my World Defying Green dragon, I would never give her to you. Don't count on me." Chen Xiang had already summoned his Heavenly magic sword, and said to Luo Tianjun: "Dao Ancestor, just watch from the side. It's enough to take care of those black flies.

Murong Honglian was startled, then she could not help but droop her head and look at her chest. Her chest was not very big, but when Chen Xiang said this to her, it was obvious that he was mocking her chest because she was too small. This made her frown, and she looked like she was about to get angry, but she only laughed softly afterwards.

"Then forget it, I don't want your World Defying Green dragon!" Seeing Chen Xiang being so serious, looking as if he was about to die, Murong Honglian chuckled.

"Why not again?" Just as Chen Xiang wanted to attack, he heard the words of the other party and found it hard to believe.

"Because I believe what you just said! If I were to forcibly snatch it, you would have definitely perished together with me, or perished together with your own World Defying Green dragon. In the end, I still get nothing, wouldn't I have ended up doing everything for nothing?" Murong Honglian laughed: "You were able to cultivate a World Defying Green dragon, you must have some exceptional qualities, I feel that I might not be able to defeat you!"

Luo Tianjun saw four golden lights flying over from afar and frowned: "Something's wrong!"

Chen Xiang also felt the four powerful and terrifying auras.

"It's the World Defying Stage who cultivated the Divine Body!" Chen Xiang looked at Murong Honglian: "Is this your partner?"

"Four Gold Slaves of the He Clan, you met a black clothed slave before, so your strength is a little weaker! And Four Gold Slaves is very strong!" Murong Honglian said: "I shall take my leave!"

Murong Honglian then disappeared, and the red light she left here also disappeared, as the Four Gold Slaves had already surrounded them.

"Let's go!" Luo Tianjun shouted as he hurried to bring away.

This time, they were not able to get rid of the Four Gold Slaves as easily as before, and they were quickly locked on!

"These World Defying Stage Clan sure have a lot of tricks up their sleeves!" Chen Xiang could feel that the other party had used an extremely strange power to lock onto him and track him.

Murong Honglian did not know what Chen Xiang was doing either. She was sure that Chen Xiang was unable to break through this spatial seal, because this spatial seal was created by the Mu Rong family's powerful arrogant array disc.

Chen Xiang rode on his Six Realms mirrors and rushed towards the spatial seal barrier, and very smoothly flew out!

"He actually went out!" Murong Honglian was extremely shocked, and followed right after.

However, after following her out, she had actually lost her target. She did not sense any spatial fluctuations, so Chen Xiang's presence was not left behind.

"That woman is really sinister. She actually followed me in secret. I think we should have ditched her now!"

Just now, Chen Xiang had used the Counter Power to completely conceal the entire Six Realms mirrors, and with the seal's power, he could only hide everything from Murong Honglian.

After they came out, they also saw that huge tiger. The back of the tiger was able to build a villa, so it could be seen how big the tiger was.

"This guy is from He Clan, right? Just you wait! " Chen Xiang snorted, then left the Myriad Tao Mausoleum. After teleporting a few times, he headed towards the Dan God Mysterious Land.

... ..

"Murong Honglian, you got it?" The young master of the He Clan asked.

"No, he ran away. That guy is not simple, don't blame me for not telling you!" Murong Honglian smiled sweetly, with her curved eyebrows.

"Are you afraid of him? "I never thought that a famous powerful woman from the Mu Rong family would be afraid of a mortal." The He Clan's young master could not help but laugh, his laugh was filled with contempt.

"I am not afraid, but I will not do anything that I am not confident in. I am not confident that I can obtain the World Defying Green dragon from him! Of course, I'm sure I can kill him, but what's the use of killing him? I can't get a World Defying Green dragon, and I even wasted energy. " Murong Honglian shook his head and sighed. "Do your best, I hope you can get your hands on the World Defying Green dragon as soon as possible!"

Not long after Murong Honglian left, ten or so people appeared, their bodies enveloped in light aura, all of them were extremely powerful, looking at their temperament and clothes, they were the same as the young master of He Clan, and should be disciples of World Defying Stage Clan.

"Everyone disperse, you guys came late." The He Clan Lord snorted, "With your speed, you can only eat shit!"

"You with the surname He, you didn't get the World Defying Green dragon either, right?" A blue clothed man laughed: "If you get it, with your character, you will definitely go to the sky. But you don't!"

"That's right. From what you said just now, it seemed as though you ate your own feces!"

"I can't be bothered to waste my time with you guys, I'm leaving first!" Then, he made that huge tiger fart towards that group of people, and even spat out a large amount of filth. Who knows what it was ...

After the giant tiger disappeared, the group of World Defying Stage Clan disciples all started to curse.

"This bastard is still the same as ever!"

"One day, I will slaughter that tiger of his!"

"You only know how to fart to us, you impolite fellow!"

These disciples of the World Defying Stage Clan all seemed to have a good relationship with him, but they were not on good terms with him.

"There is Murong Honglian's Qi here, did she come here before? Could it be that Murong Honglian obtained the World Defying Green dragon when the one with the surname He came back empty-handed? " One of them said while frowning after he sensed Murong Honglian's remaining presence.

Murong Honglian kept a low profile. Even if she obtained it, she would say that she did not!

"This is troublesome, if Murong Honglian were to obtain it, wouldn't the Mu Rong family's strength increase?"

"It must be Murong Honglian's hands. No one can escape her Red Lotus Time Domain, she must have snatched away the World Defying Green dragon!"

"Return and report that Murong Honglian has snatched away the World Defying Green dragon!"

... ..

Chen Xiang, who had already returned to the Dan God Mysterious Land, naturally did not know that something like this would happen again. If he continued to stay inside, at that time, he would be surrounded and attacked by a group of extremely terrifying World Defying Stage Clan disciples!

"It's really dangerous!" Although Chen Xiang had returned to the Dan God Mysterious Land, he was still very worried.

There were many methods in the World Defying Stage Clan, and there might be a way to find him hiding here. At that time, it would affect the entire Natural Law World.

"Daofather, you can stay here and train. I can't stay here for too long." Chen Xiang said. He had already made the absolute decision to stay away from the Dan God Mysterious Land.

Before he left, he had to teach those girls how to refine Tianyuan holy body Dan so that the entire Natural Law World could develop quietly.

"You must be careful!" Luo Tianjun was also relatively safe with Chen Xiang, especially when he knew that Feng Ke'er was accompanied by Feng Ke'er.

"En!"

When Chen Xiang returned to the Hundreds of Flowers Village, he told Lv Qilian and the others about the matters regarding the World Defying Stage Clan so that they could prepare themselves. Then, he filled them with the desire to go to the Incense Garden and told the girls about his experience in refining Tianyuan holy body Dan s as well as went to look for Xue Xianxian and the others, telling them that it would be a while before he could come back.

After he finished dealing with this matter, Chen Xiang immediately left Natural Law World, and went back inside Divine Wasteland!

### [Chapter 3065](#)

"Go look for Well-informed Ghost first!" Using the Six Realms Time and Space Door, Chen Xiang actually came to the Myriad Tao Mausoleum once again.

The Well-informed Ghost had always been inside the Myriad Tao Mausoleum, and the seal on the young master of the He Clan had already been removed, but the Myriad Tao Mausoleum was already in a dilapidated state, on the verge of collapsing.

"Well-informed Ghost!" Chen Xiang came to the outside of a mountain and sent a sound transmission to the Well-informed Ghost inside.

Well-informed Ghost ran out hastily and told him what had happened in World Defying Stage Clan, as well as what had happened in Myriad Tao Mausoleum previously.

"Show me around here. I want to see if I can collect some memories." Well-informed Ghost had the innate ability to absorb the remnants of memories in the world.

Chen Xiang rode on his Six Realms mirrors and flew around the place a few times with Well-informed Ghost. Because they had killed that kind of black clothed slave before, even though the black clothed slave's soul had already dispersed, it was still scattered all over the place.

This was also the reason why Chen Xiang came to Well-informed Ghost, to see if Well-informed Ghost had any way of gathering any news about him.

One day passed, and Well-informed Ghost was pretty much done collecting.

"How is it?" Chen Xiang asked.

"My memories are very messy ... I never thought that the World Defying Stage Clan s would actually be so terrifying, but it's just that the servants are so powerful. " Well-informed Ghost had already obtained a portion of the black clothed slave's memories.

"Tell me about it!" Chen Xiang was also very curious.

"There are a total of six World Defying Stage Clan s, but the Mu Rong family and the He Clan are the two strongest, while the other four are relatively weak, so the relationship between the four World Defying Stage Clan s is quite good."

"Among them, the He Clan is the strongest, thus the young master of the He Clan was the first to come here, but the young master has never fought on his own, very few people have seen him do it, he only used the servants by his side, namely the black clothed servant and the gold clothed servant."

Chen Xiang nodded, he had seen this before!

"Where is the World Defying Stage Clan? Do you know?" Chen Xiang asked.

"They are also in the Divine Wasteland but they also have their own independent space. It would be difficult to find them." Well-informed Ghost sighed: "We can only wait for them to come out!"

"Anything else useful?" Chen Xiang asked again, "Is there anything about that He Clan's young master?"

"That guy seems to be one of the geniuses in the He Clan. In fact, all of the geniuses in the He Clan are geniuses! I don't know about anything else, because these black clothed slaves don't often stay by his side, but only ask for it from the family when he needs it. "

"The black clothed slaves were raised by secret techniques. They are a group of people without feelings, so they don't care about these things."

This made Chen Xiang a little disappointed, because his understanding of the World Defying Stage Clan were still not good enough.

"Do you have any memories related to Murong Honglian?" Chen Xiang asked again.

"No!" Well-informed Ghost shook his head.

Seeing Chen Xiang's disappointed look, the Well-informed Ghost continued, "Although there is no information that you need, these black clothed slaves all have a place in their minds. They are often sent to this place to find something, and this place is right in Divine Wasteland!"

"Do you know how to get there?" Chen Xiang's eyes lit up.

"I know!" "According to the black clothed slaves' memories, that place is very important to them, so they often go there, sometimes to search, sometimes to protect something, or to do something there. In short, they have all kinds of memories, but their memories are too messy and they are lacking a lot." The Well-informed Ghost said.

"Alright, let's go now." Chen Xiang immediately brought Well-informed Ghost out of the Myriad Tao Mausoleum, then rode on the Six Realms mirrors and flew in the direction indicated by the Well-informed Ghost.

... ..

A woman in a white dress appeared in the air. She was hiding within the clouds and did not reveal any of her aura.

"This guy actually dared to come back. If I didn't see it with my own eyes, I wouldn't be able to be sure!" Murong Honglian had left her own Time and space power in the Myriad Tao Mausoleum before. Although it was very weak, it allowed her to sense some of the things that were happening inside.

At first, she didn't believe it, but the feeling was too strong, and she had no choice but to personally rush over to take a look. She did not expect that Chen Xiang, who had escaped from the encirclement of the He Clan's young master, would actually come back.

"Now, World Defying Stage Clan thinks that I have obtained a World Defying Green dragon! I clearly didn't get it, but they didn't believe what I said, and even said that I was trying to keep a low profile and deliberately hid it. " Murong Honglian was helpless in such a situation, even the people from the Mu Rong family thought that she had obtained the World Defying Green dragon.

"Looks like I can't keep a low profile anymore!" Murong Honglian chased after him and secretly followed Chen Xiang. "This guy already noticed that I was following him last time, I definitely cannot let him find out this time."

Chen Xiang didn't know that Murong Honglian was following behind him, and he also didn't think that Murong Honglian would return either. Thus, he was extremely at ease as he flew with Well-informed Ghost to the place where the black clothed slaves frequently went.

His speed was very fast, and he used Time and space power to teleport a large distance away from time to time, but Murong Honglian had to struggle to keep up with him, if not for her grasping the Time and space power, she would have lost him long ago.

"If that fellow from He Clan came to follow him, he would have definitely lost him not long after. In the past, I worked so hard to learn the Time and space power, and it wasn't in vain. " Murong Honglian could not help but reveal a sweet smile.

A few days later, Chen Xiang got closer and closer to that place.

"It's a stone forest!" From high up in the sky, Chen Xiang had already seen many gigantic rocks in front of him. When these rocks fell onto the ground, the largest was at least three thousand meters tall, and looked like a mountain of various sizes.

However, these were not mountains. They were all broken boulders and there were even rocks that were straight like big trees. Therefore, they looked like a forest made of rocks.

"He actually wants to go here!" When Murong Honglian saw the boundless stone forest in the distance, she couldn't help but be shocked. In the instant she was shocked, she accidentally leaked a bit of her aura.

"Someone is nearby!" Chen Xiang immediately sensed it and looked towards a white cloud in the sky. Then, using the Dao heart Eye, he saw a ball of soft red light, but that ball of red light quickly disappeared.

"Murong Honglian!" Chen Xiang shouted, "You tramp, hurry up and come out, I've already discovered you!"

Murong Honglian immediately teleported in front of Chen Xiang. Although Chen Xiang had said that she was a follower, she was not angry, and said with a smile: "You really have some skills, to be able to find me again."

"Why are you following me?" Although Chen Xiang was calm, he was very surprised in his heart. This woman actually knew that he was returning to the Myriad Tao Mausoleum and was following him secretly, which was extremely dangerous.

"Curious!" Murong Honglian curled his lips: "What are you doing in this place?"

"You know this place?" Chen Xiang looked at the stone forest in front of him.

"Of course I know! It's right in front of us, it will be very dangerous to go in." Murong Honglian said:  
"None of us World Defying Stage Clans are allowed to enter!"

### [Chapter 3066](#)

"Can the World Defying Stage Clan really not enter?" Chen Xiang had heard from the Well-informed Ghost that the black clothed slaves had frequently entered the room.

"Yes, we will be punished if we enter! Of course, I'm not sure about what will happen if other people enter, but they're probably not much better." Murong Honglian was smiling a while ago, but when she mentioned this matter, she was serious.

Chen Xiang could even see a hint of fear in her eyes. Murong Honglian possessed such a powerful cultivation level, but she still felt that it was scary inside.

"But before I ... I've seen some guys go in." Chen Xiang was also really curious to know what was inside. Now he somewhat understood that He Clan could not enter, so he let the black-clothed slave go.

Looks like what Murong Honglian said was true, there was definitely danger inside, but Murong Honglian himself was not clear about it, so he could not tell Chen Xiang too much.

"Who went in?" Murong Honglian asked, she knew that no one had ever gone in, even if they had, they would never be able to come out, and it was an extremely dangerous and mysterious place for World Defying Stage Clans like her.

"Black clothed slave." Chen Xiang said: "Didn't I kill the black clothed slave before? I found their memories of entering this Myriad Tao Forest from the fragments of their memories."

"As for why they want to go in, I don't know! Do you know?" Chen Xiang looked at Murong Honglian who was deep in thought. Murong Honglian was very surprised when he heard Chen Xiang say that the black clothed slave would go in, and then fell into deep thought.

After a while, Murong Honglian shook his head: "I don't know! He Clan often does some mysterious things, I can only ask the elders of the Mu Rong family! Those black clothed slaves have no emotions, and would not be afraid if they go in. But, you must not go in, and will die inside."

"Those black clothed slaves are fine even if they enter, what will happen to me?" Chen Xiang laughed:  
"Don't be so concerned about me, it's easy to make me think that I'm sentimental."

"Humph!" Murong Honglian stuck his tongue out at Chen Xiang, then snorted: "This is all for your own good! You possess the World Defying Green dragon, so I want to see how much you will grow in the end, so you can't go in, and I don't want you to die inside."

"You're not my wife. If you say you won't let me in, then so be it." Chen Xiang snickered, and then, he flew in on his Six Realms mirrors.

Just as his Six Realms mirrors had begun to move, red light suddenly appeared all around him. In the blink of an eye, he was enveloped by a red domain.

This was Murong Honglian's Red Lotus Time Domain!

"If I say I won't let you in, then I won't let you in. You have to listen to me." Murong Honglian said in a tender voice, "If you promise me, I will let you leave my domain. Otherwise, you can escape from my domain as long as you defeat me!"

Chen Xiang looked at his surroundings and sighed. Then, he placed Well-informed Ghost into the Six Realms mirrors and put it away.

The moment Chen Xiang said this, he wanted to teleport over, but he did not succeed!

Murong Honglian's spatial and temporal domain had already restricted others' Time and space power, so he could not use it. Unless his Time and space power was much stronger than Murong Honglian's, he would not be able to break through the restrictions imposed on him by this domain.

Murong Honglian chuckled: "Now do you know how powerful I am!"

"There's nothing to be proud of. You're just a little stronger than me!" Chen Xiang curled his lips and then flew over. He wanted to attack Murong Honglian, but Murong Honglian was like a fish in water within his spatial domain, easily dodging the attack.

Chen Xiang could not use Time and space powers to teleport right now. Murong Honglian was just like a mischievous little bird in front of him, it was difficult for him to catch her.

"Don't force me to be serious!" Chen Xiang's expression became serious: "If you still don't remove this domain, I'll be angry!"

"I just want to see how much money you have when you're serious." Murong Honglian gently stroked her hair and mischievously laughed.

"Alright then!" Chen Xiang took out the Heavenly Alchemy Emperor seal and said: "I want to see how strong this domain of yours is!"

Soon after, his Heavenly Alchemy Emperor seal suddenly grew in size, and even released a blinding green light!

Seeing this, Murong Honglian was shocked. This was actually the power of a World Defying Green dragon, and after feeling that powerful and unparalleled Dragon Power, it made her feel no small amount of pressure.

"Don't even think about succeeding!" Murong Honglian knew that Chen Xiang wanted to use the power of the World Defying Green dragon, so she became more serious.

However, the Heavenly Alchemy Emperor seal continued to shake and grow bigger!

Roar!

Following the sound of a dragon's roar, the Heavenly Alchemy Emperor seal suddenly expanded by several times, becoming like a huge mountain. The red silk cloth wrapped around it also began to dissipate, and the Red Lotus Time Domain instantly disintegrated as well.

The Heavenly Alchemy Emperor seal was like a huge mountain floating in the air, covering the sky as it shimmered with azure light. The scariest thing was that there was a gigantic green dragon coiled above the Heavenly Alchemy Emperor seal, its gigantic dragon head was majestic and solemn. Looking down from the sky, it looked down at the world with disdain, causing Murong Honglian's beautiful face to turn pale from fright.

At this time, Chen Xiang also deeply felt the World Defying beast's terror. After the World Defying Green dragon cultivated to large success stage, it had actually become so terrifying!

Right at the moment when Murong Honglian's domain was broken, Chen Xiang anxiously teleported to him, releasing Six Realms mirrors behind her, releasing a powerful sealing force that sealed Murong Honglian, preventing her from moving.

"You ... Let me go! " Murong Honglian was shocked, she never thought that there would be a seal that could seal her.

This seal was released by Feng Ke'er, of course he could seal her!

"Hehe!" Chen Xiang smiled in thanks, and then, he carried her from the back. He still had one hand on her abdomen, and then, the arm slowly slid upwards.

"Bastard ..." I'm not done with you! " She did not expect Chen Xiang to be so shameless. What made her even more surprised was that Chen Xiang had hugged her from the back and even blew air into her ears, kissing her earlobe.

Although Murong Honglian was not a breathtakingly beautiful woman, her delicateness was still extremely valuable. It gave her a very warm and gentle feeling, and Chen Xiang could not let go of her at this moment.

"What a special woman you are!" Chen Xiang sucked in the fragrance on her body and laughed wickedly. However, his hands still lingered around Murong Honglian's abdomen without moving up.

Murong Honglian had been gritting his teeth the entire time as he scolded Chen Xiang. Chen Xiang rubbed her face and chuckled, "Forget it, I'm just giving you a lesson!"

Afterwards, he removed the seal on Murong Honglian's body, causing her to heave a sigh of relief. The moment she broke the seal, she wanted to retaliate, but after thinking for a while, she decided not to, Chen Xiang only kissed her on her earlobe and face, hugging her for a bit wasn't much of a loss.

### [Chapter 3067](#)

In the end, Murong Honglian had still severely underestimated Chen Xiang's strength, especially Chen Xiang's World Defying Green dragon. It was far stronger than what she had imagined, and it was also that kind of mysterious and unfathomable sealing power that caused her to be unable to move for a short period of time.

She was glad that Chen Xiang was a good person. If he was a pervert that was so bad to the bones, she might have been stripped naked by Chen Xiang by now, and even ...

"Aren't you interested in me?" Murong Honglian had already recovered, and actually revealed a sweet smile.

"I have a lot of women, so I don't need you! I really have no interest in you." Chen Xiang laughed: "I want to go inside to take a look, do you want to come along?"

When Murong Honglian said this, Murong Honglian felt a little uncomfortable. She had thought that Chen Xiang was drooling over her beauty, but she didn't expect that she wouldn't be able to seduce Chen Xiang.

"No, you're not allowed to go either!" Murong Honglian was still worried that Chen Xiang would die inside. She didn't know why, but she didn't want Chen Xiang to die inside.

She teleported in front of Chen Xiang, stopped him, and said with a cold face: "Listen to me for once, if you enter, you'll die!"

Chen Xiang originally wanted to talk with her a little more, but he suddenly felt a lot of powerful auras rushing towards him. He frowned: "Not good, the disciples of the other World Defying Stage Clans have arrived."

Murong Honglian also sensed it at this moment, and scolded in a low voice: "This group of bastards, they definitely came because they sensed the aura of the World Defying Green dragon ... That bastard from He Clan is also here, you must be careful, he definitely brought enough servants here this time. "

"Looks like I have to go in now. At the very least, I'll just be chased by those servants!" Chen Xiang laughed: "Are you really not coming?"

Murong Honglian shook his head: "I'm not going, you go in, I'll stall those bastards ... They had always thought that I had obtained the World Defying Green dragon. Although I had said that I had not obtained it, they all thought that I had killed you while I was still in Myriad Tao Mausoleum, so this time, they felt the World Defying Green dragon's aura and hurried over. "

Chen Xiang had already kept his Heavenly Alchemy Emperor seal and patted Murong Honglian's shoulder. "Don't worry, I will definitely come out alive.

"Alright, I'll believe you again. Quickly go in!" Murong Honglian struck his palm towards Chen Xiang, releasing a ray of red light. It was a powerful Time and space power, and instantly blasted Chen Xiang into the Myriad Tao Forest.

After Chen Xiang went in, he looked at the back and discovered that he was already inside the Myriad Tao Forest.

"Well-informed Ghost, you stay inside the Six Realms mirrors and don't come out. It's more dangerous outside." Chen Xiang had already sensed that something was wrong, but he couldn't pinpoint what was wrong. In short, he felt a sense of unease.

The Well-informed Ghost said: "No, let me go out and see if I can collect some soul fragments here. Only then will you be able to quickly understand this place."

Chen Xiang had felt the same way before, but he thought that it was too dangerous because the Well-informed Ghost's cultivation was not high and he was not knowledgeable about the situation, so if there was a sudden situation, there was a high possibility of him being unable to protect the Well-informed Ghost.

"Hurry up and let me out, I don't need much time." The Well-informed Ghost said, "As long as you let me out, I will use my strongest power to gather the remnant souls outside. Although the consumption is great, it will be done very quickly."

"Alright!" In the end, Chen Xiang agreed and let Well-informed Ghost sit on top of the Six Realms mirrors. He instructed Feng Ke'er to be ready to release the seals to protect them anytime.

He urged the Six Realms mirrors to fly within this Myriad Tao Forest, and the speed of its flight was extremely fast, moreover, it was flying in circles. This was in order to go to more places, so that the Well-informed Ghost could collect remnant souls.

"Alright, I've completed it!" In just an hour, Well-informed Ghost had already collected a lot of residual souls, and he looked exhausted. Chen Xiang quickly let him enter the Six Realms mirrors.

"I need about a day." Well-informed Ghost said immediately after entering.

"En!" Chen Xiang flew around this wasteland that was filled with huge rocks, and didn't encounter anything. He had no purpose, and could only fly around randomly.

This wasteland was extremely flat. The further they went in, the more straight the rocks were. They were as straight as the trunk of a tree, and very tall as well.

"Myriad Tao Forest?" Chen Xiang felt that it was a pity that he did not ask Murong Honglian about this matter previously.

Right now, he could only wait for Well-informed Ghost to organize those memories!

At night, Chen Xiang flew to the side of a giant boulder.

This rock was 10,000 feet high, and stood square on the ground like a giant stone slab.

"The edges are really neat, as if they were precisely cut by someone." Chen Xiang flew up to the top and looked around to check the edges, and it looked like he used something to cut it out.

There were a lot of strange stones, and a lot of huge round stones as well.

"I can't see anything with the Dao heart Eye." Chen Xiang used the Dao heart Eye to carefully examine it, but he did not find any signs of energy fluctuations.

After he flew a bit further, he threw a punch towards that huge stone slab. The powerful force smashed into it, and even though there was a series of explosive sounds, that stone did not have any reaction. It actually absorbed his strength!

"So strange!" Chen Xiang exclaimed.

After that, he threw a few punches, but he couldn't injure the rock, so he didn't continue.

"I wonder if I can place this stone in my Divine Sense Sea World!" Chen Xiang really liked this square stone. If placed in his Divine Sense Sea World, it would be able to increase the scenery.

He had used the powerful Time and space power to move the gigantic square shaped stone tablet to his Divine Sense Sea World, but he did not succeed because the stone was absorbing his Time and space power!

"I don't believe it!" Chen Xiang continued to release even stronger Time and space power, but the speed at which the stone was absorbing continued.

He was originally planning to give up, but suddenly he saw the stone slab light up. On the flat surface of the stone slab, he saw something.

"It's the Murong Rong Red Lotus!" Chen Xiang saw a patch of red, which was Murong Honglian's Red Lotus Time Domain.

And inside this space-time domain, there was an extremely huge tiger. It was the huge tiger of the young master of He Clan, Murong Honglian was fighting against the Four Gold Slaves of the young master of the He Clan.

"What's going on? It's good that you can hear them! " Just as he finished speaking, he heard a sound, making him extremely happy. This stone had this kind of ability, after absorbing his Time and space power, it could let him see what he wanted to see.

"Miss Red Lotus, why did you fight with them?" Chen Xiang asked: "You must have dragged this out for too long!"

Chen Xiang had only tried to see if he could speak to Murong Honglian, but she was the only one who could hear him.

"Where are you?" When Murong Honglian heard her voice, he was shocked. He thought that Chen Xiang was using some kind of secret technique to send a sound transmission to her, and was even able to see that she was fighting.

...

### [Chapter 3068](#)

After all, Murong Honglian was only at the peak of the Sacred Ranked World Defying Stage, but when she faced He Clan, she did not have the strength to resist, so she could only teleport to avoid their attacks.

"I'm in the Myriad Tao Forest, I'm already in the depths. You don't have to drag them any longer." Chen Xiang said.

"I don't want to waste time with them here either, but they firmly believe that I have obtained the World Defying Green dragon, which is why they wanted to force me to release them." Murong Honglian said: "I have no choice!"

"What if you can release it?" A thought suddenly came to Chen Xiang's mind.

"If I can release them, I'll make them give up! "They definitely won't dare to rob me, as the Mu Rong family behind me is quite powerful." Murong Honglian said.

Chen Xiang had already summoned his World Defying Green dragon, and had it fly towards the huge stone slab in front of them. Inside the image, there was the image of Murong Honglian.

The World Defying Green dragon flew very fast, and in a moment it was already in front of the stone slab. Chen Xiang gritted his teeth and let the World Defying Green dragon crash into him, and actually went in, and even went to Murong Honglian's side.

Murong Honglian was stunned, because the World Defying Green dragon suddenly appeared behind her back!

The World Defying Green dragon became very small in Chen Xiang's hands, like a tame little snake coiling around Murong Honglian's arm.

"It really succeeded. This is simply a spatial gate, and it's very powerful as well. It can penetrate through the domain of Murong Honglian, the Red Lotus Domain." Before, Chen Xiang only thought about it, but now he succeeded.

"As expected, the World Defying Green dragon is in your hands. You've finally admitted to it!" Young Master He Clan's voice came from the Villa on the back of the Gigantic Tiger, "Now let's see if you are worthy enough to have the World Defying Green dragon or not. Four Gold Slaves, kill the World Defying Green dragon! "

"Chen Xiang, did you get it? Quick, get rid of him, I can't protect your World Defying Green dragon! " Murong Honglian panicked. She did not know how Chen Xiang did it, nor did she have the time to ask. She only wanted to get rid of He Clan's Sir.

"Go on by yourself! Isn't this your Red Lotus Time and Space Domain? " Chen Xiang said.

"When that time comes, that bastard He will use his He Clan's Divine Equipment to envelop everyone outside. I won't be able to leave!" Murong Honglian anxiously said.

Just as she finished speaking, the World Defying Green dragon that was wrapped around her arm transformed into a green lightning bolt and struck into the air, releasing a strong roar, after the green light flashed, an incomparably large green dragon appeared, instantly shattering the Red Lotus Time Domain, and even destroyed the golden light barrier outside!

"Watch how I take care of them!" Chen Xiang sneered.

The World Defying Green dragon hovered in the sky, covering the sky. The giant tiger carrying the Villa was already big enough, but in front of the World Defying Green dragon, it was no different than an ant!

"I have to use even more power now!" Chen Xiang began to borrow the power of the other five beasts, concentrating all of them onto the World Defying Green dragon, causing the World Defying Green dragon to become even more terrifying.

After the World Defying Green dragon roared a few times, its body underwent a huge change!

The dragon's body had the red scales of a Fire unicorn, and it was even emitting flames. Following that, the Vermillion Bird's wings appeared, and on the Qilin plate, the rigid tortoise shell of a Black Tortoise also appeared.

"This... Is this even an Azure Dragon? " Murong Honglian was stunned, she did not feel the power of the other five beasts on the World Defying Green dragon's body, she only felt that this dragon was extremely beautiful and terrifying.

"Four Gold Slaves, seize that dragon!" An excited roar came from the manor on the back of the giant tiger.

However, as soon as the sound was heard, the huge dragon's flaming dragon tail hacked down like a world-splitting giant axe, instantly splitting the huge tiger into two. The manor was also destroyed from above.

Roar ...

The red fire dragon roared furiously as it stared at the Four Gold Slaves. Its sun-like eyes suddenly flashed, and shot out two streaks of flame and lightning towards one of the golden slaves who was charging at it!

With an explosive sound, that golden slave instantly exploded into a golden beam of light!

Following that, the red fire dragon released the Suzaku fire wing from its back. Countless fire feathers flew out like a torrential storm, bringing along a strong killing intent that enveloped the entire area.

The other three golden slaves were hit by Huo Yu. Their bodies had countless holes in them, and then were stabbed by Huo Yu. In the end, they were blasted into smithereens by the flaming lightning released by the Dragon Eye!

The black clouds were dyed red by the flames released from the dragon's body. As the fiery clouds collided with the red lightning, it seemed as if the entire world would be conquered by this terrifying Crimson Fire Dragon.

Immediately after, the dragon roared again, spitting out a ball of flame. The moment the flame appeared, the ground started to crack, the entire land seemed to tremble in fear as if it was the birth of a giant beast.

This was the power of the Ground-suppressing immortal elephant, and the ball of flame carried a berserk lightning bolt as it charged towards the gigantic tiger that was split into two halves. In the blink of an eye, the gigantic tiger was struck by the ball of flame, and in an instant, the flames spread out in all directions, the gigantic tiger had been split into two.

Murong Honglian who was floating in mid air was scared silly! Four Gold Slaves and Giant Tiger had both been instantly killed, what kind of strength was this, she never thought that Chen Xiang was actually hiding such a terrifying strength.

Chen Xiang sat on the Six Realms mirrors's back and looked at the image that appeared on the stone wall in shock. He had never known that his own Six beasts was actually so terrifying, he could not understand either, because this kind of power was completely different from his own.

If he managed to cultivate the Primordial Divine Body, then perhaps this kind of power would be more or less, but right now, he wasn't!

"Murong Honglian, you ... You actually killed the Four Gold Slaves of our He Clan. " The He Clan Lord did not die. He was standing on a flying disc that was enveloped in a dense golden light.

"This... This has nothing to do with me! " Murong Honglian didn't know whether to laugh or cry, because this World Defying Green dragon really wasn't hers, she didn't know where Chen Xiang got it from, and she didn't know why it had become so terrifying.

Chen Xiang hurriedly took back the World Defying Green dragon. After the World Defying Green dragon successfully returned to his Divine Sense Sea World, he was a lot more at ease. He was still worried that he would not be able to take it back.

The heaven and earth had returned to normal, but the outside of the Myriad Tao Forest was a complete mess. The group of disciples from the other World Defying Stage Clan were also scared silly by the Scarlet Fire Dragon, they never knew that there was such a terrifying World Defying beast in the world, it wasn't a World Defying Green dragon at all!

The most important thing was that such a strong beast was actually in the hands of Murong Honglian, the woman.

"Just wait with me, my He Clan is not finished." His beloved mount looked as if it had been cut into two by a dragon tail, and in the end, it had even turned into dust. The Four Gold Slaves that he had spent a lot of effort to borrow, was also gone.

As the young master of the He Clan left, the disciples of the other World Defying Stage Clans also left in shock and fear, leaving Murong Honglian floating in the air blankly.

"What the f \* \* k is this?" I didn't do anything! " Murong Honglian looked around. She really didn't do anything, it was Chen Xiang controlling that terrifying Scarlet Fire Dragon from behind.

"Chen Xiang, where are you?!" Murong Honglian could only ask Chen Xiang.

### [Chapter 3069](#)

Chen Xiang was still in the Myriad Tao Forest. After he recalled the World Defying Green dragon back, he was also thinking about why his World Defying Green dragon suddenly became so strong! One must know that when he fought with Murong Honglian, he had released World Defying Green dragons, but at that time, even if he hadn't absorbed the powers of the other five beasts, he wouldn't have been so strong.

"I'm in the Myriad Tao Forest." Chen Xiang looked at the gigantic stone tablet in front of him. He suspected that the World Defying Green dragon had become exceptionally strong after passing through this area.

"Then you... Then how did you get the World Defying Green dragon here? " She had never entered the Myriad Tao Forest, but she knew that Chen Xiang would definitely be very far away from her inside the Myriad Tao Forest.

"It's a long story, I'll tell you again when I have the chance." Chen Xiang released the World Defying Green dragon from the Myriad Tao Forest, then gathered the power of the five beasts into the World Defying Green dragon's body.

However, the World Defying Green dragon had only grown in size and hadn't become a Crimson Fire Dragon like before.

"The power of the other five beasts hasn't perfectly fused into the dragon's body." Chen Xiang looked at the World Defying Green dragon floating in the sky and furrowed his brows.

Now he was sure that the World Defying Green dragon could only absorb the power of the other five beasts and use the stone slab to become the Crimson Fire Dragon's.

The Scarlet Fire Dragon was extremely strong, it could easily kill the four golden slaves. This kind of power was unimaginable even to Chen Xiang.

"I must take this thing away!"

ε, w E

After Chen Xiang put away the World Defying Green dragon, he told Feng Ke'er what had just happened so that he could think of a way to take away the stone tablet.

"I'll go out and try!" Feng Ke'er carried the Six Realms mirrors and flew above the stone slab. No one knew what kind of seal she used to make the Six Realms mirrors face the stone tablet and emit a white glow.

The giant rock board was instantly covered in white light, and after that, the entire rock board gradually shrank, and entered the Six Realms mirrors's mirror!

"How did you succeed?" Chen Xiang felt that it was hard to believe.

"I'm so amazing, so this kind of thing won't trouble me." Feng Ke'er laughed complacently: "This is mainly because I used a type of seal to seal the stone tablet to resist the power of space. Then, I used a different type of formation to absorb the stone tablet into the Six Realms mirrors."

"This sealing power is really powerful." Chen Xiang praised: "Come here, let me see what's so special about these stone tablets."

Well-informed Ghost had not organized all the memories, otherwise Chen Xiang would have a better understanding of this Myriad Tao Forest.

"Let me see if I can see anything through the stone slabs!" Chen Xiang sent his consciousness into the space inside the Six Realms mirrors, but discovered that there were no stone slabs inside.

"What's going on?" Chen Xiang anxiously asked Feng Ke'er.

"He's gone!" Feng Ke'er shouted in alarm, and then she hid herself inside the Six Realms mirrors.

A moment later, she ran out from inside and laughed: "That stone tablet is very strange, it has already fused with the Six Realms mirrors!"

"This... Why can't I feel it?" Chen Xiang permeated his consciousness into the Six Realms mirrors, but he did not find any slate that had fused in.

"Try injecting the Time and space power into the Six Realms mirrors again." Feng Ke'er said.

Chen Xiang tried it and sure enough, it worked. He saw Murong Honglian through the reflection of the Six Realms mirrors and he immediately teleported to Divine Wasteland.

"Where is she?" Chen Xiang felt that it was a pretty good idea for Six Realms mirrors to be able to see other people.

"I wonder if we can look at the others." Chen Xiang tried to look for Xue Xianxian and the others, but failed.

He could only continue to observe Murong Honglian.

Murong Honglian quickly came to a stop, probably teleporting to the place she wanted to go.

"He's gone?" Chen Xiang saw a red light flash on Murong Honglian's body, and he disappeared.

"He must have entered his Murong Family." Feng Ke'er said: "This thing can only see people from the same world. Murong Honglian's family is not in the same space with the Divine Wasteland."

Chen Xiang, who was waiting for the Well-informed Ghost, was very bored right now. He could only run to the other big rocks and try various things there, wanting to see if there were any special effects.

However, these stones were just ordinary stones. They were immediately shattered, unlike the huge square stone slab from before.

"These stones are really strange." After Chen Xiang smashed two of the stones to pieces, he continued to test out the other stones.

He threw a punch across the sky, using the power of the Meteor immortal power to circulate the power of the World Defying Stage Divine Power, and released a ball of light that resembled a shooting star, striking the round boulder.

After hitting the rock, he felt that it would explode. However, it did not. Instead, it was directly sent flying ...

"He actually flew away!" Chen Xiang looked at the circular stone that disappeared into the sky and couldn't help but be stunned.

"That rock should be very light. It should be able to withstand your attack and fly away." Feng Ke'er was also very interested in the rocks here. This was something very strange that she had seen before, especially the square stone.

... ..

Daybreak, Well-informed Ghost had finally sorted out the residual soul memories he had collected.

"There's a result." He was currently inside the Six Realms mirrors, so he did not know about what Chen Xiang had done before, nor did he know that the Six Realms mirrors had fused together with a strange stone.

"What is so magical about this place?" Chen Xiang asked quickly.

"This is a place where one's Dao-heart perishes." The Well-informed Ghost said, "Or should we say ... It is because after some fellows above Myriad Tao die, their dao hearts will fall here, forming pieces of stone. "

"Even those above Myriad Tao will die?" Chen Xiang was very surprised at this. He thought that people who had reached that level should never die.

"They can die, but most of these guys were killed by someone else." Feng Ke'er said.

"What exactly is a Dao-heart?" Chen Xiang asked.

"It means that all sorts of different types of Dao energy essences have different types of power ..." If one cultivated fire, then the essence of Dao power would be fire. If one cultivated lightning, then it would be lightning. And so on and so forth .... There are many different types of Daos, all of which are Dao Energy Essences. However, none of the Dao Energy Essences mentioned in any of the memories are actually Dao Energy Essences. "

It was already not bad that the Well-informed Ghost was able to obtain this information.

"That's all?" Feng Ke'er was still curious about many things.

"Of course there are, but it's not much! "Because most of those memories are miscellaneous stuff, I just picked out the more useful ones!"

"The World Defying Stage Clan cannot enter this place, because they are under the Myriad Tao's care, and this is a land where their dao hearts perish, the Myriad Tao does not allow them to have the dao heart here, because if he obtains the dao heart here, they will be able to leave the control of the Myriad Tao!"

...

### [Chapter 3070](#)

The dao heart actually had such a great benefit, Chen Xiang looked around at the huge rocks, how many people with dao hearts would have to die to have so many dao hearts?

"So many people have died. It's really scary!" Chen Xiang never thought that there would be so many people above the Myriad Tao.

"Some have been executed. Those people who should be killed are all existences at the peak of World Defying Stage. " The Well-informed Ghost said: "If World Defying Stage Clan has these dao hearts, they might be able to break through the peak of World Defying Stage and step onto the top of the Myriad Tao. That way, they can escape the control of the Myriad Tao."

"Doesn't that mean that there's a killing array here to target them?" Feng Ke'er did not realize that she had guessed it, and planned to look around. After all, this was an array that was set up by the way of the kings.

"Probably." The Well-informed Ghost said, "There are still some dangers inside, because the so called Dao Heart is uncontrollable ..." Especially those beast dao hearts, which will become powerful beasts, or have an evil dao heart, and will also give birth to powerful evil spirits. "

The stone tablet that Chen Xiang saw earlier should be a very good dao heart. That dao heart could fuse with various types of energy, which was why the World Defying Green dragon became like that.

Right now, he didn't know how to make the World Defying Green dragon transform either!

Concentrating the Six beasts's power on one of them would make the World Defying beast become stronger and would not disperse its power. That was why after the Six beasts merged, it would be able to defeat the Four Gold Slaves easily.

At the very least, the World Defying Stage Clan would not dare to enter here and attack me. Chen Xiang looked at the rocks around him, he had become extremely cautious, he was worried that these rocks would suddenly turn into powerful beasts and attack him.

"If the people from the World Defying Stage Clan were to come in, there is a high chance that they would cause a huge commotion." The Well-informed Ghost said, "How about you 'get' one of them to 'come in' and try it out?"

Now that Chen Xiang was able to do it, then it would be the woman Murong Honglian. However, he still had a good impression of Murong Honglian, at least he didn't want to kill him and snatch the World Defying Green dragon away like the other proud disciples.

"If there's a chance, I will definitely 'get' one of them to come in." Chen Xiang laughed.

"Right. The Dao-hearts here all have energy within them. I wonder if we can use it." The Well-informed Ghost said, "You know how to refine pills. You should be more familiar with these things."

Chen Xiang did not run into a stone with a special energy inside, which was that square stone was extremely useful, and he stumbled upon it by chance.

"Alright, let me try and see if I can succeed." Chen Xiang used his Dao heart Eye to look at these stones.

He immediately began to search for stones that contained energy. Some of these boulders were easy to break because the energy within them had already been lost. Therefore, there was no longer any form of defense. They could be shattered with a single punch.

When he encountered the flying stone before, it was because he had a certain intelligence and used the strange energy within it to make himself lighter. Then, he flew away under Chen Xiang's powerful punch.

"Looks like I have to get some snacks." Chen Xiang didn't need to use such a violent method now, he directly went to the side of the rock, placed his hands on it, and imbued World Defying Stage Divine Power in it.

After a few hours, Chen Xiang still did not reap any rewards. Many of the Dao-hearts were dead, and it was very difficult to find a living one.

However, he still continued, because he knew that it required patience. Moreover, after he witnessed the power of the square slab of stone, he was very interested in the power inside it.

This would allow him to patiently search for them one by one!

Over ten days later, when he poured a wave of World Defying Stage Divine Power into a huge oval shaped rock, he felt that this wave of World Defying Stage Divine Power was rapidly being absorbed, causing him to be overjoyed!

"I've finally met one!" Chen Xiang immediately took action, throwing a heavy palm towards the rock.

Right after he threw out his palm, the rock immediately started trembling violently, following that it erupted with a burst of gold light, scaring Chen Xiang away, because after the gold light shone, it was accompanied by a burst of powerful Spirit Qi.

"This is ..." A beast! " Chen Xiang was stunned, because he could see through the golden light that there was a gigantic beast figure inside that looked like a gorilla.

Sure enough, it was a huge beast that looked like a real gorilla. However, its entire body was covered in golden scales, and there were even a few longsword like backs on its back. The head was like a toad's.

The huge beast roared and immediately rushed towards Chen Xiang. As it ran, it actually released a burst of spatial energy that wanted to imprison Chen Xiang.

"This beast actually knows how to use the power of space." Chen Xiang was completely shocked, it was a good thing that he knew how to use the Time and space power and teleport away from the Space Domain.

"Very strong. He should have cultivated the Primordial Divine Body..." "This is a proud beast." Feng Ke'er said, "Fortunately, this is not a divine beast, otherwise, it would be much stronger."

Chen Xiang took out the Primordial Divine Net and placed it down.

After the divine net covered the beast, it immediately struggled. Just as it was about to break open the divine net, Feng Ke'er immediately controlled the Six Realms mirrors to release a seal, trapping the beast inside.

"Don't kill me!" The proud beast suddenly spoke.

Chen Xiang floated in the air and laughed: "I don't have to kill you, but you have to promise me some conditions."

Even though this beast that seemed to be so arrogant and powerful, Chen Xiang felt that it was useless. If it was used against a person from the World Defying Stage Clan, with just this big of a body, it would already be a huge 'meat target'.

"Speak!" The beast that was arrogant in this world didn't just speak, he also used his consciousness to 'communicate' with Chen Xiang.

"Help me find something good here. You must be very familiar with this place." Chen Xiang needed a pure energy type of Dao-Heart Monolith, not this type of living beast.

"No problem, but this will take time. I've been asleep for a long time, and it was you who woke me up." The proud beast looked around, and upon sensing that many of the giant rocks with Dao-hearts had all died, it couldn't help but begin to howl in a low voice.

"Alright!" Chen Xiang also agreed, and after that he made a blood contract with the arrogant beast.

Chen Xiang sat on the head of the proud beast and the beast started to sprint. From time to time, he would teleport and sense where the good rocks were.

"How were you born?" Chen Xiang was very curious about the origins of this beast, which made him look very strange, to the point that he looked a little ugly.

"I don't know. I've been here for a long time. Maybe this is the only thing I had in my previous life." The beast said.

In his previous life, he was a beast. Moreover, he was above Myriad Tao or was even executed.

"Something has appeared ... He looks just like a human! " The beast suddenly shouted and pointed in a direction.

When Chen Xiang looked over, he realized that over a dozen black figures had jumped over. They were actually He Clan's black clothed slaves!
